GERMANS BLOW COASTS AT MARNE AGAIN

Great Offensive, Designed to Paralyze Allied Armies, Fails Completely.

PROVIDENTIAL CHANGE

Allies Hope and Trust Tide is Effectually Turned.

London, July 24.—General Smuts of South Africa, in a speech here today, in referring to the general military situation, said it was most interesting and most hopeful. We must not cherish extravagant anticipations, he said, but there is sufficient ground for the hopefulness of the past two months for cheerfulness and gratitude.

When they thought of the anxieties of March, April and May, what an enormous and almost providential change had come about. The great German offensive of the Somme, Ypres and the Aisne had ended in a tremendous collapse.

"We had been looking forward to an offensive," General Smuts continued, "which was to paralyze our armies, finally leading, among other things, to the capture of Paris and the end of the war as well. The great blow had come and what had happened? On the Marne the tide had been turned as it had been in 1914, but perhaps in a more significant sense.

"We hope and trust that this time the tide has been turned finally and conclusively. The gains in the allied armies due to the defection of Russia have been made up with much sterner effort by the American army in France. They are pouring across the Atlantic at the rate of more than a quarter a million a month and it will not be so long before the American army in France would be as large as the Anglo-French combined.

"When it is remembered that Germany, at the height of her power, before the Americans came in, could not strike this paralyzing blow, what will be her position when America's new and incomparable power is fully on the scene? We can be confident as regards the end, be it far or near. It is as sure as the rising of the sun tomorrow."

GEN. SMUTS DECLARES ELEMENTS FOR UNITY STRONGER THAN THOSE FOR DISUNION.

London, July 24.—General Smuts, speaking here today, and referring to the political situation in South Africa, said that the elements which made for unity and strength are far stronger than the sporadic influences working in the direction of disunion.

"What our valor achieved in this war, I hope—our statesmanship will retain after peace," said the general, who added that the boundaries of South Africa were not going to remain where they were. This was his country's strongest wish in the interests of the empire and the whole of South Africa, that German Southwest Africa remain part of our territory. He said he looked forward to the day, which he hoped was not distant, when Rhodesia would also come within the empire.

"Then our territories would stretch to the Zambezi and Cunene Rivers in that great territory, and a great heritage will be established for future generations," concluded Gen. Smuts.

MORE ACTIVE SUPPORT OF WAR BY PORTUGAL

Lisbon, Portugal, July 24.—Dr. Sidonio Pais, the president of Portugal, in his message read today at the opening of parliament, praised the army and the navy and said that negotiations had been entered into looking to a more active participation by Portugal in the war.

He justified the re-establishment of diplomatic relations between Portugal and the Vatican and said that reports were constantly being received from Spain demonstrating the cordial friendship held by that monarchy for the Iberian republic.

Dr. Pais said he had always been a Republican, and declared he would do his best to consolidate the republic, to follow a definite foreign policy.

GOVERNMENT TAKES LEASE OF BUILDING ON RICHMOND STREET

Will Use It as Headquarters of Moving Picture Propaganda.

MAY REMOVE OFFICES

Departments May Be Brought From Queen's Park to Remedy Overcrowding.

The leasehold of the Bryant Press Building, 44, 45 and 46 West Richmond street, next to The World office, has been purchased by the Ontario Government, and is being remodelled to make it suitable for office purposes.

The price paid was about \$30,000. The building is of brick and stone construction and has been vacant for some years, with the exception of the basement, which has been used for storing empty beer barrels.

It is the government's intention to make it the headquarters of the moving-picture censorship, and all the films, prior to being publicly shown, will be run off here. This work is at present being done on Danforth avenue.

The moving-picture educational propaganda inaugurated by the government will also have its headquarters in this building, which was selected, after several other places had been looked at, because of its central, convenient location.

To Relieve Congestion.

The balance of the building will be devoted to offices. Several of the departments in the parliament buildings are already overcrowded and it is proposed to remove a large number of officials to Richmond street so as to relieve the congestion. It has not yet been decided who will leave Queen's Park. This will probably be done after a general rearrangement of the offices has been made up there.

With the upper floors of The World Building occupied with hundreds of officials connected with the paymaster's office of the militia department and several hundred provincial officials moving next door, West Richmond street is a pretty busy thoroughfare just now, and will be even more so in a short time.

KING SENDS MESSAGE TO THE GRAND FLEET

London, July 24.—After reviewing the grand fleet and the American warships in British waters recently, King George gave to the commander-in-chief of the British naval forces a message to the fleet in which he said: "I am glad to have found myself once more with the grand fleet, and this pleasure has been increased by the opportunity I had of seeing the splendid ships of the United Kingdom in line with our own, and of meeting Admiral Rodman, together with the officers and men under him. We value their comradeship and are proud of their achievements.

"Since my last visit you have by ceaseless watch and ward, assisted by the indefatigable fleet of auxiliary vessels and the dauntless mercantile marine, continued more efficiently than ever to shield our shores, protect the commerce and the transports of the allied nations, and to maintain our supremacy at sea."

SOUTH AFRICANS SCORE IN METELEN ATTACK

British Headquarters in France, July 24.—The South Africans participating in the attack at Metelen on July 17 were composed of men from all quarters of that dominion, including a handsome proportion of the Dutch element. Forming the right flank they advanced faster and faster than any other sector of the attack.

Altho there was some trouble with the enemy in the shell craters and cleverly concealed machine-gun nests, the South Africans advanced behind a smoke screen, wearing gas masks, and the enemy was taken completely by surprise. The casualties of the South Africans, considering the measure of their success, were comparatively light. The enemy, however, has not attempted a counter-attack.

STRIKE IS OVER; MEN WORK TODAY

Letter Carriers Follow Advice of Their Representatives at Ottawa.

TO HAVE CONFERENCE

Government Will Appoint Sub-Committee to Handle Case.

The strike of the letter carriers is at an end. The letter carriers, amid great cheering, voted to return to work at six and seven o'clock this morning, with not a single man dissenting, and even Mayor Church threw his hat into the air when the decision was reached.

The determination to return to work was the result of a telegram received from the carriers' representatives at Ottawa, Alec McMorris and Max Wellman, advising the men to return to work, and stating the intention of the government to immediately send on the provisional grant of \$100 provided for in the estimates drawn up by the last session of parliament. This bonus, the telegram pointed out, would be granted to the temporary men as well as to the others. It stated the government would appoint a sub-committee of the cabinet to confer with the representatives of the letter carriers, and to "hear, look into and discuss their representations relative to the matter of wages and salary."

This committee will report its findings at the earliest possible moment, which will be at once decided upon the report. From time to time the committee will call the letter carriers' representatives to Ottawa for conference, while the matter is under consideration.

Committee Remains.

The meeting voted to let the committee remain at Ottawa at its own convenience, but immediately this resolution was passed a telephone message was received stating that the delegation was returning to Toronto by the first train. The representatives of the carriers who are to confer with the sub-committee of the cabinet will be appointed by the men at a meeting to be held within the next few days.

Mayor Church and W. E. Lemon, postmaster for Toronto, congratulated the men upon their decision to return to work. The postmaster pointed to the fact that the men during the trying days of the strike had conducted themselves in "that gentlemanly, orderly and thoughtful manner which had always characterized them, and which had always brought forth praise from all sides."

Mayor Church stated his opinion that the whole Dominion had learned a lesson which it would never forget, and the union of municipalities and boards of trade of the Dominion had decided to see to it that the letter carriers and other labor bodies should never fight their battles lone-handed.

McADOO RAISES PAY OF RAILWAY SHOPMEN

Washington, July 24.—Wages of railroad shopmen were increased to 68 cents an hour today by Director General McAdoo, with proportional advances for assistants and miscellaneous classes in mechanical departments. The new rates, which are retroactive to last January 1, are from five to thirteen cents an hour higher than wages paid these men in most shops under the general wage advance allowed two months ago by the director-general, but are somewhat less than the labor organizations sought.

WORLD'S SINKINGS STEADILY DROPPING

Admiralty's Statement Gives Proof of Diminution of U-Boat Menace.

London, July 24.—Conclusive proof of the diminution of the U-boat menace is afforded by the admiralty's latest statement of losses in merchant tonnage. This reveals that the total losses of the world's merchant ships for the month of June were 375,629 gross tons, comprising 161,062 British, 114,557 allied and neutral. These figures show a month's drop in world's sinkings of 83,905 tons, as compared with May, 37,786 tons compared with April, and 155,844 tons compared with March of this year. Compared with June of last year the drop is 437,092 tons. Purely British losses are 61,627 tons compared with May, 67,004 tons compared with April, and 63,604 tons compared with March of this year, and 271,233 tons compared with June of last year.

The losses in world's tonnage, including marine risk, are lower for the month of June, 1918, than for any quarter since the third quarter of 1916. Comparing monthly periods, the losses for the three months ending with June, are lower than for any quarter since the third quarter of 1916. The total sailings for the quarter ending June 30 amount to 7,490,826 tons, being considerably higher than in the two preceding quarters.

GERMAN RAIDER SEEN

Gloucester, Mass., July 24.—Captain William Price of the fishing schooner Elizabeth King, which arrived here tonight, reported an encounter last Sunday with what he believes was a German raider about twenty miles southeast of Nantucket South Shoal lightship. A description of the vessel was sent to the district naval headquarters in Boston. The vessel looked to be about 2,500 tons, and as the it had been out from port a long time, it carried no flag nor name, but seemed to have a very large crew.

GERMANS PILLAGE OWN FOOD TRAINS

Hungry Soldiers Plunder Occupied Areas—Discipline Breaking Down.

With the British Army in France, July 24.—The claim of the German higher command that the retirement on the Marne is part of a set program is given the lie by an order of General von Boehn, commander of the seventh army. The seventh army has borne the brunt of the Foch counter-offensive on the west, and its divisions around Soissons suffered heavily at the hands of the Americans, while those east of Chateau Thierry were thrown back across the Marne by the pressure of the French.

For this reason the order of Gen. von Boehn, written a month prior to the beginning of the battle, is of unusual significance. He deprecates the lack of discipline which resulted in the pillaging of stores in the back areas during the advance in May, when all edible booty found in the wake of the retiring French squads was looted, instead of being distributed among the hungry troops in due proportions.

ENEMY TREACHERY TO IRISH LAID BARE

Reports of Volunteer Leaders Published to Show German Callousness Towards Sinn Fein.

Dublin, July 24.—The press censor has issued for publication in tomorrow's papers important documents containing the original detailed reports of various Irish volunteer leaders in Cork, Kerry, and Limerick, explaining to the Irish volunteer executive their actions during the rebellion. The reports are dated September, 1917, and show "the utter futility of the rising and the treachery and callousness of the Germans toward their unfortunate dupes."

The documents were seized by the police during a search in May last of the offices of the association for affording aid to rebellion sufferers. They narrate the confusion of plans following on the failure to land an army and Sir Roger Casement's arrest.

Colonel Viet of the Limerick volunteers, concluding his report, says: "On Monday morning Lieut. Whegan returned from his second trip to Tralee, having seen Monteith (Captain Robert Monteith of the German army, who was landed in Ireland from a German submarine), and brought word from him that no man was coming, that the arms sent to us were gone, that the Germans were out for cheap Irish blood, and that the best Major-General could do was to try to bluff thru. About 1.30 Monday received from Pearce (Patrick H. Pearce, provisional president" of Ireland, who was executed) a message beginning, as well as I remember: "The Dublin brigade goes into action at noon today; carry out your orders."

PRINCE ARTHUR VISITS VICTORIA

Arrives in Canada on Way Home From His Mission in Japan.

Victoria, B. C., July 24.—On his way home from Japan, where he presented the baton of a British field marshal to the Japanese Emperor, Prince Arthur of Connaught arrived here this afternoon. He was met by the lieutenant-governor, Sir Frank Barnard, Major-General Leckie, G.O.C., M.E. No. 11, surrounded by representatives of the headquarters staff and a guard of honor.

Immediately after the lieutenant-governor's welcome, Prince Arthur inspected the guard of honor and proceeded to the steps of the parliament building, attended by his personal staff, and Lieut.-Gen. Sir William P. Putney, Major the Earl of Pembroke and Major East. An address of welcome was read by Hon. J. W. Deb Farris, acting premier. In reply, his royal highness alluded to the part "Canada had played in the war."

This evening the prince was entertained at a formal banquet at Government House.

CONTROL AMIENS ROAD

French military experts point out that the French, north of Montdidier, now control all the roads towards Amiens, across the plateau between the Avre and Noye valleys. Also the heavy artillery placed in the three captured villages protects the railway towards Amiens along the Noye valley from bombardment.

SUSTAIN APPEALS, MANY MUST SERVE

Military Authorities Successful in Number of Cases Yesterday.

THIRTY-THREE REFUSED

Exemptions Canceled for Men Who Were in Low Category.

Before Mr. Justice Latchford's exemption tribunal in Toronto yesterday the cases of a large number of men in category "C," whose exemptions had been appealed by the military authorities, were up for decision. In a majority of the cases the court sustained the appeals and canceled the exemptions, subject to medical re-examination. At this court and the one of Mr. Justice Maestri, a total of 78 men were dealt with. Forty were granted exemptions and 34 refused.

Geo. M. Pinkerton, who, as buyer and salesman for E. T. Carter and Company, wood merchant, earns \$18,000 a year, had his exemption canceled. The military representative, John Mitchell, declared that the company was not engaged in productive activity of national importance.

Two internees at Toronto General Hospital were exempted until Oct. 1. P. J. Wideman, Stouffville, son of Bishop Wideman of the Monnochie Church, held it was absolutely against his faith to re-engage or resist in any way. Decision in exemption case was reserved.

Exemptions Granted.

ALLIES WILL REJECT PEACE CONFERENCE

Washington, July 24.—In the peace suggestions which The Berlin Vorwaerts declares the German Government is about to advance to the entente and Americans thru the Spanish Government, officials here detect the German design, embodied in some shape in almost every one of the peace proposals which have emanated from Berlin or Vienna to leave to a round table conference the actual definition of peace terms.

GERMANS DRIVEN OUT OF CHATALET FOREST

With the American Army on the Aisne-Marne Front, July 24.—Along the line north of Chateau Thierry the Franco-American forces have driven the Germans out of nearly all of the Chateau forest.

GERMAN COMMAND VEToes RETREAT ORDER

London, July 24.—It is said here that the news from the front seems to show that the German high command has decided against a strategic retreat in the Soissons-Rheims salient and has determined to fight it out there. This decision, indicated by stiffening enemy resistance and increasing the number of troops borne out by German prisoners, who declared the withdrawal order had been countermanded.

PUT UP WIRE FENCE

Commissioner Harris was yesterday instructed by the board of control to have that portion of the island shore where Mrs. Layland and child were drowned enclosed with a wire fence. Dredging operations have made the shore unsafe for bathers.

MUNITION WORKERS STRIKE IN ENGLAND

Sixty-Five Thousand Affiliated With the Engineering Trades Unions.

ARSENAL WORKERS ANGRY

Tell Coventry Men That to Strike is to Earn the Blessing of the Kaiser.

London, July 24.—A strike of munition workers began at Birmingham at six o'clock this morning, the hour the day workers finished their work, and when the night shift was to come on duty, according to a despatch to the Central News from Birmingham.

The aggregate membership of the twelve societies affiliated with the joint committee of the Engineering Trades Unions is about 65,000, including about 5,000 women. Officials of the joint committee say they have no reason to doubt that all the workers will be loyal to the resolution to stop work.

A number of discharged soldiers who are union members inquired of the officials of the Federation of Discharged Sailors and Soldiers regarding their position. They were advised not to cease work under any circumstances, owing to the serious consequences which would ensue to the men in the trenches.

At Lincoln, where the strike was to become effective tonight unless the embargo was withdrawn, the workers agreed to remain at their posts pending a decision of the national conference tomorrow.

Would Please the Kaiser. The Woolwich arsenal workers held a meeting today, after which they telegraphed the Coventry munition workers as follows:

Strike now and you will earn the blessings of the Kaiser and his army of murderers. But you will earn the lasting condemnation of all those who are fighting and working in the allied nations to gain real freedom for civilization.

"We warn you seriously if you persist in striking that this government owe it to your brave brothers, who are fighting the Germans with their life's blood, while you are fighting with words and bullets, that you be immediately put in the front of the firing line and that your leaders should be shot."

"Strike and you may go to hell. Woolwich will remain at work and earn the right to shake the hand of the soldier when he returns."

G. H. Roberts, minister of labor, intimated in a speech that if the munition strikers do not return to work at once they will be called into the army, once they will be called into the army, once they will be called into the army.

HEAVY TURK LOSS ALONG EUPHRATES

Lord Robert Cecil Describes Redeeming of Mesopotamia From Ruin.

London, July 24.—In the house of commons last night Lord Robert Cecil, assistant secretary of state for foreign affairs, replying to a question, said the operations on the Euphrates in March, and the subsequent operations to recover the neighborhood of Kirkuk in April, had resulted in inflicting on the Turks casualties amounting to about 10,000 men, of whom 7,500 were prisoners of war. Thirty guns and much other war material were captured.

"Very satisfactory progress is being made in redeeming Mesopotamia from the state of ruin into which it had fallen under the Turks," Lord Robert continued, "thirteen government primary schools, four municipal state-aided schools, a teachers' training school and a survey school have been opened, and classes in agriculture also have been started. Large tracts of hitherto tillied land now are being cultivated thru the efforts of the population and the political administration."

"The opening up of the country by roads and rail and the improved water transport and the establishment of security on the highways have resulted in an increase in trade and a lowering of prices. The contrast between the improved conditions in Mesopotamia and those of the neighboring country occupied by the Turks, where disorder and famine are chronic, has not failed to impress the population."

"The relations between our troops and the people are excellent."

Turning to the operations of the King of the Hedjaz, who is allied with the British, Lord Robert said: "The casualties inflicted on the Turks by the Arabs along the line between Beirat and Maan amount to about two thousand, in addition to which two locomotives have been destroyed and 122 culverts and bridges demolished. Railway communication between these two points has been permanently interrupted."

FOOD SHORTAGE LEADS TO AUSTRIAN COLLAPSE

London, July 24.—Confirming the fact that the fall of the Seydlitz ministry was partly attributable to economic distress in Austria, it transpires that at a sitting of the reichstag the ministry was sharply criticized with regard to the food situation. For example, Deputy Pfk said that western Bohemia had been flourless and breadless for months. Flax was foodless for a fortnight, and the consequences there had been most lamentable.

GOT POWDER THRU MAIL

Sarnia, July 24.—Joe Zeleny, an Austrian from Brantford, was sentenced to three months in jail at Port Edward, near here today, for receiving gun powder thru the mails. The magistrate recommended imprisonment at the expiration of the sentence.

For full particulars and additional service, see current folders.

ALL HIGHLANDERS INVITED.

In another column of this paper will be found the announcement of the 48th Highlanders' reunion, basket picnic, and games, to be held at Woodbine Race Track Park next Saturday, July 27, at 2 p.m. Invitations have been sent to all members and ex-members, but some of these invitations are likely to be held up on account of the strike of the postmen. Any members or ex-members not receiving direct invitations will please accept advertisement in this paper as an invitation to be present.

PASS IN MUSKETRY.

Military headquarters, Toronto, announces that the following members of the Overseas Training Company have passed the required examination in musketry: Privates T. W. Campbell, G. G. Congdon, E. G. Fassell, F. C. O'Leary, W. H. Orr, E. J. Stafford, J. H. Smyth and W. R. Rain.

ALLIES STILL HAMMER CROWN PRINCE'S ARMY

With the American Army on the Aisne-Marne Front, July 24.—The French, the British and the Americans are still hammering the flanks of the crown prince's army. The Germans are known to have brought up fresh support forces at several points, but the allies report the situation as favorable.

More favorable weather conditions brought out drizzle this morning. The day was an excellent one for observation, and this is expected to change the character of the fighting somewhat, especially with regard to the artillery.

BLAMES GOVERNMENT.

Mayor of Niagara Falls Sends a Sharp Message to Ottawa.

Niagara Falls, Ont., July 24.—Mayor Stephens tonight sent the following telegram to the postmaster-general: "Sentiment of Niagara Falls citizens strongly with the postmen in their demands for a board of conciliation to hear their complaints. The consensus of opinion also is that your department should not have allowed such a deplorable condition as now exists to arise."

The postmen here all went on strike this morning.

TO MOURN EX-CZAR.

King George Issues Order to British Court For Four Weeks' Mourning.

London, July 24.—King George has ordered the British court to go into mourning for four weeks for former Czar Nicholas of Russia.

HAS NO INFORMATION.

Mr. Balfour is Unaware of Murman Agreement Recently Cabled.

London, July 24.—Replying to a question in the commons, Mr. Hon. A. J. Balfour, stated that he had no information regarding the Murman agreement cabled on July 23. Telegraphic communication with the British officials on the Murman coast and in Russia generally was very difficult.

ONTARIO ELECTION ACT, 1918.

NOTICE OF SITTINGS OF REVISING OFFICER

ELECTORAL DISTRICT OF NORTH-EAST TORONTO

SEAT "A"

TO TAKE NOTICE that the lists of voters for these parts of Wards 1, 2, 3 and 4, of the City of Toronto, which are included in the Electoral District of North-East Toronto, by the centre line of Logan Ave., on the West lines of College and Carlton Sts. and of Gerrard St., on the South by the centre line of the present City limits (EXCEPTING the former Town of North Toronto, which is in the Electoral District of East York), have been prepared by the enumerators and have been delivered to the Clerk of this Board by the Returning Officer, and that George O. Alcorn, Esq., K.C., has been appointed Revising Officer for the purpose of receiving complaints and appeals from Wards 3 and 4 in North-East Toronto, and that I have been appointed Revising Officer for Wards 1 and 2 in North-East Toronto, as to the said lists.

AND FURTHER TAKE NOTICE that the sittings of the said Revising Officers will be held as follows:

In Court Room No. 1, in the City Hall, Toronto, on THURSDAY, THE 1ST DAY OF AUGUST, 1918, to hear complaints as to the lists of voters for polling subdivisions of Ward 1, in North-East Toronto, and in the same place on FRIDAY, THE 2ND DAY OF AUGUST, 1918, to hear complaints as to the lists of voters for polling subdivisions in Ward 2, in North-East Toronto, and

In Court Room No. 4, in the City Hall, Toronto, on THURSDAY, THE 1ST DAY OF AUGUST, 1918, to hear complaints as to the lists of voters for polling subdivisions in Ward 4, and in the same place on FRIDAY, THE 2ND DAY OF AUGUST, 1918, to hear complaints as to the lists of voters for polling subdivisions of Ward 3, in North-East Toronto.

Each sittings will commence at 10 o'clock in the forenoon.

AND FURTHER TAKE NOTICE that any voter who desires to complain that the names of any persons entitled to be entered on any of the said lists have been omitted from the same, or that the names of persons who are not entitled to be entered thereon, may, on or before SATURDAY, the 25th day of July, 1918, apply, complain or appeal to have his own name or the name of any other person correctly entered on, or removed from, the lists prepared under the Ontario Election Act, 1918.

AND FURTHER TAKE NOTICE that such appeals must be by notice in writing in the prescribed form, signed by the complainant in duplicate, and given to the Clerk of the proper Revising Officer, or left for him at his residence or place of business, on or before the said date. The Clerk of the Revising Officer for Wards 1 and 2 in North-East Toronto is Lee G. McAndrew, Esquire; his residence is 82 Sussex Avenue, Toronto, and his office is Room 201, 157 Bay St., Toronto. The Clerk of the Revising Officer for Wards 3 and 4 in North-East Toronto, and his office is Room 217, City Hall, Toronto. Complaints and appeals from Wards 1 and 2 in North-East Toronto, must be filed with Mr. McAndrew; complaints as to Wards 3 and 4 with Mr. Roche.

Dated at Toronto, this 22nd day of July, 1918.

EMERSON COATS WORTH, Chairman of the Voters' Registration Board for the County of York.

INFORMATION AND RULES:

The above-mentioned lists are filed with the undersigned and also with the Clerk of the proper Revising Officer. Copies may also be found in the various committee rooms. The Voters' Registration Board has passed certain rules as to the form in which complaints shall be made, and these rules must be STRICTLY OBSERVED, as the Revising Officers can only deal with complaints which come before them in proper form. Copies of these rules and blank Notices of Complaint may be obtained from any of the Clerks with whom the lists have been filed.

H. M. IRWIN, Clerk of the Voters' Registration Board.

The Clerk's Office is Court Room No. 2, in the City Hall, Toronto.

Munitions Workers

When the noise of the shop gets on your nerves—

When you feel that you must ease up or stop altogether—

When you just don't want to work overtime, or work on holidays—

Remember:

Your labour is the bulwark upon which your own flesh and blood in the trenches relies for munitions.

If you, munitions workers, fail them, they are lost.

Compared with the roar of the guns the noise in your shop is a whisper.

Compared with your weariness of body, theirs is the weariness of ceaseless suffering. But always, they pull themselves together and resolve to stick it out and see it through.

Are they not worthy of your utmost efforts?

Speed Up Your Output!

Issued by The Department of Labour, Imperial Munitions Board, Canada.

FOUNDED 1880. Morning newspaper published every day...

W. Nelson Wilkeson, Managing Editor. WORLD BUILDING, TORONTO. NO. 40 WEST RICHMOND STREET.

THURSDAY MORNING, JULY 25.

Take Over the Canadian Nickel Companies First.

The Globe (as reprinted on this page) commends the United States Government for seizing a number of the big metal firms in that country...

Our neighbor then meanders into a discussion of the dye industry, which it hopes to see established on a firm basis in Great Britain after the war.

All of which might or might not be stepping down a scandalous situation with words and words, and still more words.

Canada must set her own house in order, and do it in her own way. The nickel of Canada is in Canada and nobody can get it out without the aid and consent of the Canadian Government.

There is one thing to do and that should have been done four years ago. The Government of Canada must take absolute possession and control of the nickel mines and nickel plants of Canada.

We desire no injustice done to any stockholders of any nickel company or any bonafide owner of nickel-bearing lands. Let the government take possession of all these nickel mines and plants, run them for the period of the war and settle on a fair basis with all innocent loyal stockholders.

Thank God, we have President Wilson to save us from ourselves! Except for him Canadian nickel would still today be finding its way to Germany.

own soil, under our own jurisdiction? Let the government act with courage and expedition. Under the recent ruling of the supreme court it has all the plenary powers of parliament.

The London Times, in an editorial deliverance which echoes around the world, declares that "a sweeping overhauling of Premier Lloyd George's whole administrative machine is the first condition of any appeal to the country."

The Housing Proposals. A correspondent has suggested that the limit of \$2500, placed by the government on the value of a house to be built under the conditions of the provincial loan of \$2,000,000 for the improvement of housing, was a maximum and not a minimum.

Investigate the Nickel Trust

(Editorial Toronto Globe, July 24.)

Official announcement from Washington that German control of the metal industry in America has been effected out by the seizure of several of the largest metal concerns in the United States, with ramifications in South America, Mexico, and Canada.

There is one thing to do and that should have been done four years ago. The Government of Canada must take absolute possession and control of the nickel mines and nickel plants of Canada.

We desire no injustice done to any stockholders of any nickel company or any bonafide owner of nickel-bearing lands. Let the government take possession of all these nickel mines and plants, run them for the period of the war and settle on a fair basis with all innocent loyal stockholders.

Thank God, we have President Wilson to save us from ourselves! Except for him Canadian nickel would still today be finding its way to Germany.

HOUSING PROBLEM BEFORE THE BOARD

Situation in Toronto Worst in Many Years and Action Needed.

Being of the most importance the housing problem was the first matter discussed at the meeting of the board of health yesterday. Chairman Risk pointed out the success of the public housing in both the United States and England, but felt that some immediate action should be taken in view of the urgency of the situation throughout Toronto. He submitted a number of questions to be used as agenda to Dr. Hastings' report. The agenda are set into various phases relative to the problem.

Mr. Nesbitt stated that he had aided to all of the largest real estate firms in the city who had told him that the situation was the worst in their opinion for many years. Dr. Hastings, M. O. H., said, "We need at least 5000 houses of moderate to serious situation." It was decided to ask the board of control at the joint meeting next week to appoint a committee by Alderman Risk as follows:

For the purpose of wisely dealing with the housing problems, taking into consideration the important features mentioned in Dr. Hastings' report, including transportation problems, as well as any other which may be suggested, it is the duty of this board that a representative committee of citizens be appointed to deal with the whole matter, and I herewith recommend that the personnel of said committee be composed of representatives from the board of control, the local board of health, the Toronto Housing Company, the Rotary Club, the board of trade, the National Council of Women, the Trades and Labor Party, T. L. Church, mayor; T. Bradshaw, finance commissioner; R. C. Harris, works commissioner; Wm. Johnson, city solicitor; E. L. Cousins, harbor board; H. H. Cousins, Hydro Electric; C. J. Borman, assessment commissioner; Dr. C. A. Hastings, medical officer of health.

NOT WHITE STAR LINER. When interviewed yesterday Rochford M. Melville, the Toronto representative of the White Star Line, declared that the S.S. Justicia, recently sunk by the Germans, was in no way connected with the White Star Line. The ship was built by Harland and Wolff of Belfast for the Holland-American Line under the name of the Stadenam, but while on the stocks she was taken over by the British Government, who then ordered that she should be returned after the war.

FACES ANOTHER CHARGE. Norman Williams, who has been serving time in the Burwash Reformatory on a charge of theft, was brought back to Toronto yesterday to face the additional charge of the theft of a motor car from George Weston about two months ago. At that time the car was stolen from in front of Weston's home and badly damaged.

"I Need Hardly Say how thankful I was to get out alive, and fully made up my mind that I would write and tell you how useful Dr. Chase's Ointment was." writes a survivor of the Gallipoli Peninsula campaign. "We found that it afforded instant relief from poison from shrubs and bushes, and got to using it for all manner of minor wounds and sores."

THE WEATHER

Meteorological Office, Toronto, July 24. (8 p.m.)—A pronounced area of high pressure, accompanied by very dry weather, covers the western provinces. It has been very warm in Ontario, but only moderately warm in the Maritime Provinces. Minimum and maximum temperatures: Victoria, 52, 61; Calgary, 33, 56; Battleford, 32, 62; Medicine Hat, 44, 60; Moose Jaw, 44, 63; Saskatoon, 39, 51; Regina, 43, 57; Winnipeg, 54, 61; Port Arthur, 56, 68; Parry Sound, 70, 94; London, 61, 83; Toronto, 64, 90; Kingston, 64, 90; Ottawa, 58, 85; Montreal, 58, 86; Quebec, 62, 70; St. John, 58, 74; Halifax, 61, 76. —Probabilities: Lower Lakes and Georgian Bay—Moderate winds; very warm; fine at first, followed by showers and local thunderstorms before night. Ottawa and Upper St. Lawrence—Moderate winds; fine and warm; showers or thunderstorms at night. Lower St. Lawrence—Moderate east and south winds; fine and warm. Gulf and North Shore—Light to moderate winds; fine. Maritime—Moderate winds; fair and moderately warm. Lake Superior—Moderate to fresh easterly to northerly winds; local showers, and becoming cooler.

DEATHS.

GRANTHAM—At Toronto, on July 24, Melinda, widow of Captain Arthur Grant, R.M., in the 81st year of her age. Funeral private.

POTTAGE—On July 23, at Dufferin Hospital, Orangeville, Sarah, widow of the late John Pottage of Mono Township, 67 years of age.

Funeral from Mr. J. H. Hale's undertaking parlors, Orangeville, Thursday, July 25th, at 2.30 p.m.

THIRTY SOLDIERS DAILY FOR DRIVE

The Kiwanis Club was addressed yesterday at the King Edward Hotel by Fred E. Robson, a member of the public relations committee of the board, and of the Loblaw chain stores. A clear and forceful speaker, Mr. Robson was able to bring home to the members of the club the greater necessity on the part of Canadians of food conservation.

ESCAPE THE CITY HEAT.

When the breathless days and glaring heat of summer make life in the city a burden, the Algonquin Park Ontario is a place of refuge and enchantment. This great reserve of Wolf of Bellefleur, the Algonquin Park on the very ridge of the "Highlands of Ontario." Its altitude above sea level averages 1,700 feet, while some of the lakes in the park are 2,000 feet above the sea. The lake-land breezes which sweep over the park are impregnated with the life-giving fragrance of the pine woods. The days are unusually long and the evenings are always delightfully cool. Splendid boating and fishing and charming woodland trails are among the attractions. The hotels in the park are peculiarly fitted to their wild environment and give excellent service at moderate rates. The largest of these, the "Highland Inn," is situated at Algonquin Park Station, and overlooks beautiful Cache Lake. For full information apply to any Grand Trunk agent.

A GENERAL STRIKE ON GREAT LAKES

Cleveland, July 24.—A general strike of all members of the Sailors' Union on the Great Lakes, to include passenger steamers and package freighters, is scheduled for midnight, Sunday, at the suggestion of the local agent of the Seaman's Union, which has received instructions from Victor Olander, general secretary, to order the strike and that it will go into effect as scheduled. Refusal of owners to grant demands for better conditions and increased wages is said to be responsible for the contemplated strike. Officers of the Lake Carriers' Association, however, profess to believe that the action of the union men is merely a plan to force union recognition of lake boats, and that the men will not desert their ships at this time. "We do not believe unionism is going to interfere with patriotism," is the way the owners sum up the situation.

As a cold summer stimulant—"Try" TEA "ICED".

It's delicious and it appeases thirst and invigorates. Add a little sugar and the squeeze of a lemon to suit.

HOLD A SING-SONG AND THEN ADJOURN

Letter Carriers in Festive Mood at Yesterday Morning's Session.

The letter carriers were in festive mood at yesterday morning's session held at the Labor Temple and which concluded at 1 o'clock. For more than an hour the great throng in the assembly hall sang all manner of songs to the accompaniment of a band. Practically no business was accomplished, and the meeting adjourned at 7 o'clock at night. However, two Hamilton delegates were on hand and explained the action of that branch in not going out with the Toronto and other branches in the Dominion.

H. Dillworth and James Archer, the two delegates, stated that the branch had sent telegram queries to the federal secretary, Alex. McMorris, but had received no reply. They also stated that the Ottawa branch was in the same position, and both branches were unable to understand why no acknowledgment had been received from Toronto. While the Hamilton branch had at first believed it advisable for the executive to take a referendum of all the branches throughout the Dominion, they were ready to stand behind the Toronto and other men who had gone out. Mr. Dillworth stated that the Hamilton branch was expected to go out at any moment. He and James Archer had gone to Ottawa as representatives of the Hamilton branch and had interviewed the authorities. The postmaster-general had pointed out that the government could not appoint a board of conciliation under the Industrial Disputes Act, because if it did so it would be empowered to appoint its own board. Dr. R. F. Coulter, the deputy minister of labor, had admitted his delay in transmitting a telegram to the effect that the department would be agreeable to the appointment of the board.

MAIL BY EXPRESS. The Dominion Express Co. has received an order from a large mail-order house in Toronto to take charge of its mail-order consignments. The number approximately a thousand, and have been handed to the express company. The Canadian Express Co. officials stated yesterday that the company was considering the handling of a large order from one of the largest mail-order houses in the city. Officials of the express companies stated that it would not be easy to specify the difference in expense between sending out packages by mail and sending the same packages out by express. The difference would approximately amount to 17 cents on the pound. The express charges per pound averaging 35 cents.

WANT OILSKIN COATS.

Reginald Davies, a representative of the postoffice chauffeurs' committee, stated yesterday that all the chauffeurs but five had gone out on strike. The grievance of the chauffeurs is said to be the lack of oilskin raincoats and top boots, which Mr. Davies said were necessary in wet weather on the long drives which the postoffice chauffeurs made.

48th HIGHLANDERS Reunion, Basket Picnic and Games

Woodbine Race Track Park NEXT SATURDAY, July 27th AT 2 P.M. Welcome All 48th O's and Men drafted to the 19th Bn., 32nd Bn., 58th Bn., 74th Bn., or any other unit, and all members of the 15th Bn. (48th Highlanders), 19th Bn. (48th Highlanders), and their WIVES AND CHILDREN. All members 48th Highlanders' HOME BATTALION, wives and children. Two bands. Valuable prizes. Highland Dancing. COME

WOULD SEND CLERKS TO HANDLE THE MAIL

The banks yesterday were dubious as to the situation in the city resulting from the letter carriers' strike. It was pointed out by bank officials that if the strike continued it would be necessary to ask for special legislation to take care of their business. Mail of the utmost importance was being handled by the greatest difficulties centered around the legal points which might possibly become embarrassing, especially in the case of bills of exchange by which endorser might become legally free of any liabilities, thus throwing the responsibility of acceptance upon the banks.

WANTS NEW POWER BOAT.

At its meeting yesterday the board of control ordered that a letter be sent to the deputy minister of public works, urging that no time be lost in despatching additional equipment to the Toronto life-saving station. According to Mayor Church a new power boat is at present being built and the board has been impressed with the necessity of speed.

WORKMEN FINISH JOB AS THEY GO

Rapid Progress Being Made on Work on the Viaduct.

"From now on you will see rapid progress on the Bloor-Danforth viaduct and its approaches," said City Engineer Powell yesterday. Mr. Powell had just returned from an inspection of the work from the head of Broadview avenue to the intersection of Bloor and Sherbourne. "After today," he added, "we will leave a finished job behind as we proceed." From the head of Broadview to the viaduct, Mr. Powell explained, the street car tracks had been laid and the concreting finished. The laying of the cross-ties blocks will be completed in a couple of days.

On the viaduct itself the tracks are in place and the concrete is now being laid. When this is finished the job will be ready for the blocks. The roadways on each side of the tracks have already been concreted, and only await the blocks to make them ready for wheeled traffic.

Between the two viaducts, which is to be paved with asphalt, in Rosedale, grading, preparatory to laying the car tracks, is proceeding. The concrete sidewalk on the north side is finished and on the south partly finished.

The concrete supports to carry the trestle over Glen road are now being put in and will be completed by the time the steel arrives. It was ordered some time ago, and being of standard pattern no delay in delivery is anticipated.

EXPECTS NO DELAY. The intersection permit, street railway traffic to get to and from the viaduct has not arrived yet from the United States. It is made there from blue prints and is shipped in sections and assembled on the job. There is no reason to think that we will be unduly held up in our work thru delay in delivery," said Mr. Powell.

The suggestion has been made that once the concreting is finished on the street car track allowance, the city concentrate its efforts on either the north or south roadway and on each one of them so as to permit wheeled traffic over the viaduct when it could get into Rosedale or turn into Howard street.

The city engineer, however, does not approve this. He thinks it would interfere with the hauling in of supplies as well as the general progress of the work.

EXPRESS COMMITTEE WANTS A TAG DAY

As a result of the postmen's strike, barely half of the committee of the express and freight campaign received their notifications, and therefore the meeting held last night at 59 Victoria street was sparsely attended. The committee was given power to wait on the police commissioners for the purpose of asking that a tag day be granted to raise the necessary funds to conduct the campaign for a better press delivery system in the outlying parts of the city.

As several of the affected districts were not provided with representatives at the last meeting, the following were appointed: Moore Park, E. W. Butler; Runnymede, I. W. Wood; East Danforth, Dr. W. R. Walters; Davisville, C. Murphy. By arrangement with the city clerk, the committee will henceforth meet in the city hall.

PICKETS REPORTED FROM ALL SECTIONS

A letter carrier picket from one of the Toronto sub-stations reported yesterday that some people were trying to get a few of the transfer men back to work. If they succeeded in calculating the number of the transfer men against the cause of the letter carriers. He stated that the Trades and Labor Council executive had passed a resolution to stand by any action of the letter carriers might take. It was also true, he continued, that the Toronto clearing house had been forced to close down, and that the banks were experiencing great difficulty in carrying on business.

The pickets reported that no mail was being given out at station A, Station C was closed. No mail was being given out at Station D. Station E reported that a carrier at this station, it was stated, was a returned soldier, and had definitely refused to "lay down" at the sub-station. K forty people were reported to have been waiting for mail at 8 o'clock in the morning. No mail was being given out at H.

Six men were reported to be working at the terminals. The clerks at the terminals were keeping to their buildings, but were willing to work work which belonged to the carriers. One of the pickets reported that Ward Two Liberal-Conservative Association was sending out postcards stamped with one cent stamps.

CHARGE OF THEFT.

Charged with the theft of a quantity of brooms, boots and military clothing from the Canadian Northern Railway, by whom he was employed as an assistant truckman, Duncan Brown, 23 Labatt avenue, was arrested last night by Detective Taylor. Brown and a companion, who appeared in the police court yesterday on a similar charge, are alleged to have removed the stuff from a truck they were in charge of.

THREE RECORDS GO AT TOLEDO TRACK

New World's Marks Established on Second Day at Fort Miami Track.

Toledo, O., July 24.—Three world's harness records were broken on the Fort Miami track here this afternoon, the second day of the Grand Circuit meeting.

The first new mark was made when Bertha McGuire, in the Fort Miami stake event for 2.08 trotters, trotted a mile in 2.04 1/2, making a new world's record for four-year-old fillies.

Willie Brewer, a heavy favorite in the Fort Miami, driven by Pop Geers, was ruled out after the third heat. It was only the race of the day that Murphy was unable to win.

Lucky Clover and Glenwood B. got into a bad tangle in the second heat of the 2.11 trot. Neither was hurt, but Lucky Clover finished the mile on the trot and went around again running.

Summary: 2.11 trot, purse \$1000: Annie Guy (Murphy) 3 1 1, Hair Reaper (Geers) 1 4 2, E. King (McIntosh) 2 3 3, Lord Stout (Stout) 4 3 4, Miss Alabelle McGee (McDonald) 7 5 5.

Also started: Lucky Clover, Glenwood B., Walnut Maid, Wynema and Sybil J. Fort Miami Stake, for 2.08 trotters, purse \$1000.

Esperanza (McMahon), 7 6 1 4 1 1, Blanche Carter (Stout), 1 3 2 1 3 2, Bertha McGuire (Ackerman), 2 1 3 3 3 3 0, Mack Forbes (McDevitt) 6 2 7 3 0, North Squ (Cox), 9 4 4 0.

Also started: Wilkes Brewer, Allen Watts, Grand Chimes, Cesar Peter, The Toddler and Gen. Franchis 18. Time—2.04 1/2, 2.04 1/2, 2.04 1/2, 2.07 1/2, 2.11 pace, purse \$1000.

The Problem (Murphy) 1 1 1, Highland Lass (Henderson) 2 3 3 7, Mattie the Great (Reeves) 4 2 3 4, Dude J. Elson 7 4 2 3, Cliff Moquette (Smith) 4 7 5.

Also started: William Patch, Sunburn Pointer and Black Beauty. Time—2.04 1/2, 2.05 1/2, 2.07 1/2.

SPORTS AT THE CAMP BALL AND CRICKET

Niagara Camp, July 24.—Two games of indoor-outdoor baseball were played in the camp league, the 1st Battalion, 2nd C. O. R., defeating the S. A. S. C. in group "B" by 13 to 2, and were defeated in group "A" by the machine gun corps by 12 to 4.

Alkens of the group "B" team was in fine form, and was given splendid support by Lieut. Harry Fleming who was on the mound for the machine gun corps, and was too good for his opponents.

Two games of cricket were played, the 1st Battalion, 2nd C. O. R., defeating the construction battalion by 123 to 116. Col. Benson of the C. O. R. played a fine innings, scoring 27 runs. Sergt. Brodbeck also was in good form, while Major Myles and Sergt. Oliver of the construction scored 32 runs each and Col. Franchis 18. Capt. Hayward of the construction had three splendid catches.

The 2nd Battalion, 2nd C. O. R., had no difficulty in downing the army medical corps cricket team, getting them all out for 40 runs. The A. M. C. has a crack batsman in Barrett, who scored 26 not out. The S. A. S. C. had considerable difficulty in getting the first two batters, and 44 runs were scored before a wicket was taken.

The 1st Battalion, 2nd C. O. R., staged a boxing tournament in their bugle band, and several bouts were provided. There are some clever boxers in the band, and a tournament for all hands in the camp is under consideration.

RED CROSS GOLF

The feature of the program at the Weston Golf Club's Red Cross tournament on Saturday is the match between the two Freeman brothers of Rosedale against Cummings, Toronto, and Barrett, Weston.

TODAY'S ENTRIES

AT EMPIRE CITY. Empire City, July 24.—Entries for tomorrow are as follows:

FIRST RACE—Three-year-olds and up, selling, mile and 70 yards: Bill Simmons, 113 Rose Finn, 108 Jessie C., 108 Elderton, 105 zChillum, 103 Dundreary, 108 Rosewater, 108 Seagull, 113 Wild Thyme, 108 Sky Pilot, 108 Rockport, 103 Hesse, 108.

SECOND RACE—Three-year-olds and up, selling, mile and 70 yards: G. M. Miller, 112 Clark M., 113 zGolding, 95 Little Cottage, 113 Non Cross, 113 Sky Pilot, 108 Non Seal, 113 Dragon, 110 Benevolent, 113 Langden, 108 zFarwood II., 108 zCrucif, 108.

THIRD RACE—Three-year-olds and up, mares, handicap, about 8 furlongs: Right, 107 Rhine Maiden, 100 Seagrass, 107 Gold Tassel, 106 Ina Franks, 126 Gipsy Queen, 104 Quilts, 108 Wheat Cakes, 104 Calo, 100.

FOURTH RACE—Two-year-olds, Sprinting Stakes, about 4 furlongs: Bartolock, 110 Glen Ryan, 105 The Boy, 110 zBuildose, 102 Madam Byng, 110 zElected II., 92 zPitkin, 108 zFour-year-olds and up, claiming, 1-1/8 miles: Bar of Phoenix, 110 Putts and Calls, 110 Mark O., 110 Flying Lion, 109 Napoleon, 105 Trial by Jury, 97 zChillum, 102 Hayde, 97 Greetings, 97 Sky Pilot, 108 Kohinor, 111 Ocean Frisco, 97 Lazy Lou, 101 Starter, 97 Rockport, 102 Hesse, 108 zBenevolent, 116 Paddy Dear, 110 zPitkin, 108.

SIXTH RACE—Two-year-olds, conditions, 4 furlongs: zChasseur, 115 Sherman, 113 Carlock, 115 Be Frank, 115 Peter, 110 zBrenson, 110 Translate, 110 Hobokus, 110.

Note: The second race having failed to fill is declared off and the first, which received 24 entries, will be run as first and second respectively.

Apprentice allowance claimed. Weather clear; track fast.

LACROSSE

Despite the fact that the 17 to 0 beating that the Beaches L.C. juniors handed the Mattlands last week was probably the worst trimming that any team from the north and ever suffered, it is quite likely that the return game, which will be played at Cottingham Square on Friday night of this week will be a battle royal, as Manager Scott, Mitchell of the Mattlands has not been idle since the last game was played and has signed up several new players.

The defence are playing in their old time form, which is saying a whole lot, while on the home of the Matt, Pim and the other boys are doing their best to develop into one of the best home players in the game. The game will be called at 7 p.m. sharp, and a large crowd is sure to be on hand, as the keenest kind of rivalry exists between the two clubs.

It is likely that the new midget series of the O.A.L.A. will get under way next week with Mattlands playing at Scarborough Beach with Charlie Parkinson's new team of Beach migrants. If Manager Parkinson has as much success with his team of boys as he did when managing the Young Torontos, then another lacrosse championship is assured for the Beaches Club. He has his team working out on Monday, Wednesday and Friday nights at Scarborough Beach, and would gladly

Infilade Wins The Handicap

Empire City, July 24.—Following are the race results today:

FIRST RACE—Two-year-olds, handicap, about six furlongs: 1. Yarrow, 114 (Wells), 12 to 10, out. 2. Sea Pirate, 119 (Fool), 3 to 4, out. 3. Yonned, 108 (McTaggart), 12 to 1, 2 to 1, and out. Time 1:09 1/2. Only three starters.

SECOND RACE—Three-year-olds and up, selling, 1-1/8 miles: 1. Tokay, 106 (Enser), 8 to 5, 7 to 10 and 1 to 2. 2. Home Sweet Home, 110 (Buxton), 9 to 2, 8 to 5 and 7 to 10. 3. Jack of Spades, 104 (Fool), 10 to 1, 4 to 1 and 2 to 1.

THIRD RACE—Three-year-olds and up, claiming, handicap, \$1001 added, one mile and one eighth: 1. Minto II., 114 (Sande), 4 to 5, 1 to 3 and out. 2. Conduit, 107 (A. Collins), 7 to 1, 5 to 5 and out. 3. Dan, 108 (Tapsin), 8 to 1, 2 to 1 and out.

FOURTH RACE—Three-year-olds and up, selling, \$901 added, six furlongs: 1. Cane Run, 115 (R. Simpson), 9 to 5, 4 to 5 and 2 to 5. 2. Langden, 109 (A. Collins), 4 to 1, 3 to 2 and 4 to 5. 3. Irish Maid, 115 (Sande), 15 to 1, 8 to 1 and 4 to 5.

FIFTH RACE—Three-year-olds and up, selling, \$901 added, six furlongs: 1. Cane Run, 115 (R. Simpson), 9 to 5, 4 to 5 and 2 to 5. 2. Langden, 109 (A. Collins), 4 to 1, 3 to 2 and 4 to 5. 3. Irish Maid, 115 (Sande), 15 to 1, 8 to 1 and 4 to 5.

SIXTH RACE—Maiden fillies, two-year-olds, \$901 added, five furlongs: 1. Comfort, 112 (Pitt), 20 to 1, 10 to 1 and 5 to 1. 2. Scoots, 112 (Sande), 8 to 5, 7 to 10 and 4 to 5.

Time 1:01 1/2. Vigilance, Nanette Flack, Lahinda, Joan of Arc, Lillian Shaw, War Tax, Lamentation, Julia Beach, Subterfuge, Marie Connell and Antique also ran.

welcome any new boys who like to learn the game. Despite the fact that the Aurora Club has definitely decided not to enter a team in the senior series of the O.A.L.A. this year it is still quite likely that there will be a contest for the Globe shield, as both Riverdale and the Beaches are ready and anxious to go on.

The new semi-pro lacrosse league is certainly making a good impression on the sport-loving public of Toronto. It sure looked like old times to see the crowd at Cottingham Square last Saturday to see the game with St. Catharines, when a clean fast clever game of lacrosse was provided.

The 4th Highlanders are having the following twelve sporting events at the Woodbine Park next Saturday afternoon for the entertainment of the returned veterans of the regiment: Football match, C.E.F. v. Militia; Highland fling, boys and girls; sword dance, boys and girls; 200 yards dash, returned officers; 50 yards race, one-legged men; walking race, single ladies; 75 yards race, boys; 75 yards race, girls; 50 yards race, wives; 50 yards race, wheelbarrow race, rank and file; lacrosse match, married ladies; tug-of-war, C.E.F. v. Militia.

Valuable prizes will be given for each event, and the winner for the largest family at the gathering will receive a half-ton of coal delivered.

ADAMS COMING BACK. Pittsburg, July 24.—Charles "Babe" Adams, hero of the 1909 world's series, has signed a contract to pitch again for the Pittsburg Pirates, and will report to the team as soon as possible. It was officially announced here today by officers of the club. He has been on the Kansas City Club of the American Association, and became a free agent for the present when that league closed its season.

DUKE REILLEY NOW HITTING IN FORM

Leaf's Fielder Has Been Making Himself Famous Around the Circuit.

By Ida L. Webster. During the last few games at the island the flags have been raised immediately after the umpire announces the batter's name, but strange to say, there appears to be some uncertainty among the fans as to just what is expected of them at that particular time. It is customary to stand while the emblem is raised, the men of course, uncovers. Few people are ready to do this, but it is probably this is owing to the nervousness of it all. Indeed, we heard one man at the same old stadium and his friend of the Brooklyn players went thru the game with their caps off, as it was just at that time that the flags were being raised, and the men on the field had all uncovered.

The raising of the flag is symbolic with the playing of the National Anthem, and the umpire is cutting out delivery delays. The being played? This is one of the most reverent customs of the game through the United States. It is just the same here, when the fans know that the ceremony will be gone thru each and every day of the game. It is the umpire's first announcement. For the first couple of times you will be able to get your bearings by keeping your eyes fixed to the flag pole, and after that it will come just as naturally as the game itself. The men in the press box might make a name for themselves this trip, and right now they are in the future not fail to get on their feet, no matter how exciting the corner course may be. In fact, right here and now, we would like to appoint Charlie Querre the leader.

Of course you will be glad when Friday arrives and the Leafs trip lightly around the old island once again. They have certainly been making a name for themselves this trip, and right now they are in the future not fail to get on their feet, no matter how exciting the corner course may be. In fact, right here and now, we would like to appoint Charlie Querre the leader.

Of course you will be glad when Friday arrives and the Leafs trip lightly around the old island once again. They have certainly been making a name for themselves this trip, and right now they are in the future not fail to get on their feet, no matter how exciting the corner course may be. In fact, right here and now, we would like to appoint Charlie Querre the leader.

Duke Reilly has been back in his old-time hitting form. Getting from two to four hits a day, and when he has been getting on with hits, he has been chosen for his fielding out of the circuit as unanimous in Detroit. Lewis, the pitcher, went into the field in a very much warmer climate, and will be glad to go on. He has certainly been making a name for himself this trip, and right now they are in the future not fail to get on their feet, no matter how exciting the corner course may be. In fact, right here and now, we would like to appoint Charlie Querre the leader.

BRITISH RAID GERMANS IN BUCQUOY REGION. London, July 24.—The war office reports: "English troops carried out a successful raid last night south of Bucquoy, capturing 15 prisoners. Our casualties were light. A few prisoners were secured by another of our raiding parties northwest of Albert. A raid attempted by the enemy northeast of Bethune was repulsed. The hostile artillery has been active in the northern portion of our front, particularly in the neighborhood of Loere, a northern side of the Lys salient."

RAIN AT LETHBRIDGE. Lethbridge, Alta., July 24.—Rain fell nearly all last night on most points of the Lethbridge division, also the night before. This greatly improves the feed situation and gives an impetus to the late crops.

MAY SETTLE MINE STRIKE. Edmonton, July 24.—The strike at the North American Collieries, Entwhistle, Alta., which affects 125 coal miners and has been in effect since Friday last, is still in progress, but there are indications that it may be ended this week. The difficulty between operators and miners is one of wages. The mine was producing 500 tons daily prior to the difficulty.

CHAMPION Dependable Spark Plugs

Ford Equipment Since 1911. For seven years Champion "X" has been and is now the spark plug equipment on more than one and a half million Ford cars. This is the best proof of the service given by

Champion Dependable Spark Plugs

Champion dependability is built into every plug and is primarily due to the asbestos-lined, copper tubes on each shoulder of the carefully tested porcelain. These patented gaskets cushion the porcelain against cylinder explosions and prevent cracking under extreme temperature changes.

When you replace the spark plugs in your Ford get the plug that knowledge and experience have selected as giving a completely satisfactory service.

Champion Spark Plug Co. of Canada, Limited. Windsor, Ont.

At auto supply, dealers and garage everywhere.

CHAMPION Dependable Spark Plugs

TORONTO W.C.T.U. THANKED BY KING

Splendid Work of Organization for Soldiers of Allies.

An authoritative statement from Mrs. Dawson of the W. C. T. U. outlines the soldiers' comforts activities of that body. The letter follows:

So much has been said about the soldiers' comforts committee of the W. C. T. U. selling fresh cut flowers, not necessarily roses, just a boutonniere at ten cents, that we feel that correct information in regard to our work is due the thousands of people who will attend the production of the great photoplay, "Hearts of the World" at the Allen Theatre.

The Toronto district, W. C. T. U., Mrs. Ward, president, has sent over two ambulances, one field kitchen, two invalid chairs for hospital use, pillows, bed linen, pyjamas, hospital shirts and other hospital supplies too numerous to mention. Last year we sent over four thousand pairs of hand-knitted socks, and are shipping one thousand pairs for Queen Mary's silver anniversary shower. Recently received reads: "Their Majesties sincerely thank you."

A handsome donation to the Belgian Relief Fund and also to the Prisoners of War in Germany Fund has been made.

One hundred dollars was given to the Great War Veterans' Association for their building, and each year we send overseas five hundred boxes valued at seven hundred dollars to be distributed to our own Canadian boys who have had no other Christmas cheer. To earn money for this noble purpose many of our estimable ladies are postponing their summer outings to sell flowers during the engagement of "Hearts of the World."

Last year we received letters from more than one hundred of our boys, expressing their appreciation of our Christmas cheer. One weevil winterer furnished twelve thousand five hundred cups of hot coffee with cream and sugar to our lads on the firing line.

We have not forgotten our invalid soldiers at home. The Toronto W. C. T. U. has mothered more than six hundred boys during the past year, inviting those without friends to their homes, providing them with lunches when on route to Halifax and sending them parcels overseas.

Supper was served to one hundred boys in the Stevens Convalescent Home; supper served in Ward H of the General Hospital; a concert given twice a week in the ward and religious services held on Sunday. At Christmas time the ward is decorated and Christmas cheer furnished for the patients.

Last year we sent a treat once a week to all the boys in the College Street Hospital, consisting of crates of berries, barrels of early apples, ice cream and occasionally at their request, home-made pies. The kind that mother used to make.

Once a week we mend at the Base Hospital; Bayville Hospital is visited regularly.

Our efforts are hampered by lack of funds. As far as possible we have to earn our money, and when you witness in the "Hearts of the World" the marvelous counter-attacks of our men so gallantly made, you can applaud the more heartily if you wear a flower for our brave boys as they go over the top.

I might add that the provincial W. C. T. U. president, Mrs. E. A. Stevens, has sent overseas \$25,000 since last

The Safest Matches in the World

Also the Cheapest ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but **EDDY'S MATCHES.**

ENJOY YOUR VACATION IN ALGONQUIN PARK.

Plan your midsummer holiday in the Algonquin Park of Ontario, with its hundreds of lakes and hurrying streams, primeval forests of pine, spruce and fir, ideal camping spots and sylvan retreats—everything in fact, that is dear to the lover of outdoor life.

The summer climate is ideal, being cool and bracing. In this immense reserve every possible taste has been cared for. There are first-class hotels including the Highland Inn, accommodating one hundred and fifty people. Two log cabin camp hotels are also operated by the Grand Trunk Railway System, Nominigan Camp being situated on the shore of Smoke Lake, and Camp Minnesing on Island Lake. For more detailed information and handsomely illustrated descriptive literature, write or call on any agent of the Grand Trunk.

fall for hot drinks and soups for the men in the trenches. All the foregoing is furnished to our soldiers free of charge.

Cora N. Dawson, Convener Soldiers' Comforts Committee, W. C. T. U.

MISSING SOLDIER HAD STRANGE EXPERIENCES

Sergeant Sebastian Contini, 136 Maria street, West Toronto, who disappeared last Saturday, has not yet been seen.

Although only 20 years of age, Sgt. Contini has had unusually tragic experiences and rendered valuable service to the allies.

Soon after the outbreak of war, he enlisted at Nelson, B.C., with the 22nd Battalion. He was transferred to the 14th C.M.R. and again transferred to the 22nd. He then joined the 5th Royal Highlanders in Montreal. He was in France two months later, and within ten days he and his cousin were in the first line trenches. When his cousin fell dead at his side he vowed never to take a Hun prisoner, and had 38 dead Germans to his credit. He had gone "over the top" seven times. As a result of being gassed, he developed tuberculosis, and was therefore, to his great regret, unable to further avenge the death of his cousin.

The young man carried a small steel bullet which, after passing through his leg, killed Lance-Corp. Shaw of his regiment.

SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

A dinner of one hundred and fifty covers was given by the Bank of Commerce last night in the banquet hall of the King Edward in celebration of the jubilee of Sir Edmund Walker's activities in the bank. The tables were most artistically arranged with silver and masses of Beauty roses, and among those present were: Mr. H. B. Walker of the Canadian Bank of Commerce, Montreal; Mr. E. L. Pease, also Montreal, president of the Royal Bank of Canada; Mr. J. H. Fulton, president of the First National Bank, New York; and Messrs. T. B. Francis, and Archibald C. Kains, also representative bankers of the American metropolis.

Lady Spring-Rice and her children, on their return from Blue Sea Lake in the autumn, will live at New Edinburgh, near Rideau Hall, Ottawa.

Among those at the Royal Canadian Yacht Club last night dining and dancing were: The commodore, Mr. Geo. Gooderham; Mrs. and Mrs. Frank Brentnall; Miss Zillah Worthington, Mr. and Mrs. C. A. Brown, Major Arthur Kirkpatrick, Capt. Christie Clark, Mr. and Mrs. Morgan Jellatt, Mr. Molson, Mr. and Mrs. Norris, Mrs. Boone, Mrs. Frank Allen, Mr. and Mrs. Norman Gordon Gooderham, and Mrs. Gooderham, Mrs. Hirschfelder, Col. J. A. Macdonald, Mr. and Mrs. Tolson, Mr. and Mrs. Percy Robertson, Capt. Calhoun, Mr. Taber, Mrs. Geo. Hagar, Mr. Austin Meredith, Mr. J. C. Ryerson, Mrs. Frank Allen, Mr. and Mrs. J. A. M. Alley, Capt. and Mrs. Kingsmill, Mr. and Mrs. Johnston, Mr. and Mrs. Casey Wood, Col. Watt, Mr. Arnold Ivey, Mr. and Mrs. Gordon Gooderham, Mr. Bonnell, Miss Jackson, Capt. Snellgrove, Mr. E. Hatfield, Mr. and Mrs. Burson, Miss Victoria Gooderham, Mr. and Mrs. Leacock, Miss Merrill, Mr. and Mrs. Charles Clark, Mr. and Mrs. E. Oliver, Miss Wilson, Mr. and Mrs. W. F. Blackstock, Mr. and Mrs. Harton Walker, Mr. and Mrs. Seymour Cowley, Col. Primrose, Capt. Len Morrison (2nd Batt.), Mr. Good, Mr. F. Robertson, Mrs. Playfair, Mr. Jack Ross, Mr. and Mrs. Draper, Mr. and Mrs. Cameron, Major and Mrs. Lincoln Hunter, Mrs. Montisambert, Mr. and Mrs. Byrne.

Sir Douglas Cameron, Winnipeg, is in town and at the King Edward.

Mr. and Mrs. B. Brown gave a dinner last night at the R.C.Y.C. for Mr. and Mrs. Charles Clark and Miss Clark, New York, and Mrs. Milligan, New York. Others present: Mrs. Boone, Capt. Calhoun, Mr. Taber.

Captain and Mrs. A. E. Gooderham gave a dinner at the Royal Canadian Yacht Club last night with Mrs. Len Morrison, 3rd Battalion, who has returned from Germany, when the guests included Mrs. Frank Allen, Mr. and Mrs. Gordon Gooderham, Dr. and Mrs. Burson.

Vascount Kikukuro Ichii, representative of the Emperor of the United States, is at the King Edward.

The commanding officer, the 48th Highlanders, on behalf of the regiment, has issued invitations to a picnic and game at the Woodbine Park on Saturday, at 2 o'clock.

The marriage takes place very quietly this morning in the Church of the Sacred Heart, the Rev. Father Le Marche officiating, of Captain Charles Gaston Vayssiere, French Army, attached to the French Advisory Mission, Camp Lee, Petersburg, Virginia, and Harriette Rosamund, daughter of Mr. and Mrs. A. H. Ireland. The handsome bride, who will be given away by her father, is wearing a smart bronze jersey cloth dress, with an African brown hat, with large French veil to match, also shoes of the same color, and a shower bouquet of yellow orchids and roses. The groom will wear a white tuxedo, and the ceremony will be held at 11 o'clock, and a buffet breakfast at her house in Bloor

street for the immediate family, when she will wear white georgette crepe, with a pink crepe hat and carry a shower bouquet of Russell and Ophelia roses. The drawing-room, where the reception will be held, will be beautiful and fragrant with Beauty and Ophelia roses and masses of outdoor flowers, and the bride's table will be decorated with mauve and pink sweet peas. The bride and groom will afterwards leave for the Clifton Inn, Niagara Falls, Ont., for a short stay, and will return to town before leaving for the south. The bride's only brother, Dr. Guy Ireland, was not present at the wedding, as he is brain specialist at the Boston Downe Hospital, and has been there for some years since the war.

He is in the air, that some of the officers who have been in the Perkins Bull Hospital in England will entertain Mr. Ireland on return from a fortnight in Washington.

Mr. and Mrs. Charles Clarke, Miss Clarke and Mrs. Milligan, New York, are at the King Edward.

Among those giving small dinners at the R.C.Y.C. last night were Mr. and Mrs. Harton Walker, Mr. and Mrs. Casey Wood, Col. M. Byrne, the St. George, who has been in Muskoka since the beginning of the month, returned home on Saturday, and will go to the country when Mr. Byrne gets his holidays.

Hagar, Mr. Austin Meredith, Mr. C. W. Darling, and brother officers of the 48th Highlanders, are giving a picnic with games at the Woodbine Park next Saturday afternoon for the returned veterans of the regiment. The ladies of the 48th Highlanders are also co-operating to make the event a pleasant one for the wives and children of the men.

Mr. and Mrs. George Galt, who have been in Muskoka for several weeks, are expected back in Ottawa at the end of the week, and will be at the Chateau Laurier.

Mrs. James Duff and her daughter, Miss Mary Duff, are staying at the Chateau Laurier.

Mr. Garachty is spending a month's holiday at his house on the Georgian Bay.

Mr. Osborne was in town from Hamilton yesterday.

Mr. Arthur VanKoughnet is spending a few days at the Chateau Laurier, Ottawa, and at the King Edward for Hamilton, and at the King Edward for Ottawa.

Mr. J. B. Bell is in town from Hamilton, and at the King Edward for Ottawa.

Mr. Perkins Bull is in town on Sunday with his mother, Mrs. Bull, Merseville, Ontario. Mr. Perkins Bull is also Len Morrison, 3rd Battalion, who has returned from Germany, when the guests included Mrs. Frank Allen, Mr. and Mrs. Gordon Gooderham, Dr. and Mrs. Burson.

Mr. Arthur King and Mrs. King (formerly Mrs. Arthur VanKoughnet) have returned from their wedding trip in Montreal, and are living in Rosedale.

Mrs. W. A. Edwards has returned to town after spending a month with Judge O'Reilly in Cornwall.

Mrs. Egan is entertaining the knitters of the Sir Henry Pellatt Chapter, I. O. G. T. in this evening in her garden, Sultan.

Miss Alice Fuller is staying with Mrs. Wallace Nesbitt at her country house near Muskoka.

Mr. and Mrs. F. Fox spent a few days with Mr. and Mrs. F. Barry Hayes at Muskoka.

Mr. James Byrie has returned from Muskoka.

Mr. Stikeman has returned from Cobourg.

Mrs. Eugene Beupre and her children have returned from Muskoka.

A novelty in the way of a woman's clarinet, consisting of two violins, is playing at the Wawa Hotel.

The feature attraction at the Regent next week, "The Plot Bristles with Excitement, and as might be expected, there is a great amount of wholesome fun. Daughter of a lumber king, Stephanie, weary of society, goes away as a poor little schoolmarm to find another love, she does. There are many strange events in the love story which follows; dangers threaten her hero, and when she goes to his cabin to tell him, he doubts her. The climax comes when the two meet in an elevator. It is most surprising. The Regent orchestra, always a treat, and other attractions will make the program one of the best.

Bert Lytell at Strand.

A Toronto boy, with numerous friends in the city, is Bert Lytell, who will be seen at the Strand Theatre today, tomorrow and Saturday, in the splendid five-act Metro screen-drama of love and peril, entitled "The Trail to Yesterday."

His part is that of a young fellow compelled to escape punishment for a crime of which he is guiltless, to go west, who later, in the terror of the unknown, becomes known as the "Paddy" Arbutle, who is guided into the gripping scenes, showing the Grand Canyon of Colorado, and an Arizona cattle ranch, in the part of a cowboy. Mr. Lytell has

cepting his wonderful characterization of "Palastoff," which was acclaimed all over America as the most wonderful interpretation of Shakespeare's Antony and Cleopatra, the tailor, Edward H. Robins, never and the harmonious democratic laughter of Betty, Miss Frances Neilson was never more lovable nor seen to better will be the same as when presented a few weeks ago.

William Shea's Hippodrome, "Her One Mistake," starring Gladys Brockwell, to appear next week at Shea's Hippodrome, is a play that will find a big appeal everywhere. The drama is remarkable in that Miss Brockwell again plays a dual role. Her "making-up" of her nose brings about the two distinct persons. The story has many clever nuances. The story has Miss Brockwell, widely known as "the girl of a thousand eyes," and her cast, like every vintage. Six weeks of vaudeville attractions, headed by the musical Revue of 1913, and several comedies, will be given in conjunction with the feature film.

Low's Next Week.

The story of a love that was greater than life or death is unfolded in "Palastoff," an intensely emotional photodrama, which will be presented next week at Loew's Theatre and Winter Garden. Miss Norma Talmside, who is featured, plays the role of the famous on the stage in this country by Mme. Olga Petrova. "Just Girls," an elaborate song and dance revue, featuring Estelle House, will headline the vaudeville, which will also include "The House of the Trickeret," the Mahoney Bros., the original line of patter and songs; the Bas-relief Troupe, in acrobatic and risely work; Dorothy Boye, singing comedienne, and Harry LaVall and Sister, daring acrobats in "Paddy" Arbutle will be seen in his latest film comedy, "Good-Night, Nurse."

Mr. and Mrs. George Galt, who have been in Muskoka for several weeks, are expected back in Ottawa at the end of the week, and will be at the Chateau Laurier.

Mrs. James Duff and her daughter, Miss Mary Duff, are staying at the Chateau Laurier.

Mr. Garachty is spending a month's holiday at his house on the Georgian Bay.

Mr. Osborne was in town from Hamilton yesterday.

Mr. Arthur VanKoughnet is spending a few days at the Chateau Laurier, Ottawa, and at the King Edward for Hamilton, and at the King Edward for Ottawa.

Mr. J. B. Bell is in town from Hamilton, and at the King Edward for Ottawa.

Mr. Perkins Bull is in town on Sunday with his mother, Mrs. Bull, Merseville, Ontario. Mr. Perkins Bull is also Len Morrison, 3rd Battalion, who has returned from Germany, when the guests included Mrs. Frank Allen, Mr. and Mrs. Gordon Gooderham, Dr. and Mrs. Burson.

Mr. Arthur King and Mrs. King (formerly Mrs. Arthur VanKoughnet) have returned from their wedding trip in Montreal, and are living in Rosedale.

Mrs. W. A. Edwards has returned to town after spending a month with Judge O'Reilly in Cornwall.

Mrs. Egan is entertaining the knitters of the Sir Henry Pellatt Chapter, I. O. G. T. in this evening in her garden, Sultan.

Miss Alice Fuller is staying with Mrs. Wallace Nesbitt at her country house near Muskoka.

Mr. and Mrs. F. Fox spent a few days with Mr. and Mrs. F. Barry Hayes at Muskoka.

Mr. James Byrie has returned from Muskoka.

Mr. Stikeman has returned from Cobourg.

Mrs. Eugene Beupre and her children have returned from Muskoka.

A novelty in the way of a woman's clarinet, consisting of two violins, is playing at the Wawa Hotel.

The feature attraction at the Regent next week, "The Plot Bristles with Excitement, and as might be expected, there is a great amount of wholesome fun. Mr. Lytell has

simple scope for demonstrating his athletic abilities, which are of the highest order. He has been surrounded by a splendid cast, headed by Anna Q. Nilsson, who plays the part of the girl who wins the rugged cowboy's heart.

Mme. Petrova has an unusually complex and fascinating role in "The Life Mask," her third special picture, in which she will be seen at the Madison Theatre today, tomorrow and Saturday. Her part is that of a bride, who wrongly believes herself to have murdered her husband.

"Johnny, Get Your Gun,"

"Johnny, Get Your Gun," the Edmund Lawrence Burke comedy, which created one of the greatest successes scored locally last season at the Royal Alexandra Theatre, with Louis Bernstein in the title role, has been secured by Edward H. Robins for the first stock production, and will be produced for the week of Aug. 8.

SOLDIERS AT PICNIC.

Riverdale branch of the G.W.V.A. is giving 20 patients from the military hospitals a picnic on Saturday. These men will all be amputation cases, and will go to Wabasso Park, Burlington.

ANNOUNCEMENTS

Notices of future events, not intended to raise money, 20 per word, minimum 50c; if held to raise money solely for Patriotic, Church or Charitable purposes 4c per word, minimum \$1.00; if held to raise money for any other than these purposes 6c per word, minimum \$2.50.

MR. S. B. GUNDY announces the publication today of Locke's new novel, "The Rough Road," held by many to be author's best novel since "The Beloved Vagabond." Phone your bookseller for a copy.

WEDDED AT KITCHENER.

Kitchener, July 24.—Miss Yada Roschmann and J. Edward Hill were married here this evening at Carmel Church, the ceremony being performed by Rev. H. L. O'Brien. The bride was attended by Miss Caritta Roschmann as maid of honor and Misses Deasia and Rhona Roschmann as bridesmaids. Mr. and Mrs. Hill will enjoy a honeymoon trip on the great lakes.

ROYAL YEAST CAKES

Now that the new government standard hour is in general use, the quality of the yeast you use is more important than ever. Use Royal Yeast Cakes. Their quality is absolutely reliable. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

Send name and address for copy Royal Yeast Cake Book.

ONE HUGE BODY OF ORE IS OBSERVED ON OTISSE

No Reason to Conclude That Davidson and Others on Same Belt Will Not Show Up Equally Well-- Means Great Economy in Mining.

Porcupine was not slow to win the favorable opinion of mining men, because of the unusual size of its ore bodies. Large tonnages very often mean a handsome profit when small tonnages would involve an actual loss. The main reef in the Rand has an average width of five feet. The difference between such one body and one fifty feet or more in width is not merely the difference in tonnage. Not least important is the lower cost of mining. Costs in the Rand can never be reduced below \$4 per ton. In the big ore bodies of Alaska they are under \$1.

When conditions become normal after the war we expect to see the Hollinger Consolidated treating 100,000 tons of ore per month at a total cost of \$2 per ton. From this they should realize an annual profit exceeding \$5,000,000. But Hollinger ore bodies are not so large. They are found in many different veins over a total area of nearly 400 acres. This adds to the expense of mining. The gold-bearing rock were all in a compact body, 150 to 250 feet, or more in width, as we find it on the Otisse in the Matachewan gold area, the costs of mining would be very much less, for there would be practically no dead work.

Indeed it would appear that in the new gold field we have taken another step and a very long one, in the direction of absolute superiority over all other gold regions in the world. The Otisse is without a rival, but if they were all thrown into one mine, the Otisse would be more easily and cheaply won, and this is the enviable condition which seems to obtain in Matachewan. A condition marking its discovery as a further great advance.

Immense Ore Body.
From the standpoint of an immense ore body, the Otisse seems to be the most advanced in point of development. But there is another factor, that the Davidson and others on the same belt will not show up equally well. The schist in the matrix of the gold on the Otisse there is on the Craig a body of quartz 150 feet wide. This property is in the avenue in the Township of Parry and fluorite are sometimes associated with gold, and both these minerals have been found in this vein, the not in quantities which would justify their development, apart from the fact that the schistite has been reported from the same locality, and in the southern part of the Rand near Fox Rapids there is some iron formation. The latter is common to all our gold fields. Scheelite occurs also at Porcupine and Goussard. The fluorite is not usually found in gold regions. Fluorite, or fluor spar, which is used as a flux and in the manufacture of hydrofluoric acid, is somewhat of a novelty in northern Ontario. It is now, however, being extensively mined near Madoc in eastern Ontario.

Orthoclase Porphyry.
The small masses of orthoclase porphyry on the Davidson and Otisse in the Township of Powell are probably of the same relative age as the syenite in the Otisse, says A. G. Burrows, the assistant provincial geologist. He also adds that "the high percentage of potash in the two rocks suggest a similar origin, while the different crystallizations expressed may be due to the difference in the two bodies." This fully confirms the opinions we have heretofore made public in these columns. The difference between the porphyry in the vicinity of the Davidson and Otisse and the so-called syenite in Cairo is tectonic only. It is a difference merely in structure, due to the fact that the smaller body solidified more rapidly.

It is worthy of note that Mr. Burrows recommends a close examination of the Cairo and Alma Townships. In the whole of Bulletin No. 34, the geologist of the Matachewan area, this is the only instance in which he has departed from his official reserve. It indicates that he considers this contact to be the best ground now open to the prospector in the district.

Mining usually absorbs about 70 per cent. of the total costs of producing an ounce of gold, and if the larger body of the ore bodies at Matachewan admits of a very material reduction in the costs of mining, it will do to increase the progress of the camp.

S. R. Clarke.

MINING MARKET IS STILL QUIET

Dome and Dome Extension Sell Higher -- Lake Shore Has Reaction. RALLY BY NEWRAY

Stock Closes Firm After Dip -- Better Demand for Vacuum Gas.

While trading on the Standard Exchange yesterday was on the restricted scale to be expected with July 25, the market prevailing, it was of a somewhat greater extent than that of the previous day. Stocks for the most part moved narrow and tendency was toward slightly lower levels, but Dome and Dome Extension were exceptions to the rule. The former sold at \$2.25, and the latter at \$2.25 on Tuesday, and Dome Extension firm up to 10-14, the first buying orders from New York for this issue in some time being reported.

Lake Shore sold between 72 and 70, closing three points below Tuesday's figure, but the selling was a small one when measured by the extent of the recent sharp advance and in consideration of the natural tendency to take profits when good news is out. Some of the buying yesterday was stated to be for inside interests.

Newray, after dipping to 12-12, the lowest price on the movement, rallied to 13-12, and the closing bid moved up to 14-12. Developments at this property, according to the latest information, are very favorable, and a much larger body of ore is indicated than had been looked for by those not in close touch with the management. Hollinger was unchanged at 4.60 and McIntyre reacted a point to 1.28, at which it was well supported. Apex at 2 was a full point.

Hargraves was the only active issue among the Cobalt, the stock being a shade firmer at 4-8. Timiskaming remained at 30-12 and McKinley-Darragh at 39.

Vacuum Gas was firm at 10. More interest is being displayed in this stock and there is some New York buying.

BONDS ON GOLD OUTPUT SEEMS LOGICAL COURSE

Dominion Government Has Rewarded Production of Other Metals--Significant Step by U.S. in Classing Gold Mining as Essential Industry.

In times past the Government of Canada has seen fit to give a bonus for the production of iron ore in Nova Scotia, and also of silver-lead-zinc ores in British Columbia, and, ostensibly to preserve the credit of the country, it has put many millions into the Canadian Northern Railway. Aid to the gold mines under the peculiar conditions brought about by the war would not involve any departure from precedent. It is not certain that without adequate assistance the production of gold will decline, but it is certain that inaction leads to an impairment of the national credit, the consequent loss will far exceed the measure of aid now proposed.

The cessation of war industries will probably bring about considerable financial stress, and money is likely to be tight, even assuming that war bonds are freely negotiable near par in the post-bellum period. In a crisis such as this it is of the utmost importance that the credit of Canada be kept up to the mark. There will be heavy outlays for taxes and interest and an insistent demand for new money. No doubt the bulk of our currency comes from the chartered banks apart from their connection with government issues, there is no reason to suppose that they would lend to the gold mines. It is clear that a depreciation in government securities would involve a tightening of the purse strings and a drastic change in policy on the part of the banks.

In 1890 the United States had a population of 21,500,000. In 1918, in consequence of the civil war, specie payments were suspended, and the population had increased to 26,000,000. The national currency was not placed on a gold basis until 1913. This involved an enormous loss, the resources of the country in proportion to liabilities were much greater than those of Canada.

The Bank of England had to suspend specie payments from 1797 to 1825 in consequence of the Napoleonic wars, and it is plain that the credit of governments is only a little less vulnerable than that of corporations and individuals.

The United States have recently placed gold mining among the essential industries, and it is highly probable that this measure direct aid to the mines. If Great Britain joins the great republic in bonusing the production of gold the Canadian Government will, no doubt, follow on similar lines, without delay. This will also involve a very heavy charge on the ordinary revenue. The production for the first year, at all events, is not likely to exceed 1,000,000 ounces, and \$5 per ounce on this would not be burdensome, and, as the output increased, the benefits which will accrue from unlimited national credit will more than offset any costs involved in the proposed aid.

In many ways the vigorous development of our great gold fields will be of incalculable advantage to the country. These resources have almost unlimited possibilities, far greater, in fact, than any other country ever had, and now is the time for their exploitation. The time has come when the scale to repair the ravages of war. The government cannot afford to ignore the call.

S. R. Clarke.

Signs of the Times

Two events of far-reaching influence on the future of gold mining have transpired within the past week. The first was the counter-offensive of Field-Marshal Foch, and the second was the ruling of the United States War Industry Board, which listed gold mining as one of the essential industries. The effect of this decision is to place gold mining among the favored industries. Gold miners are to be given priority in the matter of supplies and materials used in recovering the yellow metal, and in short, placed on the same footing as those engaged in shipping, agriculture and other industries regarded as of utmost importance to the nation in its war-winning activities.

The repulse of the great German offensive, which had for its final purpose the final destruction of the fighting machine of the Allies, and therefore the culmination of the conflict with a German peace, has undoubtedly brought the end of the war nearer, but not the end that the foe had hoped for. Out-generated and outfought, the enemy forces have suffered a defeat at the hands of the Allies from which, according to authorities, it is extremely unlikely they will be able to recover during the present campaigning season. With the passing of the summer, carrying with it the unrealized ambitions of the enemy, the German opportunity to win the war will have departed irrevocably.

The approach of peace undoubtedly promises to be the greatest benefit to the gold mines. The disabilities under which the miners of the "royal" metal are laboring are high costs of materials and scarcity of labor. Both these factors will be relieved and rendered less stringent by the conclusion of hostilities, thereby restoring the gold mines to their old-time favorable position.

On the other hand, the ruling of the War Industries Board of the United States should have the effect of calling forth similar action on the part of the Imperial and Dominion Governments, thus relieving the undue strain on gold mining. The recognition by the American Republic of the utmost importance of the production of gold restores this industry to its proper position in the public eye, and ends for all time the discussion as to the essentiality of producing gold in war time.

The way has been blazed by the United States, and we anticipate that within the near future word will be received of the recognition of the value of mining gold by the British Government in the adoption of some such policy as will henceforth be pursued in the United States.

It is also believed that the action of the United States is merely the preliminary to further help to the gold mines. It will be recalled that when the silver question was being debated, there was much diversity of opinion as to what should be paid for the metal. Representation by the western silver miners was largely responsible for the fixing of the price at \$1 per ounce, as it was proven that only at that price could the white metal be profitably produced in that part of the country.

Having established gold mining as an essential industry, it will probably be seen that the same generous policy will be followed. If it is found that gold cannot be produced profitably, even under the improved conditions, the oft-suggested remedy of bonusing the producers may be adopted.

We believe that the increasing attention, both governmental and public, which is being accorded to the gold mining industry, is significant. We believe that as the end of the war draws appreciably nearer, the gold stocks will be regarded with increasing favor. It is a fact that in the press and the literature of a large number of the big brokerage firms in the United States and Canada, the gold securities are being dwelt upon more and more. We think that the tide of public investment is slowly, but nevertheless surely, turning towards the gold securities. The "Sivers," "Coppers," and other metal securities have had their day; so, also, have the "Industrials" and "Rails." The signs of the time point to the coming movement in the "Golds."

OIL INDUSTRY IN ONTARIO EXPANDS

Production is Largely Increased, and Boom Seems to Be Developing.

Every one who has recently visited the different oil producing fields in Ontario is surprised at the extent of development work under way. Several recent good discoveries have greatly increased interest in this exploratory work, and many companies and syndicates are actively at work. The production of oil has already been largely increased, and it can be confidently expected that next year's production for Ontario will show a large increase over any recent record.

Oil men generally expect the above result to come chiefly from the Trenton formation, which recently completed wells have proved to contain very substantial pools of oil and reservoirs of gas. Both are of high quality. There is no boom quite equal to an oil boom, and money can always be found to drill wells when the geologic formations are known to contain oil or gas. The proof that the Trenton formation will be a large producer of oil and gas, furnished by several recently completed tests, is bound to result in extensive drilling of wells and the usual public interest and excitement.

INEFFICIENT LABOR HANDICAP TO MINES

Gold Mines Could Combat High Cost of Material Otherwise.

The Mining Review says it has asked for the views of leading gold mine operators of northern Ontario and that the consensus of opinion appears to be as follows:

Were adequate, efficient labor available the leading gold miners could successfully combat the high cost of material. In spite of the fact that wages are the highest in the history of the country the men engaged do not bring to surface anything like the weight of ore per man engaged before the war. Therefore, instead of paying increased wages, the law of economics would appear to direct that wages be decreased. This cannot be effected at the present time unless Austrians, Germans, Bulgarians, and indeed all enemy aliens be interned and compelled to work for war pay. Whether or not such a step would be advisable would be a difficult matter to determine.

Thus, also for the duration of the war the fate of the gold mining industry appears to hang upon the fact of mining efficiency, or inefficiency of the mine workers, there appears to be small chance of the Canadian government finding a solution. This leaves the one alternative of aiding the gold mines by reducing war taxes to a minimum, giving the industry minimum transportation rates, and reducing taxation on mining machinery and material to the lowest possible point, without placing the interests of Canadian manufacturers in jeopardy.

MINING NOTES

While the Miller Independence has shipped a small quantity of gold, the shipment by the Patricia Syndicate early next week represents the first shipment of consequence from the Boston Creek gold area.

The reported deal whereby the Aladdin-Cobalt would buy the original stamp mill of the Tough-Oakes mine to mill ore from the Burnside has not been consummated. The original mill is not complete and the Aladdin Company will probably build a new mill.

The mill to retreat McKinley-Darragh-Savage falls in the bed of Cobalt shaft is now operating at capacity, about two hundred tons a day. After several delays due to slow deliveries of machinery and other uncontrollable causes, it is understood that an excellent recovery is being made and that the heads to the mill are running about five ounces to the ton.

At the Miller Independence property in Boston Creek a seven drill compressors is being installed and a new pipe line to the new shaft. The compressor should be set up right away. About twelve feet of drifting, both east and west, has been accomplished on the 100 foot level from the shaft. The material on the dump shows considerable sulphides, a sprinkling of tellurides and gold.

The shaft on the north vein at the Burnside, Kirkland Lake, controlled by the Aladdin Cobalt Company, also operating the Chambers-Perland in Cobalt, is now 255 feet in. The last 31 shifts 105 feet of sinking was done. It is intended to continue this shaft to 400 feet where a crosscut will be run up to the vein. Drifting on the south vein is in progress and about forty feet of vein has been developed with it is understood, encouraging results.

The pumps for pumping tails from Cobalt Lake to a dump alongside the Cobalt Reduction mill have arrived in Cobalt. It is expected that they will be set up and the plant started in a few weeks. The backing Corporation propose to pump about a thousand tons of tails a day from the lake so that a pile will be available for treatment during the winter months.

In the meantime the mill is being changed around. These changes will bring about a capacity of about seven hundred tons a day. The large part of the tails will be cyanided, the balance being treated by oil flotation. This mill will have the largest capacity of any mill in Cobalt. There are about a half million tons available.

GOLD PRODUCTION ON DOWN-GRADE BIG CONFERENCE ON GOLD MINING?

Hennen Jennings Points Out Seriousness of Economic Situation. An International Commission May Arise Out of the Present Emergency.

Boston, July 24.—Gold mining men making an effort to secure some considerations for the gold mining industry which will offset problems created by a fixed price and rising costs are interested in a statement before the house ways and means committee by Hennen Jennings, consulting engineer of the United States Bureau of Mines.

Mr. Jennings said: "I was requested by the director of the bureau of mines to make inquiry as to effect of present economic conditions and new taxation on the gold industry. My aim is to show that the Liberty bonds differ from all other industries in that it is impossible for it to obtain any excess profit during this war period; but, on the contrary, it is proportionately burdened as prices of other commodities used in its attainment advance and as long as integrity of the gold standard is maintained by the gold in one of the most needed war essentials."

A committee of western producers has been appointed to consider the margin of profit of aiding the gold ways and means of aiding the gold producers. Among them is Key Pittman, who was influential in getting dollar silver effective.

McAdoo says: "Next to food and ammunition, gold is one of the most needed war essentials."

A committee of western producers has been appointed to consider the margin of profit of aiding the gold ways and means of aiding the gold producers. Among them is Key Pittman, who was influential in getting dollar silver effective.

ONTARIO STEEL SHOWS GAIN IN NET PROFITS

Montreal, July 24.—Net profits of Ontario Steel Products, Limited, for the year ended June 30, showed a substantial increase of \$25,811, or better than 14 per cent. with the tonnage output and sales, as well as profits, new high records for the company.

Net working capital of the company rose from \$582,842 to \$630,595 within the year, a gain of well on to \$100,000. Total assets of \$2,545,397 compare with \$2,430,075 a year ago.

RAILWAY EARNINGS

Montreal, July 24.—Canadian Pacific earnings for week of July 21, 1918, \$2,644,000, decrease \$306,000.

Montreal, July 24.—Grand Trunk Railway System traffic earnings from July 15 to 21: 1918, \$2,496,180; 1917, \$1,358,019; increase, \$1,138,161.

LONDON MARKET QUIET

London July 24.—The stock market developed a quieter tone today owing to the fact that the London market from France induced greater subscriptions to war loans, which also, incidentally, caused a tightening of the money market. The market maintained a good undertone, but the only active features were oil, tin, electrical, armament and Brazilian issues.

NEXT LIBERTY LOAN

Washington, July 24.—The United States Treasury Department virtually has determined to hold the Liberty Loan campaign in the three week period between Saturday, September 28, and Saturday, October 19.

UNDERTONE IS FIRM ON NEW YORK CURB

Hamilton B. Willis received the following wire at the close of the New York curb market yesterday afternoon: "The general market was quiet but displayed a very firm undertone. Aetna Explosives was strong and is being well bought at around current quotations. Houston was strong again today. The other oil issues were quiet and firm. There is a very good class of buying going on in the Oil. Lone Star sold off from 20 to 11 cents on profit-taking and recovered to 15. This stock looks like a good purchase now, as there has been a good shake out and a new short interest has been created. Goldfield Merger continued strong, also Caledonia, selling up to 49 cents, ex-div. 2 cents. West End was strong in anticipation of a substantial dividend being declared shortly."

ADANAC VEIN WIDENS

That Adanac is proving up satisfactorily as development work continues along the 400-foot level, and a strike of major importance may soon be looked for, is attested by the following information received late yesterday afternoon by Hamilton B. Willis from Cobalt, over his private wire: "Adanac vein is improving in width with every shot. It is now eight inches wide in the face of the drift, calcite and cobalt nilling, and looks very healthy."

B. C. MINES DIVIDENDS.

Five leading companies of British Columbia have paid dividends for the first six months of 1918, totaling \$1,650,337. These companies are: Granby Consolidated M. S. & R. Co., \$74,200; Consolidated Mining and Smelting Co. (Trail), \$523,872; Howe Sound Co. (Britannia Mine), \$193,415; Hedberg Gold Mining Co., \$96,000; Crown's Nest Pass Coal Co., \$62,126.

ORE RECEIPTS AT TRAIL

The Consolidated Mining and Smelting Company of Canada, Limited, reports ore receipts at Trail Smelter from July 8 to July 14, 1918, inclusive, as 3,321 tons, and from October 1, 1917, to date, as 253,094 tons.

DIAMOND DRILLING NOT GUIDE TO ORE RESERVES

West Dome Estimates Far Apart, Says Northern Miner.

The Northern Miner says: Another instance of the bad policy of accepting diamond drill results as a basis for calculating ore reserves in Porcupine, is shown in the West Dome affair. A report, just issued by that company includes a statement of the late manager in which he calculates ore reserves based on diamond drilling. He specially mentioned his calculations were made on results from drill cores, but many shareholders will note the big difference in a report by another engineer who examined the property and cut down the estimate considerably. It is a regrettable occurrence and seems to lead to the conclusion that ore reserves based on diamond drilling in Porcupine lead often to disappointment and should not be accepted.

NEW-YORK STOCKS MOVE IRREGULARLY

N. S. Steel is Dominating Factor and Closes With Fair Gain.

New York, July 24.—Stocks moved unevenly during the greater part of today's somewhat quiet session, traders again exerting occasional pressure on the limited public demand, but prices hardened later, the market closing with a preponderance of gains.

U. S. Steel was again the dominant feature, but reflected at intervals the growing uncertainty regarding the forthcoming dividend. Fluctuating between an area of almost two points, Steel closed at a net gain of 7-8 of a point.

Kindred industrials and the general run of equipments took their cue from United States Steel, Baldwin Locomotive, however, showing marked strength with Reading in the final dealing.

Sumatra Tobacco maintained its reputation for extreme irregularity, jumping up and down in a seven-point radius and closing at a four-point loss. Sales amounted to 283,000 shares.

Bonds were irregular on broader dealings. Total sales (par value) aggregated \$5,715,000.

Old United States bonds were unchanged on call.

High tribute paid to veteran banker Sir Edmund Walker's Fifty Years of Service is Commemorated.

Sir Edmund Walker's half century of service with the Canadian Bank of Commerce was fittingly celebrated yesterday, not only by the issuance of new bank notes but also by the holding of a dinner at the King Edward Hotel, at which the guests included prominent bankers and business men.

Referring to the fact that the Bank of Commerce has deposits in excess of \$300,000,000, he said that he did not believe the time was far distant when Canadian banks would have deposits triple that size and that the day of the billion-dollar deposit bank in the Dominion was not far distant.

Honor Sir Edmund. Among those invited to attend last night's dinner were: C. A. Bogert, of the Dominion Bank, and vice-president of the local Bankers' Association; Mayor Church, Hon. Dr. Cody, Col. G. T. Denison, Senator Edwards, of Ottawa; T. Findlay, of the Massey-Harris Co.; Sir J. Flavelle, Sir John Gibson, Hon. W. J. Hanna, J. Holton, vice-president of the National City Bank of New York; Lieut.-Governor Sir John Hendrie; E. F. Hebdson, managing director of the Merchants' Bank; Howland, A. Kalns, president of the American Foreign Bankers' Association; J. G. Kent, A. Jarvis, Z. A. Leahy, J. K. Macdonald, Archbishop McNeill, Sir W. Mulock, and Sir Henry Pellatt.

TRADING IS BRISK IN CANADA BREAD

Stock Sells at Highest Price of Year - Local Market Again Broadens Out.

Canada Bread common overshadowed other issues on the Toronto market yesterday, a sudden demand for this stock springing up in the afternoon, with the result that more than 600 shares changed hands and the best level of the year was reached.

The market in general was much broader than has been the custom of late, 20 stocks contributing to the day's total of 1162 shares, although dealings in bonds, including \$1000 in 8 1/2 Per cent. bonds at 90, amounted to only \$5000.

The war loans were quiet, the first issue selling slightly lower at 95 1/2, the second unchanged at 95, and the third 1-8 higher at 95 3/8.

Specialties strong in Montreal market. Canada Forgings and Woods Manufacturing Prominent - Car Stocks Reactionary.

Montreal, July 24.—Dealings on the Canadian stock exchanges showed some contraction today, the turnover for the day being less than 1400 shares against about 2300 on Tuesday, but the general tone of the market continued strong with substantial gains and new high prices for the year in several specialties.

Among those invited to attend last night's dinner were: C. A. Bogert, of the Dominion Bank, and vice-president of the local Bankers' Association; Mayor Church, Hon. Dr. Cody, Col. G. T. Denison, Senator Edwards, of Ottawa; T. Findlay, of the Massey-Harris Co.; Sir J. Flavelle, Sir John Gibson, Hon. W. J. Hanna, J. Holton, vice-president of the National City Bank of New York; Lieut.-Governor Sir John Hendrie; E. F. Hebdson, managing director of the Merchants' Bank; Howland, A. Kalns, president of the American Foreign Bankers' Association; J. G. Kent, A. Jarvis, Z. A. Leahy, J. K. Macdonald, Archbishop McNeill, Sir W. Mulock, and Sir Henry Pellatt.

Philadelphia, July 24.—Directors of the Pennsylvania Railroad today declared the regular quarterly dividend of 1 1/2 per cent.

SIMPSONS AUGUST FURNITURE SALE

Notwithstanding the uncertain condition of the furniture industry and the consequent shortage of production, we have been singularly fortunate in obtaining such a comprehensive stock of quality furniture at lesser prices as will win the good opinions of everybody interested in the furnishing of a home.

Of course our advantageous business connections with foremost furniture manufacturers are largely the reason for our superior assortments and values.

Knowing this sale to be a fixed yearly event, these manufacturers worked hand in hand with this store to produce even better furniture than heretofore.

This better class furniture is not higher priced. Rather it is marked much lower than furniture not so good offered elsewhere.

Most furniture looks good in the advertisements and it usually looks good when you first see it. Certainly it does. Nobody would buy it if it weren't good looking.

But, if the QUALITY isn't in the goods, the "looks" won't last long, as witness the unsightly appearance of cheap furniture after a little while of service.

A Word to Our Customers About The Home-lovers' Club

Founded upon the basic principle of "service to the customer" this home-furnishing plan has been adopted by thousands of thrifty homekeepers.

It is the answer to an insistent demand for a convenient shopping system of merit and dignity in conjunction with the purchase of things for the home.

Club membership is entirely free of charge—no fees, dues or other extras at all. And Club members enjoy the economy of buying at special sale prices.

The successful record of the Home-Lovers' Club proves its unquestioned popularity with that large and representative class whose homes make Toronto the beautiful city that it is.

Now, when the August sale pours forth its wealth of genuine economies, is the best time of the year to join the Club. We suggest that you confer with the Club Secretary, Fourth Floor, and learn what suitable arrangements can be made for you. Club Secretary, 4th Floor.

No amount of polish can gloss over the defects of knot holes, puttied up cracks and seams, ill-fitting joints and unseen imperfections.

It takes QUALITY furniture to come out with flying colors at the end of years of constant service. Such is Simpson furniture.

You need not take our say-so—come and see for yourself that Simpson furniture is actually made according to the highest specifications of quality for the money. Your visit of inspection puts you under no obligation to buy. Our salesmen will be glad to answer any questions as well as advise and suggest if necessary.
