TREASURER LESLIE RESIGNS AND FRANK F. BRENTNALL IS CHOSEN TO SUCCEED

Exhibition Directorate Lose No Time in Assisting to Straighten Matters Out—Amount of Shortage Placed at About \$8000.

The appointment of Frank F. Brentnall, cashier in the inland revenue department, to the treasurership of the industrial exhibition board, succeeding Col. J. K. Leslie, resigned, will probably be made at a special meeting of the directors to be held in the exhibition board room at 4 o'clock this afternoon.

Col. Leslie's letter of resignation was, it is learned, received at a private meeting of the executive committee yesterday afternoon. Under the circumstances the committee considered that only one course was open to them, and it was agreed that the resignation should be accepted.

It was recognized as very important that no time should be lost in appointing a successor, as the busiest time of the year is now being entered upon, with the handling of funds for entry fees, concessions and six-for-a-dollar tickets, already being under way, and the exhibition itself only a month ahead.

Mr. Brentnall, who has for the past two years acted as cashier for the exhibition in an efficient manner, was asked to accept at a salary of \$10,000 a year, in excess of that now being paid the treasurer, as it has been felt for some time that the much increased importance and responsibility of the position demanded a bigger salary than \$1200 a year.

Mr. Brentnall accepted the terms and there is little doubt that the board will approve the choice which was made by President W. K. George, W. E. McNaught, George H. Gooderham, Mayor Oliver, Robert Fleming and J. G. Kent, directors, who constituted the meeting yesterday.

Mr. Brentnall, who has been in the finance department of the inland revenue, 18 Toronto-street, for eight years, is regarded as of good ability. H. R. Frankland, head of the department, said last night that he would be very sorry to lose Mr. Brentnall's services as the latter was a very efficient accountant. He would make a deal treasurer, he said.

Shortage Resolved.
It is stated that the executive meeting of the industrial exhibition board was very carefully considered, and that the amount named was not considered to be less than about \$2000 than had at first appeared.

The resignations of City Auditor William Anderson, his assistant, S. Hutchins, and E. Burrell, clerk, were received by the board of control yesterday, and were accepted.

The disclosure of inefficiency in auditing the exhibition books has merely hastened a movement for reorganization, which has been under way since the beginning of the year. It has been well understood that Mr. Anderson, following the example of Mr. Jones, was soon to resign, and the appointment of Walter Sterling as head of the department, succeeding Mr. Jones, was looked upon as an important step in the direction of reform.

Mr. Anderson, who is nearly 80 years of age, was appointed auditor in 1889. His present salary is \$1500. Mr. Hutchins has been in the department about eight years and is receiving \$1200 a year. Mr. Burrell, the junior assistant, has only been in the department a short time and his action was purely voluntary.

Audits Must Be Thorough.
Mayor Oliver has resolved that the auditing department must be made thoroughly efficient. Mr. Sterling, who whose ability he has absolute confidence, will be given a free hand, and allowed to select any number of assistants he deems necessary. The present auditors, while perfectly well-intentioned, have employed completely out-of-date methods.

Col. Leslie says his books were thoroughly audited by the city auditors, and that when the last report was made he informed the auditors that he had sufficient funds on hand to make the balance book balance with the cash book, and that the following day he made a deposit of \$2500. While it has been his custom to keep separate accounts in his private bank, and receipts for concessions and tickets, instead of deducting the balance from last year, he merely compared his receipts from various sources with the total cash, and in the hurry at the end of the year he neglected to transfer the balance.

While the amount mentioned was not in the bank book at the close of the audit he had sufficient funds on hand to make up the difference.

Ample Security.
Manager Orr says that the security given the city to cover any deficit amounts to about \$100,000, so that there is no danger of any loss. The bond includes \$10,000, transferred from Col. Leslie's bank account to that of the association, and a mortgage of \$25,000 on the New Carlton hotel property owned by Mrs. Leslie.

It now appears that Dr. Orr, on returning from his recent European trip, discovered that there was only \$6000 to the exhibition's credit at the bank, but the treasurer said he had a deposit to make that would square up matters. Dr. Orr, however, asked the city treasurer for a special audit, and soon after the special auditors began their investigations.

Dr. Orr is emphatic in his declarations that he has nothing whatever to do with the funds of the association. "I make the money and the treasurer handles it," is his way of putting it.

"I want it made plain that the treasurer is an independent appointee and is not responsible to the manager," he said, adding that he had not altered his opinion that simple carelessness was to blame. That the exhibition board has always courted full enquiry into the books, he maintained.

Official Statement To-Day.
Asked as to Col. Leslie's resignation the manager said an official statement would be given out after to-day's meeting of the board. The duty of the directors was plain, he said, and there was no doubt what the board would

BRITISH FLEET GLIDES AT QUIN

As Silently as They Came, Great Warships Depart While City Sleeps, and Small Group Say Goodbye.

QUEBEC, July 29.—(Staff Special.)—Quebec resolved on a splendid reception to the British fleet on its arrival, ten days ago.

Signals were sent up from Rimouski, and elsewhere, when the vessels passed inward, and great preparations were made. Then Quebec rose to breakfast one morning and found the vessels quietly anchored in the harbor as tho they had dropped, seabird like, from the skies.

The naval officers chafed the signal men a bit on their vigilance, and people wondered how the ships could come up the St. Lawrence without a pilot. That, of course, is the British naval man's business.

People heard that the fleet was to sail this morning and they expected a sensational departure with a great banging of farewell salutes. The evening papers took pains to put plenty of gunpowder into their anticipatory descriptions, and these prophetic reverberations are still echoing.

The facts are different and far more impressive and seamanlike. In the early hours of morning scarcely a soul was to be found on Dufferin-terrace. The big citadel slumbered, after the bustle of the day. The river, black as night, gleamed with the reflections of many electric signs of the Levis shore. Harbor lights indicated the big ships lying silent in the gloom, except the indomitable, whose deck lights were all ablaze. Round and round the deep sea cradle of Sallor Prince, a little launch showing a red eye as she turned down the river, crept with ceaseless vigilance at 1 o'clock in the morning.

Carrying Important Mail.
The letter mails from Quebec were put on board the big cruiser, indicating the intention to make a record in crossing the Atlantic. Hon. Roderic O'Leahy sent a semi-official letter to Rt. Hon. Sidney Duxton, postmaster-general of England, by this mail.

Two reporters sat on the terrace pavilion. A family, father and mother and two children, and a young lady, came along to see the last of a relative on the Duncan. Two old ladies followed to swell the group, which a casual observer would have taken for the eastern corner a little knot of men also watched and waited. Perhaps there were a dozen all told.

This was Quebec, as well as the Prince of Wales. The ferryboat for Levis shuttled backward and forward across the reserved stretch of river every little while, and the shimmering reflection of the I. C. R. illuminations, into golden splashes. A nightbird screamed and screamed overhead. The stars shone steadily and shifty breath of wind blew up and then down the river. It was gratefully cool in the darkness after the sultry turbulence of the crowded streets.

In spite of the silence all was activity in the fleet. Winking signals had been rapidly flashing from mast to mast since midnight and suppressed noises of steam and machinery had again jarred the stillness. At 2.20 a rocket from the Exmouth rose quietly and fell in stately light. It was answered from the Exmouth shortly. Then five bells were tapped and answered from ship to ship, the noise of the Frenchman also counting the hours.

Then, just before three, a whiteness spread over the eastern heavens, it was not light or color, only a bleaching of the night. Two roosters were fully alive to the romance of scene and cock-a-doodle-doo rose clear and shrill from the backyard of the Chateaux. It was the breaking of dawn in Belle France. In fact there were two brave birds and they exchanged compliments.

Shipping Away.
At six bells, another rocket from the Exmouth announced that sundry heavings and creakings had been successful and the anchor was speak. Dawn was slowly lighting in the east and the morning star glowed with pale fire above the "ole of Orleans. Rockets rose at intervals from the Exmouth, and finally one sprang from the Indomitable. A boat fitted past at 3.15, and the watchers cried out, "There she goes." The Exmouth was free of her moorings and moving with stately leisure down the broad flood. The tide was just about turning and the vessels still at anchor began to swing list their cables. Two or three ships' lengths behind the Exmouth followed the Duncan and at a similar distance the Venus. Not one of them made as much noise as the little ferry boat, yet their great anchors had been shipped, the rudders and launch made snug, and with lights still shining, they were putting out for sea.

At 4.45 the Albatross followed with the Venus and the Indomitable in order similar to the first three, which by this time were lost in the haze round Indian Cove.

The course lay between the New Hampshire and the French vessels on the south and the Indomitable and Minotaur on the north.

At five minutes past four the Minotaur, which had been floating free, gave the Indomitable room to swing with the tide, also made steam. The Indomitable, pausing for a minute, gave head to her turbines and, silently as the grave, slipped down the river out of the shadow of the frowning citadel.

The old ladies waved their handkerchiefs again and again. Those interested in the Duncan had gone half an hour.

ALL RIGHT ON GOOD ROADS, BUT—

How the Philadelphia Record (Dem.) Views the Situation.

SOO CORPORATION IS IN CONTROL OF PHILA. INTERESTS

Six Banks and Two Trust Compy's Bid in Stocks and Bonds That Have Been Held as Collateral.

PHILADELPHIA, July 29.—Six banks and two trust companies of Philadelphia to-day bid in stocks and bonds of the Lake Superior corporation with a par value of \$6,666,500, which had been held as collateral by these institutions against a loan to the Canadian Improvement Co. of \$1,411,000.

The securities were sold at \$1,592,877, which nearly equals the amount of the financial institution's loan. Each institution bid in its own holdings, with no opposition. The sale does not affect the status of the reorganized Lake Superior property, but simply transfers the control of the Lake Superior Corporation from the New York interests identified with the Canadian Improvement Co. to Philadelphia institutions that hold the loan.

The foreclosure of the collateral at public sales resulted from an attempt by the Canadian Improvement Co. to finance the organization of the Consolidated Lake Superior Co., thru loans placed here and in New York and the failure of the former to make satisfactory arrangements for an extension of time on the six per cent. notes held by the local banks.

SQUEEZING THE WATER OUT

TOLEDO, Ohio, July 29.—(Special.)—Creditors will reorganize the Toledo Railway and Light Co. here to-morrow and the Everett-Moore syndicate property will be appraised. The "water" is to be squeezed out of the stock in the proposition made for a new franchise, and many Canadians will be hit hard by this deal.

EXPRESS COMPANIES ASKED TO DEFEND EXCESSIVE RATES

New York State Public Service Commission Takes up the Complaints of Residents.

ALBANY, N.Y., July 29.—The public service commission in the second district has served an order upon the Canadian and the American Express Company to answer within 20 days the complaint of Wm. C. Shields and other residents of Bombay, Fort Covington, Helena, Massena, Bangor and Hoganburg, Franklin County, New York, alleging that the rates of the companies, particularly in the northern part of the state, are at least 50 per cent. higher than they should be.

The commission is asked to fix just and reasonable rates in this section of the state.

STRATHCONA'S VIEWS ON FAST LINE SERVICE

Thinks Quebec is Available During the Summer—40-Foot Channel Promised.

MONTREAL, July 29.—(Special.)—Lord Strathcona and Mount Royal says that Halifax must be the winter port of the new rapid service, yet he has rather modified his views as regards the summer service.

The Canadian high commissioner arrived here this afternoon, accompanied by his grandson, Donald Howard, the probable heir to the title of Strathcona and Mount Royal.

Generally discussing Canadian matters while his lordship was asked what truth there was in the report that he had modified his views as to the fast line, and the high commissioner made the following reply:

"That question requires an explanation. I have been informed on the very best authority that the channel right up to Quebec will now give a depth of water equal to 30 feet at all times of the tide and that a 40 foot channel is one of the official assurances of the near future.

"All this admitted, there is no reason why the St. Lawrence route and Quebec should not be the point of summer arrival and departure of the fast line, which I hope to see established in the very near future.

"Sir Wilfrid Laurier has still the matter on hand on this side the ocean, and I am sure his desire is unabated to bring about a vast improvement in the police of the river.

"I, of course, have nothing to say as to existing steamship companies. The rapid service must be established without reference to individual interests, but with a view to serve the Dominion as a whole."

His lordship will return to London some time next week.

KILLED IN AUTO WRECK

Stepson of W. K. Vanderbilt Meets Death in Crash.

PARIS, July 29.—G. Winthrop Sands, a stepson of W. K. Vanderbilt, was killed in an automobile accident at 7 o'clock this morning just outside the grounds of Mr. Vanderbilt's country seat near Paris.

Mr. Sands was riding alone with the chauffeur when the automobile, which was spinning along at a fairly high rate of speed, hit the road and struck a tree with terrific force. The car was overturned and Mr. Sands and the chauffeur were pinned under the wreckage. The gasoline tank exploded and the wreck caught fire.

ATROCIOUS MURDER

Woman's Throat Cut and Body Buried by Acid and Fire.

NEW YORK, July 28.—The finding of the half charred body of a young woman to-day in a vacant lot in an isolated section of Williamsburg, Brooklyn, revealed an atrocious and cunningly planned murder. Death was caused by a cut across the throat, and then in an endeavor to destroy all evidences of the crime the murderer wrapped the body in an oil-soaked mattress, poured oil over the victim's clothing and set fire to the bundle. A powerful acid had previously been poured over the face to obliterate the woman's features and make identification impossible.

DIES SITTING IN BUGGY DRIVER WASN'T AWARE

Farmer Expires While Being Taken to Hospital, But Discovery Not Made Until Arrival.

BROCKVILLE, Ont., July 29.—(Special.)—Death came to-day under peculiar circumstances to Wm. Davis, an aged farmer living at MacIntosh Mills, near Brockville.

Davis had been in ill health, and while being driven into town to enter one of the local hospitals for treatment died in the buggy, sitting beside the driver, Fred Vickery, without a struggle.

The passing away of the old man was so quiet and his position so natural on the seat of the vehicle, that Vickery was not aware of having a corpse as his companion until he jumped out at the hospital door and started to remove the patient. The nurses were at the door with an invalid's chair ready to accept the patient.

The police took charge of the remains and the coroner, after viewing the body, decided that death was the result of natural causes.

Davis was well known throughout this district, being a man of nearly three score years.

TREWS MAN OVERBOARD

Scotchman is Drowned in Lake Near Kenora.

KENORA, Ont., July 29.—(Special.)—During an altercation on board the steamer Standard, a work boat of Sutton & McArthur, a Swedish foreman in their employ, threw overboard a young Scotchman named Robert McKay. All efforts to rescue were without avail. During the excitement that followed the Swede disappeared.

JAMES AUTHORS INJURED

James Authors, 80 years, 81 Hayden-street, was knocked down and run over by a horse and rig at 10.55 last night, when he was attempting to board a car at the Dundas-street bridges.

He was severely injured about the head and his hand was crushed. He was removed to his home.

Fell From Car.
Hugh Fagan, who lives in rear of 113 Bleeker-street, was slightly injured at 6.15 o'clock last night by falling from a northbound Bathurst car at Harbor and Bathurst-streets. He was removed to the General Hospital.

QUEBEC ELECTRICIAN MEETS SUDDEN DEATH

Percy Daniels, Formerly of Toronto, Electrocuted While Putting in a Motor.

QUEBEC, July 29.—(Special.)—The death of Percy Daniels on an electric wire accident at noon to-day, when installing a motor at the cold storage building, will be regretted by many who knew him in Toronto, where a few years ago he was connected with the General Electric Co.

Mr. Daniels was a nephew of R. B. Angus, director of the Bank of Montreal, and his brother Fred is government inspector of banks at Ottawa.

He came from England ten years ago and had been in the Yukon, served in the South African war and finally settled down to the business of an electrician.

He was with the Westinghouse Co. in Pittsburgh until recently, and had charge of the installation of the beautiful electric illuminations on the Chateaux Frontenac and other buildings give an opportunity to have all arranged by the Quebec Electric Light Co. Mr. Daniels was about thirty years of age, very steady and a teetotaler, and was exceedingly popular. He was married.

PRINCE RUPERT LOTS

Won't Be Placed on the Market Until Next Spring.

VANCOUVER, B. C., July 29.—(Special.)—The Great Northern Railway to-day formally took over all the railway holdings of John Healdy and the V. W. and Y. in this city and New Westminster. The basis of the deal is about two and a half million dollars.

By mutual arrangement between the G. T. F. and the provincial government, it has been agreed not to put on sale Prince Rupert lots until the spring of next year, probably May. This will give an opportunity to have all arrangements carried out looking to the proper laying out of the city and agreements as to the sale of lots. It is likely considerable municipal work, such as laying water pipes, drainage, etc., will be done jointly by the company and the government before the lots are sold.

TROOPS COMPLIMENTED

Earl Grey Adds His Congratulations to Those of the Prince.

QUEBEC, July 29.—(Special.)—A special general order issued by Brigadier-General O'Shea has been posted by Col. F. L. Lessard, chief staff officer, as follows:

"The governor-general shares with the troops the pleasure they have derived from the compliments paid them by H.R.H. the Prince of Wales, and his excellency desires to offer all ranks his personal congratulations."

BRYAN'S CAMPAIGN PLANS

Will Deliver Only a Few Prepared Speeches.

LINCOLN, Neb., July 29.—Mr. Bryan said to-day that it was not his intention to make any extended campaign tour, but only to deliver a few prepared speeches at central points before the first of October, and that during that month he expects to remain home and assist in the educational work of the campaign thru the discussion of public questions in the form of signed articles, interviews and letters.

NOT FOR NORTH YORK

R. R. Ganey Says Mantoulin's Good Enough for Him Just Now.

R. R. Ganey, M. L. A., has no designs on the North York seat held by Hon. A. B. Aylesworth.

"Yes, it is true that I have been asked by North York Conservatives to be the candidate," he told The World last night.

"Let me say this that I am fully satisfied to represent the people of Mantoulin in the local legislature."

SHOOTS HIMSELF

Coast Manager of Winnipeg Company Didn't Get His Salary.

VANCOUVER, B.C., July 29.—Allen Reid, manager of the Anchor Investment Company of Winnipeg, shot and killed himself in a fit of depression. Deceased was employed on a salary of \$100 per month, one-half in cash the balance in shares, but the company failed to send him money and he was unable to meet requirements.

The coroner's jury severely censured the company.

CHAMBERLAIN VERY ILL

LONDON, July 29.—Joseph Chamberlain, who returned from the continent on Tuesday and is remaining in London for a few days on his way down to Birmingham, is reported to be in a very grave condition.

LOTS TO KEEP BUSY ON WHEN CABINET MEETS

Number of Important Appointments Have to Be Made in the Next Few Days.

OTTAWA, July 29.—(Special.)—At a series of cabinet meetings, which will commence on Friday, a number of important matters will have to be disposed of and several appointments which cannot be long delayed will probably be made.

These will include two civil service commissions, who will be responsible for carrying out of a new act which comes into force on Sept. 1.

Then there are three new posts on the railway commission to be filled, in connection with which the names of W. Gaillinger, M.P., Hon. H. R. Emmerson, William Whyte of the C.P.R., and Mayor Darcy Scott of Ottawa and several others have been mentioned.

Other appointments which must be made soon include a King's printer to succeed Mr. Dawson, a law clerk of the house of commons to succeed the late A. McCord, and two purchasing agents for the department.

Less urgent appointments include new lieutenant-governors for Quebec and Ontario and a senator for Nova Scotia.

The commission to rebuild the Nova bridge has also to be named and a staff of officials appointed to put the bridge into working order.

PAROLE GOOD PRISONERS TO HARVEST THE CROP

Suggestion of the Immigration Inspector of Manitoba—36,000 Men Wanted.

WINNIPEG, July 29.—"The demand from all parts of the province for harvesters at the present time," said Provincial Immigration Agent Burke this morning, "is enormous. I can place at least 1000 men at the present moment."

He says 19,000 will be wanted in Manitoba and 17,000 in the west and aids:

"This would be a proper time for releasing the better class of prisoners from the jails on parole to assist in the harvest. There will be work for them as this system has been adopted more than once in the United States and has proved most successful. Of course the men would have to be weeded out as you would weed good weeds from bad weeds, by selecting the best. There is no doubt that this would have a good effect, as the men would rather work than return to the cells."

As an instance of their demand, Mr. Burke said at the Village of Straesburg, Sask., a new settlement, there is at present demand for 100 men.

STORM OFF LABRADOR

Seventeen Vessels Reported Wrecked in One Harbor.

ST. JOHNS, Nfld., July 29.—A brief despatch received from Labrador says that the Labrador coast has been swept by a northeast hurricane which wrecked 17 vessels in one harbor.

The name of the harbor is not given in the despatch. Other parts of the coast are as yet unheard from, and grave fears are entertained here for the safety of Sir Wm. MacGregor, governor of Newfoundland, who is on an official visit to Labrador.

6,000,000 ACRES OF CROPS.

Western Harvest Prospects From Very Latest Reports.

WINNIPEG, July 29.—(Special.)—The Free Press has received reports from over two hundred correspondents on harvest conditions in the Canadian west.

Cutting will be general from August 15 to 20. Ninety per cent. of wheat has passed the blossom stage and is filling well.

The consensus of opinion is that western Canada will reap good average crops on six million acres.

Course grains are doing well and considerable barley is already cut.

Reports say harvesting of winter wheat is general in southern Alberta and returns are exceeding expectations everywhere.

TO SURRENDER TRADE WITH ORIENT?

Railways Said to Have Given Notice That They Will Abandon Export Business.

A DENIAL.

MONTREAL, July 29.—(Special.)—We are no party to any such notice," was the staid statement of G. M. Bosworth, fourth vice-president of the Canadian Pacific Railway Company, referring to the despatch from Chicago, to the effect that the trade with the orient had been dealt severe blows by the determination of the railway to stenturnship companies to abandon the business.

CHICAGO, Ill., July 29.—(Special.)—The trade of the United States with the Orient, Australia and New Zealand, amounting to more than \$200,000,000 annually, and of Canada with the same countries, has been dealt a severe blow by the transcontinental railroads, which have decided to abandon a large portion of this business.

By the same action the railroads controlled by Edward H. Harriman, James J. Hill, the Berwynd Syndicate and the Canadian government have made it possible, it is asserted, for the Japanese government to realize speedily its ambition to become the master of all the trade on the Pacific seas.

The Canadian Pacific Great Northern, Northern Pacific, Union Pacific, southern Pacific, Oregon Short Line and Santa Fe roads have served notice upon the shippers that they will go out of the export business to China, Japan, New Zealand and Australia November 1, and practically will abandon the import trade.

In so doing the roads are carrying out a threat which was made to the Interstate Commerce Commission at the time that body issued what is known as Rule 8, which requires the railroads to publish the inland portions of their import and export rates, and, as subsequently modified by the railroads, not to change these rates without a three days' notice for lowering, and a ten days' notice for an increase.

It is stated that the lines of steamers thru the port of San Francisco, thru the port of Seattle, thru the Alaskan and thru Vancouver by the Canadian Pacific road will soon be for sale and that it is more than likely that the Japanese will be the purchasers.

These boat lines, it is said, are run at a loss now and are maintained more with a view to trying to stimulate Oriental trade than for anything else. Were it not that the loss occasioned by operating them was somewhat compensated by the revenue obtained by the railroads thru the tonnage they bring their operation would long ago have ceased under American management.

Will Send Goods Via East.
The news that shipments would be refused to Oriental and Great Britain Pacific ports is, it would appear, not entirely unexpected by exporting interests. So far as Toronto and other eastern cities are concerned, the loss is not likely to be serious, as a large proportion of the shipments are made via New York thru brokers there. These brokers are concerned in the chartering the whole space of vessels, and then retailing it to the shippers in the eastern states and Canada.

J. E. Walsh, treasurer and general manager of the Canadian Manufacturers' Association, said to The World last night that the railroads would depend on how it was treated by the United States authorities. The Canadian Pacific would possibly be party to it as a member of the tariff bureau.

Mr. Housser, secretary of the Massey-Harris Co., which does a large trade with Australia, had heard nothing of the intended change.

"Let me say this that I am fully satisfied to represent the people of Mantoulin in the local legislature."

SHOOTS HIMSELF
Coast Manager of Winnipeg Company Didn't Get His Salary.

VANCOUVER, B.C., July 29.—Allen Reid, manager of the Anchor Investment Company of Winnipeg, shot and killed himself in a fit of depression. Deceased was employed on a salary of \$100 per month, one-half in cash the balance in shares, but the company failed to send him money and he was unable to meet requirements.

The coroner's jury severely censured the company.

BRYAN'S CAMPAIGN PLANS
Will Deliver Only a Few Prepared Speeches.

LINCOLN, Neb., July 29.—Mr. Bryan said to-day that it was not his intention to make any extended campaign tour, but only to deliver a few prepared speeches at central points before the first of October, and that during that month he expects to remain home and assist in the educational work of the campaign thru the discussion of public questions in the form of signed articles, interviews and letters.

NO BALL FOR KIMBALL UNTIL CASE IS HEARD

Neighbors Say He Shot at Fugitive When Latter Was But Four Feet Away.

CHATHAM, July 29.—(Special.)—Elliott Kimball, Leamington's chief of police, is still in jail and the crown attorney, in whose hands the matter rests, says the question of ball will not be considered until after the preliminary hearing on Monday. Friends are willing to put up \$10,000 cash ball.

While Kimball has hitherto been held in the highest respect, public sentiment seems to be that he acted altogether too hastily in shooting, and the crown will prosecute the charge against him without favor.

It has been said that Kimball has been heard to declare that he never liked to have a prisoner get away once he had him.

In this case Healey was but three or four feet away and partly stooping, when the revolver was discharged. Mrs. Joseph Marchand and Mrs. D. H. Smith, neighbors, say that they saw Healey jump the fence, followed by Kimball, who on the other side pulled his gun and shot the fugitive in the back when only four feet away.

"I meant only to scare the man," said Kimball to-day, "and I very much intend to shoot to kill him. When I was getting over the fence or following up my prisoner, the gun went off and it was quite accidental."

Kimball declares that so far as he himself is concerned, he is willing to take all the punishment that may be coming to him, but he is very sorry on account of his wife and two daughters. He is a man 50 years of age, has been county constable for over 20 years and chief in Leamington for about a year.

The prisoner did not ask for and was not given any newspapers to read to-day. It was thought that by reading press accounts of the tragedy the prisoner would only be made to feel his position the more acutely.

Many Wellington, an intimate acquaintance of the dead man, and whom many thought was his wife, but who was married two years ago in London, when his wife and mother reside, states that Kimball did not call to the scene Healey before shooting. She was right on the ground as the tragedy occurred in front of the house of her mother, where Healey stayed while in Tilbury.

The wound was a frightful one, the bullet entering the back, severing the lungs, traversing the throat to the head, where it was lost. Kimball had no authority to make the arrest, as he was a quarter of a mile from Essex County line, in which county his warrant was issued, and it was not endorsed by a Kent County magistrate.

The amount involved in the "jumped" board bill was \$2.50.

RACE TRACK LICENSES.

Sidelights on the Fort Erie Bar-Room Venture—Travelers' Rights. The absence of Provincial Secretary Hanna is a lucky thing for those who are running the liquor bar at the Fort Erie race course. That Fort Erie would get the privilege withheld from the Woodbine and Hamilton is improbable in the extreme. The license department only recognizes tavern and liquor licenses for the sale of liquors. The difficulty with the race course bar is that it does not accord with the conditions laid down in the law for either class of license. Premises licensed for the sale of liquor by the glass are required to have bedrooms and to furnish meals. Licensed premises, too, must be accessible to the public free of charge. Where an hotel is within the gates of a race course, according to a leading authority consulted by the World, thirsty pilgrims along life's highway are entitled to demand right of way to such hotel, even if a race meeting is in progress. He must, however, unless a bona-fide traveler, be liable to payment as a lodger if he loitered in the race course hotel after imbibing.

HAD TO TELL OF CRIME.

New Yorker Arrested in Indianapolis for Committing Murder. INDIANAPOLIS, Ind., July 29.—Otto Schiller, aged 24, living at 252 East 34th-street, New York, was captured in a suburb to-day by city police officers. He is wanted in New York for the murder of an Italian named Solomoni, living in Manhattan, eight weeks ago. Schiller to-day confessed his guilt and said the burden on his mind had increased beyond endurance and he was compelled to tell a companion of the crime, this led to his capture. He said his mother was attacked and robbed by Solomoni and when she resisted Solomoni shot her. Schiller told the Italian in a Bowery saloon later and shot him twice.

Perhaps He's Romancing.

NEW YORK, July 29.—The police here have no record of any such murder as that described by Otto Schiller, who is under arrest at Indianapolis. It is suspected that Schiller is trying to get a free ride back to New York.

CUMMINGS' CLEVER COUP.

A clever business coup was accomplished yesterday when Charles C. Cummings, limited, proprietor of the Slater Shoe Store, 110 Yonge-street, bought from Frank Mercer, proprietor of the Dolly Varden Shoe Store, 110 Yonge-street, his stock of Dolly Varden and Post-it shoes. The stock is valued at \$55,000. Mr. Cummings had heard that Mr. Mercer wanted to take advantage of an opportunity in Canada, and when the enterprise which has made the Slater Shoe Store under his management so successful, Mr. Cummings began immediately negotiations with the result that he now owns the largest retail shoe stock in Canada.

The general public will be interested in this announcement, as Mr. Cummings, with his usual business acumen, will make it an opportunity to divide with them the profits of this clever purchase. H. Beatty, vice-president of the Dolly Varden Shoe Co., Boston, who had been in the city negotiating the sale, left last night for the West.

MAYOR FIRMLY REFUSES THE COL. GIBSON ASKS

"Power's Off"—Fatality at Steel Plant—Roberts to Visit Stoney Creek—Serious Cases.

HAMILTON, July 29.—(Special.)—Mayor Stewart is receiving congratulations on all sides for his refusal to sign the Cataract Power bylaw. Col. Gibson called on him personally this morning and asked him to sign, but his worship declined, and it is likely that mandamus proceedings will be taken at once. Some of the Ontario aldermen were quite eager to hasten the cost of the proceedings on the city, but the law says the action must be begun by ratepayers.

The public school games will be held in October.

Three buffaloes, loaned by the Dominion Government, arrived at Dundurn Park this morning. One was born on the trip from the coast.

H. Draggell Case, a young Englishman, who disappeared last winter, has turned up in England. It was thought at the time of his disappearance that he had committed suicide, and organized searching parties hunted for his body.

Jacob Ross, secretary of the Boot and Shoe Workers' Union, died this morning at his home, 100 St. George-st.

M. J. O'Reilly, K. C., is in Ottawa trying to get the minister of justice to commute the sentence of Giuseppe Greco, an Italian, sentenced to be hanged on Aug. 21 for the murder of Antonio Rleszo.

Norman Stuart Easter, 281 West Main-street, fell 100 feet at the steel plant this afternoon and was almost instantly killed. He was only twenty years of age. He was engaged in painting a funnel when a rope slipped, allowing him to fall.

Boys to Turn Sod. After preparing to work up a fine brand of indignation at the prospect Lord Roberts' visit being canceled, Hamilton was relieved this morning when Mayor Stewart received a telegram from Col. Gordon, announcing that the original arrangement for the field marshal to arrive here from Toronto a week from to-morrow had been good. The announcement that "Boys" will visit London is evidently incorrect, for Col. Hendrie wires that the visit to London has been canceled. "Boys" has accepted an invitation extended him by Mrs. John Calder, president of the Women's Warrenton Historical Society, to visit the firm of J. H. Calder, monument to be erected on the Stoney Creek battlefield. He will stop off on his way to the Falls to officiate.

Fire this morning did about \$3000 damage to M. J. Udvin's furniture store, East King-street. As soon as the blaze was extinguished Chief Tom Beck seized the books and turned them over to the police, who are making an investigation. Udvin appears in court next week on complaint of his wife, as the result of a family squabble, and was bound over in the sum of \$100 to keep the peace.

Serious Charge. Thomas Fisher, West Flamboro, who was arrested on a charge of a defamatory libel and sending immoral literature thru his majesty's mails, was released on \$400 bail this morning, until his case is heard on Friday. The plaintiff, Edith Riley, was once engaged to Fisher, and she alleges that because she would not look with favor on him again he sent letters to her mother and Clifford Markle, a young man with whom she keeps company, which are the subject of the indictment.

HOTEL DEAD BEATS.

Up to the Clerks to Protect Employers From the Impetuous. In legal circles at the Parliament Buildings the projected hotelkeepers' movement to have their debts collectible in the police court is not regarded with much favor. It was pointed out to the World yesterday that the whole tendency of the British courts for the past half century has been strongly against treating the non-payment of debt as a crime. The police court is held to only be available when the transaction has a fraudulent phase. The hotelkeeper, it is claimed, enjoys a privileged position in being able to hold the baggage of any delinquent guest. It is argued that it is up to the alert hotel clerk to protect his employer, while the police are in reserve in all cases of actual fraud.

POWER MINISTER BUSY.

Making Active Efforts to Deal With the Tenders This Week. Hon. Adam Beck, chairman of the Ontario Hydro-Electric Power Commission, is having little time to consider the potency of July temperatures. He has been besieged at the commission offices by those interested in the power project. Yesterday he left for a couple of days investigation at Niagara. On his return the matters will likely be sufficiently advanced for an immediate meeting of the commission to take up the tenders.

Evidence Via Three Languages.

Theodore Nasti's evidence in his own behalf before Judge Morson yesterday when charged with assaulting ten-year-old Ethel Good came thru in three ways to the English tongue. Theo spoke Bulgarian, a fellow-countryman helped it into French, from which language Rev. George M. Atlas lifted it into English. In the end the benefit of the doubt saved Nasti. He was acquitted.

GREAT YEAR FOR WEST THINKS T. C. IRVING

Merchants and Banks Pursuing Wise Policy Till Country is on Upgrade Again.

T. C. Irving, general manager of Bradstreet's, who has been in Calgary since June 1, says that the Calgary Alberta that there could be no better outlook for the country, and that he had seen during the past couple of weeks would surprise even the most optimistic, and he has no reporting to his principals in New York.

The failures thruout Canada for the first six months of this year had been slightly greater than for the corresponding six months last year, but this was not to be wondered at in view of the comparative crop failure of 1907, and the financial depression.

The merchants in the west, were showing a wise discretion in the matter of buying goods, until they saw for a certainty how the crop was going to pan out. The banks, too, are, in his opinion, pursuing a wise policy in the matter of loans, but the general feeling thruout the country there is a greatly increased acreage under cultivation, but the average yield promises to be very high. This cannot fail to attract attention to Western Canada from all over the world, and be the cause of a great influx of the best class of immigrants and capital for the development of the resources of the country.

2 YEARS FOR JAIL BREAKING.

Soo Burglar Recaptured and Given an Added Sentence. SAULT-STE. MARIE, Ont., July 29.—(Special.)—Jos. Trumbley, who broke jail on Monday, was arrested this morning at Tagono, brought before a magistrate and given two years in Kingston. When he broke jail he was serving an eight-months' sentence for burglary at Blind River.

NATURALIZING CANADIANS.

OTTAWA, July 29.—According to returns received by the state department 87,404 aliens have taken out naturalization papers as British subjects in Canada since the act went into force in 1902; between July 1, 1906, and December 31, 1907, 727,121 United States subjects were naturalized and 306 Japanese.

Irish Crochet to Date.
By chance a small item concerning Irish crochet lace came to my ears recently which those who are interested will doubtless be pleased to hear about. It was an English correspondent, thru the kindly endeavor and exertion of a certain enterprising clique of gentlemen there are being provided opportunities whereby the easy-going, uncutured producers of this dainty can have all the latest styles of garments woven to model their designs, these frequently, moreover, being planned in such manner that they can be manufactured into several varying forms. Also, quite within recent date, a new stitch has been brought into vogue, fish net, or perhaps a species of filet is the better description. On this there are applicable beautiful raised motifs of the crochet, and an absolutely fresh aspect is thus altogether acquired.

A Summer Substitute for Meat.
In the August Woman's Home Companion Fannie Merritt Farmer gives a number of good recipes for substitutes for meat. A very good hot weather substitute for meat consists of cheese and macaroni croquets.
Break macaroni into half-inch pieces; there should be two-thirds of a cupful. Cook in boiling salted water until soft. Drain in a colander and pour over two cupfuls of cold water to prevent pieces from adhering. Add thick white sauce made of two and one-half tablespoonfuls of butter, one-third cupful of flour, one cupful of milk, one-fourth of a teaspoonful of salt and a few grains of pepper; then add one-third of a cupful of grated cheese. Spread on plates to cool. Shape, dip in crumbs, eggs and crumbe again. Fry in deep fat and drain on brown paper.

Summer Drinks.
The following delicious summer drinks will be found suitable for serving during the next 60 days:
A Delicious Sherbet.
One quart of milk, one pint of cream, two cups of sugar, one-half cup of lemon juice. Dissolve one of the cups of sugar in the quart of milk and the remaining cup of sugar with the lemon juice. Place the milk and sugar in an ice cream freezer and freeze to the consistency of thick cream. Add lemon juice and sugar and when this mixture is frozen nearly solid turn in the white of eggs beaten stiff. Freeze the whole until solid and pack with ice and salt and allow to stand for two hours before serving.
Alaska Snowball.
White and yolk of one egg, one-half ounce lemon juice, one-half ounce orange syrup, one-half ounce raspberry syrup, one-half ounce fresh cream, one tablespoonful shaved ice. Shake well in milk shaker, then add one tablespoonful plain soda. Stir and serve with strawberries.
Summer Delight.
For a quart of bottled grape juice or home made sweet grape wine, and two tablespoonfuls of shredded pineapple, if fresh is not available. Add, if in season, crushed strawberries. Stir well; serve with crushed ice and seltzer or mineral water.
Egg Lemonade.
Make a thin syrup by boiling one and one-half pints of water with two cupfuls of sugar and when ready to serve add one lemon and juice of two. Cool with ice. Just before serving whip lightly in two eggs beaten separately and a small quantity of bicarbonate of soda. Serve white foaming.
Summer Tea.
Brew some fairly strong tea and add it to a rich lemonade. Pour into glasses, one-half full of clear and ice. The commingling fluids make a delightful beverage.
Frosted Coffee.
A beverage that is a favorite with men is frosted coffee, and have it hot. Fill a glass half full of shaved ice, one ounce of syrup into eight-ounce glass, or half large spoonful of either canned or fresh grated pineapple, fill with shaved ice, stir, serve with spoon.
Creamy Strawberry.
One and one-half ounces vanilla or strawberry syrup, one-half ounce each of lemon and orange syrup, add four ounces shaved ice and some plain water. Shake, drain, fill with white soda water or seltzer and mix.
Into two quarts of rich, sweet milk pour one-half pint of strawberry juice, sugar to make quite sweet, and a little

STELLA.
Stella has a pretty face, Stella's gown is made of lace; Stella leads the chorus chase, Stella wins in every race, Stella is THE star.

All the chaps are running Stella, She need never hunt a fellow, Sorely do the other girls Wish that they had Stella's curis; Stella is A star.

Stella has retired, they say, To the woods to end her day, There to dream of days of wealth, While she tries to regain health, Stella's BEEN A star.

Stella's face is not so pretty As it was within the city, Stella's charm has died away, Rouge necessitates big pay; Stella WAS A star.

SMITH'S FALLS, July 29.—Robert Howard, a C.P.R. conductor, lost his home and two little children, aged five and three years, this morning, by fire caused by the explosion of a coal oil stove.

MAY REMOVE EMBARGO.
Three Hundred M. P.'s Pledged to This Reform.

LONDON, July 29.—(C.A.P.)—Three hundred members of parliament and several ministers are all pledged to the removal of the Canadian cattle embargo. It is pointed out that 2,000,000 Canadian cattle have been imported in twelve years, and no cases of disease have been reported. The Canadian Cattle Association was determined to make another appeal to the government.

SIMPLE, BUT EFFECTIVE
A Little Free Information Worth Knowing—Pimples, Eczema, Itchy Head.

Poison from itchy or blotchy or irritating of the skin can be readily cured in a few days by the use of the following simple mixture:
One ounce of sweet spirits of nitre; one ounce of castor oil; one ounce of four ounces of syrup of rhubarb, mixed together and taken in dessert-spoonful doses after meals and at bedtime in water.
An authority on medicine informs us that this preparation is one of the best spring and summer tonics that can be used.
To regulate the liver and kidneys, which are in all cases the cause of impure blood, and skin eruptions, it is unequalled.
The ingredients can be obtained at any reliable drug store at a very low cost and mixed together at home. 24c

IN DEFENCE OF PIES AS A HEALTHFUL DIET
Philadelphia Expert Takes Objection to Medical Man's Criticism and Quotes Figures to Contrary.

Roy L. N. Phillips, "insurance manager," of the Ostermer Pie & Tart Co. of Philadelphia, "incorporated under the laws of nature," has written The World's Pie Editor the following interesting letter:
"I have followed with the greatest interest the discussion of 'Pie' in your paper. Some of the thoughts expressed have been most instructive and are evidently the result of earnest study on the subject, while others seemed to me, quite idle and with no particular bearing on the subject.
"I think you will agree with me, Sir, that as an officer of this widely known corporation, I am qualified to speak with authority on this matter. In the first place, what the public want is, pie; a lot of pie; good pie if it can be gotten; bad pie if necessary, but they will have pie. The size of the pie, the shape of the pie, the sections it may be divided into, are minor points. The vendor of the pie should decide these questions according as to whether or not the buyer wishes to eat his purchase at once or wishes to take it with him, and if the latter, whether he wishes to regale with this delicious dish: His little sister, aunt, mother-in-law or wife, for it may be eaten by all without harmful effect."
"I have read the article 'A Physician's Protest' appearing in a recent issue and respectfully, but emphatically disagree with the arguments advanced therein. The claims on our insurance department are, of course, almost all claims for damages, the top and bottom crusts of our pies being practically indestructible, thereby reducing risk by fire and accident to a minimum. We have settled most of our claims very cheaply and have at present but ten or twelve outstanding."
"For the past year our experience shows that out of 720 claims only 66, or less than 10 per cent, have been fatal cases."
"These figures, Mr. Editor, will, I think, indicate the pie 'regarded medically.'"

Spend the Holiday in Muskoka, an inexpensive trip. Leave Toronto by the C.P.R. express at 12:05 noon on Saturday, arriving Bala 8:36 p.m., and making immediate connection for whichever lake resort you prefer. Spend Saturday evening, all day Sunday and all day Monday on the lakes, returning by the train from Bala 7:40 Monday morning, arriving Toronto at 11 o'clock. Or you can leave Toronto at 9:30 Saturday night, taking the Bala steamer and connecting with the lake steamer at 7:00 a.m. Sunday morning. Return fare over the holiday only \$3.45 to Bala. Canadian Pacific service is every way satisfactory, time second to none. Further information gladly given at the ticket office, corner King and Yonge.

Barrie Cricketers Still Undelected. The Barrie Club visited Schomberg on the 28th inst. and gained another victory. Schomberg won the toss and decided to take the field. Barrie going to the bat, D. R. Murchison, bowled 15 runs, 12 caught. The bowling of Cliffe, 5 for 11, and Cook, 4 for 21, was too much for the Schomberg batters, who were retired for a total of 38. Summary follows: R. T. Banting, bowled Bone 7; C. Cook, bowled Bone 12; Wm. Walter, c and b Bone 9; D. R. Murchison, bowled Bone 12; Wm. Armstrong, bowled Bone 2; D. R. Murchison, bowled Armstrong 14; Arthur, was run 1; R. V. Payne, c and b Bone 0; R. Cliffe, bowled Bone 0; G. Hart, not out 0; C. Fraser, bowled Armstrong 0; Extras 1. Total 54.

Wright, bowled Cooke 8; Simpson, bowled Cliffe 1; Bone, bowled Cliffe 3; Knowles, c Armstrong, b Cook 3; Armstrong, bowled Cliffe 3; McKnight, bowled Cliffe 1; Chantler, bowled Cook 0; H. Shelton, bowled Murchison 0; W. Shelton, bowled Cliffe 0; Doyle, not out 0; Leatherland, bowled Cliffe 1; Extras 2. Total 28. Barrie's second innings amounted to 28 runs for 18, when stumps were drawn to allow Barrie players to catch their train. Liquor at Annual Camp. At a meeting of the executive of the Huron County branch of the Ontario Prohibition Alliance a resolution was adopted requesting that the government regulations forbidding the sale of intoxicants at the annual camp were grossly violated.

WHY REGAL LAGER Makes Red Blood

FULLY forty people in every hundred positively need either Regal Lager or a doctor's prescription for anemia. Because in every hundred there are that many anemics,—people whose blood is thin and poor,—people with an excess of white blood-corpuses and a lack of red ones. And every thirty-eight of these people will find Regal Lager as good for them as any prescription,—and their own doctors probably will tell them so.

Because Regal Lager, with all the rich nutriment of prime, sound, ripe, slowly-malted barley, and with all the tonic, nerve-steadying value of good hops, makes the stomach do its work better, helps digestion, puts into the blood the kind of nourishment it can use best, and helps supply the lack that makes folks anemic. Regal Lager, you see, is not only a sparkling, fine-flavored beverage, fit for a king's table,—it is a food-drink as well.

You can't do better than use it in your household every day of your life,—drink it at dinner,—have your wife drink it too. Get it from your dealer (only in bottles). If he won't supply Regal Lager, shun substitutes and write us direct.

RAILWAYS TO HANDLE CROPS WITHOUT DELAY That is the Expectation of Officials—Increased Facilities Will Do the Trick. J. W. Leonard, general manager of the C. P. R., said at Montreal that his company had 11,000 cars lying idle for which he would be glad to find employment. The company's rolling stock had been increasing from year to year. In June, 1905, the company had 15,743 cars in commission; in 1906, 18,884; in 1907, 21,070 and this year 26,000.

Now, with regard to the west," said Mr. Leonard, "we will have at the beginning of this year 18,000 cars available for the grain crop movement eastward and for the carrying of merchandise westward on the Pacific railway. This is 2000 more cars than we have ever had in the west. I may say frankly that it is utterly impossible to move this crop out of the west in three or four weeks unless it cannot be done. This year, according to the reports that have reached us, we are going to have a bumper harvest. To move the crop in that we have ever had before. That is because the crop is so heavy and the harvest is so early. We do not anticipate navigation will close on the lakes any sooner than usual and in fact, we are sure that that much of an advantage over recent years.

Other on next week's bill include: Frosin, Middleton, and Spellmeyer; Chas. and Family; and The La Mase Brothers and the Kinograph. EVIL-SMELLING AUTOS MUST AVOID THE PARKS. NEW YORK, July 29.—President Smith of the park board, sent to Police Commissioner Bingham and to every police magistrate copies of an ordinance adopted by the board, prohibiting the operation in the parks of ill-smelling or smoking automobiles. The new law will go into effect next Saturday. After that date any auto which emits a trail of ill-smelling smoke in the park will be held up.

MOBILE, July 29.—It is said a syndicate of interests are about to take up The St. John Telegraph and Times, with a view to enlarge and improve them. The close proximity of the general elections and reports that Liberals were trying to secure the papers, have, it is said, induced certain people to step in with the view of securing journalistic influence in New Brunswick. John McKane is at present in Montreal. While he admits that negotiations are going on, he is reluctant to reveal any knowledge. It is asserted that an expert newspaper auditor will at once take charge of the property preparatory to their reorganization.

Charred Body in Dump. NEW YORK, July 29.—An autopsy will be necessary to determine the cause of the death of a woman whose charred body was found in a dump on a vacant lot in Brooklyn on July 28. The Brooklyn coroner declared that the woman was murdered and a body conveyed to the dump where an attempt was made to destroy all evidence of the crime. Heir to Fortune. The Toronto police received a letter from Roland Hohn of the Cooper College, San Francisco, Cal., asking them to locate Edwin Bentley, a cement worker, who lived there four years ago. Bentley left San Francisco some time ago, and he was wanted there to participate in the division of some property. Mr. Hohn wrote in the letter that by a lucky chance he had located the missing man. Thrown on Reeper's Knives. LONDON, July 29.—Charles Jones, a Westminster farm hand, was perhaps fatally injured in the harvest field yesterday morning. While fixing the reaper the horses became frightened at a passing automobile and suddenly started. Jones was thrown on the reaper's knives and badly cut about the feet and hands. His skull was also injured.

Fatal Quarrel Over Cent. WHARFON, Tex., July 29.—R. B. Pointer, bowled and killed G. W. Jackson at Pierre, Texas, to-day following a quarrel over a one-cent postage stamp. Asphalt Plant Burned. OTTAWA, July 29.—The municipal asphalt plant was put out of business by fire early this morning. The building and machinery were practically destroyed, entailing a loss of several thousand dollars. Hargest Permanent Chairman. CHICAGO, July 29.—The national committee of the Independence Party today elected William R. Hearst as chairman.

TOOK FRENCH LEAVE A QUEBEC MAY BE THIED FOR DESERTION BELLEVILLE, July 29.—Two members of the 16th Regiment of Prince Edward, who went to Quebec with their regiments, then left for home because conditions did not suit them, may be tried for desertion. They are Privates Pralick and Reeves. Col. Young of Kingston is said to be moving in the matter. The men, if found guilty, are liable to three months' imprisonment. They say they did not know they were doing wrong, as they had not signed the service roll.

DEAD IN A Hovel. OTTAWA, July 29.—Mrs. Thomas Berrigan was found dead lying beside her bed in a hovel on Elton-street this morning. Her husband was lying insensibly drunk in the adjoining room.

Music Failed to Soothe. Because the music of Frank Pinto's street piano was distasteful to his sick wife, Robert McKay protested and an altercation ensued in which Robert was smitten. Pinto was arrested charged with aggravated assault.

Electrician Shocked to Death. OTTAWA, July 29.—Isidore Fourmier, aged 28, an employee of the Hull Electric Company, Hull, received a fatal shock this morning while working at the switchboard at the company's power station on Main-street.

WALL STREET NERVOUS PRICES ARE IRREGULAR

Taft's Acceptance and Steel Statement Immediate Factors—Toronto Exchange Buoyant.

World Office, Wednesday Evening, July 29. Dealings at the Toronto market broadened out to a marked extent today, but most of the activity was contributed by the few specialties which have dominated the transactions for several days now. Prices have been made buoyant by inside operations in the foreign markets, but this has contributed a better undertone to the whole market and traders are now searching for stocks likely to be the subject of future bullish manipulation. Except for this change of sentiment there was nothing in financial circles to call for any special change in quotations. It was stated that banks are not so restrictive in their loans as they were, but this fact was not regarded as general. The advance in a section of the market has had the effect of tightening up offerings, as is easily seen by the unopposed rally in General Electric. Sentiment outside the exchange is beginning to get quite enthusiastic and a little new buying will help materially in putting the market still higher.

Wall Street Pointers. Bankers working on plans to pay off Wheeling and Lake Erie \$3,000,000 impending bonds. Congress of commercial travelers to be held in New York Aug. 15 to boom business. Unions revolt against Gompers and plan new Central Federated Union.

Standard Oil tried in Tennessee courts November next on 1624 counts. Taft's speech encourages Wall-st. by its conservative tone. The late President Cleveland left a fortune of \$250,000.

President Roosevelt will discuss with New York Republican leaders advisability of running Hughes for governor for the second time. Commercial organizations report better business in progress.

Eric Railroad Co. has begun suit against Interstate Commerce Commission in U. S. Circuit Court at Trenton to test the 8-hour law, as well as the constitutionality of the commission itself.

Result of interchange of information and opinions at meeting of Southern Railway and affiliated companies in the south and future prospects are encouraging.

Reading Coal and Iron Co. has increased the working time of its collieries from 4 to 6 1/2 hours a week.

LONDON: In the early trading the favorable construction placed upon the Taft letter of acceptance, the regular Harriman dividends and better Gould road outlook caused a hardening in Americans, the latter realizing sales resulting in a mixed market for this group within a slight fractional range. The buying demand for Canadian Pacific proved superior to the effect of the unfavorable June net earnings.

Joseph says: Buy conservatively. The market will undoubtedly go better, specialties will start, but the big money of the near future will be in the standard dividend issues. Canadian Pacific is booked for much higher prices. There is little risk in holding the Harriman shares. Union Pacific is still selling on a 5 1/2-8 cent basis. This stock will soon sell above 17 1/2. The buying of the Hill shares, including G. N. O., will be excellent. Improvement in steel trade being duplicated in copper. Buy Amalgamated.

There may be a bulge in the stock market this morning on the "favorable" Taft speech and other developments. Profits should not be neglected by daily operators. We consider this a trading market, with a bull operation now largely confined to specialties moves. Aside from specialties we would maintain the position of neutrality for the present, awaiting a clearer atmosphere. Inside reports show a clouded manipulative position, that seems to point to distribution on rallies. Stock appears now to be met in leading issues on advances toward recent high levels, and until these offerings are withdrawn or absorbed higher prices will not be witnessed for the time being. If the manipulative interests finally decide to remove the offerings, would accept the circumstance as indicative of a continuation of the bull movement.

The Sterling Bank of Canada.

Notice is hereby given that a dividend of one and one-half per cent. The Dominion Bank Pays Special Attention to Savings Accounts

SPECIALTIES ASSIST MORE SOBER SECURITIES. World Office, Wednesday Evening, July 29. Dealings in the three foreign propositions overshadowed transactions in the balance of the market at the Toronto exchange today.

The pools in these shares are standing well under the market, and are receiving tentative support from a few room traders. Every time outside realizing is scented, however, quotations are promptly dropped, as was the case with Mexicans this morning, when 50 shares for Montreal account were sold. Extreme bullishness in these specialties is having an influence on other more sober securities, and attracting a little more outside buying. General Electric has been found scarce and very little buying has advanced the price nearly 15 points. Investment securities are also showing the result of a scarcity of offerings.

HERBERT H. BALL.

DIDN'T RECOGNIZE BOBS.

Troops Refused to Let Him Pass the Lines. QUEBEC, July 29.—Lord Roberts, who had attended the reception yesterday dressed in a rather grey suit, and looking very much like an ordinary gentleman, attempted to pass in his carriage the corner turning up from the Grande Allée to the Citadelle. The mounted troops failed to recognize him, and he was stopped. In vain did the famous field marshal attempt to explain who he was, and the redoubtable warrior jumped out of the carriage, and went far when he was recognized by Chief Detective Duncan of Toronto and Detective Carlington of Montreal, who were passing in their special automobile.

TO PRESERVE DISCIPLINE.

Sir Percy Scott Gets Appointment With Special Squadron. LONDON, July 29.—To preserve the discipline of the navy, Sir Percy Scott, whose command of the cruiser squadron has still a year to run, has been appointed to the command of a special small squadron which will visit South Africa in the autumn, during the sitting of the convention for the federation of the South African colonies.

THOUSANDS DROWN.

HONGKONG, July 29.—Reports from Canton say that the scenes following the typhoon of Monday night are heartrending. Thousands of Chinese were drowned. Over a hundred native vessels were wrecked. The British river gunboat Robin and the French river gunboats Argus and Vigilante went adrift and were considerably damaged.

Spent the Holiday in Muskoka, an Expensive Trip.

Leave Toronto by the C.P.R. express on Monday morning, Saturday, arriving Bala at 3.35 p.m., and making immediate connection for whichever of the two lakes you wish to visit. Or you can leave Toronto at 9.30 Saturday night, taking the Bala sleeper and connecting with the lake steamer at 7.00 a.m. Sunday morning. Return fare over the holiday only \$3.40 Bala, \$4.15 Royal Muskoka, \$4.40 all round Muskoka Lakes. Canadian Pacific service is every way satisfactory, time second to none. Further information gladly given at the city ticket office, corner King and Yonge.

Civic Holiday Outings.

to Rochester, 1000 Islands, Brockville and Prescott via the Richelieu and Ontario Navigation Co. The low rate Saturday to Monday tickets will be extended to permit passengers to return, leaving destination Monday, August 4th. This is a splendid opportunity to enjoy a delightful outing at a minimum cost. Tickets can be obtained and berths reserved in advance at ticket office, 2 East King-street.

Arbitration on Freight.

NEW YORK, July 29.—Announcement is made that a committee of arbitration to decide differences between the eastern trunk line railroads and the organized bodies of manufacturers and shippers, which have arisen over the proposal to increase the rate on class freight, is now in process of formation.

INFURIATED DELEGATES TURN ON THE BRYANITE

Independence Party Denounce as Traitor Man Who Stood for Peerless One.

CHICAGO, July 29.—The first national congress of the Independence Party finished its labors early today, after nominating Thomas L. Hisgen of Massachusetts for President of the United States, and John Temple Graves of Georgia for vice-president, and adopting a platform of principles. The nomination of Hisgen was reached on the third ballot, with a vote of 831 out of 948 ballots cast. Graves was named for second place on the ticket by acclamation.

John I. Shepard of Kansas, who attempted to put W. B. Bryan's name in nomination, had to be given the protection of the entire force of Independence Party officials to save him from the infuriated delegates. Shepard was escorted from the hall by a detail of sergeants-at-arms, while the crowds of delegates surged around and denounced him as a traitor. Bryan was escorted from the hall by a detail of sergeants-at-arms, while the crowds of delegates surged around and denounced him as a traitor.

GERMAN-ENGLISH PACT.

Lloyd-George Regrets Nations Cannot Get Together.

LONDON, July 29.—Addressing a meeting at Queen's Hall, in connection with the International Peace Conference, David Lloyd George, chancellor of the exchequer, dwelt at considerable length upon the scare rumors concerning the relations between Great Britain and Germany.

A Fire Chief's Wedding.

LONDON, Eng., July 29.—At his wedding at Exeter to Miss E. Jennings, Mr. Montague Peat wore his uniform as chief of the Singapore fire brigade. Members of the Exeter brigade attended in uniform, and the five bridesmaids drove to the church on a fire engine. After the ceremony the bride and bridegroom passed under an archway formed by the firemen's interlocking hatches.

KEEPING COOL

Really, even with the mercury at "90°" it isn't unbearably warm. It's just the direct rays of the sun that you must avoid.

Keep your head cool and there's little danger, for we do not experience the humidity that comes to such cities as New York and Philadelphia.

Light weight, cool hats solve the problem for Torontonians, and, of course, light weight clothes.

We have some splendid lines of Panamas, just received from South America, made to sell at \$10 and \$12, for \$5.

Straw Sailors, worth \$1.50 and \$2, for \$1, and select lines at.....\$2.50 to \$5.00

COUNTY COMMISSIONERS LET BRIDGE CONTRACTS

Big Grist of News From West Toronto—Little Yorks Great Win—Interurban News.

WEST TORONTO, July 29.—In spite of all the fines that have recently been imposed on automobilists who exceeded the speed limit on Dundas-street, the danger to pedestrians seems to be not in the least minimized and many complaints are being made. A car darted down Dundas-street to-night, apparently going at not less than 30 miles per hour. Shortly afterwards two other autos followed, apparently in hot pursuit of the one before. Citizens are almost afraid to cross the street now, especially in the dusk of evening, as the chauffeurs seem to have a total disregard of the rights of pedestrians on the public highway.

The council is having trouble with some of the property owners, who persist in extending their lawns out to the sidewalk, often a considerable distance past the limits of private property. In one case on High Park-ave, a citizen has appropriated a strip of land in front of his house, not less than ten feet in width, extending out to the sidewalk. This ground is public property and yet it has been fenced in and shade trees planted as if it were private ground. A similar case exists on Lakeview-avenue. Works Superintendent Matthews will be instructed at the next meeting of council to have all the city's by-laws printed without delay, said one of the aldermen to-night.

The Canada Cycle & Motor Co. have closed down their works while the annual inventory is being taken. About 100 men are still employed handling rush orders. The works will reopen on Aug. 10 with a full force of employees working ten hours a day.

A grand musical festival will be given in the Salvation Army Citadel on Thursday evening by the Temple Silver Band. Farewell services will be held on Sunday in honor of Capt. Miss Jones, the popular leader of the army in West Toronto, who is leaving for her home in Woodstock, N.B.

Appropos of the decision of the property committee on Monday evening to have a number of copies of the by-law relating to fire limits printed, several lawyers in West Toronto suggest that this would be an opportune time to have all the city's by-laws printed.

for the different schools during the coming winter. The funeral of Miss May McBurnie, daughter of John McBurnie of Campbell-avenue, took place this afternoon at Mount Pleasant Cemetery. Rev. W. R. Taylor of Victoria Presbyterian Church officiated.

The new wooden steps that have been installed at the entrance to Victoria Presbyterian Church give the building a decidedly improved appearance.

EAST TORONTO.
Big Crowd of Enthusiasts Cheer Little Yorks to Victory.

EAST TORONTO, July 29.—A long distance telephone message from Preston to-night brought the welcome intelligence that the Little Yorks at Preston had defeated the locals by a score of 2-0, whereas there was great rejoicing. An immense concourse of townspeople went up to the factory town with the champions, and it was long after midnight before the special pulled into York Station bearing a cheering, happy, hot, dusty crowd, thronged together like clockwork. The barn-raising at Harry Rumble's on the third concession, H. Vaughn Township yesterday was a big affair, more than a hundred of Mr. Rumble's friends and neighbors, together with their wives and daughters, being present. The new building is a splendid structure, erected on a concrete wall with fine brick cellar and stables underneath, and is a credit to Mr. Rumble. The contractors will be closed. Not an accident of any kind occurred during the day, and the building went together like clockwork. The new barn will replace the one destroyed by fire. A bonfire of the old barn will be on the lawn to all by Mr. and Mrs. Rumble.

WESTON.
Local Man Has Close Call Fro. Being Buried Alive.

WESTON, July 29.—John Hamsaw of this village had a narrow escape from death last night, and but for the prompt action of some workmen would have been buried alive. A drain, some 10 feet deep was being dug and while examining it one of the sides caved in, completely covering him with earth. The men working promptly dug out, but besides the bruises received one of the spades of a rescuer is said to have inflicted a severe wound in his back.

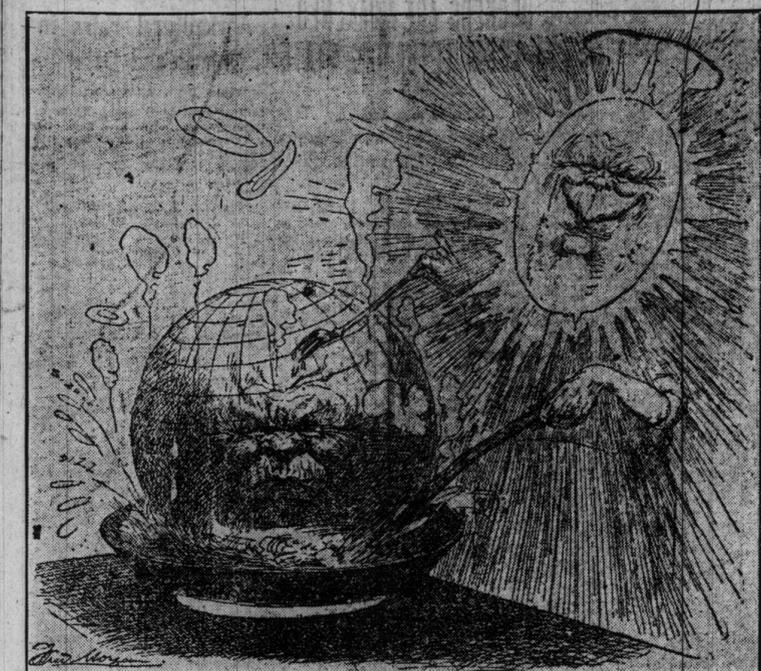

DEER PARK.
Deer Park Presbyterian Church to Be Declared Vacant.

DEER PARK, July 29.—Rev. D. C. Hossack's services terminated last night at the Deer Park Presbyterian church and the pulpit will next Sunday be vacant. It is thought advisable for the time being to call to a minister for the time being, and the pulpit will be supplied by transcripts from Moore Park, the former church. An athletic club has been formed at Moore Park. The local contribution to the time being called to a minister for the time being, and the pulpit will be supplied by transcripts from Moore Park, the former church.

WYCHWOOD.
Many Tributes of Respect to Late Mr. Clarkson.

WYCHWOOD, July 29.—The funeral of the late John Clarkson took place from his residence at Vaughan-road to Prospect Cemetery yesterday. Rev. C. H. Follett officiated, assisted by Rev. W. A. MacIntyre. The funeral services were elaborate, among which a wreath from Hillcrest school, a cross from Zion Methodist church, an anchor from the employees of the G. T. Mr. and Mrs. B. J. O'Brien, a crescent and star from F. M. Moore, and a banner from Mr. and Mrs. A. Blackwell, Toronto, pillow from the two daughters at home, wreath from Mr. and Mrs. C. Webb, sprays from Mr. and Mrs. W. J. Hamilton, Mr. and Mrs. Grange, Mrs. Cotterill, Mr. and Mrs. Sutherland and Parmenter.

Next Sunday evening a memorial service will be held in Zion Methodist church and Rev. C.W. Follett will preach.

WHAT IT FEELS LIKE THESE DAYS

will be taken to test the feeling of the rickety old bridge. The new traveling library recently received by Librarian Cowie contains some of the best up-to-date reading. The quarterly meeting services of the Richmond Hill circuit were held last Sunday morning at Victoria Square.

Mr. William Frisby, recently hurt at the Mustard raising, is progressing well. The raised shoulder and broken arm have caused him much pain. The days of rainings are not over. Mr. Glover's fine new barn will be raised in a few days.

An excellent song service was rendered in the Methodist Church on Sunday evening under the leadership of Choirmaster A. J. Hume. Rev. Mr. Braithwaite gave a most interesting and powerful sermon on the power of prayer.

Stephen Kirkland, who has for some time been under the doctor's care, is very low. Mr. and Mrs. J. A. E. Switzer are summering at their cottage at Grimby Park.

Rev. A. P. Braco was granted leave of absence for two months by his official board on Monday evening. He has gone north.

Fred Miller and W. J. Watson were each fined \$15 and costs for the illegal sale of liquor in Stouffville during the early part of July. The case was tried before Magistrates Sanderson and Henderson and a conviction was rendered. Stouffville is a local option town.

The barn-raising at Harry Rumble's on the third concession, H. Vaughn Township yesterday was a big affair, more than a hundred of Mr. Rumble's friends and neighbors, together with their wives and daughters, being present. The new building is a splendid structure, erected on a concrete wall with fine brick cellar and stables underneath, and is a credit to Mr. Rumble.

The contractors will be closed. Not an accident of any kind occurred during the day, and the building went together like clockwork. The new barn will replace the one destroyed by fire. A bonfire of the old barn will be on the lawn to all by Mr. and Mrs. Rumble.

STOUFFVILLE.
Townpeople Will Take Day Off on Monday.

STOUFFVILLE, July 29.—Monday will be a day of rest in Stouffville and all the places of town will be closed. A garden party under the auspices of the Ladies' Aid, will be held on the lawn of the hotel on Tuesday next, at 2:30 p.m. Everyone welcome.

Archibald Latchford left a few days ago for the Dominion, where he will make his home.

this evening at the residence of the bride's parents, Mr. and Mrs. James Christie, Helena-avenue, at which Rev. J. Follett of the Church of Christ officiated, when their daughter Maggie, was married to Angus Macdonald. A number of invited guests were present, and a luncheon served after the ceremony.

Mr. Goforth, the well-known athlete, and a promising student of Harbour-front Collegiate, is seriously ill at his home here.

NORTH TORONTO.
NORTH TORONTO, July 29.—Mr. Wick of Montgomery-avenue, has purchased a lot from Mr. Fletcher with fifty feet frontage on Hatherly-avenue for \$10 a foot. Mr. Wick will start on Monday to erect a dwelling on the lot.

JUDGE WAS MERCIFUL.
Hears All the Evidence and Lets Prisoner Go.

William Laird, the young man charged with assault on little Hazel Cadelline on Woburn-avenue, Bedford Park, about a month ago, was brought before Judge Morgan in chambers yesterday. After hearing the evidence, His Honor took a lenient view of the case and considered that his incarceration in jail was sufficient punishment, and allowed him to go on suspended sentence.

WOODBRIDGE.
WOODBRIDGE, July 29.—The August meeting of the Woodbridge Branch of the Women's Institute will be held at the residence of Mrs. A. Snider, Clarion-street, Tuesday next, at 2:30 p.m. Everyone welcome.

CONTRACTS LET AT LAST.
County Fathers Put Thru a Couple of Important Items.

Warden Keith, with Commissioners Pugsley and Deane of York County, held a joint meeting with County Commissioners Woods and Scanlan of Simcoe County yesterday, and finally awarded the contract for two inter-county bridges along boundary lines.

The one is over the Holland River near Bradford, and the other across the bridge at 7700, and the Ontario Bridge Co. the other at \$350.

Commissioner Millard and Meek of Ontario County also had a conference with the York County matters relative to inter-county matters.

OBITUARY.
The death occurred in Oakville on Tuesday of Capt. G. H. Morden, a retired lake captain. For many years he was the best known and most capable captains on the lakes and never had an accident. Three sons and two daughters survive: Capt. W. H. Capt. G. E. and Capt. E. A., who have all retired from the lakes and are now living at Oakville; and Mrs. C. W. Menzies, Minneapolis; and Mrs. E. O. Taylor, Brantford. Capt. Morden has been ill since last fall, but kept his calling until three weeks ago, when he was compelled to come home. The funeral takes place on Friday at Oakville.

MONEY IN CHERRIES.
PORT ELGIN, Ont., July 29.—Port Elgin merchants closed the cherry business here to-night shipping in all over 4000 baskets, which weighed over 30 tons, distributing among fruit dealers over \$2000.

Used Firm's Money.
Archibald Bailey, convicted of theft of \$27.78 from the Union Life Assurance Co., for whom he was collecting, was yesterday sent to jail for thirty days.

Boyle is a middle-aged Englishman and had cabled to relatives for funds. Pending the receipt of the money he used some of the firm's, intending to return it.

"I am sorry for the man, but the duty of compelling agents who collect money to turn it in must be observed," said the crown attorney.
