THE COURIER.

THURSDAY, SEPTEMBER 25, 1891.

Our Canadian friends... The Mayor of Toronto and the citizens of Toronto also recently paid their respects to the late Mayor.

We copy the above from the Boston Morning Journal... The mutual courtesies have been exchanged, and these are sufficient to establish kindly intercourse, and also to perpetuate it.

That this celebration will exert a beneficial influence there can be no doubt... It has strengthened the bonds of unity between our people and those of the United States.

We publish to-day a series of thirty-two articles from the Toronto Patriot on the removal of the Government to Quebec, or rather upon the hardships entailed upon the officials in consequence of this removal.

At the close of the day, the Mayor of Toronto... They were all in the hall, and the Mayor of Toronto was the first to speak.

At the close of the day, the Mayor of Toronto... They were all in the hall, and the Mayor of Toronto was the first to speak.

A PARLAMENTARY GOVERNMENT... The removal of the Government of the present moment to Quebec is a very real and practical proposition.
