## Germans, Pressed by Allies, Now Seem Anxious Only To Get Out of France; Some Parts of Retreat a Rout

### ALLIES PRESSING ENEMY TOWARDS THE BORDERLINE; THE VICTORY "INCONTESTABLE"

Believed Impossible That German Armies Can be Concentrated Again in France—The General Situation Today

London, Sept. 14.—"Incontestable" is the adjective used by General Joffre, commander-in-chief of the French forces, in describing the victory claimed by the allies along the western battle front. The latest official communication from Paris indicates that the advance is continuing all along the line with the allies' feet now across the River Aisne.

But little news and that of the vaguest sort, filters through from Germany regarding the operations in the west, though it is evident from the tone of Berlin official statements that the people are being warned not to be too optimistic. Certain reverses may be expected. The latest actual battle news in Berlin, describes a sortie from Paris on September 6, which it is stated, has been repulsed.

#### THE RUSSIANS AND AUSTRIANS

Despatches from many sources, including Vienna, indicate that the Austrian army in Galicia is in sore straits, but the story of its complete destruction is evidently exaggerated as the latest Russian reports indicate that General Zuzsky's forces are still meeting with organized resistance. It is evident, however, from the disposition of the combatants that the Austrian centre was crumpled up while the left wing was hurled back into the marshes of the river San. This left wing compared to the flow of the Austrian troops, may be caught in a trap making unconditional surrender their only alternative.

The official statement given out in Petrograd says that General Rennenkampf, in East Prussia, is stubbornly retiring before a superior force rather than risk the turning of his left flank by the Germans.

The Belgian mobile force has returned to its Antwerp base with the official explanation that it has served its purpose in preventing German reinforcements from joining the army in France.

This force operated for four days in the Brussels, Louvain-Malines triangle, forcing the Germans to abandon much of that portion of Belgium. In connection with this movement, it is reported that the Belgians are cutting German communications. Other sources declare that the Belgians were compelled to return because the Germans were strongly reinforced from Liege. The statement is also said to have been expedited by a threat to burn Brussels.

One of the most interesting rumors coming out of Belgium, is a report in Paris newspaper that the German governor of the occupied Belgian territory started Antwerp under an agreement of safe conduct, in a fruitless attempt to come to an agreement with the Belgian government.

#### AUSTRIA FEARS MOVE BY ITALY

Italy is still preserving neutrality but has joined the triple entente ambassadors in a protest against the revocation of the capitulations by Turkey. Austria evidently fears hostile action on the part of Italy, according to newspaper reports from Rome, for feverish efforts are being made to fortify coasts against attack on the coast, and the coast in that vicinity is being mined.

#### RETREAT CONTINUES

Paris, Sept. 14.—The retreat of the armies of Generals Von Kluck and Von Below continued, at last accounts, with considerable rapidity. The official comment last night was that the allies were keeping in contact with the enemy and had crossed the river Aisne.

The whereabouts of the Germans was not revealed but it is evident that they do not intend to make a stand on the line from Rheims to Soissons, and it is hardly likely, it is thought here, that they will halt their retreat before reaching Belgium. They have already made two-thirds of the distance from Rheims in the department of Seine-et-Marne, to the frontier. The heavy rains of Saturday and Sunday are not likely to facilitate the movement of the numerous 400 millimetres mortars that were to reduce Paris and which require forty oxen to draw them.

The armies of General von Hausen and the Prince of Wurtemberg, which constituted the centre, seem to be headed toward Mezieres, though part of this force is reported as still retreating at the south end of the forest of the Argonne.

#### RENCH LORRAINE CLEARED

It was reported last night that the armies of the crown prince, the Prince of Lorraine and General von Heringen have been forced across the frontier and that the entire territory of French Lorraine has been liberated.

This disposition of the German armies, if confirmed, makes another concentration in France, as suggested by certain critics, impossible. It leaves Generals Von Kluck and Von Below holly pursued by the allies and menaced by an enveloping movement on the left and without hope of reinforcements except from the 60,000 troops which occupy Belgium. The latest news from Antwerp, however, shows that these are likely to be needed there to stand off the offensive movement taken by King Albert's army.

Taken altogether the situation here is viewed with equanimity and the government is busy itself with ways and means for reviving trade and commerce.

#### ANY OF IMPERIAL GUARD CAPTURED

Paris, Sept. 14.—A convoy of 700 prisoners and 164 wounded, all from the Imperial Guard of Germany, passed through Corbiel, eighteen miles southeast Paris on Sunday. All were completely exhausted and nearly famished.

#### Phelix and Pherdinand WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stept, director of meteorological service.

Synopsis.—Since Saturday pressure has maintained high in the eastern portion of a continent and low over the western portions. Rain has been almost general on Alberta to Lake Superior.

Fine Maritime.—Light winds, fine and moderate warm today and on Tuesday. England Forecasts.—Fair tonight and Tuesday, fresh northeast.

(LAST MINUTE BULLETIN)  
Paris, Sept. 14.—It was officially announced here this afternoon that Germans are still retiring everywhere. They are abandoning all the positions which they erected to cover a possible retreat.

### Germans "Doing Homeward Journey In Record Time"

Bordeaux Correspondent of London Times Declares Retreat of the Enemy is Deepening Into Complete Disaster

London, Sept. 14.—The Times' correspondent at Bordeaux suggests that the German rout is deepening into complete disaster, that the invaders are turning homeward by way of St. Quentin and Mezieres, on the Luxembourg frontier, and that the German forces in the Argonne and south of Verdun are likely to be cut off from the remainder, in which event they can escape only at a heavy price.

He adds: "The German rout is so complete that it is more than doubtful whether the enemy will be able to find a breathing place on the only likely position, which runs through Peronne and St. Quentin. The enemy is making for a line of retreat through Charleville and Mezieres, and is doing the homeward journey in record time."

ammunition, wagons, aeroplanes and so forth, capture from the enemy. Among the wounded was a sergeant of reservists, who was in the fighting at Montmirail. He saw some German soldiers in the immediate vicinity of the front. The forage had been cut and bound in sheaves, and when one of the sheaves was seen to move, a shot fired into another sheaf, another German soldier. There were several concealed soldiers and all were easily captured.

#### SAYS HAMBURG IS HARD HIT BY WAR

Rome, Sept. 14.—The Giornale D'Italia declares that Hamburg is in a serious situation on account of lack of food and unemployment. A returned traveler says that eggs were selling there at \$2.50 a dozen while fresh meat was priceless, all cattle having been requisitioned. The smallest quantity of fresh milk, butter and eggs is reserved for the hospitals, the remainder, together with all other available food, is taken to the army depots where it is accumulated for the use of the army.

#### WAR NOTES

The National Civic Federation will open a factory in New York for the manufacture of clothing for the soldiers at war. The employees, who will be taken from those out of work, will be paid from the vacation fund treasury.

#### IS ITALY COMING IN

London, Sept. 14.—A Reuter despatch from Paris says: "The Italian government has announced its intention to the fact that Italy, displaying for the first time her detachment from the Triple Alliance, has declared a protest against the proposed abolition of the capitulations drawn up in terms identical to that of the Triple Entente powers."

#### Russia's Operations

London, Sept. 14.—It is officially reported from Petrograd to the Exchange Telegraph Company, that the attention of the Russian staff is being largely directed to Galicia. In East Prussia, the military authorities have sufficient force to retain the occupied provinces, but insufficient to meet adequately the increasing German forces transported recently from the western theatre.

#### GERMAN PAPERS WERE TOO OPTIMISTIC

London, Sept. 14.—A private message from Berlin passed by the German censor says: "The German papers evidently have been too optimistic as to the situation in the western battlefields where overwhelming victories have been claimed. The enthusiasm of the newspapers is not found at the German headquarters. Undoubtedly the German army has its hardest work to do. The great advance of the Germans into France has not ended the war, for the fact must not be overlooked that the allies are still in possession of armies fully fit for battle. It cannot be denied that the Germans, in their eagerness, have brought heavy losses upon themselves that ought to have been avoided."

#### ESCAPED BUT WAS SOON RE-CAPTURED

Robert Callahan escaped from the chain gang at work in Delhi street this morning. He ran towards some freight cars in the I. C. R. yard, closely followed by Guard William Evans, who arrested him in a box car. Callahan was arrested in Water street on August 24, and was sentenced to four months in jail for drunkenness and resisting the police. He was brought before the magistrate this morning on a charge of escaping from lawful custody and was remanded.

#### SAYS IT IS TRUE THAT RUSSIAN TROOPS ARE IN BELGIUM

London, Sept. 14.—In a despatch from Ghent, the correspondent of the Daily News says that after two days of investigating, he has confirmed the statement that Russian troops are in Belgium.

### Nations, Having Beaten Germany To Knees, Will Demand Enormous Toll From Kaiser For This War

England Expected to Require Dismantling of Fleet and Great Indemnity For Belgium -- Billion and Her Lost Provinces For France -- Russia to Be a Great Power

New York, N. Y., Sept. 14.—A London cable to the Tribune says: France is expected, here, to demand not only the relinquishment of Alsace-Lorraine, when the time comes for Germany to settle with the allies, but also the return of the billion dollar indemnity of 1870.

As a matter of fact, however, London is not talking much of peace, and American rumors of some suggestions from Count Von Bernstorff, the German ambassador at Washington, arouse little comment. The reason is that the demands to be made on Germany are so vast, apparently, that, it is held here, she will have to be brought absolutely to her knees before it will be any use to formulate them.

#### DISMANTLE GERMAN FLEET

An instance of this is the billion dollar indemnity which the French are believed to be hoping to get back. Another, if the British have their way, is the dismantlement of the German fleet. Then there is the indemnity for Belgium which, it is said, will be enormous.

Conversations with high officials here indicate that adequate recompense to the Belgians is one of the foremost things in England's mind, together with the destruction of Prussianism in all its pernicious forms, making it impossible for the Kaiser ever again to disturb the world's peace.

Last week's splendid achievements in France, accompanied by Russia's progress in the eastern theatre of war, have aroused great joy and high hopes in the ability of the allies to roll the Prussians back to Germany during the forthcoming week.

#### MEANS POWERFUL RUSSIA

One of the most interesting phases of the situation is Russia's future. In event of the allies being victorious, Russia becomes one of the most powerful nations in the world. Some observers fear her power, but others believe that with Slavism united, Russia will become liberalized.

Russia has already officially promised Polish reforms and liberty, and shows every tendency to give fairer treatment to the Jews, to many of whom have been given commissions in the army. Thus, for the first time in Russian history, Jews command Russians.

#### THE KAISER NOW FACES BOYCOTT OF WORLD BANKERS

New York, Sept. 14.—If Germany succeeds in placing the \$250,000,000 war loan just announced, she will have to place it at home.

That is the unanimous opinion of prominent New York bankers, canvassed yesterday. To a man, they asserted that with the money markets of Europe and the United States closed to her, Germany will find that the bankers' boycott, for years a threat against German aggression, and which was ignored by the Kaiser's advisers, will have to be reckoned with now that the dash on Paris is checked, and the advantages, for the moment at least, is with the allies.

#### GERMAN ROUT IS DESCRIPTION BY CORRESPONDENT

London, Sept. 14.—A Times correspondent who writes from five miles south of Provins, in the department of Seine-et-Marne, says: "I have traveled to this point practically along the whole line of the allied army, though, of course, always in the rear."

#### COMMISSIONER McLELLAN, ON STAND, DENIES IT

Commissioner McLellan went on the stand this afternoon and denied the statements made by Douglas McArthur this morning. Another witness also testified that Mr. McArthur's testimony was at fault.

Thos McCullough, called by Mr. Baxter, said he was a stenographer and took evidence in an investigation conducted by Com. McLellan, in which Douglas McArthur gave evidence. He said that he did not hear Com. McLellan make the statement as alleged by Mr. McArthur, nor was there such language used in the room.

#### EEL IN PIPE SHUTS SCHOOL DOWN FOR A WHILE

An eel wigging its way through the water system of the city and becoming lodged in a pipe leading into the High School, gave the children an hour's freedom this morning. The pupils of the High School were dismissed at recess, as something had gone wrong with the water supply. Plumbers were set to work to investigate the stoppage, and a large eel was extracted from one of the pipes. School was resumed this afternoon.

#### Country Strewn with Corpses.

"The whole country was strewn with dead and dying. When at last the Germans retired, they greatly slackened their rifle fire, and in one place retired twelve miles without firing a single shot. One prisoner declared that they were short of ammunition and had been told to spare it as much as possible.

"The incidents of Wednesday will astound the world, when made known in full. I know that two German detachments of 1,000 men each, which were surrounded and cornered, but which refused to surrender, were wiped out almost to the last man. The keynote of these operations was the tremendous attack of the allies along the Ourcq on Tuesday, which showed the German commander that his lines of communication were threatened. Then came the crowning stroke. The army of the Ourcq and of Meaux and the army of Soissons drew together like the blades of a pair of shears, the pivot of which was in the region of the Grand Morin. The German retreat was thus forced toward the east and it suddenly became a rout. I repeat that England scarcely realizes yet what has been achieved, alike in breaking up the enemy and in heartening our troops."

#### GERMAN ROUT IS DESCRIPTION BY CORRESPONDENT

London, Sept. 14.—A despatch to the Times from Paris says: "The general in command in Paris has under his control a half million fresh troops which will be used, presumably, in pursuing the enemy."

#### Terrific Fighting by British and Germans

London, Sept. 14.—A Times correspondent who writes from five miles south of Provins, in the department of Seine-et-Marne, says: "I have traveled to this point practically along the whole line of the allied army, though, of course, always in the rear."

#### Pursuit of Fleeing Germans by British Marked by Incidents That Will Astound World When They Become Known

London, Sept. 14.—A Times correspondent who writes from five miles south of Provins, in the department of Seine-et-Marne, says: "I have traveled to this point practically along the whole line of the allied army, though, of course, always in the rear."

#### DR. WETMORE AT HIS POST

Dr. H. C. Wetmore was at his post today as deputy receiver general and manager of the New Brunswick branch of the Dominion Savings Bank. J. E. Bourke, of Ottawa, comptroller of currency, arrived in the city on Saturday and on Saturday afternoon the formal transfer of the affairs of the bank was made and Doctor Wetmore placed in charge. The newly appointed official was kept busy this morning receiving the congratulations of his friends who found him at his desk.

#### Will Astound World

"The incidents of Wednesday will astound the world, when made known in full. Canada In The War

Newsy Notes of Activities in Many Parts of Dominion

C. C. Brandt, a Montreal jeweller who was detained for a short time by the police in Montreal on suspicion of being a German spy, has entered an action against the city for \$10,000 damages for alleged false arrest.

John K. MacDonald and Frederick H. McIntyre, two popular members of the local post office staff, left on Saturday for Valcartier for service with the members of the postal department there. They left on only a couple of hours notice.

Bombardier Adolphe Gallant of Sydney, N. S., a member of the twenty-first battery, died in the military hospital at Quebec, yesterday, as a result of cold which he caught during the heavy mist of last week.

J. W. Morrison, formerly of this city, and lately of the I. C. R. office staff, Moncton, a veteran of the British regiments and the South African war, is in St. John bidding good-bye to his friends before leaving for the front.

The Ross Rifle factory, at Quebec, preparing to double its output on account of the demand for arms.

On account of pressure of business, the militia department has announced that no new units of the active militia will be organized until after the troops now at Valcartier have left Canada.

It has been announced that the first draft of nurses for duty abroad has been chosen, and, as a result, some nurses who had their fares paid to Montreal with the hope of being accepted for duty are stranded there.

It is estimated that 20,000 people visited the military camp at Valcartier yesterday.

It is the very irony of fate that, just as we were preparing to celebrate a century of peace, the nations of the world are clenching at each other's throats—destroying, wounding, slaying, slaughtering.

The deadly conflict was inevitable, for conditions had arisen that it could not be otherwise. The appalling sacrifice of life, the widespread devastation, and the wanton loss of priceless treasure, however, shall not have been altogether in vain.

Stricken Poland will regain her nationhood after a century and a half of tyrannical oppression.

The persecuted Jews of Europe will have their full rights restored.

Home rule, which until war broke out, was ominously sending Britain in twain, will reunite the motherland.

Woman will be given the suffrage, and a fearful menace to Britain's home life removed.

And, above all, the nations must unite in polling the world. There should be no more vast squandering of countless billions to maintain gigantic rival fleets and colossal opposing land fighting forces.

The untold wealth expended in non-productive war material—not armaments, but the waste of money in the better times that are to come.

Even today, embroiled in war as she is—for when Britain at war, Canada is at war—comparatively few of our own industries are suffering, and many are working overtime. Never were these so busy. Never were the products of the soil and of the factory in such heavy demand.

God forbid that we should build our prosperity on the misfortunes of others, but it is the consensus of opinion that the new world, far from the scene of strife, shall gain by the terrible disruption of the old. New avenues of trade must necessarily be opened, new markets spring up—with a greater demand for our products.

So there is no cause for despair—no haunting spectre of blue ruin before us. Canada is sending her best blood and her best food and munitions to aid Britain's cause. We cannot all be in the firing line, but every Canadian has a duty just as sacred, if not as perilous, as our gallant troops. Those who, many unwillingly, remain at home can help Canada by not being stampeded with the extortions of unscrupulous profiteers, by co-operating in minimizing want, by lessening the number of the unemployed, and, with a staunch heart and trusting in Providence, by doing that for Canada which will, when the Day of Peace once more descends upon earth, place her first among the nations of the world as a land of illimitable opportunities and peaceful prosperity.

While mourning the appalling sacrifice of life, deploring the desolation of fair lands, the awful annihilation of peaceful homes, and the utter ruin of countless people, it may be that the end of this age of war and death and destruction will be followed by a brighter and a better era in which the dominion shall play no inconsequential part.

All that Canadians have to do is to stand pat and keep their courage up. All's well. GEO. H. HAM. Montreal, September 14.

Campaign to be Opened—Other Business Matters of Local Interest

F. P. Guelius writes that nothing definite has been determined in connection with the reconstruction of the I. C. R. elevator here. Plans and estimates are being prepared.

The board of trade has no apologies to offer for its optimistic campaign, said the secretary this morning. "If optimism is to be preached by any one, surely it should be by the board of trade. Besides, the outlook abundantly justifies an optimistic view, particularly so far as St. John is concerned. Barring the loss of the I. C. R. elevator, the port facilities at St. John are coming in leaps and bounds. It is a fact that for the last year or so reason of the new pier additions on the west side. THE BEST QUALITY AT A REASONABLE PRICE When Your Child Begins School Work Be sure the work will not strain the eyes.

Often the eyes are not fully developed at school age. Properly fitted glasses are necessary then to prevent strain on the delicate muscles which will cause permanent defects in vision.

Use of glasses for a year or two may prevent lifelong affliction. Don't wait until evidence of eye trouble is noticed. It may be too late then to prevent permanent injury.

Have your child's eyes examined at once. By neglecting to do this you may sacrifice both education and sight.

Share the optician's care experts at examining children's eyes. You can safely trust the care of your child's eyes to them.

Belgians Lay Case Against Germans Before Americans

New York, Sept. 14.—(Before the fair mind of the great American people will lay our case. We are content to let them be the judges of the truth.")

So spoke today Count Louis de Lichte, secretary of the prime minister of Belgium, before the Royal Belgium Commission of the King of the Belgians to the President of the United States, the five members of which arrived aboard the White Star liner Celtic late last week, bound on a mission to lay before President Wilson the charges against Germany.

Tommy Atkins WORTHY OF HIS NATION'S PRIDE

English gentlemen they are from beginning to end, and a British subject feels proud of them. None of us had, far, heard of Lord Kitchener's recommendation to the king's soldiers, but they have faithfully hearkened to his advice. For ten days I go into the town, watching them land, march through Boulogne to their respective quarters, in and about it, wandering about the streets and in the adjacent communes, and English gentlemen they were on every occasion. A French lady kisses her hand to them, and many another does so. Off come caps doffed with a courtly dignity. An Englishman commits the blunder of offering money to one of them for a badge, remarking that he wants it for a French lady. The soldier looks at him, hands the badge to him, remarking the while: "I am an Englishman, Sir, and I don't sell presents to ladies."

Tommy is generous. He brings with him huge pots of jam and marmalade. Rips off the cover of one, spreads some on a slice of bread, and then hands over the whole pot to a crowd of ragged old chins, male and female. "That's jam," he informs them. They understand that. The French people supply the bread and the archbishops are as happy as a mast-maker's dog curled up in shavings. A neighboring shop is quickly bought out, and fancy bread, bon-bons and chocolate are handed over to the Tommies. That the king's soldiers will fight as they always have their turn comes at all hours of the day, but never did I see one intoxicated, and they were ever generous, kind-hearted, and polite. "Is n't that a fine fellow?" "The sent de braves gens. Nous les aimons tousjours," are the words I hear coming unmistakably from the heart as well as from the lips of a French woman as a train-load of British soldiers is conveyed towards the path of glory. My many of them come back in the prayer of those who witness them as they leave Boulogne-sur-Mer. The "gentlemen Anglais" will never be forgotten. They have done much to cement the entente cordiale. The war is dividing it home to Englishmen that in the British soldier of today they have a man of whom they can be proud in every sense. The old stigma of rough and dissolute behavior, for many years most unjust, is likely to receive its quietus from this war. The London Morning Post's vivid description of the landing of the expeditionary force in France throws a strong light upon the knightly bearing of Thomas Atkins of today. The British regular soldier is a well-informed man, intelligent, well-trained, self-controlled, and courteous. The battles which followed ensued to Chicago.

CARLETON FIRE CALL

An alarm from box 118 brought the West Side fire department out this afternoon, but there was little need of their services. Some painters had been working on the house of George Kirkpatrick in St. James street, and some persons, seeing a blaze where they were engaged, had sounded the alarm.

REPAIRING PAVING The condition of the King street pavement has again made repairs to the surface necessary and patches have been placed on many of the worst spots.

Lloyd George's Sons Going

London, Sept. 14.—Richard Lloyd George, eldest son of the chancellor of the exchequer, has enlisted in the Royal Madoc battalion of the Carnarvonshire Territorials for active service. His younger brother, Gwilym Lloyd George, has been commissioned as lieutenant in the same battalion.

In order to keep an engagement for a golf contest, A. Vilas flew 68 miles from Chicago in a hydro-aeroplane. The trip was made in about 60 minutes and without accident. The plane landed at the Elks club house on the banks of Lake Michigan.

MONEY STRINGENCY NOT AFFECTING FOX BUSINESS TO ANY EXTENT

The Colwell Fur Farms, Ltd., has had a very valuable shipment of live fur-bearing animals en route to New Brunswick and Prince Edward Island for the last few days.

The shipment, valued at some \$40,000, left for Prince Edward Island this morning, where G. P. Colwell, general manager of the company, has disposed of part of the animals.

Recent laws passed in the Yukon territory have made it impossible for shippers to export many animals. This shipment is the first to leave the Yukon this season.

MONCTON STREET CAR BARN BURNS

Moncton, N. B., Sept. 14.—Fire broke out in the car barn of the Moncton Tramways Electricity & Gas Company about seven o'clock this morning and within half an hour the entire building was reduced to ashes. Employees ran all the street cars out of the barn. A large quantity of electrical supplies were destroyed. The street car service was suspended but resumed at 8 o'clock.

Supervisor Coryell was unable to state the value of the contents burned. All are well covered by insurance.

TRINITY CURATE BIDS FAREWELL TO CONGREGATION

**SECOND OF SPECIAL PATROTIC SERIES WITH MILLION DOLLAR MYSTERY—UNIQUE TONIGHT**  
The Unique Theatre is surely keeping abreast of the times. The first of a special series of war pictures was shown here Friday and Saturday last, exploiting the army and navy of England. This will be followed up today by the second installment of the series which will show British war aeroplanes in action, bomb hurling near Berlin, French troops in Morocco with a general view of the defence trenches. These pictures have been especially recommended. The final edition of the series will be presented Wednesday and Thursday, when another batch of military pictures will conclude the showing of some decidedly interesting war films.  
The eighth episode of the Million Dollar Mystery, "The Wiles of a Woman," is also scheduled for presentation today.

**BOSTON GETS FIRST LOGWOOD IMPORTATION IN YEARS**  
Boston, Sept. 14—The first shipment of logwood brought to this port from Jamaica in years arrived last week in the holds of the United Fruit Company's steamship Bowden, and may mean the revival of logwood importations, which at one time were a big factor in the Boston trade. The Bowden had 23 tons of straight logwood, consigned to a Boston importer and this will probably be used in making dyes to take the place of the German product.  
**AWFUL STORY RELATED BY A RUSSIAN PRINCE.**  
New York, Sept. 14—Prince Nicholas Bagichoff, formerly Russian vice consul in Chicago, returning to America on the steamship Plandre, made public a statement which he said had been given him by William A. Clark, formerly United States Senator from Montana, with the request that it be given to the American press. The statement follows: "Tell the American people of this case, which I have investigated. It is that of a Belgian family, the mother of whom was shot by the Germans and the mother lashed to a chair while the soldiers attacked her sixteen-year-old daughter before her eyes. The mother became a raving maniac. I have the daughter under my care."

A man was brought before the court upon the complaint of his wife. While the prisoner was testifying the judge made it clear that he intended to be harsh with him, so that his wife became frightened, and when called to the stand refused to give testimony. In fact, she retracted all her accusations.  
"So your husband didn't strike you, then?" said the judge. "Where did you get that black eye?"  
"I struck it accidentally on the mantel-piece."  
"So! And that piece bitten out of your ear—he didn't do that, either?"  
"No, no, your honor, I did that myself!"  
Uncle Zack is an old colored man who lives in a certain little town in North Carolina, where he is regarded as quite an oracle by the other members of his race.  
Once an earthquake shook the town and as soon as the natives got over their scare enough to discuss the why and wherefore of the shock, they cornered Uncle Zack and demanded an explanation.  
"Well, I'll tell you. Hit's like dis," he explained. "About once in so often de atmosphere happens ter come in v'ilent contact wid de hemisphere, and de result is we has a earthquake."

**ATTACKING PARTY WON DECISION IN SHAM BATTLE**  
What was considered the most practical and successful programme of tactical manoeuvres with the members of the 62nd regiment, St. John Fusiliers, was the sham battle held on Saturday afternoon in the woods near Rockwood Park. A "Red" force under Captain Miller was supposed to arrive on the Boston boat early in the afternoon and immediately marched on the position of the "Blue" force, firmly entrenched near Howe's Lake guarding, supposedly, some German prisoners. The defending force was under Captain Dunfield, and gave a stiff resistance to the invaders but, in the judgment of the umpire-in-chief, Col. J. L. McAvity, a flank movement made by the attacking force was successful in causing the capture of the defence and the release of the prisoners. The "Red" force was accordingly awarded the decision in the fray.  
The men under Captain Miller were for the most part from "A" Co. of the regiment, composed of business men, clerks and others who are giving their services gratuitously, drilling steadily, and taking range practice regularly. The men under Captain Dunfield were those who have been in active service in the home defence. Both entered into Saturday's arrangements with vigorous enthusiasm.

**SIR WILFRID LAURIER SPEAKS ON THE WAR**  
Toronto, Sept. 12—"Let us keep our powder dry, and trust in God. Victory is coming victory is ours. There may be reverses, brothers, there will be reverses, but freedom will win. Let us trust in God."  
At the close of a stirring address, delivered at the luncheon of the directors of the Canadian National Exhibition this afternoon, Sir Wilfrid Laurier, leader of the opposition, moved his hearers to great depths with the above appeal.  
"The reason for this is that British rule, wherever it is found, is based on two principles—honor and justice," continued Sir Wilfrid, and wild cheers followed.

THE WAR NEWS

During the last week the war news has been decidedly favorable to the allied armies. While the military observers have from day to day cautioned their readers not to take too optimistic a view of the situation, they have also told a daily story of German and Austrian reverses.

commission, of which he was a member, on fruit growing, forestry, insectivorous birds, insects and bee-keeping was published. In 1885, under instructions from the Dominion government, he visited experimental stations in the United States and Europe, and following his report the act was passed which provided for experimental farms in Canada, of which he assumed the direction.

A STRONG RULER

Opinion is growing that the rule of Yuan-Shih-Kai in China is permanent. It does not conform in many particulars with ordinary republican government. The press is under the editorial supervision of the police. Editorials must not attack the government, while any person under thirty caught editing a periodical is to be imprisoned.

The French government may safely return from Bordeaux to Paris. The Kaiser and his friends must give their attention to the safety of Berlin. There will still be fierce fighting in France, and a considerable time may elapse before the German armies are driven out of that territory; and there will be still harder fighting for the allies when the Germans take the defensive in their own country; but the measure of the German war machine has been taken. It is certainly formidable, but the retreat from Paris and all along the line to the borders of Alsace has shown its limitations.

While British readers have naturally been most interested in the struggle in France, some of the most terrific fighting of this war has taken place in Galicia and in Russian Poland, where the hosts of Russia have been at grips with the combined armies of Austria and Germany. The Austrians had invaded Russian Poland, and a series of terrific battles had been fought, with the result that the Austrians were hurled back in defeat, and the information received by the British war office is that "the Russian victory is considered to be absolutely decisive".

PROF. SAUNDERS

Professor William Saunders, LL.D., C.M.G., whose death in London, Ont., at the age of 78 years, is announced, will long be remembered because of his eminent services to the cause of agriculture and forestry in Canada. He was appointed director of experimental farms in Canada when they were first established, and retained the office until he retired on a pension in 1911.

The gambling instinct in human nature was well illustrated during the period of the exhibition. Whatever else might be going on in grounds or buildings there was always a crowd surging around the various games of chance in the Pike. Large sums of money were spent by individuals in vain efforts to secure prizes.

An Ottawa despatch says that Col. the Hon. J. S. Hendrie, minister without portfolio in the Whitney government, will probably be the next governor of Ontario. Col. Hendrie is a native of Hamilton, and has been prominent in public affairs in Ontario for many years. He has been a successful railway contractor both in Canada and the United States, was general manager of the Hamilton Bridge Works for some years, is a director of many large concerns, and has held many important positions.

British and French Continue Successes—Another Great Victory by Russians

London, Sept. 13.—The sixth week of the war has brought a vast transformation. The pressed as now the pursuers. The irresistible sweep of seven German armies through Belgium into France met an immovable force at the Marne River.

The army of Gen. Von Kluck, which so long battled to turn the Allies westward, was itself slowly and steadily outflanked. Its retreat before the small but hardy British army turned the tide of battle. Today, if the French official reports are correct, all the German armies, except that facing Verdun and a few miles southwest, are retiring.

**CHILDREN'S DAY**  
CLOSING FEATURE OF SUCCESSFUL FAIR

The provincial exhibition of 1914 is over, but its memory will remain as a most successful fair in the face of adverse circumstances. The doubts as to the advisability of conducting the exhibition this year were dispelled soon after the gates opened, and all through the week the attendance was much better than had been anticipated. Not only the management but the exhibitors and the concessionaires were well satisfied with the results, and the exhibition must class a marked success.

While the management sustained a small deficit, the loss was not as great as if the fair had been cancelled and the money already invested charged off to profit and loss.

The closing day, as usual, was the children's day, and the youngsters were there in large numbers enjoying themselves hugely. Daylight fireworks, a novelty in St. John, were added to the afternoon attractions and formed a splendid surprise for the children.

The prize winners in Murray & Gregory's guessing contest are Miss Mary Innis, Miss Blenda McIntyre and Ross L. McPherson.

**ANOTHER BIG HOLDING OF THE REDMEN TO GO**

Spokane, Wash., Sept. 14.—By order of Uncle Sam the Colville Indian reservation, the last big holding of the red men in the Pacific northwest, will be thrown open to the settlement of white men during the summer of 1915. After each Indian on the reservation has been allotted the farm of his choice, 1,000,000 acres of land will be available for homestead entry. The Colville reservation is in eastern Washington, about 50 miles northwest of Spokane.

**NEW VERSION OF THE TUNIC.**

development in duvety, whipcord, serge, cloth or repp.

The Russian tunic seems to have come to stay, for it is found not only among the modes for autumn, but among the advance styles for winter as well. Of course there are many variations of the Russian tunic, and each new one seems to be more attractive than its predecessor. The distinguishing feature of the model shown here is the front panel which is connected with the foundation. The skirt requires to make 4 1/2 yards of 44-inch or 3 1/2 yards of 54-inch material. Cloth, serge, duvety, repp or whipcord may be used effectively.

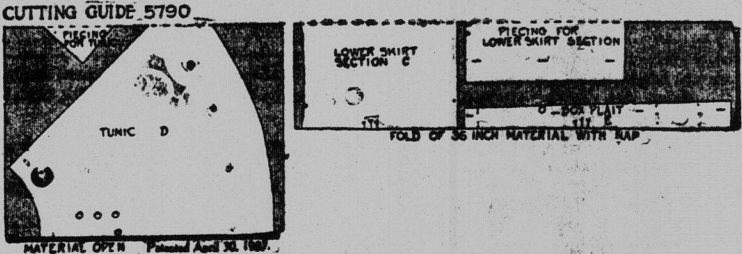

As is usually the rule in cutting these tunics, an open width of material is required. For the remaining parts of the pattern, however, the goods should be folded.

The foundation is taken up first, a dart being taken into the back gore as perforated. Join gorse as notched. Close center-front and center-back seams, leaving front seam free above single large "O" perforation for placket. Turn under right back edge of lower section on slot perforations, lap on left back edge to slot perforations; press, and if desired close seam. Turn under lower edge 3 1/2 inches for hem. Sew to lower edge of gorse, notches and centers even; center-back indicated by slot perforations.

Close center-front of tunic, also center-back seams, leaving front seam free above single large "O" perforation for opening. Turn under edge of box-pleat on slot perforations. Turn under lower edges of tunic and box-pleat 2 1/2 inches for hem. Arrange pleat on tunic, centers and upper edges even. Arrange tunic on foundation, centers even; stitch upper edges together. Adjust a webbing or a straight strip of canvas two inches wide to position underneath upper edge of skirt for a stay; stitch upper edges together.

A new Russian tunic model, having the front panel attached to the four-piece foundation. It is suitable to develop in duvety, whipcord, serge, cloth or repp.

**NOGI'S PREDICTION AT SIEGE OF PORT ARTHUR IS INTERESTING NOW**

Noted Jap Foresaw Present War and Downfall of the German Empire

London, Sept. 1.—General Nogi's prediction, made at the siege of Port Arthur, is still fresh in the minds of Englishmen in connection with the terrible fighting near the old Waterloo field. General Nogi said:

"I believe that the world will witness a great war which will have all Europe for its battleground, and will settle the Franco-Prussian question and the Anglo-German rivalry. France and Germany will meet in this last decisive conflict on the Belgian plains, probably near Waterloo, the only spot which will permit of the evolution of a battle which will face each other. At the present time the French and German frontiers are too strongly fortified for either people to force its way through. I have little doubt as to the result of this war. France will beat Germany on land and England will crush Germany at sea.

"This will be the last great war in Europe for many years, perhaps for ever. The German states will emerge from this war so exhausted and so terrified that they will have no other object than to form some sort of condition that may stay in the future obviate the recurrence of any such catastrophe."

**WAR THE THEME OF SERMONS YESTERDAY**

The twenty-fourth annual parade of St. Stephen's cadet corps was held to St. Stephen's church last evening under command of Captain Manford Brown, accompanied by his instructor, Captain Yail. Rev. Gordon Dickie in preaching to them on the present war situation said that Germany had been too military and would not listen to terms of disarmament. He remarked that Britain had never resorted to conscription, but that her soldiers as efficient as any other country.

In St. John's (Stone) church Rev. G. Kurling preached on labor questions. He said that the church is now awakening to the necessity of a right conscience on the part of capital and labor to the right relationship between the individual and the community.

Rev. J. A. MacKeigan, who passed through Germany on the eve of the war in a train specially permitted by the Kaiser, in preaching to his congregation in St. David's Presbyterian church, last evening, said he believed the Kaiser was averse to the war and that he was not the cause but the instrument.

Rev. Dr. J. A. Morison, preaching to his congregation in the Carleton Presbyterian church last evening on the Prussian Mind, pointed out that the people of Germany had ignored Christianity and prophesied that they should not triumph in their efforts to strangle Christian justice and liberty but should be defeated as were the prophets of Babel. Dr. Morison said he had studied in Berlin and knew that the people in general did not want war but desired peace.

Rev. John Jameson, of the Methodist East End mission of the Whitehead district of Lons, England, preached an evangelistic sermon on God's Everlasting Mercy in Centenary church last evening.

**INTERESTING CEREMONY IN ST. JOHN BAPTIST CHURCH**

Very Rev. W. F. Chapman Elevated to Dignity of Domestic Prelate

Very Rev. W. F. Chapman, V. G., is now entitled to wear the purple robes of the household of His Holiness the Pope. In St. John the Baptist Church of which he has for many years been beloved as pastor, the ceremony of vesting him in the purple was conducted last evening by His Lordship Bishop LeBlanc, assisted by several priests of the diocese. The church was crowded in honor of the event, which is rare in church annals in St. John, and in the congregation was a representation of the Knights of Columbus, St. John Council of which the newly created domestic prelate has been chaplain for many years. All the members of his congregation have been greatly pleased at the honor bestowed upon the esteemed clergyman whose name is endeared to every member in his parish and to a great many friends throughout the city and province as well. He has been chaplain of the Knights of Columbus and is held in highest regard by every member of that organization.

The official proclamation from the hand of the late beloved Pontiff was read by Rev. A. J. O'Neill of St. Joachim's church, Silver Falls, announcing the appointment of Very Rev. Father Chapman as high priest, Rev. Wm. Duke deacon, and Rev. Chas. McCormick sub-deacon. Special hymns were given by the choir, and the church was decorated in the papal colors of purple and gold in honor of the dignity of the office to which the esteemed pastor had been elevated.

and having labored faithfully and energetically in the interests of the church in these parts since that time. Twice he had acted as administrator of the diocese and had performed his duties with capability and satisfaction. His Lordship referred to the dignity bestowed upon the vicar-general in being created a domestic prelate, an honor that comes to comparatively few.

Father Chapman had displayed commendable zeal at all times, and had been ever ready to obey the command of God and labor in his fold. His faithful endeavors and his lengthy and admirable career in the priesthood had won recognition from the Vicar of Christ, the late beloved Pope Pius, and in appreciation of his services, this especial honor had been conferred upon him, and he was now a domestic prelate. Bishop LeBlanc made reference to his recent trip abroad, and his visit to the several countries now embroiled in war.

The purple robes then were presented to the venerable monsignor. Pontifical vespers were sung after the investiture, His Lordship being assisted by Rev. W. M. Donahue, while Monsignor Chapman was high priest, Rev. Wm. Duke deacon, and Rev. Chas. McCormick sub-deacon. Special hymns were given by the choir, and the church was decorated in the papal colors of purple and gold in honor of the dignity of the office to which the esteemed pastor had been elevated.

**VESTIBULE CAR ENGINES**

Tea of Them Ordered — Labor Meeting — Political Nominating Convention

ARRIVE FOR INTERCOLONIAL

Moncton, N. B., Sept. 14—The first of the new "vestibule cab" type of passenger locomotive for the I. C. R. has gone into service. It arrived here a few days ago from the shops of the Canadian Locomotive Company, Montreal. In most respects it is identical with the "444 class" that has been in service on the I. C. R. out of Moncton, but the feature of special interest to local roadmen is her "vestibule cab," which is now being tried out for the first time on this road.

The "vestibule cab" was first planned and used by the C. P. R. on its passenger engines, and many other roads have adopted this type. The new arrangement is intended to offset the disadvantages under which passenger engines work in winter. The cab is enclosed on all four sides; and a steel vestibule, somewhat similar to that of the ordinary sleeping car, closes the space between the back of the cab and the tender. The sides of the cab are built back to enclose the open gangway, which is fitted with a small side-door immediately behind the usual engineer's window. The back of the cab is built down to meet the top of the vestibule. Consequently when the engine and tender are coupled the driver and fireman find themselves in a little room entirely enclosed and impervious to rain, snow or drifts, except when doors or windows are open. Ten of these locomotives have been ordered by the I. C. R.

There is much interest in labor circles here in the approaching visit of prominent labor leaders. On next Friday evening a mass meeting will be addressed by J. C. Watters, president, Fred Bancroft, vice-president and P. M. Drapp, secretary-treasurer of the Trades Congress of Canada and James Simpkins, controller of Toronto. They will attend the annual session of the congress in St. John.

The Liberal convention for the nomination of a candidate to represent Westmorland county in the House of Commons, will be held tomorrow afternoon in the Moncton City Liberal Club rooms. Capt. W. A. McKie, of the 19th Field Battery, now at Valcartier, has written to the Moncton branch of the Daughters of the Empire, conveying the thanks of the officers and men for luncheon provided and also for many useful articles presented to the volunteers.

Miss Alice Storey a popular Moncton young lady has gone to Northfield, Mass., to begin training for religious work. She received a travelling outfit from the Highfield Street Baptist congregation.

**ROUTE FROM INDIA OPEN.**  
That the route from India via the Suez Canal, the Mediterranean and the Atlantic is clear and normal is proven by the fact that a letter reached Byron C. Tapscott of this city on Saturday evening from His Highness the Maharaja Gaskwar of Baroda, one of the native Indian princes, in regard to one of Mr. Tapscott's musical works. The Gaskwar of Baroda is sending a regiment of 1,000 trained soldiers to the aid of Great Britain.

Trades and Labor Congress.)  
The annual convention of the Trades and Labor Congress of Canada opens in St. John next Monday. President J. C. Watters arrived in the city yesterday to complete the preliminary arrangements, and members of the executive will reach the city next Saturday. On account of war conditions it is expected that the number of delegates will be about 150 instead of the usual 250 to 300.

**GOLF**  
 Martin is Maritime Champion  
 Malcolm Martin, of the Lingan Golf and Country Club, by defeating Paul Longley of St. John on the 18th green at Sackville, on Saturday, won the amateur golf championship of the maritime provinces. The match was a hard fought one and went an extra hole. Prizes were presented after the match; Paul Longley received a gold medal as runner up; F. W. Fraser, a gold medal as runner up in the second consolation; also medals to Malcolm Martin and Mr. Knight, of Moncton, who won the second consolation. Next year's meeting will be at Truro.

 Langford and Smith.  
 Dan Saunders writes in the Boston Globe—As it is a foregone conclusion what Langford will do to Jim Johnson at the Atlas A. A. next Tuesday night, Miah Murray if the club is working to get another bout between Gunboat Smith and Langford, to be held at the club next month, Murray and Jim Buckley, manager of Smith, are close friends, and a talk over the telephone that Murray had with Buckley the other day relative to another meeting between Smith and Langford makes Murray feel satisfied that he will get the match. Since Smith gained the award over Langford, the fans here have been anxious to see another bout between that pair. Manager Buckley, at the invitation of Murray, will come to Boston in a few days to complete the arrangements for the meeting of the best white hope and the colored scrapper.

**THE NEWSPAPER PUBLICITY LAW**  
 Its Application to Other Organizations Needed.  
 The Newspaper Publicity Law, enacted by Congress some time ago, is now being applied to many other business organizations. This law provides that all publications must file an affidavit with the Postmaster General setting forth full information concerning their ownership, management, circulation, and the names of the publishers, proprietors, and managers. Failure to do this will result in the Postmaster General to deny the use of the mails to the offending publication. This law has eliminated many newspapers, and has caused the paid editorial, the overstatement of circulation, and the ownership of circulation, and the ownership of publication.

**FIRST DYESTUFFS ARRIVE**  
 Shipment of 350 Packages from Germany on the Steamship Rotterdam.  
 New York, Sept. 14.—The first shipment of dyestuffs to reach here from Germany since the beginning of the war arrived Sept. 7. It is learned as part of the cargo of the steamship Rotterdam, and probably will be used in relieving the reported shortage of dyestuffs in the hands of American cotton-spinners.

**MOTHERS WAIT AT WAR OFFICE FOR NEWS OF SONS**  
 London, Aug. 14.—Crowds besiege Queen's Guard Alley seeking information from the inquiry department of the War Office concerning the dead and injured in engagements.  
 One elderly woman dressed in mourning is seldom missing from the crowd. She lost a son in the Boer War and has two sons with the Expeditionary Force. "I've learned to wait," she remarked to an officer who offered the daily excuse that the list was not yet completed. "It's all a woman can do after she has worn her eyes out knitting and sewing for the men at the front, but somehow I feel better standing here than I do at home. I can talk to these younger women who are looking for news of their husbands. I know how to sympathize with them."

**YOUNG PASTOR ENDS LIFE**  
 Terre Haute, Ind., Sept. 14.—Despondent, it is believed, because of a quarrel with his sweetheart, Rev. Frank L. Lee committed suicide in his room in the afternoon and the tragedy was not discovered until evening when the maid entered the room. He was twenty-seven years old and pastor of the Methodist Church of Cory, Ind., near this city. He gave no reason for his act and his only message was a letter to his father, written in rhyme.  
 Coroner F. H. Jett, reported that the minister had taken poison. Apparently he had been dead five hours when the body was found.  
 Rev. Mr. Lee was a student of De Pauw University and had been taking special work this summer in preparing for his degree. He was appointed to the charge at Cory a year ago. The letter to his father was not made public, but the coroner said there was nothing in the message that indicated a reason for self destruction.

Wants To Finish Police Inquiry In Present Week

Evidence In Chief's Favor Given at Session Held by Commissioner Chandler Today

Evidence for the defense was given this morning in the case against the chief of police before W. B. Chandler, K.C. Several witnesses were examined and adjournment made until this afternoon at 2 o'clock.

LIKELY GIVE UP THE PROJECT OF INSURING MEN

Letter From Governor Wood to A. P. Barnhill Indicates Abandonment of Idea

At a meeting of the executive committee this morning I was instructed to inquire whether any further action has been taken by the government with view to insuring the lives of the soldiers who go forward from this province.

LOCAL NEWS

BAY SHORE LUMBER CO. OFFICIALS J. A. B. Cowles and William Glasson of New York, the Bay Shore Lumber Company, arrived in the city today and were met by Robert Connelly of Great Salmon River, the manager of the company in this province.

COMMON COUNCIL There is very little business for the weekly meeting of the common council to be held this afternoon. As Commissioner McLellan is busy with the police investigation, it is possible that the council meeting may be adjourned until later in the week.

STREET WORK The city department's street paving work is progressing steadily. Canterbury street and the block of Princess above Canterbury have been completed, a good start made on the lower block of Princess, and this morning the men were placed at work on Church street. The sections already completed present a good appearance and give promise of satisfactory wearing qualities.

A PLAYGROUND DIRECTOR Miss Bertha J. Murray of Amherst, who gave a course of instruction to playground teachers in St. John in the early spring of last year, spent Sunday in the city, and went home today. She has been saying short visit to her brother in St. Andrews. Miss Murray during the past summer was playground director in Truro. They have two supervised playgrounds in that town and the work was carried on very successfully this year.

BIG GAME SEASON It is not expected that the number of visiting sportsmen to the province this year will be so large as in former seasons, but there will not be such a falling off as many seem to think. This is the view of those interested locally. Regarding local hunters it is thought that there will be little curtailment of plans so far as they are concerned. On the Boston train at noon today a party of five sportsmen arrived, leaving immediately by E. C. R. train for the Miramichi to hunt big game. The season will open tomorrow.

BAPTIST MINISTERS Officers were elected today at the first meeting of the Baptist Ministers' Conference for the season. Rev. F. S. Porter presided. The officers are—President, Rev. A. J. Archibald, and secretary-treasurer, Rev. F. H. Wentworth, re-elected. A hearty welcome was extended to Rev. P. R. Hayward, the new pastor of the Fairville Baptist church. An interesting account of his recent trip through the west was given by Rev. Mr. Porter. Rev. Mr. Porter promised to give a paper at the next meeting upon his vacation in Europe this summer. Besides those mentioned present were Rev. Messrs. Camp and Dennison, and Rev. Dr. Melatyre.

WAS HAVING A DRIVE A preliminary examination was begun this morning in a case against Frank Kennedy, charged with stealing a horse and wagon belonging to Frank R. Puddington on Saturday afternoon. Mr. Puddington said that he left the horse tied near the depot, and went to the exhibition, returning about two hours later. He went to the Grand Union hotel and from there saw his horse being driven past in Pond street. He spoke to Policeman O'Neil, Mr. Puddington contributed two loaves of bread, as required, as his contribution towards the patriotic fund.

COACHMEN IN COURT CASES Thomas Morrissey was called as a witness this morning in a case against George McCarthy, charged with interfering with Policeman Dykeman in the discharge of his duty and with using profane language. Morrissey said he heard McCarthy shout to a cab driver to whom Dykeman was speaking for being on the wrong side of the street and McCarthy told him to drive on. He said he did not hear any swearing.

ST. JOHN FRIENDS WILL BE INTERESTED IN WEDDING A nuptial event of which many St. John people will learn with interest, took place in St. John's church, Truro, N. S., on last Wednesday afternoon when Miss Ada Constance Marshall, of Truro, youngest daughter of the late Dr. F. R. Marshall of Halifax, was married to John J. Staples, of Belmont, Colchester county, N. S. The pastor, Rev. W. P. Robertson, B.D., officiated.

NOVA SCOTIA APPLES AND SHEEP FOR WEST This was taken through the city this morning a shipment of apples and sheep from Nova Scotia, which attracted some attention because of the fact that they were being forwarded west. It has been generally understood that Ontario supplied the greater portion of the west with apples, but there were forty carloads in the consignment taken on its way to Winnipeg today. The sheep took up ten cars.

ALL ST. JOHN OFFICERS AT VALCARTIER HAVE BEEN PLACED FOR WORK AT FRONT

It now seems settled that every officer who went from St. John with the volunteers to Valcartier for the foreign service has been placed with the first army division from Canada. None of the officers have been rejected because of the surplus of those with commissions, or for any other reason. This is taken as quite complimentary to the officers going from here, as the number required for the manning of the Canadian expeditionary force is small compared to the number of officers who went from all parts of Canada to Valcartier in the hope of being accepted for overseas service.

THE FUND INCREASED

Further subscriptions today to the Patriotic Fund brought the total up to about \$22,000. The latest amounts are: J. & A. McMillan, \$100; Miss Helen Sidney Smith, \$5; A. Friend, \$1; H. N. Dearborn, \$5; J. Leslie Smith, \$2; Officers and men of Dredge No. 12, Gagetown, \$30; John B. Bardsley, \$2; W. W. Hawker, \$10; Syrian Protective Association, \$25; Canadian Novelty Co., \$10; Tobit, Patterson, \$1; Barnes & Co., \$50.

TAMPERING WITH GATES AT THE I.C.R. CROSSING

Albert Duffy and Thomas Davis, charged with tampering with the gates at the I. C. R. crossing, were arrested Saturday by Policeman O'Neil. The policeman said that when the gates were down while a shunting engine was crossing the street, the two defendants both of whom had been drinking, shoved up the gates and passed under. As they did so, Mr. Skimble, who thought he offered to being raised for teams, started to pass under in his automobile and the gates came down again on the radiator of the car. Neither of the defendants had any questions to ask. They were remanded. Mr. Blair, who tends the gates at the I. C. R., also gave evidence.

COACHMEN IN COURT CASES

Thomas Morrissey was called as a witness this morning in a case against George McCarthy, charged with interfering with Policeman Dykeman in the discharge of his duty and with using profane language. Morrissey said he heard McCarthy shout to a cab driver to whom Dykeman was speaking for being on the wrong side of the street and McCarthy told him to drive on. He said he did not hear any swearing.

THE LATE MRS. ELLEN FORD The death of a well known resident of this city occurred last evening, Sept. 13, in the person of Mrs. Ellen Good, widow of John Good. She leaves to mourn three daughters, three sons, nine grandchildren and twelve great grandchildren. The sons are Robert, and John of this city, and Joseph of Boston. The daughters are Mrs. George McLaughlin, Mrs. R. A. Ward and Mrs. J. C. Warren all of this city. The funeral will take place from the residence of her daughter, Mrs. R. A. Ward, 7 Golding street with whom she resided for some

People Are Looking For "Buying" News

In days of rising prices and fluctuating values people are more inclined to shop than in ordinary times. Ordinarily, prudence makes all of us want to buy to the best advantage—with many it is today an actual necessity. In times like these people are eager advertising readers because they want to know. It takes little observation to demonstrate that they are newspaper readers. And it is not only logical to assume that now is the time to advertise in the newspaper, but it is a fact demonstrated by results on every hand.
