PRINCE ARTHUR INSPECTS 18TH BATTALION

BRITISH GAIN HALF A MILE

Drive Germans Out of the
Trenches at Point of
Bayonet.

BEAT OFF ALL ATTACKS

Although Enemy Again and
Again Tried To Beat
Them Back.

GERMAN LOSSES HEAVY

Killed and Wounded Num-
bered 260, With 117
Taken Prisoners.

(Special to The Advertiser.)

London, Jan. 22.—A
furious night attack in the
region of Visny, in which
Germans repeatedly storm-
ed British trenches, but
were finally beaten back
and forced to give ground
for 900 yards, is reported
in dispatches from Amster-
dam today.

Creeping out of their
trenches, the Germans ad-
vanced over ground that
had been converted into a
quagmire by rain and snow,
and succeeded in reaching
the wire entanglements be-
fore the Allies' trenches.
British infantrymen leaped
to the attack and repulsed
three desperate attempts
by the Germans.

Then an advance was or-
dered and at daybreak the
British, fighting their way
through mud and frequent-
ly resorting to the bayonet,
captured rows of German
trenches for more than half
a mile.

The Germans lost 260 in
killed and wounded, and
117 were taken prisoners,
dispatches stated. British
losses are reported to have
been comparatively light.

AUSTRIA PREPARES TO RESIST RUSSIA

(Canadian Press.)

London, Jan. 22.—The correspondent
of the Times at Petrograd telegraphs
that the Austrians appear at last to
have realized the importance of the
Russian advance through Bukovina, for
they have assembled a large, independ-
ent army, under Field Marshal Loed-
man, which has occupied the passes,
and posted heavy artillery, thus to some
extent checking the rapid advance of
the Russians. Loedman, the corre-
spondent says, is evidently prepared to
make a desperate resistance.

Ideas Too Big for Size of Salary

Attributing his downfall to a small
salary and an appetite for the best that
was going, Frederick Sinden, the de-
fendant in the Hat bank clerk, ar-
rested here by Detectives Robert Eggle-
ton and Harry Down a week ago, was
today turned over to Sergeant John-
ston, of the western city police, by
Police Magistrate J. C. Judd.

Sinden, who is only 19 years old, ap-
peared in court faultlessly dressed. His
tie was just so, his hair the same, and
his clothes were pressed to the last
word. Style stood out on the youth
from his well-shod feet to the natty
cap.

Police Magistrate J. C. Judd explained
to the youthful prisoner that the charge
on which he was arrested would not be
pressed here, but that he would be
turned over to the Medicine Hat
authorities to face the music.

"I understand," said Sinden.

Later Sinden was turned over to
Sergeant Johnston. He will occupy a
cell at police headquarters until the of-
ficer takes him on the homeward trip
tonight.

"It's one of the most pitiful cases I
have ever witnessed," remarked his
worship as Sinden was being led down
to the cell block.

THE RIGHT TIME FOR "FLAG WAVING"

The Advertiser, because of its re-
peated assertion that the verdict of the
people of London in favor of the retire-
ment of H. J. Glaubitz was unmis-
takable, has been accused of "flag waving." The Advertiser
pleads guilty to the charge, but has no excuses to offer,
nor does it ask for anyone's permission to wave the flag.

There have been times in the past when the British
flag was cheapened by being waved for ulterior motives,
but today the man who does not, figuratively at least, wave
the flag is not a British subject in the full sense of the
term.

The man who does not today regard the British flag
as the symbol of liberty either does not realize the influ-
ences that are at work to tear that flag down, or he has
other reasons. There are influences today that have
spread all over the earth to strike down the British flag
and all it stands for. PERHAPS IF AN ARMY CORPS
FROM GERMANY WERE AT THE GATES OF THE
CITY WE WOULD FIND JUST HOW FAR THOSE IN-
FLUENCES HAVE SPREAD.

Today His Royal Highness the Duke of Connaught was
in the city. The brother of Edward the Peacemaker, and
the uncle of the present occupant of the throne, carries to
Londoners the responsibility they share, as British sub-
jects, in crushing out the German menace. London salutes
him with the flag!

The Advertiser waves the flag in honor of his coming.
There never was a time in the history of the British
Empire when there was more need for waving the flag.

There never was a time when the flag waved more proudly.

There never was a time when there was greater justi-
fication for waving the British flag.

Londoners should stand firm in their convictions!

Terrific Battle Rages Steadily Three Days

(Canadian Press.)

Amsterdam, Via London, Jan. 22.—Between Nieuport and
Ostend a hard battle has been uninterruptedly raging for three
days, despite rain, flooded trenches and almost impassable
roads, says the Sluis, Holland, correspondent of the Telegraaf.
The correspondent reports large numbers of German wounded
passing Sluis.

"RATS" COME OUT

(Canadian Press.)

London, Jan. 22.—A Daily Mail Copenhagen dispatch
says:

"The German destroyers and submarines left Helig-
oland Roads on Wednesday, and news from many sources in
Germany points to the fleet becoming more active."

Captain E. G. Shuttleworth
Receives The Advertiser Cup
From Duke of Connaught

Advertiser Illustration
It was a proud moment this forenoon for the members of Base Company,
Eighteenth Battalion, when, after the inspection of the unit had been com-
pleted, the company lined up to receive from the hands of His Royal Highness
the Duke of Connaught, Governor-General of Canada, the silver cup offered
by the Advertiser for the best marks in company drill.
Spectators surged around, to be ordered back by the company officers.
Cameras and kodaks were rushed to the new scene of interest, but few suc-
ceeded in getting within range in time for the brief ceremony. Captain E. G.
Shuttleworth stepped forward and was warmly congratulated by the Duke,
whose smile and handshake robbed the words of any formal flavor.
All companies put in a team and rivalry was keen, the men of the Base
Company proving themselves the finest kind of soldiers.
Officers of this company are: Captain E. G. Shuttleworth, Lieutenant
Northcombe and W. J. Baxter, and Color-Sergeant E. V. Helbert.
Points made by Base Company in the competition were 1,767, eighty-five
more than the next company in order.

GORY SIGHT ON MARKET SQUARE

Horse Shot by Policeman Last
Night Remained There
Till Late Morning.

A HORRIBLE SPECTACLE

Citizens Wish To Know Who
Is Responsible For Such
State of Affairs.

INSPECTOR NOT APPRISED

Market Clerk Maker Forced
To Do What Other Should
Have Done.

Who was responsible for the non-
removal of the horse shot last night
on King street, opposite the market?
This was the question asked by a
number of disgusted citizens, who had
to pass the dead body of the animal
going to work this morning.

"I never saw such a disgusting sight
in all my life," said one prominent
citizen to The Advertiser today. "I
walked by the market square at half-
past eight, and there was the poor
beast lying in the square, barely pulled
off the sidewalk, in a pool of frozen
blood. There was gore all over the
street, too. It was enough to turn one
sick."

Inspector Lutman, of the board of
health, did not know anything about
the matter until The Advertiser called
him up about the affair.

"This is the first that I have heard
of the matter," he said. "Probably it
was up to the police to notify us. They
didn't do it, at any rate."

It was left to Market Clerk Charles
Maker to do what the city officials
should have done. As soon as he ar-
rived at the square this morning, he
immediately phoned the London Fertil-
izer Company, and had the remains of
the unfortunate equine removed.

Awful Sight.
"It was an awful sight," said Mr.
Maker. "The snow was saturated with
blood. I dug up the snow wherever
there were blotches, and had it carted
away with the dead animal, so that
there would be no trace of it left."

Supposing today had been Saturday, it
would have been all the same to those
that should have seen that the body
was removed. A nice sight for the
farmers' wives, I'm sure.

If Thomas Kennedy and Jack Sulliv-
an, who had from Galt, had not taken
the dray outfit belonging to Thomas
Edwards, 526 Oxford street, from the
Queen's Hotel yard about 9 o'clock
Thursday night, Mr. Maker would not
have had the unpleasant task that he
had today. According to the owner of
the horse, Kennedy and Sullivan de-
liberately took the dray from the 22
wards and started off on a joy ride. The men
swung around the corner of King and
Talbot streets about 10 o'clock, and
had barely gone 20 yards when the
horse slipped, stumbled, and broke his
leg.

P. C. McRoberts, who was passing at
the time, knew that the men had no
right to be driving the dray, as 22
wards had rushed to the police station
immediately he discovered that his
means of livelihood had departed for
parts unknown.

As soon as McRoberts saw the condi-
tion the animal was in he shot it, and
then turned to arrest the occupants of

FIRST MAYOR DUKE SAW IN UNIFORM

Mayor H. A. Stevenson was in confer-
ence with the Duke of Connaught for
some time at the C. P. R. station today.
After the mayor had extended a wel-
come to His Royal Highness, the latter ex-
pressed a pleasure at seeing the mayor
of London in the uniform of the British
soldier. Mayor Stevenson is a captain
in the Twenty-sixth Middlesex Regi-
ment.

The duke commented on the fact
that London's chief executive was the
first soldier-mayor he had met.

He also was greatly pleased with the
Western University square and with
the cadets. He thought the men of
the Eighteenth as fine a body of men as
he had seen.

New Plans Before Debentures Through

Although Plans Approved for Sewer
Work Must Be Detailed.

At a meeting of the board of control
today, Engineer Chipman, of Toronto,
submitted a report on the new sewer
work which the city has already had
plans approved for, and stated that it
would, under a new regulation, be
necessary to submit complete plans and
specifications to the Provincial Board of
Health. This, he said, had to be done
before the debentures could be put
through.

His report covers the improvements to
be made at Evergreen avenue, the
carling street sewer and the new East
End disposal plant.

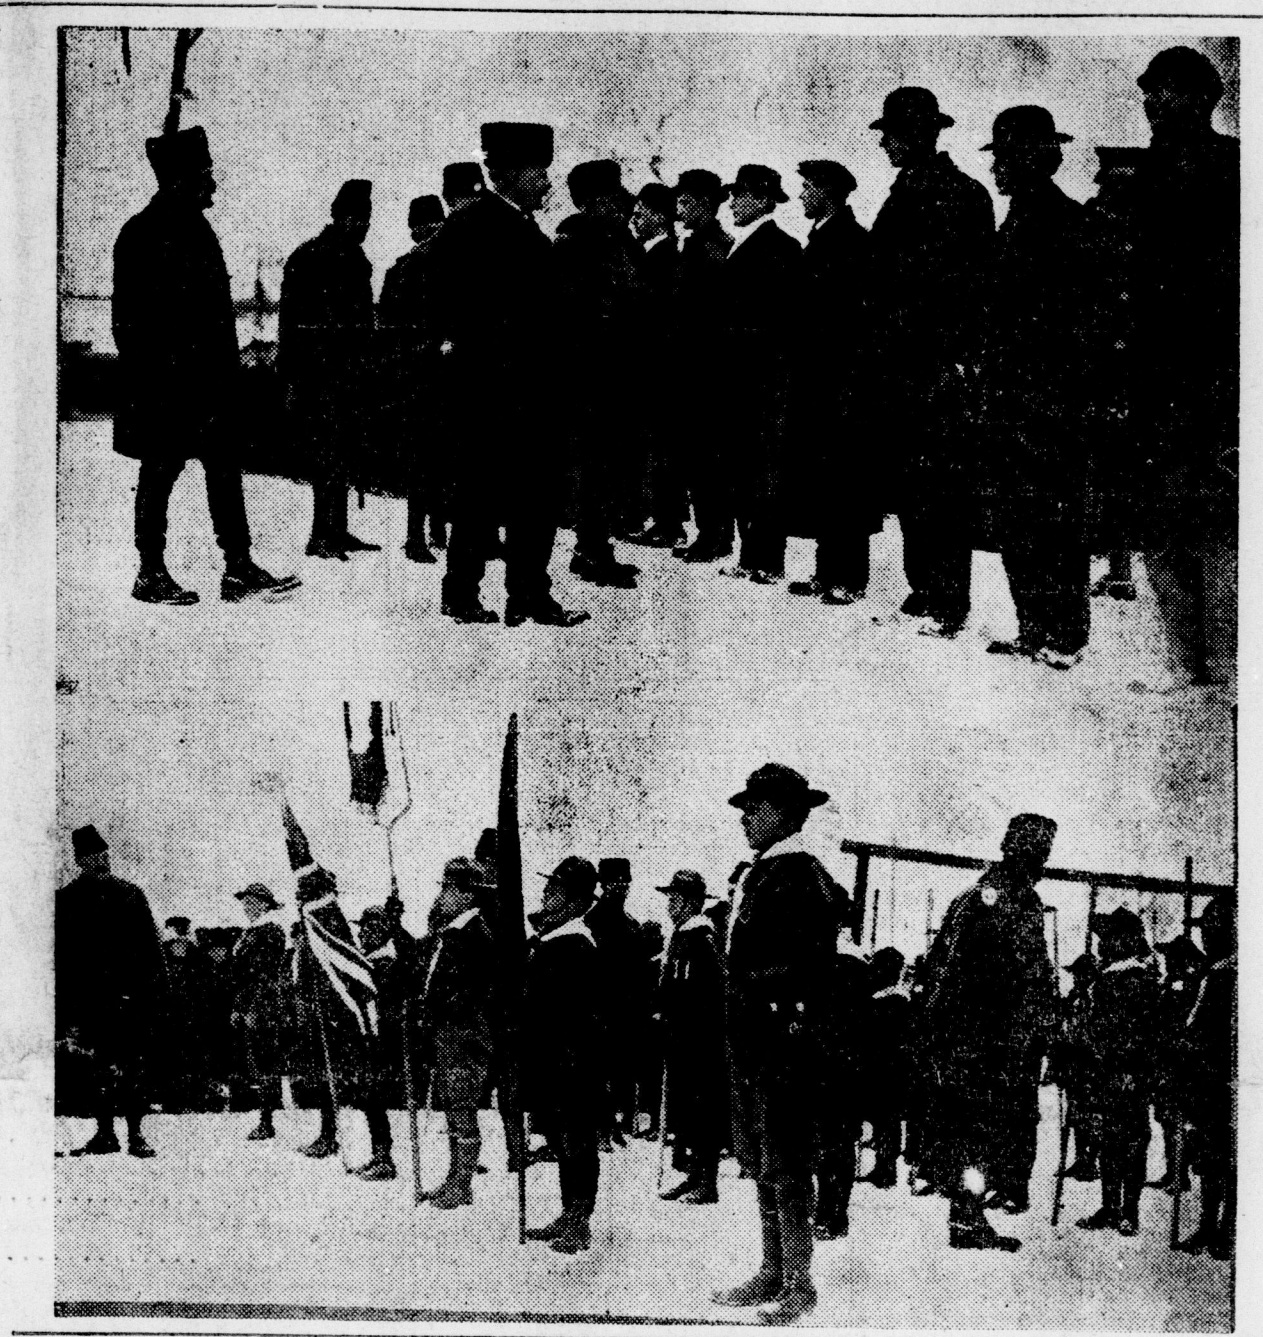

The engineer was asked by Controller
Rose if concrete pipe such as the city
is considering manufacturing, could be
used, and Mr. Chipman said that it
might be available for part of the work.

The report was sent on to No. 3 com-
mittee for consideration.

Mr. Rose submitted incomplete esti-
mates as to the cost of manufacturing
various sizes of concrete pipe. He
claimed that the cost could be greatly
decreased from that which the city is
paying, and also that a large quantity
of work would be provided for men. The
matter will be reported on later.

DUKE OF CONNAUGHT HIGHLY PRAISES WESTERN VARSITY VOLUNTEER CORPS

VARSITY LADS AND BOY SCOUTS REVIEWED;
BOTH SHOW TO SPLENDID ADVANTAGE

MERRY ROW BREWS OVER APPOINTING ARCHITECT

Application For \$2,400 Posi-
tion at Last Night's Meet-
ing Not Unanimous.

LOCAL MEN ARE ANGRY

Say Impossible For One Man
To Look After All City
Work.

The liveliest kind of a row is brew-
ing in the board of education in con-
nection with the appointment of a special
architect, to get out plans for the pro-
posed new schools. The recommendation
made at last night's meeting of No. 2
committee to the effect that applica-
tions be called for the position of \$2,400
up to Tuesday next was by no means
unanimous.

The \$2,400 salary was set as a result
of an application being received from
today, "we would be able to get that
figure. Local architects contend that it
is an impossibility for any one man to
do the necessary work and do it in the
time it should be done, and satisfactorily,
for \$2,400.

Need Assistants.
One local man who undertook to take
on the work at \$2,400, it is stated,
would need two assistant draftsmen,
several stenographers and official quar-
ters, and then would not be able to get
the plans ready before six weeks.

However, the tenders for applications
for the position will be called, and the
applicant will be expected to state
whether they will do the work com-
plete for \$2,400 and engage whatever
extra help is required themselves or not.

Four Per Cent All Right.
"If anyone will take on the work at
that figure and do it in the time re-
quired," said one trustee to The Ad-
vertiser today, "we would be able to
save a large sum. The city architect's
offer to do the work for four per cent
does not sound too bad, but four per
cent on a \$2,400 salary is much greater
than \$2,400."

Another man pointed out that the
whole work may be held up by the
board of control, and that nothing like
the amount of work planned may be
proceeded with. The board of control
has to issue the necessary debentures,
and it is stated is inclined to proceed as
economically as possible.

Alleged "Frame Up."
Some of the members of the board of
education are of the opinion that there
is an alleged "frame up" on the part
of some others to secure the architect's
position for a man whom they have
already selected.

The board will discuss the matter at
its next session, which is called for
February 8.

CAR WORKS MEETING.—F. A.
Bourne, secretary of the Grand Trunk
Insurance and Provident Society, will
hold a special meeting in the car works
today, at which he will give out the
certificates and standings of the local
first-aid class.

POLICIES OF VOLUNTEERS MAY NOT BE RENEWED WHEN HAVE MATURED

Immediate Steps Will Be Taken by Board of Control To
Check Up the Various Insurance Policies
Issued Here.

Immediate steps will be taken by
the board of control to check up the
various insurance policies that have
been issued to volunteers here. As no
one at the city hall is familiar with the
matter, City Treasurer Bell was au-
thorized today to secure the services
of a local insurance man who will go
over the documents with him.

There are 383 policies, and many of
the men who went from London were
insured without being aware of it, as
the companies accepted the medical
military examination without insisting
upon one by their own physicians.

It is likely that a circular letter will
be sent to the relatives of the men
who are insured, advising them when
the policies run out. Some are for one
year and some for two. It was stated
at today's meeting of the board that
when the policies mature it is unlikely
they will be renewed by the city.

PERE MARQUETTE'S ACTION CUTS LONDON ENTIRELY OFF

Although Promises Made That the Old P. M. Schedule to
Walkerville Would Be Restored, the Railway Has
Made No Move.

Although promises that the old Pere
Marquette schedule to Walkerville,
which gave London connection with all
points between London and Walkerville,
would be restored, the railway has taken
no action.

As a result a number of important
centres west of Walkerville are cut off
from London, and wholesalers, travel-
lers and residents of the district are up
in arms.

The Advertiser has learned from res-
idents of the district affected that the
changes will affect London business, and
that many people who now make the
trip to the city in one day will not do
so in the future.

Many Merchants Affected.
Many of the merchants in the district
affected by 25 per cent of their goods
from London. Formerly there was fast movement.

The suggestion has been made that a
determined effort on the part of De-
troit businessmen to divert trade to
Detroit instead of to London is respon-
sible for the changes. It is said that
even with the duty offers to supply
goods at an equal price with the Lon-
don firms is being made by Detroit
firms offering cutlets at the same price
as London charged.

The American firms are making a
dead set on the district, and the Pere
Marquette is accused of fostering the
changes.

BOY SCOUTS SHOW WELL

They, Too, Highly Congratu-
lated by His Royal High-
ness.

So quietly and unostenta-
tiously did His Royal High-
ness the Duke of Connaught
slip into the city this morn-
ing that few of the residents
realized they were being hon-
ored by a visit from the
Governor-General of Canada.

His trip from Ottawa was
purely for business purposes,
to inspect the Eighteenth
Battalion, and by his request
there was no civic demon-
stration of any description.

When the royal train drew
into the C. P. R. station,
where perhaps a hundred
people had assembled, there
stepped from it an erect man
of soldierly bearing, ruddy
complexion, white mous-
tache, keen eyes, the fea-
tures which stamped him be-
yond doubt Prince Arthur of
Connaught, and son of Vic-
toria the Good. The genial
smile which endeared him to
the men of the army in ear-
lier days and now wins the
hearts of all who meet it,
was in evidence.

SHAKES HANDS.
As he stepped to the plat-
form, attended by Colonel
Stanton, military secretary,
and Major Duff, A. D. C., he
shook hands cordially with
Brigadier-General Hodgins,
Colonel Denison, who is in
charge of the Fourth Bri-
gade, of which the Eight-
eenth Battalion is a section,
and Colonel Shannon, D. O.
C. Immediately he was taken
by limousine to Queen's Park
where the soldiers, the West-
ern University Officers' Training
Corps and the Boy Scouts,
along with a large repre-
sentation of interested civilians,
as onlookers, were im-
patiently waiting on the
parade ground, stamping
their feet in an effort to
keep warm.

The Battery was first in-
spected and after that, com-
pany by company, the Bat-
talion. Up and down the
lines marched the soldier-
duke, closely scrutinizing
each individual, pausing now
and then to address or ques-
tion one who especially
caught his attention.

CAMER FIEND THERE.

of His Royal Highness at
every conceivable angle and
under every conceivable cir-
cumstance.

HOME OF KRUPPS BOMBED BY ALLIES

Report Brought to Holland
From Germany By
Traveler.

BERLIN EXCUSES RAID

German Papers Believe Zeppelins
Will Make Another
Visit.

[Canadian Press.]
ARNHEM, Netherlands, Jan. 21. — (Via London.) — A passenger arriving here today from Germany asserts that allied airmen yesterday threw bombs upon the town of Essen, destroying a number of homes. Essen is the home of the famous Krupp steel works.

Germany Vindicates Act.
LONDON, Jan. 21. — 5:29 p.m. — Reuters' Amsterdam correspondent sends the following dispatch from Berlin, giving the German official version of the air-raid on the English coast:

"Our ships, in order to attack the fortified town of Great Yarmouth, were obliged to fly over other towns, from which it is stated they were fired at. These attacks were answered by the throwing of bombs."

"England has no right to be indignant, as her flying machines and ships in broad daylight have attacked open towns, such as Freiburg, Darmstadt and Swalund."

"Aircraft are acknowledged to be legitimate weapons for the carrying on of modern warfare, as long as their operations are conducted according to the rules of international law. This has been done by our dirigibles. The German nation, forced by England to fight for its existence, cannot be compelled to forego the employment of legitimate means of self-defence, and will not do it, relying upon her good right."

Papers Full of It.
BERLIN, Jan. 21. — (By Wireless to Bayville.) — The first page of all the newspapers published in Berlin this morning was given to news of the attack made by Zeppelins on the English coast, and the enemy reports from the eastern and western war theatres occupied inconspicuous places on inside pages.

With remarkable unanimity the German press appears to expect that this raid will be followed shortly by others. While the amount of damage done by the bombs dropped from the dirigibles is not yet known here, satisfaction is expressed in the fact that all the Zeppelins returned safely and in the belief that the moral effect of the bombardment cannot fail to be very great, especially as it follows so closely the recent bombardment of the Harbours and other points on the coast of England by German cruisers.

FINANCE MINISTERS TO HOLD CONFERENCE

British, Russian and French
To Organize Financial
Co-operation.

[Canadian Press.]
Paris, Jan. 22. — The Matin states that David Lloyd George, the British chancellor of the exchequer, and P. Bark, the Russian minister of finance, are coming to Paris shortly to confer with Alexandre Ribot, the French minister of finance, with a view of the organization of closer financial co-operation between the Allies.

TURKISH WAR CREDITS.

CRUISERS CAUSED PANAMA PROTEST

Advices Say British and Jap
Boats Transgressed At
Puerto Pinas.

[Canadian Press.]

Washington, Jan. 22.—Advices to the Panama legation here today said that the presence of five British and Japanese cruisers, with several colliers and other auxiliaries, in or about the harbor of Puerto Pinas, Panama, for five days, and the sending ashore of detachments, formed the basis of the recent protest by Panama to Great Britain and Japan.

A protest, it was said, had been filed with the British minister in Panama, while the complaint to Japan is on its way here to be presented to the Japanese embassy.

A detailed report of the circumstances to the minister explains that on December 10 two Japanese cruisers anchored in the harbor of Puerto Pinas. They were followed by several colliers, and during that night 72 other warships, among them the British cruiser Newcastle and seven auxiliaries. A fifth cruiser joined them on December 12.

After cooling in the harbor and sending ashore a detachment of men and boats, the report says, took bags of sand and bullets and endeavoring to get at the bottom of the case. The wee boy has both legs and his face frozen, and was found in a stupor, sitting on a sidewalk at 7:30 this morning by Mrs. Freeman Farrow, after his parents had spent a sleepless night, searching for him.

It is alleged that while playing with three companions in a neighbor's yard, the child was set upon by the others, his shoes and stockings stripped from his feet, then he was thrown over a fence and covered with a heap of snow over which was placed a large box, and that he was left thus all night.

While the frantic parents were searching for their boy during the night they questioned one of the boys, who were playing with him, and denied any knowledge of what had happened. Early this morning, it is alleged, the same boy released young McDougall and told him to go home.

The little sufferer must have wandered to where Mrs. Freeman Farrow found him.

In the opinion of medical men it is a miracle that the youngster survived through the night.

Police Chief Lamm has requested the parents of the three children suspected to bring their children to police court for an investigation.

GERMAN PAPER HAS A WILD "DISCLOSURE"

Declares Kitchener Forced France to
Keep On Fighting.

BERLIN, Jan. 21. — (Via London, 6:15 p.m.) — The Cologne Gazette today publishes the following sensational disclosures regarding the German advance in France:

"In September, France had sincere wishes for peace, and she instructed an eminent neutral diplomat to introduce preliminary proposals to this end."

"This diplomat had previously occupied an official position in London and he was under English influence. He betrayed the secret to the British ambassador in Paris, causing an enormous sensation in London."

"Lord Kitchener was sent to France. He threatened a bombardment of the French coast, and forced from the French Government the well-known treaty not to conclude peace except England consented."

Krupp Firm Seeks Patents in England for War Munitions!

Patent Agents Wondering
What Is Motive of Manufacturers.

[Canadian Press.]

Washington, Jan. 22.—The official journal of the patents office contains two applications relating to armaments from the Krupp firm of Germany. One patent is sought for a gun-mounting, another for a projectile fuse.

The fact that the Krupp firm should thus reveal secrets of the great plant at Essen to a hostile government has aroused much comment. Patent agents suggest that some hidden motive may lie back of the applications.

CRUISER KARLSRUHE IS OFF PORTO RICO

Sighted By Steamship Coamo,
But Refused To Answer
Signals.

[Canadian Press.]

SAN JUAN, Porto Rico, Jan. 21. — The steamship Coamo, Captain Barber, which sailed from San Juan, January 18, reports having sighted the German cruiser Karlsruhe off Morro this morning before daylight.

The ship's officers turned a searchlight on the bridge of the Coamo, the ship's officers also saw, making the entrance of the vessel into the harbor difficult. The warship refused to answer wireless signals and disappeared in the darkness.

ITALIAN VICE-CONSUL ARRESTED AT LIEGE

ROME, Jan. 21.—19:25 p.m.—Considerable excitement was caused here today by news of the arrest of Filippo Greppi, the Italian vice-consul at Liege, a member of one of the best known Milanese families and who had a Belgian wife.

The foreign office, answering inquiries regarding the case, said it was awaiting precise information from the German authorities, while in the meantime it was working for his liberation. It seems, however, according to information already received, that Greppi's arrest was caused by a contraband postal matter.

NAILED AGAIN

PARIS, Jan. 21. — 2:45 p.m. — An official denial of the reported German success near Notre Dame De Lorette was issued here today.

The war office states that the German attack at this point, which is northwest of Arras, was repulsed completely, and that a company of Germans was captured.

The German official statement of yesterday said that a trench 300 yards long at Notre Dame De Lorette was taken. Today's German statement, however, says that these trenches were recaptured by the Allies.

An official statement was issued this afternoon, as follows:

"Recent German communications regarding the French losses in the last few weeks are entirely erroneous. Our losses are less by more than half than those given by the German general staff. Moreover, it has been found, estimating by the dead left on the field, that in all the actions in recent months the German losses have been greater than those of the French."

RENEWED EARTHQUAKES KEEP ITALY IN TERROR

AVEZZANO, via London, Jan. 21. — 8:30 p.m.—Slight earthquake shocks continue to be felt here. The disturbances are causing the walls which were cracked in the earthquake of last week to fall, and the populace is in a state of terror.

Three persons, two women and a boy eight years old, were taken from the ruins of a fallen building today. They were uninjured.

The seismograph here registered a fairly strong shock of earthquake at 12:20 p.m. today. The people, however, scarcely felt it. The number of refugees now in Rome is estimated at 8,000. Checking of the names of the refugees registered here has resulted in the discovery of many persons who were supposed to have been killed at Avezzano and other places.

BASE CANNON AGAINST BRITAIN

In Recent Raid On Scarborough, Warships Flew the Union Jack.

LETTER RECEIVED HERE

Noise Dreadful When Coast Town Bombardment Began.

500 SHELLS WERE FIRED

Little Mites Scared Out of Their Senses—Damage Done Very Heavy.

The following letter has been received by Mrs. A. Hogg, of Port Stanley, who was in the city this morning, visiting relatives at 223 Wellington street. It gives a splendid account of the recent German raid on Scarborough, and is replete with facts and figures which tell the utter heartlessness and baseness of the German raiders. The Teutonic warships appeared on the coast firing the British flag, and in all, fired about 500 shells.

The letter reads as follows:

6 Sandside, Scarborough, Jan. 2, 1915.

My Dear Sir: I have just got your letter, and I'll write you a line or two while I have a chance. We are all right, a good deal shaken up, but otherwise first-class. We did not get any damage to property, but there is a tremendous lot in the town. I think it was estimated at £100,000, but since they have got a start with repairs it seems to be more, lots of houses having to come down. It is no use trying to describe it at all. It was just awful. They fired about 500 shells at us, and there we had to stand to be shot at, with not a single gun to hit back with.

What maddened me most, the beasts were flying the British ensign. I was watching them for a minute or so. I thought they were British ships having some practice or something till they started to come our way, then I scouted, I can tell you, and got my hat and coat on ready to bolt if necessary. I saw the lightships hit, I thought all the tower had been blown away, but when the smoke and dust cleared, I saw they were only the British ensign. It will have to come down, though, in fact, they have started to take it down. They are afraid if it comes a heavy shelling will blow down. The Grand Hotel is in a fearful state—about £7,000 damage, they say. Didn't hit Wireless.

They did not manage to hit the wireless station. They tried hard though, but the nearest shot was ten yards off. As you will understand, the noise was dreadful. To give you an idea: When they were shelling Whitby we could hear them here, and it is 29 miles off. The panic was awful. People were running about the streets, just as they jumped out of bed. The children, poor little mites, were scared out of their lives. Hundreds of people have left Scarborough. They are too frightened to stay, for fear of coming back, but I don't think they will. You see, they laid mines so thick after them that they would be in danger of being blown up by their own mines.

Had awful time! You know, dad is agent for the shipwrecked fishermen's society, and we have had an awful time since the bombardment. We must have had the crews of ten ships through our hands. Ships that have been blown up by mines. We had three on Christmas Day, so you can guess how worried and busy we have been. When we go to bed we never know when we shall be called up. Dad has stood it very well, although he has been ill all the year. I think he has stood it better than the two of us. My nerves are all of a jump, I can tell you.

Infirmary hit. The sea-bathing infirmary was badly hit, and it was almost full of wounded soldiers, but no one was hurt. They had them all moved to the basement. Bits of shell are selling like ripe cherries. Ten pounds has been given for a piece not so very big.

While I have been sitting here there has been a lifeboat call. Some more of the cultured Germans' work expect. What a toll of life the Kaiser and his party will have to answer for. It is getting awful. As sure as God's above us, he will come to his infirmities.

All trade is at a standstill. If it goes on very much longer, Scarborough will be ruined. It is touch and go with a lot of people even now. I have crossed a bit out of one of the papers. It was a wrong report. The bombardment started at 8 in the morning.

Now I must wind up. I hope you will be able to understand my garbled account, but there is some excuse for us here for being jumpy. With best love to you all, your loving cousin, LIZZIE.

SUPPOSEDLY DEAD WARRIORS RETURN TO FRANCE UNHURT

Over 100 Long-Given-Up Soldiers Had Been Conducting a Guerilla Warfare On Germans In Ardennes Since Middle of August.

[Canadian Press.]
Paris, Jan. 22.—Great astonishment was recently caused, says the Temps, at a military centre near Paris, by the arrival of over a hundred war-worn French and Belgian soldiers, under the leadership of Sergeant Laurent, all long registered as killed or prisoners after the battle of Charleroi.

Came From England.
Inquiries elicited the information that the party had just returned, via England and Holland, from the Ardennes, where, since the middle of August, they had successfully maintained a guerilla warfare with sudden attacks on German detachments, and even small parties of troops. These exploits were followed by a rapid retirement into the depths of the forest.

CONFERENCE OVER GUARDING CROSSINGS

Board of Control Invites Council and Solicitor to Meeting.

Before dealing with the matter of safeguarding level crossings in the city, the board of control today decided to invite the whole council and City Solicitor Meredith to be present at the next meeting of No. 1 committee and get full details regarding the situation. "This is no doubt," said controller White, "that both track elevation and subway are years off, and in the meantime we have to have the provision of watchmen and gates. The matter of guarding the crossing at Portersburg, which the city also has to consider now."

INVESTIGATE EVERY WORD OF EVIDENCE

Crown Attorney Will Look Into Peculiar Facts of Hume Inquest.

Crown Attorney James B. McKillop announced today that he would investigate the evidence given by the witness at the inquest of David Bertin Hume, which was held at police headquarters last night.

"Are you likely to take any action that will result in an arrest on a criminal charge?" the crown attorney was asked by an advertiser reporter. "I cannot answer that question until I have thoroughly investigated the evidence given by the witnesses," replied the crown attorney.

"Suppose you find that the witnesses had been tampered with, and perjury had been committed, what will be done?" queried the reporter.

"I am not in a position to answer that kind of questions yet," stated Mr. McKillop.

The crown will also investigate a story that the witnesses from the witness room could hear the testimony on the stand, and inquire as to why the story of one witness varied so much from the rest.

"All that I can say at present is that I am going to investigate the evidence from the first to the last word," stated the crown officer.

U. A. Buchner, barrister, who appeared at the inquest in behalf of Mr. Morrie, the mother of the victim, stated today that as yet he had not been instructed to take any action regarding the testimony given on the witness stand.

"However, I have heard that there is going to be an investigation of the testimony," stated the barrister.

SIDESWIPES ENGINE

Eastbound Freight and Another Car in Mixup.

A fast eastbound freight, passing through the local Grand Trunk yards, en route to Toronto, sideswiped a yard engine at 5 a.m. today, causing over \$500 worth of damage to the London shunter.

The accident occurred while the yard engine was in the act of going over a crossover. The freight mogul struck a side blow, forcing it off the track and causing some damage to the side of the light engine. The freight, in charge of a crew from Mimico, proceeded on its way to Toronto, while the auxiliary had some hours' work replacing the engine and patching up the roadbed.

GORY SIGHT

The driver, so as to protect Edwards. This was more easily said than done. Onlookers state that the two men put up a merry battle before the burly policeman had them under subjection. They declared that Edwards gave them permission to drive the horse any place they pleased.

Edwards denied he said he would notify anyone. "I asked if the authorities had been notified, and someone said it had been done, so I did not bother my head about it any more. I have other things to bother about now, as all my money was tied up in my dry business, my sole means of livelihood, and now I am up against it, and haven't a nickel to my name. I never told those men that they could have the horse. I am going to sue them for damages."

To the reporter, who endeavored to ascertain who was to blame for not having the remains of the horse removed, it appeared to be a case of "Button, button, who's got the button?" The police state that the health department was to blame.

Inspector Luman declares he was not notified, so how could he be held responsible? One thing is sure, however, and Market Clerk Makar testifies to that, the job of clearing up the street and carting away the body, was anything but a pleasant one.

Who shirked the job?
Kennedy and Sullivan pleaded guilty in court today of being drunk and disorderly, and were given the option by the police magistrate of paying \$5 and costs each, or spending fifteen days in the county jail.

"There ought to be some law by which I could have you two men horsewhipped," said his worship.

RUSSIANS NEAR PRUSSIAN GATE

Advance Guards Now Only 20 Miles From German Frontier.

FINE OFFENSIVE THRUST

If They Follow Up Success Will Have Unbroken Front.

DESTITUTION IN POLAND

Conditions There Said To Be Much Worse Than In Belgium.

[Canadian Press.]
London, Jan. 22.—News dispatches referring to the situation in Poland set forth that north of the Vistula, in the vicinity of Lipno, Russian advance guards within 20 miles of the German frontier, while to the northeast the Germans have evacuated Skemp, which is about 25 miles from the Prussian border and due west of Thorn.

If the Russians do not fail to follow up their success at Skemp and continue their forward movement, it will give them an unbroken front in the opinion of British observers, dangerously near German territory.

Important Offensive.
The western Allies are watching this region just now with great interest, and dispatches from Petrograd say that the Russians are planning high hopes on this offensive thrust near the Prussian line. Elsewhere they are planning merely to hold their own, barring, of course, the advance through Transylvania. The Austrians, however, appear not to have been crushed by their reverses in Bukovina, for the Russians themselves refer to the attempted Austrian offensive.

Other news despatched tell of the movement of British observers, dangerously near German territory.

SWITZ DEVELOP.
In the western allies are watching the battle at Solsona still ranks as the only great conflict during many weeks past. The battle, however, has been a tactical one, and a trench here and there, but there are all that either side has gained. If the German plan is a real offensive, it is a serious one, and a concentrated attack at some strategic point, it has not yet materialized.

The Turks claim to have arrested the Russian advance in the Caucasus, but give no details. The British press continues to assert that the proposed Turkish invasion of Egypt is doomed to failure, but it gives no reasons for its opinion.

Worse Than Belgium.
The situation in Belgium is for the moment in the background when compared to the situation of non-combatants in Palestine, Poland and the Caucasus. From Palestine, Jewish colonists continue to flee to Egypt, being conveyed as rapidly as possible by the American Red Cross.

Death of Mrs. Wilder.
The death of Mrs. Nancy Wilder, aged 58, occurred at the home of her daughter, Mrs. Smith, 843 Elgin street, this morning. Mrs. Wilder is survived by a family of four.

The funeral will be held on Saturday afternoon at Mount Pleasant Cemetery. The services will be conducted by Rev. J. H. Boyd, of Adelaide Street Baptist Church.

ONE ADVANCE FOR
ENEMY IN 60 DAYS

During Same Time Allies Have
Made Many Gains, Says
Review.

WILL BREAK DEFENSIVE
Allies Know How To Wait and
Prepare For Coming
Victory.

(Canadian Press.)

PARIS, Jan. 21.—There was given out this afternoon an official statement under the caption of "The War From November 15 to January 15."

"Since the 15th of November, in other words, since the conclusion of the battle of Ypres, and up to the complete resumption of the German offensive movement against our left wing, the war has taken the character of a siege. In such a warfare it generally is expected that the advantages obtained by one side or the other, virtually of first one and then the other. But in this case it can be said that with one exception, the Germans have gained ground. With this one exception the Germans everywhere have gone back.

"The following recital of points gained makes it possible to get an idea of the progress of either side:

German Progress.

"By the Germans—destruction of the market of the cathedral, and of the hospital of Ypres; destruction of the town of Neuport; of the Neuport baths, and the bombardment of the Arras; the capture of the Bois de la Selve; the capture of Hill No. 132 and of an eminence near Crouy; the gain of from 1,200 to 1,800 yards to the north of Soissons; advance of 200 metres in the Argonne at a point near the Brook Des Meurissos; bombardment of the church at Nancy and of the hospital at Thann.

French Results.

"Results obtained by the French: "From the sea to the Lys—recapture of all the left bank of the Yser between Knoch and Hetas; and an opening on the right bank between the Armees, Bethune and Arras; bombardment of Soupir and of Soissons; recapture of Hill No. 132 and of an eminence near Crouy; the gain of from 1,200 to 1,800 yards to the north of Soissons; advance of 200 metres in the Argonne at a point near the Brook Des Meurissos; bombardment of the church at Nancy and of the hospital at Thann.

Lys to the Oise.

"From the Lys to the Oise—the capture of the Chateau and of the village of Vermeles and Retelle; the capture of numerous German trenches between Aix-Neuville and Carigny; the partial recapture of Saint Laurent and of Blangy, near Arras; the capture of La Boisselle; the capture of German trenches at Libon; the capture of Quesnoy-en-Santerre; the end of October, and progress to the east, followed by the general extension and consolidation of our front.

From the Oise to Rheims.

"From the Oise to Rheims—the capture of the German trenches at Nampcel and of the plateau of Nampcel; the taking of Spur No. 132 and of the eminence at Crouy, both of which, however, we lost again; the destruction of numerous pieces of German artillery; the reduction by four-fifths of our previous percentage of infantry losses, thanks to the greater efficiency of our artillery and the consolidation of our defensive system.

Rheims to Meuse.

"From Rheims to the Meuse—advance of one kilometre (two-thirds of a mile) in the region of Prunet; advance of more than two kilometres in the region of Perthes and the stopping of 17 German counter-attacks; advance of nearly one kilometre in the Argonne, in the forest of La Grurie and of Bolante, and the repelling of numerous counter-attacks; the extension of our front in the neighborhood of Verdun, and the destruction of numerous German batteries.

Meuse to Switzerland.

"From the Meuse to the Swiss frontier—important advances in the forest of Consenvoye, in the forest of Apremont, in the forest of Ailly, in the forest of Mortmare and in the forest of Lepetre; the checking of all the German attacks here; progress to the northeast of Nancy, in a locality called the forest of Parroy; progress to the north and to the south of Senones and in the entire neighborhood of Ban De Sapt; capture of the Tete De Vion, which commands Sainte Marie Telle; the Tet De Faux; the complete checking of 24 counter-attacks delivered by the enemy; the capture of Aspach and of Steinbach and of the Heights to the east of the last-mentioned place, and progress in the direction of Munster, Cernay and Altkirch.

"It can consequently be affirmed that to obtain final victory it is sufficient that France and her allies know how to wait for it, and at the same time prepare for it, with inexhaustible patience.

"The German offensive has been broken; the German defensive will be broken in its turn."

DIETZEL GOES TO JAIL

ABERDEEN, Scotland, Jan. 21.—(Via London, 8 p.m.)—Adolph Dietzel, who claims to be an American citizen, and who has an American passport issued at Washington in August last, was sentenced today in the police court here to two months' imprisonment for failing to register with the police.

Dietzel was arrested on Jan. 13 because, the police say, he had tried to travel through various parts of the north of Scotland, within a restricted area, without having registered with the police, as is required by the regulations. Dietzel says he was born in Chicago, and that he is a resident of New York.

BELIEVES MEN DEAD

BOSTON, Mass., Jan. 21.—Captain Robert Bartlett, commander of the steamer Karluk, which carried the Stefansson expedition to the Arctic, expressed the belief today that the eight missing explorers of the expedition perished long ago.

"Those eight men set out last February from the place where the Karluk was crushed in the ice, and headed for Wrangell Island, 80 miles distant," he said. "They never reached the island. As I remember, it came up stormy shortly after they left the camp of the main party. The men had neither proper supplies or experience in Arctic work to carry them safely through all the months since February, 1914. They perished, without doubt."

RUSSIA UNFOLDS
NEW WAR PLANS

Army Will Start Fresh Offensive
Movement Within
One Month.

WILL EMPLOY CAVALRY
Operations Mapped Out Will
Extend Over At Least
Six Months.

(Canadian Press.)

LONDON, Jan. 22—2:08 a.m.—"The Russians are unfolding a new plan of campaign," says the Daily Telegraph's Warsaw correspondent, "and within a month a fresh offensive will develop. It will not be trench fighting, but operations particularly suited to the composition of the Russian army, the cavalry bearing an important share. The new plan contemplates operations extending over at least six months."

Telegraphing from Bucharest the Daily Mail's correspondent says: "Strong forces of Hungarian troops are proceeding to the Bukovina front by way of Mitriz to arrest the Russian invasion."

Russian Statement.

PETROGRAD, Jan. 21.—The general staff of the Russian army today gave out an official announcement as follows:

"Prussia.—In the vicinity of Mlava we are holding in close contact with the enemy and every effort on the part of the Germans to penetrate our lines during the past 24 hours has been repulsed. We took by assault the place called Skopie, which was rapidly evacuated by the enemy.

"On the river Bzura and on the river Rawa there has been cannonading and heavy rifle firing along almost all the front. Our artillery was engaged successfully with that of the enemy and reduced to silence several German batteries. Our troops were successful in

repulsing several partial attacks of the enemy on this point.

"South of the river Pilica and in Galicia there has been no fighting. Only here and there has the sound of cannon firing been heard. In Bukovina we captured the town of Vorokhta, and we drove back detachments of the enemy who were endeavoring an offensive movement in the region of Kirilov. Here we captured a major, several other officers and more than 150 soldiers."

HAD INDIGESTION
FOR OVER TEN YEARS

ALMOST DESPAIRED OF
EVER GETTING WELL.

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try this old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary MacKay, Hunter's Mountain, N. S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was 'flat' is now good, and I can eat most everything without any disagreeable feelings.

HOTELMEN ASKED
TO COUNT SOLDIERS

Government Wants To Know
How Many of Them
Drink.

TORONTO, Jan. 21.—The Government has issued the following statement, signed by the chief license inspector, to the hotels of the province:

"Owing to the statements which have been made more or less publicly, that a considerable number of men wear the King's uniform may be seen drinking in bars, the Provincial Secretary thinks it desirable to secure a report showing to what extent this is true, and you are requested to supply the department with the most accurate information you can, as to the number of men in uniform, if any, who enter your bar daily. This report should extend over a week at least.

"This request is not intended as a reflection upon the sobriety of the troops, but it is important to show to what extent the statement is true.

"It need scarcely be said that the department is fully alive to the importance of the subject, and is prepared to take any action which may be necessary to aid in securing the utmost sobriety of the troops, and it is, of course, expected that every licensee holder in the province will co-operate with the department to this end."

The circular carries the signature of Edo Saunders, chief license inspector.

WAS VON FALKENHAYN'S
RESIGNS OFFICE

Wild Von Hohenborn Is Appointed War Minister In His Place.

BERLIN, Jan. 21, via London—7:56 p.m.—The official Nord Deutsche Allgemeine Zeitung today announced that Lieut.-Gen. Erich von Falkenhayn, who is now chief of the German general staff, has resigned his office as minister of war. Emperor William, on accepting Von Falkenhayn's resignation, appointed him a general of infantry.

Major General Wild Von Hohenborn, according to the announcement, has been appointed to succeed General von Falkenhayn as minister of war.

Was Von Moltke's Successor.

The retirement of Lieut.-Gen. Von Falkenhayn from the office of minister of war, one of the dual functions of the minister of the chief of staff with which he was entrusted after the withdrawal of Lieut.-Gen. Count Von Moltke, was occasioned by the fact that the work of the two posts was far too arduous for any one man. His retirement would have taken place simultaneously with his appointment as chief of the field armies if there had not been various important questions of organization, with which Von Falkenhayn, as minister of war, was familiar, then awaiting settlement. These questions have now been arranged.

The new minister of war, Major-Gen. Von Hohenborn, has seen considerable active field service as a divisional commander in Flanders before his appointment as a quartermaster-general on November 27. He, like Von Falkenhayn, is a comparatively young man.

Emperor William, on accepting Von Falkenhayn's resignation, appointed him a general of infantry.

Major General Wild Von Hohenborn, according to the announcement, has been appointed to succeed General von Falkenhayn as minister of war.

Was Von Moltke's Successor.

The retirement of Lieut.-Gen. Von Falkenhayn from the office of minister of war, one of the dual functions of the minister of the chief of staff with which he was entrusted after the withdrawal of Lieut.-Gen. Count Von Moltke, was occasioned by the fact that the work of the two posts was far too arduous for any one man. His retirement would have taken place simultaneously with his appointment as chief of the field armies if there had not been various important questions of organization, with which Von Falkenhayn, as minister of war, was familiar, then awaiting settlement. These questions have now been arranged.

The new minister of war, Major-Gen. Von Hohenborn, has seen considerable active field service as a divisional commander in Flanders before his appointment as a quartermaster-general on November 27. He, like Von Falkenhayn, is a comparatively young man.

PEOPLE OFTEN SAY
"How Are We To Know When
the Kidneys Are Out of
Order?"

Easiest Thing in the World!

The location of the kidneys, close to the small of the back, renders the detection of kidney trouble a simple matter. The note of warning comes from the back. The kidneys become overtaxed and fail to do their work at nature's call.

The danger lies in delay. Doan's Kidney Pills stimulate the action of the kidneys, and enable them to perform their duty perfectly.

Mrs. Greig Murphy, Lower Ship Harbor, N. S., writes: "I have used Doan's Kidney Pills in my family with great success, and don't think there is a better pill for the kidneys. I was very miserable with my back, and could hardly get about. I got a box, and tried them, and found that they were really good, so I took in all about six boxes, and soon found my back cured, and my kidneys as well as ever."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25; for sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TUNNEL TOWN TERRORS
MEET WESTERN TONIGHTLocal Northern League Season Opens With Promising
Battle Between Students and Sailors—Rueter
Will Be in Nets for Locals.

[BY BERT PERRY.]

The Northern League will open its season in this city tonight, when the Sarnia and Western University teams meet in the University Arena, out in east London. This will be the Sarnia team's first appearance here in a league game since that eventful night last winter, when London's O. H. A. hopes were glimmering, when the team had to scurry the more goal and tie the round up. So far, Western has not won a game in the Northern League since the opening of the season, but this does not put the team out of the running. Both games lost have been away from home, and winning the games here the team can keep in the race for the honors.

Should use Ritchie at Centre. Last night's line-up will be used against Sarnia tonight. The management of the team hints at a surprise, and the fans expect a good game, with an even chance of change in the make-up of the team tonight. The game will be played in the arena, and the Sarnia team is expected to give it added effectiveness. This change in the make-up of the team is expected to give it added effectiveness. Rueter, the youngster who made such a fine showing in the nets for the juniors Wednesday night, will play his

position in place of Chapman, many claim Rueter is the goalkeeper and of the season, and he certainly can be depended upon to play a great game. He is far quicker than Chapman, and is far better on high shots than the divinity student.

Sarnia is bringing a special train and about 50 rowers will accompany

Backstop's Mitt for Goal Tender Latest in Hockey. Dick Harte, Harvard's hockey player, who is a promising center, is expected to play in the game. He is a very fast player, and is expected to give the team a good game. He is a very fast player, and is expected to give the team a good game.

PANCHO WILLARD TO BOX AT HIS CLUB

"Are you related?"
Isn't the man who has promoted more fights than anyone else in the world the logical person to handle the biggest fight affair of recent years? Why, sure he is.
Gentlemen, General Francisco de Villa, champion self-starter of fights in Mexico, is going to stage the Jack Johnson-Jesse Willard fight at Juarez.

Jack Curley has been working to put it over, has obtained the rights to all boxing contests in the border town.

Pancho Villa gets a big slice of the receipts and sends Johnson from capture by Curley.
Pancho in Spanish means bandit. Wonder how Pancho Johnson will fare with Villa, not to say anything about Pancho Willard.

Schaefer Asks Feds
for \$8,000 Contract;
Admits He's Funny

President Gilmore, of the Feds, told an interesting story of the efforts made by President Charley Weegman, of the Chicago, to sign Herman Schaefer, the former comedian, as a man of the Washington Nationals, who recently drew his release from Manager Gilmore. Schaefer called on Weegman and when asked how much he wanted said:
"A two-year contract, calling for \$8,000 a season."
"Why, that's a lot of money. You are getting old and going back," Weegman told the comedian.
"I'll admit that, Charley, but you know I'm awfully funny."

MILWAUKEE, Jan. 21.—Mike Gibbons, of St. Paul, had a shade over Jimmy Clabby, of Hammond, Ind., middleweight, in a ten-round, no-decision boxing bout tonight, according to a majority of sporting writers at the ringside.

Gibbons displayed marvelous footwork and was more clever in ducking and dodging his opponent. Both men used their lefts effectively. Gibbons' blows were mainly directed to the head and body, while Clabby played mostly for the body. Both men were strong at the ringside. Gibbons appeared to be the better of six rounds, two were even and two were Clabby's. Clabby weighed 155 lb. and Gibbons 157.

McClarys and Perrins were the winners in the Manufacturers' League games at the Westminster rink last night. The former team beating the Postoffice by 4 to 3, and the latter team winning from Murray Shoe in a overtime contest by the score of 5 to 3.

Both games were fast and exciting from first to last. A good crowd witnessed them.

The Postoffice looked to have the game when at half time the score read 2 to 0 in their favor. However, the Bluebirds came back strong in the last half, and capped the honors by scoring the winning goal just before full time.

The game was a very close one, with many penalties. The half time score was 3 to 2 in favor of the Bluebirds. In the second period the local players made a combination. McDonald, centre for the Waterloo team, was injured in the first half and was off for the rest of the game. Caldwell went off to even up. Quinn, Rordan and Cody starred for the visitors, while Midget Grant played a great game for the locals. All worked hard. Waterloo's first goal was scored with only three Galt men on the ice and Waterloo four, the visitors' goal keeper being among those in the penalty box. The "Bad Man of Hockey;"
Reputation Clouds His
Ability and Gameness

Joe Hall, Famous Quebec Star, Is One of N. H. A.
Greatest Players, But His Reputation for Dirty
Hockey Makes Him Little Appreciated.

"You might as well hang a dog as give it a bad name," is the old saw which some newspapers and some alleged students of hockey are trying always to apply to Joe Hall, the famous defence player of the Quebec N. H. A. team. Joe Hall is the proud possessor of the unique title "The Bad Man of Hockey." But he has gone on for years with the name. He is still playing a strenuous, effective action of the game, and drawing his money regularly.

Each December the fans begin to ask where that man Hall is, and whether he is going to turn up for the season again. Meanwhile, Joe takes a last look at his farm near Brandon, Man.

But what really got him his reputation was his ability to "kick" a player who squealed when hurt, and to pay his respects to referees. He came to feel that the referees were beating the clamor of critics, and were paying him more than one-twelfth of their attention. This was his great ability. The Quebec fans have stood by the team, and when Quebec needs a goal or two badly, and chances are slim, it is likely to be Hall who gets the goal. He is a very good player, and a very good player.

Joe Hall, Famous Quebec Star, Is One of N. H. A. Greatest Players, But His Reputation for Dirty Hockey Makes Him Little Appreciated.

The famous Hall-Lalonde duel of the 1914-15 season did not disgust the Quebec fans. The fans knew that Joe would never quit or squeal about getting hurt. When the referees, the referees, and the public had got tired, Quebec expected Joe to go right back to good hard hockey playing, which is exactly what he did.

This year Joseph Hall, Esq., of Brandon, Man., has been named as the public as a bad man grows with age. On the other hand, his ability is as good as ever. His reputation with the public as a bad man grows with age. On the other hand, his ability is as good as ever. His reputation with the public as a bad man grows with age. Joe began ten years ago when he was young, playing over for the Brandon

Time was when about the first intimation opposing players would get of his presence in the east was when they saw him in his box form on the ice. For several seasons he did not break into the game until he had been in the box for some time. He never could stay away from the fun, and in the past four seasons with Quebec he has played the best hockey of his career, and has had many pleasant evenings with Newry Lalonde and who ever else.

Good For Years Yet. Senior hockey is likely to have Hall for some years yet. He may have been playing ten years, but he is not thirty, and he has a reputation for taking care of himself all year round.

Organized Baseball
Has the Floor Now

George W. Pepper, Counsel for Major Leagues, Says
Federalists Want to Profit From Skill Developed
by Organized Baseball's Money.

CHICAGO, Jan. 21.—The question of the federal court's jurisdiction and the declaration that the American and National Leagues have so modified their contracts that the player becomes a free agent at the expiration of his agreed term of service, were discussed at today's anti-trust hearing against organized baseball.

Judge Landis brought up the question of jurisdiction again, and George W. Pepper, of Philadelphia, of counsel for organized baseball, discussed it at some length, after the Federal League attorneys had stated their side of the case. He declared that the National League had stated that it was not to be regarded, and that the Federal League attorneys had stated that it was not to be regarded, and that the Federal League attorneys had stated that it was not to be regarded.

Sections of the Clayton law were then cited to show that the Federal League was not to be regarded, and that the Federal League attorneys had stated that it was not to be regarded, and that the Federal League attorneys had stated that it was not to be regarded.

Mr. Pepper gave a history of the case, and the decision in the Hammett-Metropolitan Opera Company case was brought in as another authority on the subject.

The labor of opera singers was not commodity of commerce, was held by Pepper applicable to the case of baseball players. Judge Landis did not decide the question, in his general argument, which followed, after the Federal League attorneys had stated their side of the case, and Quincey A. Meyer, who had ended his presentation of the plaintiffs' case, and Quincey A. Meyer, who had ended his presentation of the plaintiffs' case, and Quincey A. Meyer, who had ended his presentation of the plaintiffs' case.

He talked on the jurisdiction question, and Judge Landis failed to see his jurisdiction in the matter.

—Scotts at Baseball Betting Called Labor.

Chicago, Jan. 22.—Counsel for the Federal League and organized baseball resumed their arguments in the United States District Court today, confronted with the possibility that Judge Landis might throw the case out of court on the ground that he did not have jurisdiction.

The attorneys for the Federal League, Judge Landis said, had not convinced him in the presentation of arguments up to the close of court yesterday that the case was one for a federal court to decide. Keene H. Addington and Judge Quincey A. Meyer, of counsel for the Federal League, after a thorough study of the case, were prepared to cite several authorities to-day to prove to the court that they had a legal right to have the case decided in a federal court.

George Wharton Pepper, chief of counsel for organized ball, in finishing his argument for the defense, was prepared to show that organized baseball could not come under the provision of the Sherman anti-trust law as labor, he assumed that the Federal League was to be considered as a commodity of commerce.

When Attorney Pepper mentioned the word "labor" as applying to ball players in the proceeding case, Judge Landis expressed himself as shocked.

"As a result of 30 years of observation, I am shocked because you call playing baseball 'labor,'" the judge said.

If the case is thrown out of court, it was pointed out, the Federal League must resort to state courts for a hearing.

TORONTO, Jan. 21.—Although Victorias won from Riverdale, 7 to 5, in their O. H. A. senior game, the team from the east made the Victorias team go to bed. This Method.

Lightweight Charley White, of Chicago, who has been working to put it over, has obtained the rights to all boxing contests in the border town. Pancho Villa gets a big slice of the receipts and sends Johnson from capture by Curley. Pancho in Spanish means bandit. Wonder how Pancho Johnson will fare with Villa, not to say anything about Pancho Willard.

STEAMER BURNED; PASSENGERS SAFE

Nearly 800 On Maryland Had
Narrow Escape in Chesapeake Bay.

[Canadian Press.]
Baltimore, Jan. 22.—The Chesapeake Bay steamer Maryland, bound to Baltimore from Pocomoke River points, caught fire off the Magothy River early today and burned to the water's edge, after having been beached. So far as is known no lives were lost, and no one was seriously injured, although some of the passengers had narrow escapes, many of them losing all their personal effects.

When it was seen that the fire was beyond control, the steamer was headed for the beach, about a mile away, and as she stranded, a quarter of a mile off shore, the passengers were handed into the lifeboats. The Maryland was a passenger steamer, carrying 750 passengers, many of them women, and a crew of 24. The Maryland was owned by the Baltimore, Chesapeake and Atlantic Railway, and valued at \$120,000.

GERMANS STOPPED BY ALSACE FLOOD

Headquarters Have To Be
Moved, While French Shell
Positions.

[Canadian Press.]

Geneva, Jan. 22.—Floods in the region of Alsace and the Sundgau, or southern country of Alsace, generally have completely stopped German military operations, says a dispatch to the newspaper Suisse. The rivers Ill and Larg have overflowed from their banks and the narrow valleys are entirely submerged. At Altkirch the German headquarters, installed in a business building, were obliged to move to private houses on the heights.

The French troops near Thann, the dispatch says, are in good position, well out of reach of the floods. They shelled the Germans vigorously all day Thursday.

Prince Eitel Friedrich, the second son of Emperor William, has arrived at Mulhouse with a numerous suite, and has taken up his abode in the magnificent villa of the Koechlin family, who fled at the beginning of the war.

HELPING THE BELGIANS

Churches of London Not Neglecting Foreigners Within Their Midst.

It cannot be said any longer that the churches of London are neglecting the foreigners. The work begun in Hill Street Methodist Church two years ago is continued this winter with much success. Notwithstanding the war, the scarcity of work in the city, which has caused some Christians to go back to the old land and others to other cities in search of work, Rev. A. McKibbin, pastor of Hill Street, has organized a class of Russians this winter, and now it has been found that there are two classes. Mrs. George Kerr, an instructor of the Junior class, has been the confidence and affection of every foreigner who knows her. For some time it has been felt that something should be done for the Russian women, but on account of a scarcity of room in Hill Street Church, where the ladies get the class together, McKibbin asked the ladies of Ottawa to open a class for foreign women. Mrs. McKibbin, who is one of the ladies to get the class together, and there is now good work in progress. A class of ten or twelve women in Ottawa Avenue Church, a remarkable feature of the work in Hill Street is that though it is not backed by the missionary society of the church, donations have been sent in to the mission sufficient to pay all current expenses of the work.
