TURKEY REFUSES TERMS OFFERED WAR CONTINUES

Nazim Pasha Under Instructions to Keep Up Fight Until Conditions Are Bettered.

ALLIES' DEMANDS WERE SWEEPING

Military Commandant at Adrianople Receives Recognition of Stout Defence Against Enemy.

CONSTANTINOPLE, Nov. 21.—(Can. Press)—The terms offered by the Balkan allies for the arrangement of an armistice are "unacceptable" to the Ottoman Government.

Nazim Pasha, the Turkish commander-in-chief, has been instructed to continue military operations until more acceptable conditions are offered by the allies, but at the same time he is entrusted with the further negotiations.

The official announcement of the Porte's decision with regard to the armistice is as follows:

"The Bulgarian premier has addressed to the Ottoman Government a document containing conditions for an armistice which were communicated today to the council of ministers and were considered to be unacceptable.

"Consequently and likewise in view of the fact that the commander-in-chief has been entrusted in principle with the task of negotiating conditions with the plenipotentiaries of the belligerent states—if these plenipotentiaries are invested with the necessary powers—and has also been directed to communicate the result of such negotiations to us, the commander-in-chief has been instructed to continue military operations with the help of the Almighty, until reasonable and moderate conditions are proposed to us."

Bulgaria's Demands.

It is said that the Bulgarian conditions included a demand for the surrender of Adrianople and Scutari, the withdrawal of the Turkish fleet from the Black Sea and the cessation of the despatch of troops to Thessalonika and the building of fortifications.

General Shukri Pasha, military commandant of Adrianople, has received the title of "Ghazi," which means "victorious recognition" of his splendid defence.

An official despatch from the captain of the cruiser Hamidieh, which was attacked by Bulgarian torpedo boats in the Black Sea this morning, says that he sunk two of them and damaged the third, which was able to draw away. The despatch adds:

"When at a distance of 2000 yards the third torpedo boat discharged two torpedoes, inflicting slight damage on us. We eventually obliged her to withdraw out of range of our guns."

WINNIPEG TRAIN DELAYED.

Coming in two sections as far as Muskoka and in one from there, on the afternoon Winnipeg train entered the Union Station eight hours late last night. The conductor of the train reported that the loss of time was due solely to the heavy traffic. It was the Lake Superior division which lost most of the time, as the heavy trains found difficulty in making the grades. No snow of any account was met. It is said that the passenger traffic from the west is heavier this year than ever before. Thousands of westeners are coming home for Christmas.

Ready To Meet Lipton's Yacht

San Franciscans Accept Challenge for International Contest in 1915—Boat to Cost \$75,000.

SAN FRANCISCO, Nov. 21.—(Can. Press)—Sir Thomas Lipton's proposal for an international yacht race here in 1915 was accepted today.

At a luncheon of the San Francisco Commercial Club, given in honor of Sir Thomas, the following letter was read to him:

"On behalf of a boat yet to be named, permit me to accept your challenge for a race in 1915, to be sailed here in 1915.

"We will meet you with a boat designed under the universal rule, built and sailed by San Franciscans, and may be the best boat in the world."

"Thomas L. Miller."

It is estimated that the American defender will cost about \$75,000 and she probably will be named "The Nineteen Fifteen."

VISIT TO WESTMINSTER

The auditorium at the rear of the Church of the Epiphany was filled to capacity last night when Rev. W. B. Carver, D.D., delivered an illustrated lecture on "A Visit to Westminster Abbey," before the Men's Club.

Two particularly interesting slides were shown, marking the resting place of Ben Johnson in a "two by two" grave, and another showing the spot where Queen Elizabeth and "Bloody" Mary rest, coffin over coffin. Dr. Carver explained in the case of the former that on a visit to the abbey, Johnson once incidentally remarked to the authority in charge that "two by two" grave would satisfy him. Accordingly his wishes were carried out.

J. M. Lawson, president of the club, was not able to be present, owing to the illness of his son, who was taken to the hospital last night to be operated upon for appendicitis.

NO REDISTRIBUTION BILL WILL COME BEFORE HOUSE

Appointment of Three New Senators From West Step Toward Gaining Mastery of Upper Chamber—Contribution of \$35,000,000 for Naval Defence is Looked For.

OTTAWA, Nov. 21.—(Special).—The politicians of both parties are busy tonight forecasting the work of the session. The speech from the throne makes plain, apparently, that there will be no redistribution bill. The senatorial representation from the prairie provinces, however, is to be increased by three new senators from Manitoba, Saskatchewan and Alberta respectively. To this extent a step will be taken toward gaining control of the upper chamber by the government. Just what the senate will do or attempt to do this session in the way of throwing out legislation passed by the house of commons, remains to be seen. The selection of Senator Bostock as opposition leader indicates that some political activity may be expected from the Liberal majority in the senate.

\$35,000,000 For Navy.

The prime question of interest, however, is the government's naval policy, which will not be disclosed until the legislation foreshadowed in the speech from the throne is presented to parliament. It seems altogether probable, however, that a contribution will be made to the imperial naval defence amounting to \$35,000,000, and that this sum will be paid substantially out of the huge surplus of revenue over current expenditures which will make the present fiscal year the banner in Canadian history.

The debate on the address will take color and form from the speech of Sir Wilfrid Laurier, who is to open the attack on the government. His speech

C. P. R. EMPLOYEES SECURE BOARD OF CONCILIATION

Inquiry Will Be Limited to Specified Differences—Government Appoints J. A. McDonald, Halifax, a Member and it is up to Railway to Name Representative.

OTTAWA, Nov. 21.—(Can. Press).—The Canadian Brotherhood of Railway Employees have renewed their application to the minister of labor for a board of conciliation and investigation, but limited in its scope, to enquire into certain differences existing for some time between them and the C. P. R. Co. and for such limited purpose, and on the recommendation of the applicants, the minister has appointed J. A. McDonald, of Halifax, a member of the board. The company will now be asked to recommend a member, and if it refuses or fails to do so, the minister will appoint one on his behalf.

The investigation will forthwith proceed. There are grounds for hope that a fair and equitable conclusion may be reached by the board which will prove acceptable to both parties to the dispute.

California Girl's Rapid Advance.

When Franz Lehár's greatest comic opera, "Gypsy Love," comes here next week it will serve to introduce Phyllis Partington, the young California girl, who rose from comparative obscurity to one of the stage's leading prima donnas in a single season.

Ready To Meet Lipton's Yacht

San Franciscans Accept Challenge for International Contest in 1915—Boat to Cost \$75,000.

SAN FRANCISCO, Nov. 21.—(Can. Press)—Sir Thomas Lipton's proposal for an international yacht race here in 1915 was accepted today.

At a luncheon of the San Francisco Commercial Club, given in honor of Sir Thomas, the following letter was read to him:

"On behalf of a boat yet to be named, permit me to accept your challenge for a race in 1915, to be sailed here in 1915.

The G.T.P. Must Be Held to Its Bond

(Manitoba Free Press, Winnipeg.)

The Free Press has already commented on the extraordinary story from Ottawa that the government and the Grand Trunk Pacific are coming to an arrangement to sacrifice the whole purpose and national policy which impelled the people of Canada to give their sanction to the building of an all-Canadian highway from a Canadian port on the Atlantic to a Canadian port on the Pacific. It cannot be said too strongly that if there is any such project afoot as is reported, it is of extreme national importance that the "public should be aroused to the necessity of preventing its being carried out.

If the Grand Trunk Pacific, instead of carrying western Canadian grain across Canada to the Atlantic, is to be allowed to take it thru the United States the intention and design of the construction of a new highway spanning the Dominion will be defeated, and the national transcontinental will be prevented from serving the purpose with which its construction, as a Dominion work, was begun.

It has been known all along from the first that the Grand Trunk wanted to defect western grain to its trackage in the United States. The late Dominion Government would not consent to that, and bound the railway company to carry the wheat across the Dominion. The people of Canada look to the Borden government not to release the railway company from that obligation.

TAKING NAMES OF CAPTURED TURKS

Scene in the Barracks at Stara Zagora, the Headquarters of King Ferdinand's Victorious Army, While the Names of Turkish Prisoners Were Being Recorded.

FAILURE OF TRUCE OVERTURES GIVES UNEASINESS TO EUROPE MOBILIZATIONS ARE RUMORED

Austrian and Russian Forces Reported to Be Preparing for Hostilities—Europe Regards Allies' Terms as Ungenerous to Valiant Foe—Turkey Unable to Resist Much Longer.

LONDON, Nov. 21.—(Can. Press).—The formal suspension of the eastern war proved only for a day. Turkey rejected the Balkan terms for an armistice, apparently before the plenipotentiaries had time to come together at Hademkeu.

Kiamil Pasha, the grand vizier, declared that the allies' overtures were "impossible." He ordered the commander-in-chief to continue fighting, "with the help of the Almighty," until reasonable and moderate conditions were proposed.

This decision came as an utter surprise and diplomats are not wholly convinced that the Ottoman troops will really take up arms again in the cholerastrikes trenches of Thessalonika.

While the Bulgarian conditions, for Bulgaria is acting as the mouthpiece of the allies, were extreme, stipulating the surrender of Adrianople and Scutari, both of which strongholds are making an historic defence, as well as the cessation of all the territory, except a narrow strip above Constantinople, these conditions were advanced as overtures. In other words, they were apparently put forward as a basis for negotiations. The Porte treated them as an ultimatum, and this perhaps is the original method of beginning negotiations, designed to induce the enemy further, to show his hand.

Expected Sharp Fighting.

A Balkan diplomat in London pointed out tonight that these terms were submitted merely as an answer to Turkey's pressing and repeated demands for an armistice, and said:

"It is practically certain that their rejection will result in a more active and determined resumption of hostilities. Probably the allied troops will now refuse to treat with Turkey until they are in a position to dictate perhaps sterner terms in the capital of the sultan."

The negotiations thus far have been conducted thru the Russian ambassador at Constantinople, but the Turkish ambassador at Berlin, Osman Nizam Pasha, was on his way to join his colleagues appointed to meet the Bulgarian representatives, when the Turkish Government's startling decision was telegraphed abroad.

Even yet it would seem that the Turkish officials have not abandoned hope that the powers will come to their aid.

Continued on Page 9, Column 3.

YOUNG GERMAN IS SENT HOME

Hans Boersel Will Be Tried on a Charge of Defrauding the Government.

Hans Boersel, the young German who was arrested in Toronto about two months ago, on a charge of forgery, preferred by the German Government, was taken to Montreal last night by Inspector Parkinson of the Dominion police. From there Boersel will be sent back to Germany. During the trip the captain of the steamer will look after the prisoner.

About 14 months ago Boersel was a partner of Michael Shorer, a banker and broker. They conducted a business in bills of exchange on an enormous scale. The secret police discovered 12 of these bills to be forgeries. A charge was laid, but Boersel had left the country.

He was located in Chicago and arrested. While the fight for habeas corpus proceedings was on he was released on bail. This he jumped and entered Canada.

The city detectives located him in a barber shop on East Queen street.

The extradition fight was waged before Judge Winchester, who granted the papers, but remanded Boersel to jail.

In all it is said he defrauded the German Government out of \$12,500.

POOR CHILDREN WANTED IN CANADA

Earl Grey Says Great Britain's Little Ones Would Be Made Welcome in the Homes of Canadians—Central Market in London for Dominions is Suggested.

LONDON, Nov. 21.—(C. A. P.).—Giving evidence before the Dominion Royal Commission, which concluded its sittings yesterday, Earl Grey urged that the poor law children of England should be sent to Canada or other dominions. Insofar as Canada is concerned, he was satisfied they would be well cared for, and well placed. He opposed the suggestion that the cost of emigration should be borne by the imperial government, and thought the Dominion Government would be making a wise investment itself.

Earl Grey also made a strong appeal for the establishment of a central market in London, at which the produce of overseas dominions could be displayed and sold. Apart from the fiscal question, there was no doubt the people of England would prefer to buy goods from overseas kinsmen.

He strongly urged the stimulation of women's emigration movement under the direction of excellent charitable organizations. More use might be made of the splendid and disinterested services of the Salvation Army.

John Burns questioned regarding Earl Grey's proposal for emigrating poor law children, declaring himself in full sympathy with the project, and said the government was prepared to undertake a reasonable or increased expenditure. He objected to the establishment of a central emigration board, on the grounds it would clash with the functions of the government departments.

HOME RULE BILL IS UNDER FIRE

Numerous Amendments Relating to Financial Provisions Go Down to Defeat in Committee.

LONDON, Nov. 22.—(C. A. P.).—During the committee stage of the home rule bill last night Locker Lamson moved an amendment providing that all Irish revenues, exclusive of those raised by taxes, should be paid into the imperial exchequer. The proposal was defeated by a majority of 177. Another amendment was moved by Worthington-Evans, providing for an Irish contribution to the imperial exchequer equal to 1-13 of the expenditure, which also was defeated by a majority of 56.

Hayes Fisher then proposed that the imperial grant to the Irish exchequer should be subject to reduction whenever the Irish deficit in taxes should increase. This was also defeated by a majority of 198. The final amendment by Howitt was defeated by 156.

The member for Hereford sought to provide that the cost to the imperial exchequer for Irish services should be settled by the British house of commons instead of by the joint exchequer board or an independent body. Over a dozen other amendments were lost.

Some Fine Furs.

In the big display of fur goods at Dineen's, there are some items of appealing interest. Here are three imported furs:

2 only Hudson Coney Coats. The very latest Paris models, lined with fancy satin champagne and old mink, and finished with large shawl collar. These coats are very light in weight, \$100.

5 only No. 1 quality Hudson Coney Coats, with fur shawl collar, 48 inches long, lined with selected satin. Different tints and in the latest Paris models. Very new effect in splendid coat, \$150.

9 only Mink Marmot Coats, in three-quarter lengths, very newest designs, lined with plain or brocaded satin and finished in exclusive workmanship, \$90.

This is the Season of Anticipation

Just about four weeks now till Santa mounts the box behind his spanking reindeer and proceeds to distribute his gifts broadcast. Everyone likes to help Santa in his good work, and by an early selection of the articles best suited to the needs of our friends and relatives we can help a lot. What nicer or more useful gift can you give a gentleman than a **HOUSE COAT, A BATH ROBE, OR DRESSING GOWN?** We have without doubt the smartest lot of these garments that ever came to Toronto, and we are justly proud of our showing. Early buyers who have seen them say they are irresistible, and that is the word to use. The price range is as varied as the assortment, and starts from \$5.00 up to \$25.00. Now is the time to **ANTICIPATE** the need of your dearest friend or relative. Despite the

fact that we are not having zero weather by any means, our Overcoat sales are keeping up wonderfully. We had a gentleman in yesterday from Denver, Colorado, who came at the request of a friend and bought one of our Fifty-Dollar Coats. Did us good to hear him praise them. You see, Americans don't get clothes like we make, and when they get the chance to buy them they just simply go into ecstasies over them. This week we put into stock some extra values to sell at \$12.00, \$15.00, \$18.00 and \$25.00. Just now is the time to anticipate your Winter comfort, and that cosy feeling comes to the man who is on the inside of one of our splendid coats. We are open every Saturday night till 10 o'clock, and that gives you a splendid chance to shop.

CHRISTMAS PRESENT HAS BEEN DELIVERED

So Wrote McManigal After Leaving a Bomb in an Iron Works Plant.

INDIANAPOLIS, Nov. 21.—(Can. Press.)—Equipped with 12 quarts of nitro-glycerine, Ortie E. McManigal, in December, 1910, went to Los Angeles, Cal., commissioned to destroy "The Times" auxiliary plant, and by "adding a few more to the list of dead" to take suspicion off James B. McNamara, who had killed 21 persons in the wreck of the Times building two months before.

McManigal so testified today at the "dynamite conspiracy" trial. He named men other than the McNamaras as having inspired the second Los Angeles dynamite plot. He said he was prevented from carrying it out by the fact that on reaching Los Angeles the auxiliary plant was too well guarded and illuminated at night. Instead, he set a bomb in an ironworks plant to explode on Christmas Day.

That was the "Christmas present" he said Orlie A. Tveitmo, a labor union official in San Francisco, had asked for, and on his return east he stopped off at the Labor Temple in San Francisco, saw Tveitmo being absent, he left this message with Eugene A. Clancy: "Tell Tveitmo his Christmas present has been delivered."

SONS OF TEMPERANCE MEETING AT OSHTAWA

This Session Celebrates Seventieth Year Since Order Was Founded.

OSHTAWA, Nov. 21.—(Special.)—The 64th session of the Ontario Grand Division meets here for two days in annual session. The town was roused by the large incoming delegations, led by the bagpipers. Keen interest has been manifested from the first moment. Many questions of national importance are to come before this body, which is the largest representation for many years.

The session celebrates the 70th year since the founding of the order of the Sons of Temperance on this continent. Six years later, the charter for Ontario was granted, which has been in continuous and successful operation ever since.

The Town of Oshawa is particularly heavy in its welcome, especially in view of the local option campaign now on to be decided at the coming municipal election.

The gavel is wielded by Rev. John R. Wilkinson, grand worthy patriarch of Ontario, who reports an increase of membership in the grand jurisdiction during the past year.

WILL STORE FRUIT

Ontario Commissioners' Enquiries Into Western Situation Likely to Bring About Change.

PORTAGE LA PRAIRIE, Nov. 21.—(Can. Press.)—Alex. Earl, western market commissioner for the Ontario

department of agriculture, is here gathering information regarding the fruit trade. The department is endeavoring to get the eastern producers and western consumers closer together in order that the former can get a better price for the fruit, and the latter cheaper fruit.

It is likely that a system of storage houses will be established at principal centres in the Prairie provinces in which stocks will be kept and principal direct to retailers or to consumers at a fixed price.

Flawless Diamonds At \$150 Per Carat

We challenge the confidence of the most skeptical with the unsurpassed quality of precious stones we are now offering, and quality and size being equal, we guarantee to offer you money.

Here are some facts why we can do so:

First—We offer diamonds to the public from first hands, eliminating middlemen's profits.

Second—All our energy and efforts are concentrated in this diamond business, hence little dealers and watchmakers who handle diamonds as a side line and carry only a handful of stones and possess an expert can not possibly hope to compete with us.

Thus we can offer you the advantage of a magnificent stock and the safeguard of experience of actual diamond cutters.

That's this worth something to you.

ONTARIO DIAMOND CO.
95 YONGE STREET
P.S.—Diamonds bought of us may be returned, less 10 per cent. of purchase price, at any time up to date of sale.

ABOLISH BUSINESS TAX CRY OF MANUFACTURERS TO SPECIAL COMMITTEE

Deputation from Canadian Manufacturers' Association Gave Reasons Why Present Law of Tax on Was Inadequate—Unimproved Land Should Be Heavily Taxed and There Should Be a Reduction of the Tax on Improvements, Were Some of the Arguments—Adjourned Till Dec. 19.

It was the manufacturers' turn yesterday to take some business-like "terrors" at the system of taxation in Ontario. A deputation from the Canadian Manufacturers' Association appeared before the special committee appointed to revise the Assessment Act, and gave their reasons for holding that the policy now in force in some cases was not adequate. Their principal objection was to the business tax, which they considered bore too heavily on the manufacturer. They also suggested a heavier tax on unimproved land as a remedy for the practice of holding such land for speculative purposes, which was increasing its value. Besides the manufacturers' two American experts on municipal taxation, the committee imparted information as to how to solve the various problems.

Hon. W. J. Hanna, chairman of the committee, at the conclusion of the session, adjourned until Dec. 19. Hanna commented that in his opinion the two important features of the Bill now before the committee are the local option idea and the educational standpoint—to get valuable information to correct the present state of affairs.

In opposing the principles of the present law, F. W. Wegman, legal representative of the Canadian Manufacturers' Association, read a statement of the executive to the committee. "A number of features of the present system is satisfactory, but some changes would be beneficial," said the executive. "The manufacturers have found that the improvement of their premises has increased in any way of increased tax. The complete abolition of business tax was advocated by any return to the tax on personal property was untenable. "And we believe that an increased assessment on unimproved land would lead to much towards equalization."

"The C.M.A. does not think it necessary to substitute any tax for the income tax," he said. "The business tax, as it is now levied, is a tax on unimproved land. A remedy should be found for cases in which unimproved land was held for an increase of value of adjoining property. The question of land values at the root of the evil by a special tax on unimproved land. Mr. Wegman believed that the committee should act upon the question, as there was nothing to gain in giving municipalities the right to tax such land. The committee was asked to consider the possibility of a change, if some principle was adopted, which would penalize industry. The manufacturers would support the committee.

"It is the most absurd tax that has ever been put into effect," said Ely Headerson of London, referring to the business tax. "Why should there be all these inequalities? A distiller pays 100 per cent. and a newspaper proprietor 35 per cent. Why should there be such discriminations? He believed that the poor workingman was the victim of the business tax and not the employer.

Result of Single Tax. H. H. Hively, of Vancouver, was asked to impart some information about the success of the single tax in the Terminal City. Mr. Stevens said that there had been great building activity as the result of the single tax improvements. The land was not assessed for more than 50 per cent. of its value. He believed that the single tax was a matter that should be dealt with locally, as one system might suit one locality, and another might suit another. "Despite the criticism of F. C. Wade, R.C. of Vancouver," he said, "the single tax system was working out satisfactorily."

W. E. Tyndal of Toronto also took a rap at the business tax in behalf of the manufacturer. He figured that there was no logical reason for the establishment of the system of percentages on various industries by the former. "The tax on manufacturers was as high as 75 per cent. partly for the reason that their machinery was exempt, and their profits were much larger.

"What objection is there to a flat rate of say 25, 30 or 35 per cent.?" asked Col. Matheson.

"The objection would be better," was the reply. "A tax should be levied on a business man's ability to pay."

Wm. Stewart, assessment commissioner for Ottawa, said that the business tax bars too heavily on the business man's assessment has doubled in seven years.

Used Local Option. Ontario needed a law along the lines of the Bill, and Powell bills, was the view of Allan Thompson of Toronto, a disciple of Henry George. He believed that municipalities should have the right to tax improvements, and that improvements would be granted. The tax on improvements, especially when taken into consideration that conditions only without the province, the present might be proper for one town would be a law which would result in great building activity in cities where there was a law in force. The present assessed improvements at 60 per cent. of value, while British Columbia placed a much lower rate on improvements and made land and land only bear taxation.

The Remedy. "A remedy could only be based on the principle that the present system of the burden, and the improvement of the land, was the statement of Lawson Purdie, chairman of the Board of Tax Commissioners of New York, at a meeting held by the committee. Two American experts gave their views on the problem, the other man being C. E.

Fillibrown, assessment commissioner of Boston.

"Your Ontario Act is the best I ever saw," said Mr. Purdie, "but, as it stands, it cannot in its present form be put out; that can only be found by equalizing the taxes on buildings and improvements and those on land."

In this respect, only last year a law was enforced in New York State requiring all municipalities to separate the assessment of buildings and land.

Pretty Tough. He believed that Ontario's business tax would not work out satisfactorily in New York for the simple reason that the business men would go in swarms to Albany to lodge a protest. He considered that it was pretty tough for a business man when his rent and taxes soared at the same time. An income tax would also be impossible in New York. Such a tax, in his opinion, was not desirable. Great Britain's system, in which the sources of income are actually reached, was a just and equitable tax, and a great improvement over other forms of taxation.

Mayer Hooker Talks. In an address to the committee, Mayor Hooker stated that the majority of the city council was in favor of some measure by which local option in matters of taxation should be permitted to all municipalities in Ontario. The people of Toronto had at one time favored the local option, but this local option had never been enforced. The question would be sent to the people again, said the mayor.

C. B. Fillibrown declared that the tenant always shouldered the burden of taxation, especially in the case of apartment houses. If taxation on improvements were abolished, part of the burden of taxation would be transferred to the benefit of wages, which might amount to a difference of 50 per cent. To bring such a scheme into effect it would be necessary to exempt buildings and improvements from taxation for a period of ten years, or \$1000, year by year. He said that this could not be assessed in any way, but the solution appeared to lie in that direction.

In an address to the committee, Mayor Hooker stated that the majority of the city council was in favor of some measure by which local option in matters of taxation should be permitted to all municipalities in Ontario. The people of Toronto had at one time favored the local option, but this local option had never been enforced. The question would be sent to the people again, said the mayor.

TEN YEARS' GROWTH OF CAPITAL VALUES

Comparative Progress of Agriculture, Manufactures and Railroads Across the Border.

In a recent monograph the Bureau of Railway Economics of the United States presents the results of a study on capital values as applied to those three great branches of enterprise—agriculture, manufactures and railroads. Capital value in the case of agriculture includes farm property, land, buildings, implements, machinery and live stock; in the case of manufactures it covers the value of property employed for the purposes of production, excepting rented property, but no allowance is made for patent rights for good will; in the case of the railroads capital value means the cost of road and equipment, as it stands on the books of the railways.

	1900	1910
Agriculture	\$20,430,000	\$40,991,450
Manufactures	\$775,256	18,428,270
Cost of road and equipment	10,230,232	14,327,816
Gross capitalization	11,401,232	14,875,132
Net capitalization	8,202,184	12,875,232
Population	75,944,000	91,975,000

No. Street

City or Town

DO NOT SEND IN ANSWERS UNTIL AFTER LAST PICTURE IS PUBLISHED.

What Well-Known English Proverb Does This Picture Represent?

TORONTO WORLD'S PROVERB PICTURE NO. 51

Rules Governing the Contest

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for the old. There will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first prize picture was published in The Daily World, Thursday, Oct. 3. The last will be published on Dec. 16.

The correct answers, to serve as a basis of awards, are being selected according to the examination of the answers and awarding of the prizes. The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, next or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada.
2. Contestants must be at least 14 years of age and members of their families. Anyone not exempted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.
3. Contestants must write the proverbs represented by the illustrations upon the coupon provided therefor and which will appear on page 2 of The Daily and Sunday World every day during the contest. Answers may be written with pen, pencil, or typewriter, and arranged in any manner to suit the contestant.
4. Each picture represents only one proverb, where contestants are not certain as to the correct answer, they may send two (2) answers (one more) to each proverb illustration, and the correct answer is given, incorrect answers will not count against a contestant.
5. Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same number must be kept together in making up the set.
6. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers will be accepted from any individual contestant.
7. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order, fasten them securely together and deliver or mail (sealed or folded), plainly addressed to the Contest Manager, The Toronto World, Toronto, Canada, within the time specified in the contest advertisement.
8. The line of receiving answers will have no effect upon the awarding of the prizes with this exception: All answers must be delivered at the Office of The Toronto World or bear postmark of mailing of not later than midnight, December 22, 1912, twelve days after the last of the illustrations.
9. One prize will be awarded to the person sending in the nearest correct list of answers to the entire series of seventy-five (75) Proverb Illustrations.
10. In making the awards, the judging committee will take into account the similarity and the correctness of the answers as selected by the Contest Manager's Daily and Sunday World Proverb Illustrations.
11. Where a set of answers is securely fastened together, the contestant will be permitted to stamp his or her name on the space allotted for same, and omit the full address from the greater number of the FULL NAME AND FULL POST-OFFICE ADDRESS is plainly and distinctly written upon the FIRST SIX AND LAST SIX SLANKS of the set.
12. In sending in the answers at any time that contestants send all packages containing answers to the contest, contestants should exercise fully prepaid at the rate of one cent per ounce of freight, to Toronto, and two (2) cent per ounce, extra postage, outside of Toronto, at The Toronto World is not bound to pay postage due on any set of answers.

Entry to Contest May Be Made at Any Time

Have Your Newdealer Begin to Serve You With a Copy of the Daily and Sunday World Every Day From Now On.

Extra back numbers of the Proverb Pictures and their Coupons, when not purchased through THE SPECIAL OFFERS, their Coupons TODAY, are ONE CENT for the Daily and FIVE CENTS for the Sunday. When back numbers are ordered by mail, one cent additional for every ten numbers must be remitted by postage. All of the back numbers, from the beginning of the Contest to date, will be mailed prepaid to any address in Canada upon receipt of 25 cents. Proverb Books are 50¢ at the office, 50¢ extra by mail.

**PEOPLE OF EAST
 WANT GOOD ROADS
 HARRIS TO REPORT**

Greenwood Avenue Widening
 or Temporary Construction
 Must Be Commenced
 Forthwith.

**FOOT OF LESLIE STREET
 MUST BE DREDGED**

Church Busy With Motion—
 An Eighteen-Foot Yonge
 Street Subway Will Cost
 \$457,387 More.

It was yesterday day at the board
 of control yesterday. A deputation, with
 a largely signed petition, was intro-
 duced and asked for relief in the
 matter of the shunting nuisance, cre-
 ated by the Grand Trunk Railway on its
 siding at Boston avenue.

They complain that they are pre-
 vented from sleeping on account of
 the vibration and noise caused by this
 shunting, which occurs all night long.
 Corporation counsel will apply to
 the Dominion Railway Board for an
 order restricting the railway to shunt-
 ing operations between the hours of
 10 a.m. and 8 a.m.

Want Greenwood Ave. Improved.
 Another deputation, headed by the
 Messrs. Robbins, Hilton and Saund-
 erman, and many influential residents,
 attended, and asked that the Green-
 wood avenue widening be gone on
 with forthwith, or, on the contrary,
 some temporary relief be provided.
 Ald. Hilton wanted Commissioner
 Harris to dump a considerable quan-
 tity of stone on the road. This will
 facilitate vehicular traffic until the
 frost comes.

Wanton Waste.
 "That would be a wanton waste,"
 declared Controller Maguire. "Why
 not go ahead with the widening of
 the avenue and lay the concrete, so
 then you can complete the road next
 year?" He quoted other roads which
 have been treated in this manner here-
 tofore.

"Too Late," Says Mayor.
 The mayor, "Do you realize that
 this is Nov. 21, and that the frosts
 will stop the work before anything
 effected can be accomplished?"
 The commissioner of works will re-
 port in a few days as to the best
 method to be employed towards help-
 ing these residents out.

Yonge Street Subway.
 The addition of expense for an 18 ft.
 subway at North Yonge street over
 that of a subway 14 feet high will
 cost the matter of land damages,
 \$427,387 extra, and the extra cost of
 construction will mean an expendi-
 ture of \$30,000 more. This includes
 the 2 1/2 per cent. grade.

Sewage Disposal.
 The disposal of sewage in the Ash-
 bridge Bay was again the cause of
 considerable complaint on the part of
 residents, and they want the portion
 of the foot of Leslie street cleared.
 Some members of the board of con-
 trol will wait upon the harbor com-
 missioner with the hope of obtain-
 ing some relief. Failing this, the city
 will be forced to take a hand in clear-
 ing the matter.

ALTER MAIN LINE

Grand Trunk Will Run Nearer
 Kingston and Do Away With
 "Stub" Service.

It is believed in Kingston that the
 Grand Trunk propose altering their
 main line, now a couple of miles north
 of the city, so as to run in nearer, and
 thus do away with the present unsat-
 isfactory suburban service. Plans pre-
 pared by the city have been submitted
 to President Chamberlin. The ques-
 tion has also been discussed by the
 local board of trade with Supt. Gillen
 of the Grand Trunk. The city is also
 asking for an improved train service
 between Toronto and Kingston.

NO DELAY IN CANAL

Foreign Vessels Will Be Allowed to
 Continue Carrying Materials to
 War Zone.

Gibson Murder Trial Goes To Jury This Afternoon

Three Soldiers Yesterday Told of Seeing Three Men on the Railway Bridge on the Night Preceding the Crime, But Swore That Gibson Was Not Among Them.

The evidence of three soldiers at yesterday's hearing of the trial of Charles Gibson, for the murder of Joseph Rosenthal, on the night of Good Friday last, was the most startling feature of the defence to date.

Each of these three men swore to having seen Dunklemaun in company with others, of whom Gibson was not one, at the bridge near the hydro-electric station, both on the night of the murder and the night previous, on both of which occasions Dunklemaun says he was there. Corporal Whittaker of the Royal Canadian Engineers, says that he met a sapper named Cunningham at the railway tracks, and then came upon three men walking abreast upon the sidewalk beneath a light at the bridge. One of the three jolted the corporal into the road. He turned to the middle man of the trio, whom he identified as Dunklemaun, say to the man upon his left, "It is North 849."

Dunklemaun spoke in broken English, and therefore, altho he had faced about, the corporal, who dislikes any dealing with foreigners, went on, omitting his intended remonstrance. So hard was the knock that he got when jolted into the road, that he believed he had not been struck by the man's arm, but that the man had had some hard instrument concealed beneath his coat. Neither of the other two men was Gibson. He said to Mr. Thurston that he had first made known this information to Lieut. Morrison at Niagara camp.

Gibson Not There.

Sapper Cunningham, now at the Kingston Barracks, but at the time of the murder at Stanley Barracks, said that he had passed Dunklemaun and four other men upon the bridge at about the time the three were seen there by Corporal Whittaker. He re-

Buckingham Palace Front.

All those who know London welcome the completion of the great Queen Victoria Memorial Scheme which will reach its final stage in July of next year. The scheme is one of the greatest city architectural designs of modern times, and includes the Mall in St. James' Park, the Admiralty Arch at Trafalgar Square, the immense plaza and monument in front of Buckingham Palace, surrounded by the massive bronze gates, one set of which represents Canada, and the front of the palace itself. Sir Aston Webb is the architect chosen to rebuild the facade of the palace, and the design is said to be in entire harmony with the other parts of the scheme. The central portico of the front will be extended forward as will also the two wings, and the top surmounted by a heavily-carved cornice. The front visible to the public has long been an eyesore to many Londoners, but the rear is very fine, and the gardens of the palace are beautiful; none of this will be touched, nor will the interior, which is well-planned and magnificent. When the court leaves, the end of the work will commence and will be completed in three months.

May Remove Cattle Embargo

LONDON, Nov. 21.—(C.A.P.)—An influential deputation waited upon Premier Asquith in the commons this evening on the question of the embargo on cattle at British ports. The premier promised that in conjunction with the president of the board of agriculture he would consider all points raised with a view to removal of restrictions at the earliest possible moment.

A member of the deputation informed the C.A.P. that they expect the embargo will be removed within the next month.

Deduction, 104 (Turner), 12 to 1, 8 to 1 and 5 to 1. 2. Premier, 104 (Teahan), 15 to 1, 8 to 1 and 5 to 1. 3. Amoret, 113 (Kirshbaum), 8 to 1, 5 to 1 and 1 to 1. Time 1:14. Running Account, Berkeley, Veneta Stronza, Terwinton, Field, Chilton Queen, Frog and Takasita also ran. TENTH RACE-Three-year-olds and up, purse \$200, selling, 4 furlongs. 1. Deduction, 104 (Turner), 12 to 1, 8 to 1 and 5 to 1. 2. Premier, 104 (Teahan), 15 to 1, 8 to 1 and 5 to 1. 3. Amoret, 113 (Kirshbaum), 8 to 1, 5 to 1 and 1 to 1. Time 1:14. Running Account, Berkeley, Veneta Stronza, Terwinton, Field, Chilton Queen, Frog and Takasita also ran.

Advertisement for Keefe's Special Extra Mild Stout, featuring a portrait of a man and the text 'All Real Men Drink Keefe's Special EXTRA MILD STOUT'.

IT'S a fine, old, mellow stout—that is as rich and nourishing, as fresh cream—yet won't make you bilious because it's extra mild. ORDER A CASE FROM YOUR DEALER.

TWO NEW TEAMS HAVE ENTERED Changes in Mercantile League Doings of the Hockey Clubs Near and Far.

Representatives of the six teams, namely, Massey-Harris, Aikenhead Hardware Co., H. S. Howland Co., W. R. Brock Co., R. Johnston Co. and Nisbet & Auld, met Thursday evening last in the Emery Hotel and completed to a considerable extent the plans for the season of 1912-13 of the Mercantile Hockey League. Two of the old stand-bys, i.e., W. R. Johnston and Nisbet & Auld, being a little weaker than usual have decided to absent themselves for at least the forthcoming winter, and to fill the vacancies the two teams, as above mentioned, have been accepted. The last time was held in the new Arena yesterday and will be the order early next week. The ice surface will be 200 feet by 85 feet, and will be one of the best in Canada. The goal posts and the netting round the goal posts are also in place and everything is ready for the puck-chasers. It is expected that pleasure skating will take place before next week is out, and that the hockey teams will be practicing by the first of the month. Manager Bruce Ridpath of the Toronto pros returned to town yesterday morning from a trip to the east. Bruce found that good hockey players are as scarce as new laid eggs and that the good ones are signed and slated away. Brogot his name in print by approaching the great 'cyclone,' Fred Taylor, and humbly asking him to put his John Henry to a Toronto contract. Mr. Taylor declined with thanks. By the way, both Ridpath and Manager Nicholson of the Tecumseh are having a sad and strenuous time this week. Both clubs announced that they had a lot of real good amateurs ready to take the plunge, but now along comes the stonum purse with the announcement that the great 'cyclone' Fred Taylor, and humbly asking him to put his John Henry to a Toronto contract. Mr. Taylor declined with thanks. The Montreal Arms Company have turned down a big offer for their land. More money in hockey. Peterboro is talking of entering the Senior O.H.A. The Pinnacled League will again be composed of eight clubs. K. Broder of Morrisburg, Ont., has been signed as coach for the Antwerp, Mass., College hockey team. The M.A.A. team of Montreal will play in Boston, New York and Cleveland during the Christmas holidays. The city hall employees held a very enthusiastic hockey meeting last evening, and unanimously decided to enter a team.

Sole agents, SCOTT'S DRUG STORE, 25 TORONTO ST., TORONTO, ONT.

S. P. S.—St. Mike's In Semi-Final Tie

Score 7-7 and Another Game is Necessary—School Took Early Lead—Then St. Mike's Came Strong and Tied the Score. The Mulock Cup games are not decided yet, and at least two more battles will be staged before they are decided. Yesterday afternoon at Varsity Stadium Senior School (S.P.S.) and St. Mike's played in its largest gathering of followers from each school. The game ended with the score 7-7, and both teams were unanimous in calling it a draw. The play-off will be decided on a date yet to be decided. The folks like boys want at it, tooth and nail, and really secured a lead. At the end of the first quarter the score stood 1 to 0 in favor of St. Mike's, and they had increased this to 3 to 0 at half time. The third quarter was a hummer, and both teams worked hard. Trojans, giving and taking work well. Both teams were forcing things in general with St. Mike's coming stronger on end. 'Timber' Mulqueen was playing nearly three-quarters of the game, figuring in nearly every play. He is a wonder and his work received rounds of applause. The teams secured one point each in the quarter, and St. Mike's had a lead of six points at the commencement of the last quarter. School was pretty well used up, especially Mulqueen, but livened up after St. Mike's had tied the score and held their own until time was called. Father Carr's boys were whirlwinds in that last quarter, and secured a touch and a rouge, and things looked pretty cloudy for the science boys. Mulqueen was easily the star of the game, while Miller is another Ross Craig for line plunging. Broderick played a very consistent game, while McTague and Neilan assisted him greatly. Coligan replaced O'Flaherty in the last quarter. The winner of the play-off will meet Junior School in the finals. The line-up: St. Mike's (7): Beck, McTague; half-backs, Neilan, Brown; outside wings, Hogan, Donovan; inside wings, Kelly, middle wings, Neilan, Brown; outside wings, Nicholson, Harris, Ryan. Senior School (7): Beck, Campbell; half-backs, Mulqueen, O'Connor, Wagner; quarter, Crashley, scrimmage, Holden, Mitchell; inside wing, Johnston; middle wings, Deslorme, Miller; outside wings, Bower, Fleming, Kay. Referee: W. A. Hewitt. The score by quarters: ... Michael's ... 0 0 3 4 Senior School ... 0 0 1 1

TORONTOS WON'T GET THIS ONE

Broadband Signs With Ottawa Pros—Duford Also for Senators—Hockey News of the Capital.

OTTAWA, Nov. 21.—(Special).—"Punch" Broadband has thrown in his lot with the Ottawa Hockey Club and will be seen no more in amateur ranks. He came to terms with the local pros yesterday afternoon, and will figure on the line-up this season. At the same time, "Skeans" Ronan, who is handling a lot of the Ottawa Club's business with the players, stated that Angus Duford was almost a certainty for the locals in spite of the fact that both the Canadiens and the Toronto stars will also be seen in a try-out by the Ottawa this winter. Both Broadband and Duford are amateur stars of considerable ability. Broadband played with the old Cliffside club afterwards threw in his lot with the New Edinburghs when the Cliffside disbanded. He has had many offers to turn professional and at one time traveled with the Ottawa as a spare man, but did not take part in any games. This time he appears hooked up to stay. Duford broke into the column of hockey stars with the Buena Vista City team, and last season played with Frank Hamilton's St. Lawrence team. He was considered the best forward man with the club and looks good enough for pro company at any time. Percy LeSueur, last year's captain of the Ottawa hockey team, and held to be the best goal tender playing the game, makes a suggestion that would help along the weak Toronto clubs. Percy suggests that each of the four older clubs, the Wanderers, Quebec, Canadians and the four clubs could easily obtain other men to take their places," says Percy. "Why in Ottawa, we have enough hockey material to make up a team of similar calibre without taking a single man from the Ottawa. Good hockey players are consequently scarce in Toronto than in Ottawa, Ontario or Quebec." LeSueur says that as things stand now the two Toronto clubs consist mainly of "bush leaguers" and that they have hardly a man signed who could catch a place on any of the old N.H.A. clubs. Some of the amateurs may turn out to be stars, but the players who are known are hardly of the class demanded in big league hockey. Jarvis Claims Championship. Jarvis, strengthened up with Dupp of the Canadiens and Miller, the Toronto's quarter back, both, however, returned as the collegiate, and won the odd game for the university schools yesterday by 19 to 1. The winners have a fast well-balanced team and have a good right half in the high school championship, the only team they have not played being Parkdale, who have twice called off games with Jarvis. On the form displayed in yesterday's game Jarvis will give a good account of themselves with any claimant for the high school honors. The Jarvis line-up: Halves, Dupp, Burns, Usherhart, Curran; quarter, Mills; scrimmage, Lott, Lister, Watson; wings, Murray, Musgrave, Bryner, Dymond; outside, Duncan, Asgett. Don Rowing Club. The members of the Don Rowing Club will tender a banquet to their coxed pair, Shea, at the Hotel Broadford, on Monday evening, Nov. 25, at 8 o'clock. Tickets may be had on application to J. J. Murphy, 80 Balaam avenue. Phone Beach 1115. Indoor Baseball. B. Co. G.O.R. indoor baseball team will hold a meeting, Friday, 22nd, at the rooms at 8 p.m. It is important that all players should be on hand, as a notice will be held afterwards and business for the coming season discussed. Hotel Koenigsmann, Ladies' and Gentlemen's Grill, with Imported German Beers, Plank Steak in a Koenigsmann Open till 12 p.m. Corner Church and King Streets, Toronto. edit

FRICK SUICIDES

Former Leaf Player Takes Poison in Portland, Ore.—Well Liked Here.

PORTLAND, Ore., Nov. 21.—While his wife was down town buying tickets to Oklahoma, where he was to go in search of health, James Frick, utility infielder of the Oakland baseball team of the Pacific Coast League, last night drank poison, causing his death. Frick was with Toronto for some years, playing short and third. He was on the champion team in 1907 at Diamond Park. He went from Toronto to Jersey City, thence to New York State.

"THE BOOT SHOP OF QUALITY"

SLATER SHOE STORES

117 Yonge Street and Corner College and Yonge The Name Slater is the Quality Warrant and the Sale Prices a Powerful Magnet

Everything is out-and-out open and above board in this great \$100,000 Liquidation Sale. The real reason for the holding of it is the selling of the store lease, and the sale of Mr. Cummings' interests in the chain of S. Slater Shoe Stores makes the reduction of stocks—yes, the absolute clearing of them—desirable and imperative, and this very fact converts a business contingency into a great public benefit.

Slater Branded Boots Men's Boots

As the days crowd up toward winter time the keener the interest in the Sale seems to grow, and men do not have to be argued with that buying genuine Slater Branded Boots at factory cost and less affords the season's opportunity for them to buy the finest of seasonable footwear. Still selling any \$5.00 boot in the Slater lines, any style, all leathers, all weights, from the medium to the double-soled, calf-lined goods. A complete range of sizes to select from, and all at one price 3.45

LADIES' BOOTS

We can say of the Ladies' Boots as we've said of the men's. There's an every-day interest in this great SLATER Boot clearance, and spells appreciation, and sales are rapid and satisfactory because you know what S-L-A-T-E-R stands for in quality and good style. Continuing to offer you regular \$4.00 Slater Branded Boots in the smartest of the season's fashions—laced, buttoned, and Blucher cut, in all leathers, at the very fascinating Sale price of 2.95

SLATER SHOE STORES 117 YONGE ST. and Cor. COLLEGE and YONGE STS.

Postage extra to United States and all other foreign countries. Subscribers are requested to advise us promptly of any irregularity of delay in delivery of The World.

FRIDAY MORNING, NOV. 22, 1912

TO PAY AS WE GO.

With a deficit of half a mill the city has an excellent example of the foolish policy of paying the necessary estimates of the heads of departments, which is the chief stock in trade of at least one controller. There is no true economy in doing without what is needed, when one can afford to get it. Toronto can very well afford to get what is needed, and the officials are by no means lavish in their recommendations.

Next year's council must take a more business-like view of the whole situation, and aspirants for city hall honors on New Year's Day ought to have a clear conception of what they intend to do with the seven or eight million dollars of the city revenues. Controller Maguire was quite right to protest that he could not sit on the board if he knew nothing of the finances of the city. He is responsible for them as a public official, as are the other aldermen and controllers. It looks as if there was something to be unveiled about that London trip. Perhaps the treasury department needs overhauling as well as the works.

EDINBURGH STREET RAILWAY.

As noted in The World the other day the street railway committee of the Edinburgh City Council recently recommended that at the expiry of the lease to the Edinburgh and District Tramways Company, the system should be resumed and operated by the city itself. That recommendation has been unanimously adopted by the council, and the Scottish capital now falls into line with other British cities of its class. The fact is a significant commentary on the attempts made, in cannot articles issued by private corporation agencies, to influence popular opinion on this continent against municipal ownership and operation of public services.

That principle has been given effect in all the great cities and many towns of the United Kingdom. All had experience of the results of placing their public services under the control of companies operating for the profit of their shareholders. Not one that eliminated that element has ever regretted its decision or proposed to restore the earlier conditions. That is the best proof that municipal operation provides better service. How, indeed, could it be otherwise with systems run to serve the people, not to bleed them?

CANADIAN PACIFIC STOCK RIGHTS.

On the New York Stock Exchange the subscription rights to the new \$60,000,000 issue of Canadian Pacific common stock are being sold at from \$2.50 to \$3.75 per \$100 share. This was the gift to its shareholders which the "joker" in an act of the Canadian Parliament enabled them to hand out to themselves and it is the ninth privilege of that nature they have enjoyed since 1902, "the latest being by far the most valuable right to subscribe as yet extended by the company." In the words of a leading New York financial newspaper:

In 1912 the Canadian Pacific paid its shareholders \$27 per cent. in rights and 10.0 in dividends—in all \$37 per cent. Yet this is the company that is fighting tooth and nail against any reduction in western freight rates. These subscription rights have played a large part in determining the market value of Canadian Pacific stock and they simply mean an addition to the burden already carried by the Canadian people. It is high time for the Dominion Government and Parliament to provide that public service companies shall be operated and administered with equal regard to national as to private interests.

MUNICIPAL SELF GOVERNMENT.

Hon. Mr. Hanna is reported to have severely criticized the practice of municipalities investing long term sinking funds in their own local improvements. His reasons for this are not given. But if it is a cause for animadversion, then British cities are great sinners. The World presumes that Mr. Hanna would have no objection to any one city investing its sinking funds in the debentures of some other city. Why not, indeed, when these are considered valuable and profitable investments for private lenders? What is good for an outside individual must presumably be equally good for the city itself.

This very question was investigated by a British commission years ago. A city obtains authority to issue bonds for purposes shown to be for the communal advantage—it may be in municipal enterprises on a profit-earning basis. It has accumulated sinking

funds that have to be invested—what better investment can there be than in its own bonds? Surely a city can be in no better position than in being its own debtor and creditor. Why should it be restricted in lending to itself so long as the reasons for the loan are valid and for the public good? What Ontario cities need is a larger measure of home rule. Self-government is just as desirable for municipalities as for provinces and usually more efficient. All the corruption in United States cities has been due to their association with politics and to the fact that their franchisees were handed out to speculators by corrupt legislatures. Give Ontario cities larger powers—at least as great as are freely given to private corporations—and greater responsibilities will bring better public service.

HARBORD RUMPUS CAUSES TROUBLE

Disturbance by the University Students Will Be Investigated by Board of Governors.

CHARGES ARE RESENTED

Dr. Orr Says Principal Hagarty Either Must Prove His Accusations or Lose His Position.

Dr. R. B. Orr, a member of the board of governors of the university, protested against the abuse that Principal Hagarty of the Harbord Collegiate has levelled against Varsity men in the following manner: "The board of governors will certainly investigate the alleged disturbance created by the university students at the Harbord Collegiate on the night of the Harbord at-home. The point has been reached where Principal Hagarty must either prove his accusations or get out. The governors will refer the matter to the board of education. Principal Hagarty can't investigate the students' case without backing up that statement. It is an outrage, and must be investigated. If the university students are guilty, they will be expelled. If he can't prove his case, Dr. Orr intimated that he will be forced to resign."

Principal Falconer of the following statement in connection with the reply in the "Varsity" to his letter regarding the student riots on the collegiate last Friday evening: "I have demanded a public apology from the editors of 'Varsity' through President Falconer. I am accused of deliberate falsehood, and I cannot let the charge pass. 'Representatives' came from the editors of 'Varsity,' continued Mr. Hagarty, 'but they offered no apology. As to the students being drunk, I said in my letter to the press that they were merely looked up, and not that they were drunk. I have been thanked by the mothers for the protection that I gave their daughters on that night.' President Falconer of the university protested that this attitude seems to be designed to protect the editors of 'Varsity' from the editors of 'Varsity' and that he has no desire to interfere. The editors of 'Varsity' do not seem a bit dismayed over the prospect of a libel suit. They declared that in the event of being called upon to make a public apology, they would resign their positions."

CONFERENCE ON LAKE POLLUTION

Health Officers on Both Sides of Border Will Meet at Detroit on December 2.

WASHINGTON, Nov. 21.—(Can. Press.)—United States and Canadian health officers will be asked to meet the international joint commission on waterways at Detroit, Dec. 2, to take up the subject of sewage pollution in the Great Lakes. The joint commission concluded its sessions here today with Surgeon-General Rupert Blue of the public health service, and Dr. Lucien Clancy of the department of commerce and labor, in consultation with the scope of the proposed investigation.

The American and Canadian commissioners propose to secure the opinions and suggestions of the health officers in the cities along the boundary as a preliminary to the investigation. The commission will also take up in Detroit the protests made by residents on the Detroit River against methods now followed in developing the new Livingstone ship channel.

OVERCOME BY SMOKE.

LYNN, Mass., Nov. 21.—(Can. Press.)—A priest and twenty firemen were overcome by smoke from a fire today which destroyed the interior of St. Jean Baptiste Church, the largest French Catholic edifice in Lowell. The financial loss is estimated at \$100,000. After Father Ouellette left the sanctuary, carrying the host, Rev. Father Larson went into the building with others to save the statuary and vestments, and was overcome by smoke. He was carried out by those with him. Twenty firemen also were overcome and had to be taken to the street. One was sent to the hospital.

GALT VOTES FOR GOOD ROADS.

GALT, Nov. 21.—(Special.)—A vote was taken today on a bylaw to raise \$75,000 for road improvement in Galt, to be expended within five years. A very active campaign was waged for weeks in favor of the bylaw, and to-day the voters were busy carrying out their duty to the polls. Results: For the bylaw, 109; against 33; majority for, 171.

On Big Creek, 75 miles from Los Angeles, a large hydro-electric plant is now being built. Current from this plant will be conducted to Los Angeles at a voltage of between 100,000 and 110,000. The day increase of voltage used on transmission lines in California is due to the low hygrospecific condition of the atmosphere. It is predicted that before long a voltage of 200,000 and 300,000 may be employed.

THE HOME BANK OF CANADA ORIGINAL CHARTER 1854 Quarterly Dividend Notice Notice is hereby given that a Dividend at the rate of SEVEN PER CENT. per annum upon the Paid-up Capital Stock of this Bank has been declared for the THREE MONTHS ending the 30th November prox. and the same will be payable at its Head Office and Branches on and after the 2nd December prox. The Transfer Books will be closed from the 16th to the 30th November, 1912, both days inclusive. By Order of the Board, JAMES MASON, General Manager. Toronto, 9th October, 1912.

MINER ASSAULTED Trouble at Hollinger Results in Charge of Assault Against Three Deputies. PORCUPINE, No. 21.—(Special.)—There is little change in the strike situation. The camp is generally peaceful. But one serious exception occurred at the Hollinger, where three deputies assaulted workmen. They were arrested, and they came up hearing tomorrow on a charge of assault. The Dome and Hollinger are working on a small basis. The board of trade is arranging for a settlement of the strikers generally are well behaved.

BACK ON THE JOB

Some excellent building material which The World hopes to see used.

NO KID GLOVES IN HANDLING G. T. R. ANOTHER LINE FOR CALGARY At Osgoode Hall ANNOUNCEMENTS. November 21, 1912.

Trains Will Be Running on Canadian Northern Railway a Month From Now. According to the statements of A. R. Mann, president of the Northern Railway, and brother of Sir Donald Mann, Calgary will have an another railway line running before the new year. The line Mr. Mann refers to is the Camrose-Calgary branch, which has been in the course of construction. The Northern Construction Co. has the contract and has already completed the grading. "We will be into the city limits with the steel in about 26 days," said he. "We have been working night and day, and you can take it from me that C. N. trains will be actually running into the city within a month from now."

Criminal Prosecution Seems to Be Logical Outcome in Relation to Deal With New Haven. WASHINGTON, Nov. 21.—(Can. Press.)—Attorney General Wickham probably will complete his preparations for an extensive direct investigation of the proposed traffic agreement between the Grand Trunk Railway of Canada and the New York, New Haven and Hartford Railroad at a conference here tomorrow with U. S. Attorney Wise of New York and Assistant Attorney General Atkins, who has charge of the inquiry. At the conclusion of the conference it is expected that W. H. Behnam, a special agent of the department of justice, will leave Washington for New York and New England to examine the books and records of the two companies to determine whether their proposed arrangement will destroy competition between them in violation of the Sherman anti-trust law.

Civil Suit Ineffective. It developed today that in case the department of justice ultimately moves against the roads, the action in all probability will be in the nature of a criminal prosecution. Officials are unable to see what could be accomplished by a civil suit because the federal government could not force the Grand Trunk to complete the extension said to have been abandoned in Southern New England.

President Sellen of the New Haven and President Chamberlin of the Grand Trunk have offered to place their books at the disposal of the government and the attorney general hopes to develop facts through such a direct examination. If this method fails a grand jury inquiry will be resorted to.

WILLIAM HUDSON, EX-M.P. DEAD. BELLEVILLE, Nov. 21.—(Special.)—After being ill for some time, William P. Hudson, ex-M.P. for East Hastings, died this afternoon in the city, aged 71 years. For nine years he represented East Hastings in the legislature, and for years was a member of Thurlow Township Council. Since residing in this city Mr. Hudson has been a member of the board of education, and last year was chairman of the board. He was a member of St. Andrew's Presbyterian Church. In politics he was a Conservative. He was a member of the Masonic and A. O. U. W. societies.

WOULD UNITE TWIN CITIES. BERLIN, Oct. 21.—(Special.)—Since the meeting on Tuesday night on civic planning, a great many suggestions have been received. The latest is by a prominent Water Co. citizen, who suggests uniting the new city and placed midway between Berlin and Waterloo, so that municipal amalgamation would result. As a result of such a union it would not be necessary to have either of the municipalities changed.

Special Train to Portland, Maine, for Friday, Dec. 13.—(Special.)—For the accommodation of passengers sailing on the White Star-Dominion Line steamship "Teutonic" from Portland, Maine, Dec. 14, the Grand Trunk Railway will run a special train, consisting of vestibuled coaches, tourist and first-class standard Pullman sleeping cars, leaving Toronto at 1:15 p.m. Friday, Dec. 13, running direct to the dock at Portland, arriving there at 9:00 a.m., Dec. 14. Berth reservations, tickets and full particulars can be obtained from nearest Grand Trunk Toronto city office, northwest corner King and Yonge streets, Phone Main 4209.

Single Court. Before Sutherland, J. Commissioners of Transcontinental Ry. v. G. T. P. Ry. Co.—A. E. Knox for plaintiff, F. McCarthy for the railway Co. R. H. Parmeter for T. and N. O. Commissioners. Motion by plaintiffs for an order continuing injunction. Reserved.

Before Middleton, J. Bartram Harley & Co. v. Scott—A. C. McMaster, K.C., for plaintiffs, J. Drew, K.C., for defendants. Motion by plaintiffs for judgment upon pleadings and affidavits, but the question to be determined being the question of costs, the other matters having been disposed of. Judgment: There is no doubt that the defendant is in default in not having given the mortgage as agreed, but I think that the defendant

is right in the contention that upon the making of the default the plaintiffs elected to abandon the agreement when they signed judgment in the former action, and that after having done so they could not revert to the agreement evidenced by the correspondence, and seek to obtain a mortgage which would involve the giving of a covenant for the payment of the debt then represented by an instrument, it is quite impossible in any event. Judgment: Motion dismissed, with costs to defendants in any event.

Larcher v. Town of Sudbury—J. I. Grover for plaintiff; G. A. Urquhart for defendants. Motion by plaintiff for an order continuing injunction. At request of defendants motion enlarged until 25th inst. Injunction continued meantime.

Re Cahill Estate—J. M. Ferguson for Albert Cahill; E. H. Davis for executor and Isabella Cahill; F. W. Harcourt, K.C., for infant. A motion for an order construing will. Enlarged for one week.

Re Stratford Fuel and Ice Co.—R. T. Harding (Stratford) for the liquidators; R. S. Robertson (Stratford) for creditors. An appeal by the liquidator from the ruling or certificate of the local master at Stratford, in allowing the creditors in question on estate, Reserve.

Cit. Toronto v. Ryan—C. M. Colquhoun for plaintiffs; J. R. Roof for defendant. Motion by plaintiffs for an order continuing the injunction restraining defendant from proceeding with the erection of the building in question. Injunction dissolved and defendant allowed to proceed entirely at his own risk. Trial to be set down without waiting usual three weeks.

Limercaux v. Vaughan—S. R. Bradford, K.C., for plaintiff; W. Proudfoot, K.C., for defendant. Motion by plaintiff for an order continuing injunction. Motion stands sine die. Injunction modified so as to permit completion of roof to protect building from weather, after which material to be removed and door nailed up.

C. for Dominion Estate—W. R. Smyth, K.C., for defendant; H. E. Rose, K.C., for administrator. H. E. Rose, K.C., for defendant. Motion by the Dominions Estate Co. for an order continuing the injunction restraining defendant from proceeding with the erection of the building in question. Injunction dissolved and defendant allowed to proceed entirely at his own risk. Trial to be set down without waiting usual three weeks.

Trial. Before Falconbridge, C.J. Appellee v. Fuglestad, H. Rodd (Windsor) for plaintiff, J. Sale by plaintiff for defendant. An action in the City of Windsor, Ontario, in which the plaintiff claims to be the owner of a lease of said premises, from depositing boxes, papers, refuse and rubbish on or any other articles in and upon a right of way, area, vacant lot or other parts of plaintiff's premises, feature of the lease.

Judgment: Plaintiff has proved no substantial wrong or grievance either by way of injunction, damages or forfeiture of lease. It is not equitable between neighbors. Defendant has not always acted with due consideration, and so while I decline to apply the law without costs. This order overrules any interim order and costs made in consequence of it in June and July.

Court of Appeal. Before Garrow, J.A., MacLaren, J.A., Meredith, J.A., Magee, J.A., Hodging, J.A. City of Toronto v. Toronto Suburban Railway Co.—L. F. Hellmuth, K.C., for the company, I. B. Fellmy for

the city. Motion by defendants for leave to appeal from the order of the Ontario Railway and Municipal Board of June 25, 1912. Order made, giving leave to appeal, to be set down for next sitting. Inquiries from being made by plaintiff for damages for injuries to a car struck after alighting from a car of the other track in rear of a car from which she alighted by another car coming in the opposite direction at an alleged high rate of speed. At the trial judgment was awarded plaintiff for \$1000 and costs. Appeal argued and judgment reserved.

RUMOR IS DENIED

C. N. R. Does Not Intend to Go Out of the Passenger Steamship Business. The rumor that the Canadian Northern Railway Co. has decided to go out of the passenger steamship business because of the wreck of the Royal George, was authoritatively and officially denied yesterday. "It is not true," stated James Morrison, assistant general passenger agent both for the eastern lines of the company and also for the steamship business, "that the C. N. R. is about to close down its steamship passenger department. We have only one steamship at present, the Royal Edward, but it does not follow that we shall always have that steamer and no more."

Asked whether the company intended to immediately replace the Royal George, Mr. Morrison said: "I cannot say that no steps have as yet been taken towards acquiring further tonnage."

DR. VAN NORMAN GOES TO JOHNS HOPKINS

Graduate of Toronto University is Appointed Assistant Medical Superintendent. A recent despatch from Pittsburgh, Pa., states that Dr. H. Van Norman, son of Mr. C. C. Van Norman, 283 Clarence street, of this city, has been appointed an assistant medical superintendent of Johns Hopkins Hospital, Baltimore, Maryland. Madame Lemar's Recital

An entirely new sensation was afforded music lovers in Toronto last night when Madame Lemar, with Henry J. Lutz at the piano, sang four of De Busy's "Proses lyriques." They were the first ever given in this city, and attracted a large and exceedingly select and fashionable audience. The program was admirably arranged, and Madame Lemar acquitted herself admirably in the rendering of De Busy's songs. Her voice is sweet and clear in the upper register, and while the lower range has an unconventional charm of freshness which fitted the piano creates the atmosphere of De Busy's compositions, and Mr. Lutz was most artistic in his suggestive interpretations. Out of the mystic background thus conveyed, there arose strange, weird and prolonged notes that drop with unimagined intervals to minor wallings, or rise into spasmodic tremolos as if of some dream agony. The music is full of accidentals, and the common scale is apparently carefully avoided, and all ordinary intervals are tabooed. The result is inconceivably weird and moirant on a lonely beach, to produce its maximum effect. What the general critic might say would be certainly be false. The intention, however, is not necessarily to give pleasure, but to express a mood. In "De Reve," for example, "Sous la lune" for, sentiment is expressed in the "bl of musical coloring. In the same lyric, the sentence "Les chevaliers sont morts" is marvellously impressive, and Madame Lemar realized all its force. Nothing could be more poignant than the setting in "De Pleurs" of "Mia ame meurt de trop de solet."

Mrs. Lutz also sang some old English songs and a charming Max Regar and Hugo Wolf.

Best in Victoria Records. The newest and best in Victoria records are to be found in the Victoria Parlors of "Ye Olde Firm" of Heintzman and Company, Limited, 193, 195, 197 Yonge street, Toronto, and always a very large assortment.

WOMEN AND CHILDREN KILLED WITHOUT MERCY BY SERVIANS

Wounded Albanians and Turks Were Buried With the Dead—Prisoners Captured at Kratova Were Formed Into Two Rows and Shot Down With Machine Gun.

VIENNA, Nov. 21.—(Can. Press.)—Emperor Francis Joseph expressed his admiration at the way the Bulgarian troops have behaved during the war, in the course of a speech to the Bulgarian delegates at a banquet last evening. On the other hand, however, his majesty declared he could not understand why the fortunes of war were so unfavorable to the Turks.

Referring to the despatch of an Austro-Hungarian consular official to investigate the situation in Prirend, the emperor expressed the hope that the reports published regarding the Serbian treatment of the Austro-Hungarian consul there would prove exaggerated, and that the incident would be settled peacefully.

The Reichpost sent instructions to Lieut. Wagner to proceed to Prirend, but the Serbian government prevented him from going. While staying at Nish, Lieut. Wagner reports that he heard well nigh incredible details of the barbarities committed by the Serbian troops on the Albanians. A Red Cross doctor with the Serbian army, told him:

"The Serbians gave no quarter. All the Albanians armed or unarmed, as well as the women and children who fell into their hands, were mercilessly killed. Gen. Stephanovich, the Serbian commander, had the Albanians captured at Kratova formed into two rows and shot dead with machine guns. The general remarked: 'We must exterminate these Austro-Hungarian favorites.'

"Gen. Zivkovich also had 950 Albanian and Turkish notables cut down near Szentits. After the capture of Kumanovo, numerous wounded Albanians and Turks were buried with the dead. In the Serbian forces of Nish, several Albanian women suspected of throwing bombs at the Serbian troops entering Verisovitz, were killed by the Serbian troops, who battered in their skulls with the butt ends of their rifles. Another Turkish prisoner was beaten to death in the hospital at Nish, and one was maltreated and kicked by the Serbians until he was dead."

stated clubs will be held shortly. Clubs wishing to enter this organization are requested to apply to Mr. McKinnon, 708 Carlton street, or Frank Rolph, G.T.R. local freight office, at once.

Pygmies of New Guinea.

The most primitive of peoples are the New Guinea pygmies, and the information about them in "Pygmies and Papuans" by A. F. R. Wallston, is most curious, interesting and surprising. This is a book of travel, rich in information for anthropologists and naturalists. How undeveloped these New Guinea pygmies are may be gathered from the fact that they possess no metals, and have no knowledge of pottery, and were unaware of the fact that water could be made to boil. Their average height is 4 feet 9 inches. The difficulties encountered by the expedition, which lasted fifteen months, may be gathered from the fact that during the first year 12 per cent. of the party died, while 33 per cent. were invalided and had to be sent out of the country. Out of the 300 men employed during the first twelve months only seven remained to the end.

CONTESTS KEEN AT HORSE SHOW

British Contingent Hard Hit by Lynnhurst Phosphorus' Defeat But Got Consolation.

NEW YORK, Nov. 21.—(Special.)—Today pours into the Horse Show today and the crowd compared favorably with that of yesterday, which was the largest of the week.

Two championships were decided in the afternoon. The first was for the cup for the best pony stallion entered in classes 19, 21, 22 and 23, and the first and second prize winners in these classes were obliged to compete for the championship trophy. The first and second prize winners of their prize money and ribbons would have been forfeited. Competition in this event was exceedingly keen and the win of Horace Junior, a black stallion, 1 1/2 years old, 9 years of age, bred by the Farm, Malvern, Pa., was an exceedingly popular one. Lynnhurst Phosphorus, the much-heralded champion, was shown by M. F. Foodbody of London. The defeat of Lynnhurst Phosphorus was a severe blow to the English contingent.

Britishers Score Win.
Matters were evened up for the Britishers when they got away with the champion trophy and ribbons in the show. Albin Wildfire, a bay, bred by Walter Briggs of Lindenhal, London, and entered by the Earl of Devon, was the champion. The cup money, £100, was reported to have been paid on Tuesday, carried away by this trophy.

A chestnut, bred by George H. Ford, and entered by William White of New Centerville, Pa., was the champion. He was the same horse two years in succession.

A cruel blow was delivered to Reginald Vanderbilt when his entry 1 nolas 3 got the hook. The horse, owned by the set of a hackney stallion, and Mr. Vanderbilt's offering did not look good to the judge, who ordered him back to the stalls, and then awarded the blue to three of the set of Barhorse, Sultan, which was by Henry Fairfax.

Scottish Champion Pony.
One of the most interesting exhibits in the afternoon was shown in the ring for the first time. This was Harvinton Omen, entered by the Earl of Devon, a black, 4 years old or over. Harvinton Omen, which she holds the Scottish championship for ponies. Of course she secured the blue.

This wonderful little pony stands only 12 1/2 inches high, and is a perfect specimen of a hackney, and her form is as good. Gallopway and Russ, imported here specially to beat the ponies, were the favorites of Mel Valley, Moseley, England.

Mr. Gallopway was away when the entries were sent out, and this accounts for the fact that Harvinton Omen was entered in only one class, although she is eligible for at least ten. Mr. Gallopway expected this little high-stepping nantamooch-looking pony to clean up everything at the Garden.

Crier of Pearls.
Anything is easy if one knows how, even the manufacture of pearls. Mr. K. Mikimoto, an ingenious Jap, for many years tried to find a means of producing pearls artificially. At last his study, skill and patience were rewarded and it is said that he has received a patent from the Japanese government, just as would the inventor of a piece of machinery, for his discovery. Mikimoto's method consists in catching the oyster when it is young, and literally performing upon it an operation, for into the tender substance of the bivalve he inserts an irritating substance. He then returns the oyster alive to its place in the sea.

These young oysters live at a depth not to exceed seven fathoms. They cling to the stones and sea weed by means of a thread of film-like substance they spin. When they grow larger they are transferred to deep water. Vast beds are under the control of Mikimoto and no poaching is allowed upon these preserves. It takes about four years for a pearl fully to develop around the spot originally introduced by the foreign substance. The pearl is really a secretion deposited from time to time to ease the irritation caused by the foreign body. This hardens into the pearl of commerce.

To assist in the pearl industry women divers and no poaching is allowed upon these preserves. It takes about four years for a pearl fully to develop around the spot originally introduced by the foreign substance. The pearl is really a secretion deposited from time to time to ease the irritation caused by the foreign body. This hardens into the pearl of commerce.

Smyrna has a population of 400,000, and the Vliet of Albia, of which it is the capital, 1,800,000. The other principal towns of the province are: Aidin, 40,000; Magnesia, 25,000; Denizli, 18,000. A spirit of industrial enterprise is taking hold of Smyrna, which has heretofore confined its activities to purely commercial matters.

WANT AMERICAN CONSUL

BERLIN, Nov. 21.—(Special.)—At a special meeting of the board of trade, held tonight, a resolution was passed asking that an effort be made to have a United States consul appointed for Berlin and North Waterloo. Three hundred manufacturers and others have now to go to Galt for the service.

WYCLIFFE COLLEGE LIT.

The annual meeting of the Wycliffe College Lit. was held last night in the chapel, when six of the college missionaries from various parts of Canada, related their experiences and success. The speaker of the evening was Rev. Dr. Warner, who applied for the vacancy caused by Canon Stewart of Winnipeg being unable to be present.

In ancient times the hand of a suicide was separated from the arm by burning before burial.

In some parts of Switzerland a motor-car has been closed and the light extinguished after 230 years of continuous service.

St. Agnes' Nighthouse in England has been closed and the light extinguished after 230 years of continuous service.

The invention of a Houston (Tex.) man contemplates the use of nitroglycerine as a power producer. The explosive has been used before in schemes like this, usually to the great sorrow of the relatives of the inventor, but the latest nitroglycerine motor is not designed for pure stupidity, but for a solution of it in gasoline.

A STATE PAY ROLL TO DESITUTE MOTHERS

Describing the pensioning of destitute mothers in The World's Work column, Mrs. Mabel Potter Dagler tells of the valuable experiments that several states are already putting to the test. Two states, she says, Missouri and Illinois, in 1911, put mothers regularly on the pay roll.

The court awards what is called a pension to any mother of good character who needs such assistance properly to bring up her children. Hitherto it has been the custom when a mother is unable to struggle for existence, for the court to place such children in an institution. This is a cruel and unnecessary measure, however, says the author.

The Cook County Juvenile Court is one of the communities in which \$25 per month per child, as against \$10 per

WOMEN AND CHILDREN KILLED WITHOUT MERCY BY SERVIANS

Wounded Albanians and Turks Were Buried With the Dead—Prisoners Captured at Kratova Were Formed Into Two Rows and Shot Down With Machine Gun.

VIENNA, Nov. 21.—(Can. Press.)—Emperor Francis Joseph expressed his admiration at the way the Bulgarian troops have behaved during the war, in the course of a speech to the Bulgarian delegates at a banquet last evening. On the other hand, however, his majesty declared he could not understand why the fortunes of war were so unfavorable to the Turks.

Referring to the despatch of an Austro-Hungarian consular official to investigate the situation in Prirend, the emperor expressed the hope that the reports published regarding the Serbian treatment of the Austro-Hungarian consul there would prove exaggerated, and that the incident would be settled peacefully.

The Reichpost sent instructions to Lieut. Wagner to proceed to Prirend, but the Serbian government prevented him from going. While staying at Nish, Lieut. Wagner reports that he heard well nigh incredible details of the barbarities committed by the Serbian troops on the Albanians. A Red Cross doctor with the Serbian army, told him:

"The Serbians gave no quarter. All the Albanians armed or unarmed, as well as the women and children who fell into their hands, were mercilessly killed. Gen. Stephanovich, the Serbian commander, had the Albanians captured at Kratova formed into two rows and shot dead with machine guns. The general remarked: 'We must exterminate these Austro-Hungarian favorites.'

"Gen. Zivkovich also had 950 Albanian and Turkish notables cut down near Szentits. After the capture of Kumanovo, numerous wounded Albanians and Turks were buried with the dead. In the Serbian forces of Nish, several Albanian women suspected of throwing bombs at the Serbian troops entering Verisovitz, were killed by the Serbian troops, who battered in their skulls with the butt ends of their rifles. Another Turkish prisoner was beaten to death in the hospital at Nish, and one was maltreated and kicked by the Serbians until he was dead."

stated clubs will be held shortly. Clubs wishing to enter this organization are requested to apply to Mr. McKinnon, 708 Carlton street, or Frank Rolph, G.T.R. local freight office, at once.

Pygmies of New Guinea.

The most primitive of peoples are the New Guinea pygmies, and the information about them in "Pygmies and Papuans" by A. F. R. Wallston, is most curious, interesting and surprising. This is a book of travel, rich in information for anthropologists and naturalists. How undeveloped these New Guinea pygmies are may be gathered from the fact that they possess no metals, and have no knowledge of pottery, and were unaware of the fact that water could be made to boil. Their average height is 4 feet 9 inches. The difficulties encountered by the expedition, which lasted fifteen months, may be gathered from the fact that during the first year 12 per cent. of the party died, while 33 per cent. were invalided and had to be sent out of the country. Out of the 300 men employed during the first twelve months only seven remained to the end.

CONTESTS KEEN AT HORSE SHOW

British Contingent Hard Hit by Lynnhurst Phosphorus' Defeat But Got Consolation.

NEW YORK, Nov. 21.—(Special.)—Today pours into the Horse Show today and the crowd compared favorably with that of yesterday, which was the largest of the week.

Two championships were decided in the afternoon. The first was for the cup for the best pony stallion entered in classes 19, 21, 22 and 23, and the first and second prize winners in these classes were obliged to compete for the championship trophy. The first and second prize winners of their prize money and ribbons would have been forfeited. Competition in this event was exceedingly keen and the win of Horace Junior, a black stallion, 1 1/2 years old, 9 years of age, bred by the Farm, Malvern, Pa., was an exceedingly popular one. Lynnhurst Phosphorus, the much-heralded champion, was shown by M. F. Foodbody of London. The defeat of Lynnhurst Phosphorus was a severe blow to the English contingent.

Britishers Score Win.
Matters were evened up for the Britishers when they got away with the champion trophy and ribbons in the show. Albin Wildfire, a bay, bred by Walter Briggs of Lindenhal, London, and entered by the Earl of Devon, was the champion. The cup money, £100, was reported to have been paid on Tuesday, carried away by this trophy.

A chestnut, bred by George H. Ford, and entered by William White of New Centerville, Pa., was the champion. He was the same horse two years in succession.

A cruel blow was delivered to Reginald Vanderbilt when his entry 1 nolas 3 got the hook. The horse, owned by the set of a hackney stallion, and Mr. Vanderbilt's offering did not look good to the judge, who ordered him back to the stalls, and then awarded the blue to three of the set of Barhorse, Sultan, which was by Henry Fairfax.

Scottish Champion Pony.

DEER PARK RATEPAYERS WANT ONE-FARE SERVICE

At a Meeting in the Schoolhouse Last Night the Matter of More Equable Transportation Was Discussed—Controller Maguire Advised Association Against Hasty Action.

A large number of Deer Park property-owners gathered in St. Clair avenue school last night as a ratepayers' association, with the president, T. W. Gibson, deputy minister of transit in the chair. Among those present were W. J. Hill, W. J. Thomson, J. Nelson, W. Mitchell, W. D. McDowell, Messrs. Sanderson, Crown, Gray, E. Grainger, and J. J. Cook.

In his opening remarks the president recited the history of the ratepayers' association. It was launched at the time when the proposed one-fare movement was alive, and since then had done good work for the district, as they had presented their claims to the city council from time to time, with the result that Deer Park now has water mains, sewerage, permanent paved roads and sidewalks.

The election of officers resulted as follows: President, W. J. Thomson; vice-president, W. J. Thomson; secretary-treasurer, T. W. Gibson; J. Nelson, E. Grainger, and W. J. Gave, executive committee.

It was moved by W. J. Thomson and seconded by W. J. Gave that the view of the lack of accommodation in the branch of the Deer Park railway board be asked to take immediate steps to secure the construction of a more suitable building for library purposes, and that the executive committee meet in the library building as early as possible.

Better Car Service. It was moved by W. D. McDowell that the needs of this district demand the extension of the Toronto street railway way up Yonge street to Mount Pleasant Cemetery, and that the privilege of travelling within the bounds of the city for one fare may be enjoyed by the people of Deer Park in common with their fellow-citizens in other parts of Toronto.

Controller Maguire stated that the city had an agreement with the Metropolitan franchise, the controller said that Corporation Counsel Drayton did not sanction it. He did not think that the Toronto Railway Company would run their cars to Mount Pleasant Cemetery, and he would not favor the proposed extension of the Toronto street railway in this matter.

Regarding the question of the Metropolitan franchise, the controller said that the late corporation counsel, Mr. Drayton, was emphatic that the Metropolitan had no perpetual franchise, and if so, by the McNaught Act Toronto has the privilege of traffic exchange, but the city has to show a clear title to the franchise.

Extend the Line. It was moved by W. J. Gave and seconded by W. J. Thomson that in view of the order of the railway board authorizing the extension of Moore Park district to Toronto, it is desirable that the city car line on St. Clair

DEATH AND HAVOC IN WAKE OF WAVE

More Than One Hundred Lives Lost in Jamaican Coast Towns Alone—Water Swept Far Inland.

KINGSTON, Jamaica, Nov. 21.—(Can. Press.)—The official estimate of the dead in the hurricane and tidal wave which visited the western part of Jamaica places the number at more than 100 in the coast towns alone. Details which are gradually coming in indicate that the devastation in the western section, where sugar factories and buildings, almost without exception, were destroyed, is probably the worst since the fields recently planted were completely wiped out.

Practically all the lighter coasting sloops and small craft in the harbors of Green Island, Montego Bay, Lucoa, and Savanna in Mar foundered and a large proportion of the crews were drowned. Many persons living in these towns lost their lives in the collapse of buildings.

The houses of the American colony at Montego Bay were badly damaged, and casualties are reported. The governor-general of Jamaica, Sir Sydney Olivier, reached Montego Bay today and found conditions so direful that he immediately ordered the dispatch of several hundred additional men and large quantities of food supplies. The railway station at Montego Bay, and the telegraph lines are still disorganized.

At Green Island, eight miles south-west of Lucoa, the American said that a coasting vessel was wrecked and about 40 bodies were found floating about, but no sign of life could be discovered after the storm had subsided.

WOODSTOCK, Nov. 21.—(Special.)—Lying dead in a pasture field near the town of Woodstock, Ontario, was a valuable mare belonging to Mr. Cecil Kirk, who is at present working for the Canadian National Railway.

WOODSTOCK, Nov. 21.—(Special.)—Lying dead in a pasture field near the town of Woodstock, Ontario, was a valuable mare belonging to Mr. Cecil Kirk, who is at present working for the Canadian National Railway.

Ward Seven

A quiet but pretty wedding was solemnized at 6:30 o'clock yesterday at the home of Mrs. James Anderson, 213 Midland street, when their daughter, Sarah H., was married to Mr. Alexander McKennie of West Toronto, Rec. D. G. L. McKennie performing the ceremony.

Golden Star L. O. L. No. 900, held their annual election of officers in St. James' Hall last evening. The following are the new officers for 1912-13: W. M. G. Howard Gray, W. M.; T. Thompson, D. M.; A. E. Rumley, recording secretary; L. Cheeseman, chaplain; Bro. Beamesley, T. H. Thompson, financial secretary; Bro. Greenway, D. of C.; John Bingham, 1st. committee man; George Bingham, 2nd. committee man; and the large number of other officers.

Worcester Lodge, Sons of England, held their annual ladies' night last night in St. James' Hall. A large musical program was rendered before the banquet.

The Fairbank Presbyterian Church choir will give their first annual concert in the church on Tuesday evening, Nov. 26, at 8 o'clock, in an excellent program has been provided, and will consist of songs, duets, quartets, glees, etc.

Ashbridge's Bay Lot to George E. Lindsay of Walkerville. The Toronto Harbor Commissioners have leased a lot 200 x 425 feet on Ashbridge's Bay property to George E. Lindsay for \$1500 yearly. The lease is for a period of 21 years, subject to a renewal at a price to be determined according to the property's worth.

Mining Stocks Go Soaring--Pete Lake at 15 1/2--Hollinger Up

EUROPEAN NEWS BROUGHT SHARP RECOVERY WHEAT PIT Impressions

Market Was Depressed Early in the Day But Developed Strength on Reports of Fresh Outbreak of Hostilities in the Balkans.

CHEAGAO, Nov. 21.—Reports that Turkey had rejected the peace terms which the allies had offered brought about a sharp but not lasting rally today in wheat. The close was nervous, 1-8 to 3-8 under the night before. Corn closed unchanged to 1-16 down, oats were off 1-6 to 5-8, and provisions ranged from 7 1-2 down to an advance of 25¢.

Wheat in the last hour quickly overcame early declines, buying due to the alleged check to peace because rapidly exhausted on the bulls. Support came chiefly from profit-taking shorts and believers in higher prices seemed rare. Argentine reports tended to pull down prices during the greater part of the session. Good general rains had fallen where wanted, and the weather was clearing elsewhere. The bears received help also from reports that shipments from the Canadian northwest would come to this side of the boundary, other outlets being closed.

Corn Sold Freely. For a while steadiness of country offerings gave snap to the buying side of corn. On the ensuing advance, however, selling grew more free. Cash grades were in fair demand. Farmers re-selling weakened oats. Declining prices for hogs resulted in 1-2 to 1-3 setback for provisions. On relatively small dealings, manipulators forced January pork to a net advance of 25¢.

Northwest Receipts. Receipts of wheat at northwest points, with usual comparisons, follow: **Week Year**
Chicago Yesterday, ago, 500 15
Minneapolis 420 460 460
Winnipeg 320 320 320
Duluth 527 527 527

European Markets. The Liverpool market closed 3/4 to 3/4 lower on wheat, and 1/2 lower on corn. Paris wheat closed 2 1/2 higher to 2 1/2 higher, Antwerp unchanged, Berlin 1/2 lower and Budapest 1/2 higher.

Argentine Estimates. The weekly Argentine shipments of wheat this week are estimated at 500,000 bushels, by Broomhall, which would compare with an actual of 1,172,000 bushels last week. It estimates the corn shipments at 5,000,000 bushels, which would compare with 4,300,000 bushels last week.

Argentine Conditions. Reports would indicate that in the northern province of Tucuman wheat had had too much rain. Elsewhere reports of storms continuing during the next few days. Great anxiety is felt over the outcome. Argentine cables: Heavy rains have fallen all over Buenos Ayres, and the Argentine Tierra Del Fuego, San Juan, Corrientes, Parana, Central, Rio Negro, Cordoba. Considerable damage has been done in the north due to heavy rain. Only the southern provinces, where moisture was needed.

Market Notes. Joshua Ingraham, 100 lbs this week at the City Market, paying as high as \$1 per cwt. for some 30 dressed hogs. Hay—Thirty loads sold at \$17 to \$18 per ton for mixed, and \$12 to \$14 for common mixed hay.

The Robert Simpson Company, Limited

Men's Overcoat and Ulster Sale

Saturday morning we will put on sale Men's Overcoats and Ulsters that are their own guarantee of satisfactory wear. The weather prompts you to get warmer clothing, and the opportunity presents itself on Saturday at 8 a.m. The coats are made from excellent English overcoating, in browns and grays, double and single-breasted style, with convertible collars, Chesterfields with velvet collars; workmanship and linings are of the best. One-third less than value. Sale price 9.95

MEN'S \$15.00 WINTER ULSTERS.

One of the popular Winter coats is the double-breasted ulster; it is warm and with the easy adjusting convertible collar makes an extremely comfortable garment; cut long and loose; made from almost plain grays and brown; linings that will give service. Price 15.00

An Ulster at \$22.50 is made from a heavy English tweed, in gray and green mixed, in a very nice pattern; cut double-breasted with two-way convertible collar, leather buttons, strong good-wearing linings. Best tailoring. Price 22.50

CHINCHILLA ULSTERS.

Of plain gray chinchilla cloth, that is warm, yet not too heavy; they are double-breasted style, with a wide, warm shawl collar, fancy plaid back, and piped seams; satin sleeve lining; best finish. Price 36.00

SPECIAL SALE OF MEN'S SHEEP-LINED COATS.

Warm Coats, of heavy brown duck, cut with wide storm collar of corduroy, to button close to the chin, and sheep lined; windshields in sleeves, patent fasteners, warm and serviceable. Special price 4.40

BOYS' ULSTERS AND CHESTERFIELD OVERCOATS.

72 Boys' Winter Weight Overcoats, single-breasted Chesterfield and convertible collar ulsters; strongly made and well trimmed; black, gray and brown; sizes 25 to 35. Special Saturday 4.49

BOYS' DOUBLE-BREASTED NAP OVERCOATS.

For Little Fellows—Stylish, Double-Breasted Chinchilla Overcoats, Prussian style of collar, fitting close to neck, military flare back, with belt; splendidly made and trimmed with red flannel lining; sizes 21 to 26. Saturday 6.50 (Men's Store—Main Floor)

BOYS' PRUSSIAN OVERCOATS.

28 Double-Breasted Overcoats, collar fitting close to neck, brass buttons, twilled linings and first-class making; blue English chevrot cloth in Winter weights; sizes 21 to 27. Saturday 3.49

BOYS' BLUE SERGE BLOOMER SUITS.

Smart Stylish Double-Breasted Blue Serge Suits, guaranteed colors and well made; full cut bloomer pants and splendidly trimmed; English fine twill blue serge cloth in a Winter weight. Saturday, sizes 25 to 30 4.50 Saturday, sizes 31 to 34 5.00

For Doll Dressers

The doll that delights the "little mother" is the doll you dress for her. Our buyer discovered a commission house with one case too many, containing six hundred genuine Kid Dolls, which Santa Claus had christened "My Darling." He had lavished all his favors on his darling, made her tall, 16 1/2 inches, with supple joints, blue crochet stockings and lovely slippers. He crowned her pretty blonde head with beautiful hair, dressed in the latest Parisian style. You can wash her face and hands, lay her down and she will go to sleep, just like a real baby. Saturday, 600 for eight o'clock customers 20c (On sale at Bargain Counter, near Queen street door, Ground Floor).
