WHY DOES ONE PLACE BECOME THE RIGHT PLACE? THAT IS SIMPLE BECAUSE AT THAT PLACE THEY TREAT PEOPLE RIGHT. HOW? BY GIVING GOOD GOODS FOR THE MONEY THEY GET. THE GOODS WE SELL ARE GOOD, BETTER, BEST—NEVER TRASH. WHATEVER PRICE WE MAY CHARGE YOU, YOU MAY DEPEND UPON IT THAT YOU WILL AT LEAST GET SOMETHING GOOD. YOU CAN NO MORE AFFORD TO WEAR POOR APPAREL THAN WE CAN AFFORD TO SELL THEM. IF WE SELL POOR GOODS IT WILL HURT OUR REPUTATION, IF YOU WEAR POOR GOODS IT WILL HURT YOUR REPUTATION. DID YOU EVER THINK ABOUT THE VALUE OF WHAT OTHERS THINK OF YOU? RESPECTFULLY,

Clarke & Co.

We take this opportunity to wish one and all a very Happy and Prosperous New Year. This year we have done more business than any previous year and think this is owing to the fact that we carry only first class goods and make an effort to please our customers. Thanking you for your patronage and soliciting a continuance of the same. I am, Yours very truly
GEORGE STABLES.

LADIES' STORE.

During January we will give a discount on all the following goods Ladies' and Children's White Wear and ALL STAMPED GOODS. We have just received an assortment of new val. and terechon laces. Also a good line of new embroideries.
Mrs. S. McLEOD.

We wish you
A Happy New Year.

BURGLARS CARRY OUT A FULL SAFE

Cut the Bottom out of a Green Street, Boston Strong Box.
GOT \$3,000 BOOTY.
Can Opener Idea Used to Advantage by Skilled Yeggmen.

Boston, Saturday.—A band of daring yeggmen broke the safe in the liquor store of Flashman Brothers at 81-85 Green street, in the West End, between 12.15 and 5.30 p. m., yesterday and succeeded in getting away with cash, checks, jewelry and papers to the value of over \$3,000. It was the most daring job done in Boston in years, and from the very start the police are baffled.
That the gang had watched the place for some time is evident by the fact that they gained entrance by going through a house on Leverett street through a window, over a twelve-foot wire gate and then forced the door to the rear entrance of the wholesale department of the store. The safe, a heavy affair, weighing about 1500 pounds and standing about four feet in height, was removed from the office to a back room, where the rifling was done.
No powder or explosive was used and not a sound could be heard from within the building, though there are houses in the immediate vicinity. The discovery that the job had been done was discovered by Simon Flashman, a member of the concern soon after 5 o'clock in the afternoon, when he went into the place to see if all was well.

MONTREAL BATTERY TAKES FIRST PLACE

Results of Competition of Canadian Artillery Made Known.
NAMES OF WINNERS.
Montreal Leads in General Efficiency With Toronto in Third Place.

OTTAWA, Saturday.—The results of the competition of the Canadian Artillery Association for 1907 are announced today. The Third Field Battery, Montreal, wins the general efficiency medal of the Association and the Ninth Field Battery of Toronto, takes the third place in general efficiency, winning \$25. In the Petewawa competitions, the Sixth Field Battery took first and the Ninth Battery third place, winning \$100. The competitions regarding efficiency of personnel and equipment, resulted in a victory for the Thirteenth Field Battery, Winnipeg, with the Ninth Field Battery in second place, winning \$40. The establishment of a provisional school of instruction for infantry officers at St. Catharines, Ontario, is authorized to commence on a day to be named by the officer commanding Western Ontario and to continue for a period not exceeding six weeks.

OTTAWA, Saturday.—In the case of Boyd, the Toronto murderer, the law takes its course. He will be hanged on the 8th of January. John Boyd, negro, was found guilty of the murder of E. A. Wandle, restaurant keeper York street, on June 1st last. Boyd was sentenced by Judge MacMahon on November 21st. The jury recommended him to mercy, and his counsel applied to Ottawa.

We Greet You, One and All:
A Very Happy Christmas, and Prosperous New Year.

LOVERS MAKE SUICIDE PACT

Philadelphia Man Shoots Sweetheart and Then Himself.
SEPARATED FROM WIFE
He Leaves a Letter Acknowledging His Crime.

Philadelphia, Saturday.—Leaving a letter that they had died for love, George A. Green, aged 35, early today shot and probably fatally wounded Miss Edith Wonderly, aged 22, and then turned the revolver upon himself, inflicting probably fatal wounds. Green is married, but is separated from his wife. In a letter addressed to the Philadelphia newspapers, Green attacks his wife, and among other things he says:
"To-day I am going to kill myself and a true and loving friend, as my letter and hers will show."
"We died for love, which was denied from us by her dear mother. This is the only girl I ever loved. We have promised before God we could never live apart. This is our secret."
No letters were found in the clothing of the girl. The mother of Miss Wonderly had refused Green permission to visit her home, and the police believe that Green and the girl entered a pact to die together.
After shooting the girl twice, one bullet entering the mouth and the other taking effect in the cheek, Green walked some distance from her and shot himself in the head. No one witnessed the occurrence, but the shots attracted a policeman, who hurried the couple to the hospital. The police and doctors endeavored to secure from the girl a statement before she lapsed into unconsciousness, but she refused to talk. The physicians say both are in a critical condition.

CANADA, HAS FEW TRADE DISPUTES

Only Eight During Month of November This Year
IS A BIG DECREASE
About 34 Firms And 1686 Men Involved in the Disputes

OTTAWA, Friday.—There were very few trade disputes in Canada during November and the loss through this cause was comparatively slight. The only locality where a large body of employees was affected was at St. John, N. B. where transportation was hampered through a strike of longshoremen during the latter part of the month. The total number of trade disputes reported in Canada during November was eight, decrease of fourteen compared with the previous month and a decrease of eleven compared with November, 1906. About thirty-four firms and 1686 employees were affected by these disputes, fifteen firms and about 1107 employees being involved in the disputes which began in November.

JAPANESE DIET OPENS SATURDAY

Limitation of Emigration Will Be One of the Chief Questions Discussed During Session.

TOKIO, Saturday.—The twenty-fourth Diet was formally opened at 10 today by the emperor, who delivered the speech from the throne in the house of peers. The emperor laid stress on the increasingly cordial relations with foreign powers and the important bearing on peace in the far east of the entente cordiale with Russia and France by Japan. He dwelt upon the importance of the more careful deliberation of fiscal matters. The opening scene in the upper house was a brilliant one. The 377 members composing the house were in full evening dress, while the members of the diplomatic corps were dressed in full uniform.
Among the matters to be discussed at the session will be the restriction of Japanese emigration.

WALKS TO GALLOWS SOMKING CIGAR

Jake Sunfield Hanged at Hamilton For Murder
SHOWS NO UNEASINESS
His Spiritual Adviser Gives Out Statement in Which Sunfield Declares His Innocence

HAMILTON, Friday.—Jake Tamilo, or as he is better known, Jake Sunfield was hanged this morning in the east yard of the city jail for the murder of Andrew Radzyk on the afternoon of July 12. Sunfield walked to the gallows with an unflinching step smoking a cigar. When he reached the steps of the gallows he spit out what remained of the cigar and after climbing on to the platform returned to those present to witness the execution and coolly remarked "Good bye, gentlemen. I have been told not to say anything." Without further ceremony Hangman Radcliff placed the black cap over the condemned man's head and adjusted the noose about his neck and as Rev. Dean Mahoney repeated the Lord's prayer the trap was sprung. Sunfield's neck was broken by the fall and when the body was cut down twelve minutes later life was extinct. After the usual coroner's inquest had been held the body was interred in the jail yard. Dean Mahoney, Sunfield's religious advisor, handed out a statement signed by Sunfield in which the latter declared his innocence of the crime for which he had been called upon to suffer the death penalty.

TRINIDAD HONORS AMERICAN FLEET

Two Thousand Men Get Shore Leave at Port of Spain.
FORMALITIES EXCHANGED.
Admiral Evans and Governor of Island Pay Respects to Each Other

PORT OF SPAIN, Friday.—The first day of the officers and men of the American fleet at this port proved to be an enjoyable one. Bright sunshine favored the visitors and after everything was made ship-shape on board the battleships 2,000 men were permitted to come ashore.

The officers of the fleet to the number of a hundred or more attended a garden party, at which they had the opportunity of meeting many of the prominent public men of Port of Spain. Sir Henry Moore Jackson, governor of Trinidad, accompanied by his staff, returned the visit of Rear Admiral Evans, which the American commander had made in the morning, and extended to him and some fifty of the superior officers an invitation to luncheon.

Men Get Shore Leave.
All through the day the great American ships, as well as those who manned them were objects of special interest to the entire populace, who found time to make the occasion a gala one. The town put on its best attire and pleasing decorations greeted the eye at every turn.

The men of the fleet who were given shore leave spent their time in sight seeing and playing at various games, and their behavior in every respect was almost exemplary. The holiday feeling spread even to the ships themselves, where amusements of all kinds were permitted.
Flotilla in Hard Luck.
The torpedo boat flotilla, which started on its way to Para on Sunday, was forced to return on account of damage to the machinery of the destroyer Lawrence. As the flotilla was preparing to leave the harbor again today the Whipple's propeller fouled the anchor chain of the collier Fortuna and a second halt was called to the expedition south. Divers went to work at once to clear the propeller and it was expected that the flotilla would get away tonight.
There will be numerous social functions here in honor of the American officers, and one day will be given over to the races.

MONCTON WOMAN'S AGONIZING GRIEF.

Mrs. Carl Oberg Asks Boston Police to Help Find Her Boy.
WAS KIDNAPPED.
Believes That He is Hidden Some where in the Hub.

Boston, Saturday.—That Holger Oberg, the four-year-old son of Mr. and Mrs. Carl Oscar Oberg, who was kidnapped from the home of Wilhelm Grill on Wellington Hill street, Mattapan, last Saturday, is being held in hiding in this city is now the belief of the grief-stricken mother and the detectives who are on the case. Upon new evidence obtained last night, Mrs. Oberg telegraphed the Grills to notify the Boston police to arrest her divorced husband, who she alleges stole the child with the aid of a woman accomplice. The New York police are watching all out-going steamers in case Oberg attempts to take the child from the country from that port.
Mrs. Grill in the absence of her husband, who sailed for Europe Monday, for the second time made formal statements of the kidnapping last night to the police. On the afternoon of the crime she reported the case at headquarters and although the kidnapers had stolen some of her own children's clothing in their haste to get away, headquarters officials said they could do nothing and turned the woman away. The Grills, who are relatives of the Swedish minister to this country, Herman de Lagercrantz will assist the mother to their full extent in her hunt for the boy, and are exceedingly wroth at the treatment they have received.

Mrs. Grill holds the only evidence which may lead to the discovery of the kidnapers. On Tuesday morning a boy from the store of Timothy Smith, dry goods dealer of Roxbury, came to her house at 78 Wellington Hill street with a bundle. Upon opening it she was surprised to find that it contained the clothing the man and woman had grabbed in their hurry. It was the clothing of her children but inside the bundle was a slip dated Dec. 21, and for purchases that Oberg made at that store.

This will be the clew upon which the police will make their start when they begin to move in the matter. As the full details of the sensational spiriting away of little Holger Oberg come to light, the pathos of this Christmas tragedy grows.
Full of the joy of the meeting, long the dream of the mother, Mrs. Oberg left the lucrative practise in osteopathy which she had established in Moncton, New Brunswick, while her son was being cared for by kind friends at Mattapan, and began her journey to this city.

All the details of the happy visit had been carefully planned out. With her boy she was going to spend Christmas day with relatives in New York and then, after a brief stay in Boston, she would return to Moncton with a new inspiration, for the flax-haired child would never again be separated from her.
Not until her arrival at Mattapan on Sunday did she learn the news. Crushed by the blow, she frantically cried for her child, but later, after hearing the details she braced herself for the struggle ahead, and set about at once to recover the boy.

All the news she could find at the Grills was from the story of Nannie Patterson, the maid. It was very brief. With the Grill children Holger had been playing about the yard and had just romped into the house for their luncheon, when there came a ring at the door-bell. Mrs. Grill was in town and the maid was alone, and as the ringing continued, she finally pushed the button opening the door. Mr. Oberg entered and rushing up the stairway, caught her in his arms. A woman who was with him, closely followed, and while Oberg held the maid, the woman according to the girl, caught up young Holger and dressed him with the clothing which she found in the house. Frightened and hysterical and fearing to make an outcry, Nannie saw the couple disappear with the crying child and she watched them as they took an elevated car bound towards Boston.
Late in the afternoon Mrs. Grill returned and from the threewheeled girl she learned of the tragedy which had so suddenly fallen on the household. Immediately she communicated with her attorney and then notified the police at headquarters, but was told they could do nothing.

NEW CARLISLE'S NEWSY EJECT.

Interesting Christmas Exams in the Model School on Friday Last.

AN ENJOYABLE FUNCTION

Clerks of C. Robin Collas Company Entertain Their Friends.

NEW CARLISLE, Tuesday.—The Christmas examinations of the Model School were held Friday afternoon and were conducted in the school room from 2 until 3.30 in the presence of visitors who were highly pleased with the progress made.

The principal Mr. W. A. Walsh examined the pupils and although school had not been in operation very long this fall the pupils acquitted themselves very satisfactorily.

At 3.30 the visitors, teachers and pupils assembled and addresses were given by the chairman, Rev. E. A. Dunn, and others.

In the addresses reference was made to the principal and the other teachers, namely, Miss Gale and Miss Crozier for the able work which they so successfully carried on and that credit was due them for promoting the interest of the school.

The party given Friday evening by the C. Robin Collas Co.'s clerks at Paspébiac was an enjoyable function. There were a large number of ladies and gentlemen present and they thoroughly enjoyed the whist and the dance which followed.

Mr. Walsh, principal of the Model School, left Saturday morning for his home in Valleyfield to spend the Christmas holidays with his parents.

Miss Alta Caldwell, who has been attending Ladies' College, Sackville, returned home to spend the Christmas holidays here.

Mr. J. T. Bujaud, of Bonaventure, spent Saturday in town.

Mr. Simon Poirier passed through here Saturday enroute for his home in Bonaventure.

Miss Etta Smith, who is teaching school in Fort Daniel, arrived in town to spend her Christmas holidays at her home.

Mr. Morin, of L'Ance aux Gascons, was in town Monday.

Miss Gertrude Caldwell, who is teaching school in Bonaventure, is spending her Xmas holidays at her home here.

We are pleased to see that John Chatterton is able to go to work again after a severe illness.

Miss Eva Smith, who is teaching school in Escuminac, arrived home to spend her Xmas holidays at her home here.

Miss Gladys Christie has arrived home from Campbellton, N. B., where she has been for some time.

Miss Emma Cooke, teacher of Black Capes school, is spending her Xmas holidays at her home.

Miss Ella St. Croix and Miss Jessie Smith are also home to spend the vacation.

DIG INCREASE IN IMMIGRATION

The Returns for November Shows a Increase of 2,074 Over Same Month in 1906.

OTTAWA, Wednesday.—The Immigration returns for the month of November showed an increase of about eight per cent. over November, 1906. The total arrivals for the month were 13,598, an increase of 2,074. There were 9,068 immigrants by ocean ports compared with 7,225 in November last year, an increase of 2,383. The arrivals from the United States were 3,990, a decrease of 393.

The Immigration Department has given instructions to apply the same regulations to the Pacific as are now in force on the Atlantic. That is to say that no immigrant will be allowed to land between now and February who has not fifty dollars in his possession and after February the amount will be reduced to \$25. This will have the effect of putting a stop to Oriental immigration for the winter months.

Judge Geo. Patterson of New Glasgow has been appointed chairman of the board of conciliation in the Springhill dispute.

The board consists of Judge Patterson, chairman; Hiram Donkin, deputy minister of mines for Nova Scotia, and R. B. Murray, Springhill, representing the men.

AN IMMIGRATION POLICY.

The Opposition plan of facing both ways was exemplified in the debate at Ottawa on the Government's immigration policy. For several years there has been a torrent of complaint because the Government was not making sufficient expenditures on the immigration of artisans and laborers.

The leading manufacturers of the Dominion were paraded by the Conservative press and by Opposition campaign workers as if they were a condemnation of the policy of the Ministry. While the government refused to grant aid except for the bringing of farm laborers, railway laborers and domestic servants, wisely deciding to leave the supply of skilled labor to individual initiative, there was the strongest condemnation of what was called the inactivity and neglect of the department.

Down to a few weeks ago this cry for skilled labor in the manufacturing establishments went up, and the Government was condemned as the enemy of the industries in not spending public money to provide a supply. Now that the wisdom of the Government's policy has been demonstrated by experience, there is an equally emphatic condemnation for imaginary liberality in promoting immigration.

The Government is condemned, in the one breath, for having done not enough and too much in promoting immigration. And now that there is an apparent surplus of labor, skilled and unskilled, there is an organized attempt to hold the Government responsible for the activity of steamship companies, railway companies, organizations of employers and charitable workers. Such changes of front are now too common on the part of the Opposition to occasion serious comment, but this has been rendered specially ludicrous by the fact that the attacking force, as in the nursery rhyme, was led both up the hill and down again by the same general.

Mr. W. F. Cockshutt, M.P., of Brantford, in the opening days of the session, presented a notice of motion declaring that only the physically and morally fit should be allowed to enter the Dominion, and that public aid to immigration should be withdrawn, except in the case of domestic servants and farm laborers.

OFFERED \$50 FOR MURDER OF TWO

Knockout Drops to be Given First, Club or Knife to Finish The Job.

DOCTOR THE CULPRIT.

Witnesses Allege Plot to Slay Brother-in-Law and Father.

SKOWHEGAN, Me., Wednesday.—Charged with plotting to murder two people, Dr. Joseph B. Twaddelle of North Anson was arrested today and brought here for trial in the municipal court before Judge O. R. Bachelder. Two witnesses, Charles P. Stillings and Walter Lashon, both of North Anson, furnished the greater part of the testimony for the State, declaring that Dr. Twaddelle had endeavored to induce them to take part in plans for the killing of his brother-in-law, Fred Knight of Norridgewock, and the latter's father.

The testimony of Stillings was to the effect that Dr. Twaddelle purchased a bottle of "knockout drops" and gave the mixture to the witness to be administered to Fred Knight. Club to finish the Job.

According to the witness, Dr. Twaddelle planned to have Stillings finish Knight with a club after the "knockout drops" had taken effect, and to make the death of the intended victim more certain, the witness said, the doctor told him he might use a rifle if he thought that better than a club. Stillman said the doctor furnished him with a rifle and cartridges to be used for this purpose.

TAFT IS HOME FROM PHILIPPINES

The Secretary of War Brings Assurance of Japan's Friendliness.

NEW YORK, Wednesday.—William H. Taft, Secretary of war, returned today from his trip around the world, bringing renewed assurance of Japan's friendliness toward the United States, but declining to say anything with respect to the political situation in this country. He said he had been too long out of intimate touch with political affairs at home to discuss them in any way. One of Mr. Taft's interviewers had the temerity to ask: "Well, Mr. Secretary, tell us who is your choice for President?"

Amid general laughter, in which he heartily joined, the secretary replied. "I guess I will have to leave that to inference." Secretary Taft says he intends to write a book on the Philippines. "It is the height of foolishness to talk of possible war with Japan," declared the secretary. "Japan doesn't desire war with us, and we certainly do not desire war with Japan. If there was any war spirit anywhere in Japan I failed to find the slightest note of it. Everywhere there was talk of continued peace. I speak very confidently about this."

NO STRIKE AT GLACE BAY.

MONTREAL, Thursday.—The Dominion Coal Company's leading officers received word from Glace Bay stating that while the three year contract with the employees expired December 31 there would not be any strike. A new contract or agreement has not been made but the representatives of the company state they have made good progress with the different classes of labor and should the regulations extend over the beginning of the New Year the company will likely pay the present scale for a few weeks. A meeting of the P. W. A. with which the men are affiliated will be held tomorrow to decide as a body what should be done with the terms offered for a three years' contract and those for day by day work.

INSPIRING ADDRESS OF EARL GREY TO WORKINGMEN OF CANADA

On his way out to the official opening of the Toronto Free Hospital for Consumptives and King Edward Sanatorium on August 28th, 1907, the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by the employees of those works. The sum of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives. His Excellency in acknowledging the ovation spoke as follows:—"Men of the Canada Cycle & Motor Company, I thank you heartily for your welcome. "I recognize that the three rousing British cheers with which you have greeted me, and which were so pleasant to listen to, have been given because I have the honor to be the representative of your King. "I can assure you, men of the Canada Cycle & Motor Company, that it will give me great pleasure to tell His Majesty, the King, how you have stopped me on my road to open the King Edward Sanatorium and Toronto Free Hospital for Consumptives, in order that you might give expression to your loyalty, and in order that you might present me with your contributions in support of the Hospital. "I know that your action in subscribing out of your hardly won earnings, so large a sum as one hundred dollars, will touch and rejoice the hearts of Their Majesties, for there is nothing that lies nearer the hearts of King Edward and Queen Alexandra than the health and well-being of His Majesty's Canadian subjects, and there is no form of work in which Their Majesties are more interested than Hospital work. "Therefore I say every man among you who has saved a quarter from out of his earnings, in order to help those who are endeavouring, by means of Hospital, Sanatoria, etc., to conquer consumption, and to banish it from the land, is following the example of our King, and is making a truly Royal gift. "In the name of the King I thank you for your public-spirited generosity, I hope that your example will make its influence felt throughout the length and breadth of Canada." Referring to this event at the opening exercises of the Sanatorium, His Excellency said:—"Ladies and gentlemen, when the workingmen of Canada are setting an example of this character, I hope that you will not be slow to follow, and I trust that the example of the Canada Cycle & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land." Sir Mortimer Clark, Lieutenant-Governor, in his speech on the same occasion, said:—"You see what others have done. I trust, ladies and gentlemen, that what they have accomplished will be an incentive to you to follow their example." IT IS REALLY SURPRISING HOW READILY BENTLEY'S LINIMENT takes hold of and quickly CURES Sprains, Strains, Kinks, Cramps, Bites, Bruises, Burns, Coughs, Colds, Croup, Rheumatism, Sore Throat, Neuralgia, Chapped Hands, Scalds and all pains and aches that afflict mankind. It is the recognized Family Remedy in thousands of Canadian homes, all of whom can testify to its remarkable powers, and we print herewith a few of their opinions. Mrs. COLEMAN, Halifax, N. S., writes, April 12, 1907: "I have used BENTLEY'S LINIMENT for both myself and children, and as a cure for sore throat, soreness of the chest, etc. I have never found anything to equal it." Mrs. MAJOR'S, Chatham, East Mountain, Ont. Co., N. S., writes, November 21, 1907: "I recently used BENTLEY'S LINIMENT for a severe case of enlarged tonsils in my daughter. She had whooping cough, which greatly aggravated the trouble, and I was alarmed at the prognosis. I bathed her throat freely with BENTLEY'S LINIMENT for a few days and the cure was marvellous." CHAS. LAGARAIN, Fredericton, P. Q., writes, November 19, 1907: "I find BENTLEY'S the best liniment and my customers prefer it to any other." J. H. GIBSON, Quebec, P. Q., writes, February 19, 1907: "I have used BENTLEY'S LINIMENT for a sprain and can highly recommend it." Alderman DEAN, Halifax, N. S., writes, April 12, 1907: "I have used BENTLEY'S LINIMENT and found it the best I ever used, and can heartily recommend it." F. E. KNOWLES, Warwick, P. Q., writes, July 11, 1907: "A few days ago, getting out of a canoe at St. Brodie's, my foot slipped and I struck my leg against the boat and hurt it very much. It was extremely painful and I was afraid that I would have to lay up. However, I was induced to try BENTLEY'S LINIMENT, and two applications made a complete cure. I can recommend it to all sufferers." G. W. ALEX. LEWIS, Montreal, writes, April 19, 1907: "I have used BENTLEY'S LINIMENT and can highly recommend it. I had a sore on my hand which I tried several remedies without avail, the result of my hand prevented it from healing. Two applications of BENTLEY'S LINIMENT made a complete cure." We know that Bentley's Liniment is capable of and to show that the above claims are not mere idle boasts we guarantee every bottle to act exactly as represented, or bring the bottle back to your dealer; he will refund your money. We will pay him for it. BENTLEY'S is a powerful White Liniment that will not soil or injure the most delicate fabric, and the 2oz. size is the largest bottle of White Liniment on the market. Accept only Bentley's, it is the only Liniment, no other kind is just as good. For sale by dealers generally, especially druggists. 2 oz. Bottle, 10c. 6 oz. Bottle (over three times as much), 25c. R. Chatham Happenings.

John Connell, the well-known guide, has received with the author's compliments as a Christmas present a copy of "Semalland," being an account of two expeditions into the far interior of Semalland together with a complete list of every animal and bird known to inhabit that country and a list of the reptiles by C. V. A. Peel.

Mr. Peel is a fellow of the Zoological Society and member of the Oxfordshire Natural History Society and Field Club. He is a great sportsman and student of natural history and has hunted in almost all the best hunting countries of the world. Last season he was in New Brunswick and with Mr. Connell as guide shot a moose with a magnificent head.

He took full notes on his hunting expedition in New Brunswick and, it is presumed, that he will publish a book or at least a magazine article on his experience.

Mr. Peel is a grand son of Sir Robert Peel, the famous statesman. James D. Johnston, proprietor of the Happy Half Hour theatre is evidently as popular with his staff as is with the patrons of the theatre for on Christmas eve he was presented by the staff with a beautiful gold headed cane and the following address:

Mr. J. D. Johnston,
Manager Happy Half Hour,
Chatham, N. B.

Dear Sir:—We the undersigned members of the staff of the Happy Half Hour take this opportunity to extend to you all the good wishes of the Christmas season. We wish you every and continued success and beg of you to accept this token of our high appreciation of your many kind and thoughtful actions towards us on every possible occasion. There is an old saying of "Handsome is as handsome does," and this, we think, is a

quotation befitting your case. We rejoice in the success of the Happy Half Hour as Chatham's first and foremost amusement resort and trust that it will long remain under your genial and flourishing management. Archibald McEachren, Wm. McEachren, Ina McDiarmid, Mabel McEachren, Jr., Maggie McLean, Harry Simmonds.

CHATHAM, Thursday.
The fire ladders had their annual social gathering in the Town Hall on Christmas eve. There were between twenty-five and thirty present including the following guests:—W. S. Loggie, M. P., R. A. Lawlor, K. C., John Connell, John Grey, Alderman Morris, A. Morris, James D. Johnston, Robert Murray, M. P. P. and Mr. Nearing.

Mr. Stewart of the World, presided. Among the speech makers were W. S. Loggie, M. P., Robert Murray, M. P. P. All the speakers emphasized the fact that the efficiency of the fire department had reduced the danger from fire to a minimum. One speaker remarked that he never bothered turning out at an alarm nowadays as he knew that the firemen would have the fire out before he could get there. James Johnston proposed a toast to Fred Eddy, a former secretary-treasurer who left Chatham some time ago. A. McLennan who replied to the toast spoke of the good work that had been done by Mr. Eddy during his term of office. He had been the first to have a surplus and the brigade now had over \$100 to its credit in the bank.

Remarks were made in appreciation of Capt. Thomas Fitzpatrick's services towards the splendid showing made by the brigade at the St. John tournament.

Christmas day was a quiet one in Chatham. Services in several of the churches were largely attended. The sleighing was poor and this tended to make the town look dull. Sleighs could be used around town but the country people nearly all had wagons. There were one or two arrests for drunkenness but there was little liquor in evidence.

In the afternoon and evening the Happy Half Hour theatre drew large audiences. In addition to the pictures there were vaudeville features by local talent. The want of snow kept down the Christmas trade and it was not up to last season with the majority of the merchants though some claim that they did as well as last year, but had expected to do much better.

The Exhibition rink opened last night for the first time this season. There was a fair crowd of skaters in attendance.

Mr. Gaylor, of the Internal Revenue Department of the Customs, left today on a visit to his sister in Presque Isle, Maine.

The Robinson case continues to be the most interesting topic of conversation in local business circles. It is now estimated that Robinson got away with about \$45,000. Mr. Wing, president of the Miramichi Tanning and Fur Co., Ltd., of which Robinson was manager, has returned from a trip to Montreal, where he went in search of the company's goods shipped by Robinson. He was unable to locate anything like the whole of the goods shipped and what became of them is a mystery.

The company had \$20,000 worth of stock before Robinson went away and the most of this that can be accounted for is \$5,000. The Bank of Nova Scotia had loaned the company \$5,000 had it when the bank began to press for this loan that it was decided to send away and sell the stock and Robinson went with the stock and must have disposed of the bulk of it in a manner that cannot now be ascertained.

Some say that there was not \$20,000 worth of goods, that they were dummies, but this is not generally credited.

Robinson's personal debts were fairly large but he was trusted so much that no one pressed him for the money and some of those who were stuck say that they could have had their money if they had asked for it.

The largest shareholder in the company was president Wing, who had about \$10,000 invested. Other shareholders are Mr. Keoghan, Charles Ruddock, J. Brooks Beveridge, and Herbert McDonald.

Premier Robinson spent yesterday afternoon and evening in Chatham. He arrived here on the accommodation and registered at the Adams House where he met the local leaders of the government party and had a conference early in the afternoon with W. S. Loggie, M. P., Robert Murray, M. P. P. and other prominent liberals including W. C. Winslow, K. C. To the Graphic representative the Premier stated that his business here was for organization purposes as there would be an election in a few months. Whether there would be another session before the election he would not care to say. The question of the government ticket for Northumberland was a matter for the convention, but there would be a ticket and he was sure that it would be a good strong one. The prospects were good for a government success all over the province.

Mr. Hazen had claimed that he would have thirty followers after the election. The Premier might as well say he will have forty. He felt sure Mr. Hazen could not mention one county that he was certain of, while

the government could name a number. The government was sure of St. John county, and in Restigouche the government candidates were very strong and would both be returned. He was modest in making a prediction in regard to Westmorland county as it was his own county. He believed the majority for the government candidate would be increased.

The Road Question
The government will have a definite statement to make before the election in reference to the road question. If there was another session before the election the Road Act would be amended. He was in favor of placing the control of the roads in the hands of the people either directly or through the municipal council.

The question regarding the Moncton despatch in Tuesday's St. John Telegraph, headed "Carter would not Hesitate." The Premier said that either Carter or Irving was willing to take a place on the government ticket if chosen.

There was no truth in the Telegraph's report about Urbane Johnson complaining bitterly. Mr. Johnson had been consulted. The Premier leaves here to-morrow morning for St. John.

Peter Archer, who has the contract for driving the mail between Chatham and Tracadie, lost a valuable horse through the river this morning. The mail was on its way to Tracadie and the driver got off the regular track and instead of keeping on the clear ice, drove on a patch heavily covered with snow. There was only about an inch of ice under the snow and the horse plunged through head first. Both horse and wagon were lost but the driver and the mails were saved.

The students from Chatham to St. Dunstan's college, Charlottetown, are home for the Christmas holidays. Among the number are J. Fritz Hildebrand, Ben. Murdoch, Bob Nealy, M. Lynch, Messrs. O'Brien and Dolan of Nelson.

There were special Christmas services in the churches yesterday. The Misses Champlon from Winnipeg are expected to visit friends in Chatham this winter.

Miss Annie M. Dunn, Mamie Gullivan, Irene Savoy, Katie Fitzpatrick, Mary Mann, Lizzie Stothart, Viola Forest and Georgie Tait are home for Christmas from the Normal School.

As soon as the Christmas holidays are over the citizens of Chatham intend to take up energetically the question of bringing the I. C. R. into the centre of the town. Men are already at work getting information and the Board of Trade and Town Council will be asked to prepare strong resolutions embodying all the available information as to the advantages to the town and railroad of the proposed change in the route from Nelson and the desirability of having the station in a central position.

One site suggested for the station is in front of the exhibition building in the western part of the town. Those in favor of this site say that there is plenty of land available at a low figure.

Many contend, however that this site is not near enough to the business district and not central enough. They mention a site on the upper side of Church street between Henderson and Cunard streets as having many advantages, claiming that it would cut down the cost of truckage and give a smaller length of street to be paved and also be of more convenience to the travelling public as it is near the hotels.

The government engineers who made the survey from Nelson are said to have had no instructions to report on the site of a station, so that this will be a matter to be taken up with the Minister of Railways through W. S. Loggie, M. P.

The proposed change in the route from Nelson will mean a saving of two miles in the length of the branch, reducing it from seven to five miles and by means of short spurs, will open up a long water front with deep water for industries. This will be the big argument to put before the Minister of Railways, as new industries will mean increased freight for the railroad. There is no doubt, too, that the change in the route would increase rail shipment from industries already established.

As stated, figures on the probable increase in freight and on the other aspects of the propositions are being secured and when Mr. Loggie returns to parliament after the holidays he will be in a position to press strongly the claims of Chatham.

CHATHAM, Monday.
The shortage in the lumber shipment from the Miramichi this season will be at least 50,000,000, according to an estimate given to the Graphic representative the other day by a lumberman. The shipments last year, the lumberman said, ran up to 150,000,000. This includes shipments from the South West Miramichi, Northwest Miramichi, Barnaby River, North West River, Church River, River DesCaches, Tabusintac, Bay du Vin and the other branches, and about four millions by rail.

The shortage is said to be due to the rainy weather early in the season and also to some extent to a shortage in labor. Labor in the woods is paid fully as well as ever it was but is not so plentiful. The lure of the west accounts in part for this.

The low price of lumber, due to an overstocked market, has also had an effect in curtailing operations.

GERMANY MUSTN'T OVERLOOK CANADA

Berlin Paper Urges Renewal of Relations With This Country on the Belief in Our Future.

LONDON, Thursday.—The Borsen Courier of Berlin publishes a leading article on trade with Canada urging a change in the tactics on the part of the German government. It regrets that not the slightest reference is made to Canada in the law prolonging the provincial commercial arrangement with England until the end of 1909 which has just become law. "If we continue our present policy in respect of our commercial relations with Canada," it remarks, "we run the risk of being left very far behind in the race for trade with this thriving country which contains almost inconceivable possibilities of development. The interest of the German trade and industry demand most urgently that the German government shall now do something towards renewing German-Canadian commercial relations."

SUICIDE IN ST. JOHN.
ST. JOHN, N. B., Wednesday.—Humiliated because her husband came to see her drunk, Mrs. Elizabeth Allen who was employed as a domestic at Alfred Morrissey's on Hazen Street, last night drank carbolic acid, and was dead in ten minutes after she reached the hospital.

A telegram from Victoria last night states:—An order in council was passed by the provincial executive reserving all unstaked timber lands for the government. Hereafter a title will be granted to timber seekers. It is estimated that 6,500,000 acres have been staked and the order of the government will prevent any further traffic in timber limits. In reserving the land the government felt the time is ripe to stop the speculation that has been going on during the last few years.

A despatch from Toronto says:—In the Christmas day ten-mile road race held in Hamilton today, over wretched roads and in rainy weather, Thos. Coley of the I. C. A. C., Toronto, was the winner closely followed by Thos. Ellis a novice from Hamilton, who ran a remarkable race being practically unattended. Hillon Green of the I. C. A. C. finished third. The race was run in 59.04 and four fifths.

U. S. LUMBER MARKET.

(Boston Herald.)
The spruce lumber market is still very quiet, there being very little lumber offering, the inquiry continuing moderate. A few dealers are looking the market over, but as most of the mills in the East are shut down they find little lumber from which to select. Advances from the East report the likelihood of a small cut being made this winter, owing to the difficulty the lumbermen have had in getting the money necessary to pay the men and provide supplies. There is nominally no change in the quotations, though, as noted a week ago, a pressure to sell would result in a lower basis of values. Receivers' prices are: Ten to twelve in dimensions, \$24 to \$25; 9 inch and under, \$22 and \$23; 2x2, 2x4, 2x5, 2x6, 2x7, 10 feet and upwards, \$18 to \$19; other sizes, 10 feet and upwards, \$20 to \$22; spruce boards, planed on one side, \$20; furring, \$20 to \$21; matched boards, \$23 to 24.

Hemlock boards are weak at \$18 and \$20 for random and \$20 to \$21 for stock lengths, for both eastern and northern.

Shingles are firm. Extra clear, \$4.00 to \$4.25; clear \$3.60 to \$3.75; second clear, \$2.50 to \$2.75; extra No. 1, \$1.75 to \$2.00.

Clapboards are firm. Extra \$44 to \$45; clear, \$42 to \$43; second clear, is quiet, at \$3.75 to \$4.00 for 1 1/2 inch. Laths are unchanged though trade \$38 to \$40; extra No. 1, \$25 to \$30, and \$3.50 to \$3.75 for 1 1/2 inch.

WILL KISSING BE PROHIBITED

The Osculatory Process Denounced by Scientists as Extremely Dangerous—How the Danger Can be Removed.

A keen discussion is being carried on by some of the best scientists as to the danger and "crime" of kissing, led by Dr. Somers, Health Officer of Atlantic City, and Dr. Nalpasso, of the Medical Faculty of Paris. They charge the kiss with spreading grippe, scarlet fever, measles, mumps, whooping cough, typhoid fever, diphtheria, erysipelas, meningitis, tuberculosis, and many infectious skin diseases. They suggest legislation on the subject, and the posting of notices in railway stations, street cars and other public places, but they say it would be useless to post them on verandas, in cosy corners, porches, shady nooks, or moonlit lawns. They also propose compulsory legislation for methods of disinfection of the mouth and purifying the breath, especially with a view to the protection of the innocent babies who are particularly subject to infection. I am sending you photo and testimonial herewith for your great remedy PSYCHINE. Your remedies did wonder for me. I was about 25 or 30 years of age when I took PSYCHINE. The doctors had given me up as an incurable consumptive. My lungs and every organ of the body were terribly diseased and wasted. Friends and neighbors thought I'd never get better. But PSYCHINE saved me. My lungs have never bothered me since, and Psychine is a permanent cure.

MRS. LIZZIE GARDNER,
619 Bathurst St., London, Ont.

Psychine, pronounced Si-keen, is admitted to be the most wonderful of all disease and germ-destroying agencies. For building up the run-down system and curing all forms of stomach troubles and diseases of the chest, throat and lungs or head, it is simply unapproachable. It is a reliable preventive. For sale at all druggists and \$1.00, or Dr. T. A. Lighthill, 179 King Street W. Toronto.

GOOD PLACE FOR CONSOLIDATED SCHOOL.

The district of South Nelson has an efficient school of three departments, where a good education can be obtained by children who attend regularly and long enough. The adjoining district of Chatham Head has only one department, and as no one teacher can properly look after and instruct all the classes of a miscellaneous school, the standard of education is much lower there than in Nelson. The people of the Upper part of Chatham Head are much nearer Nelson school house than they are to their own. It is a hardship for their children to be shut out of Nelson school, yet Nelson is under no obligation to admit them. To annex that part of Chatham Head district to Nelson would leave the rest of Chatham Head to support a school with less ratepayers than at present, and would thus entail unnecessary expense upon it. A happy solution would be for all of Chatham Head district to obtain the Board of Education's permission to unite with Nelson, filling a new department of Nelson school, and using the money, now spent on keeping up the little schoolhouse, in providing conveyance for those children too far away to walk to the central building. This arrangement would give both Nelson and Chatham Head the advantage of a four department school whose efficiency would be nearly equal to that of a most advanced town Academy. We feel sure that any movement in favor of the union of any two districts so placed would be heartily favored by the Board of Education. In such cases half the expense of conveyance of pupils is borne by the provincial government. There should be many consolidated schools in this and the two adjoining counties.

WOMAN SUFFRAGE.

In 1908 America is to have a lively object lesson in the world-wide spread of woman's suffrage, says a remarkable article in Appleton's magazine. For the first time on this side of the Atlantic, the quin-ennial convention of the International Suffrage alliance will meet in New York under the American President, Mrs. Carrie Chapman Catt. At least 11 countries—11, mind you—will report that they give women equal suffrage, every suffrage except parliamentary, or municipal suffrage. It may be recapitulated that full suffrage thrives in New Zealand, federated Australia, Finland, and the Isle of Man. Norway not to be outdone by her neighbor, Finland, lately bestowed parliamentary suffrage on a low tax-paying basis thus qualifying practically every woman. Every suffrage except parliamentary, moreover, obtains in England, Scotland, Ireland and Wales and to married women in Sweden. School or municipal suffrage, or both prevail throughout the provinces of Canada. The latter, it may be men-

tioned, granted municipal suffrage 45 years ago. Municipal suffrage for unmarried women exists in Iceland. In Italy and France women vote for and are eligible to sit upon the tribunal of commerce. In several German, Austrian and Hungarian states an infinitesimal franchise is allotted the fair sex. To add Cosmopolitan coloring comes the glad tidings of municipal suffrage from Natal, Africa likewise Bombay, India.—Detroit News-Tribune.

THIBET BEING MODERNIZED.

Thibet, which for years was closed to all foreigners but those of the Buddhist religion, is being rapidly opened up to civilization since the British army occupied its capital in 1904 and restored the country to the Chinese Empire. Lhasa, the hitherto forbidden city, is to have a regular mail service, a telegraph line, a newspaper, hospitals and schools. Thus the last of exclusive Yellow countries is being prepared to assimilate herself to modern life and ideas.

CRISIS IN CATTLE RAIDING.

The long series of cattle raids in Ireland have resulted in the arrest of Lawrence Ginnell, M. P. for North Westmeath, and his being sentenced to six months' imprisonment for contempt of court in urging the raids. The church and the more prominent Irish leaders are with the Government in this matter, realizing that in struggling for freedom it is unwise to desolate the country by destroying property, which would be hard to replace.

THE TRUANT OFFICER.

It is to be hoped that in the matter of appointing a truant officer, the Town Council will grant sufficient salary, and will not so overload him with other work as to prevent him devoting all the time necessary to carry out the school law thoroughly.

COREY IS TIRING OF DFAR MABELLE

Pittsburg Society Gossip Has It That Social Snubs Have opened Eyes of Steel King.

PITTSBURG, Saturday.—The president of the United States Steel Corporation, William Ellis Corey, is reported to be tired of the song bird he wedded and placed in a gilded cage, and rumor, which always—most always—is the barometer of the changes of heart in prominent society folks, says that the millionaire desires to return to the companionship of his first wife and son, Alan. Corey got a divorce from his first wife because she had no desire to shine in society. With his money and a young and more beautiful wife he thought he could break into New York's charmed circles. So did Mabel Gillman.

Spurned by Society.

They have both discovered their mistake. Corey's associates talk business, but neither tender nor accept invitations, and the big New York mansion is a lonely place except when the second Mrs. Corey invites her former friends. But that is not society. While Pittsburg clubmen do not intimate there is any friction between Mr. and Mrs. Corey, they say that both are deeply disappointed—so much so that Mrs. Corey, in view of a liberal settlement, would place no obstacle in the way of Corey's legal re-marriage to his first wife.

BATHURST NEWS.

BATHURST, Friday.

The Christmas tree for the children of the Methodist Sunday School was held last evening in the Division Hall. A suitable program was rendered and presents were distributed after which light refreshments were served.

Mr. and Mrs. Wm. Daley are receiving congratulations on a visit from the stork yesterday.

Mr. and Mrs. Ben. Windsor of Dalhousie are visiting friends in town.

Miss Russell of Bartibogue is visiting Mrs. Kate Cinnamon.

Mrs. C. P. Hickey of Chatham is visiting her parents Mr. and Mrs. P. J. Burns.

Miss Lorenzo Eddy of Providence, R. I., arrived home yesterday.

George Battinson of Vancouver, B. C., is visiting his home folks.

C. P. Hickey of Chatham spent Christmas in town.

John McMillan spent the holiday in Douglstown.

A number of woodmen came out for Christmas but most of them have returned again.

Aurell Landry of Grand Falls, N. B., is visiting his home people.

Rudolphe DesBrisay spent Christmas at his home here.

The candidates supporting the local government in Gloucester County are—Jos. Polier and T. M. Burns, and J. Raymond Young. Mr. Polier and Mr. Burns represent the county at present and after consulting friends of Mr. J. Raymond Young, who is a son of the late John Young, M. P. P., and acting police magistrate for the parish of Saumarez, County of Gloucester was chosen to run on their ticket. Mr. Burns is the discoverer of the large deposits of Iron in Gloucester County and the county is indebted to him and his late colleague for its present state of development. Mr. Burns and the other members of this ticket deserve the support of the electorate for their efforts towards the promoting of this industry.

CHATHAM NEWS.

On Christmas eve the members of the Curling Club presented Alfred Crosby, king of ice makers, with a purse of \$15 in gold. In the absence of the president the presentation was made by Robert Murray, M. P. P. at the request of the vice-president. R. A. Lawlor made some remarks in appreciation of the excellent work of Mr. Crosby in furnishing the club with the best of ice.

Esther Feinbrook was the holder of the ticket that drew the gramophone at the Happy Half Hour drawing. In the probate court before Judge R. A. Lawlor, K. C., yesterday was return day in the estate of John Lyons and citation was issued. W. C. Winslow, K. C., appeared for petitioner. Letters of administration were granted to Alex. WAS CAPTOR OF NOTORIOUS BILL

North West Mounted Policeman Has an Exciting Experience.

WON'T RETAKE OUTLAW

Leigh Mazen Shoebottom Tells Story of How Miner Was Rounded Up.

WINNIPEG, Saturday. — Sergeant Major Shoebottom, of the R. N. W. M. P. in charge of the Battleford post, is in the city. Sergeant Major Shoebottom is one of the best known officers of the police service in the entire northwest. He and his men under him were chiefly responsible for the capture of the notorious Bill Miner gang in the British Columbia mountains in 1905 after they had looted the C. P. R. overland train. At that time he was stationed at Banff, but has since been transferred to Battleford.

He is on his way to London, Ont., to spend the holidays with his parents.

Old Bill Miner's captor thinks he is somewhere in the fastnesses of the Oregon or Washington mountains and never expects to hear of the old bandit being on this side of the line again.

"Shoe" was located at Banff when the call went forth to dash into the British Columbia mountains and capture the three men who had so dangerously held up the C. P. R. express on two different occasions. With other members of the competent organization he was early on the scene and remained with the hunters until the end came by the capture of the whole bunch.

"No, I can't say that I ever expect to see or hear of old Bill Miner being again on this side of the line," observed Sergeant Major Shoebottom. "We helped to put them behind the bars, and after that it was the duty of the prison authorities to hold their men. You must understand that Miner is a very high-class crook, if the term is permissible. He said to me when I was with him the last few hours of his captivity in our hands: 'I never harmed an individual, 'Shoe.' It was always the big corporations I robbed. I never shot a man in my life."

"Well, I said to the old rascal, you had men with you who did, and the old road agent merely shrugged his shoulders, remaining silent. I really think him a very superior sort of chap in many ways. He was just the kind of a man you would expect to plan an escape exactly as he is known to have done."

"However, I think we are well rid of him. He is an old man and can't do the nature of things, live but a few years more. He is too old to undertake any such desperate feuds as he conducted twice in British Columbia territory. He is broken in spirit and pocketbook, and that means everything to a highwayman in his work."

GARTER WOMAN SUES FOR \$7,950

Declares This Amount is Due Her For Delivering Up Runyan.

NEW YORK, Saturday.—Laura M. Carter in whose apartment Chester E. Runyan, the teller of the Windsor Trust Co., concealed himself last summer after making away with \$96,000 of the company's funds has brought suit against the Trust Co. for \$7,950 which she claims is due her as a reward for delivering up the defaulting teller. Against this action the Trust Co. has brought suit to recover \$25,000 from her alleging that she and Runyan were in a conspiracy to rob the institution and that this \$25,000 was lavished upon her by Runyan. Mrs. Carter was indicted last fall on a charge of receiving stolen goods and Runyan appeared as a witness for the state against her and swore that he'd given her between \$20,000 and \$25,000. She denied this and was acquitted by the jury. Runyan subsequently pleaded guilty to the charge of grand larceny and was sentenced to seven years.

HELEN MALONEY HAS RETURNED

New York, Friday.—Helen Maloney daughter of the Philadelphia millionaire, Martin Maloney, is in the home of her brother-in-law, Carberry Ritchie, at Lakewood, N. J. Miss Maloney, with her father and her sister, Mrs. Carberry Ritchie, arrived in this country last Thursday.

She left the convent at Berugia, Ital. Dec. 2. So quietly was the arrival in this country that not until late to-night did her own mother, who is at the town house of the Maloney's in Logan square, Philadelphia, know of her presence in this country. To a reporter Miss Maloney said:

"I have stricken Samuel Clarkson and Arthur Herbert Osborne out of my life. All I want is that this miserable matter should be forgotten."

Mr. Maloney said: "I have no formal statement to make. I had hoped that all this matter could be settled without publicity. Our home-coming was kept secret, even from members of the family, because we feared publicity. As to the future there will be a suit brought for the annulment of the marriage to Osborne. This will be begun as soon as the papers in it have been prepared."

PORT ARTHUR IS LAST TO CLOSE.

PORT ARTHUR, Sunday.—Though situated at the head of the most northerly part of the great lakes, Port Arthur claims the distinction of being open to navigation later than any other Canadian Lake port. The steamer C. W. Moore is due to arrive from Duluth today on one of the regular trips she has been making all season. So far she has not encountered any ice to bother her in her trips across Lake Superior, and a continuation of the present brand of weather would allow her to make a number more trips.

MURDER MYSTERY IS CLEARING.

Identity of Woman Found Dead in a Pond Has Been Established.

NEWARK, N. J.—The mystery enveloping the tragic death of the young woman whose nude body was found half submerged in the water and mud of a lonely pond near Hanson, N. J. is vanishing. The dead woman has been identified as Annie O'Keefe or Ann Evans. The identification was due to Mrs. Margaret Wright, an employment agent to whom the woman applied for work. It has been learned that this woman kept an appointment with a man on Christmas day and the police have no doubt that she was lured to the meadows and murdered.

Doaktown, Friday.—The Orangemen of Doaktown held a social dance on Christmas Eve, the proceeds to go towards finishing the new hall.

The United Baptists held a concert in New Salem Hall on the 24th, to defray expenses on their church.

Milton McLeod, teacher of the Archibald school, held a concert in Doaktown Hall Christmas night, to raise funds for building a bridge between Doaktown and Storetown.

Miss Edith Witherell spent Christmas at her home in Blissfield. James Mesereau and Percy Witherell, of Blissfield, are home from the Fredericton Business College.

STEAMERS OVERDUE

MONTREAL, Sunday. — The S. S. Mount Royal, now several days overdue at St. John from Antwerp, is one of the steamers formerly owned by the Elder Demster Co. and taken over by the C. P. R. when a fleet of seven steamers was secured. The value of the vessel is placed at \$225,000, and the insurance will be about two-thirds of this amount. The steamer is carrying a general cargo. As the C. P. R. officials are confident that the vessel will turn up all right, they do not desire to make public the list of merchants to whom the cargo is consigned. The cargo is valued at about \$150,000.

ASSIGNEE'S NOTICE.

TAKE NOTICE that Frank Hachey of the Parish of Rogeraville in the County of Northumberland and Province of New Brunswick, Merchant, pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick entitled "An Act Respecting Assignments and Preferences by Insolvent Persons" did on the SECOND day of November instant make a general Assignment, for the benefit of his creditors to the undersigned, John O'Brien, of Nelson, in the said County of Northumberland, High Sheriff of the said County; and also that a meeting of the Creditors of the said Frank Hachey will be held at the office of E. P. WILLISTON, Esq., in the Town of Newcastle on FRIDAY the FIFTEENTH day of November A. D. 1907, at three o'clock in the afternoon, for the appointment of Inspectors and giving of directions with reference to the disposal of the estate and the transaction of such other business as shall legally come before the meeting.
And NOTICE is further given that all creditors are required to file their claims, duly proven, with the said assignee within three months from the date of this notice, unless further time be allowed by a Judge of the Supreme or County Court and that all claims not filed within the time limited or such further time, if any, as may be allowed by any such Judge, shall be wholly barred of any right to share in the proceeds of said estate and that said Assignee shall be at liberty to distribute the proceeds of the estate as if any claims not filed as aforesaid did not exist, but without prejudice to the liability of the debtor therefor.
Dated at Nelson aforesaid this SIXTH day of November A. D. 1907.
JOHN O'BRIEN,
High Sheriff of the County of Northumberland, Assignee.

A TRULY IDEAL WIFE
HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Man and Woman.
—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."
To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study. If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irritability or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.
Following we publish by request a letter from a young wife:
Dear Mrs. Pinkham:
"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.
Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so well that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ansley, 61 South 10th Street, Tacoma, Wash.
What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman.
If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

NEWARK STIRRED
BY BRUTAL MURDER

Nude Body of a Pretty Woman Found in the Icy Waters of a Little Pond.

NEWARK, N. J., Thursday. — A murder combining the elements of mystery and deliberate cruelty which takes it out of the ordinary was committed on the Hackensack meadows in the town of Hanson early to-day and the nude body of the victim, a comely woman, perhaps thirty years of age was nearly submerged in the icy waters of a little pond. Only the feet projected when Chas. Jansely broke the ice in which the exposed portions were encrusted and dragged the body ashore.

OBITUARY

MRS. RACHEL BROWN.
The body of Mrs. Rachel Brown arrived here Wednesday, Dec. 18th, from Manchester, N. H., accompanied by her sister Mrs. Sarah A. Elliott, and was forwarded to Whitneyville where services were held at the Baptist church by Rev. I. N. Thorne.
Mrs. Brown died at her home in Manchester, N. H., Dec. 14th after an illness of several weeks. Service was held at her home by the Rev. J. B. Lemon, pastor of the First Baptist church. There was a profusion of beautiful flowers from relatives and friends.
Deceased was born in Whitneyville in January 20, 1831, but had resided in the United States for the past twenty-five years. She was the daughter of the late Mrs. Eliza G. Whitney of Whitneyville and widow of the late Harry G. Brown. She leaves three sisters and five brothers to mourn; the loss of a kind and affectionate sister, Mrs. James McCormick of this place is one of the surviving sisters.

VALUE OF ADVERTISING.

"I would not own a business that I could not advertise," remarked a speaker at a recent banquet. This is the right sentiment, the proper spirit and if all retailers would take the same view their lot would be immeasurably improved. The man who advertises and does it well, who specializes in this department, as he does in all others, is the man who survives in days of stress and keen competition, who is ever increasing and enlarging his premises and keeping pace with the times. After all, business nowadays is largely a survival of the fittest, and not a problem to be worked out, as many suppose, along the lines of least resistance and narrow conceptions as to expenditure and ideals. To reach the people of Northumberland county, advertise in the UNION ADVOCATE.

DOES NO HARM, BUT MUCH GOOD.

Mix the following by mixing well in a bottle, and take in teaspoonful doses after meals and at bedtime:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.
Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.
The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, sir when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

THE ATLANTIC FLYER.

That will be the name of the St. John-Boston Train.

With the inauguration of the summer time table on the railroads four new trains will be put into commission between St. John and Boston. These cars—twenty-two in number—are now being built at the C. P. R. Angus shops in Montreal, and they will be similar to those now used on the Boston-Montreal service, which are far superior to any ever heretofore used on the runs in this section. The cars being built comprise eight first-class coaches, five second class, five colonist and four baggage cars. With these it will be possible to run all four trains—the day trains each way between St. John and Boston. The new cars are being built under a joint arrangement between the Canadian Pacific, Maine Central and Boston and Maine Railroads, and will be the newest departure in first class railroad travel, and will make a solid vestibule train. A Bangor report, which, however, lacks confirmation, says: On the outside these cars will bear the words "Atlantic Flyer," and on the inside the names of the three railroads, Canadian Pacific, Boston & Maine and Maine Central. There has been a call for a better class of equipment than that in use on the Maine Central and Boston & Maine, and it is understood that these cars are being built for the purpose of satisfying that demand. It is expected that as in the past summer the night train from Boston will run through to Point du Chene. Of course the sleeping car will continue to be a regular Pullman, as the Pullman company has a contract with the roads mentioned covering this route. The inauguration of this new and thoroughly modern train service will give great satisfaction to the travelling public.

A CONTRACTOR'S TRICK.

Some contractors are conscientious. The chimney of one of Chatham's new houses is so defective that the kitchen range will not draw, but smokes, and has to be fed with oil-soaked kindling to boil the kettle. An examination shows that the contractor, to save a few bricks, had left out the division wall between the two flues for twelve or fourteen feet of the upper portion of the chimney, thus partially destroying its usefulness. The kitchen pipe enters so short a distance below the top of the dividing wall that it will not draw. The contractor saved a hundred and fifty bricks, worth a few apiece, and the owner has to tear down the chimney, after suffering down smoke for a season, and rebuild it from Chatham World.

SCOTCH MARINE BOILER.

It is probable that Jack London will achieve as wide a reputation as a traveler and journalist as he has won as a novelist. Already he is well on his voyage around the world in his little sailboat Shark. The voyage itself is dramatic and perilous, for the crew of the little boat consists only of the sailorman, Mr. London, and a lone strange place of the world at the instance of the WOMAN'S HOME COMPANION, in which publication soon will begin to appear his description of places and people, written at white heat, on the spot.

Department of Agriculture Makes Announcement for 1908.

It is now four years since the Department of Agriculture through the Dairy Division, began an active campaign for the improvement of the dairy herds of Canada, by inaugurating cow testing associations at Cowansville, Quebec. The Department provided all equipment and loaned each member the scales and necessary outfit for taking and preserving the samples, furnished the requisite blank forms for keeping records, made all the tests and compiled the reports, without any charge.

In 1905, a series of 30 day tests were conducted at seven places, the Department loaning the outfits and doing all the work without cost to the owners of the herds as in 1904. The object of this work was to call attention to the importance of the question and to create sufficient interest in the matter to induce dairymen to organize for the purpose of conducting a systematic test of the individual cows of their herds. The publication of these tests showed the great difference which is found in the yield of cows in the same herd, and of different herds in the same locality.

At the beginning of 1906, 16 associations were organized under the auspices of the Department. Each new member was required to provide his own outfit for weighing and taking samples, but the Department of Agriculture provided the blank forms and made the tests without charge. The work was continued on the same basis in 1907, with a total of 63 associations organized in the different provinces as follows: Quebec 27, Ontario 18, Nova Scotia 2, Prince Edward Island 1, British Columbia 4. In addition to making the tests free of cost, the Dairy Division has compiled for each member a monthly and a yearly statement of the individual yield of his herd, and each member has also been furnished with a copy of the monthly summaries of all tests made for the other associations. Summaries of the monthly tests have been published in the agricultural and weekly press of Canada, so that every person who reads has thus had an opportunity of studying the results and judging of the importance of the work.

The Honorable Mr. Fisher, Minister of Agriculture, has taken a special interest in this work and is very desirous of having it continued. I am directed to say that the Dairy Division will again co-operate with associations of 20 or more members, or owners of not less than 200 cows, for the season of 1908, by doing the testing, providing the necessary blank forms, and assisting in the organization as heretofore, but the Minister is of opinion that, the time has arrived when the members of the associations may reasonably be asked to contribute something towards the cost of the work.

If it is worth anything to a dairyman to know the relative value of his cows as milk producers, in order that he may improve his herd by a process of intelligent breeding and selection, it should be worth paying for, in part at least. If it is not worth anything to the owners of the herds, it is certainly not worth anything to anyone else.

I beg, therefore, to make the following announcement in connection with this work.

For the season of 1908 the Department of Agriculture through the Dairy Division will co-operate with the cow testing associations on the following terms:—

- (a) The members must provide their own outfit and agree to take samples according to instruction.
(b) The members will be required to pay towards the cost of the testing at the rate of 20 cents per cow for the season, for herds of 5 cows and over. For herds of under 5 cows a minimum charge of \$1.00 per herd will be made.
(c) The association must be made for a suitable place in which the testing may be done as in previous years without cost to the Department.
(d) The Dairy Division will provide all the necessary blank forms, chemical records, compile monthly and yearly records and forward them to each member without any charge except as noted in (b).

Note.—The charge for testing will be based on the highest number of cows tested in any one month. A cow tested only once will be charged for the season.

SAIL HOI JACK LONDON.

It is probable that Jack London will achieve as wide a reputation as a traveler and journalist as he has won as a novelist. Already he is well on his voyage around the world in his little sailboat Shark. The voyage itself is dramatic and perilous, for the crew of the little boat consists only of the sailorman, Mr. London, and a lone strange place of the world at the instance of the WOMAN'S HOME COMPANION, in which publication soon will begin to appear his description of places and people, written at white heat, on the spot.

Leigh Mazen Shoebottom Tells Story of How Miner Was Rounded Up.

WINNIPEG, Saturday. — Sergeant Major Shoebottom, of the R. N. W. M. P. in charge of the Battleford post, is in the city. Sergeant Major Shoebottom is one of the best known officers of the police service in the entire northwest. He and his men under him were chiefly responsible for the capture of the notorious Bill Miner gang in the British Columbia mountains in 1905 after they had looted the C. P. R. overland train. At that time he was stationed at Banff, but has since been transferred to Battleford.

He is on his way to London, Ont., to spend the holidays with his parents.

Old Bill Miner's captor thinks he is somewhere in the fastnesses of the Oregon or Washington mountains and never expects to hear of the old bandit being on this side of the line again.

"Shoe" was located at Banff when the call went forth to dash into the British Columbia mountains and capture the three men who had so daringly held up the C. P. R. express on two different occasions. With other members of the competent organization he was early on the scene and remained with the hunters until the end came by the capture of the whole bunch.

"No, I can't say that I ever expect to see or hear of old Bill Miner being again on this side of the line," observed Sergeant Major Shoebottom. "We helped to put them behind the bars, and after that it was the duty of the prison authorities to hold their men. You must understand that Miner is a very high-class crook, if the term is permissible. He said to me when I was with him the last few hours of his captivity in our hands: 'I never harmed an individual, 'Shoe.' It was always the big corporations I robbed. I never shot a man in my life."

"Well, I said to the old rascal, you had men with you who did, and the old road agent merely shrugged his shoulders, remaining silent. I really think him a very superior sort of chap in many ways. He was just the kind of a man you would expect to plan an escape exactly as he is known to have done."

"However, I think we are well rid of him. He is an old man and can't, in the nature of things, live but a few years more. He is too old to undertake any such desperate raids as he conducted twice in British Columbia territory. He is broken in spirit and pocketbook, and that means everything to a highwayman in his work."

CARTER WOMAN SUES FOR \$7,950

Declares This Amount is Due Her For Delivering Up Runyan.

NEW YORK, Saturday.—Laura M. Carter in whose apartment Chester B. Runyan, the teller of the Windsor Trust Co., concealed himself last summer after making away with \$96,000 of the company's funds has brought suit against the Trust Co. for \$7,950 which she claims is due her as a reward for delivering up the defaulting teller. Against this action the Trust Co. has brought suit to recover \$25,000 from her alleging that she and Runyan were in a conspiracy to rob the institution and that this \$25,000 was lavished upon her by Runyan. Mrs. Carter was indicted last fall on a charge of receiving stolen goods and Runyan appeared as a witness for the state against her and swore that he'd given her between \$20,000 and \$25,000. She denied this and was acquitted by the jury. Runyan subsequently pleaded guilty to the charge of grand larceny and was sentenced to seven years.

HELEN MALONEY HAS RETURNED

New York, Friday.—Helen Maloney daughter of the Philadelphia millionaire, Martin Maloney, is in the home of her brother-in-law, Carberry Ritchie, at Lakewood, N. J. Miss Maloney, with her father and her sister, Mrs. Carberry Ritchie, arrived in this country last Thursday.

She left the convent at Berugia, Ital, Dec. 2. So quietly was the arrival in this country that not until late to-night did her own mother, who is at the town house of the Maloney's in Logan square, Philadelphia, know of her presence in this country. To a reporter Miss Maloney said:

"I have stricken Samuel Clarkson and Arthur Herbert Osborne out of my life. All I want is that this miserable matter should be forgotten."

Mr. Maloney said: "I have no formal statement to make. I had hoped that all this matter could be settled without publicity. Our home-coming was kept secret, even from members of the family, because we feared publicity. As to the future there will be a suit brought for the annulment of the marriage to Osborne. This will be begun as soon as the papers in it have been prepared."

PORT ARTHUR IS LAST TO CLOSE.

PORT ARTHUR, Sunday.—Though situated at the head of the most northerly part of the great lakes, Port Arthur claims the distinction of being open to navigation later than any other Canadian Lake port. The steamer C. W. Moore is due to arrive from Duluth today on one of the regular trips she has been making all season. So far she has not encountered any ice to bother her in her trips across Lake Superior, and a continuation of the present brand of weather would allow her to make a number more trips.

MURDER MYSTERY IS CLEARING.

Identity of Woman Found Dead in a Pond Has Been Established.

NEWARK, N. J.—The mystery enveloping the tragic death of the young woman whose nude body was found half submerged in the water and mud of a lonely pond near Hanson, N. J. is vanishing. The dead woman has been identified as Annie O'Keefe or Ann Evans. The identification was due to Mrs. Margaret Wright, an employment agent to whom the woman applied for work. It has been learned that this woman kept an appointment with a man on Christmas day and the police have no doubt that she was lured to the meadows and murdered.

CHINA WANTS MISSIONARIES.

TORONTO, Ont., Saturday — The Methodist Mission Council at Cheng-tu, West China, asks for 107 more missionaries at a cost of \$148,000 a year.

Doaktown, Friday.—The Orange-men of Doaktown held a social dance on Christmas Eve, the proceeds to go towards finishing the new hall.

The United Baptists held a concert in New Salem Hall on the 24th, to defray expenses on their church.

Milton McLeod, teacher of the Archibald school, held a concert in Doaktown Hall Christmas night, to raise funds for building a bridge between Doaktown and Storeytown.

Miss Edith Witherell spent Christmas at her home in Blissfield.

James Mersereau and Percy Witherell, of Blissfield, are home from the Fredericton Business College.

STEAMERS OVERDUE

MONTREAL, Sunday. — The S. S. Mount Royal, now several days overdue at St. John from Antwerp, is one of the steamers formerly owned by the Elder Demster Co. and taken over by the C. P. R. when a fleet of seven steamers was secured. The value of the vessel is placed at \$225,000, and the insurance will be about two-thirds of this amount. The steamer is carrying a general cargo. As the C. P. R. officials are confident that the vessel will turn up all right, they do not desire to make public the list of merchants to whom the cargo is consigned. The cargo is valued at about \$150,000.

A PERFECT IDEAL WIFE
HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study. If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularity or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:
Dear Mrs. Pinkham:
"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.
"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."
Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand, write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

NEWARK STIRRED
BY BRUTAL MURDER

Nude Body of a Pretty Woman Found in the Icy Waters of a Little Pond.

NEWARK, N. J., Thursday. — A murder combining the elements of mystery and deliberate cruelty which takes it out of the ordinary was committed on the Hackensack meadows in the town of Hanson early to-day and the nude body of the victim, a comely woman, perhaps thirty years of age was nearly submerged in the icy waters of a little pond. Only the feet projected when Chas. Janesly broke the ice in which the exposed portions were encrusted and dragged the body ashore.

OBITUARY

MRS. RACHEL BROWN.

The body of Mrs. Rachel Brown arrived here Wednesday, Dec. 18th, from Manchester, N. H., accompanied by her sister Mrs. Sarah A. Elliott, and was forwarded to Whitneyville where services were held at the Baptist church by Rev. J. N. Thorne.

Mrs. Brown died at her home in Manchester, N. H., Dec. 14th after an illness of several weeks. Service was held at her home by the Rev. J. B. Lemon, pastor of the First Baptist church. There was a profusion of beautiful flowers from relatives and friends.

Deceased was born in Whitneyville in January 20, 1801, but had resided in the United States for the past twenty-five years. She was the daughter of the late Mrs. Eliza B. Whitney of Whitneyville and widow of the late Harry G. Brown. She leaves three sisters and five brothers to mourn the loss of a kind and affectionate sister. Mrs. James McCormick of this place is one of the surviving sisters.

VALUE OF ADVERTISING.

"I would not own a business that I could not advertise," remarked a speaker at a recent banquet. This is the right sentiment, the proper spirit and if all retailers would take the same view their lot would be immeasurably improved. The man who advertises and does it well, who specializes in the department, as he does in all others, is the man who survives in days of stress and keen competition, who is ever increasing and enlarging his premises and keeping pace with the times. After all, business nowadays is largely a survival of the fittest, and not a problem to be worked out, as many suppose, along the lines of least resistance and narrow conceptions as to expenditure and ideals. To reach the people of Northumberland county, advertise in the UNION ADVERTISER.

DOES NO HARM,
BUT MUCH GOOD.

Mix the following by mixing well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October, of 1906, sir when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

THE ATLANTIC FLYER.

That will be the name of the St. John-Boston Train.

With the inauguration of the summer time table on the railroads four new trains will be put into commission between St. John and Boston. These cars—twenty-two in number—are now being built at the C. P. R. Angus shops in Montreal, and they will be similar to those now used on the Boston-Montreal service, which are far superior to any ever heretofore used on the runs in this section.

The cars being built comprise eight first-class coaches, five second class, five colonist and four baggage cars. With these will be positioned to run all four trains—the day trains each way between St. John and the night trains as well.

The new cars are being built under a joint arrangement between the Canadian Pacific, Maine Central and Boston and Maine Railroads, and will be the newest departure in first class railroad travel, and will make a solid vestibule train. A Bangor report, which, however, lacks confirmation says: On the outside the cars will bear the words "Atlantic Flyer" and on the inside the names of the three railroads, Canadian Pacific, Boston & Maine and Maine Central. There has been a call for a better class of equipment than that in use on the Maine Central and Boston & Maine, and it is understood that these cars are being built for the purpose of satisfying that demand. It is expected that as in the past summer the night train from Boston will run through to Point du Chene. Of course the sleeping car will continue to be a regular Pullman, as the Pullman company has a contract with the roads mentioned covering this route. The inauguration of this new and thoroughly modern train service will give great satisfaction to the travelling public.

A CONTRACTOR'S TRICK.

Some contractors are conscientious. The chimney of one of Chatham's new houses is so defective that the kitchen range will not draw, but smokes, and has to be fed with oil-soaked kindling to boil the kettle. An examination shows that the contractor, to save a few bricks, had left out the division wall between the two flues for twelve or fourteen feet of the upper portion of the chimney, thus partially destroying its usefulness. The kitchen pipe enters so short a distance below the top of the dividing wall that it will not draw. The contractor saved a hundred and fifty bricks, worth a cent apiece, and the owner has to tear down the chimney, after suffering from smoke for a season, and rebuild it.

PRACTICED WHAT HE PREACHED.

"You know, my dear, I have often said that, like the rest of mankind, I am only a poor, weak sinner," said Wedderly, who was trying to excuse one of his misdeeds.
"Yes, I know you have," rejoined the better half of the matrimonial combine, "and I never in my life saw any body as anxious to prove the truth of his statements as you seem to be."

There's Everything in Being First.

The first train in Canada was operated on what is now a part of the Grand Trunk Railway and this great system has ever been on the alert to stay in the first rank. In keeping with this general policy the "International Limited," the premier train of the Grand Trunk System, is also the finest and fastest train in Canada, and one of the fastest long distance trains in the world. Leaves Montreal every day at 8:00 a. m.; Toronto at 4:30 p. m.; arriving in Detroit at 10:00 p. m. and Chicago at 7:30 a. m.

COW TESTING ASSOCIATIONS.

Department of Agriculture Makes Announcement for 1908.

It is now four years since the Department of Agriculture through the Dairy Division, began an active campaign for the improvement of the dairy herds of Canada, by inaugurating a cow testing association at Cowansville, Quebec. The Department provided all equipment and loaned each member the scales and necessary outfit for taking and preserving the samples, furnished the requisite blank forms for keeping records, made all the tests and compiled the reports, without any charge.

In 1905, a series of 30 day tests were conducted at seven places, the Department loaning the outfits and doing all the work without cost to the owners of the herds as in 1904. The object of this work was to call attention to the importance of the question and to create sufficient interest in the matter to induce dairymen to organize for the purpose of conducting a systematic test of individual cows of their herds. The publication of these tests showed the great difference which is found in the yield of cows in the same herd, and of summaries of the tests in the same locality.

At the beginning of 1908, 16 associations were organized under the auspices of the Department. Each new member was required to provide his own outfit for weighing and taking samples, but the Department of Agriculture provided the blank forms and made the tests without charge. The work was continued on the same basis in 1907, with a total of 53 associations organized in the different provinces as follows: Quebec 27, Ontario 18, Nova Scotia 2, Prince Edward Island 1, British Columbia 4.

In addition to making the tests free of cost, the Dairy Division has compiled for each member a monthly and a yearly statement of the individual tests of his herd, and each member has also been furnished with a copy of the monthly summaries of all tests made for the other associations. Summaries of the monthly tests have been published in the agricultural and weekly press of Canada, so that every person who reads has thus had an opportunity of studying the results and judging of the importance of the work.

The Honorable Mr. Fisher, Minister of Agriculture, has taken a special interest in this work and is very desirous of having it continued. I am directed to say that the Dairy Division will again co-operate with associations of 20 or more members, or owners of not less than 200 cows, for the season of 1908, by doing the testing, providing the necessary blank forms, and assisting in the organization as heretofore, but the Minister is of the opinion that the time has arrived when the members of the associations may reasonably be asked to contribute something towards the cost of the work.

If it is worth anything to a dairyman to know the relative value of his cows as milk producers, in order that he may improve his herd by a process of intelligent breeding and selection, it should be worth paying for, in part at least. If it is not worth anything to the owners of the herds it is certainly not worth anything to anyone else.

I beg, therefore, to make the following announcement in connection with this work.

For the season of 1908 the Department of Agriculture through the Dairy Division will co-operate with the cow testing associations on the following terms:

(a) The members must provide their own outfits and agree to take samples according to instruction.
(b) The members will be required to pay towards the cost of the testing at the rate of 20 cents per cow for the season, for herds of 5 cows and over. For herds of under 5 cows a minimum charge of \$1.00 per herd will be made.
(c) The association must arrange for a suitable place in which the testing may be done as in previous years without cost to the Department.
(d) The Dairy Division will provide all the necessary blank forms, chemicals for testing, compile monthly and yearly records and forward them to each member without any charge except as mentioned in (b).

Note—The charge for testing will be based on the highest number of cows owned in any one month. A cow tested only once will be charged for the season.

SAIL, HO! JACK LONDON.

It is probable that Jack London will achieve as wide reputation as a traveler and journalist as he has won as a novelist. Already he is well on his voyage around the world in his little sailboat Shark. The voyage itself is dramatic and perilous, for the crew of the little boat, consists only of Jack London, his wife and a lone sailorman. Mr. London is seeing the strange places of the world at the instance of the WOMAN'S HOME COMPANION, which publication soon will begin to appear his description of places and people, written at white heat, on the spot.

LATEST GOSSIP OF LONDON TOWN.

London, December, 21—It seems likely that next year England is to have a succession of royal visits. There is a report that the King of Italy has announced his intention of coming to England in May or June, 1908, and that the invitation to do so was extended to the Italian monarch by King Edward when the two Kings met at Gaeta at the commencement of the present year.

From Paris come whisperings that Empire style is still in most marked favor. Skirts still have a pronounced tendency to Empire, and a doctor and a stewardess will be carried, and the inclusive charge is to be ten shillings and sixpence per day.

A Sad Story of Consumption in a Canadian Town

The Local Hospital Unable to Care for the Patient, and the query is What to Do?

In a little booklet issued by the National Sanitarium Association under whose auspices has been established the Muskoka Free Hospital for Consumptives, we have the story told of a sad case of consumption.

She was placed in the small local hospital of the town, and everything possible for the moment is being done to help the patient.

But writing to the Secretary of the National Sanitarium Association, the Secretary of the Board of Health asks: "Is it possible to make room for this patient in the Muskoka Free Hospital for Consumptives. The local hospital is crowded for room, and there is really no place for this poor girl."

Contributions on behalf of this work may be sent to: Sir Wm. R. Meredith, Kt., Vice-President, Goodwood Hall, W. J. Gage, Esq., 84 Spadina Avenue; J. S. Robertson, Secretary-Treasurer, National Sanitarium Association, 347 King Street W., Toronto, Ont.

CHURCH MUSIC.

METHODIST CHURCH.

To Miss Bessie Crocker, the efficient organist and choir leader of the Methodist Church, much of the success of the choir is due to her untiring efforts. The choir sang on Sunday evening, "The King Shall Rejoice." The solo parts were sung by G. C. Henderson and L. B. McMurdo. "Abide with us" was beautifully rendered by Cecil Macrae and Miss Bessie Crocker. The audience with her rendering of "The King Shall Rejoice." The solo parts were sung by G. C. Henderson and L. B. McMurdo. "Abide with us" was beautifully rendered by Cecil Macrae and Miss Bessie Crocker.

ST. JAMES' CHURCH.

The singing in St. James' Church was up to the usual standard on Sunday evening. The choir sang the response of "Let us adore thee, Thy Burden on the Lord," by Bradberry. The voluntary "Evening Song" by Von Ikon, was well rendered. Rev. S. J. McArthur gave an excellent sermon on the text of which was, "Teach us the Number of our Days." That we may Apply our Hearts unto Wisdom." The service was brought to a close by the singing of the closing voluntary by Barnaby. Mrs. C. Sargeant presided at the organ.

ST. MARY'S CHURCH.

In St. Mary's Christmas Day at nine o'clock, the boys' choir sang "Adeste Fideles," and "Sleep, Holy Babe." At eleven o'clock mass, the choir sang "Mass Royala Gregorian" and at the offertory, "Laetentur Coeli." Vespers were sung at 7 p. m. Music and singing were of the usual high order.

Wedding Bells.

PARKER-OLIFF.

The church of the Ascension, Boston, Mass., was the scene of a pretty marriage on Dec. 26th. The contracting parties were, Lester P. Parker and S. Florence Ollif, both of Derby. The ceremony took place at 6:30 a. m. and was performed by the Rev. Wm. Clark.

The bride entered church with her cousin Alex. Allison, and was attended by her class friends, Miss Gertrude Parker and Miss Margaret MacDonald. After spending a few days in the city, Mr. and Mrs. Parker left for their home followed by the best wishes of their many friends.

KESWICK-INGRAM.

The residence of Mr. and Mrs. Thomas Ingram, Harcourt, was the scene of a very pretty wedding on the morning of the 24th ult. when their daughter, Miss Lela E., was married to Mr. Gilbert L. Keswick of Harcourt. The bride wore a handsome travelling suit of brown cloth with hat to match. The ceremony was performed by Rev. E. Haines Stavers. The bride was given away by her father and the wedding march was played by her sister, Miss Bessie Ingram.

The groom's gift to the bride was a handsome set of furniture. Mr. and Mrs. Keswick went to Nova Scotia on their wedding tour.

DOUGLASTOWN.

Mr. John Hurley of St. John, Harcourt, was married to Miss William Cassie, Andrew Cassie and Arthur McKeay, both of Harcourt.
