BERLIN ADMITS DEFEAT BY ENGLISH IN FRANCE AND BY RUSSIANS IN ROUMANIA—TWO BAD DAYS FOR KAISER AND HIS HOSTS — VIGOROUS FIGHTING IN NEARLY ALL SECTIONS.

London, Jan. 27.—In a successful operation on the Somme front in the neighborhood of Le Transloy today, says the official communication issued from British headquarters tonight, a commanding portion of a German position was captured by British troops. More than 250 prisoners were taken in the operation.

The statement follows: "A successful operation was carried out by our troops on the Somme battlefield early this morning in the neighborhood of Le Transloy. All of the objectives attacked were gained, and a commanding portion of the enemy's position captured. We have taken over 250 prisoners, including six officers.

The Enemy Loses Heavily.

"Vigorous counter-attacks were made by the enemy during the day to regain the lost ground. These were all driven back by our fire with heavy losses. Our total casualties were very slight.

"The enemy's positions were raided by us at daylight this morning northeast of Neuville-St. Vaast. Prisoners were secured and dugouts containing some fifty Germans were destroyed. We had no casualties. Enemy trenches were also entered last night by one of our patrols northeast of Vermelles and a number of casualties inflicted on the hostile garrison."

CANADA'S WAR APPROPRIATIONS WILL BE FOR STAGGERING AMOUNT OF \$500,000,000

Special to The Standard.

Ottawa, Jan. 28.—The war appropriations bill which will be introduced in the house on Monday will be for the staggering sum of \$500,000,000, nearly three times the annual expenditures of the Canadian government for all purposes before war broke out.

War is an expensive game and as long as Canada keeps up her end she must pay the piper. The official memorandum issued today explains that this sum, however, will include advances which the Canadian government will make to the imperial authorities this coming year. Canada has already advanced \$250,000,000 for this purpose.

Costs Million a Day.

Roughly the war is costing at the present time about a million dollars a day or some \$350,000,000. This is about the expenditure figures in for this year. The remaining \$150,000,000 will likely be the advances for war munitions. The Imperial Munitions Board is spending about a million a day in Canada. The remainder of their expenditures will be secured by advances from banks.

The financing for this colossal sum falls largely upon the shoulders of Sir Thomas White, whose financial genius so far has kept Canadian credit absolutely sound and whose methods have

been loudly praised in England and the United States. How he proposes to finance for the coming year will be explained in his budget speech which will not be delivered now until the house reassembles.

Will Aid Britain.

The official statement issued today is as follows: "In connection with the war appropriations of five hundred millions which is being presented to parliament it should be noted that a considerable portion of this amount will be advanced to the British government by the Canadian banks and one hundred and fifty million by the government itself. The necessity for giving such assistance to Great Britain will continue until the end of the war, it is for this reason the appropriations for war purposes have been placed at five million dollars in order that a considerable portion of that amount may be thus utilized."

THE ORANGE AND THE GREEN BLENDED IN ARMAGH, IRELAND

WAR MUST GO ON SAYS HON. THOS. WHITE

New York, Jan. 28.—Canada's determination to aid the British Empire and its allies to continue this war to a triumphant end was voiced by Sir Thomas White, Canadian minister of finance, and Hon. Rodolphe Lemieux, former postmaster-general, in addresses at a dinner of the Canadian Society here last night. Declaring that this is a war of "irreconcilable ideals," Sir Thomas White asserted: "Anglo-Saxon freedom and Prussian militarism cannot both survive. The conflict of these two ideals is fundamental, and it appears to us in Canada that the war must go on until one ideal is firmly established and the other utterly overthrown, or put in process of certain extinction. There has been talk of peace, but there can be no durable peace while the ideals remain at war. Let Germany establish democratic government, and she will have no difficulty in making peace. We Canadians believe there can be no compromise until the issue of its determined of what guarantee can be had for the future."

GERMAN U-BOAT SINKS OFF NORWAY

London, Jan. 28.—The crew of thirty-four of a German submarine, which sank off the Norwegian coast, was landed yesterday near Hammerfest, Norway, by a Norwegian motor boat, according to the announcement of the Norwegian minister of marine, transmitted by the Reuter correspondent at Christiania. As the Germans were transported on a neutral boat they will be liberated.

U. S. EVACUATE MEX. CAN SOIL

Washington, Jan. 28.—The war department officially announced today that Gen. Pershing has been ordered to bring his troops out of Mexico. The movement, the department added, began this morning, when Colonia Dublan was evacuated.

LAURENTIC GOES DOWN OFF IRELAND

British Auxiliary Cruiser of 15,000 Tons Sunk.

FORMER WHITE STAR LINER.

Twelve Officers and 109 Men are Saved—Sunk by U-boat Possibly.

London, Jan. 28.—The British auxiliary cruiser Laurentic, of 14,892 tons gross has been sunk by a submarine or as a result of striking a mine, according to an official statement issued tonight by the British admiralty. Twelve officers and 109 men were saved.

The Laurentic before entering the British naval service was in the service of the Ocean Steam Navigation Company of Liverpool. She was 550 feet long and was launched at Belfast in 1908.

The Admiralty statement adds that the vessel went down off the Irish coast last Thursday.

More Vessels Sunk.

London, Jan. 27.—The sinking of the British steamer Tabasco, 2,937 tons gross, and of the Norwegian steamer Surinna, 689 tons, is reported by Lloyds.

The Norwegian steamer Jotunfell, previously reported sunk has been towed in port in a damaged condition. The Danish steamer O. B. Suhr, 1,482 tons gross, has been sunk according to reports received by Lloyds shipping agency. The agency also announces that the Norwegian steamer Bjordal, 2,631 tons gross, is believed to have been sunk.

Before being taken over by the British Admiralty for auxiliary cruiser duty the Laurentic was in the Canadian service of the White Star-Dominion line. The vessel was owned by the Ocean Steam Navigation Company of Liverpool.

The first two years of the war the Laurentic was engaged in doing patrol duty in the far east, but several months ago returned to European waters.

The launching of the Laurentic at Belfast in 1908 marked the entry of the White Star line into the Canadian trade in conjunction with the Dominion line. The vessel was said to be the first passenger steamer to be fitted with a combination of reciprocation engines with a low-pressure turbine. At that time the Laurentic was the largest vessel in the Canadian trade. She was 555 feet long, with a beam of 67 feet four inches. In addition to accommodations for 150 first-class, 430 second-class and 650 third-class passengers, she was equipped with six cargo holds, with large refrigerating chambers. The Laurentic was a sister ship of the Megantic, another ship in the Canadian service, which was requisitioned by the British Admiralty.

A RETIRED CONDUCTOR INJURED IN WRECK DEAD

Moncton, Jan. 28.—Mr. George Lamkie, a well known retired C. G. R. passenger conductor, died Friday at his home here. The deceased has not been in good health for some years. It is thought that he never completely recovered from the effects of a collision in which his train was involved at Dalhousie Junction several years ago.

WHAT KAISER MAY OFFER FOR PEACE

London, Jan. 28.—"Wayfarer" (the pen name used by W. S. Masingham), writing in the Nation, says:

"Is Germany prepared to negotiate on the basis of restitution and reparation? Rumor has it she will and that the president has a sketch of her terms in his pocket. I give this sketch for what it is worth. The informal German offer is said to include:

1. Offer of Metz and part of Lorraine to France, coupled with evacuation, but no indemnity.
2. Evacuation and indemnity for Belgium.
3. An independent Poland.
4. Surrender of the bulk of the colonies in exchange for a deal in Central Africa.
5. Restitution of Serbia, with retention of a line of passage for the railway.
6. Neutralization of the Straits (Dardanelles).
7. Trentino for Italy, with Trieste as a free port.

Necessarily the governing condition would be an economic as well as territorial peace and the abandonment of the boycott.

London, Jan. 28.—British troops laid Friday resumed their offensive against the Turkish positions near Kut-El-Amara, on the Irak front, and recaptured trenches which the Ottoman troops had occupied on the previous day, says an official statement tonight by the British press bureau. Four hundred Turkish corpses were found in the positions. Two violent Turkish counterattacks broke down under British fire. The text of the statement reads:

"During Thursday night the enemy renewed attempts to recapture lost ground, but was repulsed with severe losses. Early Friday we resumed the offensive. Under cover of an intense bombardment we assaulted and recaptured the trenches which the Turks had occupied by Thursday's counter-attack.

"On Friday afternoon the enemy launched two violent counter-attacks. Both were completely broken down by our artillery and machine gun fire with the severest losses.

"In the trenches captured by one of our brigades, which contained only 200 casualties, we found 400 Turkish corpses. We are now consolidating our gains."

RESULT STAGGERING BLOW TO LAURIER AND POLITICAL TRIMMERS WHO HAD HOPED TO FORCE GENERAL ELECTION BY DEFEATING BRILLIANT YOUNG MINISTER OF INTERNAL REVENUE—WILL THERE BE CREPE HUNG UP ON CANTERBURY STREET?

Quebec, Jan. 28.—After one of the most bitter political contests ever witnessed in a Dominion by-election, Hon. Albert Sevigny, the new Minister of Inland Revenue, in the Borden cabinet, was elected on Saturday in Dorchester county by a majority of 276 votes over his Liberal opponent, Mr. Lucien Cannon.

Mr. Sevigny was given a public demonstration in the different parishes of the county on his way to Quebec after the election. On his arrival at Levis on Saturday night two thousand people assembled at the depot to greet him.

Stood by Sevigny.

Montreal, Jan. 28.—Dorchester county's answer to Lucien Cannon was a majority of 276 for Hon. Albert Sevigny, the new minister in the Borden cabinet. The campaign was one of the most strenuous battles in the political annals of the province.

The Conservative parishes clung to Mr. Sevigny and were more Conservative than in the last provincial election, when Mr. Cannon was elected by over 500 majority. The two great Liberal strongholds, St. Germaine and St. Leon De Standon fell off in their majorities for the Liberal candidate.

Surprise in Ottawa.

Special to The Standard. Ottawa, Jan. 28.—Hon. Albert Sevigny's victory in Dorchester came as a considerable surprise to most of the Ottawa politicians, but more particularly to the Liberals, who expected to win by a majority of not less than seven hundred and the more enthusiastic expected fifteen hundred. A few Conservatives expected victory, many hoped for a win, but the majority of the government party were prepared for the defeat of the new minister.

To the government the victory is particularly gratifying. There was no hedging by the new Minister of the government's war or national service policies, and to win in a Quebec constituency on this platform is taken as an augury of a change in the sentiment in that province. Sir Robert Borden can now go to England with a mandate from all Canada to continue the government's war policy as the only doubt on this subject was the attitude of Quebec.

Blow To Sir Wilfrid.

It is believed here that the victory in Dorchester over Sir Wilfrid Laurier's chosen candidate, his "Dear Lucien" Cannon, and in a part of the province where he is supposed to be supreme, will give a status and influence to the three young ministers, Messrs. Sevigny, Patenaude and Blondin, that they could not otherwise have obtained. They met the opposition leader's forces in his strongest district and have won. A Liberal victory in Dorchester, in view of the statements made by the Liberal candidate, was fraught with the most perilous consequences for Canada. His return would have been heralded as a condemnation of the war, would have necessitated the appointment of an English minister to Mr. Sevigny's portfolio, and increased and perpetuated racial discord. There will now be no further talk of a solid Quebec and the racial rift will in a great measure be suppressed.

It may also have a marked effect on the demand of French-Canadian Liberals for a war election. They have been forcing this issue in the Liberal party and would undoubtedly have won had Cannon been elected. The Dorchester result is expected to chill their ardor for an immediate political contest.

Premier's Congratulations.

Sir Robert Borden has sent the following telegram to Hon. Albert Sevigny: "I congratulate not only you but all the people of the province on the splendid vindication which you have received from the electorate of your county. Your victory is all the more notable by reason of the unworthy charges made against you. Indeed the whole country has cause to congratulate itself on the conspicuous failure of that campaign."

Sevigny's Statement.

Special to The Standard. Ste. Henedine, Que., Jan. 27.—Hon. Mr. Sevigny made the following statement following receipt of news to the effect that he had been elected: "I

SHEDIAC TRAIN WENT ON LAST RUN SATURDAY

Two well known and popular train crews will be missed in St. John for a time probably, as the express train which left here each alternate night for Shediac and Point du Chene, except Sunday, for many years made its last run for the winter on Saturday night, when Engineer William J. Furze of St. John took it to its destination. This train has always continued at Moncton with the maritime for Montreal.

John S. Nickerson, the well known and popular conductor of the train which left here Tuesday, Thursday and Saturday evenings, when seen at the Victoria Hotel Saturday said he did not know what he would do as he had received no instructions from his superior Nickerson formerly lived in Moncton, but has moved to Shediac and is living near the place where he was born.

Dow Gay, the baggage-master, and Brakeman James Stuart, also popular trainmen, did not know where they would be assigned. Mr. Guy lives at Point du Chene and Mr. Stuart at Shediac.

Conductor Lutes Off. Conductor Lutes, who handled the alternative train, made his last run for the time being on the 6.10 when he left here last Friday for Point du Chene.

A number of other railroad men, whose trains have been taken off temporarily, are anxiously awaiting assignments. Many of them will probably go on freight trains temporarily, according to seniority. Conductor Nickerson has been on the railroad many years, but he is far from being an old man yet.

COMMERCIAL COURSES NOT UNLIKELY FOR THE SCHOOLS OF PROVINCE

Dr. W. S. Carter, Head of Educational Department of Province Going to Ottawa to Attend Important Conference.

Dr. W. S. Carter, chief superintendent of education, will leave this evening for Ottawa to attend the important educational conference in that city this week. Dr. Carter has been suffering from a bad cold, but his condition has improved to such an extent as to enable him to make the trip.

"Have you any recommendations to make regarding changes in the curriculum of the public schools?" asked the reporter.

"I would like to see a commercial course as part of the curriculum," said Dr. Carter. "Of course such a departure would entail an increased expenditure, but if we could get the money I feel it would be well spent."

The standard learns on good authority that the Dominion government is likely to appropriate a large amount for education in the provinces, which money might be spent in giving courses in bookkeeping and type-writing in the public schools.

Teutons Routed in Four Engagements

(Continued from page 1) Hun Defenses Damaged.

"We bombarded the enemy's positions today in the neighborhood of Serre (Somme front) and greatly damaged his defenses. Northeast of Arras hostile working parties were dispersed by our fire, and north of Hulluch a body of enemy infantry was caught by our artillery in the open, and suffered many casualties. There was considerable artillery activity on both sides in the neighborhood of Armentieres and Ypres.

"Hostile aircraft showed less enterprise yesterday. Much useful work was done by our airplanes, and two enemy machines were destroyed. Another enemy machine was forced to land in a damaged condition. Two of our machines are missing. Of the enemy's machines destroyed, the 23rd six fell on our side of the line."

Berlin Admits Defeat. Berlin, Jan. 28, by wireless to Sayville.—After strong artillery preparation, says the official statement issued today, at the headquarters of the German command, English troops yesterday succeeded in occupying a small section of the most advanced line of the Teuton positions, defended by troops under Crown Prince Rupprecht, southwest of Le Transloy in the region north of the River Somme.

The announcement reads: "Western war theatre: Army group of Crown Prince Rupprecht; after a strong artillery fire English detachments succeeded in occupying a small section of our most advanced line north-west of Le Transloy and north of the River Somme."

"In the other sectors of this front the day was quiet, except for a temporary increase of artillery fire in limited sectors and isolated advance guard engagements."

And Still Another. Berlin, Jan. 28, by wireless to Sayville.—On account of superior Russian pressure directed against the Teutonic lines in the Mesten Canes sector on the Golden Bystriza river front, in Roumania, says today's German official statement, the Austro-German combined forces yesterday were compelled to withdraw to positions nearer the east bank of the river. Russian attacks against the Germans on both sides of the River Aa, in the Riga sector, were repulsed with heavy losses to the forces of Emperor Nicholas. The text reads: "Eastern war theatre: Front of Prince Leopold; On the River Aa, there was a violent artillery duel. On both sides of the river the Russians launched attacks which failed under heavy losses."

"Front of Archduke Joseph; in the Mesten Canes sector on the Golden Bystriza river the defense had to be placed nearer to the east bank of the stream on account of superior Russian pressure."

"Army group of Field Marshal Von Mackensen; There were no important events."

Severe Cold and Snow. London, Jan. 27.—Severe cold and snow have been interfering with military operations all along the Roumanian front, says a Reuter despatch from Jassy today.

"The enemy's efforts," says the correspondent, "are now directed chiefly in the region of Nanesti and the confluence of the Rivers Putna and Sereth, where an alteration of advances and retirements without strategic significance have occurred lately. The Germans are everywhere encountering spirited resistance from the Roumanians and Roumanians."

"In connection with the reorganization of the Roumanian army there has been a number of promotions in the higher commands. The latest official gazette announces that fourteen generals of divisions and brigades have been placed on the retired list and succeeded by junior officers."

Sirens Will Warn Paris. Paris, Jan. 27.—Powerful electric sirens installed in all quarters of the city will hereafter warn Parisians of the approach of Zeppelins, according to a decision of the authorities announced this evening.

Paris, Jan. 28.—The official statement from headquarters tonight reads: "The usual cannonade occurred along the whole front, particularly lively in the region of Verdun and Alsace."

Belgian communication: "Spirited artillery actions took place especially in the direction of Ramspele, Dixmude and Het Sas. In the sector of Het Sas there was violent bomb fighting."

Eastern theatre: The snow storm continues. Artillery actions have occurred in the region of Prilep, on Glevgeli and the Cerna. The British carried out a raid on Casirmah, northwest of Bukova. Some patrol encounters have occurred in the region of Koritza (Albania).

HON. MR. SEVIGNY WINS DORCHESTER

(Continued from page 1) I am glad for my county and for myself," he said. "I was afraid of the result only for one reason—because the instructions given by the Liberal organization to their speakers were to the effect that they were to say that a vote for Sevigny meant conscription in two weeks from now. I can prove that such instructions were given to all the Liberal newspapers in the county."

"In this election I have from the first meeting to the last put the question of the war before my electors, and I have told them that it was our duty to make all sacrifices in order to win the war. I am glad to see that the French-Canadians have understood the present situation and have refused to support my opponent and all the demagogues who came to help him in Dorchester. The people of the Province of Quebec are in perfect sympathy with the rest of Canada in the present war, and if there was less politics from the Liberal party, the French-Canadians would do exactly as our great soldiers of the 22nd battalion, Asselin's battalion, and others, to win the war."

"I hope that the leaders of the Liberal party of the Province of Quebec will now understand that this is no time for small politics, and that all the best men of the province should unite in the great issues of the day for the allies."

FREE KINDER ARTEN ASSOCIATION MEETS

A special meeting of the Free Kindergarten Association was held on power to make changes at the Marsh Bridge and Lower Cove buildings, if necessary.

The meeting was held at the residence of the president, Mrs. W. C. Matthews. All arrangements were made for a tag day in the near future. Reports from the four kindergartens were read. Although the enrollment was large the attendance in January was small because of the prevalence of colds, measles, whooping cough, etc.

The topics selected for the month were "Time," "The Little New Year," "Functuality," and "Snow."

The teacher spoke of some distressing conditions, and arrangements were made with the charitable associations to supply aid.

The house committee was given James Howard, inspector of plumbing for the Board of Health, underwent an operation in the St. John Infirmary Saturday morning.

FRUIT SALE

Yes, we went at it with an axe—not simply with a pen. We cut the prices without filling the newspaper page with words.

It's the axe that counts in a sale! You know what a lovely warm Fall we enjoyed! Well here's one of the results of that lovely warm weather—a lot of suits that should have sold at the beginning of the season. New we must push them out quick. Here are the prices—

IMPRESSIONS OF THE "SUNDAY" REVIVAL

Rev. Hammond Johnston, of Queen Square Church, Tells of Visit to Boston and Impressions of the Work and Workers.

Rev. Hammond Johnston, pastor of Queen Square Methodist church, chose a popular subject last evening. "My Impressions of Billy Sunday, The Man and His Works." The spacious edifice was crowded, many being unable to obtain seats.

Mr. Johnston, who attended the Sunday revival in Boston, described in a most interesting manner the wonderful organization which made such phenomenal success possible, the tabernacle, choir and members of the Sunday party. He wholeheartedly commended Mr. Sunday and accounted for his accomplishments by the fact that he preached and went after converts with the same zeal and devotion that characterized his efforts in the baseball arena.

Although Mr. Sunday was handicapped by a weak and poor voice, and possessed of no outstanding qualifications which remove him above his fellows, he had, Mr. Johnston claimed, performed what to many seemed impossible, simply because of his consecrated enthusiasm, which, if possessed and exercised by the local ministers and lay members of the church would bring about in St. John a revival quite equal to the recent Boston demonstration, and without the aid of a Billy Sunday.

Mr. Johnston's congregation were greatly interested in his reference to the musical portion of the tabernacle services, which, he claimed, had much to do with the success.

During the service the choir sang "Brighten the Corner Where You Are," which was the big rallying song of the Boston revival.

ST. MATTHEW'S WILL COME OF AGE IN MAY

North End Presbyterian Church Will Celebrate Its 21st Anniversary by Becoming Self-Sustaining.

An interesting announcement was made at the evening service in St. Matthew's Presbyterian church last night, when the minister, Rev. John Hardwick, told the congregation that in May of this year the church would celebrate its 21st birthday.

The church was started in May, 1896, as a mission by Rev. James Ross, superintendent of missions for the Presbyterian church of New Brunswick, in a hall on Main street. The first ordained missionary was Rev. H. H. Morton, now stationed in Trinidad. The present building was erected in December, 1898, and the congregation raised from the status of a mission to that of an augmented church.

To celebrate their 21st birthday the church has become self-sustaining, and from the first of this year does not receive any aid from the mission funds of the Presbytery.

The leaders in the founding of the church were: J. Fraser Gregory, who was the first chairman of the trustees board; Charles Beers, H. Klein and J. R. Smith. The ministers have been Rev. H. H. Morton, at present in Trinidad; Rev. A. H. Foster, now in Nova Scotia; Rev. J. J. McCasill, chaplain of the 73rd overseas in France, and the present incumbent, Rev. John Hardwick, under whose administration the church is growing rapidly.

"In connection with the reorganization of the Roumanian army there has been a number of promotions in the higher commands. The latest official gazette announces that fourteen generals of divisions and brigades have been placed on the retired list and succeeded by junior officers."

Sirens Will Warn Paris. Paris, Jan. 27.—Powerful electric sirens installed in all quarters of the city will hereafter warn Parisians of the approach of Zeppelins, according to a decision of the authorities announced this evening.

Paris, Jan. 28.—The official statement from headquarters tonight reads: "The usual cannonade occurred along the whole front, particularly lively in the region of Verdun and Alsace."

Belgian communication: "Spirited artillery actions took place especially in the direction of Ramspele, Dixmude and Het Sas. In the sector of Het Sas there was violent bomb fighting."

Eastern theatre: The snow storm continues. Artillery actions have occurred in the region of Prilep, on Glevgeli and the Cerna. The British carried out a raid on Casirmah, northwest of Bukova. Some patrol encounters have occurred in the region of Koritza (Albania).

"In this election I have from the first meeting to the last put the question of the war before my electors, and I have told them that it was our duty to make all sacrifices in order to win the war. I am glad to see that the French-Canadians have understood the present situation and have refused to support my opponent and all the demagogues who came to help him in Dorchester. The people of the Province of Quebec are in perfect sympathy with the rest of Canada in the present war, and if there was less politics from the Liberal party, the French-Canadians would do exactly as our great soldiers of the 22nd battalion, Asselin's battalion, and others, to win the war."

"I hope that the leaders of the Liberal party of the Province of Quebec will now understand that this is no time for small politics, and that all the best men of the province should unite in the great issues of the day for the allies."

HOW TO STOP BRONCHITIS WITHOUT TAKING MEDICINE. Coughing weakens the lungs and makes a resting place for the bacilli. Why let Bronchitis become established? It's easy to cure—just inhale Cattarhose—breathe in its soothing balm and relief comes at once. Cattarhose is so certain in Bronchitis that every case is cured. Throat is strengthened, cough stops, irritation goes away, all danger of tuberculosis is prevented. For throat trouble, Catarrh and Coughs, Cattarhose is the Remedy, and is guaranteed to cure. Two months treatment including inhaler costs \$1.00, smaller sizes 25c. and 50c., at all dealers.

James Howard, inspector of plumbing for the Board of Health, underwent an operation in the St. John Infirmary Saturday morning.

CAPT. KUHRING NOW ON DUTY IN ENGLAND

Writes of Work in Convalescent Home—Hopes to Obtain Leave in the Spring.

A letter recently received in the city from Rev. G. A. Kuhring tells of his work in his new field among the convalescent soldiers. He is at present at King's Canadian Red Cross Convalescent Home, in Upper Norwood, a short distance from London, where he has under his ministrations about 600 men. The story of his appointment to this post is rather interesting. Col. Casgrain, who is O. C. of this institution, was in command of the party to which Mr. Kuhring was attached in Lemnos and as soon as he heard that Mr. Kuhring was in London he immediately applied for his appointment to the position which he now holds.

Mr. Kuhring found himself among friends on arriving at new station for in the Clarence Convalescent Home, which is connected with it, he found in charge Miss Winifred Lewis of Ottawa, an old friend of his family. She has under her control several V. A. D.'s from Ottawa and among the nursing sisters are Miss Carr Allen of Fredericton and Miss Joyce Wishart and Miss Armstrongs of St. John.

He found his quarters very comfortable and a decided change from the tent life which has been his portion ever since leaving England, with the exception of a short time in huts. He hopes to obtain his long expected leave in the spring and visit his friends here.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye troubles? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing have allowed themselves to be stored through the principle of this wonderful eye treatment. One man writes after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy and my eyes were sore, but after using this prescription for fifteen days everything cleared up. My eyes can now read fine print without glasses. I believe that the thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one into a glass of water and allow the water to become liquid by the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time."

Another prominent physician writes when the above article was published, said: "Bon-Opto is a very reasonable and safe remedy for eye troubles. It is a natural and widely prescribed remedy. The manufacturers guarantee it to be completely harmless to the eye. It can be used by anyone, even the very young. It can be obtained from any good drug store and is sold at the very low price of 25c. per bottle. It is guaranteed to be used every day." Write long on it.

THOU SHALT NOT HUSBAND AND WIFE ISSUE

Rev. Frank C. Rideout, Bridgeport, Conn. Series of Novel Strongly His View of Life.

Bridgeport, N. S., Jan. 26. A home or settling down" is a general series of sermons on the general title of "Life Problems." Younger Set," recently by Rev. Frank C. Rideout, pastor of Second Baptist Church of Bridgeport, Conn.

Rev. Mr. Rideout is a Hartland, N. B. He was from the Provincial Normal School, Fredericton in 1902, and Acadia University, Wolfville in 1909.

A New Deologue. In one of his sermons Rev. Mr. Rideout presented a new doctrine of wives and husbands to his congregation. Here are the commandments: 1—Thou shalt not be a scoundrel who thy husband earned money. It is sacred and should be to you. 2—Thou shalt not talk to thy husband returns at a member he has had should study politics or baseball to interest him in something new. 3—Thou shalt not fail to meet on time. When the fed you will have a gentlemanly evening with you. 4—Thou shalt not quit thy husband. Do the quizzing marriage. Be adroit and let you all. 5—Thou shalt not nag thy husband. Hit him with a more kind. 6—Thou shalt not fail to for thy husband as thou dost thy marriage. 7—Thou shalt not try to be the better fighter of the fight. Crying will fetch him. 8—Thou shalt not expect him to apologize—even if wrong. Let it pass. Kiss him a hot steak for his forget it. 9—Thou shalt not hesitate to husband that he is living man, and that thou shalt him far more than Hughesvelt. 10—Thou shalt never tell thy husband of the awful past. He must marry him did love him then the sacrifice.

Husbands, Please Attend. 1—Thou shalt not think thyself art it. 2—Thou shalt not praise thy wife. Praise thine own. 3—Thou shalt not be a thy wife. Thou mightest generous. She earns half anyway. Thou dost work a day, but she never knows her work is ended. 4—Thou shalt not share for thy wife with the boozed deserveth it all. 5—Thou shalt not keep from thy wife. Secrets bion and wreck confidence. 6—Thou shalt not quarrel with thy wife after the day over. Don't shut up a class, if she want to talk help it. 7—Thou shalt not fail life insurance for thy wife. 8

"THOU SHALT NOT" FOR WIVES AND HUSBANDS'S DECALOGUE ISSUED BY NEW BRUNSWICKER

Rev. Frank C. Rideout, Pastor of Second Baptist Church, Bridgeport, Conn., and Native of Hartland, Preaches Series of Novel Sermons to His Flock and Outlines Strongly His Views on Matrimony and "The Simple Life."

Bridgeport, N. S., Jan. 26.—"Making a home or settling down" is one of a general series of sermons under the general title of "Life Problems of the Younger Set," recently preached by Rev. Frank C. Rideout, pastor of the Second Baptist Church of Bridgeport, Conn.

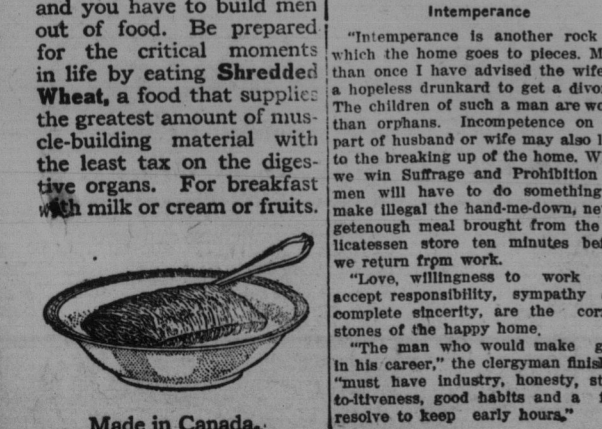

A New Decalogue

- 1—Thou shalt not be a spendthrift. Do not squander thy husband's hard-earned money. It is sacred to him and should be to you.
- 2—Thou shalt not talk shop when thy husband returns at night. Remember he has had shop all day. Study politics or baseball so as to interest him in something new.
- 3—Thou shalt not fail to have his meals on time. When the animal is fed you will have a gentleman to spend the evening with you.
- 4—Thou shalt not quiz thy wedded husband. Do not get talking before the marriage. Be adroit and he will tell you all.
- 5—Thou shalt not nag thy wedded husband. Hit him with an ax. It is more kind.
- 6—Thou shalt not fail to dress up for thy husband as thou didst before thy marriage.
- 7—Thou shalt not try to fight thy husband. The male has always been the better fighter of the two. Don't fight. Crying will fetch him sooner.
- 8—Thou shalt not expect thy husband to apologize—even when he is wrong. Let it pass. Kiss him and give him a hot steak for supper. Then forget it.
- 9—Thou shalt not hesitate to assure thy husband that he is the greatest living man, and that thou dost admire him far more than Hughes or Roosevelt.
- 10—Thou shalt never remind thy husband of the awful sacrifice thou didst make to marry him. If thou didst love him then there was no sacrifice.

Husbands, Please Attention

- 1—Thou shalt not think that thou thyself art ill.
 - 2—Thou shalt not praise thy neighbor's wife. Praise thine own.
 - 3—Thou shalt not be stingy with thy wife. Thou mightest as well be generous. She earns half the salary anyway. Thou dost work eight hours a day, but she never knoweth when her work is ended.
 - 4—Thou shalt not share thy love for thy wife with the booze shop. She deserveth it all.
 - 5—Thou shalt not keep any secrets from thy wife. Secrets breed suspicion and wreck confidence.
 - 6—Thou shalt not refuse to talk with thy wife after the day's work is over. Don't shut up a clam, and besides, if she want to talk she can't help it.
 - 7—Thou shalt not fail to provide life insurance for thy wife and children.
 - 8—Thou shalt not scold thy wife when the meal-burns up, as it will even in the best-regulated home. Don't rage, but go out and blow up a powder mill.
 - 9—Thou shalt not fail to kiss thy wife good-by in the morning.
 - 10—Thou shalt not forget through all the passing years that thy wife whom God hath given thee as thy companion, is thy superior.
- What Mr. Rideout Says
- In speaking to a newspaper man regarding his revised commandments, Rev. Mr. Rideout said:
- You Must Train
- "Youth's first great undertaking, is getting in training, getting ready for the race.
- "A runner or a football player goes

DEATHS OF TWO HEROES ARE RECALLED

Vancouver Writer Recalls Supreme Sacrifices Made By Two Friends, Captain Ralph Markham and Lieut. Borden.

"Lucien," in the Vancouver News-Advertiser, in an article on the late Sir F. W. Borden, says: "Among the militia officers of the early days of Sir Fred's ministry was his only son, Lieut. Harold Borden, B.A., a medical student of McGill when the Boer war began. My mind goes back to a gathering in a public hall with a group of volunteers marshalled on the platform. These were days when a party of thirty or forty was considered a fair war contribution for a city. Lieut. Borden was in charge, a tall, strong youth who looked of his part. In answer to many speeches about all he said was that he would not send any of his men where he would not go himself. As a matter of fact he went many places where he would not send his men."

Changes Ownership

She is said to have changed ownership four times since she was on the stocks, but this is a rumor. She was launched without the usual christening ceremony, as no champagne or flowers were thrown over her bow for luck and not a stitch of bunting was used in way of decoration. In fact, she was launched without colors of any nation and it is not known to what country she will belong. Her halting port at present is given as New York but the talk in the yard is that she is going to Nova Scotia parties. This also is hearsay, for the strictest secrecy is maintained.

Revival of Shipbuilding

Another interesting feature of the Pyre is the fact that she is the first schooner to be built in Camden for many years, and it has long been felt that shipbuilding in the town was a thing of the past. The old Bean yard was sold several years ago to Dr. Geo. Phelps of New York, a summer resident, who was planning to open it up for cottage lots. The shops had long since been razed and the grass grew rank where once 70 schooners had been built.

When the signs of the times pointed to a demand for merchant vessels, "Bob" Bean, who had for years been engaged in the business with his father, Holly M. Bean, and had been about the yard as a youngster long before he was old enough to take an active interest in the enterprise, saw the signs before anyone else and made up his mind that Camden should "come back," and before anyone realized it or believed it could be true he had closed contracts amounting to something like \$800,000.

The Pyre is only the first of the schooners of the new shipbuilding days, for he expects to build five others in 1917. He leased the old yard of the new owners, built new shops, and now that the Percy R. Pyre II is half completed on the stocks, a four-masted schooner Percy R. Pyre II, which was launched on December 23rd, from the yards of the R. L. Bean Co. The Percy is riding at anchor in Camden harbor and has attracted much attention from hundreds of people drawn by the many mysteries attached to her. She will sail soon for New York in command of Capt. Ernest Lamb, who is looking after the finishing touches. She is the first big auxiliary craft built in Maine waters, carrying a Swedish engine of 600 horsepower, which will be used in conjunction with her sails.

Suffered With Heart For Ten Years Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity. They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c, or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

STOP CATARRH! OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear, no more headaches, dizziness or straining for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need, it's a delight.

There is a craft of mystery at Camden, Me., which, it is said, will be transferred to Nova Scotia ownership. The vessel is the large four-masted schooner Percy R. Pyre II, which was launched on December 23rd, from the yards of the R. L. Bean Co. The Percy is riding at anchor in Camden harbor and has attracted much attention from hundreds of people drawn by the many mysteries attached to her. She will sail soon for New York in command of Capt. Ernest Lamb, who is looking after the finishing touches. She is the first big auxiliary craft built in Maine waters, carrying a Swedish engine of 600 horsepower, which will be used in conjunction with her sails.

The general dimensions of the Pyre are: Length of keel, 205 feet; breadth of beam, 40 feet; depth of hold, 19 feet. Her oak frame was cut in Virginia by Wentworth Basick; the planking and ceiling are Southern yellow pine. She cost \$150,000.

The body of Robert Smith arrived from Norton by the Maritime express Saturday and was taken to Fernhill cemetery for interment.

1,000 WOMEN AND GIRLS MET FEARFUL DEATH

Arsenal in Dresden, Germany, Blows Up, According to Letter Received in Paris.

Paris, Jan. 27.—The Dresden, Germany, arsenal has been blown up and 1,000 women and young girls killed, according to a letter taken from a German soldier, dated Dec. 30. The letter was written from Dresden, and the writer said that all the windows within a radius of twelve miles were broken by the explosion. He added that the authorities were keeping the news secret, and that no railroad tickets were being issued for Dresden except for urgent reasons.

THE RESULT IN DORCHESTER.

In Dorchester, Quebec, on Saturday, Hon. Albert Seigny, Minister of Inland Revenue in the Borden Government, was elected by a majority of 276 over Lucien Cannon, the Laurier endorsed treason-monger who made his chief campaign plank the appeal that Canada had done enough in this war and should make no further sacrifices for England. Mr. Cannon claimed that he opposed the Minister on the ground that after opposing the Laurier naval policy, he had recanted and voted for the Borden proposal to devote \$35,000,000 to the purchase of Dreadnoughts and, further, that Mr. Seigny was pledged to support the Government in any measure it might deem advisable to take for the better prosecution of the present war. In fact Mr. Cannon in several of his meetings used the canvass that "if Mr. Seigny is elected there will be no limit to the sacrifices Quebec will be called upon to make for England."

The result of the election was always in doubt and the handsome majority scored by Hon. Mr. Seigny was very pleasant evidence that the old province of Quebec is waking up to the real character of the Laurier tactics and is no longer to be misled by men of the Laurier-Cannon type. That this awakening did not come sooner is a matter to be regretted but that it is coming now will do much to improve the relations between Quebec and other Canadian provinces. It cannot be denied that events of the past in Quebec have contributed to the development of a spirit of ostracism, or worse, towards that province and its people. This condition is as undoubted as it is dangerous but the result of Saturday shows that it can still be overcome if far-sighted leaders take advantage of the situation, and the French people are shown the danger of following the teachings of men like the defeated candidate and his associate. At all events a majority of the people who went to the polls in Dorchester on Saturday showed by their votes that they did not approve of the canvass that Canada has contributed her last man to the glorious struggle against Prussian militarism. They have declared, it as their desire that she shall continue, in the future as in the past, to pour out men and money for the Empire's righteous cause and the advancement of those British institutions which have ever made for the freedom and liberty of mankind.

SIR WILFRID'S RESPONSIBILITY.

Although Lucien Cannon and his treasonable canvasses were readily rejected by the people of Dorchester, Quebec, on Saturday, yet Sir Wilfrid Laurier has not repudiated the disgraceful statements which during the campaign, were made in the name of the Liberal party and, to quote Mr. Cannon himself, "with the Voice of Laurier." Such statements were intended to inflame the French Canadian people and to induce them to vote against the Government candidate. That they failed of effect does not lessen the responsibility resting upon the men who fathered them, or those Liberals in higher places who permitted them to go broadcast uncontradicted. That is a burden under which Sir Wilfrid still rests. The Liberal party as a whole is not to be blamed for the character of Mr. Cannon's campaign. That choice melange of treason and mis-statement was the creation of one wing of the party, but a wing which stands particularly close to Sir Wilfrid, and which, up to the present, has had an all too prominent part in shaping the party's policies. It is that wing which has most strenuously opposed the Government's war measures and was most desirous of throwing the country into the turmoil of a general election. However, the result in Dorchester may cool their desire for political strife at a time when the thoughts of all Canadians, no matter what their political affiliations, should be turned in the direction of the one thing worth while—the winning of the Empire war.

THE ROSS RIFLE.

When Sir Wilfrid Laurier was in power in Ottawa the Ross rifle was adopted as the weapon of the Canadian militia. At that time there were complaints against it on the ground of efficiency but these were not heeded. Canadians armed with the Ross had won honors in target contests in England and it was regarded as a modern weapon.

At the outbreak of the present war the Canadian soldiers were sent to Europe armed with the Ross rifle. Soon there were complaints that it was less effective than the Lee-Enfield with which the British troops were armed. This ineffectiveness was not due to a fault in the rifle but rather to a difference in the ammunition supplied.

Immediately Sir Robert Borden appealed to the British military authorities to settle the question and promised to abide by their decision. Sir Douglas Haig, British commander-in-chief, reported against the Ross and at once the Canadian Government proceeded to replace it. What more could any government do?

But it should be remembered that no firearm is effective unless it is provided with the ammunition designed for it. A rifle captured from the enemy is useless just as soon as the ammunition to suit it is exhausted. With proper ammunition the Ross might have been all right but whatever its future it is not likely to become the weapon the opposition would seek to make it—a gun to be successfully turned against a Government which has done and is doing its very best in the interests of the Canadian soldiers. The Ross rifle will be of no more value to the opposition as a political campaign weapon than was the little Cannon they tried in Dorchester on Saturday.

"There will be no limit to the sacrifices Quebec will be asked to make for England if Seigny is elected," was one of Cannon's favorite appeals. Apparently the voters of Dorchester want to stay by the Empire and the old flag and were not led astray by the "no further contributions" canvass of the Laurier endorsed candidate and his Liberal spokesmen.

"Dorchester will show the handwriting on the wall to the Borden Government," was the way an extreme Quebec publication predicted Cannon's election. Cannon was defeated and today the Liberals the country over will wish they could wipe that handwriting out.

Although the people of Dorchester rejected Mr. Cannon, the treason-monger, it must not be forgotten that he was endorsed by Sir Wilfrid Laurier and spoke with the voice of the Liberal party. That is something for loyal Canadians to remember in the future.

By error The Standard on Saturday referred to Hon. Mr. Seigny as Postmaster General. The victor in Saturday's contest in Dorchester is Minister of Inland Revenue.

Ultra-enthusiastic Liberal newspapers which last week declared "As goes Dorchester so goes the rest of the country when the general elections come," will now need to revise that opinion or admit their cause lost.

The defeat of Sir Wilfrid's "Dear Lucien" should prove of material assistance in cementing the Bonne Entente between Quebec and the other provinces of Canada.

The Liberal complaint against Hon. Mr. Seigny was that he was too British to suit the French-Canadian people. Dorchester voted for loyalty, and repudiated that slander.

There was heavy weather in Dorchester last week and Sir Wilfrid's "Dear Lucien" appears to have been snowed under.

Well done, Dorchester! Well done, Quebec!

That Dorchester Cannon wasn't even a good fire-cracker after all.

Tributes From Acadian Press To New Senator

Hon. Senator Thomas J. Bourque. (From Le Moniteur Acadien.) To Acadia's new senator, Le Moniteur offers its sincerest congratulations. Dr. Bourque's public career is already one of which he can justly be proud. During eight years he has faithfully served the interests of Kent county in the provincial parliament, where he has won the respect and esteem of all by his courtesy, his intelligence and his ability. He possesses all the virtues requisite to represent with dignity his native province in the Upper Chamber, where he will be an honor to his race, an honor to Kent, and an honor to the position to which he has been elevated.

We congratulate, also, the County of Kent whose prestige will grow by the nomination of Senator Bourque. Kent has won this honor on account of the generous support it has always given to the Conservative party.

Lastly and principally, the Moniteur congratulates the Acadian people of New Brunswick, who have made another step on the way to progress, and acquisition of the rights which they should enjoy in the administration of public affairs.

A few days ago only, Le Moniteur gave a brief review of the noble life of Hon. J. D. Hazen and expressed its confidence in the spirit of justice which has always distinguished the conduct of this eminent statesman, in the broadness of view which he has always displayed in the study and handling of the important questions submitted to his judgment, and in the good disposition he has never failed to show when the interests of his brother citizens of Acadian origin came before him.

Hon. J. D. Hazen is one of the noblest figures in the public life of Canada. Providence has gifted him with superior intelligence, with a heart open and generous, enabling him to look at all questions without bias and to settle them according to justice and the best interests of the country. Totally free from all prejudice, sincerely desirous of promoting the bono entente between all the citizens of this country without regard to racial or religious distinctions, he has accomplished his public duties guided by the highest interests of the nation, and the French Acadians have benefited by the high and inspired patriotism of Hon. J. D. Hazen.

To Mr. Hazen we owe this act of justice, that has given to Dr. Bourque the second Acadian senatorship of New Brunswick. To him we express our cordial congratulations and deepest gratitude. Sir Robert Borden has already given proof of the good intentions which he nourishes in regard to his co-citizens of Acadian origin, in electing to the Hon. E. Lavie Girou to the Canadian Senate. All we can add is that we have reason to depend on his support to assure the triumph of our just claims.

An Acadian Senator. (From L'Evangeline.) Last Saturday, as we announce in another column, Dr. Thomas J. Bourque, of Richibucto, was officially appointed to the Canadian Senate. An Acadian senatorship was a thing we had a right to, and the authorities could not do anything else than give it to us. We thank them all the same.

It is true that the Acadians were not very lucky when the appointment of a successor to the late Judge Landry was made. But the nomination of Senator Bourque shows once again that in order to receive we must ask and ask again. We do not doubt that every Acadian, whatever his political affiliations be, will rejoice in the choice that has been made. Senator Bourque is favorably known throughout the province of New Brunswick, and he is a patriot who, in fulfilling his new duties, will make it a point of honor to work arduously to the advancement of his race and in the acquisition of rights which are at times not recognized. The Evangeline, of Acadian nationality, is very pleased with the nomination, and offers to Senator Bourque its warm wishes and sincerest congratulations.

Speeches of H. J. Logan, ex M.P. and Lieut. Morton Bring Practical Results at Imperial Meeting—Tribute to 26th.

The voluntary system of recruiting got a new impetus at the meeting in the interest of the 25th Construction Battalion in the Imperial Theatre last evening, when no less than nine recruits responded to the call of H. J. Logan, ex-M. P. of Amherst, and Lieut. Morton of the 25th. The names of the recruits are published elsewhere in this issue.

Last evening's meeting was well attended, the announcement that an abusive recruiting tactics would be employed having brought out several eligible recruits who listened with rapt attention to the eloquent and forceful remarks of both speakers.

Mr. Logan's effort was one of the best that has been heard in the city for some time. His eloquent tribute to the members of the 26th Battalion for their gallant work at the front was received with great applause.

Lieut. Morton made a pleasing address. He had the punch that served to arouse the men in the audience to a realization of their duty. He showed himself to be a capable speaker and has already demonstrated his ability as a successful organizer.

Major Hayes presided and made a few appropriate remarks in opening the meeting. Before the address moving pictures of women munition workers were shown. The pictures showed 3,000 women actively at work in the plants of the Vickers, Maxim and Northern Electric Companies in Montreal. These pictures will be shown again in the Maritime Provinces. During the evening the quartette from the 16th Battalion was heard to much advantage.

Mr. Logan after referring to the duty each citizen owed to defend the Empire while at war, said that those who joined the colors would come back to develop the resources and help to make greater a country that was worth living, yes, worth dying for.

"Canada is worth fighting for; Canada calls you; the British Empire is worth fighting for; the British Empire calls you. Poor Belgium, Poland and other countries who are fighting for liberty and justice call for you. Their call should be answered. The man in the trenches that you and I know; the man with a family of seven or eight little ones who has left home to fight for his country calls for you. He is waiting for you with arms outstretched to look the man with seven or eight children in the face? That man is calling you to come to his assistance, to bring him food and munitions so that he may carry on the war in order that the arms of the Empire may triumph. That civilization shall not be destroyed, that the German emperor in these days of Christianity may be taught that the rule of right must be maintained and that the rule of might must be put down," said Mr. Logan.

"If I talked and labored throughout this country for ten years I would not do as much as one boy is doing in one night in the trenches defending your liberties and defending mine. Let us resolve to do everything in our power to win this war. Beneath the soil of Flanders lie men who sleep the everlasting sleep. They died in order that civilization shall live and that the flag shall wave forever more."

Mr. Logan paid a glowing tribute to the work of the French in this war. He said that the record of their achievements would stand out prominently for years. The spirit of the people of this Empire who with their allies would go forward to a great and glorious victory.

"I want to tell you that the 25th Battalion will stir up the Province of New Brunswick in recruiting as she has never been stirred up before. I want to impress on the members of the audience that rejected men of the other battalions were for the most part eligible recruits for the construction battalion. We want men and we want them badly," said Lieut. Morton.

"For almost two years the allied forces took their reverses sternly and until the termination of the war we are going to make our advances more sternly. But we need your help. We want men to make Germany pay the reparation for the outrages she has perpetrated. I ask every man to get in touch with his conscience, to get in touch with the best that is in him, to get in touch with his God and to join the other 384,000 men who are fighting in the defence of Empire.

"Honor and liberty are greater than life," said Lieut. Morton. "Who is there who would sell his honor for his life?"

Lieut. Morton after paying a tribute to the part that the women of the Empire are playing in the present war, sent out the clarion call for recruits. Nine men immediately responded amid the cheers of the assembled spectators.

The meeting closed with the singing of the National Anthem.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

PEACE RUMORS UNSSETTLE THE STOCK MARKET

Wall Street Exchange Dull, Volatile Specialties Sustain Further Declines — Grain Prices Drop.

New York, Jan. 27.—Traders availed themselves of the revival of peace reports in the course of today's dull and perfunctory market, leading issues as well as volatile specialties recording irregular declines. The movement was assisted by conditions in the commodity markets, cereals yielding sharply, with a contrary rise in cotton options.

United States Steel was offered down a point, with five points for Bethlehem Steel and one to two points for affiliated industries, two to three points for shippings and motors, and more moderate recessions in equipments. Coppers were heavy, with Industrial Alcohol, distillers securities, Central Leather, American Can, Texas Company, Best Sugar, International Paper and kindred speculative issues.

Gains Were Limited. Gains were limited to fewer than half a dozen stocks. Chief among these were General Electric, U. S. Rubber and Minneapolis and St. Louis Railroad, the latter advancing more than three points. Rails, as a whole, fell into complete obscurity, some of the more representative issues remaining unquoted. Irregular rallies marked the final dealings, total sales amounting to 240,000 shares.

General financial news of the day included the announcement that subscriptions to the new British loan equal the full amount of that issue, thereby insuring its success. German exchange was slightly reactionary, with no material alteration in other remittances.

Bank Statement. The bank statement failed to meet general expectations of a large loss of cash, the actual contraction being only nominal, with a large increase, however, in loans and a decrease of about \$11,000,000 in reserves, the first setback in five weeks.

The only feature of the irregular bond market was the heavy selling of St. Louis and San Francisco issues at occasions extending from 8:25 to 10:30 points. Foreign bonds were dull and without change. Total sales, par value, aggregated \$2,790,000.

HEAVY CURTAILMENT IN STOCK MARKET

Daily Average Sales Last Week Were Under Half a Million Shares — Speculative Sentiment Are More Cheerful.

Special to The Standard. New York, Jan. 27.—Various reasons were offered in explanation of the pronounced curtailment of business in the stock market this week, the daily average being well under half a million shares. The congressional inquiry now in progress doubtless caused professional traders to restrain their activities but otherwise the investigation appeared to have little effect.

Speculative sentiment was more cheerful, largely in consequence of the absence of fresh disturbing elements in the international situation but lack of public interest or initiative of any sort from outside sources was again a deterrent factor.

An awakening of investment demand was seen, however, in the large subscriptions already received for the new external British loan and some domestic undertakings, including an offering of St. Paul Railway bonds. The trend of the general bond was irregular, but with a better tone for international issues. Stock quotations were mainly higher, exceptions being most marked in shippings, motors and local tractions, Brooklyn Rapid Transit being pressed for sale on its indifferent financial statement.

Specialties related to the motor group were backward, with a suspension of dividends on ice rubber and tire. Interest centered around United States in view of next week's meeting when action will be taken on the last year. Earnings for the quarter, last year. Earnings for the quarter, last year. Earnings for the quarter, last year.

The war loan is unquestionably going well, but rose-colored statements are officially deprecated; experience have shown that big estimates encourage "slackers."

GERMAN INVESTORS SELLING U. S. STOCKS

Shares of Recently Reorganized American Railways Being Unloaded on United States May Come Over on Submarine.

Special to The Standard. New York, Jan. 28.—German investors are liquidating in this market some of their holdings of securities in recently re-organized American railroads. This selling is one reason accounting for the prevailing strength of mark exchange, which has advanced in the past few days from a little above 67 cents to 69 cents per four marks. Delivery on these sales is stipulated in Germany or in the adjoining neutral countries in accordance with the practice of the past year or more, and payment is made from this side immediately, thereby giving rise at the present time to a demand for German remittances. As title to the securities thus purchased passes to the American buyer, transfer of them to this side during the war either by submarine or otherwise is at his risk.

Sales of all American securities by German holders since beginning of war have, for the most part, exhausted the floating supply, but there are still considerable amounts left in the hands of private investors who have not immediately intention of parting with them. This latter class of holders, however, has been induced to let go some of its investments in re-organized railroads by the advance which these securities have made in the last several weeks.

WHEAT DECLINES FIVE CENTS A BUSHEL

All Markets Awaiting Developments in the International Situation Respecting Peace Movement.

(McDOUGALL & COWANS.) New York, Jan. 27.—Prices eased off from a fraction to a point in today's market. The real development of the day was in the grain market where there was a decline of five cents a bushel in wheat. Apprehension that the Kaiser in his birthday address to-day may again make peace overtures accounted for this break in the grain market and the declining prices in stocks. The fact that there was no decided weakness in the stock market is a fair indication that the adjustment to a peace basis, at least in standard issues, has been pretty well made. Russia's official approval of President Wilson's peace speech, caused some uncertainty but the statement by Russia that the Allies never intended to crush Germany cannot be construed as an acceptance by Wilson member of the Entente of Wilson's views regarding peace without victory. The market is waiting for developments in the international situation.

THE DEATH RECORD

Twenty deaths were reported to the Board of Health for last week, as follows: Pneumonia, one; measles, one; chronic nephritis, two; pulmonary tuberculosis, five; uraemia, one; cirrhosis of liver, one; infantile, two; cancer, three; premature birth, peritonitis, anæmia, suffocation and sarcoma, each one.

ST. JOHN NURSE WEDS CAPTAIN SHE ATTENDED

Boston, Jan. 28.—Capt. Irving A. H. Peabody, of the Joist Police Station, aged 64, was married last week to Miss Minnie B. McPhee, a graduate nurse in the class 1909 at the Lynn Union Hospital, of 28 High street, Dorchester. She is 42 years old. It is Capt. Peabody's third marriage. Rev. W. W. Bowers performed the ceremony. Miss Myra McPhee, a sister of the bride, and Mrs. McLeod were the only attendants. Five months ago Capt. Peabody was taken ill and underwent an operation at a private hospital in Dorchester. Prior to that his sister fell ill. Miss McPhee nursed both. The engagement followed. It is said the bride formerly belonged to St. John.

CONGRATULATES THE KAISER

Washington, Jan. 28.—President Wilson today cabled Emperor Wilhelm formal congratulations on the fifty-eighth anniversary of his birth, as is the custom on the birthdays of all foreign sovereigns. Secretaries of State Lansing and his three chief assistants left their congratulations at the German embassy.

CANADA CAR ADVANCES OVER FIVE POINTS

No Definite Announcement to Account for the Rise—Smelters and Quebec Steady.

Montreal, Jan. 27.—Canada Car Pfd. was the most active security this morning, selling up to 7 3/4, an advance of over five points from last night's close. There was no definite announcement to account for this strength. The gossip in the street says they will be in a position in a few days to announce how they have come out in the Russian contract. Smelters was better at 33, and Quebec steady at last night's closing price. Civic Power held its recent advance. The rest of the market was dull.

SCHOONER A TOTAL LOSS

A New York dispatch of Jan. 23 says the American schooner Francis V. Sawyer, 399 tons, owned by John S. Emery & Co., of Boston, went ashore January 7 and is a total loss on the coast of Hayti, according to Captain Colbeth, master of the schooner, who has arrived in New York with three members of his crew on the Dutch steamship Commewene from Cape Haytien. Capt. Colbeth said the other members of his crew shipped on another vessel from Hayti.

BRITISH SAILORS' FUND

The Mayor acknowledges receipt of \$50.00 from Mrs. A. P. Freeman Lake, honorary secretary of the Sackville Chapter, Daughters of Empire, for the British Sailors' Relief Fund. This chapter has previously contributed \$100.00 to the same fund, would indicate great interest on the part of the Sackville Chapter in this patriotic endeavor.

GENERAL SELLING IN WHEAT MARKET

Prices Weakened Rapidly Saturday on Peace Rumors—Moderate Recovery.

Chicago, Jan. 28.—Peace talk led to heavy and general selling Saturday in the wheat market here. Prices weakened rapidly although the gossip was based only on rumors that Germany was prepared to offer more definite terms. Opening quotations, which ranged from 5 1/2 to 3 3/4 lower with May at 178 to 180 and July at 150 to 152, were followed by moderate further declines and then something of a rally.

JACK DILLON AND GUNBOAT SMITH MATCHED

New Orleans, Jan. 28.—Announcement is made by a local promoter that Gunboat Smith, of Philadelphia, and Jack Dillon, of Indianapolis, had been signed to meet here Feb. 7 in a 20-round bout.

THE BATTING MARVEL

Look back over the records, past and present, you'll find that batting is as much a matter of physical build as it is of skill and eye. Practically all the great batsmen have been above average—DeLoach, Lajoie, Wagner, Cobb, Speaker, Jackson, Baker, Zimmermann, Daubert, etc. The lightest of the present day crop among the stars is Eddie Col-

lina. But the batting marvel of all time, pound for pound, is Wee Willie Keeler.

Keeler for a stretch of 10 years had an average second to that of Ty Cobb alone—a better 10-year average than any other man in the game has ever known, with a mark around .349. Lacking the power of the others, he stands to reason, therefore, that Wee Willie put more actual skill and science into his hitting than any other ball player on record. "The game's most scientific batsman" is a title that belongs to the Wee One beyond any rebuttal, argument or debate.

WAR VETERANS' SPORTS.

The members of the European War Veterans' Association are arranging a night for ice sports at the Victoria Rink on February 13th, which will include a match one mile race between two well known fast skaters, and also a one-half mile, one-quarter mile, one-eighth mile, open to all; one-half mile for ladies, and one mile open to all who are serving in the C.E.F., including returned soldiers, after which the ice will be thrown open to all.

CAPITAL TEAM WON FROM U.N.B.

Fredericton, Jan. 28.—The Fredericton hockey team won the second game in the local league here on Saturday night, defeating U. N. B. by a score of 2 to 1. The collegians had all the better of the play in the first two periods, scoring their only goal in the second period. The city team came from behind in the last fifteen minutes and nosed out their opponents, the U. N. B. team slowing up. In the last few minutes of the play Flett notched the only counter made by the U. N. B. team, and for a time it looked like a sure win for the wearers of the red and black. Harrison led the game up in the third period, beating out McAllister with a long shot. Wade scored the winning goal after an individual rush. The teams lined up as follows:

Women's Suffrage Association.

The annual meeting of the Women's Suffrage Association was held on Friday at the home of Mrs. Henry Culver, Elliott Row. Officers elected for the ensuing year were as follows: Miss C. O. McGivern, president; Mrs. R. Hooper, Mrs. E. H. Flewelling, Mrs. H. Climo, vice-presidents; Mrs. W. F. Hatheway, corresponding secretary; Mrs. H. N. Coates, treasurer; convener of legislative committee, Mrs. F. Cowdell; convener of literature and press committee, respectively, Mrs. H. N. Coates and Mrs. W. F. B. Paterson.

After the transaction of business while the members were sewing for the poor, Miss McKimney, of Boston, gave a most interesting talk on the enfranchisement of women in Colorado, her former home, and told her experience in the great suffrage parade held in Boston a few years ago. The association last season made and distributed through Miss Robertson, of the Associated Charities, 370 garments. This year promises even better, as 200 garments have already been completed.

DOAKTOWN

Doaktown, Jan. 28.—Miss Freda Wier, B. A., returned to Salisbury to take up her duties again, after spending a pleasant vacation with her parents, Dr. and Mrs. Wier. Mr. William Parker of Houlton, Me., arrived in town on Monday evening, and will spend the remainder of the winter with his daughter, Mrs. Adam Russell. Miss Josephine Haunon went to Plaster Rock on Friday and will spend Sunday with her sister, Mrs. Jack McMullen, before returning to her school in Wabeskey, where she has been teaching for several terms. Rev. and Mrs. Henry Waterston of Kingston Rectory, Kings County, who have been visiting Mrs. Waterston's parents, Mr. and Mrs. George Hinton, spent several days visiting friends throughout the parish where Mr. Waterston was rector for nearly four years. Miss Florence Hinton spent the week-end with friends in Bofestown, and was the guest of Mrs. John Whalen on Wednesday. Miss Bertie Berry spent Tuesday with Mr. and Mrs. William Cumming. Miss Della Betts of Millerton, spent several days in town, visiting her

many friends and relatives. Misses Rebecca and Effie Brown, who have spent the past four years in Maine, returned on Tuesday for a short visit. Their many friends will welcome them back. Mr. Gordon Doak, who has spent the past week at his home here, returned to his work at Newcastle, on Monday. We are pleased to hear that Mrs. Irving Robinson is recovering after her recent serious illness. Mr. Walter Betts, who has been working for several years in Maine, returned to his former home here, while here he is the guest of his aunt, Mrs. Robert Lucas. Miss Mary McCormick, who has been visiting relatives here, went to Newcastle on Wednesday last. Mr. Archie McDonald is visiting Mr. and Mrs. Alexander Storey, at Storey-Town. The many friends of Mrs. Fred H. Merseman will be glad to learn of her safe arrival in England. Mrs. Jack McMullen has returned to her home at Plaster Rock, after spending a pleasant vacation with her parents, Mr. and Mrs. Michael Hanon of Hazelton. Mr. Miles Doak who has been in failing health for some time, was taken to the Victoria Hospital, Fredericton, N. B., some three weeks ago. He returned home on Thursday evening accompanied by Mrs. Doak. His many friends will be sorry to learn he is not much improved. His brother, Mrs. Peter Doak arrived in town one day last week from Ashland, Me. He was called home rather unexpectedly on account of the illness of his brother. Mrs. Edward Merseman and daughter Emma, who have lately arrived home from the West, spent Tuesday with Mrs. Ellis Merseman of this place. Rev. George Tiley, pastor of the Methodist church here, preached a very interesting and instructive sermon to a large congregation on Sunday evening. His assistant, Mr. Hewlette Upton will preach at the home of Mr. Howard Ames next Sunday evening. This is being done chiefly for the benefit of the children, who are unable to attend the services in winter, owing to the distance. Mr. and Mrs. Manford Carroll, accompanied by Miss Unice Carroll, were visitors in town on Tuesday. Messrs. James Swin and Walter Freeze, who have broken out of the ice jam, are busily at work. Mrs. Jack Smith of McNamers, was the guest of her aunt, Mrs. Everett Lyons. Mr. Alex. McKee and son Percy of Blissfield, were in town on Tuesday. Miss Nellie Murphy of Ludlow, is visiting Mr. and Mrs. James Holmes in town. The many friends of Mr. and Mrs. Fred Price will be sorry to learn of their son's death, Aubrey Price, who went overseas with the 132nd Battalion. He was taken seriously ill soon after arriving in England. He was admitted to the hospital there, and every hope was held out for his recovery, till the sad news of his death came recently. Father Mureck of Kenous, was in town recently. Mr. Hozan, traveller for Baird and Peters, was in town on Wednesday last. Mrs. Willard Wilson and two daughters of McNamers, were guests of Mrs. Ernest Russell one day last week. Misses Margaret and Annie Doak, who have been visiting relatives and friends in Fredericton, have returned home. The Red Cross Society held their regular meeting on Tuesday evening at the Aberdeen Hotel. Miss Frances A. M. Whyte is visiting her sister, Miss Annie Whyte.

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of your little bowel without griping, and you have a well, playful child again. You needn't coax six children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

115TH BAND CONCERT.

A very fine programme was given by the 115th Band at a concert held at the Imperial Theatre on Saturday afternoon. The Young Women's Patriotic Association were in charge of this concert, members of the executive acting as ushers. The proceeds are for patriotic purposes. His Worship Mayor Hayes in a few well chosen words welcomed the members of the band and spoke of the splendid reputation they had established. The general programme was carried out by the band, the descriptive military fantasy with its stirring song and national airs introduced being particularly fine. Some music from "The Bing Boys" proved very popular. The general opinion was that the bandmaster, Mr. Bandmaster Perkins and his company of musicians were to be highly congratulated on the splendid manner in which they rendered the selection.

Captain Pidgeon was heard to great advantage in "The Sunshine of Your Smile," his accompanist was D. Arnold Fox. While there was a fair audience present, the short notice given prevented many from availing themselves of the opportunity of hearing the band. The Imperial Theatre was donated by Mr. W. H. Golding with his usual generosity.

social Saturday evening. After a delicious supper had been served the boys went through a test on their ability to entertain.

About seventy boys were present Saturday night to hear the third of a series of first aid talks which are being given by Lieut. W. P. McKay of the Field Ambulance.

At the Sunday morning service Mr. Horace Wetmore gave the fourth of a series of talks on "The Christian Race."

Last evening the Mentors' Association held their regular monthly meeting at the residence of George R. Ewing. W. C. Cross gave an interesting talk on "Adolescence," after which refreshments were served by Mr. and Mrs. Ewing.

Rehearsals of "The Private Secretary" will be held every night this week, preparatory to the presentation of the play at the Imperial Theatre on the evening of the 26th of February.

J. S. DENNIS TO SPEAK.

"Some of Canada's Problems," is to be the subject of an address by J. S. Dennis on Tuesday evening, in the Knights of Columbus Hall, under the auspices of Royal Standard Chapter, I. O. D. E.

He will deal particularly with the returned soldier's problem, and will tell what the Canadian government proposes to do for those heroes who have sacrificed so nobly in defence of the Empire.

In addition to the address the 115th band, which has lately returned from England, will be present and provide a musical programme. The funds will go to swell the fund already started by this chapter for returned soldiers. Don't forget the date.

Animal Rescue League.

That there are kindhearted people in St. John, and that the Animal Rescue League is filling a need in the community, was shown during the heavy snow storm of last Monday. One of the members of the league was telephoned to by a lady residing on Wentworth street that a lost dog had been around Centenary church all day and was in a most pitiable condition. A few minutes sufficed to reach the spot where the poor fellow was found. The doorway of the church had been an inhospitable shelter, for he was encased in ice and snow and scarcely able to stand. Carried to the furnace room of our kindhearted friend after a couple of hours' work he was made fairly comfortable. Then the man of the house ordered a coach, and the dog, a nice young collie, was taken to the animal rescue league where he is slowly recovering from starvation and exposure, and awaits an owner.

If Belgium Were "Next-Door" To Canada

-if the heavily-charged electric wires, that pen the people into a workless and almost foodless land, ran along our frontier -if instead of reading of Belgian sufferings we heard the pitiful tales from the lips of escaped victims -if we could see the long and hungry bread-lines of people as intelligent and once as prosperous and comfortable as ourselves -if we could watch the thousands of emaciated children who are fed at the schools by the Belgian Relief Commission -if what they are enduring, and their desperate need, were clear and vivid to us, instead of unreal and overseas -then the great hearts of Canadians would be moved, and there would be no trouble in raising several times our present contributions to the Belgian Relief Fund.

Can we bring the urgent need of the hungry Belgian mothers and children home to YOU? Can we enlist YOUR active sympathy for those whose very lives depend on the prompt and continued help of people like yourself? ECZEMA ON FACE Was So Bad Had to Stay in House

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected. Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles. Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors, but got no relief of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me, so I kept on taking it. Now I am cured, and have a lovely skin. "People who used to see me when I was so bad and see me now will not believe it, but I always tell them that nothing cured me but Burdock Blood Bitters." E. B. Imperial Theatre Bulletin: Come and See a Good Irish Story and Hear Some of the Sweetest of Irish Music!

THE MOTION PICTURE WORLD SAYS:— IN WRITING HIS SCENARIO the author of the photoplay must surely have had Dustin Farnum in view for the part of Dennis O'Hara. Mr. Farnum has so many engaging qualities and embodies the character with so much manliness and so lively a sense of humor that he wins and holds the admiration of everybody through the entire five reels. The picture is delightful throughout and the atmosphere of the Emerald Isle is well sustained while the New York scenes are vividly real.

Miss Cora Dawson left last week to take a course of training at the Wintrop Highlands, Mass. hospital.

In aid of the British Sailors' Relief Fund a large and most delightful ball was given by the management of the Russell House, under the direction of the Mademoiselle Vercheres, Chapter I. O. D. E. The event was an immense success in every way, over three hundred tickets having been disposed of, half the proceeds from which will be devoted to the Seaman's Fund. The spacious ballroom in which the dancing was carried on, was most attractively decorated with ropes of evergreen suspended below the ceiling. Large red and green Christmas bells were hung beneath the electrics and a row of green shaded lights was placed around the wall. Music was supplied by a splendid orchestra, stationed at one side of the room, and several times during the evening, some of the dance songs so popular at present, were sung as an accompaniment of a fine baritone voice. A buffet supper was served at eleven in the smaller dining-room, and the drawing-room upstairs was set apart for bridge players. The prizes for bridge were won by Mrs. Gerald Dillon, Mrs. W. Corestone of Montreal, Mr. C. B. MacKenzie and Mr. Tompkins. The guests were received by a reception committee consisting of Mrs. Cochrane, Mrs. Blonden, Mrs. Edwards and Mrs. Parker. The chaperones were Mrs. Kenneth Gilmour, Mrs. Hadley and Mrs. Davis. Miss Vesette Siddall, daughter of Mr. and Mrs. George Siddall attended this ball. Miss Siddall was gown in black satin with over dress of real lace and pearl trimmings.
Mr. and Mrs. Colpitts Tillmore and Miss Emily Tillmore spent some time in Amherst, as the guest of Mrs. Atkinson.
Mr. Arthur Bulmer of Amherst, spent the week-end here, as the guest of his brother, Mr. Walter Bulmer.
Miss Emily Tillmore is spending a few days in Jolicure, as the guest of friends.
Friends of Mrs. Stephen Siddall of New York, will be glad to learn that she is improving after a serious illness.
Mrs. Siddall is a daughter of Mrs. George B. Siddall of this place.
The marriage of Daley M. Carter to Alexander Carter took place at Lynn, Mass., on the 14th. Miss Carter is a daughter of Mr. Martin Carter.
Miss Helen D. Carter of Mount Whatley, was a Sunday guest of her aunt, Mrs. Walter Bulmer.
Mr. Ruth Carter of Sackville, returned home on Wednesday after spending a few days with her parents, Mr. and Mrs. Adam Carter.
Mr. and Mrs. Albert Miner of Amherst, were here on Tuesday, as the guest of Mr. and Mrs. Lloyd G. Miner.

Doctors Failed to Cure

Two Letters Which Prove the Efficiency of Dr. Chase's Ointment as a Cure for Eczema.

Fortunate are the mothers who know the virtues of Dr. Chase's Ointment, for there is no treatment so suitable for use after the bath to relieve irritation and chafing and to thereby prevent eczema and similar skin diseases.
Mrs. L. Barnes, Toronto, Ontario, writes—"I want to tell you about the case of my little boy, who had baby eczema when he was three months old. It started on the top of his head, on his forehead and around his ears. The doctors failed to do him any good, so I tried Dr. Chase's Ointment on the recommendation of a friend, and in a month's time the child was entirely free of this disagreeable skin disease. He is now four years old, and has never had any further trouble from ailments of this kind. I also have great faith in Dr. Chase's Nerve Food, and believe that it cannot be beaten as a restorative for pale, nervous women."

Mrs. George McNair, River Charles, N. B., writes—"We use Dr. Chase's Ointment in our home, and would not wish for anything better for cuts, burns and bruises. A few years ago a friend of mine, whose baby was terribly afflicted with eczema had her child treated by their own family physician, but the little one got no better. They tried several remedies, but they all proved useless in this case. Upon the advice of a neighbor they got Dr. Chase's Ointment, and before the first box was used the child was completely cured. I can also recommend Dr. Chase's Nerve Food to suffering friends who I know will be glad to learn of something to relieve their nervous trouble. You have my permission to use this letter for the benefit of others."
Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

WANTED

Men and Women to Attend Short Courses in Agriculture

Free Courses in Agriculture will be given at different points in New Brunswick during the months of February and March 1917, as follows:

AGRICULTURAL SCHOOL, SUSEX, February 5th to 9th, inclusive.
CHEESE AND BUTTER MAKERS' COURSE, February 12th to 16th, inclusive.
AGRICULTURAL SCHOOL, WOODSTOCK, March 12th to 16th, inclusive.
CHATHAM, March 19th to 23rd, inclusive.

The aim will be to make each course as practical as possible and also meet local conditions.
This, it is hoped, will go far to insure a full attendance.

As the courses will be short those who purpose attending are urged to make a strong effort to enter at the beginning and remain throughout the course.
But if you cannot arrange to be in attendance during all of a course, don't let this prevent you from being present as much as possible.

The only expenses you will incur are for board and your railway fare at reduced rate. Purchase a single first-class ticket and secure a Standard Certificate from the Ticket Agent. Railway fares amounting to \$2.00 or over will be refunded by the Department of Agriculture.

As each course will be adapted to meet the conditions of the section of the province in which it is held, separate programmes, will be prepared.
Write J. W. Mitchell, Department of Agriculture, Fredericton, N. B., for application form, further information and a programme of the course you purpose attending.

Ladies are cordially invited to attend lectures and take any portion of a course in which they are interested.

Has Knit 200 Pairs of Socks. Mrs. Alexander Fraser, City Road, although in her 57th year, has certainly done her bit in the way of providing comforts for the soldier boys who are fighting in France and Flanders. Since the beginning of the war she has knitted 200 pairs of socks which have gone to the boys. This is a record of which a much younger lady might well be proud, and is an exceptional record for a lady of her advanced age.

Owing to the war many articles are being given to a greater extent than formerly. Gundry's experience shows a strong demand existing for clearance cases, sashet rings and military brushes. A grand selection of these articles is always kept in stock. The famous wrist watch is also shown in many styles.

FRASER LTD. WILL ERECT BIG PULP AND PAPER MILL AT EDMUNDSTON, MAD. COUNTY

Realization Immense Possibilities for This Industry in New Brunswick Successful Lumbermen Undertake Erection of Gigantic Plant—New Era of Development for Upper Section of Province—Cabano Offered a \$50,000 Bonus and Other Generous Concessions.

Every Desirable Point in Province Has Put Forward Strong Claims for Important New Industry—Edmundston's Natural Advantages, Its Proximity to Timber Properties and Excellent Railway Facilities Proved Determining Factor—Vast Number of Employees in New Enterprise of Fraser, Ltd.

Fraser, Ltd., the big Canadian lumbering concern, with headquarters at Fredericton, have decided on the erection of an immense pulp and paper plant at Edmundston, Madawaska County. The project, one of the biggest industrial enterprises ever undertaken in the history of New Brunswick as it represents an investment of several million dollars, involving an initial expenditure of at least \$2,000,000. The fact that such successful business men behind the enterprise ensures its success. The operation of the new plant, affording as it will employment to a vast number of people, will mark a new era in the industrial life of the province.

The decision of Fraser Ltd. to undertake the erection and operation of such a gigantic plant has one outstanding feature and that is the confidence which these big lumbermen are displaying in the possibilities of New Brunswick. That the province affords striking opportunities for the manufacture of pulp and paper has been believed for some time and the practical step taken by Fraser, Ltd. after a most exhaustive investigation, is proof positive of the possibilities of New Brunswick along these lines.

The announcement of the decision of Fraser, Ltd. to establish the new industry at Edmundston was made on Saturday. There is no doubt of the authenticity of the announcement, and operations will be commenced within a short time on the erection of the new plant. That the company had under consideration the possibilities of a pulp and paper mill in this province for some little time past has been generally known, the announcement having been made in The Standard some weeks ago. Interest in the investigations of the company was province-wide, while proposals to establish the plant there came from points outside the province. It is known that the advantages of Fredericton, Edmundston, Campbellton, Chatham and Newcastle as well as other points, were placed before the representatives of the company who were engaged in gathering information. Each point had strong points to place before the consideration of the company with respect to its natural advantages, proximity to timber lands, railway facilities, etc., while each point was also prepared to give substantial concessions to the enterprising business men who were looking for the most desirable and advantageous site. From Cabano, Quebec, came an offer of a bonus of no less than \$50,000 in addition to an almost perpetual exemption from taxes.

But Edmundston from the standpoint of the Fraser's extensive business seemed to the company to be the logical point for the location of the new plant. It was practically in the centre of the company's ten lumber mills in this province and Quebec. It had the necessary timber supply in hand, and it had adequate railway facilities to handle the heavy shipments of pulp and paper that will be made by the company when the mill is in operation. The terms under which the Fraser, Ltd. are establishing their new plant at Edmundston were related to The Standard on Saturday: "The people of New Brunswick will be delighted to learn that Edmundston is on the eve of a great business boom. I think I violate no confidence when I tell you that Messrs. Fraser, Ltd. have decided upon Edmundston for the location of their immense pulp and paper mill. That will mean an almost immediate expenditure of at least \$2,000,000 on the buildings and plant, and on the erection of a large number of houses for the employees of the great new industry." "This was the statement made by J. E. Michaud of Edmundston to The Standard just before he left for his upriver home. Continuing, Mr. Michaud said: "The final decision of the Messrs. Fraser to locate this great industry at Edmundston did not come to our people as a real surprise. Some years ago after they had acquired the Marché properties they save the people of Edmundston to understand that if the town provided proper water and lighting facilities they (the Fraser, Ltd.) might reasonably be expected to do something along large lines for Edmundston, and they are about to do it. Although our population is little more, if any, than 2,000, we accepted the suggestion that they had made in a businesslike way, installing a light and water system costing about \$165,000. For some time past we had a pretty good idea that the industry which Messrs. Fraser had nearly promised us was a pulp and paper one, but we were aware of the fact that we had strong competitors in various other sections of this province as well as Quebec, Campbellton, in Restigouche County, made a very strong bid and so did Cabano, Quebec. Indeed we have reason to believe that Cabano was willing to give what might be called a perpetual exemption

ACCIDENT ON WEST SIDE

Fred Light, of Fairville, Badly Hurt and May Not Live—Struck on Head by Bag of Oil Cake.

Fred Light of Fairville is lying in a precarious condition at the General Public Hospital suffering from a fractured skull. While employed at West St. John on Saturday afternoon the unfortunate man was struck on the head by a bag of linseed cake, weighing 300 pounds, which fell from a sling while in the air. The weight of the bag knocked the man down, his head coming in contact with the deck of the steamer.

He was hurried to the emergency hospital at the west side in an unconscious condition where first aid was administered. He was afterwards removed to the public hospital, but he has not yet regained consciousness. The injured man has a wife and four children residing in Fairville. Commissioner Rupert W. Wismore and Mrs. Wismore left Saturday for Nova Scotia. The commissioner's health has not been good and his physician has recommended a rest. He will spend a week across the bay,

192 MEN FOR THE SPECIAL COMPANY HERE

Praise for Fredericton Officer From General Benson—The Klitties to Absorb the 234th—Other Military News.

Captain Turner, quartermaster of the special service companies in the Maritime Provinces, with headquarters at Halifax, was in the city yesterday morning on his return from Fredericton, where he was on an inspection tour. The captain did not reach the city until nearly two o'clock, the Boston train being delayed about five miles from Fairville on account of an accident on the line.

One hundred and ninety-two recruits who are either under age or unable to pass the doctor will arrive in the city shortly from England and will be placed by Captain Turner with the 62nd Company at West St. John.

Major General Benson, who was in Fredericton last week on an inspection tour, expresses himself as highly pleased with the manner in which the barracks are kept in Fredericton. He found the quarters at Fredericton the best with one exception that he had inspected in his whole career. This is a deserved tribute to the work of the officers of the 234th Battalion particularly to the efforts of Captain J. Douglas Black, the former Fredericton newspaper man, who is the quartermaster and in charge of this branch of the work.

"There is more truth than poetry in The Standard's statement that the Klitties would absorb the 234th Battalion from Upper Canada," said a high military official yesterday in referring to the published report in this newspaper. The officials expect that the amalgamation will take place at an early date.

Silk Waist Sale. An extraordinary sale of silk waists is taking place at Dykeman's this week. They are selling white Japanese silk waists at \$1.25 and \$1.29 each. The first named price is made from good wash silk and has a very large stylish collar trimmed with lace edging; the seams are hemstitched. This waist will fit as well as a higher priced waist. It comes in sizes from 34 to 44. The \$1.29 quality is made from slightly heavier silk, has a very large pleated sailor collar, hemstitched seams, and has a touch of style that you would look for in a \$3.00 or \$4.00 silk waist.

Don't Grope in the Dark. Why take chances (to say nothing of trouble) in going about at night, or in dark places during the day, with a match, a candle, or oil lamp, any one of which is not without its dangers, besides its uses being limited, when you can so easily eliminate all chances of danger by using the "EVEREADY" FLASHLIGHT. Which gives you instant, white, powerful light, when and where you want it, even in a powder magazine, about gas generators, anywhere.
