PREFACE.

The Publisher of this work now places before the public his Twelfth edition of the Saint John Directory, and Eighteenth edition in full (five being Provincial Directories, one a Business Directory of the Dominion of Canada). The Publisher can state that it is hardly possible to take more pains to make the work reliable than is done every year in the short period of time to obtain the information, compile and print the work. There are, no doubt, errors, both typographical and otherwise, which will creep in, as the work must be advanced in haste to publish in seasonable time. The public will please pass over the errors, and give the Publisher credit for placing it before them earlier than usual. The support from the advertising portion of the work has fallen off these latter years, and that with the limited sale and bad debts causes the Publisher to charge fifty cents additional this year. The Publisher has heard quite a number of business men say they could not dispense with the work even if they had to pay double the amount charged for it; if such persons would advertise, even to the extent of a few dollars, that would enable the Publisher to still continue publishing, or charge less for the book.

To those who have supported the work the Publisher returns his sincere thanks, and hopes that the hard times are over for St. John, and that the City will rise from her ashes and maintain the proud position (which she occupied previous to the great fire of June, 1877) of the Liverpool of Canada.

FIRE ENGINE HOSE!

After numerous experiments in other material, the public are forced to the conclusion that the only safety and economy is in the use of Leather Hose for fire purposes.

Having established a reputation second to none in this business, and having on hand a large stock of selected Hides that have been tanned and finished specially to my own order, I beg to say that I am fully prepared to fill all orders that I may be favored with.

Letters for Bermuda should be mailed in time to leave St John on the previous Saturday.

Miscellaneous.

Letters addressed to initials or fictitious names cannot be delivered, but will be returned to the writers through the Dead Letter Office, unless the address contains a designated place of delivery; thus, a letter addressed "A. B. Post Office, St John," would be sent to the Dead Letter Office, but if addressed to a street and number, would be delivered by the Carrier to the address designated.

The Clerks of this Office are forbidden to give credit for postage, and the holders of boxes and others are requested not to ask them to violate their instructions.

A Letter or Packet *once posted becomes the property of the person to whom addressed*, and must be forwarded to its destination. On no application, however urgent, can it be delivered back to the writer. Business men are requested not to ask for return of Letters mailed by mistake or otherwise.

The address of Letters should be plainly written, and when possible the name of the County as well as of the Town or Village, should form part of the address.

Newspapers and parcels must be mailed 15 minutes before the regular time for closing mails.

Notice to Box Holders.

A box can only be rented to a Firm, a Company, or a single person. Each box will be labelled according to the designation named by the person to whom it is rented. When the title of a firm is changed, notice in writing should be left at the office to have the label altered.

A letter addressed differently from the way in which a box is labelled will not be put in the box, unless addressed to the care of the firm or owner whose name is on the label, or to the number of the box.

An order to have letters placed in a box, belonging to another person, cannot be recognized, unless such letters are addressed to the box or its owner.

Letters for a private member of a firm should be addressed to the care of the firm or number of the box.

A letter addressed to a particular street will be taken out by the Letter Carrier.

Useful Hints.

Never send money or other articles of value through the Post Office except either by Money Order or Registered Letter.

Make complaints and inquiries in writing.

Preserve and request correspondents to preserve envelopes of missent or delayed letters.

Business men should be careful to authorize but a limited number of persons to receive their letters, and only those in whom they have full confidence.

Letter Carriers' Delivery.

Letters and Papers will be delivered free, if STREET and NUMBER form part of address.

Change of Residence should be promptly notified to the Postmaster in writing.

Three Deliveries daily in business portion of City, commencing at 8 a. m., 1 p. m., and 3.30 p. m. Other portions at 8 a. m. and 3.30 p. m.

Street Letter Boxes.

Registered Letters.

Letters intended to be Registered, when addressed to places in CANADA, must be prepaid by stamp 2 cents each; to the United States, 5 cents each, in addition to the postage rate. For NEWFOUNDLAND, Registered Letters, 2 cents; other articles 5 cents in addition to the postage.

All letters for Registration should be posted 15 minutes before the hour of closing ordinary Mails, and 30 minutes before closing of English Mails.

Registered Letters for the United States are despatched by morning Mail only.

No letter will be accepted at this office for Registration addressed either to initials or what may appear a fictitious name, and any such Registered Letter received from another office, or deposited in the Letter Box for Registration, will be at once sent to the Dead Letter Office for disposal.

Registered Letter Stamps have been issued of the denomination of 2 and 5 cents, which may be obtained at the usual places.

Registration is applicable to Letters and Parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which from incorrect address, forgetfulness of the receiver, or other error, may effect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours, and even days; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and is further suggested that letters containing money should invariably be secured with wax, and not by the usual method, by mucilage, or self-sealing envelope.

The Time Ball on Custom House, St. John, N. B.,

Will be hoisted half its elevation each day (Sundays excepted) at fifteen minutes before 1 o'clock. At 1 minute before 1 o'clock it will be hoisted its full length; and at 1 o'clock, mean time, the Ball will be dropped. A Chronometer keeping correct Greenwich time should then show 5h 24m 15s, and the difference between this and the time shewn by a Chronometer, is its true error on Greenwich time at the moment. At the above hour of 1 o'clock when the Ball drops, represents 5h 24m 15s, at Greenwich, the error of a Chronometer may be ascertained, no matter where the ship is lying. Masters of vessels arriving at St John should compare their Chronometers by the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45h 16m 42s N longitude 4h 24m 15s W.
