GENERAL CIRCULAR.

THE MOUNT ALLISON WESLEYAN COLLEGE was organized in July, 1862, under a Charter obtained from the Legislature of New Brunswick. By virtue of this Charter it possesses full University powers.

The College is conducted on strictly non-sectarian principles. The general denominational control under which it is placed furnishes a sufficient guarantee that sceptical license will never be allowed within its walls, but does not imply the existence of a purpose or a wish to interfere with the conscientious convictions of any. The fullest recognition, however, is given to the truths and claims of the Christian Religion. The Bible is publicly honored as the Word of God, and no pains are spared that the education imparted may be suitably leavened with religious principle.

Students may enter the College either as regular Undergraduates, having passed the Matriculation Examination; or as Specialists who do not look forward to a University Degree.

For Undergraduates two complete Courses of Study are provided, viz.:

1. The regular Arts Course for the B. A. Degree.
2. A Special Course for those who prefer to substitute Modern Languages for Greek and Latin, and who may desire a greater number of elective studies than the Arts Course permits. The degree of Bachelor of Philosophy (Ph. B.) will be conferred on Students who shall have completed this Course.

There are also Honor Courses in Classics, Mathematics, Science, Philosophy, and Modern Languages and Literature.

Special Students are admitted to any class or course of Lectures, for which, in the judgment of the Faculty, after due examination, they are deemed prepared; and upon

leaving the College, they will be entitled to receive Certificates bearing the College Seal, and specifying the particular branches of study in which they have received instruction and passed satisfactory examinations.

Special arrangements will be made for the convenience of public school teachers who may desire to pursue a college course while continuing to teach during the summer term.

MATRICULATION.

The Matriculation Examinations are held on the second and third days of the first Term of the Collegiate year. Supplementary Examinations for special cases may be held at other dates.

DEPARTMENT I.—ENGLISH.

Grammar, Analysis, Outlines of English and Canadian History, and General Geography.

Books prescribed by the Councils of Public Instruction of New Brunswick, Nova Scotia, and P. E. Island.

DEPARTMENT II.—CLASSICS.

Latin*—Caesar, Gallic War, Book VI.; Virgil, *Aeneid*, Book VI.; Latin Grammar, *Harkness'* or *Bullion's*. Easy sentences of English to be translated into Latin. Questions in History and Geography* arising out of the Books prescribed.

Greek†—Xenophon, *Anabasis*, Book I.; Greek Grammar, *Hadley's* or *Goodwin's*.

[Instead of the Classical selections prescribed, satisfactory equivalents from the same or other authors will be accepted.]

*The Latin subjects for 1885 are Caesar, Gallic War, Book IV.; Virgil, *Aeneid*, Book I.

†The Greek subject for 1885 is Xenophon, *Anabasis*, Book IV.

DEPARTMENT III.—MATHEMATICS.

Arithmetic—*Sangster*: Proportion, Interest, Extraction of Square Root, Vulgar and Decimal Fractions.

Algebra—*Hamblin Smith*: Addition, Subtraction, Multiplication and Division of Algebraical Quantities, Simple Equations and Surds.

Geometry—First and Second Books of Euclid, or the subjects thereof, and the solving of easy Geometrical exercises.

Candidates for the degree of B. A. will be allowed to take Natural Philosophy and French as an equivalent for Greek, viz.:

NATURAL PHILOSOPHY.

Elementary Mechanics, Hydrostatics, Hydraulics, Pneumatics, Acoustics, and Optics.

FRENCH.

Grammar—*Fasquelle* or *Pujol and Van Norman*: the Accidence. Fénelon's *Telemaque*, Books I. and II. Translation of simple and easy sentences from English into French.

Candidates for the Ph. B. degree will be allowed to substitute the above course in Natural Philosophy and French for Greek and Latin.

REGULATIONS AND ANNOUNCEMENTS.**Degree of B. D.**

Candidates for this Degree must be graduates in Arts of at least two years' standing. They are required to give evidence of satisfactory acquaintance with the subjects assigned as preliminary studies.

They are required to pass a satisfactory examination in all the subjects of the three years' course of study, and to prepare for delivery a satisfactory thesis on some Biblical or Theological subject, which shall be forwarded to the Dean at least three weeks before the annual Convocation.

Persons other than graduates in Arts may pass examinations in this course, and, if successful, receive Certificates to that effect.

Special facilities are afforded to graduates in Arts who wish to reside in the College while pursuing this course.

Communications respecting this department should be addressed to the Dean.

CANDIDATES FOR THE MINISTRY.

Candidates for the Ministry of the Methodist Church of Canada, who have been appointed to attend College, will pursue the course of study prescribed on page 192 of the Discipline of the Church.

The Educational Society of the Methodist Church makes provision for free tuition, and aids in meeting the general expenses of young men appointed by the Conference to attend College.

PRELIMINARY COURSE OF STUDY.

This Course of Study is designed to meet the wants of young men preparing to offer themselves to be received on trial for the Ministry. It embraces all the subjects prescribed for the preliminary and first year's examinations of the Methodist Conference, and may extend over one, two, or three years, according to the previous attainments and circumstances of the student.

The Theological parts of this course may be pursued in connection with Matriculation in Arts.

The English and Classical parts of this course are prepared in the Academy and College.

Students presenting themselves for admission to this course should bring with them letters of introduction from the Superintendent Ministers of the circuits in which they reside. If they expect to offer themselves for the Ministry at the close of the year, they must be recommended from the quarterly Meetings of their own circuits, and not from the Sackville quarterly meeting. Students bringing with them certificates of such recommendation will be exempted from fees for theological tuition. Licenses as exhorters or local preachers should also in all cases issue from the Superintendent and quarterly meeting of the circuit in which the student resides, and where his church membership and standing should be continued.

After examination at the close of the college year, all students in the preliminary course will return home in time to be presented at their own district meetings in case they wish to be received on trial by Conference.

THEOLOGICAL LIBRARY.

Renewed efforts have been made during the past year to increase the value of this important aid to the Professors and Students of this department. Very generous assistance has been rendered by a contribution from Alexander Gibson, Esq., Marysville. It is earnestly desired that further contributions be made to the Library Fund, so that the latest and best results of Theological Science may be placed within the reach of our Students.

SOCIETIES.

Two Societies have been established, having a relation to this department. The one is designed for the benefit of the Theological Students in the college; and the other to serve as a connecting link between them and the Ministers labouring in the three Conferences of the Maritime Provinces, as well as to promote among the latter a spirit of Theological and Ministerial culture.

Among the Students it is proposed, by means of Essays, Exegetical Papers, and oral discussions, to stimulate enquiry as to the best Methods of Ministerial efficiency and so to assist in preparing each other for the great work of preaching the Gospel, and feeding the flock of Christ.

The Ministers' Theological Union will meet at the close of each Collegiate year, and, in addition to the consideration of topics of interest belonging to their work, will have an annual Sermon preached, and a Theological Lecture delivered. The Rev. William Dobson will preach the annual Sermon, and the Rev. Jonathan R. Borden will deliver the annual Lecture in 1884.

General Governmental Regulations, &c.

Students, both regular and special, are expected to conduct themselves with propriety, and to observe all the regulations of the Faculty as announced from time to time. Students whose conduct or progress in study shall continue, after suitable admonition, to be unsatisfactory, will not be allowed to remain in the Institution.

Regular and punctual attendance at their classes shall be imperative on all Students. Professors will mark the presence or absence of Students immediately before commencing the work of the class, and will note as absent those who enter thereafter, unless satisfactory reasons for tardiness be assigned.

No Student shall be absent from the College after ten o'clock at night, without special permission of the President.

All Students are expected to attend Divine Service on Sunday, and to be punctual in attendance at daily prayers in the College Chapel.

No Student shall resort to any tavern or place where intoxicating liquors are sold, without special permission of the President; and no Student who is known to use intoxicating drinks will be allowed to retain his connection with the College.

The use of tobacco on the College premises is not permitted.

Undergraduates are expected to provide themselves with College caps and gowns, and to wear them at classes and Lectures, at Church, and at all public Collegiate exercises and anniversaries.

LIBRARY, APPARATUS, MUSEUM, &c.

IN the course of the last two or three years valuable additions have been made to the Library and to the Chemical and Physical Apparatus of the Science department.

The Library is kept regularly supplied with the leading Reviews, such as the Edinburgh, London Quarterly, Westminster, Contemporary, Nineteenth Century, Fortnightly, Princeton, Bibliotheca Sacra, etc., etc.

The attention of the friends of the College is earnestly directed to the needs of the Library, and to the importance of establishing some permanent fund to secure its steady increase. There is no way in which money can be spent to better advantage in securing the sound development of the College as an institution of learning. Gifts of books or of money will be thankfully received and acknowledged.

Contributions for Library and Museum have been received from the following, among others:

Josiah Wood, M. P.; Hon. D. L. Hanington; G. F. Kingston, M. A.; Dr. J. P. Reid; Dr. Honeyman; Dr. Stewart; the Cobden Club; the Nova Scotia Institute of Natural Science; Dr. McMurray; Rev. J. S. Phinney; J. W. Lawrence, Esq., President of the New Brunswick Historical Society; Rev. A. D. Morton; A. A. Stockton, D. C. L., M. P. P.; Rev. John Lathern, D. D.; the Superintendents of Education in New Brunswick and Nova Scotia; and J. B. Cherriman, Esq., Sup't of Insurance, Ottawa.

READING ROOM.

A Reading Room, in which are to be found most of the leading Periodicals of the Dominion of Canada, as well as some of the principal newspapers of Great Britain and the United States, is accessible to all the Students upon the payment of a moderate fee.

THE EURHETORIAN SOCIETY.

This is a voluntary Literary Society, the history of which reaches back for more than twenty years. Its special objects are the acquisition of readiness and power in debate, and the cultivation of a pure literary taste. Not a few of the Alumni of the Institution who are to-day prominent in the professional and legislative circles of the several Provinces of the Dominion, have been enrolled in its membership. It has a well furnished room in the College in which its meetings are held weekly.

The Steward will keep on hand, and supply to the students at cost, such articles of furniture as they may require. Upon the return to the Steward at the end of the year of any such articles, undamaged, he will refund seventy-five per cent. of the original charge.

Students will be charged for any damage to the rooms or furniture, caused during their occupancy.

From the above table of charges it will be seen that the total expenses for Board, Washing, Fuel, and Instruction to a student who takes four classes (the average number) each term, will be \$150.50 for the collegiate year. For less than a term, the charge will be *pro rata*.

TIMES OF PAYMENT.

An advance payment of \$20 on College Fees, etc., and of \$40 on account of Board, is strictly required at the beginning of each Term.

The balance of the first Term's account is payable on the 15th day of November; and of the second Term's account on the 1st day of May in each year.

A supply of the necessary Text Books, Stationery, etc., is kept on hand in the Institution, and furnished to the Students as needed by them; and the articles so supplied are charged in the Term's bill at the lowest rates.

The new College Building, to be known as "The Centennial Memorial Hall," the eastern wing of which is to be called "The Black Memorial Chapel," in honor of the Rev. William Black, the founder of Methodism in the Maritime Provinces, is now completed, and will be formally opened at the beginning of the term in September next. This building—in addition to the Chapel, Museum, and Library—will furnish ample accommodation for the different departments of instruction. The apartments to be used as laboratory and lecture rooms for Chemistry and Physics will be fitted up with the most modern appliances for practical illustration and experiment.

The building is of red sandstone, with basement courses, coigns, and arches of light olive freestone. It is 95 feet in length by 50 feet in width, and two stories high above the basement. The central tower is 70 feet high. The windows of the Library and Chapel are of stained glass, among which are two beautiful and costly Memorial Windows, one to the memory of Hon. Charles F. Allison, the founder of the Institutions, provided at the expense of the late Mrs. Charles F. Allison; the other, to the memory of the Rev. William Black, given by his grandson, Martin P. Black, Esq., of Halifax.
