Italy Agrees To Evacuate Corfu Before End of September ENTIRE SPANISH CABINET RESIGNS

GREECE MUST PROSECUTE ASSASSINS

Otherwise Forfeit of Fifty Million Lire Will be Made to Italy.

TO RESUME PARLEY

Mussolini Anxious to Conclude Negotiations Regarding Fiume.

(Canadian Press Cable.) Paris, Sept. 14.—A statement issued by the inter-allied Council of Ambassadors today says that the Italian Government has decided to evacuate Corfu on Sept. 27, the date fixed by the Council for the conclusion of the Greek inquiry into the massacre of the Italian members of the Greco-Albanian boundary demarcation mission.

The international commission which will investigate the Janina murders will leave for Albania today under orders to conduct as vigorous an inquiry as possible.

Greece Will Act or Pay. The Council of Ambassadors is understood to have decided that if on Sept. 27, the day set for the evacuation of Corfu, the commission of inquiry thinks Greece has not done everything in her power to bring the assassins to justice, Italy shall receive the deposit of 50,000,000 lire made by Greece under the terms of settlement decided upon by the Council.

Mussolini's Plans. Paris, Sept. 14.—When Premier Mussolini declares the annexation of Fiume to Italy he will announce the withdrawal of the Italian troops from Porto Barleti, the adjoining harbor. It is learned here from an authoritative source, he will then give up any claim to that port, to Sussak and to the Delta there, which will be left to Jugoslavia.

This, it is stated, is the result of direct negotiations now going on between Premier Mussolini and the Jugoslavia Government which are reported at about the point of completion, Jugoslavia being satisfied to have a fresh hand in the development of the ports left to it.

Premier Mussolini's declaration of the annexation of Fiume was fixed for tomorrow, the fifteenth, according to previous announcement, and it is reported also that the time limit expires on Mussolini's note to Jugoslavia which had been construed in some quarters as an ultimatum.

Settlement In Sight. The latest developments, both in Rome and Belgrade, appear to tend toward a settlement which will remove the Serbo-Italian crisis at one time threatening the breaking of relations and possible hostilities between the international field as the Greco-Italian situation appears to have been removed.

No Decision On Fiume. Belgrade, Sept. 14.—The Italian Charge d'Affaires here informed the Jugoslavia Government last night of Premier Mussolini's desire that direct negotiations between Rome and Belgrade regarding Fiume be resumed.

No decision has yet been reached here, but the resumption of negotiations on a fresh basis is considered possible.

Prominent Financier Visiting In City

C. H. EASSON. C. H. Easson, a prominent figure in financial circles, arrived in St. John on the Montreal train today and is at the Royal. He is here on a business visit and will leave for his home in Toronto tomorrow.

Mr. Easson was general manager of the Bank of Nova Scotia here at the time of its amalgamation with the Standard Bank and was general manager of that institution until his resignation from the position. His St. John friends are many and there will be very hearty greetings for him here.

FOREST FIRES IN N. B. ARE REPORTED

Small Blazes in Northumberland—Conditions Said to be Critical. Fredericton, N. B., Sept. 14.—Small forest fires are reported to be burning in the vicinity of Bass River and Nepisiguit Jet near Bathurst, and also at Bay Du Vin and Pleasant Ridge, Northumberland County, according to information received by the Forestry Department. An extended period of dry weather has again produced critical conditions throughout the province and recommendations received from wardens and lumbermen are against an extension of the present season of fall slash burning which is due to end tomorrow.

Canada To Control World Wheat Market

Ottawa, Sept. 14.—Canada is in practical control of the world's wheat market for the next five months, according to a statement issued here today by P. K. Doherty, Canadian commissioner in the International Institute of Agriculture.

This statement is based upon the assumption that all optimistic news is exhausted, various adverse factors are to develop, the world's old stock of wheat is well cleaned up and that only 11,000,000 bushels are left from last year's crop here.

Wire Briefs

Montreal, Sept. 14.—Fred W. Baer, president, and all other officers of the International Association of Fire Fighters, were elected here today. Kansas City, Mo., was selected as the place of convention in 1924.

New York, Sept. 14.—Tokunoshik Inouye, accountant of a Japanese firm today jumped to his death from the fifteenth floor of a Broadway office building. He was dependent, it was stated, because he believed his family was wiped out in the Tokio earthquake.

Halifax, N. S., Sept. 14.—Ninety-six of the outstanding amateur athletes of Canada and the U. S. are here for the thirty-fifth annual Canadian open track and field championships tomorrow. Hector Phillips of the Detroit Y. M. C. entered in the 440 and 800 events and Edward L. Ems of the New York A. C. in the standing high and standing broad jumps.

MacLACHLAN TELLS OF N.S. MINE STRIKE

Claims Walkout was Protest Against Use of Armed Forces. APPEAL FOR FUNDS. Vancouver People Asked to Contribute to Blacklisted and Arrested Miners.

(Canadian Press.) Vancouver, B. C., Sept. 14.—Appealing to local working men and women for funds to assist the 900 Nova Scotia miners who were blacklisted as a result of the recent strike and the 200 men who are awaiting trial on addition and other charges, J. B. MacLachlan, former Cape Breton labor leader, gave his version of the facts of the Nova Scotia strike at a public meeting here last night.

Ascertaining that the strike had not even for higher wages, or shorter hours, Mr. MacLachlan said the miners struck at a protest against the use of armed forces in industrial disputes. The miners had no compunction about breaking their contract, he said, because they considered the British Empire Steel Corporation had ignored the contract in reducing the pay for mining to thirteen cents a ton.

Blames Government. He declared the Government was primarily responsible for the death of more than 60 miners last year when it smothered a demand for an inquiry into a disaster in which, he said, the men were literally murdered for lack of air.

While the steel corporation had made \$80,000,000 clear profit since 1917, miners who were working only 220 shifts in their \$715 to feed, clothe and educate their families.

Foot of Snow In Northern Ontario

Sudbury, Ont., Sept. 14.—Thursday's bitterly cold weather in the Sudbury district was no comparison with what some towns in the district north of Superior experienced. Reports reaching here this morning of six inches of snow at Long Du Lac on the Canadian National Railway and a foot of snow back of Chapleau. There were snow flurries in Capreol and a slight sleet storm in Sudbury.

\$15,000,000 Ready For Alberta Wheat Pool

Calgary, Sept. 14.—Fifteen million dollars to finance the operations of the Alberta Wheat Pool will be provided by the banks, according to W. J. Jackson, secretary of the Alberta Wheat Pool. Following a meeting of the committee of the Canadian Bankers' Association in Winnipeg a wire was received by the directors of the pool to the effect that providing reasonable provision is made to safeguard the credit, as in the case of other credits for moving the wheat crop, the money will be forthcoming.

Girl Lawyer Defends Negro In Murder Case

Hackensack, N. J., Sept. 14.—Anna B. Hogan, youthful and attractive, came up from Jersey City to the Hackensack Court House to appear as counsel for Earl Robertson, a negro, arraigned before Superior Court Justice C. W. Frazier on a charge of murder. Robertson shot John Barnes in a Little Ferry brickyard during a fight over a game of craps. Miss Hogan offered a plea of not guilty for her client, and Oct. 8 was the date set for the trial.

UNION OF MARITIME PROVINCES URGED

"Le Canada," Montreal, Bellevue Merger Would Cut Administrative Costs. Montreal, Sept. 14.—Le Canada, the French language newspaper of Montreal, once again urges that the Maritime Provinces unite for administrative purposes. The paper goes on to say: "Periodically, the position the Maritime Provinces occupy in confederation comes up for public discussion. Their actual situation, it seems to us, is not one which can justify the least feeling of alarm. We, of course, all wish their progress was more considerable, but manifestly there is no ground for discouragement as to their future. In this relation we would once more venture to suggest that these provinces should, for political purposes, unite and make themselves one. This would obviously diminish considerably the cost of administration and adopt a more vigorous policy of development to be conducted in that part of Canadian territory which we would like to see enjoy a prosperity equal to that of any other part of the Dominion."

SO. AFRICA LABOR PARTY IS LOYAL

Opposed to Weakening of Empire Ties, Says Parliament Member. Bloemfontein, S. A., Sept. 14.—A striking reply to a recent pronouncement by the Nationalist leader, Dr. van Rensburg, in favor of republicanism was made today by a Labor member of the South African Parliament, Barlow, at a meeting at which Boydell, a prominent labor leader, was present. Barlow declared that the great majority of the members of the Labor Party were unreluctantly opposed to a weakening of the ties binding South Africa to Great Britain and the sister Dominions.

If the Nationalists wished to cooperate with the Labor Party at the next elections to overthrow the Government in accordance with the Kert-sog-Cresswell pact, Barlow said, they must unequivocally throw over their republican program. Labor considers that the present Government of General Smuts should be replaced but the Labor Party refused to attain that object at the price of weakening the ties which had made them masters in their own house and would enable them to carve out a splendid future.

10,000 ARE COMING

Big Flood of Emigrants From Scotland For Canada Next Fortnight. London, Sept. 14.—The flow of emigration from Scotland continues. During the next two weeks the period will be unparalleled for the year. A dozen ocean liners are due to sail from the Clyde in the two weeks carrying over 10,000 passengers, nearly all of them emigrants. Canada will receive the majority of the emigrants but a large proportion will go to the U. S.

First Assistance For Japan

The Yokohama Harbors were the first relief vessel to leave America for Japan. The vessel was loaded at Seattle.

Corfuites Believe Saint Is Angry At Town Occupation

Corfu, Sept. 14.—Inhabitants of Corfu attribute another miracle to their revered St. Spiridon, whose body, entombed in the cathedral here, is exposed periodically at various religious functions and carried in procession through the town.

There is now a general belief among the common people that the saint has locked himself up in his casket because he is angered at the occupation of the town by the Italians.

Japan Relieved of Nations League Fees

Geneva, Sept. 14.—In view of the unparalleled disaster in Japan, the budget commission of the League of Nations decided today temporarily to relieve the island Empire of payment of its dues as a member of the League and also of the expenses of affiliation with the International Labor Bureau and the Permanent Court of International Justice.

Mexico Declines To Join Nations League

Mexico City, Sept. 14.—Mexico City has declined an invitation from the Latin American delegates to the League of Nations, to become a member of the League. The fact that diplomatic relations between Mexico and Great Britain have not yet been resumed, and that Great Britain has a delegate in the League council is declared to be the obstacle preventing Mexico from making application for admission.

Paris, Sept. 14.—Sadi Lacoite, French aviator, was today officially recognized as holder of the world's altitude record. The laboratory of the Ministry of Public Instructions announced that the barograph showed Lacoite reached 10,723 metres, or 35,178 feet, on his last attempt on Sept. 2, thus breaking the record held by Lieut. J. A. McCready of the U. S. air service. Lieut. McCready's mark of 34,509 feet had stood since Sept. 1921. By his feat Lacoite wins a prize of 50,000 francs offered by the French Government.

Unemployed And Dresden Police Clash

Berlin, Sept. 14.—A dispatch to the Tageblatt from Dresden reports that new collisions have occurred there between unemployment demonstrators and the police, and that five arrests have been made. On Sept. 11 the police fired on a crowd of demonstrators outside the city hall and the thirteen of the rioters were wounded.

Cosgrave Back From Nations League Session

London, Sept. 14.—William T. Cosgrave, president of the Dail Cabinet, accompanied by the members of his party with whom he visited Rome and Geneva, arrived in London last night on his way to Dublin. Mr. Cosgrave paid tribute to the earnestness and industry of the delegates to the League of Nations. He was convinced the Free State had done well to join the League.

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, SEPTEMBER 14, 1923

RATES FOR CURRENT DISCUSSED TODAY

Power Co. and Commission—Generous Offer Made to Premier.

The matter of rates for the current, should the New Brunswick Power Co. be called upon to furnish it to the New Brunswick Electric Power Commission, to help out the Musquash development, was under discussion this morning by Gordon Kribb, representing the New Brunswick Electric Power Commission, and M. A. Pooler, general manager of the New Brunswick Power Company.

Mr. Pooler informed the commission that the Power Company would be glad to handle the load of the commission until December, but as that was the heaviest month, they would not be able to render any assistance during that month. Mr. Pooler also called upon Mayor Fisher and explained the circumstances to him, so that the city might take whatever action it thought advisable in protecting citizens in the matter of street lighting and other civic services during December. Mr. Pooler said the connection could be made by the end of the week and work would be started on it immediately.

Power at its own price was the offer made to the Provincial Government by E. N. Sanderson, president of the Federal Light and Traction Company, of which the New Brunswick Power Company is a subsidiary, yesterday, in a telegram to Hon. F. J. Veniot, Premier of the province.

In giving out the message the Premier commented on the generosity of Mr. Sanderson in that, should the plant of the Power Co. at the disposal of the government, should the need arise. The Premier was of the opinion that the flood of last spring and the dry summer were acts of God, and the government could not be held responsible for failure in such cases, but in order that there might be no question of good faith they would take all practical steps to provide service.

The following is the telegram which the Premier received from Mr. Sanderson:

"Hon. F. J. Veniot,
"Premier of New Brunswick,
"Fredericton, N. B.
"We place all our available capacity at your disposal and in this emergency you are at liberty to connect your system with our switchboard immediately, without waiting to negotiate a contract, and we agree in advance to accept for service furnished such compensation as you might decide is fair."
"E. N. SANDERSON."

It was reported that \$28 had been sent for the Inter-Provincial Home for Women at Moncton. A recent party sale realized \$20. Mrs. A. L. Bonnell and Mrs. W. J. Stevens were appointed delegates to the provincial convention.

"THE BISHOP" AT BORDER.

St. Croix Courier: Chas. O'Brien of St. John, popularly known everywhere as "The Bishop," is spending five weeks among his friends in St. Stephen and is receiving about the heartiest welcome of any of our visitors to the exhibition. "The Bishop" is an old time railway express messenger and is known and esteemed from coast to coast. He is known everywhere as a prince of entertainers and a right good fellow. Once in a while St. John sends out a good chap, and "The Bishop" sure is one of them.

FIRE ON BARGE.

The Dominion Coal Company's barge No. 6 was damaged by fire early this morning. Some slack coal had been loaded in the scow and it is thought that the fire was caused by spontaneous combustion. The barge was lying in front of the coal pocket at the foot of North Market wharf and was later moved into Market slip. The fire was first seen by policeman George Totten, who was patrolling Douglas avenue and he sent a message to police headquarters. The patrol was sent to the scene and Detective Saunders rang in an alarm from Box 7. The blaze was confined to the razing about the batches and some slack coal in the bottom of the barge. The damage was reported not great.

Punishment Of Revolters Refused

(Continued from page 1.)
Captain-General Primo Rivera explained in an interview that the purpose of the movement was "cleaning up politics and making them honest." Its cause, he asserted, was "the obstinacy of the Government in refusing to get rid of a baneful ministry, whom it forced upon the people and the King."

The revolt has extended to Madrid, according to Rivera, although the officers there have been kept to their barracks.

Moroccan Failure in Cause.

Paris, Sept. 14.—The impelling cause of the seizure of power by the military in Barcelona and other points in Spain is understood here to be the treatment of the army by the Spanish Cabinet and Parliament following the military reverses in the campaign against the Moroccan rebels.

Public opinion calling for punishment of those charged with failure, the civil Government undertook to punish the officers who were held responsible while declining, it is alleged, to act against civilian contractors and functionaries in various governmental departments for furnishing inadequate supplies to the expeditionary force in Morocco. The military juntas or officers committees of the army, accused of civilian officials with corruption in the quality and quantity of war materials, dilatory deliveries and general insufficiency in providing the army with means for fighting so that the commanders at Melilla were forced by orders from Madrid to launch attacks while in no condition to do so, resulting in great loss to the Spaniards.

Pretender Watching.

Paris, Sept. 14.—Don Jaime de Bourbon, the Spanish pretender, has arrived in Paris from Nice to watch events in Spain.

Warships at Barcelona.

Paris, Sept. 14.—A Spanish naval squadron has arrived at Barcelona, and it is understood that the admiral has received drastic orders to put down the revolt headed by Captain-General Primo Rivera, says a dispatch to Le Journal from San Sebastian.

SHOOTING TRIP.

If the old adage "the early bird gets the worm," is true then E. W. Murray, Dr. J. H. Allingham, Dr. A. E. Macaulay and Gordon Likely should return home in a few days with well filled bags of duck. The party left this morning for Grand Lake where they will complete preparations today for duck hunting. As the season opens tomorrow they will be right on the ground ready to start shooting.

MISS PRESTON IS BETTER TODAY

Leading Lady of Carroll Played Quite Ill Yesterday.

Miss Edna Preston, leading lady of the Carroll Players, Opera House, was taken ill yesterday about one o'clock suffering from nervous breakdown. She made a plucky effort to appear for the afternoon performance and was at the theatre when she collapsed. Three doctors were in attendance and while they pronounced her case as not serious, she was unable to appear. The curtain was held until 2:45 in the hope that she would regain strength but at that time the management came forward to announce that the afternoon performance must be cancelled. Dr. G. A. B. Addy and Dr. C. L. Emerson had been called and Dr. Stanhope of Bangor, Me., met with them in consultation. Dr. Stanhope and his wife had just arrived in St. John to visit Mrs. Stanhope's sister, Miss Marsh, of the Carroll Players.

After an afternoon of quiet Miss Preston insisted on taking her part in the evening performance. She rested between the acts and whenever she was off stage. Her courage won for her the warmest admiration of her supporters and she carried through her part without faltering.

Miss Preston is reported better today, all patrons of the theatre will be pleased to learn.

ASK YOUR NEIGHBOR

There is hardly a neighborhood in the United States where women cannot be found who have derived benefit from Lydia E. Pinkham's Vegetable Compound. For nearly fifty years this botanic medicine has been overcoming some of the worst forms of female illness. As one woman has been benefited by its use she has told others who have used it with the same good results; so the use of this great medicine has spread from shore to shore by the recommendation of those who have found it good. Therefore, ask your neighbors; let her tell you. From experience the benefit which all women derive from its use.

British Pick Dempsey.

London, Sept. 14.—None of the boxing experts writing in the London newspapers anticipates anything but victory for Jack Dempsey in tonight's fight. After a minute examination of the records of both challenger and champion, they come to the unanimous conclusion that Dempsey's superior skill will triumph over Firpo's crude strength, that is, unless the Argentine manages to put home one of his sledge-hammer rights.

One newspaper prediction is that Dempsey will win within three rounds. Another expert expects Firpo will last six rounds, but on the whole the opinion of British fight fans may be summed up as follows:

"If Dempsey is unable to beat Firpo, there's nothing in boxing."

Dempsey Weighs 192 1/2.

New York, Sept. 14.—When Jack Dempsey defends his heavyweight title against Luis Angelo Firpo tonight at the Polo Grounds he will weigh more than at any time in his championship career. He scaled 192 1/2 early today when he weighed in at the State Athletic Commission. His challenger had not put in an appearance when the title-holder stepped off the scales.

THE SCARE-MONGERS.

The scare-mongers whose chatter comes over the cable to America in far too large volume are not having an altogether pleasant time. They have had the League of Nations "busted" almost every other day by Premier Mussolini or some other ferocious person, and Europe on the brink of another desolating war.

OUR ECONOMIC LIFE.

Hon. F. B. McCurdy suggested to the Maritime Board of Trade a small Royal Commission to investigate the whole structure of the economic life of the Maritime Provinces.

OH, SUSANNA!

The original copy of this song by Stephen C. Foster in the Library of Congress, on which the copyright was entered, was as follows:— I came from Alabama With my banjo on my knee,

I jumped aboard the telegraph, And tumbled down de ribber, De lectrick fluid magnified, And killed five hundred Nigga.

I had a dream de udder night, When e'rybody was still, I thought I saw Susanna dear, A-coming down de hill,

De buckwheat cake was in her mouf, De tear was in her eye, Says I, I see coming from de Souf, Susanna, don't you cry.

IN LIGHTER VEIN.

"Mr. Jones, is your son a member of any secret fraternity?"

"Well, he thinks he is, but he talks in his sleep."

"Jones—Wife, can you tell me why I am like a hen?"

"Mrs. Jones—No, dear, why is it?"

"Because I seldom find anything where I laid it yesterday."

"What kind of a dog is that you have there?"

"Why—he's a German police dog."

"Well, he certainly doesn't look like one."

"Oh, he belongs to the secret service—he's disguised."

"Wife—You brute, I married you to reform you over to him, however."

"Hubby—You've succeeded so far, I'll never marry again."

"John, dear," said the wife, "when I'm at Atlantic City, I'll dream of you every night."

"Why don't you stay home and dream of Atlantic City?"

Memory Was First Class.

Blinks, after inviting his friend Jinks to dinner, was telling him about the remarkable memory of his little son, Bobby.

"Remember you? Why, certainly he will."

"An hour after they entered the house and after Jinks had greeted Mrs. Blinks he called Bobby over to him, however."

"Course I do. You're the man that pa brought home last year, and made me so wild about it that she didn't speak to pa for a week."

Impressed Forever.

There are occasional doubts in the minds of the elders of the Moore family as to the quickness of Tommy's wit, but there has never been any doubt that a lesson learned by him, however slowly, is forever after remembered.

"Won't you shake hands with me, Tommy?" asked one of his sister's admirers, but Tommy hung back. "I don't care to," he said, with terrible distinctness.

"Don't you like me?" asked the unwelcome visitor.

"No, I don't," replied Tommy, and then there was a shocked chorus from the family.

"Tommy," said his aunt, reproachfully, as she withdrew him from the public gaze, "why do you say such rude things to Mr. Jones?"

"And you needn't say her wringing charge, 'I got licked last week for not telling the truth and I shan't never take any risks again!'"

THE PRICE OF SUCCESS.

(From the London Advertiser.) Archibald MacNellie, Glasgow, editor of the Scottish Farmer, was a speaker at the Toronto Exhibition luncheon.

It is well that new people coming to this new country should do so with an idea of using their own initiative. Much better that they should grow here with the idea that they are selling to pay the price of hard work for their success.

This is a new country. We have room for new ventures, for new lines, for a departure, perhaps, from some of the things that too many of us are doing in the same way.

It is well that new people coming to this new country should do so with an idea of using their own initiative. Much better that they should grow here with the idea that they are selling to pay the price of hard work for their success.

SONGS WITHOUT SENSE.

(Toronto Globe.) There has been a good deal of comment on the lack of sense in the song, "Yes, We Have No Bananas."

SAYS THAT MINE IS FOR PROHIBITION

Baxter Pledges Continued Allegiance in Message to the W. C. T. U.

Augusta, Sept. 14.—Governor Baxter sent the following telegram to the National W. C. T. U. Convention at Columbus, O.

"On the fifth anniversary of the W. C. T. U. the State of Maine sends its greetings and pledges its continued allegiance to the great cause of worldwide prohibition. Every public official today who takes the oath of allegiance to the Federal and State Constitutions should set an example in total abstinence and law obedience, both in his public and private life, and no man or woman is worthy to hold public office unless willing to live up to this standard. Maine will continue true to prohibition and to the great principles for which Neal Dow stood."

Both Mr. Fess and Mr. Willis declared that strict enforcement of the eighteenth amendment is necessary if prohibition is to be successful.

The convention passed a large number of resolutions endorsing the eighteenth amendment, a World Court, and world prohibition.

"LARGE FAMILY HONORS RAGPICKER" Bay City, Mich., Sept. 14.—(By A.P.)—Father of 33 children, the oldest of whom is 67 years old, and the youngest, a babe of 14 months, is the claimant to distinction of Charles L. Lucius, rag picker who is a descendant of two Dutch generals, and successively a rancher, a guerrilla fighter, Indian fighter, and member of both the rebel and Union armies during the Civil War.

Of the 33 children who have called Lucius father, the list includes four sets of twins, one set by his present fourth wife, and the others by a second wife.

Lucius bears his 91 years lightly. He can do the accepted "daily" exercises while the average person is making up his mind to start. With ease he can rap his knuckles on the floor without bending at the knees.

"INVISIBLE MOVIES" SHOW MANY HIDDEN SECRETS (New York Times.) "Invisible motion pictures" were shown last night to members of the American Association of Engineers in the Hotel McAlpin by their inventor, Jamison Hanly, editor of the Chicago Invisible Moving Picture Service Corporation of Chicago.

Mr. Hanley explained that by various processes objects ordinarily invisible to the naked eye are reproduced on the screen, such as the development of the circulation, the embryo chick within an egg, the interior operations of a chemical refrigerator and the interior operations of stationary engines.

"CHARITABLE" WOMEN CLOSE DOORS AGAINST WOMAN AND BABE New York, Sept. 14.—Bellevue Hospital this week sheltered the infant son of Mrs. Josephine Myers, a young mother, who, after being refused admission by four charitable institutions, and walking the streets for hours was forced to seek refuge in order to get lodging for herself and baby.

While the mother obtained employment in the telephone exchange, she was unable to find a suitable place for the infant.

Deserted by her husband, she had been supporting her child at a New Jersey institution, but lost her position. She was unable to pay for the baby's board, and it was returned to her.

When she was taken into court at her own request on a vagrancy charge the magistrate sent her to a municipal lodging house.

Cheerful Thought For Today. (From "Along Life's Detour," in Cincinnati Enquirer.) It didn't take long for the "Every day in every way" stuff to die out, and maybe if we can hold on a little longer this "Yes, we have no" epidemic will also disappear.

Making home-made wine age quickly is so simple, set it on the table and tell it your troubles.

ARGENTINA FINDS OIL. Buenos Aires, Aug. 12.—(By Mail.) Rich deposits of petroleum in the province of Jujuy, Argentina, has elated industrial interests. Borings made under the direction of the administration of state railways resulted in striking oil at a depth of 530 meters. The well did not prove to be a gusher as at first reported, but a column of oil ascended the tube for a distance of 120 meters, from which two tons were pumped in three hours.

Work was then suspended to await the arrival of storage tanks. The engineers are confident that borings 30 meters deeper will tap an extensive petroleum stratum. The oil is said to be of high quality.

The progress of recent years in medical research is a little short of marvelous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearfully they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicide preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Absorbine Jr., besides being the all-purpose liniment that removes pain and soreness, and hastens healing, is a powerful antiseptic that is death to the microbe world.

ARRANGING TOUR OF LLOYD GEORGE

Sir Alfred Cope Speaks of Visit of Former Premier of England

(Montreal Gazette.) "Lloyd George's visit to Canada will be rather in the way of an educational trip. It is twenty-five years since the ex-premier visited the Dominion, and such great advances have been made in the years between that he desires to acquaint himself at first hand with the development of the country."

The speaker was Sir Alfred Cope, who is now in Montreal to make arrangements for the coming of Lloyd George, and who last night, at the Mount Royal Hotel, explained the purposes of the coming visit.

"Lloyd George will cross from England to New York on the Mauretania," said Sir Alfred Cope, "and will immediately press on to Montreal, reaching here on the evening of Saturday, October 6, and will proceed to the Mount Royal Hotel. On Sunday he will attend service at a Baptist Church and on Monday will deliver an address. Afterwards he will proceed to Ottawa, Toronto and Niagara Falls, probably Hamilton, and will then go to Winnipeg. The remainder of the tour will be arranged afterwards and will include a visit to the United States."

"Invitations to address Canadian Clubs, Rotarians, Kiwanians and other organizations, not forgetting the Women's Canadian Club, have been so numerous that it will be necessary to invite some of these bodies to join their forces for the occasion. Mr. Lloyd George's speeches will be non-political. He will be accompanied by Dame Margaret Lloyd George and their daughter, Megan."

Sir Alfred Cope has claimed to distinction of his own. He was Under Secretary when Sir Hamar Greenwood occupied the post of Irish Secretary. An Englishman by birth, Sir Alfred learned to sympathize with the aspirations of the Irish people to establish their own form of government. At a later date he was the intermediary who introduced the signers of the treaty for the Irish Free State to Downing street.

"The coming into existence of the Irish Free State was a great achievement for Mr. Lloyd George, and it is worthy to note that the Government of that Dominion is carrying out the treaty to the letter and in the spirit, and that the present Conservative Government is observing a like faithful adherence to that document."

"Affairs are coming round in the Free State, and when recently I was in Dublin at the horse show, always a great event, the crowds were jolly and happy. It was very interesting to observe the enthusiastic cheers which greeted the arrival of His Excellency, Mr. Timothy Healy, an enthusiasm which was not always visible for previous governors-general. Mr. Healy is very popular and his unostentatious manner of going around unattended is adding to his popularity."

In the opinion of Sir Alfred, President Cosgrave is a very strong man, and one who has developed with the responsibilities of his office.

"The mother obtained employment in the telephone exchange, she was unable to find a suitable place for the infant."

Deserted by her husband, she had been supporting her child at a New Jersey institution, but lost her position. She was unable to pay for the baby's board, and it was returned to her.

When she was taken into court at her own request on a vagrancy charge the magistrate sent her to a municipal lodging house.

Cheerful Thought For Today. (From "Along Life's Detour," in Cincinnati Enquirer.) It didn't take long for the "Every day in every way" stuff to die out, and maybe if we can hold on a little longer this "Yes, we have no" epidemic will also disappear.

ARGENTINA FINDS OIL. Buenos Aires, Aug. 12.—(By Mail.) Rich deposits of petroleum in the province of Jujuy, Argentina, has elated industrial interests. Borings made under the direction of the administration of state railways resulted in striking oil at a depth of 530 meters. The well did not prove to be a gusher as at first reported, but a column of oil ascended the tube for a distance of 120 meters, from which two tons were pumped in three hours.

Work was then suspended to await the arrival of storage tanks. The engineers are confident that borings 30 meters deeper will tap an extensive petroleum stratum. The oil is said to be of high quality.

The progress of recent years in medical research is a little short of marvelous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearfully they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicide preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Auction Of Goods Owned By German Tars Recalls War Property of Sailors Left When They Were Called to Serve.

Honolulu, Aug. 16.—(By mail.)—Memories of the World War were revived here recently with the opening and official sale of trunks, boxes and bags of German sailors who were called from merchant ships here to serve aboard the German cruiser Nürnberg, which sailed from this port shortly after the declaration of war by Germany. The cruiser went down with all hands in the battle off the Falkland Island on December 8, 1914.

CHEAP LOOKING BAGGAGE ADVISED FOR AMERICANS Cologne, Aug. 25.—(By mail.)—If Americans would carry less expensive-looking baggage they would not have so much of it stolen, was the advice a Cologne baggage-smasher gave to a New York woman who was bewailing the loss of a suitcase which contained her passport and travelers' checks.

40 Gangsters Mob Lone Policeman Attack Follows Attempt to Disperse Litterers at Colonial Park.

New York, Sept. 14.—Suffering from lacerations, contusions and internal injuries, his uniform torn to shreds, Patrolman David A. Wilson was taken to Harlem Hospital, the victim of 40 gangsters, who assaulted him in a body. A complaint had been made to Captain Edward P. Mulrooney by Mrs. Louise Johnson that she had been insulted by a band of men in front of Colonial Park. When Wilson reached the place he found a crowd of men loitering and ordered them to move on.

Spaghetti Hurler At Liquor Raiders Patrons Also Used Chairs in Battle During Search is Allegation.

New York, Sept. 14.—Compelled in one instance to kidnap a doorman in order to effect an entrance, two Federal agents, assisted by five detectives, raided several clubs and restaurants. They reported that while searching the Blue Garden at 159 West Forty-sixth street they were assaulted by patrons, who hurled chairs and cooked spaghetti at them.

whisky and gin the agents arrested Sam Bartelli, George Boganni and Frank Devito. When the agents arrived at the Terminal Club, in a lofty building at 135 West Thirty-third street, they found a doorman on guard. Before he had a chance to signal his employers the agents bundled him into an automobile and took his keys away from him.

patrons out before searching the premises. At the Royal Grill, at 1,360 Broadway, they seized several bottles of supposed liquor and they arrested three brothers, Albert, John and Charles Cornell. Several days ago a guard on the Hudson and Manhattan tube found a bottle of Scotch whiskey in a train. He turned it in to the lost and found department. No claim was made for it. Yesterday an enforcement agent went to 30 Church street and smashed the bottle on the floor.

MANY FILIPINOS OUT OF WORK Manila, Aug. 6.—(By Mail)—The Insular labor bureau has issued a statement saying more than 1,000,000 laborers are available in the islands, not counting females, of whom there are about 292,000 available for work. Many laborers have emigrated to Hawaii in the hope of finding better employment conditions in the sugar industry.

Would Jail Reckless Motor Car Drivers

Toronto, Sept. 14.—The need for drastic steps to be taken to stop the ever growing number of accidents caused by automobiles was the keynote of the address made by Judge Coatsworth to the Grand Jury at the opening of the general session of the peace for the county of York. "I think that 95 per cent. of the people who drive cars are reasonably careful and cautious and do their best to avoid accidents," he said.

TAX APPEALS AT CITY HALL

Three tax appeals were heard by the city council yesterday afternoon but final action was not taken on any of them. W. E. Golding objected to the valuation placed on his property at Indiantown. Dr. F. R. Taylor, K. C., who appeared for Mr. Golding, said his client was quite willing to hand over the property to the city for the mortgage of \$3,000 and this year's taxes of \$900 and it was valued by the assessors at \$10,000, which valuation Mr. Golding contended was absurd. Commissioner Frink asked if other properties in the vicinity were assessed on the same ratio and the chairman of the Board of Assessors said they were. G. H. V. Belyea, for the Imperial Oil Co., appealed for an abatement of \$15,000 or at least \$9,000, which they said they were over assessed by error in the office of the assessors, that amount having been added twice. The chairman of the Board said he would look into the claim of a clerical error and if it was found would make the correction in the valuation.

C. N. R. Has Surplus For First Half Year

Montreal, Sept. 13.—Commenting on a despatch from Ottawa containing the assertion that, on the entire Canadian National Railways system in Canada and the United States there was a betterment to the extent of \$4,172,000 for the first half of 1923, Sir Henry Thornton, chairman of the National Railways, today issued a statement pointing out that for the first half of 1922 the system as a whole was operating at a deficit of \$2,925,997.17, while for the first half of 1923 this deficit was turned into a surplus of \$1,612,231.73, or an increase in net earnings of \$4,498,228.90.

SEVEN NURSES GIVEN DIPLOMAS

Graduating Class of Infirmary Guests of Alumnae at Dinner

The seven nurses of this year's graduating class of the St. John Infirmary last night received their diplomas in the chapel of the Infirmary at the close of the retreat which has been conducted by Rev. Father Cloran, C. S. R. Father Cloran gave an eloquent sermon and also gave a special address to the nurses. The diplomas were presented by Father Cloran. The chapel was hardly large enough to accommodate the large gathering of nurses and the friends and relatives of the graduates. The occasion was most impressive. The nurses' choir provided special music which was beautiful and inspiring. The graduates are Miss Laura Elizabeth Maroney, of Blisville, N. B.; Miss Ellen Lillian Lundy, of St. John; Miss Katherine Loretta McGillivray, of St. John; Miss Mary Louisa McDougall, of Hampton; Miss Winifred Agnes Dowd, of St. John; Miss Katherine Grace Keohan, of Hampton, and Miss Cecilia Delaney, of St. John.

The graduates were the guests of the Infirmary Alumnae at dinner at the Royal Hotel. Miss Mary Dowling occupied the chair and acted as toastmistress. The toast to The King was proposed by Miss Dowling and responded to by the playing of the National Anthem by Miss Mary Doherty. Miss Dowling also proposed the toast to The Graduates, which was responded to by Miss Lillian Lundy. The toast to The Training School was proposed by Miss Doherty and responded to by Miss Keohan. That to The Gentlemen was proposed by Miss Madeline Dolan and responded to by Miss Lois Graham. After a solo by Miss Frances Leonard, the toast to Our Absent Pals was proposed by Miss Kathleen Ryan. Miss Agnes Duffy was in charge of the programme, and Miss Doherty acted as accompanist.

Villa's Large Domains Now Without A Leader

Former Bandit Once Held Sway Over Large Territory

Mexico City, Aug. 27.—(A. P. By Mail).—When Francisco Villa fell at Parral under a hail of bullets a small kingdom in the state of Durango lost its ruler, and nearly 6,000 potential soldiers their chief.

The fact that the former bandit leader exercised virtually feudal rights over an extent of mountains and plains as large as the state of Tlaxcala, with a population of nearly 100,000, came to light when a commission representing the "colonists" he had settled around Canutillo journeyed to the capital to ask President Obregon what the policy of the government would be in regard to the Villa holdings. They were told that it would not be altered, and those of the former outlaw's followers who had devoted themselves to agriculture would not be molested. When Villa first submitted himself

to provisional President Adolfo de la Huerta in 1920 and received, for himself and his 50 followers, the hacienda of Canutillo, the government thought the Villa problem had been solved. But when the pacified rebel's friends learned of the good luck of those who had surrendered with him, hundreds of them addressed petitions to their former leader asking for lands in the district which he dominated. Villa complied, as did the government, and more ranches were bought and turned over to them for the formation of military-agricultural colonies. Prior to his death Villa was the dominating force in a district included

in a line running from Rosario, along the border between Durango and Coahuila through Descurridora, El Rodeo and back to Rosario by way of Ornelas. Various villages and towns are included in this district, but most of the inhabitants, despite the existence of these municipal governments, look to Villa for justice.

Robinson startles the Canadian Clothing World

MAMMOTH OVERCOAT CARNIVAL

FOR the second time in three years I announce an event that will throw a bomb into the Canadian Clothing field from Halifax to Vancouver. Just as I did in September, 1920, I will cause the men of Canada to realize that, because of their support, the Robinson organization wields a power so great as to practically fix the selling price of clothes throughout Canada.

Starting Saturday, September 15th

I am opening a Mammoth Overcoat Carnival that will be eagerly enjoyed by the men in every city throughout Canada, where there is a Robinson shop.

Just at the end of Summer—before the Fall season opens—before most retailers have received their Winter Overcoats, and just when most clothiers are preparing to unload their carried-over last year's overcoats—

I am going to hold a Carnival of Overcoat Values hitherto absolutely unapproached anywhere in the world. Does this sound like exaggeration? Visit my shop on Saturday and you will prove to yourself that my statements are not strong enough to fit the values.

MONEY TALKS—I HAD THE CASH!
When you see the vast and varied array of beautiful coats and see the amazing values you will marvel how I have been able to accomplish it.
There is no secret about it—NOW! My British buyers, acting under closest instructions, were able to take advantage of a situation at the mills where over-production and a lack of ready cash were the factors. I was able to buy the cream of the British looms—60,000 yards of Britain's finest—for almost half price.
Then my own workshops and my own retailing system with its many economies did the rest. But you are interested only in the result—and that you will see for yourself.

When you see this wonderful display of coats—big, roomy, belted ulsters, raglans, kimono—every one of genuine British all-wool cloth—most of them plaid backs—all hand-tailored and superbly finished—

When you go through the bewildering variety of fabrics—meltons, friezes, whitties, chinchillas—in the many shades and effects—tans, sands, greys, lavats, French blue—

Belted styles—with wide collars and the new wide belts

in single-piece, 3-piece, and back belt effects—with wide neaple patch pockets and the many new style stunts— Finished in satin Venetians, polo and quilted linings, and superbly hand-tailored as are all Robinson garments— And when you slip into one or a dozen of these wonderful coats—and note the price tickets showing a saving of at least \$15 on every one— You will realize why I have called this event a Carnival—an occasion of bounding spirits and genuine joy.

*** A Bit of Clothing History**
It is a matter of Clothing History that on September 18th, 1920, I broke the back of the clothing market in Canada by launching the greatest Overcoat Sale ever attempted up to that time. It is a matter of record that, in spite of force organized opposition, by means of my chain of upstairs clothes shops from coast to coast, I not only gave the public the finest overcoats made at a reduction of from \$15 to \$20 below prevailing prices, but I made every clothier in Canada radically reduce his prices.

Right at the end of Summer with the weather still sweltering, my stores from Halifax to Vancouver were crowded to the doors with eager buyers of Winter Overcoats. A stupendous and sensational success!

History repeats itself. Just three years later, almost to a day, on Saturday, September 15, I am launching a Mammoth Overcoat Carnival—a veritable feast of the finest overcoats made—at prices that will make the public throughout the wide Dominion shout the name of Robinson.

You know my reputation as a man of my word. Now, once more, bear witness to my promise of "the greatest overcoat values ever offered in the history of the all-wool clothing business."

M. B. Robinson

BRITISH TARS TOAST KING WITH WATER Navy Said To Be Drying Itself By Pledges and Education. (New York Tribune.) British officers are responsible for their navy's going dry and the transition cannot be attributed to religious or ethical propaganda, according to Rear Admiral W. J. Anstey R. N., retired, for many years an attaché of the Admiralty in London, who arrived here yesterday on the Anchor liner Cameronia. "It was very different when I first became an officer," declared the retired admiral. "For in those days there was heavy drinking. Today the change would surprise one. At the last dinner I attended on one of his majesty's ships which I had the honor to serve, of all the officers who drank the King's toast, only two took port wine. The others voluntarily drank water. "I do not advocate," he continued, "the imposition of prohibition ideas as propaganda. Scotland will perhaps never go dry, as the word is interpreted in the United States. Now England, for that matter, but there will be a constant increase in habits of temperance, and that is as it should be. There is much less drinking in the navy among the sailors because of temperance pledges and educational work along those lines. "We are coming to regard the drink evil in Scotland as something that can

GIVE THE WORLD A CHANCE. (New York Tribune.) It's a rattlerat old universe, reeling down to ruin, according to the philosophers of gloom. Mr. H. G. Wells sees a chance, a long chance, if only enough folks will read his history and can become educated in time. But the road is set for disaster. Crisis follows crisis, at each hairpin curve. And the precipice yawns behind. Yet, with the aid of the first brisk autumn day, who cannot find a little cheer in the way the old machine holds the road! Each crisis is the last, on the word of the gloom-boys. Instead, with a rattle and a rumble and a lurch, the world takes each bend handily. It almost seems as if it enjoyed the risks, knew how to swing them, and called for more. For instance: There is to be no war over Corfu; the Germans are ready to pay; the earthquake was not as terrible as the first rumors portrayed it; there is to be coal for anybody who can afford it. A "perhaps" dances upon each ray of sunshine, but the net effect is warming and invigorating. Why not give the old world a chance? Isn't it conceivable that it knows more about its own business than even the wisest of philosophers? A use for old safety razor blades has been found at last. Pickpockets slit pockets with their

WISCONSIN IDEA OF BANK CREDIT GIVEN AUDITORS

Asheville, N. C., Sept. 14.—(By mail) —The "Wisconsin Idea," what it means and how it applies in the administration of the office of state treasurer, was explained by Solomon Levi-

than, state treasurer of Wisconsin, before the annual meeting of the National Association of State Auditors, Comptrollers and Treasurers in session here today.

"The Wisconsin Idea," Mr. Levitan said, "means in simple terms, 'The People First' in the administration of the office of treasurer it means making use of the state's money to the advantage for the people of the state."

"Some of the states have invested their state funds in Government bonds that pay higher rates of interest. This looks like a stroke of good business when one considers that the banks of the state pay only three per cent."

"But that is not the Wisconsin Idea," Wisconsin believes in placing the state funds where they are needed. The farmer tries to borrow money and finds that his banker has none to lend, while the state treasurer has sent millions out of the state. Sending money out of the state is like feeding a pig. Buy Holstein milk to your pigs and buy piglets to your pigs and buy piglets to your pigs and buy piglets to your pigs."

"The placing of the state funds in these many country banks has been possible because the banks are not only people first, and so its state funds are made available to communities that need them."

"We have in Wisconsin 1,000 banks, and of these more than 600 have been appointed state depositories. When the tax payments come in, the money is distributed immediately to the various depositories, placed there on demand, but we usually give our bankers a reasonable time—generally 20 days—in which to provide the funds called for."

"The placing of the state funds in these many country banks has been possible because the banks are not only people first, and so its state funds are made available to communities that need them."

"After the recent bill passed by our state legislature takes another step in extending aid to the farmer. Our lawmakers realized that farm financing demanded a longer credit than any other business, and this bill provides that a preference be given to the banks helping to finance farms or farm organizations."

"This makes it possible for the state treasurer to leave the funds on deposit in country banks for longer periods. When money is needed he draws on city banks and leaves the farmer's money undisturbed."

"The White Star liner Doric will sail from Montreal tomorrow for Liverpool."

"The White Star liner Baltic will sail from New York tomorrow for Queenstown and Liverpool."

"The White Star liner Homer will sail tomorrow from New York for Cherbourg and Southampton."

"The S. S. Minnewaska will sail from New York for Liverpool tomorrow, completing her maiden voyage."

"The S. S. Minnewaska is the largest vessel built since the close of the war."

English Spinners Will Grade American Cotton

Greenville, Tex., Sept. 14.—(A. P. By Mail)—The cotton seed breeding station maintained near here by the Federal Department of Agriculture will ship a lot of cotton direct to English spinners as the initial step toward development of a system whereby foreign spinners can certify to American cotton producers and shippers the variety and grade of staple they desire.

"Under the plan proposed, the local station will assemble a list of cotton and each bale will be marked with the variety and grade, and upon arrival at the spinning mill the cotton will be set in motion to produce those cottons to meet the foreign demand."

"Should the experiment prove a success, the opinion is expressed that the cotton industry of America will be revolutionized within the course of a few years."

STOMACH TROUBLES ARE DUE TO ACIDITY

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisurated Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt.

RECALLS OLD DAYS OF HORSE RACING

An Incident in the Career of "Speculation" at the Border.

The St. Croix Courier prints the following from its files of Sept. 14, 1893: "Quite an array of sporting and legal talent was in town on Tuesday in the persons of George Carvill, the owner of the trotting horse, Speculation; Daniel Mullin, barrister; J. H. Finch, V. S.; W. H. Simmons, V. S., all of St. John, to consult with the management of the St. Stephen Driving Park as to the appearance of Speculation in the races here last week. Speculation came down to St. Stephen unaccompanied by his owner and driver, George Carvill, having been regularly entered in the races. The horse was in charge of Frank Carvill, brother of the owner. After the time had elapsed for withdrawing the horse, George Carvill telegraphed that he did not want his horse to trot the following day. The penalty for such an act is a fine of \$100, and an expulsion from the National Association. Rather than subject Mr. Carvill to these penalties, and the horse appearing in good condition, the judges of the free-for-all ordered Speculation on the track and named Peter Carroll as driver. The gentleman in charge of the horse made no objection to this, and Speculation trotted three good heats Wednesday afternoon, winning the third. Darkness prevented a finish that night and when the race was called Thursday morning, Speculation was found to be very lame and unable to take part. "After the races were over, Frank Carvill refused to take the horse from the stables at the park and this action was sustained by his brother and Speculation yet remains here. He is still lame, but is improving every day. It was a result of these happenings that Mr. Carvill, with his veterinary and legal friends came to St. Stephen. "He had an interview with some of the officials of the track, and while they expressed regret that Mr. Carvill's horse should have developed lameness, they were unwilling to accept any responsibility in connection with it, as the judges had acted entirely within the rules governing such matters. It is rumored that Mr. Carvill intends to bring an action for the damage he claims to have sustained, but when he learns all the facts he will hardly go that far."

WATER REPORTS.

The leak in the joint of the 16-inch main in Prince Edward street was repaired and the water turned on again during the night. The weather was more said this morning, but it would be necessary to turn off the water some night the first of the week to make repairs to three of the gates which were bad when they were turned off yesterday.
The water would be turned on in the 36-inch concrete main to Spruce Lake tomorrow for its entire length, the Commissioner said.
Asked about the reported shortage of water in Lancaster yesterday, he said this might have been due to heavy draught by the pulp mill for a short time.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I see they're hev'in' snow an' ice out west, an' some of the farmers aint a-gonto hev as big crops as they expected. I guess we got somethin' to be thankful fer in old Noo Brunswick, after all. We're hev'in' good crops—an' we jog along fust-rate. A frost aint the worst thing—it's the wet 'in'. An the feller out west gits the worry even if he don't g't the frost. He knows it's liable to come an' make all his work go fer nothing—an' he can't git away from it. Now, we don't hev that worry. The weather's always pooty easy on us. We git the snow in, an' we git a crop. It may be short sometimes in some ways—but we aint hard hit when you come to figger it all out. Now this here whis- per o' death stuff that's been in one of them Montreal papers makes me mad clear through. I knowed an old feller that alvays used to say when he heerd anybody hollerin' hard times that he never did a winter yit—an' he hed the right idee—By Hen!"

SALE OF FIRE-ARMS.

A sale of guns, rifles and traps seized by Game Wardens was held at the Crown Land Office, Fredericton, yesterday. Sixteen rifles and eleven shot guns were disposed of. The best bid was \$21 on a special Winchester rifle. Eleven rifles on which no bids had been made were sold for \$7. The total amount realized on the sale, was \$183. Last year's sale amounted to \$281. Last year thirty-one guns and rifles were sold.

BICYCLE TAKEN.

Walter F. Fraser of St. Patrick street is mourning the loss of a bicycle which disappeared from the front door of his home on last Saturday evening and of which no trace has so far been discovered. The lad had been to the exhibition and had gone into the house, leaving the bicycle at the door. He says he was not in the house more than five minutes. The matter was reported to the police, but they have been unable to get any trace of it yet.

CHILDREN'S AID.

At the monthly meeting of the Children's Aid Society last evening, A. M. Belding in the chair, it was decided to look into the matter of installing an electric range at the home. Mrs. V. H. Doody, Mrs. A. J. Muleahy, and Mrs. Leon Keith were appointed a committee to learn cost etc.
The agent, Rev. George Scott, reported that five children had been taken out by foster parents during the month and two little girls had been placed in another institution. Two children are now in residence at the home.

ENGAGEMENTS.

WEDDING ON SEPT. 25.
Mr. and Mrs. Andrew Miller of Sussex announce the engagement of their daughter, Gwendolyn, to Charles William Sullivan, the wedding to take place at their home on Sept. 25. Mr. Sullivan is a son of William Sullivan of St. John, and is on the staff of the New Brunswick Telephone Company. He was overseas in the Great War.

On last Wednesday evening friends called on Miss Helen Brown, 73 Elgin street, and tendered her a novelty shower in honor of her approaching marriage. The evening was very pleasantly spent in games and dancing. A large basket filled with useful and pretty gifts was presented to the guest of honor.

LIGHTS FAILED FOR TIME.

Lack of permanent switching equipment at the city sub-station was given at the office of the Civic Commission as the reason for the lights being out of commission for about half an hour last evening here and from here to Moncton. Some trouble, not located up to noon, developed on the transmission line between the Lancaster sub-station of the New Brunswick Commission and the city sub-station, and it was necessary to switch over to the other line. This operation would have taken only a couple of minutes, it was said, had the switching equipment been installed but under the circumstances it was necessary to kill the entire line from St. John to Moncton and the across to the other line which took about half an hour.

SORRY TO LOSE HER.

A pleasant evening was spent at the home of Mr. and Mrs. Robert Tyner, 111 Broad street, last night when members of the congregation of Carmarthen street church met and presented a handsome hand bag to Miss Gladys Milley, who is to leave the city in the near future for Boston. Rev. E. E. Styles, pastor of the church, in making the presentation told of her readiness to help in the activities of the church and how she had won the appreciation and affection of the congregation. He also spoke of her ability as an organizer and in particular of services rendered in connection with the choir. Rev. Styles also read a letter, addressed to Miss Milley from the official board of the church, which expressed regrets at her contemplated departure and appreciation for services rendered. During the evening games were enjoyed and refreshments served.

MARRIED LAST EVENING.

A pretty wedding took place last evening at eight o'clock at the home of Mr. and Mrs. Norman Ricker, 11 Paradise Row, when their daughter, Nora Greta, was united in marriage to Alburn Edward Parks of 189 Millidge avenue, by Rev. A. L. Teedon. A large number of friends and relatives attended. The bride was prettily dressed in blue Canton crepe, and carried a bouquet of sweet peas. She was attended by her sister-in-law, Mrs. Ella Ricker, who was gowned in black Canton crepe and carried a bouquet of purple sweet peas. The groom was supported by the bride's brother, Herbert W. Ricker. After the ceremony, a buffet luncheon was served. The many gifts received testified to the popularity of the young people. This morning they left by rail for points east in the Maritime Provinces and on their return will reside at 189 Millidge avenue.

POOH! AWAY GOES EEL.

A shortage of water in Champlain street was reported to Commissioner Wigmore yesterday morning and on investigation he found that the service pipe had become plugged by an eel. The intruder was blown out of the pipe and served restored to normal.

Commissioner R. W. Wigmore will leave this evening for Burlington, Vt., to attend the annual convention of the New England Waterworks Engineers, which is to be held in that city. He expects to be away about ten days.

GIVING PICNIC TOMORROW.

J. D. O'Connell of Canagage, Cuba, is at present in Havelock, N. B. In conversation with The Times, over the long distance telephone today, he said that he will hold a picnic there tomorrow for his friends and invited all to join him. He has engaged the Sussex band, and will also serve a dinner free to all who attend.

STREET WORK.

The public works department has taken down the stone crusher on West Side and has it ready to move to the Westmorland Road. It will be started just as soon as possible on the paving work from Cooper's Corner to Kent's Corner. The south side of Market Square is ready for the penetration coat and it is hoped to start laying the asphalt surface tomorrow, the grading of Waterloo street is under way and it is hoped to start the sidewalk on Brittain street on Monday. Clifford Price, superintendent of streets, reported this morning.

POLE HOLE CASES.

Several cases against the Stephen Construction Company, charged with leaving pole holes exposed and in dangerous condition in West St. John were taken up this morning in the Police Court. Sergeant O'Neil, of the West Side force, said people had complained that the children were likely to fall into the holes. The foreman of the work said that children removed the protection placed over the holes, and that the company was doing its best, considering the handicaps. They had been held up for poles, but it was expected that this condition would be righted soon. The Magistrate warned the foreman that someone would be liable if an accident occurred and the foreman promised to do his best to have the holes properly guarded.

Says Smith Wants to Meet McIntyre, Paris or Healey.

Billy Groff, who appeared in two boxing bouts in the Arena recently, returning to the city today from St. Stephen, where he boxed six rounds to a draw last evening with Frankie Burns. There was also a ten-round bout on the night between Cyril Smith and "Young" Firpo. The former won a decision. Smith expressed a willingness to come to this city to meet Paris, McIntyre or Healey. While in St. Stephen Groff received an offer to go to Boston with Dan Fairbanks, who was impressed by his style and who was anxious to have him appear at the Hub against some of the welterweights in Massachusetts. Groff may accept a fight there. Next Monday he is going to McAdam, where he will compete in a boxing bout.

SCHOOL CASE IS BEING APPEALED

That of Reverdy Steeves, of Aberdeen School, Before Judge Barry

A case which, at the time of the first hearing, attracted considerable attention will come up again tomorrow morning before Judge A. Barry. It is the case of Reverdy Steeves, principal of the Aberdeen school, was fined in the Police Court by the then Magistrate for an offence on an appeal named Geoffrey Medlar. Considerable evidence was taken at the time, and the magistrate found as stated. The case was brought on appeal in the morning at 10 o'clock. Hon. Dr. J. B. M. Baxter, K. C., and Arthur N. Carter will appear for Mr. Steeves, and it is expected that a large number of those interested will be present at the hearing.

U. N. B. FOOTBALL.

R. E. Secord, of St. John, captain of the U. N. B. football team, was among the students returning to the city yesterday in preparation for the fall term. Captain Secord said that the selection of a coach for the red and black squad this season had not yet been decided, although it was expected that a decision would be reached soon in order that practices might be started immediately with the commencement of lectures when the greater portion of students will have again taken up their residence in the city. The most probable selection for the position of coach named is G. F. G. Bridges, of this city, a star who has recently completed his law course at Oxford University as a Rhodes scholar. Whether or not Mr. Bridges, who is engaged in the study of law here, will consider a proposition in this connection is not certain.

REMEMBER WHEN—

First property sale after great fire in St. John was held and lot in Elliott Row, which was purchased for \$3,000. The sale was by auction on June 26, 1877. It was the Howard property, and George V. Nowlin was the purchaser.
During the month of June, 1877, the police cost the city of St. John \$1,494.83, independent of the amount for special pay. The payroll for the firemen during the month of June amounted to \$573.33.

A. B. C. Electric Washer

This last word in wash-day equipment should find space in every home in St. John. At best, wash-day is a burden. Wringing clothes the old way harks back to pre-historic times. The A. B. C. has so many points of superiority, it is such a peer in its field that space here is wholly inadequate to attempt a satisfactory and just description of the machine.

Come in person. See it work for yourself. See how easy and economical it is to operate.

You'll eventually get one. You'll have to inspect it some time. Do it now. No obligation entailed in the least by your call.
