Dr. J. C. Allen

FREE BOOK ON STOMACH TROUBLES

MR. JNO. TAYLOR OF SPRAGUE, ALGOMA, ONT., WRITES DR. SPROULE: "YOUR BOOK WAS THE BEGINNING OF A NEW LIFE FOR ME. EVERYONE SHOULD READ IT. YOU MAKE THINGS SO PLAIN AND CLEAR ABOUT OUR BODIES, AND PEOPLE OUGHT TO KNOW THESE FACTS."

The reason Dr. Sproule's book is plain is because he understands his subject thoroughly. It is his specialty. The book is the result of eighteen years of experience and of nearly 80,000 successful cases. His method of treatment is the only one suitable for long-standing and stubborn troubles of the stomach or digestive apparatus.

In his book this famous Specialist and great-hearted philanthropist gives you the benefit of all his years of toil and research. He realizes how gives you the benefit of all his years of toil and research. He realizes how gives you the benefit of all his years of toil and research. He realizes how gives you the benefit of all his years of toil and research.

There has been a bill in the building trade for some time. These were four permits issued from the City Commissioner's office since Friday last. They amounted to \$14,300, and make a total of \$34,100 for 20 permits issued since the first of the year.

SEVENTEEN YEARS IN THE COUNCIL

Ex-Ald. Thomas Allen, one of Toronto's oldest and best-known citizens, passed away yesterday afternoon at the home of Mrs. Allen, 1011 Bay Street, Toronto, after a long illness of Paralysis.

Mr. Allen was born in the city of Toronto on March 12, 1835. He was educated in the common schools of his native city, and attended the University of Toronto. He was a member of the Council of the City of Toronto for seventeen years, from 1885 to 1902.

We make no idle boast when we state that the CABLE CIGAR—So—is equal to most of the 100 brands of cigars now upon the market. We wish particularly to impress upon the public the fact that this cigar is not made in competition with the great majority of 50 cigars. It stands alone as the greatest cigar for the money ever produced in Canada.

EASTERNERS TALK WITH CONFIDENCE

O.H.A. Committee Disallows Stratford's Protest Against U.C.C.—A Final Game.

Windsor, March 11.—(Special)—The Montreal hockey team, the challengers of the Stanley Cup, who will compete with the Victorias, the present champions, at the Auditorium rink on Thursday night, in the first game of the series for the Stanley Cup, arrived in the city this morning, feeling comparatively fresh after their long trip.

The party included the team, two spare men, but Elliott, the third man, was placed in the hospital, and will arrive here with a number of Montreal supporters, which are being held in readiness for the game on the evening of the same date.

Whether we win or not remains to be seen, remarked Bellingham, but we are confident that we can give the Victorias a hard game. They are a heavy team and are capable of doing a great deal, this we learned from past experience.

"Are you in good form?" "Yes, we are in excellent form at the present time, and we expect to go on to a great extent, and we will go on to a good condition, and expecting a hard game."

The referee question has been settled satisfactorily to the Montreal boys' satisfaction. It was reported Mr. Bellingham, "very satisfactory. McFarland is acceptable to us, and we are glad to have him as our official. I have never met him, and consequently do not know him, but I am sure that myself, as well as the other members of the team, will be satisfied with the referee."

Speaking of the Montreal boys, Mr. Bellingham said that they are the youngest and slickest hockey team on the ice today, taking them on the general average. He said that he thought there was a possibility of their being the best Eastern team, for he said he has not always been with them.

How do they compare with the Wellingtons? "I don't think the Wellingtons would be in it with them. It is difficult to compare them, but I think they are better. The boys are in good trim," he added.

"They were trained close when we were in the city, and they are doing better than they were," he added.

"The boys are getting better, and prospects are more favorable for good ice on the ice."

Stratford's Protest Disallowed.—The Executive of the O.H.A. met last night to decide on the protest lodged by Stratford against the U.C.C. There were two points in the protest—one that the Amateurs Committee was not to be considered at all. The other was that the Amateurs Committee was to be considered at all. The protest was disallowed.

SIR OLIVER WON'T ATTEND

The Chief Justice and Not the Lieutenant-Governor Will Prorogue the Legislature.

THE NEW TEMISKAMING RAILWAY

Was a Live Topic Yesterday—Opposition Retorted Their Objections to Lack of Information.

Before the legislature adjourned last night Premier Ross announced that he regretted to say that the Lieutenant-Governor, Sir Oliver Mowat, would not be present when the House formally prorogued, but the government, he added, had secured the necessary permission, and the Chief Justice would perform the ceremony.

The Temiskaming and Northern Ontario Railway Bill was the all-important topic at yesterday's proceedings of the House. The House went into committee on the bill, and the appointment of the Board of Commissioners to supervise the line's construction, and the general lack of information on the subject, were the opposition's principal grounds for objection to the bill.

Passed Third Reading. The following bills were given their third reading: To incorporate the Middlesex and Elgin Inter-urban Railway Company, Mr. Robson.

To incorporate the Southwestern Traction Company, Mr. Robson. Respecting the Algoma Steel Company, Limited, Mr. Farwell.

To change the name of the Town of Tillsonburg to the Town of Tillsonburg, Mr. McKay.

Respecting the Algoma Tube Works, Limited, Mr. Farwell. Respecting the estate of William John Moore, deceased, Mr. Truax.

Agreements Ratified. The Commissioner of Crown Lands asked the House to ratify the new agreements between the government and the Sturgeon Falls Pulp Company, Neskonong Pulp and Manufacturing Company, and the Blanche River Pulp and Paper Company, and made a motion in this effect. He also gave an explanation of the terms of the agreements, which have already been published.

Mr. Whitney said the opposition's policy in connection with pulp wood grants was unchanged. He believed that it was improper to give away large tracts of country to corporations without the people first understanding the agreement. He added that the government had never given a clear, honest explanation of agreements entered into with corporations. The agreements were ratified.

Peasants' Railway. The House went into committee on the Temiskaming and Northern Ontario Act. The Commissioner of Public Works

said that according to the government engineer's report there were no serious engineering difficulties to be overcome, and the first hundred miles of the line from North Bay passed through a virgin forest. The country beyond that promised to be exceptionally rich in minerals and the plan along the route was said to be unsurpassed by any in Ontario. The decision to build the line from North Bay to a point near New Liskeard, on Lake Temiskaming, was briefly defended by the speaker, who observed that if the road were built from Mattawa, as it had been suggested, it would be impossible to tap Lake Temiskaming.

Commissioners Unnecessary. Mr. Whitney lodged a decided objection to a clause in the bill, which provided that from three to five commissioners should be appointed to supervise the construction of the road. Was it necessary, he demanded, that a road 100 miles in length should require five men at \$1000 a year to oversee its construction? He held that it was absurd, and the government was simply providing for five of its supporters.

The Attorney-General said that Mr. Whitney's remark was uncalled for, and asked who ever heard of a Board of Railway Commissioners consisting of less than five members?

Mr. Matheson thought the Commissioner of Public Works should undertake the work. He didn't have much to do and could spare the time. Mr. Crawford thought that, and then, if the work was not carried out, he could be held responsible, and there would be no hiding behind a commission.

Mr. Whitney: The fact that these commissioners are only to be paid \$1000 a year is proof positive that they are not needed. If they were good men, capable and experienced, they would not give their services for any such a sum.

Mr. Powell wanted to know if it was the government's intention to use the line along the route to Helena, for the cost of building the line. The Commissioner of Public Works answered that the bill gave the government power to set apart townships for that purpose.

Wanted More Information. Mr. Carscallen held that before the House committed itself some reasonable idea of the cost should be given before they were asked to endorse the enterprise. He complained that the Ministry had been remiss in their duty in not bringing down more information.

The Commissioner of Public Works said that the government engineer had estimated the total cost of the line at \$2,250,000, and for this sum he (the speaker) had been assured the line would be built.

Hon. J. R. Stratton generally defended the course that the government had pursued in the matter, and should not enter into any other business, and should be paid a fair salary so that it would not be necessary for them to do so.

Word was received in the city yesterday that the long-drawn-out strike in the National Cash Register Company's works at Dayton, Ohio, had been settled. The strike was inaugurated about two years ago, and several thousand men were affected. No particulars of the settlement were given in the message.

The members of the Brass Finishers' Local Union, No. 52, met at Pillsbury's social last night in their meeting room at St. Andrew's Market. They were entertained by John D. Curran, the popular parody singer, who contributed a number of original parodies, and the favorite songs of John Fildes and E. Robinson. Short addresses were made by the president, Samuel Bacon, and by Robert Robinson was presented with a handsome square, the presentation being made by John Fildes and E. Robinson. Refreshments were served.

Wolf had drawn Albin, Marshall had been defeated by Pillsbury, and Marco and Napier, Gumborg and Poppel and Eisenberg and Schve had drawn their respective games.

Another thing, he remarked, was that nothing had been said as to whether the line would be built by the Dominion government. Ontario had not received its fair share of subsidies.

Mr. Powell moved an amendment to the effect that the House regretted that in view of the grant of a subsidy to the Dominion government, which had been taken to secure from the Dominion government a subsidy of \$1,000,000, and that the House regretted also the lack of information that had been given in connection with this big proposition.

Mr. Lumsden hoped, he said, that the Mattawa route would have been chosen of the route proposed, and held that the Mattawa route was the better. If the line were run from Mattawa, it would be from 20 to 30 miles longer, and would accordingly be much more costly. He personally was satisfied that the Dominion government would aid in the construction of the road. The motion for the member from Ottawa (Mr. Powell) was carried, and he was promptly greeted, as well as the opposition, by a desire to delay the construction of the line but the government would not be delayed in its construction.

Mr. Carscallen denied the accusation that the opposition wished to delay matters. The opposition simply objected to the very meagre information that had been given to the House. The government, Mr. Carscallen held, showed most incompetency in dealing with this big proposition.

At the meeting of the Town Auxiliary of Knox Church last evening Mrs. Geoffrey gave an address on her missionary work in China. The Legal Department urged that the law which was passed compelling railway companies to erect vestibules, and which was last session suspended for a year, be brought into effect.

The Attorney-General did not think that rear-end vestibules were necessary when conductors were allowed to stand inside their cars to an extent as in Toronto. Mr. Gibson added that the law was suspended last year on account of Toronto Corporation Counsel Fullerton. At the instance of the Toronto Railway, Mr. George Kappel held there was no necessity for rear-end vestibules, and, further, the conductors did not want them.

After a long wrangle, the committee agreed to suspend the clause compelling the companies to place vestibules on for another year.

Granted the Application. Fort William's application for permission to develop 10,000 horse power for lighting purposes at Kakabeka Falls was granted by the Private Bills Committee yesterday morning. Mr. E. S. Jenkinson, who forfeited his privileges to power development, through default, was present, and urged for a continuance of the charter granted to him, but without avail.

Legal Committee. The Legal Committee yesterday passed Mr. Preston's act amending the Ontario Companies Act by providing that directors shall not vote on contracts in which they have a personal interest, and Mr. Dickenson's bill amending the Toll Roads Expropriation Act. The latter measure, which was previously fully explained while being discussed in committee, provides easier machinery than hitherto for the expropriation of toll roads, particularly where they partly in various municipalities, and gives municipalities the power to pass by-laws to borrow money for the freeing of such roads, without submitting the same to the ratepayers.

MAY STRIKE ON MAY DAY

Bricklayers Refuse to Compromise and Hold Out for 45 Cents an Hour.

THIS IS AN INCREASE OF 10 CENTS

Painters Will Stand By Their Demand—Big Dayton Strike Reported Settled.

It looks as if the union bricklayers of the city will strike on May 1. The employers have offered to compromise, and the offer has been refused by the men. At a meeting of the Bricklayers' Union last night in Richmond Hall, the communication was read from the employers, who offered to pay 41c an hour. The men decided to refuse the offer, and will demand what they first asked for, 45c an hour.

At present the bricklayers receive 35c an hour. They have a work-day of eight hours.

At a meeting of the Painters' Union last night in Richmond Hall it was decided to stand by their demands, notwithstanding the threat of the employers to declare it a lock-out if the men present they are receiving 25c an hour and an eight-hour day.

Word was received in the city yesterday that the long-drawn-out strike in the National Cash Register Company's works at Dayton, Ohio, had been settled. \$3.50 TROUSERS \$1.75

We took the lot and we took them at our own price. We cleared every pair of worsted trousers in the factory—325 pair. We paid cash and we got a bargain such as we take a business pride in. The result:

Unless a rain coat is right in style you don't want it at any price, and it's very hard to get the real up-to-date garment without paying the long price. Here's an exception—a most attractive one in your favor:

RAIN COATS Worth Nearly a Half More

75 only Men's Fine Covert Cloth Rain Coats, in medium fawn and dark Oxford grey shades, made in fashionable "Raguettes" style, fancy plaid linings, seams sewn and taped, ventilated at arm holes and finished with deep bottom facings, sizes 36-44, regular \$9.50 and \$10.00, on sale Thursday... 6.95

We thought we were through with these spring samples, but could not resist offering you these fifty—they were almost given to us (when you take the quality into consideration)—and the price at which we pass them on to you would not pay for the material in them.

50 Men's Sample Suits, English and Scotch Tweeds, and some unfinished fancy worsteds, light, medium and dark shades, this season's newest designs and styles, best linings and trimmings, sizes 36 to 40 only, regular \$8.50, \$9, \$10, up to \$14, Thursday... 5.95

Made-to-Order Spring Suits.

Now that the weather is growing mild, you will have to take the subject of a spring suit into consideration. In this connection you should remember the aim and ambition of our custom tailoring department—to give tailoring fit and finish to their work absolutely unexcelled in the city at the moderate prices in keeping with this economical store. We have all the fashionable spring cloths for this season, and we'll make you up a suit equal to what a New York tailor would give you and we'll charge you just about 1/2 as much.
