BIG GERMAN ATTACK ON VERDUN FRONT IS REPULSED

France Announces the Adoption of Food Regulations to Conserve Resources

FRANCE ALSO RESTRICTS MEALS IN RESTAURANTS

Puddings Prohibited and Strict Economy Enforced on All Articles of Diet

Paris, Jan. 25.—France to-day followed the example of England and Italy in restricting meals in restaurants. Diners in restaurants are hereafter restricted to hors d'oeuvres or soup, two other dishes and cheese or desert. In regard to the two main dishes, the bill of fare, instead of the 60 or 70 items usually presented, is confined to a maximum of nine. The nine consist of one egg dish, two fish, three meat and three vegetable. The restrictions have been drawn up in conjunction with the representatives of the provision trades and have been taken in good part by both the public and the restaurant proprietors. Public opinion generally recognizes the importance of stopping the waste in food.

The decree was printed in the official journal to-day, but does not come into effect until February 15. It is applicable to all establishments where meals are sold to the public, including clubs, hotels, boarding houses and canteens. Managers must submit bills of fare for lunch-noon to the police authorities not later than 10 o'clock in the day and for dinner not later than 5 o'clock and must hang up a copy of the regulations in a conspicuous place.

The restrictions include an absolute prohibition of puddings and all other confectionery, except milk, eggs, sugar and vegetables. Salads count as course, unless served on the same plate with meat. Albert Clavelle, under secretary for national subsistence, said in regard to the restrictions: "We have got to think of the future. The food situation is not grave at present, but importations may be subject to delay and our home production may meet unforeseen accidents. It is a question of holding out. That is why we are taking at once precautions which, without incommencing the public, will enable us to realize appreciable economy."

The British Manufacturers' Association of Kitchener, which has been formed to foster British sentiment and promote patriotic enterprise, includes all the manufacturers who were prominently identified with the movement to change the city's name.

Summary of To-days War News Over the Courier Leased Wire

Paris account of German attacks yesterday which appears to have been the most important offensive movement undertaken on the Franco-Belgian front in several weeks, says that the movement was launched along a rather wide front, being delivered at four points between Avocourt Wood, on the extreme left of the French lines about Verdun, and Dead Man Hill, a distance of more than 4-1/2 miles. The attack was repulsed, except that the Germans penetrated advanced trenches near Hill 304.

The fighting in the Riga region, the northernmost sector of the Russian front, continues to show advances for the Germans, according to Berlin, which reports additional Russian positions gained on both sides of the River Aa, southwest of Riga, bordering the great Tirul marsh.

The fighting in this marshy region is made possible at this season by the freezing of the swamps. The Russian offensive early this month was taken to be aimed at Mitau, the

LABOR REQUESTS In Connection with Peace Conference

LLOYD GEORGE TALKS OF WAR COUNCIL OF EMPIRE

It Will Mark a New World Epoch—A Variety of Matters to be Discussed—Allies are Going to Perpetuate an After the War Unity

London, Jan. 25.—Rt. Hon. David Lloyd George gave an important interview today on the subject of the forthcoming Imperial War Council to the London correspondent of the Australian United Cable Service. The Prime Minister said: "I do not wish to interfere in any way with the affairs of a great self-governing dominion, but we took the step of urgently inviting the dominion premiers to London, despite the fact that it might cause much inconvenience locally, because we desired their advice and assistance in coming to decisions about the conduct of the war and the negotiation of peace."

"Australia, knows that I am no jingo. My record contains no journeyings into flamboyant imperialism, yet I regard this council as marking the beginning of a new epoch in the history of the Empire. The war has changed us. Heaven knows, it has taught us more than we yet understand; it has opened a new age for us, and we want to go into that age together with our fellows overseas just as we have come through the darkness together and shed our blood and treasure together."

First Duty of Council
It was obvious, to the correspondent, that in Mr. Lloyd George's mind the first duty of the council would be to consider the immediate task of winning the war.

"The Empire War Council," continued the premier, "will deal with all general questions affecting the war. The prime ministers or their representatives will be temporary members of the war cabinet, and we propose to arrange that all matters of first-rate importance should be considered at a series of special meetings. Nothing affecting the dominions, the conduct of the war or negotiations for peace will be excluded from its purview. There will, of course, be domestic questions which each part of the Empire must settle for itself—questions such as recruiting in the United Kingdom, or home legislation. Such domestic matters will be our only reservation, but we propose that everything else should be so to speak, on the table."

"Will the discussions include such matters as the fate of the German colonies?" was asked.
Mr. Lloyd George replied: "That is one obvious question; but there are many questions of equal moment. All the difficult problems connected with making peace, as was stated in the government's invitation, will be threshed out; the war policy of the empire will be clearly defined, and of great importance is

what I may call the preparation for peace. That will involve not only demobilization, but such after-the-war questions as the migration of our people to other parts of the Empire, the settlement of soldiers on the land, commerce and industry."

CANADIAN RANGERS A PARALLEL TO THE RECENT SPEECH OF PRES. WILSON

Pay a Visit to the City of Dublin

They Are Accorded a Most Hearty Welcome

Dublin, Ireland, Jan. 26.—The visit of the Canadian Rangers to the City of Dublin was successfully inaugurated to-day when the battalion formed at Wellington barracks. Lord Mayor Gallagher and the lady mayoress accompanied by leading citizens of the Irish capital were present to convey the city's welcome.

The Lord Mayor said the voluntary service of Canadians of Irish birth and all creeds and politics showed what the Irish could do when united by one great cause.

The battalion paraded the streets, the Lord Mayor taking the salute from the steps of the Mansion House. Later the Canadians were reviewed in Phoenix Park by the Lord-Lieutenant and Lieut-General Bryan Mahon, commander of the British forces in Ireland.

The press of all shades of politics warmly welcomed the visit, which excited great public interest.

MANITOBA MEMBER Refuses to Sit With Two Colleagues

Winnipeg, Jan. 25.—Declaring that he would not sit on committees with Messrs. F. G. Dixon and R. A. Rigg on account of the sentiments which they had expressed in the House in opposition to national service and the carrying on of the war, Donald A. Ross, member for St. Clements, wound up a severe attack on the two Winnipeg members yesterday afternoon in the legislature. Mr. Ross censured Dixon and Rigg in no unreserved language and declared that they were assisting the enemies of the empire and that, in his estimation, their acts were treasonable.

Nine persons, Italians and other foreigners, were committed for trial at Sydney Mines, N.S., for the murder of John Ramello, who was shot in a house and his body carried out and left on the street.

Clarence Pangburn, an American, a former member of No. 1 Construction Battalion, was found guilty of perjury in Windsor Police Court through his own reputation of a romantic story of his life history he told the military authorities.

SIXTY THOUSAND Is the Number of Bombs Falling on Rheims Over Five Hundred Civilians Have Been Killed

New York, Jan. 26.—Sixty thousand bombs have fallen on Rheims, France, since the beginning of the war, 545 civilians have been killed and 652 wounded, according to a statement prepared by Whittier Warren, the architect. Mr. Warren returned from France yesterday with material for a supplementary report to the French Institute on the present condition of the Rheims Cathedral.

Of the number killed, 86 were children and 192 were women, Mr. Warren said. The cathedral, he added, has received 100 bombs and all the quarter that surrounds it is absolutely demolished.

"If one overlooks the demolished flying buttresses and surface wounds," said Mr. Warren, "the carcass of the Cathedral, which is built like a fortress, has resisted nobly. But the three winters which have passed since the burning of the roof threaten absolutely to destroy the vaults which are thus without protection from the weather."

WAS ELECTROCUTED

Windsor, Jan. 26.—St. Clair Walker, aged 28 and married, was electrocuted last night in a garage on Pitt Street. With another employee he was repairing an electric light wire and his hands came in contact with an exposed fire. He died within three minutes.

BIG HUN OFFENSIVE TAKES PLACE ON VERDUN FRONT

Attacks Were Made at Four Points but the Enemy in Each Instance Was Repulsed

Paris, Jan. 26.—On the Verdun front last night the Germans made attacks at four points between Avocourt wood and Dead Man Hill. To-day's war office announcement says the Germans were driven back with severe losses, although they penetrated advanced trenches near Hill 304.

In Upper Alsace the Germans left their trenches at two points to attack, but were checked by the French artillery.

The text of the announcement follows: "On the right bank of the River Meuse, after a violent bombardment German forces yesterday evening delivered attacks upon four points of our front: between Avocourt Wood and a point to the east of Dead Man Hill, but they were repulsed by our infantry and our machine guns. Our assailants were compelled to make their way back to their trenches with the exception, however, of certain detachments who were successful in penetrating some of our advanced trenches in the sector of Hill 304. The enemy during this attack suffered heavy losses and left numerous dead in front of our lines, particularly in Avocourt Wood. During the course of the night German troops undertook several surprise attacks upon some of our minor positions, but these failed under the fire of our men located to the north of Chilly, south of the Somme and to the northeast of Vingre, between the Oise and the Aisne."

"In Upper Alsace, near Largitzen, after a spirited bombardment, forces of the enemy came out of their trenches at two points. Our artillery fire put a definite check to this endeavor. On the remainder of the front, there has been intermittent cannonading."

The German Claim
Berlin, Jan. 26.—via Sayville—French trenches on Hill 304, north-west of Verdun, were stormed yesterday by German troops along a front of 1,600 metres, the war office announced to-day. Approximately 500 prisoners were taken by the Germans who also captured ten machine guns. The French failed in a counter-attack at night.

NEWS OF NORFOLK

Successful Masquerade Carnival—Dwelling Guttled by Fire—Doings of the County Council

Simcoe, Jan. 26.—(From our own correspondent)—The Ladies' Dramatic Club, which staged the "Chaperone," at the Parish Hall, will put the play on at Delhi this evening, under the auspices of the "Allies Club," a ladies organization in that village. Maria Gibson, widow of the late James Algoe, died at her home, corner Coburne and Union streets, yesterday morning, in her 69th year. The esteemed lady was suffering from pneumonia and had just been reported as convalescent when the announcement of the end came. There was a very successful masquerade carnival at Mason's arena last night, the first of the season. Best costumed lady, "Gipsy," Miss Agnes Mayne, Port Dover; best costumed gentleman, "Page," Alderman R. Cropp, girl, "Fairy," Louise Pace; best boy, "Prince Charles," Robert Simpson; best comic, "Chas. Chaplin," Frank Ryerse. Other brilliant characters were: Tom Lea, as a hand; Blair Edmondson, as Prince Charles; Thomey Chadwick as the Red Devil; Edgett Tisdale, as A. Highlander; Miss Allwyn Tracy, as Indian Girl; Walter Mason as Charlie Chaplin; Miss Ethel Agar as Hockey Girl; Eva Cropp as Ester Simionides' daughter; Miss Nell, as Indian Girl; Eileen White as Shepherdess; W. H. Johnston as Prince Rupert.

Dwelling Guttled by Fire The first fire in town for many months was discovered about five o'clock yesterday evening in the residence of Jno. Barber, Queen St., north, Mrs. Barber was out and Mr. Barber arrived to find the conflagration well under way. The brigade made a good run considering the depth of the snow for the wheels. The interior of the dwelling and the contents were very badly damaged. Just how the fire started is not known. It apparently began near the kitchen stove. The County Council visited the Industrial Farm yesterday morning, heard a denunciation from the Children's Aid Society shortly after two o'clock made the usual adjournment to sit for a photograph and returning disposed of the petition for the formation of a new section. In this matter no action was taken as the Windham representatives promised to have a special meeting and appoint arbitrators before February 28th.

HOW TO CURE STOMACH TROUBLE

The Common Cause is Lack of Blood Therefore You Must Build Up the Blood.

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nourishment, while every act of digestion, from the time the food enters the stomach and is assimilated by the blood needs plenty of pure well-oxygenated blood. The muscles, glands and nerves of the stomach work only according to the quality of the blood. The most common cause of indigestion is lack of rich, red blood. Not only does impure blood weaken the muscles of the stomach but it lessens the product of the glands of the intestines and stomach, which furnish the digestive fluids. Nothing will more promptly cure indigestion than plenty of pure blood. Dr. Williams' Pink Pills are the safest and most certain blood-builder. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health. Here is proof of the value of these pills in cases of indigestion. Mr. Daniel Dexter, Liverpool, N.S., says:—"For several years I was a great sufferer from indigestion. I was greatly troubled with gas on the stomach which caused disagreeable sensations. I was also frequently troubled with nausea and vomiting, which were very distressing. As a result of my trouble my appetite almost completely failed, and what I did eat caused me constant pain. I was continually losing weight but did not get any benefit and had about made up my mind that I would suffer for life. One day a friend asked me why I did not try Dr. Williams' Pink Pills, and while I had not much hope of a cure I decided to do so. I had only taken a few boxes, however, when I found they were helping me. Very gladly I continued the use of the pills, and in less than three months I was as well as ever. I had been able to eat a hearty meal, and to feel that life was again worth living. I had also been troubled from time to time with attacks of rheumatism, and the use of the pills cured this as well as the indigestion. It is now over a year since I took the pills, and in that time I have had no return of the trouble." Dr. Williams' Pink Pills are sold by all dealers in medicine or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SUFFOLK COAST

By Courier Leased Wire. London, Jan. 26.—An unidentified German vessel shelled the Suffolk coast of England last night. There were no casualties. The following official announcement was given out to-day: "A small unidentified German vessel approached the Suffolk coast last night and fired a number of shells, only a portion of which reached the land. There were no casualties and only insignificant damage." GUARD THE BABY AGAINST COLDS. To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy and good-natured. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HOUSE TO ADJOURN

For a Period of Two Months

In Order to Enable Premier to Attend Imperial Conference

Ottawa, Jan. 25.—Parliament will be adjourned early in February, probably for two months or more. Sir Robert Borden announced in the Commons today, his acceptance of the offer of the Opposition for an adjournment to allow the premier to attend the Imperial Conference, the war credits and part of the necessary supply to be voted before this is done. The Prime Minister attached the condition to his acceptance, one of which was the introduction by the minister of finance of a borrowing bill along the lines of that of last year, and the other, that of taking up again the work of consolidating the Railway Act, which has been passed on the government. Both conditions were acquiesced to by Sir Wilfrid Laurier. It is understood that the Prime Minister has received a telegram urgently requesting that he arrive in London at the earliest possible date to attend the conference. As it is impossible for him to leave Ottawa until the war appropriation has been voted and arrangements made for the ordinary expenditure of the government, during his absence, and as these matters cannot be taken up until the debate on the address has been concluded, the continuance of the latter means, therefore, so much time taken from the premier's attendance at the proposed meeting. Premier's Conditions. In announcing his decision today, Sir Robert asked that supply be voted to June 30th or to the extent of twenty-five per cent., that the entire war credit be passed; that the minister of finance be allowed to introduce a non-contentious borrowing bill, and that there be no other legislation except the taking up once more of the consolidation of the Railway Act. The premier said he had received a demand from all parts of the country for such action. He proposed to have introduced, get second reading and he sent once more the joint committee of Senate and Commons which had dealt with it some years ago, which would work out during adjournment. Sir Robert then informed the House that he had received a cablegram in which the urgency of early attendance at the Imperial Conference on the part of the overseas premiers, was emphasized. Sir Wilfrid Laurier expressed his concurrence. The consolidation of the Railway Act, he said, might originally open the door to many suggestions, but in the war time he considered it could be kept down to what it was, a consolidation and revision. As for voting supply until June 30th, he was more than willing, but as this was war time, he would consent. Sir Thomas White explained that his borrowing bill was similar to that introduced last session, which covered \$75,000,000 and would deal with borrowing for the general purposes of the Dominion.

Canada must 'Carry On' If Belgium's Children Are To Be Saved

To punish the violation of Belgium and free its land from the Huns has been one of the strongest rallying cries of British and Canadians throughout this war. For it our men have fought hard and long, and stronger and more determined now than ever, they are "Carrying on" to the finish. When the soldiers first went out to fight the despoilers of Belgium, we who could not go undertook to help feed the starving women and children who were victims of German savagery. Are WE carrying on as the soldiers are doing? Or has our enthusiasm cooled—our sympathy died out—our help lessened or ceased? Certainly the Belgians' need of help has not lessened, but rather increased! Three million women, children and old men are depending for food for life itself—on the Belgian Relief Commission. The Commission in turn depends on us Canadians for a substantial share of the necessary food, or the money with which to buy it. If we fall short in our contributions, thousands of Belgian kiddies must go painfully, if not fatally, short in their food supply. Already an alarming number of them, weakened by scanty rations, are falling victims to tuberculosis. There would be little merit in restoring Belgium to a nation whose motherhood and youth we had allowed to be decimated and weakened by hunger and resulting disease. Let us at home carry on the relief work as unselfishly, as steadfastly and as successfully as our soldier boys are carrying on the fighting! If YOU have not been helping, now is the time to give a hand and do your bit.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink Lots of Water and Stop Eating Meat for a While if Your Bladder Troubles You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's uric waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

THE SITUATION.

General Maurice, director of military operations, during the course of an interview, said that he wanted to correct an impression which seemed to prevail, especially among Americans, that the British and French have reached the limit of their ability in the Western campaign.

On the frozen swamps of the Riga region a terrific struggle is in progress. Berlin asserts that the Russian forces still continue to fall back and that seventeen hundred prisoners, the enemy would be driven back until he was vanquished.

The British official gazette announces that the Treasury has been empowered to requisition any foreign securities which may be desired in order to strengthen Britain's financial position.

UNWARRANTED SQUEALING.

Commenting on the result of the N. W. Toronto bye-election, when Hon. Mr. McPherson received, such an emphatic majority, the Expositor makes the squeal that the result was due to the action of the committee of "One Hundred" in giving their endorsement to the Conservative candidate and that their course was a poor requital for what Rowell had done.

The facts of the case were that Hon. Mr. McPherson was opposed solely and wholly because the Liberal manipulators thought that the liquor interests would join with them and thus encompass his defeat.

THE TALK OF COALITION. Certain papers, including the Hamilton Herald (Independent) have been urging that there should be a coalition government in Canada.

How could such a thing be possible with the Quebec following of Sir Wilfrid Laurier so clearly out of tune with the feeling in the rest of the Dominion.

In the bye-election now in progress in the Province named, we have the spectacle of Cannon, who states that he is in the fight at the request of Sir Wilfrid, taking most un-British and un-Canadian ground with regard to the war.

The chief weapon of attack which he is using against his opponent, Hon. Mr. Severyn, consists of the claim that the Borden Government has gone too far in the matter of Empire help, and that the National Registration Card system is a prelude to conscription.

Laurier has not repudiated this man, or his utterances. He knows that Cannon has declared more than once that he is a follower of the Liberal leader and also his protegee, yet Sir Wilfrid remains absolutely silent with regard to the method of campaign adopted. If he disagrees he should say so, and failing such a course Cannon must be regarded as having his acquiescence.

In the name of all that is reasonable how could a Government with such an element introduced begin to be as stonem in Empire purpose as the Borden administration has demonstrated itself to be?

THE PRODUCTION OF A NEWSPAPER

The Ottawa Citizen devotes an editorial to the above matter as follows: "Printing a newspaper during war time is looked upon by the average man as a rather pleasant and wholly profitable business. Aren't more newspapers sold when big things are being done in which the public is vitally interested, and isn't news cheap, anyway? But making a newspaper is a complicated business and the list of ingredients in this commercial pudding may prove surprising to many. Rubber, drugs, carbolic acid, felt, cotton, glycerine, gum arabic and metals of various sorts enter into the mess—all this outside the white paper, ink, the paste and the wrappers. Then there are special telegraph services to be paid for, special war features, the additional postage war tax, and the increase in the tariff on goods coming into Canada, and known as the war tax.

Some increase in the price of those ingredients may serve to convey an idea of the increased cost of newspaper production during the past two years. The increase in the cost of white paper is 53 per cent. The government is attempting to have this reduced, but the present price quoted by news print mills represents that much increase over 1914 figures. Postage has gone up 3 per cent., carbolic acid 700 per cent., gum arabic 90 per cent., ink 20 per cent., press felt 69 per cent., rubber 33 per cent., glycerine 100 per cent., metal 70 per cent., wrappers 91 per cent., wipers 67 per cent. Can any other line of business show increases in all its producing material to match these increases in the making of a newspaper? We do not think so. In addition wages and office expenses have gone up proportionately. Wages have increased over 31 per cent. since December, 1914, while office expenses have increased 35 per cent. And the end is not yet, apparently.

It is this situation which has prompted many Canadian journals to increase their prices. With all this a matter of self preservation. Increased subscription rates are now adopted by the London Free Press, the London Advertiser, Toronto Star, Toronto News, Brockville Times, Galt Reporter, Windsor Record, Sherbrooke Record, Kitchener News-Record, Kitchener Telegraph, Brantford Courier, Brantford Expositor, and a steadily growing number of other Canadian journals of prominence. Across the line, where the same conditions prevail, the great papers are everywhere following the example of the Buffalo and Pittsburgh newspapers which increased their rates a short while ago. All one cent papers in the cities mentioned are now sold for two cents on the street and the subscription rates are increased proportionately. And the two cent rate does not anywhere pay for the paper and ink used in the copy sold for the price it merely reduces the amount of money the publisher is accustomed to lose, as a rule, in his circulation department.

NOTES AND COMMENTS

They say that exceedingly cold weather prevails in Dorchester, Quebec. It is hard to believe the statement in view of the sulphurous language which Cannon, the Liberal candidate, is pouring on his opponent for backing up the Borden government for helping with the prosecution of the war.

As might have been expected, President Wilson, in poking his nose into the European embroglio, has had that member severely tweaked. Here are some simple verses on the subject from an old country parson: "Oh, President Wilson, You're wasting your time, In sending out peace notes so soon; Do not, please, interfere; It must surely be clear That it's we who are paying the piper, old dear."

So it's we who'll be calling the tune. You've sat on the fence for two years and a half, Which from motives financial's discreet; You have prattled of right And you've taken delight In telling the world that you are too proud to fight, Which is merely the Yank for "cold feet."

So do not imagine that now you can start To dictate to us what we should do. We will finish the Hun With the bayonet and gun, And you jolly well mind your own business, my son; We're a little bit fed up with you.

Lieut.-Col. Donald Sutherland, M. P. for North Oxford, told his Conservative supporters Saturday that he would not return from overseas to personally conduct his next election campaign.

A deputation representing the Cattle Breeders' Association of Canada waited on the minister of Agriculture at Ottawa to protest against the proposal to allow oleomargarine to be imported and sold in Canada, as injurious to the breeding and dairy interests.

Armed Ships of the Former Class to be Treated by Dutch as Latter

The Hague, via London, Jan. 26.—The Dutch minister of foreign affairs, announced in the chamber of deputies today that armed merchantmen in the Dutch colonies would be treated as war vessels, except in the case of ships carrying provisions.

The government, the foreign minister said, had reported against the detention of grain cargoes and he expressed the hope that Great Britain was prepared to pay compensation as such detention arose from misconception. The same, he added, could be said with regard to the detention of copper cargoes.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look. Mothers! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison unobscured food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse your little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full particulars for babies, children of all ages and for grown-ups printed on each bottle.

LLOYD GEORGE TALKS

Continued from page one. has been beyond all praise, without leaving memories of comradeship and great accomplishment which will never die. Of this I am certain. The peoples of the Empire will have found a unity in war such as never existed before—a unity not only in history, but of purpose. What practical change in imperial organization that will mean, I do not venture to predict. That it will involve some change is certain. I believe that all the statesmen of the Old Country and the dominions who have spoken about it are unanimous on that point. The forthcoming war council, however cannot deal with these fundamental post-war problems, but it may afford some insight into the form they may take.

"You are sanguine about the future of the Empire?" "If we see the war through I certainly am," the premier answered. "You do not suppose that the great combination of peoples who make up the Empire can have stood steadfastly together with their Allies, in order to discredit and overthrow the most brutal and inhuman machine for the destruction of human liberties that the world has ever seen, and not have discovered a new ground of friendship."

"We stand at this moment on the verge of the greatest liberation that the world has ever seen since the French revolution. Do you tell me that peoples who have stood together and staked literally everything in order to bring that liberation about are not going to find some way of perpetuating that unity afterwards on an equal basis? I am certain that they will. There will be much for them to do. Peace terms will be only a beginning. After they are satisfactorily arranged we shall have to set to work to build up that ordered freedom and fraternity which is the only security for human peace and progress and which militarism has destroyed; and is it not certain that the nations which have borne the heat and burden of the day in the overthrowing of that militarism will take a leading share in building that new earth which they have made possible by their sacrifices? No; if we endure to the end I have small fears for the future; and not the least important of the foundations for the work we shall have to do together in that future will be this war council of the British peoples."

HOCKEY

What promises to be the hottest fought hockey match of the season is to be played this evening at the local rink between Brantford and Paris intermediates. The game is the last of the scheduled series, and a victory for the locals would give them the championship of the division by a score of 3 games to 1, while the event of a win by Paris would involve the playing of a fifth game, probably on neutral ice, to break the tie which would then exist between the teams. The locals are all out to win, however, and are fairly bubbling over with confidence that they can annex the feature. Their line-up will be much the same as the last game, except that Carruth will find a place on the team.

Obituary

ELIZABETH CHARLTON An old and faithful member of Zion Presbyterian church passed away last evening in the person of Elizabeth Charlton, aged 73 years. The funeral will take place to-morrow morning from the late home of the deceased, 147 Northumberland Street, to St. George.

ALEX. WHYTE

Hamilton Spectator: Yesterday afternoon, in Brantford, the funeral of Alex. Whyte, a former resident of Hamilton, took place to Greenwood Cemetery. He died in the Brantford sanatorium, in which institution he had been a patient for some time. After leaving Hamilton six or seven years ago, he resided in Detroit, but a few months ago he returned to Canada.

The deceased was 32 years of age, and was a son of the late Alex. R. Whyte, of customs house staff. While quite a young man he married a widow, a daughter of John Aird, of Brantford, who resided on James street north. The latter was later sent to the U.S. and his wife secured a divorce from him and married his father, who was a widower, residing on West avenue south. A separation however, ensued. When Mr. Whyte, sen, died there was litigation over his estate, and when this was settled, Mrs. Whyte returned to her old home in the Telephone city. Friends of Mrs. Whyte in this city will sympathize with her in her bereavement.

MRS. HIRAM HOWEY

There passed away at Mt. Pleasant, Brant County, on January 18th, Elsie Naomi Carrow, daughter of the late John Carrow, of Delhi. Mrs. Howey was a devoted wife and mother and left to mourn her loss a husband, one daughter, Mrs. James Guest of Mt. Pleasant, two brothers, George of Atherton, Arthur of Toronto, three sisters, Mrs. Edgar Evans of Chicago, Mrs. St. Lawrence Chandler, of Chicago, and Mrs. G. H. Malcolm, of Brantford. Mrs. Howey was ill just two weeks, of rheumatism and after a great deal of suffering and all that careful nursing could do, God called her away.

The funeral services took place on Saturday afternoon, January 21st, and an impressive service was held at her late residence, conducted by her pastor, Rev. Charles G. D. Cole, Methodist minister of Mount Pleasant. His remarks were based on the 14th Chap. Job, and a number of the favorite hymns of the deceased were sung. The remains were tenderly laid to rest in the family plot in the Mount Pleasant cemetery. Many expressions of the high esteem in which the deceased was held were shown by the many beautiful floral offerings.

LOTTIE B. ROBINSON

On Monday last the death of Lottie B. Robinson took place in Brantford. The event so sudden and unexpected to her parents and her friends has rendered the case more distressing and sad. Miss Lottie had been spending a few weeks with her parents Mr. and Mrs. Robinson, 158 Oxford Street in this city, being engaged at Mt. Sinai Hospital, New York. She held a very important position in that institution, for such special work she was eminently qualified in every detail a clever, bright and a cheerful character to whom to know was a pleasure and delight, so natural and unassuming. To the parents sisters and brother and her numerous friends the passing away will be felt intensely keen. In token of respect and friendship to the deceased, evidence was shown by the large attendance at the funeral, many friends came from Toronto, Kingston, Hespeler New Hamburg, Elmira and other places.

The second on this occasion was exceptionally beautiful, in keeping with the beautiful personality of the deceased. The funeral took place on Thursday last from the residence of the parents, 158 Oxford St. A short service was held previous to that in the Oxford Street Methodist Church. The pastor of the church, Rev. Mr. Smith was assisted by a former pastor Rev. Mr. Marshall and Rev. Mr. Fiddis also the Rev. Mr. Campbell of the Presbyterian church in this city. The members of the choir were present and rendered appropriate selections for the occasion assisted by Prof. Darwin and Miss Alice Bligham of the Wellington Methodist Church, also Mrs. S. White. The pall bearers were, B. Benton, G. Grummett, R. Cook, T. Darwin, A. Elby and M. Hill. To the sorrowing parents and family, relations and friends, the community extends their sincere sympathy.

"She is not dead but only sleeping, And her waking will be sweet, But to us how sad the waiting, Till our dear ones we will meet."

Mr. W. A. Anderson, who has been visiting at the home of Mr. and Mrs. S. McCartney, has gone to visit relatives in London, Elgin, and Chicago, before leaving for his home in Bearville, Alberta.

County Council Gives to the Patriotic Fund

Grant of \$30,000 for Year 1917 Is Made After Long Discussion Up on Subject

The County Council held an exceedingly lengthy session yesterday afternoon, extending well into the evening before an adjournment was made. The question of the amount to be granted to the Patriotic Fund was again upon the tapis, and the discussion occurring at the morning session was renewed. The majority of the council were however in favor of increasing the grant to \$30,000 per year, as asked, and the motion to this effect was passed. In view of the fact that poor crops and other conditions had so severely affected residents of some districts that they could not pay their share to the increased assessment, provision was made for the raising of additional subscriptions from any ratepayers able and willing to subscribe more than their assessment to the Fund. The text of the resolution follows:—

That the Council in committee of the whole recommend that a grant of \$2,500 a month be made by this council to the Canadian Patriotic Fund for the year 1917. This grant amounting to \$30,000 for the year, would represent a payment by the minor municipalities approximately of the following amounts:—

Township of Brantford	\$9,750.00
Township of Burford	7,200.00
Township of S. Dumfries	6,000.00
Township of Onondaga	2,700.00
Township of Oakland	1,350.00
Town of Paris	3,000.00

Based on last year's taxation.

As several of the minor municipalities claim that on account of failure of crops, certain ratepayers of their municipalities are not in a position to meet such a levy for the above purpose, and at the same time there are certain ratepayers in their municipality who are not only able to meet the amount levied on them personally, but also are able and willing to contribute larger sums, it is suggested to these municipalities that they should obtain subscriptions from those who are willing and able to pay more than called for by the tax levy for the above purpose, and such subscriptions should be used to

relieve the ratepayers of the municipalities so subscribing who are unable to meet their respective levies without suffering great hardship.

To Attend Convention.

A committee comprising the Warden and Messrs. Crichton and McCann was appointed to attend the Plowmen's convention to be held in Toronto soon, with a view to having the next provincial plowing match held in Brant County during the fall of the present year.

Annual Audit

On motion of Messrs. Pitts and Stewart, Mr. Jas. Scott, the member of the council appointed to the board of audit, was authorized to countersign the criminal audit checks and to receive the same indemnity, with mileage therefor as he receives as county councillor.

County Roads.

On the motion of Messrs. McCann and Pitts, the Reeves of the township municipalities of the council were appointed a committee to look after the maintenance of the portion of the roads in their respective municipalities, now part of the county roads system, until the county superintendent be appointed to take over this work.

Roads Superintendent.

The clerk was instructed to advertise in both the local papers, the Toronto Telegram and the Engineering News for a man suitable to act as county road superintendent.

The council then adjourned until Friday of next week, Feb. 2.

To The Trades and Labor Council, City

Dear Sirs: In reply to your communication dated January 20th., addressed to the Municipal Railway Commission of Brantford, would say, that our commissioners do herein gladly furnish your council, also the public generally the fullest information with regard to free passes issued upon our Brantford Municipal Railway service.

From the first effect of Municipal operation of the road, this question has been more of less a contentious one, and not an easy one to define. Just one year ago, the Commissioners were strongly urged by some of our Aldermen, to issue passes to that body, the same was declined, the Commissioners believing that such precedent should not be established, and that question of free passes required to be firmly dealt with. We wish to state, that so far as the different Boards of the City are concerned, they are privileged to purchase books of tickets for anyone in their employ at a slightly reduced rate, (books not transferable and tickets cannot be used if detached) also these books of tickets are paid for in advance. Policemen and Firemen in uniform, also Janitor Smith are carried free in accordance with the City by-law to that effect. This leaves only in question our City Engineer, to issue passes to the Commissioners. Up to this point no person is carried free, and no passes are issued, except in return of courtesy for those issued to us by other electric roads. The only annual passes issued, are those to the three Commissioners and one to the City Engineer. "four" in all.

As has been the policy for years, books of tickets are given free to the Victorian Order or Nurses, the Commissioners knowing the very excellent service they are rendering those who most need it, making thousands of professional calls, as report shows at all hours day and night, regardless of weather conditions, etc. It has become one of our pleasant duties to assist them, by giving books of tickets as required, and to any who may question our right in this connection, we kindly refer you to annual report of the Victorian Order of Nurses published recently in both of our City papers.

The Commissioners wish to re-

Hoping our policy with regard to passes etc. is approved, we remain,

Veteran Teachers' Service to County

The report recommended the recognition in some tangible way of the service of W.H. Smith who retired last midsummer after teaching in the county for almost fifty-two years.

The County Council appointed N. S. Boughner and Bruce Johnston as auditors for 1917.

Fred A. Brook has handed in his resignation as a member of the Board of Education to the County Council. He was appointed last June to complete the term of P. E. Angle. Tom J. Agar retires regularly this year.

No representative was appointed to the Easter Convention of the Ontario Educational Association.

The Patriotic Association

The County Patriotic Association, which is made up of the county council and a dozen or so sincere men spent the afternoon hearing the reports of the treasurer, George J. McKee, and discussing the recruiting problem. From the report we glean that the greatest monthly disbursements to dependents obtained in July, 1916, when \$4,125.37 was paid out. The December figures were down to \$3,493.87 and have been steadily decreasing. The total allotments since the fund was opened total \$33,819.84. Of this there has been reserved in trust against extravagant dependents \$31,401.41 and by emergency cuts has been brought down to \$9,976.55.

The county has paid into the fund \$55,000 and has undertaken to pay monthly \$5,000 till the war closes. Up to January 1st, \$33,819.84 has been received from the fund. Only three counties in the province pay more liberally.

Low Administration Rate

The cost of administering the \$33,819.84 and forwarding the monthly cheques to Ottawa, including postage, war stamps, stationery and office help, has been only \$480.27 (about 1-2 per cent.) of which \$233 was wages.

The Emergency and Recruiting Funds were also exhaustively dealt with. The former has a credit balance of \$1,263.32 and the latter \$203.11.

President, His Honor Judge Boles.

Vice-Pres. Senator A. McCall.

Sec. Treas. George J. McKee.

Lt.-Col. Cockshutt, Capt. McKegney and Mr. John Spence, of the Brantford Patriotic Association, were present on invitation.

Col. Cockshutt's message was "The sooner we throw in all force and we have not done all we can yet."

Capt. McKegney cautioned his hearers that first efforts were easy but only the steady, continued pressure counts.

Mr. Spence discussed recruiting methods, through civilian, and kith and kin organizations, but thought a thorough house to house census taking the best method. He stated that Brantford's population had increased 1138 in 1916. Since must have lost well over half that much.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" Makes Sick, Sour, Gassy Stomachs Feel Fine.

Do some foods you eat hit back—taste good but work bad; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour or upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow but not sure. "Pape's Diapepsin" is quick, positive, and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

It was decided to hold a series of public meetings in Norfolk at any rate with a view to picking up eligibles known to be available.

His Honor refuted any insinuation that Norfolk had not done well, but he wanted to know if Norfolk was willing to lapse into indifference while so many of our brave boys were bucking the German line expecting someone to go over and help.

Lance-Corp. Fred Dorey of the 216th Bantam battalion, received official notice of the death of his son, Pte. Fred J. Dorey at No. 6 clearing station France, on Jan. 18th, from wounds received in action. The last letter home was written from England where Fred was on Christmas leave, visiting his brother. Young Dorey was but 20 years of age, but he had seen about 18 months service in the trenches. A third brother is with his father in the Bantams.

Mr. Ross Edgeworth of Teeterville brought down to-day for the Red Cross funds the proceeds of a social held there on the evening after the day of the S. C. Convention to utilize the surplus provisions provided the delegates by the congregation of the local Methodist and Baptist churches. All such donations are thankfully received at I. O. D. IMPORTANT ANNOUNCEMENT

Commencing to-morrow, Jan. 27th, 1917 the prices of Tip Top Tailors' Famous One-Price made-to-measure clothes for men will be \$16 instead of \$15

In September, 1915, when the high cost of wool and the disorganized dye stuff market hit the tailors' trade and forced everybody to raise prices, we had thousands of dollars worth of woollens tucked away in our big warehouse at 258 Richmond Street, West. We had "bought when the buying was good"—on foresight—away ahead. Thus ever since we have been able to pass the dividends over to our customers. Instead of raising our price, as other tailors did, we let our customers benefit by our foresight and resources. Excepting a raise of \$1 in May, 1916, caused by labor conditions, our price has remained the same as it was before the war.

In keeping down our price while others raised, we were not trying to give away money—we were simply forfeiting high profits—we were not losing cash—we were merely letting our patrons in on a "melon." We believed this policy would pay us in the long run—in wider public faith and friendship—and it has—a fifty per cent increase in our business last year proves it.

Now, however, the big stock of woollens that we bought "right" is about exhausted, and the present high cost of materials makes it impossible for us to continue to make clothes at \$15 and maintain our standard of value. Therefore, we have no alternative but to ask our patrons for a slight increase.

So Tip Top Clothes are going to cost \$1 more than formerly, but under all the circumstances they're going to be worth more. With the new price it will be our endeavor to give greater value for the money—better fabrics—superior tailoring—more style—more service—more satisfaction. We always bear in mind that it's our customers we must satisfy. Our business success depends upon what they think of Tip Top Tailors' clothes—therefore it's up to us to make for them clothes that are correct in style, that fit properly; and last, but not least, clothes that wear so well they will not only insist on Tip Top clothes, but will be only too glad to recommend them to their friends. To clothes satisfy our customers is our best advertisement.

Thanking our many customers, and assuring them all that we did not raise our price until our cost of production compelled us to do so, we are,

Faithfully yours,

Music and Drama

The Brant Ventriloquists upon the vaudeville stage to-day are more numerous than the prevarications in a German war statement, yet of those whose talent in the art is more than mediocre there is a conspicuous absence. Hence it is that the ability of one so proficient as Miss Nan Aker now playing an engagement at the Brant Theatre, should suffice to draw record attendances.

"FAIR AND WARMER" "Fair and Warmer," the farce by Avery Hopwood which Selwyn and Company will present at the Grand Opera House for matinee and night on January 27, needs no introduction to local theatre-goers, beyond that which has already been furnished them by the ardent admirers who saw and were convulsed by it at the Elling Theatre in New York, and who returned to their home-towns with loud praise of it as the season's greatest treat.

Although Robert Whittier, Metro leading man, can play villainous parts when called on to do so, he balked recently when told he would have to abuse Ethel Barrymore in "The Awakening of Helena Richie."

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place.

An inside bath is had by drinking each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

so that Mr. Noble congratulated him on his "brutality."

CHARLIE LOST HIS MUSTACHE During the filming of the latest Chaplin two-reel comedy entitled "Easy Street," the inimitable Charlie was called upon to hold a squalling infant for one of the big comedy scenes of the production. As the infant was handed out Chaplin gingerly grasped it by the shawl, enveloping it and held it wrong side up until they were ready to start the camera.

The babe kept on crying but finally a light seemed to light the little tear stained face and the howls ceased. Suddenly a tiny hand shot out from under the shawl, jerked back but no sign of the fuzzy adornment on his upper lip came off and also a part of the said lip.

Finally in order to go on with the filming of the scene Charlie had to repair to the dressing room to get a new mustache. The babe held tightly on to his new possession and even went to the extent of insisting in a way all of his own in taking it home with him. Many are the people who would give a great deal to have gotten a hold of Chaplin's mustache.

County Council Gives to the Patriotic Fund

Grant of \$30,000 for Year 1917 Is Made After Long Discussion Upon Subject

In a few weeks, in many Ontario counties, the County Councils will be discussing the size of the grant to be made for 1917 to the Canadian Patriotic Fund.

It will be of much importance to the Fund if the Councils should have full confidence that the people will heartily approve of liberal grants. We have no doubt that the ratepayers of the Province are behind the Fund to whatever extent may be necessary.

The work the Fund is doing in caring for the families of the men at the front must not be hindered by lack of money, and we would suggest to all patriotic citizens that they take every opportunity of encouraging the county councilors to see that the sums voted level up to the standard of the best paying counties in the province.

SIDE TALKS

By RUTH CAMERON

We have had from time to time several talks on the kind of woman a man likes best.

A masculine reader (who is extremely anxious to remain incognito) wishes we would talk about the kind of man a woman likes best.

I suppose that depends on the individual woman. But there is a childish way to sidestep the question.

There are, of course, certain characteristics in men which make an appeal to the average woman.

For instance, I think the average woman likes a broad-shouldered man. There is something in broad shoulders as typical, attractively masculine as curves are typically attractive in a woman, other things being equal, prefers a tall man.

The "handsome-homely" type. Beauty of features in a man does not make the same appeal to the opposite sex as beauty in a woman.

Do my mind, there is something almost objectionable about beauty in a man. The "handsome-homely" type is the type that attracts me most, and I have heard many women say the same.

There are two manners in men that appeal to women. One is the caressing, protective manner. A woman will forgive much to the man who will put her coat about her shoulders in a protective manner that makes her feel that he is interested in her well-being.

The other manner is that which combines bullying and outspoken admiration. I simply cannot describe it, but I know a man who possesses it, and I am sure you do, too.

Now, if any of my women readers think I haven't answered this question properly, I should like nothing better than to have their point of view.

LADY'S FOUR GORE SKIRT.

Whether a woman stays home or travels about, has less or a bit more money than her neighbor for her clothes, she can always find use of the separate skirt, because she intends to cling to the separate blouse.

The clever blending of style features makes for the success of this attractive walking skirt. It is cut in four gores and has the front and back gores gathered to yokes at centre front and back only, the sides not showing this feature. A plait at each seam where the side goes joins the front gore is a good point, since it neatly arranges the fullness, hides the seam and increases the long line effect that is of such importance in styledom.

The skirt pattern No. 8331 cuts in sizes 24 to 30. To make in size 24 waist will require 3 1/2 yards 36 inch material.

To obtain the pattern send 10 cents to the office of this publication.

LADY'S SHIRT WAIST.

wide box plait in each front and in each half of the back cannot be overlooked. The sleeves are set in with slight gathers at the shoulder and with fullness all the way to the wrist, where a roll cuff finishes. Under a girde of silk or satin the waist is bloused very full.

If contrasting goods are used for the cuffs and to outline the collar they will give a softness to the plain, tailored lines, and button decoration of the collar and of the fronts will be very neat and appropriate.

Satin, silk, cotton poplin and the like are suitable materials for developing—also butcher's linen for the most practical wear. This is an ideal model for the business woman or tidy housekeeper. Making a few box plaits is a simple matter, and that's about all there is to copying this design; the pattern is marked and marked so that it is the only guide needed by the home seamstress.

The waist pattern, No. 8110, cuts in sizes 36-42. To make in size 36 requires 2 1/2 yards of 36-inch material, with 3/4 yard 27-inch contrasting. To obtain the success upon the collar—since the pattern send 10 cents to the office of this section is so partial to collars—but a publication.
