## V. W. SIMMS IS NEW TOWN TREASURER

Appointed at Regular Monthly Meeting of Hartland Town Council—  
New Tax Rate

The regular monthly meeting of Hartland Town Council was held on Monday evening in the Town Hall. Mayor Boyer in the chair and all the aldermen present. The minutes of the last regular meeting and special meeting were read and approved. Next followed the reports of the various town officials which were received and ordered placed on file.

W. B. Nixon as chairman of committee to call for tenders for the re-roofing of the town reservoir opened the tenders and read them for the benefit of the council. They are as follows:

L. E. McFarland ..... \$195  
Percy Brittain ..... \$215  
Frank Clark ..... \$205 if old shingles removed and \$198 if not removed.

George Moore, ..... \$185  
The last two tenders arrived a little too late but the Council decided to allow them to be placed on the table for consideration.

Moved by Alderman White that the acceptance of the tenders be deferred for an indefinite period. Carried. Alderman C. W. McQuarrie reported the purchase of a new patrol machine for street work at a cost of \$170 and said that the streets of the town had all been gone over and that this work together with several repairs that had been made cost \$25.

W. B. Nixon for the Fire and Water Committee reported that three houses had been connected to the town system during the past month.

Alderman White reported that the Assessment was in the hands of the clerk and that the rate should be General \$1.00; Fire and Water, 25c; Poll Tax, \$7.00.

Alderman H. H. Hatfield as chairman of the By-Law committee gave notice of introduction of a by-law to charge interest on overdue taxes at the rate of one-half of one per cent. this to be made next meeting.

The various departmental accounts were then read and ordered paid subject to the O. K. of the various chairmen.

The next item on the program was the appointment of the Town Treasurer for the ensuing year. Mr. E. W. Laskey was heard and said that he could not lower his tender and Mr. Ernest Plummer after a brief speech lowered his from \$300 to \$250. V. W. Simms was next heard and he was quite content to take the position he said for the amount of his tender. After considerable discussion, C. W. McQuarrie moved and W. B. Nixon seconded the motion that Mr. Plummer be retained as Town Treasurer for the year 1925-26. Those in favor of the motion: McQuarrie, Nixon, White, Agalnat, Hatfield, H. R. Nixon, A. Y. Dickinson. Mayor Boyer was called upon to decide the issue and in his preliminary remarks pointed out that he was anxious to have Mr. Plummer hold the job and would gladly cast the deciding vote in his favor if his tender was reduced to meet that of Mr. Simms. He was forced to cast the vote in favor of Mr. Simms for the reason that he thought that Mr. Simms was capable and that he (the Mayor) was pledged to keep down expenditure. Thus V. W. Simms was chosen as the new town treasurer for the year.

The question of an auditor next arose and Mr. Simms said that he would not call for a complete audit for he felt that he and Mr. Plummer could go over the books and make a decision as to their correctness. Mr. Plummer thought that in fairness to himself and Mr. Simms there should be an auditor appointed. The council decided to leave the matter to Mr. Simms and Mr. Plummer.

Mr. James Moore was heard in reference to sewerage connection. The permission to enter the sewer was granted to him but it was explained that he would have to dig his sewer down to meet the town sewer. This was not what he expected as he thought that the town would bring the sewer to meet him. Alderman White explained that the town had not embarked on a sewerage policy and that if they dug to meet Mr. Moore's sewer then they would be duty bound to extend the sewer all over town and they could not afford that at the present time.

A. R. Sippelle was then heard as  
(Continued on Last Page.)

## East Florenceville

EAST FLORENCEVILLE, N. B., May 3.—Following is the school report for the Easter term:  
Advanced Dept., H. T. Gilmore Prin.  
GRADE XI: Borden Hunter, 69.6; Arthur Chown, 66.  
GRADE X: Kenneth Banks, 42.6; George Hunter, 44.3.  
GRADE IX: Murray Vallis, 68; Kathleen Kearnel, 45.8.

Intermediate Dept.  
Miss N. Cunningham  
GRADE VII: Ruth Boyer, 90.8; Helen Hunter, 89.6; Beryl Carney, 86.9; Mabel Sample, 80.6; Irene Lovely, 70.8; Harold Taylor, 66.9.  
GRADE VI: Helen Brown, 89.4; Madeline Lloyd, 88.2; Dorothy Chown, 84.8; James Lovely, 75.9; Ross Burnham, 69.5.

GRADE V: Leola Tompkins, 89.5; Velma Foster, 84.9; Vera Foster, 73.7.  
Primary Dept. Miss O. Thompson  
GRADE IV: Beatrice E. Tompkins, 92.5; J. Gordon Blackie, 87.1; Alice Lloyd, 86; Donald McK. Hunter, 75.8; Beatrice L. Withers, 74.1; Dorothy M. Lovely, 72.3; Mary S. Melville, 67.8; Mary I. Tompkins, 66.

GRADE III: M. Jean Burnham, 89.3; Grace E. Vallis, 85; Myrtle C. Stone, 83.4; Frank L. McIsaac, 78.1; Kenneth I. Brown, 76.3; I. Donald McIsaac, 74.3; E. Irene Stone, 73.5; Leola M. Lovely, 69.1; Gladys C. Smith, 60.3.

GRADE II: Pauline E. Tompkins, 92.5; Mary B. Lloyd, 85.2; Eric M. Hartley, 77.5; C. Marie Smith, 75.7; Kathleen D. Foster, 73.2; Irma G. Billings, 66.

GRADE I: Gerald H. Stone, 86.7; Gerald R. Ebbett, 74; Eugene M. Hunter, 72.2.

The Parent-Teacher Association of this place plan an evening of social entertainment on May 14, to which all eligible for membership in the association and all who have aided in programmes, as well as the pupils of the two senior departments are invited. At the last meeting of this body held April 30, it was decided that this school enter the "Rural Schools Beautiful" competition just inaugurated through Canada.

Arbor Day was celebrated here by a general cleaning up of school property, the making of flower beds and the planting of trees. Mr. Riley Trafford of this place donated several trees and others have placed nursery stock at the disposal of the school.

The East Florenceville Comedy Co. produced a farce comedy in three acts entitled "A Poor Married Man" it was presented on April 23 to a full house. On May 1 it was taken to Glenville. The proceeds of this entertainment go to the funds of the Methodist Church. The comedy was well well attending and provided plenty of amusement.

The Athletic Association of this place plan on presenting a play "The Arrival of Kitty" on May 12. The funds realized in this manner are to be used to outfit the athletic society and prepare the baseball diamond for practice.

## HENS MUST BE LOCKED UP

Town Marshall Murdoch has informed The Observer that the fens within the town limits are supposed to be kept locked up after the first of May. This is a town by-law and must be adhered to. The fact that hens run loose on our streets causes considerable discomfort to people who have gardens and it is hoped that those people who have fowl will abide by the laws of the town and keep them locked up.

Tid-bits on the Tip of Everybodys Tongue

VOL. III, NO. VI, Hartland, N. B., May 6, 1925, Free

???

The censor won't permit us to mention the name of a new product being made by Moirs. The reason is that it has met with such hygienic success, such widespread success, that production has been swamped. It is impossible to come anywhere

near keeping up with orders.

But just as soon as the factory begins to catch up, we'll let you in the secret.

Taiyang Emperor of China, sent ambassadors to India in 627 A.D. to bring brown sugar made.

## REPORT ON POTATO PROBE NEXT MONTH

The investigation into Alleged Combination of New Brunswick Potato Shippers Completed.

OTTAWA, April 30.—The report into the alleged combine among potato shippers in the Province of New Brunswick will probably be available about the middle of next month, it was stated at the Department of Labor this morning.

H. C. Herford, Registrar under the Combines Act, who has been conducting the investigation is expected to return to Ottawa from New Brunswick within the next two or three days to complete his report.

## MEETING EXECUTIVE COUNCIL CORLETON COUNTY RELIGIOUS EDUCATION COUNCIL

The executive met in the United Baptist Church, Woodstock April 28, at 2.30 p. m.

There was a good representation of the Sunday School workers of the County present, including the president, C. E. Ridout; Secy, C. A. McBride, Mrs. S. J. Barker, Miss Idella McIsaac, B. F. Smith, Revs. E. B. McLatchey, P. J. Quirk, J. T. Cavers, C. A. Bellar, W. Swan, G. F. Bolster and K. M. Vallis. It was decided to have a County Convention this year and the date suggested was between the 1st and 15th of July, according to the time we can secure an outside speaker. Place of holding convention to be decided later. A program committee was appointed, consisting of the Pres., vice-Pres., Secy and Mrs. S. S. Miller and Rev. G. F. Bolster. It was voted that the executive ask the M. E. C. to send a worker either in Sept. or Oct. to attend the annual district conventions. This was one of the best, most helpful and interesting executive meetings held in recent years.

CLARK A. McBRIDE,  
County Secretary.

## PLAY AT LAKEVILLE

The Lakeville Amateurs produced the comedy "Polly Wants a Cracker" on Tuesday evening, April 28, and delighted the very large audience which attended. Many people were not able to gain admittance to the hall, which was packed to overflowing. Everyone reported an excellent entertainment each player doing his or her part well. Popular specialties were given between the acts, and the artists and players were heartily congratulated at the close of the evening.

The following is the cast of the play:  
Jeffrey Wayne, a nervous wreck, H. I. Wilson.  
Marie Pratt-Wayne, a widow, Evelyn R. Wright.

Thomas Livingstone Pratt, Marie's son, Arthur L. Carvell.  
Nora, The Irish housekeeper, Hilda K. Wilson.  
Lucern Neville, An actress, Margaret Palmer.

Inspector Doran, Police officer, J. Ripley Smith.

## GEORGE W. CLARKE

The death of George W. Clarke occurred at Houlton, Maine April 16th, after an illness of about three weeks. He was in his 81st year. He is survived by two daughters, Mrs. Robert L. Wasson in North Dakota and Mrs. Charlie Brown, Waterville, Conn., and four sons, Charle of Houlton, Me., with whom he resided, Frank of North Lake, York Co., Douglass of Mt. Pleasant and George of Easton, Me. The funeral took place at Gordonsville. The service was conducted by Rev. Mr. Vallis, Interment at Gordonsville Cemetery.

Brown. Also White Dressing  
(cake) and White Cleaner (liquid).

### CARLETON CO. CIRCUIT COURT

The April sittings of the Circuit Court opened on Tuesday with Mr. Justice Byrne presiding. G. P. Leonard of St. John is the reporter in attendance.

After court opened, J. C. Hartley K. C., on behalf of the bar of the County extended congratulations to His Honor on his recent appointment to which he replied gracefully. The grand jury, through its foreman, John F. Williams of Lakeville, also took occasion to felicitate His Honor.

There was only one case on the criminal docket, The King vs. John Perkins, Wilmer Skultz and Adelaide Bouchard, charged with breaking and entering the dwelling house of Mrs. Frances Cook at Coldstream and for plaintiff and Messrs. Jones and A true bill was found.

Owing to the illness of Skultz, one of the prisoners, who was unable to attend the court, the other two prisoners were arraigned and tried. Mr. W. J. West was assigned by the Court to defend the accused and Mr. C. J. Jones represented the Crown. The jury by Col. W. W. Melville, foreman, found the prisoners guilty with a recommendation of mercy for John Perkins.

The following is the civil docket:

**Jury Case**  
Thomas Stickney, vs. Hatfield-Kyle Ltd., Messrs. J. C. and R. P. Hartley for plaintiff and Messrs. Jones and Jones for defendant.

Wm. D. Steeves and Isabel Steeves his wife vs. Ella B. Jones, Messrs. Jones & Jones for plaintiff and J. C. and R. P. Hartley for defendant.

**Non-Jury Case**

Frank R. Camp vs. Harry T. Rogers, W. J. West for plaintiff and Jones and Jones for defendant.

Hatfield & Co. vs. Ernest Rideout, Jones & Jones for plaintiff and Hanson and Dougherty for defendant.

On the application of C. J. Jones for the defendant the case of Stickney vs. Hatfield-Kyle Ltd. was postponed until next court.

In the case of Steeves vs. Jones, damages of \$500 to the plaintiff were awarded. The case arose out of a collision of automobiles and has been before the Circuit Court in session here throughout the week. The collision occurred last summer and Mr. Steeves brought suit for \$1,500 damages against Mrs. L. B. Jones, because of the damage to his car. Judge Byrne presided.

## We Are Ready for the Spring's Business

We have a good assortment of house finish in stock and can make any order up to suit the purchaser.

Plenty of well-dried hardwood flooring anytime after April 30th. Made on one of the best machines in New Brunswick.

All latest modern improvements. Come and examine its work. It's the only proof that's needed.

I have some grist mill machinery that I will sell cheap: 1 buck-wheat cleanser in perfect condition. 1 set stones, both for \$95.00.

Hartland, N. B., May 6, 1925.

## LUXURIES AND NECESSITIES T. W. CALDWELL FOR SENATOR

His Lordship Bishop Richardson, in his annual charge to the Synod, the Telegraph-Journal Wednesday referred to a matter of general interest in discussing how far unnecessary expenditure on the part of the people of today accounts for the general complaint about hard times and business depression. He recognizes that depression does exist, instancing our own agriculture and our own lumber industry. Avoiding alike pessimism on the one hand and undue optimism on the other, he asked the people of New Brunswick in what measure they themselves are responsible for existing conditions. He said that he was wondering whether "instead of talking so much about the high cost of living and blaming that for all our troubles, we ought not to be thinking instead about the cost of high living—an altogether different thing, and one that concerns us all very closely." "The fact is," he said, "that we have acquired ideas of living and standards of expenditure that are altogether beyond our means. These ideas and standards were adopted half unconsciously in the mirage of fictitious prosperity that was one of the aftermaths of the war, and they have hardened into fixed habits. Privileges and possessions that were once regarded as the luxuries of the rich are now looked upon as the necessities of the comparatively poor, and an almost reckless extravagance has become the common rule of things. It is the curse of governments and people alike."

His Lordship, in justification of these remarks, presented as one illustration, and only as one, the expenditure of the people of New Brunswick on automobiles. For three years, 1922 to 1924 inclusive, a period during which the outery over hard times was loudest, the number of cars increased by sixty-seven per cent. He estimated that last year alone the people spent \$6,452,000 on maintenance and registration fees for motor vehicles, that New Brunswick's present investment in motor cars is \$20,000,000 and that 3,000 new cars were bought last year and that the upkeep and operating expenses in connection with them represented an outlay of \$9,500,000 "for something that is after all, to a very considerable extent a luxury."

His Lordship suggested that if the general standard of living today—not the cost of living—remember, but the standard of living—were reduced to what it was before the war, comparatively little would be heard about hard times. He believed it could not be disputed that the people of Canada are to no small extent directly responsible for the business depression, and he said that a commanding need of the day is an honest effort to reduce the general level of expenditure and thus stimulate ordinary trade.

(The following letter appeared in last week and many readers will realize the truth and fairness of the appeal of the writer.)

Editor Telegraph-Journal:

Sir:—There is a deep feeling in Carleton County that one of the existing vacant senatorships in New Brunswick should go to a resident of Carleton County. We have been under Federal Government for more than 50 years and during that time not one senator has been appointed from the County of Carleton. Why is it?

New Brunswick is entitled to ten members. The present senators are as follows: T. J. Bourque, Kent Co.; J. W. Daniel, Saint John Co.; G. G. King, Queens Co.; J. A. MacDonald, Westmorland Co.; P. Poirier, Westmorland Co.; C. W. Robinson, Westmorland Co.; I. R. Todd, Charlottetown Co.; O. Turgeon, Gloucester Co. It can be readily seen that the whole northwest of the Province from Queens Co. to the north is unrepresented in the senate. This should not be under a representative government; and the feeling is strong that the new senators, or one at least should come from this section; and as Carleton Co. has never had a senator, her claim is strongest.

And as Carleton Co. is predominantly agricultural, a farmer by profession should be chosen. In Thos. W. Caldwell we have a man of ability and of honest courage, who has proved himself a good legislator and a man who attends to the calls of his constituents no matter what their politics. Here is a man trusted by all parties and a man who would add worth to the Senate and prove the most popular choice that could be made for all concerned in our county. Why not get some recognition as a county and as a people? And the feeling is strong it is due Carleton County and we have the man. Let justice be done and the Senate be filled.

A VOTER OF CARLETON CO.

## EARLY RHUBARB

Mrs. H. H. Hatfield reported to The Observer that she has been using rhubarb from her garden since the 29th of April. This is indeed early and is a certain indication that we have a very early spring on our hands.

business depression, and he said that a commanding need of the day is an honest effort to reduce the general level of expenditure and thus stimulate ordinary trade.

## ANDOVER

ANDOVER, N. B., May 4—Mrs. N. A. Harrison has purchased a fine new Essex sedan.

Humphrey Flemington of Caribou was the guest of Mr. and Mrs. Benjamin Beveridge over the week-end.

The Women's Institute was entertained on Tuesday afternoon of last week by Mrs. E. S. Rogers.

Mrs. James Wright of Presque Isle is the guest of Mr. and Mrs. George Wright.

The Presbyterian Sewing Circle met at the home of Mrs. Barry Anderson Tuesday evening.

Mr. and Mrs. Guy G. Porter left last week for a short trip to New York.

Mr. Frame returned on Friday last after spending a few weeks at his home in Westville, N. S.

Edward Waugh has purchased a new Dodge sedan.

On Friday evening quite a large number of the friends of Mr. and Mrs. Percy Bull met at the home of Dr. and Mrs. J. W. P. Dickinson. An evening of old-fashioned games was enjoyed followed by refreshments, after which in a few well-chosen words Rev. E. E. Fytche expressed on behalf of the friends, their regret at the leaving for Wash., U. S. A., of Mr. and Mrs. Bull on the following day.

## OBITUARY

David Melbourne MacKenzie

After a brief illness, David Melbourne MacKenzie passed away at his home in Windsor on April 30 at 9 p. m. He was born at New Jerusalem, Queens Co., N. B., his father being Rev. J. G. MacKenzie, a pioneer minister of New Brunswick, who was a charter member of the Free Baptist denomination. He is survived by his widow and one daughter, Mrs. Lee J. Smith of Burlington, Ont., by a former marriage to Bertha B. Britton, who pre-deceased him in October, 1905, in Brandon, Man. He also leaves three sisters, Mrs. John Flewelling of Nashua, N. H.; Mrs. Hart of Hartland, and Mrs. W. J. Parson in Manitoba; and two brothers, Wilfred of St. John and John on the old homestead at New Jerusalem.

Rev. K. M. Vallis, East Florenceville, who was born in the same place as the deceased and knew the family well, officiated at the funeral which was held on Saturday at 2 p. m. and which was largely attended by relatives and friends. A private service well, officiated at the funeral which service at the Windsor Baptist church with interment in the Windsor cemetery. His daughter who arrived from Ontario too late to see her father alive, was present at the funeral.

## GRAND FALLS

GRAND FALLS, N. B., May 4—Rev. R. J. Miller and Mrs. Miller went to Debec for a week. Master Robert Miller is staying at G. M. Taylor's until Mr. Miller returns.

Mr. J. J. Evans was called to South Devon Monday by the death of his sister, Mrs. Reuben Flowers.

Mrs. J. E. Andrews went to Devon Monday called there by the death of her aunt, Mrs. Flowers.

Miss Margaret Hennigar is visiting her sister, Mrs. Harold Pirie in Perth this week.

The Misses Kathleen, Zita and Mary McCluskey were in Van Buren Saturday to attend the funeral of their cousin, Mrs. Stewart.

Mrs. C. J. McCluskey, Mr. M. McCluskey and Miss Winnifred Mulher in were in Van Buren last week to attend the funeral of Mrs. Stewart.

Mr. and Mrs. Mosely have moved into the Dixon house on Chapel st.

Mrs. A. A. Dixon who has been in Houlton and Andover most of the winter, is visiting Mrs. F. L. Dixon this week.

Mrs. M. G. O'Regan was in Van Buren Friday to attend the funeral of her friend Mrs. Stewart. She returned home Saturday.

Mrs. R. Clark is visiting relatives in Port Fairfield this week.

Allen Merritt of New York was called home by the serious illness of his father, C. S. Merritt.

Ray Merritt of Millinocket and Miss Vella Merritt of Caribou were called home on account of the very serious illness of their father, Mr. Scott S. Merritt.

Reginald Carruthers returned from St. Stephen Saturday.

Ross Glenn spent Sunday at his home here.

## MOTHERS' DAY IN HARTLAND UNITED BAPTIST CHURCH

With other Christian congregations throughout the land, the Hartland Baptist Church will unite on Sunday in doing honor to "our mothers" in the observance of "mother's day." A section of the main church will be reserved for one hundred mothers who are cordially invited to share with us in this service. The pastor will preach a special Mother's Day sermon on "A Mother's Request for her Boys," and the choir will render appropriate music.

At 2.30 p. m. the entire Sunday School will meet in the auditorium where brief Mothers' Day exercises will be held, after which the lessons for the day will be studied.

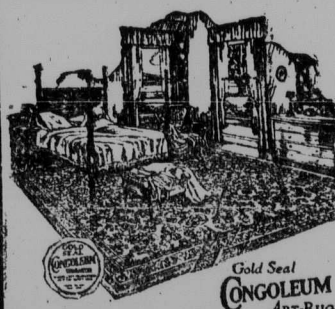

In the evening the pastor will preach on the subject, "A Father's Gift to His Son." There will be a reception of members in connection with this service and at its close the ordinance of baptism will be administered.

The special revival meetings are being held throughout this week. On Thursday night Rev. P. J. Quigg is expected to be present to give the address. A fine spirit has prevailed at all these meetings and many are seeking Christ.

## LOCAL TRAIN CHANGES

The summer schedule of the C. P. R. went into effect Sunday. The only changes in the time table that effect this district are as follows: Morning train No. 156 arrives at 2.50; Express No. 151 arrives at 1.18 town time.

D. Stokoe of Bloomfield was a Sunday visitor at the home of Mr. and Mrs. E. A. Plummer.

Hon. J. K. Flemming and family, who spent the winter in Fredricton, have returned to their home in Juniper.

George Taylor, who has been spending a vacation of three weeks here and at Grand Falls, his former home, left on Monday to return to North Sydney, C. B.

Mrs. Whitman and her daughter, Mrs. R. D. Stewart of Sydney, C. B., arrived in Hartland on Monday to visit at the home of Mrs. G. W. Birmingham, who is also a daughter of Mrs. Whitman's.

Wear a flower on Sunday in honor of your mother—your best friend. Fortunate you are if she be living, then wear a colored flower. If she is no more wear a white flower in her memory.

The East Florenceville Athletic Association will present "The Arrival of Kitty," in Smith's Hall, East Florenceville, Tuesday, May 12th. Admission, 50c, 35c., and 25c. Doors open, 7.30; curtain, 8.15. Specialties between the acts.

For sale by F. J. Boyer, Victoria, N. B., 1½ horse power Fairbanks-Morse gas engine, and one air compressor with tight and loose pulley. These are in the best of condition, having been used only under cover. Will sell at one-half new price. 47-1

The Carleton County L. P. Fisher Memorial Hospital will be open for visitors from 3 to 5 p. m. on Tuesday, May 13, and an invitation is extended to all the members of the Red Cross and hospital aid of Hartland and any others who can, to be present on that occasion.

Mrs. James McDougall of Kintore, died on the 15th day of April, 1925, and was buried on the 19th at Upper Kent. Interment in the Old Wharton burying ground. Service conducted by Rev. G. A. Giberson. Deceased left two sons and two daughters to mourn her loss.

The regular meeting of the W. C. T. U. will be held in the town hall on Wednesday afternoon, May 13. All members are requested to be present as there is to be a quilting. Please bring extra pieces for patch work.

There will be a Sunday School rally at Windsor, Thursday evening, May 14, at 7.30. All schools are requested to send delegates. Special addresses and appropriate music will be features of the gathering. All are cordially invited to attend.

Onion seeds and other seeds now in stock at Carr's.

Do not experiment with other brands of Dairy Salt, ask for the Windsor, Yerxa-Malone.

Rev. E. W. Lester assisted by Frank A. Watson of Woodstock will commence special services on Sunday May 10 at Lower Brighton. There will be three services on Sunday and each night during the following week and indefinitely.

Sunday is Mother's Day, when everyone is supposed to wear a flower in her honor. The carnation is officially chosen as the honored flower—a colored one if the mother be living, a white one if she has passed away.

Rev. Ida M. Kierstead returned missionary from South Africa will speak in the Reformed Baptist Church tonight, Wednesday, May 6, at 7.30 o'clock and on May 7 at 7.30 p. m. at Victoria and at Lower Brighton at the same hour on May 8th. All are welcome.

Mothers' Day will be observed in the Methodist Church on Sunday by appropriate exercises in the Sunday School and the sermon in the evening will have this subject for its theme. There will be music suitable for the day. A cordial invitation extended to all.

Lakeville Amateur Dramatic players will present "Polly Wants a Cracker" in the Neighborhood Theatre Tuesday, May 12th. This play was well-attended at Lakeville and proved a great success. The play is being put on under the auspices of the Eastern Star. Admission 35c and 25c.

Miss Lela Cummings, nurse-in-training at the St. John Public Hospital, arrived in the village Wednesday to spend a few hours with her sisters, Misses Mildred and Margaret Cummings, leaving on the evening train for Montreal where she will take a three months' course in the Montreal General Hospital—Canterbury corr, Sentinel.

The following are the incorporators of the Kedgewick Fishing Club, incorporated with an authorized capital stock of \$20,000: J. Leigh White, Grand Falls; Arthur R. Gould, Presque Isle, Me.; Harry W. Woods, Fredericton; Frederick Daddlett, New York; Edgar R. Teed, Woodstock, and Fred A. Gilbert, Bangor, Me. The head office of the club is at Woodstock.

Mr. J. E. Waugh of Andover was in town on Saturday with a new Dodge coach that he recently purchased. Mr. Waugh is a large lumber operator and cut some 15 million feet this winter for the Fraser Co. at Plaster Rock. He also sawed 2½ million feet for the Stetson-Cutler interests at Five Fingers. He shipped 500 tons of birch lumber for the European trade.

Arbor Day was observed in the school here by a general cleaning up of the playground and planting some shrubs. The inside of the building also received, at the hands of the pupils, an extra shining up, the desks, chairs, etc., being gone over with oil and polished. The boys of the model class which is in charge of Mr. Kilburn Smith made several nice window boxes and adjusted them, in which flowers will be grown, which will add much to the appearance of the school.

At the regular meeting of the Methodist Missionary Society held last evening in the school room of the church election of officers took place. Mrs. J. T. G. Carr, who for many years had been president until two or three years ago, was again elected, filling the office vacated by Mrs. C. H. Taylor. All the other officers were re-elected except the corresponding secretary. Mrs. F. F. Plummer resigning. Mrs. A. Plummer was elected to that office. Mrs. F. F. Plummer was elected as delegate to the Branch with Mrs. C. E. Allen as alternative. Branch meets in Fredericton on June 3, 4, 5.

### KILBURN

KILBURN, N. B., May 4—Mr. and Mrs. Roy Baird spent the week-end in Easton, the guests of Mrs. Frank Dinsmore.

Mrs. Amanda MacDonald who was operated upon for appendicitis at the Community Hospital, Fort Fairfield, is gaining nicely.

The U. Baptist Sabbath School which was lately re-organized is progressing and the attendance increasing each Sunday.

Mrs. C. B. Inman went to Florenceville on Wednesday to attend the marriage of her niece, Miss Doris Peters.

Leigh Grant who had the misfortune to break his leg recently, is doing as well as can be expected. Dr. Cummins of Bath is in attendance.

The Misses Freda McDonald and Zeta Grant with Kenneth MacDonald spent one day last week in Fort Fairfield.

### FACTS ABOUT TEA SERIES—No. 6

## Appearance of Tea No Guide

The only way to test tea is to taste it. Many people have the idea that a finely rolled and tippy tea is superior in flavour to a large rough leaf. In reality this is not of necessity the case. The altitude at which the tea plant grows determines the amount of essential oil and alkaloid theine in the leaf. The essential oil gives tea its flavour; the theine contributes the stimulating value. The only way to insure always receiving a uniform quality is to insist upon a skilfully blended and scientifically sealed tea like "SALADA" whose reliability, goodness and delicious flavour have become a household word.

# "SALADA"

On and After May 1st, 1925

## Forest Travel Certificates

Will be required by all persons and parties entering upon forest land of New Brunswick, except licensees, or owners of the lands entered upon, their employees, fire wardens, fire fighters, land surveyors, holders of hunting, fishing guides or mining licenses, or persons accompanied by registered guides, clergymen, teachers, pupils accompanied by teachers, scout masters and scouts.

### HELP SAVE THE FORESTS

Certificates may be secured from local fire wardens, county councillors, game license vendors, or other persons authorized. The same persons are authorized to issue certificates as in 1924. Name, route, destination, purpose and duration of trip, together with dates, will be required for registration purposes before certificates can be issued to applicants. Person should register with the fire warden nearest the woods in which he desires to travel.

Penalties for non-compliance, not less than \$10 and not more than \$100.

## STICKNEY

STICKNEY, N. B., May 1—The people of this place are all cleaning their dooryards and premises and planting their flowers which is a sure reminder that spring is here.

A. J. Curtis, general merchant, has his store fully equipped with groceries and spring merchandise and is prepared to render his customers every possible service.

Among the guests at a recent party held at John Campbell's at Peel were the Misses Eva Drake, Leotia Montgomery and Mary Campbell and Lorne Campbell and Sam Bell.

The Club House is being renovated this spring. It is under the competent management of Mr. Quick assisted by Arthur Ford. The people of this place are realizing many refining influences due to the club house. The children especially enjoy the story-telling hour each week.

Mr. and Mrs. Geo. Hunter have returned to their home here after spending the winter at Juniper.

Mr. McDougall of Bath has opened up a blacksmith shop in the building formerly occupied by Arthur Parlee. Mr. McDougall is an expert at shoeing horses and we hope he gets a good amount of business.

Ruby Campbell, graduate nurse, has been spending a few weeks with her friends in Woodstock and vicinity. The Stickney ferry-boat is now in operation.

Mr. and Mrs. John Garriety returned from Boston last Wednesday.

Mr. and Mrs. David Underhill of Hartland are spending a few days here.

Mrs. George Quick has been spending a few days with friends here.

Mr. Clayton Schriver is painting the church here.

Mary Campbell is teaching school at Oakland and residing at her home here.

Mrs. Vernon Rideout accompanied by her mother, Mrs. Howard Robinson of Wapske was calling on friends here Wednesday.

Mr. Rube Rideout of Peel made a business trip to Stickney Thursday.

The Messrs. Frank Tompkins, Arthur Ford and Lorne Campbell motored to Perth on Monday.

Sam Bell is busy sawing shingles at his mill while he is waiting to get his lumber down from up river.

Dorothy Tompkins spent last week at her home in Florenceville.

## DISAPPOINTED TO FIND HE WAS EX-PREMIER

Sir Robert Borden as Sadly Disillusioned in His Own Home Riding of Halifax.

Having represented the city of Halifax in the Commons for many years, Sir Robert Borden for a time believed he was no stranger to the good people of the eastern gateway to the Dominion. He was sadly deceived however, shortly after he laid down the onerous duties of premier, according to the Toronto Star Weekly.

Included among the large number who pressed forward to meet him at an informal reception in Halifax was a middle-aged lady well known for her interest in child welfare.

After the manner of so many other one-idea enthusiasts, this lady imagined everybody else must necessarily be particularly interested in her particular field, and when she got the chance to talk to the guest of honor, launched forth into her favorite topic.

Sir Robert was bored, but did his best to simulate a polite interest, though listening with only half an ear.

Suddenly he became all attention when he realized the lady was thanking him profusely for what he had done to make the lives of little babes healthier and happier. He was particularly puzzled when he heard himself referred to as 'the greatest benefactor of future generations this country has ever known.'

Sir Wilfrid Laurier would have carried off such a situation with graceful ease. Hon. Arthur Meighen would have looked wise and said nothing. Premier Mackenzie King would have tactfully changed the conversation.

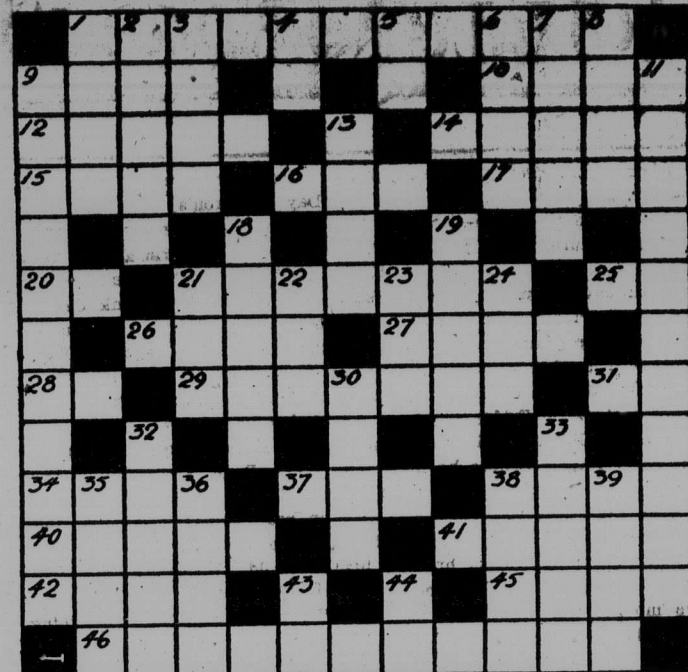

Try as he would, the ex-premier could not recall any child legislation of his that deserved such extravagant praise, and said something to this effect to his fulsome admirer.

"Legislation? Legislation," said the lady with a look of extreme surprise. "What has legislation to do with your business?"

"As member of parliament and former premier, I am naturally supposed to have something to do with legislation," explained Sir Robert, his brows compressed in perplexity.

The lady gasped with dismay, then said: "Oh, are you a member of parliament? I am so disappointed! I thought you were the man who condenses milk for babies!"

### "Exhausted Nerves and Palpitating Heart"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I tried several doctors, but it seemed nothing they gave me helped. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I tried it, and can say it certainly has done wonders for me. I did not stop until I had taken twenty-five boxes."

# More Warehouses Needed at St. John, Declares Mr. Tracey

**Carleton County M. L. A. Contributes Brilliant Speech in the House—Says N. B. Potato Shippers Discriminated Against in Favor of Wheat Exporters—Favors Grand Falls Hydro and Praises Vocational Education Work in N. B.**

Following is a verbatim report of the speech delivered in the House of Assembly while the House was in Committee of Supply, by Mr. R. K. Tracey, M. L. A. for Carleton County:

Mr. Chairman: In rising to take advantage of the opportunity given to those who did not speak on the debate on the budget, I wish to say that I will not take up very much of the valuable time of the House but will be as brief as possible, and if I should in my remarks wander from the question now before the House I know that you will bear with me for a short time at least. Before proceeding with my remarks however I wish if not too late to occur in all that has been said in the way of regrets and congratulations by the other members who have spoken.

The public affairs of this Province have been discussed by both sides of the House and from every angle, and there does not seem to be very much more to be said that would be of any interest. We are told by the Government that the net debt of the Province is only twenty-nine million dollars and the Opposition tell us that he debt is thirty-six million dollars, and perhaps both are right from their particular point of view, but I cannot see how the people are going to draw their conclusions under so many different statements. However I am not going to take up and discuss the financial affairs of the Province as they have been gone into quite thoroughly.

We find as we have always found that our roads and bridges are the most expensive of our public services and is one of the greatest problems that we have to solve. We hear many opinions as to whether our trunk roads or our by-roads should be built first. Strong arguments have been used both ways. My own opinion is that the trunk roads should be built first and as soon as these are linked up, the secondary and by-roads to follow as quickly as possible and I would suggest to the Government that as the trunk roads are linked up that all available monies except what is used for patrol purposes should be put on the by-roads for at least one year in order that they may be put in a reasonably good condition as quickly as possible.

We are hearing much these days about Prohibition and the difficulties of enforcing the act. I think we all agree that it is hard to enforce the Act as it should be, yet it is a law on the statute books and while there should be enforced at any cost. My position is the same as it always has been strong for prohibition as far as possible or until the people are convinced after a rigid enforcement of the Act that they want something different. At the present time a change would be a step in the wrong direction and one which we would regret.

I am glad to know that the Hon. Premier has announced that it is his intention to put the gasoline tax in force as soon as possible.

This Mr. Chairman, I believe to be a step in the right direction and one that I am strongly in favor of for the patrolling of our roads and one which I advocated last year. We are spending large sums of money to build good roads for the benefit of our people and at the same time we are catering to the tourist traffic and our roads are used and worn out to a great extent by the tourist and pleasure seeker, and while our auto tax

goes to provide a fund to build our roads, the people who use them most should pay for keeping them up, and the man who drives his car ten thousand miles should pay more than the man who only drives his car one thousand miles.

We are hearing much these days about hard times in the Province in the present time, but I think, Mr. Chairman that we will find that every Province in the Dominion have their hard times and their problems to solve. Much as we would like to be optimistic and while we believe there are great possibilities in the future for New Brunswick, we must acknowledge that all is not right and that we should make a united effort to better the conditions.

In order to do this we must look around to see where the trouble is. In the first place we have lost many of our industries throughout the Province. I am not the oldest member of the House by any means and I do not have to tax my memory very hard to remember when in Carleton County for instance nearly all the farm machinery was manufactured in Woodstock. Thrashers, wagons of all kinds, sleighs, ploughs, harrows, cultivators, pulpers, grain separators, stoves and furnaces, mill machinery and supplies of all kinds, beside woolen mills and several other factories but none of these are in operation at the present time.

Now, Mr. Chairman, what has been the result. Our small manufacturer has been swallowed by the large manufacturer who by the advantages he was able to take in obtaining raw material from foreign countries and with cheap power. This meant that all our surplus money from the agricultural districts went to Quebec and Ontario for farm machinery along with too much money going to the United States for ready-mixed fertilizer, added to this the money that has gone out of the Province for automobiles, I think it is easy to see one reason as to why money is scarce in New Brunswick.

Now Mr. Chairman, we must admit that too many of our good people are leaving the Province especially from the agricultural districts. We even find that my Hon. friend from Kings complains that too many are leaving that prosperous county, which is second to none in the province as an agricultural county with the exception of Carleton County. Now Mr. Speaker, is it not the duty not so much perhaps as a Government but as a people to try and improve our conditions and bring back to our people the prosperity which they enjoyed a few years ago.

To my mind some of the things we need most are better co-operation between our cities and towns and our rural districts. No city or town or rural district can live and prosper within themselves.

Better co-operation between our growers of farm produce and our shippers, our manufacturers, our railways and our governments.

Less opposition and more assistance to worthy undertakings. Less opposition for selfish reasons or for advantages in party politics rather than for the good of the general public. Next we must encourage home industry and spend more of our money at home, and put an embargo as it were on our money going out of the Province. The old saying is charity begins at home, let us change it and say begin buying at home. I believe in buying we should patronize our own town first, next the Province of New Brunswick, and then the Maritime Provinces, all things being equal and this Mr. Speaker is what will make them equal.

In order to encourage home industry we must have cheap power and this we hope to have in the development of Grand Falls, a water power that surely must be a great asset to the Province and should not be lying idle. This power linked up with Musquash and some other smaller powers would give New Brunswick power that would encourage not only large industries such as pulp and

paper mills but many smaller ones in the towns and villages in the different parts of the Province, all of which would give employment to our own people and keep them as well as a great deal of money within our own Province.

It will also go a long way toward making farm life more attractive and will do away with a lot of the drudgery of the farm. It will give many of the privileges of the city to the farmer and his family and help to make a happy and contented people.

Just here, Mr. Chairman, I would like to state my position on the Grand Falls development. I think the people of this Province are convinced that the Grand Falls will never be developed under private ownership and already too much time has been given to that class of development and we are still without services that might have made things much different in New Brunswick today had those services been available.

The only alternative is development by the Government for the people of the Province. If after the best engineers obtainable have made a thorough survey and report that it is a feasible undertaking and that it was sound as a business proposition, and that it should take care of itself and not be a burden on the Province, and with the assurance that it would be under the supervision of a Commission of at least five members who must be representative of the whole people and to give as far as possible service to the agricultural districts of the Province. If this were done, Mr. Chairman, I am prepared to support this or any other Government insofar as the Grand Falls development is concerned.

Unless we have cheap power of this kind I cannot see where we can ever expect to get back our industries. We have wonderful natural resources that we must take advantage of. We have a great wealth in our hardwood forests which should be protected and manufactured as far as possible in our own Province. At the present time we see large quantities going through West Saint John in the round log and it seems too bad to have so much of our lumber leaving the Province and nobody making any money on it.

Reference has been made, I think, by the Hon. Dr. Foster as to the placing of restrictions upon the export of pulpwood. I think the Government should go farther in their export embargo and have their lease to cover raw pulp. I believe that Ontario and Quebec Governments both stipulate in their leases to American corporations that the pulp should be made into paper within the Province in which it was cut. If this had been done in New Brunswick, perhaps the paper mill that is being built just across the river from Edmundston would have been built on the Canadian side of the river which would have meant much to the Province and especially to the County of Madawaska, as beside the two and one half millions that will be spent in the erection of the mill, two hundred and fifty thousand dollars will be spent in building houses and so send our people into Maine to pay taxes.

Some seem to think that the United States would retaliate in some way if we did not allow our pulp to go over in a raw state but I have come to the conclusion that they have retaliated in about every way possible now as far as New Brunswick is concerned. They have placed a prohibitive tariff against our potatoes going into the United States and were responsible for the placing of the embargo on our potatoes going to the Motherland and Cuba. Just here I would like to say a word in regard to Maritime Rights, and in one way that New Brunswick is being discriminated against by the Western Provinces.

Now, Mr. Chairman, I do not wish to take up too much time of the House but I would like to talk for a few minutes about something that a great many people do not think is worth talking about and I must agree that at the present time they are not worth much and that is potatoes.

I am speaking now on behalf of the potato growers of the Province, the shipper, and the working men of the city of St. John, and I know the Hon. members for the City of St. John will pardon me for doing this.

I want to try and point out to the City of St. John that in their drive to boost the winter port, that they have never mentioned, neither have they made any attempt to provide facilities for an export trade that perhaps brings more money to the

## DOCTOR ADVISED AN OPERATION

**Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound**

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Rose, 580 Notre Dame St., Lachine, Quebec.

**Pains in Left Side**  
Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Rose, 580 Notre Dame St., Lachine, Quebec.

as you no doubt are all aware there is a duty on Canadian potatoes going into the United States of fifty cents per hundred pounds, and on American potatoes coming into Canada only thirty-three cents per 100 lbs. which makes a difference of 25c per bbl.

Already this season there has been upwards of six hundred cars brought into Canada which has deprived the Maritime Provinces of a market to this extent. If the farmers of New Brunswick had this twenty-five cents per bbl. on six hundred cars it would mean thirty-seven thousand, five hundred dollars to them. Now why should the Western Provinces have the advantage of this duty to the disadvantage of the farmers of New Brunswick. Now, Mr. Chairman, I believe that if we get our rights we will have to work for them ourselves and not trust to the generosity of the Western Provinces as they have their own problems to solve and naturally are looking out for themselves.

I was somewhat surprised to hear the Hon. Dr. Roberts raise objections to the building of the Kingsclear branch of railway. I always thought that the Hon. member for the city of St. John could take a broader view of matters pertaining to the welfare of the Province. His main objection was that it would hurt the City of St. John. Now Mr. Chairman, I fail to see how the routing of freight destined for the United States could effect the port St. John, unless it be the Canadian Pacific Railway Co. and I am sure that any slight effect that it might have on the City of St. John would be more than offset by the boom it would give the City of Fredericton.

The Hon. Minister thought that if the Federal Government wanted to do something for us, that they could do better than to take over the Valley Railway. I think Mr. Chairman, that if this branch were built it would go a long way toward inducing the Federal Government to take over the Valley Road. In fact I believe if this branch line were built and the Valley Road continued as intended from Centreville to Grand Falls the Government would be anxious to take the road over and thus rid the Province of the burden that it is now under the present conditions. The Hon. Minister suggested to the member for Kings that he had better be careful as to how he advocated the building of this road as his constituents might not like it. I might say, Mr. Chairman, that I am glad to know that the member for Kings is not so selfish as to allow a small matter like this to stand in the way of something he considered to be in the best interests of the Province.

Now, Mr. Chairman, I do not wish to take up too much time of the House but I would like to talk for a few minutes about something that a great many people do not think is worth talking about and I must agree that at the present time they are not worth much and that is potatoes.

I am speaking now on behalf of the potato growers of the Province, the shipper, and the working men of the city of St. John, and I know the Hon. members for the City of St. John will pardon me for doing this.

working men than any other commodity going through the port.

Now as you all know large quantities of potatoes are being shipped through West St. John and of course you know that the Federal Government have a frost-proof warehouse through which these potatoes are shipped. Now I would like to show that this shed is altogether too small to handle the large volume of trade.

To ship potatoes with any degree of safety we should have our cargo in the shed and under heat in cold weather for at least forty-eight hours in order that any frost may develop so that we may recondition the stock and in this way avoid large claims from Havana. But we cannot do this and have to hold part of our cargo in the cars in the yard and load them direct from the cars to the steamer and any frozen stock that may get by as soon as it gets in the warm climate goes to pieces and does a great deal of damage to the balance of the cargo.

A very conservative estimate would be that the farmer loses at least ten cents per barrel in this way which would amount to about seventy thousand dollars, which with the thirty seven thousand, five hundred dollars I mentioned before would be more money than the Government spends on agriculture in the Province.

I would like to have this Government and I believe it is their duty to take this matter up with the City of St. John, and the Federal Government and try and have more space provided before the beginning of another season.

Raising potatoes is looked upon as almost a crime by some of our people and should not be indulged in, but I think we hardly realize the importance of this industry if properly conducted.

There is no place under the sun that can grow a better quality of potato than the uplands of this province and if properly graded should find a ready market in any ordinary year. It is true that the farmers have been raising potatoes at a loss for the last three or four years with the exception of last year and so perhaps are in a bad state financially. But this can be charged largely to the readjustments after the war in the high price of fertilizer and farm machinery and the altogether too sudden drop in farm produce made the conditions very bad.

The time has come when it is necessary to put a well-graded article of any kind upon the market if we expect to get the best returns and that has now become very necessary in the marketing of potatoes, and while it is true that we have a grading act, a great many shippers are not living up to the standard set forth in that act, and in this way are lowering the standard and the reputation we once had for New Brunswick potatoes. In order to overcome this we must have shipping point inspection, and I am glad to know that the Dept. of Agriculture is willing to co-operate in this undertaking, and I believe that in this way the farmer will get greater returns for his labour and money invested.

I believe that the Government should assist in an educational campaign during the summer, distribute literature showing the importance of grading and also the importance of planting the best seed obtainable. Also to have their inspectors instruct the farmers in the way of detecting the different diseases and how to rouge their fields and to give lectures along these lines at meetings when ever possible.

I would like now to give a few figures that perhaps will be a surprise to at least some of the members of this House. I would like to point out that potatoes are the only product of New Brunswick that is shipped in full cargo lots. From the first of November until the first of last week two hundred and fifty-three steamers have cleared the port of Saint John. Thirty-three of these were mail boats and so would leave two hundred and twenty freighters. Of these fifty-nine were full cargoes of potatoes, fifty-four going to Cuba and five to the British Isles.

This means that we have shipped 59 full cargoes of potatoes as against one hundred and sixty one cargoes of grain and general cargo from all parts of Canada. I would like to point out just here that these fifty-nine cargoes have to be loaded from practically one berth while twelve or thirteen are available for the other shipments.

During this time 630,466 sacks or packages have been shipped to Cuba and 76,368 sacks have been shipped to the British Isles, beside a large number of small shipments ranging from 200 to 5,000 sacks on mail and other boats. This means that upwards of 700,000 packages have been

Don't forget to write

Absence makes the heart grow fonder—when you write.

**FRENCH ORGANDIE**  
Writing Paper

shipped up to the present time and with two months left for shipping the total shipments will reach nearly 1,000,000 packages.

I wish to point out that in making these shipments of potatoes the sum of about \$114,000 have been paid out to the working men of St. John to say nothing about pilots' fees, and many other items that go to benefit the Port of St. John.

The City and Federal Government have received about \$12,000 in top wharfage alone, and here I might mention that the top wharfage on potatoes is 20cts per cwt. and on grain only 1c per cwt. and the cost of handling one car of potatoes is many times greater than the cost of handling a carload of wheat, and in this way much more money is distributed among the working men from the handling of potatoes than from the handling of wheat.

Another matter that I would like to call your attention to and one which I am sure will be of interest to the Hon. member from Kings.

Up until a few years ago all of our fertilizer was shipped in through the United States, but now it nearly all comes through the port of St. John. At times the dealers have trouble in getting shed room in which to discharge their cargoes and to reship out to their different shipping points, as the port warden will not allow the chemicals to be handled through sheds where other cargo such as flour is handled, and as flour is handled in nearly if not all the other sheds, the fertilizer has been about all handled through what is known as 14 shed. But during the last season the City made great demands on the Government to erect grain conveyors at this shed which they did and if grain shipments should be heavy during the coming season it looks as though fertilizer would have to be brought in some other way, which would not be only a great loss to the farmers of this Province but would be a great loss to the railways as well as to the port of St. John.

Now Mr. Chairman I do not object to the grain conveyors in any way but I do feel that our people should give a little more attention to the needs of our own export business and one that vitally affects our own province and people rather than enter altogether to the wants of the Western Provinces.

There is one Department of the Government or rather one branch of the department that I wish to make mention of and that is Vocational School education. This is a work that I believe to be a great benefit to the rising generation. Our boys and girls of today will be the men and women of tomorrow. This will give our boys and girls who are unable to obtain a college education a chance to prepare themselves for the vocation they have chosen as a life work. I may say that the success of Vocational School Education in this Province has been due to the untiring efforts of the Hon. Mr. Magee from Westmorland and the director, Mr. Peacock. The Hon. member from Westmorland has given freely of his time and money and has never yet had even his expenses paid, and I think the people of the Province are greatly indebted to the Hon. Member for his generosity in the past.

Now Mr. Chairman, in closing I want to just refer to the item now before the house and say that I am glad to see that the Hon. Minister has set apart a number of grants for the small country fairs, and while I am not in any way opposed to grants for the Provincial fairs and believe they should be made, still I think the small fairs should be encouraged as it has a tendency to keep the farmers throughout the country districts interested in raising high-class products.

Now, sir, I will not take up any more of the valuable time of the House, but will thank you very kindly for the kind attention of the House and give way to others who may wish to follow.

Charles T. Dickinson has gone to Hartford, Conn.

Miss Pauline Gallagher of the Provincial Normal School spent Easter with her parents, Mr. and Mrs. Frank P. Gallagher.

A farewell party was held at the home of Mrs. Thomas Creath in honor of Mrs. Charles T. Dickinson and family, who are moving to Hartford, Conn. About sixty-five were present. The evening was spent in music and games after which a splendid luncheon was served.

# **V. W. SIMMS TOWN TREASURER**

(Continued from page 1)  
 to refund of last year's taxes, it was pointed out that his could not be granted as he had earned his income in town and he was taxed for income on this money earned in the town.

Mr. Moore of the Carleton Produce Co. asked that the water be shut off in the warehouse as they had no further use for it. This was ordered shut off by Mr. Murdoch.

Mr. J. W. Montgomery was there and he said that he knew the location and would make it known. Moved by H. H. Hatfield that the school board be charged with entering the town sewer and charged with upkeep. Carried. Council then adjourned.

# **Kleanall**

Is great stuff to make the water soft. It used the way it should be used, will make the dirt come off. If you wish to clean your ceiling and do in a rush, dissolve it in some water and apply it with a brush.

It has been used for many years by sinner and by saint, but if you mix it very strong, it will remove the paint, and to the finest clothing it won't do any hurt. One thing we will guarantee, it will remove the dirt, if you go by the directions, and to prove we're not a quack, it it don't do what we say it will, you get your money back. And if you've never used it, why not try it just for fun. The wholesale dealers for N. B. are

# **CHARLESTON**

CHARLESTON, N. B., May 4.—Mr. and Mrs. Thomas Prior, Bloomfield, were visiting at Wm. Gilland's on Thursday.

Fred Hourihan, Avondale, spent Sunday at this place.

W. C. Gilland made several business trips to Avondale last week. Mr. Gilland seems to be doing a big business dealing in horses this spring.

Mrs. M. White spent a few days last week with her daughter, Mrs. E. Fewer, Deerville.

Francis Bradley, Williamstown, was visiting at John Rice's Sunday afternoon.

Riley Gillen, Woodstock, was a caller here on Tuesday.

Miss Helen Lippsett has been quite ill with the la-grippe, but is now much better.

Miss Marjorie Gardiner is visiting at Connell with her aunt, Mrs. George Perley.

Mrs. Wm. White spent last Thursday with her brother, George Maddox, at Wicklow.

The farmers are now industriously tilling the soil for this coming year's crop, while the women are laboring at their spring cleaning indoors. There was a quilting party held at Mrs. E. B. Gardiner's on Wednesday. Those present were: Mrs. Mary Beattie, Mrs. Walter Estabrooks, Mrs. Ernest Peterson and Mrs. E. Strong. Edward Walton and Emory Walton left on Tuesday for Detroit, Mich. Ernest Fewer was a caller at Harry White's on Monday evening.

# **ASHLAND**

ASHLAND, N. B., May 3.—Mr. and Mrs. William Sealey are rejoicing over a boy, Robert Blackford.

Our teacher, Miss Nettie Orser is spending the week-end with friends in Bath.

Miss Stella Prosser of Cloverdale is staying a few weeks with her aunt, Mrs. Alfred Glendening.

The Misses Nettie Orser, Martha Boone, and Hazel Graham attended the C. G. I. T. at the home of E. B. Estabrooks Tuesday evening.

Mr. and Mrs. Halbert Delys were callers at B. D. Graham's Friday evening.

Stella Prosser and Pauline Glendening were visiting Hazel Graham Thursday.

Mrs. Byron Grant and son Walter were calling on Mrs. Marvin Edgar Sunday.

Mr. and Mrs. Irvine Boone are wearing broad smiles. It's a boy—James Harris.

Mr. and Mrs. G. W. Boone spent Sunday afternoon at W. D. A. Bel-yea's.

Wendell Lewis was calling at G. W. Boone's Sunday.

# **PROTECTO SHINGLE PAINT**

One coat of Protecto will ensure your shingles for several years against curling, buckling or rot and any one of its three rich colors will extend a cheery welcome to yourself and guests.

Protecto is the greatest triumph in years. It is superior to shingle stain. It effectively seals up the open pores of the shingle with a thin coat of Protecto that sheds water like a duck's back—it preserves as well as beautifies.

One coat on old or new shingles in Red, Green or Brown will assure perfect satisfaction.

For Shingle Roofs, Shingle Sidings, Composition Roofings of all kinds, Fences and Lattice Work.

FOR SALE BY  
 ZIBA ORSER  
 Hartland, N. B.

# **On McLaughlin-Buick —Torque Tube Drive**

THE fine engineering in McLaughlin-Buick motor cars is demonstrated by the torque tube drive. This is a steel tube which transmits the drive from the rear wheels instead of adding this important duty to the burden of the rear springs. The torque tube also encloses and protects the propeller shaft. This type of construction also holds the rear wheels in alignment regardless of road conditions.
