

# "A NOTION"

is something that strikes a man suddenly. For illustration, our ad. man saw a chap this morning suddenly stop in the middle of the road at a busy section on King street, lift up his foot and strike a match on the sole of his boot, light his pipe and then jump for safety to the curb. The notion to light his pipe struck him suddenly and he did it--then and there. Almost identical was the man who, in passing our store one morning last week, caught his eye upon a shade and pattern of a suit in our window, wheeled suddenly into the store and in ten minutes had a suit bought of the shade that took his fancy. In speaking of it afterwards he said, "Twas just a notion suddenly formed, aided by your splendid display of suits and now it's off my mind." Many a man starts out in the morning, finds his suit looking a bit shabby, takes a sudden notion he needs a new one, and buys it while the feeling is strong. Ours is the handiest clothing and furnishing store in town for the man with a notion that he needs a new suit suddenly.

We've a heap of nice things for you to see and more coming to hand and the far-seeing man will buy early.

**Take a sudden notion!  
Do it to-day!**

## MAYOR SUPPORTS PURCHASE OF C.N.R.

Government Would Lose Money by Foreclosure Proceedings, He Believes.

### IMPAIR WAR CREDITS

Action Urged by Hydro Interests Would Be Dangerous Now.

Mayor Church has changed his opinion regarding the purchase of the C. N. R. and now states that the Dominion Government would lose more than it would gain by a foreclosure if it failed to carry out its proposals. As a result of the conference between the hydro deputation and the minister of finance last week he is of the opinion that the government is working along the right lines. It was, he says, as far as the government could go in the development of government ownership of railways. If it went as far as the hydro-electric interests of the province wished it to go at this time it would impair the war credits. Discussing the hydro situation he says: "The Hydro Power Union has \$44,000,000 at stake in the power scheme. There is \$15,000,000 more involved in the Chippewa development project and \$25,000,000 in the hydro-railway scheme, a total of \$84,000,000. "The government is just as anxious as we are to promote the power scheme. This is a most forward step in government ownership and I believe that the next step will be the nationalization of the Grand Trunk, altho the government does not expressly say so. I am satisfied that it cannot all be done at once owing to the financial situation and I am still of the opinion that the Drayton-Acworth recommendations should be carried out, but notice that they point out their plan will have to be carried out gradually."

## LABOR PROBLEM IS VERY SERIOUS

Thousands of Men Required in the Harvest Fields of Ontario.

Despite the fact that thousands of men are still needed in Ontario's harvest fields at once if the grain crop is to be entirely harvested, there was a distinct falling off in the number of applicants of farm workers at the headquarters of the War Production Club, 15 East King street yesterday. The situation is now acute and the demands from the farmers increase daily. The leaders of the campaign for farm help are unable to secure sufficient men to meet the urgent requests, and are beginning to wonder if the average city man realizes the consequences that might arise if the present harvest or a small portion of it were left in the fields unharvested. The Government Employment Bureau has signed up a number of men who will go out at the beginning of the week as they were unwilling to give up their positions in the middle of the week. It is anticipated that there will be another rush of recruits today or Saturday. Dr. W. A. Riddell, of the trades and labor branch of the Provincial Government, has written to the representatives of the various committees throughout the province and is asking for information in regard to the progress of the campaign for men in their communities. When answers are received it will then be possible to determine the progress that has been made through the province.

### SCORE'S SILK SHIRT SALE.

The silk shirt sale is certainly one of extra interest to the gentlemen with a keen appreciation for high quality, and especially distinctive in the line design and color assortments. The special discounts show prices reduced in several lines we are offering from the regular to \$3.15, \$3.55, \$4.55 and \$5.55. And it's a timely line to express the opinion that equal quality silk shirts another season will cost you most double these prices. R. ### GOVERNMENT TO LIMIT WOMEN WORKERS' HOURS

Eight Hours to Constitute Night-Shift, With Forty-Eight Total for Week.

On and after September 1 the provincial government will stipulate in all licenses issued to manufacturers permitting them to employ women as munition workers that eight hours will constitute a night shift and no girl or woman will be allowed to work more than 48 hours a week on night labor. Hon. P. G. Macdonald, minister of public works, who made this announcement yesterday, added that under the present license a ten-hour night shift or 60 hours work a week was permitted.

### Magistrate Wanted to Release Girl Held as Murder Witness

Magistrate Denton suggested releasing Gladys Stocks, the 16-year-old girl held as material witness in the Booth avenue murder case, when she reappeared in the women's court yesterday. Crown Attorney Corley, however, argued that the girl was better in jail than doing what she was before her arrest, and it was decided to remand her for another week in custody. It is understood that she will be remanded from week to week until the fall session, when four men, accused of the murder of Taky Naoum, will come up for trial.

### GRANT TO SAILORS' FUND.

Hon. T. W. McGarry, provincial treasurer, announced yesterday that the Ontario Government would give a grant of \$25,000 to the King George Saviors' Fund, the money to be used in the care of the sailors of the empire. There was additional grant of \$5,000 by the government to the Italian Red Cross and a similar amount to the Serbian Relief Fund.

### JUST ORDINARY FIRES.

Fire Marshal Heaton has received many reports of fires causing the destruction of barns and their contents from all parts of the province. Mr. Heaton does not credit the stories which have arisen regarding the supposed activities of alien enemies. It was the season of barn fires, he said, and such fires would occur whether there was a war on or not.

### GRANTED AN INJUNCTION.

Charles W. Mitchell, defendant in an action brought by Donald Fraser, was given an interim injunction at Osgoode Hall yesterday, restraining the plaintiff from interfering with the tenants of Shermidale Apartments, Ottawa. Mitchell claims he has advanced \$141,500.

# Boys! A Construction Competition

Interesting Prizes Offered to the Boys Making the Best Steel Construction Model With Any Kind of Steel Builder Toy Set

Get Busy Now, Boys!

### THE PRIZES

- 1st Prize: Order on the Store for \$15.00
- 2nd Prize: No. 4 Steelrector Set With Motor
- 4 Prizes of No. 3 Steelrector Sets
- 6 Prizes of No. 2 Steelrector Sets
- 12 Prizes of Builders' Sets for Boys Under 12 Years of Age

THE designing and making of a Steel Construction Set provides the boy with an interesting and educational pastime and brings out all the inventive genius he may possess.

And recently the interest in these educational toys has been greatly increased by the addition of engineering wheels, gears, sprockets, worm gears, etc., which offer the boy new opportunities for originality in producing movable objects, such as street cars, trains, autos, machinery, etc.

The chief considerations which will govern the judges in awarding the prizes in this contest will be: The thoroughness, originality, mechanical correctness and the fact that the model is more complete by the addition of engineering wheels.

## The Competition is Open to All Boys

The boy's name and address must be signed on back of each model. Exhibits must be delivered not later than Monday, September 15.

If you haven't a steel construction set or a set of engineering wheels and wish to get the materials quickly come to the Toy Department, Fifth Floor, or order by phone or mail. State number of set and price when ordering.

The "Steelrector" Engineering Sets can be used with any steel construction set made. They are priced at \$1.00, \$1.50, \$2.00, and comprise the following materials:

## TRACTOR PLOW PROVES SUCCESS

### Demonstration of General Utility of Gas-Driven Motor for Farm Work.

A demonstration of plowing by motor tractor was held at the Harris farm, Dawes road, yesterday afternoon and was witnessed by several government officials and local manufacturers. The machine used, one of the few Canadian-made tractors on the market, demonstrated to the satisfaction of all the efficiency and possibilities of the motor tractor on the Canadian farm. A large field, slightly rolling, the soil clay loam and grass covered, made ideal conditions for such a demonstration and notwithstanding the dryness of the ground resulting from the recent dry weather the three plows attached to the tractor turned over three 12-inch furrows of an average depth of six inches, which was the entire outfit was manipulated by one skilled operator who experienced no difficulty in attending to the various duties which arose when the machine was engaged in plowing. The tractor traveled slowly in operation at the rate of 2 1/2 miles per hour and can plow during a 10-hour day approximately eight acres of land. It develops 12-22 horsepower and uses kerosene or gasoline for fuel. The cost of operation is estimated at \$1.50 per acre. This particular machine as well as the others employed by the provincial government, can be used for other farm work in addition to plowing. Ensilage cutting, grinding, sawing and other operations which require power can all be performed with equal success. Plowing can be most successfully carried on in a large field where numerous turnings may be avoided. The field should also be fairly level in order that the engine may be free

## DEFENCE OFFICERS MUST GO FRIDAY

### Expected Remainder Will Be Struck Off; Also Recommended Lieutenants.

Camp Borden, Aug. 16. — It is expected that on Friday all the officers of the C. D. F. who have not already been struck off, will be struck off the strength with the exception of the colonel, paymaster and quartermaster of each unit, who will be retained for a short time to complete the winding up of the affairs of the organization. Included in those to be struck off will be the officers recommended for lieutenantcies in the new C.E.F. depot battalion. Thirty-nine names have been sent to Ottawa with recommendations for these appointments, including those of all the officers of the infantry training depot who have not already been struck off. These will continue to carry on with the new battalion pending approval from militia headquarters of their appointments and will be in the interim in a somewhat anomalous position as in strict form they will not belong to anything, and consequently will not be eligible, however, be overcome by having the appointments, when approved, dated back to the days on which the officers in question actually started in to work with the new battalion. Some Will Revert. Several officers of higher rank have signified their willingness to revert to lieutenantcies with the new depot, and it is probable that when conscription comes in and other depot battalions are formed they will be transferred and given back their old rank. Two more n.c.o.'s and 17 men have been transferred to the new depot battalion from the 2nd and 4th Battalions, C.D.F. Colbeck, Army Medical Capt. O. W. Colbeck, Army Medical Corps, has been struck off the

### ROYAL SCARLET CHAPTER WOULD INDICT TRAITORS

Urge Stern Measures in Regard to Treasonable Speeches at Public Meetings. At a regular monthly meeting of the Royal Scarlet Chapter of East Toronto held in the Orange Hall on Wednesday, Aug. 15th, the following resolutions were unanimously passed:—"That the members of the Royal Scarlet Chapter of E. Toronto request Sir Robert Borden to put the Militia Service Act into immediate force upon receiving the assent of the governor-general, as thousands of our boys in the trenches require reinforcements at once and are being slain while politicians are quibbling amongst themselves."—"That stern measures be adopted in regard to the treasonable and fiery utterances of speakers at Montreal public meetings as reported daily in the Ontario press, and that indictments be at once preferred against the inciters." CONSCRIPTION RESOLUTION. Maple Leaf Council Will Not Support Candidates Who Oppose Measure. At the regular business meeting of Maple Leaf Council, No. 887, Royal Arcanum, in St. George's Hall last evening, the question of conscription was under discussion and a resolution was unanimously adopted to the effect that the members of the lodge should not support any candidate for parliament who does not support the conscription bill, and also calling upon the government to enforce the measure immediately. At the request of the supreme regent, a committee was organized who will take up the organization work of the next three months in order to increase the mem-

## ALBERT E. LONG DEAD.

Was Well-known Paper Box Manufacturer and Member of Board of Trade. The death has occurred of Albert Edward Long, paper box manufacturer of this city, at his summer home at Orchard Beach, in his 54th year. A short time ago he contracted pneumonia while attending a regatta on Lake Simcoe, previous to which he was in his usual good health. He was born in Aurora and for a number of years was associated with Hemming Bros. of Toronto. About 25 years ago he founded his father's business, that of paper box manufacturing, under the name of A. E. Long & Co. He was a member of the Toronto Board of Trade and the Manufacturers' Association, and was prominent in all things pertaining to the business affairs of Toronto. He was a member of Sherbourne Street Methodist Church, and is survived by his widow, Mrs. Marion Long, and one son, Edward. Two sisters reside in Aurora and one brother in the States.

## TO PAY SOLDIERS DUES.

Bruce Camp No. 2 S.O.S., held its first meeting in their new quarters at the Foresters' Hall last evening, when there was a large attendance. The chair was taken by A. Brown, chief, and the levy recently imposed on the camp of 25 cents per member per month was started last evening. This will be used to pay the dues of those members overseas, and so recouped the former order that compelled every member overseas to pay an additional \$100 per year. The honor roll of this camp now contains eight names. One member has been killed in action.

MOVE TO CONTROL SEXUAL DISEASES

M.O.H. to Draw Up Regulations to Check Venereal Scourge.

WEST-END ODORS

Conference Will Be Held With Representatives of Abattoirs.

Following the meeting of the board of health yesterday afternoon, Dr. Hastings, M.O.H., will draw up regulations for the control of venereal diseases in Toronto.

When the regulations have been drawn up they will be submitted to the provincial board of health with a view to introducing legislation to combat the evil.

At risk introduced the matter of the west end odors and suggested that the abattoirs be made to make an effort to reduce the nuisance.

It was decided that a conference be held with the representatives of the abattoirs with a view to having the smells eliminated.

The provincial government will be asked to introduce legislation making it compulsory to weigh and measure the animals before they are sent to the slaughter.

The city nurses and inspectors will be instructed to allow patients against medicine to be within the reach of children.

In his report to the board Dr. Hastings advocated that all vegetables and eggs should be sold by weight.

The number of deaths last month from pneumonia and the greatest reason for a number of years. This was 47, as compared with 27 in July, 1916.

The report showed an increase in tuberculosis, there being 81, compared with 59 reported in July, 1916.

The number of deaths, including Toronto people, in outside sanitariums, was 51, being 11 more than in July, 1916.

The acute contagious group consisting of typhoid, scarlet fever, diphtheria, smallpox and whooping cough, the number of deaths was 47 compared with 27 in July, last year.

The following table shows the deaths from the principal causes as compared with those in July, 1916.

Table with 2 columns: Cause of Death, Number of Deaths. Includes pneumonia, cancer, tuberculosis, etc.

FOR THE EMPIRE

Private Ainger J. Davey, Swansea, who was reported killed in December, is now officially declared killed in action.

Pte. W. F. Upton, who was reported missing last March, is reported killed in action.

Pte. Leonard R. Wood, second son of Mrs. M. Wood, MacDonald street, Mimico, was killed in action July 23.

Sapper John Kirkwood was killed in action at Sapper Kirkwood, who was employed in the checking office of the Grand Trunk Railway.

It was reported that a conference be held with the representatives of the abattoirs with a view to having the smells eliminated.

Delegation Interviewed Mayor and Officials Regarding Proposed Grant.

Declaring that a decidedly wrong impression had been created regarding the aims of the Great War Veterans' Association, a delegation from that body visited the city hall yesterday morning and made clear to Mayor Church and Finance Commissioner Bradshaw that the work which the association planned would be of benefit to the city.

With the co-operation of social agencies the medical health department has sent a large number of medical officers to two week stay in the country, and has distributed hundreds of free ferry tickets to those who are unable to go to the country for any period longer than a day.

Works Commissioner Harris and Geo. W. Kinnear, in Ottawa, representing the city in the fight on the bill which provides that the Toronto and Niagara Power Company cannot enter the forest of a municipality without its consent.

The following is a rough estimate of the annual budget of the Great War Veterans' Association under the proposed organization. It was furnished to the city when the veterans made a year to aid them in carrying on the work.

TO EXHIBIT AIRPLANES AT CANADIAN NATIONAL

Two Battle Machines Purchased by City of Toronto Will Be Shown There.

A most intimate view of the many problems confronting the men of the Flying Corps will be given at the Canadian National Exhibition.

Arrangements were completed yesterday afternoon for the delivery to the Exhibition of two of the battle machines purchased by the City of Toronto.

The new food laws will be given a spectacular try-out at the Exhibition. It is felt that with so many people from Ontario points in attendance the Exhibition should set an example, and to start things off right the menu for the directors' luncheon will strictly adhere to the rules laid down by Hon. Mr. Egan.

Pte. George Beverley, 684482, is reported wounded. He went overseas with Col. De Grand Reed's battalion in the 1st Canadian Trench Battalion.

Pte. B. Chatterton, whose home is at 41 Wynne avenue, and who enlisted with the 170th Battalion, is in the casualty list, reported wounded.

Pte. Henry Norman Wilson, a native of London, Ontario, was reported wounded August 6 that his leg had to be amputated at the knee.

CITY HALL NOTES

Finance Commissioner Bradshaw has placed in the hands of the city solicitor for collection a large number of income and business tax bills on which the collectors have been unable to obtain payment.

Thirteen fifty lodging houses were cleaned up by the inspectors of the board of health last month, ten houses were condemned as unfit for habitation, eight were destroyed and 441 nuisances were abated.

The medical health inspectors last month seized 375 loaves of bread and 115 pounds of butter that were under weight, and condemned thousands of pounds of meat and fish that were found to be unfit for human consumption.

With the co-operation of social agencies the medical health department has sent a large number of medical officers to two week stay in the country, and has distributed hundreds of free ferry tickets to those who are unable to go to the country for any period longer than a day.

Party of Returned Soldiers Expected at North Toronto

A party of over a hundred returned soldiers is due to reach North Toronto Station at 7:30 o'clock this morning.

Twenty-five amputees belonging to the military department are expected to be in the city.

Two names have been added to the list of war heroes expected. They are: Walter, 1905 Leslie street, and Donald, McDonald General Delivery.

CHARGE BREACH OF O.T.A.

William Lawson and His Wife Accused of Selling Liquor.

William Lawson and his wife Minnie, of 225 East King street, were taken into custody last night by Plainclothesmen Marshall and Sullivan, on a charge of having liquor for sale and selling liquor, respectively.

According to the police, Lawson, who has a rooming house at 225 East King street, saw the policemen coming, yelled to his wife upstairs to dump the whisky, and burst down the door.

The officers seized a most quantity of liquor and evidence. It is alleged that the prisoners were selling a small bottle of whiskey at \$1.50.

HIT BY DELIVERY WAGON

Mrs. Ida Weinstein in Hospital with Fractured Skull.

Said to have walked in front of a delivery wagon at the corner of Agnes and Elizabeth streets, yesterday afternoon, the 40-year-old Mrs. Ida Weinstein, 37 D'Arroy street, was struck and sustained a fractured skull.

She was removed to the General Hospital, and her condition is regarded as critical.

Alfred Saverich, 94 Palmerston avenue, driver of the rig, who was arrested on a charge of criminal negligence, is reported to have been fined \$100.

ALL INFANTRYMEN FROM U. S. CITIES

Nineteen Recruits for Trench Fighting Supplied by British From South.

Recruits came forward 78 strong yesterday at the Toronto mobilization centre, 59 offering for the C. E. F., and 28 for the Royal Flying Corps.

Twenty-five of the volunteers came from British recruiting missions in the United States, most of them from the City of Chicago. As on the preceding day, all the C. E. F. infantry recruits were again supplied from the American contingent from the south.

There were 37 accepted recruits, counting local men offered during the day. They were credited as follows: 1st Reserve Battalion, 19; Army Medical Corps and York and Simcoe Foresters, each 8; Mounted Rifles and U. of T. Training Co., each 6.

The Royal Flying Corps accepted 28 men for service of the 28 who offered. One of the most successful C. E. F. units recruiting in Toronto is the York and Simcoe Foresters' Battalion, which has already had 600 recruits accepted for service, of whom 450 are already on duty overseas.

Contributions of money for the purchase of the supplies mentioned will be received by the treasurer of the Regiment and the Governor-General's Body Guard, will put in a complete day of target practice at the Long Branch rifle range.

On Sunday next the members of two Toronto militia units, the 2nd Irish Regiment and the Governor-General's Body Guard, will put in a complete day of target practice at the Long Branch rifle range.

Mr. Meighen's Reply. Hon. Arthur Meighen, solicitor-general, in reply to Mr. Bennett, said that the pledges were part of a pre-war agreement, and that the government would not be bound to accept the award of the arbitrators, and that the government might deal with this suggestion when the bill got into committee.

"BIG INTERESTS" IS CRY RAISED

Itself bound to construct a number of lines which were not needed with money in bank from the sale of the C. N. P. bonds.

He believed that the bill should be so amended as to leave the government free to accept or refuse to act upon the award of the arbitrators.

The Graham amendment, however, he denounced as downright confiscation, and that he would vote against it.

Mr. Bennett pointed out, however, that the government would not become the sole owner of the road by acquiring the \$60,000,000 of common stock outstanding.

NEW FREEDOM LEAGUE

Seeks Recognition of Organization, Apparently Opposed to Compulsory Service.

Delegates to the Trades and Labor Council at the regular meeting held last night in the Labor Temple, unanimously passed a resolution calling on the Dominion Government to request the imperial authorities to cease granting any more titles in Canada.

The resolution was the aftermath of heated discussion on war profiteering that arose at the previous session of the council, and without any debate whatever last night a committee of three was appointed to adjourn from the meeting and draw up the motion.

The sum of \$25 was voted to aid the striking steamfitters and plumbers in St. John, New Brunswick, in their legal expenses for the trial of two workmen. An appeal for aid was made before the delegates, who were requested to appeal to the local unions to further assist their brotherhood.

**Text of Appeal to Belligerent Powers Follows—Lines Previously Indicated—Inclusion of Near-East Issues Called For by Vatican.**

London, Aug. 16.—The following are the principal points in Pope Benedict's peace appeal. The conditions outlined are regarded as indicating a stronger trend of German inspiration than the unofficial outline.

Substitution of moral force of right for the material force of arms.

Reciprocal diminution of armaments, leaving only sufficient armament for the maintenance of public order.

Substitution of arbitration for arms.

Each state must accept the international decision; according to established rules, and be subject to punishment if refusing to submit to arbitration or accept the decision.

True liberty and freedom of the seas.

Restitution of all occupied territories.

Evacuation of Belgium, with guarantee of her full political and economic independence.

As for the Irredenta territory, it is hoped that in view of the advantages of a durable peace with disarmament, the disputing countries will be induced to examine each question in a conciliatory spirit.

The question of the Balkans, Poland and Armenia to be examined in the same spirit of equity and justice.

**LETTER TO KING GEORGE.**

London, Aug. 16.—(By the Associated Press.)—The foreign office last night issued the French text of the letter from the Pope to the King, enclosing a copy of his appeal to the heads of the belligerent peoples.

Your Majesty: The Holy Father, anxious to do everything he can in order to put an end to the conflict which for the last three years has ravaged the civilized world, has decided to submit to the leaders of the belligerent peoples a concrete proposal which I have the honor to attach to this letter. May God grant that the words of his Holiness will this time produce their full effect for the good of the whole of humanity.

The Holy See not having diplomatic relations with the French Government, I have the honor to deliver to you, Majesty of the United States, I very respectfully beg your Majesty to be good enough to have handed a copy of his Holiness' appeal to the president of the French Republic, to his Majesty the King of Italy, and to the President of the United States. I also beg to add twelve other copies which I have the honor to deliver to you, Majesty of the United States, I very respectfully beg your Majesty to be good enough to hand to the leaders of the nations friendly to the allies, with the exception, however, of Russia, Belgium, and the countries to whom the document has been sent direct.

In expressing to your Majesty my sincere thanks for this extreme kindness, I beg to express my fervent desire to offer you the homage of my respect, a very profound respect with which I have the honor to sign myself your Majesty's very humble and devoted servant.

(Signed) Gasparri.

**Text of Appeal:**

To the leaders of the belligerent peoples:

Since the beginning of our pontificate, and amid the horrors of a terrible war, I have been anxious to have in view above everything things to preserve: Perfect impartiality towards all belligerents as is suitable for a Pope; the common Father and who loves all His children with equal affection; continually to attempt to do all the good possible and to bring about the cessation of hostilities without distinction of nationality or religion as is dictated to us by the universal law of charity; which supreme spiritual charity has confided to us with Christ. Finally our pacific mission also requires to omit nothing as long as we are in our power which might contribute to hasten the end of this calamity by trying to lead people and their leaders to more moderate resolutions, to hasten a serene deliberation of a peace just and durable.

Whoever has followed our work during these three painful years which have just passed has been able to inform us that if we have always remained faithful to our resolve of absolute impartiality and to our attitude of benevolence towards all nations, our brothers again to become brethren, all that we have done to attain this very noble aim.

**Previous Efforts.**

Towards the end of the first year of the war we addressed to the belligerents a public appeal, which was followed by more and more lively exhortations, and we indicated the part to be followed to arrive at a stable and honorable peace which was not heard and the war continued desperately for another two years, with all its horrors. It became even more and more decided over the earth, over the sea and the air, and one saw desolation and death descend upon the cities without distinction, upon peaceful villages and on their innocent people, and now no one can imagine how the sufferings of all would be increased and aggravated if other nations, or worse still, other years are about to be added to this sanguinary triumph.

Is this civilized world to be nothing more than a field of death? Is Europe, so glorious and so flourishing, is it going, as if struck by a universal madness, to run to the abyss and to lend its hand to its own suicide?

As for such a terrible situation and in the presence of a menace so serious, we, who have no particular political aim, who do not listen to national or to the interests of any of the belligerent peoples, we are solely compelled by a sentiment of our supreme duty.

"I can tell you, for three weeks before I started on Tanlac I was so played out I couldn't lift a lick of work, and you may believe me or not, but before I finished my first bottle I was back on the job, feeling like a new man," said W. E. Fairbrass in an interview a few days ago.

Mr. Fairbrass, or "Bill," as he is familiarly known to his co-workers at the shops of Mackenzie & Mann where he is employed, lives at 133 Cawthra street, Toronto, and his many friends will be glad to learn of his recovery.

"My stomach had been troubling me for twelve years," he continued, "my appetite went back on me and I had gotten so fat that I could hardly eat a thing. What little I did eat disagreed with me and I was miserable nearly all the time with indigestion. I most always had sloping, nauseated feeling after my meals, and many a time I couldn't retain anything I had eaten. I had a palpable gnawing sensation in the pit of my stomach, and I felt like my food lodged there and formed a hard lump. Sometimes the gas would blow me up until I felt like I would burst, and in spite of all I could do, I kept getting worse. Many a time I have come home from my work so exhausted and sick that I couldn't eat a bit of supper. I was so nervous and restless I couldn't get any sound sleep, and would get up in the mornings completely out. I never felt like doing anything; in fact, I felt half dead all the time and what little strength I had was getting away from me rapidly."

"Finally I just had to surrender to my troubles, and the day I took my first dose of Tanlac I had been away from my work for three solid weeks. All the boys down at the shop had been begging me to try Tanlac, so I got my wife to go down to the drug store and buy me a bottle, and I have never gotten more for my money in my life. I believe the very first dose made me feel better, and before I finished my first bottle I started back to work, getting a little better every day so I wouldn't miss a dose. I kept on working every day and improving rapidly, and since taking my third bottle I'm thankful to say I don't feel a touch of either stomach trouble or indigestion. I never had a better appetite and never got more enjoyment out of eating than I do now. I'm simply feeling a thousand times stronger and better, and my wife says she hasn't seen me looking so well in years. I have taken a good dose of different kinds of medicine in my life, but Tanlac has got them all beat and I can certainly recommend it to everybody."

Tanlac is sold in Toronto by Tamblin's Drug Stores and by one regular established agency in every town.—(Advertisement.)

HELD ON THEFT CHARGE. Peter Arlenko, 354 West Adelaide street, was taken into custody last night on a charge of theft. According to the police, Arlenko went into the barber shop of Percy Elmbinder, 265 West Queen street, and asked for change for a \$20 bill. When the clerk in charge brought the change, it is alleged that Arlenko put down a ten dollar bill and bolted. A warrant was issued for the night's arrest, and he was located last night and handed over to the police.

TEN TIMES ENEMY COUNTER-ATTACKS

Prinze Rupprecht Grows Frantic Over Loss of Hill Seventy. SLAUGHTER OF HUNS Canadian Fire Wipes Out Entire Prussian Guard Division.

Canadian Headquarters in France, Aug. 16.—The taking of Hill 70 stirred the German higher command as nothing else has done on this front this year. Prinze Rupprecht has made frantic efforts to recapture the lost positions, and a grim battle was waged thru the day, particularly on and around Hill 70. Ten times the enemy came on but they seldom got close enough for fighting with bayonet or bomb. Hour after hour these attacking troops—including the Fourth Prussian Guards, one of the elite divisions of the German army—were subjected to a frightful concentrated fire from our artillery and machine guns. Their losses were frightful.

Prussians Wiped Out. The Prussian division, which was in line when we attacked, no longer exists. Their losses during the several days prior to the assault were very serious. Our guns so steadily swept their positions that ration parties refused to go up, and the men in the trenches remained unafraid. The total number of prisoners is now considered over 400. The counter attacks ceased shortly after dark, and our men slept on the ground. They had won and maintained during eight hours of constant struggle against the best of Germany. The losses can still be spoken of as moderate in a section of trench used as a counter attack in the afternoon. As an illustration of the confused nature of the struggle along this part of the battle front, I may refer to the experience of a colonel of an Ontario battalion. He and an orderly were alone in a section of trench used as a battalion headquarters near the firing line during one of the counter attacks. A watchful observer had seen a strong party of Germans using a communication trench on the flank and making their way to the rear of his battalion. He was warned that the enemy were between him and his supporting battalion. The colonel was calm. He was also quick. Two hours afterwards he told how he had so-ran for his life and sent a messenger to his supporting battalion. There were two counter-attacks and he was wounded. He was taken to the hospital at Bath.

Wounded American Soldiers Arrive at Bath Hospital. London, Aug. 16.—According to The Daily News, wounded American soldiers from the front of the battle just arrived at the hospital at Bath.

FRENCH CAPTURE AILLES TRENCHES Brilliant Attack Carries German Position on Thousand-Yard Front. Paris, Aug. 16.—This afternoon's official statement says: "South of Ailles a vigorous attack made us master of a system of trenches on a front of one kilometre, which was held strongly by the enemy. Four German counter-attacks on our new positions were repulsed easily, and 120 prisoners, one of them an officer, have been counted. In the region of the Hurtelbe monument we also made progress, taking a score of prisoners. In the Champagne, and on both banks of the Meuse, heavy artillery fighting continues. We made a surprise attack near Louvemont, taking seven prisoners. There is nothing of importance to report on the remainder of the front. Our bombing airplanes last night and this morning dropped many bombs on enemy establishments north and east of the Houthoulet forest, and also on the railway station at Juvigny. "During our attack in the region of Ailles and Hurtelbe our aviators were flying very close to the ground as our infantry moved forward and our machine guns on the shelters and reserves of the enemy."

LODGE NEWS RAMESES SHRINE MOTOR CLUB. Officers Elected at Annual Meeting in the Temple Building. A veteran machine gun officer tells of having had a target for an hour and a quarter, reinforcements coming up in columns of fours for use in counter attacks. He said his men killed more Germans yesterday than they had seen all together as any previous time. A prisoner said that the ground over which his battalion had advanced was shakily strewn with dead.

L.O.L. DRUM CONTEST. An interesting contest took place at the recent Orange demonstration in Hamilton. This was a "drummer contest" to decide who is the champion exponent on the Irish drums in the rear. There were two contestants, Robert Nodwell, of R.E.P. No. 96 and Thomas Vancil, deputy master of William H. L.O.L. No. 140. The drums were the property of Cameron L.L.L. and one of the straight from Belfast. The judges were two Irishmen, James Chambers and George McComb. It was keenly contested, and was witnessed by over 2,000 people and finally the judges decided in favor of Robert Nodwell, who thus earns the title of champion Irish drummer.

COURT EUREKA, C.O.F. Court Eureka No. 127, C.O.F. held its regular business meeting last evening in the S.O.E. hall, presided over by A. E. Neal, president, when following the regular routine of business two new members were initiated into the order, and two propositions were received, which will be considered at the next meeting.

FOUNTAIN OF HONOR IS RATHER ERRATIC Canadian Associated Press Cable. London, Aug. 16.—Truth, the well-known weekly, remarks in reference to the conferment of honors that to construct an official fountain of honor, guaranteed always to squirt upon the deserving and never on the undeserving, is a problem in moral and intellectual hydraulics, naming the wit of man. Evidently there is something to be said for having the fountain of honor which has the luck or push to get within reach, because such machines have been established in all countries. The reason, no doubt, is that they minister to two of the least mischievous and most unwholesome human weaknesses, vanity and snobishness. On the other hand they result among those out of reach of refreshing showers, the mass of heart-burning, however, infinitely exceeding the limited happiness that they confer.

PROVED TONE

MINING ISSUES

Better Demand for Stocks

Responsible for General Gains. An unexpected turn for the better occurred in the mining market yesterday when, on the renewal of buying...

The continued high price of silver, over 40 cents per ounce, finally aroused the interest of traders in the Cobalt stocks.

As has been already stated, general improvement in prices was noticeable in the silver stocks.

West Domes turned slightly better with a gain to 18. There appeared to be a good demand for this issue...

Montreal, Aug. 16.—(We cannot afford to make any statement at the present time,) declared William McMaster, president of the Canadian...

But surely you can state whether the figures given are correct or not? Mr. McMaster was asked. "We don't know," he replied.

Mr. McMaster referred to the fact that the last accounts there were outstanding \$4,400,000 of the \$7,500,000 common stock...

Production of the Kerr Lake Mining Co. in July amounted to 189,392 ounces. This compares with 250,000 ounces in June...

Heron & Co. had the following at the close of the market: Montreal, Aug. 16.—There was another dull market today, with no definite tendency in prices to move in either direction...

FUTURE PROSPECTS

PUZZLE MARKET

Peace Discussion Taking Precedence of Other Questions on the Exchanges.

Marking time is still the predominant trait of the Toronto stock market. Peace gossip has entered the financial markets and here and in New York opinions are much divided on the results that will follow hostilities.

There were no changes yesterday worth the mention, and with odd expectations speculative stocks could be had for the asking at current values.

As has been already stated, general improvement in prices was noticeable in the silver stocks.

West Domes turned slightly better with a gain to 18. There appeared to be a good demand for this issue...

LITTLE CHANCE OF DROP IN SILVER

London Endeavoring to Control Silver Market—Demand for Metal Urgent.

A silent, but none the less effective fight for control of the world's silver market has been carried on for the past two months.

An unprecedented demand now exists for silver metal over the world due to coinage requirements.

High rates prevailing in Atlantic shipments caused shippers of silver to seek another and less expensive outlet for their product.

## The Home-lovers' Club Offers a Welcome Solution to Those Who May Find It Inconvenient to Pay All Cash

Trustworthy persons with cash balances inadequate to cover the outlay necessary to the furnishing or refurnishing of the home, are reminded of the advantages of becoming a member of the Home-lovers' Club.

By joining the Home-lovers' Club you are privileged to purchase the same merchandise at same prices as if you had paid all cash.

The Home-lovers' Club is nothing more than a simplified store convenience that arranges your payments so that they are spread over a stated period, similar to a charge account system.

It does not cost a penny to join the Home-lovers' Club, neither are there dues or interest to pay after enrolling.

For further particulars, consult the Club Secretary, Fourth Floor.
