SIXTEENTH YEAR
CHARGED WITH WIFE MURDER

And With Burning the Body to Conceal the Crime.
A.A. DICKS OF BROCKTON UNDER ARREST
Thought to Have Lived By Defrauding Insurance Companies.

Four Fires in Which He Has Figured the Past Few Years—The Crime of Friday Night Said to Have Been Deliberately Planned—Insurance Men Doubt That the Body is That of Dicks' Wife—The Body Does Not Correspond With the Description of Mrs. Dicks, Whose Life Was Insured For \$19,000.

Arthur A. Dicks, upholsterer, aged 35 years, was last night arrested on a charge of murdering his wife, Mary Dicks, last Friday night. Dicks was taken in charge by Detective Verney at the new house, 1164 College-street, at about 8 o'clock, and locked up in No. 6 station.

The Crown believes that he deliberately murdered Mary Dicks for her insurance, and then set fire to his house to conceal his crime.

The facts of the case have been published hitherto, and are briefly these: At 130 o'clock on Saturday morning the home of the Dicks' family, at 220 St. Helena-avenue, was damaged by fire. Dicks escaped with his children, and stated that his wife had started down the stairway with a lamp, had fallen and her remains were discovered in the morning in the charred remains of a woman were discovered in the very midst of the hottest part of the fire, with a shattered lamp some distance off.

The Large Insurance. It is subsequently transpired that Mrs. Dicks' life was insured for \$19,000, distributed as follows: Sun \$10,000, Coventry Mutual \$5,000, Home Office \$3,000, and the Coventry Mutual \$1,000. The Coventry Mutual was insured for \$27,000, and the Coventry Mutual \$1,000. The Coventry Mutual was insured for \$27,000, and the Coventry Mutual \$1,000.

As Dicks was a man of small means and had exhausted his last dollar in paying premiums for one year, the existence of so much insurance was in itself a suspicious circumstance. The insurance was brought out at the coroner's inquest, and the World made the additional discovery that all this insurance was put on, namely, January, 1894, \$30,000 additional insurance was placed with the Equitable Life and Fire Insurance Co. of New York.

The 350 life was paid by Mrs. Dicks to the Sun Life on the afternoon immediately preceding her death. Mrs. Dicks also had made a will, in which she left her husband as trustee of the funds.

Dicks Has a Record. Added to this discovery yesterday made by Detective Verney, that the fire at 220 St. Helena-avenue was the result of Dicks' only fire, four times has been burned out under suspicious circumstances, each time insured for property burned.

The Crown is acting on the theory that Dicks killed his wife by her death on examination is said to have been found full of food, recently eaten, including a pickle. As Dicks acted as the coroner's inquest, that to his knowledge of the story that she died at 130 a.m. will be one point in the investigation.

Dick's Mystery. The darkest mystery in connection with the arrest and alleged crime is the fact that the chief witness, Detective Verney, who made a thorough inspection of the premises in which the tragedy took place. The furnace from which the fire is claimed to have originated was most closely examined, and a discovery made which led to Dicks' arrest a few hours after.

The furnace was found to be a "Novelty." In order to admit its erection in the above place, it was necessary to sink it to the depth of 18 inches below the basement floor. Despite this precaution, the hot-air pipes of which there were five, leading to different parts of the house, are quite close to the floor above. The fact that the furnace was so placed, and was so constructed, is a matter of some interest.

EWART REPLIES TO MCCARTHY
ARGUMENT IN THE SCHOOL APPEAL CLOSURE TO-DAY.

The Manitoba School Act of '94 Amending the Act of 1890, Not Disallowed—The Government's Position on the Issue—The School Act of 1890, which was passed by the Legislature in 1890, was not disallowed by the Imperial Government. The Government's position on the issue is that the Act is valid and should be maintained.

The Government to-day received a telegram signed by the British Columbia members of the Commons on behalf of the seceders, urging that the Imperial Government be asked to advance the sum of a loan of \$25,000, the amount agreed upon between Canada and the United States for the seizure of their vessels by the United States in 1886 to 1890.

Only Four Lists to Come In. Evidently the British Government has done their worst promptly, as only four lists have yet to be received in the whole of Canada.

McCarthy Concludes His Argument and Mr. Ewart Begins His Reply. The Privy Council was engaged all day in listening to the argument in the Manitoba school case. McCarthy concluded his argument and Mr. Ewart began his reply.

THE DEBATE ON THE BUDGET
GOVERNMENT DEFEND THEMSELVES AGAINST OPPOSITION CRITICISM.

The P.F.A. Leader Denounces the Attack on His Party—Hills to Amend Division of the Government—The Opposition Criticism. The P.F.A. leader denounced the attack on his party and called for amendments to the division of the government.

The oratory which characterized the further debate on the budget yesterday was of a better type than any that has preceded it this session. At times the discussion was most interesting.

Mr. Thomas Gibson of Huron set the ball rolling, viewing things from the ministerial side. He started with a little amusement at Mr. Howland's speech, but he soon became serious.

Mr. Howland's speech was a masterpiece of oratory. He dealt with the budget in a way that was both clear and convincing. He pointed out the strengths and weaknesses of the government's position.

Elegance

is a feature in the appearance of every Mason & Risch piano. You can almost recognize one of our pianos by its chaste appearance and absence of showy ornament.

Art Quality. is manifest the moment you either play it or hear others play it. Crispness of tone, delicacy of touch and sympathetic tone distinguish it.

Durability. You cannot tell whether a piano will last when you are buying except you are guided by the reputation of the makers.
