The following Life Governors have died during the year:—

Mrs. Andrew Robertson.	E. K. Greene.
Alex. C. Clark.	John Stirling.
James Johnston.	Henry Macartney.
Robert Muir.	D. H. Hogg.
George Roberts.	J. H. Routh.
Mrs. J. Alex. Hutchinson.	W. W. Ogilvie.
J. C. Wilson.	T. J. Claxton.
Archd. McIntyre.	Walter Drake.
D. G. Thompson.	H. A. Budden.
Robt. Linton.	Fred. Geriken.
Hugh McLennan.	Robert Cowans.

Of these, Mr. Stirling always evinced a warm interest in the Hospital. For twenty-seven years he was a member of the Committee of Management, and was President from 1889 to 1892.

The total number of indoor patients treated to a conclusion during the year was 2,824, an increase of 94 as compared with last year. Of these, 189 remained over from last year, and 2,810 were admitted during the year; 175 remained in Hospital at the end of the year. There were discharged, 2,629; there died in Hospital 195, making a total of 2,824 treated during the year.

Of the above 195 deaths, 106 occurred within three days of their admission. The large number dying within three days of admission is due, partly to advanced disease, but principally to severe accidents.

The average number of patients per diem in the wards during the year was 167, a decrease of nine as compared with last year. The average number of days in Hospital per patient was 21.3, and the aggregate number of days in Hospital by all patients was 60,078, a decrease of 2,966 as compared with last year. From a comparison of these figures with those of the previous year it will be seen that, although the number of individuals treated this year has increased, yet the average daily number has decreased, indicating a shorter average stay per patient. This fact indicates a more active service, and a diminution in the number of chronic and incurable cases.

The average cost per patient per day has been \$1.35, as against \$1.28 last year.

Of the indoor patients treated to a conclusion, there were : Males, 1,795 ; Females, 1,029, giving a total of 2,824. The religious beliefs were as follows :—

Protestants	1,273
Roman Catholics	1,212
Other Religions	339

Another classification of interest is the following :—

Citizens	2,330
Strangers	368
Sailors	115
Immigrants	11

Of the 2,824 patients treated during the year, 1,684 were natives of Canada and 773 of the British Isles.

The death rate has been 6.5 per cent., or, excluding the 106 cases dying within three days after admission, 3 per cent.

OUT-DOOR DEPARTMENT.

In the Out-door Department there were 37,373 consultations, being an increase of 2,295 over last year. Of these, there were treated in the

Medical Department	12,403

Gynaecological	1,400

The Ambulance made 1,104 trips during the year, an increase of 137 as compared with last year.

It is a source of deep regret to learn of the intended resignation of Mr. F. Wolferstan Thomas as President of the Hospital, owing to his continued illness. During his six years' tenure of office, and owing principally to his efforts, the old building has been remodelled and converted into a modern hospital, whilst the Nurses' Home and Pathological Department have been added to the Hospital.

The Vice-President be relieved of his duty for thirty-two months, and be constantly devoted to the service of the Hospital.

Dr. Chas. W. Canadian Regiment in South Africa. by Dr. Kenneth C.

The Medical Officer for a second term of office, and has also been promoted to the rank of Major.

The resident Medical Officer, and have previously been promoted to them.

The Vice-President

The Vice-President, Mr. Charles Alexander, also intends to ask to be relieved of his duties. As a member of the Committee of Management for thirty-two years, he has, through his advice and work, been constantly devoted to the interests of the Hospital.

Dr. Chas. W. Wilson, having been appointed Surgeon to the Royal Canadian Regiment, has been granted leave of absence for active service in South Africa. His duties are meanwhile being satisfactorily performed by Dr. Kenneth Cameron.

The Medical Superintendent, Dr. von Eberts, has been appointed for a second term. He has proved himself a thoroughly competent officer, and has ably performed his onerous duties.

The resident medical officers have worked faithfully during the year, and have proved entirely worthy of the important duties entrusted to them.

The whole respectfully submitted,

F. G. FINLEY, M.D.,

Secretary.
