RAILWAYS' VIEWS CATARACT COON OF COMING YEAR

Expect Business To Be
About Same as In
1907—No Losses
Expected
Here.

NEW YORK, Jan. 5.—(Special).—The Railway Gazette has been sounding the managements of the various railways on the outlook for 1908. Of 42 detailed answers 16 are clearly and definitely optimistic; 14 indicate a belief that a more or less protracted period of mild depression is ahead; 12 anticipate severe depression.

The replies from Canadian authorities to the questions "How does the general railroad outlook for 1908 appear to you compared with the outlook a year ago at this time? Is business going to remain good in your territory, or do you anticipate a mild or a severe period of mild depression?" were:

"While the crops this year have not been as large as the years immediately preceding, they are still above the average, and the demand from foreign countries and high prices existing will net the farmers quite as much money as their larger output of preceding years, although there will not be as much grain for the railroads to haul. While, therefore, there will be some decrease in earnings in this direction and some general falling off as the result of the financial situation, I look for a fair business for the year 1908."

(Signed) Vice-President.

"The traffic in 1908 will be just about the same as it was last year."

(Signed) General Manager.

To a question as to whether, if gross earnings are less, operating expenses could be reduced so that there would be little or no net loss, one of the two big Canadian roads replied thru its vice-president:

"I think that a lesser volume of traffic, with the labor situation more amenable to control than has been the case in late years, should enable us to prevent much of a loss in net. We do not expect to curtail any of our regular expenditures for maintenance of this property. Labor is 10 per cent or 15 per cent higher than last December. Material about the same."

Asked as to the increase, if any, expected in taxes, the same official replied: "Taxes will be about the same as last year, and to the question, 'Is local popular feeling in your territory as much or more anti-railroad and anti-corporation than it was last December?' Do you see any sign of reaction towards a kinder feeling?" he answered:

"I have not noted any particular change."

ORDEAL FOR EVELYN THAW.

Jerome Has Prepared to Batter Down Her Evidence.

NEW YORK, Jan. 5.—On the eve of the second trial of Harry K. Thaw, which will begin to-morrow before Judge Victor Dowling of the supreme court, comes the report that District Attorney Jerome may attempt to bar the testimony of Mrs. Evelyn Nesbit Thaw, wife of the accused.

If her story is deemed admissible by Justice Dowling, it is declared to be cross-examination to which she will be subjected will be far more severe even than the first one.

Assistant District Attorney Carvan spent several hours abroad last summer, and covered much of the ground included in the travels of Harry Thaw and Evelyn Nesbit during the trip abroad which preceded their marriage; and it is said Mr. Jerome will be able to confront her with incidents of the European trips not hinted at in the first hearing.

USED A REVOLVER.

John Morrison, Crazed With Liquor, Fired Two Shots.

In delirium, John Morrison, 89 DeForest street, fired two shots at James Madden, 238 Niagara street, at midnight last night. He was locked up in No. 3 station, charged with shooting with intent.

Morrison had been drinking for several days. He got into the cellar at his home just before midnight and tried to shoot anyone coming near him. Later he went out into the street and shot at Madden, who was trying to pacify him.

COBALT COMPANY TANGLE.

LONDON, Jan. 5.—(C.A.P. Cable).—The Financial News points out that there is no news that Sir F. Borden has resigned the directorship which the London secretary alleges he held in Canada of the Consolidated Cobalt, and says it is in the highest degree desirable to know what Mr. Borden has to say on the subject so as to enable the shareholders to get the facts from the responsible parties.

FIGHT ST. PATRICK'S DAY.

LONDON, Jan. 5.—(C.A.P. Cable).—Tommy Burns will probably meet Jim Ross on March 12. The principals meet to-morrow.

CATARACT COON CLIMBS DOWN THE TREE

HAMILTON, Jan. 5.—(Special).—The Hydro-Electric power has already brought the Cataract Power Company off their perch in desperation to defeat the cheap power bylaws.

The Cataract Power Company sent an offer to Mayor Stewart Saturday to supply power for the waterworks pumps at \$16 a horsepower.

Their best offer up till now, when the passing of the bylaws was imminent, was almost three times that rate, or \$43.80.

This is the most powerful argument advanced during the campaign as to what competition will do. The passing of the bylaws means not only that the city will save about \$25,000 a year on power for street lighting and pumping, but will cut the general lighting and power rates in two.

GIVE UP HOPE OF MOUNT ROYAL

If Still Afloat the People on Board Must Be in a Terrible Plight.

HALIFAX, N.S., Jan. 5.—Up to midnight there is still no word of the missing C.P.R. steamer Mount Royal and almost all hope for her safety has been abandoned.

Even if still afloat, the last of her coal and provisions must be now reached, and the situation of the four hundred passengers and crew must be desperate.

One theory among shipping men here which would account for the loss of the Mount Royal is that the liner may have got out of her course and possibly struck an iceberg and gone down at once with all hands.

Public sentiment generally expressed is that either a warship or some other vessel should be sent at once in search as was done several years ago when the Allan liner Huronian went astray.

HANLAN INCOMPARABLE.

Stands on a Height From Which Defeat Could Not Remove Him.

LONDON, Jan. 5.—(C.A.P. Cable).—The Morning Post says of Hanlan that his style was incomparable and his watersmanship perfect.

Old Blue, in The Telegraph, says he stood alone among professional scullers upon a height from where no defeat could ever remove him. Probably no sculling boat ever moved faster than his.

The principles of true sliding, which he first employed, are the principles which must underlie all first-rate watersmanship to-day.

Plunges Knife in Wife's Heart.

EASTON, Pa., Jan. 5.—Frank Smith, son of City Controller Chester Smith, to-day murdered his wife and then attempted to commit suicide. Smith and his wife had been separated for some time.

He stole to the room she occupied and plunged a carving knife into his wife's heart. Going to his father's residence, Smith related the details of the crime, and then attempted to kill himself by gashing his throat and abdomen.

IMAGINATION KILLED HIM.

NEW YORK, Jan. 5.—Christian Henry is dead at the King's County Hospital of pure imagination, the doctors say. Henry had been expecting to move to a new home for four years, finally worried himself into all the symptoms and expired just as those who really have the disease. The autopsy to-day showed he did not have rabies at all, however. The physicians pronounce his case one of the most remarkable on record. They attribute death to complete nervous collapse and a queer form of brain disease.

Henry's pet dog was bitten by a rabid animal four years ago. There were no indications that the dog had hydrophobia.

BANKS TO UNITE CROWN WITH NORTHERN

New Stock Will Retire Old Dollar for Dollar—Head Office Will be in City of Winnipeg.

The amalgamation of the Crown Bank of Canada, with head offices in Toronto, and the Northern Bank of Winnipeg, as announced in The Sunday World, was favorably commented upon by banking men yesterday, who gave it as an opinion that the merger will result in a very strong institution.

That it has been brought about is due to the fact—a most unusual one—that the two general managers concerned are brothers. Both have had a sound banking education. J. W. de Courcy O'Grady of the Northern having been thirty years with the Bank of Commerce, and G. de Courcy O'Grady of the Crown twenty-seven years with the same institution.

The Northern, which has been in business three years, has a capitalization of \$6,000,000, an increase of \$4,000,000 having been granted during the last year. The Crown, in business two years, has \$2,000,000 capitalization. The Northern has half a hundred branches west of Lake Superior, including offices in all the large western cities, and the Crown has twenty-five branches in Ontario.

"We wanted to extend our business into the west, and they wanted to come east into Ontario, and by this amalgamation both objects are achieved in the most favorable way," said Mr. O'Grady last evening.

The name of the new bank will be the Northern Crown Bank, and shares will be issued to the shareholders of both the banks dollar for dollar. Both bank stocks sold originally at the same price—110. The combined paid-up capital under the merger is about \$2,200,000. This will be increased to \$3,000,000.

The general office will be in Winnipeg, and this will be the first bank to select the Prairie City for its headquarters. J. W. de Courcy O'Grady will become general manager, with G. de Courcy O'Grady assistant general manager, with headquarters in Toronto. Mr. Daniel McMillan, lieutenant-governor of Manitoba, president of the Northern Bank, will become president of the new bank, and the vice-president will be the resident of Toronto. There will be practically two directorates, one meeting in Winnipeg and the other in Toronto.

According to the November bank statement, issued at Ottawa, the authorized capital of the Crown Bank is \$2,000,000; paid up, \$957,435; last rate of dividend, 4 per cent; amount of notes in circulation, \$688,655; deposits by public, \$3,188,356.

The Northern Bank capitalization is \$5,000,000; amount paid up, \$1,239,215; last dividend rate, 5 per cent; notes in circulation, \$1,124,875; deposits by public, \$3,788,084.

The Crown Bank directorate is: President, Edward Gurney; vice-president, Charles Magee (Ottawa); directors, Charles Adams, Lieut.-Col. J. H. Burland (Montreal), J. L. Coffey, R. Y. Ellis, John McGill (Brockville), Lieut. McMillan (Woodstock), Edward Tilden (Chicago).

The Northern Bank directorate is: President, Sir Daniel McMillan; vice-president, Capt. William Robinson; directors, A. J. Adamson, M.P.; James H. Ashdown, D. C. Cameron, Hon. W. F. G. McLeod, J. A. McLeod, Fred Nation, J. W. de Courcy O'Grady, Hon. R. P. Roblin, Fred W. Stobart and A. Stamford White.

Both directorates have offered to serve for the first year if desired. The shareholders of the Northern Bank met on Feb. 5, and of the Crown Bank on Feb. 7.

REPUBLIC OF EGYPT.

Watchword of a New Party—Republican Nationalists.

CAIRO, Jan. 5.—The "Republic of Egypt" is a new idea in politics, but the name has a strange air, and sounds more strangely still, it is none the less the watchword of a new party, who are styling themselves Republican Nationalists.

Their manifesto is not yet proclaimed, but it is being drawn up, apparently at secret conclaves held in one or another of the international clubs in Cairo. Meanwhile those who might fear that the rising Republicans intend emulating the deeds of the mountebank, or of Robespierre, are reassured by a moving spirit of the new republic. In a letter to the press he states that the aims of the party will be to diffuse in Egypt the ideal of an Egyptian Republic.

SAILING SCHOONER WRECKED.

HALIFAX, N.S., Jan. 5.—(Special).—A cable message to-day to the owners here of the sailing schooner, the "Baden-Powell," and the loss of the entire cargo. The crew were saved. The vessel was valued at \$500.

Smallpox at Brockville.

BROCKVILLE, Jan. 5.—(Special).—Three new cases of smallpox came to light to-day.

CHICAGO POLICE TO SHOOT QUICK

An Epidemic of Serious Crimes Results in Efforts to Sweep City Clean.

CHICAGO, Jan. 5.—At the end of 48 of the bloodiest hours Chicago has known, Chief of Police Shippy last night issued sweeping orders to clear the city of every criminal. Commanding officers read the instructions at the 46 stations and supplemented them with advice to "shoot quick" if a suspect makes a bad move.

Seeking explanation for the wave of crime Chief Shippy thinks he has discovered that Chicago's most desperate criminals are boys or young men, mostly cut out of their teens. Of 62 hold-up men whose exploits have terrorized keepers of small stores and saloons within the past week and perhaps 100 in other robberies, nearly every bandit has been a youth.

Their graduation has been through slum homes, corner saloons, neighborhood cigar stores and pool rooms. Their text books have been sporting sheets and score cards. Agitation of the day has made them think all rich men are criminals who escape imprisonment at will.

Large sections of the city are in a state of terror because of frequently recurring crimes of violence. Women, and in some districts even men, are afraid to venture out at night. The remarkable conditions are compared with those existing in medieval London when there were no policemen and highwaymen infested the streets.

Two patrolmen killed by criminals, two robbers mortally wounded, two double murders and suicides terrorized, with the result that both will prove successful as soon as the victims that are now lingering die and another murder are recorded within two days. Two hundred suspects have been taken into custody to check the epidemic of crime. Fully one-half of this number are said to be criminals who would shoot in defence of their liberty.

ST. JOHN EXPORTS.

Eighteen Steamers Carried Goods Valued at \$3,754,418.

ST. JOHN, N. B., Jan. 5.—(Special).—Up to last night there had been filed at the custom house cargoes for 18 steamships, taking away Canadian goods valued at \$2,757,282, and foreign goods valued at \$97,136, making a total of \$3,754,418. Shipments of wheat by the above vessels consisted of 1,107,312 bushels, valued at \$1,142,225.

The Donaldson Line steamer Salasia, for Glasgow, took away Canadian goods valued at \$12,150, and foreign goods valued at \$12,325, making a total of \$14,475.

LAW BREAKING LUCRATIVE AND SAFE.

NEW YORK, Jan. 5.—In his annual report Police Commissioner Bingham says:

"Law-breaking is the easiest and most lucrative business in New York. Its profits for slight efforts are enormous. Law-breaking has been able to entrench itself behind so strong a rampart of legislation and highly paid lawyers that the forces of law and order are placed in the astonishing position of being actually on the defensive as against law-breakers. The crooks and their political friends use the courts to baffle the efforts of the forces of law and order."

BRITISH ARMY OFFICER
MEETS DEATH UNDER CAR

Lt.-Col. John Cauley, With War Record, Killed in Buffalo—Lived in Toronto.

BUFFALO, N.Y., Jan. 5.—(Special).—Lieut.-Col. John Cauley, 53 years old, a retired British army officer, who made his winter home at the Grand Union Hotel, Toronto, was instantly killed this afternoon by a street car. He had alighted from a car on his way to the home of John M. Provost, where his two daughters, students at the Technical High School, are guests.

He did not hear a car coming in the opposite direction, and was struck with terrific force. Death was instantaneous, his head being crushed and body mangled, being carried 130 feet on the fender of the car.

Col. Cauley fought thru campaigns in India and Egypt, was with Kitchener at Khartoum, and with Lord Roberts in the Boer war.

The body will be shipped to a brother in Baltimore for burial.

Colonel Cauley left Toronto for Buffalo on Friday last to visit his daughters. He had been living at the Grand Union Hotel and on since he left his summer home at Minneapolis, Minn., where he had a summer home. His wife and only son are at present in England. He was known in local military circles.

PRESS PRAISES HANLAN.

LONDON, Jan. 5.—(C.A.P. Cable).—The press of Great Britain does justice to the memory of Hanlan, paying tribute to his powers in a warm, sympathetic fashion.

GENERAL BOOTH DENIES.

LONDON, Jan. 5.—(C.A.P. Cable).—General Booth, speaking at Liverpool, ridiculed the allegations that emigrants were starving in Canada. Not a hundred of the 3,000 the army had sent were unemployed.

SHE TRUSTED BROKE REIDS

One Twin Got Watch and Cash—Second Arrested Too.

John Reid, aged 11, and Robert Reid, aged 14, twin brothers, who live in Davisville, were arrested Saturday night by Detective Moffatt, charged with the theft of \$10 and a gold watch from Mrs. J. McKerrrow, 12 Catharine street.

Last Monday the twins came down Yonge street crying and begging for money. They had been treated badly at home by a cruel stepmother, was the story they told. Mrs. McKerrrow took the boys home and fed and clothed them. On New Year's Day she took Robert down to see J. J. Kelso and thence to a home at St. College street. When she got home John was gone and so was a watch and two five dollar bills. John said he took the money, but Robert had the watch. Robert, in the meantime had been taken home by his father. When the detective arrived he told him that he had thrown away the timepiece because it would not go. The boys were sent to the shelter.

For attempting to rob James Gardner in the Albion Hotel Saturday night, Arthur Reid, aged 26, 9 Mutual street, and his brother, Harry Reid, aged 22, no address, were arrested by P. C. Armstrong and locked up in No. 1 station. Gardner had no money on him.

LAVAL MEMORIAL.

New Unitarian Church at Montreal Dedicated.

MONTREAL, Jan. 5.—(Special).—A letter was read in the Roman Catholic churches here to-day authorizing a collection next Sunday in aid of the memorial at Quebec in memory of Mgr. Laval, first Bishop of Quebec.

The dedication of the new Unitarian Church, Sherbrooke street, which cost \$100,000, took place to-day. Rev. Dr. Elliot, son of President Elliot of Farnborough, presided in the morning, and Rev. Dr. De Normandie, Boston, in the evening.

BELLELEVILLE'S GAS PLANT PROFITABLE.

BELLELEVILLE, Jan. 5.—The Belleville gas works is a municipal enterprise, and a statement just issued for the first eleven months of 1907 shows that, by sales of gas, coke, tar, etc., the works made a profit of \$10,370.93 in the eleven months, leaving aside extraordinary expenditures.

A FATEFUL DAY.

To-day vying on local official by-laws will take place in 96 municipalities in this province. The temperance men are full of confidence.

Drowned While Drunk.

ST. JOHN, N.B., Jan. 5.—(Special).—The body of John Dwyer, a fireman on the steamer Shenandoah, was found in the harbor yesterday. He was drowned while drunk.

BOMB EXPLODED IN KANSAS BANK

3 Persons Injured and Building Damaged—Customers Are Seized with Panic.

KANSAS CITY, Jan. 4.—The explosion of a bomb at noon to-day in the basement of the magnificent three-story marble building at the northeast corner of Tenth and Baltimore, occupied by the First National Bank and other offices, caused some damage and resulted in a semi-panic among the scores of customers in the banking rooms.

Three persons were injured: Elbert Ward, negro porter in the bank, condition serious; Logan Wilson, bank clerk, rendered unconscious, will recover; J. Donaldson, bank clerk, out by falling galleter, superintendent of the fire insurance patrol, who was in the banking rooms at the time of the explosion, and E. F. Swinney, president of the bank, are authority for the statement that the explosion was the result of a bomb set off by some persons unknown to them. Neither was able to give any cause for the commission of the act. The bank was crowded with customers at the time, these, together with the employees, numbering about 200 persons. A panic ensued and there was a wild scramble for the doors.

The First National Bank building was one of the most beautiful structures in the city. It was finished last year, and cost close to \$1,000,000. The main floor was occupied by the bank, which is the largest financial institution in Kansas City. The two upper stories are occupied principally by real estate and law firms.

Investigation developed the fact that a bomb had been placed in a toilet-room in the second story corridor of the basement, 20 feet from the main vault. The toilet-room was 18x20 feet square, and was separated from the adjoining room by a 3-inch plaster partition. This partition was supported by a steel post. The bomb struck this post with such force as to bend the steel post out of perpendicular, wreck the partition and plumbing, and send a cloud of dust up the wide stairway leading to the banking rooms. The building was shaken as if by an earthquake.

The explosion was felt in all parts of the city.

HOW IS BANNERMAN?

Two London Correspondents Differ as to His Health.

According to the "Special London Cable" of The New York World the resignation of Premier Campbell-Bannerman "appears to be imminent." The correspondent "hears from a high authority" that within the last week the premier notified his cabinet colleagues that his doctors earnestly advise him against attempting to resume the labors and responsibilities of the premiership. The physicians have diagnosed the premier's malady as dilation of the heart, and declare that excitement or worry is calculated to bring on a seizure, attended with the gravest of consequences. The premier benefited somewhat from the change to Biarritz, he still looks and feels feeble.

The New York Evening Mail also has a London correspondent who cables that: "The prime minister is described from Biarritz as in his best fighting form. Talk of his promotion or retirement to the house of lords is in abeyance. His health is much improved, and what was diagnosed at Bristol as a heart malady is now understood to have been merely a bad attack of indigestion."

PROSPEROUS FARMER SUICIDES.

Lifelong Body Found Hanging From Beam in Barn.

PORT HOPE, Jan. 4.—Richard N. Smith, one of the most prosperous farmers in the Township of Hope, committed suicide this morning at Starkville.

Mr. Smith left the house about 9 o'clock to do the chores, and not returning at the usual hour, his son went to look for him and was horrified to find his lifeless body hanging from one of the beams in the barn. Coroner McKenzie of Newtonville has been notified and will conduct an investigation.

Mr. Smith lived at Starkville and was well known and highly respected. He was comfortably situated, owning his farm of 300 acres. A widow, one daughter and one son survive.

Great Game

Score 3 to 6

The opening games of the Officers' In-

The opening games of the Officers' In-

A fair crowd of spectators, who liberally applauded the many good plays which were made during the evening. The first game, between the Q. O. R. and the R. G. Grenadiers, was won quite easily by the Queen's Own in five minutes by the score of 10-0. The R. G. Grenadiers were not so well off and was never in difficulty, being well supported by his team-mates. The Grenadiers were not so well off and was never in difficulty, being well supported by his team-mates. The Grenadiers were not so well off and was never in difficulty, being well supported by his team-mates. The Grenadiers were not so well off and was never in difficulty, being well supported by his team-mates.

Royal Canadian Bicycle Club.
The regular monthly meeting of the R. C. B. C. will be held to-night at 8.30, and the nominations of officers for the ensuing year will be the most important business of the meeting. The election will take place one week later. On Wednesday night the Royals will visit the Royal Grenadiers' sergeants in their rooms, 77 West Queen-street, to play them the second euchre match in the series for the Robert Fleming Trophy, and, as the Royals are leading by only three games, they will need all their best players on hand to win it.

promise to have a much stronger team than the last night they played. The carnival committee have decided on Jan. 2 for their annual carnival at Moss Park. Rink, and the committee expect this will eclipse any previous event in this line.

28 Mile Run To-Day.

There will be a match Marathon to-day from Bronte to Toronto, the contestants being Hilton Green and Claude Pearson. They start at 10 and expect to cover the 28 miles in about three hours. They will finish at the Grand Central Hotel.

PETTIBONE ACQUITTED MOYER DISCHARGED

Case of Orchard is Now in Hands
of Attorney Van
Duyne.

BOISE, Idaho, Jan. 5.—An end to the prosecution of the men charged with the murder of former Governor Frank Steunenberg, except the cases of Harry Orchard and Jack Simpson, came yesterday with the acquittal of George A. Pettibone and the discharge of Chas. H. Moyer, president of the Western Federation of Miners, both charged with conspiracy with Wm. D. Haywood to murder Steunenberg. Moyer will return with Pettibone in a few days to Denver. Haywood was acquitted last summer, and Moyer will not be tried.

The case of Orchard, confessed assassin of Steunenberg, and chief witness against Moyer, Haywood and Pettibone, is in the hands of Prosecuting Attorney Van Duyne of Canyon County, Idaho.

Yonge-Street Mission Free Breakfast.
Owing to the great scarcity of work and the consequent large number of men out of work it has been found necessary to start the free breakfast at Yonge-street mission earlier this year. The first Sunday in the New Year witnessed the first breakfast of hot coffee and beef sandwiches, which were partaken of by some 206 men. While the men enjoyed their meal bright singing was furnished by the choir, after which an interesting address was given by Rev. Mr. Margaret of Olivet Congregational Church.

An appeal is made to the citizens of Toronto for cash or clothes. Clothing for men, women and children and more especially underclothing is required. Anyone desiring to assist in this way could send a card to J. C. Davis, superintendent of Yonge-street Mission, or telephone Main 5845.

PRESS CLUB NOMINATIONS.
Press Club nominations for office will be held on Wednesday evening at 6 o'clock.

EFFECT OF SEPARATION OF CHURCH AND STATE

Paris Temps Secures the Opinions
of Learned Writers on the
Subject.

PARIS, Jan. 5.—The Temps has begun the publication of a most interesting series of opinions from distinguished prelates and savants engaged in the critical and historical study of religion, regarding the effect of the separation of the church and the state in countries like France upon the religious life of the people.

The Temps assumes that separation involves the upsetting of the principle of religion, is a matter of individual conscience and leaves the state unfettered by moral doctrines of the church. It asks what savants think regarding this principle, especially from the standpoint of exegesis and Christian history.

To-day three replies were published. They were those of Abbe Lohy, a distinguished French modernist, whose works recently were interdicted by the Vatican, the Rev. T. E. K. Cheyne, Canon of Rochester and Orist professor of interpretation at Oxford University, and the celebrated German critic, Rudolf Eucken, professor of philosophy at the University of Jena.

NEWS OF BELLEVILLE.

Farmer Arrested for Arson—Cement
Plants Being Enlarged.

BELLEVILLE, Jan. 4.—William H. Bradshaw of Tyndinaga is under arrest in this city, charged with arson in burning down a barn belonging to his uncle, James H. Bradshaw.

It is alleged that someone set fire to the barn, hoping to be able to steal \$800 which was in the adjoining house

while the occupants were at the barn trying to put out the fire. The prisoner, it is said, was seen in the vicinity at the time, hence his arrest. This morning he came up in the police court and the case was enlarged till next Friday.

Rev. G. R. Turk at Buffalo.
BUFFALO, Jan. 5.—(Spec. 1).—The Rev. George R. Turk of Toronto began a series of revival meetings in the Riverside Methodist Episcopal Church to-night.

The Big January Sale of Furs Has Caught On---Rare Furs at Sacrifice Prices

TO-DAY will be the sixth day of the biggest and most important sale of ladies' and men's Fine Furs ever held in Toronto.

This sale is most important because of the extreme price reductions and most important also because "Dineen Quality" Furs are made from the finest skins the markets of the world produce.

Everybody is delighted with the freshness and beauty of the garments and the marvelous variety --- they have nearly all been made since the fire six weeks ago.

And are all manufactured from the new models for 1908 and 1909; they are six months to a year in advance of any of the styles you will see along the street.

Natural Sable Muffs, \$7.95

Cor. Yonge and Temperance Sts., Toronto

NORTH TORONTO.

Regular Meeting Discussed Many Topics of Interest.

NORTH TORONTO, Jan. 5.—The Ratepayers' Association held their monthly meeting in the town hall on Saturday evening. Among those present were Thomas B. Coombs, Salvation Army commissioner, and Councillors S. J. Douglas, J. W. Brownlow and R. Irwin.

E. J. J. started the discussion, saying that local improvements should be carried out in the order of petitions received. This question was thoroughly discussed and it was finally decided to leave it to the discretion of the council.

The next subject for discussion was the advocacy for a public library or reading room, but School Trustee Lodge suggested the opening of a night school in both schools, providing gas could be installed in the public school buildings. A motion by H. H. Bull and D. D. Held, "That the school board should make early provision for equipping the two town schools with gas," was passed.

Commissioner's Plan. Commissioner Coombs advocated getting control of one or both of North Toronto's hotels and have them equipped with proper accommodation, and converting them into halls of instruction for the youths. Physical culture, cooking, etc., would be good subjects

to teach and he offered his hearty co-operation in this line. He advised them to make North Toronto a place where people would like to come, and said, "Get gas, get electric light, anything that makes life comfortable."

Councillor Douglas in his speech asserted that the town's bookkeeping was one of the best that can be found anywhere.

As to the assertion that this year's tax rate should be a few mills less than last year's, he could not see how it could be brought about. "This much he would promise, however, that every taxpayer would receive his tax bill in due time."

As the electric power bylaw had been carried in Toronto, North Toronto ought to be in a position to get electrical energy to supply the private residences with electric lights this year.

Councillor Brownlow was shocked when he heard his colleague promising the ratepayers the free presentation of their tax bills without any reduction.

Councillor Brownlow said, "Altho I am not in favor of annexation, still as the plebiscite carried by such a large majority, it behooves the council to get busy in that direction."

Will Enforce Law. He was thoroughly in favor of local option and said: "The local option bylaw shall be carried out to the letter," and hoped that the Ratepayers' Association would assist the council in that respect.

Councillor Irwin thought the temperance people mislaid their opportunity when they could have purchased the Oulton Hotel for \$200.

His field of action, he said, would largely

be as a member of the water, fire and light committee.

School Trustee Lodge defended last year's school expenses, but could not see that outside the salaries there would be any large amount of expenditure this year, with the exception of the purchase of additional land for the Eglington school.

T. A. Gibson, town solicitor, advised the Ratepayers' Association to co-operate with the legislative committee as these items have to be embodied in a private bill to the legislature. Electric light agreement, building restriction, to do away with the flange system in laying water-mains on the local improvement plan, local option and hotel accommodation, high school, etc.

It was decided to hold a public meeting every Saturday evening for the present to thresh out the suggestions indicated by the school.

Will Establish Business. Messrs. Waddington & Grundy have purchased the southeast corner of Merton and Yonge streets from P. Pratt. It is the intention of the purchasers to establish a coal, wood and lumber yard as soon as the conveniences of the belt line can be procured.

WOODBRIDGE. The next meeting of the Woman's Institute will be held at the home of Mrs. Levi Elliot on Tuesday, Jan. 7. Mrs. W. O. Duncan will give a talk on potatoes and ways of preparing them. Discussion will be led by Mrs. D. Longhouse. Miss Mary Wallace will give a report of the Guelph convention.

SPLENDID NEW CHURCH OPENED IN RIVERDALE

St. John's Presbyterians Hold Memorable Services---Mayor Baird is Optimistic.

RIVERDALE, Jan. 5.—(Special.)—The opening of the magnificent new church at the corner of Simpson and Broadview avenues to-day marks an important era in the history of the St. John's Presbyterian Church and incidentally the onward march of progress in the splendid district surrounding it.

It is only twenty years since St. John's was founded as a mission with a membership of twenty-seven, where today fully seven hundred are enrolled on the list of members.

A feature which adds not a little to the associations surrounding St. John's is the fact that the Rev. J. McP. Scott, the honored and revered pastor of to-day, was the student in charge of the mission at its inception, and to his zeal and self-sacrifice much of the marvelous success which has attended the church is due. Rev. Dr. MacLaren, who to-day likewise assisted at the opening service on that occasion, preached the inaugural sermon.

At each of the services throughout the day the splendid new structure was filled to the doors, and at the evening gathering, a number were unable to gain admission.

At 11 a.m. Rev. Mr. Gander of St. James' Square Presbyterian Church delivered an address appropriate to the occasion, and was followed in the afternoon by the eloquent rector of St. Paul's Anglican Church, Rev. Canon Cody. Speaking with reference to his own presence on the occasion, Canon Cody said that it was in fulfillment of a promise made to the Rev. Mr. Scott, a college chum of a number of years ago, and in anticipation of such an event, and one which he was glad to fulfil. He paid a tribute to the zeal of the minister, and spoke briefly but eloquently to the large body of scholars present.

In the evening Rev. Prof. MacLaren spoke. The new church has been in course of erection somewhat over a year, and cost some \$50,000; is built of red brick with grey stone trimmings, and is a strikingly handsome addition to the church architecture of the east end of the city. Standing as it does at the corner of Simpson and Broadview avenues it commands a magnificent view of the Don Valley and the city to the west and north. The seating capacity is 1100, while the beautifully designed school room at the rear will seat 1000. The wood finishing of the church is of the highest quality, and the mission seats, and a magnificent gallery, while the acoustic properties of the building are said to be of the very highest character.

On Tuesday evening Rev. Dr. Milligan of Old St. Andrew's Church will lecture in the church, and on Sunday, Jan. 12, the opening services will be continued.

St. John's Church is deeply imbued with the missionary spirit, and a short time ago established a mission at Runnymede, while at the same time maintaining a resident mission in China, wholly at its own expense. It is expected that good provision will be made for the payment of the debt on the present structure.

TORONTO JUNCTION.

Mayor Baird Says Town's Position is a Safe One.

TORONTO JUNCTION, Jan. 5.—The eve of election sees both candidates for the mayoralty hopeful of the result. Not much in the way of a campaign has been carried on beyond the mere canvass of the town that has been made in the interests of both candidates. The polls open at 9 a.m.

Mayor is Confident.

Yesterday Mayor Baird was served with the reply of the Toronto Railway Company's claim to the application now before the railway board to compel the company to run their cars to Keele street. The main defence of the Toronto Railway Company is that they object to the manner in which the rails have been relaid, and claim that it would be unsafe for their cars to run over the roads. Such being the case, said Mayor Baird, "we have not the slightest doubt as to the result of the application."

Watch Repairing. We can make your watch go if there is any go in it. Our charges are very moderate.

JOHN Wanless & Co. Estab. 1840. 165 YONGE ST. TORONTO

There are 40 cars of stock in the Union Yards for to-morrow's market. The new horse exchange stables will be opened to-morrow at 11 p.m. All the officials of the Stock Yards Company will be present and the public are invited to see the opening of the most up-to-date sale in Canada.

Prof. Farmer of McMaster University preached at the Baptist Church, Annette street, last night. A good skating at Ravina Park. Band in attendance.

A very largely attended meeting of the executive of the W.C.T.U. was held in the home of Mrs. Towell, Annette street, Saturday evening. After listening to an address by a gentleman who has been prominent in many reform movements, the assembly unanimously decided that the ladies of Toronto Junction should be represented hereafter upon the college board.

Mrs. Hitchcock addressed a big meeting in favor of local option in the Y.M.C.A. hall to-day. Both those favoring and opposing the measure have worked hard, and the outcome will only be known to-morrow night.

1908 East Toronto 1908

RE-ELECT

Councillor Phelan

WARD TWO

Election Monday, Jan. 6, 1906

TENDERS.

Tenders will be received for excavating brick work, carpenter work and plastering work, either for labor only, or for labor and material for large house (45 x 25), to be built at Bedford Park. Plans and specifications may be seen at Mr. Mack's residence, Bedford Park, or at 888 Dovercourt-road, Toronto. Tenders close January 8th instant.

It was also determined that a lady whose name will be made known later will have the unanimous endorsement of the union for one of the places made vacant by effluxion of time. Steps were then taken to see that those candidates for mayor and council who are opposed to the enforcement of local option be defeated. The union has the best organized politico-municipal machinery in the town and can mobilize its entire force in 24 hours. On Monday morning at 9 o'clock every polling division will have a lady in charge to see that their voting strength is polled.

EAST TORONTO.

East York Conservatives to Hold Annual Meeting.

EAST TORONTO, Jan. 5.—The annual meeting of the East York Liberal-Conservative Association will be held in Society Hall on Saturday, Jan. 11, at 2 o'clock. W. F. Maclean, M.P., A. McCowan, M.L.A., and other speakers are expected to be present. The meeting is a stable one and a good big gathering of Conservatives from all parts of the riding is assured. It is desirable that the meeting be held promptly at the hour named. Dr. Walters is president and Robert Paterson secretary of the E.Y.C.A.

To-morrow promises to be one of the most strenuous election days in the history of the hour and all forecasts regarding the outcome are at the best conjectural. For the majority there will be an especially hot fight, and it is safe to say that almost every available vote in town will be polled.

Mrs. Hitchcock addressed a big meeting in favor of local option in the Y.M.C.A. hall to-day. Both those favoring and opposing the measure have worked hard, and the outcome will only be known to-morrow night.
