TORONTO WAS IN GRIP OF A MIGHTY GALE

One Man Killed And Several People Injured SERVICES WERE DISRUPTED

Telephone, Telegraph And Light People Were Given A Hard Time of it—Montreal Had 42-mile Blow For Time

Toronto, Dec. 1.—One man was killed and several people more or less injured in a terrible gale which swept this city on Saturday night, and many thousands of dollars' loss was entailed in wreckage that followed in the wake of the wind, yet the material damage was comparatively light in view of the severity of the gale.

George Dawson, an expressman, thirty-three years old, was hit by a falling tree in a street and died a few hours afterward in St. Michael's Hospital. His skull was fractured.

The storm started about half past eight and kept up all night. Thousands of houses and hundreds of stores were without electric lights. Both the Toronto Electric Light Company and the Hydro-Electric were affected, though the latter escaped much better than its rival.

The chief trouble to the hydro-electric service was caused by trees and signs blowing down and breaking the wires, but the inconvenience caused to the hydro customers was small compared with that caused to the customers of the Toronto Electric Light Company.

The four power lines of the electric light company which supplies the city into Street Railway Company with power, were temporarily put out of business at Niagara Falls and for three hours a half there was no service in Toronto. The Hydro-Electric's main transmission wires were not seriously interfered with.

The Bell Telephone Company's services suffered seriously, not only in Toronto but throughout the country, the line being somewhat general.

Telegraph services in Toronto on Sunday night and this morning were seriously impaired. Every route out of Toronto was temporarily cut off or very seriously affected. Poles by the scores broken, hundreds of things pulled out of the cross-arms, wires crossed and sagging on the ground, and pins generally fixed up. Almost simultaneously with the rising of the gale, adequate steps were taken to restore telegraph communication. Gangs of repair men patrolled the line throughout the night, on signs, motor cycles and foot, carrying torch-lights to locate the breaks. The principal routes were re-established late yesterday.

The Canadian Press, Limited, was enabled to begin its Sunday evening service at the usual hour as a result of repair work having been carried out with swiftness on its leased wires.

Despatches from Hamilton, St. Catharines, Ingersoll, Stratford, Chatham, London, Galt and Ottawa all fell to the extent and damage caused by the storm in their respective districts. From Toronto and Michigan no adequate reports of damage done by the storm.

Montreal, Dec. 1.—Several trees, signs, and electric wires were uprooted, overturned or broken by the force of the wind yesterday. The storm at Montreal has been, but was bad enough to cause considerable damage. A wind at noon attained a speed of forty-two miles an hour. At two o'clock had dropped to thirty-one, but at five o'clock went up to thirty-seven, and four o'clock found it back at forty-one.

Toronto, Dec. 1.—The storm damage Galt will run into the thousands of dollars, while in northern Ontario the losses run up to \$1,000,000.

Detroit, Mich., Dec. 1.—Early reports on Lake Erie, Lake Huron and Lake St. Clair points failed to show any material marine losses, and Lake Superior is said to have been out of the path Saturday night's storm.

CTOR OVER FORD AT POLLS INDICATED BY GRAND JURY

Senator T. H. Newberry to Answer Charges of Corruption, Fraud And Conspiracy

Grand Rapids, Mich., Dec. 1.—Truman H. Newberry, United States senator in Michigan, was indicted by a United States grand jury today for corruption, fraud and conspiracy in connection with a election by which he obtained his seat in the senate, defeating Henry Ford.

Democratic opponent, with Newberry, 113 other persons are indicted by the grand jury on the same charge.

HOLESAL EXODUS OF GERMANS FROM ALSACE

Paris, Dec. 1.—(Associated Press)—The Lausanne Gazette says that more than 20,000 Germans left Alsace during the French government's recent campaign to stamp out disturbing propaganda.

Prince Reaches Home; Gets a Great Greeting

King And Queen, Other Royal Passengers and Large Crowd Welcome Him at Victoria Station

Portsmouth, Eng., Dec. 1.—The Prince of Wales arrived here on board the Renown at 9 o'clock this morning after his visit to Canada and the United States. The Renown left this port on July 8.

Upon entering the harbor the customary twenty-one guns salute was fired from the flag-blecked ships which were today decorated in the honor of the birthday of Queen Mother Alexandra.

Earlier in the morning it was feared that rain might interfere with the reception which had been planned for the prince. The prince landed from the Renown with a delightful and most gracious courtesy through the streets of Portsmouth, cheered by thousands of persons who had gathered to greet him. He was welcomed upon his arrival at the town hall with shouts from crowds assembled about the scene.

Replying to an address of welcome, the prince said his tour had been for him a delightful and most valuable experience which would influence his whole life. He hoped often to be in Canada, he said, and would try another visit to the United States at the first opportunity.

In London London, Dec. 1.—The Prince of Wales arrived at Victoria station this afternoon at 3 o'clock.

CANADIAN DAILY NEWSPAPERS FORM THEIR ASSOCIATION

M. R. Jennings of Edmonton, President—Maritime Provinces Representatives on Directorate

Toronto, Dec. 1.—The organization of the Canadian Daily Newspapers Association was completed here on Saturday with the adoption of by-laws and the appointment of officers and committees.

M. R. Jennings of the Edmonton Journal was elected president; P. D. Ross of the Ottawa Journal, vice-president; and G. E. Scroggie of the Toronto Mail and Empire, treasurer. W. J. Taylor of the Woodstock Sentinel-Review was made past president.

The board of directors will consist of the officers and the following: G. Fred Pearson, Halifax Chronicle; E. W. McCready, St. John's Telegraph; Lord Atholstan, Montreal Star; Hon. S. M. White, Montreal Gazette; Henri Gagnon, Quebec Le Soleil; V. E. Morrill, Sherbrooke Record; Irving E. Robertson, Toronto Star; T. H. Preston, Brantford Expositor; H. B. Macdonald, Free Press; W. R. Givens, Kingston Standard; E. H. MacKlin, Winnipeg Free Press; B. Hooker, London Free Press; J. H. Woods, Calgary Herald; F. J. Burd, Vancouver Province.

The executive committee of the board selected in accordance with the new by-laws consists of the president, M. R. Jennings of the Edmonton Journal, the past president, W. J. Taylor of the Woodstock Sentinel-Review; P. D. Ross of the Ottawa Journal; J. E. Atkinson of the Toronto Star; and Hon. S. M. White of the Montreal Gazette.

The directors appointed the following committees: Paper, advertising policy, advertising promotion, postal and parliamentary, courts and records, John M. Imrie has been engaged as secretary and manager of the new organization. Mr. Imrie has been for eight years secretary and manager of the Canadian Press Association, Inc.

The new Canadian Daily Newspapers Association is one of three organizations composed of members of Canadian Press Association, Inc., the other two being the Canadian Weekly Newspapers Association and an organization of the Trade and Class Publications. Each of these three organizations will be affiliated with Canadian Press Association, Inc.

MILLIONS BURIED BY KAROLYI SEIZED

Budapest, Dec. 1.—One hundred million crowns, contained in twenty-one cases buried deep in the cellar of Count Michael Karolyi's palace, has been discovered and confiscated by the Hungarian police. The treasure consisted of stocks, bonds and silver and gold, representing the former premier's total fortune.

Through searches by the Communists when they were in power failed to reveal the treasure, although the palace was ransacked several times.

The Austro-Hungarian silver crown was equal to twenty cents before the war.

ITALIAN KING TO VISIT STATES

Rome, Dec. 1.—(By Associated Press) King Victor Emmanuel will visit the United States next summer and so will visit South America, especially the republics of Brazil, Uruguay, Argentina, Chile and Peru, unless the political situation prevents him from carrying out his desire.

The tentative plan is that the king will be accompanied by Premier Nitti and that he will first proceed to the United States during the summer, which is the slack season here, and afterwards go to South America.

Victor Emmanuel desires especially to return a visit President Wilson made on him in Rome.

As Hiram Sees It

"A fellow come up to me at the market this mornin', said Mr. Hiram Hornbeam, 'an' ask me if I had any Scotch wool. I told him it was too early in the mornin'.

Well, sir, he got a sheep as a hornet. I thought at first he was one of them lion inspectors, but another fellow told me he was a Scotchman and this was St. Andrew's Day."

"Hoot, mon!" said the reporter. "We are all Scotch today, I read Holy Willie's Prayer 'out be Bobby Burns—yes, sir.'"

"I an' told," said the reporter, "that the first man to land on this continent was a Scotchman, although he did not remain very long."

"Why can't you prove it?" said Hiram. "If he was a Scotchman, he'd have a leather strap he called 'lives,' an' it was a great help to a fellow that didn't know his lessons. He was strong on porridge an' had a big 'bushy-bone,' an' talked a lot about Auld Mackie when he got warmed up—but I've learnt the old folks sayin' that we do get a lot of Scotch set down to faggin' out how much this country owes to the Scotch I can't believe that a Scotchman's a speck of Scotch today—yes, sir."

INDIAN FUND FROM SALE OF LANDS ABOVE \$1,000,000

Arranging Transfer of More For Purposes of Soldiers' Homes in West

Ottawa, Dec. 1.—The rich Indian is how we shall have to quote Pope's lines in the near future. The total of lands being sold to the wards of Canada at one time or another since the creation of the department of Indian Affairs now amounts to more than \$11,000,000.

The inspector of Indian affairs, who is in Ottawa recently together with W. Govan, inspector and valuator of lands for the soldiers' land purchase fund, has been in Ottawa for the transfer of further lands to the value of \$1,000,000 situated in the three western provinces for the purpose of settlement.

Col. W. W. Foster of the department of soldiers' relief re-establishment, has been looking into the whole matter of soldiers' re-establishment. They will make a report to the government this week and it is understood he will have some important recommendations to make concerning different enterprises which the government may undertake for the benefit of the soldiers during the coming winter.

N. B. BONDS OFFERED TO PUBLIC IN TORONTO

Toronto, Dec. 1.—The bond issue of the province of New Brunswick, which was disposed of last week, is to be offered to the public today by R. A. Daly & Co. and W. A. MacKenzie & Co. In the Bank of Nova Scotia led the list, and it is understood that the bank has since turned over the issue to the Daly and MacKenzie firms.

The issue is for \$2,282,000 ten year bonds, bearing 5 1/2 per cent. They will be offered to the public at 98.12 or at a price to yield 5.3-4 per cent.

City May Be Headquarters Of An Aerial System

Birdmen Ask St. John to Furnish Land For Municipal Aerodrome—City Would Derive Revenue

The establishment of St. John as an air port and the headquarters of a system of aerial transportation in the maritime provinces, the eastern states and the Magdalen Islands is possible next year if the Eastern Canada Air Lines, Ltd., can make arrangements for suitable grounds for an aerodrome here.

This was a statement made by representatives of the company who appeared before the mayor and commissioners at a committee meeting this morning. Capt. L. E. Stevens of Truro, recently managing director of the DeVere Aviation School, and Lieut. J. M. Stevenson of Charlottetown, both of whom saw service in France with the Royal Air Force, outlined the plans to the council. The mayor and all the commissioners were present, as well as the members of the board of trade, consisting of the president, R. B. Emerson; the secretary, R. Armstrong; and T. H. Schuchman and Percy W. Thomson.

The visitors are going out to look over the situation to see if there are suitable grounds in or about the city for the erection of their aerodrome. Five locations were mentioned—at the head of Courtenay Bay, on the Marsh road, the Manchester and Hatheway properties and the city's land on the Gipsy Settlement road.

Capt. Stevens said that should the land be suitable and the company decided to locate their headquarters here, they would also establish an aviation school and a central repair plant. For these there would be a permanent staff of about fifty men. For the inauguration of the system plans would be brought from England, and if the project was a success, it would be followed by the city and other municipalities.

The company was anticipating the inception of both passenger and freight service between their stations, and also the transportation of mails. As the service was considered to be of great benefit to the people of Prince Edward Island, the government of the island was guaranteeing seven per cent. on the amount invested, and he expected that the other local governments would do the same. Both Halifax and Charlottetown are also planning to have their aerodromes located there.

Capt. Stevens announced that he had been appointed manager of the DeVere Aviation School, which he would probably leave this week. He had been in the Victoria Club, the Quebec Golf Club and president of the Quebec Badminton Club.

His wife and three children survive him. He was a flight instructor in the city of Calgary and three brothers, Guy, Lafferty, manager of the Bank of Montreal in Montreal, B. C., George Lafferty, who has just returned from overseas and is practicing law in Calgary, and Captain H. Lafferty, who served overseas and is now stationed in Kingston.

MURDERER DEAD; THIRD IN SERIOUS CONDITION

Hamilton, Ont., Dec. 1.—Paul Kowalski, confined to Barton street jail, and sentenced to be hanged on Dec. 19 for the murder of Nick Tremblak, was added a double murder to his crime. A. C. Springstead, county constable of Stoney Creek, who was serving at death watch on Kowalski, was killed by him as he sat on Saturday, and Arthur Wiley, head constable of the jail, has died of wounds inflicted.

Ex-Sergeant John Lowery and William Berry, turnkeys, are in the general hospital suffering from wounds inflicted by Kowalski, when he was removed to jail here in a very serious condition.

STRIKE DECISION IN COTTON MILLS DEFERRED

New Bedford, Mass., Dec. 1.—After a day of conferences and union meetings the textile council late last night voted to defer strike action to enforce the demand for a twenty-five per cent. increase in wages, pending further negotiations with the cotton manufacturers on Monday afternoon.

WANT AMERICANS TO STAY TILL TREATY PROTOCOL IS SIGNED

This Was The Day Set But News of Germans' Intentions is Received

Paris, Dec. 1.—The French representatives in the peace conference are urging the American delegation to delay their departure for home until the protocol is signed, putting into effect the peace treaty with Germany.

Although today was the date set for the exchange of ratifications of the treaty, no definite news was at hand regarding the intention of the Germans as to the signing of the protocol in which they are expected to guarantee the carrying out of the armistice terms.

The supreme council this morning adopted the terms of the reply to the recent German note regarding prisoners of war. The contents were not given out.

The feeling in French circles, which is shared in some of the other delegations, is that the departure of the American delegates at this time should be misinterpreted in Germany as a sort of abandonment of the conference, although it would in no wise change the relation of the United States toward that body.

LODGE IS READY TO RESUME TREATY FIGHT

Washington, Dec. 1.—Senator Lodge, Republican leader of the senate, declared last night that he hoped to see prompt action taken on the treaty, but that if President Wilson still refused to accept reservations those determined to "Americanize" it stood ready to meet him on that issue before the people.

RECOMMENDS THAT EMMA GOLDMAN BE SENT AWAY

Washington, Dec. 1.—Assistant Secretary of the department of labor yesterday approved recommendations of the immigration bureau that the case of Emma Goldman be closed and that she be deported to Russia, which the department is expected to approve.

WANT THEM TO GET TOGETHER ON THE TREATY

Boston Demand to President And The Senators SPEEDY RATIFICATION

This Needed in The National Welfare, Says Irish Unity Demonstration by Irish Clubs—Russian Fears For Life

(Special to Times.) Boston, Dec. 1.—"Get together and adopt the peace treaty in some form or other," was the unanimous demand that went out late last evening from 4,000 men and women in Symphony Hall to the United States Senate and President Wilson.

A special call sent the senate was "forget prejudice and partisanship and agree upon a resolution of ratification couched in terms that will permit the other signatories of the treaty to acquiesce in the conditions of our ratification."

The leading speakers were ex-Gov. John L. Bates and President A. Lawrence University. A resolution presented by Mayor Peters, and adopted without a dissenting voice, declared that the national welfare requires the speedy ratification of the treaty of peace and league of nations covenant and calls on the senate and the president to adjust their differences by mutual consent, "that we may have enduring peace."

There was a great demonstration by Irish unity clubs last night against the adoption of the league of nations unless reservations are included. Ex-Congressman Kinkaid of New Jersey spoke. The chief idea was that the covenant was all wrong because it was written by British diplomats, who had always been on our Americans at the conference table in the past.

A set of resolutions was adopted stating that it was unjust to Ireland and the Sinn Fein movement to have an American officer like Admiral Sims with him as he did about the conditions abroad with the American destroyer fleet without sending adequate notice to the Sinn Fein, the British officer, who directed all the operations, said our sailors kept on firing at the Sinn Fein and our Americans at the conference table in the past.

Glavin, a native of Russia, who asked the protection of the Lawrence police because, he said, he feared his life was in danger at the hands of revolutionists, has been turned over to the department of justice for safe keeping, and brought to Boston today. Glavin has reason that he had succeeded in learning of plots of the Reds to overthrow the government. His information is believed to be of great value to the government in its investigation of seditious acts by the Reds.

Glavin's story that he was sent to Lawrence by the Reds of Ohio, Ohio with whom he unwillingly became affiliated through circumstances which he had no control. His mission was to spread the doctrines of anarchy and Bolshevism in this state. The facts were made known by City Marshal O'Brien after he had heard from Glavin. The Akron police have been notified.

The presence of Glavin in Lawrence was first brought to the attention of the police when he appeared at the police station on Friday night, and in a frantic struggle for protection from the authorities, he contended that he feared for his life at the hands of local radicals. In explaining his reasons for such a move he unveiled a tale which, if true, shows conclusively that many agencies are at work throughout the country spreading "Red" propaganda, and that from as far west as Ohio this city is looked on as a fertile field for such work.

HOW GERMANY TRIES TO GET OUT OF IT

Note to Peace Conference Seeking to Avoid Responsibility For Sinking Ships in Scapa Flow

Berlin, Dec. 1.—(Havas)—The government has sent to the peace conference at Paris a supplemental memorandum with regard to the sinking of the German warships interned in Scapa Flow and the conference's demand for indemnification for the loss of the vessels. The memorandum asserts that the internment of the fleet in Scapa Flow did not constitute the final disposition of the warships, the sinking of which must be charged to Germany, but to the Allies, who interned the fleet in a British port and not a neutral port, which was contrary to the stipulations of the armistice.

Admiral von Reuter, the memorandum declares, was deprived of means of communicating with Germany and believed that the armistice ended at noon on June 21. Therefore, in accordance with maritime customs, he began sinking the fleet. The memorandum raises the additional point that, as von Reuter was a prisoner, he had lost command and therefore Germany's responsibility for his acts ceased to exist. In conclusion, the memorandum proposes to submit the question to the Hague tribunal for arbitration.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

PEGGY HYLAND AT IMPERIAL

Peggy Hyland, the dainty English star, will be seen at the Imperial Theatre tonight and tomorrow in her new photoplay of circus life, "The Merry-Go-Round." Miss Hyland assumes the role of the fortune teller's daughter in a dilapidated circus. Jack Haberton, a rich young clubman, steers his automobile into a ditch near the circus campment, and is forced to buy the entire show to get the use of a merry-go-round tractor to extricate his car. He falls in love with Gypsy (Peggy Hyland) at first sight. Subsequent events show that Gypsy is the daughter of wealthy city parents—but had been kidnapped when a small child—and that her father has just ruined Jack in business. How Gypsy, claimed by her parents, manages to lose her newly-gained and irksome social position and gets Jack back, supplies the sensations of a very lively story. The Imperial will repeat the Prince of Wales New York pictures and will show a new British Weekly. Topics of the Day, and Mutt and Jeff.

THE OPERA HOUSE; TUESDAY'S CHANGE

Have you seen the pictures of the upper St. John river, with its magnificent waterfalls, rapids, the vast lumber mills at Edmundston and Plaster Rock, the sensational trip through the rapids in a canvas canoe and many other unique scenes along the river, now being shown at the Opera House in conjunction with the regular vaudeville programme? There are five splendid novelties in the vaudeville line on the bill, and everybody says it is a real red hot night is the last time for this programme—two performances, at 7.30 and 9. The regular change of programme opening tomorrow afternoon offers Waak and Le Wand Sisters, in a high class musical novelty with selections on the violin, harp and string bass; Clarence Wilbur, eccentric tramp comedian; Wardell Brothers and La Coste, in comedy songs, eccentric dancing and snappy repartee; Mason and Gwynne, blackface entertainers right from Dixie; Sultan, vaudeville's sensational educated pony.

ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment. Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alteratives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease. If a cathartic or laxative is needed, take Hood's Pills. Purely vegetable.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ill-effects to these infecting germs in the gums weakened by Pyorrhoea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Riggs' Disease) if used in time and used consistently.

And in preventing Pyorrhoea—it guards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment. Use and 60c tubes. All Druggists. FORHAN'S, LTD., Montreal.

LET THE SHIPS COME. The public at large is reluctant to interfere in any way when there is a dispute about wages, regarding it as a question to be settled by those directly concerned, who would certainly be disposed to resent interference.

mean that hereafter there will be more of them, with more active young men interested in the work. When the spirit becomes universal the growth will come, and will be continuous.

Senator Lodge reaffirms his desire to make the peace treaty an issue in the elections. Perhaps he would like to be a presidential candidate. The New York Evening Post ironically observes: "Senator Lodge is mentioned, but surely those do that statesman wrong who attribute to him self-seeking instead of lofty and disinterested patriotism."

St. John now has an additional reason for getting into the game of clean amateur sport. The newly elected president and secretary of the Maritime Branch of the A. A. U. of Canada are St. John men, and our Halifax friends will expect to see this city take a more active part than hitherto in all interprovincial sports.

St. Andrew's Day brings memories of men and of achievements in the fields of education, science, politics, war, and all human activities. These memories stir the hearts of Scotsmen everywhere and turn their thoughts to the small country from whose rugged shores have gone forth so many sons and daughters to win distinction and success in the great world.

With the re-assembling of Congress at Washington interest will centre in the question whether enough of the Republicans will break away from Senator Lodge to ensure the adoption of the peace treaty. Of course President Wilson's message will also be awaited with keen interest, for he has remained silent since the Senate rejected the treaty.

In the fiscal year ending last March Canada imported coal and coke from the United States to the value of \$79,000,000. Two-thirds of the amount went to Ontario. This explains why Ontario industries are affected by the coal strike, and why continued efforts are made to make use of the Ontario peat beds for fuel purposes.

The agitation in favor of a juvenile court in St. John gathers force. It aims to provide a real children's court, with a judge and probation officers, so that this city may get into line with other progressive cities in this department of child-welfare.

Japan and China are reported to be showing their teeth to each other, and the relations between the United States and Mexico are not the most cordial. The League of Nations is not yet in being. Indeed there are still rumblings in many quarters which do not reassure the lovers of peace.

Canada is warned that there is great need for economy in the use of coal. Railways and industries feel the pinch, especially in the central and western provinces.

Increasing lawlessness in Ireland puts the issue straight up to the British government. What is the proposed remedy? Inaction tends to make the conditions steadily worse.

### RECENT DEATHS

**T. Whitney Blake.**  
T. Whitney Blake, brother of Dr. Joseph A. Blake, died suddenly on Nov. 27 at his home in Fifth avenue, New York. Mr. Blake was born in Oakland, Cal., in 1866, and was graduated from Yale University in 1890. He was president and treasurer of the Whitney Blake Company, New Haven, Conn., and secretary and treasurer of the Goodyear Rubber Insulating Company. He was also a member of the Chamber of Commerce of the United States, Museum of Natural History and the Geographical Society.

The death of Mrs. Robert F. Black occurred suddenly at her home, Wickham, Queens county (N. B.), on November 29. She is survived by four sons, Robert Black, Boston; James Black, Montreal; Albert Black, St. John and Harry Black, Wickham; two daughters, Mrs. Heber Jones, Upper Greenwich and Mrs. William Norton, New York, and two brothers, Albert Jones, St. John and Ace Jones, Greenwich. The funeral will take place this (Monday) afternoon from her later residence, with service at 2 o'clock.

St. Stephen, N. B., Nov. 29.—The death of Mrs. Ella Phalen, widow of Frank Phalen of this town, took place very suddenly this evening. Mrs. Phalen and her daughter were returning home about ten o'clock from up town when within two doors of her own home she felt faint and wanted to rest. She was immediately taken to the home of George P. Short and Dr. Deinstadt was summoned, but before he arrived Mrs. Phalen was extinct. Mrs. Phalen was about fifty years of age. She leaves two daughters, Helen and Mildred, both at home; also two sisters, Mrs. Alfred Price of this town and Mrs. Fred Sawyer of Ottawa, and one brother, Frank Whitehead, engineer at the pumping station, Maxwells Crossing. The funeral will take place on Tuesday afternoon.

Fredericton, N. B., Nov. 30.—The death occurred this evening, after an illness of more than a month, of Mrs. Charles S. Ross, widow of Malcolm Ross, formerly chief engineer of the Fredericton water department. She is survived by two sons, Charles D. Ross of this city, and Robert Ross of St. Johns, four daughters, Mrs. Kerr, wife of Rev. James R. Kerr, of Philadelphia; Mrs. Anderson, wife of Lieut.-Col. A. H. Anderson, formerly of St. John and now of Ottawa; Mrs. H. W. Okey, of Summersville (Mass.) and Mrs. J. D. Mackenzie, at home. The late Mrs. Ross was a daughter of the late N. S. Hooper, a merchant of Fredericton, and is also survived by one brother, ex-Mayor W. S. Hooper of this city, and four sisters, Mrs. M. Haslin of Philadelphia, Mrs. Marion Cameron of Cambridge (Pa.), Mrs. H. F. Adams, of Darby (Pa.). The funeral will take place on Tuesday afternoon.

Moncton, N. B., Nov. 30.—The death of Mrs. David Trives occurred on Friday evening at the home of her daughter, Mrs. R. G. Jefferson, corner of Park and Walden streets. She was Mrs. Trives was a daughter of the late Zechariah Lutes of Steeves Mountain, being the last member of a family of twelve, all of whom were well known and highly esteemed residents of this country. She was twice married, her first husband being the late James A. Lockhart and her second husband the late David Trives. She is survived by one son, William Lockhart, and two daughters, Mrs. R. G. Jefferson and Mrs. Shephard Cuthbertson, all of Moncton. She is also survived by many grandchildren and great grandchildren.

Moncton, N. B., Nov. 30.—The death of Mrs. Selma E. Keith, widow of Murray B. Keith, occurred at her home in Petitcodiac on Saturday in the seventieth year of her age. Mrs. Keith came from a prominent Sussex family and two brothers, William and Charles Stockton, still reside here. The late Hon. A. A. Stockton and Robert Stockton of St. John also were brothers. Her three daughters, Mrs. H. S. Keith of St. John, Hugh D. Keith of Beccles, Miss Lena, at home, Mrs. Harry Wilson of Montreal, and Mrs. T. Dwight Pickard of Windsor (N. S.). Her late husband was a prominent merchant at Petitcodiac for nearly thirty-five years. Two sisters, Mrs. Mark Teales of Sussex and Miss Hattie Stockton of Petitcodiac, also survive; also another brother, Frank Stockton, residing in United States.

George W. Boothroyd, aged seventy-seven years, passed away early yesterday morning, November 30, at the home of his son, Rev. F. E. Boothroyd, 142 Mount Pleasant avenue. Mr. Boothroyd was born at Balne, England, and arrived in this country just eighteen months ago. He had left England in order to avoid the depressive war conditions then prevalent in that country. He suffered from several slight strokes and gradually failed in health. He was a lay preacher in England for many years and also served in the Methodist Sunday school as superintendent for more than a quarter of a century. The funeral is to take place this afternoon at 3 o'clock from 142 Mount Pleasant avenue.

The death of Miss Annie Lugin on Sunday at her residence, 15 Wellington row, has removed from the community a lady who for years enjoyed the respect and admiration of all who knew her to a degree vouchsafed to but few. Miss Lugin, although terribly handicapped physically, patiently and bravely overcame many obstacles and successfully conducted a large class of singing pupils and semi-annually presented a very attractive concert, in which at times artists of international reputation took part. To all who came in contact with Miss Lugin, her life was an inspiration. She remained uncomplaining to the last and never once lost hope of recovery. The late Miss Lugin's three sisters, who were intimately associated with her in business as well as in her social life are the only relatives surviving. The funeral service will be held at her late residence at 8 o'clock this evening and interment will be made in the family lot in Fredericton on Tuesday morning.

The death of Mrs. James Fillmore of Bale Verte occurred on Wednesday. She was about eighty years of age. Mrs. George Copp of Sackville is a daughter and the late Dr. Fillmore of Advocate, N. S., was a son. Her husband, who passed away several years ago, was steward of the Mt. Allison Academy in the early days.

**Thomas Baird Dead.**  
Thomas Baird, who fell from a staging on a house he was shingling near Rockwood Park about a week ago, sustaining a fractured leg, passed away in the General Public Hospital at 4 o'clock yesterday morning. Mr. Baird was seventy-eight years of age and the serious nature of his injuries was the cause of his death. The late Mr. Baird had lived in St. John practically all his life. He leaves one brother, Charles, also of this city. The funeral will take place from his late residence, 50 Clarendon street, at 2:30 on Tuesday afternoon to the Methodist cemetery for interment.

**FUNERALS.**  
The funeral of the late Isaiah W. Holder, who died on Friday last, took place yesterday afternoon from his late residence, 154 Main street to Cedar Hill cemetery for interment. The funeral service was conducted both at the home and at the grave by Rev. G. D. Hudson. A large number of friends and relatives escorted the body to its last resting place.

**Calls Both Houses.**  
Paris, Nov. 29.—President Poincaré has issued a decree convening the senate and chamber of deputies in special session of December 5.

**SALE AND TEA IN ST. ANDREW'S CHURCH**  
The sale and tea, given in St. Andrew's church on Saturday afternoon by the girls of the Excelsior club of the church, was in every way a decided success. The room was charmingly decorated in white and blue, the colors of St. Andrew, in honor of whose festival the sale was held, as a means of raising money for missions in Trinidad, for furnishing the club rooms and as a fund for providing treats for orphans during the coming winter. All of the twenty members of the club assisted in making the sale so successful, under the efficient leadership of their president, Mrs. James McTavish. The fancy work booth and every box of candy and every article of fancy work was very quickly sold. Large St. Andrew's crosses in blue and white were conspicuous in the decorations of booths and centre table, while the smaller tea tables were attractive in snowy linen covers and blue St. Andrew's crosses with candles in silver candle sticks.

During the afternoon an excellent programme of Scottish music was given by Miss Bessie Forbes and Miss Sylvia Ferguson, and Miss Fanny Murdoch sang "Annie Laurie" in her own charming manner. Mrs. Frank White presided over the pouring of the coffee and Mrs. James McTavish and Miss Alice Murdoch over the pouring of the tea.

The tea and sale was the first attempt on the part of the club to raise money by a public entertainment and its success was far beyond the fondest hopes of the members. There were about two hundred patrons and the articles for sale disappeared with most gratifying rapidity.

They were very fond of each other and had been engaged; but they had quarrelled, and were too proud to make it up. He called afterward at her house—to see her father on business. She was at the door.

"Ah—Miss Blank, I believe?" said he.

"No, sir," she replied, "father is not at present. Do you wish to see him personally?"

"Yes," was the bluff response of the visitor, who felt that his former sweetheart was yielding—"I wanted to see him on very particular business—" and he turned away haughtily.

"I beg your pardon," she called after him as he reached the last step, "but who shall I say called?"

NEW YORK HERALD'S TRIBUTE TO PRINCE

(New York Herald.) It is foolish for any one to talk of the Prince of Wales as a "nice boy." New York knows better than that by this time—the close of two days' close observation. He is a man, thinks like a man, speaks like a man and acts like a man. He is more, in speaking he does not repeat himself—a rambling, enthusiastic and impressionable woman may exclaim rapturously—"Isn't he cute?" or "Isn't he a dear?" But it is to be remembered that he is twenty-five, three years older than William Pitt the younger was when he became Premier of England; that he has had four years' active service in the war—wearing the Croix de Guerre, conferred by Marshal Foch for an individual act of gallantry—that he is a trained officer, the British navy has put in more than a year at a university; speaks and writes three foreign languages and had for years a tutor one of the most accomplished men in his line, outside George Meredith's "Egmont."

Segal Cleaned Up - Both Shade and a Fortune.

Some years ago, and not so many at that, Charles Segal of 2744 Broadway, New York, was a decorator. He was not just a painter and wall paper hanger - he was a decorator - a man with brains, ambition, common sense and rarer than any of them, a keen gift of foresight.

Due to the most constant of the inquiries he received from the owners of newly decorated establishments was for some process whereby shades might be renovated or at least partially cleaned. They were amazed. One firm after another sent him and turned over their work. Hospitals, institutions, municipal buildings and apartment hotels all hurried in their orders until the Segal Window Shade Cleaning Company held up its hands in desperation.

The present capacity of the shop is 500 shades a week. The personnel consists of five employees and business is simply clamoring for admittance. Instead of hurrying out looking for work, Segal begs people not to tell their friends that he has cleaned their shades. But because he is the only man in the United States, so far as he knows, who has this peculiar occupation he has had to assign to his stenographer the remarkable duty of saying to applicants quietly and courteously that "the Segal Window Shade Cleaning Company regrets that it is unable to care for any more new business."

GOLD FOR BRIDES

London, Dec. 1 - More than 7,000 pounds of pure gold are required every year to supply wedding rings for British brides.

A dancer who won the prize for the best gentleman waiter at a Halloween masquerade ball at Concordia, Kan., and who represented a trim and natty doughboy, with two gold chevrons on his sleeve, and had no trouble coping with prettier girls, was found, when the masks were removed, to be a young negro girl, employed in a local hotel.

**TRAIN CHANGES.**  
The new time-table with the C. P. R. and C. N. R., went into effect today.

**NOVENA BEGUN.**  
In Catholic churches of the city on Saturday a novena was begun in preparation for the feast of the Immaculate Conception on December 8th.

**CANT FIND OWNER.**  
A letter addressed to Ernest A. Payne, in care of the board of trade, has been awaiting an owner at the board's offices in Prince William street for some time, but has not yet been claimed.

**NEW ELECTRIC SYSTEM.**  
Workmen are engaged in putting new conduits for electricity into the city hall. Considerable trouble has been experienced lately with the blowing out of fuses and it is expected that the new system will obviate the trouble.

**CIRCUIT COURT.**  
Judge Barry's court will open again tomorrow morning at 10 o'clock, when the case of the King vs. Amberg will be tried. All the regular panel of jurymen are expected to be present.

**WINTER TRAINS AND MAILS.**  
On account of the change in schedule, there were no passenger trains either in or out of St. John yesterday. In future, there are to be no trains between St. John and Montreal on Sunday over the C. P. R.

**THE COMMODORE'S JOKE.**  
Commodore Stewart of the Chatham World will have his joke at the expense of the labor unions. Referring to a labor dispute in St. John he says: "St. John harbor might as well be frozen up as 'tighed up.'"

**TO NEW POSITION.**  
Donald W. Armstrong, who has been assistant secretary for the Victory Loan committee for New Brunswick and formerly with the Eastern Securities Company, Ltd., has accepted a position with the Mahon Band Corporation, Limited.

**ST. JOHN-AVONMOUTH SERVICE.**  
The Cunard line is to inaugurate a new service from St. John to Avonmouth. This service is temporarily to replace the former service between this port and Glasgow, which has been transferred to Portland. Details of the sailings are not as yet available.

**BIRTHDAY PARTY.**  
About twenty young friends gathered at the home of Mr. and Mrs. J. Naves, Pleasant Point, on last Monday evening, in honor of their only son, Kenneth H. Naves, 14 being his fifteenth birthday. A very enjoyable evening was spent in games, music, and refreshments were served.

**BOARD MEETING ADJOURNED.**  
Women's Auxiliary board meeting is adjourned to meet in Stone church school house on Tuesday evening, Dec. 9. Representatives are asked to report for Anglican Forward Movement meeting at Trinity school house tomorrow afternoon at 2:30 o'clock. All members please attend that meeting.

**TUBERCULOSIS SUNDAY.**  
The publicity committee of the Anti-Tuberculosis Association has completed arrangements for Tuberculosis Sunday. All the city ministers will speak in their churches, and Dr. George G. G. of Toronto will be the speaker at the great mass meeting in the Imperial at which Lieut-Gov. Pugsley will preside and a full orchestra and quartette will provide music. Chorus from all the churches will be massed in the singing. Col. MacLaren and Hon. Dr. Roberts will speak briefly.

**DOCTOR BROWN'S REPORT.**  
Dr. J. F. L. Brown, who has been in Chipman recently investigating matters pertaining to the sanitary conditions of the school there, returned home and said that the report was much exaggerated. He also said that the Queens county council failed to vote any money for the board of health last year, nevertheless the medical inspection of schools and other work has been carried on, but the officers have received no pay and have paid their own expenses. It is hoped that at the next meeting of the council in January this deficiency will be remedied.

**ASKS REDUCTION OF RENT.**  
Rev. W. R. Robinson, representing the west side Protestant churches which recently conducted several meetings in the city hall, West St. John, appeared before the commissioners this morning to ask that the rent of the hall be reduced. He said that this morning, in connection with the revival had been greater than they had anticipated and he requested a reduction from \$120 to \$75 for the four weeks' use of the hall. His argument was that the whole city had benefitted by the revival and it possible the city should not look towards making a profit on the event. The matter was referred to Commissioner Thornton for a report tomorrow.

**BOARD OF TRADE WANTS LARGER MEMBERSHIP**

**Circular Sets Forth Reasons Why All Business Men in City Should Belong**

In appealing for a larger membership of the board of trade, a circular sent out by Secretary H. E. Armstrong says: "The board of trade is the one link in the great chain which binds St. John to similar bodies elsewhere. It is the recognized official mouthpiece of the city. It embodies the best sentiments and ambitions of the business community. It is a reflection of community progress and ideals. No other organization can take its place. Every business man of the city should be on its membership roll. There's a reason.

"Another good reason is that the information flowing out of its rooms. More and more outsiders are asking about the city, about the meaning of its expanded exportabilities, about a thousand and one other things. Much of this information has to be supplied through printed illustrated pamphlets. Special articles are written from time to time for the outside press. Special advertising is also done occasionally, all of which is designed to keep St. John and New Brunswick to the front. The money to keep this stream of information flowing comes entirely from membership fees. Neither the city nor the province nor the dominion contribute a dollar towards it, although all three receive benefits therefrom. The stream should be made larger and more powerful. That's one reason why a large membership is a necessity.

"Another good reason is that the influence and success of a board of trade depend very largely upon the numbers of its members. It is upon the driving force of the body. Won't you help to build up and strengthen the board during the coming year?"

**This Morning—Man Charged With Assaulting Constable**

Nine men, arrested as "hulalers" of various branches of the law over the week end greeted the magistrate in the police court this morning, and a revivand which he gave them immediately after, was by no means an address of "welcome." King Alcock seemed to be the cause of most of the violations and six men charged with drunkenness were remanded to jail.

Charles Ritchie was charged with assaulting William Saunders, a constable, while in the execution of his duty. The complainant told of going to the defendant's house to serve a writ of execution on November 25, but the accused said he did not owe and would not pay it. The constable said that while he was attempting to make the arrest he was struck in the face by the defendant, was cut and had to go to the hospital and have two stitches taken in it. The case was postponed until Wednesday and a deposit of \$50 was put up for his appearance.

A lad, aged fourteen, was before the court charged with drunkenness. He was remanded until an investigation could be held regarding who gave him whiskey, as he said that was what he had been drinking.

William Stillwell, charged with assaulting his wife, pleaded guilty and was remanded for sentence. The magistrate said he was disposed to send him to jail for a term without the option of a fine.

Speaking of the living room, there is something superlatively "homey" about overstuffed furniture—perhaps because it looks so "big, fat and godnattered."

In length, breadth and depth there's "room and to spare" in an overstuffed davenport, rocker or arm chair. Many of those who are now offering are covered with tapestry, but you have a choice of other fabrics. However, this comfort-compelling overstuffed is far from being the only sort of furniture that will hold your interest these advantageous shopping days, just previous to Christmas. Our present showing of library tables is varied and many other pieces are shown that will add to that spirit of easy hospitality and "honest to goodness" lounging that creates a perfect living-room.

NO IMPERIALISTIC IDEA FOR ITALY, DECLARES KING

His Majesty Given Enthusiastic Reception in Rome

Opens Italian Parliament - No Military Design, He Says, It Cloaked by the Aspirations of His Country

Rome, Dec. 1.—King Victor Emmanuel and Queen Helena were given an enthusiastic reception while proceeding from the Quirinal to the parliament building this morning to participate in the opening session of the Italian parliament.

Bells were rung, there were salutes from the many guns and thousands of people from the crowds. Houses along the streets were decorated with flags.

The king in his speech from the throne said that the confidence and sympathy of the nation were indispensable to the parliament.

HARBOR MATTERS

No Change But City Hall Hears a Rumor. Statements by Mayor and J. E. Tighe

It was said around city hall this morning that there was a movement amongst some of the elevator men who were affected by the present tie-up to return to work at their original wages, and that a petition was being circulated amongst the members of the union with this end in view.

Mayor Hayes said last night that he had been in communication with the terminal agent of the C. N. B. at Halifax and had been told that for work, similar to that of the freight handlers here, forty-five cents an hour for day work, and fifty cents for night, was being paid.

He had also talked with an official of the water front workers' union and had been informed that Pickford and Black were paying fifty-five to sixty-five cents an hour, from which he could understand from the official, this work was similar to that handled by the longshoremen here.

LOOKS FOR REDUCTION IN PRICES AFTER ANOTHER HARVEST

Bank of Montreal President, at Annual Meeting, Speaks of Conditions in Canada

Montreal, Dec. 1.—At the annual meeting today of the Bank of Montreal, Sir Vincent Meredith, the president, said that the feeling as to the future was less optimistic than it had been, but that the great pressure on our agricultural and manufactured resources, caused by home and foreign demand, shows no signs of abatement.

He attributed the high cost of living largely to the pressing demands of European countries for commodities of every nature. He considered that in Canada it might be possible to look forward confidently to a reduction of all commodities, both at home and abroad, after another harvest.

The question of taxation in Canada was also being particularly attention and Sir Meredith expressed the opinion that the present tax system was somewhat penalizing existing business profit tax. Further, enterprise and expansion were stifled and foreign establishments deterred from entering the Canadian industrial field.

He also mentioned the fact that the cost of living was high, and that the government should consider the possibility of reducing the cost of living by reducing the cost of production.

EPISCOPAL BISHOP BECOMES CATHOLIC

Received Into Faith by Cardinal Gibbons—Dr. Kinsman Says He Has Made no Plans for Entering Priesthood

Baltimore, Nov. 28.—Cardinal Gibbons announced tonight that Bishop Frederick J. Kinsman, formerly head of the Protestant Episcopal diocese of Delaware, was received into the Catholic church last Sunday at the Cathedral.

The cardinal made the announcement on being shown a despatch from Wilmington, in which Bishop Kinsman was quoted in a letter making the announcement. The cardinal said he, himself, received the bishop into the Catholic church.

Wilmington, Del., Nov. 28.—A letter from Rev. Frederick J. Kinsman was received today by Chancellor Charles M. Curtis, a personal friend, stating that on Nov. 28 he was received into the Catholic church.

Further than that, Dr. Kinsman added, "I have had no plans for studying for the priesthood, nor any statements on which such a report could be based."

NEW EFFORT TO IMPROVE THINGS

Conference in Washington on Industrial Situation

Seventeen Men Prominent in Business and Public Life Seek to Accomplish What National Industrial Conference Failed

Washington, Dec. 1.—Seventeen men, widely known in business and public life, representing no particular group as such but acting for the people as a whole, assembled here today to confer on the country's industrial situation. The conference, the appointment of which was announced from the White House on Nov. 30, marks the second effort of President Wilson to devise means for settling the chaotic conditions that have prevailed for months in industry. It was designed to accomplish what the recent national industrial conference failed on.

No form of procedure was set for the gathering and it is clear that the conference itself, in the words of President Wilson, the new representatives should have concern that the industries may be conducted with such regard for justice and fair dealing that the employer will have an encouraging profit and that the public will not suffer at the hands of each class.

Use of the Pan-American building was granted to the conference. It was believed the sessions would be closed, but this question remained to be decided by the delegates after organization. Organized labor has expressed dissatisfaction with the personnel of the conference because of the fact that no labor men were named, although they contended every other interest was represented.

LIBERALS MEET IN OTTAWA TODAY

(Special to Times) Ottawa, Ont., Dec. 1.—Some forty delegates representing the Liberal party from all over Canada are now meeting in Ottawa to deliberate on the future of the party in Canada and to perfect its organization of the convention held in Ottawa last August when a central committee was authorized to meet and consult regarding the co-ordination of a systematic organization of the party in the various provinces and dominion divisions of the party.

The first meeting was held at ten o'clock this morning at the office of Hon. McKenzie King.

Ottawa, Dec. 1.—(Canadian Press) The delegates in attendance this morning included: Hon. J. E. Logan, Ambassador to Brussels; A. B. Copp, M.P., Westmorland, vice-president; S.

The Shah interested in one of the aero planes which he inspected at Farnboro.

CONGRESS OPENS REGULAR SESSION

Months of Hard Work Ahead at Washington

BIG SUBJECTS TO DEAL WITH

Home Affairs and International Relations Loom Large - New Democratic House Leader - Final Session Before Presidential Campaign

Washington, Dec. 1.—Many months' work on a great variety of important subjects international and domestic, were before the 66th congress today when it met for its second and "regular" session, which was expected to close only with the presidential campaign next fall. Members of both senate and house returned to work with only ten days' rest since the adjournment of the extraordinary session which ended on Nov. 19 when the peace treaty failed of ratification in the senate. Because of the extra session the opening day lacked much of the usual bustle attending the launching of a new session. With the congress already "in harness" and with much legislation ready for immediate consideration, little delay in the beginning of work was expected. Calling of senate and house rolls for quorum, appointment of committees to assist the president and each other that congress again was "on the job" were among the customary opening formalities. Besides legislative recommendations, President Wilson's message was expected to deal with international relations and particularly with the treaty of Versailles. While early ratification of the treaty with compromised reservations was expected by many senators, with hopes of cleared the issues involved would be carried into the presidential campaign. Politics is due to play a large part in the events of the new session, the last before the nominating conventions next summer and the final campaign in the fall. Leaders propose to have congress recess for the conventions and work through afterward into October. Enactment of legislation is expected to

begin immediately. The senate today had pending, with privileged status, the Cummins railroad bill with its provisions against strikes and for return of the railroads to private ownership. In the house, the bill to restrict immigration and provide for deportation of alien radicals was first on the calendar. The house probably will be occupied largely with the appropriation bills for many weeks and leaders hope to enact several measures before the holiday adjournment to begin about Dec. 30 and continue to Jan. 5. Long debate on the railroad bill in the senate was anticipated and leaders had little hopes of its enactment before Jan. 1, the date on which the president has said the roads would be returned to private operation. A temporary resolution continuing guaranteed compensation for the carriers until permanent legislation is completed will be passed if necessary. Among the measures expected to be completed this month are the oil, coal, gas and phosphate land leasing bill and the Edge measure authorizing formation of corporations to finance American export trade. Both bills are now in conference. Besides the treaty of Versailles, several other treaties are pending and promise to evoke long senate debate. Three treaties, one guaranteeing assistance to France in case of German aggression, that establishing Poland and defining the Rhine frontier and the long-pending \$25,000,000 Colombian pact, are pending before the foreign relations committee. The peace treaty with Austria also is expected to be ready for transmission by the president soon. The committee also has before it the resolution of Republican Leader Lodge proposing that congress, by concurrent resolution, declare the war with Germany ended. This will be fought vigorously by the administration. Early action on the French treaty is not planned by the committee majority, but the Polish treaty, the leaders say, will be pressed. Among other important international matters pending or in prospect are the house bill to repeal the Canadian reciprocity treaty and commercial conventions and trade extension arrangements with the Allies, the enemy countries and other nations. On the legislative calendar are many measures already passed either by senate or house. They include bills establishing a federal budget system, providing a permanent shipping policy, regulating cold storage of food products, and providing for development of water power. Fiscal legislation promises to have a prominent place in the work of congress. General tariff revision and modification of the international revenue laws are planned before the political campaign. Repeal of many war taxes will be proposed and anti-dumping bills to protect American manufacturers are pending. Permanent army reorganization policies,

This Cover Reduces Costs on Industrial Water Hose

We never heard of industrial water hose bursting because of internal pressure. Any fairly good water hose will stand all the pressure it will ever get in industrial use. But we have seen and heard of thousands of feet of water hose which had to be discarded long before its time because the cover wore through. That fact guided Goodyear scientists in designing Goodyear Water Hose. They started with a good inner tube and strong fabric. But they put on this hose an unusually thick cover of exceptionally tough rubber. Water Hose is dragged over floors and pavements and steel plates. It is walked on and run over by hand-trucks and wheel-

barrows. It is left outside rain or shine. The Goodyear cover on Goodyear Water Hose is built to stand this use. That is why Goodyear Water Hose wears longer and so costs less. That is an example of the way Goodyear builds all Industrial Hose—finding out what conditions must be met, and then developing the materials and construction to meet them. Goodyear has scientifically developed a hose for every industrial use. Samples of this hose, and the advice of a trained technical man, are yours for the asking—without obligation. incorporating the most question of universal training soon are to be brought out by the senate and house military committees, while the committees must pass on a new building programme and on bills increasing the navy's personnel and its pay. To Deal With Troubles. Prominent among the other measures to be taken up are those dealing with radical aliens and anarchists and the high cost of living. Leaders also plan to give attention to means of averting industrial strikes by federal mediation or other methods. The Lane-Mondell bill embodying Secretary Lane's plan of farms for soldiers and sailors also is up for passage and congress will attempt revision of several standing laws and repeal of the espionage and other war measures. Numerous investigations also are planned. Senate inquiries into Mexican affairs and the coal, wheat and sugar situations will continue while the house will carry on its investigations of war department activities. New investigations proposed in the senate include that into the print paper situation and into charges by Senator Watson of Indiana that socialists and radicals are in the employ of the Federal Trade Commission. The senate privileges and elections committee plans to take up the contest filed by Henry Ford against the election of Senator Newberry, Republican, of Michigan. Senate Democrats are to hold a conference this week to elect a leader to succeed the late Senator Martin of Virginia, with the contest apparently narrowed to Senator Hitchcock of Nebraska, administration leader in the peace treaty fight, and Senator Underwood of Alabama. Conferences of the Republicans and the steering committees of both parties also are planned soon to fill committee vacancies. Every day the same aged motor sputtered wearily along, and broke down always in the thick of the traffic. "Look here," said the traffic policeman, "this thing is always breaking down about here. Let's see; what's your number?" Yes, 1599. "G'wan!" came the youthful driver of the next vehicle in the block. "That ain't its number; that's the year it was made!"

### DRASTIC MEASURE TO AVERT ACTUAL FAMINE IN COAL

Conditions Like War Time But Restrictions Have Not Saved Piles

Washington, D.C., Nov. 30.—The pinch of the coal shortage promised tonight to force the adoption of drastic measures to avert an actual famine. A vacation of one month by the soft coal miners has wrought on conditions like those prevalent during the war, in many sections, but war-time restrictions have not altogether checked the drain on the coal piles.

### Elected Prince of Cough Cures

BUCKLEY'S WHITE BRONCHITIS MIXTURE has been unanimously declared by all victims of bronchitis, coughs, colds, hoarseness and bronchial asthma as the world's greatest remedy or any of the above ailments. Doctors stand amazed at its wonderful healing power. Long standing cases of 20 and 30 years of coughing have been cured by this great mixture. Not a syrup but a scientific mixture, discovered after medical science had failed, by a chemist who had labored night and day to compound a mixture that would give his only daughter some relief, as bronchitis was choking her to death. It not only relieved her but produced an everlasting cure. Are you a victim of any of the above ailments? If so, get a bottle today, use it for five days, and if it does not prove to be the greatest of all remedies, take the bottle back and get your money. Is this fair? Can one desire than this to prove what a marvelous medicine it is? Price 60 cents, sold by all live dealers. Take no substitute, and fear the man who dares to say he has one just as good. Mailed for 15 cents.

cialists tonight for an early production of bituminous coal in quantities sufficient to permit the maintenance of the present slim reserves, under the supervision of the railroad administration's central coal committee. The latest authentic figures show that last week's soft coal output did not reach fifty percent of normal production. This means officials explained, that local needs must be met from the supplies being distributed through the central committee, whose stocks aggregated about 2,000,000 tons when the miners quit work. No figures were available as to the exact amount now on hand.

While regional coal committees, acting under instructions from Washington, have been dealing out coal sparingly, further and more drastic restrictions have been agreed upon by the central committee. They will be put into effect whenever the regional committees are unable to meet the situation with local regulations. Details have not been made public, but it is known that the plan provides for a tremendous reduction of soft coal consumption.

### SPEAKERS HERE FOR CONVENTION HEARD YESTERDAY

The Methodist ministers of the city, according to their monthly custom, interchanged pulpits for the morning services on Sunday. Rev. Thomas Marshall was in Exmouth street church; Rev. M. E. Conroy in Centenary; Rev. Henry Penna in Queen square; Rev. George Dawson in Carmarthen street; Rev. Neil McLaughlin in Zion.

Rev. Dr. J. King, field secretary of the Methodist Young People's work in the maritime provinces, gave four addresses in the city and Fairville on Sunday. In the morning he preached in the Portland church, in the afternoon he addressed the Sunday school of the Exmouth street church, following which he spoke at an interdenominational meeting in Fairville and in the evening he was the preacher at the Carmarthen street church. Rev. E. McL. Smith, organizer for the forward movement, was the preacher in the Queen square church in the evening.

Rev. G. G. Rideout, of Toronto, who will be one of the speakers at the interdenominational forward movement convention today, occupied the pulpit of Centenary church in the evening.

Rev. W. McL. Matthews, of Millerton (N. B.), was the preacher at both services in Knox church. In the Main street Baptist church Rev. R. S. Crisp preached at the morning service and Rev. H. C. Priest, of Toronto, at the evening service. Mr. Priest also is in the city as one of the speakers at the forward movement convention.

### MILLIONS FOR RESEARCH

International appreciation of the value of scientific and industrial research is indicated by the fact that Japan has established a national laboratory for scientific and industrial research, with a fund of \$2,500,000 for use during the next ten years. Italy, too, is creating a national research council. A similar project is being discussed in France. In New Zealand a special industries committee of the house of representatives, impressed with the number of pressing scientific problems demanding solution in the country, has recommended the establishment of a board of science and industry for the development of national resources. The committee also recommends that the government should make special grants to each of the university colleges to provide fully qualified assistants to the professors of scientific subjects, including engineering, mining and medicine.

### EVANGELIST FINDS SIN RAMPANT HERE

Dr. Rees Deals With Moral Conditions in St. John as They Have Appeared to Him—Mission Closing.

The evangelistic campaign which is being conducted on the west side by Rev. Dr. Rees, will conclude this evening with the final address to be given in the City Hall. Dr. Rees addressed three meetings yesterday. At the afternoon one, for men only, he made some searching comments on the conditions in St. John. He spoke in the evening, first at the Methodist church, and later at the City Hall. All of the meetings were very largely attended.

Speaking at the meeting for men in the afternoon and on the subject "Startling revelations in St. John," he used as his text, "Be sure your sin will find you." He said sin was a detective that never failed, the sins of the father might be revealed in the son and of the mother in the daughter, causing them to grieve that their children did as they had done. He took up the sins of St. John under three heads. The first was that of indifference to higher ideals of civic righteousness and Christian living. He criticized rather the atmosphere that permitted the sins to exist, than the sins that existed. He made plain statements of conditions in play houses and dance halls in the city, referring to some of the plays presented and speaking of the manner of conduct in cabarets.

His second head was that of gambling. He declared that, however good and worthy a cause might be for which money was to be raised, the cause never justified resorting to gambling methods. He said that at one of the falls held in the city it was known that one person had lost \$80 and another \$20 through gambling. Dr. Rees maintained that "once a gambler always a gambler," was an inflexible rule and that in the end

### Hanson Denounces New Labor Party

Ole Hanson, former mayor of Seattle, who is in New York on a tour of the country in his fight against Bolshevism, denounced the so-called National Labor Party, organized at Chicago.

"I am glad," he said, "to hear that all the cranks in the country have come out in the open and have identified themselves with one organization. It is much better to have them united than to have them camouflaging and in different names. If we can ever get them all to vote on one side at one time they will realize how small their number really is."

"Calling the new organization the Labor party is, of course, just plain misrepresentation, as all parties such as this are composed of the I-Won't-Work's and the Will-Know-it's of the land. Our immigration service appears to be eligible for membership. I would suggest that the new party nominate Thomas F. Mooney for president and Frederic C. Howe for vice-president."

"This so-called Labor party is simply an organization making the usual demands—the impeachment of judges, the destruction of all who would enforce the

### MAMMOTH GENERATOR

London, Dec. 1.—A British factory is constructing for British use an electrical generator of 40,000 horse-power—a record figure for a single unit. The generator, driven by a steam turbine, is to be installed in a power station near London. This generator is capable of supplying sufficient current to light simultaneously 3,000,000 eight-candle-power electric lights.

# All-Weather Tires Are All-Wheel Tires

Years of research have failed to discover a better tread for any wheel—front or rear—than the Goodyear All-Weather Tread.

In and under the All-Weather Tread are those qualities which have made Goodyear Tires the most demanded tires in the world. Long-mileage, freedom from trouble, easy riding and easy steering, all these virtues are the outcome of years spent in constant tests and experiments. They reach their peak in the Goodyear Cord Tire.

But the Goodyear Cord Tire carries the All-Weather Tread. Because, in all our experimenting, we have found no improvements for the All-Weather Tread.

With Goodyear All-Weather Tread Tires on all five rims, no tire-change spoils the balanced appearance of your car.

Its sharp-edged blocks of tough rubber resist skidding; carry you around corners; pull you across snow-banked car tracks and out of the ruts; dig down through snow and mud and get a grip.

Front-wheel skids (the hardest to control) are prevented.

See a Goodyear Service Station Dealer about your tire equipment and his mileage-making service.

GIVE THEIR PASTOR PURSE AND ADDRESS

The congregation of the Central Baptist church last night, at the close of the evening service, at which the minister, Rev. D. J. MacPherson, preached his farewell sermon, made a formal presentation to Mr. MacPherson of a purse containing more than \$100. The presentation was made by Sheriff Wilson. Though completely taken by surprise, Mr. MacPherson replied in a brief, but most pleasing speech. The presentation was accompanied by an address which was as follows: Dear Pastor,— For nearly six years you have faithfully labored among us...

FATHER AND SON NOW HAPPY MEN

Their Health Restored by Tanlac They Can Work Hard Every Day.

"I found Tanlac to be just the medicine I needed for my troubles," said William King, a fisherman, who resides at Carroll Point, South Side, while in Connor's drug store, St. John's, Newfoundland, recently. Mr. King has been a resident of Newfoundland all his life, and is well and favorably known on the south shores. Continuing he said: "I suffered for fifteen years from rheumatism in my shoulders and knees. It was so bad in my shoulders I could barely raise my hand to my head and my knees were so stiff and pained me so I could scarcely walk and always had to use a cane. I also had the worst sort of pain in the back of my head, and I had such headaches for days at a time they would nearly drive me wild. I had no appetite to speak of and became very weak and felt tired and worn out all the time. I would have dizzy spells that were so bad I was afraid some time I would topple over into the sea from my boat. I could get but little sleep and would go some time, for night after night had hardly closed my eyes, and would get up in the morning feeling worse than when I went to bed. I became so badly run down I had to lay off from work a great deal of the time. I had tried lots of different kinds of medicine, but none of them did me any good and I had about lost faith in them all, but as I had been reading so much about the good Tanlac had been doing others, I decided to give it a trial, and I have improved wonderfully in health. I have no rheumatism whatever and can work every day now. I have a fine appetite and sleep soundly all night and get up every morning feeling fine. I have not had the headache or a dizzy spell since I began taking Tanlac and feel better in every way than I have in years. My son, Joseph, also took Tanlac with the best of results. He had to lay off from work a month recently on account of his health, but when he started taking Tanlac he soon improved and is now working again. I think Tanlac is a remarkable medicine and I will always say a good word for it. Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Advt.)

Ivory Toilet Goods In buying Christmas goods of Ivory, the public should be warned of the danger of buying goods stamped "French Ivory" as the name means nothing. French Ivory may be made in Japan, Canada or United States for that matter as any person can label his goods "French Ivory". The best Ivory is labeled ORIENTAL IVORY, each piece absolutely guaranteed not to turn yellow or tarnish. ORIENTAL IVORY may cost a little more, but you are sure to get the best kind of Ivory in asking for this brand.

NEW FEATURES AT THIS SALE AND TEA The Windsor chapter of the I. O. D. E. in its tea and sale in the Oddfellow's Hall, on Saturday afternoon, provided for its numerous guests many new features that made the event not only a great financial success but a very delightful entertainment. The decorations were specially charming, consisting as they did entirely of pink and white. Graceful loopings of pink festooned the booths and hung from the ceiling. Pink shades subdued the lighting and pink carnations were used as floral decorations. Most pleasing were the costumes of those in charge; each was dressed in white and wore an elaborate pink hat in picture style made of pink crinkled paper. Each hat was different and all were works of art. A country store where goods were purchased by number at uniform rates of one for fifteen cents or two for twenty-five cents was very popular and the cause of much amusement. The fancy and home-cooking by their excellence were quickly sold. Much of the credit for the success of the sale is due to the regent, Miss Gertrude Lawson, who is an expert leader and has a very willing and capable band of workers to assist her. Those in charge were as follows: in the serving were the Misses Irene MacAulay, Ruth McLean, Margaret Newcomb, Winifred Lemon, Lois Fraser, Marion Burley, Marguerite Barrett, Constance Coster, Beatrice Cunningham, Miss Shaw and Miss Cunningham. The fountain pen in the country store packages, was awarded to Mrs. Barton. Liberals to Oppose Farmers. Toronto, Nov. 29.—The Liberals have decided to put up candidates to oppose Hon. G. W. V. A. ELEVEN DEFEAT EAST END

Vets' Score Victory in Hard Fought Game by One Goal to None

For their first league game of the season, the East End hoped to field a strong eleven to oppose the Vets. Owing to injuries in a friendly game Forrest was unable to turn out for the East End. The Vets relied on the same eleven that played the "Ladies."

but his shot was diverted from the net. East End again took up the running and the manner in which Rankin, Brown and Parfitt broke up attacks and placed the ball was well worthy of the applause they got from the many spectators.

An Irish Frieze Overcoat

Whirlwind campaign or protest against the High Cost of Clothes.

I am going to take the best overcoat suited to our moist by-the-sea winter—a real pure wool frieze such as the officers of the British army selected for the 'British warm'—only this is grey and not khaki; and instead of \$50 it will be \$39.50, for this week only.

A few weeks ago I sold serge suits for less than present cost.

This week it's Overcoats. I won't have a single customer say to me that I did not give him the chance to overcome the high cost of clothes.

HOCKEY.

New Brunswick League.

Amherst News: Amherst has been asked to join the New Brunswick Hockey League, and with Amherst, Springhill has been included. Jack Twaddle was the recipient of a letter from Mr. Riordan of Moncton and the newly thought of league will meet in Moncton at an early date.

Chatham, Fredericton, Sussex, Moncton, Amherst and Springhill are expected to be included in the association, and possibly Sackville. If satisfactory arrangements can be made with the local rink men, Mr. Twaddle stated that he would be quite willing to enter a team. It would consist of Chappman and Smith in the nets, Twaddle, Stewart and Chisholm on defence, Grimley, Lowther and Doncaster as forwards. A number of other forwards will be tried out for positions along the front line.

BASEBALL.

New Canadian League.

Brantford, Nov. 28—Directors of the Brantford Baseball Club are convinced that there will be no Michigan end of the Canadian circuit in 1920. Three propositions are being considered, a six-club circuit, with Montreal and Ottawa; an eight-club circuit, with Wilkes-Barre and three other cities in Pennsylvania; and an eight-club circuit, with Montreal, Ottawa and two towns in New York state across the St. Lawrence to break the long jump to Quebec. The Brantford men point out that the only feasible way to include Montreal and Ottawa is by securing a double guarantee in those cities.

THE POLITICAL CAMPAIGN IS ON IN ENGLAND

Liberalism Slowly Gathering Strength But Government Still Strong

(Special cable to Times by F. A. McKenzie, copyright.)  
 London, Nov. 29.—This week has witnessed the start of the winter political campaign. The government's great appeal to the country was opened by Lord Birkenhead in a ringing speech. Liberalism is co-ordinating its forces and defining the programme for the Birmingham conference of the National Liberal Federation. The government still maintains a strong policy. The public generally is uneasy and dissatisfied against Geddes' way of handling the situation, but it is highly improbable that members will risk wrecking the ministry by carrying an adverse motion. The government is helped by the great growth of prosperity and the first beginnings of the reduction of prices of various commodities.  
 The coal owners threaten retaliation against the government reduction of prices of domestic coal, declaring they will close the coal seams, only supplying coal for industrial purposes on which higher prices can be charged. They bitterly oppose the ruling expected next week limiting their profits to one shilling and two pence a ton. Their protest is supported by the Federation of British Industries, an organization representing the greatest manufacturers as being unsound in principle and setting a precedent which if followed cannot fail to be destructive to the financial stability of the industries in this country.  
 The National Liberal Federation is gathering numbers. Over 120 delegates representing nearly every British constituency at the opening meetings, witnessed a strong stand by the reviving Manchester Liberals to force the party to accept a more pronounced progressive programme. Their action has been virtually accepted by the executive committee of the federation, which approves a steeper graduation of the income tax, increased death duties, establishment of a minimum rate of wages, a forty-eight hour week, and introducing the principle of self-government in industry on the lines of the Whitley report. British Liberalism is undoubtedly slowly gathering fresh strength. Each month sees an increase in its fighting forces.  
 A campaign to compel the government to issue premium bonds will apparently fail. They pledged sufficient members of the commons to make success certain, the government having announced it would leave the issue for the commons to determine. At Monday's debate the churches combined, however, an organized opposition receiving strong support from the great financiers. This opposition made such progress and gained such strength that defeat of the mo-

RETURNS HOME TO FIND JEWELS GONE

Montreal Woman in New York Suffers \$20,000 Loss

New York, Nov. 29.—It has become known that on last Saturday night burglars broke into the apartment of F. A. Skelton, a prominent Montrealer, on the tenth floor of the Bretton Hall Hotel, at Eighty-sixth street and Broadway, and stole about thirty diamonds, rings, watches, necklaces and other valuable pieces of jewellery. Mrs. Skelton is reported that she would neither affirm nor deny the report that the total loss was more than \$20,000.  
 When Mr. and Mrs. Skelton returned to their apartment about midnight last Saturday, after attending the theatre, they found everything topsy-turvy. Drawers from dressing tables, desks and bureaux were scattered on the tops of tables, and clothing had been thrown upon the floor by the visitors in their search for the jewels. Two jewel cases had been emptied and left open on one of the tables.  
 The condition of the apartment caused the belief that the unwelcome visitors either had finished their search or that they were seeking only jewellery, to the exclusion of small sums of money. A Canadian money, was taken, but a similar bag, containing Canadian currency, was not disturbed. Several smaller and less valuable pieces of jewellery, apparently had escaped the sight of the burglars, or had not been noted by them.  
**No Cue Found Yet.**  
 A report of the burglary was made at once to the detectives of the West Sixty-eighth street police station, who advised the hotel management and Mrs. Skelton to say nothing whatever about the crime, so that the pursuit of the burglars would not be impeded. The hotel detectives immediately started to work on the case and a private detective agency was called in. No clue to the burglars has been found yet.  
 "Neither Mr. Skelton nor myself cares to make an estimate of the loss," said Mrs. Skelton. "Some of the pieces were so old as to be considered treasures; others were new, made of diamonds and platinum, and were of unusual design. The loss is heavy."  
 No satisfactory theory has been advanced yet as to how the burglars reached the apartment on the tenth floor, and the management and tenants reject the idea that the theft was what the police term "an inside job." Because those who live in the hotel are tenants of means, who lease apartments, it has been the policy of the management to hire servants only after careful investigation and to retain them as long as they are willing to stay.  
 "The burglar," Mr. Skelton asserted that they had taken no suspicious persons that night and could not remember seeing any of the regular tenants or visitors who had called before. The home of the Skeltons is in Montreal, but they are spending the winter in this city. Mr. Skelton is a promoter and has offices with the Sampson Appliance Corporation at 25 Van Ness avenue, this city.

SIDELIGHTS ON MATTERS IN THE OLD COUNTRY

"Sir L. Worthington-Evans gave some interesting figures about the payment of disability pensions due to the war," says a London journal. "Nine hundred and fifty-seven thousand officers and men are in receipt of pensions or gratuities for disability, and there are 980,000 widows, children and other dependents of deceased officers who are receiving pensions, the total expenditure on benefits being £99,822,000 a year, and on administration £4,116,000, giving a grand total of £103,938,000. Truly a colossal sum, but one which the tax-payers will find without a murmur. What they rebel against is being taxed to pay for superfluous military establishments and excessive doles to senior officers who have no need of them."

**BABY'S OWN SOAP**

The flower-fragrant lather of Baby's Own Soap, is so skin-healing and so pleasant, that five generations of Canadians have adopted it as their Standard toilet and nursery soap.

Experience has justified this confidence, and because it is "Best For Baby"—Baby's Own Soap is "Best FOR YOU."

In the interest of your skin, insist on Baby's Own Soap.
