MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED.—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurer, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED.—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

RETURN FROM DISTRICT MEETINGS.

"RESOLVED.—That the Chairman of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current Income."

PROCEEDINGS

OF

The Annual Meeting of the Society.

THE FORTY-FIRST ANNUAL MEETING of the MISSIONARY SOCIETY of the W. M. CHURCH IN CANADA, was held in NAPANEE, on Monday, November 19th, 1866. JOHN McDONALD, Esq., M.P.P., for Toronto West, in the chair. The meeting was opened with singing, and prayer by the Rev. R. JONES, Ex-President. The Report of the Society's operations having been read by the General Superintendent of Missions, and the Financial Statement made by the Secretary and Treasurer, the following Resolutions were unanimously adopted:—

Moved by the Rev. WM. POLLARD, Chairman of the Barrie District, and seconded by W. H. GIBBS, Esq., of Oshawa,—

I.—*That the Report, an abstract of which has been read, be adopted and published; and that this Annual Meeting expresses its sympathy with all kindred Institutions existing for the propagation of Divine Truth, throughout the world.*

Moved by the Rev. JAMES ELLIOTT, Chairman of the Montreal District, and seconded by ROBERT COOK, Esq., of Bradford,—

II.—*That the past success of the Society adds to its obligations and duties; and this Meeting feels that the many calls for help, ministerial and financial, from the Indian, Domestic, French, and German Missions, should be responded to promptly and liberally, and in entire dependence upon the light and presence of the Holy Spirit.*

Moved by the Rev. THOS. COSFORD, Chairman of the Peterboro' District, and seconded by the Rev. GEO. YOUNG, Secretary of Conference,—

That this Meeting cannot receive a Report of the faithful services, and largely increased subscriptions of the Ministers, Laymen, Collectors, and numerous Friends, adult and juvenile, associated with all the Branch Societies of the Wesleyan Connection, without thankful acknowledgments for their hearty co-operation to extend the mediatorial kingdom of Christ.

Report.

A RECORD of God's mercies to his Church, covering another year of Missionary toil and labours, yields ample evidence of His fidelity and remembrance of His servants and people. Many are the instructive lessons which a review of the past affords; among them, promptings to gratitude, humility, and confidence, will be most prominent. The pages of the 41st Report will be found to contain statements of joy and sorrow, of success and disappointment. Bearing in mind, however, that "the seed is the word," and of this word it is declared "it shall prosper," the Committee have freely made room for the Missionaries themselves to narrate in their own simple and expressive manner, the "wonderful works of God," as manifested by converting and sanctifying power on the different Missions occupied by the Society's Agents in Canada, Hudson's Bay, and the shores of the Pacific.

The Hudson's Bay Missions do not present any great diversity from the Reports of former years. At *Norway House*, *Oxford House*, *Victoria*, on the *Saskatchewan*, *White Fish Lake*, and among the wandering Tribes of Indians in the vicinity of *Edmonton*, the Gospel continues to be preached, and the ordinances of the Church administered with evident tokens of success and comfort to many of these destitute and pitiable people. No benevolence can exceed that which prompts this Society thus to make spiritual provision for a portion of the human family, whose ignorance and destitution cannot be exceeded in any part of the world. Though pressing heavily upon the funds of the Society, the results both justify and encourage the maintenance of this work, which the Head of the Church has graciously blessed.

HUDSON'S BAY TERRITORY.

- Norway House, Lake Winnipeg*—Charles Stringfellow.
- Oxford House*—John C. Sinclair, Native Teacher.
- Edmonton House, Rocky Mountains*—John McDougall.
- Victoria, Saskatchewan*—George McDougall.
- White Fish Lake*—Henry Steinhaur.

NORWAY HOUSE, ROSSVILLE.

You will expect me to say at least a few words concerning our Mission here. They must be brief, since my time allotted for writing is short, and I have only recently returned home, after a journey of near a fortnight, which I took to Oxford.

Notwithstanding we have hindrances, many are determined for heaven, and are making progress in Divine things. In Sardis a few had not defiled their garments, but here there are many who shall walk with him that hath the seven stars in his right hand; for "they shall be worthy" through the right and might of Jesus. There are a few things of an encouraging character which must not be forgotten. We have now an efficient school-master, who has arrived a few weeks ago, from Red River. The school is in vigorous operation, and the children are receiving instructions in writing on slates and copy-books, in addition to arithmetic, and, as a matter of course, the ability to read correctly and readily. I am anticipating great improvement in the scholars this winter, as our teacher appears well qualified for his work. He has also already gathered the Indians several times for instruction in music. He is thoroughly conversant with the science, and sings almost any tune at first sight. He is an Indian, named Peter Badger. I trust things will go on right in respect of him. Our ordinances continue to be well attended by the Indians. The Europeans do not attend well, owing chiefly to the bad weather we have had for many Sabbaths past. I still continue to preach in Cree, without any interpreter, and I cannot hear of any desire that it should be otherwise. I doubt not our school-master would be a good interpreter, if required. All the means of grace are steadily maintained, unless it be our Class-meetings, which are in some instances neglected through unfaithfulness on the part of the leaders. I shall try to remedy this.

The village has again passed through a season of sickness, most of its young, and many of its adult population, having had the measles. Two children died during my absence from home, whose death can be attributed to the after-effects of the disease. Our own child has passed safely through the disease, and is now strong again.

A large number of families are this winter to be far away from us, they having incurred large debts, necessitating their residence in the woods. We shall, however, still have a large number constantly about us, who will remain at home to receive the benefits of the ordinances for themselves and families.

We expect on Sabbath-week to hold our Quarterly Meeting, as by that time all our brigades will have returned to their native homes. Next week we hold prayer-meetings in the Church every evening, and we intend to seek an increase of the graces of the Holy Spirit. O for more of spiritual consecration to God, and a gracious outpouring of blessing upon our people. The Gospel is faithfully preached, and all our machinery is in active operation. Pray for us, that the Lord may revive us again—that his people may rejoice in him.

OXFORD HOUSE.

From the Native Teacher.

Were I not assured of the interest you feel in this department of the Mission work, I would not thus have trespassed upon your time and patience. My motive in writing at this time, is to bring before you a somewhat detailed account of our Mission. Therefore I solicit your kind attention for a few moments, for I need it much.

I am thankful to say I am still working happily and successfully. I am encouraged by the steady improvements of our people to hope that my labor has not been in vain, though as yet, some of them have not given the evidence of a renewed heart; but still I can report favorably of our people, there being an unusually good influence amongst them. The spirit is undoubtedly at work and in many cases bearing witness with their spirits, that they are born of God. Many can now testify by sure experience,—“The life I now live, I live by faith on the Son of God, who loved me, and gave himself for me.” By the blessing of God, I hope some good seed has been sown that shall spring up and redound to the glory of God. I desire to plough in hope, and sow in hope; the husbandman hath long patience, and we have need of the same. Will our friends in Canada pray that showers of blessings may fall on this spiritually-barren land? I am glad to be able to say that I have had great pleasure in my work during the present year, and now feel quite at home in it; still, I have daily cause to feel dissatisfied that I do so little, and that so imperfectly, on account of having so many other pressing duties connected with the Mission upon me; yet I am encouraged from the experience of those around me to work on. I am straining every nerve to establish our Mission on a good foundation. I feel it is an honor to be employed in the Mission work. I never felt it more so than when reading the speeches of the great Missionary Meetings. O that I may be a worthy laborer! I feel my need of strength Divine, for I am perfect weakness! It gives me the greatest pleasure to think that Christians pray for me, and I believe I receive many blessings in answer to their prayers.

I trust the coming year will be one rich in blessing, both here and abroad. Although we have so many discouragements, yet we rejoice we have unmistakable signs of a work of grace in the hearts of many; indeed, I fear I should doubt the operations of the Holy Spirit if I did not say that several had already passed out of darkness, and if I did not witness the happy and triumphant death of many. I look for fruits, and I have a good deal to strengthen my faith, but my experience is, that the native mind, although converted, requires constant instruction. There is a seeming inability to grasp the spiritual; and I am no stranger to the bright picture dawn by those who are anticipating carrying the blessings of civilization and the still richer blessings of Gospel light to the untutored and darkened mind of the heathen, and though we may try to temper its glowing colors with hints of disappointment and difficulties we can never fully realize these until we have to grapple with them. I see how much there is constantly to endure that is unpleasant and disagreeable, arising from the habits and conditions of the people. I can assure you, the work ideal, and the work

real, are two different things. Yet, there is much that is interesting in the natives—there is a fair amount of quickness and intelligence. But the work is the Lord's, and this is my confidence that he will carry it on.

It is now two years and more since I entered upon this work, and I may say I feel increasingly happy as months and years pass away. I am sometimes surprised to find that I love this Mission so well; it may not have been exactly the work of my choice, but I entered upon it believing it to be the appointment of Divine Providence. Thus I feel the goodness of my heavenly Father has guided me and attended me all my way, and still surrounds me. I feel the importance of the charge committed to me.

JOHN C. SINGLAIK.

WHITE FISH LAKE.

Through the preserving care of Almighty God I am once more permitted to address a few lines to you from this station. I am thankful that amid the varied trials, difficulties, &c., incident to the Missionary life, my worthless life is still spared, and I am enabled to do something in the Master's work.

As regards the work in which we are engaged, I am glad in being able to state that this year our gracious God has enabled me to hold on in the even tenor of my way, and labouring on, offering all my work to Him; and He has graciously permitted his work to appear to the humblest and least of his servants, in that there are now a people raised up here in this waste, howling wilderness, who once were not a people. Since you last heard of this station, our members have been steadily advancing in the good and right way. I can use one of John Sunday's favorite expressions, "The steam was raised and has been kept up;" hence the religious experience and spiritual state of our people have not been in any degree abated; their knowledge in Divine things is progressing, and I trust that their way will grow brighter and brighter, even to the perfect day.

The firm adherence of our people to the religion they profess, has been severely tested. Last fall, a party of free traders, with their *fire water*, (the *bane of the Indian race*), came to our village, during my absence from the station on a visit to Pigeon Lake among the Stoules. Of course these men did not scruple to offer their accursed fire-water to our Indians, by which means they might easily effect their object—namely, rob the poor Indian of what little property he might have. The last Sabbath of the by-gone year was a day long to be remembered by most of us at this station. It was a day set apart for our love-feast and sacramental occasion. All felt the gracious influence of God's presence in our assembly on that occasion. There was a shout of a king in our camp that day. Many spoke very feelingly of the dealings of God to their souls. Our God in mercy has done great things for us, as a people, at this station. For a time, nay for a long time, our labor was weariness to the flesh and spirit; and the dawn now cometh, and how good is it! I pray God that he would in mercy pour out of his Spirit more abundantly upon us, till every soul connected with his people shall be truly and soundly converted to God.

INDIAN MISSIONS.

CANADA.

New Credit—Thomas Lawson, William Herkimer, Superannuated.

Grand River—Daniel V. Lucas.

Muncy—Francis Berry, and Native Teacher.

Oneida—Abraham Sickles.

Snake Island—Supplied from Holland Landing.

Rama—Robert Brooking.

Schoogog—Supplied from Prince Albert.

Alnwick—David B. Madden, John Sunday.

Rice Lake—Thomas Williams.

Mud Lake—Supplied from Lakelfield and Warsaw.

Moravian Indians—Supplied from Wardsville.

St. Clair—John Doel.

Walpo'e Island—Thomas Hurlburt.

Saugeen and Southampton—William Cross.

Cape Crocker—Edward Sallows.

Christian Islands, Beausoliel Island and French River—Allen Salt.

Garden River—Samuel Down.

Batchewana Bay—Native Teacher.

Michipicoton—To be supplied.

Pic and Nipegon—To be supplied.

A generation has passed away since the first Indian was brought to the knowledge of the truth by the labours of a Wesleyan Minister in Canada. Throughout the different Bands scattered over Western Canada, many have been the triumphant death-beds witnessed by the Missionaries appointed to labour amongst them, some of which have been occasionally recorded upon the pages of our Connexional periodicals: but by far the greater number have "fallen asleep," unknown and unrecorded. In the Alnwick grave-yard repose the ashes of the venerated and much-loved WILLIAM CASE, and alongside of him a Teacher whom he much esteemed: CATHEY died in the prime of manhood, when engaged in the Indian School. A stranger would visit this part of "God's Acre" without even being able to find the spot where the grave of the apostolic CASE is to be found. When visiting this Mission the last Sabbath in August, John Sunday said,—“Forty-four men and

forty-three women are buried there, beside children." The greater part of the adults are known to have "died in the Lord." Let the reader cast his eye over the whole of the Indian work carried on by this Society, and how easy for him to array before him the hundreds who have safely landed in the Paradise of God since Jones and Sunday were converted.

The Committee are far from feeling the same satisfaction and delight when they contemplate the living, as they do when thinking of the happy and glorified dead. Many influences of an untoward nature crowd around and prevent the prosperity of the work of God: and where this is begun, they tend to retard and disturb its welfare. It may be doubted if the policy of the Government in keeping them in a state of minors and consequent dependence, if not of vassalage, is productive of their elevation. Then, they are now so surrounded by white settlements, and inducements to evil practices are so numerous, and often so captivating, they are easily drawn into indulgences which are often fatal to their sobriety and religious impressions and engagements. Large experience and observation confirm the Committee in the opinion, that their best interests for both worlds are most easily and certainly secured where their residences are the most distant from American or European Civilization.

An attentive perusal of the following Religious Reports will give gratifying evidence of the Divine favor and blessing still abiding upon the Society's labourers:—

NEW CREDIT.

This Mission remains pretty much as it was reported last year, with the exception of a little numerical falling off, arising mainly from the wandering habits of some, and declension in others.

The difficulties in the way of visible and abiding progress among the youth are serious and almost insuperable. The demoralizing influences surrounding the small Indian settlements situated in the midst of whites, are so well known that they only need be hinted at by us. The result, to the poor Indian, is poverty, disease, and extraordinary mortality. We have buried sixteen persons belonging to the New Credit Band in two years; in the same Band we have married but one couple in the same time, and within the same period there has been about ten or twelve births. We have, however, a few youths of both sexes of some promise.

The usual means of grace have been sustained, and the congregation pretty good. The old Indians are pious, and their attachment to your society is strong. They are the abiding fruit of the earlier missionaries, and they earnestly desire their spiritual interests to be directed by your agents.

The usual Day School grant has been withheld this year. The Indians have devoted \$250 of their own funds for the salary of a teacher. This Band numbering in all only about 230, this sum is quite sufficient for educational

REPORT.

purposes. Retrenchment has been one of my principal endeavors, and I have laboured to teach them the duty and nobility of self-reliance, and that the object of Christian Missions is to lead a people to Christ, and to teach them to take care of themselves.

THOMAS LAWSON.

GRAND RIVER.

When I came to this Mission in June last I found the buildings in a very bad condition. The parsonage, which had been condemned for several years, was quite unfit for habitation. Through the gratuitous labor of a goodly number of our Indian brethren, and the noble contributions of the friends at the Salt Springs' appointment, we have succeeded in demolishing the old log structure, erecting in its stead a comfortable and commodious dwelling, entirely free from debt.

The outbuildings are much in need of repair. The church also needs a stone foundation and painting. We hope to be able to accomplish this during the coming year.

The fire kindled in many hearts through the instrumentality of former laborers has by no means become extinct. There are in connection with the Mission many who give full proof that they have indeed "passed from death unto life," and who in all things adorn the doctrine of God their Saviour.

Special services have been held during the year, as the health of the Missionary and other circumstances would permit, which have resulted in the quickening of believers, and the reclaiming of some who had wandered from the fold.

All the means of grace have been maintained. The congregations are better than at the beginning of the year. The day school is now much larger than it was last summer, and the scholars are making satisfactory progress in the ordinary elementary branches of study. Upon the whole, there is much cause for gratitude and encouragement, as also much need of more faithful prayer for larger effusions of the Holy Spirit.

D. V. LUCAS.

MUNCEY AND ONEIDA.

It has pleased the God of Missions to conduct us safely through another year, and during the year to crown us with manifest marks of his favor.

The threatening clouds which hung over our work have measurably passed away, and good hopes are entertained that a future, pregnant with blessings to our Zion is before us.

The efforts of unprincipled proselytes have failed to draw even one of our members into the fold of the *secession*, and some who have been led away have returned to us, declaring themselves to have been misled, and are now heartily with us, not only in belief of our doctrines, but in support of a healthy discipline among their Indian brethren.

Our congregations have much increased during the year, and considerable awakenings have taken place. We trust some have been, savingly converted to God.

Some Pagans have yielded up dumb idols, heretofore the object of their worship, and have been baptized in the faith of one God, and one Mediator between God and man, the man Christ Jesus. The Camp-meeting, which was held last autumn, was productive of much good.

Our schools, three in number, are well attended, and have been kept in operation *all the year*. The average attendance at the three is about sixty-five. In two of these schools the salary of the teacher is paid by the Indian Department; the funds of the Missionary Society being thus saved to the amount of \$400 per year.

We look with hope to the reorganization of the Industrial Institution under more favorable auspices than ever before, for the beginning of a new era in the history of this Mission. Probably before the publication of the Report of 1866, this Institution which cost our fathers so much labor and means, and which existed, not without its fruits, for sixteen years, but which has been suspended for the last three or four years, will be in active operation as a *higher Indian School*, whose special purpose will be to prepare young men for usefulness amongst their red-brethren.

The failure of an esteemed and able Indian assistant, expected to labor with us amongst the Chippewas, but who was induced to take an appointment under the direction of our Methodist Episcopal brethren in Michigan, has been deeply felt by us. And our hope and request is, that the Conference will fill his place by giving us a man competent as a teacher in the Institution, and an assistant Missionary.

Gratefully acknowledging past blessings to be of God, and praying for his continued presence and direction in the future, this brief annual report is presented.

FRANCIS BERRY,

WALPOLE ISLAND.

During the past year our usual services have been regularly attended, and there is much real spiritual life among our members, and we trust a growth in many. Never in the period of our extended ministry have we administered the word of life with more of the divine presence and assistance, and many of our meetings are seasons of hallowed power. We have directed special attention to their growth in the knowledge as well as in the grace of our Lord Jesus Christ, by every Sabbath evening reading consecutively a chapter in the Gospels, and giving extended comments. These we consider our most profitable services. We have, however, had our trials,—our people agitating the subject of returning to the United States, from whence they originally came. During the year a large band, among whom were some of our people, removed to Kansas, and then the defection of the former teacher and inter-

preter, as soon as his services were no longer required, had distracted many of our people, he by word and example operating against us. These and other drawbacks have prevented that increase in numbers and edification which we have had in former years, and which we ardently desired.

THOMAS HURLBURT.

ST. CLAIR.

In taking a review of the past year, we cannot but feel grateful to Almighty God for the many mercies which we have received from his hand. Although several children have died during the year, and one old man, who died happy in the Lord, yet the general health of the Mission is good; and by the blessing of God the health of your Missionary is very much improved.

Our congregations, (when the Indians are at home,) are very good. Our Love-feasts have been seasons of great refreshing, and the prayer and class-meetings are generally well attended.

Last summer we held a Camp-meeting at Kettle Point, which was well attended by the band, and much good was done. We hope to hold one here this summer. Last winter we held a protracted service at the school-house, at which the membership was much revived, and eight brought to God.

I am sorry to say that we have been obliged to drop some of the members for drunkenness, &c., but others have united with us, and have taken their place.

I have formed a temperance organization, which promises to do good. A number have joined it, and some who have drank give good signs of reformation.

Since the return of the Indians from sugar-making, we have again commenced our Sabbath School, which promises to be prosperous. Our work at Kettle Point has been regularly attended to, and our Quarterly Meetings there, as well as our usual means of grace, are very encouraging; and there also we have an increase of members. The return of membership for the present year is as follows:—Dropped 9; died 1; on trial 13; full membership 201.

JOHN DOBL.

RICE LAKE.

The year now ending has been one of peace, quietness, and general good, without anything remarkable in the way of prosperity or discouragement.

The health of the people has been generally good, though we have had three deaths during the year. Two of our aged Indian people dying in the Lord; and one (the last), the very efficient and zealous teacher of our Mission School.

During the year and the one preceeding it, our Indian women have made very praiseworthy efforts to raise money for the building of a new church, by means of a Bazaar for the sale of fancy articles of their own making. They have in hands now, by this means nearly one hundred and fifty dollars.

We have made a union of the Mission School with the Common School of the School Section adjoining, and by this arrangement we save to the Mission Fund the sum of fifty dollars, and have a good school.

We feel thankful to the God of Missions for kind and fatherly care through the whole year.

THOMAS WILLIAMS.

RAMA.

We have nothing very special to report from this Mission, as the work of one year is generally much the same as that of another. We have just the same difficulties to contend with and evils to overcome. Our numbers remain nearly the same as when last reported, and we are thankful to say that many of them are making steady and visible progress in the divine life. The attendance on the means of grace is excellent, and in this respect our Indians are patterns to the white settlers; and our Quarterly Meetings especially are seasons of great spiritual enjoyment.

The Indians are also improving gradually in temporal matters, and have manifested considerable diligence during the past year; several of them are improving their dwellings, and preparing to build new ones; they are also cultivating their lands more largely than heretofore.

During the past year we have succeeded in building our church, which is a good substantial stone building, to replace the one destroyed by the hurricane. Towards meeting the expense of this, the Missionary having stated the disaster to the Rev. Dr. Hoo's, the Parent Missionary Society generously granted one hundred pounds sterling, which we gratefully acknowledge.

The general health of the Band has been good, and we have only lost one adult during the year. It is also a pleasing circumstance to be able so to contradict the generally received opinion, that the Indians will soon be an extinct race. During the six years of my ministry with this band, they have gradually increased by births over deaths, so that within that period they have increased by about 20 persons. We have made arrangements for re-organizing our school, so that it will be far more efficient at considerable less expense to the Society.

It must not be concealed, however, that we have our difficulties. The number of taverns kept by unprincipled persons, present great temptations to many of our people; and the lumbering business carried on in our vicinity is a great cause of immorality, and makes our labours very difficult, especially among our young people; but we trust, by the blessing of God, that these difficulties will be gradually overcome, so that we shall yet see the "Pleasure of the Lord prosper in our hand."

R. BROOKING.

SNAKE ISLAND.

During the year we have striven as regularly as the migratory habits of the Indians, and the difficulty of gaining access to them, would allow, to preach to them the word of life. They are now settled on two Islands, thereby ren-

REPORT.

dering the work among them more than double what it formerly was. This separation has been a great drawback to them, as well as the want of ability to send them a teacher to Georgiana Island.

During the year there has been several very happy deaths amongst them, and we have been cheered by the bright testimonies that have been given of the power of grace to save in a dying hour. Altogether we have abundant reason to take courage and labor on.

Wm. J. HAWITT.

CAPE CROCKER.

We have been enabled to keep up religious services during the year, a few families remaining at home. At times our place of worship has been crowded with attentive hearers of the word of God.

Our Quarterly Meetings and other extra services have been times of refreshing from the presence of the Lord, when all parties would attend and join in our Love-feasts and Sacraments. When we consider the amount of labour bestowed, and the funds expended to raise this people, we are led to enquire whether the results justify the outlay. And when we think of the dark degraded condition in which they were found, and the present improved and religious state in which they live, we are obliged to answer in the affirmative.

It is true we have to lament over some who, when they are away from home, are easily led astray by the snares of ungodly white people; yet we can rejoice over others who, by the assistance of God's grace, can withstand the delusions of a wicked world, the temptations of the devil, endure afflictions and poverty, and the haunts of pagan superstition, and stand forth as champions for the truth in the glorious liberty wherewith Christ has made them free. It is gratifying to know the Indians are paying attention to agriculture. They had large crops of potatoes and corn last year, and some of them grew enough wheat to supply them with bread until harvest comes again. This spring there is a greater determination and more planting than ever. Several families are sowing from 8 to 15 bushels of wheat. If they continue to improve and persevere, in a few years they will be in comparatively comfortable circumstances, and be enabled to stay more at home; when their schools and religious privileges will be better appreciated, and prove a greater blessing. †

E. SALLAWS.

SAUGEEN.

On receiving my appointment to this Mission, and feeling anxious to acquire a knowledge of my peculiar work, I took my Interpreter, a faithful man of God, and visited the Indians all over my field of labor, and have endeavored to watch over their interest. Some of these fruits of Wesleyan Missionary effort, are men of deep piety, and noble Christian principle. But many of the poor Indians are still living without a knowledge of sins forgiven. Drunkenness, with its numerous evils, characterizes them.

I have endeavored to put a stop to it, and have taken legal action against the parties who give them whiskey, have also found it expedient to hold Temperance Meetings, in which the Indians generally feel deeply interested.

We have held three special meetings this year, received 24 members on trial; but cannot report an increase, having to drop 10; 12 removed, and 4 died. Our congregations are good. Our Sabbath School in the village is in a healthy state. The average attendance is 30. The English Testament is used. The children are required to recite a number of verses each Sabbath. We have also organized a promising Sabbath School in French Bay, so that from children the Indians may know the *Holy Scriptures*. There are also two day schools on this Indian field of labor. The teachers are well qualified and devoted to God and their work; their chief hindrance being the want of suitable books, &c., for both day and Sunday School.

The Indians are much improved in husbandry. In conversation with the head chief of the Band, Bro. Madewayosh, I learn they have sown this spring between sixty and seventy bushels of wheat; also, large patches of oats, corn, and potatoes. They have made a grant of fifteen hundred dollars for the building of a brick church in the village. God is blessing them in their labors. He will honor them with a revival while they honor him with their substance.

In Southampton we have suffered for want of Church accommodation; but have succeeded in getting our church finished, it will be comfortable now. We are looking for a revival.

WILLIAM CROSS.

The Indians at ALNWICK have for some years been in a declining condition. Notwithstanding the immense expense which they have been to the Society, we sorrowfully record the opinion that the moral and social character of the Band is not in harmony with the labours bestowed upon them. But few of the young people are members of the Church, notwithstanding the glorious testimonies which have been borne in that community to the efficacy of Gospel grace, to save both in life and death. The Government are designing their removal, which would certainly be beneficial to the band financially, and possibly afford a good opportunity of breaking off evil habits, and of beginning life afresh.

The reverse of this gloomy picture is to be seen at CHRISTIAN ISLANDS, where Mr. Salt continues to labour with steady success, and where the school, also, under the zealous and watchful care of Miss Adams has, for the year, been in a state of encouraging prosperity.

MISSIONS ON THE PACIFIC.

VANCOUVER ISLAND AND BRITISH COLUMBIA.

Victoria, V. I.—Ephraim Evans, D.D., Arthur Browning.

Nanaimo, V. I.—Edward White

New Westminster and the Lower Fraser—Ebenezer Robson.

Cariboo—One to be sent.

Kootenay—One wanted.

Since the following Reports have been received, Mr. and Mrs. Robson have arrived in Canada from New Westminster. The very precarious state of Mrs. R.'s health reluctantly compelled the District Meeting to recommend their return. At present the state of the Colony is much depressed, which induces the Committee to hesitate before supplying the vacancy thus occasioned, until more cheering indications plainly intimate the path of duty. Very many of our Canadian adherents who have visited Vancouver Island and British Columbia have been blessed with ordinances they were here accustomed to enjoy; whilst attention to the Indians at Nanaimo, and occasional visits to the gold mines have given ample occupation to the Society's Agents in that new and distant part of the British Empire.

VICTORIA.

We report with gratitude an increase of spiritual earnestness and holy living on this Circuit during the year. The Sabbath services have increased in attendance and attention, and have not seldom been blessed with evident manifestations of the power of God. The Sacramental Ordinance, the Love-feast and the Prayer-meeting, have been seasons of gracious consolation and profit. During the year many sailors and marines from Her Majesty's fleet have mingled with us in church-fellowship, and while their zeal has stimulated us, the reflex influence has not been without its saving fruits among them. We report a few conversions, but our cry is, Come, O Breath, and breathe upon these slain that they may live. During the year outside appointments have been kept up at the Souke gold mines, until these mines were comparatively abandoned, and subsequently at the Cowichan Settlement. At the latter place our visits were interrupted by causes above our ordering, showing to us the desirability of having a settled minister in that field. Our Sabbath School still maintains its position as the first in numbers and efficiency in the two

Colonies. A Chinese class, under the charge of Dr. Evans, and a female Bible Class, taught by the junior Minister, have been formed during the year, whilst the increased attendance upon the male Bible-class is very cheering. In fact, the Bible-classes have more than doubled their numbers since the date of last year's report. The average and aggregate attendance of both boys and girls shows a large increase on former years. The Juvenile Missionary Meeting was a delightful success, and the Juvenile Missionary Collections attest the zeal of the children of our Church. The debt on the church has been reduced one-fifth, a result due in some measure to our successful annual tea-meeting.

The financial crisis, almost a panic, which has existed in Victoria nearly the whole year, has necessitated a diminution in our Circuit and Missionary income. It may be said of our people, they have done what they could, and that with increased means they will more largely give of their substance to the Lord.

E. EVANS.

NANAIMO.

Changes in the religious state of this Mission since my last report have not been sufficiently great to occasion lengthy remark. Our cause at Salt Spring Island has been regularly attended to, and is steadily though slowly advancing. I have only visited Coma once during the year, for reasons given in my last report, but as steamers now run twice a month to that part, the settlers shall have Wesleyan services more frequently than in the past. Although in town our numbers are slightly augmented as compared with last year, our work has been much consolidated and strengthened, and the Circuit receipts considerably increased. The Sabbath School has also been well sustained, and its library greatly increased. This is the more encouraging, as a Presbyterian congregation has recently been organized here. By this movement our congregation and Sabbath School have lost several interesting Scotch families, who met with us and aided us financially and otherwise, until a minister of their own denomination arrived. The manner in which this charge has been sustained and the vacancies filled, encourage us to believe that Methodism now left to stand on its own merits in this community is destined to maintain its position, and grow stronger and stronger. We have earnestly persevered in our work among the natives on this Mission with varied and, in some respects, brightening prospects. Our faithful and efficient teacher has with some aid built a comfortable room adjoining the school-house, so that he now resides in the midst of the Indian Camp. This will afford him many advantages to find out their real condition and watch over them for their good. The three members reported last year on trial have continued faithful, and a few others have united with us, and the preaching and School have been pretty well attended. I have recently formed a class among the Nanaimo's, consisting of three members and four on trial. Some of these have I believe been soundly converted, and the leader especially seems much in earnest to bring his fellows of this and other tribes to a saving knowledge of Christ. our great hinderance, and although the government seems desirous to suppress the traffic, there are many others who ought to know and do better, in favour of letting the natives have their grog the same as other men. Thus the great destroyer roams and devours without much check. But we must do our duty, and leave results to Him who ruleth over all, and who has declared that His word shall not return to Him void.

E. WHITE.

NEW WESTMINSTER.

The Lord has been with us on this Mission, and has graciously blessed us in both the public and private means of grace. Believers have been built up, and in some instances sinners have been converted to God. Unity, peace, and concord have been uninterrupted among us. Our Quarterly Meeting Services have been blest with the presence of the Master, many feeling that God was present to wound and to heal. The Class and Prayer-meetings have been generally well attended, and our people show a firm attachment to these more select means of grace. The Sabbath School in New Westminster has been sustained without interruption, the average attendance of children having increased. We have added many volumes to our library, as the result of a lecture delivered by Dr. Taylor in aid of our School Fund. At Yale a Sabbath School has been organized by a valued friend of our cause, and is sustained amid some difficulties.

A large number of the outlying settlements have been visited and supplied with the ministrations of the Word of Life. We have fixed upon four places (including Yale), besides New Westminster, where we think monthly services (or oftener) may be kept up with good results. The congregations are necessarily small, but the people are in most instances destitute of the ordinances of religion, except as supplied by ourselves.

The visitation of these localities has necessitated much travel, but the receipts from them have met the expense incurred in visiting them. In future less labour and expense will suffice as the ground has been thoroughly explored and the most promising vicinities selected. The decrease in our contributions to the Connexional Funds is owing to the absence of some liberal subscribers, and the existing monetary depression. We have advanced in the Circuit receipts, owing to monies received from the out-stations. We also report a small increase in the number of members. Thankful for the past, we commit our work, our people, and ourselves, to the care and blessing of Him whose favor is life, and whose loving-kindness is better than life.

GERMAN MISSIONS.

Preston—Chas Freshman, D D, Jacob Freshman. One wanted.

Hamilton—Stephen Kappele.

Pembroke District—Chas. Allum. One wanted.

Provisionally led to commence a Mission amongst the German population of Canada, the success attendant upon the labours of a truly converted and gifted Israelite, and the raising up of other suitable agencies, is a subject of devout gratitude to the Great Head of the Church, and an incentive to further enterprises according to the means at the disposal of the Committee. The following Reports, accepted and endorsed by the several District Meetings, within the bounds of which each Mission is situated, are worthy of an attentive perusal, and should be prominently brought before the friends of the Society:—

PRESTON.

After another year of toil and labour, I am thankful to the Great Head of the Church to be enabled once more to report some measure of success which we have had on this part of the German Mission. Though this year was perhaps the most trying one to our physical strength, labouring almost day and night, the whole winter through, yet the efforts put forth by your Missionaries were not in vain. In several places numbers were converted; the field has been extended; God has been glorified, and with more help I have no doubt we could yet erect the banner of King Immanuel, throughout the very much land which yet remaineth to be possessed.

In addition to the three churches already erected on this Mission, I hope soon to be able to report the erection of one or two more, so that we are making progress on this part of our German Mission, both in a spiritual and in a temporal way. We have now regular classes, with five leaders, which are in a healthy Methodistical state, and though we have suffered severely by removals and otherwise, yet I am happy to say that we have this year a net increase in our memberships of 43; this of course has reference to the German part of our work only; for, in addition to this, I have also gathered an English congregation here, to whom the thunders of Sinai, as well as the glad tidings of Calvary, are expounded every Sabbath evening, but am not able to report any members. I would, however, strongly recommend that an ordained and experienced Brother be sent here; he could also preach in Roseville, where there are prospects of a good English congregation.

You will see this Mission board. The German have still white until supply us right sort position. Lord," we remember the assistants too,

My 1 bo part of the to be disc visited St. Evangelica expenses b after Conf should pre so accordi labour amc Although f have muc work to bri older settle under the i against the are therefor fighting and to the new anew, when ing followe conversion Spirit; the penitent sin the children the Lord w with us on anew, and f Our mem total 20. B on trial 6; t

You will no doubt be glad to hear that two of our German appointments on this Mission have each asked for a young preacher, whom they promise to board. This is pretty good to commence with. Our Missionary collections in the German part of the work are also in advance by the sum of \$67 15. We have still to practice a good deal of self-denial and sacrifice. "The field is white unto the harvest, but the labourers are few;" and if the Committee will supply us, as we hope and pray, with a sufficient number, as well as with the right sort of labourers, the German work will undoubtedly reach a prominent position. But since it is not "by might nor by power, but by the Spirit of the Lord," we trust, therefore, that the friends of the German Mission, will ever remember us at the throne of grace, and then if we have the right men, and the assistance from above, our glorious Messiah, shall see (amongst the Germans too,) "of the travail of his soul and shall be satisfied"

C. FRESHMAN.

HAMILTON.

My labours on this Mission have been limited to this city, except in the early part of the year. I preached in some of the neighbouring places, but which had to be discontinued on account of the few Germans moving away. I have also visited St. Catharines, where about 20 German families reside, but as the Evangelicals, called the German Methodists, had an appointment there, and my expenses being too great, I could not take up that field. As it was arranged after Conference by my respected Chairman, and the Rev. Mr. Rice, that I should preach one Sabbath each month on the Preston German Mission, I did so accordingly for three months; after which my labour was not needed. Our labour among the Germans in this city has not been without the Divine blessing. Although for some reasons our success has not been as our hearts desired it, we have much reason to thank God for what he hath done for us, for it is hard work to bring one person to attend our services. The Germans are either of the older settlers here or from the United States, where they were, more or less, under the influence of Methodism, but their hearts seem to be hardened, not only against the operation of the Holy Spirit, but especially against Methodism. We are therefore compelled to take every foot of the devil's kingdom with much fighting and praying. In our last watch-night, when we passed from the old to the new year, in solemn midnight prayer we gave ourselves to the Lord anew, when we received the baptism of the Holy Spirit, and a protracted-meeting followed. Then the cry from God's children ascended to heaven—the conversion of sinners, and the word was preached with the blessing of the Holy Spirit; the prayers were answered, the altar was surrounded every night with penitent sinners, who were seeking the salvation of their souls, as well as with the children of God, who prayed for a deeper work of grace. To the praise of the Lord we can say that several precious souls found peace with God, and joined with us on the way to heaven; we were all encouraged to take up the battle anew, and fight for the kingdom of our Lord.

Our membership last year was 23; we received on trial 17—with letters 3, total 20. Removed, with letters, 6; dropped 4; whole number of members 28; on trial 6; total 34.

The year was one of continued peace and prosperity on this Mission. Our Classes and Prayer-meetings were well attended, and the members, united with the Missionary, pray that the Lord in mercy may visit our German work, and that the Holy Spirit may melt the heart, so that many may be willing to come to the Saviour and be saved.

STEPHEN KAPPEL.

PEMBROKE DISTRICT.

Another year has past, during which we have toiled with an eye single to the glory of God.

For various reasons we have not met with the measure of success that we had looked for; yet we thank God that several souls have been converted.

Changes have taken place, new appointments have been taken up, and some old ones abandoned, principally because of the removal of the Germans.

Our prospects are promising; the Mission, under the good providence of God is steadily increasing in numbers and in piety.

That God would more abundantly bless this field of labour is the prayer of

REPORT.

FRENCH MISSIONS.

QUEBEC.

This Mission of our Church is so peculiar in its nature, that it will take many years before the preaching of the Gospel will take hold on the mind of this people for good ; nevertheless, as your agent in this Mission, I am very thankful to the Head of the Church, to be able to present you, at the close of another year, with a sketch of my Christian Ministry in this moral vineyard of Christ. Although for the present, it is not our happy lot to report as many conversions as we wish to have in answer to our prayers and labors in the Gospel ; but let it suffice to say that our preaching has not been in vain in the Lord, neither have we spent our strength and time for naught, even so we rejoice to witness some progress amid the many difficulties and oppositions we meet with on every side; yea, oftentimes we have greatly rejoiced in many who have testified to the saving grace of God to their happy souls, through the preaching of the Word

Notwithstanding that the present year has been very trying to the Mission by the moving into other cities of some of its principal members, and also by one who died in the faith, the success of the past is a full proof that the Lord has been with us, and we trust in Him for the time to come, that he will continue in His bounteous mercy, to vouchsafe to us his saving influence for the only glory and praise, now and forever, of the adorable name of our Lord Jesus Christ.

J. A. DORION.

MAGOG.

In Stanstead there has been quite a number of families in relation with me as Missionary, but two remain now, as the table below will show. We had two persons who gave evidence of being converted to God—Mr. Burke and his wife. Mrs. Burke died in the faith. The school was a failure; two causes exist for that: first, the great opposition of the priest; second, the jealousy of the other Protestant families against the school master. Their idea was that I should pay their children, clothe them, &c. I declined the undertaking, not professing to buy any body. Yet, through these difficulties I have reason to believe that good has been done, and that some have progressed; but some of our Canadian people, as you will learn, have very strange ideas; one of which appears to be that if they become Protestants it must be for a consideration.

In Georgeville, the class numbers nine persons; there is not much prospect of increase, inasmuch as there are only three families who pretend to be Roman-

ists now. In Bolton and Magog there are eight members. The Mission has lost three families by emigration to the States. There are four families connected with our work whom we hope will identify themselves with us in the future. We have twenty-one families connected with the Mission who were formerly Romanists, but now are Protestants—of which number seventeen are members.

During the past year we had one removed by death—two with whom we were obliged to close our relations in consequence of drunkenness. I have tried to fulfil my duty to the best of my ability, but I feel that it is impossible for me to go on another year; my state of health precludes all idea of continuing in it; and in withdrawing from the active work, if I am permitted to do it, I do it with a good conscience, feeling that I have done my duty, in the sight of God, to the best of my ability.

T. CHARBONNELL.

SOUTH STUKELY, C. E.

After four weeks of labour as one of the deputation on the Shefford, Knowlton, and Bolton Missions, I gladly take the first opportunity to answer your letter which came to hand faithful to its trust.

I cannot refrain to impart to you the rejoicing which we felt at seeing the people catching the missionary spirit, and responding to the call on their sympathy, with contributions twice as large, and in some instances treble that of last year. The progress on the French work is not so manifest, but no less real. The French Canadians are fast catching the spirit of Gospel liberty: whilst a few years ago a greater insult could not be offered to a Romanist than to call in question the sanctity and authority of his priest, to-day they will listen readily to us, and even introduce the subject themselves. In considering the state of the parishes where I have been, the only danger would be to put the number too low, if I were to say that one-fourth of the population is galled by the yoke and weary of the burden of the Church, no longer of Christ, but of Rome. Another fourth, the reading and thinking part, has learned to look upon the pomps and eclat of Popery as fit only to amuse and dazzle the eyes of the vulgar and ignorant, and are wishing for a religion which speaks to the understanding and the heart. Why don't they come out is the question? When we look at the state of French society, our surprise that no more come out, and that men of as much intelligence will so readily bow the neck to a yoke which they abhor, is changed for one of amazement, that so many have extricated themselves from the labyrinth of Popedom. The ties which bind the French Canadians to their Church are too numerous to describe or mention. Suffice it to notice one master impediment by a parallel in the case of three young clerks, who had taken the same room. Sunday came, and each one desired to read his Bible but feared the others. The un- easiness of one is noticed. The reason is asked. The cause is frankly given. The result is that the next moment all are reading the Bible. The French Canadians are in the same predicament. Each man fears the terrors

and persecutions of his neighbors. When an understanding will take place is not for me to tell. All that I can say is, that I indulge strong hopes to see it. We are often asked, why not go into the parishes to confront the priests with the Bible. "Wo to the man who undertakes a resolution unless he is himself a child of it." The time is not yet, though fast approaching. Your society has shown its great heart in undertaking a campaign against the Church of Rome. So far the result is small when compared to what is to be done, but glorious when we consider how inadequate the means are to the strength of the enemy. Let us not be over anxious about the result. The day will be ours if we—rather, if the men can only be kept in the field, to labour into the Wesleyan ranks those who desert the enemy, and to lead the gallant few to occupy the land as soon as the walls of Rome will fall. But will it fall? The answer is that it is already tottering. The priests in their despair are trying to consolidate it with the untempered mortar of ceremony, &c.; but the futility of such an attempt is proved; then they will go to the Bible and Lower Canuck will be converted as one man. Let us be ready to be the honoured instruments in the hand of God, to take the lead in the glorious movement. My work consists in a preaching appointment there and another five miles from this place. In Farnham the same. I supply these places alternately once a fortnight. The distance of thirty-eight miles between the two further appointments has to be travelled once a week, &c. Those who are christened are steadfast and longing to see the arm of the Lord manifested in the conversion of their fellow Frenchmen. Though my mouth is full of arguments for my down-trodden fellow Frenchmen, time and space will not permit me to say more. I will sow the good word and water it. May God give the increase.

STEPHEN CHARTIER.

ROXTON.

I have been placed over this Mission by our late Chairman and Dr. Taylor after the removal of Bro. LaClaire to St. Pie, from Roxton Mission, over which he was placed by the Conference. At this time there was no house to be found for my family until the Chairman bought a mission-house, and on the 16th of October I removed my family from St. Armand's to Roxton, then my future field of labour.

Since then I have been labouring with much success, notwithstanding the oppositions we have to meet with. The closing of our school at Roxton has been a great hurt to us, but still I believe the Lord has blessed our labours by strengthening our cause on this Mission.

We average in our Class-meeting from twenty-five to forty every week, and the congregation is very good in some of my preaching-appointments.

I have been able to preach every Sunday twice, and held Class-meeting and Prayer-meeting. I have three preaching-places in Roxton and Granby, one appointment, and I visited St. Pie, ten miles from Roxton, and also in Shep-

ford; visited and preached there. We have lost, by removal, eleven members, and one died; and one being an American, I took his name from the class-book.

This class numbered forty members last year, and this year forty-one. The changes which are taking place for the better is really pleasing to me and all those who love the prosperity of Zion. Our French Mission is not a failure, thanks be to God for his blessing upon this branch of his Church.

DOMESTIC MISSIONS.

TORONTO DISTRICT.

Mono—James Goodwin; Shem Blanchard.

Orangeville—Benjamin Sherlock.

Leslieville—J. H. Boyd.

MONO.

Another year has been added to the history of the Mono Mission, which, by God's blessing, is a history of some little progress.

A review of the past year produces regret and gratitude. It produces regret from the thought that we have not been more useful in God's cause; would to his holy name that our fruitfulness had been equal to our desires in the upbuilding of the church and the salvation of lost sinners.

But this review also produces gratitude to God for some measure of success in our holy vocation. To the Giver of all good we give the glory for some material progress. During the year a tender has been accepted for the erection of a new frame Church 36 by 24, in a neighbourhood where we hold no Church property; the new Church is in a better locality, which we believe will secure a more permanent improvement for the cause in that part of the Mission. The subscription list nearly covers the entire price tendered for; the new property is secured according to the revised form of "The Model Deed." In another part of the Mission the work for the erection of a new shed 120 by 24 has been let out; this also is met by a good full subscription list. All the funds, both Connexional and Circuit, are greatly in advance of last year.

But we are still more thankful to God to be able to report some little spiritual progress, after providing for eighteen removals, thirty-seven dropped, one withdrawn, and three deaths; there is an increase of ten members for the year. Two new Sabbath Schools.

We sincerely pray that whoever may be sent by the Chief Shepherd as a watchman over this people, may, by God's smile be blest with a far greater measure of prosperity in winning souls to Christ.

JAMES GOODWIN.

ORANGEVILLE.

Your Missionary has not much that is special or extraordinary to record in connexion with the labours of the year. A few conversions have taken place; an additional Sabbath School has been commenced; an increase of zeal and

spirituality has been evinced at some of the appointments, and a good site for a church and burying-ground secured in one locality. Our connexional funds are in advance of last year, and your Missionary has been better supported, although the number of dropped and removed members is much greater than the number of accessions to the Church. There is, in the general state of the work on the one hand, great cause for encouragement, and on the other hand, much room for improvement.

DUNNVILLE.

In preparing statistics, &c., for the District Meeting at the close of the second year of labor on this mission, I find in every department of our work here reason for thankfulness and hope. The embarrassing difficulties with which your missionary has to contend in this place are pretty generally known. Of these, without doubt, the most troublesome is the limited support allowed to the preacher's family in a town where the cost of living is as high as on any *Circuit* on the District, where a house costs \$70 per annum, and where the membership is small and *really* poor. It is pleasing, under these circumstances, to report for the year just closing an increase of over twenty members, after filling the places of at least an equal number, who have withdrawn from the society or removed from this Mission. The financial returns are encouraging; both Circuit and Connexional are in advance of any previous year.

We report one new church, (frame,) size 24 by 38, cost \$600, out of debt when dedicated, situated about 3½ miles from the village. In this new church we have a good Sabbath congregation; two classes, part of one and all the other having been converted and gathered into the Church during the past winter, and a well-attended week-night prayer-meeting. Our church in the village has been much improved in appearance and comfort during the year, and our congregations are as good as any in the place.

POINT ABINO—No report.

CAISTORVILLE.

Through a well directed train of merciful and kind providences we are brought nearly to the close of another ecclesiastical year. It has been a year of many mercies. We have missed but one appointment during the year from ill health. So we have been enabled steadily in the strength of our Divine Lord and Master to pursue our labours. "Trying the great commander's skill, to trust with faith unflinching." And as a whole, we are thankful to be able to say it has been a year of prosperity.

Our Sinclairville appointment has been rising spiritually and financially during the year. Their contributions for the support of the ministry will be equal, if not better, than last year. Last year they contributed \$14.05 to the Missionary Fund. This year \$21.55; and they have paid \$28 on the Parsonage.

Caistorville, in membership and contributions for the support of the ministry and Missionary Fund, will remain about as last year. They have, however, raised by tea-meeting and social, some \$44 for the parsonage.

At Merritt's we held special services for a month; we received there nine on trial, and the members received good.

Diltz and Welland Port, during the last year of my predecessor, seem to have lost sight of "the end of the commandment," which the Apostle says, "is charity out of a pure heart and a good conscience, and faith unfeigned." From this many of them seem to have swerved and "turned aside to vain jangling." My friend, brother Shaw, I believe, chastized them pretty well, which though grievous for the time, has yielded the peaceable fruits of righteousness. So I am happy to say they are now doing better.

ISAAC B. TALLMAN.

PORT DALHOUSIE.

This newly-formed and really circumscribed Mission consists of three appointments; two of which are in country settlements, a few miles from the Port, and the other is in the Port itself. In the country we have worshiped in School-houses, and in the Port in the Good Templars' Hall. We have not had much apparent success at any of these places, but have not labored altogether in vain at any of them. A number of sinners have been awakened to a deep sense of their sins, and a few have been converted from the error of their ways. One class has been formed in the country and there is a sufficient number of persons in the Port who call themselves Methodists to form one in it. They have been connected with one branch or another of the Methodist body, but Methodist efforts here having been so often begun and discontinued, they now want to see whether this effort is to be continued before they join with us. Let the effort be continued and a church erected, and then the establishment of a good cause in Port Dalhousie will not be vainly anticipated.

F. CAMPBELL.

CAYUGA.

Thankfulness and joy are the ascendant feelings amongst our people on the review of the past year. Showers of blessing have been vouchsafed, especially in the village of York. Souls have been savingly converted to God; membership quickened; increase of numbers from the world, and the pleasing augmentation in finances which we report.

This section of Canada has suffered severely of late years with failure of crops and consequent monetary depression. Yet our four respectable Churches are all free from debt. Congregations large and respectable, and though surrounded by other denominations, we thankfully record, after filling up vacancies such as removals, dropped, &c., an increase of one-third of the whole membership.

Our people walk in accordance with their profession generally, living in peace and unity, and are being increased.

The contributions to the Missionary Fund are almost one hundred per cent. in advance of the past year. Another year of blessing like the past and Cayuga should gratefully declare herself independent of Missionary aid.

I close my full term of service (three years) among this people with regret; though, as is usual on the Missions, I suffer a loss of seventy-five dollars in my salary.

NAPIER.

We have not enjoyed that degree of prosperity a Minister would desire, but we are thankful for encouragements to labor on. A most embarrassing Church debt has been partly paid, and the balance so nearly provided for that we do not anticipate any further trouble. In the Circuit and Missionary receipts our finances are much improved. The other Connexional Funds report nearly the same as last year. We have had some church trouble of a rather unusual kind, which, with small congregations and classes, are somewhat discouraging, but refreshing Quarterly-Meetings, and a few souls gathered to Christ, enable us to say, that though we report a decrease of three in our membership, on the whole we have tokens of advancement. May the Great Head of the Church give us "springs in the desert!"

E. W. FRAZER.

WARDSVILLE—No report.

MOORETOWN.

Our review of the work of the Lord in this field, for the past year, gives us encouragement and hope. There have been known conversions from the world—not such numbers as had been expected or desired, yet enough to demonstrate that the Lord has not left us to ourselves—about a score.

The growing spirituality of our people gives promise for the future. In this respect there is little room to complain. Generally our people seek a higher life.

Our congregations are largely on the increase. It will be no exaggeration to say that within the area visited by us, more people hear Wesleyan preaching than of any other religious denomination.

Financially, we think there is improvement, though it is feared the conscientious separation of the Lord's tenth is attended to in very few instances. We think, however, there is a tendency towards that goal. There is more system in attending to the financial interests of the church, and in some instances, at least, there is a growing spirit of liberality. During the past year the Circuit claims have been fully met. The Connexional Funds are all in advance of previous years. This is especially true of the Missionary Fund.

One comfortable church has been completed, opened, and paid for. The estimated cost was about \$800.

A heavy debt of between \$200 and \$300 on the parsonage has been taken up by subscription, and is now nearly all paid.

Though our experience here has caused us often to feel most deeply that it is hard, very hard, to turn men from their sins to Christ, yet we are hopeful for the future of this Circuit. The word of truth, listened to with respectful attention, we are convinced is taking a strong hold, and will bring forth abundant fruit, though it may be after many days.

E. A. STAFFORD.

WALLACEBURG.

In reviewing the labors of the past year, your Missionary has cause of devout thankfulness. Although not reporting that increase of membership which we desired, we are thankful for twelve souls converted and united to the church; owing to removals and other causes we are able to report but a very slight increase; the work of God has, however, been steadily advancing; the tone of piety in the members has been deepening, manifesting itself by more regular attendance on the means of grace and richer experience in the class-room; the congregations at most of the appointments during the year have been good, and an increasing desire to hear the word has been manifested. The Connexion Funds are in advance of former years, and notwithstanding that the Missionary appropriation has not been half what it was the year before; the people have not diminished their liberality to the Missionary cause, but rather increased it. The *Guardian*, during the past year, has increased its circulation on this Mission by sixteen subscribers, and a vigorous effort has been by the people to pay their own Missionary, which they undoubtedly would have done had there not been such a heavy and unexpected reduction in their Missionary grant. On the whole, the Mission is in a prosperous condition, with the exception of some church-debt not yet removed.

A. McCANN.

ELORENCE.

Your Missionary is thankful to be able to report an improvement on this Mission, in regard to both financial and spiritual concerns. The numbers and piety of our societies are on the increase. We were fearful at the first that our finances would not be well sustained, especially when we learned that the Missionary grant was cut down one hundred and twenty-five dollars. The result has shown that our fears were groundless; with a noble liberality the entire membership came to the rescue, and we report a deficiency so trifling that it is hardly worth mentioning. We are commencing to build a church at Dresden, one of the most important places on the Mission, and as soon as the way seems clear we shall begin in other places. On the whole we thank God and take courage.

REPORT.

WYOMING

Is gradually rising. The parsonage debt of nearly \$300, so long a burden and cause of trouble, has this year been entirely removed, and the parsonage property considerably improved. The debt on the Bethel Church has been liquidated, and the McKoy's Church nearly completed. Arrangements have been made for the erection of a brick church, forty by sixty, on a good site, in the village of Wyoming, and one individual has offered \$1,000 for this purpose. Two new appointments have been taken up during the year, including Petrolia, to which considerable attention has been given by your agent. The foundation of a frame church, forty by sixty, has already been laid; a good congregation obtained for the last four months, and a small class formed. The congregations, generally, have increased, and this year after all losses we report an addition of twenty to our membership. Peace is generally restored, and this Mission though a difficult one to labor promises a successful future.

Wallace—Andrew Milliken.

Arthur—Nathaniel S. Burwash.

ERIN.

At the close of another year your agents desire to thank God that amidst many discouragements they have had some tokens for good.

This arduous field is 35 miles long by about nine broad, and embraces three Townships, Erin, Garafraxa and Luther. In Erin our people are few and scattered, surrounded by a Presbyterian and Campbellite population. The removal of many of our leading members to the States and elsewhere has greatly weakened our cause, but some additions have lately been made to the church, and matters look more hopeful.

In Garafraxa we have now two good churches with about sixty members. The interest in our means of grace is deepening; class-meetings are well attended, and two Wesleyan Methodist Sabbath Schools have been established with every prospect of success.

In Luther, which is thoroughly mission ground, your agents have had the privilege of regularly supplying the new settlers with the means of grace. There are three preaching places, and notwithstanding the bad roads our services are well attended; some souls have been gathered in from the world, and though the labor is severe the prospects are encouraging. Our Church has

a strong hold on the affections of the people, and there is little doubt that as the Township becomes more fully settled it will extend on every hand.

The people on this mission according to their means and numbers contribute liberally to the support of their ministers, and the deficiency this year is not so great as last; our Connexional Funds are somewhat in advance, and after deducting 18 removals and 5 dropped, an increase of 12 members is reported.

Your agents humbly hope and believe that there are indications of a revival of God's work over the greater part of the Mission, and that the time is not far distant when a rich harvest will be reaped on this interesting field of labor.

May the Holy Spirit descend in copious effusion on both ministers and people!

DAVID CHALMERS.

ROCKWOOD—No report.

BERLIN.

With grateful emotions we acknowledge the goodness of God for his mercies towards us another year. Again we have to record the loss of many members by removal, and some by death and faithful disciplinary usage. Nevertheless, our congregations, upon the whole, have greatly increased. In the town of Berlin we have been under the necessity of providing larger accommodation for our people, which has involved a large expenditure of money, but through the spontaneous generosity of our friends, the necessary funds have been supplied; and, besides affording more free accommodation, we have rented double the number we did twelve months ago. The good Lord has graciously given some precious souls to his servants as seals to their ministry.

WILLIAM SAVAGE.

WELLESLEY.

After the labor and toil of another ecclesiastical year, your Missionaries in this promising field of Methodism look back with gratitude to God for his protecting, preserving, and sustaining grace. God has vouchsafed to them his gracious co-operation, without which success is always impossible. The congregations are good, and the people generally evince their attachment to and interest in the Church by liberally sustaining, according to their means, the institutions. Greater kindness could not be shown than that which has been experienced by your Missionaries while on this Mission.

Three years ago there was no parsonage on this Mission, but now there is a comfortable house, stable, and a good garden, the result of united earnest effort of both ministers and people, and that not encumbered with debt; there being only the small sum of twenty dollars of debt remaining.

1866.]

REPORT.

This year no less than two hundred dollars have been raised and paid on it. The funds are in advance of last year. With the small grant from the Mission Fund there is no financial deficiency.

The sympathy of the Church for the claimants on the Superannuated Preachers' Fund has been pleasingly shown by the liberal and increased subscriptions to the Fund.

Spiritually, the members are going forward. From removals, deaths, and droppings, the registrar shows a small decrease in numbers, yet it is encouraging to know that God has been in his sanctuary blessing his word and succeeding the means of grace employed.

ISAAC CRANE.

WALLACE.

On coming to this field of labour three years ago, we found the state of affairs rather discouraging; but in answer to prayer, and through the blessing of the Great Head of the Church on our labours, the various interests of the cause of God have improved

There is still much to mourn over, such as our own many shortcomings and the backslidings and lukewarmness of some in the Church, together with the impenitence of many of our congregations but we have much to excite our gratitude to God. Our congregations are good at most of the appointments; three new ones have been taken up, and four new classes formed, which are doing well. 150 have joined the Church during the past three years; and after deducting for removals, deaths, but especially accessions, we have pleasure in recording an increase in the membership. We are improved financially; all the Connexional Funds have advanced, and the Missionary list is more than double the amount of former years; and for the first time in eight years, Wallace Mission is able to record "no deficiency" in its Minister's salary.

Much praise is due to the lady collectors, who, notwithstanding the unusually severe winter interfering with the success of our Annual Meetings, have brought up the amount to a creditable figure; the children did nobly with their cards; one little girl collected \$12.25, another over \$5; others did well. The parsonage has been made more comfortable by being plastered and having a kitchen added thereto; the friends intend putting up a new stable and driving house as soon as possible. A new church has been erected at Bolton's Corner, Minto, 45 by 32, with gallery and class-room in the end; it was dedicated to the worship of God on Sabbath, 31st of December last; it is a great convenience to worshippers, and an ornament to the neighbourhood. The blessing of the Lord on the labours of the husbandman has contributed much to our prosperity.

We have peace in all our borders, thanks to the God of peace; and in closing our labours amongst this kind people, we feel that we rejoice that we were sent to labour on the Wallace Mission, having formed many strong christian attachments thereon, which we hope to look back to with pleasure. May God abundantly bless this people, and make them a thousand times more than they are, and may our successor be still prosperous and happy amongst them.

J. MILLIKEN.

ARTHUR.

In submitting the second Annual Report of this Mission, the Missionary would ascribe praise to God for continued success amidst difficulties and discouragements. Tokens of the Divine presence and blessing have been graciously vouchsafed at all the appointments.

One church has been opened, which, though unfinished, is encumbered with a small debt.

A parsonage and church in the village are greatly needed. The people, though poor and few, have commenced to raise funds for building purposes. They will need considerable assistance.

A considerable portion of the Missionary's labor has been expended in the western part of the township of Luther, which is very much broken with swamps and unoccupied land. The Protestant settlements are small—several miles apart, and connected with very bad roads. The people were found almost entirely destitute of the Gospel. A Presbyterian Missionary has since made his way into the settlements. Thus, others enter into our labors. But we rejoice, nevertheless, when "in sincerity Christ is preached."

This Mission is likely to be a field of privation and hardship for several years to come. We pray, with increasing confidence, for its prosperity. May the windows of heaven be opened, and showers of blessings descend!

We again report advance in congregations, membership, and funds.

REPORT.

lost about 25 of our members—a large proportion—so that we report a decrease of 14 members. Our congregations keep good; our Connexional Funds are in advance of last year, as are also our Circuit receipts. The church in Seaforth has been somewhat improved in the course of the year, though as yet incomplete. There is a disposition to hear the word, and we have not been without tokens for good. The Sabbath School is we hope settled on a better foundation; is enjoying increased attention, and we trust may be rendered a blessing, as well to those engaged in conducting it, as to the children. The population of Seaforth, our principal appointment, is fast increasing, and there are here enlarging openings for usefulness; our great want is a larger measure of the Spirit from on high; and we are trying to lead our people to look for and expect the fulfillment of the ancient promise. By the Divine favour we may hope for a good and growing cause in this place in years to come.

A. HURLBURT.

MITCHELL

Is gradually growing both spiritually and financially. The Lord was pleased to favour us with a gracious revival during the past year, which enables us to return a net increase of thirty members though we have lost fifty from causes common to Circuits, viz: droppings, deaths, and removals. The Mission has paid into the Circuit Funds this year more than last \$106, into the Mission Funds \$110, and an advance over last year in all the Connexional Funds. Two new churches were dedicated to the worship of God during the past year, and out of debt, and another in course of erection. To God be all the praise.

T. S. HOWARD.

STRATFORD.

After deducting fifty-two removals, two deaths, and six withdrawals, dropped and expelled, we are able still to report an increase of forty-five to our membership, numbering now two hundred and twenty-three. Having received over one hundred on trial during the year, it will be seen that the Church has been graciously blessed with a spirit of revival. Nor will it appear strange, that as a consequence all the Connexional Funds are liberally in advance of last year. The most encouraging feature of the finances of the Mission, however, is the relief of our large debt of \$2,000 upon our town church property, whereby the amount of \$1,000 has been wiped off, leaving the debt beyond the reach of any further appeal to the people—provision being made for the creation of a Sinking Fund whereby, in a few years, that incubus may be entirely removed.

H. CHRISTOPHERSON.

BAYFIELD.

In reviewing his labours on this field during the past year, your Missionary has cause for devout gratitude to God.

Though severe domestic affliction has interfered with the strict regularity of

some of the appointments, yet the congregations have been good and have evidenced increasingly devout and serious attention to the word preached.

In answer to united prayer the Lord has very graciously revived us at an appointment where our cause has been discouragingly low for years. We never were permitted to witness more satisfactory cases of conversion. Seventeen persons gave their hearts to God—fifteen of whom united with us in Church communion. At this place disciplinary steps are being taken to secure a suitable place of worship, the erection of which is a subject of earnest conversation among the people.

The Missionary and Connexional Funds are above last year, while the Circuit receipts are in advance of any previous year. Church debts have been extinguished, and a new church, commenced last year, has been finished, and in October last was dedicated to the worship of God.

The administration of discipline has resulted in the dropping of twelve for non-attendance at class, the expulsion of one for intemperance, while a few others, thinking our church rule too strict in this matter, have sought more liberty elsewhere, and the large number of thirty-one have emigrated to other places, which is the principal cause of a nett decrease of twenty-five. But while we report this decrease in mere numbers, we are encouraged to be able to say, that, at most of the appointments, Wesleyan Methodism is taking a firmer hold on the minds of the community, and our doctrines and usages being more intelligently appreciated, and the piety of our people being more exemplary.

We have hope that coming years will be marked with lasting success for Bayfield.

WM. R. DYER.

WAWANOSH.

It is now ten years since this Mission was formed and separated from the Goderich District. Then there was no church or parsonage within the bounds of this Mission. Now we have four churches, a comfortable parsonage, and a burying-ground, and all nearly free from debt. During those ten years several appointments were taken from this Mission, and the Blythe Mission was formed. Later the Lucknow Mission was taken from us, and the Lucknow Mission was formed. So while we do not appear to increase the numbers of our membership on some of our Missions, our numbers on the whole are increasing. Our return of members is a little in advance of last year. The number of attendants upon our Ministry are increasing. There is a marked improvement in attendance at class and prayer meetings. All our Connexional Funds are in advance of last year. Our quarterly financial returns are in advance of former years, yet not sufficiently so as to free us entirely from deficiencies. During the year one church has been entirely freed from debt. One has been improved, a burying-ground secured by deed; the burying-ground neatly fenced, and all paid for. Our people are taking a more lively interest in Sabbath Schools. On the whole we think the Mission is in a prosperous state, religiously and financially, and prospects are very favorable for the future.

REPORT.

KINCARDINE.

With devout gratitude to God we report progress in Methodistic interests on this field of labor. The great Head of the Church has favored us through the year with his presence and blessing. Souls have been saved and believers stirred up to renewed diligence.

We have eleven appointments, at seven of which there are churches; four belonging to our own denomination, and three to sister churches.

Immediately after last Conference a gallery was finished off in our church in the village, rendered necessary by the large increase of attendance at public service.

Our congregations throughout are encouragingly good.

A laudable effort has been made to support the financial interests of the Mission and Connexion. The various funds are all in advance of last year.

At one of the appointments means have been obtained for pewing and painting the church. Initiatory steps have been taken for the erection of a parsonage, and subscriptions to the amount of about \$400 secured.

Our Sabbath School in the village is in a flourishing condition.

The growing population and the enlarged temporal prosperity of the village and surrounding country, together with the increased facilities for travelling, &c., which will be secured by the construction of gravel roads through the country, and the extension of the harbour at Kincardine, which works are now in progress, afford an encouraging prospect of religious usefulness and material prosperity for the future.

ORRIN H. ELLSWORTH.

TEESWATER.

The boundaries of this Mission remain the same as last year, with a slight extension towards Mount Forest, in embracing the Rosell Settlement, on the Elora Road, in Carrick, where a week evening appointment has been established, and a small class formed.

Within our borders we have enjoyed peace and general prosperity. Still we have had to contend against some difficulties, owing to a dullness of business in the neighborhood, and more inviting temporal prospects beyond, especially during the former part of the year—some four good working members removing from the Mission. Nevertheless, under the blessing of God, in the awakening and converting of some precious souls who have been added to the Church, we are saved from reporting a decrease.

Our Funds are all in advance of last year. The Missionary Fund especially has met with the most hearty support; and taking the scantiness of the means of our people into consideration, together with the diminished grant from the General Fund to the Mission, we think few Circuits have been proportionally more liberal.

EADWEN.

Owing to embarrassment on the part of many of our people in consequence of "the bad times" of former years, there has been an inability to carry their earnest desires into effect in building churches; but through the result of last year's prosperity, hope soon to commence to build in one or two of the appointments.

The claims on the parsonage-trustees for the past year have been met, and we hope that in three years more it will be the free property of the Church. We are also glad to report that we have made a start in the purchase of parsonage-furniture, \$20 having been applied last year to that purpose.

Reviewing the whole, we thank God and take courage.

JAMES WHITING.

AINLEYSVILLE.

The Lord has favored us with some degree of success during the year, although we return a decrease in the membership of 8. We received on trial, 23; from other Circuits, 8; total, thirty-one. 9 removed, 2 withdrew, 27 dropped, 1 joined a class in Howick Mission; total, 39. We have 12 on trial, 103 members; total, 115. Our Connexional Collections are nearly three times what they were last year, and \$20 advance in Missionary money. There has also been a considerable increase in the amount paid by the Mission to their Missionary. Yet our "net deficiency" is \$182.42. Our Missionary grant was small, and I believe our people have done what they could in finances, under their own embarrassed circumstances.

We paid during the year \$64 of a debt on the Ainleysville church, and we have in hand \$60 to pay for painting the church, being the proceeds of a Bazaar and Tea Meeting. We also paid nearly \$70 on the debt on the Johnston Church, and \$14 on the parsonage-stove. To the Lord of Hosts we ascribe all the praise.

JOHN WEBSTER.

E L M A.

This Mission is composed of ten appointments, six of which are in the Township of Elma, three in Wallace, and one in Morningson. The country is still new, but the settlers are, generally, men and women of the right stamp, and considering the short length of time that this tract has been settled, the people have done nobly in clearing up their farms and supporting their preachers. The most are poor, and through failure of the crops for the past four or five years they find it difficult to make their payments on their land and meet all claims upon them, but they feel willing and desirous of doing all that they can for the cause of God. This willingness is especially evident at the appointments in the south and west parts of the Mission. We have a large Circuit deficiency, but all the Connexional Funds, with one exception, are in advance of last year's returns.

During the year, the ty colleague, w "forever wit whom did no was necessar some month to the Lord's ference gave considered, v agement. O for a gracious

During the fall and winter an ever-wise and good Providence visited us with the typhoid fever. Nearly all my family, together with myself and colleague, were attacked by it, and one dear little boy was called home to be "forever with the Lord." Many others were smitten by the fever, several of whom did not survive the attack. In consequence of this visitation, our work was necessarily neglected. Brother Chant was unable to attend to his work for some months, and the people were so panic-stricken that they feared to go up to the Lord's house. We return 213 members. Last year's Minutes of Conference gave us 280, but we could only succeed in finding 198. All things considered, we have much cause for thankfulness, and no occasion for discouragement. Our congregations are, on the whole, very good, and we are looking for a gracious visitation from on high at our Camp-meeting.

NELSON BROWN.

LUCKNOW.

My predecessor said, two years ago, in his report of this Mission, "This is emphatically a *Mission field*." The same is still true. The country is new, and the people are poor, struggling hard to make a living and establish homes for their families. The majority of the people here have not been brought up under the influences of Methodism, consequently it seems harder to "break up the fallow ground;" but "the things which are impossible with men are possible with God."

In reviewing the labours of the past year, and the good results that have followed, feelings of gratitude rise up to the "Father of lights" from whom "cometh down" "every good gift, and every perfect gift." Through His Divine blessing we are able to report progress in almost every department of our work. The congregations have increased. A higher tone of spirituality is manifest in the members of society. Although we report the loss of 17 removed, dropped, &c., we have added 37; 7 from other Circuits, and 30 received on trial, leaving us a nett increase of 20. In one place where there had been preaching for some time, but no members, and where a prayer-meeting or class-meeting had never been held, we now have had a thriving class of 13 members, most of whom are heads of families. It was very cheering indeed to hear some of these, at our last Quarterly Meeting, praising God for having sent them his word and salvation, dating their spiritual birth but a few months back.

We have but one church on the Mission; but the contract has been let for building another this summer, while in two or three other places the people are anxious to build as soon as they can.

The Missionary and all the other Connexional Funds are considerably in advance of last year. The receipts of your Missionary from the Mission have also been somewhat in advance of what was raised last year; yet we have to explore an embarrassing net deficiency of over \$200 on the moderate appropriations made by the Quarterly Board. The total received from the Mission being \$149.48; \$48 of which has to go for rent.

WALTER'S FALLS.

Our anticipations at the commencement of the year have not all been realized, for, though 20 have been received on trial, yet by removal and disciplinary pruning, we can report but two of an increase in membership.

We have completed and dedicated one church, and have another in progress, which we hope to have opened early in the summer. The parsonage has been plastered, a stable built, and the property otherwise improved, and made comfortable.

We are making efforts to extend our borders by attaching several new settlements, which are not supplied with preaching. For this purpose the Official Board have unanimously asked for an additional laborer.

JOHN C. WILMOTT.

THORNBURY—No Report.

MOUNT FOREST.

We have been favoured with seasons of refreshing at most of our appointments, a few have been converted, and the different classes have evinced a growth in grace. Our finances are in a healthy state, being considerably in excess of last year. In the village, however, we have sustained a great loss by the removal of some of our most important families to distant localities.

RICHARD POTTER.

DURHAM.

This Mission has had some reverses. Mr. Vancamp leaving, and no young Minister coming to fill his place, necessarily caused many changes. One appointment had to be transferred to the Hanover Circuit; two other Sabbath appointments had to be converted into week-evening appointments, and Durham

REPORT.

could not have preaching twice every Sabbath. These changes, of course, caused some dissatisfaction. Nevertheless, at the close of the year we are enabled to report a degree of prosperity. It has pleased God to favour us with his presence and blessing, and a few souls have been added to the Church. After allowing for 22 removals, deaths, &c., we now report 100 members, and four on trial.

Financially, the Mission is in a healthy state, the receipts being about fifty per cent. in advance of any previous year. The debt on the Church in Durham has been reduced to about \$35, and that is provided for; so that in a few months the entire debt will be paid.

We have three Sabbath Schools on the Mission, doing well, every thing considered. After spending three years on this field of labour, we leave with a degree of reluctance. We desire to bear testimony to the hospitality and kindness of the people on this Mission, and devoutly pray that heaven's richest blessing may be theirs to enjoy.

ISAAC BAKER

PAISLEY.

We have received forty accessions to our Church, but, in consequence of ten removals and thirty-six excisions, we are obliged to report a slight decrease. The Conference authorities very judiciously removed my colleague during the year, by which we were compelled to drop four of the most remote appointments, where there was but a small membership, and no probability of enlargement. The few we still retain have exceeded their last year's contributions to all our Connexional Funds. Our congregations are greatly augmented, and a more healthy and vigorous piety prevails. Our people are contemplating the erection of a Church in Paisley next year. We have no Wesleyan Sabbath School, but are about organising one. Notwithstanding, it will require time and toil to establish Methodism on this field of labor, in consequence of such a vast amount of exclusiveness and bigotry.

D. E. BROWNELL.

ARTEMESIA.

In presenting the annual report of the state of this Mission at the close of another year, I would render devout thanks to God for the many mercies vouchsafed.

My excellent colleague and myself have laboured together in the most harmonious and agreeable manner. We have been engaged for about ten weeks in protracted services, the result of which was, a few professed conversions to God, but not to the extent we could have desired. We have organized an interesting class, and a very promising Sabbath School, in the rising village of Priceville, where our cause for a long time has been very low, but now presents a much more encouraging aspect.

C.T.

ing, and no young changes. One a other Sabbath its, and Durham

After having lost 20 by removals, death, withdrawals, and those who have been dropped, we report 14 increase, and the congregations generally are increasing in interest and numbers.

All the Connexional Funds are considerably in advance of last year, and on the whole the Mission is in a more prosperous and encouraging state,

GEORGE JACQUES.

HOLLAND AND SULLIVAN.

In reviewing the labours of the past year on this Mission, we have no reason to hang our harp upon the willow, but give praise to God for mercy enjoyed and grace bestowed. A few souls, at least, have been plucked as brands from the burning, and were made to rejoice in the Saviour of sinners. Believers have been built up in the faith of the Gospel, and are advancing in the way of holiness. The congregations have been increased, and there is almost a universal desire to know more of the character and nature of our holy and God-honoured Methodism.

A commodious Church is in course of erection in the village of Chatsworth, which, when completed, will add much to our comfort, and tend materially in giving us a hold never before possessed.

The timber for another Church is out, and we expect to let the contract immediately after Conference.

The parsonage property has been improved, and preparations have been made to fence two burying-grounds that have been almost common for years. The funds are all in advance of last year which is an evidence of success.

May the coming year be crowned even with greater success, and above all, may sinners be saved and brought to a knowledge of the truth as it is in Jesus.

J. NEELANDS.

KEPPEL.

During the greater part of the past year this field of labor has been entirely in the hands of your Missionaries, and they have endeavored, in the fear of God, faithfully to attend to the spiritual necessities of the people.

In reviewing the year, while we deeply deplore the absence of that general and mighty outpouring of the Spirit which we could earnestly desire, we rejoice that the Great Head of the Church has been with us, and visited us with salvation.

We have received twenty-one members on trial, and thirteen from other Circuits; but in consequence of the large number which we found necessary to drop, our nett increase is only fifteen; we now report a membership of ninety-six.

Three Sabbath Schools have been established, which, although small, are attended with considerable interest.

Altogether, financially and spiritually, the Mission is advancing, and we are looking and praying for a greater degree of prosperity.

HOLLAND LANDING,

During the year, through the blessing of God, success, both temporally and spiritually, has crowned the labors of our hands here. When we arrived on this field of labor a year ago, there was much, very much to deplore, on account of an unhappy difference that had arisen between my predecessor and his colleague. Now, however, through the blessing of God on the faithful preaching of his word and pastoral duties, we have a better state of things. We have now peace, and are looking for yet greater prosperity.

During the year two churches have been cleared of debt, and a strong effort put forth to clear the third, which, with a little help from the "Chapel Relief Fund," will be accomplished.

Some of our collections are largely increased, one being 200 per cent. in advance of last year, and we return nearly as much into the Missionary treasury as we draw from it. These, and other indications, lead us to hope next year to become a Circuit.

My amiable colleague, Brother Locke, and myself, have worked in perfect harmony, and, as the result of our labours, we return, after filling up all vacancies, through deaths, removals, and otherwise, a nett increase of 31 in the year.

Wm. J. Hewitt.

ORILLIA—No report.

CRAIGHURST AND PENETANGUSHENE.

This has been a year of severe toil and some degree of success. We report a numerical increase of 15 after an equal number dropped. (Our increase is owing largely to incoming members from other Circuits.) We have endeavored, and not without a good degree of success, to revive class-meeting attendance, which has, on Craighurst end of Mission particularly, been much neglected by those returned to us as members, and we must add still there are a few who are faulty in this respect, but they are few. We have an increase

in Circuit receipts, with improved monetary times, also of Connexional Collections and Missionary moneys. We have opened four new appointments, dropped one, originated one Bible Class, one Sabbath School, and resuscitated another. Through the kindness of the Warden of the "Reformatory," Wm. M. Kelly, Esq., we have access to the convicts, where we instruct a class of twenty-four. The year closes with increased piety and an upward tendency of Methodism on the Mission.

J. ANDERSON.

COLLINGWOOD—No report.

NOTTAWASAGA AND ANGUS.

In reviewing the work of God on this Mission during the past year, we see much cause to rejoice and much reason for gratitude to God. We have not had any very extensive revivals during the year, but a growing interest in the Church's welfare has been visible in our membership during the entire year; they seem to be much more interested in both the temporal and spiritual welfare of the Church than I ever knew them to be before. Our congregations are very good and during the past few months we have been much encouraged by persons at different appointments, anxiously enquiring the way to be saved.

We have taken on trial during the year about fifty persons, and have lost, by those who have proved unfaithful, and those who have removed, about forty, leaving a nett increase of ten. Our people in the village of Stayner have commenced a new church, of which they have much need, and which they expect to have finished about midsummer; and our people in Sunnidale are making preparations for a church in Dean's neighborhood, which they intend to build during the coming year.

The Missionary here has had many things to contend with that have not been pleasant, such as long journeys, bad roads, poor preaching-places, poor pay, and a great deal from home; but the prospects for the future are brightening; churches are being built, the people are becoming more liberal, and souls are being converted to God and added to the Church.

D. HUNT.

OSPREY.

The last Conference-year was one of peace and prosperity to this Mission. We finished one beautiful church, and are preparing to finish another this summer. All our funds are in advance of last year. There is no lack of Ministers in this field of labor, being in all six, so that society is very much split up; but we are happy to say Wesleyan Methodism stands No. 1. We have a noble people here, and by the blessing of God on their efforts, this

oral and spiritual

In submitting a report of this Mission for the past year, we are led to take a retrospective view of the work of God during that period; and of the result of our labor; and in doing so we feel humble before God, yet thankful for the measure of prosperity imparted to us; by the use of the regular means there were 12 members added to the Church; but, on the other hand, we were obliged to drop 11 others: some for non-attendance of class, and others for indulging in intoxicating drink; 4 removed, and 1 died. This, on the whole, shows a decrease of 4.

Our congrega-
e been much en-
quiring the way

Not having comfortable places of worship, our congregations are much smaller in winter than in summer. Our prospects, however, in this respect, are brightening, as arrangements are made for the completion of two churches, one we expect to have finished in about two months; the other before the coming winter. Our Connexional Funds are fairly sustained; they are about fifty per cent in advance of last year. Our future prospects are hopeful and encouraging. We trust, by the Divine blessing, that the ensuing year will be more prosperous than the past.

BEAVERTON—No report.—
STOUFFVILLE—No report.—
MANVERS.

About 50 have been received on trial during the year. We have lost, however, about 45 by removal, and several have been dropped, so that after all we are compelled to report a decrease of 10. For the two years, however, we have a small increase, and the finances of the Mission are greatly improved. And though, (owing to the great reduction of the Missionary grant) we are compelled, for a second year to sustain a *great deficiency*, yet the Mission has raised some \$150 more than last year, and pays into the Missionary Fund nearly three times as much as we receive from it. The other Funds are also well sustained, and prospects for the future are brightening.

R. O. WILSON.

—
COBOURG DISTRICT.*Hastings and Seymour*—Robt. Mark, Isaac Weldon.—
HASTINGS AND SEYMOUR.

Although your Missionaries have experienced many trials, and encountered many difficulties in connection with this field of labour during the past year, and have lost by removals thirty members, our Camp-meeting and special services have added to our membership, so that we report a net increase of eighteen.

In Campbellford there are signs of progress in the form of a larger membership, a more liberal support of the ministry, and a contribution amounting to \$600 towards the erection of a new church.

In Hastings it is to be lamented that the very heavy debt on the church is a serious and almost insurmountable barrier in the way of spiritual success. Still, we are thankful that though many of our hopes have been blighted, in membership and finances we are a little in advance of last year. Beyond this, a self-denying few have paid during the last three months \$430 on our church debt.

LAKEFIELD.

Upon this Mission, through the past year, God has graciously preserved the Missionaries and their families in health and peace. And, except in one instance, death has not visited our membership. Our numbers are about the same as returned a year ago. Through removals we have lost 16, and 21 have been dropped. We received 35 on trial, and 3 from other circuits, which about make up our losses. The attendance upon the means of grace is very encouraging; and so is the spirit of enquiry after scripture truth, which, by means of pastoral visiting and Bible-class instruction, we have been endeavouring to awaken. Financially, we have *every fund in advance of every past year*. We feel especially thankful for the improved condition of our cause in the village of Warsaw. We had no class there a year ago, and scarcely a congregation. Now, we have a most promising class of 18 members; all heads of families except two. There was so much carelessness and undisguised hatred to Methodism, that at the very commencement of the year we were strongly urged to give the appointment up. Now, in many ways, the whole community show their respect and love for our cause. They have contributed \$60 to our funds, and have secured a site, upon which, at an early day, they intend to build a Methodist church. Our predecessors will rejoice to hear of this fruit reaped upon this hitherto unproductive soil.

There has been almost no emigration to the Burleigh Road settlements during the year. The condition of the road previous to last summer frightened many intending settlers; but now, the road being very much improved, it is expected that many will be found moving back to the townships in rear of Burleigh. In these townships the land will compare favourably with Coboconk or Minden Missions. No other denomination seems as yet to have learned of the existence of these settlements, so that our monthly services are all they get. We have organized a Sabbath School with 20 scholars, and have a nice little *frame* Meeting-house nearly ready to preach in. So deeply do the settlers feel the insufficiency of their present supply of ministerial work, that, out of their poverty, they have *pledged* themselves to *board* a single man, if one can be sent them, and his salary supplied from the Mission Fund. This is real Missionary ground, which can never be properly worked connected with Lakefield as it is now.

WM. SHERIDAN.

BOBCAYGEON.

We have great cause for thankfulness to the Donor of every good and perfect gift, that we enjoy a tolerable share of health of body and, we trust, a good degree of spirituality of soul on this Mission at the close of this Conference-year. We cannot, it is true, boast of accessions to our numbers as members of the Church, though along with our Missionary work at home, and on deputations elsewhere, we have held *two* protracted services, one at the northern, and the other at the southern extremity of the Mission. But, though we did not succeed in getting new members to join our Church, our undertaking was very far from being a failure in many other respects. Many of the members that were cold or luke-warm were warmed up afresh with the love of Christ in their hearts, and were led to make solemn promises that they would be more earnest, more zealous, and consequently more useful for the time to come than they have ever hitherto been; and besides, some young persons, whose parents belong to other denominations, upon being missed from their homes, and search being made for them, were found—where, and at what? In the barns, and pouring out their very souls in fervent prayer to God to pardon their sins, for Christ's sake. Independently of these and other blessed results, our congregations have been considerably increased on all our appointments. On the whole, things augur well for the next year, so that we may thank God and take courage.

At the commencement of the Conference-year, just now expired, when I came on to this Mission, there were only 112 members any where to be found, from one end of it to the other, although there were 197 members returned by my predecessor. That would show a decrease of 85 members, but the decrease is only 5 in reality, 2 having died, and 3 having moved away, leaving the return for this year 107. Suffice it to say, that we never had these 85 members, so that the decrease is but *apparent*, not *real*. Any one who desires any further information on this point is respectfully referred to the Rev. James Brock, Chairman of the Peterboro' District, who will satisfactorily account for this *apparently* unaccountable decrease.

G. McNAMARA.

MINDEN.

In presenting to you a brief report of this Mission, we cannot speak of great increase, but of slow advancement. Three years ago there were 21 members on this Mission; now there are 52. Then \$15 were given to the Missionary Fund; now \$50. Then the people raised about \$40 for the support of the Minister; now \$130. Then there was no church in the village, and the lot was in its state of nature; now there is a respectable church, all finished but the plastering part; all the lot, but one corner, under cultivation, and a stable standing on it. In order to the future progress of this Mission, it is necessary that two Ministers should be stationed here next year; then those settlements which have had monthly preaching only, can have preaching once in two

weeks, and the township of Dyeart can have Sabbath appointments, which now is without them. Should the Stationing Committee think it proper to do this, it would tend to increase the membership of our Church, secure from the people between \$50 and \$100 more for the support of the Ministers, and thereby supply the wants of the people.

Wm. Short.

FENELON.

There are several matters in connection with this Mission of a depressing nature, which considerably retard the efforts of your Missionary in his labours. The ground is contested by nearly every denomination of the Christian Church. Our numbers are small, and even then (with a few exceptions) there is a sad lack of zeal in their personal, as well as in the general work of the Church of God. There is neither a Sabbath School nor a Church upon the Mission. On the other hand, it would be sadly out of place not to notice some tokens for good, indicating a bright future for Fenelon. During the year several families have settled in our midst, amongst whom are some devoted members of the Methodist Church, whose piety and zeal are already operating beneficially in the neighborhoods where they reside. One class, that to all appearance was scattered, has again been gathered, and with the addition of a few members, they manifest symptoms of growth in divine grace, and are agitating for the erection of a church in the neighborhood. At Powles' appointment a piece of ground has been given and secured, where the members are preparing for building in the autumn. A lot has also been presented to the Mission by a member of the Baptist denomination. Our position in the village of Fenelon suffers for the want of a suitable place for divine worship in connection with our own society. The attendance upon the various means of grace through the year has been good. A new appointment has been taken up on a week-evening, also one at Rose Dale on the Sabbath, and the congregation gathered there bids fair to form the nucleus of a small, yet permanent society. During the year there has been several removals, yet your Missionary has much pleasure in reporting the number of members with a slight increase upon previous returns. Some of the Connexional Funds are in advance, and the Mission has nearly doubled the amount of last year's subscription to the Missionary Fund.

JOHN SANDERSON.

HAVELOCK.

In reviewing the past year, we feel thankful that we are able to report some success. While all the old appointments have been retained, two new ones have been added. At both of these new appointments we hope that small classes will soon be organized. The number of members returned this year is only one in advance of last year. Although on account of several removals we

cannot report much increase, yet we rejoice in being able to say, that during the year we have enjoyed a degree of the Divine presence in the preaching of the word of life. However, the financial returns of the Mission are in every respect in advance of last year. The people have raised more for the support of the Gospel amongst them, and have contributed more liberally to all our Funds. There are three Sabbath Schools in active operation on the Mission.

DAVID HARDIE.

COBOCONK AND CARDEN.

The past year on this Mission affords cause for gratitude to God. The health of your Missionaries has been preserved, the Divine presence has been enjoyed, and over twenty souls have been savingly converted. In almost every class there are signs of spiritual growth, and yet we mourn that the love of some has waxed cold. Several excisions have thus been made necessary. We have lost a large number of our members by removal, while from other Circuits we have had no accessions. Our increase, therefore, is but small.

To do justice to the Mission in its present arrangement is exceedingly difficult, and hence a unanimous resolution for reconstruction passed our Quarterly Board. It seems necessary for future success. Our Connexional Funds are double those of any preceding year. Missionary contributions are largely in advance. Church-building has occupied some of our attention. A comfortable frame edifice, with gothic windows, has been erected at Coboconk, which is now nearly completed, and entirely free from debt. In this matter we give thanks to God, who inclined men of influence to aid us. The village of Bolsover will probably have another of a like character soon, as a lot has been secured, material obtained, and active preparations made for that object. We have four Sabbath Schools, which are doing a good work for the young.

Twenty-nine children and three adults have been presented to God in baptism. Your Missionaries have been cheered in the midst of some privations, and rejoice in the hope that the little one shall yet become a thousand, and the flock now in the desert be led out and exalted to the dignity of heirship with the Son, whom they trust in humble confidence.

REPORT.

[1865-

MARMORA.

Under rather peculiar circumstances the first appointment was made to this Mission in 1861. The Brother appointed was burdened with a large family, and having a hard field to cultivate, after laboring about eighteen months, fell under the weight, and we hope went to a better land. The next brother who was appointed by Conference to this Mission, only stood his ground about half the time of his predecessor, when, through ill health, he was compelled to retire, causing thereby disappointments, which stood in the way of the progress of the Mission.

When we arrived, we found only two small classes, and one that had discontinued to meet for nearly a year previous, and a few scattered members, numbering in all about fifty. During our first year's labours, through the Divine blessing, we succeeded in reviving the fallen class, and adding some new members to it, and also organizing a fourth class, all of which have since continued to meet. This year we have added a fifth class, which numbers upwards of twenty, and is doing well; we have also the nucleus of three classes in other localities.

In combating existing evils, we have used the antidote of temperance organizations, to remove intemperance; of Sabbath-schools and the ordinances of religion, to remove Sabbath desecration; of punctuality, to remove from the congregations the fear of disappointment; of persevering industry and affectionate appeal, to remove long existing apathy and moral indolence; of generosity and liberality, to remove covetousness and cupidity; of the death-bed scenes and the uncertainty of earthly things, to remove love of the world; and of the glorious tidings of sa'vation, to remove guilt, impart power, and purify the hearts of men; and the result is good, serious congregations, augmentation to our number, a very encouraging advance in finances, and above all, the justification of sinners, and the sanctification of believers.

JOHN A. DOWLER.

FLINTON.

This Mission has suffered during the past year a still greater loss of members from the removals that have taken place. In consequence where there were classes there is not one member left, and of the number two Local Preachers, two Elders, and one Steward have left, fearing they could never make out a living for themselves and families by farming. And as there is no other prospect at present they think best to remove, so that those who remain are in a very unsettled state and others would go if they had the means. Your Missionary visited and preached in a number of the lumber shanties during the winter to large and very attentive congregations, and hopes that some good has and will result therefrom. The Lord has graciously visited some souls during the year with his pardoning mercy and sanctifying grace, and while there still remains some who truly fear the Lord, and are determined to walk

L. SCHOFIELD.

in his ways, and are strongly attached to Wesleyan Methodism, I hope they will have the sympathy of the friends and all possible aid from the Missionary Committee.

R. ROBINSON.

MADOC.

This Mission is in a prosperous state in almost all respects. There have been, during the year, upwards of fifty converted, most of whom are now members of the Church, some of them very thoughtful, and giving promise of future steadfastness and usefulness.

Peace and harmony prevail in all parts of the Mission; and in most parts there is evidence of growth in grace among the members, and earnest desires manifested for the advancement of the work of God.

Financially, we are far in advance of any thing we dared to hope for at the commencement of the year. The parsonage has been enlarged and improved to the amount of two hundred dollars, and more than that sum raised to pay the expenses incurred, and to reduce the debts that were remaining upon our Churches.

We have not as many Sabbath Schools as we desire, and those we have are not as prosperous as we hope in a short time to see them.

JOHN ENGLISH.

HASTINGS ROAD.

While there are many things discouraging to a Missionary on this field of labour, there is at least this fact to cheer him, that he is labouring among poor but worthy people, struggling amid almost insurmountable difficulties for a living, who are anxious to hear the Word, and do what little they can, by giving of their means to support the cause of Emmanuel.

This Mission is 43 miles in length, and passes through a rough and stoney country. Owing to a failure in the crops, the inhabitants are fewer than they were three years ago, and unless the mineral resources of these townships are developed, they will in twenty years be entirely depopulated.

Our congregations are steady and attentive. We formed one new class, and have succeeded in establishing two Sabbath Schools.

The people are in a very unsettled state, many are moving away, and your Society has lost this year by removals 13 members. The amount given towards the support of your Missionary is in advance of last year, and beyond our expectations. May God continue to bless his work in this part of his moral vineyard.

REPORT.

DENBIGH.

Few new places furnish greater obstacles to the pioneer settler. Remoteness from markets, long expensive land carriage, caused everything to be two prices. To those whose means were limited, life was an incessant struggle. A grist mill has rendered much relief in the line of bread.

Two years ago twenty-two miles was the nearest post office, now there are four on this Mission. One year ago the shanty was the parlor, kitchen, bedroom and preaching place, now there is a school house.

Seven townships, in whole or in part, make the limits of this Mission. Its amplitude caused the quarterly Conference to pass a resolution asking for a division as soon as the state of the funds will admit. Numerically, this Mission has not advanced like some fields of labor.

Thinness and fluctuation of population and diversity of sentiments furnish the cause. The demonstration of experience has shown the adaptation of the soil for agricultural purposes, therefore stability will follow. The humble labors of the Missionary have mostly been well received, and under God's blessing, been instrumental in the conversion of souls and building up believers in the faith of Christ. Some having been members of other churches defer membership with us, hoping for a Missionary from their own Church.

The more they become acquainted with, us the greater the sympathy and respect for our institutions.

Within the last two years two Missionaries were sent and withdrawn by their churches. Pastorally, we visited most of the inhabitants, giving them useful tracts, and by the kindness of the Committee of the Belleville Bible Society, have been the donors of the Holy Scriptures to several. Special attention has been given to the sick, three of whom, it may be hoped, entered into rest. We have three Sabbath Schools, twelve appointments, one Local Preacher, two Exhorters, thirty-seven members, after seven removals and two dropped.

The kindness of members and friends is very cheering, and does much towards smoothing the way and holding up the hands of the Missionary. The sums paid to the funds, though small, are quite in advance of the past, and we trust future efforts may be such as to satisfy reasonable expectations and secure the Divine approbation. Now, to Him who preserved us when fording swollen streams, or directed us aright through the forest, may all praise be given!

GANANOQUE.

We have cause for thankfulness for a few tokens of good. Our Connexional Funds are in advance more than one hundred per cent. on those of last year. The Missionary money is a little deficient, owing to the removal of some who subscribed liberally last year. There is a decrease of seven in the number of members, but we have lost fifteen by removals, deaths, and dropped for non-attendance at class. There is an excellent Sabbath School in the village which was commenced by my predecessor—by far the best we have seen in a small place. The children are regularly taught the Wesleyan Catechisms. Two Bible classes have been met weekly by the Minister, at one of which there was an attendance of fifty young persons. We have also met the children as the Discipline directs.

The people in the country have been much crippled in their circumstances for the last four years, so that the allowance to the Minister is small; but they have paid him all that they promised, a fact which he gratefully acknowledges.

EDWARD BARRASS.

BREWSTER'S MILLS.

Through the Divine mercies we are able to report some progress in every department of our work this year. Two new Sabbath Schools have been instituted and are now in successful operation. The membership has been increased in piety, intelligence, and numbers. The Church debts have been decreased, and all the Local and Connexional Funds encouragingly advanced. The work was never in a more prosperous state; yet it never more needed a vigorous prosecution. This field will require Missionary aid for some years; still there is good hope of its becoming an independent Circuit.

A. CAMPBELL.

CENTREVILLE.

Our report from this Mission, for the past year, presents grounds both for anxiety and thankfulness. We report that, owing to a very large number of removals, we have a small decrease in our numbers, while really we are in advance of last year.

We have been favored with a fair measure of material prosperity. We have expended, during the year, nearly a hundred dollars on our parsonage property—now as commodious and convenient as any on the District. Our Connexional Collections are in advance of the past year—our Missionary receipts more than double. We are endeavouring to care for the spiritual interests of the young in our Sabbath Schools and week-night Bible classes which are well attended.

Altogether, we have reason to thank God, and take courage.

REPORT.

HARBOWSMITH.

We have again to report several removals from this Mission, occasioned by the repeated failure of the crops; the people seek a home elsewhere, hoping to do better.

We report only two deaths; these were both aged members, and were both triumphant.

Our Connexional interests have received almost as liberal a response as during other years; but in this we have nothing to boast.

We have seven preaching-places, four prayer-meetings, and three Sabbath Schools, whilst our congregations are usually good.

W. H. FRANK.

TAMWORTH.

Tamworth is a village of some importance, numbering about five hundred inhabitants, with a good share of intelligence for a place of its size. Our principal appointment is the village, embracing some very honorable and true friends to our cause. The country part of the work, with the exception of Lime Lake appointment, which is nine miles from Tamworth, is not so important. Although there have been discouragements and hard times, yet Tamworth, we believe, is likely to become an important appointment, it being now a place of more business than any I know of in this country for its size. Our finances have improved some during the year. Our numbers, however, in society have diminished through removals, and others we have been compelled to drop for non-attendance. On the whole, we are satisfied that it is an appointment worthy of attention, and will some day repay the labor expended on it.

O. BARBER,

NORTHERN PART OF TAMWORTH.

This field of labor, though nominally connected with Tamworth, has, during the past year, been worked as a separate Mission, under the supervision of the Rev. O. Barber. It extends over the greater part of the townships of Kennebec and Olden. It has seven appointments and two churches. The land is comparatively poor, and consequently the people are not wealthy, yet they manifest a good spirit in endeavoring to support the ministry of the word of life among them. They who did comparatively nothing for the support of the ministry previous to this year, have done well in raising \$72 17; and that with \$100 from the Missionary Fund leaves the Missionary with but a small deficiency.

Two new appointments have been taken up during the year. A good deal of attention has been paid to the lumber-men, who are very numerous in this vicinity. Tracts have been distributed among them, and we trust the Gospel has been preached with effect.

S. CORNER.

FRONTENAC.

The Frontenac Mission is truly a Mission "to destitute settlers." It extends into the townships of Portland, Hinchinbrook, and Bedford. There are six Sabbath and one week-day appointment. In the early part of the year quite a number of the people were attacked by a sickness, some of whom died "in the faith;" others were discouraged by the repeated failure of crops, and left the country. These things tended to lessen the congregations and weaken our cause for some time; but by constant pastoral visiting we had the pleasure of seeing others led to attend the preaching of the Word, so that of late the congregations have been larger.

The people are in general poor, and give this as the reason why they do so little in support of the Mission.

The thirty members of our Church, with many hearers who value Wesleyan Methodist ministrations, are anxious that the "Bread of Life" may still be given them through the labors of the Agent of this Society.

BROCKVILLE DISTRICT.

Winchester—John Howes.

Cornwall—John Hugill.

Roxborough—James W. Sloan.

WINCHESTER.

At the close of the third year on this Mission, I am happy to be able to report some degree of progress during the year. A few interesting cases of conversion have taken place, and the effort for the extinction of the debt on our Church in Winchester has been successfully prosecuted. Three years ago the debt was over six hundred dollars; five hundred dollars of this has been paid off, and one-half of the remaining one hundred dollars provided for. The contributions of our members for the support of the Ministry, and for our Connexional Funds, have been liberal, according to the circumstances of our people.

Our members, while they feel very grateful to our Missionary Society for their Christian liberality in helping to support the Gospel among them for so many years, now request of the proper authorities of the Church that Winchester become a Circuit.

A small increase in the membership is reported. Our congregations are increasing; and I have no doubt, by the blessing of God, this field of labour will become one of our most prosperous Circuits.

REPORT.

CORNWALL.

The measure of prosperity realised on this Mission during the past year, I regret to say, has not fully met our expectations. We had confidently counted upon much greater things than have been actually accomplished. Hence, again have we been forced to the painful conclusion that Methodism, in Cornwall, must of necessity, be a matter of comparatively slow growth. We have, however, in view of all the circumstances, no just cause for despondency, but rather the reverse. The conversion, during the period in question, of precious souls to God, the manifest growth in grace of his people, their uniform harmony and brotherly love, together with a large advance in financial doings, are facts for encouragement which we feel grateful to record. Methodism too, generally speaking, is gradually rising in the estimation of the people, so that instead of receiving as at first, a bare and even reluctant toleration, has come to be looked upon with no considerable amount of respect. On the whole, then, we feel hopeful, and earnestly pray that the little one shall eventually become a thousand, and the small one a strong nation. May the Lord hasten it in its time, and to Him shall be all the glory!

JOSEPH HUGILL.

ROXBOROUGH.

This Mission remains the same, as regards its boundaries, as last year. We have secured sixty dollars' worth of Church-property, and erected a parsonage, 20 x 30, frame, valued at three hundred and forty dollars in its present position, and, best of all, out of debt thus far; also, we have got the lot fenced and a good garden made.

After deducting removals, we return three less than last year in our membership.

LANARK.

During the past year your Missionary on this field of labour has been blessed by the Great Head of the Church with some degree of success. A number of meetings have been held, which have resulted in the addition of eighty-one

members to the Church ; but in consequence of deaths, removals, and other causes, our increase is not as large as might be expected. In financial matters we are a little below last year. This is owing to the entire failure of crops in this section of country, rather than from the want of a disposition on the part of the people to sustain our funds. Our congregations (especially in Lanark village) are on the increase; yet there is not much hope of establishing Methodist Societies on the eastern part of this Mission. The people like well to have the Methodist Ministers preach to them and baptize their children; but they do not manifest a desire to become Methodists themselves. In this part of the Mission, however, the only regular preaching is from Methodist Ministers, so that it becomes our duty still to minister to them the Word of Life.

JOHN HOLMES.

ROKEBY.

The extreme hardness of the times during the year has tended, in a measure, to impede the progress of the work on this field of labor; yet, I think, some progress has been made. Subscriptions have been secured for the erection of a church in White's neighborhood, which, doubtless, will be built during the ensuing year. The different funds have been pretty well supported. The contributions of the people for the support of your Missionary are in excess of any previous year. Just here I wish to record the fact that, with some few exceptions, I never knew a more generous people, according to their means; willing, if necessary, to share their last loaf with their Minister.

Spiritually, some parts of the Mission are not what we could desire. We mourn on account of the unfaithfulness of some, but are encouraged by the fidelity of others. During the year we have taken about thirty on trial; but, notwithstanding, cannot conscientiously report any increase.

E. S. SHOREY.

NEWBORO'.

Notwithstanding the difficulties connected with our work on this Mission during the past year, the Lord has favored us with a measure of prosperity. In one of the most barren and discouraging appointments we have been favored with the conversion of several souls. After deducting removals, expelled, or dropped, and deaths, we still retain our numbers as returned last year. Our new church on the Town Line, between Bedford and North Crosby, has been built. It is a stone building, the materials of which, and the quality of the work, are of the very best description, all the wood work being well painted, and the entire building well finished.

J. NORRIS.

PAKENHAM AND ARNPRIOR.

In reviewing the labors of another year on this interesting field, your Missionaries see much to rejoice over.

J NORRIS.

Religiously, the year has been very prosperous. Our Camp-meeting, held immediately after Conference, was abundantly crowned with success, and gave the key-note for the year. Protracted services succeeded, all of which resulted in a great good to many souls; and by close attention to the ordinary means and the various duties connected with the pastorate, a good healthy tone has been reserved to the present.

Financially, this Mission has far surpassed any former year of its history. In paying off debt on parsonage, making extensive repairs on one church, building and finishing another, and making preparation for the erection of a large church on the eastern part of the Mission, and also, within the last few days, purchasing a house and lot in the beautiful village of Arnprior as parsonage property, together with supporting two married ministers and respectably sustaining all the Connexional interests, amounting in all, for Church-purposes during the year, to about \$2,500.

One point of great interest to this field must not be overlooked in this sketch, namely:—The visit of your able Missionary Secretary, the Rev. L. Taylor, D.D., in connection with the re-opening services of our church in the village of Pakenham, giving as it did a fresh impetus to our church-building and improving spirit in this place.

Our increase in membership is not so large as might be expected, in consequence of giving over two classes for the formation of the Fitzroy Harbour Mission.

This field is evidently destined, at no distant period, to occupy a very respectable position among our independent country Circuits.

W. BURNS.

WM. McDONAGH.

NORTH SHERBROOKE.

This Mission takes in the township of North Sherbrooke, part of the township of Dalhousie, and part of Palmerston. Upon this ground we have taken up four appointments where we have endeavored to preach the word.

Throughout the year we have enjoyed much of the Divine favor. Among a people whose education was by no means favorable to Class-meetings, we have gathered nearly forty who meet regularly in class, most of whom can testify that the "Son of God has power on earth to forgive sins."

Prayer-meetings are regularly attended; and from the youth of twelve to the person of hoary head, all feel it their duty and privilege to lift their hearts and voices in prayer and praise to that God who made them a people—who twelve months ago were not a people.

E. TASKENT.

FITZROY HARBOUR.

When your Missionary came to this field of labor, last July, there was only one class of sixteen members, and three preaching places by which to form a

field, your Mis-

new Mission. We had also to contend with a large amount of opposition in the prosecution of our work from parties calling themselves by the name of Christians. This, at first, caused our congregations to be small. But shortly after coming on we received two classes from the Bell's Corners Circuit, and one from Pakenham Mission, the three classes numbering forty-seven members.

Last fall, at the Harbour, we commenced and carried on a protracted meeting for several weeks, resulting in the formation of a class of twenty-three new members. One of these members, Mr. Alexander Shirreff, granted us a site for a church in the village, and a Connexional deed is now being executed for the property. Subscriptions have been obtained for a new church. We expect to have it ready for worship by next winter.

During the year we held protracted services at various places on the Mission, and although we are not able to report many conversions, yet God has blessed these means in awakening the careless as well as reviving believers, so that our congregations have been increasing.

WESTMEATH.

Through the Divine blessing on the labors of the past year, we have been favored with some prosperity, both financial and religious. Though numerous removals have thinned our ranks at some of the appointments, yet we have been encouraged by the consistent and growing piety and liberality of many of the older members, as well as by the steadfastness of some who have lately joined us. The Missionary contributions are in advance of last year, and the statistics show an increasing interest in the Sabbath School department.

The recent erection of four churches at important centres, so combines our congregations as to encourage labor, and there is, on the part of the Official Board, a growing desire to have but one man appointed to this field, and become at once self-sustaining.

The Mission premises are beautifully situated on the banks of the Lower Allumette Lake, and the Missionary lives amongst a kind and liberal people. May Jehovah ever favor them with his blessing!

CALABOGIE.

Your Missionary, in submitting a report of this Mission, feels truly thankful to the Giver of all good for the mercies of the past. The ecclesiastical year that has just closed, although in many respects one of trial and hardship, yet he has the consolation of finding that his efforts have been rewarded with some success, and that his labors have not been in vain in the Lord. The work has been principally preparatory, owing to the scattered population, the badness of the roads, and the distance between appointments. Your Missionary has consequently done less in the way of spiritual services, than might have been accomplished under more favorable circumstances. The people on this Mission, though poor, have yet done more for its support than last year. Our Missionary Meetings were much better attended, and the collections and subscriptions are considerably in advance of what they were. All the other collections also exceed those of last year. The members have increased from ten to twenty-one. We have one class and have four Sabbath Schools, and three Bible-classes on the Mission. The temperance cause is prospering; we have kept up regular temperance meetings during the year. May God in his infinite goodness continue to bless the Calabogie Mission, and may it prosper more and more in the sincere prayer of your Missionary.

CHAS. E. PERRY.

EGANVILLE.

After laboring a year in the use of the ordinary and special means of grace, we cannot return as many as were found in the Minutes last year, as some have turned aside from us; yet the surrounding gloom has been brightened by the conversion of one soul, the reclaiming of one backslider, and the quickening of the few members in one locality.

With the exception of that appointment, this field to us appears an unproductive place for Methodism. Our congregations are small and the membership smaller.

This field was taken up a few years ago when things looked a little more promising, but the anticipations of the brethren have been disappointed, and the District Meeting has unanimously recommended the breaking up of the Mission and attaching it to three others, so that while the expense of the Mis-

opposition in the name of Christians. After coming on from Pakenham

sionary will be saved, the appointments will be regularly supplied with the word of life, by the agents of this Society. If the Mission had been abandoned, the people would not be destitute of the gospel, as three other Protestant Ministers supply them.

E. FESSANT.

ALICE.

The past year has been one of constant peace and prosperity. Souls have been converted, and the sanctifying agency of the Spirit manifested in the ordinances of the Church. Material to build a Parsonage has been prepared since last fall, and a house would have been ready for the Minister now, had it not been for the prospect of changes on the Missions of this District.

In consequence of the unprecedentedly small grant from the Mission Fund, the darkest financial prospects appeared during a part of the year; but the friends of Christ nobly resolved to do their utmost; and, thank God, most of our funds are in advance of last year, while contributions for your Missionary's support have nearly doubled those of any former year since the Mission commenced. To God alone be all the praise.

J. V. WILSON.

ONSLOW.

In presenting my second report of the Onslow Mission, I am glad that I can report progress. The Connexional Collections are in advance of last year, and also the amount contributed to the Mission Fund. Since my last report we have completed the Church in Mr. W. C. Davis' neighborhood, in the township of Eardly, being the first Protestant Church in the township; size 35 by 26, and is comfortably and neatly finished, and was dedicated to the worship of Almighty God last November. The Church has been erected mainly through the liberality and exertions of Mr. and Mrs. Davis. He gave the Wesleyan Methodist Church a deed free from all encumbrance, so our beautiful house is free from all debt.

We have long needed a Church in the Quio village, the head of the Onslow Mission. The school-house in which we worship God is very small and uncomfortable; in fact, we cannot expect to prosper here until we get a church built. I am glad that I can now inform the Missionary Committee, that we have a good prospect of soon having a commodious and comfortable house erected in which to worship the God of our fathers. The church, which is of frame, is erected on a very suitable site, both fronting the main street, about the centre of the village: two-thirds of the estimated cost is subscribed. As to the religious state of the Mission we have peace and some prosperity. The congregations are larger than they were one year ago, and after deducting for a number of members, removals and one death, I am able to report a small increase in the membership. To God be everlasting praise.

REPORT.

POINT ALEXANDER.

This has been, as compared with former years, a prosperous one for this Mission. Our congregations have increased, and we have had a few conversions, so that a small class has been formed. Besides the regular work, a large number of places have been visited, some of them at a distance of one hundred and fifty miles, and the Gospel preached where no Protestant Minister had been for twelve years. To reach those distant places occasioned no little sacrifice, but the unfeigned delight of the people to see a Minister in their wilderness home, was a full recompence for it all.

Altogether there has been quite as much money raised this year as was ever taken off the Mission in any previous year, and the membership has increased fully fifty per cent. In no point of importance am I obliged to report a falling off, save in the Sabbath Schools. They are unavoidably closed. This is a hard, and, in many respects, uninviting field of labor, but the Great Head of the Church deigns to visit us with his smiles even in this remote part of the land.

TEMPLETON.

Through the goodness of Divine Providence we are again enabled to report favorably with regard to the spiritual and financial state of this Mission. It has been a year of great affliction to your Missionary and his family. Sickness and death have broken in upon us in the midst of our toil. Nevertheless, by the grace of God, we who yet survive are enabled to say, "God is with us," and we bow to the Divine will. The work in the rest of our Mission is progressing favorably, and the prospect is quite as good, if not better, than last year. We report one death; four have removed; one has been dropped and four have been added, so that we report one less than last year.

A. L. PETERSON.

NORTH WAKEFIELD.

When wending our way up the Gattineau, after our appointment to this Mission last Conference, the mountainous appearance of the country and the roughness of the roads, gave things a rather discouraging aspect; but arriving here your Missionary found many friends, and received a hearty welcome. The kindness of those friends has not diminished, and with thankfulness he now looks back upon a happy year spent in their midst.

The public means of grace have been well attended—except for two or three months, in the winter, when, as usual, many of the men were away in their lumber shanties—and some souls have professed conversion to God. We have had peace and prosperity in our borders.

The remaining debt on two of our churches has been nearly paid up, and the sums raised for Connexional Funds, and the support of your Missionary, indicate progress. We have had two Sabbath Schools in successful operation during the winter, and have re-commenced two others this spring.

Nevertheless, the lumbering operations in which many of our people engage are detrimental to the interests of our Church; they have a vitiating influence upon the community generally, and many thrown into the society of the ungodly for months together, and distant from the healthful influences of home and the house of God, suffer serious spiritual declension.

Yet Wesleyan Methodism has a good position here, and is doing a good work. We have a large attendance at class, and many praying people.

R. N. ADAMS.

AYLWIN.

In reviewing the past year, your Missionary acknowledges with gratitude to the Great Head of the Church the success which has attended his ministrations, as manifest more particularly in the increased spirituality and benevolence of the membership under his pastoral care, many of whom are giving all diligence to make their calling and election sure. This tide of prosperity, however, has not flowed uninterruptedly, but has been met by waves of adversity. Several cases of moral turpitude and defection have called for disciplinary action, and necessitated the expulsion of three of our number, of which four others have withdrawn from us, having loved this present world: twenty counterbalance this. Seven new members have been received on trial, so that we have not to report a numerical decrease.

There are now two Sabbath Schools in efficient working order, averaging a combined attendance of thirty-five children thus brought under the wholesome influence of Methodist instruction, which influence is telling for good on the heads of their several families, inducing them to frequent the formerly neglected house of God, and in some instances to solicit private religious counsel.

REPORT.

LONG ISLAND LOCKS.

We cannot boast of a great amount of spiritual progress during the year now ending. The work has not prospered as we could have desired. There is, however, some spiritual life and signs of prosperity. One Sabbath School has been organized under favorable circumstances, and we report a very small decrease in church members in consequence of removals. We are much gratified to be able to report the Connexional Funds in a creditable condition, as compared with former years. With thanks to the brethren and friends generally for their christian kindness and sympathy, and, above all, gratitude to God for his great mercy in providentially saving us from sudden death, and restoring us to perfect health and strength for the prosecution of our labors, we close another year of toil and labor.

ANDREW ARMSTRONG.

OSGOODE.

We have sixteen members less than last year, a circumstance over which we grieve. The prospect for the future looks brighter. During the past year we have re-pewed the Metcalfe Church, and painted it inside and out; the parsonage has been repaired, and greatly improved, at a cost, for the two, of about \$500.

In the village of Duncanville we have put up the frame of a new Church, and hope by the fall of the present year to have it ready for public worship. At the present time we have to hold our preaching services in a private dwelling, situated at an inconvenient distance from the village, yet our congregations have been generally large. The congregations at Metcalfe are much larger since the improvements have been made on the church.

Most of our members are poor, and many of them juniors in their families, and have no means of their own to contribute; we, therefore, need the kind consideration and liberal aid of the Missionary Committee.

JOHN SLIGHT.

BEARBROOK.

Our congregations are very much improved, and our last Quarterly Love-feast was the best we have had for two years. During the year some have been dropped; we have taken a few on trial, and have received some from other Circuits, which have made up for the loss in numbers, and more than the loss in piety. All things considered, we have great cause for gratitude to God and encouragement to renewed diligence in the future.

Protestant population are divided into four or five religious denominations. During the year I have had five Sabbath and two week-day appointments.

Catechumen classes have been formed, together with a Sabbath School, and all the Connexional Funds are superior to last year.

It is to be regretted that so many of our members have been strangers to Wesleyan periodicals; however, by urgent recommendation, the *Christian Guardian* has been introduced into several families. We have held special services in some parts of the Mission with a degree of success.

Three causes have tended to thin the ranks of our small membership, deaths, removals, and discipline; yet, amid these changes we have found the "joy of the Lord to be our strength."

SAMUEL TEESON.

GRENVILLE—No report.

HARRINGTON—No report.

THURSO.

We have had pleasing indications of returning prosperity in the unity and stability of the membership. Our congregations have increased in interest and numbers; while there is a corresponding improvement financially, evidenced by an excess in our Connexional receipts. Two new appointments have been taken up this year, which are likely to add to our strength.

The want of church-accommodation greatly retards the influence of Methodism, especially in the villages of Thurso and Buckingham. This is a wide and discouraging field of labor, requiring faith, patience, and perseverance to work it efficiently.

We are grateful for mercies vouchsafed to us and ours, and for the sympathy of friends in all our afflictions, and pray that we meet them in a better world.

CHAMBLY.—No report.

ST. JOHN'S.

We have much cause for thankfulness that our little society continues to dwell together in unity, to walk in the fear of the Lord, and in the comfort of the Holy Ghost, and to labor and pray for the prosperity of Zion. During the year, two of our aged and venerable sisters fell asleep in Jesus; they lived the life, and died the death of the righteous. They are not, for God has taken them.

Many of our young people are laboring under the conviction of sin; they have asked for the prayers of the Church, and give other unmistakable indications that they are under gracious influences, thus encouraging our hearts, brightening our hopes, and stimulating us to more earnest efforts in the way of bringing them to make an unconditional surrender of themselves to the Lord Jesus.

The outstanding debt on our Church and parsonage has been all wiped out. The former has been newly painted, carpeted, and otherwise improved, and the latter papered, the cellar floored, the ground on which it rests drained, and the building made a comfortable place of residence.

The Mission, perhaps, stands unrivalled in our Connexion in regard to the affection entertained by its members for, and their kindness to, each succeeding Missionary, and the marvellous self-denial which is practised to pay him the whole of his salary.

G. N. A. F. T. DIXON.

MANNINGVILLE.

Nothing remarkable in the work of God has occurred on this Mission. We mourn that so few have been converted; and yet, amidst spiritual death, some have been saved. We have had peace in all our borders, and in some of the societies a real improvement has taken place, while in none has there been retrogression. Our total loss from droppings, removals, deaths, &c, is thirty-two, and our gains nineteen, so that we report a decrease. Nevertheless, we believe the Mission is in as healthy a state and has as many followers of Christ now, if not more, than it had a year ago.

Some of the deaths occurred among our oldest and most valued members. One of these was the agent in bringing Methodism to these parts. He was a true friend to our cause and did much in his generation to advance it. His removal, though to him gain, is to us a felt loss.

There have been numerous hindrances to the work of God here, not the least of which was the intense excitement and the great confusion caused by Fenianism. My colleague has also been in very poor health three-fourths of the year, and for some time entirely laid aside. Our present position of hope and encouragement is great cause for thanksgiving.

S. BOND.

ORMSTOWN.

It is gratifying to your Missionary to be able to report the Ormstown Mission in a state of prosperity. During the past year God has graciously poured out his Spirit on our congregation and many have been awakened, while a few have furnished satisfactory evidence of a saving conversion, and now rank among the most devoted members of the Church. Under the influence of this revival, our people have made great exertions to support their ministers, and to increase their contributions to our Connexional Funds, and their efforts in this direction have been most satisfactory.

S. HUNTINGTON.

CAVIGNAL.

The standing facts of this Mission are before the Committee through the report of the past years, or through Dr. Taylor, so recently on the Mission. Though our special efforts during the year were not all that we fondly anticipated, still there is nothing to discourage. Both attendance and attention were good. All our funds are well sustained—equal to, or in advance of the past year, with improvements made on the little church of St. Charles, in lamps, re-plastering, and some painting. Two Sabbath Schools are in fair operation. The number and spirituality of the members the same.

JOSEPH KILGOUR.

LA CHUTE.

In closing our second year on this Mission, we feel grateful to the Head of the Church for the very encouraging success with which he continues to favour us.

Over fifty have been converted to God through the year and joined the Church; yet we do not report many of an increase on account of removals, deaths, and many who have been dropped for non-attendance in Class-meetings, &c.

The Connexional Funds are in advance of last year. We have built a new stable and put a gallery around the parsonage. Also the Ladies' Aid Society has presented the parsonage with a very fine cooking stove and furniture.

Owing to the fact that the Missionary Grant this year is ninety dollars less than last year, and one hundred and fifty less than two years ago, your Missionaries are obliged to close the year with a large deficiency, and as all kinds of provisions have been extremely high, we are necessarily involved, and sometimes "Faint yet pursuing."

No fault with our people, they do what they can, cheerfully, for the support of the gospel; but many are very poor, and must necessarily be so, because the land is of a poor quality—many parts of the country very rocky. Yet they have contributed more this year than for many years before.

REPORT.

NEW GLASGOW.

The Lord is still shining upon us, and we have some outward, visible signs of prosperity. The past has been the first year of the Mission in its present form; originally, and up to last year, forming a part of the Wesleyville Mission. The unwieldiness of the Mission in its old form suggested the partition, and we trust the future history of both parts will justify the division. The New Glasgow part, of which we now write, has suffered seriously during the year from removals. Some of our best members, some of the most efficient and best supporters have gone. No less than eighteen have removed, comprising four of our ablest and most liberal families. Last May one died after the annual returns were made out, and one has been dropped, so that our entire loss has been twenty, and yet the Lord has not left us without encouraging indications of his presence, and has graciously manifested his power to save. During the year fourteen have been received on trial and five from other Circuits, so that as we had but sixty-three returned last year and lost by removals, &c., nearly one-third; still we report sixty-two, only one less than last May, and since our Quarterly Meeting three or four more have come in on trial. With respect to material improvement, we have to report considerable improvement. The Church at New Glasgow has been internally fitted up anew, and all painted in a manner becoming the house of God. Some remodelling of the sheds, stables, and new fences and gates around the parsonage ground have improved the appearance and the comfort of the place.

These tokens of prosperity, with a larger attendance and increased interest and power in the public services, prompt us to exclaim, "We will on ward move, for hitherto the Lord has helped us."

G. J. DINGMAN.

SHAWBRIDGE.

This Mission was, until last Conference, connected with Wesleyville, but was then set apart as a separate field, which act, we believe, was a step in the right direction.

At Shawbridge there has been erected a frame parsonage, 30 feet by 24, and arrangements are now being entered into for its completion. At Britonville, one of our most important appointments, we have suffered much loss in the past for the want of a church. A noble effort has been put forth, and a beautiful frame church has been erected, and is now in the course of completion. We see the good result of this effort in the bringing back of some young persons to their former pasture, in the greatly increasing regular attendance on the ministry of the word, and in the organizing of an interesting Sabbath School.

Our Sabbath Schools, two in number, are well attended, and the apparent interest taken in them by our pious young friends, and the anxiety evinced by the children to obtain religious knowledge, give us much reason to hope for the future of this Mission.

H. S. CUMBY.

RAWDON.

Our membership suffers a continual drain in consequence of a desire to emigrate to the West. The desire springs from exaggerated accounts of the facilities there existing for accumulating wealth. This year our loss by removals has been heavy, our class being so reduced as to render it advisable to incorporate it with another.

It is with pleasure that we are able to report, that notwithstanding these reverses all the funds are far in advance of last year, some of them being doubled.

Repairs made on the parsonage this year have been paid for; one debt of several years standing liquidated, and another considerably reduced.

We have succeeded in re-organizing a Sabbath School which had been closed for a length of time, and organizing one new one.

We have a Bible-class well attended, in which our catechism is taught. The eagerness manifested by several of the scholars to obtain an increased knowledge of God's word is cheering to the heart of the teacher. Several walk six miles to attend this class, which is taught at 9 a.m., each Sabbath during the summer, and upon the evening of a week-day during the winter.

The attendance at Class-meeting has improved this year, and the same may be said of Public Worship.

 SEAMAN'S MISSION.

This is to me a new and peculiar field of labor. My duties consist in visiting ships and the Marine Hospital, to preach the Gospel and distribute tracts among seafaring men. My mode of procedure is to hold meetings on week-evenings and on the Lord's day, on board of different ships, where it is found practicable. Had we a chapel in a convenient situation, I doubt not that the Mission would become vastly more successful than it could be

REPORT.

without such a place. For, generally speaking, sailors prefer coming on shore to remaining on ship board to services. There is a prospect of obtaining from the Government two rooms in a building formerly occupied as a Customs House. Our intention is to turn one of them into a reading-room for seamen, and have the other for delivering lectures and preaching on Sundays, as the way may open up in that direction.

In regard to success during the past season, I might say that I have reason to believe my labours have not been altogether in vain. After preaching persons at different times have come to me privately to talk concerning their own condition as sinners before God. Still, it is almost literally casting one's bread upon the waters, with a hope that it may be found after many days.

The numbers attending service have ranged all the way, from about three hundred and fifty, as on board Her Majesty's ship, Himalaya, when I preached four different Sundays, down to three or four. One feature of a peculiar nature in this Mission is, that many of those men who listen to us once or twice in Quebec, may not listen to Gospel sermons for months again—perhaps never. Many seamen were lost at sea last winter.

We take up no collections among the ships, as it would have too much the appearance of preaching for money. Sailors have an idea that every body tries to get their money from them, and as their opinion on that subject is not without some foundation, we delight to have it in our power to offer them the Gospel "without money and without price." May God crown our labours with abundant success!

JOHN SALMON.

THREE RIVERS.

Our people are trying to live to God. For the place, congregations are good, and finances in advance of last year. We have had one death and several removals. We report thirty-two full members and two on trial.

S. G. PHILLIPS.

MELBOURNE.—No report.

SHERBROOKE.

This Mission suffers from having had the labors of but one Minister, who, though he has visited from two to eight families *per diem* during the greater part of the year, has been unable to give the amount of preaching which would have been desirable. Almost the only feature of prosperity which deserves note is the constant improvement and interest of the Sabbath School and Bible-class, the library of which has been increased by the addition of 116 volumes.

JAMES ROY.

EATON.

On this promising field, laborers of the past have not spent their strength in vain. The increased tokens of prosperity which mark the history of the past year are illustration of the Scripture, "Others have labored and ye are entered into their labor."

Financially, we report progress. The generous gift of \$100, by which our faithful brother Sawyer emancipated the Church property in Sawyerville, was a fitting keynote for the liberality of the year.

At Clifton a church 25 by 40 and to be worth over \$500 is going up.

At Bulwer, an enterprising and wealthy neighborhood in the west of the town, another church 35 by 45, with tower and spire is progressing—cost to be \$1,200. We hope to have them free from debt.

The ladies of Cookshire have provided about a \$100 for a bell; a subscription of about \$30 has been made for the debt.

With all these demands the people have not been less liberal than aforesaid in paying their ministers.

Spiritually, we report progress. This is evinced by an increase of forty, whose names, we trust, are in the Lamb's Book of life. The increased desire to labor for God may, perhaps, be counted a test equally reliable. This desire is manifested in the organization of three new Sabbath Schools which have been faithfully conducted during the year. Four new schools have been opened this spring.

During thirteen weeks of special service, we were gladdened by the conversion of sinners; but only second to this was our rejoicing on account of the constant and cordial co-operation of our brethren.

Your Missionaries have striven to obey that Wesleyan direction, "Never be unemployed; never be triflingly employed," yet all the while desiring to remember that, "Neither is he that planteth anything, neither he that watereth, but God that giveth the increase."

GEO. WASHINGTON.

DUDSWELL AND BURY.

Our appointments have been faithfully attended, congregations have been good, and God himself has been often manifested to the hearts of his assembled people.

We might speak of much trial and anxiety on this Mission, but hope that better times are in store for those who may follow. An anxiety has been of late shown lest the Minister should be withdrawn, which I hope may lead to more attention to the Minister's wants and righteous claims. Regretting that our labor on this field has not been a greater blessing to the people, and to our common cause, I pray that God may cause the seed sown to grow and multiply abundantly.

REPORT.

DANVILLE.

At the beginning of the year now closing, the membership on this Mission numbered one hundred and ten. Since then we have lost sixteen, eleven by removals chiefly to the United States; four have been dropped, and one has died. An equal number has, however, been received into the church, leaving a real, though not apparent increase.

The attendance on Divine worship is improving. We desire to express our gratitude to God for the grace vouchsafed unto us in the past, and in humble dependence upon His Spirit we would more earnestly devote ourselves to his service and glory.

R. H. SMITH.

NEW IRELAND.

At one of the appointments in Leeds township, we held a revival meeting which resulted in the conversion from sin to God of a few persons, and the restoring and building up of others in the faith of the gospel.

Our people at Inverness are endeavoring, amid discouragements, to build their Church.

Owing to deaths, removals, expulsions, and being dropped for non-attendance in class, we with sorrow have to report a decrease of membership. By the renovation we have made, we think the society is in a more healthy state and more likely to prosper in the future.

TROS. BELL.

DURHAM.—No report.

ACTONVALE.

By the blessing of God I have been able to maintain the ordinary religious services regularly during the past year. At one of the appointments, special revival services were held every evening for three weeks last winter, which resulted in an enlargement of our congregation, and more regular attendance on the means of grace. The Protestant population throughout this section of country is very sparse, and we regret to see it gradually decreasing. Large numbers, both of Protestants and Roman Catholics, have removed to the United States; several also have been called away by death, which cause a decrease of 18 in our membership. The failure of the copper mine in Acton has deprived us of some of our best subscribers: this has very much diminished our finances on the Mission. There is, however, an increased and deep-rooted anxiety on the part of the people to do all they can to sustain their present connexion with the Conference.

PORT NEUF—No report.

GASPE.

Under fostering care the seed is multiplying. From the mouth of the St. Lawrence and around our Bay (more than twenty miles long) and on to the Gulf ten congregations assemble stately to welcome us. 'Tis true, some of them are small and isolated; but such crowds, by intermarriages and other causes, have gone to swell the ranks of Rome, that even the few have become precious. As we progress, we endeavor to develop our forms and organizations—rules and customs as well as doctrines are cared for. Four classes assemble; one small Sabbath School is superintended; attendance at Quarterly-services enjoined. A few have been added to our numbers. One hundred and ninety-nine dollars have been raised to apply to a parsonage and two churches previously commenced, and with the aid of the Missionary Grant the Ministers' claims have been liquidated.

The Missionary Secretary, whose visit among us was pleasing and beneficial, recommends the erection of a church to meet the wants of Gaspé Basin. To do this and complete what is already on hand will require that we get help from without.

Travelling so much by water to the several appointments around the Bay, and in the Gulf, tests pretty sharply the physical health of the preacher. To secure punctuality, he must be ready to start at hours seasonable and unseasonable, by night or day, and frequently head winds and calms cause chilling journeys. To remedy this serious inconvenience and meet the wants of our scattered congregations, requires that another Missionary be appointed, one for each side of the Bay. The men, doubtless, can be found, but who will furnish the means to send them?

REPORT.

COMPTON.

In presenting the annual report of the Compton Mission, your Missionary feels gratified to Almighty God for a continuation of his favours, and for granting success to his word. The past year has been one of great interest; the congregation is much increased, the attendance at class improved, and the finances are greatly in advance of last year.

BENJAMIN COLE.

HATLEY.

The members of the congregation, with a large liberality, have joined the members of the society in supporting both their Minister and all the Connexional Funds. They are worthy of great praise. In fact, the society being small, they have borne the chief part of the burden. The conviction is becoming general that the work has suffered by having been so long and so largely dependent on the General Missionary Fund. After a brief trial we find it good to be thrown on our own resources.

The children have received much attention. Sermons, specially to them, have been frequently preached. They have received constant pastoral care. The results are cheering. The children themselves are among the most regular at the house of God. The Sabbath School has grown both in number and interest. They have entered as juvenile collectors into our Missionary work. The effects on the parents are hardly less gratifying, and again and again they have been most moved to well doing through their little ones. "A little child shall lead them." A brighter day is dawning on us, may it grow even unto the 'perfect day!'

W. W. ROSS.

COATICOKE AND BARNSTON.

Amid discouragements there are indications of a hopeful character. Some who neglected the house of prayer have begun to visit it. Some listen with increased attention, and lately I have repeatedly seen the falling tear. I have taken up a new Sabbath appointment, at which three have been received on trial, and others, it is hoped, will soon follow. Here, too, arrangements have been made to form a Sabbath-school. One such school has been formed at another place during the year. A few of the members have evidently grown in grace, and unite in special prayer for times of refreshing from the presence of the Lord. May those supplications be speedily answered.

JOHN S. EVANS.

GEORGEVILLE.

We report matters on this Mission hopefully progressing. Nineteen persons have joined the Church. With the aid of our brethren on the District

we have been enabled to reduce the debt on our Church in Georgeville, which was \$642 71, to about \$200. Owing to the floating character of many of the people here, we find it difficult to maintain the Class-meetings, and this year we have to record eleven removals.

The prejudices existing against Methodism in this place are gradually diminishing. Those who object to our itinerant system, we endeavour to show that while we have this system our people have a permanent ministry. We believe, by the blessing of God, and an earnest effort on the part of the Missionary and of the Official Board, our cause here will ultimately triumph.

JOHN STEWART.

MAGOG.—No report.

EAST BOLTON.

In presenting our report we thankfully acknowledge an improved state of health since we came to this mountainous region. Beautiful as is the country to the eye, the heart sickens at the blighting influences of error which yet remains on the minds of the people. Our Mission is large—the people scattered and divided. Two churches have been opened during the year by other denominations within a mile from our own. The spirit of Proselytism is abroad, yet we rejoice that our congregations are not weakened nor our membership less. Financially, our receipts on the Mission are equal to last year, while our Connexional Funds show an improvement of fifty per cent., and the circulation of the *Guardian* being sixfold, is exerting a silent and beneficial influence.

EDMUND E. SWEET.

KNOWLTON.

Five persons have united themselves with the Church during the year. Two have passed to the Church above. Five have withdrawn, and a large number of removals has greatly reduced our numbers. But that is not a new thing in this section of country. We labor in the East to build up the Churches of the West.

We are happy to inform you that the Quarterly Meeting passed a resolution declaring that the time had arrived when this Mission should become an independent Circuit. And that in the future they would support their own minister. We hope that the step thus taken will result in increased liberality and devotedness to the Lord Jesus.

WM. SCALES.

SHEFFORD.—No report.

FRELIGHSBURG.

The loss of your Missionary's health during the earlier part of the year, disabling him from extra effort, has been unfavorable to this Mission's prosperity. Still, we have some evidences of prosperity. A substantial building has been secured for a parsonage, and arrangements made to pay for it in five

REPORT.

yearly instalments. It is also comfortably furnished. During the winter we circulated a subscription for building a church in Frelighsburg and have obtained about \$2,200. We have also secured an eligible site with burying ground attached.

Our membership is much the same as last year; yet, spiritually, there is an improvement, and we are looking for the outpouring of the Spirit.

D. SUTHERLAND.

FARNHAM.

The minister stationed on this Mission has been disqualified by sickness for attending to his work since last October. The consequences of which have been, of course, prejudicial to the interests of the Circuit. Only a very partial supply could be obtained even for a part of the winter. As might be expected, under the circumstances, the congregations have somewhat fallen off, and there has been a loss of eleven in the membership by death and removals, and the Connexional Collections have been less than last year.

HIRAM FOWLER.

SUTTON.

We have not been permitted to see the fruit of our labour come to immediate maturity, but we are not discouraged. We have endeavoured to obey the injunction, "In the morning sow thy seed, and in the evening withhold not thy hand," because we knew not which should prosper: this or that, or whether both should be alike good.

SAMUEL JACKSON.

Our DOMESTIC MISSIONS constitute the largest field for cultivation, and absorb the greatest portion of our income. These extend from Gaspe, in the East, to Sault St. Marie, in the West, and are to be found in some of the newest settlements in Canada, where the adventurous immigrant and his rising family threads his way to what will become his future independent home, by blazed paths through the native wilderness. From the beginning, this Society has devoted its best energies and means to the planting of Churches in Canada, not by making inroads upon other denominations, but by sending her Ministers where no others were to be found, and gathering into the fold of Christ thousands who really belonged to no Church Organization. We leave to future Historians to portray some of the advantages which the moral character of Canada has derived from the pervading influence of this Society.

At the present time, about 16,500 members of the Wesleyan Church are to be found upon 140 Domestic Missions; and these are supplied

with Christian ordinances by 193 Missionaries. We estimate that 70,000 persons are under the religious teaching and influence of the Agents of this Society in Canada alone. When it is remembered that with these Missions there are connected Local Preachers, Leaders, Sunday-school Teachers, and a lively, active membership, some approximation may be made to the value and importance of the work which is daily carried on throughout this land by the diffusion of thoughts and principles favourable to the safety of society, and the good government of the country.

Number of Members	18,691	Salaried Lay Agents.....	31
“ Missionaries	236	Who labour on 185 Missions.	

The Missionaries preach the Word in seven different languages—Muncey, Oneida, Ojibway, Cree, German, French, and English.

IN CONCLUSION,

The Committee look upon the past with gratitude, and upon the future with hope and confidence. The praise of all the good done upon the earth, alone belongeth to God; to HIM, in his Triune Majesty, we present our adorations and thanksgivings. At no period of the Society's history were there more tokens of the Divine favour than at the present time. With a united Church, expanding her influence for the benefit of man and the glory of God, signalled by augmenting liberality in the maintenance of her institutions, and upon the door-posts of her family residences, reading, inscribed there in plainest letters, "Jehovah Shammah," "the Lord is there," we may labour in the vineyard ourselves, cheerfully, while life may continue, and when removed by the Great Master, who gives us our place and our work, anticipate the extension of Christ's kingdom in this and other countries by those who are around us, now in training as the future leaders of our Wesleyan Israel!

"So shall the bright succession run
 "Through the last courses of the sun;
 "While unborn churches, by their care,
 "Shall rise and flourish large and fair."

Finally, the Committee, with devout thanksgiving to Almighty God, as well as grateful acknowledgments to our devoted people and adherents, have much pleasure in stating that the total receipts for the past year from Canadian sources, have reached the noble sum of \$58,609 36; being \$11,455 34 over the preceding year, and \$5,361 in advance of any former year in our history.
