GERMAN INDEMNITY TOPIC OF DISCUSSION HOUSE OF COMMONS

Du Tremblay, Liberal, Draws Statement From Sir Thomas White.

IMMIGRATION ACT

Calder Announces Amendment of This Session Will Exclude Undesirables.

(Special to The Toronto World.) Ottawa, Ont., March 24:- Several important announcements were made by the government to-day in the course of discussions arising upon various resolutions offered by private members. Hon. Arthur Meighen, acting minister of justice, speaking to a resolution offered by Mr. Clements (Comox-Alberni), calling for the imclared that it was the policy of the government to deport all of these inhowever, that many practical difficulties were in the way of immediate deportation. Hon. J. A. Calder minister of immigration and colonization, announced that by order in council, imnounced that by order in council, immigrants were forbidden to land in Canada from enemy countries and declared that the immigration act would be amended at the present session, so as to exclude undesirable inmigrants. He objected, however, to the house passing a resolution offered by Mr. Stevens (Cen're Vancouver), which practically prohibited all immigration from these countries for twenty years. Hon. Hugh Guthrie, solicitor-general, declared that the great majority of conscientious objectors imprisoned of conscientious objectors imprisoned for disobeying the military service act had Aready been released, and intimated that clemency would be shown

BOLSHEVIST ELEMENTS IN COMPLETE CONTROL

Crisis in Hungary Has Resulted From Line of Demarkation Fixed by Conference-Serbian Reports Say Hostilities Were to Begin Friday-All For eigners Believed to Be Safe.

Washington, March 24.—Advices to the state department today from three widely separated European sources tended to increase the anxiety of officials over the situation in Hungary, Bolshevik elements apparently had assumed complete control of the government of Budapest with a threat of venewal of hostilities.

There was no indication as to the extent of control of the absence of this and other details officials were reluctant to discuss the situation at length. It appeared from today's advices, however, that the crisis resulted from the line of demarkation established by the peace conference circumseribing the territory of Hungary and the general economic situation in Budapest.

The recognition of the extreme claims of the Rumaniams and Czecho-Siovaks and the establishment of neutral zones between these lines and the final peace treaty was completed, was said to have been more than the old Hungarian government was able to accept and remain in power. It was suggested that the fact that these lines were not to be the final limitations of the state department advices were summarized in this statement:

Foreigners Believed Safe.

The state department has received a desirable from Belgrade that the Hungarian government was able to accept and remain in power. It was suggested that the fact that these lines were not to be the final limitations of the state department has received a desirable for medical that the fact that these lines were not to be the final limitations of the state department has received a desirable for medical that the fact that these lines were not to be the final limitations of the state department has received a desirable for medical to succept and related to different features of the movement, and complished fact.

The Serbian advices declared that the new Magyar government has said that hostilities would begin last Friday night, but they did not state against whom the hostilities were ordered or whether they had actually some light, but they did not state against whom the hostilities were order

many, and his leader, Judge McKen-zie, was inclined to support him. However, the resolution was withsurance that the Canadian representa-tives at the peace conference would

everything possible.

The house also considered in committee the government's proposed highway legislation. Mr. Morphy (South Perth), Mr. Casselman (Dundas) and Dr. Edwards (Frontenac), and other Unionist members, were in-clined to criticize the measure or at least to demand a fuller statement of policy. The resolution remains in

Wants Policy on Aliens.

Mr. H. S. Clements, of Comox-Alberns, moved in the commons this afternoon that it was expected that the policy of the government in relation to the internment of alien enemies, de-portation of undesirable persons and the treatment of soldlers be clearly defined. He said every interned alien was just as much an enemy today as he was during the war, and he should be deputed at the earliest energy in

he was during the war, and he should be deported at the earliest opportunity. The authorities should not wait for palatial ships to take them away from Canada, cattle ships were good enough. Mr. Clements said he destred to insure the immigration department. The bars had been put up against labor coming into British Columbia; ninety-nine per cent, of the men available for service went to the front; labor betame scarce, and an urgent call went out for men. The bars were let down and there came into British Columbia a big influx of undesirables.

Mr. Clements suggested that the

Mr. Clements suggested that the government would be wise to have the government would be wise to have the photographs of aliens placed upon their naturalization papers. He detlared that some people of this class remained in Canada as naturalized citizens until they had made enough money to live on in their own country. Then they returned to the place they had come from and handed over their naturalization papers to some other naturalization papers to some other alien who wished to come to Canada. The second man took the name on the haturalization paper when he came to

The government, said the speaker,

was facing the problem of securing employment for thousands of returned employment for thousands of returned soldiers. If employers thruout the country would do their part the situation could be handled. He was in hearty sympathy with a resolution passed recently by the Vancouver barnoh of the G. W. V. A., protesting aginst Oriental immigration into

the policy of the government was to deport all alien enemies who had shown themselves dangerous, unde-sirable or hostile, with as little delay

the government with regard to internment dated back to the beginning of the war. At that time alien enemies were interned not only because of showing evidence of hostility, but also because they were out of work and in that state were a menace to the community. As the years progressed the minemployment situation was mitigated, and it went to the other extrained, and it went to the other extrained from corresponding to the ammount discussed. The resolution asks that the prime minister shall make this to laim for indemnity to the British government so that Canada shall re-The reed grew for larger source of labor supply than the country afforded. Men who had shown no evidence of hostlity during confinement were allowed to take work but the paid to Great Britain.

humber of interned aliens in the various camps in Canada. There were 2,222 interned. A record had been obtained of practically all the aliens in the country and a close watch was kept. Of the 2,222 interned alone watch was kept. Of the 2,222 interned to the extent of about two billing in a financial way because of the help rendered the mother country. Canada, said Mr. Dutremblay, was in government take over Barton street as this end of the Hamilton-Niagara to the continuing Main watch was kept. Of the 2,222 interned 1.700 were Germans, 489 Austrians, 11
Turks, 15 Bulgarians and the rest miscellaneous. Eight hundred of the Germans had been transported from the West Indies by the British authorities and of the 900 remaining eighty per cent. could be classed as hostile. Very few Austrians were dangerous. Fifty-four of the Germans were dangerous. Fifty-four of the Germans were insane.

When the Canadian government applied to the British government for instructions as to what was to be done with the enemy aliens, a reply

laws of Canada should be so amended as to absolutely prohibit, for a period of twenty years, entry into Canada or all persons of enemy origin, who dur-ing the period of the war, had been interned in Canada or in any of the allied countries, or left Canada short-ly before or after the authreak of war, or had been guilty of conduct which jeopardized the safety or well being

Jeopardized the safety or well being of Canada or the empire, or her allies.

Canada Will Be Careful.

Hon. Mr. Calder replied that the resolution involved the whole question of European immigration, which was one of the matters before the peace conference. In his view, Canada would have to be more careful regarding the people admitted. Anyone who had plotted against Canada should be excluded. He suggested that the resolution might be withdrawn in view of die fact that the government would have to bring down legislation.

Mr. Stevens thought the minister spoke with a little degree of unconcern. He thought it was even desirable to stop all immigration of persons except those coming from our immediate allies. He asserted that there were 5000 returned solders idle in Vancouver today.

Mr. Calder explained what the solders and in some cases to the penitentiaries.

GLEBE ESTATE SELIS

BIG BLOCKS OF LAND

Vacant land to the value of \$120,000 has been sold on the Danforth Glebe estate since Janut, according to the statement of John Manlean, selling agent of the property, to The World yesterday, who further stated that the great activity in real estate in the east end is largely to be attributed to the opening of the Bloor street viaduct.

The following are some of the recent sales on this property. Sid and Lorne Lankin, builders, a large block of vacant land on Linsmore descent, for the erection of up-to-date dwellings. This firm is also erecting stores on Danforth avenue, on the Danforth Glebe estate.

George Custance, a large block of land on Milverton boulevard; George A. Lankin, a second block of land on Milverton boulevard; George A. Lankin, a second block of land on Glebeholme boulevard, a block of land on Linsmore crescent, upon which houses are now in course of erection; Callow & Gifford, a block of land on Linsmore crescent, upon which houses are now in course of erection; Callow & Gifford, a block of land on Linsmore crescent, upon which houses are about to be erected, to cost no, less than \$5000 each, P. L. Alderson and Jax, McKernan, builders, are also erecting modern dwellings on Glebenolme boulevard.

Petitions signed by the residents of the various streets on the estate for asphalt roadways are now in the hands of Mr. Maclean for attention.

GAS STOVES SHOULD

GAS STOVES SHOULD HAVE SPECIAL CHECK

A resident of the Danforth district with considerable experience in gas ap-pliances stated yesterday that no gas stoves or jets should be sold without a check being affixed to the cocks or

taps.
"The recent sad case of the gas poisoning of a whole family in the district would have been prevented and many others of a similar nature if checks were made compulsory," he said.

A well attended social and euchre under the auspices of the Todmorden Lodge, Sons of England, was held in Playter's Hall, Danforth avenue, last evening. The proceeds will be devoted to the benefit of the lodge funds.

THE THERIVERDALE I.O.O.F. CONCERT.

Riverdale Lodge, LO.O.F., held a well-

Under the auspices of the Epworth League of Simpson Avenue Methodist Church, an interesting lecture, entitled "Fox-Hunting, or a Sharpshot at Common Folly," was delivered by Rev. M. Williamson in the church last evening. There was a large attendance. Jesse Fowler, superintendent, occupied the

EARLSCOURT

One of the Earlscourt men who came home this week was Corp. W. N. Wiseman of the 12th C.M.R., who was formerly attached to the 12th York Rangers before the war. He joined up as a private, and received his corporal's stripes on the field of battle after the fight at Amiens. Corp. Wiseman says he owes his life to the water bottle that he carried, when a piece of shrapnel struck it and glanced off, just wounding him in the side. He has a brother, Sergt. R Wiseman of 69 Bird avenue, who is an active member of the Earlscourt G. W. V. A.

A veterans' prize waltz was held at the headquarters of the Earlscourt G.W.V.A. Hall, West St. Clair avenue, which was one of the best attendances of the season, Refreshments were supplied by the entertainment committee of this branch. The first prize was won by Mr and Mrs. Harland, and the second by H. Troman and Mrs. Lee.

EAST TORONTO

REAL ESTATE ACTIVE:

"The rush of store building and secur "The rush of store building and securing of prominent sites for banks on Danforth avenue at the end of the civic car line has stimulated the sale of vacant land in that section to a remarkable degree," said G. M. Proctor, manager, suburban lots department, Robins, Limited, to The World yesterday, who pointed out that in the Woodbine district adjoining a builder recently purchased three lots on the Talbot estate and erected houses as a speculation. The houses were sold before being completed and yesterday he purchased ten more lots in the same section.

Would demand a resson. An employer could no longer say: "This is my factory."

In the past co-operation on the part of the employer had been largely paternalistic. No measure of charity was desired. The investment of labor was equal to the investment of capital and should have the same rights. "Let us have," said Mr. Moore, "not the efficiency of dollars and cents, but the efficiency of human happiness."

MCINTOSH JUDGMENT.

Coroner Dr. C. Ricker opened the inquest yesterday concerning the death of Kathleen McIntosh, aged 17, of 17 Hampton avenue, who was killed in the train and auto collision at West Hill on Kingsion road on Sunday at Cobbledick's undertaking parforts. Danforth avonly identification evidence was taken for settlement, and the hearing adjourned until Wednes-culty was the ex

VAUGHAN RATEPAYERS DEBATE MEMORIAL ERECTION

Ratepayers of Vaughan Township held a public meeting in the township hall, Vellore, yesterday afternoon to discuss the erection of a memorial to local solution.

the erection of a memorial to local soldiers.

The meeting decided to erect a stone monument in the grounds of the township hall. While there is an acre surrounding that building at present, it was decided to purchase more land if necessary, and to make a township park. The hall will be renovated in the near future.

A committee of seven was appointed to obtain plans and estimates of the proposed memorial, and another committee chosen to prepare for the reception of Vaughan veterans. Gold watches or medals will be presented to all local returned soldiers as a tangible token of the respect in which they are held.

If the legislature will pass a bill to allow municipalities to realize moneys for memorials by taxation, the necessary funds will be procured in that way. In the event of such a bill not being passed, the ratepayers will raise the money by voluntary contribution.

Vellore, altho only a small place, is the exact centre of the township, and, therefore, the logical site for the monument.

Joe Rudka was fined \$300 and costs in police court yesterday morning for peddling alcohol. James Paul appeared before Magis-

trate Kingsford, in police court yes-terday morning for a second time, charged with selling liquor. He was sentenced to six months at the Jail Farm. (

the reward. Any stand-pat attitude on the part of capital would, he be-lieved, result in labor taking control as in Russia. Men could no longer be told that their services were not required merely because some trade condition affected production. They would demand a reason. An employer could no longer say: "This is

Extremists Dangerous.

J. F. M. Stewart, who said his paper had been prepared before hearing Mr. Moore's address, and covered somewhat similar ground, referred to the reasonable, fair-minded attitude becoming manifest on both sides of the labor question. There were doubtedly great social problems ahead for settlement. The greatest difficulty was the extremist on both sides. He had heard a young foreigner talking loudly at a meeting, who said: "The alien question is dead; the only alien is the employer and the time is coming when industries will be seized by the people."

Extremists like these were the danger, said Mr. Stewart, Labor must

Since the armistice was signed labor was nervous and fearful; capital was also anxious. But labor had played fair, and honest efforts were resolution requesting the government

industry by letting down the tariff barrier. Not Feasible. Rev. A. T. Addison is pastor of the church.

But a six-hour day was out of the question, Mr. Stewart thought. He believed with Premier Lloyd George that to reduce the hours of labor while paying exactly the same wages was to reate unemployment. A fixed minimum wage might tend to become the maximum wage. Workers under corporative conditions might not endure operation at a loss which was sometimes necessary.

Mr. Stewart was also heartily applauded for his address.

The annual report of the joint committee of technical organizations was adopted and the following officers were elected: Chairman, Willis Maclachlan; secretary, Major R. D. Galbraith; treasurer, R. R. Grant,

was also anxious. But labor had played fair, and honest efforts were being made to deal with pressing problems. There was some unemployment, but much less than expected and no , soup kitchens were necessary in Canada. In fact he was sure that unemployment was less now than in any similar month during the post ten years. He anticipated a great shortage of workmen after the coming summer. One thing both capital and labor might do was to ask the farmer not to dislocate industry by letting down the tariff and a half years' service in France, strongly opposed the resolution as

unfeasible. Housing Question. The housing question formed a fea-ture of the session. A. W. Ansell of short address, pointed out that the company was doing good work in the province, but that the city of Toproblem for the returned soldiers. As a matter of fact, said Mr. Anseli, the city had shown a certain willingness to consider the problem, but had inserted the proviso that all dwellings considered under the housing act should be built in certain well defined areas. They unanimously passed a resolution urging upon the municipality the need of giving this problem its immediate and carnest attention and immediate and earnest attention, 8 to permit of nc sense of segregation in the allotment of areas, all distribu tion to be made on basis of equaliza tion. This resolution is to be sent to every branch for ratification.

THE FORMAL DISPLAY FABRICS FOR SPRING AND SUMMER

Takes Place Today and Following Days

With a Notable Array of All That is Considered Smart and New From the Far-famed Mills of France, England, Scotland and the United States. When the Wash Goods Department, Transformed, for the Time Being, Into a Bower of Flowers a-Bloom and a-Glow With the Very Spirit of Spring Herself, Shows That Though

Voiles, Ginghams, Silks, Cottons and Foulards Still Hold First Place in Fashion's Affections But So "Different" and So Varied Are Their Designs, So Charming Their Color Harmonies, That They Take on a New Air of Allurement and Charm

TEVER in the whole history of fashiondom have cottons been promised such a vogue as for the coming season. And never have weaves and designs more charmingly justified the confidence reposed in them by the authori-

Voiles, for instance, show such a host of new effects, and are developed in such beautifully fine weaves as to give them a fresh enchantment. Specially noteworthy are the numbers of foulard designs-some of these in big floral effects, emphatically creations of the new season; some of them in the more familiar figures and spots, on navy, black or white grounds.

Spots are very smart, big, even spots in green, blue, rose or mauve on navy grounds being very chic, as are also the "blown dots," which look like a spraying of beads.

Voiles with bold satin stripes gleaming in silver, henna, cerise, turquoise blue or chestnut, on black, navy, or white grounds, are remarkably new and smart.

As for big, well-defined block effect, small conventional designs and quaint, clearly-defined floral patterns—their name is legion, many of them being printed in two or three colors in early Victorian style.

Prices range from 59c to \$1.80 a yard. Ginghams, which are to take on a smarter note than ever before, fashioned as they'll be this summer, with trimmings of

organdy, embroidery, and even sometimes allied with silk, are assembled in huge variety from Scotland and England. Big, gay-looking plaids, well-defined checks and stripes, are all represented in very subtle blendings of color—green and mauve, purple and gold, blue and yellow, rose and brown, etc. With these, too, may be classed the plain chambrays. Widths 27 to 30 inches. Prices, 25c to \$2.25 a yard.

Silk and cotton foulards with a twilled surface, and clear, evasive patterns, in typical foulard effects, are exceedingly smart as well as practical. These can be had with black, white, navy, beige, green or Copenhagen grounds. Prices, \$1.00 and

A whole counter is devoted to the display of white cotton materials, very charming being filmy voiles and marquisettes, some plain, some striped, checked or embroidered, prices ranging from 40c to \$1.50 a yard. Gabardine, tricotine and piques are all well represented. These materials can also be found in all the modish colors at the Cotton Suiting Counter, with beach cloth, repp and poplin. Prices, 55c to \$2.00.

THE DAY AT OTTAWA

By TOM KING

Octawa, March 24.—It is generally the government that proposes policy and initiates legislation. Indeed, the rights of the private members in respect thereto; are rigidly direcumscribed by our constitution. No private member can introduce a bill or even move an amendment to a bill which will involve the imposition of any tax or the expenditure of any money. But he may by way of a resolution seek to community parliament or to instruct the government upon some subject of national policy, and in the early part of the sension; the private members have certain days upon which they may present resolutions.

This has been "private members and an umber presented proposals to the house. In nearly every case, here conference are the two states of the proposal stouch of the proposal to the house. In nearly always ready to "pass the buck" when a private member amble in with some Meas to be translated at once the legislation, and the shelf, About the only proposal up today, that could not be shurfed to the pace conference, was the resolution offered by H. M. Mowal, Unionist member and the castlest way to lay a proposal or the self-base of the castlest way to lay a proposal or the self-base of the castlest way to lay a proposal or the self-base of the self-b

of luxurious ocean liners.

There are some 2,222 of these interned aliens, of whom about one-half are at present interned at Kapuska-sing. Eight hundred of them were wished on us by the imperial authorities, who apparently could not find a safe place to keep them in the West Indies. About 800 more are Germans Indies. About 800 more are Germans 720 strong, will detrain at Oshawa on found in Canada at the outbreak or during the war, and the balance are mainly Austrians. Everyone here is quite willing to have them deported, burs after which the men will less about two hours after which the men will less. The increase was allowed. Temporary promotions in the fire department were approved: Lieut. James Leslie to be captain, and Firemon D. Maxwell to be lieutenant. quite willing to have them deported, but who is going to receive them? We cannot send them direct from Canada to Germany, Austria or Bulgaria. The Dutch government will not allow them to land unless we guarantee to move them on within three days, and the British government will not receive more than 100 for trans-shipment. Meanwhile, the peace conference has decided that it be inadvisable to augment the man-power of Germany by a wholesale repatriation.

Mr. Stevens, Unionist member for Vancouver, not only wants to put the alien enemies out of the country, but he wants to keep them out. He, therefore, proposed a resolution declaring that no immigrants from enemy countries should be admitted to Canada for the next twenty years, who had been interned as alien enemies or who, during the war, "had been guilty of conduct, either in or out of Canada which in any way jeopardized the peace, safety or well-being of Canada or of the British Empire, or of her al-

This seemed a safe enough proposal until Hon. Mr. Calder got under way. He said that every man who had fought in the Austrian army, might well be considered to have done someor well-being of Canada," but could we make such a wholesale embargo against the citizens of any country until the terms of the peace treaty were known? We must not forget the Czecho-Slovaks and the Jugo-Slavs/ who were theoretically our enemies but were, in fact, our allies. Could we bar from the hospitable shores of Canada, the people for whose liber-ties we had been fighting?

Mr. Stevens was not strong for the Czecho-Slovaks or the Jugo-Slavs, but grouped them all under the general head of "Polanders," or as Mr. ments would say, "The scum of the Balkans." Mr. Calder replied that they were all kept out now at any rate by

FLU STRIKES LETHBRIDGE.

Lethbridge, Alta., March 24.—Owing to a second outbreak of influenza churches, schools and the opera houses were closed at noon today. There are about 300 cases in the city.

In the following terms, viz.: that for the sum of \$5000, payable in equal monthly payments, they would lease to the city the cervices of the tug "Clark" for fire purposes, from April to a second outbreak of influenza churches, schools and the opera after December 1, 1919; should it be deemed advisable to retain the tug after December 1 rental to be at the rate of \$1000 per month.

There are about 300 cases in the city.

The recommendation of the board the use of the transportation building the committee for the widening of Bay

\$100 Grows to \$100,000

Sounds Big---But No Bigger than the Fact

It takes Money to make money, and even as the little acorn grows to the mighty oak, so has-so will -small investments grow into mighty fortunes.

Jay Gould said: "A hundred dollars invested in the right place at the right time will earn as much as one man steadily employed." And Jay Gould knew what he was saying. Here is the proof:

\$100 invested in the original Gillette Safety Razor Co. is now worth (Providing an annual income of over \$3,000.)	.\$52,000
\$100 invested in Goodyear Tire Co. is now worth	.\$25,000
\$100 invested in Bell Telephone Stock has returned	.\$54,000
\$100 invested in Goodrich Tires is worth	.\$69,600
\$100 invested in Cream of Wheat is worth	.\$10,000
\$100 invested in Dunlop Tires is worth	.\$31,000
\$100 invested in Prestolite is worth	\$100,000
\$100 invested in Diamond Tires is worth	.\$16,700
\$100 invested in Burrough's Adding Machine Co. is worth	\$41,340
\$100 invested in Morgan and Wright Tires is worth	\$24,000
\$100 invested in National Cash Register Stock is worth	\$42.870
\$100 invested in Welsbach Mantles is worth	.\$50,000

Jas. Couzens is said to have borrowed \$100 from his sister to invest in Henry Ford's "dream company," as it was called a few years ago. That hundred dollars has drawn over \$47,000 in cash and the hundred dollars' worth o' stock is now worth over \$50,000.

Geo. Westinghouse is said to have offered a half-interest in his an brake for \$2,500. In the fiscal year ending July 31st, 1917, Westinghouse Airbrake earned six and a half million dollars.

Andrew Carnegie is said to have founded his vast fortune on \$250 borrowed money. He said once that the biggest difference between a good business man and a poor one is that the good business man goes ahead and does a thing while the other "waits" and "thinks" about

Little investments, as you see above, grow into big fortunes, but you must make the investment, and it must be made in a good thing. Now for the good thing. We own and control the rights, process and patents for Ontario for converting garbage and city wastes into a highly efficient fuel.

Is it a good thing? The Fuel Controller's Department at Ottawa made an investigation. They made tests and analyses, and as a result Dr. A. B. McCallum, chairman of the Research Bureau of Canada, says:

There seems to be no doubt that OAKOAL, as indicated by Prof. Angus' report, is in B.T.U.'s and Combustibility an approximate substitute for anthracite coal. If OAKOAL can be produced at less price than cost of anthracite it would certainly be a paying proposition."

Oakoal can be produced so as to sell at from \$5.50 to \$7.50 per ton, according to labor and transportation

Ontario Oakoal Co., Ltd.,

43 Scott Street, Toronto.

Please mail me your special report on

rates. Thus there is no question about its "paying." The operation of one two-hundred-ton plant will insure a dividend that will make your stock very valuable-how much more valuable with several plants operating?
Is it a good thing? Here is further proof.

The delegates from a city of some 30,000

population recently visited our demonstration plant here. Here are their conclusions in their report: "Your committee is of the unanimous opinion that the erection of an OAKOAL plant in this city would be the means of CONSERVING FOR A USEFUL PURPOSE the city's wastes; would assure us a CLEANER AND CONSEQUENTLY A STILL MORE HEALTHFUL city than we now have, and would EFFECTUALLY SOLVE OUR GARBAGE DISPOSAL PROBLEM. We, therefore, recommend that a franchise be given and a contract entered into PROVIDING FOR the erection of an OAKOAL plant in this city." The operation of this model, automatically equip-

ped plant will be followed by similar plants in most of the cities, and since there will always be garbage and wastes and the need for fuel, this proposition offers the most attractive possibilities. If luxuries have insured such big fortunes as above record shows, certainly an essential product in the manufacture of which the conservation of wastes and solving sanitary problems are principal features—offers attractive inducements.

We are offering a limited number of one hundred dollar shares for the next few days. Those already sold have been purchased by manufacturers, brokers, wholesale and professional men, whose concern is judicious whose concern is judicious management, dividends and results that will make the value of the stock multiply. To become a member of such an organization is an opportunity you should not

We invite your investigation, and would like you to read a copy of our special report, showing result of Government investigations, analyses and tests, and the results of citizens' use of the product here this Winter, and in advising you to secure some of the stock, do so confident that your annual returns will be eminently satisfactory, and that your stock will multiply in value. Cut out the accompanying request and mail to us at once, and get in line for an investment of rare merit.

allocated, but nothing further was done. A committee consisting of Ald. MacGregor, Ball, Plewman, Whetter and Commissioners Bradshaw and Chisholm were instructed to inquire into the metric. act, was carried.

The estimated cost of the improvement, which includes the acquisition of the necessary lands, disturbance, engineering costs, adjustment of side walks, pavement, telegraph, and Hydro poles, etc., is \$56.500.

The city will contribute \$42,375.

city -hall,

Controller McBride was very much opposed to permitting W. E. Arm-strong, a returned soldier, who had not seen service in France, to secure a permanent position on the Toronto fire force, holding that these jobs should be given to men who actually saw service in France. He moved that the word "temporary" be added to the clause authorizing the hiring of Armstrong. Altho his motion was lost in the committee of the whole, he carried his point when he brought the matter up at the adoption of the en

Ald MacGregor's motion that no grans be made by the city council after the passing of the estimates and the striking of the tax rate for the year, except for the purpose of alleviating suffering or the needs of soldiers, was lost.

A motion by Ald. MacGregor that committee be appointed to investigate the advisability of the city going into the dead meat business and report at the next meeting of the council provoked much discussion.

Ald. Mogridge gave some figures to show the condition of affairs at the present time.

No Returns.

He said that the civic abattoir was annually costing the city \$160,000, and it was not giving one cent in return. The original cost had been \$415,608, and since its erection the money paid into a sinking fund, interest, etc., amounted to \$250,000.

Cont. McBride advised that the heads of the property, finance and works departments bring in a report

into the matter.

Big Sums Collected for War Relief Purposes

GRANTED APPEAL.

VETERANS items of interest to Returned Sol-diers Will Be Printed in This Column of Phoned or Sent In.

YET ANOTHER PENSION PROBLEM IS RAISED

Another problem in pensions of in terest to many returned soldiers is that of the parents who are not enthat of the parents who are not entirely dependent upon the son who died in Flanders, but whose condition approximates the state of dependence. The case of a quartermaster-sergeant of the 75th Battalion, who died of wounds, is said to be one in point. This man left his mother and father, a crippled sister and another sister, who recently was enabled to earn ten dollars a week. This latter daughter was the only remaining ation stated that if the western diers decided to go out on strike on its decided that the only remaining means of support for the parents, the father, 61 years old, being pratically a cripple himself. It is understood that the board of pensions commissioners at Ottawa have refused to grant a pension to the bereaved parents, upon the assumption that the pensions act does not cover this class of case. It is believed that in these circumstances application will be made for a pension under that clause covering the grant on compassionate grounds.

Costly Scheme for Veterans

indirity, said this man, was a sore int with many of the men, many in with more than 20 years' service on obliged to take orders from men in years their junior, and with so as one could ascertain no more tability for their positions than it sen'ors in the service.

Coutstanding Grievances.

Corhaps the most outstanding griever of the men is that of the early-up preparations for the day's route. It was not generally realized by a public but the posties work like of any time from six in the

CHAPTER OF ACCIDENTS.

SIR WILLIAM MACKENZIE.

A. E. DYMENT, Vice-President. COL. THE HON. SIR J. S. HENDRIE, C.V.O.

ANNUAL REPORT OF THE DIRECTORS

SUBMITTED TO THE SHAREHOLDERS AT THE ANNUAL GENERAL MEETING OF THE COMPANY IN TOBONTO, ON MONDAY, MARCH 24TH, 1919.

Your Directors submit herewith the Balance Sheet of the Company as upon the 31st day of December, 1918, the Statement of Profit and Loss for the year, and also the Certificate of the Company's Auditors, Messrs. Price, Waterhouse & Company. Chartered Accountants.

The policy of making ample provision for Depreciation has been continued, the sum of \$577,512.87 having been reserved for this purpose.

The net Profit for the year shows an increase of \$302,886.76 over the preceding year, and after the payment of Dividends at the rate of 8% per annum on the Common Stock and 7% on the Preference Stock of the Company, there remains a surplus of \$656,485.67. This amount, added to the balance at the credit of Profit and Loss from the preceding year, made a total of \$1,122,776.67, from which must be deducted the sum of \$600,000.00 which has been transferred to our Reserve, making a total of \$4,600,000.00 at the credit of Reserve, which, together with the balance of \$522,776.67 at the credit of Profit and Loss, makes a total Surplus of \$5,122,776.67, which is equal to over fifty per cent. of the par value of the Company's shares, both Common and Preference.

The total amount reserved for Depreciation amounts to \$4,336,182.20, or over thirty-five per cent. of the book value of the entire Capital Assets of the Company.

The Company has no outstanding Bonds, Debentures, Mortgages, or prior liens of any description other than a nominal charge of \$22,500.00 on property purchased, on which an existing mortgage which is still current is not yet due.

Following the usual policy of the Company, our Inventory has been taken at or below cost, and adequate reserves have been provided for shrinkage in the value of materials, which in the case of copper and other metals has been very considerable. Ample allowance has been made for any articles not readily saleable, and any goods that may have become obsolete have been inventoried at their scrap value.

During the year the Company inaugurated a new sales department for the distribution of

FIRE INSURANCE. The Company has made it a practice to see that all of its buildings and contents are fully covered by insurance, and some idea of the importance of this item may be realized when our Shareholders understand that the aggregate of fire insurance that we consider it necessary and advisable to carry amounts to \$14,820,540.00.

At our Davenport Works in Toronto our foundry capacity has been inadequate to handle the large tonnage and work required for marine engines, etc. The main building was 120 x 300 feet, with a floor area of 36,000 square feet. In August last an extension 160 x 120 feet was decided upon, and this has now been completed at a cost of about \$70,000. The additional floor area secured amounts to 19,200 feet, or more than 50% increase. The extension is served by the same cranes as in the original building, that is to say, two twenty-ton cranes, but a new five-ton crane has been added to one of the lean-to's at a cost of \$7,000. The design of the building, which is of concrete, brick and steel, has been carried out to correspond to the original structure, and it was completed and put into use late in December. EXTENSIONS TO IRON FOUNDRIES AT TORONTO AND MONTREAL WORKS.

At our Montreal Works the original Grey Iron Foundry building was 200 x 100 feet, equal to 20,000 square feet, and during the year an extension was authorized and completed 100 x 100 feet in area, or an additional 10,000 square feet of floor space, giving a 50% increase of available floor area. Work was started in April and the new building was in use in July, the twenty-five-ton cranes in the original building being used in the new extension, the craneways having been extended the full length of the building. A new Core Oven building was also added to balance up the complete unit for the increased capacity. The cost of these improvements and extensions amounted to \$27,236.24.

NEW WAREHOUSE BUILDING.

The growing demands of our business resulted in a lack of accommodation at our Head Office building for our Executive, Engineering and Clerical staff, as well as Warehouse and Show Rooms for our Electrical Supplies Department. In order to provide adequate facilities a handsome new building, devoted exclusively to the warehousing and sale of electrical fittings and supplies, and automobile accessories, has been erected at a cost of about \$175,000.00. This new building adjoins our present Head Office building with a private lane in between which affords splendid shipping facilities. The building is of mill construction, six storeys and basement, measuring 48 x 185 feet. A feature of the new building is the arrangement and organization which makes it possible to give an exceedingly prompt service. an exceedingly prompt service.

REVIEW OF OPERATIONS DURING WAR PERIOD.

Now that active war conditions have ceased and we have entered upon a period of reconstruction it may not be out of place to briefly review the rapidly changing conditions that have been experienced by the Company from the beginning of the war until the present.

Immediately after the declaration of war by Great Britain in 1914 this Company, in common with many other industries in Canada, experienced a very serious setback. New orders were not forthcoming, and many orders in hand were cancelled, and so serious became the situation that it was necessary to make a horizontal reduction of 20% in the wages of the staff. This drastic policy enabled us to keep our complete organization together without dismissals, and it is a matter of congratulation that after a lapse of a few months, business commenced to revive as a result of war orders for munitions, foodstuffs, and other military requirements being diverted to Canada, and a period of stagnation was rapidly changed to one of great activity. By the end of the year we had so far recovered our position that your Executive were able to grant a bonus to our staff equal to the full amount of the 20% reduction previously made, and from that time until the Armistice was declared, the difficulty had been to secure sufficient labor to take care of the contracts offering.

MUNITIONS. During the years 1915, 1916, 1917 and 1918 the Company manufactured and shipped orders for munitions of various types amounting in value to \$15,287,284.42. In order that Shareholders may have knowledge of the manner in which the Company adapted its policy to changed conditions, and how quickly it reorganized its plants in order to keep its manufacturing facilities employed, attention is drawn to the wide range of munitions for which contracts were accepted and completed, and as the manufacture of munitions is one of the most difficult and precise of manufacturing problems, your Executive feel that our staff, including our Engineers, Experts and Workmen, are entitled to tredit for their resourcefulness and for the successful accomplishment of a very difficult task.

Our output included:—

14	Shell Forgings	::::::		9,376,369 of various sizes and type 1,455,010 shells of various sizes an
	Manufacturing			types. 2,811,658 Brass Cartridge Cases.
	Of the gross total there Munitions Board, munitions	was supplied to the value	to the British Ministry	as plugs, discs, etc. of Munitions, through the Imperi
	To the British Admiralty. To the U.S. Army, Ordnance	e Department	t	130,318.0 1,474,426.4

Early in the year 1918 your Directors formed the impression that the end of the war could not be long delayed and, therefore, the policy was adopted of casting about for new lines of manufacture that would keep our facilities employed after orders for munitions should cease, and fill the gap during the time intervening between the cessation of war orders and the reconstruction of trade channels through which we would again commence to receive orders in adequate volume for our normal output under pre-war conditions. Having in mind that the Mercantile Marine of the Allied Countries had been stradily depleted and that many orders for cargo ships were being placed in Canada and the United States, we devoted our energies to securing orders for marine engines, boilers, and other

The great activity in the shipbuilding industry had resulted in the opening up of many new yards in both Canada and the United States, and while the old established plants were equipped to build the ship machinery required for their own requirements, the majority of the newly organized yards, and many of the older ones, were compelled to enlist the co-operation of other machinery builders to enable them to meet the unusual demands and attain maximum production.

As our plants in Toronto were well equipped for undertak ig the manufacture of marine engines, in sizes ranging from 200 H.P. up to 4,000 H.P., and of Scotch marine boilers of the largest size required for ships up to 10,000 tons capacity, as well as practically all other ship auxiliaries, important contracts were secured during the year for machinery and equipment for installation in ships building both in Canada and the United States.

Including the machinery required for the four 3,500-ton Steel Cargo Steamers building at our

Including the machinery required for the four 3,500-ton Steel Cargo Steamers building at our Niagara Shipyard, but not including the ships, the orders for Marine Engines, Towing Engines, Scotch Boilers, Condensers, Ships' Winches, Shafting, Propellers, and other Ship Auxiliaries, at the end of the year amounted to \$5,490,707.00, the contracts in question being received either directly from,

PATRIOTIC AND BENEVOLENT ACTIVITIES. During the four years of warfare this Company assumed a generous and patriotic attitude in regard to contributions for patriotic and benevolent enterprises, and has subscribed and disbursed the sum of one hundred and fifty thousand dollars for such purposes as the Patriotic Fund, Red Cross Society,

British Sailors' Relief Fund, etc.

The Company raised and maintained a Detachment of twenty-five electrical and mechanical engineers; that is to say, the Government were under no charge whatever on account of these officers and men except for food and clothing, their normal wages being paid by the Company throughout the whole period of their service. Their duties were principally in connection with electrical and mechanical engineering work such as the installation, repairing and operation of searchlights, electrical conection of mines, erection and wiring of buildings, installation, repairing and operation of electrical plants, oil and gasoline engines, and other duties usually assigned to the Royal Canadian Engineers.

This Company was further a generous subscriber to the various Dominion of Canada War Loans, the subscriptions of the Company in all, for the various Loans, amounting to \$6,500,000.00, of whichwe were allotted \$4,520,000.00. As the investing demand increased we effected sales, and at the close of the year our holdings of War Loan Bonds were reduced to about \$2,000,000.00.

Your Directors have pleasure in advising the Shareholders of the very generous subscriptions to the several Loans by the employees of the Company, which amounted to upwards of half a million dollars, which is an illustration of the spirit which dominated all classes of the Canadian community, who supported Canada's participation in the war for freedom and justice to the fullest extent of their ability. British Sailors' Relief Fund, etc.

OUR HONOUR ROLL.

Your Directors believe that our Shareholders will be much interested in having placed before them information as to the number of men previously employed by the Company who enlisted for service in the Canadian Army, and the following figures speak eloquently of the manner in which Canadians of military age in every walk of life assumed the responsibility of the defence of the Empire. While the figures below show that a very considerable proportion of our own employees enlisted for service, public records show that similar patriotic sacrifices were made by industrial workers throughout the Dominion.

PRESENTATION TO MR. W. D. MATTHEWS.

PRESENTATION TO MR. W. D. MATTHEWS.

On December 27th, 1887, or thirty years ago, a syndicate of ten persons was organized by myself, each of the ten subscribing a sum of \$1,000.00, or \$10,000.00 in all, for the purpose of investigating opportunities for the profitable development of the electrical enterprise in Canada. Inquiries were made, and shortly after the formation of the syndicate the members organized the Toronto Incandescent Electric Light Company, and again, three years later, our present Company, the Canadian General Electric Company, which has since been operated along conservative lines, until to-day the paid-up Capital is \$10,000,000.00, Reserves \$5,122,776.67, total Assets \$21,692,471.79. Perhaps the most gratifying feature of the history of the Company is the fact that it has carned and paid dividends since its inception, amounting in all to \$10,021,082.14, and to-day has a Reserve Fund equal to over 50% of its paid-up Capital, ample Reserves for Depreciation, and has practically no Bonds. Debentures, or prior liens of any kind outstanding. The original Directors of the Company served continuously as Directors for the unusually long period of twenty-five years, with one exception, but to-day Mr. W. D. Matthews, one of our Vice-Presidents and Chairman of the Board, and myself are the only surviving members of the original Board.

The Directors of the Company took advantage of the occasion of the thirtieth anniversary of Mr. Matthews' connection with the Company, first as a member of the original syndicate and thereafter as Vice-President of the Company, to present him with a handsome hand-carved silver bowl and pedestal, and at the same time they gave expression to their appreciation of Mr. Matthews' valued services to the Company.

PROSPECTIVE.

It is quite impossible at the moment to forecast the future trend of business. In some quarters the greatest optimism prevails, and others hold the view that the period of dislocation of trade will be more or less prolonged. Fortunately this Company has unfilled orders on hand to keep most Departments busy for some months to come, and by the next few months the future situation should become less obscured. The several Governments of Canada, Federal, Provincial, as well as Municipal, throughout the Dominion have forecasted the construction of public buildings and public works, railway extensions and good roads that will necessitate the expenditure of several hundred millions of dollars, but owing to the Canadian winter climate outside operations cannot commence for some weeks. By the early summer, however, all of these enterprises should be under way and industry reaping an advantage in increased activity.

It is further expected that Canada will participate in a fair percentage of orders for manufactured products that will be required in connection with reconstruction in Europe, so that it may reasonably be hoped that this Company, as in the past, will be able to secure a satisfactory proportion of the business that may be offering.

Your Directors record with regret the death of Sir Rodolphe Forget, who had been a Director of the Company since April 15th, 1901.

FREDERIC NICHOLLS, President.

"Service at Cost."

Those of our corporation friends who have been telling us that public ownership has been a failure in the war period, and who have evolved a new scheme to take the place of the hitherto unimpeachable corporation methods, which is submitted under the plagiarized title of "Service at cost," should meditate a little on the news from Washington. It is anmounced that Clarence H. Mackay, president of the Postal Telegraph and Cable Company, was removed on the 22nd from office by the postmastergeneral of the United States. It appears that a sworn statement was submitted to the Interstate Commerce Commission on behalf of the company which its net income for 1917 was placed at \$117,264, but the sworn statement made to the wire control board as a basis for compensation placed the net income at \$4,485,598! Some discrepancy!

corporation managers to distort figures that has made the public nervous about any system in which they have to trust to corporation book- have to be taken in almost all mining keeping.

fic utility securities has issued a mining possibilities of Northern Onmodern and approved plan of public usually in small sums.

If the proposed blue sky legislation is to retard development along these corporation managers towards an appreciation of the public point of view, but a great deal more than this is mecessary to remove the impressions that two or three generations of private ownership and operation have left.

"Service at cost," to begin with the condition of public point of public of take a chance, that we are fast losing the toe hold which insures any part of such a service.

In the old days, which are so fondly speken of by the grandmothers of our mothers, a merchant sold the purchaser exactly what he or she paid for, that is if you ordered a red flannel undershirt, they did not try to slip one over on you that was three parts cotton.

That we are fast losing the toe hold which insures any part of such a service.

In the old days, which are so fondly speken of by the grandmothers of our mothers, a merchant sold the purchaser exactly what he or she paid for, that is if you ordered a red flannel undershirt, they did not try to slip one over on you that was three parts cotton.

Another officer on the Cretic. He which insures any part of such a service.

In the old days, which are so fondly speken of by the grandmothers of our mothers, a merchant sold the purchaser that it is if you ordered a red flannel undershirt, they did not try to slip one over on you that was three parts cotton.

Another officer on the Cretic. He which insures any part of such a service.

In the old days, which are so fondly speken of by the grandmothers of our mothers, a merchant sold the purchaser that the men had all come from the camp at the troops returning on the Cretic. He stated that the men had all come from the camp at the troops returning on the Cretic. He stated that the men had all come from the camp at the troops returning on the Cretic. He stated that the men had all come from the camp at the troops returning on the Cretic. He stated that the men had all come from the camp at the tr

senits some advance on the part of the coarporation managers towards an appreciation of the public point of view, and especially so at a time when the both a great, deal more than this is consistent of the coarporation of the public point of view, and especially so at a time when the both a great, deal more than this is expected to surprise the care successary to remove the impressions price in the coarporation of the public point of view, and especially so at a time when the mothers a merchant sold the purchase of the vortex of

enterprises are conducted.

It is quite obvious that the corporation "service at cost" idea could not compete with the public ownership method, but this only serves to stimulate the corporation advocates to redouble their efforts to get the public under bondage for such terms of years Tuesday, March 25, at 11 a.m. before as franchises may be obtained for. Mr. Justice Kelly. But they still hope to persuade the public to accept their plea that the FUEL SITUATION GOOD, new plan actually can compete with public ownership. Reduced to a word the new plan simply means the abolition of common stock and the placing of all investments of eash in public ntility franchises on a six per cent. bond basis: If there is not enough revenue to pay six per cent. then the rates or tariffs must be raised to produce it. It is not difficult to see what place service would take under such conditions.

The important thing about the proporations have not been what they ought ford to take in supplies, he desired to ronto could do wonderful things in the to be. The action of the American government in this case of the postal position to hold back in the anticipatelegraph" corporation indicates what tion that prices will come down," said the government fears as a possibility the fuel controller. "Whilst I ain un-

ample of the new "service at cost" plan, but we know nothing of the METAGAMA ARRIVES accounting of the Cleveland Street Railway business in the past, and were it a parallel of Postal Telegraphs, Brings Fifteen Hundred Passengers Inexpected that the people would be pleased with any change. We cannot say, now, after the Postal Telegraphs revelations, whether any of the calamity railway returns or radial regama has on board 1.530 passengers, including age.

Daylight Saving.

Daylight saving goes into effect in the United States hext week, as it did of Winnipeg; Lieut.-Col. F. H. MacB. Codville, in Britain on Sunday, and Canada ton, Ottawa; Lieut.-Col. A. W. Wincannot dislocate her relations with the D. Blake, of Toronto. rest of the world by lagging behind. Since last year, there have been some complaints, and a murmuring sound from some farmers who live near cities, and have to catch milk trains.
Unfortunately it is not the exceptional
jail for one month, being unable to cases in the social structure that have pay.

to be provided for, but the divine average. That average is all for daylight saving. Whether for health, amusement, economy, or general tion about the advantages of the daylight saving plan. A very serious item in social expense in Canada is the cost of light, whether provided by gas or electric power. The saving in this respect is very notable. It is not merely an individual or family saving, but a national one.

'It is understood that the railways in Canada will conform to the United States standard. It would scarcely be possible for them to do otherwise. The telegraphs will follow the trains, and the newspapers must follow the telegraph companies. The farmers must adjust themselves to city engagements when they have undertaken such. Where they are not tied to any particular commercial routine there is no reason why they should not follow their own devices.

The government should arrange to put the clocks forward on the first Sunday in April, and save us the confusion that follows a mixed observance of the plan.

Legislation and Mining.

"Blue sky legislation" for mining companies is before the Ontario legislature. Laws of this nature have been passed in some American States and in Manitoba. The object to protect investors against unscrupulous promoters is commendable: but extreme care is necessary to prevent the development of natural resources. Proposed commercial undertakings are simple to scrutinize, and fakes are at home. easily culled. Not so, however, with mining issues. Mining is a long way It is this tendency on the part of from being an exact science and investors and speculators well know the hazards that attend all these ventures. Owing to the chances that ventures, it is difficult to get money The association of holders of pub- for prospecting and development. The

Dents Best All the Way-Dye on Bad Behavior

Dentals had no trouble in downing t. Patricks in their exhibition affray the Arena last night. The final was to 0, and will give the stay-at-homes idea of the play

at the Arena last night. The linar was an idea of the play.

The khaki clad squad had a smooth working attack all thru the heat and this is what made the victory possible. Babe Dye put the Saints in a bad hole and lost the friendship of the good crowd by hot-headed tactics early in the second period. Dye carned two penalties in the first period and in the second charged at Smylie and drove him into the boards. Referee Steve Vair ordered him off the ice for five minutes for this offence and as Dye was leaving the ice he heaved his stick at the official. The stick hit Vair over the legs and Vair went for Dye with his fists. They were separated and Dye banished from the game. Dye rightly earned his penalty, and there is no excuse for a player to attack an official. Vair lost his head by going for Dye with his fists, but the offence of the St. Patrick player would have earned him banishment from any game.

It is time that players learned to con-

game.

It is time that players learned to control themselves on the ice. In a regular league fixture Dye would come before the governing body for his actions.

The Dentals were without the services of Charlie Stewart in the net. Forbes, who has been ready to step in all season if needed, worked and put up a sterling performance. His work earned applause.

rushers.

Heffernan was the best for the Saints.
He worked like a horse all night, and
rushed repeatedly. The forwards only
checked in spots and fell down on their
combination. Crooks did some pretty

st. Patricks took a turn at the pressg, but couldn't score, Some stiff body
ork was the order, with the honors
bout even, Stan Brown retired early
ith a damaged ankle. Nothing further

was the order, and the period ended with Lentals leading, two goals to nil.

Dye's Silly Stuff.

The contest was over, as far as St. Patricks were concerned, early in the second period, when Dye kicked himself out of the game by rowdy tactics. It was a performance that left a bad taste in the mouth of the goodly number of spectators, and the kind & work that does the great winter pastime much harm. mouth of the goodly number of spectators, and the kind of work that does the great winter pastime much harm.

Dye charged Smylle into the boards, and Referee Vair thought the offence bad enough to order him off the ice for five minutes. As Dye was going to the penalty bench he threw his stick at Vair and hit him on the legs. Vair went after Dye with his fists, and in the melee his chest, thru which a snrapnel bullet in France plowed a deep furrow, was injured, and he retired for repairs. Dye was rightly ordered out of the contest for the night. Saints then were forced to finish the game five men against six.

Even before Dye puffed his fireworks the Dents were going in nicely and continued to check strongly. Dye's last trick was the third penalty of the game for this hot-headed youngster.

Playing five again six it was a hopeless job for the Saints, Cain and Hefferman rushed repeatedly, but couldn't get in. Up went the Dents and great work by Crook saved many dangerous situations.

tions.

Hudson worked in shot, and then shoved in the rubber before Crook could clear. Four minutes later Brown wiggled right up to the net and scored. The score when they rested the second time was 4 to 0.

The Dentals worked beautiful combination in the last session. They carried it in and then the passing was perfect. Waison was especially tricky and gave Crook some hard work. Box did some grand rushing and Brown ran him a close second.

The Saints hadn't the team-play and

Niagara Falls Won Game,

And Listowel Championship

Hamilton, March 24.—Listowel won the senior Northern League championship here tonight deepite the fact Niagara Falls won the game by a score of five to four. The round was in favor of Listowel by five goals as they cap tured the first game played by 9 to 3.

The game was a slight improvement over the previous battles, and the Nlagara Falls aggregation displayed some real stick handling. In the first and second periods they had it on Listowel, but in the third period the round winners showed a reversal of form and ran in three goals. Only the good work of Dwyer kept the score down.

For, Listowel, Root and Kelly were the shining lights, while for Niagara Falls Dwyer was the star.

At Stampford Bridge

London, March 24.—When the American syndicate began to exploit baseball last summer, it frankly declared it was going to fire a torpedo at circket. "We are going to wake you Britishers up and sive you a real exciting game," its members declared.

But the first shot rather missed fire. Now a second shot is to be almed at cricket thas summer, and a third one will remain in the locker to be fired in 1920. The syndicate started with a three years' financial backing, and it is evidently its intention to persevere until the end of the original scheme. It has begun by capturing one of the best grounds in London.

This is Stamford Bridge the home of the Chelsea Football Club, It has a fine cinder track, and for many years it has been the battleground of the amateur athletic championships. Now baseball last will not be easy. The American colony in London, which numbers about 2000 in ordinary times, supported baseball last summer, it fankly are going to wa

Whiteman Returns With Unique Record

the International League. He returns with a record seldom equaled in the national pastime. His lone year in the big show saw him achieve the ambition of all ball players. It was enough to enable him to be a world series hero. He crowded plenty into his short life in the major leagues. Many a star would be content to drop out of the big circuit if he could gain even the temporary fame that has been Whiteman's.

While they come and go fast in baseball, there has seldom been a change up and down as rapid as that of the veteran minor leaguer. A world's series star last year, this season will find him working again with us in the minors; and at Whiteman's age there is little chance that he will get back to the majors again. But, wherever he goes, and as long as he remains in the game, Whiteman will be known as the man who brought the 1918 world's championship to the Red Sox.

Beaches League Close Hockey Season Tonight

Dents Opened Nicely.

The Dentals clearly outplayed the Saints in the first period. The tooth-carpenters were much better on the attack, and the forwards checked from goal to goal. Crook pulled off some sensational saves in the first ten minutes, with Watson and Smylie getting close in before they took a poke at the pictures. The Saints' efforts had no system to them, but Heffernan and Cain were doing great work blocking the Dental attack.

Smylie got clean thru to take a pass, and Cain threw his stick and saved the fort. He was rightly benched, but it was a costly penalty when the Dents ran in two. Hudson broke thru, grabbed a pass and shot. Smylie closed and batted in the rebound. A minute later McCaffery sailed down, faked a pass to the wing, and scored with a shot from between the defence.

St. Patricks took a turn at the press-

Queen's to Clean Up McGill and Varsity

Kingston, March 24.—The financial statement of Queen's University Athletic Committee showed a balance of two thousand five hundred dollars. It was decided that a coach and trainer would be secured this season. Jack Hazelett agreed to continue as secretary-treasurer until a successor is appointed.

The students are determined that 1919 will bring great planning to make a determined effort to gain the honors which have so often slipped out of their grasp. To compete successfully with McGill and Varsity a paid coach and a rigid system of training for the players was found necessary One of the points in the scheme is to have the players sleep and eat at Queen's under the direction of their coach during the season. An announcement as to the coach to be chosen will probably be made this week, and with it will come details of the plans for the future in hockey, rugby, fencing and other sports into which the local students will make a plunge to bring back the old reputation won in athletics by Queen's.

KNOTTY LEE AT BRANTFORD.

Brantford, March 24.—Manager Knotty Lee is in the city today conferring with the Brantford Club officials in connection with the opening of the training season in this city. The players will probably report here April 20, and the team should be down to work by May 1. Knotty stated this afternoon that he has lines out for a good pitching staff, but has not definitely closed for a number of players and does not wish to state yet who they are.

BASEBALL GOSSIP.

James Delahanty, 76, whose six sons, Edward, Tom, Joseph, James, Frank and William, won fame as professional base-ball players, died in Cleveland recently. J. F. Dean, who was business agent for the Leafs when Joe Kelley was manager, is in the city at present, manager of the Tiger Rose Co. at the Princess.

After batting practice, McGraw lined up his 1919 model infield for the firstime. Hal Chase was on first base, Doyle on second, Fletcher short, and Zimmerman third. Chase looked mighty familiar prancing around the first bag in a New York uniform. To make it look like old times, he wore the same red flannel undershirt, which invariably was a part of Hal's equipment during his Yankee years on the hill top.

Why Not Try Letters From Satisfied Letters From Satisfied B'Well?

It Makes People Feel Well

B'Well is a medicine that assists na-

twenty or thirty feet long.

B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and com-plaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot re-main if you take this medicine for a time, and it will surely make you feel fine.

this matter we propose he shall take such action as the circumstances warrant.

Mr. Proudfoot: Yes; but will that come under this commission?

Premier Hearst: Yes; that will all come under this commission.

He repeated the announcement of submitting the accounts of the license department to public investigation which was again applauded.

Mr. Proudfoot: I would like to know from the premier whether there is truth in the report that Mr. Ayearst has resigned.

Premier Hearst: I have already said that Mr. Ayearst has been suspended pending the investigation.

Mr. Proudfoot: I heard that. But what I asked was has he resigned?

Premier Hearst: I do not know anything about that.

Hon. Mr. McGarry brought in a motion for submittion of the license department accounts which was agaried.

"That in reconstruction in this country does not imply the rebuilding of anything material that has been destroyed, but signifies the bettering of the conditions under which the people of Canada. Itve.

"And this house would therefore impress upon the government the necessity for passing remedial legislature will mee' on April 2, and under the present status will expire April 30. It is considered probable that a bill will be passed to extend the life of the legislative body for some time in order to take care of necessary business.

Are Now Trying the Leaders In Young Turk Movement withing about that.

Mr. McDonald gives notice of the former Turkish statesmen have been summoned to appear in court. Arrests of Young Turk leaders still continue.

The economic stitution in this country does not imply the rebuilding of all that has been destroyed, but signifies, the bettering of the conditions under which the people of the government the necessity for passing remedial legislation providing for such matters as a fair wage, fair prices for the propose of the late of the legislative body for some time in order to take care of necessary business.

In Young Turk is leaders of the former Turkish statesmen have been summoned to appear in court. Arr

thing about that.

Hen. Mr. McGarry brought in a motion for submittion of the license department accounts which was carried without comment.

Private Bills.

In the legislature yesterday a number of private bills got thru the report stage in committee of the whole.

Hen. Mr. McGarry, answering a question by Mr. Plinard, said the total of the bank balance to the credit of the government on Dec. 31, 1918, for current account, was \$227,055, and for special deposit bearing interest, \$2,775,000, as compared with \$1,395,-244 and \$2,800,600, respectively, on the corresponding day of the treasurer's preceding statement.

Mr. Atkinson gives notice of the following resolution:

That in the opinion of this house the government introduce legislature to conform with the representation of Ontario in the federal parliament is highly desirable; and that this house would therefore and that this house would therefore the government the amendment of the representation act so as to effect this desirable reform.

On the motion of Premier Hearst, the masses."

Mr. Atkinson gives notice of the following resolution:

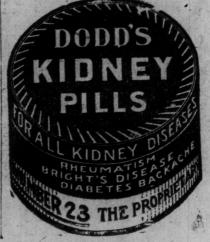

"That in the opinion of this house the government introduce legislative assembly adjourned yesterday till Wednesday afternoon to allow the members to attend the funeral of the late Hon. W. J. Hanna today at Sarnia.

Toronto conference.

Rev. Dr. Chown has called the transfer committee of the Methodist general conference to meet at the Wesley Building, Toronto, on Wednesday, April 9. The committee will decide upon the application of a number of ministers to leave their conference boundaries to accent calls to congreboundaries to accept calls to congregations in other conferences. All acceptances are subject to the approval of the transfer committee, also of the conference in which the working congregations are located.

Sale of Restaurant Ends in Chinamen's Arrest for Theft

Wong Gock was arrested at Cochrane last night for the Toronto police on a charge of theft. Gock is charged with stealing \$230 in money and a suit case and clothing from John Ging of 10a Elizabeth street.

Gock is alleged to have received \$230 from Ging as a deposit on the sale of a West Queen street, restaurant. This was on March 12. After taking the money Gock took Ging to a theatre. While in the show Gock complaced of being ill and walking to the back of the theatre went out and returning to the restaurant took Ging's suitoase and left the city. Detective Taylor will leave this morning for Cochrane to bring the Chinaman back

BUSINESS TOO GOOD TO NEED A BOOST

Manufacturers Unanimous in Declaring That Conditions Are Excellent.

How is business? This question, out by a World reporter to a few of the big retailers on Yonge street, rerealed a very satisfactory state of af-

fairs.

"Business is so good," said one,
"that it doesn't need a boost. We are
getting more business today than we
even got, and getting it more easily.
Of course, no one can foretell what
conditions will be, but there is no
reason to anticipate anything but
steady growth."

Declars in money obthing are the

Dealers in men's clothing are un-usually busy, owing to the demand created by men from overseas return-

ing to civil life.
"Our main trouble," said one yeshouse in Bloor street yesterday, for the first time since her marriage, when she was looking very pretty in pale terra cotta ninon over satin with a diamond pendent on a fine gold

cloth and manufactured woollen goods, While that will make a considerable demand on raw material it will put a lot of money in the pockets of Cana-

home in June.

Major Wright announced that he was to speak on war and commercial flying, but hinted that the audience would be glad to hear some of the ace's personal experiences. Loud cheers greeted this and the hint was accepted, Col. Collishaw describing some of his own adventures for the hour his address occupied. At the close the big gathering rose and cheered lustily.

Col. Collishaw revealed a few confidences, one of which, gleaned, he said, from talks with French and other officers at the front, was to the effect that it was an open secret that

LICHTEN YOU

Comfort and convenience count on washday, perhaps more than on any other day of the week. Anything that will lighten the work is doubly welcome then.

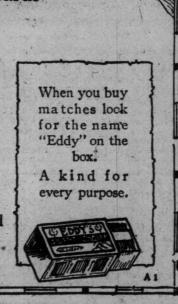

EDDY'S INDURATED FIBREWARE Wash Tubs and Washboards

are labor lighteners. They save time and strength. Incidentally they cost no more. Eddy's Fibre wash-tubs are easy to .. ft and easy to carry. They keep the water hot a long time because they do not radiate heat as galvanized iron or tin will do. They cannot leak, because they are made in one piece, without joint or seam. And the cost is actually less because they will outlast several of the old-fashioned kinds of washtubs.

Eddy's Twin Beaver Washboards save time by the special crimp which loosens the dirt easily. A washing surface on each side gives them double the efficiency of the or-dinary washboard.

The E. B. EDDY CO. Limited **HULL**, Canada

Makers of the Famous Eddy's Matche

to the food you eat?

During digestion certain Nujol brings about a return kinds of food containing pro- to Nature's methods of supteins, such as meat, egg white, milk casein, wheat gluten, etc., are split into many different substances.

Some of these the body uses to rebuild damaged or dead tissues; some, however, are not only useless and harmful but in some cases actually poisonous. Regular, thorough bowel evacuation gets rid of the latter.

Constipation permits stagnation and absorption of these poisons into the blood, with injury to the whole body.

Taking castor oil, pills, salts, mineral waters, etc., in order to force the bowels to move does not-cannot cure constipation - but makes it worse.

On the other hand Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals. because Nujol is not a drug, does not act like any drug.

plying necessary lubrication of the bowel contents, by facilitating intestinal muscu-lar action, by absorbing poisonous matter, and thus securing necessary cleansing of the intestinal canal and protection of the defensive properties of the blood itself.

Nujol has no deleterious after effects, produces no bad habits, makes the bowels regular as clockwork.

Nujol is efficient at any age
—under any conditions—is satisfactory and safe.

How and Why Nujol overcomes constipation is described in an interesting and authoritative booklet, "Thirty Feet of Danger" free on request. Send for it and get a bottle of Nujol from your druggist today.

Nujol Laboratories STANDARD OIL CO. (NEW JERSEY) 50 Broadway, New York

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists in U. S. and Canada. Insist on Nujol. You may suffer from substitutes

Estate Notices.

ADMINISTRATRIX'S NOTICE TO CRE-ditors.—In the Matter of the Estate of Henry S. Anderson, Late of the City of Toronto, in the County of York, De-ceased.

NOTICE is hereby given, pursuant to the Revised Statutes of Ontario, 1914. Chapter 121, for all Creditors and others having claims against the estate of the said deceased, who died on or about the 23rd day of January, A.D. 1919, to send by post prepaid or deliver to Saunders, Torrance & Kingsmill, Room 54, Trusts & Guarantee Building, 120 Bay Street, in the City of Toronto, solicitors for Mrs. Leona Anderson, the Administratrix of the estate of the said deceased, their Christian and surnames, addresses and descriptions, and full particulars of their claims and statements of their accounts and the nature of the security, if any, held by them, duly verified.

And further take notice that after the said 31st day of March, 1919, the said Administratrix will proceed to distribute the estate of the said deceased amongst the persons entitled thereto, having regard only to the claims of which she ther shall have had notice, and that the said Administratrix will not be liable for the said estate or any part thereof to any person or persons of whose claim she shall not then have had notice.

SAUNDERS, TORRANCE & KINGSMILI.

120 Bay Street, Toronto, Solicitors for the Administratrix of the Said Estate. Dated this 19th day of March, 1919.

NOTICE is hereby given that all persons having claims against the estate of Sophia Ann Helliwell, widow, 11 Dundonald Street, who died January 24th, A.D. 1919, at Toronto, County of York, are required to send to the undersigned before April 8th, 1919, particulars of their claim, After the said date the Executors will distribute the assets amongst those entitled, having regard to the claims only of which they then have notice, ROWAN, SOMMERVILLE, NEWMAN & HATTIN, 59 Victoria Street, Toronto, Solicitors for the Executors, the Toronto General Trusts Corporation.

AND THE COUNTY OF THE COUNTY O

ADMINISTRATOR'S NOTICE TO CRED-itors and Others.—In the Estate of Robert Dunlop, Late of the City of To-ronto, in the County of York, Military Officer, Deceased.

Who died on or about the 7th day of September, 1918, on the field of battle, for the honor of his country, and all others having claims against or entitled to share in the estate, are hereby notified to send by post, prepaid, or otherwise deliver, to the undersigned Administrator, on or before the 18th day of April, 1919, their Christian and surnames, addresses and descriptions, and full particulars of their claims, accounts or interest, and the nature of the securities, if any, held by them. Immediately after the said 16th day of April, 1919, the assets of the said intestate will be distributed amongst the parties entitled thereto, having regard only to the claims or interest of which the Administrator shall then have notice, and all others will be excluded from the said distribution,

SAMUEL M. DUNLOP,
Newmarket, Ont.

Toronto, his Solicitors herein.
Dated at Toronto, this 24th day of
March, 1919.

Tenders.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Vault Lining, Doors and Lockers, Assistant Receiver-General's Office, Toronto," will be received until 12 o'clock noon, Tuesday, 1st April, 1919, for Vault Lining, Doors and Lockers, Assistant Receiver-General's Office, Toronto, Ont.

Plans and specification can be seen and forms of tender obtained, at the office of the Chief Architect, Department of Public Works, Ottawa, and of the Superintendent of Dominion Buildings, Postal Station "F." Yonge Street, Toronto, and of the Overseer of Dominion Buildings, Central Postoffice, Montreal, P.Q.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques, if required to make up an odd amount.

By order,

BEAVER REMAINS IN BRISK DEMAND

Wasapika Sells at Highest Price on Record—Adanac Is Lower.

W York, March 24.—The uneven and course which marked today's dull market, was attributed not so to the impending recess as to the led conditions in Europe ns that events in Central persistency with which floor trading might necessitate radical changes is being carried on. On the whole, stocks were steady to firm, but there were some conspicuously weak spots,

each. As for Wasapika, it broke into new ground by selling at 53, half a point higher than ever before, and the closing was at the top. Believers in the merits of the eWst Shining Tree district are expecting great things of Wasapika during the coming months. The break of 2½ points in Vipond to 21½ was indicative of the temporary withdrawal of market support. Teck-Hughes sold off from 28 to 25, but as this stock has long been rated an inconsistent performer, the break attracted comparatively little attention. Davidson was easier at 70, but in view of sustained advance in this issue, the reaction of a point from the high of

Eight again tendency in the New York article appeared to have little effect on might here today. The market was arrower, but the stocks traded in reaction of a point from the high of the movement was hardly disconcerting. Kirkland Lake at 48 was also off a point and there were lesser reaction, larger blocks of the movement was hardly disconcerting. Kirkland Lake at 48 was also off a point and there were lesser reactions in Dome Extension at 26 3-4. Keora at 211-2, and Thompson-Krist at plent prices. The total trading as about on a par with the average day at 71-4.

Hollinger was in good demand at 6.30, around which level it has been diliving for some weeks. The liquid surplus of the Hollinger is now growname the previous closing price in February and closed at 73, a net loss of 4½ dats, Steel of Canada was the only tack to show a decline of more than a section. Opening at 64½, that issue 4 down one point to 63½, with closs bid off a further fraction to 63. Domino also was weaker, in sympath by the decline in the seel stocks at York, declining a small fraction to 63. Domino also was weaker, in sympath by the decline in the seel stocks at the stronger bonds. In the unlisteds, arentide Power sagged a small fraction to 63. Leading was firm to strong, with a single, large block of stock, bought considerably under the present price was the first declaration of the stronger bonds. STEELS NEGLECTED IN LOCAL MARKET

Mackay Is Offered Down Sharply - Cement Sells Slightly Lower,

Stocks for the most part moved within a narrow range on the Toron-to exchange yesterday, and small gains and losses were scattered thru the list. The neglect of the steel stocks is made evident when it is stated that the only dealings in this group consisted of five shares of Steel of Canada preferred. There was some little activity, however, in Cement, Maple Leaf, Barcelona and the Steamship issues. The first named moved between 65 and 65%, closing at the latter figure, a decline from Bid. Saturday of %. Maple Leaf showed a strong tendency in the morning, when 3472 it sold as high as 1391/2 for a broken lot, but it sagged in the afternoon to 138½, reducing the net gain to half 2634 2472 12.90 2 2 6.20 2 3 6.20 2 4 point. Steamships was a shade firmer at 44, and the preferred continued in fair demand at 77½, unchanged. Braz'lian was stationary at 53½, but Barcelona sold off ¼ to 9¾. Mackay was not dealt in, but was offered down to 76, with 74 bid, as an

aftermath of the dismissal of Clarence Mackay as head of the company by the United States government. The armouncement at the F. N. Burt annual meeting that the dividend would be raised from 6 to 8 per cent. had evidently been discounted, as the price of the stock fose only ¼ in the afternoon to 83%. Publication of an excellent statement of earnings for the past year did not stimulate buying of Canadian General Electric, the stock remaining on offer at 102, with 1014

The Victory issue of 1933 was the only active member of the war loan group. This loan showed firmness at 104%, with 104% as the closing bid. The day's transactions: Shares, 1830; mines, 200; war loans, \$203,600.

ON NEW YORK CURB.

Hamilton B. Wills received the following wire at the close of the New York Curb Market yesterday: The gene ral market exhibited a strong undertone today notwithstanding the fact that considerable profit taking was in evidence in some of the oils, which scored substantial advances last week. Sinclair Gulf continued in active demand and advanced to new high record prices, Cosden and Company was in excellent demand, while Glenrock, Elk Basin and Northwest were steady. Midwest Oil and Boston and Wyoming, however, were unable to resist the pressure of profit taking sales, and declined fractionally. Gold Zone, which has scored a sensational rise during the past month, advanced sharply to above the 70 cent.

DOUBLED IN PRICE

WASAPIKA is now selling for about 50c per share. All our clients who took our advice and bought WASAPIKA have made

WASAPIKA, we believe, is at a crucial stage in its development. With-in the next few months rapid strides will be made in the bringing of this property to the producing stage.

A full staff of men is at work, and we are convinced that if the market is to keep step with the development, much higher prices for WASA-PIKA are in store.

We Strongly Advise the Purchase of Wasapika for Investment Write us for details. Also for our WEEKLY MARKET LETTER, which will keep you posted on the active mining issues.
