MEN ON WHITE HORSES

Bally-Roney Procession First in Nationalist Constituency—English Papers Make Fun of Carson and Agitation, But Say Ulster People Are in Earnest

(Canadian Press) New York, Sept. 27.—A cable to the Tribune from London, this morning says that the Bally-Roney, where yesterday's Ulster demonstration was held, is a village in South Down, which returns a Nationalist to parliament. The meeting was consequently the first meeting of the Ulster campaign to be held in the enemy's country, a time of determination being added thereby to the whole proceedings.

All the people belonging to the farming class, and if there was not the same impression in marching as at Portlinton there was, if possible, a stronger unionist tone about the whole place. Orange emblems, banners, whistles, and collars were worn by half the people present. King William and his white horse were much in evidence on flags. One lodge sent a contingent of mounted men all on white horses. The parade lasted nearly two hours. The Earl of Kilmore took the salute, the comrade by his side holding a Union Jack.

For the first time in the campaign there was a drumming party. It consisted of two men with big drums, who played not with drum sticks but with a small bunch of light canes. The sound is weird, almost barbaric and is said to have a very provocative effect on the other side, and that reason these parties are strictly forbidden in any town procession.

It has not been known what effect on the players, who know how to wield the cane with vigor and rapidly as to break the skin of the opponent usually, except if such it can be called, is like that of pipes, but is suited only to wide stretches of country, like the pipe music of the Scotch about it.

London, Sept. 27.—The Liberal and radical papers are making a deal of fuss about Edward Carson, who is accused of surrounding himself in the recent Ulster demonstrations by ceremonially wearing a military uniform, the dummy rifles and the pseudo military spectacles as a sort of circus show. They admit, however, that the Ulster people themselves are in deadly earnest.

The Belfast correspondent of the Radical Daily News says: "In England, where these military parades were properly assimilated, it would be well if attention were withdrawn from the military features of the Ulster parades, and fixed on the folk who do the parading, for they are quite in earnest in their military spectacles as a sort of circus show. They admit, however, that the Ulster people themselves are in deadly earnest."

THE EEL IS DEAD

Noted Canadian Trotter Succumbs on Eve of Columbus Race

Columbus, Ohio, Sept. 27.—One of the horses entered in the free-for-all race of the grand circuit race will not go to the post today. The race is November 13, and the Eel, with a record of 2:02 1/4, died last night following several days' illness of lung fever.

The Eel was owned by F. W. Entriken, of Tavistock, Ont., was well known over the entire circuit and was considered good for second money in the race today. Independence Boy, with a record of 2:01 1/2, and Evelyn W., which has gone in 2:01 3/4, have the best records of the horses in the free-for-all race held for this afternoon.

A cool air, clear skies and bearing sun, make conditions ideal for the race today.

STRANGLER BY STRING TIED TO A GAS JET

Montreal, Sept. 27.—Tying his neck to a small gas jet, Jacob Atlas, a Jewish merchant of Sudbury, knelt down in his room at 43 Craig street this morning and in a attitude of prayer strangled to death. He was dependent over business troubles and afflicted with consumption.

Trying to ascertain if the gas bracket would bear his weight, Atlas was weighed and measured in a penny arcade last night and paid particular attention to learning his exact height.

Quebec Hockey Situation

Quebec, Sept. 27.—That the Quebec Hockey Club, holders of the Stanley Cup, will stick by the National Hockey Association, no matter what other rival league is formed was the statement made today by M. J. Quinn, vice-president and manager. He expressed the assurance that the Wanderers and Canadiens would support Quebec.

HALIFAX FIRE LOSS \$55,000

George C. Cook Warehouse in Upper Water Street Destroyed—Several Firms Are Hit

(Special to Times) Halifax, N. S., Sept. 27.—Halifax was visited by another disastrous fire on the water front early this morning, when the big brick structure in Upper Water street, known as the George C. Cook warehouse, was completely destroyed, together with all of its contents causing a loss which is roughly estimated at \$55,000.

The upper portion of the building was fitted with offices. The lower floor was occupied by Corkum & Ritcey, grocers. The fire spread with great speed, and before the department was properly at work the massive structure was doomed. George C. Cook, shipbroker, owner of the building, occupies the ground floor of the main building. He lost on stock principally from water. Corkum & Ritcey were hit heavily. A. J. Grant & Co. had a total loss on carriage material and hardware stored in the building. A. M. Bell & Co., had warehouse room on the top floor, filled with cork wood. The estimate of losses is as follows:

Geo. C. Cook building	Loss
Corkum & Ritcey	50,000
A. J. Grant & Co.	4,000
A. M. Bell & Co.	1,000
A. M. Bell & Co.	200

The fire, which at one time threatened to assume uncontrollable proportions, was after a strenuous fight, confined to the main building, and valuable assistance from a squad of soldiers from the Victoria Louise, a German training ship in the harbor. This ship sent two boatloads of sailors fully equipped for assisting in the fight and they rendered valuable aid.

WANT CANADIAN STAGE CENSOR

Methodist Moral Reform Department Start an Agitation For Government Appointment

(Canadian Press) Toronto, Sept. 27.—At the opening session of the annual meeting of the Methodist department of temperance and moral reform, a lively discussion over the class of plays presented in Canadian theatres took place, and the general opinion of the delegates, who hail from every province in the dominion and from Newfoundland was that the majority of them were easily in need of censorship. The power of the stage to disseminate useful information and to educate the public by the presentation of the proper kind of entertainment, was discussed at length and a strong stand was taken on the question. It was recommended to the Dominion Moral and Social Reform Council, that an appeal be made to the federal parliament to institute a censorship for all theatres and for every play set to be presented by any troupe company or association in the dominion.

MR. TURNBULL BUYS LOT RUNNING FROM BRUSSELS TO UNION

It Has Several Times Been Transferred of Late—Other Transactions

E. H. Turnbull has purchased from Armstrong & Bruce a property extending from Brussels and 42 on Union street. This is one of the properties which illustrate the activity of real estate in this district. The property was purchased a short time ago by Armstrong & Bruce from T. S. Simms, Co. Ltd., and sold by them to Joseph A. Lelystein. They bought it back later at an advance and now have sold it again. The properties recently purchased by Mr. Turnbull are situated on the site of the new garage in German street in the block of land from the Sears by 80 feet, belonging to the Queen Square Methodist church, the leasehold dwelling in German street, and the property on the corner from W. Tremaine Gard and the wooden dwelling in Horsfield street, from J. G. Willett and Gordon Tufts. The transfers of freehold properties recorded in the last few days include the following:

C. P. R. IN SHAPE FOR WINTER RUSH

Officials Return After Inspection of This Division—Look For Large Passenger Business

Wm. Downie, general superintendent of the Atlantic Division, C. P. R., W. B. Bamford, general freight agent, and W. B. Howard, district passenger agent returned to the city last evening after a trip of inspection over the division. They found everything in excellent shape for the demands which will be made on the division by the pressure of the winter port work which will soon be commencing. The summer has been an excellent one for the passenger department despite the unfavorable weather and during August and September the traffic has reached record proportions. The great amount of construction work in progress for the division will mean a big homebound rush across the ocean before the end of the year, which St. John will get a large share. Reports from the other side indicate that the winter will be exceptionally large. The immigration will be heavy and that the spring immigration will be exceptionally large.

DANGEROUS NOW TO CATCH SUFFRAGETTE

Latest Dodge is Wearing of Padded Garments Studded With Pins

London, Sept. 27.—The suffragettes' latest dodge in the wearing of protective armor is learned that several of the women who disturbed Chancellor Hoyal's dinner meeting on Saturday, wore quilts made of padded garments with sharp pins pointed outward, firmly fixed in the padding.

AN ADVANCE IN WIRELESS

Young French Engineer Has System Without Sparks

Cheaper and More Effective Than Present, it is Said—Discovery Also Brings Wireless Telephony Nearer

(Canadian Press) New York, Sept. 27.—A Paris cable says: The Math announces that a system of wireless telegraphy without sparks has been invented by a young French engineer, Julien Bethond, one of the favorite pupils of the late Henri Poincare and a personal friend of the wireless pioneer.

Other advantages of Bethond's system are greater simplicity of installation and that it is possible to exchange communications in close proximity to one another without the messages being cut off, and that it is also possible to exchange communications ten times faster than by submarine cables and ten times less expensively. Bethond's system is a sparkless system and does not require any alternator and an antenna of a special character. The primary advantage is that sound can be sent direct from the machine in the antenna will not be interfered with by other posts in the same zone. Moreover, thanks to an automatic system of perforated bands, two stations will be able to exchange their messages at a maximum speed of 200 words a minute.

COTTON-MILL OPERATIVES IN LAWRENCE STRIKE

Protest Against Imprisonment of Organizers of Industrial Workers of World

(Canadian Press) Lawrence, Mass., Sept. 27.—As a protest against the imprisonment of Joseph J. Ettore and Arturo Giovannitti, industrial workers of the world organized a 4,200 strike of the American Woolen Company, were the first plants to be affected by the walk-out.

Several hundred employees of the Pacific cotton mills have walked out and groups of operatives left other factories. When the operatives appeared at the mills members of the Industrial Workers of the World led the mills shooting and yelling and many persons joined the strike while others, fearing loss of work, returned to their homes. More than 100 policemen were on duty.

BACK FROM LABRADOR

Professor MacMillan, Who Was With Peary, Now Plans Two Year Expedition

Halifax, N. S., Sept. 27.—Professor MacMillan, who accompanied Commander Peary on his trip to the North Pole, arrived in Sydney yesterday after a three month trip to Labrador. Professor MacMillan was accompanied by J. C. Small of New England who built the twenty-five foot motor boat in which the trip was made.

Professor MacMillan's mission was ornithological and ethnological. He visited the Dominion Securities Corporation, and his equinoxes. He left his boat at Battle Harbor where he will call for his next year's expedition to occupy two years' duration which a search is to be made for a new land in the Polar Sea which Peary says he saw. Also the interior of Greenland will be explored. The present trip was made in the interest of Harvard University and the American Museum of Natural History.

CONCRETE SEWER FOR UNION STREET

The proposed water and sewerage extensions in Adelaide road will not be undertaken immediately in spite of the fact that five tenders were received but the figures were considered too high and none was accepted. If the work which is now being carried on by the city is completed in time the extensions will be twenty-five feet in diameter. Otherwise they will not be commenced until spring.

The commissioners decided today to call for tenders for a concrete sewer in Union street from Charlotte to Carmarthen to replace the old wooden sewer and also for a ten inch water main in Duke street from Garmen to Prince William to replace the present four inch main.

CHINESE OAN IS GIVEN MUCH SPACE IN PRESS

Some London Journals Support Government But Others Critical

(Canadian Press) London, Sept. 27.—The London morning papers make the Crisis loan the leading feature. It is quite unprecedented for a loan to get such great attention and although various opinions are expressed, some papers supporting the foreign office, the view of the majority is in favor of the new loan. They argue the advisability, in the interests of both China and Great Britain, of breaking down the six power monopoly and express the opinion that the British foreign office has mismanaged the affair.

COURT TO DECIDE WHO SHALL OWN GOLDWIN SMITH'S ALBUM

Toronto, Sept. 27.—The master in chambers has directed a trial of an issue to determine the ownership of the late Goldwin Smith's autograph album. Doctor Smith bequeathed it to the art museum which was a subject of the British protest and thus to lay off what the "Chicago Herald" regards as a very curious burden.

A Shanghai dispatch to the Morning Post says that the chartered bank advertisements the new loan for subscription there.

WESTERNERS WANT AN INCREASE IN BRITISH PREFERENCE

Grain Growers Put it Squarely to Manufacturers and Get Evasive Reply

Toronto, Sept. 25.—The "Grain Growers' Guide," Winnipeg, sent the following wire last evening to President Curry of the Manufacturers' convention in session at Ottawa: "The Western grain growers are anxious to know if the Manufacturers' Association will join hands with them in an effort to bind Canada closer to the mother land by urging the government to reduce the tariff on British imports to one-half that charged American imports, to complete free trade with the motherland in ten years."

"It would also show the world that Canada stands behind the motherland to uphold the traditions of the Anglo-Saxon race and keep the Union Jack in the proud position it has held for a thousand years. Such an action would also be undoubted proof that Canada has no desire for political union with the United States. Would you kindly bring the matter before your annual convention in session at Ottawa, and ascertain if the manufacturers present are willing to join hands with the grain growers in this great imperial scheme?"

BARONESS DEAD IN TORONTO IN HUMBLE CIRCUMSTANCES

There died at the Aged Women's Home in Belmont Street, Toronto, this week, Olga, Baroness von Heimrod, widow of Baron Ernest von Heimrod, who lived for many years on a little farm at Humber Bay. The baron died about two years ago and it was understood that the baroness had come into a considerable annuity, conditional upon her returning to Europe. Her health, however, would not permit her to undertake the voyage and she has been looked after at the Aged Women's Home by some of the prominent German families resident in Toronto.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial results.

Nowadays we don't have to resort to the old-time tiresome method of gathering the leaves and making tea. This is done by skillful chemists better than we could do ourselves, and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength with the addition of Sulphur, is another old-time scalp remedy.

NEW ORGAN IN FAIRVILLE CHURCH IS OPENED AT A GRAND RECITAL

The new pipe organ in the Fairville Baptist church was used last night in a recital by D. Arnold Fox. The instrument is a fine one with a grand tone and its possibilities were amply demonstrated by Mr. Fox to the great delight of an audience of about 700. In addition to the organ selections there were vocal solos by Mrs. D. M. Douthwaite of England, who made her first public appearance here, J. E. Ellis, another newcomer to the city, Mrs. F. C. Macneil and D. B. Pidgeon. The programme was:

AN EXTRAORDINARY PLAY

The Fortune Hunter Hero Next Week. Having already played New York for two seasons, the Fortune Hunter was pronounced such a success that it was again brought back to Broadway and played in the New Amsterdam Theatre last week. It takes more than ordinary merit to reach this unequalled record, but the Fortune Hunter is one of the brightest of bright comedies and the best of rural plays. It will be presented at the Opera House on Monday, Tuesday and Wednesday next week.

MORE SIGNS OF GREAT ADVANCEMENT HERE

One of the largest lumber concerns of eastern Canada has been securing options on timber properties, the latest to be secured being the property of the Oromocto Lumber Company. It is said the option holders are forming an alliance with British capitalists to secure the funds necessary to construct and operate a big pulp and paper mill on the headwaters of the St. John.

A. E. Beer, of Ottawa, arrived in the city yesterday in the interests of a syndicate which intends to invest in St. John property. While tremendously impressed with the advantages which St. John has to offer and the bright prospects of the city, Mr. Beer has been astonished to find how little has been done to spread this information. He considers an aggressive campaign for new industries, one of the first things which should be undertaken by the city and is satisfied that such a campaign would bring even bigger results than those secured in western cities.

E. H. Turnbull has purchased the Alton building in Prince Wm. street between the Seaman's Institute and the Board of Trade buildings. The property was purchased at auction a couple of years ago by H. J. Gwynne for \$7,000. He sold it recently to Harold Peters for \$15,000 and the latter is said to have received \$2,000 for it.

Colonel A. J. Armstrong has purchased from Bishop Casey the vacant lot on the corner of Orange and Carmichael streets. Samuel A. Coughle has purchased the old Salvation Army barracks in Fairville, and will remodel it for use as a dwelling.

WATER LEAK FOUND. A month's patient work on the part of the water department was rewarded this morning when the men at work found the leak in the 24-inch water main in Fernhill which has been causing trouble for several years. Last year \$10,000 was spent on the job and the work was then abandoned until about a month ago. The leak is on the high level just below the Hebrew cemetery.

Repairs will be made tomorrow when this main will be shut off at ten o'clock. As the city will be fed through the other main, this will result only in a lessening of the pressure on the heights of the city. All goes well the repairs will be completed and the water turned on again in a couple of hours.

THE MANUFACTURERS AND THE OLD FLAG

The Grain Growers' Guide, of Winnipeg, the official organ of the western farmers, decided to test the attitude of the Canadian Manufacturers' Association toward the British preference.

The Guide telegraphed President Curry at the Ottawa convention of the manufacturers, asking if the association would join hands with the grain growers in an effort to bind Canada closer to the mother land by urging the Borden government to reduce the tariff on British imports to one-half that charged on American imports, and to complete free trade with Great Britain in ten years.

The city engineer has returned from Washington. He had a good time and acquired much information, and all hands will be delighted to know that his trip was pleasant and profitable. He will now learn that the projected extension of the street railway to Kane's Corner has been held up pending his arrival. There have been so many delays in regard to this matter that it will be hoped that the timely arrival of Mr. Murdoch will dispose of the last of them.

THEIR GOOSE AND GANDER SAUCE

The members of the Canadian Manufacturers' Association in placing their fire insurance with American companies not registered in Canada, because this foreign insurance costs them less than the insurance which is "made in Canada," have put themselves in a position hard to defend. Their position is, indeed, impossible of defence, in view of the fact that they insist that other people must be prevented from buying their insurance elsewhere than in the home market.

They buy their insurance abroad because they can buy it cheaper. But thousands of people employed in the insurance business in Canada must not be allowed to buy their insurance elsewhere. The manufacturers want free trade in raw materials and insurance; they want free trade in what they buy and a high tariff to guard and protect the home market in respect to what they sell.

NEW FLORIST SHOP OPENED TOMORROW

W. Pederson to Start, With New Ideas, at Corner of Charlotte and Princess

A new florist's shop, which will be the most up-to-date in the city, is to be opened tomorrow in the Berryman building on the corner of Charlotte and Princess streets. The proprietor is Waldemar Pederson, until lately senior member of the firm of W. K. Pederson. Since the firm was dissolved Mr. Pederson has spent several weeks in the eastern states interviewing the large wholesale dealers in and growers of flowers. As a result of his trip he has made arrangements with the best houses for a supply of their choicest stock and will carry a more complete line of flowers of all kinds than has ever before been offered in this city.

The new store has been completely remodelled and redecorated in attractive colors. New fixtures, including a large refrigerator show case, are being manufactured in the city, and when they are completed the store will have the best possible equipment for the business. The color scheme is in the green and white, providing an effective background for the flowers.

Mr. Pederson will carry a larger and choicer stock of flowers than ever and will introduce some innovations to his patrons. Among these will be a constant supply of violets. The opening tomorrow will be in the nature of a reception to his friends and patrons and Mr. Pederson is expecting large numbers to look over the new store and his new stock.

John Nugent of Brussels street and Harold Clarke of North End, will leave tonight for Montreal to study medicine at McGill College.

A good deed is never lost; he who sows courtesy reaps friendship, and he who plants kindness reaps love.

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" is Best to Cleanse Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Decaying Food, Gases and Clogged-up Waste

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to, who like the easy chair, you, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active. Don't regard Syrup of Figs as a physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle. When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Constive, clogged-up bowels mean that decaying, fermenting food is clogged there and the poisons or dregs in these thirty feet of bow-

els suck this decaying waste and poisons into the blood. You will never get feeling right until this is corrected—but do it gently. Don't have a bowel wash-day; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which can not injure. A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without griping, nausea or weakness. But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name prepared by the California Fig Syrup Company. Read the label.

IS C. P. R. BUYING MILWAUKEE SITES?

Terminal Property Being Bought—Area Includes Sir Thomas Shaughnessy's Birthplace

Milwaukee, Sept. 27.—Activity in real estate in the third ward of this city, where many sales of property are being made to numerous individuals at what a few weeks ago would have been considered absurdly high prices, is believed here to mean that the C. P. R. is at last opening its actual campaign for the securing of terminals in Milwaukee for the Minneapolis, St. Paul and Santa Fe Railroad, one of its American properties. The Soo Line now enters the city over the terminals of the St. Paul Railway.

Property has been sold at nearly double the valuations of a year ago, and the significant phase of the affair is that Sir Thomas Shaughnessy at a dinner in Winnipeg a few weeks ago, talking to a Milwaukee man, said that he hoped soon to achieve his ambition of having his own line into Milwaukee.

Curiously enough, the land being chosen is exactly the territory where Sir Thomas Shaughnessy was born, and where he played. The house in which his birth took place was located on one of the pieces of property which has just changed hands.

The property is in the business centre of the city, with facilities on the water front for the connection of the rail lines with a car ferry system.

Stokes, millionaire, who was shot by Lillian Graham and Ethel Conrad has through his attorneys filed in the supreme court a motion that he would move for trial on the first Monday in October of the suit for \$100,000 damages brought against him by Miss Graham. Stokes is determined to fight this suit to a finish.

Benny Meyer stole 48 bases during the season.
In their last game of the season at Brooklyn the Pittsburgh Pirates used 17 men, but the Dodgers copped the game, 7 to 3.

The New York Highlanders have picked up a great performer in Heine Schulte, who pitched for the Savannah team during the last season.

Bill McKechnie, former Pirate, is to get another trial in the big show, having been drafted from St. Paul by the Boston Nationals.

Manager Clark Griffith, of the Washington team, figures that his young stars will be strong enough next year to romp away with the American League pennant.

Baseball
Chance Replies.
New York, Sept. 27.—Frank Chance, manager of the Chicago Cubs, lying in a private hospital still weak from the effects of a recent operation, made indignant reply yesterday to recent charges by President Murphy that loose living and training methods had lost the Chicago Nationals the 1912 pennant.

In vigorous language Chance declared it was untrue that the Cubs had lost the pennant either this or any other year for the reasons stated.

"I believe that I have the best behaved baseball team in either league," he said. "Most of the players take a glass of beer after the game and I consider that beneficial. None of my men ever takes a drink in the morning or between games. I made a rule this year that none of my pitchers should smoke cigarettes and I think that they have lived up to this rule."

Murphy only thinks of the team when it is winning. The team, for my sake, play harder when I am away than when I am with them. They wanted to finish in second place and so did I and I want to meet the White Sox in the post-season series.

These unjust charges of Murphy's will naturally make it hard to accomplish either of these things. Of course, the statement reflects on me personally and I have been in the business too long to allow Murphy or any one else to insult me. It is for this reason I make this statement at this time."

The Central International League composed of Duluth, Winnipeg, Grand Forks, and Superior, will add two clubs to the organization, making a six-club circuit for next season.

On September 17, 1909, Jimmy Collins of Boston Americans won their game at Cleveland that made them champions, but on September 17, 1912, history failed in the come-back stunt, as the Red Sox, again fighting for the pennant, lost a double header at Cleveland.

Eddie Collins of the Athletics nearly equalled the base stealing record when he pilfered six sacks in Detroit, recently.

George Gore, the old Chicago outfielder, stole seven bases in a game in 1881 and Billy Hamilton made the same record when he was with the Phillies in 1884.

He watched the operation gravely for some time. Then he spoke: "Do you take off their clothes every night, lady?"

HOPE TO HAVE MANY NEW MEMBERS AND EXTEND THE WORK

St. Monica's Society Resuming Activities For Winter—Likely Branches on Both Sides of Atlantic

Active work is to be resumed next week by the members of the St. Monica's Society when they will hold their first meeting of the season in the C. M. B. A. rooms, Union street, to which all Catholic women interested in the movement for bettering the conditions of the immigrant to Canada are heartily invited. The society this year expects to transact a volume of immigration business. Up to the present the St. Monica's Society of St. John has had the honor and distinction of leading all Catholic women of the city. They also have the splendid achievement much possible credit is given the Catholic ladies of St. John competing in the social.

It is expected that many branches of St. Monica's Society will be formed in other places this year, and with their establishment on both sides of the Atlantic as is now proposed, the objects of the organization will be the better attained. Locally the members hope so to work this year as to increase their membership at least one thousand and with that end in view are asking the co-operation of the Catholic women of the city. They also expect to conduct an extensive publicity campaign to aid in their efforts for the benefit of the immigrants.

CONSTABLE MAY ACT AS AGENT IN CITY COURT

Interesting Point Decided by Judge Landry Today—Other Court Matters

An interesting point of law was decided by Mr. Justice Landry this morning in the case of L. E. Smith vs. Wallace Stillwell, which came up on review from the city court. At the trial the plaintiff did not appear and Constable Heffer, acting in his behalf, signed judgment against the defendant by default. The arguments of the defendant's attorney on review was that a constable could not act as agent for one of the parties in a city court case. This morning His Honor dismissed the review with costs, thus deciding that there was nothing to prevent a constable from appearing as agent in the city court. This question has arisen before and time again in the city court, but this is the first time that the matter has ever been submitted to a supreme court judge for a ruling. A. A. Wilson, K. C., appeared for the plaintiff and H. W. Robertson for the defendant.

Circuit Court The case of Catherine McGowan, adm., vs. Mary R. Warner, an action to recover \$3,000 damages for loss of life in a mill, was continued in the circuit court this morning. I. Treacartin and J. Dwyer were examined by the plaintiff after which the hearing was adjourned until this afternoon at 2 o'clock. D. Mullin, K. C., is appearing for the plaintiff and Fred R. Taylor for the defendant.

Chancery Division Before Mr. Justice McLeod in chambers, application was made this morning in the case of Teed vs. Crawford, for the continuance of an injunction and the appointment of a receiver with respect to certain mining properties in Queens county. The application was granted. M. G. Teed, K. C., appeared for the plaintiff and Ralph St. J. Freeze for the defendant.

Probate Court In the probate court today the will of Mrs. Mary L. Short, widow of John D. Short was proved. She gives all her estate to her son Charles K. Short, and nominates him as executor. She died on April 29 last. Her son Charles K. Short died before her. By his will he appointed his wife, Agnes I. Short, executrix and guardian of his children, then infants, five in number. Besides these the next of kin are the four children of her other son, William Short, who also died before her. There is no real estate. The personality consists of \$400 and an interest of the deceased in the estate of her father, Hon. Thomas W. Todd, of Charlottetown, P. E. I., the amount of which has not yet been ascertained, and also the sum of something more than \$1,000 in the savings bank in the name of the deceased and of a grand-daughter. There being some question as to the ownership of the money it was decided that the same should be administered by the court. The appointment of Silas McDermid, druggist, and he was accordingly sworn in as administrator with the will annexed. Herbert J. Smith is proctor for the petitioner, widow, and Henry H. Pickett proctor for the grand-child.

THE CANADIAN HEAD OF ARMY IS HERE TODAY

Commissioner Rees Says Movement For Booth Memorial Training School For Officers is To be Launched

"One of the matters of special interest to army workers throughout Canada, as well as to those in attendance at the annual congress opening here this evening, will be the launching of the movement for the erection of a fitting memorial to the late beloved leader, General Booth," said Commissioner D. M. Rees, of the Salvation Army, on his arrival in the city this morning on the Atlantic express from Toronto. He was accompanied by Colonel and Mrs. Mapp, who will take their fare here this week after four years' of energetic and efficient service in Canada. Commissioner Rees appeared in the best of health. He expressed himself as being cheerful as to the outlook for the progress of the army here and its development throughout Canada. The idea of the erection of a memorial to the late leader was taking deep root amongst all members of the army and the suggestion of building a training college for officers was the form which seemed most favorably approved by those interested. It had been one of the prime projects of the general and many of his endeavors had been centered thereon, but death had interfered with the fulfillment of his desire.

Toronto would probably be the location of the college and similar offices would be set up from all parts of Canada for special courses of training in army and social work. He considered it an excellent idea and one which he thought would be greeted with favor in all quarters. An open meeting is to be held tonight in the Citadel in Charlotte street. A hearty welcome will be accorded the commissioner, Colonel and Mrs. Mapp, and the other delegates, numbering in all about 200. On Sunday afternoon in the Opera House Commissioner Rees will deliver an address, and a farewell will be tendered to Colonel Mapp and his wife who have been appointed to a position outside of Canada. At this meeting Senator J. W. Daniel will preside. There will be several meetings tomorrow.

DETECTIVE SAYS MAY BE A THIRD CHARGE AGAINST PARK

Salvation Army Case Taken up Today—Assault Case Out of Saloon Incident

Albert Park, young Englishman who was arrested on Sunday last on the charge of breaking and entering the office of the Canadian Central Milling Company in Dock street, was arraigned in the police court this morning to answer to another charge. This morning he was charged with breaking and entering the Salvation Army headquarters and Metropolitan in Prince William street and stealing \$18 a fountain pen, some ferry tickets and several pieces of English silver. He pleaded guilty to stealing \$12, but had a small pocketbook, but denied taking the rest. He consented to be tried in the police court, and was remanded for sentence.

He has also pleaded guilty to breaking and entering the office of the milling company, and Detective Killen said in court this morning that another charge of breaking and entering would possibly be preferred against him.

Two prisoners charged with drunkenness were fined \$8 or two months in jail. Daniel Hawkins, charged with using profane and obscene language on the North Side of King Square last night was remanded.

John Davis, arrested on Sunday for using profane language in Charlotte street was fined \$8 or two months in jail.

James McKenna was fined \$4 for allowing his two horses to run at large in Bentley street. The fine was paid, and he was released.

Daniel O'Donnell, charged with setting off blasts in Bridge street on which there was not sufficient covering, was told that he was liable to a fine of \$20. He was cautioned.

Michael Harley appeared in court to answer to the charge of assaulting a man by throwing a glass of liquor in his face. The defendant is the owner of a licensed saloon in Main street and the assault was alleged to have taken place on Wednesday last. The complainant did not appear in court this morning and the matter was allowed to stand.

The case against Michael George charged with obstructing the sidewalk in Brunel street with a pair of stairs, was allowed to stand over until tomorrow morning.

FLETT BROS.' STORE AT NELSON BURNED

Building and Contents Gone, But Mill Property Saved

Chatham, N. B., Sept. 27.—Fire which broke out in the store of Flett Bros at Nelson some time after midnight destroyed the store and its contents and threatened destruction to the former Flett mill property, now the Jones' property. The night being comparatively calm and with a heavy dew fall the efforts of the fire fighters to keep the blaze to the one building proved successful.

The store was well under way when seen, by Thomas Flett, and was a new one built across the road opposite their old store. It is understood that the insurance amounted to about \$100,000 on the goods and the store, and it is thought that the loss will be double this amount.

SEASIDE SEASON ENDS
