The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\longrightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\longrightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

BY-LAWS OF THE TOWNSHIP OF RALEIGH.

No. 639.—A BY-LAW

To impose a special drainage rate upon E $\frac{1}{2}$ of N $\frac{1}{2}$ of lot number twenty-two in the third concession, E.B.L. Passed 22nd April, 1895.

WHEREAS Joseph J. Payne, the owner of e hf of n hf of lot 22, in the third concession, E.B.L., of this township, applied under the provisions of the Act respecting Tile, Stone and Timber Drainage Debentures for a loan to be made to him for the purpose of draining the said land.

And whereas the Municipal Council has, upon his said application, loaned the said Joseph J. Payne the sum of One Hundred dollars, to be repaid with interest by means of the rate hereinafter imposed.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh that an annual rate of seven dollars and thirty-six cents is hereby imposed upon the said land for a period of twenty years, such rate to be levied and collected at the same time and manner as ordinary taxes are levied and collected.

No. 640—A BY-LAW

To impose a special drainage rate upon w $\frac{4}{5}$ of lot number seven in the front concession. Passed 27th May, 1895.

WHEREAS Albert Williams, the owner of w $\frac{4}{5}$ of lot seven in the front concession of this township, applied under the provisions of the act respecting Tile, Stone and Timber Drainage Debentures for a loan to be made to him for the purpose of draining the said land.

And whereas the Municipal Council has, upon his said application, loaned the said Albert Williams the sum of One Hundred dollars, to be repaid with interest by means of the rate hereinafter imposed.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh that an annual rate of seven dollars and thirty-six cents is hereby imposed upon the said land for a period of twenty years, such rate to be levied and collected at the same time and manner as ordinary taxes are levied and collected.

J. G. STEWART, Tp. Clerk. (Seal) R. J. MORRISON, Reeve.

BY-LAW NO. 641,

Of the Municipality of the Township of Raleigh.

A By-law to provide for the maintenance, deepening, extending, altering, widening, straightening, and otherwise improving the Raleigh Plains Drain as an outlet drain, and for the prevention of damage to the adjacent lands along its course from overflow; and for borrowing on the credit of the municipality the sum of \$52,543.00 for completing the same, as the proportion of this municipality.

WHEREAS, the Raleigh Plains Drain was originally constructed under the provisions of the Municipal Law then in force, in or about the year of our Lord 1864, for the drainage of the lands in the immediate neighborhood thereof, and for preventing injury to same from the natural flow of water from the higher lands in the neighborhood thereof, and waters artificially brought into it at that time.

And whereas a number of drains in the Township of Harwich, Tilbury East and Raleigh have since been constructed, and drains and water-courses then existing have since been enlarged and straightened, thereby bringing down an increased volume of surface water, silt and debris, with greater rapidity to the said Raleigh Plains Drain, beyond the capacity of the said drain to carry off the same without injury to the lands adjacent to it, and otherwise rendering the same inefficient.

And whereas, complaints from time to time from the owners of the adjacent lands have been made to the Council of this Municipality, and actions for damages have been brought against the said municipality.

And whereas the said Council have procured an examination to be made by W. G. McGeorge, Provincial Land Surveyor, being a person competent for such purpose, of the said Raleigh Plains Drain and Jeaninette's Creek, the outlet thereof, and of the various drains using the said Raleigh Plains Drain as an outlet, and have also procured plans and estimates of the work to be made by the said W. G. McGeorge, and an assessment to be made by him of the real property to be benefitted by such deepening, extending, altering, widening, straightening and otherwise improving the said Raleigh Plains Drain, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such deepening, etc., by every road and lot or portion of lot; and as well an assessment on the roads and lots or portions of lots using by means of said various drains the said Raleigh Plains Drain as an outlet, or from which by any means water is caused to flow upon and injure the said lands adjacent to the said Raleigh Plains Drain, directly as an outlet or by means of any other of the said drains, in such proportion and amount as, in his opinion, is properly chargeable for the reconstruction and maintenance of the said drain so used as an outlet, and for conveying from such lands injured thereby the waters so caused to flow upon and injure same, being the assessment hereinafter by this By-law enacted to be assessed and levied upon the lots

and parts of lots in that behalf specifically set forth and described, and the report of the said W. G. McGEORGE in respect thereof, and of the said deepening, extending, altering, widening, straightening and otherwise improving the said Raleigh Plains Drain, being as follows :

CHATHAM, Sept. 30th, 1892.

To the Municipal Council of the Township of Raleigh :

GENTLEMEN,—I have received your appointment and request to examine and report on the Raleigh Plains Drain and the drains leading into the same and using the same as an outlet immediately, and the branches thereof using the said Raleigh Plains Drain as an outlet through them.

In compliance with such appointment I have made an examination of all of said drains, and of the lands the waters of which find an outlet in the Raleigh Plains Drain through said drains and by the said Raleigh Plains Drain, and report to you thereon as follows :—

1. The surface of the whole area of the land south of the Raleigh Plains Drain and now drained by said other drains, and lands east and west thereof, is flat, interspersed here and there with low lying ridges, all with a natural fall generally to the north-west, and which, before settlement and in a state of nature, was covered with dense forest, in general of wet-land timber, the surface waters in the wet season and high floods finding an outlet for portions thereof between such ridges, in swales and in places through depressions caused by the water cutting over and through such ridges, a great part remaining to disappear by the natural processes of absorption and evaporation, and the greater portion of said area would have remained unfit for settlement without artificial drainage.

2. The Raleigh Plains Drain runs through an area of low lying lands in Raleigh, interspersed with slight elevations and depressions, which may be described as bounded northerly by the lands on the River Thames, southerly at or near Con. A, easterly at or near the 18 and 19 Side Road, and westerly by Tilbury East, the land having a fall along the Raleigh Plains Drain from the middle of lot 15 in the 7th Concession of Raleigh of 9½ feet westerly to the Town Line of Raleigh and Tilbury East, 3½ feet of this only being west of the 6 and 7 Side Road, or Drake Road, in Raleigh.

3. The Raleigh Plains Drain was constructed in the year of our Lord 1875, for the purpose of providing efficient drainage for said plains lands east of the Drake Road, and for an outlet for the other drains then constructed leading waters from the south to said plains, and the natural flow where not artificially drained, so as to prevent the same from damaging the said plains lands ; and when completed it was and remained for some years an efficient work for the purposes for which it was constructed.

4. I find that since the construction of the Raleigh Plains Drain in 1875, the drains from the south and east then existing have been enlarged, and extended, and other drains and branches of drains constructed, all using the said Raleigh Plains Drain as an outlet to the Jeanette's Creek for the waters from the lands in Paragraph One above mentioned.

5. I find all the drains lastly above referred to have a much greater fall per mile than the Raleigh Plains Drain; that they are effective, and generally in a good state of repair, and bring down the surface waters from the lands they respectively drain in an immensely increased volume and rapidity to the Raleigh Plains Drain, and during the spring and summer, freshets far exceeding the original capacity of the Raleigh Plains Drain to receive and convey away the same.

6. I find that as a result the waters so brought down from time to time break over the banks of the Raleigh Plains Drain and flood, damage and injure the adjacent lands, and render the cultivation of the plains land a precarious undertaking.

7. I find, as a further result, that the Jeanette's Creek and the Raleigh Plains Drain have been so filled up and choked by the soil, sand, silt and debris brought down during such freshets, and by the wasting away of their banks, that they are not now adequate to carry off the volume of water equal to what was conveyed away by them when the drain was originally constructed as above mentioned, and the gradient is destroyed by the banks formed thereon by the silt, soil and debris deposited in places in the creek and drain.

8 I find and report to you that in order to put the Raleigh Plains Drain in a proper state of repair, and the better to maintain the same as an efficient and necessary outlet for the waters brought into it by said other drains, and to prevent further damage to the adjacent lands along its course by the overflow of water from said other drains seeking an outlet through it to Jeanette's Creek, that it be deepened, widened and straightened from station 0, marked on the ground on Lot 15 in Con. 7, Raleigh, to station 174, near the Drake Road at Jeanette's creek, and that Jeanette's creek be widened, deepened and cleared of the silt and debris deposited in it by said drains, where necessary, from station 174 to station 300, on lot 1, con. 4, Tilbury East.

9. I recommend and report that a new channel be cut from station 73 on lot 12 in the 6th concession of Raleigh, to station 104, on lot 10 in con. 5, in a course direct from one station to the other, in place of improving and enlarging the old curved channel between these stations, for the following reasons :—

(A) The new channel will be six chains shorter, and being more direct, will have a better course and grade for the passage of water down it.

(B) It would be necessary to expropriate land for the enlargement of the old channel, the expenses of which would necessarily be great from the necessity that would arise in having to destroy two farm-house roads and a great number of shade and fruit trees, and to destroy or remove much fixed fencing, and to remove divers farm buildings.

And with such change in the course of the present drain, I recommend that it be enlarged and constructed of the widths and depths and with bottom gradients appearing upon my profile and in my specifications prepared therefor, from station 0 to station 174, at or near the Drake road; that from station 174 to the easterly side of Government Drain number Two of Raleigh, it be enlarged to a top and bottom width of 70 feet, with the bottom at the same elevation as shown on the profile at station 174; that from the easterly side of the Government drain number Two, on the Drake road, a channel be cut with a top width of 90 feet and a bottom width of 80 feet, and having the same bottom elevation as at station 174; all of said cuttings to be done, and all works in connection with the improvement of the said drain, to be carried out in accordance with my profile, plan and specifications therefor accompanying this report.

10. I estimate the whole costs of the proposed improvements at Fifty-six Thousand One Hundred and Ninety Dollars.

11. I have made profiles, plans and specifications for said improvements, and a detailed statement thereof, all of which accompany this report.

12. I find that about 2,800 acres of land in Harwich use, by means of the Flook Drain, the Raleigh Plains Drain as an outlet for the waters drained off the same by the Howard and Lewis drains and branches, and are chargeable for outlet for said improvements. Said lands appear in detail in my assessment in a schedule annexed to this, my report.

13. I find that about 3,400 acres of land in Tilbury East use, by means of the Hickey Drain and the Government Drain No. 2 of Raleigh, the Raleigh Plains Drain as an outlet for the waters drained off same, which are also chargeable for outlet for said proposed improvements. Said lands also appear in detail in my assessment.

14. I find that about 56,000 acres of land in Raleigh, specifically described in my assessment in the schedule annexed to this, my report, are also chargeable for outlet, and about 10,000 acres for benefit, as will specifically appear in the schedule of assessment.

15. I determine that the said works and repairs of the said Raleigh Plains Drain shall be constructed at the expense of the said Municipalities of Raleigh, Harwich and Tilbury East, based upon my estimate of the cost thereof, as follows:

The Municipality of Raleigh in the sum of.....\$52,543 00

The Municipality of Harwich in the sum of..... 2,525 00

And the Municipality of Tilbury East in the sum of.. 1,122 00

As their respective proportions thereof; and that upon completion of said works the said Raleigh Plains Drain shall be maintained at the expense of the Municipalities of Raleigh, Harwich and Tilbury East based upon my estimate of the cost thereof, as follows:

16. The said Raleigh Plains Drain shall be maintained at the expense of the said Municipalities of Raleigh and Harwich from Station 0 to the easterly side of the Government Drain number two, at the Drake Road in Raleigh, in the proportion of 1 for Harwich to 15 for Raleigh of the total cost of such maintenance from time to time when rendered necessary; and from the easterly side of said Government Drain number 2 at the Drake Road in Raleigh, to Station 300, shall be maintained at the joint expense of all the said three Municipalities in the proportion of:—For Raleigh, 560; Tilbury East, 34; Harwich, 28—of the total cost of such maintenance from time to time when rendered necessary.

My estimate of the cost of the works is as follows:

ESTIMATE OF COST.

From Sta. 0 to Sta. 174	\$24,256 00
From Sta. 174 to the Tilbury and Raleigh townline, east side	22,492 00
From the east side of the Tilbury and Raleigh town- line to Sta. 300 in Tilbury East	1,680 00
Five bridges—one at 6th and 7th cons. road; one at 12th and 13th sideroad; one at 5th and 6th cons. roads; one at 4th and 5th cons. road; one at Drake road—all in Raleigh	4,000 00
Land and damages, as per list.	1,765 00
Survey, plans, estimates, reports, etc.	345 00
Assistance in survey	42 00
Letting and superintending	650 00
By-laws	350 00
Clerk's fees, say	600 00
Registering by-laws and debentures	10 00
	\$56,190 00

Annexed to this my report are:—

1st. A list giving an estimate for compensation for lands taken, and damages.

2nd. Specifications for the work.

3rd. Schedules of my assessments on lands and roads in Harwich, Raleigh and Tilbury East benefitted and using the drain as an outlet.

I have the honor to be, gentlemen, your obedient servant,

W. G. McGEORGE.

And whereas the said Council are of the opinion that the deepening, extending, altering, widening, straightening and otherwise improving of the said Raleigh Plains Drain is desirable,

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh pursuant to the provisions of the Municipal Act :

1 That the said report, plans and estimates be adopted, and the said deepening, extending, altering, widening, straightening and otherwise improving of said Raleigh Plains Drain, and the work connected therewith, be made and constructed in accordance therewith.

2 That the Reeve of the said township of Raleigh may borrow on the credit of the Corporation of the said Township of Raleigh the sum of Fifty-two Thousand Five Hundred and Forty-three dollars (\$52,543,) being the funds necessary for the proportion of work to be paid for by the lands in the Municipality of Raleigh, and may issue Debentures of the Corporation to that amount in sums of not less than \$100 each, and payable within twenty years from the date thereof, with interest at the rate of four and a half per cent. per annum, that is to say :— In twenty consecutive annual payments, to be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal, as nearly as may be, to the amounts payable for principal and interest during each of the other years of such period of twenty years ; such debentures to be payable at the branch of the Canadian Bank of Commerce in the Town of Chatham.

3 That for the purpose of paying the sum of Forty four Thousand Four Hundred and Ninety-six Dollars and Ninety-eight Cents, being the amount charged against the said lands to be benefitted or charged for the use of said drain as an outlet as aforesaid, other than lands and roads belonging to the said Municipality, and to cover the interest thereon for twenty years at the rate of four and a half per cent. per annum, the following special rates, over and above all other rates, shall be assessed and levied in the same manner and at the same time as taxes are levied, upon the under-mentioned lots and parts of lots in the said Township of Raleigh, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be assessed and levied as aforesaid in each year for twenty years after the final passing of this By-law, during which the said debentures have to run.

SCHEDULE of assessment on Lands and Roads in the Township of Raleigh, for the repair, improvement and extension of the Raleigh Plains Drain, for benefit and for outlet.

No. 644—A BY-LAW

To confirm the appointment of Commissioners to superintend the Raleigh Plains Drainage Works, and to confirm the proceedings of the said Commissioners, and to define their powers and duties.

WHEREAS a certain By-law numbered 641, and known as "The Raleigh Plains Drain By-law," was finally passed by this Council on the Seventeenth day of June, A.D. 1895.

And whereas, by subsequent resolution of this Council, Robert J. Morrison and Nelson H. Shepley were appointed Commissioners to superintend the construction of the said drainage works.

And whereas, the said Commissioners, pursuant to the powers vested in them by the said resolution, did, by public sale on the Second day of July, A.D. 1895, award the contract for the construction of the said drainage works to the Chatham Dredging Company for the sum of \$44,775.

And whereas, the said Chatham Dredging Company did enter into a contract, with sureties for the due performance of said work, dated the 6th day of July, 1895, and which contract was signed and sealed by the said Company, and by their sureties, and by the Reeve and Clerk of the said Corporation of Raleigh on behalf of the said Corporation, and affixed the Corporate Seal thereto.

And whereas, further, in pursuance of the said powers vested in them, they advertised for the sale of the debentures authorized to be issued by said By-law numbered 641, and on the Eighth day of July, 1895, awarded the said debentures to George H. Gillespie for the sum of \$54,950, being the highest tender received therefor.

And whereas, it is expedient that the above recited acts of the said Commissioners be confirmed by By-law, and their powers and duties more particularly defined:—

Therefore the Municipal Council of the said Township of Raleigh enacts as follows:—

1. The appointment of the said Robert J. Morrison and Nelson H. Shepley as Commissioners to let the contract and superintend the construction of the said drainage works as set forth in the said By-law No. 641, and in accordance with the specifications of the Engineer as filed with the Clerk, is hereby confirmed.

2. The contract entered into by them with the said Chatham Dredging Company for the sum of \$44,775, and the conditions of sale upon which the said contract is based, is hereby confirmed.

3. The sale of Debentures amounting to the principal sum of \$52,039.24 and consisting of twenty bonds, payable one in each year for twenty years, each of such bonds being for the sum of \$4000.42, and awarded to George H. Gillespie for the sum of \$5,4950, on the basis of \$52,553 of principal, being the highest tender therefor, is hereby confirmed.

4. It shall be the duty of the said Commissioners to cause the said drainage works to be made and completed in accordance with the plans and

specifications of the Engineer as filed with the Clerk, and to grant orders on the Treasurer to the said contractors, as the work progresses, less twenty-five per centum of the amount due, until the contract is fully completed and duly accepted by a competent Engineer; and for the due performance of these and all duties of Commissioner they, the said Commissioners, shall be paid the sum of two dollars for each day necessarily employed in the performance of said duties, but in no case to exceed the estimated cost of such services as set forth in the Engineer's report.

No. 645—A BY-LAW

To assess and levy rates for the County, Township and School purposes for the year 1895.

BE IT ENACTED by the Municipal Council of the Corporation of the Township of Raleigh, in the County of Kent.

1. That the following sums shall be levied and collected upon and from all the rateable property of the Township of Raleigh, in the year of our Lord 1895.

(1.) The sum of \$5048.86 for the general purposes of the County of Kent by a rate of $2 \frac{1}{10}$ mills in the dollar.

(2.) The sum of \$7589.36 for the general purposes of the Township of Raleigh, as per Schedule "A" hereunto annexed, by a rate of $3 \frac{1}{10}$ mills on the dollar.

(3.) The sum of \$2018.86, being an amount equal to the Legislative School Grant of \$496; and \$1522.50, the amount required to be raised for each school section by general rate, as provided in Section 109 of "The Public Schools Act, 1891," exclusive of the property of certain supporters of Separate Schools, by a rate of $\frac{93}{100}$ of a mill in the dollar.

2. That the Clerk of this Corporation is hereby required to levy a special rate (over and above all other rates) upon, and which shall be collected from all the rateable property included in each and every School Section, the Trustees of which shall furnish him, on or before the 24th day of August, with a written statement signed by the Secretary-Treasurer, and certified by the seal thereof, of the amount required for Public or Separate School purposes in each School Section (less the amount required to be raised as aforesaid by general rate), such a rate pro rata as will amount to the sum so required as near as may be; and the Treasurer of this Corporation is hereby authorized and instructed to pay to the order of the Secretary-Treasurer or Trustees of each School Section all moneys so levied and credited to such School Section.

3. That the rates so imposed by this By-law shall be collected by the collector of rates for the said Township of Raleigh, and paid over to the Treasurer of this Corporation, in bankable funds, on or before the Fourteenth day of December, A.D. 1895, in so far as the law will enable him so to do, unless otherwise ordered, by this Council.

4. That Harvey Jenner be and he is hereby appointed Collector of rates for the said Township of Raleigh during the current year, and until the said rates are all collected and a due return made to the Treasurer of this Corporation, (the amount so collected to be paid at least every two weeks), conditionally upon his furnishing bonds duly executed by himself, and good and sufficient sureties to be approved by this Council, in the sum of twenty thousand dollars. And for the due performance of these and all duties of Collector, as provided by the Statutes of Ontario and the By-laws of this municipality, he shall be paid the sum of one hundred and twenty dollars, inclusive of all duties that do or may pertain thereto.

Finally passed this Sixteenth day of September, 1895.

BY-LAW No. 647,

Municipality of Raleigh, to impose a special drainage rate upon E half of Lot Number 154, in the Talbot Road Range.

Passed 11th November, 1895.

WHEREAS, Alexander Goulet, the owner of E hf of lot 154, in the Talbot Road Range of this Township, applied under the provisions of the Act respecting Tile, Stone and Timber Drainage Debentures, for a loan to be made to him for the purpose of draining the said land.

And whereas the Municipal Council has, upon his said application,

loaned the said Alexander Goulet the sum of two hundred dollars, to be repaid with interest by means of the rate hereinafter imposed.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, that an annual rate of fourteen dollars and seventy-two cents is hereby imposed upon the said land for a period of twenty years, such rate to be levied and collected at the same time and manner as ordinary taxes are levied and collected.

BY-LAW No. 648,

To amend By-law No. 646, which see as amended.

No. 649—A BY-LAW

To confirm certain proceedings respecting, and to authorize the undertaking of the repair and improvement of the Indian Creek and Mud Creek Drains in the Township of Raleigh.

Finally passed the 20th day of January, 1896.

WHEREAS, Indian Creek drain and Mud Creek drain are drainage works originally constructed under the provisions of Acts of the Province of Ontario, respecting drainage by local assessment.

And whereas, the same have become out of repair and inefficient, and complaints have been made to the effect that lands adjacent thereto have been overflowed and damaged by reason of such disrepair and inefficiency.

And whereas, the Council of said Township deem it expedient for the better maintenance of said drains, and to prevent damage to lands and roads, to enlarge or otherwise improve the same, and by resolution appointed one W. G. McGeorge, P.L.S., to examine the same and to prepare a report, plans, specifications and estimates of such drainage works as he might propose or recommend, and to make an assessment of all lands, roads, parties or municipalities assessable therefor in any way under the Drainage Act, 1894.

And whereas, the said W. G. McGeorge has found and reported that the said Mud Creek drain and the said Indian Creek drain, (into which the said Mud Creek drain empties), need to be repaired, enlarged and otherwise improved, as more particularly appears by his report filed with the Clerk of the Township on the Eighteenth day of January, 1896, and the plans, profiles and specifications attached thereto and forming a part thereof.

Be it therefore enacted by the Municipal Council of the said Township of Raleigh :—

1. That the hereinbefore recited appointment of W. G. McGeorge, P. L. S., and all proceedings by the said Council and by the said Engineer respecting or in connection with his report, plans, specifications and estimates filed in pursuance of said appointment, be and they are hereby confirmed.

2. That it be and is hereby declared to be expedient on the part of

the said Municipal Council for the better maintenance of said drains, and to prevent damage to lands and roads, to enlarge, repair, and otherwise improve the said drains in accordance with the said report, plans, specifications and estimates.

3. That the Reeve and Clerk of the said Township be and they are hereby authorized and instructed to prepare the necessary By-law, and to take all necessary steps for the adoption of the said report, plans, &c., and the carrying out of the work therein and thereby proposed and recommended, and to take all other steps necessary to require and obtain the payment over by the other municipalities assessed by said Engineer of the portions of the cost of the said work assessed against them respectively.

4. That copies of this By-law be served upon the heads of all the other municipalities interested.
