CANADA'S MILITARY STATUS IS DISCUSSED

RESTORATION IS URGED BY I.O.D.E. IN RESOLUTION

Apathy of General Public in Dominion is Regretted

BRITISH MOVIES

Move Made to Have Proportion of Pictures From Overseas Shown

BY UNANIMOUS vote the National Chapter, Imperial Order Daughters of the Empire, at the Dominion session at the Admiral Beatty Hotel today, adopted a resolution that the chapter use its influence throughout the Dominion in order that the former Canadian military status be restored.

APATHY REGRETTED

"That the Municipal Chapter of the Imperial Order Daughters of the Empire in Victoria view with growing concern the apathy of the Canadian general public throughout Canada towards the militia and defence and realizing the strong factor for national success and peace of its invaluable discipline, a strong recommendation is made: That the National Chapter use its influence throughout the Dominion in order that this movement again gain its former popularity with the youth of the land and their parents."

MOTION PICTURES

A resolution favoring that a quota of all pictures shown in moving picture houses in Canada shall be British made films was under discussion when the meeting recessed for luncheon at 1 o'clock. Those who spoke favored the idea, but some doubt was raised as to whether the National Chapter or the Provincial Governments would have to adopt necessary legislation to make the films shown in picture houses. The National president, Miss R. M. Church of Toronto, presided during part of the forenoon session and the consideration of the resolutions Mrs. R. C. Marshall of Calgary held the gavel.

WREATH ON MEMORIAL

The national chapter on motion of Mrs. J. W. Power of Toronto, unanimously voted to place a wreath on the war memorial in King Square. A beautiful floral piece was later placed on the monument by the high officers of the chapter.

BUDGET FOR 1926-27

The following budget was adopted for head office maintenance and annual meeting expenses in the coming year:

WILL VISIT P. E. I.

U. S. Transportation Invited For Week by Publicity Association

The P. E. I. Publicity Association, in relation to the officers and executive committee, publicly chiefs and others of the New York, New Haven and Hartford, Boston and Maine, C. P. R., C. N. R., Eastern S. S. Co. and other lines, to visit Charlottetown for a week of relaxation and fishing.

The same sort of a party was held on the St. Croix lakes last June and was a great success, introducing that section to the U. S. railway men so favorably that excursions are soon to begin from New York and New England. The Charlottetown trip will be on July 17, and it is said several important invitations have been accepted.

City Hall And The Vocational School

A session of the committee of the whole at City Hall this morning was a very short one, none of the commissioners having any business to bring up. A little repartee between Mayor White and Commissioner Betlock caused a general smile. It was in connection with the Vocational School. Commissioner Betlock said: "Was your Worship any word yet from the school board in connection with the operating expenses of the Vocational School?"

Mayor White: "We had a letter saying the school was not fully organized yet and as soon as it was the information asked for would be furnished."

Commissioner: "Your Worship will be expected to go over there on the formal opening of the school and say a few nice words."

Mayor: "That will surely be a pleasant task."

And then everybody smiled.

FOUR FORD VESSELS REACH MONTREAL

Four more Ford boats, the Lake Gaither, Lake Gooney, Lake Gyman and Lake Ormeo, were expected to arrive in Montreal Tuesday night on the second contingent of the 200 hulks purchased last August for more than \$1,500,000. The boats which are being towed from United States Atlantic and Gulf of Mexico seaports will be scrapped at Detroit, and the metal used in the manufacture of automobiles.

Owing to the congestion caused by late shipping by the first section of the fleet which went through the Lachine Canal a few weeks ago, special orders have been issued regarding the passage of these boats through the locks. Instructions have been issued that the hulks must give way to Government boats, grain carriers and passenger boats.

REPRESENTATION IN ENGLAND

Resolution passed at the meeting of the National Executive Committee, 1925:

"Whereas the National Chapter of the Imperial Order Daughters of the Empire in Great Britain, in Ottawa in 1925 expressed their desire for representation in London, and

Whereas difficulty has been met by the committee appointed to go into the matter in arranging with the Victoria League,

Be it resolved that in view of the report made by such committee, the committee be asked to carry on negotiations and efforts to establish such representation in London as would be acceptable to the Order and that a sum budgeted for in last year's budget and not used for this purpose be transferred to this year's budget and authorized by the National annual meeting."

By-laws passed by national executive committee during the year 1925: 1926 for ratification at annual meeting in London.

Natal Chapter of the Order. Girls of 16 and over may be members of a primary chapter but may not hold office in a primary chapter until they reach the age of 18 years.

More and Better Gas From a New Coal

Special Shipment for N. B. Power Co.

Lawton's Wharf presents a busy scene these days with a steady stream of carts hauling 800 tons of a new kind of gas coal from a schooner to the N. B. Power Co. gas plant. This is a special shipment of a new coal resulting to make more and better illuminating gas.

A representative of Eastern Coal Docks, Ltd., who are supplying the coal, informed the Times that while the coal will cost the Power Company more, it will have a higher yield of gas per ton of coal and the gas itself will be hotter and purer with almost a total absence of sulphur. It is expected that the extra yield of gas and the added satisfaction to gas users will repay the Power Co. for the extra cost.

This is the first direct shipment of coal over the Eastern Coal Docks recently acquired deep water wharf. It will be followed later in the week with a steamer load of Pennsylvania anthracite and the BLOOD OF JESUS brand, which will be the first of the popular Consolidation Miller's Creek coal.

TIPS OWN WAITERS

San Francisco Manager Says He Hands \$100 Monthly to Employees

LONDON, June 10—American hotel men who visited England on their way to the international convention in Paris last week are wondering to their English colleagues.

For instance, H. E. Manwaring, of San Francisco, former manager of the famous old Grand Hotel in Yokohama, told English reporters what he had to tip in his own hotel.

"Why, I never have a meal in my own hotel without tipping the waiter," he said. "No, sir. One hundred dollars a month; that's what it costs me in tips to run my own hotel."

"Suppose you don't tip," ventured an Englishman.

"Oh, the waiters would be right on top with their work all right; but their attitude, their attitude! It would be terrible."

STORY WRITER OF NOTE HERE TODAY

Maximilian Foster and W. D. Hyatt on Way to Newfoundland

Maximilian Foster, eminent U. S. novelist and nature writer, accompanied by his camp neighbor and sporting chum, Walter D. Hyatt, rector of the Southern States, arrived in Saint John today. They are at the Admiral Beatty Hotel. They have been at their bungalows in Rangely, Maine, and are now en route to Newfoundland, where they will fish salmon. Mr. Foster, who is no stranger to Saint John, says he has been very busy with his literary work since his last visit here and among other stories has one that will probably be used as a moving picture if negotiations now in progress are satisfactory.

GIVEN NOVELTY SHOWER.

The Girls' Club of Knox church met last evening at the home of Miss Eleanor Smith, 211 King street east, and tendered a novelty shower to one of their number, Miss Jean Babcock. Little Miss Frances Wharton presented the gifts to the bride-to-be. The evening was pleasantly spent in games and music.

Pamphlets Agitating Independence Are Distributed by Students

United Press
SEOUL, Korea, June 10.—Three hundred persons have been arrested, after minor riots at the elaborate funeral ceremonies of Yi, ex-emperor of Korea. Students created an uproar by shouting "Success to Korean independence," when 100,000 people gathered on a mountain-top at dawn yesterday in the funeral ceremonies.
Revolutionary pamphlets were being distributed by the students when the police intervened, making wholesale arrests. The funeral itself was picturesque, and the funeral procession was one of the greatest the world has ever seen.

Halifax Division Protests Payment of Taxes on the Seamen's Institute There

WINNIPEG, Man., June 10.—The Dominion Council of the Navy League of Canada has passed a resolution stating that in the opinion of the council it was the duty of the people of Canada to provide adequate naval protection to the sea-borne commerce of the Dominion.
The resolution stated that such protection should be on the basis of due proportion to the volume of sea-borne trade and in agreement with other parts of the Empire and that the safety of the Dominion required that consideration of such naval needs cannot further be postponed.
WANT BRITISH CREWS.
Another resolution passed by the delegates to the annual convention asked that legislation be enacted by the Federal Parliament to require ships registered in Canada, wherever possible to carry crews consisting only of British subjects. It was stated during the discussion that many Canadian vessels have men of foreign birth in their crews and that these men have no intention of becoming Canadian citizens.
LARGE INCREASE IN MEMBERS.
Large increases in membership and activities were reported to the convention. In Alberta the membership increased last year from 11 to 2,163. British Columbia reported activity in two divisions including the drawing public attention to the manner in which the fishing industry has fallen into alien hands and the manner in which British labor is shut out of the field.
The report of the Halifax division contained a protest against the fact that the Halifax Seamen's Institute was the only institution of its kind in the Empire having to pay taxes. The closing business sessions of the convention will be held today.

Princess Smitten By Silk-Clad Legs

NEW YORK, June 10.—Crown Princess Louise of Sweden has seen the Woolworth tower, the art museums and Wall street, but yesterday she spoke at length of one New York sight that impressed her greatly—the typical New York girl's legs.
"I think it's the lovely silk stockings they all wear," she confided to eight women reporters in her suite. "And that's what I'm going to take back to Sweden, dozens and dozens of silk stockings. I think it's silk stockings that make your girls look so smart, so graceful."

Nova Scotia Men Purchase Steamer

PARRSBORO, N. S., June 10.—The steamer Harry Mathers, which will replace the Richmond, lost a short time ago, on the Bras d'Or Lakes zone, has been purchased by John A. Young, Sydney, and George H. Young, Dartmouth for passenger accommodation. The Harry Mathers will proceed to Cape Breton. She is a vessel of 131 tons gross and was built in 1917 at Quebec.

FIFTEEN DEAD, FIFTY INJURED IN RAIL CRASH

Sir Malcolm Searle of Supreme Court Loses Life Near Cape Town

CAPE TOWN, South Africa, June 10.—Fifteen persons were killed and 59 injured Wednesday, when a train crowded with workers going to their offices crashed into the railroad station at Salt River, near Cape Town.
Among the dead was Sir Malcolm Searle, president of the Cape division of the South African Supreme Court. The train broke in two and the rear cars crashed against the uprights of a bridge, their sides being ripped off.

Huge French Loan Not Used Up Yet

PARIS, June 10.—M. Peret the Finance Minister, informed the Senate Finance Committee last night, that the Morgan loan of \$100,000,000 was far from used up. He declared formally that the government had not touched and had no intention of touching the Bank of France's metallic reserve. He resolved firmly to avoid any inflation and asserted that the resources and demands upon the treasury could be balanced without resorting to any extraordinary measures.
The steamer Antonia, with 97 cabin and 234 third-class passengers, from London, Southampton and Cherbourg, is expected to arrive at Quebec on Saturday.

2,000 BEAR COFFIN

The catafalque was borne by 2,000 men in relays to the mountain side tomb, which was eight miles from the city.

Twenty thousand troops, 25,000 students, 2,000 priests, 3,000 musicians and at least 50,000 citizens marched with the procession while 4,000 policemen and troops were lined up along the route.
The funeral was conducted with the full ceremony of the Korean rites. The Japanese authorities permitted the display of the old Korean flag during the ceremonies.

WOMAN WIDOWED TWICE IN MONTH

Two Husbands in Chicago Are Victims of Gangsters Since May 8

CHICAGO, June 10.—Widowed twice in a single month by gangsters, Mrs. Frank Camera today grieved over the body of her husband, found along the lonely road near Crown Point, Ind., which she believed he had been taken for a ride, and shot.
"Mrs. Camera's first husband, Victor De Frank, was killed on May 8.
The police said Camera was a bootlegger, and advanced the theory that he was killed either for "squawking" to the police or for marrying De Frank's widow too soon after De Frank's death.

CANADIAN DOCTOR TO BE DEPORTED

Mexico Authorities Grant Dr. Wm. Cole 72 Hours to Justify Self

MEXICO CITY, June 10.—Delegates from Torreon say that the chief of police of Saltillo has arrived in Torreon, bringing an order from the Department of Interior for the deportation of Dr. Wm. Cole, a Canadian physician, who has practiced his profession in Torreon for 16 years.
Dr. Cole was notified that he should prepare to depart under escort, for Mexico City by the first train out of Torreon. He filed an injunction against the deportation order, demanding an opportunity to justify himself. The demand was granted and deportation was held up for 72 hours.
The British Vice-Consul at Torreon has telegraphed Minister Oreg. He assures the minister that Dr. Cole is an honorable man, and requests the minister to intervene and endeavor to have the deportation order revoked.

SAINT JOHN, N. B., JUNE 10, 1926.

MISPLACED MERCY.

Once again, if the despatch from Sherbrooke, Que., conveys a correct impression, a jury has stepped in between a foul criminal and the just sentence demanded in expiation of a dastardly offence.

The judge in sentencing Girard said that there was not the least doubt that the monstrous act was committed deliberately, in cold blood and with premeditation.

Of this the judge said: "The jurors have been added a rider to their verdict; they have recommended you to the mercy of the court. I can hardly understand this recommendation but it is my duty to take practical notice of it."

It is impossible to say on what rule or precedent the judge acted in dividing the sentence he would have imposed by nearly three decades of the jury's recommendation, but, when read with his scathing denunciation of Girard's cowardly and monstrous conduct, it is fairly assumed that his hands were virtually tied in the matter.

Trial by jury is undoubtedly the greatest safeguard against wrongful conviction, but it depends on the mentality of the jurors whether justice is done or not. There should be no sentiment in these matters. The question is a criminal charge is simply guilty or not guilty according to the evidence, and in certain cases of guilty the question is allowable of what crime—that charged or a lesser one?

Of late juries have been inclined to add merciful recommendations and these are seldom justified. The sentence is in the judge's hands; he has heard all they have heard; he is a trained jurist and knows that part of the business better than they. Apparently in Girard's case, through a jury's soft-heartedness for a despicable ruffian, he is to serve a sentence of seven years when the judge's estimate of appropriate punishment was twenty years.

DECORATION DAY OR ARMISTICE DAY.

While the idea underlying Commissioner Wigmore's suggestion that Decoration Day as followed in the United States should be copied here is sound and creditable, it would appear that the Commissioner has overlooked the fact that the heroic deed of the Great War are already honored throughout the British Empire on Armistice Day.

MOTOR COMPETITION FOR RAILROADS.

Railroads, once the leaders in transportation expenditures, are yielding first place to highways and the motor vehicles using them. The change in the last twenty-five years has been phenomenal. Figures showing the dominance of motor transportation as a financial factor when compared with steam transportation, indicate an even more sweeping transformation than usually is conceived.

We have not authoritative figures for Canada, but figures compiled in the United States show that federal, state and local expenditures for highway work in 1925 amounted to approximately \$2,900,000,000. The bill for gas-line-propelled trucks, motor and passenger cars is put at \$3,000,000,000. Tires and replacement parts required \$1,000,000,000, giving a total of \$5,400,000,000.

for capital expenditures, \$825,000,000 for maintenance of rights of way and structures, and \$1,268,000,000 for equipment maintenance. These items, corresponding to the highway items listed, show a sum of \$2,843,000,000. The highways, exclusive of city paving, have almost a two-to-one lead.

This relationship does not indicate the decadence of the railroads and their displacement by motor traffic, for figures show that the railroads are carrying an ever increasing volume of traffic. Motor transport, to a certain degree, is supplementary rather than competitive.

Applied Fire Prevention is the title of a book compiled by the New Brunswick Fire Prevention Board and issued in 1924 (in English and French) with the blessing of the Board of Education, to all teachers in the Public Schools. If this book does not teach the children fire sense, nothing will. Adults might profit by a study of its pages.

We are glad that the threatened duel between Premier Skrzyński and General Sapieżyński is not to take place. From the first we were convinced that there must have been a misunderstanding capable of explanation. For instance, the action of either one merely mentioning the other's name might have been misconstrued into gross discourtesy.

The Crown Princess of Sweden spoke at length on the sight which had impressed her most in New York—the legs of the typical New York girl. The fact that the meaning of "girl" has been extended in modern times and the use of the words "at length" make one think that the Crown Princess has been reading the works of a celebrated short story writer who suggested as the title for a song: "It's A Long Way Back to Mother's Knee."

Lord Reading, whose possible return to the practice of law is mentioned, remarks the Manchester Guardian, is rather fond of telling the story of his first client—a fruit merchant who was sued by a costermonger in the matter of some boxes of figs alleged to be unfit for human consumption. Under Mr. Isaac's cross-examination the latter became angry and cried: "Look 'ere, gov'nor. If you eat three of 'em and ain't sick, I'll give you the blooming case!"

The judge urged Mr. Isaac to accept the challenge, but he hastened to point out that his client was the proper person to make the test.

Five point fringes for shingled girls are described as the latest fash. They sound more like a streak of lightning.

Odds and Ends

I Would To Thee A Told Unfold (Phyllis Fernie in Toronto Star).

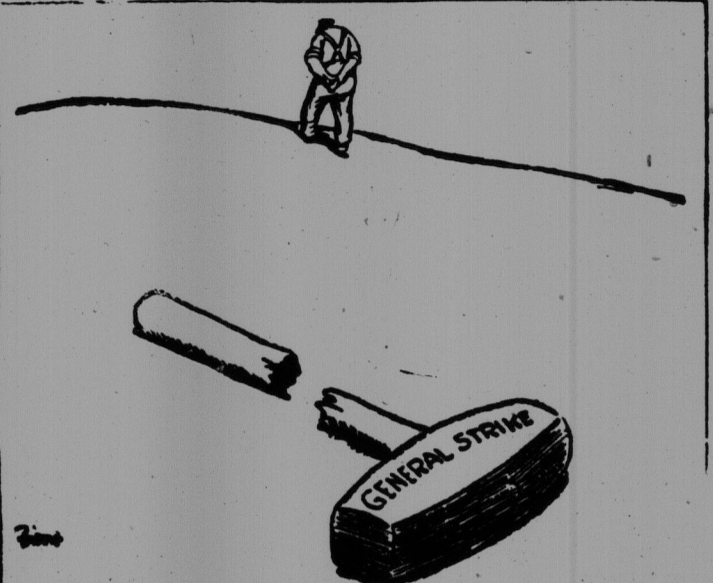

Oh! judge me not by words you hear, Spoken to me by words you hear, The tale I tell will bring a tear, And memories of a neighbor.

I planted early seedlings with greatest care and pains, My neighbor's dog broke through the fence, And dug me up again.

One last resort I made to try to keep all things away, So, o'er my garden all the time, There shot a gentle spray.

At Sturgeon Bay, Wis., Wallace Mann, a farmer boy, has succeeded in breaking a cow to do the work usually required by a horse. He has trained the milk cow Belle to bit and reins, a soft bit being used, and as she answers to gee and haw and the slap of the reins, he ploughs and does light work about the place with her. He is now training two calves to drive as a team. He never has struck the animals.

POEMS-HOME

"What is so rare as a day in June?" Climbs to a soul in grass and flowers; The flush of life may well be seen Thrilling back over hills and valleys; The cowslip starts in meadows green; The buttercup catches the sun in its chalice; And there's never a leaf nor a blade too mean To be some happy creature's palace; The little bird sits at his door in the sun; Attil like a blossom among the leaves, And lets his illumined being o'er-run With the deluge of summer it receives; His mate feels the eggs beneath her wings; And the heart in her dumb breast flutters and sings; He sings to the wide world and she, in the nice ear of Nature which song is the best?

Queer Quirks of Nature

TWO KINDS OF BASS AND THEIR HABITS. By ARTHUR N. PACK, President, The American Nature Association.

The small-mouthed black bass has been characterized as the gamest fish that swims. It was originally found only in the clear, cold rivers on either slope of the Alleghenies, and in certain tributaries of the Mississippi from Manitoba, south to Arkansas and South Carolina.

The large-mouthed species, the subject of the illustration, differs from its cousin in the character indicated by its name, and in other respects. Its original range was more extensive, especially southwardly, where it deigned to live in many streams whose tepid waters were scorned by its more sporty relative.

ENGAGED to four girls at once? How do you explain such conduct? "I don't know. Cupid must have shot me with a machine gun."

WELL, that fixes next week's paper," said the country editor as he changed the date on this week's paper.

Etiquette books say That people of good breeding Wear clothes that are inconspicuous. A girl I know Must be awfully well-bred Because I saw her on the street And her dress was so inconspicuous That it wasn't until I was real close That I could say for sure That she had one on.

TWO little girls were comparing notes. "We had chicken four times last week," said one. "How extravagant!" said the other. "Oh, no," replied the first. "It was the same chicken."

MRS. HOBART—How can I make my husband jealous? Mrs. Bugart—Why, you old-fashioned thing, divorce him!

WHENEVER you go to a theatre and see a couple yawning between acts you can bet dollars to dimes they're married.

WE HAVE just been wondering if the time will ever come when others will think as much of us as we think of ourselves.

The Very Idea!

A Feature Page of Interest to Everyone

INSTRUCTIVE

Dorothy Dix

'Parenthood is a Hard Job These Days,' Says Dorothy Dix, 'But Any One Can Make a Success of It Who Regards It as a Career in Itself and Not as a Sideline to Golf or Business or Society.'

Another thing that is the matter with parents is that they don't try to understand their children. They never make even an attempt to find out what kind of minds and souls their children have, what their aspirations and desires are and what they really think about things.

The average father and mother think that they have done their full duty to their children if they feed and clothe them, and send them to school and spank them when they are bad and kiss them when they are good. It never occurs to them to consider that every child is a problem to whose solution it is their sacred duty to give the most intensive study and every bit of intelligence of which they are capable.

That is why, when the adolescent boy and girl come to the critical moment in their lives, when they must choose between a career and a sideline, their parents fail them.

THINK OF IT! Is there anything in the world more amusing than that a father and mother could have lived with a child for eighteen or twenty years, could have watched its development for that length of time with so little interest and curiosity as to even to have observed what tastes it had, what aptitudes, what talents?

They have never even noticed that John, who is dull about books, has brains in his fingers, or that Tom is a book worm, or that Sam invariably out-rides the other boys and has a corner on all the marbles in the neighborhood, or that Maud is beautiful but dumb and that Mary is a born executive.

SO THE parents who have made no study of their children's talents do not put the boy with mechanical talents into some occupation in which his gifts will be used to advantage, or the girl who is a natural artist into a profession, nor make a business man of the one who was predestined to be a merchant.

They leave the poor, ignorant youngsters to flounder around and take the first job that offers and get into the occupations for which they have no taste or inclination and where they are failures because they are round pegs in square holes. Whereas they might have been great successes, if only their fathers and mothers had taken the trouble to put them into their right places in the beginning.

Worse still, instead of studying their children and finding out what they are fitted for, many parents impose their own will upon the youngsters and force them into careers that are a martyrdom to them. Or else they set their big fat feet down on genius and crush it out of existence.

FATHER, who considers a carcass of dressed beef one of the most beautiful articles in nature, cannot understand why his temperamental and finely strung son shrugs away from raw meat and bloody bones and wants to waste his time playing on a fiddle. Mother, who believes all actresses hussies, refuses to let her gifted daughter go on the stage, and so two lives are ruined and a discontented and disappointed man and woman fret their incompetent way through life, victims to their parents' lack of understanding and narrowness.

Another thing that is particularly the matter with parents just now is that they are in a senseless panic. The whole world is full of bugaboos to them and they see dangers where none exist. They have read so much about flaming youth that they think it is about to set the universe on fire. They have heard so much about wild parties that they picture the boys and girls of today as being on a perpetual orgy. So the great majority of parents have either thrown up their hands and quit and let their youngsters run loose or else they have clamped down the lid on them and give them no liberty whatever.

ESPECIALLY are they hard on the girls. There are plenty of fathers and mothers who, in their effort to protect their daughters, keep them virtual prisoners. They are not allowed to dance or to go to shows. They see them at home. The result of all of which is merely to make the girls regard their parents as grinding tyrants and to turn them into liars and deceivers. For youth will not be denied, and the girl who cannot meet young men properly and decently picks them up on the street. She keeps her rendezvous on the corners or in stages, and just because she isn't trusted and on her honor to behave she goes the limit.

No girls are so wild and reckless as those who know that they may be turned out of home if their parents find out that they are disobeying them. They say to themselves that as they have the name, they might as well have the game. Nor do any girls so easily become the victims of bad men as those who have not the protection that the background of a home gives. A man will make many a proposition to a girl who has climbed out of her window to go joy-riding with him that he would not make to her in her own parlor, with her father and mother parked in a nearby room.

AND, anyway, you cannot deal with a competent young woman who earns her own living and holds down a good job and takes care of herself in the business world as you could with the helpless clinging little vine that has never been raised on the corner of the hearthstone and that has clung about the parental oak all its life.

The middle course is always the hardest course to steer, but it is the only safe course with children now, and the only parents who are good parents are those who give their children liberty without license and who use the iron hand in the velvet glove in dealing with them.

Another thing that is the matter with parents is that too many of them are 1895 models instead of being 1926 models. They do not recognize that all the conditions of life have changed in the last few years, and that there is a new heaven and a new earth, and a new viewpoint to everything under the sun.

AND especially are there new children. Infants slip about superheterodynes and know the mechanism of airplanes and automobiles and can pick things out of the air as we knew Mother Goose. Babies are born sophisticated, with all their wisdom teeth cut, and we must meet them on that plane as man to man and woman to woman, instead of as the voice of authority to the trembling slave. They are amenable to reason, but not to coercion, and perhaps we realize this, and when we get well enough acquainted with them to talk things over with them, we will develop more efficiency as parents.

Being a good parent in these days is such a hard job, beset with so many complications that it is no wonder that so many people dodge it. But anybody can make a success of it who is willing to make a career of parenthood instead of regarding it as a sideline that he or she can pull off when not otherwise occupied by golf or business or society. FOR Stomach Acid PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little Phillips' Milk of Magnesia in water any time for indigestion or sour acid, gassy stomach, and relief will come instantly. BETTER THAN SODA For fifty years genuine Phillips' Milk of Magnesia has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this scouring waste from the system without purging. It is far more pleasant to take than soda. INSIST UPON PHILLIPS' Each bottle contains full directions. Any drugstore.

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

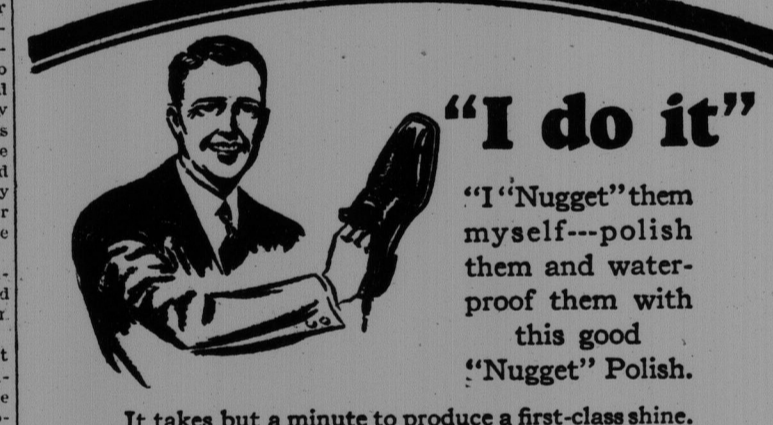

YOU never can tell! Recently a group of men gave a stag dinner in a once fashionable hotel. As is commonly the case at such affairs some riqus entertainment was provided. One feature was a nude dancer. A somewhat attractive, though worn looking woman graced before the group of oglers. The usual whispered remarks were passed and knowing winks exchanged. Then, without warning, the doors swung open and in came the police. The woman was taken into court. Yes, she was accustomed to hiring out for such occasions. Her pay—\$20 an appearance, she testified. But why did she do it? 'Will you come with us to this young woman's home?' her lawyer asked, by way of answer. Tears came to the woman's eyes. She buried her head in shame. At the house they found an invalid husband, and six children. Everywhere were signs of dire poverty. 'I couldn't make enough money to keep them,' she explained. 'And this seemed the only money—\$20 an appearance. It meant their bread and their doctor bill. He didn't know how I was making this money. He merely knew I was dancing.' And so she danced for leering, winking men—the mother of six. You can't always tell! NEW YORK boasts the oldest 'family newspaper' ever published. Its editors and subscribers are members of a single family, scattered over the United States. A prosperous Wall Street broker launched this 'bright idea' as a means of keeping track of his brothers, sisters, uncles and aunts. Being quite as busy a man as Manhattan boasts he first issued the paper to get acquainted with what his children were doing and thinking. He issued a family rule that they were to set down the incidents of a day and their reactions. He is out of the city a great deal of the time and thus gets out of touch with his family life. The 'items' turned in by his household were turned over to a clerk secretary who ran them out on the typewriter and presented them to him with the morning's pile of correspondence. Thus, in the midst of his hectic financial life, he was able to sit back and read what had been going on in his own home. So good did the idea seem, that he sent memoranda to all branches of his family urging them to contribute to the 'paper' and outline what had been going on in their various households. He explained that this would keep the entire family closely knit, without the necessity of letter writing. Two secretaries circulate it among the several dozen kin. GILBERT SWAN. A BLEMISHED SKIN Cannot be Relieved by Salves and Ointments. Irritating sores, pimples, eczema, salt rheum and other skin disorders are all signs of distress, telling that your blood is weak or impure. You cannot get rid of eczema and other skin troubles with ointments and outward applications, because the trouble is rooted in the blood and can only be removed by purifying and enriching the blood. Dr. Williams' Pink Pills banish these troubles because they purify and build up the impoverished blood. This has been proved over and over again by Mrs. Chris. F. Hummel, Castor, Alta, who says:—'I was troubled with eczema for years and although I tried many remedies I did not find permanent relief until I used Dr. Williams' Pink Pills. Whenever I did a little work my hands pained me greatly, especially my fingers and joints which were swollen and cracked, so that I could scarcely move them. Finally as the result of a statement I read, I decided to try Dr. Williams' Pink Pills and I had not been taking them very long when I found they were helping me. I then got a dozen boxes, and before they were all gone every trace of the trouble had disappeared. Had I known of Dr. Williams' Pink Pills earlier I might have been spared the suffering I endured, and saved the money spent for other treatments that did not relieve me. I hope some other sufferer will benefit by my experience.' If your blood is out of order begin taking Dr. Williams' Pink Pills today and note their speedy beneficial results. Sold by medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams Medicine Co., Brockville, Ont.

MISTER KNOWITALL AND HIS BIG BOOK KNOWITALL, looking over his spectacles. 'Oh! I have it! I'll look it up in my book also. It should be among the Zs. Here we are! Zither, zealous, zone, zip, Zanibar, Zigzag Path! My! My! This book certainly tells everything. It says, 'The Zigzag Path is the path that leads through the woods to that part of Fairyland called Hidy Go Land. It is extremely hard to find as it is here one day and gone the next, there the next day and gone the day after. It is not a safe path to take as it is likely to jump around while you are on it and spill you off into nowhere.' 'That doesn't help much, does it?' said Nancy. 'I'm afraid not,' said Mister Knowitall. 'But this much I will say, I had a second cousin whose aunt's stepbrother's son was walking along the Zigzag Path one day and suddenly—just like that—off went his shoes! He never did find his shoes and it was certainly too bad. They had only been half-soled once and as he had stopped growing, they'd have lasted quite a while. Well, I must be on my way. It's getting late and I'm sure you'll be home in time to get a letter.' 'Will you please look among the S's too,' begged the Whitflet. 'Shadows and Snoospy and stle and words like that.' 'Certainly,' said Mister Knowitall ably, shutting his big book and walking off. Suddenly he nearly lost his balance for the ground he was walking on gave a terrible jerk. 'Here, children, come quickly!' he called. 'I'm on the Zigzag Path now. This must be the road to Hidy Go Land.' To Be Continued

Noted Speakers To Be Heard At National Convention Of The Catholic Women's League

Sessions Open This Week at Ottawa and Program Carries Many Interesting Features—Chateau Laurier is the Headquarters—Four Delegates From Saint John

THE PROGRAM for the national convention of the Catholic Women's League, which convenes this week and next week in Ottawa, and is being attended by several delegates from Saint-John, has many interesting features.

Mrs. B. C. McCann, national president, will be in the chair, and the convention, which will be in session in the Chateau Laurier, opens on Friday. The Ottawa sub-divisions will entertain the executive at luncheon that day and the Catholic Girls' Club will be hostesses for tea.

At the formal opening in the evening Most Rev. H. J. O'Leary, D.D., Archbishop of Edmonton, and honorary chaplain of the League, will offer the opening prayer and greetings and addresses of welcome will be given by Mrs. W. J. Quinn, president of the Ottawa sub-division; Most Reverend J. M. Enard, D.D., Archbishop of Ottawa; Mayor Balthasar, His Excellency the Apostolic Delegate in Canada and Newfoundland, and Rt. Hon. F. A. Anglin, P.C., K.C., St. G., Chief Justice of Canada. Mrs. McCann will give her annual address as national president.

On Saturday morning reports to be presented will be as follows: Honorary secretary, Mrs. W. J. Lyons, Ottawa; honorary treasurer, Miss M. L. Quinlan, Niagara Falls, and executive secretary, Miss Margaret Jones, Montreal. At the luncheon that day when the Ottawa city sub-division members will be hostesses, Rev. George Daly, C.S.B., "Sisters of Service and Western Problems." The national committees which will report in the afternoon are those on organization, laws, finance, magazine, education, social welfare, child welfare, immigration, Travelers' Aid, Sisters of Service and Girl Guides.

The delegates will enjoy a drive to the Experimental Farm and be entertained at tea by Mrs. F. A. Anglin. In the evening the address will be given by Rt. Rev. Felix Couturier, O.P., O.B.E., Bishop of Alexandria, who will speak on "Catholic Women's Place in the Women's World."

CONVENTION SERMON. On Sunday morning Rev. E. J. Cornell will be celebrant at high mass in St. Joseph's church and the convention sermon will be preached. At a mass meeting in St. Patrick's Hall in the afternoon Rev. James M. Gillis, C.S.P., editor of "Catholic World," will give an address on "Culture and Catholicism." Later that afternoon there will be Benediction of the Most Blessed Sacrament. Very Rev. Canon Fitzgerald, officiating, and the solemnity of consecration to the Blessed Virgin will be made.

On Monday morning there will be requiem mass for the late Mrs. W. H. Loring, past national president, and further national reports will be given at the morning session. At the luncheon five speakers, representing the Juniors of Edmonton, Regina, Halifax, Toronto, Montreal and Ottawa, will give five minute talks on "The

FORKE HUMBLE AFTER 12 YEARS IN PARLIAMENT

Admits Dream to Reform Whole Country Shattered

IS OPTIMISTIC

Sees Canada at Top of Hill; Urges Drive for U. S. Markets

RENFRREW, Ont., June 10.—"When I went to Parliament first, I imagined that I was going to reform the whole country, but after 12 years of that life, I find that I am very humble and cannot live up to my past expectations." So declared Robert Forke, leader of the Progressive party in the Federal House, in addressing the Renfrew Rotary Club here last night.

"Our trouble today is that some of our people do not realize that Canada is no longer the country of Macdonald and McKenna, but there have been great changes taking place."

CANADA'S GROWTH "I always call the period between 1901 and 1911 the great growing years of Canada. It was then that immigration was so extensive and so much progress had been made. If so had continued our population would have been today perhaps double."

"What had happened in Ontario during that time?" asked Mr. Forke. "Two thirds of the industries of Canada started in Ontario during that period. Then we came to the dull days. The war days and following the war, the days of reconstruction. All this we have faced and now I believe we are on the top of the hill. Now we will start down the other side if we only work together. We had a great crop in the west last year, and I always maintain that if agriculture in Canada prospered, the whole country prospered. The three prairie provinces added \$800,000,000 wealth to the Dominion last year."

U. S. MARKETS. Mr. Forke said that he was not afraid of the United States capital entering Canada, but what he was afraid of and he knew was going to come was mass production. He had nothing against the industries of this country, even to the automobile manufacturers, who considered him their enemy. He wished them well, but he asked the people of Canada to look at what President Coolidge had said the other day, "that the United States in the very near future would be the largest importer of agricultural products in the world."

"We should look to this great market to the south," said the speaker.

ALBERTA COLLEGE HEAD IS N. S. MAN

Rev. A. S. Tuttle Visits His Brother at Pugwash Point

PUGWASH, June 9.—Rev. A. S. Tuttle, D.D., president of the Alberta Theological College, who is visiting his brother, H. M. Tuttle, at Pugwash Point, preached in the United Church on Sunday evening. In the large congregation present were many of Dr. Tuttle's schoolmates and friends of earlier years, who were deeply impressed by the eloquent sermon.

HAS NOTED CAREER

Dr. Tuttle graduated from Mount Allison University in 1903 and immediately left for the west. He held three pastorates in Edmonton, Calgary and Medicine Hat and returned to Edmonton for the second time. He was then called to a professorship in the Alberta Theological College and six years ago was elected president. He was a delegate to the Ecumenical Council held in England a few years ago.

FORMERLY OF PUGWASH

Dr. Tuttle is a son of the late Milford and Julia Fulton Tuttle, of Pugwash. He married Miss Mollie Johnson, a daughter of Rev. G. F. Johnson, a former pastor of the Methodist church here. Dr. Tuttle leaves this evening for Montreal to attend the general council of the United Church of Canada and will then return to his duties in the western college.

NEGRESSES OUST NOVA SCOTIA LADY

Woman Who Testified in Home-Brew Case Mobbed at Windsor Plains

WINDSOR, N. S., June 9.—Because she testified against a colored woman who received a jail sentence for making two potent home-brew Ebel Mitchell, a white resident of this district, was today driven from her home by an indignant mob of colored people. The convicted negro lived at Windsor Plains, a settlement a few miles from here, and her fate inspired a number of her fellow settlers to attack Miss Mitchell's home through the windows of which they threw rocks and other missiles. The terrified victim of the mob's fury escaped to a nearby house from which an emergency call was put in for the Windsor police, whose timely arrival prevented further trouble.

ASSEMBLY ENDS BUSINESS FOR YEAR

IT OPPOSES STRONG DRINK AS BEVERAGE

Will Transfer Record to Toronto and Pay Editor \$4,000 Salary

MONTEAL, June 9.—The General Assembly of the Presbyterian Church in Canada adjourned tonight to meet next year on the first Wednesday in June in Knox church, Stratford, Ont. The closing order of business was the transfer of the Presbyterian Record from Montreal to Toronto and a resolution against traffic in strong drink as a beverage, not, however, without warning from Dr. Dickie, of Westmount, Que., that the assembly should avoid any thing savouring of politics.

Dr. Ephraim Scott, the mover of the resolution, repudiated the suggestion that it had any political element in it. Dr. W. D. Reid, of Westmount, Que., seconded the resolution, while Dr. A. S. Grant, in supporting it expressed his disappointment should the resolution be unamimous. He did recognize, however, he said, that there were certain rights to individuals in this matter while present legislation was in force.

WED IN HILLSBORO

HILLSBORO, June 9.—This evening at 6 o'clock the First Hillsboro Baptist church was the scene of a very pretty wedding, when Miss Flora Blanche Peck and Mr. George Clarence Blight were united in marriage by Rev. R. S. Gregg, assisted by Rev. D. R. Chown, in the presence of a large number of invited guests. The bride is a daughter of Mr. John Lewis Peck, M. L. A., and Mrs. Peck, and is very prominent socially and in church circles. Mr. Blight is the son of the late Mr. James Blight and Mrs. Blight and served in the great world war for over three and a half years in the 6th Siege Battery.

LAST SUMMER MEETING

The Ladies Auxiliary of Clan MacKenzie held their closing meeting Tuesday in their room, Germania street. About 20 members were present. Miss Annie Aird had charge of the program which consisted of readings, solos, and duets. Delicious refreshments were served under the co-sponsorship of Mrs. A. Soutter. The clan will resume activities in September with a grand rally.

Police Raid on Dock Follows Alleged Sale of Case of Beer

WINDSOR, Ont., June 10.—Liquor valued at more than \$40,000 was seized by the police last night at a La Salle dock following the alleged sale of one case of beer to Romeo Lesard of Ford City. The police had previously raided Lesard's place where 80 cases of beer and several cases of liquor were found. Fred Labadie, attendant at the dock, who is said to have sold the beer to Lesard, is also arrested.

Must Remain Within International Scope

GENEVA, June 10.—The tendency of the new child welfare committee of the League of Nations to investigate matters which are regarded as purely national in character was condemned yesterday in a resolution adopted by the League Council. Sir Austen Chamberlain, British Foreign Secretary, criticized a recent recommendation by the committee that swimming and baths should be included in all future town improvement schemes. He declared that such a recommendation produced the impression abroad that the League was interfering in the domestic field instead of confining its activities to clearly international questions.

HILLSBORO PASTOR IS GIVEN WELCOME

Induction of Rev. Mr. Gregg and Reception to Him and Wife

HILLSBORO, June 9.—In the First Baptist church on Friday evening an induction service and reception was held for Rev. R. S. Gregg and Mrs. Gregg. Mr. Gregg has recently entered upon the pastorate of the First Baptist church. There were many present and the church was decorated for the occasion with red flowers and greenery. Seated with the pastor were Rev. H. Y. Payant, of Albert; Rev. D. R. Chown, of Surrey; Rev. M. C. Higgins, of Surrey; Rev. P. P. Finco, of Parkville; Deacon G. P. Steeves and Deacon W. H. Duffy, who was the chairman of the evening.

COMPETITION HELD AT M'ADAM JUNCT.

Miss Morrissey's Room Wins G. W. V. A. Cup For Physical Drill

M'ADAM JUNCTION, June 9.—The results in the competition in physical drill held in the school here last week have been announced. The competition was judged by Colonel Snow, of Saint John. The cup offered by the local G. W. V. A. for the room showing the most proficiency in the physical drill has been won by Miss Morrissey's room. The cup was put up four years ago to be held by the room winning it three years. It was won the first year by Miss Morrissey's room, the second year, re-won the third year and held this year. Mr. McFarlane's room were the runners up for the cup.

Another cup, offered by Colonel Snow, for the grades from one to five was won this year by Miss Emberton's room. Mrs. Young's class were runners up. Colonel Snow inspected the cadets before the school competition.

M'ADAM JUNCTION, June 9.—The annual meeting of the Provincial Grand Lodge of the Loyal True Blues concluded its sessions here this afternoon at 5 o'clock, after having decided to meet in 1927 at Sackville on the second Tuesday in June. In the election of officers for the ensuing year Rev. W. C. V. Martin, of Canterbury, was chosen provincial grand master, and Mrs. Thomas Doige, of Moncton, grand secretary.

CONSECRATION OF NEW CHURCH YARD

Ceremonies at Young's Cove Carried Out by Bishop Richardson

YOUNG'S COVE, June 9.—On Sunday, June 6, a service of consecration was held at St. Luke's church, Young's Cove, to consecrate the new portion of the grave yard given to St. Luke's church by the late Isaac Snodgrass. His Lordship Bishop Richardson and the rector, Rev. J. E. Taylor, with the church wardens and laity carried out the consecration ceremonies. After the consecration there was evening in the church. His Lordship, the Bishop, preached a very earnest and forceful sermon which was listened to with marked attention by the very large congregation present. Mrs. Scott Orchard was the organist.

It pays to know the difference between The HOOVER and a vacuum cleaner. A MAJOR TRIUMPH [The New Hoover embodying "Positive Agitation" is the most important contribution ever made to ease and efficiency in home-cleaning.] AS The Hoover led all other cleaners in efficiency and ease of operation, The New Hoover sets a new and higher standard. It is the greatest advance ever made in home-cleaning devices. "Positive Agitation," the principle of beating in rug-cleaning, has been perfected in The New Hoover. As a result in the ordinary cleaning time it takes out an average of 131% more dirt than did previous models. It is hailed by housekeepers everywhere as "the most important contribution ever made to home-cleaning." For The New Hoover excels in these particulars: 1 For the first time, it makes possible "Positive Agitation" of floor coverings. 2 By actual test, in the ordinary cleaning time it beats out and sweeps up from carpets an average of 131% more dirt. 3 It is an even greater rug-saver; the oftener a carpet is cleaned with a Hoover the longer that carpet will wear. 4 It is virtually service-proof, every part including the new motor, requiring no oiling. 5 It increases the efficiency of its remarkable dusting tools because of its 50% stronger suction. 6 Its exclusive dust- and germ-proof bag is now washable. 7 Its form and finish are of startling beauty; and every new feature insures greater operating ease. The New Hoover is now exhibited by Authorized Hoover Dealers. Complete with the newly-designed dusting tools, it is still only \$6.25 down, with the balance in easy monthly payments. Examine The New Hoover. The Dealer will show it with pride. Feel the vibration of the rug as The New Hoover gently beats it. Then you will understand why "Positive Agitation" dislodges all the dirt.

\$3,000,000 FOR HUDSON BAY RY. PASSES HOUSE

C. H. Cahan Questions Soundness of Project and Urges Delay

COMPARES CONDITIONS TO MARITIME PORTS

Manion Says Conservative Party is Divided in Views on Scheme

OTTAWA, June 9. — The House of Commons tonight passed the vote of \$3,000,000 for the Hudson Bay Railway.

When the House went into committee of supply for the second time this week on the \$3,000,000 vote for this railway, C. H. Cahan (Conservative, St. Lawrence-St. George), said that he had found the House of Commons to be something of a training school. His contact with the able representatives from the Middle West had had a considerable effect on his views.

If the interest of the Hudson Bay route, he did not believe it would materially affect the port of Montreal, and any successful operation of that route would be approved in Montreal. The feeling in the east was that the country should not enter upon large capital expenditures until the project had been proven feasible and profitable.

PROMISES OF PARTIES.

Both the Liberal and Conservative parties had promised the construction of this road to the Prairie provinces, said Mr. Cahan. The expenditure on construction of the railway up to the present time was \$15,000,000. The terminals at Port Nelson had cost \$6,200,000 more.

He quoted from a report made in Sept. 1917, by D. W. MacLachlan, the resident engineer for the Department of Railways and Canals at Port Nelson, in which he declared that the Hudson Bay Railway was doomed to certain failure. Mr. MacLachlan reported that the Hudson Straits were open and free from ice for such a short period that ships would prefer to take the St. Lawrence route rather than through Port Nelson. Mr. Cahan said that any man who had the interest of the country at heart should hesitate after reading such a report.

Mr. Cahan read a number of Engineer's reports from which he said it was obvious that there would be many obstacles to the completion of the road, and also that there would be many difficulties of navigation.

MARITIME PORTS.

From his reading of all the records he found it difficult to see how any business man could assume that even after the terminals were completed, grain could successfully be transported. How could Port Nelson, which was only open two and a half months in the year be expected to attract the necessary tramp steamers when the Maritime ports, open 12 months in the year, could not attract a sufficient number to make grain carrying effective there? Would this government build special ships or would it subsidize ships?

The House should know what would be the cost of providing ships, light-houses, radio and all the paraphernalia required to make navigation through the Hudson Straits and bay feasible.

It was said that the construction of the Hudson Bay Railway would open up the mineral belt of Manitoba. He had little doubt, said Mr. Cahan, that there were minerals in Manitoba which could be brought out on a railway. His information was that all these minerals were south of Mile 214 on the line. Why not spend what was necessary to put the line into good shape up to Mile 214?

Hon. Charles Dunning said with regard to the report of Engineer D. W. MacLachlan, that this gentleman was a very excellent engineer, but was far from being an expert along all lines. In making the report of 1917, quoted by Mr. Cahan, Mr. MacLachlan had gone entirely outside his personal sphere and dealt with matters of which he could hardly be called an expert. Mr. Cahan had not quoted reports which were made by R. A. C. Henry, an expert economist, now in the Canadian National Railways, on the project.

H. M. Hammon (Conservative, Selkirk) said that the destiny of Canada was northward and the bay project, promised for so long, would fulfill the dreams of the people of that country.

T. W. Birr (Progressive, Nelson, Man.) said that the whole matter boiled itself down to the question of whether or not Hudson Straits were navigable.

Mr. Bird insisted that conditions were no more unfavorable at Port Nelson than they were in a number of the ports of Northern Europe. Hon. Dr. Manion (Conservative, Fort William) said that Mr. Bird and other Progressives had implied that all the Conservatives were opposed to this expenditure on the Hudson Bay Railway. There were some differences of opinion in the Conservative group on the subject, but he admitted, the best speeches so far made in support of the estimate, had been made by Conservatives.

Weddings

Emerson-Trentowsky.

A wedding of much interest was solemnized in St. James' church at 8 o'clock this morning, when the rector, Rev. H. A. Cody, united in marriage Miss Edith Vernon Trentowsky and Dr. C. Leonard Emerson, both of this city, in the presence of a large number of friends and relatives of the bride and bridegroom. The church was beautifully decorated with evergreen palms and cut flowers. The bride was met at the church door by the vested choir, which sang "The Voice That Breathed O'er Eden" while preceding the bride to the chancel. The bride looked charming in a blonde colored gown of crepe with overcast of radium lace and wore a picture hat of the same color with lace crown and brim of georgette. She carried a shower bouquet of butterfly roses and lilies of the valley. During the signing of the register the choir sang "O Perfect Love." Dr. and Mrs. Emerson left by motor for Boston to be absent for a week or 10 days. The magnificent display of lovely gifts received evidenced their great popularity, and among the gifts were many received from the bride's former associates at the General Public Hospital.

Whelpley-Cotter.

A wedding of interest to a great many friends in Saint John and elsewhere took place yesterday afternoon at 4 o'clock in St. Patrick's Cathedral, New York, when Miss Helen Cotter, daughter of Mr. and Mrs. Richard J. Cotter, 184 Duke street, became the bride of Ernest A. Whelpley, son of Mr. and Mrs. Frederick E. Whelpley, 32 Sydney street, both principals being popular young people in numerous circles about this, their home city. The wedding ceremony was performed by Rev. Father Robert Woods.

The bride wore a becoming gown of French blue georgette with picture hat to correspond and carried a bouquet of sweetheart roses. She was attended by her sister, Mrs. F. C. Wesley, as matron of honor, who wore a charming dress of peach crepe, and by Miss Evelyn Krauth, as bridesmaid, who was attired in rose crepe. The groom was supported by Charles Cotter, of New York, brother of the bride.

Following a reception at the home of Mr. and Mrs. Howard J. Cotter, the former a brother of the bride, Mr. and Mrs. Whelpley left on a motor-trip to Atlantic City, after which they plan to go to Boston by train and return home from there by automobile. Mr. Whelpley motored to Boston a few days ago and his prospective bride preceded him to New York, accompanied by the groom's aunt, Mrs. W. H. Golding.

Among those present at the wedding, besides those assisting were Mr. and Mrs. Cyril Bedford, of Boston, Mrs. Bedford being a sister of the groom. The remainder of the wedding party was made up of friends and family connections.

Mr. Whelpley is of the sales staff of the Universal Film Corporation Maritime branch and both principals in yesterday's happy event have been the centre of several honoring parties and presentations during the past few weeks. They have been the recipients of many lovely gifts of a private nature as well.

BAXTER URGES LARGER MARKET FOR . B. COAL

Premier Tells Conference 50 Cent Rate Reduction Would Permit Competition With U. S. Fuel at Montreal

OTTAWA, June 9.—Recommendations to provide fuel for the people of Canada from the coal mines of the Dominion, instead of importing the commodity, were made this afternoon before the special coal committee of the House by provincial premiers and representatives of provincial governments.

Premier J. B. M. Baxter, of New Brunswick, urged that a way be found whereby coal from the Maritime Provinces would obtain a larger home market in Canada. If coal from the Maritimes was enabled to find an extension of its market, this would help alleviate conditions in the industry.

Premier Baxter believed that if coals were established in large centres, the worth of soft coal produced in the Maritimes, as compared with the present American anthracite now used, would be proven to the people of Central Canada. By the adoption of this process of turning coal into coke, a market for New Brunswick coal in Ontario would result.

RATE REDUCTION ASKED.

Premier Baxter also quoted rates from Minto mines and other New Brunswick points to Sherbrooke, Quebec, Montreal and Ottawa. Hon. Dr. Baxter asked for a reduction of 50 cents per ton in these rates. He understood that if such a decrease were granted, it would enable the Minto mines to compete at Montreal with American coal. Was it not worth doing he urged.

New Brunswick, said Premier Baxter, should be given the opportunity to sell more coal. There was something wrong with a policy under which a railway imported American coal and "beat our own coal."

Premier Howard G. Ferguson, of Ontario, said that Ontario coal had been found "eminently satisfactory." The last shipment received at the 87 rate had been distributed to some 240 points in Ontario with satisfactory results.

TRANSPORTATION COST.

An investigation of the cost of transportation had been undertaken by the Ontario government. It had been found that out of pocket cost was about \$7.04 per ton. The question of transportation costs would be heard before the Railway Board by December.

FORMER SAINT JOHN MAN TO PASTORATE

Rev. Roy C. Dalzell Named to Pulpit in Portland Church

The Portland Evening Express carries the following interesting item: Rev. Roy Chester Dalzell, recently appointed to have charge of the Trinity M. E. church parish and Cape Elizabeth M. E. church parish, is a native of Saint John, N. B., and has been in the Maine conference for nearly 22 years.

"Mr. Dalzell served in Canadian Methodism for five years previous to coming to the Eastern Maine Conference. He received his theological training in Mount Allison University at Sackville, N. B. Before coming to take charge of the two local parishes, Mr. Dalzell was located at Lubec and has been pastor of the Methodist churches at Southwest Harbor, Machias and Hodgdon.

"Several weeks ago the Cape Elizabeth M. E. church voted to combine in engaging a pastor and they arrived at a satisfactory agreement as to the management of the same. The new pastor has been making his home at the parsonage at Cape Elizabeth since his arrival here the first of the month, but he is planning to move to the section nearer the Trinity church soon.

"Mr. Dalzell is married and has three children."

ACADIA NAME CHANGES BRING UNITS CLOSER

Three Institutions to Remain as Before With Different Natures

WOLFVILLE, June 9.—In view of the fact that there has been some misunderstanding as to the nature of the changes proposed in the Acadia Ladies' Seminary and the Acadia Collegiate and Business Academy, the following facts are set forth by the university officials: Neither of these schools will be closed. There will be changes in the nature of the schools; changes in their relations to the university, and changes in their names, but there will be three institutions as before.

The changes made will be those made necessary by the growth within the schools themselves. The relation of both schools to the university will more vital than before, while the changed names will express the changes in their character and relations.

THE CHANGES

Briefly, the changes proposed are as follows:

That department of the Acadia Ladies' Seminary doing work in household economics, music, expression and art will become the School of Household Science and Fine Arts of Acadia University. The major part of the work in this school will be of college economics must have met the requirements for university matriculation. Two courses, as in the past, leading to a normal diploma in household economics, and a four-year course, leading to the degree of bachelor of science (household economics). The diploma will be granted by the School of Household Science and Fine Arts and the degree will be conferred by Acadia University. Work other than that in household science will be taken in the regular classes of the university.

MUSIC COURSE

Similarly, two courses of college grade will be offered in music; a two-year course leading to the diploma of certificate of music, granted by the School of Music and Fine Arts, and a three-year course leading to the degree of bachelor of science, conferred by the university. These courses may be taken in any one of the following: Piano-forte, organ, violin, viola, theory and composition. In addition, the School of Music will offer courses of elementary and intermediate character.

Similar courses of both intermediate and college grade will be offered in expression and in art. There will be a good attendance of dealers and the bidding was keen.

HORTON ACADEMY

Acadia Collegiate and Business Academy, formerly Horton Academy, and now completing 98 years of service, was originally a co-educational institution, but later Grand Pre Seminary was founded to provide for the higher education of girls and young women, and Horton Academy became exclusively a school for boys and young men.

Grand Pre Seminary became finally Acadia Ladies' Seminary. With the growth of the seminary, two clearly defined schools emerged: the one doing work of college grade in household economics and fine arts, and the other doing work of a high grade finishing school. It is this school, that, united with the Acadia Collegiate and Business Academy, has become the Horton Academy of Acadia University.

PURPOSE OF UNION

This union is effected for a three-fold purpose: to avoid duplication of courses; to provide a secondary school of the highest possible grade; and, further, to provide a laboratory for students of education in Acadia University. In general, all teachers must have secured the degree of M. A., having majored in the subjects they are to teach.

RESIDENCE

Girls in attendance at the Horton Academy will reside in the residence of the School of Household Science and Fine Arts. The laboratory for students of education will be under the supervision of the lady principal of the school.

In many subjects the classes will be co-educational, but in those subjects in which a difference of approach is necessary to effective work, they will be taught separately.

Record Catch Of Mackerel Off East N. S.

HALIFAX, June 9.—More than 200,000 mackerel, worth over \$6,000, were secured off Arichat, Canso, Guysboro Bay and adjacent fishing villages of eastern Nova Scotia yesterday, according to reports reaching Halifax. This was one of the finest single-day catches of mackerel on record in that vicinity and was easily the most promising of the present season.

UPSET LAMP FATAL TO ANTIGONISH MAN

Flames Ignite Clothing; Body is Found in His Boarding House

ANTIGONISH, N. S., June 9.—Daniel Norman MacDonald, 50, a laborer, was burned to death here early this morning when an overturned lamp ignited his clothing.

The body was found at the foot of the stairs in his boarding house, and it is surmised that in running for help he tripped and fell.

In the victim's bedroom the overturned lamp was lying on the floor near the bed. MacDonald was dead when discovered by a fellow laborer. He was alone in the house at the time of the accident.

CHEESE BOARD MEETS

Cheese sold at 18 1/2 to 19 cents a pound for triplets at the meeting of the New Brunswick Cheese Board held yesterday afternoon in the Board of Trade rooms, when there was a fair quantity of cheese offering. There was a good attendance of dealers and the bidding was keen.

GERMANS BUILDING PLANE TO CARRY 40

FRIEDRICHSHAPEN, Germany, June 9.—The largest hydroplane ever constructed in Germany is being built at the Dornier Works for the German Civil Air Service.

The hydroplane will carry 40 passengers in addition to freight and will be propelled by seven engines totalling from 3,000 to 4,000 horsepower.

This is the first large plane to be built for German use since the removal of the aerial construction restriction by the recent Paris convention.

GIFTS COME IN FOR LADY BYNG CAMP

Many Received and More Promised Yesterday — Money Needed Most

Everything is going forward well with the exception of the contributions of money. These have not been coming in so well as was hoped for and however generously the merchants are there must necessarily be some commodities which will have to be bought and salaries must be paid.

Each day there are a number of applicants for admission to camp received at the Health Centre and Friday of this week has been set for the final day for the medical examination of the children. Each case is carefully looked into and those who have the greatest and most pressing need of the camp benefits will take precedence when the list of those who can attend is made up. The medical examination clinic will open at 2 p.m.

SHIP LANDS ONIONS AND TEA AT HALIFAX

HALIFAX, June 9.—The Ellerman-Bucknell Line steamer Kabinga arrived here this afternoon from Calcutta and Colombo and, after landing 1,200 tons of tea, coconuts, onions and so forth, will sail for Boston and New York, probably tomorrow.

NEW PASTOR TAKES LAND'S END CHARGE

Rev. H. D. Atkinson, Arrives Army Crusader, Arrives For Summer

WESTFIELD, June 9.—Captain H. D. Atkinson, of the Church Army Crusaders, London, England, who led a party of crusaders in the United States last year, and stayed with them at Old Orchard, Me., for a time, arrived here last week to spend the summer months, as assistant to Rev. Arthur J. Tatstone. He will have charge of the Land's End part of the parish.

Captain Atkinson preached on Sunday morning at St. James' church, Westfield Beach, at Grand Bay pavilion in the afternoon, and in St. Peter's, Public Landing, in the evening. He is a most pleasing speaker and made a deep impression upon all his hearers. He is a guest at the rectory.

19 SLAIN AND 20 HURT IN TRANSYLVANIA

BUCHAREST, June 9.—The opposition press charges that 19 peasants were killed and 20 wounded during the recent district elections in Transylvania. The government, admitting some loss of life, has promised a full and impartial investigation.

AGREEMENT TO END SLAVERY DRAWN UP

GENEVA, June 9.—The council of the League of Nations has voted to put the slavery question on the September agenda of the assembly when the delegates will be asked to sign a convention abolishing slavery. This agreement already has been prepared.

BRISK DEMAND FOR RAILROAD SHARES IN N.Y.
Wall Street Reports Prices Showing a Firm Undertone
TRADING IS DULL ON MONTREAL EXCHANGE
Asbestos Most Active of Stocks With Brazilian and Power Steady
NEW YORK, June 10.—Stock prices displayed a firm undertone at the opening of today's stock market, which was featured by a brisk demand for the railroad shares. Initial changes, as a rule, were small. Pool operations were again apparent in many issues on expectations of a lowering of money rates when the June 15 tax interest and dividend payments are disposed of. Yellow Truck and Coach preferred touched a new high for the year at 93 1/2. Common stock of the U. S. Steel Corporation, which makes public its management statement this noon, opened three-eighths lower at 131 1/2.
MONTREAL, June 10.—Trading on the local stock exchange during the first half hour this morning was a dull affair, with values revealing a fairly firm tendency. The Asbestos issues were the most active, the preferred being off at 7 3/4, while the common sold unchanged at 2 1/2. Brazilian was steady at 9 3/4. Montreal Power gained a half at 27 1/2, and Shawinigan at 1 3/4 was up two points on a 25 share transaction.

NEW YORK, June 10.—The tremendous strength in U. S. Steel still overshadows the whole stock market. On Tuesday professionals were disappointed in the action of general market in the face of steel's advance. Yesterday morning they sold stock because of action of market on Tuesday. With the exception of one or two issues, this selling was remarkably light. Steel trading slowed down around noon of reaction became active again only when stocks started to advance yesterday afternoon. It is important to notice that while the market yesterday the rail issues showed the advance with the industrial. While advances were confined to relatively small number of stocks, the general market holds very firmly. We believe its action, together with the development in certain commodities, indicates considerably higher prices. G.M.O. will not allow the market to get much above 150 yesterday, but we believe before long it will attain the feature of the market. We believe it is a buy around present prices. We continue to think that steel will make a new record high. W.A.C. showed a little increase in activity and we believe this stock also is a purchase, for a very good profit in the future. The market is still a buy, but we believe the chances are in favor of a sharp decline in the near future. We continue to believe it is a buy around present prices. ANTIPODEAN CALLS FOR CLOSER TIES WITH CANADA

Declares Mission in Speech to Manufacturers at Toronto
U.S. EFFICIENCY IN PRODUCTION NOTED
Young Men's Enthusiasm Credited With Much of American Success

TORONTO, June 9.—Declaring for closer trade relations between Australia and Canada, W. E. Clegg, President of the Chamber of Manufacturers of Newcastle, Australia, addressed members of the Canadian Manufacturers' Association at the afternoon session today. Mr. Clegg conveyed the greetings of the manufacturers of Australia to the gathering and expressed a hope for closer co-operation in the future.
After spending the past two months in the United States in a critical survey of business methods in that country, Mr. Clegg was of the opinion that the efficiency of the American plants was due to the enthusiasm of the young men engaged in business there. The fact that a large market was available, and also the fact that manufacturers there were not afraid to scrap when able to substitute better machinery for old and worn-out plants, were commented on.

REPORTS ON TRIP.
W. A. Craik, editor of Industrial Canada, gave a report of the work done at the third imperial press conference between the two self-governing dominions. Subjects in which improvements had been shown were commented on. The fact that the Empire migration, inter-Empire trade, and the new spirit industry, Mr. Craik said, were all subjects in which improvements had been shown were commented on. The fact that the Empire migration, inter-Empire trade, and the new spirit industry, Mr. Craik said, were all subjects in which improvements had been shown were commented on.

ACROSS CANADA AND BACK.
"Marvellous beyond conception" aptly describes the glories of Canada's Rockies. To be fully appreciated they must be seen. To start out on a trip by one's self into this unfamiliar but far-famed paradise is, to many, a feat. The Karna will sail for Windsor, N. S., to load plaster for New York after completing discharging her cargo of coal here.

BALLOON RACING IS LATEST SPORT

The latest fad, balloon racing, is taking Europe by storm. It started in France, at the Aerostatic park in St. Cloud. Balloons are released and participants in the game chase the runaway bag in autos. Of course the sport is a bit tough on the pedestrian. Photo shows start of one of the balloons chased and Mme. Charlotte Veranyi and Mile. Rival, winners of the contest.

FUNCTION OF YEAR AGO IS RECALLED

Soldier Memorial in King Square Unveiled on June 10, 1925
One year ago today the monument in King Square, erected in honor of those who fell in the Great War, was unveiled. There were about 12,000 present at the unveiling which was performed by General the Hon. A. H. Macdonnell, C. M. G., D. S. O. A feature was the singing of appropriate hymns by a massed choir of 200 voices. A guard of honor and the Pulliers' band also were in attendance. The prayer of dedication was given by Rev. C. Gordon Lawrence, who also made a short address, as did R. T. Hayes, chairman of the committee which raised the funds for the monument. The late Mayor Potts also made an inspiring address. Others on the platform included Mrs. Heber Vroom, Mrs. E. A. Smith, Mrs. G. E. Barbour, R. N., Miss Frances Alward, the late Miss Agnes Warner, who made a notable record as a nurse in France; Col. E. E. Sturdee, chairman of the unveiling committee; C. B. Allan, chairman of the committee in charge of erecting the monument; Capt. A. J. Mulcahy, who had charge of the draping of the monument; Col. W. B. Anderson, officer commanding M. D. No. 7; Capt. McQuade, orderly officer to Gen. Macdonnell, and Major Bell, who attended Col. Anderson. At the conclusion of the ceremony the base of the monument was buried with the numerous floral offerings from organizations and citizens.

Deaths

Mrs. John Crealock.
The death of Mrs. John Crealock, of Pearsonville, Kings county, occurred on May 29, after an illness which extended over a year. Mrs. Crealock was born 70 years ago in Goshen, Queens county, the daughter of the late Archibald and Elizabeth Keys. She lived in Goshen until 11 years ago, when the family moved to Pearsonville. Mrs. Crealock was a member of the former Methodist church and one who was highly respected by the entire community. Eleven months ago she underwent a serious operation in the infirmary at Saint John.
Besides her husband, she leaves a family of six, two daughters, Mrs. William A. McKnight, of Los Angeles, Cal., and Mrs. William G. Wright, of St. John, and four sons, Archibald, William, Hedley and Everett, all of Pearsonville. There are 16 grandchildren. One sister, Mrs. Walter J. Hornbrook, of Chipman, also survives.
The funeral was held from her late home, Rev. Messrs. Sawdon and Nickerson, of the United Church, and Rev. C. A. S. Warfield, of the Highfield Anglican church, conducted the last rites. Many beautiful flowers bore mute testimony of love. Interment was in the United Church cemetery at Pearsonville. Many friends attended from the surrounding countryside.

Fred'k Gould Dies At County Hospital
The death of Frederick Gould, of Marysville, occurred last night at the Saint John County Hospital following a lingering illness. He was 82 years of age. He served in the Great War as a sergeant and had been in poor health ever since his discharge from the army, but his cheerful disposition carried him through times of suffering without complaining. He leaves to mourn his wife, who was formerly Miss Ruby Kaine, of Marysville, and three small children, Murray, William and Donald, aged six, five and three years respectively. His father, mother, three sisters and six brothers also survive. The brothers are David, of Rochester, N. Y.; Blair, of Los Angeles, Calif.; Oakley, of Toronto; Richard, Arthur and Raymond, of Saint John. The sisters are Mrs. Brown, Stella and Eva, all at home. The remains will be taken to Marysville on Friday morning for interment.

RICKARD'S LUCK HOLDS FOR WEATHER IN TITLE BOUT TONIGHT

BERLENBACH AND STRIBLING FAIRLY EVEN

Round by Round Service Broadcast at Times-Star Offices

NEW YORK, June 10.—Fair and warmer. Such is the weather forecast for the Berlenbach-Stribling fight at the Yankee Stadium tonight.

TO BROADCAST BOUT

The Times-Star has completed arrangements with the Canadian Press for a round-by-round service of the world's title bout tonight between Paul Berlenbach and Young Stribling in New York, and this will be megaphoned from the paper offices in Canterbury street.

ments this season, mostly because of rain, and most nights of late have been far too cool for comfort.

STIRBLING YOUNGER

Berlenbach will find Stribling hard to hit, and at the same time hard to avoid, for Paul is not the fastest man in the ring.

Stribling is the younger man by three years, and has gained most of his experience in battle. He possesses two good hands, with the right most effective, but he never has been considered an aggressive pugilist.

The Atlantic is growing and feels that some day he will come face to face with the champion.

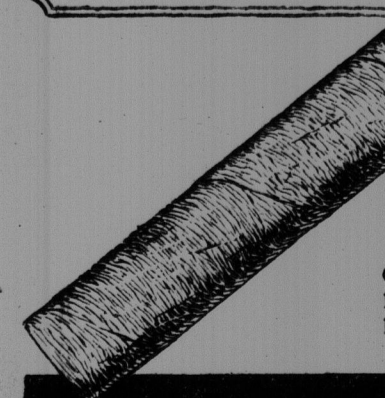

How rivals compare for tonight's battle:

Table comparing Berlenbach and Stribling: Age, Height, Weight, Reach, Forearm, Thigh, Waist, Ankle.

Suspension To Follow Unless Eddie Sparks Has Position Here

Along The Sport Trail

AFTER one of the most successful seasons in its history in Saint John, bowling practically ended with the win of the strong James Pender Company team of the inter-league championship a few nights ago.

PORTER MCINTYRE tells us that in his bout with Buddy Lewis the other night in Nova Scotia, he was practically pushed out of the ring and was counted out while on his way back.

UNLESS things change considerably, cricket is due for its normal season here this year with another match with Rothery scheduled for June 26. It is a pity there is not two teams to arouse more interest.

SOME IDEA of Canada's girl athletic talent is shown by the remarkable javelin-throwing of Clara Ballard at Montreal recently when she did 96 feet, 10 and 5-8th inches.

Committee in Charge Hears Encouraging Reports re Allison Grounds

The committee in charge of the girls' stadium track meet, which will be staged in this city on June 19, met last evening in the Y. W. C. A. rooms.

CREW AT WORK. A crew of men have been working on the Allison grounds, where the meet is to be staged and everything will be in first class shape for the big day.

READY FOR GAMES. ST. MARTINS, June 9.—Owing to the lateness of the season the St. Martin's baseball team has only had two or three practices.

THE COHENS AND KELLYS IS RICH IMPERIAL BILL

Touching Tale With Wealth of Comedy Grips Large Gatherings

If life was made for laughter, whoever attends the Imperial Theatre today while "The Cohens and Kellys," the Universal-Jewel, is the future, will live a long life during the run of the picture.

"The Cohens and Kellys," is life jammed with wholesome human touches of pathos and comedy. It is a beautiful painting of the delicate brush of the great artist, Harry Polard, the director who put Reginald Denny on the road to success.

It is not a farce comedy, but it is drama of the relations between the Irishman and the Jew told with an eye always on the comic possibilities of the tale.

The Irish policeman who opens his heart to the Jewish family is played by Charlie Murray, whose most recent roles have been as a character comedian. He is exceptionally good in this part.

Teamed with him in furnishing much of the comedy is Kate Price, a real Irish lady from Ireland, while on the other end of the balance are Vera Gordon, the famous hit of "Humoresque" and George Sillery, a stage actor of 22 years experience. These two Jewish players contribute their quota of laughs.

Playing a rather wistful part devoid of comedy, Olive Hasbrouck, as a romantic lead, gives a performance of dramatic depth that immediately brands her as one of the new school of girls that contribute the stars of tomorrow. Jason Roberts does well with his role and Nat Carr is a new find for a villain. Not more than a year ago he was the comedian with a large musical show.

Two boys, Bobby Gordon and Mickey Bennett, give clever performances. The story is from Aaron Hoffman's famous stage play, "Two Blocks Away." The Imperial enjoyed large patronage yesterday—particularly in the evening, although the Danibell's engagement immediately previous was generally attended as well. It looks like a big week for the Keith house.

A REAL HOLLYWOOD ROMANCE

Hollywood is a land of make believe, but there are real romances there, too. Now it has been announced that Mary Stuart, movie actress, who says she is a direct descendant of Mary Queen of Scots, will marry Garret Fort, former Princeton football player and now a scenario writer. They're shown here together.

Gossip About Trotters

DURING the next 10 days the Grand Circuit cavalcade will be on the march to North Randall from all training sections and there the racing candidates will receive final preparations, especially those having early stake engagements at the inaugural on July 5 and the week following at the Fort Miami track, Toledo. These so-called final "trotters" are bound to be more lustrous than in any past year; and while trainers are an optimistic element, yet all have their uncertainties

Huggins Entitled To Credit For Yanks Rise To The Top

NEW YORK, June 9.—A year ago when the Yankees were headed nowhere in the American League and were battling to remain out of the basement, one man was blamed for the tremendous flop and that man was Miller Huggins.

Today the Yankees are at the top of the Junior circuit and stand an excellent chance to hang on to that precious position, but in the comments on the form reversal one hears nothing about the same Miller Huggins, who has continued as the pint-sized manager of the Yanks.

Huggins probably would be the most tragic figure in baseball if he believed one-tenth of the diatribes directed against him. As it is he fails to inspire praise and offers an excellent target whenever anything goes wrong.

SPRINGHILL LOOKS FOR BANNER YEAR

President of Besco Lends Financial Assistance to Baseball Club

SPRINGHILL, June 9.—The Springhill Amateur Athletic Association are in receipt of a letter from Roy M. Wolvin, president of Besco, informing them that he is instructing J. C. Nicholson, resident superintendent, to put the baseball field in first class condition, and to place all implements and horses necessary at the disposal of the association free of charge.

He also enclosed a substantial check to help along the club funds. The field at present is very badly in need of repair.

It is the intention of the executive of the club that the team shall be completely outfitted with new uniforms and gear this season, in preparation for what is hoped will be a banner year.

as their guides, with full and advance anticipation of facing unexpected surprises after the finish of every heat because very little will be known about the choices. North Randall, like all other members of the M. G. line, conducts the meeting in membership with the American Association's new rule of every winning heat a lasting record. This will greatly avoid the former practice of winning a heat and then laying up to avoid future penalty or disqualification. There will be no advance knowledge of a non-winner among the speedy contingent.

AUTO SPEEDING DENOUNCED IN POLICE COURT

Magistrate Henderson Calls on Autoists to Use Common Sense

GIVES REVIEW OF LAW ON MATTER

Certain Streets Named as Speeding Places—Danger on Corners

Owing to the many cases of speeding brought before him recently, Police Magistrate Henderson this morning issued the following statement in regard to the law:

"There seems to be a reason why some public reference should be made to the traffic law as passed by the Common Council and having force in the City of Saint John. While all the sections of that law are important and should be respected, there are none of more importance than those regulating the speed of vehicles and that one compelling the stopping of motor vehicles when approaching street cars from which passengers are alighting or upon which they are embarking.

SPEED OF VEHICLES.

"Article IV, Section 1, enacts: No person shall operate a motor vehicle on any street at a greater rate of speed than is reasonable and proper, having regard to the traffic and conditions of the highway, or so as to endanger the life or limb of any person, or the safety of any property.

"It shall be prima facie evidence of a rate of speed greater than is reasonable and proper as aforesaid if a motor vehicle is operated at a greater rate than one mile in five minutes (12 miles an hour) and in going around a corner, Section 2 provides, the operator of a motor shall have it under control and operate it at a rate of speed not exceeding one mile in 10 minutes (six miles an hour).

"Article V, Sec. 14—In approaching or overtaking a street car, which has been stopped to allow passengers to alight or embark, the driver of every vehicle shall bring the vehicle to a standstill in the rear of the street car until all passengers are let down or taken up.

SOME DISREGARD.

"These provisions are clear and explicit and are laws in force governing persons concerned. It is the duty of all persons to respect the law for the most part people do. The Automobile Association, I understand, exhorts its members to abide by the laws respecting the laws applying to them and are in sympathy with the laws quoted, but there seems to be a law governing crossings as to what may be coming from the east or west on Union street.

SPEED AT CORNERS

"Every one knows that the speed around corners often is greater than along the streets. Fatalities happen, collisions occur, narrow escapes are reported and it is positively dangerous to walk the streets. Near-sighted, deaf and nervous persons had better remain at home. I am not disposed to unnecessarily make remarks and only now refer to the matter because of complaints.

QUOTES SCRIPTURE

"We seem to be living in the time of which Nahum prophesied in his second chapter fourth verse 'The chariots shall rage in the streets, they shall jostle one against the other in the broad ways; they shall seem like fiery torches, they shall run like the lightning.'

"There cannot be any reason why there should be such speeding. I do not include the auto owners in general in these remarks. There are also some who are entitled to consideration such as doctors on emergency or professional calls, the fire teams to save property and other extreme cases, otherwise there can be no excuse for desperate speed. While 12 miles an hour is the prima facie standard of speed, still I would hope that the police in making reports should give fair consideration to the term reasonable and proper having regard to traffic before submitting them, and to the motorist, let us say: Respect law, use common sense, good judgment, particularly at crossings and corners, and be fair and as far as possible keep the accelerator normal."

Local News

TWO TODAY.

Two men, charged with drunkenness, appeared before Magistrate Henderson this morning were fined \$8 and two months jail.

FINE OF \$200.

John McCordick, Prince William street, appeared before Magistrate Henderson in the Police Court here this morning and on pleading guilty to a violation of the prohibitory law, was fined \$200.

POLICE CALLED.

Policemen Phinney and McCauley last evening were called to the residence of Joseph Hatchell, 900 Binkon street, on a report that a man was trying to gain entrance to the premises. No man was there when the police arrived but one was found in Crown street intoxicated and he was arrested on a drunkenness charge.

STEALING AT STATION.

The Avenue Filling Station, operated by Joseph Hatchell, was broken into early this morning and a small quantity of cigarettes, candy and \$1 in papers taken. Entrance was gained by the forcing of a window in the rear.

TAX BILLS SOON.

E. M. Olive, chairman of the Board of Assessors, said this morning that he expected the assessment for 1926 would be filed in a week or 10 days. Last year the assessment was filed on June 20 and it will be about the same date this year.

PREPARING TO MOVE.

Gordon Krebs, former chief electrical engineer of the New Brunswick Power Commission, and now associated with H. G. Acres, is in the city for a few days making arrangements to move his family to Niagara Falls, where he will take up his residence.

STILL BEFORE COURT.

The case of Walsh vs. Peat, an action for damages arising out of an automobile collision, was continued this morning before Chief Justice Barry in Supreme Court Chambers, evidence being given for the defence. The hearing is being carried on this afternoon.

PREACHER FOR LORNEVILLE

The Rev. P. G. Jackson, of Lorneville, United Church, conducted the mid-week service in Fairville United Church last evening and spoke on "The Fatherhood of God and the Brotherhood of Man." There was a large congregation, and all entered warmly into the singing of the hymns, for which Mrs. Arthur Long was accompanist.

HOME FOR SUMMER

Miss Estelle Fox, well known local soprano, has returned from her activities in New York and New England. Her last engagement was in Providence, R. I., where she received a flattering notice. Miss Fox, like Galloway, Miss Rhona Lloyd and other Maritime professional young ladies, will spend the months in the home climate. Miss Kioke, of Japan, another New York vocal student, is also spending the summer here.

ON FREIGHT MISSION

G. F. McCurdy, general agent at Boston of the freight department of the Chicago, Rock Island and Pacific Railway Co., and George W. Bliss, freight agent in New York and Boston of the Southern Railway System, passed through Saint John last evening en route from Moncton to Boston. They were here in connection with the securing of freight for their roads.

WEST INDIES SERVICE.

Commissioner Bullock said this morning that the change in the R. M. S. P. service between Canada and the West Indies meant quite a bit to Saint John. The net result of the change, provided by C. G. M. M. carried out their announced service, would be a loss of one sailing each month. As the city receives about \$800 from each boat, this meant a loss of over \$7,000 in the year to the harbor department, in addition to the inconvenience to the local merchants by the loss of one sailing a month.

MENACE TO VESSELS.

A wireless message was received this morning by J. C. Chesley, local agent for the Maritime Fisheries Department, from Captain MacDonald of the Bay S. S. Express notifying him of some partly submerged wrecks floating in the bay and a menace to navigation. The captain reported that the wrecks were situated in the area of wharves and was sighted this morning by the Express about seven miles southeast of Paradise Island. It is expected that efforts will be made to destroy the old floating hulks.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times-Star reporter, "I was talking to a man yesterday that had been married fifty years—an' he says to me, says he: 'Me an' my wife haint hed our first quarrel yit.' 'That's just it,' says I—'the aint many married couples kin say that, even if they've only been married five years.' 'An' then he says to me, says he: 'As if he wanted to make a clean breast of it—'it wasn't my fault.' 'I dassy his wife could say amen to that. Hanner says the only reason me an' her gits along so well is that she knows I'm a dinged old fool—an' she knows how to talk to me when I rail up fer a fight. The Good Book says, 'A soft answer turneth away wrath,' or something like that—an' that goes fer men an' women both—but some of us is so cantankerous we don't try to keep it in mind. If I was agin to give the June brides any advice—or the husbands either—I'd give 'em that bit o' Scripture to sink down into their minds an' stay there as long as they both lived—'Yes, sir.'"

MEET WITH MAYOR

Tourist and Board of Trade Delegation Conference Set For Saturday Morning

W. E. Anderson, secretary of the New Brunswick Tourist Association, this morning saw Mayor White and asked for an appointment for a committee from the Tourist Association and Board of Trade to meet His Worship and discuss some matters which it was felt would make the city more attractive from a tourist standpoint. His Worship said he would receive the delegation at 10:30 Saturday morning.

GAMES TONIGHT

Three senior ball games are carded for tonight. In the County League, Shamrocks and St. Roses meet on St. Peter's grounds; in the City League, Trojans and St. Johns clash on the East End grounds; while in the South End League, Martellos and Crescents play.

INSPECTION AT MUSQUASH SET FOR JUNE 21-22

N. B. Power Commission Members to Go Over Hydro System

HAVELOCK WORK STARTS NEXT WEEK

Town of Shediac Accepts Contract for Street Lighting and Power

The members of the New Brunswick Power Commission will make an inspection at the office of the Musquash system on June 21 and 22. A day will be spent on each river and it is the intention to look over all the dams which have been constructed.

Work on the construction of the hydro line to Havelock would be begun next week. It was said this morning at the office of the commission. This work will be completed in about six weeks. The labor employed will all be from the vicinity where the construction will be carried on. The commission has now 75 contracts signed for current from this line.

SHEDIAC SERVICE

Word has been received at the office of the New Brunswick Power Commission that at a meeting of the Town Council of Shediac, held on June 7, the proposed contract between the commission and the town for street lighting and power for the pumping station at Shediac but it will not take over the power plant, which is understood to be dismantled.

The rates for domestic users for the first year are: For all the year round service, \$1 a month service charge, 6 cents a k.w.h. for the first 20 k.w.h., 6 cents a k.w.h. for the second 20 k.w.h. For suburban residents the rates will be: A service charge of \$10 a year with a consumption charge of 9 cents a k.w.h. for the first 20 k.w.h., and 3 cents a k.w.h. for all above that amount.

POLICEMAN FOUND IN NEWMAN'S BROOK

He Was The "Silent" Cop That Disappeared Some Nights Ago

Saint John's missing policeman, whose disappearance some days ago was subject of newspaper notice, has been found. Out of the depths of the waters of Newman's Brook, just where the highway bridge leads to the house of Poklok, the remains of the missing representative of law and order were recovered last evening by Richard Gormley of the City Market staff.

The matter is not so tragic as it would appear. The missing policeman was out on his boat last evening, and, sighting the object at the bottom, fished it out and reported the matter at City Hall.

In the market, it is said that Gormley today had to stand the fire of a questioning as to a possible inquest on the remains he had rescued and other queries suggested themselves to those in facetious mood, together with congratulations on his accomplishment. Knowing the market and the market men, he did the only thing that was wise in the circumstance and accepted questions and comment complacently, in the satisfaction of a civic duty well performed.

NEW PRECAUTIONS IN CITY STREETS

Busy Places Being Safeguarded Because of Traffic Congestion Danger

To aid in prevention of traffic congestion at a busy corner, the curbstone on the western side of Sydney street, from the corner of Union southward for a distance of about fifty feet, has been painted a bright red as a warning to motorists that automobiles must not be parked there. As street cars stop at the junction of these two streets every few minutes, a motor car parked in the proscribed area blocks traffic on that side of the street.

Another corner that is engaging the attention of Chief of Police Smith is the eastern side of Charlotte street near the north side of King Square. While there is room for an automobile to pass a standing street car and an automobile parked close to the curb, such is not the case if the parked automobile should be standing a little distance from the curb. Another area where the parking of automobiles is prohibited is the western side of Charlotte street, between King and South Market streets.
