INSIST ON SAYING LENINE IS DEAD

Copenhagen, Jan. 24.—Reports of the death of Nikolai Lenin, Soviet Russian premier, are persistent, according to a Helmsinger dispatch to the Berlingske Tidende, and the Danish press says it has further evidence of it.

WEATHER REPORT

Summary—Pressure is high over Ontario and the west, but a disturbance of marked intensity is centred this morning east of Cape Breton Island, with a more moderate disturbance in the southeastern Colorado. Cold weather prevails from Manitoba to the maritime provinces while it is somewhat milder again in southern Saskatchewan and Alberta.

STOCKS ON RISE ON WALL STREET

New York, Jan. 24.—On the stock exchange today the week opened with a continuance of last Saturday's rally. The reported success of the Belgian loan issued in this market, as indicated by allied issues, plus railed easily and leather tobacco, sugar and paper issues joined the further gains among shippers. Delaware, Lackawanna and Western extended its gains to 10 points, other strong rails including Reading, Southern Pacific Northern Pacific and Pittsburg and West Virginia. Exchange on London was firm but call loans held at last week's prevailing rate of 7 per cent.

FOR THE BONSPIEL

The following is a list of the single and double rinks entered by the Thistle Club in the New Brunswick Bonspiel, which is to open here tomorrow morning:

NOON REPORT

There was a perceptible broadening of the market at higher prices during the morning, despite interest offerings of shorts. Equipment were especially prominent. Pressed Steel Car common rising 7 points and the preferred 4-1/4.

DELAYED TRAINS

The tender of a freight train jumped the rails west of McAdam early this morning, and the Montreal train due here at 6:30 did not arrive until after 11 o'clock.

May Be Withdrawal Announcement Tomorrow

London Daily Mail so States—Reported Arrest of Presbyterian Minister—Two Boys Shot in Cork.

London, Jan. 24.—Sir Edward Carson is expected to refuse the premiership of the Province of Ulster, and also intimates his withdrawal from Irish affairs when he receives an Ulster delegation tomorrow, says the Daily Mail. He will continue his interest in Ireland, the newspaper declares, "simply as a well-wisher from England."

BARGAINS BUT GOODS STOLEN

York Pa., Jan. 24.—Nearly every man in Violett Hill, a suburb of about 500 persons, became the receiver of stolen goods at a Sunday morning auction held here yesterday by alleged thieves. Early in the day three men with a truck stopped in the town and announced that they had been at an auction sale of shoes at Hanover, Pa., last night and would be paying for a shoe store in that city a failure of the same name.

POLICE COURT

A stranger offered me a drink and I took three and that is all I knew about it until I arrived here," said one of five men charged with drunkenness in the police court this morning. A case against Thomas Carey, charged with stealing twenty-five hens from E. Budovitch, Douglas avenue, was resumed. Mr. and Mrs. Budovitch gave evidence. Another stepson of the accused told of hiding a bag of feathers in the woods. Police Sergeant Charles Rankine also testified. The accused was remanded. A case against John Beckwith, charged with using abusive and threatening language to Charles Ackerman, was resumed on preliminary examination. The complainant who lives in Erin street gave the same evidence as that given at a former hearing. The case was postponed until tomorrow afternoon.

LESS COAL THIS WEEK

LEAS COAL, JAN. 24.—Coal shipments this week are likely to be small, so a coal official informed the Canadian Press this morning. Several of the colliers are idle today, and many more will be idle through the week.

MARYSVILLE MILL

Fredericton, N. B., Jan. 24.—Although it was said that the reduction of 15 1/2 per cent in wages which the Canadian Cottons Limited put into effect today would be protested against and "resisted to the limit," Manager Joseph Dolphine said today that he had received no notice of protest and the mill was running with its force of operatives complete.

MORE PHYSICAL WORK IN SCHOOLS

Major General J. H. MacBrien, C. B. C. M. G., D. S. O., chief of the general staff of the Canadian militia, with headquarters at Ottawa, accompanied by Major Willis O'McCormac, A. D. C., arrived in the city this morning from Halifax, on an official visit to the local military headquarters, as well as at the headquarters of the local units. He recently completed a tour of the military districts of Western Canada and expressed himself as being very much pleased with the interest and enthusiasm shown in the units re-organized.

EFFORT MADE TO SELL LOT OF WOOL SURPLUS TO GERMAN GOVERNMENT

Ottawa, Jan. 24.—The Union of South Africa has changed during the last few months from being a creditor to a debtor, on says P. W. Ward, Canadian assistant commissioner in the weekly trade bulletin. At the beginning of 1920, he says a substantial credit balance had been accumulated by South Africa, resulting from heavy export trade during 1919. Early in 1920 this trade began to decline, and by last August the exports of everything except gold had completely stopped. Imports, on the other hand, had arrived in tremendous quantities, and are still arriving. Unless conditions change, an increasing debit balance faces this country.

LOCAL DELEGATES TO CONVENTION OF ZIONISTS

The Zionist district of St. John held a special meeting on Sunday evening at the Synagogue for the purpose of arranging for delegates to the seventh National Zionist Convention in Montreal on January 30-31, and February 1. This convention is of the utmost importance to Canadian Jews as prominent Jews from abroad will attend, among them Lord James Rothschild and Lady Rothschild. I. Eilman, president of the local Zionist society, was in the chair and he called upon Rev. J. Levine, vice-president, to open the meeting. Addresses were made by R. Cabel, president of the Zionist organization in Montreal, N. Y., Hildon Levin and Dr. C. A. Press. The following delegates were elected: I. Eilman, Rev. Levine, W. Levy, M. Budovitch, Dr. C. A. Press.

CUTTING DOWN DEBT

Washington, Jan. 24.—Great Britain last year reduced its floating debt in the United States by nearly \$100,000,000. At the end of November, 1920, it was \$577,405,000. This is exclusive of long time loans obtained by Great Britain from the U. S. government and U. S. bankers.

BIRTHDAY SURPRISE

Friends of Miss Lillian Coram, 355 Lancaster street, West St. John, assembled at her home on Friday evening and tendered her a pleasant surprise in honor of her birthday. Games and music were enjoyed and refreshments were served. Miss Coram received many useful gifts and best wishes.

ROGERS TAKES A HAND.

We can understand now why Hon. Robert Rogers was not making noises indicative of great rejoicing when Premier Meighen visited Winnipeg recently.

"Unquestionably it was the common understanding, not alone among ministers forming the Union government, but among the Canadian people everywhere, that the 1917 election was for the period of the war, run on a war time franchise act, an act that is no longer in existence."

"We who have disagreed with Sir Wilfrid Laurier are Liberals yet, and when the war is over we will start again where we were last week. We have lost none of our Liberal principles."

"The day for polling is fixed for Monday, December 17th next. On that date our people from ocean to ocean will be given the opportunity to determine by their ballots whether or not during the period of the war and until demobilization takes place we are to have a non-partisan Union government to administer the nation's affairs."

VOCATIONAL TRAINING.

Vocational training is not an experiment. Neither is it a fad. To refuse to make provision for it is to deprive ninety per cent of the school children of their rights.

WILL INVADE CANADA?

The Times has received a copy of a publication named The Sina Feiner, published in New York, and bought at a book store in St. John.

"The British have tried our patience long enough. To remain supine any longer in the face of such wanton attacks on humanity would be to court our own destruction."

"Where will Mr. Lindsay Crawford and his friends be when the American army starts on its march through Canada?"

The Standard, discussing harbor commission says: "If there is an attractive proposition looking to harbor commission this city will vote unanimously in favor of it."

Addressing the Young Men's Canadian Club of Montreal last week, Sir Arthur Currie said: "I am now seriously considering the approval of a course of lectures at McGill in politics."

MEN OF MONOMOY LOSE SURF BOATS

Portland, Me., Jan. 23.—The French freight steamer Bacchus, which occupied on Friday from the network of shoals off Chatham after grounding in the breakers, arrived here yesterday bringing the sixteen coast guardsmen of the Monomoy and Monomoy Point stations who assisted in guiding her out of the danger zone.

MONTREAL'S IDLE

Montreal, Jan. 23.—The three returned soldiers alleged leaders of the unemployed here who last week raided a couple of restaurants, came before the Recorder's court Saturday, pleaded guilty to a charge of vagrancy and were allowed their liberty.

My neighbor, Johnson, plays the flute, I hear him at it night and day; he cannot play it worth a hoot, and yet he whangs and whangs away.

MAY BE ANOTHER STRIKE AT PRINCE OF WALES COLLEGE

Rumor That Staff Still Dissatisfied With Salaries—Position Considered Serious.

Charlottetown, P. E. I., Jan. 24.—That the staff of the Prince of Wales College and Normal School who went on strike last autumn for higher salaries and returned to their positions on the promise of the provincial government that the matter of increases would be given favorable consideration, are still dissatisfied and may "walk-out" again, the substance of a persistent rumor. Members of the faculty are keeping their own counsel, but interesting developments are expected at any time.

The pedagogical strike took place while the teachers were in receipt of the following stipends: Dr. N. S. Robertson, Principal, \$2,100; G. S. Steele, Vice Principal, \$1,700; E. Blanchard, \$1,400; J. G. Bennett, \$1,300; Miss R. McGrath, \$1,150; Miss L. Scamm, \$1,200; J. P. Smith, \$1,200.

After the college had been closed for several days and the staff withdrew its resignation as a body and went back to work, increases of \$30 were given to the Principal and the Vice-Principal; another member of the staff had his salary increased \$40; another \$250 and the remaining two each received a \$200 increase.

These additions to their salaries did not meet the full demands of the teachers who are asking \$2,500 a year for the Principal, \$2,200 for the Vice-Principal and a further increase of \$200 for the rest of the staff.

The school teachers of Prince Edward Island receive their training at Dr. Robertson's Normal School and another "holiday" at the institution might be a serious thing for the Island's education system.

After the re-opening of the last school term in August, 1920, there were seven vacant schools in the Province, at the situation has been improved since then and the number has been reduced to about thirty. An increase in teacher's salaries passed at the last session of the Legislature, although not as large as expected, has prevented further incursion of the ranks of the pedagogues.

HALIFAX PAYS BILL COVERING LONG PERIOD
Halifax, N. S., Jan. 24.—A bill for pipe-line rights for the years 1918 to 1920 at five shillings a year or \$47.50, was recently presented by St. James church, Arundale, to the city of Halifax. The church waived interest claims and the bill was recommended to be paid. The city's water pipes run through the church property and the agreement was made with the late Henry Cogswell in 1946.

MENTAL HYGIENE; APPEAL FOR HELP

Canadian National Committee Sees Government and Explains Aims.

(Toronto Globe.)
A deputation from the Canadian National Committee for Mental Hygiene asked the Ontario Government for a grant of \$5,000 yesterday. Following were the members of the deputation: Sir George Bunn, Ottawa; Dr. C. K. Clark, Professor J. A. Dale and Dr. C. M. Hincks, Toronto. They told Hon. H. C. Nixon, Provincial Secretary, that the proposed work of the committee this year would cost \$15,000.

It is proposed that the Toronto Psychiatric Clinic be strengthened and enlarged to include: (a) Free acceptance of all cases of suspected mental abnormality; (b) evaluation of individual patients from the standpoint of social fitness, industrial efficiency and capacity for education; (c) advice to patients, guardians, employers, teachers, etc.; (d) employment bureau for the partially handicapped; (e) home supervision of cases.

The deputation pointed out to the Provincial Secretary that the findings of the Psychiatric Clinic in Toronto showed that during a three-year period 4,819 cases were examined—364 were unmarried mothers, and of this number 86.67 per cent were feeble-minded, and 90 had two or more illegitimate children; 741 might be classed as immoral women, of whom 488 were prostitutes. Practically all of the latter were mentally deficient, and 206 were known to have disease; 1,419 were referred to the Toronto Juvenile Court.

WORSE THAN EVER
(Bathurst Northern Light)
The advocates of government ownership of the Carquet Railway line imagined that they had done a great service to the County and its people when they succeeded in finally having the Government take over the line. In pressing their demands for Government action, they did not spare the management of the railway company but were sharp and critical in their statements about the service given the patrons of the road. Bad as were the conditions under the old management all now unite in stamping present conditions as immeasurably worse. With no lack of equipment and financial resources, such as handicapped the private company, the service, or lack of service, now being given to the people down shore is simply inexcusable and now that it is evident that improvement cannot be expected under present conditions, steps must be taken to alter matters.

PREPARE FOR INTERNATIONAL SWEEPSTAKES

Three European Nations Will Enter Cars—Some of the Entries From England, France and Italy.

Indianapolis, Jan. 24.—Three European nations will be represented in the Ninth Annual 500-mile International Sweepstakes race, on the Indianapolis Motor Speedway, May 30. French, British and Italian cars will compete for the \$50,000 purse and an equal amount of accessory awards.

France has been represented in every race, by foreign drivers and cars from across the water, since 1915, except the war years of 1915 and 1916. England has not started a car in the races since the war and Italy has been absent from the Hooper classic since the fleet of Isotta raced in 1918.

Much interest of the fans will be centered in the Italian delegation. According to information received here from W. F. Bradley, the European representative of the Speedway, the Fiat is finally going to send over a team of three cars. This Wagner, who won the first American Grand Prix at Savannah in 1905, is expected to captain the team, although Fiat has not announced its drivers or formerly entered. A decade ago the Italian car was more feared than any racing outfit, rivaling the German Benz for supremacy in America. Its last appearance in local classic was in 1912 when Teddy Tettaff finished second to Joe Dawson's National.

The Tri-color will flutter from the helmets of at least seven drivers piloting three Peugeot and four Ballots. The Peugeot is said to have some new 138-inch cars with Jules Gour as team captain. While no overtures have been made to Howard Wilcox, the Indianapolis boy who won with this make in 1918, it is expected that he will have one of the trio. The Ballot "eight-in-line" team will number four. It has been announced that Ralph DePalma and an American champion, Andre Bollig, will drive two of the three new Sunbeams designed by Louis Costach. It is possible that the third Sunbeam may fall to Gene Thomas, the 1914 winner. If it does not it will be because France will have another team in the race, with Thomas at the helm.

It is also reported on the other side of the pond that the power plants of the Gregories, which were entered last year in new and lighter chassis and that the Italian will be back battling for the winner's purse on Memorial Day.

With a certain field of 18 cars and the probability of not less than 20, the Europeans are certainly out to win the ninth race.

VALUE OF MARK KEEPS HUNS FROM EMIGRATING

Berlin, Jan. 24.—The low exchange value of the German mark has kept millions of Germans from emigrating to North and South America, and has been

a more effectual barrier against emigration than any legislative measures could possibly have been.

This fact is responsible for the present proposal to abolish the newly organized emigration department in the German government. A resolution for that purpose has been introduced in the main committee of the Reichstag by both Centrists and Social Democrats, who declare that the emigration department has proven superfluous because there is practically no emigration from Germany.

Soon after the signing of the Versailles treaty there was much agitation in Germany for an emigration bureau. Parliamentarians and high government officials stated that not less than five million of people would have to emigrate if they expected to eat regularly.

Fresh Milk as you need it

Carnation Milk is pure, fresh, "whole" milk distributed in a new and better way. It is fresh, pure, whole milk from Canada's finest dairy farms with part of the water removed by evaporation, then sealed while perfectly fresh, in air-tight containers.

It is thus safeguarded against contamination and sterilized for added safety. Nothing else has been taken away—all the rich food value of the original milk remains. And nothing is added—no sugar, no preservatives of any kind.

You can keep this milk unopened in the container indefinitely—any quantity—for any household need.

The home that uses Carnation Milk never "runs short" of milk.

Pour it direct from the can—as cream—for tea, coffee, cereals, on fruit or for whipping.

But dilute it for other purposes. Add at least an equal quantity of water to restore it to the natural consistency and richness of ordinary milk.

Greatest convenience of all—buy Carnation Milk with your groceries! Your grocer is the Carnation Milkman. Order several tall (16 oz.) size cans, or a case of 48 cans.

LOOK FOR GERM OF "PACE THAT KILLS"

New York, Jan. 24.—The pernicious germ of the "pace that kills" is the latest quarry of the medical profession.

Dr. E. L. Goldwater, who is the head of the research department of the Medical Review of Reviews, has, in his capacity, undertaken to gather data on the subject. Letters of inquiry have been sent out to 81,000 of the prominent business and professional men of the United States requesting their personal views on the subject based on observation and experience.

Is it the strenuous life or the simple life that is most conducive to longevity? Is the man who retires from active business in the middle fifties likely to survive longer than the man who continues actively in harness? Does the use of mental and physical energy to the "nth" power beget more energy to replace it? These are a few questions that Dr. Goldwater expects to answer when the returns are in.

Dr. Goldwater himself is an apostle of the strenuous life. "Of course there is the very important psychological element to be considered," he says. "Personally, I believe that the man living strenuously will live longer, providing that his activity is accompanied by an intense interest in what he is doing. There is no doubt that a man who is working at grateful tasks can travel faster and keep going longer than the man who is merely vegetating."

Dr. Goldwater does not believe that a man should work all of the time, but that he should work hard while working, that his recreation should take the form of a hobby which will give him a change rather than a rest.

LIKELY CRISIS IN PRESENT WEEK.

Discussion of Unemployment in Motherland.

Labor Congress, Called for Thursday, Probably Will be Momentous Event—Labor Party and Government.

London, Jan. 24.—A crisis in the discussion of unemployment and the means to remedy it is likely to come this week. A labor congress has been summoned for Thursday, and trade union organizations and moderate men, such as J. H. Thomas, J. H. Clynes and Arthur Henderson, are expected to find themselves exposed to uncomfortable criticism from extreme elements of their followers.

The labor party has refused to work with the government, which in the palliative measures of its programme has recognized the impossibility of retaining wages at the high rate of last summer, and has put forward a programme of its own. This is based on the idea that the community must maintain the standard of workers unable to find work at practically the present level, whereas the government's insurance scheme gives unemployed men fifteen shillings a week and women twelve shillings.

Moreover, there is another side to the labor crisis. Labor leaders themselves are afraid to do anything to excite violent feelings. When the labor congress met a month ago it had to bring its proceedings to a hurried and undignified close because certain extremist delegates of the London unemployed threatened to capture the meeting and pass revolutionary resolutions.

Sober labor leaders are fully aware of the danger of arousing the thousands of decent working men now almost in despair through lack of work and are bound to take it into account.

BANK OF NOVA SCOTIA.

The annual statement of The Bank of Nova Scotia, which is published today, shows the bank's reputation for strength and liquidity of condition to be fully maintained. Current coin and Dominion notes of \$34,288,000 are 15.2 per cent of liabilities; in addition, \$12,750,000 is on deposit in the central gold reserves and this amount would increase the percentage of cash reserves to 22.2 per cent. Readily available assets are 67.5 per cent of the liabilities.

The principal changes in the balance sheet, as compared with a year ago, are as follows: Municipal and British, foreign and colonial public securities are reduced \$6,000,000, through repayment of British treasury advances. Current loans have increased \$9,300,000 and grain advances are up \$1,000,000—both items reflecting the bank's increasing business. Call loans in Canada are reduced \$1,400,000 in line with the bank's policy of giving preference to the legitimate demands of the country's business. Total deposits are \$4,600,000 higher than last year and now amount to \$184,745,000. The large increase of \$19,000,000 is shown in savings deposits, while free deposits are decreased \$14,500,000, due no doubt to withdrawal during the year of temporary government Victory Loan deposits.

The profits show the benefit of the full year's earning power of the increased capital received through the Bank of Ottawa amalgamation during 1919 and are \$2,327,423, against \$1,925,478 last year. The percentage earned on shareholders' funds (i. e. capital, reserve and undivided profits) is 8.2 per cent, this year against 7.6 per cent last year. The profits have been distributed as follows: \$1,632,000 in dividends, \$97,000 for circulation tax, \$100,000 to the officers' pension fund and \$300,000 for writing down bank premises. The balance carried forward was \$982,535, an increase for the year of \$278,423.

LOCAL NEWS.

Rev. J. Purdy, secretary of the Maritime Home for Girls at Turo, delivered an address in St. John's (Stone) church yesterday morning.

One Day—Already Gone—Now There Are Five.

This has been a month of extraordinary merchandising. We have cut prices to the bone and we've brought into our store thousands of dollars worth of new merchandise procured at big price concessions and sold at a very minimum of profit. But you fully realize we can't always do business at a loss, so that this big event is fast drawing to a close. Your opportunity will expire on Saturday—FIVE DAYS STILL REMAIN—and we are making them the most drastic of the entire month.

Prices now are lower than they will be again for many months to come. Don't miss this fleeting opportunity. Come early for the many bargains that are not advertised in the newspapers.

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

LOCAL NEWS
IN MEMORY OF HUSBAND.
Mrs. May McKay, of No. 6 Short street, has received from Ottawa the widow's cross and the Monument in memory of her husband, Pte. William McKay, of the original 28th battalion, who was killed in action, May 7, 1917, at Vimy Ridge.

IN MEMORY OF SON.
Mrs. William Murray of New River has received a memorial cross in memory of her son, Sergeant Lester L. Murray, M. M., who was killed in action on Sept. 30, 1918. Sergeant Murray went overseas with the 140th Battalion and was transferred to the R. C. R.

PANTRY SALE.
A pantry sale under the auspices of the Young Ladies' Club of Victoria street Baptist church, was held in A. M. Rowan's hardware store on Saturday afternoon, with gratifying results. Mrs. G. D. Hudson, the convenor, was assisted by Miss Alice McKim, Miss Beulah Watts, Mrs. A. Powell, Miss Helen Swain and Miss B. Stockford.

MANY SEEKING GOVERNMENT ASSISTANCE
Office of D. S. C. R. Besieged This Morning by Veterans Out of Work—The Rate of Help Given.

The local offices of the D. S. C. R. were the scene of pronounced activity this morning when the recently adopted plan by which government aid is to be distributed to returned soldiers out of work went into effect. The rush started with the opening of the office and before noon about seventy-five cases had been dealt with and there were almost as many more applicants waiting in the hall way.
Most of the cases which came to the attention of the officials this morning were of men with whom the department has been in touch for the last year, so that very little investigation is necessary. There were some who applied who do not come under the plan, while there are others, who are apparently eligible for assistance, but about whom some enquiries are to be made.
The men to be aided are either pensioners or men who were discharged in a lower category than A and who have been technically trained through the D. S. C. R. No cash is given, but for unmarried men an order is given for board and lodging up to \$80 a month. The allowance for a married man with wife and no children is \$75 a month; with one child, \$87, with two children \$97, and more than two, \$100, which is the maximum.
In order to keep a check on those seeking assistance so that the aid to those obtaining work can be discontinued, it is provided that a card be issued weekly to the applicant by the local federal employment office, but as there is none in existence in the city at the present time, the investigation and check fall upon the officials of the D. S. C. R. In the majority of cases, however, the D. S. C. R. people have been in touch with the applicants every month and know their circumstances.

VICTORIAN IN GOOD VOYAGE
Has 945 Passengers, Cargo and Mails - Two New Brunswickers.
The C. P. O. S. liner Victorian arrived this morning from Liverpool and docked at No. 3 berth, Sand Point, a little after 10 o'clock. She had on board 251 cabin passengers and 694 steerage, in addition to 3,800 packages of royal mail and parcel post, which included 208 packages for the Maritime Provinces, and 1,200 tons of general cargo.
Captain H. L. Waite, in conversation with a Times reporter, said that the liner left Liverpool on January 14 and had encountered exceptionally fine weather on the voyage. He said that nothing eventful transpired on the passage. Among the passengers listed for this province were: H. O. R. Bealey, for St. John; and H. G. Willett, for Bathurst, C. Clairmonte, of Aylesford, N. S., was also on board. E. H. Langvin, city passenger agent of the C. P. R. in Quebec, and his wife are returning to their home after a visit to England.
The passengers will be conveyed to their destinations by two special trains and in extra cars attached to the regular Montreal train. The first special conveying cabin passengers, is scheduled to leave at 4 o'clock for Montreal, Toronto and points west, and the second special is to leave at 8 o'clock with steerage passengers for Upper Canada, points in the United States and the west. The large consignment of mail is also being handled this afternoon and is expected to get away early this evening.
The Victorian will go to Antwerp this passage instead of Liverpool and will go into dry dock for repairs. Her next trip to St. John is not expected to be until the middle of April.

ASK CO-OPERATION OF CITY COUNCIL
(Continued from page 1.)
The mayor said that the council should ascertain why some of the places in the city, particularly those receiving concessions from the city, were closing down. He said that the employees all paid taxes, part of which went back to the firm in the way of rebates on taxes. He said this referred particularly to the Maritime Nail Co., where he was employed. If the men were not employed they could not pay their taxes. He thought many of the shops could and should operate. Regarding the sugar refinery, Mr. Melvin said he knew of cases where men came here from the United States and got immediate employment.
Mr. Campbell said he had letters from the employment office authorities, saying that no relief would be given through the federal office unless the city took the initiative. He said, outside of Prince Edward Island, New Brunswick was the only province that did not have a federal employment office.
Dr. Frink suggested that the mayor get the latest orders on the matter from Ottawa.
Mr. Tighe said that the opinion in the trades council was that the matter of the employment bureau was held up in the common council on a question of politics.
The mayor said that the estimated cost of the office to the city would be \$1,500.
Commissioner Thornton asked how the labor bodies stood with regard to vocational training.
Mr. Tighe replied that they had favored technical schools, but had not yet gone into vocational training seriously.
The mayor said that the matters submitted would be given consideration.

L. P. D. Tilley
L. P. D. Tilley, representing some taxpayers, said that he would make some suggestions regarding the levying of taxes. He said the board of assessors were inadequately paid and, the whole system of assessment could be changed for the benefit of the tax-payers. He thought two or three highly paid experts should be appointed to assess on real estate, business tax and income. He thought it could hardly be done properly by a person on a salary of \$1,200 or \$700.

The Marsh Bridge.
Mr. Tilley asked the commissioner of public works if any provision had been made in the estimates for repairs to the street between the One Mile House and the Marsh Bridge.
Dr. Frink replied that the road was in bad shape last year and it was estimated that \$81,000 would be required to put the road in shape for twelve feet on each side of the track. He said he did not include it in the estimates this year as there was a movement to keep all expenses down. He said that the only increase in the public department was \$80,000 interest on permanent pavement.
Street Railway Bill.
"The provincial legislation of which you are a member" he said "passed a bill last year allowing the N. B. Power Co. to receive eight per cent on \$67,000 invested by the company on pavement between the street car rails. This was a matter of vital interest to the city of St. John and I do not think there is any one in this room outside of yourself who knows how any member voted on the question."
Mr. Tilley said that the automobile owners were willing to pay more. He said if the taxes were raised on the real estate men, the tenant would suffer and he was sure that there were many men in the city whose salaries had not increased in the last four or five years.
Any increase, the mayor said, this year would be through bodies over which the council had no control. The hospital estimates, he said, would be nearly doubled.
The mayor proposed to keep open house on the matter of estimates on Wednesday at 11 o'clock when any citizen desiring to offer suggestions would be heard.
A letter was read from the residents of Somerset street asking for sidewalks. The communication was referred to the commissioner of public works for a report.

Newman Brook Tenders.
Tenders for the deepening of Newman brook were opened and read as follows:
Solid Loose rock rock
John Flood & Sons, cu. yd. 11.90 3.75
Louis Corey & J. Simon . . . 8.00 2.75
Peter Saah & W. Swanton . . . 4.45 2.75
Lahood & Peters 4.95 1.48
A. George Moses 6.74 1.74
Chas. A. Donald submitted a bid of \$4,900 for the whole job. The tenders were referred to Commissioner Jones and the city engineer for a report.
It was decided on motion of Commissioner Jones to call for tenders for the removal of about 185 joints of 36-inch cast iron pipe from Lake Fitzgerald to Little River. The commissioner explained that the pipe was purchased by the city in 1916 for \$20,874 and was intended to be laid around the border of the Dry Lake, on account of the many leaks occurring in the main laid through the Dry Lake. Before the work was undertaken, however, the pipe was changed and a 42-inch concrete pipe laid.
Mr. Jones said it was intended to use the pipe to rebuild a portion of the 36-inch conduit in the vicinity of Phinney's Hill, which is causing a great deal of trouble and on which the city spent \$19,266 in repairs between 1908 and 1912. A portion would also be used to replace some of the older of the two 24-inch mains between the reservoir and the city as soon as there was sufficient money available.
