VOL. XXXVI.—No. 13,034

BRITISH PERCELENDIST GERMAN ATTACKS HEAVY FIGHTING AROUND LONGUEVAL AND DELVILLE WOOD CANNONADING INDICATES ALLIES' OFFENSIVE IN BALKANS

GERMAN GAS SHELLS PRECEDE HOT ATTACK

**British Stoutly Defend Newly-Won Positions
 in Vicinity of Longueval and Delville
 Wood—General Results Achieved
 by Sir Douglas Haig Afford
 Keen Satisfaction.**

LONDON, July 19.—The British official statement, issued at
 midnight, reads:
 "After a bombardment with lacrymatory and gas shells, the
 Germans commenced an attack against our positions in the vicinity
 of Longueval and Delville wood. Heavy fighting is still in progress.
 "Elsewhere there is nothing of importance to report."

Maisonneuve. Fighting in this region
 continues. Reports from Petrograd say that
 the retirement of the Teutonic allies on
 the Lipa has caused a panic in Gallie-
 cia, where towns are being evacu-
 ated.

While the adverse weather is com-
 pelling a lull in the fighting on the
 western front, military critics are tak-
 ing stock of the situation.

They are agreeably surprised by the
 large captures of heavy armament
 Gen. Sir Douglas Haig, the British
 commander in chief, has been able to
 announce and point out how, altho the
 British attacks have not been pressed with
 the greatest rapidity, in order to give
 the Germans no time to organize
 formidable defences, at the same time
 as was evidenced by the withdrawal of
 the British from Fourreaux wood,
 where they had reached the German
 third line. Gen. Haig wisely resisted
 the temptation to hold on to that
 position, which would have incurred se-
 vere fighting, with probably heavy
 losses, in favor of a more methodical
 advance.

Second Line Weaker.
 Evidence received from the front, as
 well as the official map published here,
 seems to prove that the German second
 line of defences was far less strong
 and elaborate than the first, hence the
 military observers believe that the ob-
 stacles are likely to be less difficult as
 the entente allies advance.

Sir Douglas Haig's afternoon report
 stated that the hampered by a heavy
 mist and rain British troops last night
 made material progress on a front of
 1000 yards in the region of Oviliers.
 The communication follows:
 "Thick mist and incessant rain still
 are interfering with our operations in
 the neighborhood of the Somme, but
 the north Oviliers we made sub-
 stantial progress last night on a front
 of 1000 yards. The enemy were driven
 out of several strongly defended
 positions, and we captured some prisoners
 and six machine guns.

"Near Wytchachte (Belgium) we
 made a successful raid into German
 trenches, and the German machine gun
 what is known as a "dud," an army
 term for a shell which has failed to
 detonate.

Comparative Lull.
 With regard to the eastern front,
 Gen. von Linsingen's retirement across
 the Lipa is considered by the critics
 as removing the last serious obstacle
 to the advance of the Russians to-
 ward Lemberg.

There was little fresh news from
 the front today. Gen. Haig was able
 to report substantial progress north
 of the north Oviliers we made sub-
 stantial progress last night on a front
 of 1000 yards. The enemy were driven
 out of several strongly defended
 positions, and we captured some prisoners
 and six machine guns.

WAR SUMMARY: THE DAY'S EVENTS REVIEWED

In conformity with the teaching of the Potsdam war school that
 the attack is the best form of defence, the Germans last night
 precipitated a battle with the British forces in the vicinity of
 Longueval, and at the moment of sending in his despatch, Sir Dou-
 glas Haig said that heavy fighting was still in progress. The enemy
 has supported this essay of his jaded infantry by a preliminary bom-
 bardment with lacrymatory and gas shells. In the preceding night
 the British cleared the German out of several trenches north
 of Oviliers in a sharp action and they advanced on a front of 1000
 yards. The weather still continues atrocious for campaigning.

The French also experienced what they describe as a "relatively
 calm day" on the front south of the Somme. They drove the enemy
 out of some houses that they had occupied in Biaches Village. The
 attacks which they adventured against La Maisonneuve the previous
 night were not renewed yesterday, and they were content to let mat-
 ters stand with the repulse. The Belgians, for the first time in
 months, carried out a raid of German positions. They attacked the
 enemy north of Dixmude, penetrated one of his trenches, killed the
 greater number of the occupants, and brought back some un-
 wounded prisoners.

The Germans are sending out carefully edited despatches con-
 cerning their defeat southwest of Lutsk. They assert that they retired
 because the Russians had brought up greatly superior forces over
 double-tracked railways and two excellent military roads. They re-
 fer to the operations as being eastward and southeastward of Lutsk,
 and thereby they confess that they are concealing the whole truth

CAPTURE FOUR LINES LEADING INTO HUNGARY

**Russians Achieve Three Im-
 portant Advances at Wide-
 ly Separated Points.**

WIN CAUCASUS FIGHTS

**Success in Volhynia May

 Attack.**

PETROGRAD, July 18, via London,
 11.26 p.m.—Altho the issue of the
 struggle between the opposing forces
 in the region of the Stokhod River
 still hangs in the balance, and there
 has been during the last few days no
 essential change in the situation along
 the main Russian front, the Russians
 have achieved three important
 advances at widely separated points in
 the eastern war theatre.

The first is the successful drive
 southeast of Lutsk, in Volhynia,
 from the new quarters in Volhynia,
 southwest of Lutsk. The second is an
 advance of the extreme southern wing
 of Gen. Brusilov's forces along the
 high road leading to Hungary, and
 the third is the improved situation in
 the Caucasus resulting from the tak-
 ing of Balburt. In the first region
 the Russian operations are now being
 directed against the left wing of Gen.
 Eberm-Ermolli's army near Svinitsky,
 which has already yielded ground be-
 hind the fiercest of the Russian ad-
 vances. The four Austrian army
 groups employed against Brusilov's
 forces Bohm-Ermolli's group had
 been the least affected by the Rus-
 sian offensive, and after its initial
 withdrawal from Dubno at the be-
 ginning of the Russian campaign, has
 held its ground firmly against all
 Russian attempts to push the advance
 to the Galician frontier town
 of Brody. The beginning of the fur-

Continued on Page 2, Column 3.

DRIVE GERMANS FROM BIACHES

**Dislodge Germans From
 Houses in Outskirts of
 Village.**

BELGIANS MAKE RAID

**Penetrate Foe's Trenches and
 Kill Most of the Occu-
 pants.**

Special Cable to The Toronto World.
PARIS, July 18.—The French ejected
 the Germans from a few houses in
 the eastern outskirts of Biaches Vil-
 lage this afternoon. The Teutons had
 penetrated into these in the confusion
 of their night attack.

The official communication issued
 by the war office tonight reads:
 "South of the Somme the day was
 relatively calm. The enemy did not
 renew his attempts against La
 Maisonneuve. We drove the Germans
 from some houses which they held in
 the village of Biaches."

There is no event of importance to
 report on the rest of the front.

Belgian communication:
 "Last night a Belgian detachment
 carried out a raid in the direction
 of the enemy trenches north of Dix-
 mude. It succeeded in penetrating
 the trenches, killing the greater part
 of the occupants and bringing back
 un-
 wounded prisoners.

"During the day the artillery was
 active."

The French afternoon communi-
 cation said that the Germans made an
 attempt on the French front of the
 night and that they gained some
 ground in the vicinity of Biaches. The
 French positions extending from
 Biaches to La Maisonneuve and on
 the bank of the Meuse, in the west,
 were held with heavy losses to
 the enemy. But groups of Germans
 spread along the canal on the east
 side of Biaches and fighting was pro-
 ceeding to eject them.

French infantry also broke up a
 German raid on Hill 304, on the west
 bank of the Meuse, in the Verdun
 region. Grenade fighting near the
 Depot and the Swedish schooner
 Denuta, and the St. Fine and west of Fleury
 east of the Meuse resulted in favor of
 the French.

COSSACKS TAKE TURKS IN IMPETUOUS CHARGE

**Capture Over Six Hundred Men
 in Advance in Caucasus.**

PETROGRAD, via London, July 18,
 11.09 p.m.—An official communication
 issued this evening reads:
 "In the Caucasus our Cossacks in
 an impetuous advance in the region
 of Plastouny took prisoners to the
 number of 34 Turkish officers and 808
 men, and captured two machine guns.
 "Later information states that a
 Turkish flag was taken in a fight
 near Balburt by Nicholas Brounsek,
 a mounted orderly belonging to one
 of our regiments of Caucasian sharp-
 shooters."

TO ASSIST FLAVELLE ON MUNITIONS BOARD

**Edward Fitzgerald, Formerly of
 C. P. R., is Given Appoint-
 ment.**

By a Staff Reporter.
OTTAWA, July 18.—Edward Fitz-
 gerald, late of the Canadian Pacific
 Railway purchasing department, has
 been appointed assistant to the chair-
 man of the Imperial munitions board,
 Mr. J. W. Flavell.

WEST JUBILANT OVER PROSPECT OF GREAT CROP

**Sir Donald Mann, Back From
 Trip, Says Outlook is
 Remarkable.**

BIG BUSINESS REVIVAL

**New and Abounding Prosper-
 ity Coming—Much New
 Ground Broken.**

"I have been building railways in
 the Canadian west and have been thru
 the western country every summer for
 27 years, but I never saw the crops
 look so good as they do at this time
 or promise a harvest so abundant,"
 declared Sir Donald Mann, vice-presi-
 dent of the Canadian Northern Rail-
 way system, to a World reporter yester-
 day upon his return from an in-
 spection tour that carried him to the
 Pacific coast. "I went out by the
 northern route thru Edmonton," he
 continued, "and back by the southern
 route thru Calgary. I was over the
 grain-growing districts of Manitoba,
 Saskatchewan and Alberta. Every-
 where indications are for the biggest
 crop in our history. It seems hardly
 possible, of course, that we can ex-
 ceed the wonderful crop of 1915, but
 we certainly will not fall below it.
 The 1916 crop today looks better than
 the 1915 crop did a year ago."

Breaking New Ground.
 "Which is even more promising and
 significant," Sir Donald continued, "is
 the breaking of new ground in the
 prairie provinces. Our agents report
 that in the territory served by the
 Canadian Northern system this will
 amount to at least 800,000 acres, and
 possibly run up to the million mark."
 "Is the grain held over the winter
 from last fall's harvest getting to
 market?"
 "It surely is. Just now it is going
 forward from our stations at the rate
 of 80,000 bushels a day, making a total
 up to July 12th, of 115,000,000
 bushels. Never have the western
 crops been more buoyant and con-
 fident than they are today."
 "A truly wonderful change has come
 to the Canadian Northern since the
 bank of the Meuse, in the west,
 were held with heavy losses to
 the enemy. But groups of Germans
 spread along the canal on the east
 side of Biaches and fighting was pro-
 ceeding to eject them.

TWO NEUTRAL VESSELS TORPEDOED AND SUNK

**Dutch Ship and Swedish Schooner
 Sent to Bottom.**

**COPENHAGEN, July 18, via Lon-
 don.**—It was announced today that
 two more neutral vessels had been
 torpedoed. The *Ritz*, a German
 steamer, and the *Denuta*, a Swedish
 schooner, were sunk by a German

HEAVY FIRING MAY PORTEND BALKAN DRIVE

**Cannonading is Reported in
 Progress Along Entire
 Saloniki Front.**

OFFENSIVE IS COMING?

**Despatch So Indicates, But
 Allies' Plans Are Closely
 Veiled.**

PARIS, July 18.—Official advices re-
 ceived from Saloniki under date
 Monday say that cannonading is in
 progress along the entire Saloniki
 front.

"Allied aeroplanes burned part of
 the Bulgarian camp in the region of
 Monostir," the statement says.
 "There is cannonading along the
 whole front."

May Mean Big Drive.

The information given out by the
 French authorities in regard to the
 situation at Saloniki is not sufficiently
 explicit to indicate whether the entente
 allies are preparing an offensive move-
 ment such as would be preceded by a
 general bombardment. A drive from
 the Saloniki front has been predicted
 for some time during the summer. A
 Saloniki despatch of several weeks ago
 said that an allied offensive in Mac-
 edonia had been arranged for the mid-
 dle of May, but that it had been post-
 poned and might be expected in July.
 At the time there were some 100,000
 hundred thousand French and British
 soldiers. It is generally understood
 that the allies have 600,000 or more avail-
 able men for a campaign. Opposed to
 them are the Bulgarians with unknown
 numbers of Turks, Germans and Aus-
 trians. It has been reported that Bul-
 garian allies have withdrawn troops
 recently on account of the offensive
 campaigns in the French, Russian and
 Caucasian fronts.

The Nickel Show Is Mr. McGarry's Limit--Not Nickel Trusts

The interest in the nickel situation
 widens in every direction. They're talk-
 ing about it in New York, where there is
 a lot of trading in the shares of the
 International Nickel Co. They credit a
 slump in the value of the stock to the
 agitation going on in Canada. Some weeks
 ago a lot of the stock was sold here. But
 that is neither here nor there; the real
 point is the decision of the two govern-
 ments at Ottawa and Toronto when
 presented in parliament and in the press
 to stop the export of the ore, or to limit
 it absolutely to export on condition that
 the nickel refined from it is returned to
 Canada for distribution as imperial mate-
 rials and the necessity of war dictata.

There was a great cry in the Toronto
 press yesterday over the fact that the
 Hydro Power Commission to get enough
 energy from Niagara to supply the needs
 of Ontario, and especially of Toronto
 and its neighborhood. Too much was being
 exported to the States. There was not
 enough even to drive our ammunition
 plants. And if you dig down into the
 power situation you find the same
 eminent counsel that directs the fortunes
 of the nickel trust as far as legisla-
 tion and public regulation are concerned
 also acting for the American power trust.
 But with this difference, that our power
 does not get to Germany like our nickel.
 The same pre-eminence influences haunts
 the corridors of either party council. And
 its mission is to prevent any interference
 with the export of a raw Canadian
 product that we ought to work up at
 home. And this influence invariably ap-
 pears to cabinet ministers and has active
 and agents in Canadian public men
 and newspapers.

The Ottawa Citizen thinks the report
 of Major Graham Bell, controller of the
 railways and canal department, on the
 nickel export situation is "disingenuous,"
 and says:

Why the Dominion Government should
 have selected an accountant in the de-
 partment of railways and canal, and
 ignored the department of mines or the
 department of trade and commerce,
 when the shipment of nickel to the
 enemy called for investigation, does not
 seem to be very clear. Political patron-
 age is a blight on Canada. It has robed
 the overseas forces of munitions the
 government should have
 use. It is helping to supply munitions
 to the enemy by special privileges con-
 ferred on the International Nickel
 Trust?

Everyone is entitled to three guesses as
 to why an officer from the railways de-
 partment at Ottawa was sent to New
 York. Surely the reason is not to be
 found in the fact that that department is
 presided over by Hon. Frank Cochrane
 and not by Mr. Cochrane's
 Suburb. By the provincial legislation of
 1907 the collection of taxes from mining
 companies was given to the minister of
 forests, lands and mines, and not to the
 provincial treasurer. The minister of
 provincial lands and mines at that time
 was Mr. Cochrane, and his
 successor was Hon. W. H. Hearst, also
 from New Ontario. It was Mr. Hearst
 who commuted the tax on the
 American Nickel Trust at \$40,000 per an-
 num, so that \$40,000 will be paid this
 year; when, according to some authori-
 ties, ten times that amount should be
 paid.

Mr. McGarry, the energetic provincial
 treasurer, is not allowed to raise money
 by going after the nickel deposit at Sud-
 bury. He may take coppers from children
 going to nickel shows, but that is as near
 as he is allowed to get to the Canada
 Copper Company or the American Nickel
 Copper Company or the American Nickel
 Trust.

But here is something that requires
 explanation. This commutation or
 compromise was made several years ago.
 The World sent a reporter to Queen's
 Park two years ago to find out how much
 the American Nickel Trust or the Canada
 American Company was paying in the way
 of taxes and he was refused all informa-
 tion beyond the statement that the com-
 panies were paying three per cent. tax
 on net profits. We do not think the
 public attention until last season. Is it
 possible that N. W. Rowell never knew
 that it made this \$40,000 arrangement
 with the nickel company Mr. Rowell
 would say little or nothing about it? Ed
 Simcoe County, July 15, 1916.

TRUST SOLD NICKEL WITHOUT QUESTION

**Hon. G. P. Graham Tells of
 His Discovery in
 New York.**

CAME FROM CANADA

**Government Has No Means
 of Tracing Nickel, is His
 Contention.**

By a Staff Reporter.
OTTAWA, July 18.—If the German
 submarine Deutschland is taking
 cargo of nickel back to Germany, it
 is Canadian nickel, and the govern-
 ment has no knowledge that it is
 not, is the view expressed by Hon.
 George P. Graham today.

He has just returned from a visit to
 New York, and while there he pur-
 chased tons of nickel from the In-
 ternational Nickel Co. This was refin-
 ed from Canadian ore, and when he
 returned to Ottawa he was asked
 him as to the use that was to be made
 of the nickel now as to its destination.
 This showed, said Mr. Graham, that
 no care was being exercised by the In-
 ternational Nickel Co. to prevent
 nickel from falling into German hands,
 and the assurance given by the gov-
 ernment that care was being taken
 was not founded upon fact. There has
 been no official statement yet as to
 the result of investigation made by the
 government. There has been only one
 official statement so far. It came from an
 official of Hon. Frank Cochrane's de-
 partment and was to the effect that if
 the Deutschland carried a cargo of
 nickel it would not be Canadian nickel.
 Mr. Cochrane is supposed to be
 friendly to the Nickel Trust.

CHARLES BEARDMORE IS DEAD AT PHILADELPHIA

Charles Beardmore, a son of the late
 Walter Beardmore, leather merchant,
 Toronto, died suddenly yesterday from
 heart failure in Philadelphia, where he
 was visiting his mother. The late Mr.
 Beardmore, who had only recently re-
 turned from a trip to England, was 36
 years of age. He was well known in
 Toronto, and besides his connection
 with the business of his father he
 was a student of architecture. His educa-
 tion was received in Switzerland. He was
 unmarried and is survived by his mo-
 ther and three brothers, William, Lis-
 sant and Kennel.

EATON'S DAILY STORE NEWS

At both Yonge Street and Queen Street doors are order boxes, where orders or instructions may be placed. These boxes are emptied daily at 8:20 a.m., 10 a.m., 1 p.m. and 4 p.m.

Make Use of the Store's Conventiences: The Rest and Waiting Room, Third Floor. The Information Bureau, Main Floor. The Free Parceling and Checking Desk in the Basement.

Is There Music in Your Cottage, Camp, or Home?

If not—you'll surely be interested in such machines and instruments as these, that provide the best of summer entertainment at small cost.

This Outfit as Illustrated—Complete for \$13.00

There's No Need for any summer cottage, tent or camp to be without musical entertainment when such an outfit as this is offered at so low a price.

The machine is called the Wonderphone and it plays with surprising clearness. It is well constructed and has a noiseless motor that can be wound up while machine is running.

You have choice of any five 10-inch double Columbia records (this means 10 selections), and included are 600 steel needles in a box.

Shipped to any railway station in Ontario without extra charge. Price, as illustrated \$13.00

The Conqueror is a splendid machine for outdoor use, being made of all metal that is unaffected by dampness or heat and that will withstand a lot of knocking about. It has a good, clear tone, and will play any size record. An ideal machine for the canoe trip or camp. Price \$15.00

600 Needles for 25c

The Diamond E Brand Needles, made of English steel, are recommended for general use on all disc records and machines. 600 for 25c —Fifth Floor.

The Mandolin Is the Ideal Summer Instrument

The Mandolin is probably appreciated more in the summer time than at any other season. It is so admirably adapted to the out-of-doors with its lively tingle and sweet tone. It's an instrument that can be conveniently played standing, sitting, squatting or lying. The ordinary models, similar to the one illustrated, are priced at \$3.50 to \$5.00, \$7.00 and \$10.00.

Ask to see the new flat back mandolins. They have somewhat of a different tune to the mandolin that is finding much favor among musicians. Priced at \$5.00, \$7.50 and \$15.00.

The Beautiful Music of the Autoharp

Without practically any knowledge of music anyone may play a splendid accompaniment on the autoharp, together with the violin, mandolin or mouth organ. They are in two sizes. The 5 bar harp at \$2.75, and the 10 bar at \$4.50

STORE CLOSES SATURDAY AT ONE P.M. NO NOON DELIVERY

This Folding Portable Organ \$35.00

When darkness and silence pervades the camp surroundings, how cheerful it is when in the glow of the camp fire, the musician of the crowd strikes up some of the popular songs and instrumentals to the delight of everyone present! The organ illustrated is very compact; it folds into a suitcase shape with handles for conveniently carrying, and it weighs but 20 lbs. It provides a splendid substitute for the piano, answering the purpose almost as well, and at a very much lower cost. A very durable instrument

for either summer cottage or tent or for the verandah at home. We will carefully pack and ship it to any railway station in Ontario without extra charge. Ask to hear this wonderful little instrument played. You'll be surprised at its clear, musical tone and large volume of sound. By buying and selling for cash we are able to make very good terms with the manufacturer and have eliminated all agents' and collectors' fees, so that the price you pay for this organ is almost at the cost of manufacture, with a small EATON profit added on. Price \$35.00 —Fifth Floor.

This Machine, Five Records and 600 Needles for \$24.25

Choice of Any Five Columbia Double Disc Records You Desire

THERE is probably nothing that will give as much enjoyment to each and every member of the party as the splendid music which this outfit provides. A song or band selection, good at any time, sounds even more so in the still Summer evening at camp, and for dancing at the Summer cottage it is an ideal orchestra. The outfit consists of a Columbia Graphophone, five 10-inch double records, giving ten selections, and 600 English steel needles. We will ship the outfit without extra charge to any station in Ontario. Price \$24.25

The Harmony is another very desirable machine that is suitable for Summer cottage use. It has an all-wood cabinet, in mahogany finish, and its tone is remarkably true and pleasing. It plays records of any size with equal clearness and is most moderately priced at \$17.50

Every Camp and Cottage Should Have a Mouth Organ

How Sweet and harmonious a mouth organ sounds in the open air around a camp fire, in a canoe or inside in a tent! It's one of the joys of camp life. Anybody can learn to play one in a very short time with practice. No lessons required. The New Swiss Mouth Organs possess a clear ringing tone and will give good service. They are strongly made and attractively finished. Prices, 25c, 35c, etc., up to \$1.50

Regulation Bugles, \$4.50 to \$9.50

Clear Sounding, Easy to Blow Bugles in regulation design and in B flat key. They are English make, brass trimmed and strongly put together. Prices \$4.50, \$6.50 and \$9.50 Bugle Cords are priced at \$5.00

File Your Records

Specialty Made Albums are available for filing disc records of any size. They provide a convenient means of keeping the records where you can quickly and easily find them as well as affording a means of protection from dust and from being scratched or broken. Each page has an opening in centre for distinguishing the name of record. Those for 10-inch records have 12 pages and are priced at \$1.00; with 16 pages \$1.25; Those for 12-inch records with 12 pages, \$1.25; with 16 pages \$1.50 —Fifth Floor.

Men's Bathing Suits, in plain and fine ribbed cotton, two-piece style, made with quarter sleeves or sleeveless, have low-cut neck and the trunks are loose knee lengths. Plain navy blue, or navy with white trimmings. Sizes 34 to 44. Suit \$1.75 —Main Floor, Centre.

WONDERFUL FEAT OF ENGINEERING

Two Hundred Thousand Dollars of Underground Work at Camp Borden.

IN FIVE WEEKS

Construction of Greatest Military Camp Will be Completed.

By a Staff Reporter. CAMP BORDEN, July 18.—Colonel "Bob" Low, officer in charge of the construction of the camp, stated today that inside of five weeks the building of Camp Borden will be finished. He pointed out that \$200,000 of work underground and out of sight is a part of the great engineering undertaking. During the past two months so much progress has been made that from now on he will be able to let his construction men work 12 hours a day, instead of 18, as formerly. To Major Barrie, chief engineer in charge of construction work, much praise is due for the speedy and efficient manner in which he has conducted operations. Mrs. Low, wife of Col. Bob Low, will present the colors to the 4th Pioneer Battalion at St. Andrew's, N.B., on Thursday of this week. Col. Low will also be present. Recreation Tents. Lt.-Col. G. H. Williams, chief chap-

lain and recruiting officer for military district No. 2, announces that large recreation tents will be established inside the lines of every battalion here, so as to provide centres for games, reading, writing and concerts. Officers of the London district battalions here have received promotions as follows: Capt. F. H. Fisher, Lt. H. Ingram, H. R. Sawyer are now majors. Lieut. W. W. Brocker is now captain. Lieut. Mulloy appointed scout officer. Capt. J. H. Warburton, Capt. A. G. Fraser and Lieut. H. C. Duff attached to school musketry instruction. School of Musketry Opened. Under direction of Major Vincent Mansey the School of Musketry opened in camp today. The Ross rifle is being used. The grounds of the School of Trench Warfare, soon to be established here, will be of imposing size, being one mile in length. There will be two sets of trenches placed in opposition to each other. Each set will contain first, second and third line trenches. The trenches will be 150 yards apart. The engineers will show the soldiers how to lay mines. It is announced that at present musketry training is to "take precedence over all other parades unless otherwise ordered by district headquarters." Also that "troops detailed for musketry are to be struck off all other duties; every man to be present unless absolutely unavoidable." Bombing Instructions. Instructions regarding "bombing" issued today call for one officer and 50 other ranks from each battalion receiving special training for two weeks at the district school. Every man will have a three day course in bombing at a brigade school to be established. Brigade and battalion bombing officers will be appointed. "The Alarm" call it is pointed out today can only be sounded in camp by

the order of the district headquarters staff, except in cases of emergency. When it is sounded all battalions are to report in their own parades falling in on their own parade grounds. Thirty-one soldiers were discharged today from various units as medically unfit. The construction camp is announced today as "being out of bounds to all troops except on special duty and any soldiers found within the construction camp unless on special duty with an order will be liable to arrest." No More Bugle Calls. There are to be no more unauthorized bugle calls. The sounding of such during the day or night is scored as showing "a great lack of discipline." Lieut. Harry W. Baldwin, 5th M.H., has been appointed orderly officer of the Third Brigade here. Inoculation and vaccination of troops commenced on July 15. The schedule will extend to August 3. The battalions are on the schedule. Away Without Pass. The parade states for today of all battalions in camp show 25,555 men on leave without pass. The 1501 on leave without pass. There are 410 absentees from the 8th London district battalion, created by 207 since yesterday. There are 51 absentees from the 15th, 17th, 21st, 23rd, 25th, 26th and 27th Battalions there were a total of 253 absentees today. From the 4th Brigade there are 173 absentees. It includes the 147th, 208th, 150th and 205th Battalions. Col. Marlow, director of medical services is arranging for the establishment of regimental aid posts on the training areas during manoeuvres. Speaking of poison ivy at Camp Borden, Col. Marlow said: "Apparently there is a good deal of poison

ivy about the place. We cannot do much to eliminate it. The best thing to do is to arrive at the best means of treating it." Regulate Drinking. At a conference today attended by all medical officers it was decided to have a medical officer for the day appointed hereafter by each brigade, instead of having one for the whole camp. During the next few days the number of men ill thru heat and dust has diminished. Today was warm, being 94 in the shade. The medical staff is considering giving platoon commanders power to regulate the times that soldiers may drink water during drills. It is said to be dangerous to permit soldiers to drink much water either just before or during drills. Lieut.-Col. P. H. Lennox of the 20th Irish Battalion, with Lieut. James Donovan, adjutant, and the brass and bugle bands, leave in the morning for Jackson's Point picnic. STOLE DRIVING OUTFITS GIVEN HEAVY SENTENCE Two Young Men Sent to Ontario Reformatory for Long Terms. Special to The Toronto World. CORNWALL, July 18.—Argus Rouch, aged 19 years, and Peter Lawson, Jr., aged 22, who pleaded guilty before Police Magistrate Denis last week in stealing two driving outfits, were sentenced to six months in the Ontario Reformatory. The horse and rig have been recovered from the party who purchased them.

PEACE DELEGATES TO CONSULT FORD

Rev. Dr. Aked and Miss Balch Return to U. S. From Sweden.

TO FIGHT TILL SPRING

"War Must Burn Itself Out," Declares Minister to Press.

NEW YORK, July 18.—Rev. Dr. Charles F. Aked and Miss Emily Balch, American delegates to the neutral conference for continuous mediation, which is the outgrowth of Henry Ford's peace expedition and has been sitting in Stockholm, reached New York today aboard the Danish liner, Frederick VIII, on their way to consult with Mr. Ford, regarding further work for peace. "Peace in Europe is not possible before spring," said Dr. Aked on his arrival. "The war must simply burn itself out. France can't make peace; England is too proud; Germany offers only unacceptable terms. Talk of German exhaustion is absurd, for, tho there is economy of bread, butter and meat, there is not starvation, merely inconvenience. Hope for Alliance. "An Anglo-German-American alliance is now being hoped for by the intellectual in Germany. For days

last winter we feared a separate peace with Russia, on the basis of a Russo-German attack on England thru Afghanistan. Austria's collapse from a fatal blow to liberal thought." Dr. Aked asserted that he was bitterly opposed to the congress recently announced program of peace, which he said, the British minister at Stockholm, called even more favorable to the allies than the program they themselves would have drawn up. He said he would not return to Europe unless Mr. Ford agreed with him in a much greater concentration of authority and a complete change of policy. ADMIT WITHDRAWAL BEFORE RUSS ATTACK Austrians Say Advanced Posts in Carpathians Are Driven In. VIENNA, July 18, via London, 8:10 p.m.—Austrian advanced posts in the region of Zabic and Tatarov, south of Kolomea, in the Carpathian region, have been pressed back by a Russian attack, says the war office statement issued today. The main Austrian positions, however, have been firmly held. In Volhynia, in the region southwest of Lutsk, Russian attacks failed. GODERICH BOY A PRISONER. GODERICH, Ont., July 18.—After some weeks of suspense fearing that possibly his boy had been killed in action in France during the heavy engagement about June 2 last, Alex. Robinson of East street today received a message from Ottawa stating that his son, Pte. Wm. J. Robinson, formerly of the 4th Battalion, C.M.R., is a prisoner of war in Aachen, Germany.

TO MEET CANDIDATES FOR PATROL SERVICE

Auxiliary Patrol Recruiting Committee to Visit Toronto This Week.

The auxiliary patrol recruiting committee will make its third and final visit to Toronto this week for the purpose of interviewing candidates for the Royal Naval Motorboat service. Persons who have sent in applications are invited to present themselves on Thursday or Friday night at the offices at 103 Bay street, placed at the committee's disposal by Aemilius Jarvis. ALGONQUIN PARK. Two thousand feet above the sea Algonquin Park, with an area of 1,750,000 acres, holds out unlimited attractions to those who love the life out-of-doors. The many canoe trips and camping sites that its 1500 streams and lakes offer are among the most beautiful of the "Highlands of Ontario." It is the highest point in the province, and easily reached by the Grand Trunk Railway System, being 285 miles west of Montreal, 169 miles west of Ottawa and 205 miles north of Toronto. Good fishing, speckled trout, black bass and salmon trout. Excellent hotel accommodation. Booklet telling you all about it free on request to City Ticket Office, northwest corner King and Yonge streets, Toronto. WOULDN'T AFFECT BIRDS. Pushing the hands of the clock an hour ahead may be all right—some say—and some say no—but it wouldn't make the birds sing any earlier in the morning.—Exchange.

Plus can make on the in I am spending and grow. Why will get \$2000, estate. Though even at income, it safely in to pay interest on by first policy in The it was a twenty year missed the money the premiums and a nice little nest egg. He had the satisfaction and you had \$5000 ty years. ce in that way, Dad."

FIELD KITCHEN TO LIGHT INFANTRY

Toronto Y of W.C.T.U. Made Presentation Yesterday at City Hall.

COL. HAGARTY REPLIES

Declares His Men Had No Part in Camp Borden Trouble.

Formal presentation of a complete army service field kitchen bought by the Toronto Y. of the W.C.T.U. for \$1100, representing proceeds of a garden fete held at the normal grounds recently, and given to the 201st Toronto Light Infantry, was held at 2 o'clock yesterday afternoon on the Queen street side of the city hall.

TWELVE NAMES IN YESTERDAY'S LIST

Local Casualties Reported From Ottawa Were Lightest in Weeks.

SIX WERE WOUNDED

Four Others Located in German Prison Camps and Wounded.

Yesterday's casualty lists contained the names of 12 men, this being the lightest list of several weeks. Four of these names have been mentioned in former lists, but the men have been located in German prison camps, wounded. Of the remainder, one has died of wounds, one has been admitted to the hospital, and six have been wounded.

Col. Hagarty, in expressing the gratitude of himself and his men, told how serviceable and practicable it would be and how much it was appreciated. Before he closed he spoke of the rumors which have been afloat to the effect that the battalions might be disbanded or amalgamated because of lack of strength. He denied these rumors and declared that he knew officially that it was the intention of the higher authorities to permit each battalion not now up to full strength to work out their own salvation.

WILLS PROBATED

The Toronto General Trusts Corporation has applied for ancillary administration of the estate of Mrs. Eliza J. Cummins, who died intestate at Yorkville, N. Y., April 27, 1915, leaving 131 shares William A. Rogers, Ltd., valued at \$12,648. Four granddaughters will share equally in the property.

GOVERNMENT FAVORS HYDRO DEVELOPMENT

Premier Hearst Says War Conditions Makes It Imperative to Curtail Expenditures.

In a letter written to T. J. Hanigan, president of the Hydro Union, Premier Hearst sets out the government's policy as being distinctly favorable to hydro radials and hydro development, only war conditions make it imperative that expenditures be curtailed. Commenting upon the statement yesterday, Mayor Church said that the hydro could get all the money it wanted.

IN COUNTY POLICE COURT.

George Cripps Sentenced for Taking Builders' Supplies. In the county police court yesterday, George Cripps, of Spears avenue, formerly employed by the C.P.R., was sentenced to six months' jail for stealing a quantity of builders' supplies and breaking into two houses at Mount Dennis.

RULES OF HEALTH FOR DYSPYPTICS

DIETING UNNECESSARY

There are two ways by which people who suffer from indigestion, dyspepsia, sour stomach, flatulence, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and foods containing them, the prohibiting bread, potatoes, fruits and most meats.

WRITS AT OSGOODE.

Stuart B. Playfair sues W. C. Young to recover \$1001.09, alleged due on a promissory note. The York Sandstone Brick Co. Ltd., sues Frank Bolt to recover \$1429.76, alleged due under a guaranty.

ABOLISH THE BAR.

Before September 16 next visit Hotel Teck, 30 King west, and see the finest bar in North America that the politicians are destroying without compensation. This bar has been conducted as orderly as a cabinet council meeting and only the purest liquor sold there at prices the same as in other bars.

MRS. McCLUNG MAY RUN.

Report has it that Mrs. Nellie McClung may oppose T. M. Tweedie in Centre Calgary in the next provincial election.

A Duty of Parents to Their Children

From June to October scarcely a day passes without the newspapers recording at least one fatal drowning accident.

Scores of lives are lost each year because of inability to swim. It is an accomplishment easily acquired in childhood, and once learned is never forgotten.

There is no reason why every boy and girl in Toronto should not learn to swim. The city provides supervised swimming stations, and a free ferry service; the Toronto Railway Company provides free car rides, and it desires to impress upon parents the very serious responsibility that rests upon them to see that their children do not grow up in ignorance of a simple art upon which their lives may some day depend.

TIME-TABLE OF FREE STREET CARS

PROGRESS OF BRITISH REALIZES BEST HOPES

Kitchener's Army Has Awakened Deepest Admiration in Paris.

PARIS, July 18.—The recent British successes arouse the greatest enthusiasm here; less for the intrinsic value of the ground gained than as indicating the satisfactory condition of the British army. A high military authority said today: "The progress of the British fully equals our most optimistic hopes. I need not explain to Americans that the new British army has been an unknown factor hitherto. We realized the thoroughness of their training, the adequacy of their equipment and munitions, but it seemed difficult to believe that masses of civilians without a scrap of military training could, in so short a time, become able to meet the best continental troops on equal terms. Americans ought to be especially gratified by the result which shows that an unilitary nation can at the spur of necessity build an army as good as any. For the British have proved this to be the case."

British Task Heavy.

"Without depreciating the task of the French, I say that the British had certainly the harder share of the Somme offensive. What they have accomplished has founded military experts. Above all it has given the French enormous encouragement. Hitherto, they knew the English had the quality as well, and our hope and confidence have become certainly greater. That is the lesson of the past week's fighting." Conversation with members of the British forces sent from the Somme trenches to take part in the fourth-tenth of July review, heightens the favorable impression. Apart from the high morale the most notable feature is their universal trust and admiration for their own officers, of whom all speak in the warmest terms. One sergeant, a veteran of the South African war, said: "Officers Popular. The secret of our success has been the way we have been led by our regimental officers, who are always ready to set an example themselves when we are in a tight place. There are no more reckless fighters. They learned the lesson that lives are wasted as lives lost to England. In all my twenty-one years of army life I have never known troops whose officers are so popular or men so eager to obey."

FINED FOR NEGLECT.

In the police court yesterday, \$50 and costs or 30 days was the sentence handed out to Dr. William A. Adams, physician and druggist, corner Dundas and Queen streets, for having sold a quantity of morphine without making a record of the sale.

MAYOR CHURCH CALLS MEETING

Mayor Church has called a conference of all the members of the Ontario Electric Union of Municipalities for Tuesday morning at 10.30 in the council chamber. The object, he said, is to take stock of just where they stand in regard to power, and how much they could expect from the commission. "It is nothing short of high treason," he said, "the way power is being exploited across the border."

GRAND TRUNK RAILWAY SYSTEM EXCURSION TO BELLEVILLE.

The Grand Trunk will run an excursion to Belleville on July 22. Tickets good to return until July 24. Good on all trains except the International Limited. Adult's fare \$2.95, and child's \$1.50 return. For further information apply city ticket office, northwest corner King and Yonge streets, Toronto. cdj22

JUNIOR HIGH SCHOOL EXAMINATION RESULTS

Pupils Who Passed in East York—Honors Was Seventy-Five Per Cent. or Above.

Results of the junior high school entrance examinations in East York. The names are arranged alphabetically and not in order of merit. To secure honors 75 per cent. was needed:

- At Markham Centre—
Pearl Ash, Allan Baldoni, Blanche Bondway (honors), Millicent Boyd, Willie Boynton, Violet Clodd, Harold Crosby, Kathleen Crosby, Marshall Ferguson, Blanche Flummerfelt, Clara Flummerfelt, Mary Fretz, Albert Frost, Clara Gower, Gerald Graham, Gladys Hamill, Ruth Hoover, Lydia Lamb, Henrietta Lehman, Hazel Miller, Roy Paisley, Vernon Pike, Alex. Rennie (honors), Bessie Rennie, Tom Rattie, Willie Rattie, Lorne Raymer, Lloyd Resor, Maude Resor, Viola Reve, Chester Somerville, Clarence Stiver, Ellsworth Stonehouse, Rev. Thomas, Harry Thompson.
- At Agincourt Centre—
Harriet Balson, John Broderick, Hilbert Brown, Thomas Bradford, Margaret Beane, Jack Brown (honors).

- At Stouffville Centre—
Ira Burkholder, Mildred Collard, Willie Hall, Vida Knight, Mary Meyer, Beatrice Ray, Watson Rennie, Cecil Snackel, Harley Stevenpiper, Roy Stevenpiper (honors), Joseph Wideman.
- At Richmond Hill Centre—
Cora Beaton, Susie Blanchard, Earle Browning, Madeline Cooper, Jean Craig, George Cruickshank, Frank Curtis, Wilfred Dean, Ian Findlay, Laurier Gilman, Joseph Glover, Stantlaus Killen (honors), Thurza Kirkland, George Lasher (honors), Thorton MacDonald, Robert Mansbridge, Charles Naughton, Stanley Ransom, Hazel Riddell, Loretta Robinson, Rosie Robinson, Olive Smith, Doris Taylor (honors), George Wiley, Mildred Wright (honors).
- At Chester Centre—
Amos Allpress, Kate Browning, Ethel Bell, Winifred Coker, Edward Dunn (honors), George England, Geo. Funn (honors), Violet Frazer, Marie Garbutt, Adolphe Mackintosh, Gertrude Morris, Reggie Nicholson (honors), Edward Percy (honors), Walter Shepherd, Charles Walton, Fred Whites.
- At Willowdale Centre—
Henry Brooker, Edward Brown, Elvin Carruthers, Ernest Crozier, Marvin Davidson (honors), Edward Fea-

- ther, Wesley Gordon, Ada Hamilton, Will Harriman, Nettie Harrison, Gertrude Lovett, Gerald Martin, Stuart Martin, Russell Robertson, Bertha Scroce, Helma Sherry, Marguerite Sloes, Alan Stewart, Donald Strathdee, Gladys Suterby, Lavina Topping, Elsie Waterman (honors), Sadie Wilcox.

INJURED BY RUNAWAY HORSE

When he attempted to stop a runaway horse at the corner of William and Queen streets, yesterday afternoon, David Berlin, 234 Simcoe street, was knocked down and run over by the wagon to which it was attached. He was removed to the General Hospital, where it was found that his injuries were slight.

EXPRESS SERVICE TO SUBURBS

Application to Be Made Soon to Dominion Railway Board.
Mayor Cresswell said yesterday that an application would be made to the Dominion Railway Board to secure express service to all parts of the city. He also intimated that he would approach the government regarding postal delivery of parcels all over the city and its suburbs.

ALGONQUIN PARK.

The Algonquin Provincial Park of Ontario is a region of expansive lakes abounding with the game of fish, of hurrying streams, primeval forests of pine, spruce and fir, where almost every species of Canadian fauna roams in freedom; cool winds; ideal camping spots and sylvan retreats—everything, in fact, that is dear to the heart of the lover of outdoor life. 2000 feet above sea level, 285 miles west of Montreal; 170 miles west of Ottawa and 200 miles east of Toronto, this unspoiled tract of 1,754,473 acres is one of the most attractive playgrounds of Canada. Unlimited attractive canoe routes, splendid fishing, pursuit of air and great opportunities for the kodak operator. For those who desire city comforts in the wilderness there are hotels and log cabins. Further particulars and illustrated descriptive matter sent free on application to any Grand Trunk Agent, or Miss Jean Lundy, manager, Highland Inn, Algonquin Park Station, Ontario.

SENTENCED TO JAIL

Charged with keeping a common gambling house at 35 St. Patrick street, Abraham Daniels and Max Merker came up in the police court yesterday and were sent to jail for 30 days.

PREVENT EXPORT OF POWER TO U.S.

The Provincial Government is Negotiating With Ottawa to This End.

DEMAND INCREASING

Sir Adam Beck Holds Canadian Niagara Co. Responsible for Situation.

Premier Hearst announced yesterday that the provincial government is negotiating with federal authorities to prevent the export of Canadian power to the United States. On Monday there was short but serious interruption in the hydro service when the load became too much for the supply. The Ontario Power Co., the president of which is Hym. Wallace Nesbitt, refused to help the situation by turning into Canada some of the 60,000 horse power they export to the United States, and the government action is intended to compel them to supply Canadian industry rather than American. If Ottawa grants Ontario's request the hydro will save about 150,000 additional horse power, or enough to supply the increasing demand until the Chippewa development work is completed.

The premier's statement, which was given with the explanation that the request to the federal government had been before them a long time, is as follows: Unable to Agree.
"For some time the Hydro-Electric Commission has been negotiating with the Canadian Niagara Power Co. for the purpose of securing an additional supply of power to enable the commission to meet all the demands made upon it. The commission, however, was unable to conclude any arrangement with the company for a supply of power. The difficulty was that the government has been taking every measure within its power to prevent the export of power to the United States. The commission has been hampered in our negotiations by the unfortunate and imprudent agreement made with the company to prevent the export of Niagara power entirely from Canada and the government is hopeful that it will continue to take all possible measures within its power to assist the Hydro-Electric Commission in securing the necessary supply of hydro-electric power to meet its requirements."

Sir Adam Beck said he had asked some years ago that the export of Canadian power be prohibited. He admitted the United States might make some reprisals, but he did not fear them. When the division of water power was made, he said, it was not stipulated that Canada must sell her own power to the United States, which has not yet even used up her whole supply.

Must Get Power
Sir Adam also pointed out that only yesterday the Ontario Power Co. had notified him that they would have to cut off either some of the hydro supply of the City of St. Catharines. "Under present conditions," he said, "there is almost not enough power for everybody." He declared he was heartily in sympathy with cutting off export of Canadian power.

Approximately 150,000 additional horse power will be available to Canada if the federal authorities will grant the request of the provincial government. Monday's break was caused by the hydro lines carrying about 5,000 more horse power than the absolute shortage of about 25,000 horse power now, and before the end of the year this shortage will have doubled. The new Chippewa project, he says, is the big solution of the problem, but that will not be finished for three years.

Hon. I. B. Lucas declared that the Ontario Power Co. had shown the independence of the lower court for which the government tried to be reasonable but the interests were unreasonable in the price they demanded for power. The Ontario government, he said, had not the power to prevent the export of power, hence the application for federal relief.

Goodyear "Made in Canada" Lowers Tire Costs

Goodyear Quality is not the only factor which enters into lower tire costs for Goodyear users. The Goodyear factory at Bowmanville has saved Canadian motorists thousands of dollars. Not only because of the mileage and satisfaction they put into Goodyear Tires. But because it is in Bowmanville—in Canada.

But here in Canada you don't even have to make this decision.

You do not even have to depend on American proof of Goodyear mileage. Hundreds of Canadian motorists are getting 10,000 miles or more from Goodyear Tires. In addition Goodyears cost less in Canada—because they are made in Canada. You not only get greater mileage, but you also get lower price.

Many imported tires that sell for less than Goodyears in the United States, cost more than Goodyears in Canada. Yet when they do not give so low a cost-per-mile in the States, how can they possibly offer nearly so much in Canada?

That the saving effected by Goodyear "Made in Canada" is real and worth while is proved by these tables. Note the really great difference in prices:

Were Goodyears NOT Made in Canada, They Would Cost You—			
Size	Plain	All-Weather	
30 x 3 1/2	\$19.02	\$22.23	
32 x 3 1/2	21.87	25.58	
34 x 4	31.92	37.34	
36 x 4 1/2	44.96	52.65	
37 x 5	52.44	65.55	

But Goodyears ARE Made in Canada, So They Cost You Only—			
Size	Plain	All-Weather	
30 x 3 1/2	\$15.00	\$18.00	
32 x 3 1/2	18.95	22.75	
34 x 4	28.10	33.80	
36 x 4 1/2	39.35	47.20	
37 x 5	45.45	54.50	

In addition to a lower price, you get Goodyear Service—which adds 25% to 50% to the life of your tires. The Goodyear Service Station Dealer is a tire saver. His advice and help is well worth your seeking. He will—Tell you if you are using tires of proper size; tell you the

proper inflation for the load you carry; and provide that inflation. He will advise you as to the benefit of more modern rims; the worth of an old tire; the advantages of inside tire protectors, patches; tire putty that protects the fabric from sand and water entering through small tread cuts. He has at hand awaiting your need Goodyear Tires, Tubes and Tire Saver Accessories. He is in a position to do many things to make your decreased tire-cost-per-mile offset your increased gasoline cost-per-mile. Consult him.

GOOD YEAR MADE IN CANADA

CASEMENT'S APPEAL IS NOW DISMISSED

Court of Criminal Appeal Was Not Long in Reaching Decision.

REPRIEVE IS POSSIBLE

Powerful Influences at Work to Save Sir Roger's Life.

LONDON, July 18.—Without hearing the attorneys for the crown, the court of criminal appeal today dismissed Sir Roger Casement's appeal from the verdict of the lower court for which Viscount Reading, the lord chief justice, sentenced him to death. For a day and a half Alexander Sullivan, Sir Roger's counsel, argued before the court quoting many authorities in favor of his contention that the offence of treason depended upon whether the accused dwelt under the protection of the King and that the crime could not be committed without the realm. He abandoned his other points in regard to the lord chief justice's definition of the offence. As soon as Mr. Sullivan had concluded his argument the court retired to consider whether the attorneys for the crown would be called upon to re-

THE STANDARD BANK OF CANADA

QUARTERLY DIVIDEND NOTICE, NO. 103

Notice is hereby given that a dividend at the rate of Thirteen Per Cent. Per Annum upon the Capital Stock of this Bank has this day been declared for the quarter ending the 31st day of July, 1916, and that the same will be payable at the Head Office in this City and its Branches on and after Tuesday, the 1st day of August, 1916, to shareholders of record of the 22nd of July, 1916.

By order of the Board,
G. P. SCHOLFIELD,
General Manager.
Toronto, June 27th, 1916.

It soon decided to the contrary, which indicated that the appeal had been against Sir Roger, who was present during the argument and when judgment was given. Mr. Justice Darling in delivering the judgment expressed the indebtedness of the court to Mr. Sullivan for his well-considered and well-delivered arguments, as the judge characterized them, adding that they were worthy of the best traditions of Sir Roger's court, but he declared that they had been answered by the attorneys of the crown at the first trial. A further appeal to the house of lords is possible. Failing success in this or commutation, Casement will be hanged to the house of lords. It is possible only if the attorney-general gives a certificate that the decision of the court of criminal appeal involves a point of law so exceptional-ly important that it is desirable in the public interest that a still higher court should deal with it. This has been done only twice since the court of criminal appeal was established eight years ago. Attorney Doyle, of the counsel for Casement, expressed the opinion to-day that it was improbable the attorney-general would certify the case for appeal to the house of lords, as the appeal court did not consider it necessary to hear argument for the government. Powerful influences are working for a reprieve, said the attorney, and there were strong hopes of one being granted.

HEAVY FINE IMPOSED
Convicted of keeping a common betting house at 69 East Adelaide street, W. H. Robinson was fined \$104 and costs or 30 days when he came up in the police court yesterday.

CHURCH CALLS MEETING

Church has called a conference of the members of the Ontario Union of Municipalities, for morning at 10.30 in the evening. The object, he said, is to get to know each other better, to get power, and how much they get from the commission. "It is short of high treason," he said, "to say that power is being exercised in a way."

TRUNK RAILWAY SYSTEM OFFICE TO BELLEVILLE

Grand Trunk will run an excursion to Belleville on July 22. Tickets to return until July 24. Good rains except the International Adults fare \$2.95, and child's return.

WEDNESDAY MORNING, JULY 19.

The Hydro Power Shortage

Among those who have been following the situation there was no surprise at the explosion yesterday which resulted in the disclosure of the critical nature of the conditions under which the Hydro-Electric Commission of Ontario is endeavoring to supply electric power at cost to the people of the province from their own hydraulic resources. The revelation was only partial and a full disclosure will probably reveal the inner workings of an unpatriotic combination as the British possessions can produce. Yesterday's storm resulted incidentally upon the failure of power for the demand. This demand has been increasing by leaps and bounds for several years, and the government and all concerned have been fully aware of the needs of the province. In spite of all urgings, action has always been postponed and when taken has generally been expensively late. A soft pedal, double-action brake arrangement was always available either at Ottawa or in the Queen's Park. To retard the efforts of the Hydro-Electric Commission to attain efficient response to the demands of the hydro constituency. We believed in and advocated the purchase of private electric plants at Niagara, and Toronto has itself to thank to some extent, for not adopting this policy. Alternative plans, which we have always supported, have also been buried in one way or another. Every effort that might affect the electric ring was headed off by some means.

The result at present is that the Hydro-Electric Commission with its huge and constantly increasing circle of power consumption, is now at the limit of its supplies. The private enemies who would paralyze its activities or reduce them to a minimum. There is an interlocking relation among the nickel interests, the power interests, and several other interests, between whom and the people of Ontario the issue is whether the resources of the province are to become the heritage of the privileged few, or the public property available on equal terms at actual cost for everybody.

Owing to the limited nature of the power resources immediately available in this part of Ontario, Niagara contributing the greater portion, it has been possible, on account of the complacent attitude of former politicians towards corporations looking for franchises, to tie up the resources of electric energy in a few hands. When the hydro-electric plan was materialized, few believed in its success among those who opposed it. Even its friends scarcely anticipated the immediate and startling success which has resulted in the consumption of the entire 100,000 horse power originally contracted for, and a large demand in excess of this amount.

The Ontario Power Co., which had made this contract, has kept its terms faithfully, but has not been able to supply any more power. Application was made to the Canadian Niagara Electric Power Co. in 1913, for power, and that company agreed to furnish power at \$12, the Hydro Commission at first offering \$10.50. The Niagara Co. desired to make improvements in its plant in order to provide for the new supply, and obtained permission to make these changes on the understanding that the power would be available. This understanding was come to in the spring of last year, both with the Queen Victoria Niagara Falls Park Commissioners and with the Hydro-Electric Commissioners.

In order to obtain the 32,000 h.p. power promised, the Hydro Commission proceeded to spend \$20,000 in building a line to connect with the Canadian Niagara Co.'s plant. As soon as all was ready this company demanded \$15 instead of \$12 originally stipulated. Three months ago the Hydro Commission appealed to Ottawa, as well as to Queen's Park to use authority of the governments to secure the

power required. The Canadian Niagara Co. has never made any attempt to supply power to Canadian consumers, either the franchise of the company stipulates that not less than half of the power produced shall be available for Canadian consumption. Hon. Wallace Nesbitt, president of the company, pleads that he had an understanding with Messrs. LaSalle, Aylesworth and Graham, in the first place and afterwards with Messrs. Horden, Cochran and Perigo that the company would not be required to carry out its full contract.

It is fairly obvious what is being attempted. The people's power union and Hydro-Electric Commission is to be tied up, if not put out of business. The nickel trusts and the power trusts with others allied are to control Canada. The Hydro-Electric Commission made no undue demand on the Niagara Co. The commission met the company in the matter of price. The company has undertaken to supply a turbine company at Chippewa, light to eighteen thousand horsepower, at \$15 delivered, a price as low as the \$12 taken at the plant agreed upon by the Hydro.

The great question is whether the two governments will stand by the people, or whether Hon. Wallace Nesbitt will be able to carry off his coup. While the Ontario Government has been hesitating during the time about building hydro roads, and developing the Chippewa power canal project, Hon. Wallace Nesbitt has been adding to his power plant and making contracts to extend the opposition and competition of the corporations against the hydro union.

The power to prohibit export of power which the Hydro Commission has invoked rests in an act of the Dominion Parliament, by which any or all of the power produced in Canada may be reserved for Canadian consumption. Sir Robert Borden in his letter to Washington, has made perfectly clear the rights of the Canadian people in the use of their own water power. As a measure of preparation for the close of the war, even if there were no pressing necessity at the present time for power, the government should have no hesitation about backing up the demands of the Hydro Commission.

An unfortunate reluctance on the part of the Ontario Government, when Hon. Frank Cochrane was minister of lands and mines, prevented the use of hydro-electric power in the smelting of nickel many years ago. There is practically no change in the process—referred to by Mr. Haanel ten years ago and that now in use in Chicago, where power is one cent a k.w., as against a quarter-cent in Toronto. There is a greater demand now for electric-smelted steel. Had these processes been encouraged by Mr. Cochrane, Ontario would have been in the very forefront of the world in this work.

At present there are many manufacturers seeking locations in Ontario. Five to ten million dollars' worth of industries could be located here immediately if the power were available. Dye works investing \$2,000,000 have been making enquiries, and a dozen other large factories are ready for location if the power problem were satisfactorily settled.

Hon. Wallace Nesbitt's policy would tie up the Hydro-Electric movement at Niagara, at Chippewa, at DeCew Falls, in the Trent Valley, at the Chaudiere Falls, on the French River, at Chatham, at Windsor, at every point where splendid and valuable resources for the people's power are possible. With the end of the war in sight within a year at most, and Chippewa power developments three years off, there is no alternative for the Hydro Commission but to demand freedom in the realization of the full benefit of the power policy which has already proved such a huge success.

High Value of Peat
 Coincident with the issue of the Dominion bulletin on the "Investigation of the peat bogs and peat industry of Canada," the quarterly journal of the "Canadian Peat Society" calls attention to the important nature of this source of wealth to the nation. It is usual to think of peat in connection with fuel, and perhaps this is what induced a contemporary yesterday to speak of the "peat lead" of the Toronto Hydro-Electric Commission. Peat, however, is being put to many other uses than as a fuel and the valuable quality of its contribution in agriculture has opened up a new source of wealth.

As a new form of fertilizer, bacterized peat is taking its place with other valuable agencies, and English research has demonstrated that the great areas of peat now lying waste, may be turned into a highly concentrated manure. The really important thing about all fertilizers is the bacteria, and once it was recognized that peat could be used as a bacterial carrier an immediate application of the idea was made. The peat, when treated

PRESENTATION TO LIGHT INFANTRY

Before a crowd of two hundred people, on the city hall steps yesterday afternoon, Miss Helen McEwan, on behalf of the Toronto girls of the W.C.T.U., presented a complete army service field kitchen to the 201st Battalion. Lieut.-Colonel E. W. Hagarty, commander, is seen accepting the gift for his battalion. The field kitchen is of the most modern type and cost \$1100, the proceeds of a garden fete held recently in the Normal School grounds.

ed, was given the name of humogen and was found under favorable conditions to yield fifty to eighty times as much of the soluble humates required as a corresponding quantity of the best stable manure.

Results of the use of humogen are tabulated in the journal in the cases of apples, beets, cabbages, celery, cucumbers, grass, lettuce, marrow, onions, potatoes, roses, and sweet peas, all of which presented the most satisfactory results.

The journal also gives articles on the value of humus in soils, the care and cultivation of muck farms, the use of peat in commercial fertilizers, and even as food for stock. This commodity is prepared by mixing the peat with refuse molasses, which is too sticky and fluid to be used for food by itself, but forms a fattening compound with peat.

Peat is also used with advantage in poultry pens, as it absorbs the valuable guano elements, and increases the worth of the droppings for fertilization, besides contributing to the cleanliness and health of the fowl.

LAWRENCE J. COSGRAVE WAS BURIED YESTERDAY

Prominent Citizens Attend Impressive Ceremony at Our Lady of Lourdes.

Yesterday morning the funeral of Lawrence Joseph Cosgrave, late president of the Cosgrave Brewery Co., Limited, was held to Mount Hope Cemetery. A service was conducted at the Church of Our Lady of Lourdes, and was attended by men prominent in business, political and provincial life from every part of the province. The last rites were performed by Rt. Rev. Martin D. Whelan, Chancellor of the Diocese of Toronto, assisted by a number of the clergy.

The church was filled with friends. The service was impressive and the touching philanthropy of Mr. Cosgrave was extolled by the speaker. The floral tributes were many and beautiful, and included those sent by his numerous friends and business houses and institutions with which he had been connected.

The pallbearers were W. T. Kernahan, T. P. Phelan, P. Messop, Thomas Flynn, A. L. Malone and Thos. Lalor. Among those who were present were James J. McCaffery, Lawrence J. Soliman, Le Reinhardt, Charles Hodgson, O. C. Graves, W. Muldoon, W. O'Connor, Robert McCullough, F. Thompson, G. Hodgson, T. Furlong, Joseph Wright, Claude Macdonnell, M.P., John Coffey, John Rogers, John E. Boland, W. Croker, L. J. McGuinness, John Guinane.

Grand Trunk Railway System New Service to Algonquin Park.
 Commencing June 24, the Grand Trunk Railway will operate through sleeping cars to Algonquin Park, leaving Toronto 2.05 a.m. daily except Sundays, arriving Algonquin Park 12.15 a.m., Madawaska 11.45 a.m. Effective June 26, returning leaving Madawaska 4.25 p.m., Algonquin Park 5.55 p.m., daily except Sunday, arriving Toronto 7.30 a.m.
 Parlor-library-buffet car service effective June 21, leaving Toronto 1.50 p.m., arrive Algonquin Park 9.30 p.m., Madawaska 11.00 p.m. Effective June 26, returning leave Madawaska 5.10 a.m., Algonquin Park 6.40 a.m., arriving Toronto 2.55 p.m., daily except Sunday.
 For further particulars, reservations, etc., phone or call city ticket office, northwest corner King and Yonge streets, or C. E. Horning, D.P.A., Toronto, Ont. 6777.

SIR DOUGLAS HAIG PRAISED BY KING

Emperor of Russia Joins in Congratulations on Success Achieved.

HAIG APPRECIATIVE

Grateful Thanks Tendered on Behalf of British Armies in France.

LONDON, July 18.—King George today sent the following message to General Sir Douglas Haig, commanding the British troops on the Franco-Belgian front: "The continued successful advance of your troops fills me with admiration and I send my best wishes to all ranks. The Emperor of Russia has asked me to convey his warm congratulations to your troops upon their great successes they have achieved. Gen. Haig replied as follows: "The British armies in France offer most respectful and grateful thanks for this further mark of your majesty's gracious appreciation of what they have achieved. They also respectfully beg that their grateful acknowledgments be conveyed to the Emperor of Russia for his majesty's congratulations."

Reports on Taxation, Land Settlement and Financial Problems Considered.

By a Staff Reporter.
 OTTAWA, July 18.—At the afternoon and evening sessions of the National Liberal Committee today the various committees presented reports dealing with taxation, land settlement and financial problems. It is probable that at the close of the conference a statement expressing the views of the representatives of the Liberal party on these questions will be made public, and will be equivalent to a declaration of the policy of the party. During the afternoon and evening sessions there was a considerable increase in the attendance.

The members of Sir Wilfrid's last cabinet, who were present expressed their views on party policy and party organization. The question of party organization will be one of the most important questions before the conference. The conference will be continued tomorrow and will conclude with a dinner at which the national committee will be the guests of the federal Liberal leader.

SIR SAM IS ABOUT TO LEAVE FOR FRONT

He Will Sail From New York Within a Day or Two.

By a Staff Reporter.
 OTTAWA, Ont., July 18.—General Sir Sam Hughes was at Elmburg, N.Y., today, where he motored for Montreal. He will not return to Ottawa but will sail for England from New York City, and that he will be returned to Canada some time in the fall. It is understood that General Hughes is going to the front, but in what capacity is not known. It is presumed that he will be attached to Sir Douglas Haig's staff, and that he will return to Canada some time in the fall. Harvest Help Excursions to Winnipeg and Northwest.
 Grand Trunk Railway will run harvest help excursions to Winnipeg and the Canadian Northwest at same rates and conditions as last year. Dates and further particulars will be announced later.

OTTAWA WATCHES HYDRO SITUATION

Inquiry Will Follow Receipt of Message From Hearst.

ATTITUDE IS JUDICIAL

Export of Electricity May Be Cut Off, But Doubt Exists.

By a Staff Reporter.
 OTTAWA, July 18.—The federal authorities here have not yet received any notification from the provincial authorities regarding the trouble over the lack of power from Niagara for the hydro-electric. Until such notice reaches the government, no statement will be forthcoming of course. Meanwhile it is well understood, however, that the Dominion Govern-

FAMILY DOCTOR'S GOOD ADVICE

To Go on Taking Fruit-a-tives Because They Did Her Good.

ROCHON, P.Q., Jan. 14, 1916.—"I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became greatly run down. A neighbor advised me to try 'Fruit-a-tives.' I did so, and to the surprise of my doctor, I began to improve, and he advised me to go on with 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-tives' and you will get well."
 CORINE GAUDREAU,
 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

GOVERNMENT TO STUDY SETTLEMENT POLICY

Conferences With Sir Rider Haggard to Lead to Action.

WILL AMEND STATUTES

Dominion Authorities Will Assist Placing Returned Soldiers on Land.

By a Staff Reporter.
 OTTAWA, July 18.—At the conference today between Sir Rider Haggard and a sub-committee of the privy council, Sir Rider described the various land settlement schemes adopted throughout the empire. Before leaving Ottawa he will hold another conference. Any land settlement scheme by the federal government will necessitate an amendment to the homestead laws, and legislation to this effect will be introduced next session, to make homestead regulations conform to the policy adopted. At the conclusion of the conference with Sir Rider, the sub-committee of the privy council will consult with the governments of the provinces controlling their own lands, and if possible arrive at some land settlement policy adaptable to the whole Dominion.

KUT CAMPAIGN ILL CONDUCTED SAYS ASQUITH

Preparations for Advance on Bagdad Found to Be Inadequate.

SERVICES DEFECTIVE

Medical and Transport Branches Discovered to Be Much Wanting.

LONDON, July 18.—Premier Asquith intimated in the house of commons today that there was some basis for the adverse criticism of the conduct of the British expedition in Mesopotamia. After the battle of Ctesiphon last November, he said, Gen. Sir John Nixon, who was then in command, telegraphed that the medical arrangements were quite satisfactory.

"Thousands died," one of the members called out. Later, Mr. Asquith continued, unofficial reports were received which seemed to point to a very different state of affairs, and a commission was appointed to investigate the whole matter. The report of the commission had been received by the government of India, which was holding it until the Indian commander-in-chief had an opportunity to submit his observations thereon. The commission reported that every thing possible was now being done. Regarding the transport facilities, Mr. Asquith said the necessity of attempting to relieve Kut-el-Amara was so urgent that it was thought right to push on the troops in advance of their transport. Sir Edward Carson, speaking of the Mesopotamian expedition, said that "thousands of people in this country thought it had been conducted with criminal negligence."

GODERICH SOLDIERS DON'T LIKE BORDEN

State That Dust is the Greatest Enemy of the Men at Present.

GODERICH, Ont., July 18.—About one hundred local boys of the 161st Battalion were home from Camp Borden over week-end, and when questioned as to the new camp, the greater number expressed themselves as being very much displeased with it. From what could be learned from the boys, the dust which arises from the sand and ashes is the greatest enemy which they have to face at present. However, all returned to Camp Borden determined to stick it out, living in the hope that conditions may improve ere long and that their course of training there may be of a more pleasant nature in the future.

SOLID CLOUTING GOOD PITCHING

Thompson Showed Sterling Article on Mound and Leafs Win Handily.

From the poorest branch of the local team, the pitching department has risen to be one of the most formidable in the league. Another pillar of strength was added to this necessary unit of a ball club yesterday in the person of Walter Thompson. Thompson has been playing in the outfield for many weeks now and performed in a capable manner in the outer garden. He started his first game in the box for the Leafs yesterday and his work was clean out. He is in the field his position. He will be a valuable help for Shocker, McGee, Herbert, Russell and Manning. Thompson gave Newark seven hits and one run yesterday while two Indian twirlers yielded 14 hits and six runs for the locals.

It was a treat to watch the home boys at the plate yesterday. They stepped into the ball in a healthy manner in left field, and his single in the first inning drove in the first run. He twisted his leg again and had to retire, managed to hit a triple and a single in three at-bats yesterday. Truesdale supplied a triple and two singles in three at-bats yesterday. He hit a home run and a double in two tries, and he pitched himself out of a couple of tight corners in a capable manner.

Enright was in wrong from the start. Right field fence, and then Manager Birmingham sent a hot single towards right with the infield playing to score him. Birmingham took a lead off second and Manning ran for him, and McGee went to left field for the rest of the game. Graham napped and Manning scored. Thompson also hit safely. Blackburn forced Thompson at second, and Graham and Blackburn willed the double steal, and Blackburn hit Egan hard in his slide to the plate and all but knocked him dead. Egan hit McGee in the head with a big Newark error. Egan had him dead blacked out, but Graham's good slide did the trick.

For Thompson to work on.

Truesdale's second hit and McGee's mammoth triple scored number four in the second. After Enright walked four, the second. After Enright walked four, the second. After Enright walked four, the second.

Trophy Refused to Leave the Field

GREEN HORSES WIN TWO AT CLEVELAND

Umpire Declared Game Forfeited to Brooklyn-Giants Soundly Beaten.

At Chicago (National)—Chicago forfeited to Brooklyn yesterday by the record score of 9 to 0, because Manager Tinker refused to leave the field when Umpire ordered him away. By batting first in the sixth Brooklyn had tied the score and the teams went into the seventh with the count 4 to 4. Byron then charged Vaughan with delaying the game.

Manager Tinker voiced a violent protest and refused to leave the field, claiming the Chicago signals and that Vaughan's delay was merely to gain time to inform Chicago. Byron was obstinate, however, and called a policeman to eject Tinker. The policeman hesitated, Byron counted the minutes and finally declared the game forfeited to Brooklyn.

Jimmy Archer, the Cub catcher, broke a finger in the game. Score: R.H.E. Brooklyn 9 0 0 0 0 4 0 0 0—7 2 0. Chicago 0 0 0 0 0 0 0 0 0—0 1 0.

Batteries: Coombs, Marquard and J. Myers; McConnell, Seaton, Vaughn and Archer.

At Cincinnati—Cincinnati knocked Ragsdale out of the box in the ninth inning, winning the last game of the series from Boston here 8 to 4. Schneider pitched good ball, two of the best runs being made off Killifer's error. Score: R.H.E. Boston 0 1 0 0 0 2 0 0 1—4 6 1. Cincinnati 1 0 0 4 0 1 0 0 0—8 1 0.

Batteries: Bushong and Gowdy; Schneider and Wingo.

At St. Louis—Louis batters pounded Perritt and Anderson, and St. Louis won the last game of the series with New York here 5 to 2. Score: R.H.E. New York 1 0 0 0 0 0 0 0 0—1 1 1. St. Louis 0 1 0 0 0 0 1 3 2—11 1 1.

Batteries: Perritt, Anderson and Hardesty; Steele, Ames and Gonzalez.

Philadelphia at Pittsburg—Rain.

Trophy Scores

GREEN HORSES WIN TWO AT CLEVELAND

Rain Cuts Short Second Day's Races at Cleveland—The Summary

CLEVELAND, July 18.—The second day of the Grand Circuit races at North Randall furnished some exciting and gruelling racing, however, was cut short by rain. But one heat was raced in the afternoon for 218 trotters and the 2.05 pace. They will be run off tomorrow.

The two races which were finished today were won by horses making their Grand Circuit debut from the half-mile circuit. Summary:

Dandwell Sweepstakes, 3-year-olds, 218 class trotting, value \$770, unfinished—1. Expressive Lou, b.f. (Murphy), 2:10. 2. Lelia Patchen, b.m. (McDonogh), 2:11. 3. Lelia Patchen, b.m. (McDonogh), 2:11. 4. Lelia Patchen, b.m. (McDonogh), 2:11. 5. Lelia Patchen, b.m. (McDonogh), 2:11. 6. Lelia Patchen, b.m. (McDonogh), 2:11. 7. Lelia Patchen, b.m. (McDonogh), 2:11. 8. Lelia Patchen, b.m. (McDonogh), 2:11. 9. Lelia Patchen, b.m. (McDonogh), 2:11. 10. Lelia Patchen, b.m. (McDonogh), 2:11.

WILL DONOVAN RECALL SHOCKER?

The Leafs were hard hit when Detroit recalled Red McKee, the best catcher in the International League. Is the local club to get another hard slam? Reports from New York last night state that Will Bill Donovan is having the hardest fight imaginable to hold the Indians out of the park. The most consistent winner, pulled a muscle under his hood pitching arm in yesterday's game. He was in need at least ten days rest. In the closing inning of this un-pleasant contest, Donovan was hit on the knee with a hard batted ball and limped off the field of play.

This means that Donovan is hard put for pitching material, and one of his best youngsters is tight here in town. Urant Shocker is the party referred to, and his work for the local club has been the acquisition of a star. It is hard to believe that Donovan would recall Shocker, but it is the man that started the Leafs on their upward climb. Let us hope that Donovan forgets where he sent him.

THOSE NASTY ROYALS KEEP ON WINNING

At Montreal (International)—The Greys outbatted the Royals here, but were unable to make their hits count when needed, and fell victims to Montreal, 2 to 1. Score: R.H.E. Greys 0 1 0 0 0 0 0 0—1 4 2. Montreal 4 0 2 0 0 1 0 2—9 8 0.

Batteries—Billard and Yelle, Blackburn; Fullerton and Madden.

At Buffalo—Greys had the rebels completely at his mercy, and assisted by some timely hitting in the seventh inning, when the Bisons scored five runs, blanked Richmond, 7 to 0. Score: R.H.E. Buffalo 0 0 0 0 0 0 0 0—0 0 0. Richmond 4 0 0 0 0 0 0 0—7 13 1.

Batteries—Gittings and O'Donnell; Gregg and Ostrow.

At Rochester—Rochester and Baltimore played a nip-and-tuck game here, the Orioles finally putting over the winning run in the ninth inning. Batting home, were even. Score: R.H.E. Rochester 0 1 1 0 0 0 1 0—4 9 1. Baltimore 0 2 0 0 0 1 0 0—3 9 2.

Batteries—Sherman and McAvoy; Lovrenz and Hale.

AMATEUR BASEBALL

DOUBLEHEADER TODAY.

The Leafs wind-up the series with Newark today by staging a double-header. Shocker and Herbert will likely do the twirling for the locals this afternoon. The Leafs play in Rochester on Thursday, Friday and Saturday.

WEDNESDAY MORNING

TRADE RESTRICTED ON STOCK MARKET

Movements Almost Entirely Governed by Caprice of Professional Dealers.

CALL MONEY LOWER

Many Irregular Gains and Losses Marked General List.

NEW YORK, July 18.—Market movements today were governed almost entirely by the caprice of professional traders, public outside interest being altogether negligible.

Speculative sentiment was rather conflicting, the course of prices in the market itself was the offering of late time and call rates at lower rates than any day since last week's flurry.

Changes in other parts of the list represented numerous irregular gains and losses, with the exception of American tobacco stocks which were active.

Advances in the silver issues opened at 190, a point up from the previous high record established on the preceding day.

There was some selling of West Dome Consolidated, but there was sufficient demand to take all offerings.

TORONTO SHOPPERS AFFECTED BY HEAT

Inert Thru Humidity, They Are Sometimes Irritable Customers. CLERKS ARE PATIENT Attention to Purchasers, Courteous and Conscientious.

Yesterday, like the few days preceding, was hard upon the shops and upon the shoppers. Business could scarcely be called brisk, and yet a semblance of alertness had to be maintained by the clerks who waited upon for the most part, inert and unsatisfied customers.

fully blown rose, escaped from their guardians, making their way between the rows of languorous grown-ups and were apparently the only beings within the horizon of the store who enjoyed the atmosphere which brings all humanity to the condition of inertia and inefficiency. The cases were arranged just as tastefully as in the first days of spring. Tempting kimono, in rose silk and exquisite val, hung cheek by jowl with the cream creations from Paris which, under ordinary weather conditions, would awaken the admiration of some and the envy of the many. Counters were piled up with various articles of the "white wear sale," and household slippers at prices away down, offered inducements to the economically inclined among the buyers. But exertion was beyond the ordinary shopper, and the list of purchases did not seem by any means to warrant the ascription "business as usual."

SHIPPED RED CROSS SUPPLIES. Hundred and Thirty-five Cases Sent Overseas on Friday Last.

Mrs. R. Stearns Hicks, convener of house and supplies committee of the Y. W. P. L., reports the shipment on Friday, July 14, of 135 cases of Red Cross supplies, containing 39,940 articles.

WEEK'S SHIPMENT OF COMFORTS

Mrs. Arthur Vankouhant reported that the week's shipment of comforts for soldiers at the front from 35 Bay street consisted of 122 pairs socks, 30 service shirts, 28 cakes soap, 25 gauze suits of underwear, 22 gauze undershirts, 18 wash cloths, 16 packages of tobacco, also a quantity of towels, tins of biscuits, packs of cards, handkerchiefs, candy, gum, chocolate, tobacco, cigarettes, etc.

TOURING WESTERN PROVINCES.

As secretary for Canada of Queen Mary's Needlework Guild, Miss C. Welland Merritt is making a tour of the western provinces, and in new en route to British Columbia. Doubtless new branches of the organization will be formed as a result of the tour of the now well-known organizer.

SENT RED CROSS SUPPLIES.

Mrs. Kenrick, convener of the packing committee of the University Hospital Supply Association, reports as follows: 6425 garments. Eighty-five cases have been forwarded to the Canadian Red Cross, with the suggestion that they be transferred to France.

RECIPES.

SALAD DRESSING WITHOUT OIL.

Four tablespoons of butter, one tablespoon of flour, one teaspoon of salt, one teaspoon of sugar, one teaspoon of mustard, two pinches of cayenne pepper, one cup of milk, half a cup of vinegar, three eggs. Beat the butter in an enameled tin until it is hot add the flour, stir until smooth, do not let it burn. Add the milk and let it boil once. Beat together the eggs, salt, pepper, sugar and mustard; add the vinegar and cook until creamy. Cool and bottle.

HOME-MADE BAKING POWDER.

Here is a formula for making baking powder at home: Six ounces of flour, sifted carefully, the open oven without browning; 1 1/2 ounces of cream of tartar and six ounces of the best soda. Sift them together and mix in a half a dozen times thru good sieve. Place in air-tight glass jar, wrap the jar in dark blue paper and keep in the dark, taking out enough from time to time to use in two or three weeks, and keeping this small quantity in a tightly-covered tin to preserve its strength.

HUNGARIAN GOULASH.

Two pounds of lean beef, cut in inch squares. One tablespoon of lard, put in a pot until hot. One onion, cut in pieces and fried until brown. Add the meat to the lard and onion, then add two tablespoons of vinegar and a half cup of water, with a little salt and black and red pepper. Cover the pot and stew until tender, adding a little water as needed.

POTATO SAUSAGES.

Mix well together with a wooden spoon half pound of cold boiled mashed potatoes, a quarter pound of chopped onions, a half pound of bread crumbs, two beaten eggs, three-quarters of a cup of lard, salt and pepper to taste. When mixed, form into sausages; tie each well in cloth and boil exactly as one would a roly-poly. If not to be eaten when newly-cooked, steam and freeze when wanted. This sausage is also good if oatmeal is added instead of bread crumbs, or it may be made half oatmeal and half potato. The amount is sufficient for twelve sausages.

STRAWBERRY SPONGE.

Bake a sponge cake in a round pan, or buy such a cake at the bakery. Cut the top off the top, hollow out the centre and fill with whipped cream. Cut the sides and fill with a mixture of one cup of mashed strawberries. Repeat the sides and fill with cream. Cut in large plate, cutting into slices at the table.

GINGER GEMS.

Cream one cup of sugar and two-thirds of a cup of lard together; then add two eggs, well beaten. Sift three cups of flour, three teaspoons of baking powder and a half teaspoonful of salt together and add alternately with one cup of milk to the first mixture. Now add the lard and mix thoroughly. Chopped preserved ginger, and divide the mixture into buttered and floured gem pans and bake for 15 to 16 gems. This is sufficient for 16 gems.

WATERMELON PUNCH.

With a potato scoop, make balls the size of a cherry from the red part of the watermelon. Make enough syrup from the juice of oranges and lemons, and sweeten to taste. Let the balls marinate in the syrup and chill for two or more hours. Next add pint of ginger ale to the fruit mixture. Place four or five balls in a glass and serve the punch.

STEAMED BLUEBERRY PUDDING.

Mix and sift two cups of flour, four teaspoons of baking powder and one-half teaspoon of salt. Work in two tablespoons of butter, using one cup of milk and stir in one cup of berries dredged with one tablespoon of flour. Turn into a buttered and oiled steam one and one-half hours.

SAND TARTS.

Three eggs, one pound granulated sugar, half a pound of butter, one teaspoon vanilla extract, flour, nutmeg. Beat the butter to a cream and mix with the sugar. Add the yolks of three eggs and the whites of two, well beaten together. Mix with flour and nutmeg consistency. Flavor with vanilla and just a bit of nutmeg.

ATTRACTIVE WEEK-END TRIP.

The charming Muskoka Lakes are brought within easy reach of those desiring an ideal week-end trip. The Grand Trunk Railway offers an attractive tour from Toronto all around Muskoka Lakes and return for \$5.00. Tickets good to leave Toronto Saturdays, return up to Monday night. Trains leave 2:05 a.m. daily, 12:01 noon daily except Sunday. Sleeping car on 2:05 a.m. train, ready for reception of passengers night previous. Further information, list of hotels, illustrated descriptive matter, etc., from Grand Trunk City Office, northwest corner King and Yonge streets, Toronto, 35

WHITE HEATHER CAMP PICNIC.

At the annual picnic of the White Heather Camp of the Daughters of the Kingdom, a large number were in attendance. Pipe Major Fraser of the 4th Highlanders, with his pipe band, Piper Macpherson, Mr. McLaughlin, violinist; Miss Kate Borland and Miss Muriel Snider, in Scottish dances, gave a most enjoyable program.

NURSE TO GO OVERSEAS.

Miss Tate, a graduate of the Sick Children's Hospital, Toronto, and daughter of T. E. Tate, manager of the Molsons Bank, St. Thomas, Ont., has been accepted to go overseas with the London division of the Army Medical Corps No. 1.

PROGRAMS FOR TODAY

THRILLER CALLS FOR SWING THRU THE AIR Arline Pretty and Charles Richman Now Soothing Their Nerves.

Charles Richman and Arline Pretty, who are featured in a forthcoming production, are just getting their nerves soothed down after staging a thriller.

Miss Pretty, as the heroine, is confined in a sanitarium, in a room on the fifth floor, facing the street. Next door is a vacant house, also five stories high. Grasping a rope suspended from the roof, Miss Pretty swung from her room on the fifth floor, to a room on the fourth floor of the house next door.

Most actresses would have boasted a hitch of any kind is a tribute to the daring of Miss Pretty and the steady hand and eye of Charles Richman. After the scene was taken, that they felt never a bit nervous, but Miss Pretty was frank enough to say that she was uttering prayers all the way over that a retake would not be necessary.

Miss Pretty has as much courage and nerve as any screen actress before put and in the picture. Her winsome frankness that never lets a forget the she is just a little girl and not a rag dummy.

ANITA STEWART IS A PREPAREDNESS GIRL

The military fervor has reached the women, as everyone knows. Patriotism thrills none more than the fair, and the brave have no monopoly of it. That is why brass buttons appeal to the feminine part of the population out of all proportion to intrinsic value. sentiment that is in them.

With Anita Stewart, the Vitaphone star, the patriotic idea took a more picturesque form than worship of brass buttons. On the Fourth of July she donned them. No, it was not in public. It was all a home affair. Miss Stewart's brother, George, aged fourteen, goes to a military academy and has a natty little uniform and cap.

This he discovered Fourth of July morning when he awoke and found sister wearing it to salute the flag. But she's not this around, for it is a family secret.

ORCHESTRA IMPROVED AT HIS MAJESTY'S THEATRE

No expense is being spared by the management of His Majesty's Theatre to make the Yonge street playhouse one of the most up-to-date in Toronto. In addition to presenting only the very best of photoplays, an excellent orchestra has been engaged under the leadership of A. Johnson, a well-known Toronto musician, and only high-class selections will be rendered. It was deemed advisable to dispense with the drums and a 'cello is being played instead. This innovation will no doubt meet with the approval of the theatre's many patrons.

REST AND BUSINESS TRIP TO HONOLULU

Grace Cunard and Francis Ford Will Make a Five-reel Photoplay.

With only two more episodes of the serial to be made, Grace Cunard, Francis Ford and members of their company who have been filming the serial, "Peg O' the Ring," are looking forward to a trip to Honolulu. The journey will be both in the nature of a rest and a business trip, for a photoplay, in five reels, will be made from a script Miss Cunard has written. Upon their return the Cunard-Ford company will begin another serial. Their ability to turn out interesting photoplays without cessation has won them the title of the "Fords of the Film World."

SOUTH SEA DRAMA.

William Wolbert, of Vitaphone's Coast Division and Hollywood, Cal., has had the principals of his cast for Catalina Island for the past week, filming the major part of the three-reel drama of the south seas in which Mary Anderson and Webster Campbell have the leads. A pleasure yacht has been chartered and daily trips are made on it to remote parts of the big island, where an entire village has been erected far from the "summer boarder" who holds out at Avalon.

TO SET NEW STANDARD IN BLUEBIRD PICTURES

Cleo Madison still has several weeks of hard work in "The Chalice of Sorrows," the modernized version of "La Tosca," which she plays leading role in at the Universal studio. The requirements of the picture are unusually severe, for it is intended to set a new standard of Bluebird productions with this photoplay, and the artistic detail is carefully watched. To meet the part, Miss Madison has engaged a dancing teacher to perfect her steps in a "Carmen" scene, while costume and stage settings call for much of her time and supervision. The picture is being directed by Rex Ingram.

NOVA SCOTIA WOMAN WOULD LIKE A HUSBAND

Unmarried "Movie" Actor Preferred—Not Adverse to a Texas Cowboy.

Eleanor Woodruff, who will be seen as Olivia Martinelli in the Vitaphone Blue Ribbon Feature, has a chance for some sturdy moving picture actor to become a kind red-headed husband. It was just previous to her leaving for Texas, with a company of Vitaphone Players. The received letter from Shubenacadie, Nova Scotia, asking if she could not recommend some unmarried movie actor who is respectable, from her standpoint. "I am an homesome," continues the letter, "and want a partner. I am a respectable lady and hard-working girl. I am 27 years old, have reddish-brown hair, gray-blue eyes, and weigh 140 pounds. I will be so thankful to you if you can find one for me. I am writing you because I saw you in a picture last night, and you looked so kind I thought you might help me."

"P.S.—I just read in a Halifax paper you are going to Texas. If you can't get me a moving picture actor, a Texas cowboy will do, as I dearly love to ride the bronco plains." Miss Woodruff has posted the letter on the bulletin board at the Vitaphone Studios and is awaiting developments.

TO CLEAN TENNIS BALLS.

Take a piece of pipeclay and dissolve in as much water as it will absorb. When dissolved, stir it well, and add half a tallow candle (melted). Mix all together and allow to cool, then remove all dust from the balls by brushing the mixture and dissolve it in water to the consistency of cream. Apply to the balls with a sponge or soft brush.

INSIDE STRAPS FOR GAITERS.

One of the unattractive features of over gaiters heretofore has been the obtrusive buckle and tongue of the strap holding the gaiter to the shoe. This season an improvement has been introduced in the form of a buckle, so made that the tongue slips under the gaiter instead of over it. This preserves a snug appearance on the outer side of the foot, and the buckle is scarcely noticed.

The young should all be taught from their earliest years the duty of paying little attentions to each other and all about them, as a virtue that goes deeper than superficiality, and that does more than merely give pleasure to the recipient.

-It's Nourishing -It's Thirst-Quenching -This Better Milk

From inspected cows on sanitary farms, bottled and sealed in the most modern dairy in Canada, comes this better milk. There is no wonder that the Farmers' Dairy milk is better—is more nourishing—is richer in cream than ordinary milk, when such care is taken in its production. Drink lots of this milk—at morning, noon and night—it will quench your thirst and keep you in good health.

23 TICKETS FOR \$1

This wholesome milk is brought within everybody's reach at this summer price—23 pints for \$1. Don't delay in getting your tickets—this milk is richer, purer, cleaner. Write or telephone us or order from our driver.
