

*The McLaughlin Carriage Company, Oshawa, Ont.*

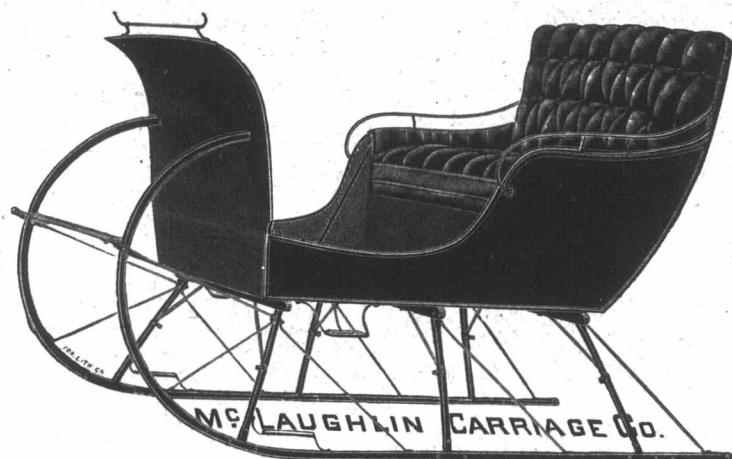

*I*N presenting you with this modest *CATALOGUE*, we show just Four Lines of *SLEIGHS* we are now building for our patrons for 1892-93. We have simply to say that these lines have been selected because we believe them to be the most practical, and will, therefore, be better sellers than any other Four lines we could make. As in our *Wheeled Vehicles*, so in our *Sleighs*, we are producing only *Thoroughly Reliable Work*, and can recommend them to our customers as being made of *First-class Material*—in a word, they are *Made to Stand*. We also have given attention to the importance of the selling qualities by imparting to each sleigh a well finished and attractive appearance. Send for Prices.
