CHATHAM, ONT. WEDNESDAY NOVEMBER 7, 1906.

NO. 268

## Friday, Nov. 9th TWO DAYS OF VERY SPECIAL DRESS GOODS BARGAINS Saturday, Nov. 10th

We have had a very large volume of business in our Dress Goods Department this season—and being anxious that at inventory time our stock shall be at the lowest possible point. We have sorted out three tables of seasonable lines, which we will offer on Friday and Saturday at Bargain Prices. This Sale will afford an opportunity for economical people to purchase Dress Goods at away under regular prices—in many instances at half the regular value.

### 39 Cents.

A table of Dress Goods, in 40 to 44 inch widths, in both plain and fancy weaves, and Tweed mixtures, many of them being specially suitable for children's dresses. The original prices of these lines were 50c. to 65c. per yard.

### 50 Cents.

At this popular price you will find a large collection of desirable weaves and designs—including a quantity of Tweed costume cloths 44 in. wide, in good colors, that were formerly 75 cents per yard.

### 75 CENTS

A big range of styles, and cloths—all greatly reduced in price. We cannot enumerate all of them, but want you particularly to see our 54 and 56 inch Tweed Costume Cloths and Tweed Coating. Some of these were regularly \$1.25 and \$1.50 per yard.

### REMNANTS

A table of good Remnant lengths of Dress Goods—some of them in lengths suitable for Ladies' Separate Skirts and Children's Dresses. These are all priced at one-half the regular value.

## THE WORK ON THE SCHOOL

The Bills Commencement to come In And Some Are Too High

### GOOD WORK OF TRUSTEES

The contract inspector's report on the work at the two city schools was read at the meeting of the School Board last evening by Trustee Morley. The report stated that Watt & Sons bill for material was O. K., but that for labor high. The report also drew attention to the fact that bills were sent in by contractors for extras which had been ordered by individual members of the Board. For these accounts he could not certify, as the work was outside the contract and done without his knowledge. The extras ordered by the Board were correct. He spoke of the work at the schools as being generally satisfactory and quite up to the mark.

The report was received and placed on file. Speaking with regard to this report, Mr. Morley said that he had no knowledge of the amount of certain bills for extras until they were presented to the Board. He, however, was of the opinion that the Board should feel highly satisfied with the report presented by the inspector on the work, and he wished to thank Messrs. Paxton, Robertson and Somerville for their very valuable assistance while the work was in progress. He moved, seconded by Mr. Robertson, that the committee on the branch of work be now discharged.—Carried.

Mr. Morley moved, seconded by Mr. McArthur, that the matter of putting down a drain to carry off the surplus water on McKeeough school, and that of having the ceilings in the basement repaired at the same institution, be referred to the managers of the school with power.—Carried.

The report of the Finance Committee, which was read by Trustee Morley in the absence of Dr. McKeeough, made the following recommendations:

The Finance Committee recommends payment of the following accounts:

S. Hadley Co., \$9.62.

G. W. Sidman, \$44.05.

L. R. Beck, \$1.50.

John Piggott & Sons, \$25.25.

James D. Hunter, \$2.38.

B. N. Oldershaw, \$19.50.

B. N. Oldershaw, \$19.50.

Poulin & Sprang, \$10.00.

Smith & Smith, \$15.00.

S. Hadley Co., \$657.91.

James Watt & Sons, \$1,305.00.

A. J. Dunn, \$24.00.

Westman Bros., \$4.45.

The News, \$2.50.

Tilt & Hildreth, \$37.00.

Tilt & Hildreth, \$6.50.

S. Hadley Co., \$1.75.

J. C. Wanless, \$2.19, \$6.22.

Watt & Sons, \$105.71.

Waterworks, \$89.82.

We recommend that the accounts of A. I. McCall & Co. for 63 cents and J. A. King for \$1.78 be referred to the secretary-treasurer with power.

## COMPLAINT ON STEAM HEAT

The Central School Heating System Is Not Working Properly

### A TEST WILL BE TAKEN

For some reason the steam heating at the Central school has not been quite satisfactory. Trustee Wm. Robertson brought the matter up at last night's meeting of the Public School Board. He said that the fault apparently lay in the fact that the heat supplied was sluggish, and by reason of condensation failed to reach the upper portions of the building. He thought it would be well to have the Secretary of the Board write to the Steam Heating Company and inform them of the complaint.

Principal Plewes when asked regarding the matter, said that the steam appeared to be so heavy that it would not arise to the top of the building, and this interfered seriously with ventilation, as the openings had to be closed on account of the steam not being hot enough to keep the atmosphere warm while they were open.

Inspector Park stated that many of the rooms were too cool for the children to remain in, and if this thing continued it would make a poor looking prospect for the cold winter months.

Mr. Robertson thought that a test should be made of the temperature, and he suggested that thermometers be placed in all the rooms in the school to see whether the company were living up to their contract, in supplying heat up to the specified temperature.

Inspector Park explained that according to the regulations there should at present be thermometers in all the rooms of the city schools. It was moved by Mr. Robertson, that the Secretary be instructed to write to the Steam Heating Company with regard to the matter, and that thermometers be installed in all the rooms in the city schools.—Carried.

Mr. McArthur announced before the close of the meeting that the distribution of medals would take place at McKeeough school next Thursday, and on behalf of the Principal, Miss Abram, he extended an invitation to the members of the Board, the Inspector, the Secretary and the press to be present. Mr. Paxton is scheduled to act as chairman at the event.

Those present at last night's meeting were Chairman Paxton, Secretary Macnabb, Inspector Park, and Messrs. Robertson, Somerville, Lenfesty, Andrews, Morley, McArthur and Bracklin.

## MAY CLOSE UP BRIDGE

Ald Edmondson Says The Electric Railway Is Breaking Their Agreement

### THIRD STREET TROUBLE

It is whispered around in municipal circles that the Council may soon have to deal with the matter of closing the Third street bridge unless the Electric Railway Company change their ways.

Ald Edmondson brought the matter up prior to the Council meeting the other night, and pointed out that the company is not living up to their agreement with the city. He said that he had noticed of late that freight traffic over the bridge is becoming quite general, and this is directly against the agreement under the present circumstances.

"The company should not take anything but passenger cars over that bridge until it is strengthened," said Ald Edmondson, "and nearly every day I have noticed cars of apples, etc., being drawn across. This is directly against their agreement with the city, and they should be stopped at once. The bridge has not been strengthened as was promised by the company, and if anything should happen, it would place the city in an awkward position."

"The company promised to have materials here for the strengthening of that bridge early in August, and they have not arrived yet. It seems that they will not do the work until the city gets after them and forces their hand in the matter, and if this is the case, the sooner this is done the better for the city. The city is taking a risk every day that this work remains uncompleted."

There will be racials in the world just as long as there are fools in it.

## KNIFE USED AT A PARTY

Another Startling Story Comes From The Township Of Dover

### YOUNG MAN SKIPS OUT

Another startling story comes from the Township of Dover. A short time ago the readers of The Planet were informed of an affray which happened near Pain Court, in which a young man named Gore was badly slashed with a knife. This affair has not been properly and publicly cleared up, and now, while the incident is still fresh in the minds of the public, another quite similar affair is reported.

The principal in the present affray lives in Chatham Township, or at least did live in that Township, for some time ago through which he became a hunted creature of the law, he has cleared out and no one seems to know of his whereabouts.

It is said that the young man intimidated above went to a party in Dover where there was a very large gathering of young people. Things were going quite smoothly until the man from the neighboring Township arrived, and it was noticed that he was the worse for liquor. He proceeded to disgrace himself before the eyes of the assembled guests, and his brother became ashamed of his erring relative, and remonstrated with him. The result was a brotherly quarrel.

Reports of the incident say that it was a quarrel of words at first, until the young man with the liquor displayed the unreasonableness of a drunkard, and fists were resorted to. It is claimed that the sober one of the two was getting the better of the fight when the other, realizing this, pulled a knife. He was grabbed by some of the other guests before he could do much damage, and he immediately tore himself away from the party, and it is understood that he since left the country. It is said that the police authorities are looking anxiously for his return. It is more than likely that he will make an extended stay.

### AN ARTISTIC TREAT

Mr. Newton Beers, the popular Boston impersonator, was greeted by a good audience at the Brisco Opera House last evening, on the occasion of his rendering his interesting dramatic monologue, "David and Jonathan." Mr. Beers was given close attention during his impersonation of the various characters represented in his play, and he was the recipient of frequent and hearty applause. It was a most interesting literary treat to all, and a complete success financially and artistically. The entertainment was given under the auspices of Chatham Lodge No. 29, 1 O. O. F.

## WILL BUILD NEW HOTEL

Old Klondyke and Adjacent Shacks To Be Torn Down

### MAKES IMPROVEMENT

A fine new hotel building, three stories high, built of pressed brick and cut stone, modernly equipped throughout will shortly be erected on the site of the old Klondyke House on Thames St. The news that the old Klondyke building and the adjacent wooden shacks are about to be torn down and modern structures built in their stead, will be welcomed by all property owners in the vicinity, as the erection of these up-to-date buildings will undoubtedly greatly enhance the value of real estate and other property in the neighborhood.

J. L. Wilson & Son, the local architects, have been awarded the contract by Mr. Herb Mount of preparing designs for a new hotel building to replace the old Klondyke. It is Mr. Mount's intention to make it one of the most modern hostleries in Western Ontario.

The work of erecting the new hotel will be commenced at once, and it is expected that it will be ready for occupation by May 1, 1907.

On learning that Mr. Mount was about to build, Mr. John McKerrall, who owns the property adjacent to the hotel, decided to also make improvements. He has ordered plans from Wilson & Son for a new block to replace the present old wooden buildings. This block will be built at the same time as the hotel. The ground floors will be made into stores and other places of business, while the upper flats will be devoted to living apartments. Mr. McKerrall says that he would have built on this site before had it not been for the condition and appearance of the hotel nearby, which was a source of danger should a fire break out, and also kept the value of the property in the vicinity down.

The new hotel and business block will much improve the view from Fifth St. bridge, and will make a spot that will be a credit to North Chatham.

## A GREAT PROVISION BILL.

During last session when the House of Commons was discussing the marine and fishery scandals, Mr. Foster brought up the case of the fishery protection boat Kestrel. This is a little craft of three hundred tons, which cruises on the Pacific Coast, with a complement of twenty-two officers and crew. She was in commission ten months during the fiscal year 1905. It will cause some amazement to shipping people to know that the country paid \$7,500 to provision the party for that time. The figures work out to more than \$34 a month for each person on board the ship, or at least for each person who had business on board the ship. This is a pretty heavy bill for raw material, for it must be remembered that \$34 was not the price of board and lodging in a hotel, but the cost of uncooked provisions taken on board a boat which was provided with cooks and stewards.

The items cannot all be given here, but they are quite interesting. For instance the fruit bill was \$54.00 for the season of each man on the ship. As the canned peaches and pears were bought by the case it would appear that the Kestrel's crew was served with about one can a day per man. The bill for eggs is also a little extraordinary. From one dealer there was bought \$9.90 worth for each of the crew. Another supplied \$4.50 worth, another \$3.00, another one \$1.50 and a fourth \$1.00. There were other purchases amounting to seven or eight dozen eggs per man. The bills indicate that each member of the crew got away with \$20.00 worth of eggs during the season. There was a similarly large consumption of honey, oysters, cream, poultry, asparagus, creamery butter, sauces, and other good things. The provision bill exceeded the wages bill, which fact might justify the statement that the men ate more than they were worth if it were supposed that these goods were really bought, and used for the purpose charged. But no reasonable person believes that the crew of the Kestrel were fed in that way and at that cost.

In Parliament the Minister, seem-

ed to make light of the whole matter. The Liberal member for Vancouver solemnly declared that there was nothing wrong and that the cost of provisioning the ship was quite reasonable. But another session is approaching with further investigation in view and the Minister of Marine has found it necessary to take some action. Now the official report is given out that Mr. Brodeur has held an investigation and that the captain of the Kestrel has been suspended.

If this is so, it is all on account of the disclosure made by Mr. Foster. The bills came to the Department months before Mr. Foster saw them. Departmental officers saw nothing the matter, or if they did, they did not venture to tell the Minister so. The Minister himself was satisfied and the bills were audited and paid just as many other bills for the matter, or if they did, they did not venture to tell the Minister so. The Minister himself was satisfied and the bills were audited and paid just as many other bills for the matter, or if they did, they did not venture to tell the Minister so.

## Students' Eye Strain.

The constant strain on the eyes is sometimes a serious menace to the success of the student. If the eyes are weak, it means a handicap and it often causes the failure at examination when, were it not for the eye trouble, the student would have no difficulty in being amongst the first in the class.

If your eyes are giving you any trouble, consult our optician now—at the beginning of the term.

Have Seen Great Improve-  
ments in This City**

### THEIR GOLDEN WEDDING

A very happy event was celebrated at the residence of Mr. and Mrs. Hugh Kerr, Lorne Avenue, yesterday, it being the occasion of the anniversary of their golden wedding.

In the evening the family gathered at the home of the aged couple and spent a very pleasant social time. A banquet was served, followed by speeches, which were delivered by every son and son-in-law present. At the conclusion of the feast, Rev. Dr. Battisby made a very able and suitable address, complimenting the aged couple on the manner in which they had reared a large family, who were a credit to them, and on behalf of the family presented Mr. and Mrs. Kerr with a purse of gold.

During the course of the evening Dr. Battisby made the remark that this was the first golden wedding which had occurred in his congregation since he became pastor of St. Andrew's Presbyterian Church.

Mr. and Mrs. Kerr were married at the King St. Wesleyan Methodist Church on the 6th of November, 1859, by the Rev. Mr. English, the pastor then in charge. Chatham has witnessed many changes since those days. The church in which Mr. and Mrs. Kerr were married passed into the hands of the Salvation Army, and then had to be moved across the street to make room for the C. P. R. station yard, and has since been torn down. King street was in the fall of 1859 being improved by its first pavement—of cobble stones. Mr. Kerr was at that time filling a responsible position on the Great Western Railway, a position to which he had been appointed by the late W. K. Muir, Supt. of the Railway, a fellow-townsmen of Mr. Kerr.

Mr. Kerr remained in the employ of the railway for ten years, when he engaged in business for himself in the grocery line, first on King St. and then on Queen St., continuing in business for about thirty years. Mr. Kerr is a native of Glasgow and was born in the year 1823, but was brought up at Kilmarnock, whence he emigrated to Canada about the year 1850.

Mrs. Kerr was born at Peebles, Scotland, in the year 1832, and emigrated to Canada with her parents a couple of years after Mr. Kerr. Since their marriage the couple have resided continuously in Chatham. Mrs. Kerr's bridesmaid, her sister, Mrs. H. G. Arnold, of Kingsville, would have been present at the celebration had it not been that she is confined to the house through illness. All the surviving children of the marriage were present—Hugh Kerr, Jr., of this city; Mrs. Joseph Phillips, of Maidstone; Mrs. Thomas Scullard, of this city; Dr. Wm. Kerr, of Bay City, Mich.; and J. G. Kerr, Mrs. Wm. Anderson and Mrs. Robt. Birch, all of this city.

A notable coincidence is the fact that Mr. and Mrs. Wm. Manoeil, of

Attention is being directed to the invaluable service tea performs in furnishing a delectable way of supplying the body with the required amount of water, but the good to be derived in drinking it depends on its proper selection and making. The directions given in each packet of "SALADA" is the only correct way that tea should be made.

### DEATH OF W. L. G. SNELL

William Lewis Grant Snell, one of the most widely-known and esteemed residents of this city, passed away at his late home on Lorne Avenue at eight o'clock this morning. The cause of death was liver trouble, from which he had been suffering for some time. He had been subject to attacks of his complaint for about a year, and at times was confined to his room.

The late Mr. Snell was 64 years of age. He was born in the Campbell Islands of the Bay of Fundy, and he came to Chatham about 37 years ago. For years he conducted what was then known as Snell's Fair—the King street stand at present going under the name of Parson's Fair. He retired from active business about four years ago.

The deceased had always been an active and useful member of Park street Methodist church, where he officiated at various times on the Quarterly Official Board, in the choir, and as a teacher in the Sunday school. He was a member of the Oddfellows and Workmen Lodges.

He is survived by a wife and one son, Dr. Alvin Snell, of Essex. He leaves two brothers and three sisters, Rev. C. Y. Snell, of Los Angeles, Cal.; Mr. John Snell, of this city; Mrs. E. Gammage, Chatham; Mrs. H. Shaw, of this city; and Mrs. D. Eckard, of Toronto.

The funeral service will take place Friday afternoon at 2.30 from the family residence, Lorne Avenue, Maple Leaf Cemetery, Rev. W. S. Rutledge officiating.

## CHATHAM PRESBYTERIAL

Interesting And Profitable  
Session Being Held In  
First Church

### ENCOURAGING REPORTS

The twenty-second annual meeting of the Chatham Presbyterial convened in the First Church, Chatham, Tuesday and Wednesday, Nov. 6th and 7th.

The program for Tuesday morning was as follows:

Devotional exercises by Mrs. Scott, of Windsor.

Bible reading and prayer by Mrs. Scott.

Address of Mrs. Herrie, bringing out the strong points of labor of love, patience and faith.

Impressions of the West by Mrs. Williams, of Hildesheim.

Mrs. Hagart spoke of the growth of the country, which was most interesting indeed.

Mrs. Young and Mrs. Craig also gave fine addresses.

The minutes were then read, and, on motion of Mrs. Sward and Mrs. Young, adopted.

Prayer by Mrs. Herrie, of Bradford, Eng.

The morning session was closed by the singing of the doxology.

### AFTERNOON

The afternoon session was opened by the singing of hymn 562, followed by a Bible reading by Mrs. McNiven, of Combar, and prayer by Mrs. McLachlan, of Thamesville.

After the singing of the hymn the Presbyterial reports were read by Miss McKay, secretary of supplies.

Miss McKellar sang a solo, "Heaven is My Home."

Greetings from sister societies were then read from the following: Park St. Methodist—Mrs. Rutledge; Christ Church—Mrs. Fraser; Baptist—Mrs. Hanna.

This was followed by prayer by Mrs. Bentley.

The offering was then taken up. Mrs. Goodfellow, of India, then gave an interesting address on Indian Villages and their Inhabitants.

A prayer was offered up by Mrs. Graham at the close of which all joined in singing hymn 438.

Miss Cummings gave a talk on Mission Bands, the strong point being that an ideal band needs an ideal leader.

The afternoon session was closed by singing the Doxology.

Tuesday evening was closed by song service, lasting from 7.45 to 8 o'clock, followed by a scripture reading and prayer.

The First Church mixed quartette, composed of Misses McKellar and Peats and Messrs Angus and Wilson, gave a sacred selection.

The chairman, Rev. A. H. MacGillivray, also delivered an excellent address.

Miss Goodfellow, of India, also gave an address.

The address given by Rev. Marcus Scott, of Detroit, was very interesting.

After singing hymn 250 the evening was closed with the benediction.

### Every Heme Needs Jam-Buk

Experiences of Housekeepers  
Who Keep it Handy.

In every home cuts, bruises, scalds and similar injuries are sure to occur, especially where there are children. In most homes, chapped hands, chilblains, eczema, ringworm, ulcers and other diseases occur.

For these you need a balm which is pure, herbal, free from mineral compounds, free from animal fat, antiseptic, able to stop bleeding and which should heal.

Zam-Buk meets all these requirements. Why not prove its merits. Read this:

"In 40 years of housekeeping I have never met with such an excellent salve as Zam-Buk."

Mrs. Everett Brown, of Markham, Ont., says: "Zam-Buk cured some bad bruises on my knee. I also find it excellent for chapped hands."

Mrs. Lizette Gilmour, of Kingston, says: "I had an ulcerated leg which became so bad that I could not wear a boot. The foot and ankle were swollen to nearly double their ordinary size, and the pain was terrible. The ulcers spread in a ring all round the limb. Doctor's treatment brought no relief, and at one time it was thought only amputation could end the agony I suffered."

Zam-Buk was brought to my notice, and I bought a few boxes. Each box gave me more ease, and healed the ulcers. To-day I am quite cured, the limb is sound, and whereas before I could not stand, now I can go up and down stairs with ease. I owe it all to Zam-Buk."

Zam-Buk also cures eczema, cold sores, ringworm, stiff joints, bad leg, sore nipples, boils, abscesses, blood poison, poisoned wounds, etc. Used as an embrocation it cures rheumatism and sciatica, and rubbed well into the chest cures lung troubles, colds, etc. For all purposes to which a household balm is put Zam-Buk will be found unequalled. All drug-gists sell at 50¢ a box, or direct from the Zam-Buk Co. upon receipt of price, 6 boxes for \$2.50.

McKeough school, Thursday evening, Nov. 8th, at eight p. m., distribution of medals and prizes. Admission ten cents. Friday, exhibition day for pupils, parents and friends free. Orchestra in attendance.

WANTED—By a practical carpenter and joiner, to take all kinds of building work and repairs, including staircases, verandahs, stores, bank fronts and fittings; wood and stone carving. Designs submitted for above work or houses. G. T. Wright, Box 787.

Mrs. Robert Pritchard, Water St.,  
is attending the funeral of the late  
Thomas Stone, St. Thomas, who was  
killed by a cable while superintend-  
ing the P. M. R. auxiliary at St.  
Thomas.

Special services were commenced in  
Victoria Ave. Methodist Church on  
Monday evening, when the pastor,  
Rev. F. E. Malott addressed the con-  
gregation. There was a good at-  
tendance. Last night those present  
were addressed by Rev. Thomas Al-  
len, of Jeannette's Creek.

## IMPROVED machinery I will not, of itself, pro- duce good flour.

You may be an excellent  
cook, but you cannot pro-  
duce light, wholesome  
baking unless the flour you  
use be the kind that permits  
such results.

So in the milling; machin-  
ery alone cannot produce

## Royal Household Flour

out of the wrong kind of wheat any more than you  
can make the right kind of bread or pastry out of  
the wrong kind of flour.

Ogilvie's Royal Household Flour is made from  
hard spring wheat—a wheat that is rich in nutriment,  
that grinds fine and white, and produces bread and  
pastry that are wholesome and nourishing as well as  
light and crisp—it's a flour that begins to be good in  
the wheat fields, not in the mills.

Your grocer prefers to  
sell you Ogilvie's Royal  
Household Flour because  
he knows the value of a  
pleased customer.

**S. P. S. Student Had His Leg Broken.**

Toronto, Nov. 6.—Fred McKechnie of Woodstock, a second year S. P. S. student, had his leg broken last night about a quarter to 6. He was out playing a practice association game on the campus in front of the Varsity Gym, along with some other S. P. S. students. The players quitting, when he got the ball and attempted to score. The opposing back checked him rather hard, kicking his leg in so doing, with the above result. The leg was broken half-way between the knee and the foot.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**Capt. Cosly Missing.**

Brookville, Nov. 6.—Relatives here are alarmed over the strange disappearance from Cleveland, Ohio, of Capt. Thomas Cosly, a well-known upper lake master. His boat touched at Cleveland ten days ago and Cosly went ashore, leaving his money and clothing at an hotel. He failed to return to the boat and no trace can be found. He comes from Troopville, Grenville County, where his wife and family reside. He has been sailing the lakes for 40 years.

**WHEN THAT COLD COMES.**

How is it to be cured? This method is simplicity itself. Rub the chest and throat well with Nervilleine, use it as a gargle and take some in hot water before retiring along with one of Dr. Hamilton's Pills. Next morning find you refreshed, free from cold and bright as a dollar. These household remedies are wonderfully successful, and certainly won't fail in your case. For sale at all dealers.

**True Bills Returned.**

Toronto, Nov. 6.—The criminal asizes got down to business yesterday with Justice Riddell on the bench and H. H. Strath as crown prosecutor. The grand jury returned true bills against the Toronto Railway Co. for maintaining a common nuisance; John O'Meara, perjury; and Patrick Doyle, attempting to carnally know a girl under 14 years of age.

**A CASE IN WEST ARICHAT.**

Mrs. A. P. Ferguson, a well known Cape Bretoner, has cured asthma by Catarrhoxone. Her statement is convincing: "Although I was troubled for years it was only recently I tried Catarrhoxone. When an attack started I got out my inhaler and invariably got relief. Feeling satisfied Catarrhoxone would cure, I continued the treatment until one bottle was finished. I didn't use more because I was cured and the asthma has never returned." Catarrhoxone is sure death to asthma and bronchitis. Try it and be convinced. Two sizes, 25c. and \$1.00 at all dealers.

**Two Deaths While Hunting.**

Ottawa, Nov. 6.—As a result of deer hunting at Kazanama, within the past two days, a boy named Wilson died as a result of being shot and a man named Jenkins of Eileen Township met death from a similar cause. A third man, name unknown, is reported to have been wounded in the cheek.

"I feel as if I should fly to pieces." How often those words are on a woman's lips. They express to the uttermost the nerve racked condition of the body, which makes life a daily martyrdom.

If this condition had come suddenly it would have been unbearable. But the transition was gradual. A little more strain each day on the nerves. A little more drain each day on the vitality. Any woman would be glad indeed to be rid of such a condition. Every woman tries to be rid of it. Thousands of such women have been cured by Dr. Pierce's treatment with his "Favorite Prescription" when local doctors had entirely failed to cure.

"Favorite Prescription" contains no opium, cocaine or other narcotic.

A fellow may feel that he is always right until he is left.

We are not now you suffered, nor what failed to cure you, Hollister's Rocky Mountain Tea makes the puniest, weakest specimen of man or woman strong and healthy. 35 cents. Tea or Tablets.

**WEALTH IN BRITAIN**

**GREAT IN AGGREGATE, BUT INDIVIDUAL ESTATES SMALL.**

Some Modest Fortunes Owned by British.—Receipts of Death Duties.—During 1902 Reports Were Published of Estates Which Aggregated £58,045,142—Over One-Fourth of the Deceased Had Lived Over 80 Years.

The Chancellor of the Exchequer in his budget speech estimated the yield of the death duties for the financial year ending March 31, 1903, at a million less than in the year ended March 31, 1902, when the revenue from this source—the largest ever obtained—was £218,513,714. The amount received in the financial year 1900-1901 was £217,033,512, and to the extent of about £1,200,000 the excess in the following year was due to the payment of duty on Baron de Hirsch's shares in the Jewish Colonization Society—in respect of which there had been prolonged litigation—and to the arrangement which the Chancellor of the Exchequer explained that he had made, "to clear up a good many outstanding arrears for the benefit not only of the Exchequer, but also of the parties concerned." This arrangement appears to be still in force. The receipts from the death duties up to the present time are nearly as much as in the corresponding period of last year; and it seems probable that the late Chancellor of the Exchequer, estimated, his successor will have to report a gain on the estimate of three-quarters of a million, or perhaps even a million.

During that year reports have been published of estates over £100,000 each, with an aggregate gross value of £53,045,143, upon which death duties have been levied, including:

No. of Estates.	Gross Value.
Over £1,000,000 each.....	5 £210,073,278
From £500,000 to £1,000,000 each.....	17 11,673,585
From £200,000 to £500,000 each.....	24 9,473,596
From £100,000 to £200,000 each.....	30 9,400,790
From £50,000 to £100,000 each.....	41 6,919,532
000 each.....	59 10,504,361
<b>Total.....</b>	<b>206 £28,045,142</b>

**Wealth Slowly Gained.**

For the most part this wealth has been slowly gained by people who were careful in their investments and lived long. Of fortunes quickly acquired by speculation little trace can be found in the calendars of the probate registries. The average of the age at death of the persons who had at their disposal these fifty-eight millions is nearly seventy-three years. One-fourth of them had lived for eighty years and upward, and of these six had passed their nineteenth year.

Mr. Benjamin Buck Greene, a director of the Bank of England, was ninety-three; Mr. Benjamin Weir, formerly chairman of the Metropolitan Board of Works, who left the greater part of his wealth to found a hospital, was ninety-four; Mr. Thomas Kingston of Cambridge, ninety-six, and the Rev. Samuel Hopper Powell, of Sharon Lodge, Ripon, had lived for ninety-seven years; but the persons whose estates have been charged with duty on more than £100,000 each. The real age of such people is usually known.

Among the estates reported during the year 1902 have been those of:

Earl Fitz William, K. C., aged 77	£2,949,330
Famagist Athanasius Vagliano, 87	£2,888,095
William Richard Sutton, of Golden Lane, carrier	£2,089,795
James Dick, 70, of Glasgow, rubber merchant	£1,077,034
Stephen Augustus Ralli, 73, Greek merchant	£1,068,524
Robert Arrington, 77	£923,556
Charles Gasstot, 76, of London and Oporto, wine shipper	£13,210
Mrs. Emma Henderson, 82, daughter of the Rev. Canon Goldsmith, ex-M.P.	£13,258
John Corbett, 84, of Drottningholm, sale merchant	£766,606
Mrs. Anne Turner, 88, of Liverpool, widow of Mr. Charles Turner, M. P.	£68,366

The estate of Mr. J. W. Mackay, of the Somerset Cable Co., which was expected to be at least £2,500,000, was sworn for probate at £1,800,000, and the United Kingdom and £70,000, and personal in the United States. The remainder of his estate was stated in his will to be the community property of Mackay and himself. Mr. W. R. Sutton died in 1902, when his estate then sworn at £8,675, was sworn in July last (and thus yields duty to the current financial year on more than £2,000,000). Additional duty has also been received during the year on the estates, which have been the subject of litigation, of Mr. Arrington, provisionally sworn at £430,353, and Mr. Corbett, sworn under administration pendente lite, at £412,972.

**Large Estates—1887-1901.**

The estates of nearly or more than £2,000,000 each upon which the death duties have been levied in this country during the past fifteen years have been few in number, as will be seen by the following list of those who have been reported:

**WHAT Fruit-a-tives ARE**

Fruit-a-tives are the marvels of modern medicine. They have accomplished more actual cures—done more good to more people—than any other medicine ever introduced in Canada for the time they have been on sale.

Fruit-a-tives are fruit juices. They are nature's cure for

- CONSTIPATION
- BILIOUSNESS
- BAD STOMACH
- DYSPEPSIA
- HEADACHES
- IMPURE BLOOD
- SKIN DISEASES
- KIDNEY TROUBLE
- RHEUMATISM
- LABORATED HEART

Fruit-a-tives are the juices of apples, oranges, figs and prunes. These juices are concentrated—and by a secret process, the juices are combined in a peculiar manner. This new combination is much more active medicinally than fresh juices—yet so perfect is the union that Fruit-a-tives act on the system as if they were in truth a natural fruit, medicinally stronger than any other known fruit.

To this combination of fruit juices, tonics and internal antiseptics are added, and the whole made into tablets.

These are Fruit-a-tives—sold everywhere for 50c a box or 6 boxes for \$2.50.

**FRUIT-A-TIVES LIMITED - OTTAWA.**

1895—Andrew Montagu, 80, of Inghamthorpe, Yorks	1,992,656
1896—Sir Charles Booth, 84, distiller	1,927,107
1897—William Louis Winans	2,403,587
1897—James Bibby, 83, of Liverpool, shipowner	1,776,432
1899—John Gretton, 66, of Bass & Co., brewer	2,714,043
1900—George Smith, 91, of Wigan and Chicago	5,000,000
1900—W. O. Foster, 85, ironmaster	2,587,631
1900—Baron A. C. de Rothschild, 77, Paris	2,257,979
1901—Marquis of Bute, K. T., 53	1,864,310
	£43,994,477

The average is under two and a half millions each. It is to be borne in mind, however, that these are sworn valuations upon which duty has been levied and paid, and that the valuations do not usually include settled estates in which the deceased had only a life interest. Thus Sir Robert Loder, who died in 1902, had a life interest in an estate which was under £2,500,000, and the late Duke of Westminster's own estate was under a million, although he settled estates which passed on his death were probably worth ten or twelve times as much. We hear from time to time from the United States of persons whose wealth is "estimated" to be ten twenty, or fifty millions each. It is probable that there may be two or three very rich men in the United States who have greater than this in this country has at his own absolute disposition. Trustworthy statistics of private wealth in America are not, however, easily accessible. Common report about the wealth of people is notoriously untrustworthy. The credit of people generally about stories of wealth is unbounded. So far as a careful student of wealth statistics can form an opinion, the number of people in the United States worth \$500,000 each is not likely to be greater than the number of those in the United Kingdom worth £100,000 each. But an "estimate" of \$500,000 on the other side often gets changed in £500,000 in the course of transmission to this country.—London Telegraph.

**A HARD CASE OVERCOME.**

No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozone is unfailing, as proved by David Johnston, of Ormond, Ont. "My wife was a dreadful sufferer," he writes. "For two years she could scarcely do any work. Her knuckles and joints ached, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozone and rubbed the sore places with Nervilleine. Improvement started and she mended fast. Today she is as good as cured and we thank Ferrozone for her recovery." No remedy more popular with doctors than Ferrozone; it does cure, 50c per box at all dealers.

Athletic exercise should not be taken when the body is exhausted by business toil.

Piles quickly and positively cured with Dr. Shoop's Magic Ointment. It's made for Piles alone—and it does the work surely and with satisfaction. Itching, painful, pro-ruking or blind piles disappear like magic by its use. Large, Nickel Capped glass jars, 50 cents. Sold and recommended by C. H. Gunn & Co., Chatham.

**Burk's Falls Man Killed.**

Sundridge, Nov. 6.—David Henderson of Burk's Falls, who was visiting relatives in the Township of Joly, while hunting on Saturday, was accidentally killed by the discharge of his own gun. It is supposed he was hunting for a hare. He was hurried to him after hearing the shot, but he lived only a few minutes. He leaves a wife.

**AUSTRALIAN STREET CARS.**

**Government Operates Fast and Up-to-Date System—Good Wages, Highest Speed and Fare.**

The street car systems of the Commonwealth of Australia are run by the Government, with the exception of the Melbourne Tramway Co. of Melbourne, and the Perth Tramway Co. of Perth, Western Australia. The premier system is that of Sydney, writes Leonard Henslowe. There the railway commissioners run the street cars, and electricity (trolley) is the motive power. The rolling stock are broad gauge eight wheel, single decker and double enders, but most terminals are looped, which does away with switching.

The rails are 90 lb. steel and the road-bed wood blocked. I have seen nowhere in America, or Canada, such well-kept roadbeds. The municipal law requires the commissioners to keep them in perfect repair. There are over two hundred miles of tracks. The cars are built in Sydney at Government car shops, though seven years ago when the system was first in operation, they imported cars from America. Glass screens in front of the motorman are not used, and a strike was very narrowly averted last winter, partly on this account.

The motorman is exposed to the weather, which is severely felt at high speed. The inefficiency of air-brake power and claims for higher wages, were the other demands of the carmen. The wages were raised and a more efficacious air-brake introduced, but wind-screens were not adopted. Mr. Huntington, the president of the Los Angeles Street Railway Co., told me he considered it a matter of public safety that motormen should be protected.

**Good Wages.**

In wages, motormen get now \$3.00 a day of eight hours and conductors \$2.50, but conductors may study for motormen's examination and get first pick. The examination is a general one on electricity.

**Highest Speed Attained.**

There is no limit to speed of Sydney trains, even in the city, and they are reckoned about the fastest in the world. In the city, the car lines are kept clear of traffic as far as possible. The cars run with a trailer and in the rush hours two trailers are connected.

**Fares.**

Penny sections are made (which is 2 cents), and the distance is frequently two or three miles, sometimes less. Being Government controlled, they require fares in every case to a minimum, and in some cases run seven miles for 3 pence (6 cents), where the people want to reach a holiday resort cheaply. Cars run all night, every 40 minutes after 12:30 a. m., fare six pence (12 cents).

**Cables in Melbourne.**

In Melbourne, trams are entirely cable and a private company has a lease of the streets for 14 years—now nearly expired. Being cable, no great speed is attained, but when the company's franchise expires the Government will convert the lines to underground wire electric, having already the cable channels to use. It will then be one of the finest systems in the world. Fares at present are three pence (six cents) any distance, but when the Government take them over, the fares will be considerably reduced.

Brisbane and Adelaide, the third and fourth largest cities of the Commonwealth, have both Government street cars. It does not follow that because such a proposition as a street car system can be run advantageously by a government or municipality, long distance railways come under the same category. For a long time the Government railways of Australia, running many thousands of miles, were not paying, but the Victorian section has now a very fine main over from New York, and he has made a great difference in the balance sheets of that section.

As car services I have seen in America, the Los Angeles Railway Co. owned by Mr. Huntington, once largely interested in the Southern Pacific Railway, is the finest. The rolling stock is heavier than Sydney's, in fact, almost like steam railways, and the distances run from the city further and speed greater than Sydney's system. I have traveled at 46 miles an hour on a Los Angeles car. With that exception nothing comes up to Sydney.

**HUNGRY ZOO LIONS.**

**Desert Kings in England's Famous Zoo Have Big Appetites.**

The London Zoo lions have been showing bad temper and indignation. And no wonder, for they have had to starve for nearly a whole day.

The usual horse with which the animals at the Zoo are fed failed to arrive to time, and breakfast was not served till five in the afternoon.

This is how the daily horse is apportioned at the Zoo: Ten lions, 11 lbs. each; three lion cubs, 6 lbs. each; eight tigers, 13 lbs. each; ten leopards, 6 lbs. each; three jaguars, 6 lbs. each; small or animals and birds, 60 lbs.; grand total, 870 lbs.

The superintendent of the gardens told The Daily Mirror that many carriages people send their old and infirm horses to the Zoo where they know they will be humanely killed.

The largest firm of horse-flesh dealers in London threw some light on the horse-flesh traffic.

"From September to May we slaughter nearly 1,000 horses a week in our yards," said the manager. "Most of the flesh is purchased by cats'-meat men."

An East End dealer told The Daily Mirror that live horses, sometimes numbering 1,500 to 2,000, are shipped every three days to Germany and Austria. They are sold for about £1 apiece, and mostly made into sausages.

**Oldest Man in the World.**

The oldest Zulu—indeed he is declared to be the oldest man in the world—is Stuurman, a bushman who lives on the top of a hill at Stuurman's Pad in the Prieska district. He is said to be 146 years old, and his wife is 112. He is said to have passed his one hundredth year. It is known for certain that sixty-five years ago he was a very old man and that his son is over ninety.

When the heart is healthy and performing its function naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

## FALL SUIT REMARKS!

The suits of the Season suggest stateliness rather than baggy fullness.

Take the coat for instance. Though the shoulders are broad, the lines concave towards the waist, then flare out into long skirts, forming what is called the French Back.

Some of these suits have center vents with creased side seams.

The new big lapels tend to give the impression of a broad chest.

A noticeable feature of this long coat is the fact that it lends itself equally well to Short or Tall Men. There's a long price range—\$7.50, \$8.00, \$10.00 up to \$12 or \$15.00.

The exclusive tailor can charge you twice these prices, and he will if he has the opportunity, but you can rest assured that he never can give you better suits. See our show window.

## SAVINGS BANKS IN SCHOOL

Report Of Committee On  
Commendable Enterprise  
Presented at Board

### TEACH CHILDREN TO SAVE

Chatham, Nov. 6th, 1906.  
To the Public School Board of the City of Chatham:  
Gentlemen,—Your committee on School Savings Banks and the free text book system begs leave to submit the following report:

**AS TO SCHOOL SAVINGS BANKS.**  
Your committee finds upon investigation that School Savings Banks are a successful operation in several cities and towns in Ontario, notably in Toronto, Brantford and Galt. In Toronto the school children make deposits of \$5.00 every month. It appears advisable to this committee to establish a similar system here because it will be the means of inculcating in the minds of our 1,500 Public school children those principles of thrift which will prove of enormous benefit to them in the years to come. It will, moreover, give them an insight into the banking system, and this, too, will be a valuable lesson. Your committee desires to acknowledge the assistance rendered them by Mr. W. T. Shannon, manager of the Standard Bank, who, having had experience in conducting School Savings Banks, placed himself at the disposal of the committee and gave them much valuable advice. Under the system suggested by Mr. Shannon, the bank will open a special children's department, keep a special ledger for the children's accounts, provide each child with a pass book, and allow interest at the current rate as soon as a child's deposits amount to one dollar. If thought necessary, the bank will send a clerk each Monday to the school to receive the money which the pupils desire to deposit, and make the required entries in their pass books. A child can draw money from the bank by special form of cheque, signed by the pupil, parent and teacher. The bank will provide all forms and books.

If the Board considers the suggestion favorably it might be well to offer a prize in money to the pupil having the largest sum on deposit at the end of each term. Your committee asks that power be given them to arrange the details of inaugurating the system as soon as possible with Mr. Shannon.

**AS TO FREE TEXT BOOKS.**  
Your committee has got together a large amount of information on this subject, which accompanies this report. No one who has had the privilege of perusing these letters and other documents can doubt the advantage of establishing such a system as is in operation in Toronto, Hamilton, Kingston and other places. When we learn that the average cost per annum for text books in Toronto is 14 3/4 cents per pupil, and that in Hamilton the Board has a surplus of \$4,000 annually after supplying the children with everything they use on the fee system, we get some idea of the great saving to the parents effected in those cities.

In the opinion of your committee, the system in use at Kingston should be adopted in Chatham, but we do not recommend that action be taken this year as it is more than probable that the text books will be reduced in price when the text book committee now sitting in Toronto has concluded its labors. Moreover, it is rumored that there is to be a change in a number of the text books used. It would, however, be advisable, we think, that this Board should by resolution adopt the recommendation of the committee in order that our approval of the free text book system may be put on record for the benefit and guidance of our successors, who can then take the matter up next year and put the system into operation.

Signed—  
WM. SOMERVILLE, Chairman.  
R. L. BRACKIN,  
W. C. McARTHUR,  
A. E. LENFESTY.

The above is the double report presented to the School Board at their meeting last evening by the committee appointed to consider the matter of free text books and savings banks for the city schools.

Previous to the reading of this report, Mr. McArthur introduced Manager Williams of the Sovereign Bank, who explained that institution's system for inaugurating school savings accounts. He said that each child was furnished with a small steel bank which could easily be carried in the pocket. He exhibited one of these banks for the Board's examination. The bank is quite a clever contrivance, which could easily be carried in the pocket. The money is placed in the bank through a slot, and cannot be taken out unless taken to the Savings Bank. This system, Mr. Williams claims, would save the work and worry, as it would do away with the detail work on their part. The children could thus go direct to the bank with their deposits, where a special clerk would be assigned to look after their savings. The money sums from 25 cents and upwards. It was moved by Messrs. Somerville and Brackin, that the report of the committee on the matter of savings banks be adopted.

Mr. Morley—Will this system take the work out of the teachers' hands? Mr. Brackin explained that the list of the pupils who intended starting a savings account, and the bank would send a clerk around to the school to take the deposits and enter them up.

Mr. Morley—If the work is done by the bank clerks, I am in favor of it, but if it is going to mean additional work for the teachers, I am against adopting the report.

Mr. Robertson—Wouldn't it be well for the committee to look into the scheme suggested by the manager of the Sovereign Bank? If this savings bank scheme is going to make more work for the teachers I cannot vote for it. I think that the matter would be best referred back to the committee for further consideration.

Mr. Somerville said that the report did not confine the Board to any scheme, or oblige them to have the bank. He said that he liked Mr. Williams' scheme, and the only objection he had to it was that it was not really a children's deposit scheme, in so far as the Board would be unable to get statistics on what the children were saving.

Chairman Paxton—It would be a grave mistake to institute a scheme which would interfere with the teachers' present work.

Mr. Somerville—I am my face against it on this account, too, at first, and until I see that the teachers' work is not going to be interfered with, I cannot support the scheme.

Mr. McArthur claimed that this savings bank scheme was just as much an educational scheme as any other branch taken up at the schools, and he did not believe that a great deal of the teachers' time would be taken up in looking after the deposits.

Chairman Paxton—But it is taking time away from other and more valuable work on the part of the teachers.

Mr. Robertson, seconded by Mr. Morley, moved in amendment that the report be referred back to the committee for further consideration.

When put to a vote, Mr. Robertson's amendment carried.

The action of the report dealing with free text books was adopted.

**MR. POOLE DEAD**

An aged and respected resident passed to the great majority yesterday morning in the death of Mr. James Poole at his residence on Murray St. The deceased was aged 75 years, 4 months and 15 days.

The late Mr. Poole was born in 1831, and came to America when 18 years of age. He first settled in New York state, but later came to Chatham, where he had lived ever since. He was a tiler by calling, but had been living retired for the past four years.

He is survived by one sister, a step-father and a step-sister living in England, while he leaves here a wife, one daughter and five sons to mourn his loss. The children are, Mrs. Geo. H. Wanless, Lacroix St.; James Poole, of Buffalo; and Thomas, John, Joseph and Septimus Poole at home.

The funeral will take place Thursday afternoon at 2.30 from the late residence of the deceased to Maple Leaf Cemetery, Rev. Rural Dean McCosh officiating.

**THE MAN FROM THE WEST.**  
"The Man From the West" is a pretty melodrama, headed by Arthur T. Mitchell and a strong cast. This company comes here under the personal supervision of Mr. Mitchell, who is well known to local theatre-goers. "The Man From the West" is to the habitual theatre-goer, will prove a fine treat, while to the ordinary individual it will prove a revelation. Big specialty numbers between acts. At Brisco Opera House Friday evening, Nov. 9th. Street parade at four p. m.

"Charley's Aunt," Brandon Thomas' famous farce comedy, will be the attraction at the Brisco Opera House on Saturday night, with Etienne Girardot at the head of the cast, appearing in his original creation of Lord Fancourt Babberly, in which he made a great success several years ago. Mr. Girardot, who is an artist in his peculiar line, and who has a strong hold on the admiration of theatre-goers, has scored many successes, but none greater than in the leading role of this comedy, which is one of the most amusing seen in this country in a decade.

### MR. POOLE DEAD

An aged and respected resident passed to the great majority yesterday morning in the death of Mr. James Poole at his residence on Murray St. The deceased was aged 75 years, 4 months and 15 days.

The late Mr. Poole was born in 1831, and came to America when 18 years of age. He first settled in New York state, but later came to Chatham, where he had lived ever since. He was a tiler by calling, but had been living retired for the past four years.

He is survived by one sister, a step-father and a step-sister living in England, while he leaves here a wife, one daughter and five sons to mourn his loss. The children are, Mrs. Geo. H. Wanless, Lacroix St.; James Poole, of Buffalo; and Thomas, John, Joseph and Septimus Poole at home.

The funeral will take place Thursday afternoon at 2.30 from the late residence of the deceased to Maple Leaf Cemetery, Rev. Rural Dean McCosh officiating.
