LOCAL HAPPENINGS

THIS GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail to Drop Item in Guide-Advocate Letter Box.

CORRECT Easter Millinery at BROWN'S FRIDAY next, April 2nd, is Good Friday and a statutory holiday.

LOOK AT SWIFT'S windows. Drop into the store. See all the new styles.

KEEP your hens at home and then they will not be destroying early onion beds.

The informal showings of spring millinery embrace a most interesting variety of new creations.

TUESDAY was the warmest March day in fifty years. The thermometer registered 63 in the shade.

New binder twine prices have been issued and are considerably lower than those of last year.

DUXTON wool waterproofs and nobby topcoats for young men.—A. BROWN & CO.

It is now claimed that the display of anemone borealis seen Monday night was a wireless message from Mars.

THE DATES of the Watford Fair are Sept. 30th and Oct. 1st, not Oct. 1-2 as stated in some county papers.

MAPLE SYRUP is on sale in the stores at \$3 a gallon. Sap is not running very freely and the quantity of syrup for sale this year will be small.

THE Wednesday half holiday will be observed by Watford business men, commencing May 5th and continuing until Sept. 29th, both dates inclusive.

SUGAR is sure to be scarcer and higher than ever before. Why not protect yourself and save money too. Redpath, St. Lawrence and Dominion on hand now.—N. B. HOWDEN EST.

LAST Friday's Toronto Globe announced that Judge MacWalter, died the day previous. One needs go to wide-awake Toronto to get late news items. This one was only 35 days old.

ORDERING a case of liquid goods is quite a legitimate thing to do. It may also be quite legitimate to nose about and see who are doing the ordering—but it is not half as respectable.

Parties sending in items for publication should remember that the name of the writer must be given, not only for publication, but as an act of good faith and a guarantee that the news is genuine.

THE frame building east of the grist mill will be sold by auction, subject to a reserve bid on Saturday, April 3rd, at 2 o'clock, on the premises. 6 months' credit.—TRENTON & CO.

EASTER SUNDAY this year is on April 4. It must be between March 21 and April 26. Easter Sunday is regulated by the paschal moon or first full moon between the vernal equinox and 14 days afterwards.

THERE will be a meeting of the Watford Bowling Club in the rooms of the Progress Club on Monday evening next at 8 o'clock. All members are requested to be present. Important business.

SPECIAL Friday and Saturday bargains at SWIFT'S. See tickets.

AUTO OWNERS are required to keep their license number clear so that it can be easily read at any time, otherwise they are liable to a fine. It is difficult to do so during the muddy season, but the law must be obeyed or trouble will ensue.

OUR Black and Japan Teas at sixty and seventy cents are worth more in today's market. Try Wood's Boston Coffee at sixty cents.—N. B. HOWDEN EST.

THE postmaster has received a further supply of income tax forms for 1919, namely, for use of individuals and for farmers and ranchers. The time for filing these returns is April 30th next. These forms may be had on application at the post office.

MR. JAMES McMANUS received word on Wednesday of the death of his cousin, James Cox, of Minden, Sanilac Co., Mich., which occurred that day. Mr. Cox will be remembered by the older people as a former resident of Watford. Mrs. John Coughlin of the second line is a sister of deceased.

THE new Easter Silks and Dress Goods at SWIFT'S.

WILL Jesus Christ return to Earth again to reign as King in Jerusalem? This question will be answered by the Rev. T. D. Rayner in the Cong'l church on Sunday evening. His topic will be "The Unfulfilled Prophecy of Palm Sunday." All interested in prophecy are cordially invited to attend this service.

THE postal department holds no mail carrier responsible for the delivery of mail matter where the names are not plainly printed on the side of the box and the box is kept open. The names should be so plain that any stranger could be able, in the case of sickness, to relieve the regular man.

MEN—See the new King, Borsalino and Wakefield Hats.—A. BROWN & CO.

LAMBTON'S 149 CHAPTER I. O. D. E. gave a farewell evening to two of their members on Friday last at the home of Mrs. R. H. Stapleford when Mrs. Goodburn and Miss Muriel Taylor were each presented with a memento prior to their leaving town. Mrs. Goodburn joins her husband at Sarnia shortly, where they have purchased a home, and Miss Taylor goes into training for a nurse at Toronto.

The roads are drying rapidly in this vicinity.

FORD size guaranteed tires at \$15.00 up.—RAY MORNINGSTAR.

MAIN STREET has been scraped and the refuse carted away this week.

A man who believes in the old saying, see a pin and pick it up and all that day you'll have good luck," saw a pin in front of the Roche House the other day. Bending down to get it, his hand turned off and rolled into the gutter, his eyeglasses fell and broke on the pavement, his suspenders gave way behind, he bust the buttonhole on the back of his shirt collar, and he all but lost his new front teeth. He got the pin.

We have the kind of auto tires you want, at old prices yet.—R. MORNINGSTAR.

THE new Middies and Smocks at SWIFT'S.

LET every one interested remember the fact that next Sunday is the 5th anniversary of the re-opening of the Methodist church. The occasion is being marked by special services both morning and evening when Rev. Geo. W. Dewey, of London, will preach. Mr. Dewey will also sing and the special program of music by the church choir will add much to the interest of the day. Every person will be made welcome.

NEW Spring Sweater Coats for ladies. Very smart styles, all the leading shades.—A. BROWN & CO.

ON Monday evening the heavens blazed with one of the finest displays of the Northern Lights that has been seen here for many years. Citizens watched the lights with awe and admiration at their brilliancy. In Toronto so pronounced was the phenomenon that for minutes it was impossible to get telegraphic messages across the wire. The display extended not only along the northern horizon but high up in the sky, reaching at one time very near to the zenith.

YOU will soon want your Ford. Every week sees us farther behind in orders. The 1920 Ford is just what you want, so DON'T WAIT—order now, as orders we have on hand help us to get more cars.—R. MORNINGSTAR.

It is to be regretted that owing to sickness in the company, the concert which was to have been held on Monday evening had to be cancelled and on this account it will be impossible to obtain the Carolina Girls for this season.

Wednesday, April 7th, however, the Jordan Entertainers, an even more highly recommended trio, will be with us, and those who purchased tickets for the former concert will kindly have them changed to the latter date. Further particulars regarding the Jordan Entertainers next week.

KELLY prided himself on his good credit. He always paid all his bills within two months, he claimed. One day he met Casey from whom he had borrowed \$10, eleven months prior. Being somewhat abashed at the thought that he had not paid the loan and that the year was almost up, he asked Casey for the loan of another \$10. Casey gave it to him. Then Kelley handed the same \$10 back and said: "Here's that ten I'm owing you for eleven months, Casey, and now I've got a year to go on to-day's loan." There are quite a few Kellys in the world.

THE new Easter Suits for young men at SWIFT'S.

A SECOND "Neighborhood Tea" was held on Tuesday afternoon at the home of Mrs. Hicks, with Mrs. Prentiss, Mrs. Newell and Mrs. Fitzgerald as assisting hostesses. An informal program was given during the afternoon as follows: Reading, Mrs. Letherland; original reading, "Tea Parties," by Mrs. A. G. Brown; selections on the piano by Olga Young, Marjorie Prentiss and Maxine Rogers; two songs by Mrs. Cunningham. Then followed bouquets, refreshments, and a song by Mrs. Prentiss, "God Save the King." The afternoon was most enjoyable from start to finish. A third tea under the auspices of Tecumseh Chapter is being planned for the west side of the town. We'll take a cup o' kindness yet.

GALVANIZED TUBS \$1.50, \$1.75, \$2.00. Galvanized pails 50c, 60c, 75c. Brooms, mops, scrubs, ammonia, lye, Old Dutch and all house-cleaning helps.—N. B. HOWDEN EST.

ONTARIO'S new election act was introduced in the Legislature Tuesday by Premier Drury. The measure makes a number of radical changes in the existing law, chief among them being the sweeping away of the system of enumeration and a return to the former plan of using the municipal lists as the basis for provincial lists—with the exception, that in the cities all names will go on the lists by registration before an election. Another important change, or rather an addition, is a provision for the holding of the provincial election on a fixed date every four years—nomination on the second Thursday in October and polling the second Monday thereafter. The present Legislative Assembly, barring unforeseen events, will be dissolved on the first day of August, 1923, according to the prime minister's announcement.

WE are now completely equipped to take care of all your battery troubles. We can repair, rebuild and recharge your battery right here in first class shape saving you city prices, transportation charges, transportation breakages, and time. We have also rental batteries so as not to hold you up when your battery is out. New batteries in stock all the time.—R. MORNINGSTAR.

PERSONAL

Mrs. Lowry is visiting relatives in London.

Mrs. Henry Conn, Sarnia, spent the week end with relatives and friends in Watford.

Miss Mariel Taylor left for Toronto on Thursday where she will train as a nurse in the Western Hospital.

Mrs. Eliza Hagle returned last week from Inkster, Mich., where she spent the best part of the winter with relatives.

Mr. Joseph H. Home is rapidly regaining health after his recent illness and came down to his office for the first time on Monday.

Rev. S. P. Irwin is convalescing from his recent lengthened illness and took a short walk outdoors on Monday for the first time.

Mr. and Mrs. C. H. Butler and son expect to leave Watford for Blenheim in a few days. Mr. Butler having closed out his business here and accepted a good position in the latter town.

Mr. and Mrs. Alfred Dunlop, who have resided in Chatham for several years, will return to Watford in a few days and will again occupy their house on Front street. Mr. and Mrs. D. Roche, who occupied the Dunlop house in their absence, have moved into the Willoughby house on Warwick street.

Wednesday Half Holiday

March 22, 1920. We, the undersigned agree to close our places of business every Wednesday afternoon from May 1st to Sept. 30th excepting when same precedes a holiday.

N. B. Howden Est. Smocke Leigh
J. McManus & Co. W. D. Cameron
P. Dodds & Son T. Dodds & Son
Harper Bros. Jackie Richardson
John Stanton J. W. McLaren
Carl A. Class L. R. Kinnell
A. Brown & Co. G. N. Howden
Ed. Mackness Stapleford & Sons
Rogers & Jacklin J. Mathews
Swift Sons & Co. F. A. Pritchett
R. E. Prentiss George Hicks
R. E. Johnston Taylor & Son
Miss George Trenouth & Co. E. Minjelly

WARWICK

Mrs. Andrew Morgan, 4th line, east is improving nicely.

Miss Edna Williams, of the 2nd line, Plympton, spent the week end with friends in Sarnia.

Miss Ola Irene Routley of Watford, spent the week end with her grandfather and grandmother, Mr. and Mrs. Robert B. Edlin, 4th line east.

"The Unfulfilled Prophecy of Palm Sunday," will be the topic on which the Rev. T. D. Rayner will preach in Zion Cong'l church on Sunday afternoon at 2.45. All are welcome.

THE frame building east of the grist mill will be sold by auction, subject to a reserve bid on Saturday, April 3rd, at 3 o'clock, on the premises. 6 months' credit.—TRENTON & CO.

D. R. Edwards sold a horse to Ross' Ontario Garage, London, which was accepted on his own recommendation. He rode the horse to London, starting Thursday, staying overnight at Poplar Hill and returned by train Saturday morning.

WE are now completely equipped to take care of all your battery troubles. We can repair, rebuild and recharge your battery right here in first class shape saving you city prices, transportation charges, transportation breakages, and time. We have also rental batteries so as not to hold you up when your battery is out. New batteries in stock all the time.—R. MORNINGSTAR.

Miss Russell, from Bombay, will give a talk on India, illustrated with Mirroscope Indian Views, assisted by local girls in costume who will portray Indian School Scenes, Manners and Customs of Zenana life, a Marriage Ceremony, at the Orange Hall, Warwick Village, on Monday, March 29th, at 8 p.m., admission free, a collection. Born in India, Miss Russell comes of a most interesting Anglo-Indian family. Gen. Sir David Russell being her uncle, and members of her family having figured conspicuously in war work. Miss Russell will also speak at a meeting held at the home of Mr. John McCormick, Kingscourt, on Saturday, March 27th and at Knox church, Main road, Sunday evening, March 28th.

THE case of Fred and Edith Richardson, fourth line, an action for damages against the township of Warwick, was the only civil case heard at the Lambton assizes at Sarnia this week, with Mr. Justice Rose presiding. The action was for \$3000 for damages sustained in an accident while driving on the fourth line last September, the Richardsons claiming that owing to the neglect of the township to keep the road in proper repair they were thrown into the ditch sustaining personal injury and damage to the horse and buggy they were driving. A large number of witnesses were examined. The trial created considerable interest in this district as the litigants and all the witnesses are well known in this section.

YOU will soon want your Ford. Every week sees us farther behind in orders. The 1920 Ford is just what you want, so DON'T WAIT—order now, as orders we have on hand help us to get more cars.—R. MORNINGSTAR.

CEMETERY BOARD

The organization meeting of the Cemetery Board and Council was held in the Library on the evening of March 19th at eight o'clock, ten members present.

The officers and committees appointed for the year are as follows:—

Chairman—Mr. E. A. Brown
Sec. Treas.—Mrs. F. W. Rogers
Finance Com.—Mrs. Mitchell, Mrs. Dodds, Mrs. Adams, Mr. Harper, Mr. Johnston.

After the appointment of officers an adjournment was made until Monday evening.

At the meeting held Monday evening in the Library, it was decided to make an appeal to the citizens and plot owners to help in carrying on this necessary work.

To Plot Owners in the Watford Cemetery

We feel sure that you will be glad to hear that a permanent cemetery board has been formed consisting of representatives from the Women's Institute, Daughters of the Empire, citizens and council of the town of Watford to undertake the work of caring for and improving the cemetery, a work which has long been neglected.

WE are making an appeal to plot owners and those having friends buried in our cemetery for funds to help carry on this work. The charge for caring for plots is \$2 each. We feel that all will understand that it is necessary that contributions should come in promptly so that the work may be commenced at once and a permanent caretaker engaged.

The initial expense entailed will necessarily be heavy and all extra contributions will be thankfully received and will be applied to the general improvement of the cemetery.

Please send subscriptions to Mrs. F. W. Rogers, Sec'y-Treasurer of the Board.

Hoping to place your name among our first subscribers.
E. A. BROWN, Sec'y-Treas.
Watford, March 25, 1920.

BROOKE

THE new Easter Suits and Coats for ladies at SWIFT'S.

THE frame building east of the grist mill will be sold by auction, subject to a reserve bid on Saturday, April 3rd, at 3 o'clock, on the premises. 6 months' credit.—TRENTON & CO.

WE are now completely equipped to take care of all your battery troubles. We can repair, rebuild and recharge your battery right here in first class shape saving you city prices, transportation charges, transportation breakages, and time. We have also rental batteries so as not to hold you up when your battery is out. New batteries in stock all the time.—R. MORNINGSTAR.

An Enniskillen Farmer Honoured

On Tuesday evening, March 9, the many neighbors and friends of Mr. and Mrs. E. M. Trowbridge and family gathered at their old homestead, on the Brooke and Enniskillen townline, to spend a social evening and bid them farewell prior to their departure to their new home on lot 21, con. 10, Enniskillen.

For many years Mr. Trowbridge has been a resident of this township, he and his brother following the blazed trail and settling in the heart of what was once Brooke swamp. With courage and perseverance he attacked the many pioneer difficulties and hedged for him a splendid farm and homestead. In so doing the better part of his manhood was spent. He desired a change, so that he might be located closer to town, particularly Petrolia, the Hub of Lambton County.

With feelings of regret he gave up his splendid farm, sacrificing what was near and dear to him, in order that his family of small children might be closer to school, and not suffer from the disadvantage of having to walk two and a half miles on the cold days of winter.

Mr. Trowbridge always took an active part in the community's welfare and proved himself a splendid neighbor. He will be missed indeed, as he filled a social niche which another will find hard to do. A very pleasant part of the evening's program was the reading of an illuminated address, and presentation of a splendid mantel gong clock and wicker chairs, as souvenirs of their many friends left behind.

Mr. and Mrs. Trowbridge proved themselves an admirable host and hostess, and all present spent a very enjoyable evening.

War Medals Want Owners

Every man who has served his country is proud to have and show his service medals. There are several hundred 1914-15 Stars unclaimed in the District Record Office, London, Ontario. Only those who were in France early in the war are entitled to these. Many soldiers on leaving the army have not informed the authorities as to their changes of address. In the Guide-Advocate office we have a list of unclaimed stars for consultation. If our readers know of anyone who may be entitled to this star please tell him to consult list and write to D. R. O. at once, quoting his Regimental Number and Unit served with in the Field as means of identification.

CHOP STUFF

The St. Clair river is free of ice. The vaccination ban at Port Huron was lifted last Friday night.

Hens sold as high as \$2.17 each at an auction sale in Boscawen last week.

Rev. A. E. DuPlan, rector of Alvinston, has been transferred to Walkerville.

Blenheim will spend ten thousand dollars for new fire-fighting equipment.

Oliver Chamberlain, formerly of Petrolia, died recently at Shallow Lake, Manitoba.

John Paisley, Forest, had three fingers of his left hand badly crushed by getting his hand caught in the flax brake at the flax mill.

Five cases of sleeping sickness are reported in the neighborhood of Essex, three resulting in death and two recovering.

A heifer, owned by G. W. Van Potter of Dunbovne, Ont., has produced in seven days 35.1 pounds of butter from 708.1 lbs. of milk.

Frederich P. Smith, a former principal of Parkhill High School, has been appointed inspector of public schools for Prince Edward county.

Miss R. Rutledge, of the Alvinston public school staff, resigned because she was refused an increase in salary. She has taken a position on the Kitchener staff.

Murray Smith has sold his 48-acre farm on the 3rd concession of Merse, known as the Cook farm, to Laird Mann and Lance Malott, of Leamington. The consideration was \$25,800. Mr. Smith has only held the farm for a year.

The Roosevelt highway will enter Canada at Lewiston on the Niagara River, and will follow the provincial highway from Hamilton to London. Proceeding west from London the route will pass through Komoka, Strathroy, Kerwood, Watford, Wwoming and Sarnia.

Growing 66 bushels and 30 pounds to the acre, the Duke of Sutherland's farm at Brooks, Alberta, has won the \$500 prize offered by the Grain Growers' Guide, for the best acre of Kitchener wheat grown in 1919. This showing was five bushels ahead of the nearest competitor.

The death occurred on Sunday, March 14, at the family residence, lot 26, concession 2, N. E. R., Adelaide, of Carrie Parsons, beloved wife of Charles McDonald, and a well-known and highly respected resident of the township for many years. Mrs. McDonald was in her 52nd year. She was a daughter of Wm. and the late Mary Parsons, and was born in Lobo township. About 27 years ago she was married to Mr. McDonald, who with four daughters, survive.

A beaver found by Samuel Leach on his farm near Newbury over a year ago has been identified as one that escaped from Pinafort Park, St. Thomas, seven years ago, and has been returned. The animal proved quite a profitable curiosity for Mr. Leach while he had it in his possession. Exactly three thousand, two hundred and seventy persons had visited his farm and viewed the animal last year, and in addition he was exhibited at Bothwell fair, for patriotic purposes, and was the means of raising nearly \$50.

Duncan McRae, a former resident of Glenora, perished in a storm in British Columbia. The body was found near the trail leading to the McRae Brothers' mining camp on Kennedy Mountain, where it had lain just a month to a day. Diligent search had been made all over the country. Wednesday Chas. Bonivier and Gus (Belgie) Powels were searching along the trail and found the body. There was a snowstorm in the hills the day McRae was lost and he evidently became exhausted and died from exposure. He was found about 12 miles from Princeton and less than a mile from the camp.

Dr. McDonald, of Theiford, is quite a sport. One day about three weeks ago when driving on Rowcliffe's sideroad from the 4th to the 8th con., he noticed a coon crossing a field. The doctor tied his horse to the fence, procured a stick and gave chase, Mr. Coon taking up a tree. Up the tree the doctor went, club and all. Of course the animal went to the farthest end of the highest branch, and as he was unable to get a swipe at his coonship, he succeeded in shaking it off. As soon as the coon righted itself it started for the fence for the purpose of reaching another tree. The medico lost no time in getting to the surface and after it again, heading it off on the fence, and killing it. It was a full grown one, and its hide, now decorates a wide board at the doctor's place.

The Petrolia Topic says:—The death of Mrs. George Stewart, who died at the residence of her son-in-law, Mr. Albert Shannan, corner County Road and Main street, on March 7, removes one of the oldest residents from this town. The deceased, whose maiden name was Clarissa Wilson, was born near Ottawa and was married in 1858. With her husband and family she came to Warwick township about thirty years ago, thence to Brooke. After the death of her husband, about seven years ago, she moved to Petrolia with her daughter. Four sons and two daughters are left to mourn her loss. Chas., of Brooke; George and William, Detroit; Wilson in Kennew county, and Mrs. D. A. Wright, Detroit, and Mrs. Shannan, of Petrolia. The funeral was held on Tuesday, March 9th, the remains being interred in the Alvinston cemetery.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of influenza and 193 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, **GOOD HEALTH.**

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 60c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is a partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1919. Notary Public. (Seal)

Hall's Catarrh Medicine is taken internally, and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free.

F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills for constipation.

Miller's Worm Powders need the support of testimonials they could not get by themselves from mothers who know the great virtue of this excellent medicine. But the powder will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

Guide-Advocate

WATFORD, MARCH 26, 1920.

NOTE AND COMMENT

The noise made by the carpenters in completing the interior of the Parliament Buildings at Ottawa will not disturb the members of the government who are accustomed to hammering.

A new idea in assessing the town is to be tried out in Carleton Place this year. The law has made provision for the appointment of an assessment commissioner—without salary. He, with the mayor, shall choose and appoint an assessor, who will have the benefit of their advice in arriving at valuations concerning which he is in doubt.

The Dominion Government is preparing a scheme of state-aided insurance for returned men. The bill has, it is understood, been drafted, but a number of points remain for decision before it will be brought down in the House. The aim is to give assistance to ex-members of the forces who, because of disability incurred on service, are unable to secure life insurance at prevailing rates.

Mr. J. E. Armstrong, M. P. for East Lambton, is praised by the Toronto World, is properly praised for his work in bringing down motions to place steamer traffic under the control of the railway commission, and for a permanent body to control steamship traffic between Canada and British ports. There has been huge profiteering in sea-going rates. If Mr. Armstrong can stop it, his niche of fame will be spacious.—St. Thomas Times.

That children tall for their ages are generally born in the summer is a novel theory. As far as boys are concerned, those who first see light during autumn and winter are not so tall as those born in spring and summer. Those born in November are shortest, in July the tallest. Averages for girls show that those born in winter and spring have less length of body than those born in summer and autumn. The tallest girls are born in August.

All dependents of soldiers, sailors or airmen killed during the war have been notified by the board of pension commissioners of Canada that under the terms of the peace treaty all pensioners of the deceased men are to receive indemnity for their loss. The amount of the indemnity is to be based upon the age of the man killed and the age and number of his dependents. Pensioners are only required to submit the date of birth of the deceased and that of their own birth.

George F. Lewis, deputy fire marshal for Ontario, has announced details of a "lightning rod act," which he said would be introduced in the Legislature at the present session, and if passed, would result in reducing the farm fires to a minimum. The Act will give fire marshals the authority to require that any farm building valued at \$2,000, or containing

that value in feed, must have a lightning rod on it. The Act will also apply to grain elevators, flour storage warehouses and mills. The penalty for noncompliance with an order to put lightning rods on buildings will be \$20 a day for each day the rod is not on. Sellers of lightning rods will have to obtain licenses, under the act.

WARBLE FLIES

When an animal is attacked by warble flies for the first time it allows the fly to deposit her egg without showing any greater sense of discomfort than tickling with a straw would occasion. If the fly is persistent the first noticeable sign is that of annoyance; the animal will stamp or kick or switch its tail vigorously. The next thought the animal has is apparently to move away from the annoying insect, which it does by walking to another place. If the fly continues its pestering the animal begins to trot and finally to gallop. When an animal is running in this manner it will be noticed that it frequently turns its head to try and see if the fly is still pursuing it, and to do so pauses in its flight. If, at this moment, it finds that the fly is still pestering it, the flight will begin again with redoubled energy and with additional terror. In Health of Animals Bulletin No. 27, Scientific Series "Warble Flies" supplied free upon application to the Publications Branch, Department of Agriculture, Ottawa, the above is given as the mental process an animal goes through when it is attacked by warble flies. Fear and terror inspired by these insects cause animals to lose their heads completely and the results are often disastrous. Through a study of the fly's methods it is easily seen what an aggravating and annoying insect it is. The terror produced is contagious and spreads among the whole herd causing a stampede.

NEU-TONE

The Flat Oil Paint For Interior Decoration

For the walls and ceilings of any room in your house, most delicate and harmonious effects can be secured by the use of NEU-TONE. It is cheaper and more sanitary than wall paper and will last much longer because it can be washed without injury. It positively will not rub off.

NEU-TONE is made in eighteen shades, and by the use of various tints most pleasing combinations may be secured.

MARTIN-SENOUR PAINTS AND VARNISHES

NEU-TONE is easy to apply. It covers well and leaves no brush marks, producing a dull, soft, velvety finish which will lend charm to any room in the house.

Any surface may be successfully treated with NEU-TONE—Plaster, wood, burlap or metal.

Call and let us explain the merits of this and other MARTIN-SENOUR finishes. For every purpose—For every surface. Our stock is complete and we can give you full information.

J. MCKERCHER

SENOUR'S FLOOR PAINT It wears and wears and wears.

"Varnoleum" beautifies and preserves Oil Cloth and Linoleum.

"Marble-ite" Floor Finish The one perfect floor finish.

"Wood-Lac" Stain Improves the new—renews the old.

Important Notice!

Department of Finance Dominion of Canada

Your Income Tax Return Should be Filed at Once!!

All persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:

Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year, 1919, received or earned \$1,000 or more.

All other individuals, who during the calendar year 1919, received or earned \$2,000 or more.

Every corporation and joint stock company, whose profits exceeded \$2,000 during the fiscal year ended in 1919.

CLASS 1
Forms to be used in filing returns on or before the 31st of March, 1920:
Trustees, executors, administrators, agents and assignees must use Form T 3.
Employers making a return of the names and amounts paid to all directors, officials, agents or other employees must use Form T 4.
Corporations and Joint Stock Companies making a return of all dividends and bonuses paid to shareholders and members during 1919, must use Form T 5.

NOTE—Individuals comprising partnership must file returns in their individual capacity on Form T 1 or T 1 A.
PENALTY
Every person who is required to make this return, who fails to do so within the time limit, shall be subject to a penalty of \$10.00 for each day during which the default continues—and all such penalties shall be assessed and collected from the person liable to make the return in the same manner in which taxes are assessed and collected.

Time Limit
All persons in Class 1, as shown hereon, must file on or before the 31st of March, 1920.
All persons in Class 2, as shown hereon, must file on or before the 30th of April, 1920.

General Instructions
Obtain Forms from the Inspectors or Assistant Inspectors of Taxation, or from Postmasters.
Read carefully all instructions on Form before filling it in.
Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.
Make your returns promptly, and avoid penalties

CLASS 2
Forms to be used in filing returns on or before the 30th of April, 1920:
All individuals other than farmers and ranchers must use Form T 1.
Farmers and ranchers must use Form T 1 A.
Corporations and Joint Stock Companies must use Form T 2.

PENALTY
Every person required to make a return, who fails to do so within the time limit, shall be subject to a penalty of twenty-five per centum of the amount of the tax payable.
Any person, whether taxable or otherwise, who fails to make a return or provide information duly required according to the provisions of the Act, shall be liable on summary conviction to a penalty of \$100.00 for each day during which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$10,000, or to six months' imprisonment or to both fine and imprisonment.

Address of Inspector of Taxation for this District.

R. W. BREADNER, Commissioner of Taxation.

MAKING BUTTER AND CHEESE.

Profits Received by Women in Many Sections Due to Improved Quality.

Farm women in many parts of the country have doubled their receipts for butter. In some instances this increase in price is due to the improved quality of the product and in others to better marketing methods. Both the better quality and the better selling have been made possible by the assistance given the butter makers by

Butter Making on the Farm.

the home demonstration agents. These experts in home economics, who are sent out by the Department of Agriculture and agricultural colleges, teach improved methods of making butter and cheese, as well as other household lore, to the women who live in dairy counties. As soon as enough women in one locality are making first-class butter enough to warrant starting a butter club, one is organized.

These circles or clubs market co-operatively, and the quality of the products which are sold through them is guaranteed by the members.

Sugar Beet Seed.

Circumstances that may well be expected to affect sugar beet production in Canada are called to the attention of United States growers and manufacturers in that line by the Agricultural Department of that country, which points out that the sugar beet seed situation for 1921 is serious because of the limited production of seed in Europe as compared with former years, because of the increased activity in beet sugar production in the European countries; and because of the increased acreage planted to sugar beets in the United States in recent years.

On account of this situation it will be necessary for sugar beet growers on this continent to depend to a considerable extent on the home-grown supply of sugar beet seed. "The present indications are that there is sufficient sugar beet seed, either imported or domestic, now in the hands of nearly all of the sugar companies in the United States to take care of the entire acreage to be planted to sugar beets in 1920, but that there is very little foreign sugar beet seed now available for importation and that the foreign production in the near future will be limited," according to the Michigan Farmer, to which the following advice is attached.

"Since sugar beet seed stored under normal conditions will retain its vitality for several years, it would be advisable for sugar companies to secure any sugar beet seed of good quality now available and not more than two years old."

It is pointed out in connection with this season's production of sugar beet seed in the United States that in some localities drought interfered and prevented a normal yield, but that the total reduction for the country as a whole is not sufficient to prevent or retard the efforts being made to produce an adequate supply of home-grown seed. In this regard, growers are reminded that in order to produce a crop of seed for the 1921 planting, it will be necessary to select the beet roots this fall, pit them so they will not freeze during the winter, and plant them as early as soil and weather conditions will permit next spring.

Supplying Water to the Pit Silo.

George Sinclair, of Jetmore, has a good solution for the problem of getting water in his pit silo when comparatively dry feed is used in filling. His silo, as in the case with most pit silos, is as deep as the water underflow will allow. As it was only a few feet from the bottom of the silo to water, he dug a small well on down to the water. He placed in this a pump cylinder with a pipe reaching to a pump head placed on top of the silo. With the aid of a pump jack and a small gasoline engine he is able to pump the required amount of water into the feed at the same time he is filling the silo at a moderate cost.

It is thought by his neighbors that he not only has a very efficient means of pumping water into his ensilage, but that he also has an unlimited supply of spirited water if he cares to pump enough water through the fermented ensilage so that it will run back into the well.

Pure-bred Sows Not Needed.

Pure-bred sows for the production of profitable market hogs are unnecessary and just as much pork can be made from a herd of good grade sows, provided they are mated with a pure-bred boar, as such a sire will imprint his own characteristics indelibly upon his litter. He represents the differences between years

In Maidenhood, Womanhood and Motherhood

London, Ont.—"For many years Dr. Pierce's Favorite Prescription has been my most favorite medicine. I have taken it for the ailments pertaining to womanhood and before and after motherhood, and it always proved excellent. I have also recommended 'Favorite Prescription' to many friends who have taken it with good results. It is the best medicine I know of today for women or girls who are weak and suffering."—MRS. WM. STEEL, 179 Richmond St.

SAVED HER LIFE

St. Catharines, Ont.—"I was in a very miserable condition when I first started taking Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription sixteen years ago. I suffered and was extremely emaciated and weak. Although I was a young woman my doctor thought I was going through the critical stage of life, but after using these remedies my strength returned, another child came and from that time on my health was perfect and my weight increased. I really believe that Dr. Pierce's remedies saved my life and I shall always praise them as long as I live."—MRS. ELIZA OVERHOLT, 43 Canal St.

Favorite Prescription should have the full confidence of every woman in Canada because it contains no alcohol and no narcotics. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine were injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package Tablets.

or hog growing success or failure and by his continuous use upon grade sows, it will take but a short time to make the herd equal to pure-bred in the ability to get big gains and quick finish.

Salt of Great Importance.

A little chore that is of great importance and one that is often neglected, is that of salting the stock that is on pasture. Cattle, sheep and horses on pasture will consume more salt if they have a chance to do so than they will when receiving dry feed. Salt acts as a regulator of the digestive growth and development, especially of the young growing animals.

Small but Potent.—Farnelle's Vegetable Pills are small, but they are effective in action. Their fine qualities as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere by those who know what a safe and simple remedy they are. They need no introduction to those acquainted with them, but to those who may not know them they are presented as the best preparation on the market for disorders of the stomach.

Florence, the 14 year old daughter of Wm. F. F. Est, died very suddenly Monday evening of last week. She attended school right up to the perfect health, and was taken ill while doing her home work, and in the course of an hour had passed away, some trouble of the brain being the cause of death.

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scalp sores, eczema and teething rash. All dealers 50c box.

"How do you make such good, wholesome, tasty bread day after day?"

We are often asked this question. The answer is simple. We use only the very best goods—Five Roses Flour, Fleischmann's Yeast, Malt Extract, Granulated Sugar, Fine Salt and Pure Lard, mixed in a mixer by Hydro power, and a knowledge of know how. That's our answer.

Have you tried a Loaf?

A GENTLE LAXATIVE FOR THE CHILDREN

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Nine-tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—some thing that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

An Unusual Experience

Mr. Thos. Core, 6th line of Hunskillen, had an experience last Friday night that he will not soon forget. Mr. Core had been to town and was returning home via the Dawson sideroad. The creek in flood had overflowed its banks covering the roadway to a considerable depth. Mr. Core's wagon was converted into a two horse power submarine, the water being well up to the horses' backs. The night was dark and Mr. Core was unable to see a large cake of ice ahead before which the horses stopped. He could not turn round and he could not go ahead so he waded around in the ice water and unhitched and unharnessed his horses, leaving them while he got assistance. In the meantime Buzz Kelly of the local telephone office, was returning home in a buggy whistling "Love's Old, Sweet Song" when his horse too took to the water. It too stopped and Buzz had his earliest spring dip while unhitching his horse. After vainly endeavoring to get the horse to move he left it. In the morning all three horses were standing on the cake of ice and in the daylight they were taken off with the aid of a raft.—*Petrolia Topic.*

Androck Association Meets

Mr. C. C. Clark of Boston, Mass., was a guest at the monthly meeting of the Androck Association last Friday night. Mr. Clark is an electrical engineer who has devoted much time to the development of electric welders, and since these machines have become such an important factor in the wire industry, an address from this very capable gentleman was naturally very warmly received. The Androck Association is composed of a dozen men holding supervisory and administrative positions in the Andrews Wire Works. Its object is primarily to afford the members an opportunity for interchange of ideas and the development of a broader knowledge of the wire goods business. The steady growth the company is enjoying seems to argue well for the success of the Association. Several other men who are prominent in their various lines will be brought to Watford to address the Association at future meetings.

The New Easter Hats at SWIFT'S.

Good Roads in Lambton

The following extract is from the annual report of the Department of Public Highways of Ontario for 1918:

This was the first year for Lambton County to operate under the Act. As soon as the Superintendent was appointed, steps were taken to secure a proper organization for the systematic dragging of the clay roads. The results obtained were gratifying, but taking the system as a whole, including some mileage of sand roads, the money spent for grading and dragging averaged only some \$17.00 per mile. This no doubt will be exceeded next year when a full organization working for the full year is secured.

Bridges and culverts comprised the more important construction work, about \$20,000 being expended thereon. In addition, a mile of new road was opened up, graded and gravelled adjoining the city limits of Sarnia, and giving a more direct outlet to what is known as the Lake Road.

When one surveys the conditions which have prevailed in these three counties (Essex, Kent and Lambton), in the past and compares them with what is and can be done under the highway Improvement Act, one must be impressed with the benefits to be derived therefrom.

A conservative estimate of the amount of statute labor spent on these roads in the past might be taken as \$100.00 per mile per year. Against this we have a maximum of \$40.00 per mile for maintenance under the Act, or about \$32.00 for the county's share with vastly improved results. The balance of \$100.00 with the 40 per cent grant from the Government will provide an additional \$100.00 per year for permanent construction work.

With the return of normal conditions resulting from the termination of the war, and with increased funds not beyond the ability of the farmer to pay, surely brighter prospects are ahead for those who have so long accustomed themselves to being "stuck in the mud."

A SPRING TONIC AIDS EFFICIENCY

Lay Foundation of Good Health Now by Building Your Blood and Strengthening Your Nerves

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandfathers, is based upon sound common sense and good medical practice. Winter is always a trying time, for those who are not in rugged physical health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny, summer months and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this reason of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and brain organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. J. N. McNeil, Glace Bay, N. S., says: "For years past my home has never been without Dr. Williams' Pink Pills, and I have good reason to praise them highly. Following an attack of la grippe, I was left in a badly run down condition. I had no appetite and felt so weak I could scarcely go about the house. I was taking medicine, but it was not helping me, and a friend advised me to try Dr. Williams' Pink Pills. I used them for a time with the most beneficial results. My appetite improved, my strength returned and I was soon able to do all my housework. I now use the pills every spring and find them a splendid strength bringing tonic. I have recommended the pills to other friends who have used them with good results."

Dr. Williams' Pink Pills are a tonic not a stimulant. They build up the blood, and through their use not only the disastrous after-effects of influenza but also troubles due to poor blood, such as anemia, rheumatism, indigestion and the generally worn-out feeling that affects so many people, disappear. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

ARKONA

The bees are beginning to buzz around the wood piles.

The birds are here with their warble and welcome, again.

Commencing April 1st, the stores of Arkona will close Monday, Wednesday and Friday evenings at six o'clock, and be open Tuesday, Thursday and Saturday evenings.

There will be a song service in the Baptist church next Sunday evening. Theme: "Thy Name, above every Name." Morning subject: "Glorious Ownership." Sunday School and Bible classes, 10 a.m. Classes for everybody. Welcome to all.

London press reports to the contrary, a splendid advance has been made in the fu-delayed Forward Movement here for the support of special missionary work, altho' the drive is not completed yet. Both the Presbyterian and Methodist churches have "gone over the top" capturing some hundreds past the objective. The Baptist church completes this work Easter week.

Last Saturday evening Mr. and Mrs. S. J. Wilcox were surprised with the sad news that their son George Wilcox, of Regina, had passed away. No particulars in the message. Deceased had just that week sold or retired from his farm to his city home, sale was announced for Monday, the 15th. Much sympathy is felt for the bereaved parents who were invited to visit the new Regina home this summer.

LORENZO EVANS

ARKONA R. R. 1.

Telephone Morningstar line. Lot 25, Con. 4, N.E.R., Warwick.

The report last week that Dr. J. L. Huffman had definitely decided to leave Arkona and that the papers were signed came with no little disappointment to his hosts of friends. Dr. Huffman came here sixteen years ago and has since had a practical hand in establishing many homes in health and happiness and in the relief of much suffering. He is known as a hard worker, devoted to his patients, and as one of the most successful family physicians and fu foes in Western Ontario. His brother, Dr. C. L. Huffman, dentist, now of Forest, practiced in association with him here for some time. Dr. and Mrs. Huffman will be greatly missed in the social and church life of this community, the former as supporter and member of the Baptist Church and the Men's Club, the latter of the Methodist church and the Women's Institute. Dr. Huffman has no thought of retiring as he is now in the prime of life and a lover of the profession. He, however, has not decided as to his future location, but will in all probability settle in some large centre, such as London, Hamilton or Toronto. Dr. Bole of Parkhill, is the successor to this large practice and enters upon his work this week. He is a younger man but with an experience in the Canadian Medical Corps at the front and was rapidly making good at Parkhill when attracted by the opportunity here. It is understood that Dr. Huffman remains in his old residence until the first of May and possibly may not move from Arkona until their elder daughter, Doris, writes on her fourth form examination. There is a second daughter, Donna, of five summers; and these bright faces also will be missed. Dame rumor has it that Dr. Bole, some time before May 1st, is to bring to Arkona a bride from Toronto.

SEARCH FOR MISSING WOMAN

The mystery of Miss Lovie's sudden disappearance Tuesday evening has not yet been solved. A search party is scouring the district, and grappling irons from London have failed to locate the body in the Assiniboia River, where it is most likely the unfortunate woman met with her end.

The search party have constructed a large raft in order to have no spot in the river overlooked and are continuing their work.

Miss Lovie was left alone in the house Tuesday evening reading, while Angus McIntosh, his wife, her sister and their son were milking. On their return, not finding her in the house, they at once instituted a search, after discovering she had not retired for the night. Outside her footsteps in the soft soil, as if on the run, were traced to the river bank, on the way her slippers were picked up and farther on two hair combs, with indications of a slip and fall.

Some months ago, it is stated, Miss Lovie suffered a severe blow that shocked her nerves, and with the recent death of her brother, unbalanced her mind, leaving her under a heavy cloud. She was in a convalescent condition, and had been visiting her sister, Mrs. McIntosh, whose residence is only a short distance above the Glen Power House dam, and suspicion points strongly towards these waters as being Miss Lovie's resting place. Much sympathy is felt for Mr. and Mrs. McIntosh, who are held in high esteem, as also was the missing lady, who was of sterling character.

KERWOOD

Mr. R. Hudson, London, called on friends here recently.

Miss Annie Richardson, of Hamilton, is home at present.

Mr. Edward Manicom, of Sarnia, spent Sunday with his parents here.

Miss Grace Dowling, of Port Huron, spent Sunday at her home here.

Miss Greta Richardson, Watford, spent the week end with Miss Mildred Freer.

Mr. N. Dodd, of Sarnia, and Mr. Wm. Waddell, of London, attended the funeral of the late Mrs. Wilkinson.

Mrs. John Richardson has returned after spending a week with her daughter, Mrs. E. Tedball of Glencoe.

Dr. and Mrs. Brown attended the wedding of their niece in Sarnia; they also visited friends in Port Huron.

The Women's Institute held a very successful meeting at the home of Mrs. J. H. Richardson. The April meeting will be held at the home of Mrs. Gilbert Dowling.

Mrs. Joseph Wilkinson, who has been an invalid for about the last five years, passed peacefully away Saturday afternoon. The deceased suffered a stroke and from that time was confined to her bed, she bore her illness with great patience and cheerfulness though at times her sufferings were very great. She had been a life long member of the English Church where services were conducted by Rev. Deibl, assisted by Dr. Brown. The floral tributes were many and very beautiful. The husband and family have the sympathy of the community in their sad bereavement.

New Triplex Springs Iron Out the Wrinkles of the Rough Roads

THE wrinkles of rough roads seem smoothed out completely by the wonderful springs of Overland 4.

These springs hold the wheels to the road, while the passengers ride in even comfort. The astonishing attached Triplex Springs have created an utterly new conception of light car riding ease.

Best of all, this heavy car kind of comfort is now obtainable with economy in fuel and tires and remarkably low upkeep cost.

Overland 4 is started and lighted by two-unit electric starting and lighting system. It has rain-windshield and unit power plant. It is equipped with all the latest car essentials and conveniences.

For Asthma and Catarrh.—It is one of
the chief recommendations of Dr. Thom-
as' Electric Oil that it can be used in-
ternally with as much success as it can
outwardly. Sufferers from asthma and
catarrh will find that the Oil when used
according to directions will give immedi-
ate relief. Many sufferers from these
ailments have found relief in the Oil and
have sent testimonials.

Women and Asthma.—Women are
numbered among the sufferers from asth-
ma by the countless thousands. In every
climate they will be found, helpless in
the grip of this relentless disease unless
they have availed themselves of the pro-
per remedy. Dr. J. D. Kellogg's Asthma
Remedy, despite its assurance of
benefit, costs so little that it is within
reach of all. It is the national remedy
for asthma, far removed from the class of
doubtful and experimental preparations.

RABBITS AS FOOD.
Industry Comes Into Recognition as
Factor in Meat Production.
It is only of comparatively recent
date that the rabbit industry has be-
come recognized as a real factor in
the production of meat. The common
wild rabbit, of course, has proven a
source of food for time immemorial,
but the fact that there is such an
industry as commercial rabbit rais-
ing is not even now so generally
known as it should be. Not only is
rabbit raising profitable from the
standpoint of producing meat, but
fur as well. In Europe raising rab-
bits for their fur is an industry of
long standing.
Rabbits are divided into three
classes—commercial rabbits, such as
the Belgian hare, Flemish giant, New
Zealand red, etc.; rabbits, such as
the Angora, Dutch, Himalayan, Pol-
ish giant, etc., and wild rabbits,
meaning the common jackrabbit and
the hare, which do not thrive in cap-
tivity.
Commercial rabbits should be
raised for meat production. While
they are larger than ordinary rab-
bits, breeders say they consume no
more food than the smaller rabbits.
However, the cost of feed for rabbits
is slight, and rabbit meat can be pro-
duced for less actual outlay of money
than any other kind of live stock.
During the summer feed bills are
extremely low, as sufficient green
food is at hand to reduce grain feed-
ing to a minimum. Most any kind
of food is good for rabbits, even to
hay, clover, grass and vegetable
crops.
As in the chicken business, your
selection of the breed to raise should
depend largely on your personal
liking. There are many good breeds
of rabbits from which to make your
selection, and rabbit-raisers, like the
chicken men, figure that one will be
most successful with the breed one
likes best.
Swat Pedigreed-Scrub Hog.
Thousands of pure-bred scrubs are
scattered through this country, ac-
cording to hog extension men of the
Department of Agriculture, who are
devoting their efforts to eliminating
inferior pedigreed animals. This,
they say, applies to all kinds of live
stock, but is perhaps more general
in the hog industry. Pedigrees are
necessary and valuable to the hog
breeder, yet the pedigree is the
means of fooling a lot of farmers,
particularly those who are about to

Hogs Kept Under Clean Conditions,
as on Good Pasture, Are Better
Able to Resist Cholera and Other
Diseases.
start into the pure-bred hog business
and who have not had enough ex-
perience in judging to select animals
of good standard type. Buyers
should not be contented simply with
pure-bred animals, but should see in
addition that the animals they are
about to purchase have good quality,
say the department hog specialists.
Liming Corrects Acid Soils.
Lime may be applied at any sea-
son of the year when its use is con-
venient. It should be thoroughly
mixed with the soil as possible. Fall
application on the furrow, followed
by one cultivation with a disk or
spring-tooth harrow, is often the
best method. On the fallow land it
may be applied before ploughing, and
the result will be somewhat improv-
ed if the land can be disked and the
furrows set at an angle of from
thirty to forty degrees.
The ideal method of every acid
soil is to apply two-thirds of the lime
before ploughing and one-third on
the furrow. On soils known to have
a fair quantity of lime in the sub-
soil, application after ploughing is
preferred.
Lime is best applied just ahead of
a tilled crop, such as corn. It may
precede oats or wheat, and the add-
ed tillage is beneficial. Surface ap-
plication on grass land will give
some benefit, but not so much as
where the lime can be more thor-
oughly incorporated with a shovel.
Application may be made by hand
with a shovel. This is usually tedi-
ous and unpleasant work. Where the
use of some form of lime is an
established practice, a lime distribu-
tor will be a useful machine. There
are several kinds of these on the
market.
The fertilizer attachment of a
grain drill will sow the heavier and
more granular forms of lime. It is
usually necessary to go over the land
two or three times in order to get
on the full application. The effect
of lime may not be apparent in the
first year if the crop grown is not
especially sensitive to an acid soil.

Home in Halifax roofed with Brantford Asphalt Slates

**A handsome roof that
defies the weather**

An added touch of beauty to any house is a roof of Brantford Asphalt Slates, which are in soft, harmonious shades of reddish brown and dark green. The colors are permanent and unfadeable, being the natural shades of the slate just as it is taken out of the quarries.

It will also prove a very economical roof, because Brantford Asphalt Slates do not split, get loose, absorb water or rot. They are strongly fire-resistant and are classified as non-combustible by the fire insurance companies, and allowed to be used in cities where the most rigid fire-prevention By-laws are in force.

Brantford Asphalt Slates are very moderate in cost. The regular size of the slates and their pliability make them easily and quickly laid, thus saving time and cost of labor. Being made of high grade felt saturated and coated with asphalt, and with a surface of crushed slate, they make a roof that defies the elements and is a permanent part of the building, just like the walls and the foundation.

**Brantford
Asphalt Slates**

are being used more extensively every year for city, country and summer homes, churches, golf clubs, stores, garages, and wherever an artistic effect is desired on a pitch roof.

If you are going to do any building this year or have an old roof that needs replacing, it will be to your advantage to investigate Brantford Asphalt Slates.

GEO. CHAMBERS EST.

While hastening to see a patient, early Thursday morning, Dr. J. R. Kidd, of London, was struck, in his car, by a freight engine at a crossing and both hips were broken and he was otherwise seriously hurt. He died from his injuries on Sunday. Before going to London Dr. Kidd practiced in Wyoming for nine years.

Dean of Thos. Lucas

On Friday March 12th, there passed away after two weeks of intense suffering one of the oldest of the pioneers of Plympton. To these men of the early days, we owe much. They manifested indomitable courage and displayed untiring energy in clearing the forests and laying the foundations of this country.

Mr. Lucas was born in the township of Beckwith, near Ottawa, in the month of December, 1825. When a young man came with his father to the township of Brooke, and from there moved to Plympton, in 1851, where he hewed out for himself a home in the primeval forest. After spending six months in Plympton, he took his bride, Miss Mary Lusk, of Waukegan, to Port Huron, where they were married by a Methodist minister. The trip to Sarnia being made in lumber wagon drawn by oxen. His wife predeceased him August 13th, 1908.

The family was an old fashioned one consisting of ten children; viz.—John of London Road; Andrew, Sarnia; Mrs. John Bryson, Reece's Corner; Thomas, 2nd line Plympton; George and William London Road; James, (deceased); Robt. on the old homestead, (with whom his father resided); Mrs. Richard Bryson, and Samuel, London Road.

Mrs. Perer Anderson, Plympton

The death occurred at the family residence, con. 7, Plympton, on Sunday, March 14th, of Margaret McDermid, beloved wife of Peter Anderson, aged 69 years, 5 months and 5 days. Deceased fell and broke her hip the Wednesday previous, and death was caused by the shock received at the time of her injury. The funeral was held on Wednesday afternoon to the Warwick Methodist Cemetery for interment, the Rev. R. C. Burton conducting the services. Deceased was born at Beckwith, Lanark County, where she was married 48 years ago to Peter Anderson. After their marriage they came to Plympton where they have since resided. She is survived by her husband, and five children, viz. Emerson in Northern Sask.; Mrs. P. Reynolds of Toronto, and Willard, Edith and Edna at home. Four sisters, Mrs. D. Rankin, of Forest; Mrs. Wm. McKie, of Warwick; Mrs. Henry Allan, Brockport, N. Y., and Mrs. Adam Johnston of Saskatchewan, also survive. The bearers were Wm. Watson, David Watson, Albert Archer, Marshall Hicks, John Robertson, Dan Cameron.
