

GEN. CARRANZA, REBEL LEADER, TO BECOME PRESIDENT OF MEXICO

HYDRO EMPLOYEES NOW THREATEN STRIKE

Will Give Local Commission Until Saturday to Comply With Decision of Arbitration Board—Men Seek Redress From Mayor at City Hall.

At a meeting of organized electrical workers in the Labor Temple last night, the employees of the Toronto Hydro-Electric Commission decided to wait until Saturday before taking action to try to enforce the wage and hour schedule awarded by the arbitration board, appointed by the government recently.

"Should the hydro commission fail to comply with the decision of the board by Saturday," said Organizer J. Pegg, "we will hold special meeting and a strike will follow."

Representatives of the employees waited upon the mayor yesterday and pointed out that more than six months had elapsed since the men requested a change in conditions and an increase in wages. The commissioners refused at first and afterwards agreed to submit their case to a conciliation board, appointed by the government.

The board made an award which abolished the A, B and C grades of workers and classified them as mechanics and apprentices. It recommended increases in wages, averaging about five per cent. all round. It gave preference to men engaged in hazardous branches of the trade and recommended improvements of some conditions then existing.

The men were inclined to place the blame upon Mr. H. H. Couzens, but the mayor defended Mr. Couzens' action on the grounds that he was holding back the cheques because it would result in the dismissal of some inefficient workers. The mayor also stated that owing to the absence of Mr. Wegman the commissioners had been unable to comply with the award, but the terms would probably be accepted.

BRITISH CRUISER SAFE REFUGE FOR FLEEING HUERTA FAMILY GERMAN WARSHIP STANDS BY

Railway Yards Were Filled With Soldiers When Train Arrived at Puerto Mexico—Two American Cruisers Ready to Lend Assistance if Need Arises.

VERA CRUZ, July 16.—The special train conveying General Huerta passed Cordoba at 2.30 this afternoon, taking the route to Puerto Mexico.

PUERTO MEXICO, July 16.—Senora Huerta and her two sons, Jorge and Victor, and their wives and her two unmarried daughters and Senora Blanquet, wife of the former war minister, and other distinguished refugees, arrived here by special train from the Mexican capital this morning. The women of the party boarded the British cruiser Bristol shortly before noon, and should there be the least indication of a disturbance—something which now appears remote—the men of the party will be quartered either on the Bristol or the German cruiser Dresden.

The railway yards were filled with soldiers, the pick of the army selected by Gen. Huerta months ago, when the train arrived. Preceding the special was a military train with troops, and a second military train guarded the special from the rear. Gen. Camarena is in command of the forces, which number 400, and include a detachment of the crack 29th regiment. Ample Protection. Alongside the track the Mexican gunboat Zaragoza had taken up a

Will Holiday in Muskoka

OTTAWA, July 16.—Hon. Sir Robert Borden and Lady Borden intend going to Muskoka in a week and stopping at the Royal Muskoka for about three weeks, where there is good opportunity for rest as well as for golf, fishing and bathing.

Canadian Associated Press Cable. LONDON, Friday Morning, July 17.—Dealing with the amendments to the amending bill by the house of lords in Reynolds' Newspaper this week, T. H. O'Connor says that there remains one course for the government to follow. The amending bill is to be put back to its original shape so far as the area of Ulster is concerned. Each county is to have its full right by its majority either to exclude itself or to the Irish Parliament are to be restored those inalienable rights of every self-governing country of the appointment of its judiciary and the control of its policy.

"But I would close no doors if the Orange leaders will substitute for these impossible demands other claims which are reasonable and fair to both sides," he says. "Then they will be considered, for there is as passionate and honest desire among Irish Nationalists to settle this question peacefully as there is in any body of politicians today."

Total Exclusion Not Acceptable. William Redmond stated at Tottenham last night that the demand for the total exclusion of Ulster had never been seriously made. The demand for Ulster's total exclusion was made because the lords knew that it could not be accepted and because they were out, not for peace, but for war. The original home rule bill, which will become law in a few weeks, provides ample safeguards for the people of every part of Ireland.

WOMAN ARRESTED IN CALIFORNIA WAS SUPPOSED EMPRESS VICTIM

Canadian Press Despatch. ONTARIO, California, July 16.—Mrs. Hattie Willis, who was believed to have been lost in the Empress of Ireland, leaving a husband and four children in Toronto, Ontario, was arrested here today in company with E. A. Hensen and H. R. Horn, also of Toronto.

The two men were held on the charge of bringing Mrs. Willis here from Canada and will be detained by the police until it is known whether a charge of violating the Mann White Slave Act will be placed against them by the federal authorities.

Mrs. Willis did not engage a passage on the Empress of Ireland, but she is alleged to have told her family and friends that she was going to board the steamer.

ONTARIO ALLIANCE MAY PETITION FOR A TEMPERANCE REFERENDUM; CAMPAIGN IN TORONTO ADVOCATED

W. E. Raney, K.C., and Other Leaders Are of Opinion That Cause Can Only Be Advanced Upon Non-Political Lines—Defection of Liberals Blamed for Disastrous Defeat in Ontario Election—Proposal of Local Option Contest in Toronto Regarded With Favor.

Ontario Alliance leaders held an inquest on the "banish the bar" plank at the Confederation Life Building yesterday afternoon. The unanimous verdict was: "Liberal treason to Rowell smashed the plank."

Rev. Canon Greene, president of the Alliance, was the presiding coroner. The chief witnesses heard were W. E. Raney, one of the Rowell candidates; Rev. Dr. Carman, Rev. Father Minehan, Rev. Ben Spence and James Hales, the Royal Templar leader.

The jury included Ald. F. S. Spence, Rev. Dr. Young, Rev. A. L. Geggie, Rev. Dr. Creighton and other members of the Alliance executive.

Rev. Ben Spence hopeful. Rev. Ben H. Spence said there was no reason to feel blue over the result of the Ontario elections. All they had to do was to look on the bright side of the picture and go in for painting the map of Ontario white by the local option method.

James Hales and several other members of the executive declared that the temperance Conservatives who had been persuaded into voting against the Whitney government on account of Mr. Rowell's temperance cry had been the means of saving the anti-bar campaign from an even more overwhelming disaster.

Other speakers predicted that unless the Conservative administration made a more advanced offer to the temperance Conservatives at the next election the landslide predicted for last month would materialize.

Raney for Referendum. W. E. Raney, K.C., advocated the adoption of the plan recommended by W. F. Maclean, M.P., during the recent election for removing the temperance question from the arena of partisan politics, namely a provincial referendum. His idea was that the Ontario Alliance should prepare a bill embodying the proposal of a provincial temperance convention. The new Ontario Government, he thought, should then be asked to submit it to the electors of the province.

Local Option in Senate. Another proposal placed before the

meeting, and which found considerable favor, was the holding of a local option contest under the Provincial Act in Toronto, to put the city in the dry column. One plea in support of this was the suggestion that a local option contest under the Ontario Act would put it up to the Conservative temperance men who had excused themselves from voting for the Rowell policy because it did not touch the shop licenses.

James Hales said he was ready to tackle anything that meant a fight with the liquor traffic.

Ald. F. S. Spence was almost as quiet as the proverbial sphinx.

Father Minehan Ready. Rev. Father Minehan declared that if the funds were forthcoming for a local option campaign in Toronto, and the necessary enthusiasm was manifested, he was prepared to lend a hand. He was of the opinion that as an educational effort it might be worth while. The advocates of a local option fight in Toronto intimated that they would get the local prohibition association together to start the contest and then come to the provincial executive for its endorsement and cooperation.

TOTAL EXCLUSION OF ULSTER NOT ACCEPTABLE

William Redmond Declares That Lords Made Changes to Amending Bill Because They Were Not for Peace, But War—Demand Not Seriously Made.

Canadian Associated Press Cable. LONDON, Friday Morning, July 17.—Dealing with the amendments to the amending bill by the house of lords in Reynolds' Newspaper this week, T. H. Glasgow Volunteers. The Daily News in a humorous comment on the report that gained currency yesterday that contingents of Glasgow Ulster volunteers would be sent to Ireland today. It is perfectly accurate, says this paper, that within the next two days almost every Ulsterman in the west of Scotland will have set out for that province, this being the commencement of the annual fair holidays in Glasgow and the valley of the Clyde, when in a few weeks, provides ample safeguards for the people of every part of Ireland.

CANADIAN NORTH ERN COMPLIES WITH TERMS OF AGREEMENT

Mortgage Deed of Trust Approved by Government—Company Transfers Thirty-Three Millions of Stock to Finance Minister—Bond Will Be Signed This Week.

OTTAWA, July 16.—The C. N. R. trust deed was not actually signed by the minister of finance today, but it will be before the end of the week. It is learned authoritatively that the mortgage deed of trust securing the issue of \$45,000,000 par value debenture stock of the Canadian Northern Railway Co., to be guaranteed by the government under the legislation of last session, and all the other agreements in connection therewith have been settled and approved by the government.

Statute Complied With. Counsel for the Dominion has advised that all the conditions provided by the statute have been complied with and that the trust mortgage forms a charge upon the entire undertaking of the railway company. All the stocks in constituent and subsidiary companies called for by the agreement have been vested in the trustees, and the necessary transfers have been held under of trust. Mackenzie, Mann & Co., Limited, are parties to the mortgage deed for the purpose of transferring their equity in their million dollars par value of debenture stock in the Canadian Northern Railway Properties, Limited.

Stock Transferred. The Canadian Northern Railway Company has transferred to the minister of finance in trust for his Ma-

CANNOT AGREE ON PIPE LINE

Cochrane's Conference With Municipalities in Welland Canal Zone Ended in Failure.

Special to The Toronto World.

ST. CATHARINES, July 16.—Hon. Frank Cochrane's conference with the representatives of St. Catharines, Welland, Thorold and Merrittin, in regard to arriving at a basis of apportioning the cost of a pipe line from Port Colborne to the reservoir, came to naught today. The minister insists that the municipalities enjoying the benefits industrially and commercially from being situated along the great work, should pay one-half of the cost of the proposed pipe line which is designed to supply pure potable water to different systems. The total cost is estimated at at least \$1,000,000. The government will pay all over \$500,000. The undertaking is made necessary on account of the turning of the impure water of the Chippewa creek into the wider and deeper Welland ship canal, from which channel the municipalities now derive their water supply. This change is being carried out to save expense in the construction of the big work and for this reason the municipalities claim the government should bear all the cost.

Hon. Mr. Cochrane proposes that the cost be distributed among the municipalities as follows: St. Catharines, \$275,000; Welland, \$95,000; Thorold, \$90,000; Merrittin, \$35,000. The municipal delegates presented a compromise offer of an increased rental of \$5,000 per year for thirty years, but this was promptly refused by the minister. "It's up to you gentlemen to do better," said he, as negotiations were broken off.

Huerta's Successor Announces to United States That He Desires Only General Amnesty and Protection for Supporters of Present Government—Accepted Office Merely to Pave Way to Amicable Settlement—Cessation of Hostilities Practically Assured.

Canadian Press Despatch.

WASHINGTON, July 16.—Francisco Carbajal, successor to Gen. Huerta, as provisional president of Mexico, today advised the United States Government informally that he intends to retire in favor of Gen. Carranza. Mr. Carbajal wishes only that a general amnesty be proclaimed and protection given to the property of those who opposed the constitutionalists.

This statement of the attitude of Huerta's successor, together with the announcement from Monterey that Carranza was willing to enter into negotiations with Carbajal relative to transfer of authority at Mexico City, was regarded here tonight as practically assuring a cessation of hostilities and the restoration of peace in Mexico.

The views of Mr. Carbajal were explained in detail to Secretary Bryan today by Jose Castellot, former member of the Mexican senate, who called at the state department with a personal telegram which he had received through the Mexican embassy.

Will Promote Peace

The communication was dated last night and follows: "I have just taken oath of office as president of the republic. Generals Huerta and Blanquet departed tonight for Europe. I desire to make it known with emphasis that my only purpose is to facilitate a solution of the grave problems which weigh upon our country. I have not the slightest ambition for myself and merely wish to terminate the internal conflict of our country. Please give me your impressions of the situation in Washington. (Signed, Francisco Carbajal)." This message, Mr. Castellot explained, meant that Mr. Carbajal had taken office only as a means of bringing the gap from Huerta to the constitutionalists, and that the new president had no desire to remain in office.

Brighter Outlook For Crops

Weather conditions in the West yesterday showed a considerable moderation in temperature. The excessive heat that has prevailed for some time past, has given place to a medium temperature throughout the grain districts. Rain fell yesterday in Manitoba and Saskatchewan, 42 inch being registered in Winnipeg. There were also showers in parts of Alberta.

FIND CHAUFFEUR LACKED TRAINING

Jury Also Blames Instructor for Ignorance in Rowanwood Avenue Fatality.

"That May Metcalfe came to her death on the 13th of July, 1914, on Rowanwood avenue, in the City of Toronto, County of York, from fracture of the skull, sustained by falling from a motor truck driven by George Solloway.

"We are of the opinion that George Solloway had not sufficient instruction and experience in running the truck and should not have been allowed to take the truck out alone.

"And we are also of the opinion that William J. Hands, Solloway's instructor, was not capable of giving instruction or teaching in the running of the auto truck, said Wm. J. Hands not knowing the laws of the province governing the running of automobiles in the highways.

The above was the finding of the jury at the inquest last night into the death of the little girl, May Metcalfe, which occurred on July 13.

Hands swore that he had repaired the auto for Cheshire and Hume, and that Solloway, who had paid him for instruction in the running of a car, had used the machine for practice alone on a quiet street in order to gain speed in manipulating the gears. Hands maintained he was competent, but not fast. Hands was asked if he could explain the laws governing the passing of other rigs, crossing bridges, etc., but was unable to answer properly.

Little Florence Brown, 10 years old, stated that she sat on the outside of the seat, while May Metcalfe was in the centre, the latter holding another little friend on her lap, and that when the car began to swerve both were thrown off.

Charlie Hutchison, a gardener, explained how he had seen the car crash into the curb and then zig-zag across the street to the other curb, where the wheel came off.

William Smith, motor engineer and expert, stated that he had seen men who learned to drive a machine in two days; others took two or three weeks. He examined the machine and found the front wheel off and minor damage, but the steering gear was not injured, even after the accident, so that it could not be used.

CARRANZA WILL DICTATE TERMS

Unconditional Surrender of Huerta Adherents Demanded—But He is Averse to Bloodshed.

Canadian Press Despatch. MONTEREY, Mex., July 16.—Fighting by Constitutionalists is over in Mexico, if plans announced here today by Venustiano Carranza go into effect. General Carranza declared his main object now would be to conduct negotiations for the Constitutionalists to enter Mexico City and establish their government without further bloodshed or damage to property.

General Carranza was unable to say whether these negotiations would be conducted thru the A. B. C. mediators or direct with the Federalists. Unconditional surrender, however, will be the only condition on which these negotiations will be successful.

"The resignation of Huerta and the substitution of Carbajal in itself will not cause the Constitutionalists to compromise on a single point the principles upon which the movement was founded," he continued. "If the government machinery thru which those ends may be obtained is not surrendered voluntarily by the party of Huerta it will be obtained by force."

Because of the effort to make the installation of the Constitutionalists government a peaceful one, General Carranza said he expected it, probably would be a month before he entered Mexico City.

YORK TOWNSHIP REVISION COURT

Many Protests Against Assessment — Few Reductions Granted.

SOME HEATED ARGUMENT

Davies Valuation Confirmed on Basis of School Site Sold.

No reduction in the assessment of the 2660 feet of land on Payson avenue, owned by Robert Davies, was granted yesterday by the court of revision for York Township, despite the arguments of A. W. Ballantyne, who appeared before the court and protested against the assessment on the Davies property.

Mr. Ballantyne urged that it was impossible to retain the land for its present purpose if the assessment were increased, and the only alternative left to Mr. Davies was to annex the city and subdivide the property. The rate works out at \$648 per acre, and the court pointed out that Mr. Davies had recently sold some land to the board of education for a school site and the price paid worked out at \$12,000 per acre.

Mr. Ballantyne asked that Mr. Davies be exempt from taxation on the 8.2 acres sold for a school site, but the court wished to be convinced that the board intended using the land for educational purposes before granting exemption. The assessment stands as at first rated.

Mrs. Robert Davies appealed against an assessment of \$2500 per acre on Don property on Pape avenue and Don Mills road, but no reduction was allowed.

Reduced Ten Thousand. W. H. Smoker, K.C., representing Mrs. Susan Massey, appealed against the assessment of \$101,700 for 22 acres and buildings on Denison Park farm.

He said the council seemed to be going ahead just the same as the real estate agents. Assessor McDonald replied that they had to keep up with the times, but Mr. Smoker told him it was a wrong thing to do. Surely the council's object was not to drive the people out of their farms and turn the county into a backwater. He would not say that the property would not sell for the price at which it had been assessed, but thought that the present year had been a bad one for boosting property. The court decided to reduce the assessment by \$10,000.

Big Increase. W. G. Threthewey, Weston, appealed against the assessment of 330 acres at \$94,000, a building at \$25,000 and another 60 acres at \$48,000. He was represented by S. W. Black, who told the court that the assessment had been increased by \$21,000 since the last year. It was found that a mistake had been made and the 1913 assessment was allowed.

J. E. Parsons represented B. Mulholland in regard to 75 acres in the west end, which had been assessed at \$38,100. A reduction of \$10,000 was allowed, as the owner intends farming the land.

W. Edwards holds 18 acres on the townline near St. Clair and he was assessed at \$12,800, besides \$200 for a building. The assessor said the property had been purchased for \$1500 an acre and his assessment was less than half that. He added that part of the property had already been sold in lots. The assessment was reduced to \$600 an acre.

A Real Mistake. Mr. McArthur asked a reduction in the assessed value of his property on Bayview avenue. He stated that he had been assessed for five acres at \$2500, but he held only one acre. It was reduced to \$500.

F. Elliott was assessed \$450 for 50 feet in Fairbank which he claimed was useless for building purposes, because of a ditch that ran thru the centre. The court pared \$100 off it.

W. R. Mitchell wanted to know from the assessor how he made his assessment, as he had never visited his house, which was assessed at \$500, and \$1200 for a 60-foot lot. The house was a three-roomed structure and has not yet been finished. The assessment on the house was reduced to \$350.

On Bargain. Robert Hazelton, Bee street, Todmorden, appealed against the assessment of \$1320 on his property and \$500 on his house. He was quite willing to sell the house and property to anyone who would give him the assessed price, as the property was not worth the present assessment. The township, he said, was increasing the assessments every year, and he was anxious to know when that "sort of thing was going to stop." Also, he would be glad if the assessor could tell him from where he got his authority for his assessments. Mr. McDonald said he kept that to himself. The property was reduced by \$125. Mr. Hazelton also appeared for T. C. Reed, who asked for a reduction on his house, which was assessed at \$450 and the court made it \$400.

W. Dymond notified the court that he had been assessed for thirty feet when he really had only twenty feet. The court made the assessment for 27 feet.

Other Kicks. A. Carter asked for a reduction of the \$870 assessment on his property on Franklin avenue, claiming that it was very high compared with others on the street. The assessment was confirmed.

J. Lewis was awarded \$100 reduction on his building assessed at \$800. J. Stevens has 23 feet which was assessed for \$900, but he had it reduced to \$200. G. Leggett said he had thirty feet which was assessed for \$200, but his house was filled with water during the winter, so he asked a reduction on that account, but the assessment was confirmed.

The appeal of W. Nesbit, F. N. Brown and E. Brown in regard to the assessment of \$30,190 for nine and a half acres on Pottery road was dismissed.

Hamilton is to have a new soap factory. Proctor and Gable will erect a plant costing between \$200,000 and \$400,000.

THIRTY MEETINGS TO BOOST RADIALS

Campaign to Be Started to Carry Bylaw for Hydro Line.

Commencing at the end of this month thirty meetings to advocate the hydro radial line from Toronto to Fort Perry will be held in about as many places in York County. All municipalities concerned are to vote on radial bylaws September 21, and before that time the districts affected are to be thoroughly canvassed. Sir Adam Beck will likely speak at the opening meeting at Agincourt, and several prominent men are being secured to aid the municipalities in their campaign for radials.

Meetings are to be held at Agincourt, Newmarket, Whitby, Stouffville, Port Perry, Brooklyn, Pickering, Unionville and other towns and villages.

BALMY BEACH THROGGED WITH HAPPY BATHERS

Hundreds of bathers sought refuge from yesterday's extreme heat by swimming along the lakerfront at Kew Beach. From Woodbine avenue to the eastern end of Balmy Beach the beach was lined with bathers, and at a conservative estimate over 1000 were in the water. The bathing establishments at Kew Gardens and in Scarborough were kept busy all day, and practically every bathing suit available was pressed into service. The entire dressing accommodation was utilized, and several occasions during the afternoon there was a waiting list at Kew Gardens of would-be bathers.

Police Vigilant. Attempts on the part of numerous young men to use improvised dressing rooms were politely but forcefully put down by the police. After the occurrence of last Sunday the police have been patrolling the beach more thoroughly than before.

Also there were considerably over 1000 bathers yesterday, not the slightest accident of any description was reported.

BRAMPTON TO WELCOME MANN CUP CHALLENGERS

BRAMPTON, July 16.—Big preparations are being made in town for the reception of the Mann Cup challengers when they arrive home tomorrow night on the 6.15 C.P.R. train. Although the citizens of the town are proud of the showing they made, and the creditable manner in which they conducted the race on the trip, and on the field. In telegrams received from Thomas Thurburn, who is looking after the boys, the people in the west are unanimous in the opinion that the Brampton team is the best aggregation that ever came west. The merchants will decorate their places of business, and a monster parade of all the athletic organizations in town will traverse the five and a half miles which will furnish the music. Yesterday Brampton defeated Regina 11 to 1, and on Tuesday beat Medicine Hat 11 to 5.

WARD SEVEN FOREIGNERS ARRESTED FOR TRESPASS

C. P. R. Detective Hearst last night arrested eight foreigners, comprising five Italians and three Poles, on charges of trespass. The men were employed in the Canada Foundry, Lansdowne avenue, and live south of the tracks on Park avenue, Royce avenue and neighboring streets. They were working overtime and cut across the C. P. R. tracks to reach their homes.

The arrest of the foreigners as trespassers is now a frequent occurrence, and they were arrested for the first time being that when asked for their names and addresses they gave false or misleading ones, and the police are at a loss to locate them. Hence they are now placed in custody unless suitable bail is provided.

New Sidewalk. A five-foot cement sidewalk is being constructed on the north side of Humboldt avenue, from Quebec avenue to the city limits. This is the first sidewalk of any kind to be laid on this street along this block. Work is now well under way on the construction of the large branch sewer on the same street, between Mavety street and Pacific avenue.

Reaping Fall Wheat in Markham Township. Jonathan Nigh, reeve of Markham Township, said last night that he would begin to cut his fall wheat this morning. He has a fine crop of 20 acres that is away ahead of last year in quality and quantity. Cutting will likely be general next week.

EAST TORONTO

One of O. R. Skilling's produce wagons, which had only been in commission a few days, was almost totally demolished at noon yesterday. The horse bolted on Barrington avenue, East Toronto, and collided heavily with the tracks of the street cars. Several crates of butter and half a dozen crates of eggs were scattered broadcast along the tracks of the civic carline. Both drivers escaped injury.

MISSIS STARR'S FUNERAL TOOK PLACE YESTERDAY

Yesterday afternoon the funeral of Miss Louie and Miss Mary Starr, who were killed on Tuesday at the C. N. R. crossing, near Mount Albert, took place at the Friends Cemetery, Pine Orchard. Many friends and relatives attended the ceremony and the Rev. W. Webb of Newmarket conducted the funeral service.

Miss Mary, who was driving the horses when the accident occurred, was 24, and Miss Louie 38. They are survived by their mother and two sisters—Jennie, who lives at home, and Vivian, who is with the Bell Telephone Co. in Toronto.

SELECTED JUDGES FOR FLOWER SHOW

Directors of Weston Horticultural Society Met Last Night.

William Hunt, the flower expert of the college at Guelph, has signified his readiness to act as judge at the Weston Horticultural Society's annual flower show, to be held on Tuesday, Sept. 15. All exhibits must be in position by noon on that date, and Mr. Hunt will start his duties precisely at 1 o'clock. The prize list makes provision for classes for outdoor work, including workmen's gardens, children's gardens and window boxes. Some entries for these have been received, but the date of closing was postponed, at the directors' meeting last night, until Saturday, July 25.

Later Than Usual. The date of the annual flower show being a little late for all outdoor work, T. D. Dockray of the Ontario Horticultural Association and director of district No. 4, will be invited to judge the entries on the date suitable to himself during August.

The directors decided to hold an impromptu show of seasonal flowers in August, the date to be set only one week ahead.

Entries and Prizes. The prize committee will be called together by the president, John Dickin, to settle the nature of the entries and the prizes to be given. A magnificent show of seasonal flowers by Mrs. Thomas Galbraith. The flower was of a delicate carmine tone and measured rather over six inches in diameter.

The first day of the Weston, York and Etobicoke Fair, to be held on the 17th and 18th of September, will be known as Children's Day, and athletic sports, for which a large prize list is provided, will be held.

Under the provisions of the Strathcona trust, competitions in physical exercises, open to all the public schools of Etobicoke and York Townships, and of the Villages of Mimico and Weston, will be held on Children's Day also, and at least first, second and third prizes will be given.

The association with the Village of Weston, has spent about \$1700 on making a new half-mile track, and the fair ground on the bank of the river has been levelled and graded in preparation for the fair.

John Dickin has been appointed canvasser and his reports to make the prize list commensurate with the importance of the event he has met with a ready response in the City of Toronto and over the whole of the district.

WANT NEW SCHOOL IN SILVERTHORNE

B. I. A. Prepares for Conference With Township Council Tomorrow.

The following resolutions were adopted at a meeting of the Silverthorne Branch B.I.A. held in Silverthorne Methodist Church last evening. President J. B. Colborne occupying the chair.

Resolved: "That a petition for a school for the Silverthorne district be prepared by the secretary and when signed by the residents same be presented to the school trustees."

"That a letter be written to Frank McLaughlin, Silverthorne Land Company, thanking him for the interest he has taken in the district and for his generous offer to loan the association the sum of \$5000 for the construction of a school."

"That a letter be sent to the clerk of York Township requesting that an official notification of the intention of the council to visit the district on Saturday next be sent to the B.I.A. secretary in writing, as the association deem the notification thru the press insufficient."

The building committee reported the probable cost of a hall for the district, the dimensions of the same, and the exclusive of labor the cost of it would be about \$225. After much discussion the matter was referred back for further information.

The matter of sidewalks was also considerably discussed. The secretary read a letter from the Silverthorne Land Company, which stated that their offer of a sidewalk towards the street was absolutely refused by the York Township council, the contents of the letter being that certain parts of the district should be drained by the company before the sidewalks were laid.

It was decided that the deputation appointed to meet the members of council on Saturday next should be instructed to get everything satisfactorily arranged.

ROBERT CLARK KILLED—FELL WHILE SHINGLING

While engaged in shingling a house at 275 Waverley road, Robert Clark of 14 Dixon avenue, lost his balance and met instant death by falling 20 feet to the ground. He was 50 years of age, and leaves a wife and one child. It is thought that he had been affected by the extreme heat, or had lost his balance while in a precarious position on the roof of the house. A broken neck was the cause of death. The body was taken to the morgue, preparatory to an inquest being held.

LORNE PARK RINK WINS THE TROPHY

A. E. Stovel Puts Away Tom Chambers of Hamilton—The Results.

BURLINGTON, Ont., July 16.—Splendid progress was made today in the Burlington County Club bowling tournament at the Brant House. Every event in the program was closely contested. A good gallery of bowling enthusiasts witnessed the matches. Two competitions were fought to a finish and the remainder will be completed tomorrow morning. The final spectator trophy game was won by the Lorne Park rink, skippered by A. E. Stovel. The losers were the Hamilton Victorias, skippered by the veteran and noted bowler, Tom Chambers. Until late in the evening play was continued under the glare of the electric lights. The Scotch doubles reached the semi-final stage. Chisholm and Chisholm of Oakville, won a closely contested match from Carrell and Jones of the Hamilton Thistles. The Oakville bowlers are the favorites for the final tomorrow when they meet Fox and Crouch (Hime) who defeated Duncan and Gibson of Port Credit this evening. The fight for the consolation prize was between two Hamilton rinks. Thistles, skippered by R. W. Cassels, won from J. McDonald's Fernleighs by a score of 12 to 9.

The singles were opened this afternoon with 22 entries. The competition got as far as the second round with six contestants ready to enter the semi-final stage in the morning.

LETRIM'S CAPITAL DECLARES BOYCOTT

Comedian Associated Press Cable. LONDON, July 16.—A manifesto, signed by two magistrates, county councillors, and the principal Nationalist traders of Carrick-on-Shannon, has been issued, in which it is stated that the merchants and traders of this important commercial centre have unanimously decided to sever all connections with Belfast merchants if Ulster persists in her attitude of opposition to the home rule bill.

The decision has caused much discussion among trading circles in the west, as a big trade is transacted with Belfast, both in banking and commercially.

Carrick-on-Shannon is the capital of Leitrim, in which county every parish has its company of volunteers. This ultimatum to Ulster is being taken up in nearly every town in Leitrim and Roscommon, and commercial travelers from the north are already finding it difficult at present to secure orders.

FRIDAY MORNING, JULY 17.

LIMITS OF ANNEXATION.

A series of articles has been appearing in The News the burden of which is that the growth of the city has increased taxation to an oppressive extent. Last night the argument was concentrated upon the last four years. Nothing of the present situation in Toronto can be understood without a full consideration of the last ten years. We showed the other day that the citizens are now paying up for the parsimony of the city council of the past. It was impossible to convince any Toronto man in 1904 that the city would have 500,000 people in it in 1914. The short-sightedness of ten years ago has brought about the present conditions.

The News and one or two other authorities want to know where this kind of thing is going to stop. The World said, quite plainly and definitely in 1907, that it should stop at Eglinton avenue. That is the natural boundary for a number of years to come. Efforts to exclude territory south of that line are detrimental to the welfare of the city as a whole as well as of the territory affected. There is a natural boundary, as we have frequently pointed out, which the city must recognize. It is the distance a man can conveniently walk from a street car line. There can be no greater or fatter building a street car line like that on Danforth avenue and then refusing to levy taxes on the area chiefly benefited by that improvement. What interest is The News representing that it wishes to exclude from taxation the territory north of Danforth avenue so splendidly served by the Danforth street car line? Or has it considered this phase of the question at all? We might repeat the same enquiry with regard to the Bloor street viaduct, one of the most costly improvements the city now has on hand, which would have cost only about half the present estimate had it been built as The World suggested ten years ago. Why does The News wish to refuse to collect taxes on the area to be served by this great improvement, and benefited as no other part of the city will be benefited?

We have pointed out these considerations for years, and we gave warning of the consequences if the natural course of action was not taken. We have no desire to say "we told you so," but it is scarcely fair to try to blame us for results which would have been avoided had our advice been followed. The News declares that taking in new districts means heavy expenditures. To that we can only say, as the city officials will tell The News if it enquires, and confirm it by past experience, that leaving out these districts means heavier expenditures. The longer the essential and necessary things are left off the greater the cost in the long run.

The News and its friends profess to be staggered by the tremendous program now in hand. The tremendous character of the program, it must be remembered, is due to the putting off of the inevitable during the past ten years. Further putting off will only increase the tremendous character of the burdens the city must assume. Does anyone yet in the city hall, or in a public position in the City of Toronto, appreciate what the growth of a city of 500,000 people at its present rate means? To read some of the papers one might think The World was engaged in a carnival of frantic and wholly irresponsible exploitation. The fact is that we have tried to restrain the futilities of the city council and to point out the perfectly obvious courses. Other advice have usually been taken. Everybody admits that the News admits in the article under discussion, the folly of the tax rate of 1910. We were declared to be spend-thrifts then because we advocated the desirability of meeting all necessary expenditures and all reasonable liabilities. We have done nothing more than this for ten years past. And now when the inevitable has piled up mountain high, the blind shepherds would seek to throw the blame on those who looked ahead and saw the danger coming.

We are thoroly in accord with The News when it says:
Council must perfect the in-

terior administration at the city hall. Financial methods must be reformed. A finance commissioner must be appointed, with full authority to conduct all negotiations for the sale of debentures.

If we had an up-to-date government at the city hall there would be no outcry about the tremendous program that had to be faced. It would be faced in a business spirit, and handled economically and promptly. And no business government would lay down as a policy that the annexation of revenue-producing districts, which must inevitably be annexed within a year or two, is undesirable. The improvements to be made in these districts now ripe for annexation, if of a local character, are to be paid for by the residents themselves. Where the improvements are of a general character, then the sooner the districts which are to be benefited begin to contribute to the city revenues, the better for all concerned.

ELEVEN THOUSAND OR FOUR?
A contemporary published a despatch from Chicago on Wednesday in a prominent position, announcing that beef was going up. We append the statement:

Chicago, Ill., July 14.—Fat cattle will be selling on hoof at \$12 a hundredweight before Christmas, according to the judgment of leading commission men, who said they were willing to back up their forecast with a wager.

Out at the stock yards this morning beef cattle of the best grades were sold for \$12 a hundredweight, a carload of Herefords going at that figure. Eleven thousand other cattle were marketed at prices ranging from \$9 to \$9.50. Steers are now about \$1 higher than they were a month ago.

Turning to the market reports of the same journal on the same day we read the following:

Chicago, July 14.—Cattle—Receipts, 4000; market steady; beefs, \$7.70 to \$10; Texas steers, \$6.40 to \$8.35; stockers and feeders, \$5.75 to \$8.10; cows and heifers, \$3.90 to \$9.15; calves, \$7.50 to \$11.

Evidently there are different points of view to be taken into account. Which is the more reliable? We do not think that the public need any further encouragement towards vegetarianism for the present. Beef isn't going up quite so high just yet.

EMPLOYMENT FOR THE UNEMPLOYED.

Canada is not alone in having to deal with the problem of unemployment. From a paragraph in The Ottago Witness, it appears that a general slackness is being experienced all over New Zealand and the local offices of the labor department are being visited daily by large numbers in search of work. Just as in Canada, appeals have been made to the Dominion and municipal authorities to put public works in hand and thus afford some measure of relief. This is happening notwithstanding the great advance made in agricultural production, and again offers proof that the land is the only solvent of the problem in developing countries.

Much the same conditions exist in Australia, where the growth of cities in proportion to rural districts has been much greater than has happened in Canada. But in the commonwealth an opening is available for sober and willing men, which has not yet arrived in this Dominion. As it seems, they are ready to accept positions as general servants are greatly appreciated. One householder in Sydney, New South Wales, is quoted as saying that she finds men more conscientious that girls and also more thoro. Navy men especially are in demand and are appreciated not only as excellent house servants, but as good cooks and scrupulously clean. Perhaps this line of relief from unemployment is hardly possible meantime in Canada.

WHAT LLOYD GEORGE'S BUDGETS MEAN.

Perhaps the finest defence of the social reform policy of the British Government, as embodied in the last of the series of budgets presented by Mr. Lloyd George, chancellor of the exchequer, was that presented by Lord Chancellor Haldane at the yearly dinner of the Oxford University Liberals. These budgets have, no doubt, a political aspect, but in their essence they had their origin in the views expressed by the late Mr. Joseph Chamberlain, at the time when he was the acknowledged leader of the Radical party in the United Kingdom. Indeed, as Mr. Lloyd George said, after Mr. Chamberlain's lamented death, had the course of events been otherwise than they were, nothing in the way of social reconstitution would have been left to do.

Lord Haldane told the Oxford University Liberals that the true signifi-

cance of the budget was its intention to improve the health and well-being of the future generation, and that no duty was more incumbent on the British people of today. That is but a sorry spirit which asks—What has posterity done for us that we should do anything for our posterity? A maxim of this kind appeals only to present material interests. It entirely ignores the higher duty that citizens owe to the state, the same duty that leads parents to sacrifice themselves for the welfare of their children, and that respects parental affection and patriotic sentiment find a common bond of sacrifice.

What the social reformer and patriot concerns himself with is, in Lord Haldane's words, that the people may be made better off in health, education and success in life. In the motherland, while recognizing, under existing conditions, that the acquisition of property was a most powerful human motive, he also recognizes that "an enormous deal could still be done toward giving equality of opportunity." With that view Canadians must be in full accord. The great lure of North America has always been that it provided opportunity for the children of the poor just as much as for the children of the rich. As every private in the armies of the great Napoleon had a marshal's baton in his knapsack, so every child in a Canadian public school has the chance to become a leader in public life. That is the true significance of Lloyd George's budget.

FARMING FOR UNEMPLOYED.

Editor World: I am encouraged by your interest in my last letter to make another suggestion on an equally important subject—the unemployed. Why bother the government about the solution of such a simple matter when we need all the unemployed at present in Toronto and out on the farms? If they don't like the work or if not experienced (their usual excuse), why not send them to Mr. Hanna's farm at Quilley for a term? They will then be as well fitted for our work as some of the importations we get from England, labelled "experienced farm hands." That institution will not be necessary in about 12 years more if the Rowellites are prophets and all is true of Kansas City (Read Saturday, July 11). There will be then a chance of learning how to farm without the present stigma and without any extra expenditures.

Weston, July 14, 1914.

BRANT COUNTY INVADED BY HOSTS OF ARMY WORMS

BRANTFORD, July 16.—Brant County is being swept with an invasion of the army worm in millions, and unless the farmers can keep them in check by fire, trenches and poison, it is feared that a great amount of the crops will be entirely ruined. Falkland, Burgessville, Brantford, Hatchley, North-Centre, in Brantford Plains and Paris all report that the pest has been keeping the farmers at work almost continuously for two days.

This morning the pest made its first appearance in Brantford Township in numbers. Reports from Burford state that worms are hatching out all along the banks of Whitman's Creek, as the low lands have been flooded and hatching conditions are favorable, while the same pest has exterminated the natural enemies of the worm.

The farmers are digging trenches between the worms and the fields and digging postholes in the trenches.

A One-Day Trip to the Welland Canal.

Torontonians with a day to spare should not miss the opportunity of seeing the new Welland ship canal under construction. This is a \$60,000,000 public work, and the scenery that it has surpassed only in some features by the famous Panama Canal. The scene of activity can readily be reached from St. Catharines on the Niagara-St. Catharines line. The rates for one-day trips are as follows: Port Dalhousie \$1.00, St. Catharines \$1.10 and Victoria Park (Niagara Falls) \$1.50. Family book tickets between Toronto and Niagara Falls good for the season of navigation are also on sale at the city ticket office, 42 East King street, Main 5179, or city wharf, Main 2553.

BROTHER GETS MOST.

By the will of the late Margaret McFeggan, of 323 Adelaide street, James Morwick, a farmer of Atherton will receive the sum of \$25, in fulfillment of a promise made to the deceased's sister-in-law; \$10 also goes to the Presbyterian Church at Barton, and provision is made for the inscription of her sister's name on the family monument in Bowman Churchyard, Ancaster Township. The balance of the estate of \$124 goes to James McFeggan, a brother.

IS IRELAND NEARER THAN MANITOBA?

THE MANITOBA ELECTION.

Toronto Telegram Editorial, July 10. There is little chance of the Roblin government being defeated in the Manitoba elections today. The opposition is making its fight on the temperance question and the school question. But even reinforced by "Ralph Connor," Mrs. Nellie McClung and the Orange, it is doubtful if the opposition headed by Mr. C. Norris will avail much against the strength of the Conservative party, which has been in power since 1899, and at present holds 28 out of the 42 seats in the legislature.

Both matters the Province of Manitoba is nearly entitled to decide upon for itself, and it is hard to see why any Toronto newspaper should be criticized because it has not dashed in—after the manner of a certain blundering contemporary—with advice to a distant electorate how to mark its ballots. The old-time journalistic maxim, knocking the dickens out of the Czar of Russia, but hands off the boys at home, has generally explained to the reasonable people now prefer a newspaper which takes an intelligent interest in its own municipal, provincial and those other elections which immediately concern its readers rather than presuming to give a wiseacre about contests a thousand miles away. The Toronto World is well well to imitate the becoming modesty of those eastern newspapers which have remained loyal to the wishes of the electors of Manitoba how they should vote.

But the problem is one for Manitoba to face. It has to live under the system which it endorses. The principle of provincial autonomy reserves to each province control of its educational system. It would therefore be not much less than impertinence for a newspaper to advise Manitoba away from the conditions which prevail in the west to tender gratuitous advice to the Nationalists as to how to deal with their own affairs.

NEW ABATTOIR IS WELL EQUIPPED

Civic Institution Will Adopt Latest Devices to Insure Cleanliness.

Frequent inspection by government officials and perfect cleanliness that is to be maintained at the civic abattoir will ensure purity and quality of the meats that come from that institution after the opening which will take place in little more than a week from now. Members of the works committee and Dr. Hastings, M. O. H., paid a visit to the abattoir and expressed themselves satisfied with the state of the place and its possibilities. The government will spend \$10,000 on the work of inspection and ample accommodation is allowed for patrons of the abattoir.

A driving shed and half a dozen stables are being constructed in the yard. A cold storage cellar will be kept at a temperature of 35 degrees above zero and will be available for the storage of eggs, vegetables, fruits and other produce. The freezing and storage rooms for carcasses will be exceptionally commodious. Conveying

rails will carry the meats from the slaughterhouse to the storage, without the necessity of handling by the men. The total cost of the abattoir when completed will be about \$280,000.

J. W. JOHNSON, M.L.A., BEREAVED

BELLEVILLE, July 16.—A telegram from Winnipeg today announced the death of Mrs. Edith Johnson Wamp, eldest daughter of Mr. J. W. Johnson, M.L.A., of this city. The remains will be brought here for interment. Mrs. Wamp had been ill for some time.

AMENDING BILL NEXT WEEK.

LONDON, July 16.—The prime minister announced this afternoon that he would take up the second reading of the home rule amending bill on Monday and Tuesday of next week.

TRIBUTE TO "TELEGRAM."

By cable from The Telegram's special correspondent in Belfast.

BELFAST, July 14.—Fred Dan, formerly of Toronto, Ont., but now of Glasgow, speaks here as secretary of the Orange Triennial Council of the World, had a great reception yesterday when he rose to move the third resolution.

Rev. H. A. Fish, grand chaplain of British America, delivered the message from the grand lodge, that it was with the Ulster brethren in heart, soul and pocket.

Col. Wallace read a message from the county lodge of Toronto, and added: "This resolution will be further supported by the editor of The Toronto Telegram, a paper that has done more to fight our battles than any other paper outside the British Isles."

Mr. John R. Robinson spoke briefly, saying that it had been his good fortune to have known all through his newspaper life with the Orangemen who owned The Telegram and who deserved all the credit for work. The Telegram added that a home rule resolution could no more be passed by the legislature of Ontario, British Columbia, New Brunswick, Prince Edward Island and Manitoba, five of the nine provinces of Canada, than by the nine provinces of Canada, than by when Canada's name was misused to help the Nationalists, it was right to say that the government which freed Ulster fired on Canada.

"All The World has to say is that, as far as it can gather, the Orangemen of Toronto had as much sympathy with their brethren of Manitoba as of Ireland. But Hooken 'dashed in' to Manitoba and that settled it!"

MANITOBA'S POPULAR VOTE WENT TO LIBERAL PARTY

TARIFF REFORMER SITS IN CHAMBERLAIN'S SEAT

WINNIPEG, July 16.—The popular vote in Manitoba elections as compiled by The Free Press for 45 constituencies, one missing out of 46, is as follows:
Opposition candidates, 66,882; Roblin candidates, 64,271; third candidates, 7148. Total 138,861.
In 1910 the Roblin government polled 50.77 per cent of the total vote, Liberals 47.58 per cent and Socialists 1.65 per cent.
Relative figures for 1914 are: Roblin Government, 46.47 per cent; Liberals, 48.30 per cent; independents, Socialists and Labor, 5.11 per cent.

CAT LEFT LOST EMPRESS BEFORE STEAMER SAILED

LONDON, July 16.—After a lecture at the Occult Club last night on "Psychic Experiences," a woman speaker referred to a reported strange behavior of the ship's cat of the liner Empress of Ireland.
When the vessel was about to leave Quebec for the last time, she said the cat came hurrying down the gangway, bearing two of her kittens in her mouth. Efforts were made to get her to return, but nothing would persuade her to go back.

DAVENPORT WON SECOND ROUND

Lancashire Tried Hard to Score, But Lost by Three Clear Goals.

Before a large crowd Davenport Albions walloped Lancashire by the score of 1 to 0 on the Sunderland ground. This was the replay game from Saturday, when the teams tied, two goals each, in their second round for the Bridgen Trophy. Davenport won the toss, leaving Lancashire to face the sun. In less than two minutes the "Red Roses" were giving the field a warm season and looked like scoring. Lancashire rained in shot after shot but could not register. Davenport, getting warmed up, took the visitors by surprise and broke thru. H. Fidler opening the score.

Half-time score: Davenport 1, Lancashire 0. The play in the second half was the order. Lancashire placed the ball well often, but made a poor window. Davenport gave away several good chances by playing offside. Worrell being too anxious. Lancashire tried to hold the game of the season, his smart and clever saves being a feature of the game. Lancashire secured several corners, but found Entfield, Dunsmore & Co. safe.

Davenport put a five-minute solid attack and Daddy cleared repeatedly from the bombardments till sorely pressed, when Worrell crept in and scored for the double blue.

Lancashire broke away. Davenport, attempting to break up a little combination, got sandwiched, and had to be carried off for repairs. Lancashire, also two goals down, did not waver and made a spectacular combined movement and should have scored. Ward Mills being robbed when about to kick for the goal.

The brand of ball that is being played in Vermont Park should bring out a record crowd for this Saturday's double-header. Baracas are leading by a half-game margin over Vermonts, whom they play this Saturday for the leadership. Dave Cross, the north end catcher, has broken back into the game and will do the receiving for the Vermonts this Saturday. The second game brings out Red Sox and Wychwood, the former being greatly strengthened, so this game should see a conker. Take Bathurst street car to Vermont avenue. The standing of the league:

The West Toronto Senior League standing:

Clubs	Won	Lost	Points
Baracas	6	3	500
Vermonts	5	4	481
Red Sox	1	6	181

The Federals will play Central at 2 o'clock at Broadview field. If the Federals win the next two games they will lead the T.M.C.A. League and will enter for the Star trophy. W. Kerr will do the twirling on Saturday.

ADDED STARTER IS ORDER AGAIN

Windsor Feature Goes to Balko—Bee Hive Wins as He Pleases—Results.

WINDSOR, Ont., July 16.—The \$2000 Edenwood stakes, the fourth event for two-year-olds at five furlongs, featured the second day's races here this afternoon. Lindenthal and Sam McMeekin were withdrawn in this event, while Balko and Tokay were added, and divided favorites with Margaret D.

Balko took the lead at once in the fourth event and won as he pleased by three lengths. Tokay finished stoutly and outgamed Lady Curzon by a neck for second.

Beehive ran in closest pursuit of Mose Fox, the pacemaker, to the stretch in the opening dash, then moved up and won under restraint by half a length. Mose Fox was a distant but easy third. FIRST RACE—Purse \$500, Canadian bred, 3-year-olds and up, 1 mile:

GREAT ENDURANCE TEST AT 'DROME

One Hour Race Should Be One of the Most Exciting of the Series.
One of the most sensational Motor-drome struggles of the season promises to be the one-hour race of the world's series of long-distance motorcycle races, which is to be the feature of Saturday night's meet.
Because of the vital importance of this last grind, the daredevils are making special preparations for the terrific danger, which will be an endurance test of a most severe nature. Excepting the puncture danger, the greatest peril which the contestants must guard against is the effects of wind resistance, the riders are compelled to watch for dizziness and drowsiness. Crouching in one position on a machine for a whole hour is extremely tiring and the tendency to go asleep is strong.
Bob Barclay, the Denver demon, leads in the point standing of the series, but both Hankman and Carls are close behind. Ayrault is fourth, but he has a chance to win out if he can ride to victory Saturday night.
There will be half a dozen events on the card in addition to the sixty-minute grind.

"THE PLEASANT LAGER WITH NO UNPLEASANT BITTER"

SERIOUS FIRE AT BROCKVILLE

Big Paint Works Partly Destroyed—Loss Fifty Thousand Dollars.

BROCKVILLE, July 16.—Spon- taneous combustion among materials located in the jarring room and paint shop is blamed for the serious fire which gutted the most easterly building of the local plant of the National Manufacturing Co. last night.

Shortly before 12 o'clock this morning the fire which had been smouldering broke out again with renewed force in the building damaged last night and with a strong wind blowing the fire broke through the roof and spread to the main building.

HALIFAX MUCH WORRIED OVER HINDU ATTEMPT

HALIFAX, July 16.—Steps were taken at the meeting of the board of the Halifax Municipal Council today to charter a steamer to bring the Nova Scotia Government, the prime minister of Canada, the minister of the interior and the minister of labor to the text of a despatch received from Vancouver stating that negotiations were under way by the secretary of the American-India company to charter a steamer to bring five hundred Hindus thru the port of Halifax.

"We do not want anything to do with this problem," said Mayor Bligh. "The city is strongly against the entry of any Hindus into Canada thru Halifax."

P. E. Island Pruning Herself for Coming Jubilee Celebration.

CHARLOTTETOWN, P. E. I., July 16.—Arrangements for the celebration of the Golden Jubilee of the first Canadian confederation conference, which took place in Charlottetown 50 years ago, are nearly complete. Programs are being drafted which will occupy the time allotted during the three days in the third week of next month, Aug. 18, 19 and 20. A considerable amount of work has been done in getting a program outlined that would befit such an auspicious event, and the committee has been fortunate in obtaining the aid of some of the ablest men in the island, who have devoted their time and talents to making the celebration a memorable one.

From all indications, the island will this year entertain an array of distinguished guests never equalled in its history. In preparation for the great event, hotel proprietors are enlarging and elaborating their properties. The summer residents, limited, have added 12 cottages to their beautiful property at Rocky Point and Holland Cove, and have enlarged the main house and added the attractions of a golf link. The majority of the prominent residents of the island are spending their holidays at Holland Cove, with some of the wealthy and distinguished people of Montreal, Toronto and Ottawa. Alexander Brachway, Mayor of St. John's, and other P. E. I. resorts are crowded with guests to their full capacity.

Even the farmers are giving extra attention to their fields bordering on the Prince Edward Island Railroad, taking a leaf out of the book of the late Governor, who urged the citizens are repairing and improving their residences and surroundings.

The celebration is to be opened with divine services in the various churches on Tuesday, Aug. 18, to be followed by a public reception by the premier on the exhibition grounds, and in the afternoon with a review of troops at Victoria Park. In the evening a dinner will be given by His Honor Lieutenant-Governor in the Government House, while the Golf Club, the Tennis Club and other out-of-door clubs will be at home to friends and visitors in the evening. In the morning a grand ball in the provincial building, which will be illuminated by the public buildings will be held. Arrangements are being made for the illumination of the government pond and the grounds of Government House, and the city will be a miniature fairyland at night during the celebration.

PRINCE EULOGIZES BRITISH COLUMBIA

Her Resources and Brilliant Prospects Subject of Encomiums at Function. Canadian Associated Press Cable. LONDON, July 16.—Prince Arthur of Connaught laid the foundation stone of the magnificent new offices of the agent-general for the Province of British Columbia in Charles street today. His royal highness, who was received by J. H. Turner, said that progress already made in so brief a time by the people of British Columbia was conclusive proof of the greatness of the natural resources of the province. He did not doubt that the province's natural rate of development would be yet further increased by the opening of the Panama Canal, which should greatly increase the trade between the province and this country. Completion of two transcontinental lines of railway, now nearly finished, and the addition of the great distance of a fourth line, supplemented as they were by local lines constructed thru the enterprises and with the assistance of the government of the province, would greatly facilitate development of the northern part of the territory, and link the province more closely with the rest of the Dominion, of which it formed so important and valuable a part.

Following is the program: Tuesday, August 18, 10.00 a.m., Divine services to be held in various churches; 11.30 a.m., Mr. Justice Hazard in the chair; addresses of welcome by premier and mayor at exhibition grounds; School children in attendance, singing, 2.00 p.m., review of troops at Victoria Park; dinner at Government House, 8.30 a.m., music parade at Exhibition; fireworks, 8.45 p.m., firement to be at park.

Wednesday, August 19, 10.30 a.m., motor car trip, 1.00 p.m., luncheon at Cliff Hotel, afternoon, garden party at Government House; tennis at golf links; tea at lawn tennis courts. Evening, grand ball and fireworks. Other events to be added.

Thursday, August 20, 10.30 a.m., motor car trip, 1.00 p.m., luncheon at Cliff Hotel, afternoon, garden party at Government House; tennis at golf links; tea at lawn tennis courts. Evening, grand ball and fireworks. Other events to be added.

What the Grain Brokers Say

S. B. Chapin and Co.—Believe the wheat market will continue a two-sided proposition.

Finley, Barrell and Co.—Bulge in wheat such as we had yesterday should be met with sales.

Walter, Fitch and Co.—The wheat market shows signs of being overbid, and the present turn may extend further.

Lamson Brothers—It is hardly likely that the present optimism in wheat will be sustained at any considerably higher level.

Ware and Leland—Without damage to the spring wheat crop it is very likely that prices would decline to a still lower level.

FEAR OF RUST A WHEAT INFLUENCE

Scored Advance—Area of Damage is Widened—Corn Up.

CHICAGO, July 16.—Black rust was reported to have invaded North Dakota today and the wheat market scored a decided advance notwithstanding that at first there was lack of support.

Closing prices were strong to 1 1/2-3-4 above last night. Corn finished 1/2 to 3/4 off to 3-4 up, oats with a gain of 1-4 to 1/2 and provisions varying from 1 1/2c decline to a rise of 5c to 7 1/2c.

Rust an Influence. Fear of black rust gradually overshadowed everything else as a market influence on wheat. Reports indicated that the territory affected by the plague had widened rapidly and were accompanied by authoritative statements that the damage had been greater than was readily apparent, as black rust injury done to wheat in the milk stage would not have been manifest for ten days or two weeks.

Became Numerous. Southern and Central Minnesota black rust reports were especially numerous and had much influence with the wheat bulls, who gave considerable attention also to adverse crop reports from Canada. Bearish sentiment early in the session was due almost wholly to the fact that Liverpool quotations had failed to reflect yesterday's advance here.

KINGSTON, July 16.—At cheese board here today 408 colored, 100 white, boarded and sold, 12 1/2c. EUROPEAN BOURSES. PARIS, July 16.—The Bulgarian national loan has been definitely settled, the government finally agreeing to the onerous conditions imposed by Berlin bankers, which are calculated to ensure the supremacy of the triple alliance in Balkan financing. Brazil, on the other hand, has failed to make any amicable agreement, and the Brazilian loan is stranded for the time being.

CATTLE RECEIPTS BELOW NORMAL

Scarcely Enough Offered to Make a Market at Union Yards.

HOG PRICES UNCHANGED. Shortage of Veal Calves Recorded—Lamb Values Were Firmer.

Receipts of live stock at the Union yards on Thursday were 26 cars, comprising 111 cattle, 1719 hogs, 375 sheep and lambs and 58 calves.

There were scarcely enough cattle offered to make a market, and none of choice quality were among them. Prices for all classes were reported unchanged.

Stockers and feeders, milkers and springers sold at unchanged quotations. Veal calves were very scarce, only 58 being reported as on the market, which was not enough to supply the demand, and prices were firm.

Sheep sold at steady prices, but lambs were firmer. Hogs sold at the same prices as quoted for Wednesday.

Butchers'. The best cattle on sale sold at \$8 to \$8.40; medium at \$7.75 to \$8; common to medium grass steers and heifers at \$6.75 to \$7.50; choice cows at \$7 to \$7.25; good at \$6.50 to \$6.75; medium at \$6.25 to \$6.50; common at \$4.75 to \$6.25; canners at \$3.50 to \$3.60; bulls from \$6 to \$7.25.

The outside price for choice feeders would be \$7, but we did not hear of any sales being made at that price. Prices quoted ranged from \$6.25 to \$6.75; stockers at \$6.75 to \$8.

Milkers and Springers. There was a fair demand for milkers and springers at steady prices, which ranged from \$55 to \$58, and one extra quality cow was reported at \$100.

Prices were very firm, as the demand was greater than the supply. Choice calves, \$10 to \$11; extra, \$9 to \$10; medium, \$8 to \$9; common, \$7 to \$7.75; canners, \$6.50 to \$7.

Sheep and Lambs. Sheep, ewes, sold at \$8 to \$8.25, and yearlings at \$7 to \$8; heavy ewes and rams at \$12.75 to \$4.50; spring lambs at \$9.50 to \$11.25.

Hogs. Selects fed and watered sold at \$8.50 to \$9.50; the bulk going at \$8.50; and \$9.10 weighed off cars.

Representative Sales. McDonald and Halligan sold at the Union Stock Yards Tuesday, Wednesday, Thursday, 23 cars of stock:

Best butchers', \$8.25 to \$8.60 per cwt.; fair to good butchers', \$8 to \$8.25; medium butchers', \$7.50 to \$7.85; common butchers', \$7.25 to \$7.50; best cows, \$6.25 to \$6.50; fair to good cows, \$5.50 to \$6; canners' cows, \$4 to \$4; best bulls, \$7 to \$7.25; fair to good, \$6.50 to \$6.75; milkers and springers, best cows, \$65 to \$80 each; fair cows, \$50 to \$60.

D. A. McDonald sold Tuesday, Wednesday and Thursday: 1400 hogs at \$8.50 to \$9.50 per cwt., fed and watered; 500 lambs at \$11.25 to \$11.75 per cwt.; 125 calves, best veal, at \$10 to \$11.25; fair to good, at \$8.50 to \$9.50; medium at \$7 to \$8; common at \$5.50 to \$6; 75 sheep at \$5.50 to \$6.25 per cwt.; heavy ewes at \$2.50 to \$4.50.

Rice & Whaley sold 8 carloads of stock: 4, 390 lbs. at \$7.50; 2, 390 lbs. at \$6.25; 1, 150 lbs. at \$7; 2, 390 lbs. at \$6.25; 1, 150 lbs. at \$7.50.

LONDON MARKET MORE CHEERFUL—LESS ACTIVE. LONDON, July 16.—Money was plentiful and discount rates were easy today. The stock market developed a more cheerful tendency without much increase in business. Earnings resignation and home rule hopes were chiefly responsible for an advance in consols and home and Mexican rails, while the cheerful continental bourses assisted the tone of foreign issues. Greek bonds were firm and one to two points higher.

American securities opened steady. A moderate advance followed, but part of the list eased off under selling at the end of the first hour. Later there was general decline under the lead of B. and O. C. and O., and New York Central, which were sold by Wall St. The closing was weak.

ASSETS ARE SOLD. VANCOUVER, B. C., July 16.—Justice Clement has confirmed the sale of the assets of the British Columbia Fisheries Co. for \$300,000. This amount will not nearly satisfy the preferred debenture holders in England.

FELL THIRTY FEET. KINGSTON, July 16.—A. W. Phillips, a mason, fell 30 feet from off a scaffold at the locomotive works. His spine was seriously injured.

CLIMAX OIL COMPANY, LIMITED. AUTHORIZED CAPITAL \$500,000. Par Value of Shares, \$1.00. The Company holds leases for 1920 acres of valuable oil lands 3 miles from the proven Monarch Well, on the same anticline. For the purposes of development, the Directors are offering 55,000 shares at par, which are being rapidly subscribed for. Mr. C. H. Dodd, the Californian Geologist, has reported most favorably on the Company's property. REASONS FOR BUYING CLIMAX SHARES. 1. Because a firm offer of \$150,000 cash was made for the Company's holdings, the night of the "Monarch" strike. 2. Because if they are worth that much to others, they are worth many times more to our shareholders for development purposes. 3. Because results prove that the Company's holdings are right on the exact spot in the best proven districts in Alberta—NOT NEAR. The Company is employing the highest skill to superintend the development of their properties and drilling will commence immediately. Shares will rise in value before many days. The time to buy is right now. Do not wait. This is your golden opportunity. CLIMAX OIL COMPANY, LIMITED. Ontario Office, 803 Traders Bank Building, Toronto. TELEPHONE MAIN 1288.
