

49th YEAR. No. 20564

Tomorrow—Fair and Mild.

MINERS WILL TAKE BALLOT OVER MINIMUM WAGE BILL

Delegates Hurrying to their Various Districts To Lay Proposition Before the Men—One Hundred Thousand Persons Are Being Fed In the Pottery Districts.

London, March 27.—The British coal owners, after a prolonged meeting this afternoon, resolved to accept the minimum wage bill. This means that all the mines will be opened to the men as soon as they desire to return to work.

[Canadian Press.]

London, March 27.—At a full meeting of the Miners' Federation this morning, it was decided to take an immediate ballot among the men as to whether or not they desire to accept the Government's minimum wage bill and return to work.

A bare majority of votes will be sufficient for the acceptance or rejection of the proposition. William Edwin Harvey, a miner member of the House of Commons, who represents the sentiments of the majority of the men in the federation area, says that he intends to tell the 40,000 miners of Derbyshire "the wage bill has become the law of the land, so that there can be no question of accepting its provisions or otherwise."

To Take Vote Early.

The miners' delegates will return to their respective districts at the earliest moment so that no time shall be lost in carrying the result of the ballot, whatever it may be, into effect. The text of the ballot paper is as follows:

"Are you in favor of resuming work pending the settlement of the minimum rates of wages in the various grades by the district boards to be appointed under the coal mines minimum wage act?"

The more moderate members tried to get the federation to insert a recommendation on the ballot paper, but it was decided to leave the men a free hand.

In the big towns of the pottery, including Stoke-Upon-Trent, Hanley, Longton, Burslem and Newcastle-Under-Lyme, the centre of the china and stoneware industry, food has to be found daily for 100,000 people out of a population of barely a quarter of a million. In Stoke-Upon-Trent, over 20,000 persons are being fed by the local authorities, and charitable institutions. Under these circumstances the officials of the Government are surprised that there has hitherto been no disorder whatever. Scotland Yard, the police headquarters, fearing trouble, however, has sent out a circular to employers, asking whether their employees would consent to act as special constables.

Later.

London, March 27.—The Miners' Federation, at a meeting this afternoon, decided that the ballot papers must be returned not later than April 3, when the federation will reassemble at Manchester to count the votes and decide on its future action. The feeling of the miners' leaders as to the probable result of the ballot follows largely their attitude throughout the negotiations. Those of the federation area anticipate the acceptance of the wage bill by the miners, while those from South Wales and Scotland, expect a strong majority against it in those districts.

What the General Synod Said in 1905

In giving his views on the policy of abolishing the bar, Rev. C. B. Sage, rector of St. George's Anglican Church, West London, quoted the General Synod Journal of 1905, wherein the report of the general synod temperance committee is published on Page 181. The quotation given by Mr. Sage is as follows:

"Bar-rooms and saloons are a serious menace to the country, and should, as soon as practicable, be abolished. It might not be wise before public opinion is ripe for it, but the abolition of the bar should be the end ever kept in view. The treating system would necessarily vanish with the bar."

ENGAGE EXPERT LANDSCAPE ARTIST TO BEAUTIFY THE CITY

Alderman Johnston Thinks It Would Pay London To Do So.

Ald Johnston, who is acting mayor today, owing to the absence of Mayor Graham in Toronto in connection with the city of London bill, is of the opinion that it would pay the city to engage an expert landscape artist to lay the city out with a view to properly beautifying the down town district.

"There is a movement on foot all over the Dominion of Canada to beautify the cities," he stated. "For the future, cities have been built without plans, and generally without foresight. The future was not taken into consideration whatever. As a result, the cities were never laid out artistically. The streets were too often narrow and badly located. Now that London is about to erect a new city hall, it would pay, I think, to have an expert come here to look the situation over, and lay out a plan for beautifying the city. We could lay it out for the future, so that all the public buildings that might hereafter be erected could be constructed according to a definite plan. I think the city would be expending money wisely to do that. Calgary has an ambitious scheme. It does one good to see how they plan for the future there. Proper buildings are erected in a proper manner, all tracks come under ground, too, the very best method, too."

Ald Johnston.

into consideration whatever. As a result, the cities were never laid out artistically. The streets were too often narrow and badly located. Now that London is about to erect a new city hall, it would pay, I think, to have an expert come here to look the situation over, and lay out a plan for beautifying the city. We could lay it out for the future, so that all the public buildings that might hereafter be erected could be constructed according to a definite plan. I think the city would be expending money wisely to do that. Calgary has an ambitious scheme. It does one good to see how they plan for the future there. Proper buildings are erected in a proper manner, all tracks come under ground, too, the very best method, too."

USED BIG SUM TO GET GOVT. BUSINESS

Public Accounts Interested In the Disposal of Forty-Two Thousand

Ottawa, March 27.—Where \$42,000 went interested the public accounts committee this morning. It was looking into the transactions of the Diamond Light Company, of Montreal, with the Government. J. R. Bain, secretary of the company, told the story. He said that R. C. Miller, president of the company, got authority from the directors to spend such money as he deemed necessary to get Government business. Miller sold \$119,000 worth of lights and apparatus to the marine department, and claimed to have used \$42,000 to get the business. He made no statement of where the money had gone to. A new board of directors is now suing him to recover it. The committee decided to summon Miller, and have a little talk with him.

WILL BUILD A \$9,000 ADDITION

Big Works Increasing the Plant In East London—Building Permits.

Building permits are now in demand, three of considerable size having been issued today. One is for the three-story block to be erected on Dundas street by Sir Geo. C. Gibbons, costing \$30,000; an addition to the McCarty Company's plant in East London, \$9,000; and improvements to Hunt Bros' mills, \$7,000.

"There are many other large buildings under consideration at this time," said Mr. Nuttall, city architect. "However, permits have not yet been taken out. I am looking for a big year."

Col. Gartshore explained that the McCarty addition was for the enameling department, which had outgrown the present capacity. It would be one-story in height, and of modern construction.

LAURIER STRAIGHTENS PARLIAMENTARY POINT

Opposition Leader Blocks Borden Plan to Stifle Discussion.

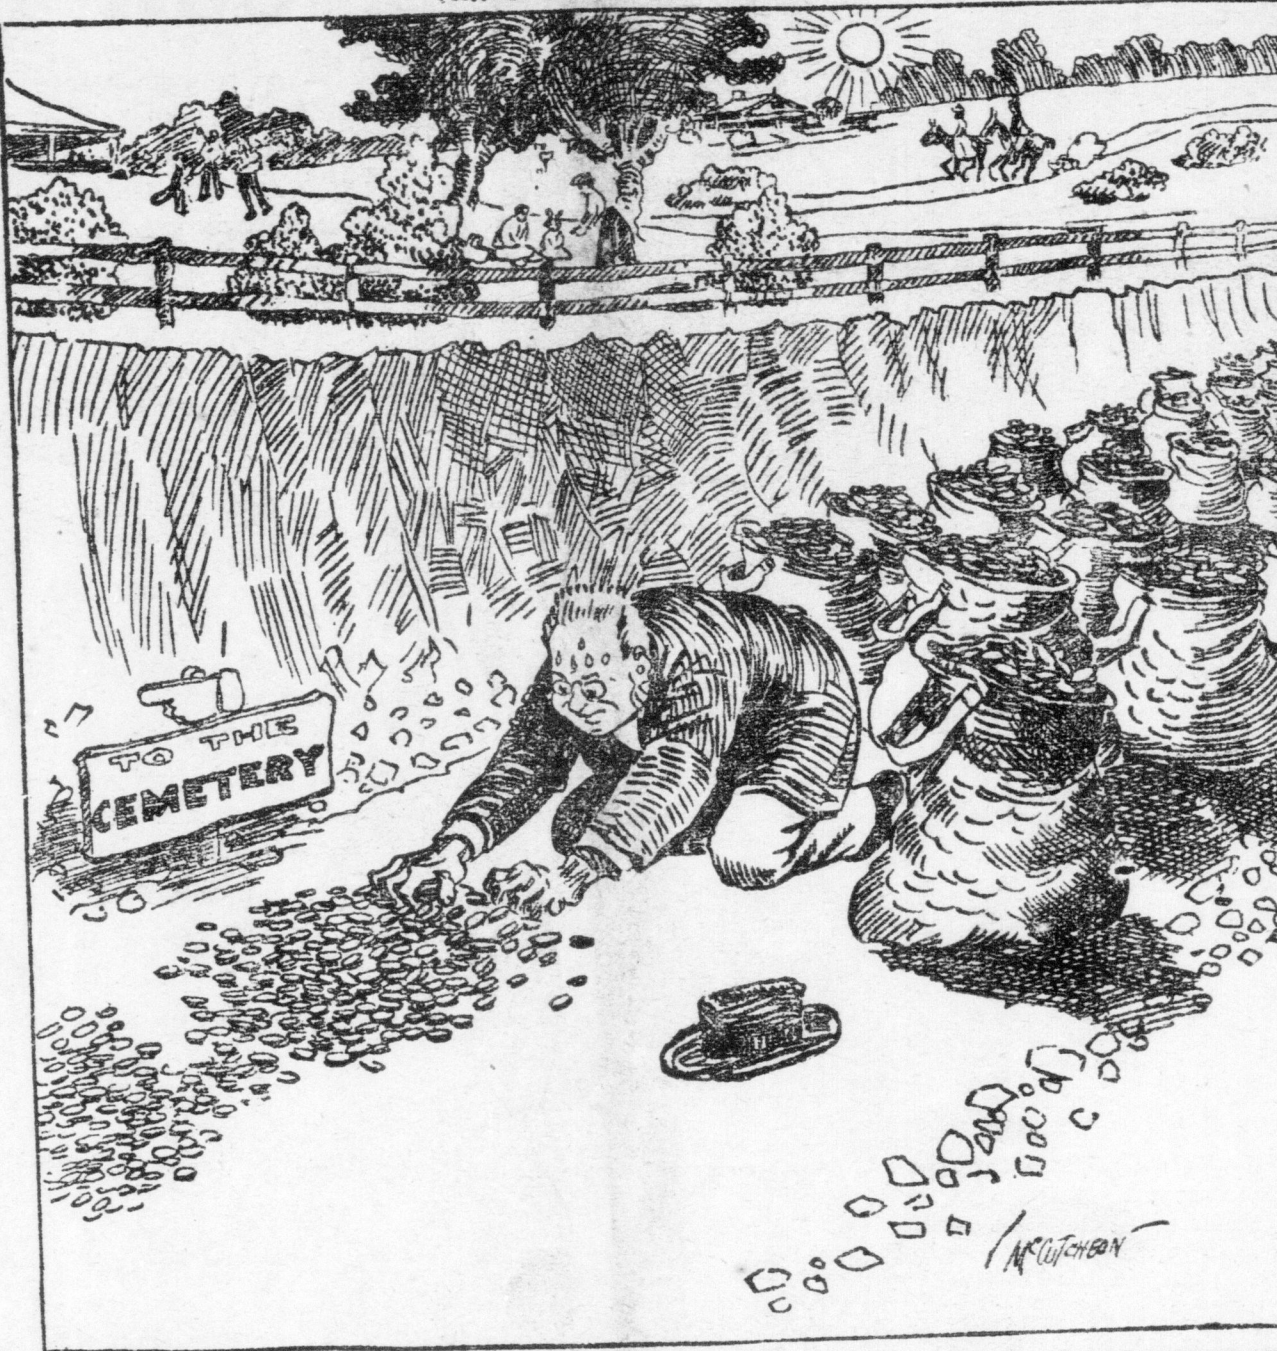

[Special to The Advertiser.] Ottawa, March 27.—The Liberals in Parliament are curious to know if Premier Borden knew the history of A. B. Morine in Newfoundland before appointing him chairman of the public service commission, which is to investigate the Government departments. This morning this led to a difference between the speaker and Sir Wilfrid Laurier. Mr. Morine, of Regina, put a question on the order paper directed at Premier Borden. It asked if objections had been made in 1908 against Mr. Morine becoming the chair of the commission at Quebec, Shelburne. This morning the speaker ruled the question out of order, as "it pertained to no business before the House."

The speaker promised to look into the matter and give another ruling. WEDDED IN LONDON. [Special to The Advertiser.] Varna, March 27.—The marriage of Mr. Herbert Duncan and Miss Laura Richardson, of aByfield Road, took place in London today. Following the ceremony, Mr. and Mrs. Duncan left for Wyoming, Ont. They will return to Varna later and spend a few days here before departing for Saskatoon, Sask., where they will make their home.

THE MAN WHO LOOKS NO HIGHER THAN MONEY.

(Copyright, 1912, by John T. McCutcheon.)

LONDON DEALERS ARE OPTIMISTIC

Enough Coal To Supply People This Season Even if a Strike Occurs.

MORE COAL HAS ARRIVED

Anthracite Shipments Have Been Coming Into the City Fairly Well of Late.

Local coal dealers state that while their stocks of anthracite coal are not what might be termed large, there will be ample to supply all orders for the rest of the season.

If, as now seems certain, the miners quit work on Saturday, the dealers point out that no more hard coal may be expected until the trouble is settled, as the mine owners will keep whatever small stock they have on hand for the use of American consumers.

More Coal Arrives. "Anthracite shipments have been coming along very well," said one dealer to The Advertiser today. "We have plenty in stock to supply all our demands for six weeks to come, and I think most of the local dealers are in the same position. I fancy the strike will be settled before very long, and I would not think it necessary for people to be alarmed at all. If the mine owners have to grant an increase in wages, it will mean a small increase in the price of hard coal, but I am not looking for any very great advance."

In the North. Up in the northern towns where the cold season lasts much longer than here, hard coal is in demand, and many local dealers have been asked to fill orders. In some of the most northern railways have been unable to handle shipments. Local dealers are holding practically all their coal for the use of London people.

Advance Is Looked For. "If the strike is called on Saturday," said a dealer, "there is likely to be an immediate advance of 50 cents a dollar a ton, because the Americans have been asked to recall any shipments that are on the way. If the strike lasts for any length of time there is likely to be further increases. The general impression among the coal dealers is that the strike, if it is called, will not be of many weeks' duration."

THE WEATHER.

TOMORROW—MILD. Toronto, March 27—8 a.m. Forecasts. Southwest winds; fair and milder. Tomorrow—Mild.

Temperatures. Following are the highest and lowest temperatures for the twenty-four hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
LONDON	39	19	Clear
Victoria	52	40	Cloudy
Calgary	33	26	Cloudy
Winnipeg	38	30	Cloudy
Port Arthur	32	24	Cloudy
Perry Sound	32	14	Clear
Toronto	38	24	Clear
Ottawa	28	18	Show
Montreal	28	24	Fair
Quebec	28	18	Fair
Father Point	26	10	Cloudy

Weather Notes. The general outlook is favorable for milder weather in all the provinces, and no important disturbances are indicated. Today's Weather. Western Ontario—Fair and milder. Lower St. Lawrence and Gulf—Milder, with light falls of rain or sleet in some localities. Maritime Provinces—Cloudy and milder, with light falls of rain or sleet. Lake Superior—Fair and milder. All West—Fair and mild.

CITY OF LONDON BILL PASSED BY PRIVATE BILLS COMMITTEE

But Little Change Was Made In the Measure—Some Discussion In Regard to Handing Over Park to the Water Commission—Mayor Graham and Mr. T. G. Meredith Spoke for City.

[Special to The Advertiser.] Toronto, March 27.—The private bills committee this morning with very little change. Under its terms London may issue debentures as follows:

\$50,000 for the extension of apparatus at the pumping station and lighting Springbank, \$66,000 for the extension of the hydro electric system, and necessary work shops and buildings. The appropriation for the erection of a "comfort" house on the market, \$5,000 for the appointment of a civic industrial commissioner. The appropriation asked for in connection with the extension of the fire-fighting apparatus was reduced by consent from \$18,000 to \$15,000, and the terms over which the debentures are spread from 30 to 10 years.

The Parks. There was some discussion on the propriety of giving the water commission control of the parks, but T. G. Meredith, city solicitor, and Mayor Charles Graham, addressed the committee, favoring the suggestion to give the commission authority to spend up to one-half mill on the total taxation for park purposes.

The exemption of the London rolling mills for the present year from taxation was authorized, when it was explained that this application was made necessary on account of an error in a former application.

City Solicitor Meredith brought the attention of the committee to the great necessity for some expenditure in connection with the sanitary appliances in Victoria Hospital. He asked permission to expend \$12,500 on accommodations and additions, which met with the approval of the committee, subject to confirmation by the city.

Midland Bonds. The matter of \$25,000 debentures for the North Midland Railway was allowed to stand over until the railway authorities are present.

The bill was reported without any substantial change, except the embodiment of Mr. Meredith's suggestion for hospital expenditure.

GREAT VICTORY FOR TURKS ITALIANS LOSE THOUSANDS

Invaders of Tripoli Meet With Crushing Defeat In Which They Have Thirty-Five Hundred Killed and Wounded, Including Many Officers.

[Canadian Press.] London, March 27.—The Turkish army in Tripoli has just achieved a great victory over the Italians, whose losses were 27 officers and 3,500 men killed and wounded, according to the report of the Turkish commander at Benghazi, received here today from a special correspondent at the Turkish headquarters.

The location of the battle is not given in the report, which says that the entire camp equipment of the Italians fell into the hands of the Turkish troops. The Turkish commander says that the loss among the Turks and Arabs numbered but 150 killed and wounded.

LIBERALS' PLANS AT PT. STANLEY ARE TO BE CARRIED THROUGH

The Sum of \$110,000 Will Be Expended on the Harbor.

The sum of \$110,000 will be expended this year on the breakwater at Port Stanley. Of this amount \$60,000

was set aside by the late Liberal Government in 1911, and the present Government has added \$50,000 more. This will do about half the work, the Laurier Government deciding to expend \$250,000 in improving the harbor there, in response to the urging of a deputation of London citizens, headed by representatives of the city council and the board of trade.

four months in prison, but some of them who had been previously convicted were given six months, while one of them, who had been twice previously convicted, had the distinction of getting eight months. Mrs. Alice Monck-Mason, a grandmother of 68 years, protested against the injustice of being released, and bound over to keep the peace for one year.

God is on our side," was the retort of another prisoner, who declared that she would do her four-months term in jail with an easy conscience.

Another Batch of the Suffragettes Sentenced to Prison. [Canadian Press.] London, March 27.—Another batch of suffragettes was sent to prison today by Judge Robert Wallace, chairman of the trial of women accused of window-smashing during the raids of March 1 and March 4.

Most of the women were sentenced to

LONDON TEMPERANCE WORKERS FOR ABOLISHING THE BAR

Clergymen and Other Prominent Persons, Including a Number of Ladies, Give Their Opinions of the Platform of the Ontario Liberals.

Opinion among temperance workers throughout the city generally is favorable towards the platform laid down by Mr. N. W. Rowell, K. C., M. P., leader of the Liberal Opposition in the Ontario Legislature. In Toronto, on Tuesday afternoon, to abolish the bar in Ontario.

This has been the object of temperance organizations for many years, and in the majority of cases the workers are rejoicing that what they have been fighting for may be accomplished at last.

The only criticism offered is that the tendency of Mr. Rowell's bill may be to divert some of the drinking from the hotel bars to the clubs. Mr. Rowell does not specifically mention clubs, but he takes the general position, that in addition to abolishing the bar, other legislation would be introduced to curtail the traffic. It is understood that it is the intention to limit the number of clubs, and place other restrictions on the sale of liquor. That being the case, it is felt among the majority of temperance workers, that there will be no need for complaint by the ministers interviewed.

By The Advertiser today decline to give an opinion on the platform, saying in excuse that temperance is now a political question, and in consequence they would not say what they thought of it. On the whole, however, the consensus of opinion was favorable to the platform of the Liberal party.

Some of the opinions given are: J. K. H. POPE—I should not like to express an opinion until I have had time to look into the matter. I cannot say anything about it.

INSPECTOR GALPIN—I do not know that I am altogether in favor of abolishing the bar, although I think a great many improvements can be made

in the present method of selling liquor. I never could see the reason why men would stand up to a bar, and drink themselves blind. I have not studied Mr. Rowell's proposal, and until I find out on what conditions he proposes to abolish the bar, I will not venture an opinion as to whether or not the suggestions are good or bad. I must say that I have not studied the question as I will later on.

HIS LORDSHIP BISHOP WILLIAMS, of the Episcopal Diocese of Huron—"If you were to ask me my opinion I would be willing to give it very strongly apart from politics. The adoption of this plank is merely a political dodge, so I can have nothing whatever to say about it. If I favor it I'm a Grit; if I oppose it, I'm a Tory; so I will not discuss the matter. If this question had been kept out of politics I would have spoken my mind very freely on the subject."

PROF. J. H. BOWMAN—"If Mr. Rowell wants to banish the bar, and at the same time increase drinking in the clubs and the like, I am opposed to it. If he follows up the campaign by legislation curtailing the drinking sale of liquor elsewhere that will all right, and I will support it. I would just as soon have drinking in bars as in clubs. I have not all the information I want on the subject, and do not feel like cheering until I know exactly where we are at."

MRS. H. ASHLANT, President of the W. C. T. U.—"I think the platform a splendid one. We have been waiting for this opportunity for a long time, and now that it has come, we do not intend to back down. It is a good thing."

MRS. MAY R. THORNLEY—"It would be an excellent thing to abolish the bars, but if Mr. Rowell's Continued on Page Ten.

LIBERAL TEMPERANCE POLICY ACCEPTABLE TO THE ALLIANCE

Mr. Spence Says "Abolish the Bar" Programme Is a Good One.

[Special to The Advertiser.] Toronto, March 27.—"It is very good," said Mr. Ben. Spence, secretary of the Ontario Temperance Alliance, this morning, regarding Leader Rowell's abolish-the-bar pronouncement yesterday, "it will be acceptable

to all temperance men in Ontario, I think. We would, of course, prefer total prohibition, but as 84 per cent of the liquor traffic at Ontario is carried on by the bars, we must be thankful for any measure that will provide for wiping out of such a large percentage of traffic. Much will depend, of course, on what measure Mr. Rowell proposes for enforcement of bar abolition and proper control of what other means of liquor traffic are left."

BREAKWATER PLANKING BAD, SAYS CITY ENGINEER WRIGHT

Official Made a Trip of Inspection to the Wall Today.

There will be plans for a cement protection to the West London breakwater submitted to the members of the West London Boosters at their regular meeting tonight. It provides for a structure 15 feet high, costing \$5 a foot, or in all, \$15,000. The cement will be 1 to 5 in the mixture.

In the opinion of several of the residents of that district this structure will be sufficient to protect the suburb for practically all time to come. The City Engineer Wright, however, does not agree with this, as he claims that it is not strong enough, merely a shell. "I have plans for a cement wall that will protect West London," he stated, "satisfactory at the present time."

BOY STRUCK BY DUNDAS CAR ESCAPED DEATH BY INCHES

Frankie Downs Ran In Front of a Trolley While Playing.

Frankie Downs, the 7-year-old son of Mr. W. H. Downs, of St. Paul, Minn., was seriously injured about 10:30 o'clock this morning by being struck by a Dundas car between Burwell and Maitland streets. He is suffering from a slight concussion of the brain and other injuries, but it is expected that he will recover unless complications set in.

The lad was left with his aunt, Miss Downs, 464 Dundas street, for the day. Mr. Downs going to Woodstock to visit some friends. Shortly after 10 o'clock he went to play with some other children on the street.

As the car approached he ran across, but the ice and snow caused him to slip, and before he could get out of the way the car was upon him. Motorman W. Brown saw the little fellow, and immediately dropped the fender. The car was plugged instantly and shorted. The trolley was stopped in a short distance, and the passengers rushed out to assist.

The injuries. Dr. J. B. Campbell and Dr. E. L. Williams happened to be on the car at the time of the accident, and assisted in carrying the boy into his aunt's house. His injuries were found to be a number of painful bruises, two bad scalp wounds, an injured jaw, and a slight concussion of the brain. "The boy is painfully injured," said Dr. J. B. Campbell. "There is a slight concussion of the brain, and it will not

be known for a few days just how seriously he is injured. His scalp is torn in a couple of places, and he is bruised. However, I expect he will recover, unless complications set in." Some of the passengers claim the car was travelling at a high rate of speed. The street railway officials say that the child ran in front of the car, giving the motorman no chance to avoid injuring him.

FORMER COMMONER IN ILLICIT BUSINESS

Mixed Up With the Illegal Killing of Beaver, It Is Alleged.

North Bay, March 27.—An important seizure of beaver skins was made last night by Provincial Constable Jerry Lefebvre, 56 splendid pelts being found in a trunk on the Cobalt special, checked from New Liskeard to Mattawa. The owner of the trunk was not on the train, but he is said to be a man very prominent in the history of the north country, and a former member of the Dominion Parliament, who has been under surveillance for some time, suspected of being in the illicit fur business. Arrests are expected today and convictions for these skins will entail fines aggregating over fifteen hundred dollars.

Student Injured.

Lee Elliott, a medical student, whose home is in St. Thomas, and who boards on Queen's avenue, had his leg fractured yesterday. He was at once placed in one of the wards in Victoria Hospital, and the fracture set by the house staff.

Jack Binns Tells How to Make a Tuning Coil

Lesson Number One.

[BY JACK BINNS.]

We are going to make a tuning coil, as the first step in our task of making a wireless outfit for ourselves.

WHAT YOU NEED FOR FIRST LESSON

On rolling pin, cost 10 cents.
Two pieces of wood, four inches square and half an inch thick.
One pound No. 20 magnet wire, cost 15 cents.
Ten cents worth of shellac.

You will be surprised how simply this can be done.

Cut off the handles of the rolling pin, so that the pin will be twelve inches long.

Next comes a job that requires neat-

ness, care and plenty of time. It is the job of wrapping the wire around the pin. The magnet is cotton covered. If you wrap carefully to within half an inch of each end of the rolling pin, you will have a very neat wound coil. There will be only one layer of wire, but your coil will be as neat

as appearance as a new spool of thread with every turn of the wire lying tight against the next one and no overlapping. Fasten one end of the wire to the rolling pin; leave about two inches of the wire loose at the other end. Now nail your square blocks of board to the ends of the rolling pin, being sure that the centres of the boards and the centre of the pin are together. When you have done this properly you will have an object that looks like a huge spool with square ends. The spool will lie perfectly level. It will look like the drawing in figure 1 and it will be thirteen inches long over all.

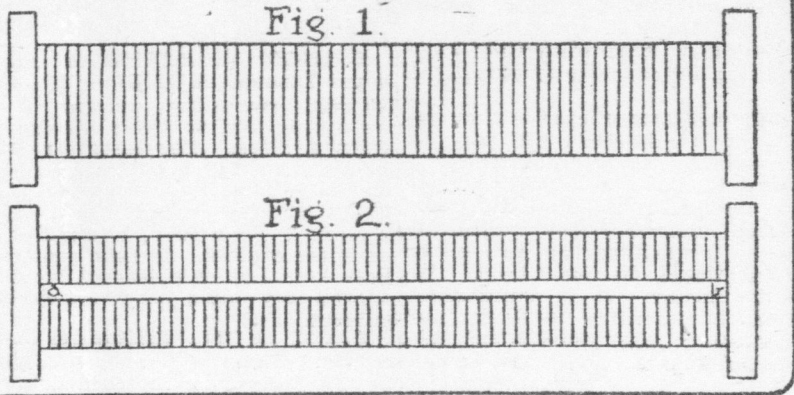

With a small brush give the coil two heavy coats of shellac, one coat in the evening, and another in the morning is best.

Now your tuning coil is half-made. Lesson No. 2, which will appear in The Daily Advertiser tomorrow, will tell you how to complete it.

Fig 1

Fig 2

ness, care and plenty of time. It is the job of wrapping the wire around the pin. The magnet is cotton covered. If you wrap carefully to within half an inch of each end of the rolling pin, you will have a very neat wound coil. There will be only one layer of wire, but your coil will be as neat

U. S. MINES TO CLOSE SATURDAY

Wilkesbarre, Pa., March 26.—Anthracite coal operators announced today that there would be no overtures for peace with the miners by opening the way for another conference. Coal officials admitted that they had prepared themselves for the closing of all their collieries next Saturday, when the suspension order goes into effect. Until today there was no definite statement that the operators would not suggest another conference. The hope had been that the door would be opened for further negotiations, but the frank admissions of the operators are proof that there is a well-determined plan to ascertain the union's strength during the time of the suspension.

Preparations on all sides have been made for an indefinite suspension. With the announcement that the Lehigh Valley had engaged 1,000 men for strike duty came the statement today from Harry Kulp, strike-breaker, of this city, that he had engaged 5,000 men for seventeen different companies, and that all these men would be ready for duty after the 1st of the month. The suspension order, which is a plan of attack from the miners' side, means that the cutting of all coal must cease Saturday.

PROVINCE SHOULD HANDLE SUBSIDIES

Mr. Rowell Points Out Ontario Should Disburse Good Roads Appropriation.

STUDHOLME'S BILL LOST

Government Secures Authorization To Place a Loan For Five Million Dollars.

Toronto, March 27.—Mr. Rowell's resolution for good roads received only partial endorsement in the Legislature yesterday. There was little difference of opinion regarding the advantage of a thorough system of good roads in the province. Gratification was expressed over the progress so far made under the highway improvement act, but the Government would not accept the clause representing to the Dominion Government that the Federal grant should be upon a fixed basis with a view of preventing political "log-rolling," and insisting that as the title to the highways was vested in the province, the province should disburse any appropriation made by the Dominion.

Sir James Whitney spoke of the increasing amounts which the Gov-

ernment had spent on good roads. The Dominion Government, he said, could not come into the province and spend this money. The bill, he said, provided for the appropriation of the funds to the province, not the spending of them in the province. The funds would be expended by the province, and in an equitable manner between Old and New Ontario.

Elliott Takes Issue.
Mr. J. C. Elliott (West Middlesex) took issue with Mr. Rowell's statement that Ontario could not dictate to the Dominion Government as to the terms on which the money should be given. He should, he said, be an absolutely fixed basis as to these terms. Ontario could not enter upon this matter with any pride until they had a fixed agreement. The question of allowing the Dominion to come in and have jurisdiction over Ontario roads was a serious one. It was a dangerous precedent to establish to commit the province to any system by which Ontario might lose the control of her roads.

Hon. Dr. Reame desired emphatically to repudiate the suggestion that by the proposed scheme the Dominion would be encroaching on the rights of the province.

Studholme's Bill Lost.
Mr. Allan Studholme concluded his speech on his minimum wage and short working day bill. Mr. J. T. Regan (South Westwotth), seconded Mr. Studholme's bill, differing from the Government. Mr. Regan pleaded for a short working day and a minimum wage as in the interests of public health. The Government was legislating for the care of children in respect of their employment under the health bill, so why not extend its operation to include this bill? Mr. Studholme's bill was lost on division.

\$500,000 Loan Authorized.
Hon. I. B. Lucas introduced a bill to authorize the raising of the \$500,000 loan for the purpose of developing Northern Ontario, including the construction of works and improvements and roads, the development of water powers, settlement and colonization, and improvement of transportation, agriculture and reforestation in that section of the province.

Mr. J. C. Elliott (West Middlesex), has given notice of motion for a return of all correspondence received by the Government respecting the appointment of additional judges of the supreme court or the changes in the constitution of the court.

A HUGE OVERDRAFT.
Winnipeg, March 26.—The city's bank statement, submitted to the city council last night, showed a bank overdraft that was the cause of some caustic comments. There is an overdraft of over \$1,900,000 on capital account, and over \$847,000 on revenue account. The explanation given is that the 1911 estimates have been considerably exceeded by the work undertaken. The vast sums, approximately eight million dollars, which the city has tied up in public-owned utilities is also causing uneasiness in local circles.

LORD STRATHCONA WEAK.
London, March 26.—Lord Strathcona remains very weak, although there is no immediate cause for apprehension.

PELLETIER AGAIN IN HOT CORNER

Liberals Show Him Dangers of His Rural Mail Policy.

LEADS WAY TO ABUSES

Sir Wilfrid Laurier and Mr. Lemieux Urge That Department Be Kept Out of Politics.

Ottawa, March 26.—Hon. Mr. Pelletier's statement that the Government proposed to appoint some scores of temporary "officials" to survey routes for rural mail delivery in the various constituencies throughout Canada, set the Postmaster-General into more trouble this afternoon. The House was in committee on the Government bill to amend the civil service act, and Mr. Pelletier's clause, seeking authority to make these appointments at his discretion, precipitated the debate.

Sir Wilfrid Laurier directed immediate attention to the clause, and pointed out that it opened the door to many abuses. Messrs. Carvell and Pardee followed with a vigorous analysis. It was apparently designed, they pointed out, to be a piece of political patronage machinery, putting in the Postmaster-General's hands the power of dispensing a shoal of "jobs," for which there was no need. They advocated the striking out of the "joker" clause, and recommended that the work be maintained in the hands of the department.

Mr. Pelletier assured the House that the thought of patronage was far removed from his mind. He was administering his department without thought of patronage, "except in cases where it was warranted," and he could give assurance that his intention was to operate under the clause without party considerations.

One on Borden.
"A very proper intention," commented Sir Wilfrid Laurier amid laughter, "but I trust I will not be permitted to lead himself into temptation, under the pressure of which I am afraid he could yield." The Liberal leader was inclined to think that the appointment of surveyors to lay out routes from fifty to one hundred years old was not serious. He hoped the Postmaster-General would keep out of temptation.

Hon. Mr. Lemieux urged that the rural postal system be operated apart from any political complexion. By this plan only could satisfactory results be secured. If the postal department was to be turned into a patronage distribution agency, the Postmaster-General would soon find that the revenue would not meet the demands made upon him. He urged that the matter be put altogether outside of party politics and kept to the regular postal channels. This, he said, was the course adopted by the late Administration, as members of the House on both sides knew. He suggested that the minister would be well advised to appoint Mr. George C. Anderson as head of the extended rural mail delivery system.

Hon. Mr. Pelletier said he concurred with the suggestion, but owing to Mr. Anderson's value in his present position he could not be transferred. It was, however, his intention to recommend Mr. A. Bolduc at present inspection of the Ottawa post office, for the position.

Hon. Mr. Emmerson objected to the clause under discussion on the ground that it proposed to delegate authority to appointees who would be without any sense of responsibility. Dr. Edwards complained that in nearly all of the Government legislation the Liberals have discovered an "Indian" in the wood pile.

"In all," observed Sir Wilfrid Laurier amid renewed laughter.

The bill finally passed its second reading with full Ministerial support.

BOUNDARIES BILL PASSES THE SENATE

Large Number of Amendments Voted Down in Upper House.

Ottawa, March 27.—The Manitoba boundaries bill has passed its final parliamentary stage without amendment. Royal assent and proclamation are all that are now required to make it law. Yesterday the Senate turned down a half-dozen proposed amendments and gave the bill third reading.

THE BERLIN POISONINGS

Five Men Are on Trial Accused of Being Responsible.

Berlin, March 26.—The trial began today of five men accused of being responsible for the wholesale wood alcohol poisonings which occurred at Christmas among the inmates of the Municipal Night Shelter for the Homeless. The indictment, which specifies 89 cases of death and five of total blinding from this cause, alleges the violation of the pure food law by the preparation and selling of harmful substitutes and thus causing serious bodily harm. Another clause of the indictment charges fraud and attempted fraud. The technicalities of the law do not permit of more serious charges being brought.

The accused persons include a drug-gist named Schumann, who secured and prepared the deadly spirits; two salesmen named Zastrow and Meyen, and the intermediaries and saloonkeepers Redonks and Dable, who mixed and retailed what was called rum and other cheap popular liquors.

NINETEEN MILLION SUPPLEMENTARIES

Borden Government Will This Year Spend Over Two Hundred Millions.

THE PRINCIPAL VOTES

One and Half Million for Hudson Bay Road and a Million for the Highways.

Ottawa, March 26.—Supplementary estimates for the coming fiscal year, tabled in the Commons late tonight, by the minister of finance, provide for an additional expenditure of nineteen millions six hundred and ten thousand and thirty-nine dollars, divided \$13,072,526 on consolidated fund account, and \$6,537,513 on capital account. The total is some ten millions short of the original draft submitted to council, the pruning-knife being liberally used on Saturday. The total expenditure authorized, however, still shows a jump of some thirty-three millions over the total expenditure for the year 1911-12, exclusive entirely of railway subsidies and other special expenditures already voted by resolution, aggregating nearly thirty-five millions.

The main estimates brought down earlier in the session totalled \$149,739,677. The supplementary added to these give a total of \$169,289,716, divided \$117,981,831 to consolidated fund account and \$51,407,885 to capital account. Taking everything into account, the total expenditure authorized by Parliament this session will be about \$205,000,000. For a new Government this is "going some." There is little likelihood of another "fielding surplus."

The Big Votes.

The principal votes in the supplementary estimates include the following: \$1,000,000 for the Hudson Bay Railway and terminals at Port Nelson; \$1,500,000 for the construction, leasing or expropriation of terminal elevators under the new grain bill; \$500,000 for aid to agriculture and other rural matters among the provinces according to population; \$1,000,000 for the improvement of highways, also proportioned to the provinces, according to population; \$200,000 for seed grain to new settlers in the prairie provinces; \$561,947 additional for the militia department, bringing the total vote for that department up to nearly nine millions; \$200,000 for beginning construction on the new Welland Canal; \$100,000 for French River waterway improvements, being practically a beginning on the Georgian Bay Ship Canal; \$1,000,000 for harbor improvements; \$100,000 for St. John harbor; \$1,000,000 for a Dominion Government building in London, England; \$200,000 for new Dominion buildings at Toronto; \$500,000 for a new departmental building at Ottawa; \$150,000 for a new subsidized steamship service between Canada and the West Indies or South America; \$50,000 for the improvement of the St. Lawrence river; nearly eight millions for public works generally, chargeable to income.

Civil Service Salaries.

Under the head of civil government, there is an item of \$183,787 to provide for additional employees of the inside service, salary increases, etc., including \$50,000 to pay the salary of the new chief clerk of the department of justice, in the department of justice there is a vote of \$20,500 to pay a special bonus of \$100 each to employees in the penitentiaries receiving salaries of less than a thousand dollars. Under the heading of House of Commons there is a vote of \$50,000 to provide members with stenographers and typewriters, this being in accordance with the request of the Conservative caucus for an additional indemnity to members to meet correspondence expenses.

Aid to Agriculture.
The half a million dollars given for aid to agriculture is apportioned as follows: To Ontario, \$175,723; Quebec, \$139,842; Nova Scotia, \$34,283; New Brunswick, \$24,509, and other provinces in proportion to population.

The militia and defence vote, which totals with the supplementary over \$800,000 in excess of last year's vote, includes \$150,000 for ordnance, equipment and lands, and \$193,000 additional for stores.

Out of the million dollars for highway improvements, Ontario will get \$251,466.

For the Quebec National Battlefields Commission, there is a vote of \$100,000 for laying out a park on the battlefields at Quebec.

ENROUTE TO OTTAWA

Bermuda Merchants to Attend Commercial Convention at Capital.

[Canadian Press.]

New York, March 26.—A party of seven merchants, most of whom hold public offices in the West Indies, arrived in New York today by the Royal Dutch mail steamship Marowijne, from Barbadoes. They went to the Belmont Hotel, and will start tonight for Ottawa, where they will attend a convention of Canadian mer-

Our New Wash Goods Deserve More Than We Can Say About Them

We want you to see, rather than read about them. Come and look; it will be time well spent and money saved. You don't buy Wash Goods simply because they wash. You want dainty summer wear because they are dainty, pretty, serviceable, and will wash if need be. If you want the prettiest of the pretty wash goods that are now in vogue, reliable as well as beautiful, come here for them.

A great change has been brought about in the past few years in cotton dress fabrics. A few years ago light-weight woollen and silk fabrics were worn the summer through to the exclusion of cotton. Then came the twisted cottons, mercerized and fabric of silk and cotton interwoven. Each succeeding year the weavers produced a fabric lovelier and daintier. And this year! Fairy tissues as these, suggest silken threads rather than those of cotton, and colorings and designs, the deft touch of a skilled artist, with paint and brush, rather than French printings and weavings! And the loveliest and daintiest of 1912 productions are now being displayed in the West Aisle, Main Floor.

BORDERED COTTON VOILES—A most complete assortment in the new colors and designs. Prices, yard..... **50c to \$1.50**

Plain colors in Cotton Voile, with 12-inch Persian satin border, 45-inch. Yard..... **\$1.50**

Also a beautiful range of colored designs, 30-inch, at yard..... **50c**

Anderson's Famous Scotch Gingham

IN GREAT VARIETY AT THIS STORE.

This celebrated maker's goods are world-wide renowned, and there is no wash fabric that will stand the tubbing like these Gingham, and retain their perfect color and newness. Shown in Wash Section. A handsome variety of stripes, checks and plaids, also plain colors, 32 inches wide, at per yard..... **25c**

French Cambrics Are Popular

FOR BOTH MEN'S AND WOMEN'S SUMMER WEAR.

Colors, if needs be, that will boil, and for the severely plain tailored styles there is nothing better for ladies' waists or shirt-waist suits, saques, etc., as well as for men's shirts. Suitable colors and designs for each, in spots, stripes, small figures and plain colors, 32-inch, at per yard..... **25c**

Bordered Cotton Foulards

PRETTY DESIGNS IN HANDSOME COLOR RANGE.

We have just unpacked a very fine range of beautiful bordered effects in Cotton Foulards, small white figured pattern on mauve, green, Saxe, blue and gray, with 4-inch Oriental border, 28-inch width, at yard..... **50c**

West Aisle—Main Floor.

Already Much Easter Buying Is Being Done
But Eight More Shopping Days Remains Before Easter.

We have jumped straight into spring; and while some forethoughtful folk have provided themselves with new spring apparel, there are more who have everything yet to buy.

To those people we should like to say that our stocks of every sort of merchandise relating to Easter are now at their height. Beginning with such important accessories as Millinery from Paris, New York and our own workrooms. Hosiery and Gloves, Neck Fixings and Ribbons, Handkerchiefs and Handbags, and ending with Spring Suits, Dresses and Top Coats. Inspect our Easter display.

Demonstration of Bon-Ton and "Royal Worcester" Corsets Continues

See to your Corset needs this week, while you may have the assistance and advice of an expert corsetiere, the personal representative of the makers of above high-class corsets, who will be with us for only a few days more.

Some simple little hint or pointer on the proper adjustment, and advice regarding the particular model you should wear will perhaps more than repay you in style and comfort if you have your new Corsets chosen and fitted by an expert. Corsets—Second Floor.

BANVILLE GUILTY OF MANSLAUGHTER

Seventeen Months For Man Who Accidentally Killed Another.

[Canadian Press.]

Rimouski, March 26.—Eugene Banville, on trial here for the manslaughter of Dudley Caston, manager of Mark Ham-bourg, the pianist, who was killed by a

bullet which came through the window

of the coach in which he was travelling from Halifax to Montreal on the Inter-colonial Railway last fall, was this morning found guilty of manslaughter.

The evidence showed that Banville had been firing off a revolver in the street close to the railway at a political meeting during the general election. The bullet extracted from Caston's body fitted Banville's weapon. The prisoner was sentenced to 17 months in jail.

Indicated in all anemic conditions. An excellent reconstructive tonic during convalescence from acute diseases of after childbirth.

A palatable preparation of extract of Cinchona Bark and Oporto grape-juice, free from addition of alcohol.

Big Bottle. Ask Your Doctor.

Graphic Picture of One Result of British Coal Strike

This photograph, just over from London, shows how greatly British railway traffic was hampered by the coal strike—a yard full of idle engines. That picture may be duplicated in the United States before many weeks.

MUSIC TAUGHT FREE HOME INSTRUCTION

Special Offer to Readers of The Advertiser.

In order to advertise and introduce their home study music lessons in every locality the International Institute of Music, of New York, will give free to our readers a complete course of instruction for either Piano, Organ, Violin, Mandolin, Guitar, Cornet, Banjo, Cello or Slight Singing. In return they simply ask that you recommend their Institute to your friends after you learn to play.

You may not know one note from another; yet, by their wonderfully simple and thorough method, you can soon learn to play. If you are an advanced player you will receive special instruction.

The lessons are sent weekly. They are so simple and easy that they are recommended to any person or little child who can read English. Photographs and drawings make everything plain. Under the Institute's free tuition offer you will be asked to pay only a very small amount (averaging 14 cents a week) to cover postage and the necessary sheet music.

No one should overlook this wonderful offer. Tell your friends about it—show this article to them.

The International Institute has successfully taught others and can successfully teach you, even if you know absolutely nothing whatever about music. The lessons make everything clear.

Write today for the free booklet, which explains everything. It will convince you and cost you nothing. Address your letter or postal card to International Institute of Music, 98 Fifth Avenue, Dept. 376, New York, N. Y.

PHARISEES DO NOT WANT CHRIST DIVINE

Rev. Mr. Whiting's Sermon in First Methodist Church.

Monday night Rev. Mr. Whiting preached a strong sermon on the opening of the eyes of the blind man. Among other things he said that the Pharisees of all ages do not want Christ to be called divine. He said that the Pharisees of the Sabbath and pious, who are very mean in their lives. What better could Christ do than heal on the Sabbath. It was a divine healing and why should not God do His best work on His best day. The most foolish even of the nineteenth century was for the Pope at Rome to attempt a modern reproduction of the mean act of the Pharisees, when they excommunicated the blind man because he gave Christ the glory of his cure. Excommunication should be left to God. If any one has a right to say who should be in his sanctuary it is God. How merciful! His eyes were blinded for fifty years and then he was shut out of the church for the rest of his life—but Christ received him—as he would all in the church. The service was remarkably fine and conversation and consecration were the order.

BIG GEM SEIZURE.
Grand Jurors, March 26.—Over \$3,000 worth of diamonds, watches and other articles of jewelry, were seized yesterday by special United States treasury agents at Cando, N. D.

whose name is given as Anderson, is under arrest, suspected of being a member of a gang of diamond smugglers.

NOT A SECRET

KATHRYN DUNNE'S STORY.

It is said that in Europe when a woman finds a remedy that does her great good, she keeps it a secret for she does not want any other woman to be able to rival her charms. American women are different. When they find a good remedy, they want other women to get the benefit too, so they tell their friends.

Miss Kathryn Dunne, of N. Y. City, is one of these. She says: "When I was in a weakened condition last spring I took Vinol with the greatest benefit and I recommend it highly. Five of my friends are now taking Vinol on account of the benefit I received."

When you are run down and weak, you need better blood and more strength, and Vinol will give them to you. It is a delicious cod liver and iron preparation without oil and restores untold thousands of pale, nervous, broken-down people to health each year. We give you back your money if Vinol does not help you.

Anderson & Nelles, Druggists; also W. T. Strong, Druggist, London, Ont.

GRANT OF \$6,000 WANTED BY FAIR

City Council Will Be Asked for this Amount by the Association.

USES FOR THE MONEY
\$1,000 To Be Applied to an Art Building and the Remainder To Be Spent in Prize Lists, Etc.

At the meeting of the Western Fair Board on Tuesday afternoon it was decided to ask the council for a grant of \$6,000 this year. Of this amount \$1,000 is to be applied to a new art building and the remainder to prize lists, advertising and improvements to the old buildings.

This is an increase of \$2,000 over the previous year. It was pointed out that in view of the fact that the Dominion Exhibition is to be held at Ottawa this year, the directors had to increase the prize list in order to induce exhibitors to come to the fair.

It was estimated that \$40,000 would be required to finance the fair this year. This is an increase of about \$5,000 over the expenditure of last year.

Opening the Fair.

Some distinguished person will be invited to open the fair. It was the purpose to have His Royal Highness the Duke of Connaught present on the opening day, but this was found to be impossible. It is not known who will be selected, but every effort will be made to secure the attendance of a distinguished Canadian to perform this duty.

The salary of Secretary Hunt was increased \$200. Several of the members spoke of his most efficient services during his term of office.

It was unanimously decided to erect an art building. The need of such a structure was impressed upon the directors by Mr. William Moore. The Art Society of the city was interesting its members in the proposition, and material assistance will be given by the organization.

It was decided to add a three-year-old pacing and trotting stake to the programme. A number of owners of stallions and their horses were confident that the classes would fill.

No Athletic Day.

There will be no athletic day at the fair this year. In the past it has not proven altogether successful, and it was decided to abandon the idea. Something will be suggested in its stead.

A creamery plant will be placed in operation in the dairy department during the fair. The chairman of the committee, Mr. William Moore, will arrange the details.

The trouble over tickets of admission for persons having privileges on the grounds was settled. This year every person paying for privileges will be allowed one admission ticket for every \$3 contributed to the society. All refreshment privileges over \$20 will be allowed one ticket good for three admissions daily in addition.

The judges for the various departments were selected. It was decided to have two judges in the horse department, two for the light horses and one for the heavy classes.

Mr. J. H. Saunders, second vice-president, occupied the chair. Those present were Messrs. Wm. McNeill, W. Moore, Col. R. McEwen, J. Oke, J. Pringle, W. Johnston, Ed. Douglas, Ald. W. E. Robinson, Mayor Graham, Ald. T. J. Murphy, R. A. Carrothers and Secretary A. M. Hunt.

REMUNERATION FOR HON. ADAM BECK

Government Announces Power Minister Will Be Paid for Past Services.

Toronto, March 27.—Sir James Whitney announced in the Legislature yesterday afternoon that before the end of the present session the Government proposed to introduce a bill giving the remuneration of Hon. Adam Beck, chairman of the hydro-electric power commission, although Mr. Beck was a member of the House. The announcement was received with applause.

The Prime Minister did not indicate whether this remuneration would take the form of an honorarium, or a stated salary. He said that Mr. Beck had served the Province on the hydro-electric commission entirely without salary, even paying his own travelling expenses, and the proposal of the Government to create a department of power was adopted largely in view of the fact that Mr. Beck had never been remunerated for his services. Now that that policy has been delayed, the Government will take this method of dealing with the situation.

TREAGER DEAD.
Berlin, March 26.—Christian Gottfried Albert Treager, member of the Reichstag from Oldenburg, and "Father of the House" died today in his eighty-second year. He belonged to the Radical party, and was at one time a deputy in the Prussian Diet. By profession he was a lawyer, but was a prolific poet and collaborated in the translation into German of the poems of Robert Burns. He also wrote several plays.

SALARY INCREASE FOR PRESBYTERIAN CLERGY

Stipends Up to \$900 in Ontario Are To Be Supplemented.

Toronto, March 2.—At a meeting yesterday the augmentation committee of the General Assembly of the Presbyterian Church, which is the senior department of the home mission committee, ordered that claims for the quarter now ending, to the amount of \$12,000, should be paid. The committee decided to supplement stipends from April 1 up to \$900 in old Ontario and Quebec, and \$1,000 in New Ontario and the western provinces; also to recommend to the General Assembly that the minimum stipend be from Jan. 1, 1912, \$1,000 in old Ontario and Quebec, and \$1,200 in New Ontario and the western provinces. The \$900 scale goes into effect forthwith, but the \$1,000 scale will have to receive the sanction of the General Assembly, which meets in June next. The present scale is \$850 in old Ontario and Quebec, and \$950 in the west, so that the increases recommended are \$150 and \$250 respectively.

It is proposed to unify all mission work on Canadian soil. The committee has determined the grants to be made to about 200 congregations for the coming year.

Rev. Dr. D. M. Ramsay, of Ottawa, is presiding at the session of the committee, while Rev. J. H. Edmiston is acting as secretary.

PORCUPINE ARRANGES FOR A CELEBRATION

To Mark the Passing From a Camp to a Mining Centre.

Toronto, March 26.—Next Saturday, March 30, will witness the passing of Porcupine from a prospector's camp to a producing mining centre, and the board of trade of South Porcupine has arranged to mark the occasion with a celebration of an international character which will last for five days, and continue until Saturday night. With a view to completing arrangements for conveying visitors to the scene, Proctor Smith, president of the South Porcupine Board of Trade, and C. A. Bell, manager of the Porcupine (Canada) Development and Investment Company, of the entertainment committee, are now in Toronto arranging for the starting of the four special trains of Pullman which will pull out of the Union station for South Porcupine on Thursday night at 8:30 o'clock. Included in the party will be 15 members of the Federal Parliament, G. C. Conroy, Col. Robert M. Thompson, Col. Monell and Captain De Lamar, New York financiers; Douglas Edwards, Chicago, and Alex. Faskin, Toronto, directors of the Dome mine, who will be on hand to see the stream of gold start from the first stamp mill that company will put into operation on its property on Saturday, when the entire mine will be thrown open to the guests of the board of trade for the first time. With a view to the workings of all the prominent properties and the visitors will be entertained at a banquet and smoking promises to be a part of what will be the most successful of the celebrations that has ever taken place in the Dominion of Canada.

STARVED NERVES

THE CAUSE OF NEURALGIA—IT MUST BE TREATED THROUGH THE BLOOD.

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the cases of neuralgia. They actually make new rich blood, carrying to the starved nerves the elements they need which will drive away the sharp, torturing pains which nearly drives the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mrs. Sophia H. Johnston, Mozan, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would close in every time I opened or closed my mouth. At times the pains would be almost unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctoring, but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes, and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DEFEAT OF PACT COSTLY FOR WEST

Twenty Millions Dollars Lost by the Defeat of Reciprocity.

CONDITIONS ARE BAD

Writs Being Issued at Alarming Rates, Says Western Member to Senate.

Ottawa, March 26.—Throughout the whole of his evidence given this morning before the Senate committee on economic conditions, E. J. Fream, secretary of the United Farmers of Alberta, an organization with 15,000 members, declared that wider markets were the paramount necessity of the Canadian West. He asserted that some of the most important branches of agriculture in the province were falling behind simply because the farmers were not sure that they could get a market for the things they raised. He insisted that the United States was the logical market for the Canadian West.

Mr. Fream declared that his province was the most farming province par excellence, but unless markets were secured the farmers would not go into it.

"Talking of cattle, I met men who voted against reciprocity who the next day asked to be kicked, and kicked hard," said Mr. Fream.

"You could get somebody to do it, I suppose," said Senator Taylor. "Didn't you meet some men who voted for it who wanted to be kicked?"

"I have not met them."

Mr. Fream gave comparative figures of the Chicago and Edmonton markets, showing the superiority of the former. He could not say what the advantages of reciprocity would have been for the chilled meat industry.

Senator Pope thought that perhaps the development of the chilled meat industry would take the place of reciprocity.

"Oh, nothing will do that," Mr. Fream insisted.

Not Afraid of Australia.

The witness declared that sheep raising in Alberta was decreasing, just as cattle raising was. Had there been duty there would have been a great influx of sheep, probably 100,000, in the last few months, to be fed on damaged grain. The Chicago market for fattened sheep was excellent, but again the duty intervened.

"If you had reciprocity you would have had Australian mutton in on you," said Senator Pope.

"We're not one bit afraid."

"Not of the Australians?"

"No," laughed Mr. Fream. "We will compete with every one of them. I agree with Mr. Lane about taking the duty off horses."

Mr. Fream gave an illustration of how the defeat of reciprocity worked out in one respect. A Calgary printer had bought a press with the understanding that if reciprocity carried he would get back \$600. After September 21 he had had to pay the money, and so increased his prices.

"It's the consumer who pays," he said.

Average Duty \$25 or \$250.

"What is the average duty the farmer pays per year?" asked Senator Bell.

"I couldn't say."

"It has been estimated at \$250," volunteered Senator Young.

"It isn't more than \$25," declared Senator Taylor.

"If you can prove to me that it is not more than \$25 per head for every one of my family, you can have the money," retorted Mr. Fream.

Mr. Fream then told Senator Edwards that the fall-off in hog production was due to lack of markets. So far as wheat was concerned Great Britain was the best market, but in three or four years the Canadian West would produce more wheat than Great Britain would consume.

China and Japan did not offer a good market for high grade western wheat and it did not pay to produce the lower grades.

Cost West Twenty Millions.

The defeat of reciprocity had cost the West at the very least twenty millions. The deputy minister of agriculture for Saskatchewan had estimated it at seventeen millions for his province alone. He was not a particular friend of the United States, but because the Canadian trusts were just the same thing under Canadian names. A new cement company whose prospectus declared that it could make cement at 78 cents per barrel proposed to sell at \$2.05, which was 25 cents cheaper than the cement merger sold.

Alarming Conditions.

"Bradstreet's and Dunn's show that writs are being issued at an alarming rate, and judgments are being given wholesale," said Mr. Fream, speaking of conditions in the West.

TEN PARTRIDGES ALL HUNTER CAN SHOOT

Legislature Approves Recommendations of Fish and Game Commission.

[Canadian Press.]

Toronto, March 26.—Ten partridges is all that any one hunter will be permitted to bag this season if the recommendation made by the Fish and Game Commission, at a session held this morning, is approved by the legislature.

The killing of cotton-tail rabbits with ferrets, but not with guns, any time in the year in the fruit districts, even though it might exterminate them is another suggestion that was made by A. C. Phipps, of Norfolk, and approved by the commission.

Captain Machin's bill for the amendment of the Fish and Game Act was reported by the commission. One provision it makes it possible to place all the territory west of Port Arthur under the same rules as that north of the C. P. R. from Mattawa to the Manitoba boundary, where the deer season is now a month, while the other parts of the north country have only a two-weeks season.

On the suggestion of H. S. Osler, who took the commission there were no ducks north of the ridge between here and the Georgian Bay after November first, the legislature will be asked to make the season open on September first in the territory north of the C. P. R., a new line from Montreal to Toronto, and north of the ridge line of the same railway, from Toronto to Goderich, via Guelph.

"A TRIUMPH" IN TEA QUALITY

"SALADA"

PURE, CLEANLY PREPARED AND DELICIOUS. BLACK, MIXED or NATURAL GREEN. Free Samples mailed on enquiry. Address: "SALADA," Toronto.

FREE \$100.00

WIN	8	21	14	4	13	5	4	WIN

PRIZE	7	9	22	5	14			PRIZE
	1	23	1	25				

GIVEN AWAY

And many other Prizes according to the simple Conditions of the Contest (which will be sent). Each one of the above four lines of figures spells a word. This most interesting puzzle can be solved with a little study, as follows: There are twenty-six letters in the alphabet, and we have used figures in spelling the four words instead of letters. Letter A is number 1, B number 2, C number 3, etc., throughout the alphabet. This is a chance for clever persons to win Cash and other Prizes with a little effort. Write the four words, with your name and address, neatly on a piece of paper or post card and mail to us, and we will write you at once, telling you all about it. You may win a valuable prize. Act Promptly.

ARMEN IN CONTEST

German Government Plans Hard Competition for Citizens Only.

Berlin, March 26.—An aeroplane contest, in which each aviator will be expected to make about 120 miles a day with one passenger, will start from Bremen during the first week in June. The undertaking will be supported by both the Prussian and the Imperial Governments.

The Prussian minister of the interior has authorized a lottery—a characteristic German method of supporting almost every variety of project—to raise funds for carrying on the proposed contest, and the ministry of war has established a money prize for the winner and also promised to buy for not less than \$5,000 apiece the best two aeroplanes, which must be equipped with German motors.

The contest is open only to German aviators and not more than fifteen may enter. Each competitor must take as a passenger an officer from the aviator corps of the army.

These officers will be directed, moreover, to require specified strategic evolutions from their passengers in the air, and will have reference to the garrisons to be passed on the flight.

The first stage of the contest will be from Bremen to Munster, the second from Munster through Hanover to Brunswick, and the third from Brunswick through Lubeck to Hamburg. Each stage must be covered in a day and the following day will be a day of rest.

One stop is provided for each flying day, respectively at Osnabruck, Hanover and Lubeck.

Two other aviation contests of importance are planned for the coming summer. One is to be a reliability contest through South Germany, ending at Stuttgart and Nuremberg. The first

A Reasonable Plea For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Especially When It Costs Nothing to Try.

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach? Scientific analysis shows that digestion requires a powerful nitrogenous fermentation, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion, and when placed at work in the weak stomach, they immediately supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad, and are found to contain nothing but natural digestives. Chemical Laboratory, London, Telephone No. 11029 Central, 20 Colman street, Fenchurch street, E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself) at a city chemist's shop for the purpose, and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adaptable for the purpose for which they are intended.

(Signed) John R. Brooke, F. I. C., F. C. S. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the numerous recommendations of licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water-brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper digestion and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Ask your druggist for a fifty-cent trial sample package, and you will be surprised at the result. F. A. Stuart Company, 150 Stuart Building, Marshall, Mich.

BANQUET TENDERED THE BANK STAFF

Mr. John Pringle, of the Bank of Toronto, Proved an Ideal Host.

TOAST LIST A JOLLY ONE

Mr. Pringle and Others Made Brief Speeches and an Excellent Programme Was Carried Out.

A complimentary banquet was tendered the staff of the Bank of Toronto of this city at the Tecumseh House on Tuesday evening by Mr. John Pringle, the local manager. Every member of the staff was present, and an enjoyable time was spent. Mr. F. G. Parsons presided.

After the health of the King had been drunk, Mr. C. Ferguson proposed the toast to "Our Host." He expressed the confidence in and goodwill of the staff. Mr. Pringle made a suitable reply.

The toast to "The Ladies" was introduced by Mr. M. Jones, and Mr. H. Stevely did the honors for the fair sex.

"Our Hockey Team" was proposed by Mr. F. Copeland, and was responded to by Messrs. F. Parsons and J. Wells. The other toasts were: "Champions of the City," introduced by Mr. F. Parsons, and replied to by a representative from Perrin's team; "Our Oarsmen," proposed by Mr. H. Livingston, and responded to by Mr. S. Walker; "Our Tennis Team," introduced by Mr. Weaver, and replied to by Mr. E. Wright; "Our Bowlers," proposed by Mr. Sullivan, and responded to by Mr. R. Tooley; "Our Curlers," by Mr. S. Houston, and replied to by Mr. J. McDonald and Mr. E. Bleuthner, and "Our Golfers," proposed by Mr. Forrest and responded to by Mr. B. Ferguson.

During the evening, songs were rendered by Mr. J. Milne, Mr. J. Gibson, Mr. C. Coles, Mr. G. Jackson, Mr. H. Stevely and Mr. F. Copeland. An excellent recitation was given by Mr. J. Morrison, and an enjoyable piano selection by Mr. J. Walker.

EIGHTH ANNUAL CONCERT PROVED BIG SUCCESS

Choir of the Dundas Centre Methodist Church Put On Excellent Programme.

The eighth annual concert of the Dundas Centre Methodist Church choir was given in the church Tuesday night before a large audience. The organization, which numbers 63 members, was assisted by Messrs. George Dixon, tenor, and Russell G. McLean, baritone, both of Toronto.

Mr. Dixon was honored for his renditions of "Requiem," "A Banjo Song," and "Come Into the Garden with Me." McLean sang "For You Alone," "Ole March Wind," and "The Pipes of the Gordon's Men."

The choir was at its best in Mercantile's "The Last Seven Weeks." The other offerings by the choir were "The Chorus of Homage," by Gerleke, and "Spring's Message," by Gade.

The soloists were Miss A. E. Reid, Miss G. Ward, Mr. H. S. Walker and Mr. W. H. Skinner.

The members of the choir are as follows:

Sopranos. Misses Annie E. Reid, Florence Lane, Orlinda Suhr, Beatrice Gould, Mrs. T. F. Morgan, Misses Ida L. Ryckman, Edna Weston, Edith Lane, Stella B. Vennings, Mrs. E. L. Lumsden, Misses Anna Cook, Dena Holland, Beatrice Fletcher, Evelyn Williamson, Wilma Legg, Ida A. Wyatt, Mabel Pope and Bernice Anderson.

Altos. Misses Gwendolyn Ware, Violet E. Winnet, Margaret Carrie, Mrs. Harry Lewis, Misses Daisy I. Westman, Minnie A. Lilley, Ida Carrie, Annie Thomson, Mabel E. Pink, Edna Robinson, Clara Darville, Vera Roberts, Flossie Jenkins.

Bassos. Messrs. W. H. Skinner, W. B. Wortman, L. W. Noble, Walter Gay, Walter Adams, A. W. Corbin, J. McDermott, George Andrews, C. E. Westman, D. H. Cooke, Bruce Norton and Dr. E. P. Smith.

At the Piano—Misses Clara Darville and Jessie M. Perry.

OLD LADY ALMOST CRAZY WITH ECZEMA

A Remarkable and Convincing Statement of the Success of Cuticura Soap and Ointment in the Treatment of the Pain, Itching and Burning of Eczema.

"I, the undersigned, cannot give enough praise to the Cuticura Remedies. I had been doctoring for at least a year for eczema on my foot. I had tried doctor after doctor to no avail. When a young girl I sprained my ankle three different times, paying little or no attention to it, when five years ago a small sprain developed into a large one. I was worried and sent for a doctor. He said it was eczema. He drew a small bone from the ankle about the size of a match and about an inch long. The small bone grew to about the size of an apple, and the eczema spread to the knee. The doctors never could heal the hole in the ankle. The whole foot ran water all the time.

"My husband and my sons were up night and day wheeling me from one room to another in the hope of giving me some relief. I would sit for hours at a time in front of the fireplace looking for daybreak. The pain was so intense I was almost crazy. In fact, I would lose my reason for hours at a time. One day a friend of mine dropped in to see me. No one had been in to see me for some time. She exclaimed, 'Mrs. Finnegan, why in the world don't you try the Cuticura Remedies?' Being disgusted with the doctors and their medicines, and not being able to sleep at all, I decided to give the Cuticura Soap and Ointment a trial.

After using them three days that night I slept as sound as a silver dollar for eight long hours. I awoke in the morning with very little pain, in fact, I thought I was in heaven. After using the Cuticura Remedies for three months I was perfectly restored to health, thanks to the Cuticura Soap and Ointment. I will be sixty-four years of age my next birthday, hale and hearty at present." (Signed) Mrs. Julia Finnegan, 2284 Hebert St., St. Louis, Mo., Mar. 7, 11.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter D. & Co., 41 Columbus Ave., Boston, U. S. A., for free sample of each with 32-p. book.

THE ADVERTISER

Made by Penmans Limited Paris, Canada

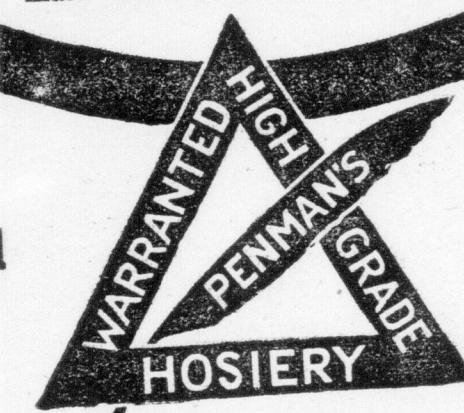

Seam-in-front stockings would seem absurd! Then why any seam?

You have kept on wearing stockings with a seam up the back—shapeless, uncomfortable things! Because you probably didn't realize the perfection reached by Pen-Angle Seamless Full-Fashioned Hosiery. These

are hose without the sign of a seam—look for the sign of the trade-mark. As they are being knit they are shaped lastingly to the curves of the foot and leg. They fit—they wear better—and the utter absence of any seam at all makes them ever so much more comfortable. No difference in cost—but much in quality, in economy and in comfort when you buy

Pen-Angle Hosiery

Next time you go shopping ask for the hosiery with the trade-mark that insures you foot-ease.

Makers of Underwear Sweaters and Hosiery

CROWN NOT READY TO PROCEED WITH INQUEST

A Delay of a Week Asked in the Dennis Investigation.

Because of the fact that the city detectives have been unable as yet to secure sufficient information from their investigations to permit of further procedure it was decided last evening to further adjourn the inquest into the death of Mrs. V. P. Dennis, better known as Mamie Renahan.

A week's delay was ordered by Coroner Ferguson, so the evidence will probably be taken if the officers are then ready to proceed at the police station next Tuesday night.

The authorities have refused to make any statement as to the probability of arrests being made in connection with the death of Mrs. Dennis, but it is understood that the investigation is being continued both in London and St. Thomas, where the deceased visited when stricken with her fatal illness.

WEST END BOOSTERS WILL MEET TONIGHT

Suggestion Will Be Made Regarding a New Breakwater.

The West London Improvement Society will hold a special open meeting tonight in Collins' Hall to discuss the proposed improvements to the breakwater. Chairman Moore, of the board of works, has been invited and will be present to hear and take part in the discussion.

One of the members will submit a plan for a permanent cement retaining wall, fifteen feet high, and mixed one part of cement to five of gravel, which will not cost over \$5 per lineal foot complete, about \$15,000 for the whole breakwater. A big attendance is expected. Every resident of West London will be welcome, whether he is a member or not.

REPORTS WERE READ AT W. C. T. U. MEETING

Regular Session Was Held on Tuesday Afternoon.

The local Women's Christian Temperance Union met in the rooms of the Y. W. C. A., opposite the armories on Tuesday. Mrs. Hubert Asplund, the president, was in charge, with a fair number of members in attendance.

It was decided to attend the next session, on the topic is "Live Questions in Which Mothers Are Interested." Several interesting papers will be read and speaker efforts will be made to render it a useful and pleasant meeting.

It was reported that Mrs. R. Webb, of the hospital, gave a good account of work done. She visited the hospital nine times and distributed there 217 papers and 12 magazines, called on 9 shut-in friends, sent 1 letter, 3 bouquets and 2 text cards.

Mrs. West, superintendent of work among Africans, has distributed 196 papers from Nov. 18 to Feb. 10. Mrs. Larsche, parlor superintendent, reported that in November she gave a reception to Mrs. Gordon Wright, our much-esteemed Dominion president, on her return from Sherbrooke and Winchester conventions.

The ladies were all greatly pleased to note the presence there of Mrs. M. Magee, former parlor superintendent.

president of the newly-formed Young Women's Christian Temperance Union, graced the platform. Miss Wilson, with a charming recitation, and Miss Rennie with a beautiful solo, enlivened the evening's proceedings.

The press superintendent had furnished 34 reports of meetings since the annual session, written 3 letters and 5 postal notes on business of her office, 1 original article published in Westminster Magazine, and instructed by the union, had compiled 1 on woman suffrage.

RECITES A PSALM ON THE SCAFFOLD

Murderer of Four Maintains His Innocence on the Gallows.

[Canadian Press.] Maryville, Mo., March 26.—Hox Rasco, murderer of the Hubbell family of four, was hanged in the yard of the county jail this morning. He protested his innocence on the scaffold, and recited the twenty-third Psalm.

Rasco murdered Mrs. and Mr. Oda Hubbell and their two small children at their home near Guilford, Mo., Nov. 20, 1910, and then set fire to the house to destroy the crime. Bloodhounds, taking the scent at the scene of the crime, followed a trail to Rasco's room in his father's home, where a bloodstained pair of overalls was found. The motive assigned by the state was Rasco's desire to recover money won from him by Hubbell in a poker game.

THREE ARE CHARGED WITH HUGE SWINDLE

Said to Have Taken Half a Million From Various Shipowners.

[Canadian Press.] Philadelphia, March 26.—Accused of swindling ship-owners in this country and England of more than half a million dollars, J. Burton Scott, J. Merrill Stuart, Evan Powell and Fred M. Clark were arrested here by postal inspectors in a raid on the offices of J. Burton Scott & Co.

According to Chief Inspector Cortle, the men represented that they were connected with Lloyds in England.

On Jan. 25 Miss Garrett, provincial secretary of the Y. W. C. T. U., organized a successful Young Women's Christian Temperance Union. On March 15 the union gave a reception to Mrs. Dumas Street Methodist church, Mrs. G. B. Wright, Dominion president, Mrs. M. R. Thornley, provincial president, Mrs. Hubert Asplund, local president and Mrs. Hill,

land, and by offering marine insurance at greatly reduced rates, succeeded in victimizing many shipowners. Inspectors Cortle says that the name of Morgan, Lyons, Clark & Co., was also used, and that many victims believed that the firm of Morgan, Lyons & Co. was meant.

At a hearing before U. S. Commissioner Craig, Scott was held in \$7,500 bail, Stuart in \$2,500, and Powell and Clark under \$1,000 each.

AUSTRIAN ALPS AVALANCHE OVERWHELMS TEN SKIERS

A Mountain Climbing Tragedy Reported From Near Vienna.

[Canadian Press.]

Vienna, March 27.—A party of eleven skiers were overwhelmed by an avalanche near the summit of Schnee Berg, near Vienna, yesterday afternoon and ten persons were killed.

Two wood cutters, coming down the mountain, heard groans from beneath the snow. They dug hastily and discovered a woman with her clothes torn and so exhausted that there is little hope for her recovery. She gasped "Avalanche. Dig deeper," and then fainted.

The laid her on the snow, and after much work, recovered the corpse of the leader of the party, Dr. Hacker. Then they conveyed the woman (Frau. Blanca Tagelicht), who is the sole survivor of the tragedy, to the hotel.

Owing to a heavy snowstorm last night the relief of the expedition was without result, but this morning several detachments of soldiers on skis proceeded to the spot.

Nine bodies, including that of one woman, have now been recovered. It is remarkable that the faces of all the victims wear happy expressions, which seems to indicate that death was instantaneous.

STOCK FOOD IS SCARCE ALL THROUGH KENT

Many Farmers Have to Import Hay and Grain For Their Cattle.

[Special to The Advertiser.]

Chatham, March 27.—The stock food famine in Kent County is becoming acute, and already farmers around here are beginning to feel the pinch. Other years at this time they were able to turn their stock out to pasture for part of the time.

Many Kent farmers have had to import hay and grain from other parts of the Province in order to tide their stock over.

As a result, the live hog deliveries in Chatham have been the lightest they have been in years, despite the fact that the remarkable prices of \$7.75 to \$8 per cwt. is being offered by local buyers.

COFFEE KING DEAD

John Arbuckle Dead at Brooklyn in His 74th Year.

[Canadian Press.]

New York, March 27.—John Arbuckle, the well-known coffee man, died early this morning at his home in Brooklyn. He was 74 years old. Death was due to a general collapse incident to old age. The body will be taken to Pittsburgh tomorrow for burial.

BUYS STRATHROY HOTEL.

[Special to The Advertiser.]

Strathroy, March 27.—The Queen's Hotel here has been purchased by Mr. Robert Barry, of London, who will take possession about April 1. Arrangements for the transfer of the license from Mr. Robert McIntyre to Mr. Barry are being made.

CORRESPONDENCE

The Market Buildings.

To the Editor of The Advertiser:

I have noticed of late that there has been and is considerable talk in our council chamber by our businessmen's council, of doing away with both the fish and meat markets. The latter is claimed to be in an unsanitary state by the board of health, hence the reason for its abolition. Now I for one consider that both of these buildings are the most serviceable, most needed and most profitable of all our public buildings. When the workingman's wife, who has no telephone, is down town to market everything is at her elbow, as it were—provisions, meat and fish, and that is as it ought to be in any well regulated city. So much for the first two reasons why they should be maintained. Now let us look at the profitable side, and we find that the fish market is a building that probably cost when built about \$1,000, and the rents derived from same are \$750 per year. Ye gods and little fishes! If any one of our worthy aldermen had such an investment as this, he thinks it would take an earthquake to make him let go of it, or the rent. But these worthy aldermen are not businessmen. "Surely not; their every action proves them to be anything but businessmen. The meat market also, according to the capital invested, is a first-class paying proposition, and perhaps that is the reason our worthy aldermen would like to see it closed up as our public urinals are at present, without providing others to take their place. I personally think the citizens were not asleep when they voted in favor of doing away with all aldermen and governing the city by a commission instead. Respectfully yours, P. HASELGROVE, London, March 26, 1912.

The Duchess of Hohenberg

Morganatic wife of Archduke Francis Ferdinand, heir to the throne of Austria-Hungary, who though dead, at any moment may carry off the aged ruler, Francis Joseph, and proclaim his husband emperor, cannot take her place at his side as empress. This state of affairs has occasioned by court etiquette that illiberal treatment of Austrian throne anyone not of royal blood.

FARMERS' BANK PROBE OFF FOR SOME TIME

Sir William Meredith Is Unable to Attend the Sessions at Present.

Toronto, March 27.—Owing to the death in Guelph this morning of Dr. J. D. Thorburn, son-in-law of Chief Justice Sir W. R. Meredith, the Farmers' Bank Inquiry, which was to have been resumed this morning, has been postponed indefinitely. Frank Hodskins, K.C., who is representing the crown in the inquiry, made this announcement to the counsel present, and said that the investigation, which will be resumed on the call of the commission, will not likely be resumed before May. The reason for the delay is that the chief justice will next week take up his regular court work. It had been the intention to examine W. R. Travers today and tomorrow, and then adjourn, but circumstances prevented this, and the guard started back for Kingston with Travers at noon. Mr. Hodgins did not want to take the responsibility for detaining him until he is needed. Travers will be brought back when the inquiry is resumed.

ORNAMENTAL LIGHTS WILL BE EXTENDED

Petitions Are About Completed, Engineer Glaubitz Says.

The petitions for the extension of the ornamental street lighting system of Richmond and Dundas streets, are nearly all signed, and it is expected that they will be presented to the council at its next regular meeting.

For some months engineers have been at work, and have met with great encouragement. General Manager Glaubitz expects to have the work ready by fall.

"We have the petitions practically signed," said Mr. Glaubitz. "A very few more names are necessary, and we expect to have them in a day or two. We will hurry the work as rapidly as possible, as we desire to have it ready at an early date. It is possible that I will use armored cable for the ornamental lights. The conduits for other wires will be laid also, but the lights will be fed from the cable. I think this arrangement will be cheaper, and to the advantage of all concerned."

WOLFENDEN NEW MARQUETTE AGENT

Becomes Chief of Passenger Department With Headquarters at Detroit.

Detroit, March 27.—After a service of 31 years with the Pere Marquette or its constituent lines, W. E. Wolfenden has come to Detroit as its general passenger agent. He entered service in 1881, as operator of the Chicago and West Michigan Railway at Woodville, Mich. In 1882 he was agent at New Richmond, 1883-1889 agent at Detroit Harbor; 1890-1893 travelling passenger agent of the same road, and the Detroit, Lansing and Northern Line. In 1900 the Pere Marquette Railroad was formed out of the Chicago and West Michigan, Detroit, Grand Rapids and Western, and the Flint and Pere Marquette Railroads, and Mr. Wolfenden became district passenger agent at Grand Rapids, where he remained until 1904. From 1904 until March, 1912, he was general western passenger agent, with headquarters in Chicago, leaving that city to come to Detroit to take up his new duties.

Mr. Wolfenden was born in Port Hope Ont., in March, 1862, and was educated at Whitby College in Ontario.

American Embassy Denies Reported Statement of Whitelaw Reid.

[Canadian Press.]

London, March 27.—In connection with Sir Henry James Daniel's question in the House of Commons yesterday regarding the statement published in New York on March 16, quoting Whitelaw Reid, the United States ambassador in London, as comparing the present conditions in Great Britain with those of France before the revolution, the United States embassy this morning issued the following statement:

"No interview whatever was authorized by the American ambassador, who never entertained much less expressed the opinion set forth in the question."

TEMPERANCE WORKERS

Continued From Page One.

platform will allow drinking in clubs I think the remedy is worse than the disease. The number of clubs would increase, and worse conditions would result. If strong drink is kept out of clubs and the bars abolished it would be a very advanced step.

VEN. ARCHDEACON RICHARDSON, St. Luke's Anglican Church, brought out I think that the abolition of the bar is one of the greatest moral movements of the day. Whatever may be said for or against prohibition there ought to be no difference of opinion even in the minds of politicians regarding the public bar. I hope the day will speedily come when this source of misery and ruin to so many precious lives will cease altogether to exist.

REV. C. M. CAREW, pastor of Maitland Street Baptist Church—I think that anything that will lessen the treating system will be a good move. I am in favor of any effort for the curtailment of the sale of intoxicants, and while I have not yet given the details of the plan much consideration, I believe the abolition of the bar to be a move in the right direction, and give the scheme my hearty indorsement.

REV. G. B. SAGE, D.D., rector of St. George's Anglican Church, West London—I think that Mr. Rowell's proposition is a very good thing indeed. The abolition of the bar would go a great way toward the abolition of the treating system. I think that his scheme is all that the temperance people desire at this time, as the country is not yet prepared for total prohibition.

REV. C. R. GUNNE, rector of Christ Church—"I think that Mr. Rowell's proposal is purely a matter of politics, and being such I have nothing to say about it."

"Do you think that this move for the abolition of the bar has no relation to the work of temperance, in which all churches are interested?" Mr. Gunne was asked.

"I would not say that, but I prefer not to make any statement," he answered.

REV. S. A. ANDERSON, pastor of New Methodist Church, Richmond street north—I think that the announcement made by Mr. Rowell is a magnificent thing, the very thing for which we have been striving for all these years. Thus far we have been compelled to take just what we could get. Our aim is the entire abolition of the bar, and every man should work for it. When this is done a great proportion of the people will not have access to the source of the treating habit. I do not suppose that the great liquor traffic can be absolutely prohibited, but with the younger people kept from it by the closing of the bars there will be a gradually increasing sober country."

REV. J. G. STUART, of Knox Presbyterian Church—The bar should be abolished. We have no use for it in Ontario, and it should not be connected with public-houses at all.

REV. MR. HARVEY, of Askin Street Methodist Church—Nothing would please me better than the abolition of the bar, and I think there is nothing that would be better for Ontario.

REV. D. N. MCANUS, pastor of Colborne Street Methodist Church—I am favorable to the abolition of the bar, provided that this is accompanied by restrictions on the sale of liquor for various purposes. I do not think that the abolition of the bar should be allowed to convey liquor from house to house in a neighborhood from a bar has been closed, as has been done in other places. It is to secure effects that legislation such as this is adopted, and I believe Mr. Rowell has in view these effects, and is looking for the sobriety of the people. The matter is, however, not as yet complete.

REV. J. J. INKSTER, pastor of First Presbyterian Church—I think that Mr. Rowell's decision is a forward step in the right direction. A very large measure of the evil temperance is doing away with the treating system, which would be abolished with the abolition of the bar. I hope that restrictions on clubs will be carefully attended to. Otherwise a very great evil lurks there.

REV. HUMPHREY A. GRAHAM, pastor of Wellington Street Methodist Church—I believe that the abolition of the bar is very much to be desired. The bar is the foster-parent of the treating system, the system that drags many young fellows into the drinking habit. Its removal would assist to a great extent in the work of temperance, and would go a long way toward the curtailment of the liquor traffic.

REV. W. H. A. CLARIS, pastor of the Southern Congregational Church—The abolition of the bar is certainly what we need. I would like very much to see it brought about, and such action is what I think will be the best for the country. We will be the last to see the treating system will be done away with, and temptation will be removed from the way of the young. Hotels have no right to be associated with the bar, excepting as a matter of habit or fashion.

REV. CANON TUCKER, rector of St. Paul's Cathedral—I am most heartily in favor of the abolition of the bar, although I am not conversant with the manner in which it is proposed to gain this end. Remove the bar and the greatest temptation in connection with the liquor traffic will be overcome. The bar is an inducement to a man to invite his neighbor to drink, and its abolition will overcome the difficulties of the treating system.

REV. W. R. MCINTOSH, of King Street Presbyterian Church—I am glad to hear

tions in the section between Chicago and the mouth of the Illinois River until some other method of draining the city could be found. Later he heard Americans, including senators and representatives of the states bordering on the lakes, and officers of the Lake Carriers' Association, who protested vigorously against the proposed change, declaring that the lowering of the lake's water would menace navigation and probably would be followed by evil climatic changes. In announcing that all parties interested would be allowed five days to supplement their oral statements with briefs, the secretary decided that in passing upon the application he would consider but one objection, the probable effect upon navigation, ignoring all references to possible effect upon climate.

ROCK ISLAND POLICE FIRED INTO MOB

Rioters Attack Station in Demonstration Against Mayor.

[Canadian Press.]

Rock Island, Ill., March 27.—The police announced this morning that they had practical control of the situation which arose late last night when rioters attacked a police station in a demonstration of hostility to Mayor H. P. Schriver. It is now announced that only one rioter, J. E. Kelly, a blacksmith, was killed outright when the police fired into the mob. Two others probably will die. Nine others were wounded.

Three companies of militia have been ordered to mobilize in the city. The mayor has issued orders that all saloons be closed today.

TO REBUILD BRIDGES.
Brunford, March 27.—The Grand Trunk Railway has plans prepared for the expenditure of over \$100,000 here on two new bridges to cross the Grand River. The new present Brunford and Tilsonburg bridge will be rebuilt, and the new cut-off of the same line will require a second structure above the present one.

Got A Pain In Your Back?

IF YOU HAVE HEED THE WARNING.

You get a pain in your back, and you wonder what is the matter. When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Heed the warning; cure the weak, lame, aching back and dispose of any chances of further trouble.

If you don't do this, serious complications are very apt to arise, and the first thing you know you will be troubled with Dropsy, Diabetes or Bright's Disease; the three most deadly forms of kidney trouble.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, cure the backache and prevent any further complications arising.

Mr. Stewart Johnston, Richardson Mines, N.S., writes:—"For years I was troubled with my back, and I had to give up work. I tried Dr. after Dr., and was getting no better. I had almost given up hope when I began to try Doan's Kidney Pills. I took three boxes of them, and found I was completely cured. I feel I owe my life to Doan's Kidney Pills."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

FINANCIAL AND COMMERCIAL

PORK HAS GONE UP
TO \$10 PER HUNDRED

Prices Are High On Market—Roads Are Very Bad.

The local market this morning was very small, owing, no doubt, to the bad roads. No oats or hay were offered. The price of pork has risen to \$10 per cwt., and there is every indication that the price will still rise. Potatoes are ranging from \$1.35 to \$1.45 a bag wholesale.

Grain, Per Cwt.

Farley, per cwt. \$1.35 to \$1.35
Oats, per cwt. \$1.35 to \$1.35

Grain, Per Bushel.

Wheat, per bu. \$1.95 to \$1.95
Hay, per ton \$20.00 to \$21.00
Straw, per ton \$9.50 to \$10.00

CHANGING POLICY
Grand Trunk To Try and Develop Its Property at Point Edward.

[Special To The Advertiser.]
Sarnia, March 27.—The Grand Trunk is reported to have changed its policy in regard to Point Edward, and instead of holding its property there, it is stated, make effort to get industries to locate there. It is reported that the Robeson Preserve Company, of Port Huron, will erect a large Canadian branch factory there, and that negotiations are under way for the establishment of other plants.

It is likely that a motor bus line will be inaugurated in the district if certain property owners refuse to give the necessary right of way for street cars to run.

LONDON AND DISTRICT

The First London Troop of Boy Scouts, under the first practice of physical drill at the home of H. C. Davidson, instructor. A very pleasant evening was spent by everybody. The next meeting of the troop will be held this evening instead of Thursday this week. Those taking part in this drill are requested to be present at 7:30 o'clock in the Y. M. C. A. rooms.

Shoe Machinery Inquiry.
Representatives from the local shoe factories have been asked to attend the Government inquiry which is going on before the commission in Toronto today relative to the charge that there is a combine in the manufacture and use of shoe machinery in Canada.

A Musical.
The Sunday school room of St. Andrew's Church was well filled last night, the occasion being a musical given by the school orchestra, assisted by Miss Nora Little, soprano; Miss Louise McDonald, contralto; Miss Florence Eggleston, violinist, and Mr. Robert McDonald, baritone. Misses Nora Little and Gladys Young were the accompanists.

Hip Fractured.
Mrs. Henry Betts, of 110 Wharncliffe road, met with a serious accident when employed in her kitchen yesterday morning, when she slipped and fell heavily on the floor. She proceeded about with great difficulty, and in the evening Dr. R. Ferguson was summoned. The physician discovered that Mrs. Betts had suffered a fracture of the hip bone that will cause her to be laid up for a considerable time.

Late Dr. Hannan.
The pallbearers at the funeral of the Rev. Dr. Hannan, held from the First Methodist Church yesterday afternoon, were Rev. D. N. McCamus, of Colborne Street Church; Rev. W. H. Harvey, of Ashby Street Church; Rev. H. A. Graham, of Wellington Street Church; Rev. S. Anderson, of Richmond Street North; Rev. John Martin, of Thorncliffe, and Rev. David Rogers, of St. Thomas. The body was brought from St. Marys yesterday morning and was accompanied by Messrs. J. White, A. H. Loft, P. E. Butcher, C. McIntyre and W. H. O'Brien, who were the pallbearers at the funeral held at the home of the Rev. F. Malott.

THROUGH TRAINS TO THE WEST VIA CHICAGO AND ST. PAUL.

Personally conducted Grand Trunk special train will leave Toronto 10:30 p.m. Tuesday, April 2, for Canmore, Edmonton, and Winnipeg. The train will stop at all points on the Grand Trunk Pacific west of Winnipeg.

Pullman tourist sleepers will be carried fully equipped with bedding and porter in charge. Berths may be secured in these cars at a low rate.

This is an exceptional opportunity for those wishing to take advantage of the remarkably low one-way rates of round trip home-seekers' excursions through the American cities. No change of cars.

Secure tickets, berth reservations, etc., from Grand Trunk agent.

Those present were W. T. Strong, chairman; Dr. Teasdale, Rev. J. G. Inkster, J. M. Gunn, Inspector Edwards, Principal McCutcheon and Secretary McElhenn.

WRIT FOR \$15,000

The London Machine Tool Company
Figures in Toronto Case.

[Special To The Advertiser.]
Toronto, March 27.—A writ for \$15,000 has been issued against the London Machine Tool Company by F. T. Strong, which he alleges is due him for commissions for selling the assets of the company to the Canada Machinery Corporation.

Thomas B. Carling, of Exeter, has issued a writ for \$19,230 against Geo. A. Case, of Toronto, alleged to have been received by defendant for the use of plaintiff.

Eat and Get Thin

This is turning an old phrase face about, but modern methods of reducing fat have made this revision possible.

If you are overfat, and also averse to physical exercise, and likewise fond of the table, and still want to reduce your excess flesh several pounds, do this: Go to your druggist (or write the Marmola Company, 1191 Farmer Building, Detroit, Mich.), and give him (or send them) 75 cents. For this modest amount of money the druggist will put you in the way of satisfying your ambition for a nice, trim, slim figure. He will hand you a large case of Marmola Prescription Tablets compounded in accordance with the famous Marmola Prescription, one of which you must take after each meal, and at bedtime, until you begin to lose your fat at the rate of 12 to 16 ounces a day. That is all. Just go on eating what you like, leave exercising to the athletes, but take your little Marmola faithfully, and without a doubt that flabby flesh will quickly take unto itself wings, leaving behind your natural self, neatly clothed in firm flesh and trim muscles.

Valuable Contributions By Messrs. W. E. Saunders and J. E. Keays.

Some 60 specimens of birds common to this district have been presented to the public library by Mr. W. E. Saunders and J. E. Keays, and have been placed in the reference-room. It is their intention to add 40 more specimens to the collection, which will then contain practically all the varieties

that an ordinary bird lover will meet with. None of the larger birds are included in the list.

The birds have been placed in suitable cases by the library board, and are already creating much interest.

SALARY INCREASES WERE AGAIN LAID OVER

No. 1 Committee of Board of Education Is In No Hurry.

At the meeting of No. 1, committee of the board of education, held on Tuesday afternoon, the question of salary increases for the teachers of the Collegiate Institute was taken up, and was again laid over.

Rev. J. G. Inkster expressed the opinion that the salaries of the women teachers in the Collegiate should be the same as the men doing the same work, and moved that the salaries of Miss Kelso and Miss Anderson be raised from \$1,200 to \$1,400.

However, the motion was negatived, Mr. Strong and Mr. Inkster voting favorably, while Mr. Gunn and Dr. Teasdale opposed.

The question of the request of the male teachers that the maximum salary in their case be increased from \$1,700 to \$1,900 was laid over, and will be taken up at a later date.

Misses M. Porteous, K. Hyslop, D. Andrews and L. Stapleton were recommended for permanent positions on the public school staff.

Miss J. MacPherson, domestic science teacher at the Collegiate, was appointed supervisor of domestic science in the public schools. She forwarded to the board some suggestions as to arrangements, and she was authorized to carry them out.

Inspector Edwards submitted a circular to be sent to the parents of the city, urging them to send their children to the kindergarten. He was instructed to have them printed and distributed.

Those present were W. T. Strong, chairman; Dr. Teasdale, Rev. J. G. Inkster, J. M. Gunn, Inspector Edwards, Principal McCutcheon and Secretary McElhenn.

Church Union's Big Majority In Forty-Four Presbyteries

Toronto, March 27.—Results of voting on church union have now been reported from 42 of the 69 presbyteries in Canada, and 36 have sent in their votes on the proposed basis of union. The results to date show majorities in favor, in both cases exceeding two-thirds of the total poll. In answer to the first question "Are you in favor of organic union with the Methodist and Congregational Churches?" 103,915 persons answered in the affirmative and 44,732 in the negative.

In answer to the second question, "Do you approve of the proposed basis of union?" the total vote was as follows: Affirmative—Elders, 3,299; members, 59,366; adherents, 17,257; total, 70,892. Negative—Elders, 1,371; members, 23,305; adherents, 6,311; total, 30,987. These presbyteries, which have reported their votes on the first question, have not yet reported on the second: Vermilion, Lindsay, Qu'Appelle, Hamilton, Huron and Battleford. The complete returns for all the presbyteries are to be announced at a meeting of the Church Union Committee, called for one week from today.

The following table shows how 38 presbyteries voted on the merits of church union, the nine which had already reported being tallied at the head of the columns:

PRESBYTERY.	ELDER.	MEMBER.	ADHERENT.	ELDER.	MEMBER.	ADHERENT.

Reviews of Temperance Movement

History of Acts and Plebiscites From 1904 to 1913.

1864—Parliament of the Province of Canada passed the temperance act, generally known as the Dunkin act. Under this act local authorities could secure prohibition of the sale of liquor in less than five gallon quantities. It was put into operation in a number of municipalities and counties of Ontario, but all the counties have since repealed it, but it is still in operation in four townships and one incorporated village.

1878—The Dominion Parliament passed the Canada temperance act, usually called the "Scott Act," giving complete prohibition of the sale of liquor in less than five gallon quantities. This act, which provided severe penalties than the Dunkin act, was adopted and subsequently repealed in
