## SIR WILFRID'S ADVICE TO VARSITY MEN--GRAIN GROWERS AT OTTAWA--JEWELRY LOST IN TORONTO THIRTY-EIGHT MEN KILLED IN AN EXPLOSION OF COAL DUST IN A MINE

### COSTLY PACKAGE LOST DURING DELIVERY

Jewels, Worth More Than  
One Thousand Dollars, Dis-  
appeared From Small Boy's  
Express Wagon on Busy  
Street—Loss May Prove to  
Be Theft.

Wrapped in ordinary brown wrap-  
ping paper, and addressed to the T.  
Easton Co., a package containing over  
\$1000 worth of jewelry was lost by a  
delivery boy somewhere between J. H.  
Johnston & Co.'s jewelry store at 25  
West Adelaide street and the depart-  
ment store at 5 o'clock yesterday  
afternoon.  
That the parcel may have been  
stolen by some persons who knew of  
the delivery is one theory as to  
the loss. With the valuable  
package thrown with half a  
dozen others in the back of his little  
express wagon, the boy went on his  
rounds unaware of the value of the  
package in the back of the wagon. He  
discovered the loss when he came to  
deliver the jewelry to Easton's.

### MISSING PROF. LAVELL MAY BE ON ATLANTIC

Wife Makes Inquiries at Port-  
land, Maine—Clue to  
Movements.

PORTLAND, Maine, Dec. 16.—(Can.  
Press.)—Edw. Lavell, Prof. Dean F.  
Lavell of Ohio State University at  
Columbus, O., who disappeared from a  
train at Hamilton, Ont., Nov. 24, left  
this port for Europe last Saturday.  
Mrs. Lavell made a thorough investigation  
today at the steamship office and  
dock. She is convinced that her hus-  
band is suffering from a lapse of mem-  
ory. She has found evidence, she said,  
that he came to Maine last Wednes-  
day.

### THE BALD EAGLE ROBS THE ONTARIO FISH HAWK

### SIR WILFRID LAURIER URGED STUDENTS OF THE UNIVERSITY TO STRIVE FOR A DEMOCRACY

"Be Firm in the Right as God  
Gives You the Power to See  
It," He Said to Eight Hun-  
dred Young Men of To-  
ronto.

"The only thing I would ask is this:  
Be firm in the right as God gives you  
the power to see it. The world is a  
succession of triumphs and successes.  
When you meet reverses, stand up  
again.  
"The problems are there but you are  
young in the race, and you shall have  
to do your own share for self and for  
country."  
These words plucked from the core of  
Sir Wilfrid Laurier's address to Tor-  
onto University men last evening, con-  
vey a small conception of the inspir-  
ing panorama of public life to which  
he called them. It was an appeal to  
the young Canadian to strive in all  
things towards a democracy of civil-  
ization. It was, in another sense, the  
admonition of a knight in politics to  
the hot-blooded young squires that they  
temper their zeal with prudence. To  
profit by the record of the ages which  
they studied, and to turn all the ad-  
vantages of the 20th century to the  
use of humanity in general was the  
tenor of his plea.

The reception with which his re-  
marks were received echoed with the  
clamor and enthusiasm of victorious  
field days.  
Sir Wilfrid was introduced by Prof.  
De Lury, as one, who, in the up-  
and down of life, in the acrimony  
of debate and the calmer periods of  
public life, had always retained a lofty  
demeanor. The political life of the  
country would have been much poorer  
had he chosen another field for his  
work.  
Hon. W. J. Hanna, in racy epigram-  
matic style, brought great applause  
from the assembly by his sallies. He  
gave a resume of college conditions,  
past and present, and referred to the  
splendid opportunities of the under-  
graduates of today.  
Prof. E. J. Kyle gave an interesting  
exposition of "The Empire," and Sir  
Alan Aylesworth and President H. C.  
(Continued on Page 10, Column 4)

### Refugees Return To Tampico

VERA CRUZ, Dec. 16.—  
Rear Admiral Fletcher, in  
command of the American  
warships at Tampico, reports  
this afternoon that normal  
conditions prevail there, and  
that the weather had moder-  
ated sufficiently to permit the  
transfer of all the refugees  
from the battleships to the  
transport Sumner for return  
to Tampico.  
The marines who were tem-  
porarily placed aboard the  
gunboat Wheeling and the  
scout cruiser Chester have  
been sent back to the battle-  
ships.

### PROTEST AGAINST OUTLAY ON NAVY

Deputation of Liberal Mem-  
bers of Parliament Will  
Give Warning to As-  
quith Today.

LONDON, Wednesday, Dec. 17.—(C.  
A.P.)—A deputation of Liberal mem-  
bers of parliament, many of whom  
were associated with the memorial  
presented last year urging the house  
not to accept the Canadian naval con-  
tribution without its full consent, will  
wait upon the prime minister today to  
represent that there is great uneasiness  
in the Liberal party at the anti-  
cipatory increase in naval  
expenditure.  
The deputation will urge that fur-  
ther increase in armaments beyond  
that arising from the program already  
sanctioned by the house of commons,  
is unnecessary and ought to be re-  
fused, and that the country is already  
suffering under the trade "boom,"  
so that any decline in trade must mean  
a considerable addition to existing  
taxation. They hold the view that the  
nation is now in a safer position both  
from its strength and present state of  
our international relations, and that in  
those circumstances an increase in the  
naval expenditure will create a situa-  
tion of great gravity in the fortunes of  
the Liberal party and affect the well-  
fare of the nation.

### CARDINAL RAMPOLLA DEAD.

ROME, Dec. 16.—(Can. Press.)—  
Cardinal Rampolla, former papal sec-  
retary of state, died tonight.

### BUSINESS MEN'S PLEA REJECTED BY RAILWAY

C. P. R., Thru J. W. Leonard,  
Flatly Refused to Continue  
Present Cartage System for  
Six Months—Strong De-  
mand Made for Improve-  
ment in Freight-Handling  
Facilities.

OTTAWA, Dec. 16.—(Can. Press.)—  
Just after fifteen minutes before the  
railway commission adjourned tonight  
at 6.45, after hearing arguments  
and suggestions ament the question of  
future practices of railway companies  
regarding cartage facilities, since half  
past ten in the morning, it looked as  
if the officials of the railways would  
consent to continue the present cart-  
age system for another six months in-  
stead of cutting it off at the end of  
this year, as proposed, but the sug-  
gestion fell on stony ground and the  
judgment by the board was reserved.  
It was W. P. Gundy, vice-president  
of the Toronto Board of Trade who  
made the suggestion and it was J. W.  
Leonard, assistant general manager of  
the C. P. R. who would not give it  
consideration.  
Chairman Drayton thought the sug-  
gestion a good one and asked the car-  
tage representatives if they would agree  
to continue to carry on the system in  
operation with the railways for an-  
other six months. They agreed, but  
Mr. DeLaurier said he would want an  
increased rate of one cent per 100  
pounds in Montreal.  
Leonard Obdurate.  
"What do you say, Mr. Leonard?"  
asked the chairman.  
"We first gave notice we would dis-  
continue this cartage system on the  
first of October. Then we extended the  
notice."  
(Continued on Page 13, Column 2)

### KING MENELIK DEAD SAYS ONE MORE REPORT

LONDON, Dec. 17.—(Can. Press.)—  
A despatch from M'Jubuti, Africa, says  
that Emperor Menelik of Abyssinia  
died on Friday last.  
King Menelik, who was born in  
1844, has been reported dead on sev-  
eral occasions. Special despatches  
from Addis Ababa last February  
announced his death and the suc-  
cession of Prince Lidj Jessu, one of his  
grandsons.  
There is 47,390 h.p. now developed at  
the two power sites on Winnipeg River

### MANY PERISHED IN COLORADO COAL MINE

Thirty-Eight Men, Nearly All  
Americans, Killed by Ex-  
plosion of Dust in Vulcan  
Colliery—Priest Foremost  
Among Heroic Rescuers  
in Smoking Pit.

NEWCASTLE, Colo., Dec. 16.—  
(Can. Press.)—Thirty-eight men were  
killed in the Vulcan mine of the Rocky  
Mountain Fuel Company today by an  
explosion of coal dust. Two miners  
were rescued after the underground  
workings had caught fire. All the  
victims were married, and all but six  
or eight were Americans.  
Men in charge of rescue work as-  
serted tonight that it probably would  
be a day or two before the bodies  
could be recovered. Before sundown  
the mine had been cleared of gas and  
a thorough exploration of the wrecked  
workings was made.  
Many of the bodies were frightfully  
mangled and burned.  
Father J. P. Carrigan of Glenwood  
Springs, near here, hurried to New-  
castle at the first news of the explo-  
sion. The priest rushed into the smok-  
ing pit among the first rescuers, in  
search of the dying, to whom he might  
administer the last rites of the church.

### "WIDER MARKETS" ISSUE FOUGHT BY RIVAL BODIES OF FARMERS PREMIER WAS NON-COMMITTAL

Made No Promise.  
Hon. James Duff last night  
denied that he had promised  
on behalf of the government  
to build a new arena for the  
Guelph Winter Fair.  
"Neither Mr. Hanna nor  
myself mentioned such a thing,  
and no person had any au-  
thority for making such an  
announcement," he said.  
"There is absolutely no  
foundation for such a state-  
ment."

### SHOULD DISCARD GAS AND USE ELECTRICITY

Coroner's Jury Thinks All Hotels  
and Boarding Houses Should  
Prevent Accidents.  
In returning a verdict of death from  
natural causes, Coroner Thompson's  
jury, which enquired into the death of  
James Duffy, who was found dead in  
bed in the American Hotel on Dec. 9,  
recommended that in all hotels and  
boarding houses which at present use  
gas for lighting purposes, electric  
lights be installed.  
The jury found that altho the gas  
had been turned on slightly in the  
room in which Duffy was found, his  
death had not been caused but ac-  
celerated by the gas poisoning.

### WINNIPEG RIVER POWER SITES WARRANT PUBLIC UNDERTAKING

More Than Four Hundred Thousand Horsepower Can Be  
Economically Developed Within Eighty Miles of Pro-  
vincial Capital—Transmission to Many Centres Easy.

OTTAWA, Dec. 16.—The report pre-  
pared by the water power branch of  
the interior department for Mr. Jus-  
tice Robson, who is investigating the  
whole problem for the Manitoba Gov-  
ernment, shows that there are eight  
distinct power sites on the Winnipeg  
River where 499,700 horsepower can  
be economically developed, all within  
80 miles of Winnipeg and within easy  
transmission distance of Portage  
la Prairie, Brandon and all the other  
commercial centres in the western  
part of the province. There are three  
sites now under development, repre-  
senting 199,000 h.p. The Winnipeg  
Electric Railway Co. has one site with  
26,500 h.p. fully developed. The City of  
Winnipeg has 20,800 developed at Point  
DuBois Falls, but can increase this to  
74,000 h.p. Another site at Great Falls  
with 95,900 h.p. is about to be de-  
veloped.  
There is 47,390 h.p. now developed at  
the two power sites on Winnipeg River  
and being transmitted to Winnipeg  
and vicinity. This can be increased  
to 122,500 h.p. at these two plants.  
Five remaining power sites on the Win-  
nipeg River, under the control of the  
Dominion Government, can furnish  
210,700 h.p. In addition there are sev-  
eral important power sites on the  
Winnipeg and English Rivers over the  
boundary in Ontario, but within easy  
transmission distance of Winnipeg. In  
the northern part of the province  
there is an enormous amount of power  
which development is feasible, and  
only a market is needed. These are at  
the Grand Rapids on the Saskatche-  
wan River, and such rivers as the  
Churchill, Nelson, Berens and others.  
Such a wealth of water power, the re-  
port states, seems to ensure the in-  
dustrial future of Manitoba, especially  
Winnipeg, Portage la Prairie and  
Brandon. The increasing price of good  
steam coal out there makes the water  
power all the more valuable.

### Fur Thief Arrested--Mexican Rebels Seize Large Estates--Radium a Cure for Cancer

#### VALUABLE FURS WERE RECOVERED

Robert Houston, Caught After  
Long Chase, Had Coat,  
Muffs and Dresses in  
His Room.

Caught after a long chase along  
West Queen street last evening, Robert  
Houston of 148 Portland street, was  
arrested by Acting Detective Holmes  
and Sergeant Mackie, specifically  
charged with the theft of a fur muff  
from William H. Walsh, furrier, of 470  
West Queen street. When the detec-  
tives searched his room, however, they  
found a \$450 cut coat, believed to have  
been stolen from Perry's fur store, a  
valuable silk dress, half a dozen valu-  
able fur muffs, and a large quantity of  
other goods.  
The police are endeavoring to find  
owners for all the goods found, and  
Houston will be charged with the theft  
of them this morning.

Overcoats that Are Convincing and  
Distinctive.  
The showing of winter overcoats at  
Dineen's, 140 Yonge street, is certainly  
worthy of the attention of men who  
desire to wear what is not duplicated  
in other stores in town and carry that  
air of exclusiveness that is desired by  
the man well placed and those who  
aspire to being ultra-smart dressers.  
They are in all the choicest weaves,  
and cut in the most correct American  
and English styles. Prices are strictly  
moderate and a visit will convince you  
of the unusual merit of this showing.

#### THREE MILLION DOLLAR HOTEL IS PROJECTED

Mayor Hocken Gives No Details  
of Deal Now Under Con-  
sideration.  
"In the next ten days there may be  
announced the closing of a purchase  
of property upon which will be erected  
a \$3,000,000 hotel," Mayor Hocken  
stated. "In the meantime I am not at  
liberty to give any particulars."  
A short time ago the matter of more  
hotel accommodation was discussed  
by the board of control, and it was  
stated that the building of several bar-  
less hotels was under consideration by  
local men. Even the idea of a civil  
hotel was advanced.

#### CANCER CURABLE BY GAMA RAYS

Power of Radium Almost Un-  
believable, Says Eminent  
Scientists

PHILADELPHIA, Dec. 16.—(Can.  
Press.)—Stimulus has been given to  
the movement for a radium bank in  
this city by the announcement made  
by Dr. Howard A. Kelly of Johns  
Hopkins University, and Dr. Robert  
Abbe of New York, that the word cure  
could now be properly applied to the  
radium form of treatment of cancer.  
Physicians today are discussing the  
statements made by these two physi-  
cians that the power of the gama  
rays of radium over certain forms of  
cancer is not only wonderful but al-  
most unbelievable.

#### REBELS SEIZE RICH ESTATES

Properties of Three Huerta  
Supporters, Valued at Many  
Millions, Declared  
Confiscated.

JUAREZ, Mex., Dec. 16.—(Can.  
Press.)—All the property of Luis Ter-  
razas, sr., Enrique Creel and Juan  
Creel, including banks, mines, vast land  
areas, thousands of head of cattle,  
homes and personal effects, were or-  
dered confiscated to the rebels in an  
official decree issued by Gen. Fran-  
cisco Villa today.  
Mr. Terrazas, now a refugee in the  
United States, is one of the richest men  
in Mexico. His holdings of about two-  
thirds of the State of Chihuahua are  
said to place him among the most ex-  
tensive land holders of the world. The  
combined estate of the Terrazas and  
the Creel brothers, his nephews, is  
valued at many millions of dollars.  
Enrique Creel was formerly ambas-  
sador from Mexico to the United States.  
Gen. Villa's decree, issued at Chi-  
huahua City, was sent to Juarez and  
given out officially.  
The decree accuses the Creel and  
Terrazas families of "withholding  
taxation and of fomenting the trea-  
chery of Orozco and Huerta," and  
states that the property shall be given  
to the widows and orphans caused by  
bloodshed among the Mexicans.

#### AEROPLANE FLOTILLA TO FLY OVER THE SAHARA

Regular Air Mail Service May Fol-  
low Success of  
Experiment.

PARIS, Dec. 16.—(Can. Press.)—  
The National Aerial League has com-  
pleted plans for a flight of a flotilla  
of aeroplanes across the Sahara or  
Great Desert. The aeroplanes will  
start from Oran, a fortified town in  
Algeria, and the final landing will be  
made at Timbuktu, in the military ter-  
ritory of French Sudan, a distance of  
approximately 1400 miles.  
If the experiment proves successful  
the establishment of a regular air mail  
service will be considered.

#### MEXICAN BANKS NEARLY EMPTY

Run on Banco Central Threat-  
ens to Wipe Out Its  
Deposits.  
MEXICO CITY, Dec. 16.—(Canadian  
Press.)—Unless the government forces  
acceptance of the notes issued by the  
state banks, it is expected that by noon  
tomorrow it will be impossible to re-  
deem one of these in the capital.  
The directors of the Banco Central,  
the parent institution of the great ma-  
jority of state banks, with the man-  
agers of the Bank of London and Mex-  
ico and the National Bank, went over  
the situation carefully at a meeting  
of the department of finance this eve-  
ning, but the only decision reached was  
to continue paying at the Banco Cen-  
tral only so long as the reserves de-  
posits of the state banks lasted.

#### JUDGE DOUBTED CONVICT'S WORD

Dennison Swore L. W. Hub-  
bard Had Received Hand  
Book Money—Denton  
Was Not Convinced.

Judge Denton declined to believe  
Dennison convicted of stealing \$2600  
from the Massey-Harris Company and  
using it for betting purposes when the  
latter swore in the box yesterday af-  
ternoon that L. W. Hubbard had re-  
ceived part of the money. Dennison  
is now serving a sentence in King-  
ston Penitentiary. He said that he  
had written out money orders and sent  
Hubbard to cash them and that Hub-  
bard had got some of the money.  
Hubbard was defended by T. C.  
Robinetto, K.C., and testified that he  
had cashed the orders, but he had  
never received any of the money. The  
judge believed him and he was found  
not guilty.

#### Local Critics Are Agreed.

The consensus of opinion among lo-  
cal critics is that "Disraeli" as played  
by Mr. George Arliss this week at the  
Princess Theatre is one of the best  
plays ever staged in this city. "Dis-  
raeli" is a brilliant success.

# York County and Suburbs of Toronto

## A FINE CONCERT AT MOUNT DENNIS

Proceeds of Entertainment Are for the Aid of the Unemployed.

On Monday evening an entertainment was given at the Church of the Good Shepherd, Mount Dennis, in aid of the unemployed, who have been laid off lately on account of numerous factories cutting down their staff of workmen.

The various turns were received with great enthusiasm by a packed house. D. Cowan, Scotch comedian, made the decided hit of the evening with his humorous songs and stories.

Mr. Loftus, tenor, gave a very good account of himself in his ballads. Messrs. Walter Blackburn and J. B. Neale mystified and amused their audience with their magic, chalk talk and shadowgraphy.

These four gentlemen are to be congratulated, not only for their excellent performance, but also for the laudable cause in which the entertainment was given.

### SWANSEA.

A grand benefit concert will be given by the Swansea S.O.E. Brass Band this evening in Devon's Hall, Humber Bay. The fact that John Smith, late of the Beesee of the Barns Band, is bandmaster is sufficient to guarantee an all band concert. G. L. Hicks will be chairman.

### WESTON.

There will be a regular meeting of Syracuse Lodge, Knights of Pythias, in Oddfellows' Hall, Church street, this evening at 8 o'clock.

## DISCUSSION ON COST OF LIVING

East York Farmers' Institute Will Meet at Box Grove Today.

The high cost of living will occupy the attention of a meeting of the East York Farmers' Institute at Box Grove this afternoon at 1 and 7 o'clock. J. C. Shekely, B.S.A., of Newmarket, Andrew Elliot of Galt, and Mrs. W. L. Westland of Toronto will deliver addresses.

Some useful hints will no doubt be given by which the high cost of living can be regulated.

### EARLSCOURT RATEPAYERS

Earlscourt ratepayers will hold a public meeting, under the auspices of the British Imperial Association, tomorrow evening, at the Earlscourt public school, Dufferin street. Joseph E. Thompson, ex-Ald. Yeomans and several candidates for municipal honors will speak.

### TESTON.

The pupils of school section No. 10, 6th concession, Vaughan, under the management of Miss McFarlane, teacher, intend holding their Christmas tree and entertainment in the school house on Thursday evening, Dec. 18, commencing at 7.30 p.m. It will consist of drills, exercises, dialogues and singing.

### Travelers' Certificatas.

Commercial Travelers' Association of Canada Certificates for 1914 to be had from Fred Johnson, room 5, Federal Life Building, Hamilton, Ont.

### Piles Cured in 6 to 14 Days

Druggists refund money if PAGO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. First application gives relief.

## EARLSCOURT MAN OUT IN WAR SIX

James McClelland Will Be a Candidate for Aldermanic Seat.

### NEW LIBRARY OPENING

Prominent Speakers Will Take Part in Ceremony on Friday.

James McClelland, real estate agent, Dominion Bank, 100 Dundas street, vice-president of the Earlscourt District Voters' Association, is one of six candidates for the aldermanic seat in Earlscourt Ward Seven. In an interview with the World last evening he stated that he is a workingman's candidate, and believes in the necessity at the present time of pushing the department of work by day labor, in order to help the workingman, and also the formation of a civic real estate purchasing department for the purpose of securing options on street extensions which may come before the board, and other improvements.

The Lansdowne avenue extension of the St. Clair civic car line originated by Mr. McClelland, and he worked for this matter in season and out, bringing the matter before the Earlscourt District Voters' Association, and a deputation of several voters waited upon the board of control, with the result that work will actually be started by February 1st next year on the line. Mr. McClelland believes that not only Earlscourt will be benefited, but all Ward Seven, by quick transit to North Toronto and other distant points, instead of going down town and covering the same distance back again.

The central council, so much spoken of last spring, is still a live subject in the North Earlscourt and Fairbank districts. Several members of the York Township Council are strongly in favor of a central council, believing that it would strengthen the border ratepayers' associations. An amalgamation of the ratepayers' associations of Cedarvale, Mount Dennis, Runnymede, Tomdornen, Lakeview and Oakwood, and North Earlscourt and Fairbank, would be a strong combination and meet with far more success than single associations, bringing forward their resolutions, could accomplish.

Next Friday evening the North Earlscourt and Fairbank will hold a meeting in the temporary school house, Dufferin street, to discuss the clubhouse and other business. A large number of people are expected to attend, and a hearty vote of thanks was accorded to Mr. E. S. Sme, Deputy Reeve Miller and Councillor Graham for the presence at the meeting, also a vote of confidence for their work during the last year.

Bridge was closed yesterday morning from nine o'clock until a late hour in the evening for the purpose of driving the large piles for the new bridge. It is expected that this is the last time the bridge will be closed for car traffic, as the work is near completion.

Passengers grumble at the state of the road thru the ravine, as the steps on the west side are simple and very greasy, and very greasy. Great care has to be taken in negotiating the descent.

The senior league of the Central Methodist Church, Ascot avenue, held their meeting last evening in the church, where they gave a very interesting lecture on "Robbie Burns" to a crowded audience. The annual meeting of the boys' Bible-class a grand banquet and election of officers took place last evening in the hall of the Central Methodist Church. Rev. F. Bryce presided. A president, vice-president and secretary were elected. An rehearsal of Santa Claus took place in the auditorium last evening in preparation for the important event on Friday.

Library Opening. President Holmes of the Earlscourt District Voters' Association has received an invitation to the opening of the Earlscourt Branch Public Library, which takes place on Friday evening at 8 o'clock. The letter of invitation from the board of management of the library board to the president of the voters' association is worded as follows: "The board of management would be glad to have you present at the formal opening of the Earlscourt Branch Public Library, Friday evening next, from seven to eight o'clock. The library room will be opened to visitors at eight. The public meeting will be held in the church."

St. Chad's Concert. St. Chad's A.Y.P.A. concert, which takes place tomorrow evening at eight o'clock in the basement of the church, Dufferin street, will be under the presidency of Rev. Mrs. Graham. A large number of artists, both local and from the city, have promised to attend, and the concert and attendance are anticipated. Tomorrow afternoon at three o'clock, the ladies' Aid of St. Chad's church will hold a sale of work. Mrs. Burgess is president, and Mrs. Gillebrand is treasurer of the Ladies' Aid Society.

The executive meeting of the Earlscourt District Voters' Association will take place next Friday evening at eight o'clock in the Dominion Bank Chambers, Dufferin street and St. Clair avenue. President Holmes and other members are particularly requested to attend.

## WOMEN ASHAMED TO BEG FOR VOTE

Should Be Granted Without Question is Mrs. Prenter's Declaration.

"The home is the foundation of the nation," said Dr. Stowe-Gullen, while addressing the Chalmers Canadian Club last evening on Woman suffrage. Without the home there can be no nation and without the vote being granted to women there can be no proper home, with the result that the nation is not as it should be as it would be if the women were granted the franchise.

Dr. Stowe-Gullen urged that the foreigners of our cities be educated, because within twenty or thirty years they will largely compose our governments and city councils.

"A Bigger World. "The granting of the referendum to the women is only a small step in the beginning of a bigger world," stated Mrs. Hector Prenter, "and when the human point of view is considered alike by men and women, in discussing municipal, provincial and Dominion questions, we will have a much better country."

She stated that the city needs its mothers just the same as the home needs a mother. She explained what the referendum was and said that it was such a small thing that the women were so much ashamed to have to use so much effort and persuasion to have it granted them.

## THOMPSON FAVORS NEW WARD SYSTEM

Would Have Ten Divisions With Two Aldermen for Each.

### NORWAY RATEPAYERS

James Simpson Given a Good Reception at East End Meeting.

With Mayor Hocken, Controller Church, ex-Alderman Yeomans, Messrs. J. Thompson and J. Simpson on the platform, Norway ratepayers held a very busy meeting last night at St. John's Park House.

Speaking on the transportation question the mayor referred to the rapid growth of the east and west ends of the city and the need of a single fare in Greater Toronto.

He said that it was not wise to advocate any plan submitted as by a careful and individual study of the numerous plans something would be evolved that would be far superior to any of them taken singly.

With reference to a park for the east end he stated that Commissioner Chambers had been instructed to recommend two propositions.

Ex-Ald. Yeomans said he took the same stand with regard to civic affairs as he did last year. He advocated a commission to look after the parks of the city.

There they go. Speaking on the purchase Mr. Yeomans said: "If the city buys the Street Railway they will give an increase of five cents per hour to the employees and there goes a great portion of your intangible assets."

Joseph Thompson, who with ex-Ald. Yeomans and James Simpson, is a candidate for the board of control, stated that he thought the best way to improve the city was in need of improvement and not the aldermanic department. He was in favor of ten wards with two aldermen for each. He wanted Ward 1 divided at Greenwood.

He thought something should be done in the assessment department and referred to Sir Henry's last assessment, which, when completed, will cost in the neighborhood of a million dollars, being a hundred thousand dollars. "What men," he said, "who own a four hundred dollar house is assessed at four hundred dollars?"

James Simpson stated that he was running on the working class ticket. Of all the civic issues before the public he thought the purchase question the most important. He said before he would commit himself one way or the other he would have to see the legal department. Mr. William Mackenzie, the Provincial Hydro Commission had to say.

### WARD SEVEN

Pacific Lodge, No. 253, A.O.U.W., held their annual meeting and election of officers last night, when the following were elected for the ensuing year: W. F. Waters, M.W., A. Nicholson, foreman; R. T. Davy, overseer; F. Partington, recorder; H. Hountrath, treasurer; T. J. Smith, financier; G. H. Kimmings, guide; Jno. Baley, inside watchman; W. F. Smith, O.V., W. T. Davy, A. Spurr, for the installation of a very newly elected officers will be held next month, with P.D.G.M. Wm. Irwin as the installing officer.

The annual concert of the pupils of the Stathona public school of Runnymede and St. John's road was held last evening in the school building. An excellent program of songs and choruses was given by the children, assisted by well known local talent.

The death occurred yesterday of a very old and respected resident of West Toronto in the person of Mrs. Eleanor MacNamara, at the residence of her son, 315 High Park avenue. The late Mrs. MacNamara was in her 82nd year, and had lived in West Toronto since her earliest years. Dr. A. T. MacNamara of Davenport road is a son. Interment will take place in Fergus, Ont., on Thursday.

The Ladies' Auxiliary of the Locomotive Engineers held a very successful bazaar and evening in St. James' Ward Seven last evening. A large number of articles and a large quantity of home made baking and candy were disposed of.

The next meeting of the Ratepayers' Association, on Tuesday, will be for the purpose of hearing the candidates for the office of controller during the coming year. All the candidates have been invited to attend, and those who are in the ward seven division will be heard from on that evening.

There have been six announcements of candidacy, and there promises to be a keen contest for the Ward Seven representation during 1914.

## CANADA'S CREDIT SHOWS OVER-EXPANSION RESULT

London Daily Mail Shakes Head Gloomily Over Bond Market Quotations.

LONDON, Dec. 16.—(C.A.P.)—Discussing "Canada's depreciated credit," The Daily Mail today refers to the Canadian prices which now obtain for the Canadian securities and other colonial stocks in London. These, the writer, furnish an unmistakable object lesson as to the serious effect of heavy borrowing on Canada's credit. Canada, until quite recently, stood easily highest among colonial securities. Not many months ago the Dominion of Canada issued 3 1/2 per cent, and there was no 4 per cent. borrowing. They then stood some half a dozen points higher than the corresponding western Australian stock. Now, whereas Western Australian 4 per cent, recently issued at 97, stand at 2 per cent, premium, Canadian 4 per cent, issued at the same price stand at 1-2 per cent. discount.

## BREAK WHISKY'S GRIP ON YOUR LOVED ONES

Drunkards will tell you with tears of sincerity that they do not want to drink. The craving from the inflamed membranes of the stomach drives them to it.

Alcura will soothe the trembling nerves and remove the craving that is ruling your home and stealing at those willing to be ruined by it. It costs only \$1 per box, and if it does not cure or benefit after a trial the money will be refunded.

Alcura No. 1 is tasteless, and can be given secretly in tea, coffee or food. Alcura No. 2 is taken voluntarily by those who wish to be themselves.

Alcura can now be obtained at our store. Ask for Free Booklet telling about it and give Alcura a trial. G. Tamblin, Limited, stores. 36

## LADY DUFFERIN MEDAL WON BY E. C. COLLINS

He Wrote the Best Essay on Lord Dufferin in Annual Competition.

## GRADUATION DIPLOMAS

Were Presented by W. H. Shaw at Dufferin School Prize Day.

The annual "Dufferin Day" was celebrated at Dufferin School on Berkeley street yesterday when diplomas and other prizes were awarded to the pupils most successful in various branches of work. The audience which was large and attentive, was composed of pupils and friends.

The feature of the day's program was the presentation to Master E. C. Collins of the Lady Dufferin medal for the best essay upon the life of Lord Dufferin. The medal is one of a series struck for Lord Dufferin when he was viceroy of India, and was presented to Dufferin School by Lady Dufferin through the Old Boys' Association for annual competition. The winner of the medal is presented with a fac-simile of the medal, while the original remains at the school.

The following pupils received graduation diplomas: Myrtle Andrews, Nellie Currie, Ada Davis, Madeline De Long, Mary Edgar, Mabel Ferris, Thelma Gray, Florence Gordon, Mildred Hanna, Olive Hamilton, Beattie Neal, Miriam Taylor, Lillian Thaurburn, Norma Wade, Florence Wells, Vincent Armstrong, George Bee, Ernest Collins, S. Finkelstein, William Funk, George Kennedy, Crawford Hurst, Leonard Lennox, Stuart Macdonald, Charles Minty, Royal Moulton, Cecil Peterkin, Frank Wallace, Vincent Whitehead.

The diplomas were presented by W. H. Shaw of the board of education.

Exercise Outside. In addressing the pupils who had won prizes at the last Canadian National Exhibition, namely, Eileen Barkers and Ewen Johnson, Dorothy Rogers dwelt upon the importance of good healthy surroundings for the pupils, and thought that many of the physical exercises could be held outside.

Chief Inspector Cowley addressed the pupils who had won the Strathcona prize for physical education in district No. 2. Principal Doane presided.

## OPEN SORE OF INDIA HAS NOT BEEN HEALED

H. E. Stillwell Tells Leper Mission Members of Conditions in the East.

At the leper mission yesterday, Harry E. Stillwell, who has charge of a high school in India, gave a graphic account of the manner in which the disease is looked upon by the natives and the efforts in operation in the leper hospitals to stamp out the hideous plague. To describe the leper speaker could think of nothing stronger than the words of Robert Louis Stevenson, who called them "the butt-ends of humanity." Lord Dufferin had called the leper the open sore of India, and still remains.

"An encouraging feature of the malady," said Mr. Stillwell, "is that it is not hereditary. There are forty asylums in India for untreated children, and after being kept clean and well fed here, for some years these children go out as free from the disease as the butt-ends of humanity. The disease spreads thru contagion. It is said that there are 1,000,000 lepers in India. At present there are forty-two asylums caring for 4000 lepers. These asylums give contentment, comfort and joy to their inmates."

The treasurer's report showed that \$3164.24 had been received for the lepers this year from friends in Toronto, an increase over last year of \$148.95.

## THE WOES OF MRS. NEWLYWED

"Our fried food always seems to taste of the pan," complained Mrs. Newlywed, "What shall I do?" "That's" replied Mrs. Neighbor, "never fry anything in an enamel pan. Such great heat is needed to bring the fat up to frying point, that the enamel is likely to chip and come off in little pieces. Then it mixes with the food, and is very dangerous indeed. Practically everything in the kitchen should be made of metal. The pans you use are sure that the fat has reached what is called 'frying point.' This point of heat is much greater than that of water boils."

HIGHEST AWARD—ST. LOUIS, 1904. Sold only in Lead Packets. By all Grocers.

## Venison Cookery.

An out-of-town correspondent writes: "Believing the proverb that 'there is a time for everything,' we always have turkey for our Thanksgiving dinner, tho we think the meat is dry and are not particularly fond of it. This year I thought I should like to have game of some sort for Christmas and New Year's dinners, and am watching your column for recipes for cooking venison or rabbits. My son is going hunting, and I want to know how to treat whatever creature he brings home."

There is an irresistible fascination about game, and first-hand caught foods, that never fails. Bake, broil or stew your wild creatures and they will please and satisfy.

A motherly woman once told me when her little boy brought in his first fish with the request that she cook it, she felt that she was an incompetent mother because she could not do her share. Whether to pick the scales off by hand, or to first scald them, she did not know. A neighbor saved the day for her, and she said that after that she lost no time in mastering the interesting principles of game cookery.

Venison is considered by good diners everywhere to be our finest wild meat. It is not rank in flavor, like bear, nor too rich, like possum, yet it has a peculiar definite taste unlike any other meat. Venison cutlets, steaks, tenderloin and all flesh cuts should be broiled over a clear flame and dressed with salt, pepper and melted butter, as you would a fine porterhouse steak. If you cannot broil these cuts they may be broiled or roasted and fried in a little dripping in a frying pan, but broiled meat is best meat.

Shoulder of deer and all the large cuts are cooked just as you cook mutton or roast shoulder of lamb. Currant jelly is always served with venison.

Rabbit stew and pot-pie are renowned dishes, but two or three bunches are required to serve six persons, as the back and ribs are not choice portions. They may be saved and used in making game broth, which is truly a fine soup. The forelegs and breast meat of the rabbit are cut off in one piece and separated before stewing into "helpable" pieces, and the thighs and back legs are the neck chateau.

Roast rabbit is to my mind a very practical way of making this dainty stretch a bit so the entire family may have a plentiful serving. Stuff two whole rabbits with a fine rich bread-crumbs dressing plentifully seasoned with powdered herbs. Place in covered roasting pan and bake 40 minutes. Dressing will be nicely browned.

This makes a handsome meat dish and is splendid eating. Duck, wild turkey, grouse and similar birds need to be wrapped in slices of well-flavored bacon before being put to roast to prevent the meat from drying.

Small birds should be split, buttered and broiled and should have hot biscuits, mashed creamed potatoes and a fine meat gravy served with them.

### THE GARDEN NURSERY CONDUCTED BY RACHEL R. TODD M.D.

Maidenhair Ferns and Their Care.

## AN AUSTRALIAN SINGER

Scottish Ballads Her Favorites.

The more one studies the biography of eminent musicians, whether composers or artists, the more the universality of the divine art is emphasized. No one country or climate seems ever to have been able to give a monopoly of music in far-off Melbourne, Australia. Nellie Mitchell, who was born early in life and she gave up the family name of Mitchell when she made her debut after studying with Marchesi in Paris. Her debut in Brussels in "Rigolotto" was the occasion when the name "Melba" suggestive of melody, her native city was first used in European musical centres her voice captivated her hearers, whether cultivated or uncultivated in music. Her Canadian tours were successive triumphs, and when the enthusiasm of the audience was at its height there was a swelling of hearts when she sang beautiful tones rendered "Robin Adair" or "Mary of Argyle." Her favorite selections or encores seem to be the Scotch ballads—ballads that were especially popular among her home people in early childhood.

"Robin Adair" and "Mary of Argyle" are both to be found in "Heart Songs," the famous song book now being offered by this paper at what might be called the price of printing. We cannot endorse too emphatically the wonderful opportunity to obtain a song collection that will give pleasure for years, for practically the publisher's cost.

Just a word here before leaving the spleenworts. Add a bit of limestone to the pots, sifting it well thru the soil so that the roots may feel a native touch in their home. Spleenworts love rocky ledges that have caught and held the rich drippings of soil from the heights above.

Purple cliffbrake is a very hardy variety that may be bought from dealers to specialize in ferns. This plant has the advantage over all others in that it will flourish in almost any light.

For Decoration. True it is that ferns do not bear flowers, yet their beauty and grace make them favorites with everyone. No other foliage mixes so well with antiums, roses, violets, heliotropes or other. As table decorations, ferns are unrivaled. In the sick-room they bring a breath of the wild to the patient, and hearten him up when other means have failed. As gifts at special seasons, Christmas, New Years and Easter, ferns cannot be surpassed. They are reminders of the pleasant ferns that are to come. A pot of ferns will set a person dreaming happily, quicker than any other gift we know of.

Over 5000 Victrola Records. Practically everything in the Victrola records will be found in Victrola parlors at the Old Globe Firm of Heinemann & Co. Ltd., 193-197 Yonge Street, Toronto. Over 5000 records in stock.

## The Wise Goose Says

When her brother told her to get the painter for his boat she called up her artist friend and she didn't understand why everybody laughed.

## A DAILY STORY FOR CHILDREN

### The Little Girl That Didn't Care

(By Virginia Vale)

Once upon a time there was a little girl that didn't care. She didn't care if her hair was not combed, or if her dress was soiled, or her hands were not clean.

Now her mother was very sorry about this and wished that she should do better so she told her mother that she must try and do better, and that she must not say, "I don't care."

One day this little girl asked her mother if she could go out and play, and her mother said, "Yes, but don't go out of the yard." "But I can see you," so she ran to play.

She picked some flowers and sat down to tie them together for her mother. Just then a great big butterfly flew past so near that she could see it very clearly. Oh! she must have that pretty thing, and so the little girl ran after it as fast as she could.

"Don't go out of the yard," her mother said, "I don't care." "I don't care," she said, "I don't care."

Out she flew after the butterfly, not caring if she was getting quite near enough to catch it.

After a while she was tired and sat down to rest. The butterfly stopped too, and flew around and around her. "I want to catch you," said the little girl, but the butterfly answered, "You can't catch me, for you are the little girl that doesn't care, and everything you want is just in front of you, and you never get what you want."

Now this little girl was very sorry and thought to herself I won't ever say "I don't care" again. So she started to go home and washed her mother's way. When she got home her mother was waiting for her, said, "I was afraid you were lost, and was just going to look for you. How did you find your way home? I followed a butterfly, and it told me that I was a naughty girl, and that I made you sorry lots of times, but I am going now," said the girl, "and I am going good for you, and I will never say 'I don't care' again."

## TWO LITTLE PARISIANS

Few authors are as successful in depicting childhood—attractively as well as truthfully—as the French writer, Pierre Millevoy. An authorized translation by Berengere Drillon has given "Two Little Parisians" (Bell & Cochrane) the honor of being the best-loved book from home. Colleen, the hero—and a hero in very truth—is but five years old—a perfectly normal little chap with a keen imagination. This, together with a splendid appreciation of honesty and truth, draws our sympathies to the child, and we love him. He is real, boy—hence alert, inquisitive, affectionate—always striving to grasp the truth of life and hating deceit.

Undoubtedly there is a splendid moral treasure in the pages of this pretty history! The artistic glimpses of nature, the beautiful reveries, and the keen sympathy bestowed upon the little child—all go far to show what the modern writer can accomplish from the study of human nature.

## THE NEW DAWN

The immediate publication is announced of "The New Dawn," a novel by Agnes C. Laut. This new story is the author's first novel since 1910. This story is intensely modern in its theme, and the characters representing a strong man who lets nothing stand in the way of his success. He becomes powerful beyond his dreams, an overlord. He forms the greatest of the trusts, and life then becomes a battle. To him the joy and love of life mean nothing; a woman, his wife, beautiful, kind and symbolizing the woman of her period, driven desperate by neglect, seeks her happiness in a different environment. Her husband's disregard for the moral law of business causes her to attempt to throw aside the moral law of life. The influence of a young friend, a girl artist, over her, is successful in saving her from herself and then there is the awakening, in the midst of the turmoil of the soul, to a larger spiritual growth. The new dawn comes; a dawn that brings a great calm, peace and love to all. To the man there comes the fact that he is part dreamer, part fool, that most can conquer a man. To the woman that love is life, that happiness comes from peace of soul and not from fighting against life. To the girl, with her beautiful spirit, the joy of work, of being loved, of being an influence for good.

## BOOK REVIEWS

### THE VALLEY OF THE HUMBER

All too few are our books of local history. Far more thought is given to our children's knowledge of wars and kings than to their acquaintance with their own district. To those who are interested in, and realize the value of a knowledge of what is our own, the publication of a new book by Miss K. M. Lizars will prove of interest.

Miss Lizars is well known as a gifted historian by her books "In the Days of the Canada Company" and "Humors of '37." The new book, "The Valley of the Humber," is especially interesting just at this time, by reason of the attention given the western part of our city by pleasure-seekers, beauty-seekers, and home-seekers. The Humber Vale has satisfied all three classes, but to learn of even greater value, to know that our pretty river was a thoroughfare at the time of the wanderings and discoveries of Champlain and La Salle, to realize that it had its share in the making of our history are new and interesting facts to a great many Torontonians. The author has given much time to careful research, and has dealt with the historical and political events of this district from 1616 to 1813 in a detailed and thoroughly comprehensive manner.

To many people the bits of history, the matches of biography that go to make up a compilation seem to make the reading tedious. This is not so in the case of Miss Lizars' work is evident to the most thoughtless reader. There is a charm about her writing that makes the book a delight in any way you view it.

Published by William Briggs, and priced at \$2.00.

## THE SCOTT LIBRARY

The Scott Library now numbers one hundred and thirty of the world's best books. The two latest editions are Short Stories by Tolstoy and three prose dramas by Ibsen; Rosenholm, A Doll's House, and The Lady from the Sea.

The books are bound most attractively in red cloth, with gilt lettering. They are of a convenient size and are printed in clear type on good paper.

The Walter Scott Publishing Co. of London are to be congratulated on placing within the reach of every book lover such an array of famous authors and the finest libraries—their remarkably low price permits their entrance into the humblest home.

## CLAUDE G. SNOW

DICE IS LOADED SAY TEMPERANCE FORCES

Referendum on Bar Abolition in Saskatchewan is Hard to Carry.

REGINA, Dec. 16.—(Can. Press.)—The temperance forces of the province met today and decided to register strong objection to the conditions of the plebiscite on the abolition of the bar, introduced in the legislature today. They object to the condition making a total vote of 50,000 necessary on the plebiscite, on the ground that in the last provincial election the vote was little larger than that.

A Victrola for \$1 a Week. Many people make the mistake in imagining that it costs considerable money to purchase a phonograph or Victrola. This is not the case at the R. S. Williams & Sons Company, Limited, Edison-Victrola "Service" Parlors, at 145 Yonge Street, for under their system of deferred payments anyone may purchase a Victrola for a small sum down and as low as \$1 per week. In this way they enjoy the use of their instrument while paying for it in merely nominal amounts. 317

Very Latest Fancies in Fashions

Passion For Novelty In Vogue of "Vestee"

By Madge Marvel. New York, Nov. 29.

THE suits that are now the fashionable street costume bear slight resemblance to the tailored suit of former seasons.

A drapery must appear somewhere. If the skirt is plaited or tucked, the coat must be draped, and if the skirt shows a drapery, the coat is a cutaway—usually the kind to display the fancy waistcoat that is a feature of the suit of to-day.

Many women have adopted the regular vests made very much like those of their husbands and brothers, but there are always conservative dressers who for a time look askance at every startling innovation of Dame Fashion, and these are having vestees.

The Disappearing Slash.

Good dressers are no longer showing the slash in the skirt. Of course the fashionable skirt seen everywhere in New York is still very narrow, and to make comfortable walking a possibility something must be done, so skirts are quite short—ankle length—and the hem is uneven—that is, slight slashes at the front, back or either side are introduced in such a way that it is scarcely noticeable.

The new figure line, which calls for width at the hips and a narrow measurement below, is being generally accepted, and I noticed many pretty costumes developed along these lines in my wanderings in quest of new fashion ideas.

The Favored Tunic.

Apparently the favored hip-fullness is the tunic. The extreme wired modia, which were exhibited at all the recent Fashion "promenades," have not as yet made a general appearance upon the streets, and will probably be confined to evening wear for the winter, but by Spring we shall undoubtedly pass them in all public places unreservedly. I have, however, seen quite a few wired tunics in street costumes, but the wire was fine and so pliable that the slightly distended edge fell into graceful folds. The other afternoon I met a society woman walking in the park. She was attired in black chiffon's wired that edge, which was bordered with skunk, fell in ripples in a pleasing effect.

Tunics, however, as I just remarked, are very popular. Sometimes these take the form of two or three bouffant frills then again it is the plaited tunic or it is merely one deep frill edged with fur like the one I just mentioned.

Why I Fly Upside Down

By Adolphe Pegoud.

THE air is a new ground for us human beings to work on, and what I have done I have done for my colleagues, the airmen of all countries, for the good of aviators and of aviation generally. I will tell you how it all happened. I was very nearly upside down one day and found that I could fly in that position without discomfort. I found, too, that by working gently I was able to right my flying-machine, and when I grounded I told M. Bleriot what I was anxious to try to do. I explained to him that I felt sure it was possible for a man who would keep cool to turn right over in the air and fly in that position. I pointed out that we were often very nearly capsized by air currents, and that the knowledge that there was no real danger if we kept our heads would be of infinite use to my fellow airmen.

A few days afterward he said I might try. Well, you know what I did. I flew up, turned over, flew upside down, turned over again to the earth perfectly safely. It was not any more dangerous than ordinary flying, except, of course, that it was the first time that it had been done, and I can honestly say that I never felt frightened for a moment. The sensation is rather a wonderful one. I strap myself to my seat with strong braces which leave me perfect freedom of movement and give me a sense of safety. At first, as the head of the aeroplane turns up and up, it is something like climb-

I explained to him that I felt sure it was possible for a man who would keep cool to turn right over in the air and fly in that position. I pointed out that we were often very nearly capsized by air currents, and that the knowledge that there was no real danger if we kept our heads would be of infinite use to my fellow airmen.

A few days afterward he said I might try. Well, you know what I did. I flew up, turned over, flew upside down, turned over again to the earth perfectly safely. It was not any more dangerous than ordinary flying, except, of course, that it was the first time that it had been done, and I can honestly say that I never felt frightened for a moment.

The sensation is rather a wonderful one. I strap myself to my seat with strong braces which leave me perfect freedom of movement and give me a sense of safety. At first, as the head of the aeroplane turns up and up, it is something like climb-

ing a steep wall on wheels. There is no up and no jerk. The aeroplane turns up obedient to the driver's hand and turns gently sideways.

Any airman flying in a similar machine, if he would only remain perfectly calm and trust in the machine, could do the same as I do. For myself, I feel as safe as a sailor would feel in a life-boat on the sea. I am in an air life-boat, which cannot sink, and, even if it is overturned, could be easily righted again.

Should all aviators try these experiments? There is no reason why all efficient aviators should not. It is not an indispensable part of training, of course; but doing it must increase an aviator's confidence. Others can do it if they make quite certain that their machine will stand the strain, and if they prepare carefully and act with caution.

THE CRUCIAL KISS

By Michelson

The Greatest Thing in the World

The Story of Michelson's Picture is Told to You in Just One Word—Love

By WINIFRED BLACK

Copyright, 1913, by Newspaper Feature Service.

ALL alone—on top of the world—the man and the woman and Love.

Don't you wish you were alone on top of the world—you and the woman and Love, Mr. Millionaire?

You were once—you told me so. You told me about it the other day, sitting in your magnificent library with your great pictures and the splendid hangings all about you.

"It was thirty years ago to-day," you said, "that we were alone together—the woman and I—and Love.

"Over in Jersey it was—at the tail end of the meanest street in the poor little workingman's town. I was a young doctor and I had to live near the factories.

"We'd been married just a year—the woman and I—and we wanted a new carpet for our little parlor.

"We knew just the carpet we wanted—we'd seen it every day for six months in the window of the shop we passed, when we went out for our evening walk.

"Green, it was, with great big red roses in it. I suppose the people that sold me these rugs here would call it hideous, but we thought it was the most beautiful thing in the world—the woman and I.

"And every week we saved some money towards paying for it, and one night when we were standing looking in at the window the man who owned the shop came out and spoke to us.

"He knew me by sight, he said, and if I wanted the carpet I could have it by paying so much down and so much a week—we'd never heard of such a thing then.

"I couldn't wait to have it sent, so I got a wheelbarrow and took that carpet home. And she wasn't ashamed to walk along beside me while I wheeled that barrow, either—the woman I loved.

"When we got it home she helped me put it down—such a stretching and pulling as it was! I hurt my thumb, I remember, and there was a great to-do about that, and then she brought the lamp, an old-fashioned oil lamp with a piece of red flannel in the glass globe to make it look pretty—and we held up the lamp and the roses on that carpet fairly sprang into blossom right under our feet.

"She's gone now—the woman I loved—asleep up there on the hill beyond our country place. And, do you know, I've got that old piece of carpet stored

Winifred Black

down town in one of my lots? My children would leave the house if I tried to put it down anywhere here.

"Oh, yes, she had plenty of fine things before she died—the woman I loved. The good fortune came in time, but I don't believe anything ever looked as pretty to her in the world as that carpet with the red roses on that we took home to our little house that night when we were all alone in the world together—the woman and I and Love. Sometimes I think life is nothing but a strange dream after all."

When you had finished telling me about it, your face that was, when you began, quite stern and harsh—poor Mr. Millionaire—was gentle, and your tired eyes shone like the eyes of a happy boy.

"All alone in the world—just you and the woman and Love.

You told me about it, young man, the other day when I met you in the street—you and the girl—though you didn't speak a word. The girl was telling you something and you were looking at her with your heart and your soul in your eyes.

No great beauty, nothing particularly startling about that girl, nothing except that you loved her, and that is all that she needed—for you.

My heart sang to see you so sad, do you know, though you were strangers to me, I slipped into the little church at the corner and said a prayer for you and the woman and Love—all alone on top of the world.

You are poor, perhaps, and obscure I have no doubt, and nobody seems to know or to care whether you are a success or a failure. But, oh, the story in your face—and every one who passed you turned and looked at you with a warm heart.

For you carried with you for all to see and love and envy the greatest thing in the world, the only thing in the world—Love.

Don't trade it, don't sell it, don't give it away; don't let any one rob you of it or cheat you out of it. Nothing else matters, nothing else is of the least importance but Love—the greatest thing in the world.

You can be as rich as Croesus, as wise as Solomon, as powerful as Napoleon, and if you have not singing in your heart this one song that is the only one worth singing, life has made a pitiful fool of you.

Secrets of Health and Happiness

Why Eyes Are Brown And What They Mean

By Dr. Leonard Keene Hirschberg, A. B., M. A., M. D. (Johns Hopkins). Copyright, 1913, by L. K. Hirschberg.

DO YOU know that you are wearing an asbestos curtain on your face? Yes, two of them. In each of your eyes is a tiny curtain with a peephole in it. The curtain is the iris which gives color to your eye. The pupil is the peephole of your mind's eye.

But why is the curtain colored differently in different persons? And what is the meaning of the difference? Let us consider to-day the case of the brown eye.

When the Princess de Chimay ran away with Rigo, the fiddler, the Prince de Chimay said it was due to Rigo's brown eyes. The Prince has blue eyes. The Duke of Buckingham declared war on France because of his infatuation with the Queen's brown eyes. Then there is the historic fact that Cagliostro, the great mesmerist and magician at the court of King Louis XV., owed his success over men's minds and women's hearts by virtue of his lustrous brown orbs.

Brown Eyes Have Power. Hamlet says the brown eye has power and is "an eye like Mars, to threaten and command," while Romeo says to Juliet: "Alack, there lies more peril in thine eye than twenty of the world's quills." Her neighbor, Mrs. Brown Eyes, is sensitive, self-conscious, romantic and aggressively animated in all of her multiplicity of symptoms. To outward appearances the casual observer would say Mrs. Blue Eyes is not hysterical, that Mrs. Brown Eyes is. Yet they both are equally hysterical to the trained doctor; the emotional behavior differs according to the association with brown or other colored eyes.

It is, however, brown-eyed Jennie takes unto herself as husband brown-eyed Tommy, all of the children from this union may be brown-eyed, but it is absolutely certain that not more than one in every four can have blue eyes. Therefore, expert investigators have called brown eyes "dominant" factors in heredity.

All Flies Have Eyes Alike. It might seem, thus, that in the course of a few billion years mankind, if it is not destroyed long before this by the pneumonia germ or some other parasite, will be exclusively a brown-eyed race, just as house flies have only one color of iris.

As I said at first, the iris or curtain is the part of the eye which gives it color. Like the asbestos curtain at the theatre, the iris is lowered or shrinks according to the emotions, the illumination, the muscular movements of your head and your thoughts. It must be plain that if certain sorts of emotions affect different colored eyes differently, then one kind of thought and action will be more striking in brown eyes than in blue, gray, black or green.

This is actually true. A woman falls ill with muscular prostration—erroneously called "nervous prostration." She has brown eyes. She is cross, irritable, impatient, worried and unduly high strung and sentimental. Another woman with pre-

cisely the same malady and the self-same cause has blue eyes. She is in the adjoining bed in a hospital.

The woman with the blue eyes is calm, matter of fact, patient, unselfish and unharmed only by suppressed fear of worrying others. Her hysteria, in a solemn, pathetically quiescent. Her neighbor, Mrs. Brown Eyes, is sensitive, self-conscious, romantic and aggressively animated in all of her multiplicity of symptoms.

To outward appearances the casual observer would say Mrs. Blue Eyes is not hysterical, that Mrs. Brown Eyes is. Yet they both are equally hysterical to the trained doctor; the emotional behavior differs according to the association with brown or other colored eyes.

The best treatment for many mild sore throats, if not due to diphtheria or malignant tonsillitis—and your family doctor must determine which kind you have, and then what antitoxin or vaccine to give—is to destroy the bacteria in your mouth by means of boracic acid gargles, peroxide of hydrogen washes, or similar antiseptics.

A cloth or a thin towel in a single layer dampened with alcohol, bay rum, vinegar, or even cold water—that it remains icy to the touch—if swung around the neck, helps materially to reduce the fever to ease the aches, and to stimulate the blood.

Thus the sore throat "dies a-borning" before it gets headway enough to cause trouble.

Your doctor, by an examination of the germs in the throat, will quickly exclude the more malicious ailments. These require his special attention.

Answers to Health Questions. Dr. Hirschberg will answer questions for readers of this paper on medical, hygiene and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

Willie Rites About Steem

Watts dreamed that their voices in his mother's tea-kettle hollered that they wanted to get out. So he just plugged up the lid down an let her go. Steem was then discovered.

Ever since then people have been settin' aroun radiators in flats tryin' to discover steem, but nothin' doin'. The only way they could get warm was by goin' down an havin' a heted argument with the janitore. Opportunity is knockin' for some geniu' to discover steem in said flats while the tenants are knockin' the janitore.

Narrer Mills father gave him a horizontle toy steem engine fer his birthday. The other afternoon Narrer's mother had him mind the baby in its new perkulatore. Narrer gotta grade idea to hitch the baby carriage onto the steem engine to hall the kid aroun. The engine wouldnt hole anuff steem so we got

Willie Keoppel, a new kid on our block to play Jim Bludsoe an set on the safety valve.

Willie didnt want to dew it but we tole him he wud be a grate heroh an have potes write poems about him. We sed we wouldnt let a n. be it only we muted tew be nice tew a nu boy. Finly he agreed if no one would write poetry about him.

I guess the safety valv didnt like to have no boy settin on it cause it blew up burnin 2 holes in the sets. Willie's pants an 2 blisters on the part of Willie's body were his name would be printed across if he had been a cannal bote.

Willie was awl dressed up to go to his sisters weddin an as soons the blisters from the steem engine gits well his mother is a goin to raise a couple of real blisters with her slipper. It wont mite much diffrence to Willie tho as he has to stan in the corner with his back to the class enny way but he says no more of this business of bein a hero in him.

WILLIE JONZ.

Odds and Ends of Information

The drum is no longer used in the French army.

Uncle Sam's various mints turned out 168,928,871 coins last year. The face value was \$37,306,350.

About 35,000,000 sheep are sheared annually in the United States, producing 250,000,000 pounds of wool, worth more than \$45,000,000.

The six leading industries of the United States in the order of their

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of the World.

MR. SPENCE AND THE TAXPAYER.  
Ex-Controller Spence made an exceedingly clever speech to the Municipal Association yesterday. No man in Toronto could more skillfully marshal a set of facts and figures, or more logically assemble a line of arguments. Mr. Spence has methoded considerably, and there was an absence of the cold venom and bayonet-thrusting bitterness which he made familiar on platforms of the past. His address was a plea for the taxpayer. He considered the purchase of the street railway and all alternatives of purchase, from the point of view of the taxpayer's pocket. Finally he considered purchase itself from that standpoint, and he stated the facts. There was no need to give judgment. His hearers did that. "In the harbor commission's plan," he said, "I believe there is public spirit. It is magnificent, but it is not war. It is beautiful, but it is a dream." This assertion was based on the fact that the civic car lines would furnish a deficit of \$3,381,896, which would have to be provided for and paid out of current expenditure, or in other words, out of the taxpayers' pocket. In addition to \$1,885,996 from the civic lines, which they would not have to pay under purchase, or a total of \$5,187,892.

Similarly he showed that on the most favorable showing of patronage for the tube scheme and cutting the cost of operation below the estimates of the experts, there would be left \$255,000 to be loaded every year on the taxpayers, while a further deficit on the harbor front line would make a total loss per annum, to be loaded on the taxpayers, of \$420,000. And even this was not all, for the business given to the new lines would be taken from the Toronto Railway, and the city would lose \$180,000 per annum in percentages, or \$180,000, which the taxpayers would have to dig up every year. The whole opposition to purchase, Mr. Spence pointed out, was based on the fear that the population of Toronto would not increase at the rate of 6 per cent per annum. He was satisfied to eliminate all uncertainty, and suppose that all increase would stop at the present moment, and that no babies would be born and no people come into the city, to raise the population over the present number. He showed that the present revenue would provide \$2,177,041 profit this year, enough to pay 4 1-2 per cent, on the \$22,000,000 and leave \$250,053 surplus for sinking fund and extensions. "I want to show you," he said, "that the purchase immediately need not be a burden on the taxpayer. I don't think that there is going to be any standing still."

Mr. Spence's speech is well worth reading and is a valuable contribution to the discussion from an unexpected quarter. We shall be curious to hear what The Globe has to say about it.

**CERTAINLY CAPABLE OF DISPROOF.**  
The "Telegraph" commits itself to the statement that "purchase would mean double fares and a complete tie-up." The habit of contradiction and falsification has become a mania in the Journal that has assured its readers that every statement it makes is capable of verification or disproof. We accept the alternative and so will its readers.

**A ROWDY STATEMENT.**  
With all due respect to the reporters, I would like to say that they didn't get the ability to write the editorials on the deal that are appearing in the papers every day. I am in a position to know that men, officials of the railway company, have been brought here from Montreal on purpose to write this stuff. None of the papers are supporting the scheme because they really believe in it.  
Ald. McBride made the foregoing statement on Monday night in Cumberland Hall. If he believed he was telling the truth, he has even less common sense than we have been giving him credit for. If he did not know he was uttering falsehood, he is a bigger fool than we took him for.  
Besides, he displays but a poor opinion of Toronto, of Toronto newspapers and of the Toronto citizens who read them. The Toronto press, thinks Ald. McBride, is capable of being purchased. The men on the Toronto press are willing to be superseded by men brought from Montreal to do their work. He states he is in a position to know this to be so. We challenge Mr. McBride to mention any such case or to point out any editorial article written by anyone not on the regular editorial staff of the city press in favor of the purchase of the street railway.

We do not know what may be the case with The Globe or The Telegram, which are against purchase, but we are in a position, at least as favorable as that of Ald. McBride, to know the facts in regard to the four papers favoring— not purchase without conditions, but purchase according to an agreement now being drawn by the city which is to embody the representations made by Mayor Hocken. And we assert that these papers represent the views of the local staffs, that the articles represent the views of the men who write them and that these men are and have been citizens and taxpayers and have been citizens and taxpayers of Toronto. We will go farther and declare that the views ventilated in The Globe and The Telegram far less correctly represent the views of the members of the staffs of those journals, and much less correctly reflect the views of the citizens generally, than do the four papers that have supported Mayor Hocken's attempt to solve the transportation problem.

A good deal may be pardoned to a hasty speaker like Ald. McBride in the heat of campaign when he appears to rely less on fair than on rowdy methods for success, but it would not be fair to Toronto or to its citizens, and much less to the press of the city, to let such an ignorant and unwarranted assertion pass unnoticed.  
**"EGGS IS EGGS."**  
That the women of Toronto are not less practical, not less public-spirited, and not less observant of economic conditions than the women of Chicago and other places, is clear from the action taken by the members of the Canadian Household Economic Association. They adopted a resolution placing themselves on record in protest against the high price of eggs and asking the women of the city to join in refusing to pay more than 80 cents a dozen for eggs. This resolution will go before the executive of the Women's Council, which meets today, and it is believed that some action will result.  
Prices quoted in the papers indicate that fresh eggs cost anywhere from 60 to 75 cents a dozen. The World can vouch for the fact that 45 cents a dozen has been asked for new laid eggs and gladly paid. This is seven cents apiece, and there is no economic value in an egg at seven cents. But if people are to eat boiled eggs they must have them fresh and at lower prices they are not always guaranteed. If one or two are doubtful among a dozen at 75 cents, and a doubtful egg is to all intents and purposes a bad egg, ten eggs at 75 cents cost as much as 12 reliable eggs at 85 cents.

People who keep hens in the city and feed them on wheat which is as necessary for the production of good eggs as clover is for good honey, cannot get the price of eggs under 80 cents in winter. So it may seem that 50 cents would be the competing limit for that class of egg, which rising above store eggs, candied eggs, fresh eggs, new laid eggs and strictly new laid eggs, requires no adjective or adverb, but exists absolutely on the testifying cackle of its producer. But there cannot be a competing limit of 50 cents unless the habit of poultry-keeping is stimulated, and even among those who do keep poultry there appears, to judge from the sounds at dawn and at other times, to be an excess of roosters and a scarcity of the poultryman's delight, the 200-egg hen. If Toronto had as many cackling hens as it has crowing roosters we believe the thirty-cent egg would be in sight. But falling this the abstinance recommended by the Household Economic Association appears to be the only remedy for present prices.  
One other word of counsel may be excessed. If eggs are weak in the inspiration of faith, if they do not produce the confidence that justifies three minutes' ebullition in the kitchen without producing several more minutes' ebullition in the dining-room—pouch them.

**THE MELON, THE COST, ITS ONE APOLOGIST.**  
Sir Thomas Shaughnessy may find

**It's Just This**  
The John Wanless & Co. jewelry stock and business are to be disposed of as expeditiously as possible. The accelerators are cut prices. Genuine bargains in watches, diamonds, silverware, will be offered until all is sold. We advise you of this important sale in order that you may secure some of the good things.  
**WANLESS & CO.**  
402 Yonge St.  
Corner Hayter Street

**"Investments"**  
A Much Misused Term  
Many who should be, and think they are laying up money for their old age, are misled into so-called "investments" where their hard-earned money is jeopardized, and frequently lost, though it is of the utmost importance to them and those who may be dependent upon them that its absolute safety should be beyond peradventure.  
To those who should invest safely and caution, but speculate the bonds of the Canada Permanent Mortgage Corporation can be confidently recommended. This Corporation is most conservative in the investment of its funds entrusted to it. For considerably more than half a century it has held a leading position among Canada's financial institutions, and its bonds are a LEGAL INVESTMENT FOR TRUST FUNDS. They are issued for one hundred dollars and upwards. Write for full particulars.

**Canada Permanent Mortgage Corporation**  
Toronto street Toronto  
Established 1855.

melon cutting an expensive business for the credit of the C. P. R. If you deplete the assets of a company the value of the shares ought to fall, and a five-point drop mark a single day, and that is what has followed the last adventure in the shape of six per cent notes at twenty per cent discount.  
And the credit and standing of the securities of any country that permit such financing will suffer like lice. Sir Thomas is putting Canada in the Mexican class, whose finances and the finances of its exploiting companies and concessionaires have all to be sugar-coated, served with garnished melons, and whopped big rakes-off. Our national credit has been hurt by the Mexican way.  
The C. P. R. method of financing for the past three years is absolutely forbidden by law in the United States, where it has practically ended in the footing of the great roads and the demoralization of most of the companies.  
Only one Canadian paper, and that a promotion journal in Montreal, has defended the C. P. R. Journalistic silence that is painful has prevailed. But listen to this one apologetic.

Montreal Financial Times: The record of the C. P. R. is one of consistent and brilliantly one of well-judged use of its melon-cutting capacity for the purpose of feeding the new money which is constantly in need for extension of the railway. The present financing is by no means the brilliant operation of the kind. Our national credit has been hurt by the C. P. R. method of financing. The C. P. R. has no right to distribute even so much as ten millions to its stockholders.  
World's articles contain in every other paragraph the outrageous statement that "the C. P. R. is a mere trust, and its property is its trust property, and all its holdings, savings and profits must be devoted to the enterprise, to giving better transportation service at lower rates to the people of Canada, and that the shareholders are entitled only to ten per cent dividend upon the actual cost of construction." That, of course, is a plain and unmitigated falsehood.  
The World's views, fortunately, do not represent the fact that majority of the Canadian people, who are inclined to admire the railway for the immense services in bringing capital into the country, and to rely on the railway commission to establish a fair scale of rates with any such tyrannical confiscation of railway profits as is now paralyzing the transportation systems of the public to the south.

**MRS. COURTICE'S CANDIDATURE.**  
Editor World: The Toronto Local Council of Women is desirous of curing the support of your paper for our nominees for board of education, Mrs. A. C. Courtice and Mrs. A. C. Courtice, the widow of Rev. A. C. Courtice, former president of the Christian Guardian. Her support under the Local Council of Women includes the W.C.T.U., King's Daughters, the Women's Art Association, the Business Women's Club, the Alumnae Association, the Playground Association, etc. in all 42 societies, or 7000 members.  
Mrs. Courtice had a public school, high school and women's college training, and has been engaged for seven years in organizing and directing a school for young girls of public school age, and for young boys of the primary grades. She is convener of the education committee of the Local Council of Women, which has appealed twice to the board of education for part time and smaller classes in the primary grades of the public school—to avoid overcrowding and to make possible more individual attention from teachers.  
Out of interest and experience in educational affairs, Mrs. Courtice has a broad sympathy with the whole community—children, teachers, parents and ratepayers. She stands for a stronger effort to educate the whole boy and girl; in other words, she believes that the strongest need of the times is a well balanced efficiency, which can be best brought about by the intelligent co-operation of parents and teachers with the board of education.  
At the present time there are 14 members of the school board—all men. There is no adequate opportunity for the mother's and the woman's point of view to find expression. She is also interested in considering how school buildings can best be used as special centres, and in the work of continuation classes, technical training and vocational schools. As there are 32,500 girls in attendance at the Toronto schools and 1100 women teachers, a woman trustee appeals to us as a necessity. May we look for your support?  
Florence G. Huestis, President, M. L. Irvine, Secretary, Constance Rudyerd Boulton, Convener Citizens' Committee.  
H. K. CASKEY BACK.  
Secretary H. K. Caskey of the laymen's mission council has returned from Rockford, Ill., where he was visiting his mother, who was critically ill. He is arranging for a meeting of the Canadian council executive at an early date to arrange next season's work.

**NO WASTE AND NO RED TAPE JUST PLAIN CHRISTMAS CHEER**

The World Good Fellows Have the Right Idea—They do Good Work in Quiet, and a Little Money Makes a Lot of Happiness—Eight Days More.

The chance of becoming a Good Fellow, of helping some little kiddie to Christmas cheer, is slipping by. Eight days more and a child to whom you could have given toys and food, or clothing, will find the big day of the year cold and joyless. Get into the game today. There's barely enough time to call on the child whose name The World Good Fellow will give you, find its Christmas needs, and arrange to provide them.  
Next to phoning Main 5308 here's the quickest way of becoming a Good Fellow. Send the slip—(Can you make it more than one child?)  
World Good Fellow:—  
Send me the name of \_\_\_\_\_ children \_\_\_\_\_  
\_\_\_\_\_ Address \_\_\_\_\_

The cases have been carefully investigated. There will be no overlapping of Christmas philanthropy. Realizing that the public is a little chary, because of the talk of retrenchment everywhere heard, of giving charity, the organization in charge have systematized the work. But the Good Fellow movement isn't charity as we know it, it is the personal paying of goodwill and good cheer to the helpless little children of the luckless.  
Meet Homes and Poverty.  
Since we have been sending out the names of children, two or three Good Fellows have reported that the home they visited seemed too good for Christmas. The most English on the continent—there are many neat and clean homes where close-mouthed poverty holds a silent sway.  
And Good Fellows, don't all ask for little girls to play Santa Claus to. We have just as many boys as girls on our list, and not nearly as many to look after them.  
If you want to carry out the "goodwill" mandate, and believe being a Good Fellow the best way, please, today, put your good intentions into motion and send in your name.  
There'll be no publicity about it.

**USE CHRISTMAS SEALS.**  
Handsome Design Issued by National Sanitarium Association Favored for "Stickers."  
The opportunity to aid a worthy cause, and at the same time to spread the doctrine of Christmas cheer is afforded by the use of the Christmas Seal issued by the National Sanitarium Association for the benefit of the Muskoka Free Hospital for Consumptives. Bearing on its face a representation of a Crusader, it aptly typifies the great campaign now being waged against the white plague and affords a strong incentive to everyone to join hands in the crusade. The importance of the work is emphasized by the fact that there is now accommodation for two hundred patients at the Free Hospital and the annual cost of operation is between \$75,000 and \$80,000. The seals may be purchased in small quantities, so that opportunity is afforded everyone to help to the best of their financial ability. The head office at 347 West King Street will supply those who are not in touch with any other source.

**MUTUAL BENEFIT FUND SHOWS GOODLY BALANCE**  
Toronto Electric Light Employees May Declare a Dividend This Year.  
The annual general meeting of the Toronto Electric Company Employees' Mutual Benefit Society was held Monday night. The total receipts for the year were \$1,744.06. A balance of \$703.71 is available for dividends.  
The following officers were elected for the ensuing term: Honorary president, Mr. J. J. Wright; honorary vice-president, Mr. C. E. Bowden; president, Mr. M. D. Schweigler; vice-president, Mr. R. Boston; secretary-treasurer, Mr. Ed. Felton.

**TWO DROWNED WHILE SKATING.**  
ST. HYACINTHE, Quec. Dec. 16.—(Can. Press.)—Henri Bouchard, aged 17, son of Victor Bouchard, farmer, and M. Bourgeois, aged 18, son of Demas E. Bourgeois, also a farmer, were drowned while skating on the Yamaska River near the city. The bodies have not yet been recovered.

**SUFFRAGETTES SET FIRE TO CHURCH IN LIVERPOOL**  
LIVERPOOL, Dec. 16.—(Can. Press.)—Very extensive damage was done to St. Ann's Church, Liverpool, today by an incendiary fire started by the militant suffragettes as a protest against the rearrest of their leader, Mrs. Emmeline Pankhurst. The stalls on the south side of the church were destroyed and the splendid organ was seriously damaged. Entrance was gained to the church by the "arson squad" thru a stained glass window which they smashed. The usual suffragette literature was left scattered about the place.

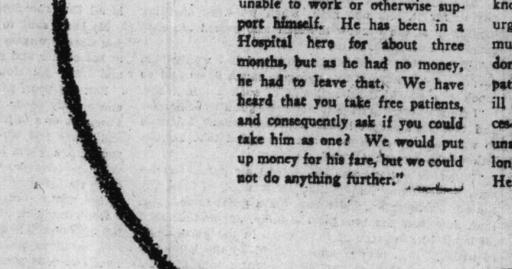

**EIGHT ARE DEAD AND TWENTY HURT IN FIRE**  
CINCINNATI, O., Dec. 16.—(Can. Press.)—Eight are dead and a score were injured thru a fire believed to be of incendiary origin, which destroyed the Salvation Army Home for Men here early today. Many of the injured were overcome by smoke, while others suffered hurts in making their way out of the fire-swept building. Several of the injured are in a precarious condition.  
There were 150 beds in the building, of which 45 were occupied by the employees of the Salvation Army. Every one of the employees escaped. Nearly all of the other beds were occupied by transient lodgers and uniformages who make their homes in buildings of this class. The property loss is estimated at \$55,000.

**THRU TO PORT ARTHUR BY END OF THE YEAR.**  
Canadian Northern Promise Service Within a Short Time.  
According to A. J. Isbister, engineer in charge of construction, the Shidary-Port Arthur line will see completion by the end of the present year. The completion of the remaining portion of the line will mean a steel-connection between Toronto and Port Arthur.

**For Christmas— what will you give "Him" and "Her"?**

"After you have thought of dear friends, near friends, and friends, will you think of those poor consumptive sufferers whose only hope for life lies in the treatment they cannot afford?  
"After you have considered the "him" who lies closest to your heart, and the "her" whom you love best, will you spend just a little fraction of sympathy for "hims" and "hers" whom others love but cannot help?

**What of Him? ---and of Her?**  
"I am writing you in regard to a young man named \_\_\_\_\_, who has consumption and is therefore unable to work or otherwise support himself. He has been in a Hospital here for about three months, but as he had no money, he had to leave that. We have heard that you take free patients, and consequently ask if you could take him as one? We would put up money for his fare, but we could not do anything further."  
"I am sending you the report of Miss \_\_\_\_\_, in the hope that you may do something with her. I know that many cases must seem urgent to you, so will not take much of your time. This girl is a domestic who was taken in by a patient of mine who is herself quite ill and in rather poor circumstances and now feels that she is quite unable to look after this girl any longer, and yet cannot turn her out. Help them out if you can."

**When A Hearty MERRY CHRISTMAS is extended to users of Eddy products, most of the nine million Canadians receive the greetings.**  
The E. B. Eddy Co., Limited  
Hull, Quebec

**AT OSGOODE HALL**

They are known as accurate time-keepers. \$25 will buy at SCHEUER'S 90 YONGE STREET WALTHAM Ten Carat Solid Gold Watch, set in ten carat solid gold flexible Bracelet.

WESTERN GRAIN GROWERS

Western Grain Growers Contended Tariff Plays Into Hands of Transportation Combine and Weighs Heavily on Producers—Fruit Growers and Cattle Men Oppose "Tariff Tinkering."

should first put in their case, and that the counter deputation would be heard in the afternoon. The grain growers and the representatives of the Dominion Grange consumed between two and three hours in presenting their case, and received a non-committal reply from the prime minister.

Indeed, Mr. Borden contented himself with saying that no changes in the fiscal policy of the government could be proposed by the opposition except to parliament. None the less, the fruit growers and the stock raisers who had their sayings later in the afternoon, vigorously reasserted their belief in the national policy, repeating many of the arguments heard during the campaign of 1911.

They drew a far different picture of the farmer and his condition from that represented by the western delegation. Indeed, they claim that conditions in the Niagara district, and all that part of Ontario were never better than at present, and vehemently protested against any tariff tinkering at this time.

Rural Ontario Depopulated. The demand for an increase in the British preference on free trade with Great Britain was presented by E. C. Drury, who delivered an eloquent speech dealing with the rapid depopulation of the rural districts of Ontario, and declaring that people refused to go on the land, or if they did, they remained there because the financial returns were insufficient. He was the only speaker to dwell upon the advantages of free trade with England.

Several others argued in favor of the Tariff-Laurier reciprocity agreement; on the whole, however, the delegates appealed especially for removing the duties upon wheat, flour, wheat products and potatoes, which would immediately procure the same quantity of these products from Canada into the United States. They also insisted that legislation be passed as soon as possible placing lumber, cement and agricultural implements upon the free list.

Excessive Railway Charges. In regard to the transportation problem the delegates asked for relief from excessive charges of Canadian railways thru American railway competition, which could only be brought about by establishing a free exchange of natural products between Canada and the United States. They also demanded that some action be taken immediately by parliament respecting freight rates, stock watering and the transportation situation generally. Upon this branch of the case Mr. Borden said that the railways could be regulated by parliament, but that it would be found extremely difficult to regulate the ocean rates which were largely responsible for the high cost of carrying grain from the west to England. He also took occasion to question whether the United States reciprocity offer of 1911 was still open.

Oppose Sample Markets. Among other matters urged upon the government were legislation respecting co-operative societies and the nationalization of all terminal elevators. It was asserted that the mixing of grain was still going on at Port Arthur and Fort William, but this statement was challenged by Hon. Robert Rogers. The delegates declared themselves opposed to the establishment of any sample markets so long as the wheat at terminal elevators was subject to manipulation.

At Daggers Drawn. The grain growers and the counter delegation headed by Senator Smith of Winona, agreed in asking legislation authorizing co-operative societies and the nationalization of all terminal elevators. It was asserted that the mixing of grain was still going on at Port Arthur and Fort William, but this statement was challenged by Hon. Robert Rogers. The delegates declared themselves opposed to the establishment of any sample markets so long as the wheat at terminal elevators was subject to manipulation.

That the free entry of foreign fruits would be the death knell of the fruit industry in Niagara summarized the argument of J. R. Hastings of Winona. Robert Miller, a thorough stock raiser argued that each country

"WHEAT MARKETS" ISSUE FOUGHT BY RIVAL BODIES OF FARMERS PREMIER WAS NON-COMMITTAL

problem the delegates asked for relief from excessive charges of Canadian railways thru American railway competition, which could only be brought about by establishing a free exchange of natural products between Canada and the United States.

They also demanded that some action be taken immediately by parliament respecting freight rates, stock watering and the transportation situation generally. Upon this branch of the case Mr. Borden said that the railways could be regulated by parliament, but that it would be found extremely difficult to regulate the ocean rates which were largely responsible for the high cost of carrying grain from the west to England.

Among other matters urged upon the government were legislation respecting co-operative societies and the nationalization of all terminal elevators. It was asserted that the mixing of grain was still going on at Port Arthur and Fort William, but this statement was challenged by Hon. Robert Rogers. The delegates declared themselves opposed to the establishment of any sample markets so long as the wheat at terminal elevators was subject to manipulation.

At Daggers Drawn. It was asserted that the mixing of grain was still going on at Port Arthur and Fort William, but this statement was challenged by Hon. Robert Rogers. The delegates declared themselves opposed to the establishment of any sample markets so long as the wheat at terminal elevators was subject to manipulation.

That the free entry of foreign fruits would be the death knell of the fruit industry in Niagara summarized the argument of J. R. Hastings of Winona. Robert Miller, a thorough stock raiser argued that each country

should look after its own tariff. He charged that Americans, by making necessary the expensive registry of pedigrees, kept out Canadian competition.

T. H. P. Carpenter of Niagara said the middlemen, not the growers, got the profits on fruit. The grain growers leave tonight for Toronto where they will take part in the deliberations of the Ontario Grange tomorrow and Thursday.

### Goal Keeper Bricker Out Of Hockey for the Season

## ST. MICHAELS AND MIDLAND OPEN LOCAL HOCKEY SEASON TONIGHT

#### Will Hook Up in Exhibition Game at Arena — Gordon Bricker Lays Up His Skates — Yesterday's Practices and Gossip.

St. Michaels had their final prep for their game with Midland last night, and the full squad was out. Manager Frank Diestler intends to give every man a trial and this should keep the game fast throughout. Midland will have a workout at the arena early this morning. The line-up:

The line-up:  
St. Michaels—Goal, Thompson and Ad. Dixon; point, Murphy; rover, Diestler; rover, Rankin; centre, Lafamme; left, Richardson; right, McCann; right, Matthews and Chartrand.

Midland—Goal, Scott; point, Nichols; rover, LeVine; rover, LeVine; rover, Chase; left, Armstrong; right, LeVane. Referee—J. B. McArthur.

Gordon Bricker, the good goalkeeper with St. Michaels last year, will not play hockey this year. Gordon, however, has promised the Saints that he will turn out at any time if they are in need. This sets to rest the rumors that he will be with one of the other senior clubs.

T.R. & A.A. had a good workout last night, and had Ken McLaren, the former Stratford goalkeeper, in the north net. Grover Sargent was the only other new man out.

The Lansdowne juniors, who won the championship of the All-Toronto series at the arena last winter, will turn out and play under the name of the Simcoes in the Junior O.H.A. Several St. Paul players will also join the West Toronto team.

Both pro clubs had a lineup yesterday and thereby got most useful practice. Reg Rankin of Stratford was out with the Ontario and will give Cross a battle for the goal-tending job. Fred Lake was very prominent with his end to end rushes and is a big favorite with the fans. Harry Scott and Guy Smith were also prominent. This is how they lined up: Goal, Cross; defence, Lake and Marchionni; centre, Hunt; right wing, Johnson; left wing, Teddy Oake; Goal, Rankin; defence, LeVane, LeVane, LeVane; centre, Scott; right wing, Steve Vahr; left wing, Dougherty, Guy Smith and Harschaw; broke into the game.

The Torontos had a new man out in McCarthy, an amateur forward from Ottawa. He looks good. Jack Mastiani also had two squads working, and it was a fast and furious affair.

The Torontos are in pretty fair shape, and went the hour without much effort. They lined up:  
No. 1—Goal, K. Wilson; defence, Topp, Warwick; centre, Foyston; left wing, McCarthy; right wing, McCliffin.  
No. 2—Goal, Holmes; defence, Marshall and Cameron; centre, C. Wilson; left wing, Davidson; right wing, Walker.

If the plans suggested by the officials of the Ontario Hockey Association materialize, the champions of the Pacific Coast will go east and play for the Allan Cup next spring. The Ontario Hockey Association is planning to have the winners of the Vancouver, Victoria and New Westminster Leagues play off for the Savage Cup, maintenance of the coast championship, the winners to go east and play for the Canadian title. The Allan Cup is at present held by the Winnipeg Falcons. The officials will probably endorse the proposal at the next meeting.

The practice hours at the arena today are:  
10:00-11:00 a.m.—Ontario pros.  
11:00-12:00 a.m.—Toronto pros.  
12:00-1:30 p.m.—Varsity.  
2:00-3:00 p.m.—St. Michael's College.  
3:00-4:00 p.m.—Upper Canada College.  
4:00-5:00 p.m.—Toronto Rowing Club.  
5:00-7:00 p.m.—Stratford Canoe Club.  
8:30-10:30 p.m.—St. Michael's v. Midland.

The first O.H.A. certificates were registered yesterday by the Stratford Club, as follows:  
Stratford Juniors—Harold Farquharson, Robert Ross Forbes, Edna Burdett, Edmund W. Tobin, Leonard Lavell, E. J. Dempsey.  
Stratford Intermediates—Claude H. Harefield, James W. Lowe, Herb L. Haney.

The Farquharson mentioned in the junior list is the 18-year-old son of Mr. Charles Farquharson, president of the O.H.A. who, therefore, receives the first certificate issued this year by the association.

St. Michael's Senior O.H.A. team have been invited to Woodstock to open the new rink. Jerry Lafamme is a Woodstock old boy.

Varsity have arranged an extensive tour for the Christmas holidays. Ten players will make the trip. It has been decided to leave on the 26th for Boston, where the first game will be played on the following day with the Boston A.C. While in Boston they will probably meet Harvard. On Jan. 21 the team will return to the winners of the Ottawa College-Queens series in New York, and on New Year's night they will take on Princeton.

The champion T.R.'s will leave for Detroit and Cleveland today, playing two games in each American city. Jack Gooch and one of two others may not be able to make the trip, and the black and white will hardly be at full strength.

On Friday night St. Michaels, who are heretofore the best conditioned team, where they meet Yale on Saturday night. The whole team will be taken along, and the green shirts should have no difficulty in trouncing the collegians.

Heintzman, the speedy left wing, and goalkeeper Foyton are the only two of last year's players who will be back at Upper Canada this season.

Osgoode Hall will hold their first practice at the arena on Friday at the noon hour. They expect to have a pretty nifty

Parkdale Canoe Club held their initial twenty players put in an appearance. McLaren and George Blakeney, the Rugby player, are two of the most likely candidates, while others that were noticed were Bishop, Sison, MacQueen, Baker and Smalley. There are several others who are confident that they will be well up in the running when the season opens.

Varsity and their large throng of aspirants again filled the arena for several evenings to get in their practice. Several new ones made their appearance, but no wedding out will be started until both Juniors and seniors, and should be strong, than ever this year.

Parkdale Canoe Club are going to ask the O.H.A. to investigate the charges of professionalism against their hockey team, and at the same time take action in regard to others that have been under suspicion for some time.

St. Andrews trotted out about twenty players, but they have only two of last year's players. The team is made up of Hatch and Cantley are the two, but they have several others who have had some experience, and the Scotchmen should be as strong as ever. Parker of Acadia College, Roger of Mitchell, Fleming of Ashbury College, Ottawa, and Wright are all good boys. Fleming was captain of the team last year, and is a cracking good goal tender.

Upper Canada are also minus all of last year's players, but two, in Heintzman and Foyton, two of their best stars are still eligible. They had enough material to prove the play, and President Emmett, who is a newcomer, to try for that position on the line. Doherty has always played goal in previous years. Ross and Hyland are holdouts.

Altogether recommended by the Pacific Coast League as an improvement, the new officials in hockey is not likely to be adopted in the N.H.A. according to President Emmett, Quinn. It is possible that President Quinn, an old official in the centre of the ice, thirty feet each way from midline, center, may be tried out in one game, but the eastern magnates are a little doubtful of its success.

"It is merely a question of how it will work out and whether it will improve the play," said President Emmett. "The Patriots tried it out last night. The Patriots tried it out last night. The Patriots tried it out last night."

Tommy Daly is the popular trainer nowadays, and he has turned several good offers of late. He has decided to stick with his old love, the Ontario, and St. Michaels. The way he is working boys who are interested in the boys should be in the greatest condition, and when the baseball season opens he should be in the very pink.

The Beaches Hockey League executive committee tonight was as stated earlier in this column. The meeting was postponed until Friday night, as the president and several of the members have other business that would prevent their attendance. That would have signified their intention to play in the league are requested to get their secretaries to set in touch with the executive committee. The league will meet on Friday, Dec. 19, at 8:00 p.m. before the Board of Control, or Main Street, Toronto. The league will have a couple of teams in the Junior, Intermediate and senior divisions.

At the monthly meeting of the Boys' Union Council it was unanimously decided to have the Boys' Union League form the nucleus of a new league to be called the Ontario Hockey League. This new league was to be under the supervision of the Ontario Hockey Association. The league will be handled during the coming year by the Ontario Hockey Association. The league will be handled during the coming year by the Ontario Hockey Association. The league will be handled during the coming year by the Ontario Hockey Association.

The schedule of Intermediate O.H.A. Group No. 7 is as follows:  
Dec. 28—St. Thomas at Ingersoll.  
Jan. 2—Paris at Brantford, Woodstock at Ingersoll, St. Thomas at London.  
Jan. 5—London at Brantford, St. Thomas at Paris.  
Jan. 7—Ingersoll at Paris.  
Jan. 12—Brantford at London, Ingersoll at St. Thomas.  
Jan. 14—Woodstock at St. Thomas.  
Jan. 19—Paris at Woodstock, St. Thomas at Brantford, London at Ingersoll.  
Jan. 21—Paris at St. Thomas, Woodstock at Brantford.  
Jan. 23—Paris at Ingersoll, Brantford at St. Thomas, Woodstock at London.  
Jan. 28—Brantford at Ingersoll, Woodstock at Paris, London at St. Thomas.  
Jan. 27—St. Thomas at Woodstock.  
Jan. 28—London at Paris.  
Jan. 29—Brantford at Woodstock, Ingersoll at London.

The Coxwell A.C. will hold a benefit concert in the Woodbine Theatre on Thursday evening, and it promises to be one of the best seen this season, as several special features will be staged. The teams will work out tonight in the club-house, and any new players wishing to join any of their three fast teams will be welcomed. N. Carlton is the manager, 78 Kingston road.

The Ottawa pros. practiced on the ice yesterday for the first time.

The Wanderers do not expect to get on the ice before the end of the week. They have not yet given up hopes of handling Ritchie, who played with Grand Mere a year ago, and Baker and Skelton, Murray, who recently signed a Wan-

#### RECORD PRICES FOR STAR BIG LEAGUE PLAYERS.

Joe Tinker, Cincinnati, bought by the Brooklyn Club, National League, \$25,000.
Marty O'Toole, St. Paul, American Association, bought by the Pittsburgh Club, National League, \$22,500.
Lefty Chappell, Milwaukee, American Association, bought by Chicago Club, American League, \$18,000.
"Lefty" Russell, Baltimore, International League, bought by the Philadelphia Club, American League, \$12,000.
Fritz Maisel, Baltimore, International League, bought by the New York American League, \$12,000.
Rube Marquard, Indianapolis, American Association, bought by the New York Club, National League, \$11,000.

#### TEACHERS FORM HOCKEY LEAGUE

The Toronto Teachers held a meeting yesterday in Crawford Street School and organized a hockey league, with these officers: President, J. A. Woodward, 121 St. Nicholas street; vice-president, R. V. Nicholson, Dovercourt street; secretary, W. Johnston, Grace street.

It is the intention to have a four-club league, playing at Varsity. Teachers desiring to play are asked to inform their ward representatives, who are as follows:  
Ward 1, F. N. Scott, Queen Alexander street; Ward 2, J. Wallace, Winchester; Ward 3, O. O. Warden, W. H. Ward 4, H. Hare, Givens street; Ward 5, A. F. Nicholson, Dovercourt; Ward 6, R. W. Fydeil, Annetts street.

#### BRITISH OLYMPIC VEGETARIAN TEAM

Of Athletes to Be Thoroughly Organized and Sent to Berlin.

An English team of vegetarian and fruitarian athletes is to be sent to the Olympic games at Berlin. A strong committee is being formed, first, to organize and equip the team; secondly, to find out from the different countries how many of their representatives have training without the use of flesh food and intend so to train.

Arnold Hills, an old Oxford competitor in the inter-university sports, has originated the undertaking, and vegetarians in any part of Britain are invited to apply to J. Naylor, the secretary of the committee.

Vegetarians (says The Daily Mail) in England have had many remarkable athletic successes in forms of sport as distinct as cycling—where their experience is especially notable—and real tennis; from the "game of the people" to the "game of kings." Some have trained on biscuits, nuts and apples; others largely on bread and cheese and fruit. It is believed that some of the most successful long-distance runners of various nationalities in the last games were principally vegetarians.

"That 'best' can suitably be used as a synonym for muscle is strenuously denied by athletes from Japan to Stamford Bridge. It is appropriate to the season to record that a form of plum pudding is regarded as an excellent training diet.

"To prove the value of a vegetarian diet the committee intend to form a vegetarian Olympic Council, separate from but in no way opposed to the Olympic Council.

### Count the Hats and Caps

## Counting Started Yesterday

The windows of our store at corner Yonge and Queen streets (179 Yonge) were locked Monday evening and the keys will be held and the hats and caps counted by the judges, Messrs. N. T. Bowman, of the Telegram, and A. G. Donaldson, of the Daily Star, until Monday, January 5. The winner's name will be posted in the windows of our two stores.

Count the hats and caps in these windows, mark your count on a free coupon, and deposit it in the receptacle for this purpose at our Yonge and Richmond street store.

If yours is the first coupon with the correct number of hats drawn from the pile by Alderman A. E. Burgess you will

### Get This 1914 Style Ford Auto Free

Or if you do not want the auto we will give you \$400 in gold instead.

It costs you nothing to get in on this contest and everyone has an equal chance to win. So get busy and count the hats.

#### T.B.C. FIVEPIN LEAGUE.

In the T.B.C. Fivepin League, at the College Club last night, there was another double-header rolled. Woodgreens and Paragons were the regular scheduled game, while Flying Posts and Millionaires clashed in their next Saturday night's fixture. In the first-named encounter, Bob Stitt's Paragons, after two games, came out strong in the first with the biggest count of the contest.

While Hotrum was high, with Paragons honors, with 333 totals. Scores:

Paragons	173	115	3	T.I.
Hotrum	116	142	113	271
Blitz	85	119	74	270
Barnet	141	115	114	270
Fidler	126	154	129	409
Totals	648	636	529	1613

#### WEST END HANDICAPS.

West End Y.M.C.A. handicaps last night resulted:

100 yard potato race—L. H. Snow; 2, W. Martin; 3, F. Walker.
Free walk—J. S. Hicks (8 in.), 5 ft. 7 in.; 2, Green (4 in.), 4 ft. 3 in.; 3, B. Syng (14 in.), 4 ft. 11 in.

#### RAWLSON WILL RUN HE SUPPORTS PURCHASE

"Am Making Votes for the Deal Every Day," Says Ward Three Alderman.

"Not a word of truth in it," declared Ald. Rawlson, when told of a rumor that he intended to retire from the city council.

"I'm not only in the running for reelection as alderman for ward three, but I am stronger than ever for the street railway purchase and I'm making votes for it every day," Ald. Rawlson said.

"No property owner in this city who keeps in touch with the immense amounts of money that are being invested in palatial buildings here can consistently hold to the opinion that Toronto is not becoming greater and greater. That men from this city and from other cities in the world are spending millions in building up Toronto is so evident there is nothing but foolishness in the contention of anyone who holds that Toronto is not growing and will not grow as rapidly as ever."

#### ORR BROS. LEAGUE.

Orr Bros.	178	149	184	501
Leonard	109	161	161	431
Loew	109	161	161	431
Hawkes	180	180	178	538
Ferguson	159	179	184	522
Totals	767	789	901	2457

#### WANDERERS MOTORCYCLE CLUB

The Wanderers Motorcycle Club will hold a special meeting at their club rooms tonight at 8 o'clock. All members are requested to attend, as business of very important nature will be settled.

#### SCOTTISH CUP DRAW

GLASGOW, Dec. 16.—(C.A.P.)—The draw for the Scottish Cup series is announced as follows:  
Round—St. Mirren v. Caledonian.  
Round—Queen's Park v. Arthurlie.  
Round—Queen's Park v. Arthurlie.  
Round—Queen's Park v. Arthurlie.

#### ON THE ATHENAEUM ALLEYS.

In the B League City Hall took three games from the Riverside tonight, to win three games from the Union Club, Register, Martin being high man with 506. In the C League, on Monday, the 14th, the odd game from E. B. Shuttleworth. E. Hurd high man with 495.

#### WINTER CLOTHING.

Notwithstanding the remarkably mild season, it is as certain as anything can be credited quite as much as the historic Christmas. Indeed, the comparison is misleading, since the Christmas turkey provides only a temporary satisfaction, while the real superior winter clothing has in itself the assurance of several seasons.

Many say that this abnormally mild season is a boon to those who are ill-fitted to meet winter hardships. This is true enough, provided these hard-to-mouth citizens are using the wear their interludes to the best advantage. For them the well-known firm of Hickey & Pascoe, 97 Yonge street, is catering by its offer of top-notch overcoats at phenomenally low prices. The winter clothing season provides the opportunity to get in on the ground floor of winter offerings, and they are wise who turn to Hickey & Pascoe before the season.

#### CENTRAL LEAGUE

In the Central League last night at the Brunswick Bowling Club, the Suffragettes, who finished third from the bottom in the last series, won the initial game in the Matthews, Limited, one second game by nine pins, which proves the handicapping in league work is the proper thing.

Mathews, Limited	147	162	171	480
Parley	147	162	171	480
Billing (54)	168	120	172	460
Byron (51)	120	150	158	428
Cowling (62)	109	129	129	367
Armstrong (48)	122	122	151	435
Handicap	131	131	171	433
Totals	799	750	740	2289

#### CHRISTMAS DAY SOCCER.

ST. CATHARINES, Dec. 16.—A soccer football game on Christmas Day is arranged between the Lincoln County Club and the Colonists of Niagara Falls, N.Y. Only a drastic change in the weather conditions will prevent the match from being held.

### RAJAH GIVES SITE.

Rev. A. E. Armstrong of the Presbyterian Foreign Mission Committee has received word from Indore, Central India, that the maharajah has donated a valuable site to the Canadian missionaries there for the erection of the theological seminary to be built by Canadian Presbyterians.

### WANT A FORD AUTO?

Among the firms that provide the head coverings which usage and custom require to be worn by the masculine section of the human race, that of L. J. Applegath & Son is conspicuous in Toronto. Of late it has been running a highly interesting competition, open to every one of the public.

Until Monday, Jan. 5, the windows at the corner of Yonge and Queen streets are locked for the purpose of an actual count of the hats and caps displayed. The coupons are free and the running a highly interesting competition, open to every one of the public.

From other cities in the world are spending millions in building up Toronto is so evident there is nothing but foolishness in the contention of anyone who holds that Toronto is not growing and will not grow as rapidly as ever."

### GRADES TOO HEAVY.

The bridges on Dundas street are to be reconstructed next year at a cost of \$142,000. The grades are too heavy, commissioner Harris will include this work in his estimates for 1914.

### News from all parts of Ontario is given on The World's provincial news page every morning.

The World specializes on local news.

### NO REDUCTION IN PRICES NEVER

## Loosened Treads But Not in Quality Rim-Cut

Because of advantageous buying, enlarged manufacturing facilities, and a tremendous increase in the demand for Dunlop Traction Tread Tires, we have adjusted our Consumers' Auto Tire Price List.

Size	Old List	New List	Saving per Set of 4
30x3 1/2	\$33.25	\$27.75	\$22.00
34x4	\$53.50	\$42.75	\$43.00
36x4 1/2	\$71.00	\$61.25	\$39.00
37x5	\$92.00	\$72.50	\$78.00

The drop in prices also covers "plain tires." This general price adjustment means that users of Dunlop Traction Treads have a cost per mile saving over other tire users of about 20 per cent.

If you forever want to be free of chains and skidding, loosened treads, rim-cutting, you will not for long put off purchasing "The most Envid Tire in All America."

### NO CHAINS NO SKIDDING

### Baptist Basketball Three Teams Are Tied

Team	Won	Lost	For	Agst
Jarvis	2	0	95	54
Dovercourt A	2	0	85	49
Beverley	0	0	62	34
Indian Road	0	0	62	34
Dovercourt B	0	0	55	18
Beverley	0	0	55	18
College	0	0	48	118
Dovercourt A	0	0	33	33
Dovercourt B	0	0	27	27

quarter was shown. The A boys expected an easy victory, but were fooled completely. For the B team Red Mackie and Smith were simply great. These two are very clever for young players, and next year will be stars. The team: Beverley—Lee, Kelly, Marshall, Treddler, Wright, Newell.  
Indian Road—Watson, McCutcheon, Lee, Gray, Kennedy.  
Dovercourt A—Hamm, Bolton, Parkes, McMurray, Crofoot.  
Dovercourt B—G. Weale, V. Mackie, A. Smith, E. Weale, R. Mackie, E. Lyne, E. Smith.  
DUFFERIN DRIVING CLUB.  
Harness horsemen are reminded that entries for the Dufferin Driving Club's ice races close with the secretary, W. A. McCullough, 990 West Queen street, on Saturday, Dec. 20.  
BASKETBALL AT CENTRAL.  
Two very exciting games were played in the Central Y. Basketball League last night. Hanson and Harpley played off the tie game in Section A, Hanson winning by three baskets. Score, 16-10.  
In the second game, Jennett won from Howard. Score, 7-5. Jennett and Smith play on Friday night for first place in Section B.

which will keep fresh the good wishes and good cheer of the season long after the time itself has passed, thereby increasing the pleasure of giving a hundred-fold. It solves the question of what to give, expeditiously, satisfactorily, and generously. There's Half-and-Half and Porter, too.

Phone the nearest dealer and he will carry out your wishes.

### HARWICH FARMER LOSES ARM IN CORN SHREDDER

(Special to The Toronto World). CHATHAM, Dec. 15.—John F. Jordan, son of Richard Jordan, of Raleigh Township, had his arm so badly mangled in a corn shredder that it had to be amputated. Mr. Jordan was running a shredder on his own farm in Harwich when the accident happened. He was brought to this city after the accident, and today he is

making favorable progress. Robert Stewart, who was tried in the county court on a charge of biting the ear off his cousin, Hugh Stewart, was today sentenced to five months in the county jail. Both of the parties concerned come from Orford Township, and the case attracted a great deal of attention.

### BANQUETED BY THE DAUGHTERS.

BROCKVILLE, Dec. 16.—(Special.)—The retiring mayor and members of

the town council had the unique honor of being banqueted by the Daughters of the Empire in recognition of their services to the municipality for the past year. Mayor J. A. MacKenzie and his colleagues were presented by the regent of the chapter with an address, to which felicitous replies were made.

Many advanced steps in civic improvement have been achieved during the year, including the permanent paving of a leading thoroughfare and establishment of a "great white way" on King street.

### SIR WILFRID URGED STUDENTS

(Continued From Page 1.)

Hindmarsh felicitously introduced the guest of the evening.

Advocate of Democracy. "It has been my privilege in the course of a long public career to be the guest of many public bodies," began Sir Wilfrid, "but it is a matter of peculiar interest to me to address a student body. You, young friends, are at the dawn of life, and your enthusiasm is founded in sincerity. Thus a long career I have endeavored to do my duty to the best of my ability."

Referring humorously to the remarks of former speakers, he noticed the objects of the society which was honoring him. Literature and science were the objects, and in his opinion the most worthy. The advance of democracy in the past implied a wonderful future.

To a literary or scientific society democracy was a vital force. In the words of Lincoln, it meant a government by and for the people. He had held in his mind the whole population of the state, high or low, rich or poor. But this was not the idea of the Greek community. There it meant simply an elective community, and not all people.

He paused to describe the Greek kingdom, where aristocracy and democracy were clearly defined. There existed a constant struggle between arrogant patricians and ambitious plebeians. From the chaos after the fall of the Roman Empire came feudalism, a potent factor in world history. Then, in the eighteenth century, democracy had reappeared. Today no two men would look in the same way upon the French revolution and its mighty democratic tendencies. It meant that out of the storm the toilers did not reap. The aristocrats had always reaped. Now the people had demanded their own, and the ardent French spirit had rushed to the last resort. In one night classes and privileges were abolished, and a near approach to absolute democracy was attained. For the last fifty years had been an alternative between democracy and aristocracy. Today democracy had triumphed, but it had much to learn of toleration from the English nation.

To the American republic was due the credit of being the first nation to emerge an absolutely democratic country, but even so it carried with it the stigma of other faults. African slavery was one of these, although Christianity had condemned it.

Strong Men Ashamed. When shortly after the declaration of independence appeared the strong men were ashamed of their aims, but were forced to establishe it at once. They avoided the term, but they maintained the system. They had hoped for its gradual death and had characterized it as "immigration and importation." When the trade had become profitable it required desperate measures to destroy it, but it stood to the eternal glory of republic that they had had the courage to grapple it.

England provided a contrast. Slavery was wiped out by the people, but by legislation. Altho a feudalistic country democracy had triumphed. Today England was a crown prince and a prince to give that example to the world.

"Let me say with all the sincerity of one who pretends to be an out and out democrat that the empire and the world owes a great deal to the British aristocracy," he declared.

Magna Charta was owe to the lords and barons of the day. They wrung it from King John.

So it was with many of the victories of liberty. The aristocracy had always opposed the king to fight for the people. "Happy England, I would say today if the aristocracy recognized the new power had arisen in the land. The England of the future may be said to be not the picture of the past, but the past is not as much glory there will be far more comfort for the toiling masses."

Reason to be Proud. Englishmen have good reason to be proud; their history warrants it, and the 19th century supports it.

Sir Wilfrid described the mastery checking of Napoleon by the island empire. Daniel Webster had summed it up as the supreme power of the empire. But the condition of the artisan had been very wretched. Millions of men had suffered with starvation. Bread riots had been common, but some had lived in splendid luxury.

Democracy, however, was not perfect; it was subject to all the faults of humanity which had been the bane of civilization.

Better Day Dawning. The recent legislation in England had brightened many hearts and homes. A better day was dawning there. But here in Canada we had not the same problems. Intemperance here had not the heart rending character of that in Britain. There were, however, greedy men who would feed upon the public. Corporations had a bad name in Canada. The worst of all appellations was "corporation lawyer."

Corporations after all were mere yoke conglomerations of capital. Each one used by legal permission, and if bad themselves would not be allowed to exist. The danger started where extortionate profits and exorbitant dues began. When the trade was restricted, commodities cornered and two prices authorized, the danger crept in. Further, labor provided a problem. The phase of today was a struggle for a voice in the things produced. Up to sixty years ago labor was under the thumb of capital, but since that time advance had been rapid.

Strikes An Evil. "I think strikes are an evil, for injury comes to the participants, but the fault does not rest with labor. It follows the greed of the employer that at no declared. "We may hope that at no date arbitration may be taken as the solution of all these problems."

Another democratic triumph was that of speculative science, the evolution had come to include the broadest subjects in

# Brockville Arrested on Forgery Charge

## FIFTY MILLIONS IN REALTY DEAL

Duke of Bedford's Property in Heart of London Changed Hands.

## AREA NINETEEN ACRES

Purchaser is Harry Mallaby-Decey, Unionist Member of Parliament.

LONDON, Dec. 16.—(Can. Press.)—One of the biggest private real estate deals on record was completed today in the purchase of the Duke of Bedford's block of freehold property in the centre of London, for something like \$50,000,000, by Harry Mallaby-Decey, a Unionist member of the house of commons.

The exact figures were withheld by the agents, but experts, basing their calculations on the cost of acquiring the property for the Aldwych and Kingsway improvement, which amounted to \$22,200,000, estimate the sum which changed hands today at \$50,000,000.

The estate covers 19 acres, and roughly speaking, stretches east and west from Kingsway to St. Martin's lane, near Trafalgar square, and north and south, from Longacre to the Strand. It includes the Royal Opera, the Drury Lane, the Aldwych, the Strand, the Lyceum theatres, several hotels, Covent Garden Market, Bow street police court, the National Sporting Club, and a number of great printing establishments.

Held for Centuries. The ground has been in possession of the Bedford family since 1540, when it was granted to them by King Henry VIII. at the time of the dissolution of the Roman Catholic religious communities and the confiscation of their property.

The income from the estate in recent years is known to have been greater than that of some of the principalities of Europe. Covent Garden Market alone brought the duke \$35,000 a year.

The purchase makes the previous deals of Mr. Mallaby-Decey pale into insignificance, although in July, when he acquired the St. George's Hospital site opposite Hyde Park, for \$2,350,000, he caused a sensation, and he had previously bought a Piccadilly hotel for \$2,500,000.

## CITY SHOULD NOT PAY FOR WOODBINE POLICE

O. J. C. Should Bear the Cost, Says McCarthy—Exhibition Park, Too.

At a meeting in the Lyric Theatre last night, Controller McCarthy declared that there was considerable money wasted in civic administration. He pointed out, as an example the 50 police sent to the Woodbine races twice yearly, to maintain order. The city was bearing the expense of this without receiving any benefit.

Some things applied to the Canadian National Exhibition. The Exhibition directors should police the grounds. With \$120,000 being given by the city and the city receiving but \$30,000 from the Exhibition, the management should be looked into, said the controller.

## BEACH SUNDAY SCHOOL ANNIVERSARY CONCERT

National and Flag Drills Pleas Big Audience at Annual Event.

The first anniversary and concert of the Beach Sunday School held last evening. The church was packed to the doors. The annual report showed the Sunday school to be in a good financial standing and to have a membership of 408.

Among the feature numbers on the program were a play, "The Boy and the Girl," by a number of girls dressed as angels, and a play, "The Boy and the Girl," by a number of girls dressed as angels, and a play, "The Boy and the Girl," by a number of girls dressed as angels.

## LEATHER PLANT BURNED LOSS QUARTER MILLION

WOBURN, Mass., Dec. 16.—(Can. Press.)—The plant of the E. Cottle Leather Company was destroyed by fire tonight at a loss of \$250,000. Fifty operatives will be idle during the Christmas season as a result of the fire.

The blaze started from some unknown cause in the building and spread rapidly to the four smaller structures. Sparks were carried thru the leather district, but the firemen, with help from Winchester, confined the damage to the Cottle property.

## DRIVER WAS INJURED WHEN THROWN OFF SEAT

Harry Horne Hurt Internally When His Wagon Was Struck by Car.

While driving a heavily loaded wagon across the intersection at the corner of Dundas and Gladstone avenues yesterday afternoon, Harry Horne, 137 Cooper street, was thrown from the seat when his wagon was run into from the rear by a motor car.

# Stratford New Railway Station Opened

## GETS CHEQUE CASHED THAT HAD BEEN FORGED

Traveler Who Claims to Be Employed by Toronto Firm, Held in Brockville.

(Special to The Toronto World) BROCKVILLE, Dec. 16.—Representing himself to be Charles E. Lambert, traveler for the United Empire Weatherproof Clothing Company of Montreal, Earl Suddaby was arrested here today after obtaining \$45 on a cheque from the Northern Crown Bank. The cheque had the endorsement of a local firm of fufriers, which investigation by the police proved to be a forgery.

## MAKES NO APPEAL ON RACIAL ISSUE

Louis M. Singer Asks Election on the Strength of His Capabilities.

Charging that some of the Toronto aldermen gave less than ten per cent of their attention to municipal affairs, Louis M. Singer, barrister, aldermanic candidate in Ward Four, declared himself at a largely-attended meeting in the Lyric Theatre last night as a man who was willing to devote his whole time to the affairs of the city.

He wished to correct any impression that might exist that he was a candidate to represent the Jews, and asked the audience, which was largely composed of Jewish electors, not to vote for him on any such grounds.

In past years rival candidates had tried to emphasize the fact that a Jewish candidate was running solely in the interests of the Jews, and tried to arouse race feeling among the electors. He believed, however, that the Gentiles of Toronto would look on the question as fairly as electors elsewhere, and that members of the cabinet were Jews—Postmaster-General Samuel, Lord Chief-Justice Sir Rufus Isaacs, and Attorney-General John Simon.

## INDUSTRIAL PALACE STRONGLY FAVORED

Earl Grey's Imperial Plan Lauded by Winnipeg's Industrial Commissioner.

LONDON, Wednesday, Dec. 17.—(C. A. P.)—Earl Grey's scheme of establishing an imperial industrial palace in this city found great support in Chas. Boland, commissioner of Winnipeg's industrial bureau, who lectured before the Royal Canadian Institute yesterday on "Industry in Canada."

Mr. Boland wanted particularly to emphasize the fact that an important part of the good citizenship campaign in Canada was the development of a spirit of patriotism among home industries. If not made in Canada, they wanted British goods.

They had found that an instrument of progress, the permanent exhibition of manufactured and natural resources of the Canadian west in Winnipeg had been a great success, and if this permanent exhibition had proved successful in a small way, why not a great empire palace and academy of industry in London, the world's capital city, as proposed by Lord Grey?

Mr. Boland stated he had great hopes of getting a party of at least 50 of the most distinguished men in Great Britain to visit Canada in August next year, and that a party of Canadians would come to England in April.

## WILD HORSES ARE ALBERTA'S TROUBLE

Dominion Government Urged to Put Stop to Their Depredations.

The minister of agriculture for the Province of Alberta has urged upon the Dominion Government the necessity of some operation being taken to put a stop to the depredations of wild horses in the Peace river country in western Alberta and eastern British Columbia, which has been one of the principal pioneering sections of that part of Canada during the past few years.

He states that wild horses have made raids upon the ranches of new settlers, killing many of the domestic horses and leading away a number of the well-bred domestic mares, which have been imported at a considerable cost and which are one of the principal assets of the new settler.

According to Ottawa statistics, these horses are supposed to be descendants of horses abandoned during the gold rush to the Yukon Territory in 1897-98.

From the Bow river westward these animals have raided the ranches of the settlers as far west as Kamloops, and the contractors on the Grand Trunk Pacific Railway have as well suffered losses of imported animals used on the construction work of the road.

## STRATFORD OPENS NEW G. T. R. DEPOT

County Debentures Sold at Slightly Less Than Par—Big Cheque Issued.

(Special to The Toronto World) STRATFORD, Dec. 16.—The new G.T.R. station was formally declared open today when the official car with a large party of dignitaries of that town arrived here. The officials were entertained at luncheon by the city council.

Stratford during the past year has accomplished the greatest amount of local, general and special improvements in its history. The whole amounting to \$1,038,454, a big advance in comparison with the \$81,571.92 of 1911, the next largest amount during the past few years.

County Treasurer Hamilton has issued a cheque for \$120,000 to pay a debt of the county incurred forty years ago to bonus the Stratford and Port Huron and Stratford and Lake Huron railways. To meet this debt new debentures to the amount of \$51,000 were placed upon the market and sold at 95 per cent, a very good price for installment debentures.

The present debenture debt of the county is \$40,833.75. The public school board has asked the city council to grant \$14,000 for the enlarging of the Shakespeare and Hamlet school grounds and for the extension of the present Avon school grounds or the purchase of a new site in Avon ward.

## TO RECOVER MONEYS PAID FOR DEBENTURES

Elmira Residents Seek to Recoup Their Losses—Echo of National Agency Smash.

(Special to The Toronto World) BERLIN, Ont., Dec. 16.—A case of interest to almost the entire town of Elmira was heard this afternoon by Mr. Justice Kelly in the high court. The action is an echo of the National Agency Company, Toronto, insolvent, and the defunct Union Life Assurance Company.

Many Elmira residents interested heavily in debentures of the National Agency Company, bearing interest at six per cent, and now seek to recover their losses from John W. Ford of Elmira, the agent thru whom the debentures were purchased last year. Henry T. Stroh seeks to recover \$2,500 and William Munch \$1,000.

The plaintiffs allege fraud and misrepresentation at the time of the purchase of the debentures, allegations that were denied by the defendant.

## CHRISTMAS JEWELRY FOR THE FAIR SEX

Our is naturally a favorite store with the ladies, not merely because of the things better, and the new ones we have, there are a number of other reasons.

Each season brings new reasons, doing the things better, and the new ones we have, there are a number of other reasons. It's a difficult matter to tell you all the good points about this vast stock of ours. Each Department has become a business in itself.

In many lines we carry a very much more superior variety and selection of "rarer values" than any other in Toronto. The most distinguished men in Great Britain to visit Canada in August next year, and that a party of Canadians would come to England in April.

## WILD HORSES ARE ALBERTA'S TROUBLE

Dominion Government Urged to Put Stop to Their Depredations.

The minister of agriculture for the Province of Alberta has urged upon the Dominion Government the necessity of some operation being taken to put a stop to the depredations of wild horses in the Peace river country in western Alberta and eastern British Columbia, which has been one of the principal pioneering sections of that part of Canada during the past few years.

He states that wild horses have made raids upon the ranches of new settlers, killing many of the domestic horses and leading away a number of the well-bred domestic mares, which have been imported at a considerable cost and which are one of the principal assets of the new settler.

According to Ottawa statistics, these horses are supposed to be descendants of horses abandoned during the gold rush to the Yukon Territory in 1897-98.

From the Bow river westward these animals have raided the ranches of the settlers as far west as Kamloops, and the contractors on the Grand Trunk Pacific Railway have as well suffered losses of imported animals used on the construction work of the road.

## G. T. R. HOLDS UP NEW WATERWORKS

Won't Allow Sarnia to Cross Its Tracks Without First Filing Plans.

(Special to The Toronto World) SARNIA, Dec. 16.—The steamer Colonial arrived here today in tow of the tug Fisher. The boat was not disabled, but owing to the great power of the tug she was tied ahead of a full cargo of flax from the wrecked steamer Nichols, which will be unloaded at the Grand Trunk elevator in Port Huron.

Work on the new waterworks main from here to Point Edward was stopped today on orders from the Grand Trunk Railway, which forbids the town to cross its tracks without supplying the railway with plans. The company asked the town to supply these several weeks ago, but they were not forthcoming. The action of the company may delay the new waterworks project several weeks.

Two young men were arrested here this morning for stealing clothes from a boarding house, where they stopped overnight. After securing the clothing they departed for Port Huron, where they were later landed by the American police and handed over to the American immigration officers, who deported them to Canada.

## NOT GUILTY

Lee Den, accused of the theft of \$20 from Ing Loi during the progress of a fan-tan game at the Oriental Club Oct. 25, was found not guilty by Judge Denton's court yesterday afternoon. Judge Denton said that the witnesses in the case had undoubtedly false evidence.

## HARBOR COMMISSIONER SAYS PURCHASE OF STREET RAILWAY IS THE ONE ADEQUATE SOLUTION

Harbor Board Plan Would Prove Enormously Costly Without Healing the Transportation Evil—Francis S. Spence Shows How Groundless Are the Fears of the "Prophets of Pessimism."

Francis S. Spence dissected the Harbor Commission's plan for a street railway and tube on Terany street at the luncheon of the Municipal Association yesterday, and discarded it as a pipe dream. He showed that even should the population of the city remain at a standstill, in the event of purchase of the present route, after deducting operating expenses at 64 per cent, instead of 56 per cent, would pay all interest charges and leave a balance of \$29,933 for sinking fund and extensions.

There were present at the guest breakfast the chairman, President Macdonald, Mayor Hodson, Sir John Willison, W. K. McNaught, M.L.A., W. F. Maclean, M.P., Col. Brock, Archdeacon, Father, and others. The proposal to purchase the Toronto Street Railway, said Mr. Spence, reminded him of the old lady who said it was a very serious thing to be married, but it was far more serious not to be.

In considering purchase as against not purchasing, the question how it would affect the city as a financial corporation had been given most attention, which could not be excluded from consideration.

Humanity, Too. The first of these was the demand to be made on the taxpayer. Then the result finally to those who use the cars. Next, the health, comfort and convenience of the public; the growth and development of the city; the health, the question of better housing. If they did not buy, but went on as they were, which was not very agreeable, they would have 17 1/2 miles of civic lines running at a loss of more than \$100,000 a year in interest and operating expenses. This did not add to the sinking fund. The system would likely be extended to 100 miles by 1921, and no change would likely be made in fares.

The loss on the system till 1921 would amount to \$3,381,806. This was a loss on current operations and could not be met by depreciation or otherwise than out of current revenue. It might be met and paid, and would have to go on the tax rate. It would constitute what he might call a long-term liability. Part of it existed and the rest was certain. If things remained as they were it would have to be placed on the taxpayer.

Mr. Lyon's plan of a five-cent fare left a little more in the pockets of the street car passengers, but the plan of a five-cent fare would have to be faced, and that must come out of the taxpayers.

There were two objections to the harbor commission's plan, that it did not meet the necessities of the case, and that it was hastily prepared. For a long time the harbor commission had in mind the idea of an electric railway.

On Oct. 14 last, the secretary and engineer were instructed to prepare plans to report to the board. Mr. Home Smith being associated with the two officials. On Nov. 26 the report was presented and laid before the mayor on the same day. There had been a meeting of the commission on the previous Thursday and three of the members had no idea it was coming along. He himself left the city that evening, but he believed if he had been in the city he would have known about it.

## GAS QUESTION IS BECOMING ACUTE

Brantford Company Officials Haled to Court by an Angry Municipality.

(Special to The Toronto World) BRANTFORD, Dec. 16.—It will be a matter of only three or four days before the Brantford Gas Company is brought to court. The public should have a little patience. We are securing data that will give the city the whip hand over the company in regard to the present gaseous situation. It is impossible at present to make a further announcement. This statement was made by Acting Mayor Spence at noon today. The civic authorities have something up their sleeve in the gas question, and that something is likely to fall in a day or so. It will probably mean a special meeting of the city council.

Further trial of sulphuretted gas and further nuisance have caused the municipal authorities to hale the officials of the Brantford Gas Company to court on a charge of a breach of the Public Health Act. This decision was arrived at after a conference between Acting Mayor Spence and the board of health authorities. The action against the gas company was felt to be the only recourse the city had in order to secure an abatement of the nuisance.

## CHARGED WITH THEFT

Charged with the theft of a number of copper bottoms of neighbors' boilers, Allan, aged 16, of 409 Woodville avenue, was arrested last evening by Acting Detective Holmes Allan and another lad, it is alleged, sold the old copper at the Queen street second-hand store.

## WOMAN'S AUXILIARY

The Woman's Auxiliary of the boys' division of the Central Y.M.C.A. will hold their December meeting today at 3 p.m. in the new Central Y.M.C.A. building, College street.

## COMMISSION TO PROBE TOBACCO MONEY SCANDAL

Searching Records to Trace Registered Letters Received by Guards.

(Special to The Toronto World) KINGSTON, Dec. 16.—All possible means are being put forth by the prison reform commission to ascertain if there is any truth in the evidence given by convicts that guards shared money sent to convicts which was used for the purchase of tobacco. The records of registered letters are now being looked up to see what letters were received by guards. The commission will meet tomorrow when the evidence of inspectors Stewart and Hughes, Deputy Warden O'Leary and Dr. Daniel Phelan will be taken.

Kingston's fire loss for the year amounted to \$47,792.95. Five of these fires occurred when the department was short-handed. Chief Armstrong has asked for more men.

## HOUSE OF INDUSTRY

Families numbering 507 received relief from the House of Industry during the month of November according to the monthly report of the board, read at the monthly meeting yesterday. Rev. Dr. Gilray occupying the chair, of these, 191 were new families; 111 tons of coal, 390 loaves of bread, 211 1-2 pounds of groceries and 1245 pints of milk were distributed.

## HYDRO-ELECTRIC SUCCESS IN GALT

Urgent Need Felt for Action in Regard to the Local Gas Situation.

(Special to The Toronto World) GALT, Dec. 16.—The annual report of the hydro-electric department shows the system to have been a decided success in Galt. The number of consumers has more than doubled in the past year, and the power load has grown from 750 h.p. to 1106 h.p., with two reductions in the rate, so that consumers now obtain their power at \$21.50 per h.p.

The necessity for some action in regard to the gas situation was recognized by the council last night, and the franchise held by the gas company will be investigated, with a view to ascertaining if the company can be compelled to deliver illuminating gas. The gas at present being supplied from the Tilbury wells contains a heavy percentage of sulphuretted hydrogen, a powerful poison, and a Dominion law prohibits its sale as an illuminating gas. The result of the council's action is awaited with interest by consumers.

# The Scourge of Canada Whole Families Being Wiped Out

Two Little Victims in One Big Family Are These Worth Saving?

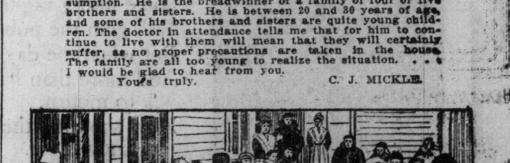

Here are two poor little mites at present in one of our Sanatoria. Five of this family were at one time or other under our care—father, mother, these two children, and a baby who died.

The father and children are still in residence; the mother, being able to work, left some time ago. 400 sick ones now being cared for in Hospitals for Consumptives at Muskoka and Weston.

## THE BREAD-WINNER STRICKEN

Read this appeal from C. J. Mickler, barrister, Chesley, Ont. Dear Sir—A young man by the name of Sullivan, about 25 years of age, and a quarter mile from this town, is in the last stage of consumption. He is the breadwinner of a family of four or five brothers and sisters. He is between 20 and 30 years of age, and some of his brothers and sisters are quite young children. The doctor in attendance tells me that for him to continue to live with them will mean that they will certainly suffer, as no proper precautions are taken in the house. The family are all too young to realize the situation. I would be glad to hear from you. Yours truly, C. J. MICKLER.

## TAKING THE CURE IN MUSKOKA

Summer has its charms, but the records of Sanatoria treatment show that the cold bracing winter weather of Muskoka goes a long way in giving new life to the tubercular patient.

Contributions to the Muskoka Free Hospital for Consumptives will be gratefully acknowledged in The Daily Star. Address W. J. Gage, Chairman of Executive Committee, 84 Spadina Ave., or R. Dunbar, Secretary-Treasurer, 347 King Street West, Toronto.

## To help the Muskoka Free Hospital for Consumptives to continue its life-saving work, I gladly enclose the sum of \$

**OFFICIAL REPORT**  
**LOWERED WHEAT**

Estimate of Winter Crop Sur-  
 passed Expectations—Corn  
 Scored Advance.

CHICAGO, Dec. 16.—Surprise over  
 the government's enlarged estimate of  
 the winter crop had a depressing ef-  
 fect today on the price of wheat. The  
 market, altho firm at the close, was  
 1-8c to 3-8c under last night. Corn  
 finished 3-8c to 3-4c net higher, and  
 oats with a gain of 3-8c to 5-8c. The  
 outcome in provisions was unchanged  
 to 5c lower.

Despite active buying for a group  
 of strong common wheat, wheat  
 suffered a material setback as soon as  
 trading began. Gradually, however,  
 prices hardened, a leading expert say-  
 ing the government had overestimated  
 the yield at least 30,000,000 bushels. The  
 bears were further checked by state-  
 ments that eastern wheat stocks are  
 six million bushels less than the total  
 a year ago.

Overgrowth in fall-sown fields south-  
 west tended to make speculators cau-  
 tious regarding chances of a sudden  
 freeze. Some attention was also given  
 to cable assertions that the prospec-  
 tive Argentine surplus had shrunk to  
 74,000,000 bushels.

Export Corn Scarce.  
 Corn traders more than recovered  
 from bearish sentiment, which at first  
 threatened to rule the pit. The idea  
 gained ground that a billion bushel  
 reduction in the supply of feeding  
 grain, compared with 12 months back,  
 indicated a coming scarcity, despite  
 heavy receipts at present.

Barley—For malting, 56c to 57c (47-lb.  
 test); for feed, 43c to 46c, outside, nomi-  
 nal.

Midwest—Manitoba bar, \$21 to \$22, in  
 bags, track; Toronto, shorts, \$22 to \$23;  
 Ontario bar, \$21, in bags; shorts, \$23;  
 middings, \$25.

Ontario flour—Winter wheat flour, 90  
 per cent, patents, new, \$3.60 to \$3.70,  
 bulk, seaboard.

**ST. LAWRENCE MARKET.**  
 Receipts of farm produce were 700  
 bushels of grain, 33 loads of hay and 4  
 loads of straw.

Wheat—One hundred bushels sold at  
 \$2.92 to \$2.94.  
 Barley—Three hundred bushels sold at  
 \$6 to \$6.40.

Hay—Thirty-two loads sold at \$15 to  
 \$18 per ton.  
 Straw—Two loads of loose sold at \$17  
 per ton, and two loads of bundled at \$17  
 per ton.

**CATTLE TRADE**  
**WAS STRONG**

All Classes of Live 'Stock  
 Were Very Firm  
 on Tuesday.

Receipts of live stock at the Union  
 Stock Yards yesterday were 71 cars, 1022  
 cattle, 1146 hogs, 296 sheep and 922  
 calves.

The general quality of the cattle was  
 not as good as that of Monday, ut  
 prices in all classes were very firm all  
 around. Choice feeders also were in de-  
 mand, some having sold as high as \$7.25  
 per cwt. Sheep, lambs and calves, as  
 well as hogs, were all in strong demand  
 at prices given below.

**Butcher's Cows.**  
 Good to choice steers and heifers, \$3  
 to \$3.85; medium, \$7 to \$7.75; common,  
 \$6 to \$6.75; good to choice cows, \$6 to  
 \$7.15; medium cows, \$5.25 to \$5; can-  
 ners, \$3.50 to \$4.25; good to choice bulls,  
 \$6 to \$7; medium bulls, \$5.25 to \$6; com-  
 mon bulls, \$4.50 to \$5.

**Stockers and Feeders.**  
 Choice steers, \$7 to \$7.50; good, \$6.50  
 to \$6.75; common, \$5.50 to \$5.75; rough  
 common steers, \$4.75 to \$5.25.

**Milkers and Springers.**  
 A fair supply of milkers and springers  
 sold at prices ranging from \$55 to \$95,  
 the bulk selling at about \$70 each.

**Veal Calves.**  
 There were few calves that could be  
 classed as good, let alone choice. Prices  
 were as strong as ever, ranging from  
 \$5.50 to \$6.50 per cwt.

**Sheep and Lambs.**  
 Prices for sheep and lambs were firm.  
 Ewes sold at \$5.00 to \$6.25; culs and  
 rams, \$3.50 to \$4.50; lambs, \$5.50 to \$8.90.

**Hog Market.**  
 The hog market was slightly firmer.  
 Selects, fed and watered, sold at \$3.75  
 to \$4.

**Representative Sales.**  
 McDonald and Halligan sold at the  
 Union Stock Yards Monday 26 cars of  
 live stock as follows:

Butcher's cows—1, 1460 lbs., at \$7.40;  
 1, 1220 lbs., at \$6.75; 1, 1200 lbs., at \$6.75;

 2, 970 lbs., at \$5.25; 1, 1120 lbs., at \$6.25;  
 1, 1180 lbs., at \$5.25; 1, 1100 lbs., at \$5.25;  
 1, 1130 lbs., at \$5.50; 1, 1250 lbs., at \$7.25;  
 1, 1080 lbs., at \$5.50; 1, 1070 lbs., at \$5.50;  
 1, 1300 lbs., at \$5.50; 2, 95 lbs., at \$5.50;  
 1, 1185 lbs., at \$5.50; 4, 1202 lbs., at \$5.50;  
 2, 1110 lbs., at \$5.50; 1, 1070 lbs., at \$5.50;  
 1, 1270 lbs., at \$7.25; 2, 1130 lbs., at \$6.25.**

**FRANCE OPPOSED**  
**TO NAVAL HOLIDAY**

Such is Belief in Berlin—Ru-  
 mored Churchill Visit Re-  
 vived Topic.

**FRONTIER PRESSURE**  
 Germany Could Embarrass  
 Neighbor by Augmenting  
 Its Military Forces.

BERLIN, Dec. 16.—(Can. Press.)—  
 Considerable discussion was aroused  
 in Germany today by the report, since  
 denied, that Winston Churchill, first  
 lord of the British admiralty, was  
 about to visit Berlin. Official quar-  
 ters declared that they had no infor-  
 mation as to the object of Mr.  
 Churchill's visit, if it was to take  
 place, but assumed that it would be  
 merely a sightseeing trip of the same  
 kind as that of Viscount Haldane in  
 1912.

The German newspapers took it for  
 granted that Mr. Churchill was com-  
 ing to France and Germany to discuss  
 the question of a "naval holiday" and  
 informed that he would be faced with  
 equally great difficulties in Paris as  
 in Berlin, since, they pointed out, a  
 reduction of Germany's naval expendi-  
 tures would permit her to increase her  
 pressure on France's land frontier.

Those papers which may be  
 considered as scarcely sympathizing  
 with the advocates of a big navy, The  
 Lokal Anzeiger and The Kreuz Zei-  
 tung, questioned the plan and also  
 Mr. Churchill's good faith, while The  
 Tagblatt, altho favoring a reduction  
 of armaments, doubted whether Mr.  
 Churchill would meet with success.

Mr. Churchill's good faith, while The  
 Tagblatt, altho favoring a reduction  
 of armaments, doubted whether Mr.  
 Churchill would meet with success.

**ST. CATHARINES APPEALS**  
**AGAINST DAMAGE VERDICT**  
 Ontario Board of Health Orders  
 City Council to Install Filtra-  
 tion Plant.

(Special to The Toronto World.)  
 ST. CATHARINES, Dec. 16.—The  
 city council will carry to the divisional  
 court at Toronto an appeal against the  
 decision of County Judge Carman  
 awarding to Mrs. A. B. Waste  
 damages for injuries sustained in fail-  
 ing on account of a depression, which  
 it was declared in evidence was not  
 greater than one and one-half inches.

A filtration plant for the St. Cathar-  
 ines waterworks system has been or-  
 dered by the Ontario Board of Health.  
 The city council will immediately con-  
 sider the emergency.

**ADmits PART IN**  
**DYNAMITE PLOT**

Davis, Ironworker, Confesses  
 He Caused a Number of  
 Explosions.

INDIANAPOLIS, Dec. 16.—(Can-  
 Press.)—George E. Davis, an iron-  
 worker arrested in New York a few  
 months ago, today pleaded guilty to  
 a charge of having tried to transport  
 explosives illegally when arraigned in  
 the federal court here today. Harry  
 J. Jones, secretary-treasurer of the  
 Association of Structural Steel and  
 Ironworkers, implicated by Davis,  
 pleaded not guilty, but his attorney  
 asked permission to withdraw the  
 plea if occasion arose later.

The indictments against Davis and  
 Jones resulted from a confession made  
 by Davis at the time of his arrest.  
 Davis told federal officers that he had  
 caused a large number of explosions  
 in structures in the east being erected  
 by non-union workmen. The charges  
 are similar to those on which 33 union  
 men were convicted here last Decem-  
 ber and it was alleged by the govern-  
 ment, was part of a conspiracy for-  
 med by the men to dynamite non-union  
 structures throughout the country.

Since Jones' arrest, he has been  
 held in the same cell in the federal  
 building here that was occupied by  
 Orin E. McDonald, who was principal  
 paid witness for the government in the  
 trial last December. Jones has been  
 at freedom under a bond of \$10,000,  
 at \$4,250.

**Special Train Service From Parkdale  
 and Don Stations for Christmas**  
 Traffic.

According to the present indications  
 the Christmas traffic will be unusually  
 heavy this year, and in order to elimi-  
 nate as much as possible congestion  
 at the Union Station special trains will  
 be operated by Canadian Pacific from  
 Parkdale and Don Stations as follows:

From Parkdale Station—4.30 p. m. for  
 Gall, Guelph, Goderich, Woodstock,  
 St. Thomas, London, Chatham, 4.45  
 p. m. Brampton, Fergus, Elora,  
 Mount Forest, Harriston, Wingham,  
 Teeswater and intermediate stations.  
 1 carload carriers at \$3.75 to \$4.15; 1  
 carload of hogs at \$4.40 to \$5.60; 5 decks of hogs  
 at \$3.75, fed and watered; calves at \$3  
 to \$10 for choice, and \$8 to \$8 for me-  
 dium.

From Don Station—4.30 p. m. for  
 Gall, Guelph, Goderich, Woodstock,  
 St. Thomas, London, Chatham, 4.45  
 p. m. Brampton, Fergus, Elora,  
 Mount Forest, Harriston, Wingham,  
 Teeswater and intermediate stations.  
 1 carload carriers at \$3.75 to \$4.15; 1  
 carload of hogs at \$4.40 to \$5.60; 5 decks of hogs  
 at \$3.75, fed and watered; calves at \$3  
 to \$10 for choice, and \$8 to \$8 for me-  
 dium.

At Single Fare—Good going Dec. 24  
 and 26, return limit Dec. 26. Also good  
 going Dec. 31 and Jan. 1, return limit  
 Jan. 2, 1914.

At fare and one-third—Good going  
 Dec. 22, 23, 24, 25, return limit Dec.  
 27, 1913. Also good going Dec. 29, 30,  
 31, Jan. 1, return limit Jan. 2, 1914.

Adopt the shop early policy and buy  
 your tickets before the rush. They  
 are now on sale at city office (the big  
 white building) corner King and Yonge  
 streets.
