N. B. FEDERATION OF LABOR N SESSION

Addresses by Mayor and R. T. Hayes, M. P. P.

Importance of Labor and Capital Working Together in Present Crisis—The Children—Situation in Industry.

Delegates from all over New Brunswick are in the city today for the eighth annual convention of the New Brunswick Federation of Labor, which opened in the Trades and Labor Union street, this morning.

The Mayor. In the course of his remarks the mayor said that it was of the utmost importance that capital and labor work hand in hand to alleviate the conditions with which the country was faced.

KILLED BY HER JEALOUS LOVER. Mrs. Valente was divorced from her husband, who is believed to be in Constantinople.

Ontario Woman Victim—Slayer Then Takes His Own Life. Ottawa, Jan. 11—A special despatch to the Journal from Webster, N. J., says:

Mr. Hayes said that the time had come when nobody questioned the right of men to organize; if labor prospered, he said, the whole province would prosper.

Mr. Tigue. In the absence of the president, C. A. McManus, of Moncton, who is due this afternoon, J. E. Tigue, of St. John, first vice-president, then took the chair.

Mr. Tigue spoke of the good work that had been done by the federation and he hoped for a continuation of it.

Secretary's Report. The secretary's report, presented by G. R. Melvin, included the report of the executive with regard to proposed legislation, including the institution of a provincial department of labor with a minister; amendments to the Workmen's Compensation Act, raising the minimum amounts of compensation and providing for the children of deceased workmen; amendments to the factory act; the enactment of a minimum wage act and a mother's pension act; the institution of proportional representation in provincial, municipal and civic governments, and some changes in the mores act.

His report showed a balance of \$313.38 on hand last March; receipts, \$277.15; expenditures, \$282.03, leaving a balance of \$308.45 now on hand.

He reported the appointment of John Hooley, of St. John, and W. E. Sturt, of Moncton, as stationary engineer inspectors, and that of William Varley from the Dominion labor congress as labor organizer for the maritime provinces.

He reported the organization of a hotel and restaurant workers' union in St. John and Maryville, and a branch of the railway and steamship clerks' union (Continued on Page 2, sixth col.)

WIRELESS CALLS FOR SPEEDY HELP

Norwegian Steamer Omtaneda in Trouble Some 1,200 Miles From New York.

New York, Jan. 11—Wireless distress signals, calling for help "at the first possible moment," were picked up here early today from the Norwegian steamer Omtaneda, which left here for Vaksdal, Norway, on Jan. 1, carrying a general cargo. The message gives her position as between 1,200 and 1,500 miles from New York.

A message picked up later from the British freighter Philadelphia, said she was rushing to the assistance of the Omtaneda.

SYDNEY WORKERS TO FIGHT OUT IN STEEL WAGES

Go to Government if Company Will Not Change 20 p. c. Reduction.

Sydney, N. S., Jan. 11—To fight a 20 per cent wage reduction ordered by the Dominion Iron and Steel Co. was the decision of a mass meeting of the steel workers' union here last night. Speaker after speaker declared there was nothing in either the cost or price of steel, or in the trend of the cost of living to justify the drastic wage cut proposed.

An effort will first be made to induce the company to change its announced purpose of making the twenty per cent cut, but if negotiations fail, then an appeal will be made direct to the federal government.

CHILDREN SEE HOME TRAGEDY. Their Mother Killed by Second Husband, Who Then Took Own Life.

Batavia, N. Y., Jan. 11—Frank Ellis, a gypsum mine employe, shot his wife dead in a fit of jealousy at Dunham's Corner, three miles from here, early today. They had quarreled. Four children of Mrs. Ellis by her first marriage, witnessed the tragedy.

HELP CONDITIONS IN RURAL LIFE THE SOLE IDEA. So Says Ontario's Premier About Farmers' Movement—Why Boys Leave Farms.

Hamilton, Ont., Jan. 11—The farmer is the least class conscious of any member of the community, said Premier Drury, in an address to the Canadian Club last night. The farmers' movement, he said, was not born of political ambition, but of a determination to better rural conditions. He asserted that this was the sole aim of the farmer.

Speaking of rural depopulation, he attributed it to the isolation of the farmer's life, difficulties connected with farming, and the lack of conveniences and comforts on the farms.

GIVE UP FEUD TO PREACH GOSPEL. Son of "Devil Anse" Carries Out Promise Made at His Father's Grave.

Logan, W. Va., Jan. 11—"Cap" Hatfield, son of "Devil Anse" Hatfield, noted feud leader, who was buried on Sunday, yesterday carried out a promise made at the grave of his father, and was baptised in Main Island creek.

"Uncle Dyke" Garrett, a mountain preacher, with the assistance of an evangelist, officiated. As soon as "Cap" came out of the water he told those present that he would devote the remainder of his life to preaching the gospel.

Hatfield, who is well educated, is a member of the Logan County Bar Association, but he has never practiced.

CENSOR OF FILM ADVERTISING. Ontario Government Appoints G. E. Armstrong at \$2,500 a Year.

Toronto, Jan. 11—G. E. Armstrong of the former provincial board of moving picture censors, has been appointed censor of film advertising at a salary of \$2,500 a year. The two other members of the board, Robert Wilson and Miss C. Cassels, have been appointed inspectors of amusement tax at \$1,700 a year each.

DEATH OF BANKER. J. B. Macafee, Native of Newfoundland, Passes Away in London.

London, Jan. 11—John Blair Macafee, banker, and director in many corporations, died this morning following an abdominal operation. He was born in St. John's, Nfld., in 1861, and went to Philadelphia when quite young. He was successfully a lawyer, engineer and financier. He was chairman of the board of directors of the British-American Continental Bank, which suspended payment on January 6.

IRISH AFFAIRS. Dublin, Jan. 11—The police barracks at Longwood, County Meath, was attacked on Saturday night. The fight lasted a quarter of an hour, when the attacking forces retired.

Dublin, Jan. 11—The Wexford County Council, composed of Republicans, has adopted a resolution unanimously calling on the general council of Irish county councils to start a campaign for the total prohibition of the consumption of liquor and tobacco in Ireland, in order to deprive the imperial exchequer of taxes from these commodities, estimated at \$20,000,000.

The resolution which was proposed and seconded by members connected with the liquor trade, appealed to the Catholic hierarchy for co-operation. Killing in Dublin.

Dublin, Jan. 11—Early last evening James Farrell was shot dead and Thomas Connolly was severely wounded in North Brunswick street, by auxiliary police. A few children who were playing in the street at the time were the only witnesses.

Australian Report. London, Jan. 11—A Melbourne despatch to the London Times says that a regulation has been gazetted which will enable the authorities to require any person landing in Australia from Great Britain to take the oath of allegiance. This regulation was formulated owing to a report that a Sinn Fein emissary was bound for Australia.

FIRE SWEEPS A CLEVELAND HOTEL AND LIVES LOST. Cleveland, Jan. 11—Two men are dead from burns and suffocation and eight persons were injured in a fire which swept the Chestnut Hotel early this morning. Several persons are said to be missing.

The injured, including three women, were hurt in wild leaps from second story windows. Life nets were spread by firemen, but in the smoke and darkness, several of those injured were hurt when they missed the nets.

DECLINE SHOWN IN SHIPBUILDING. Lloyd's Report—Not Only in England But Applies to the Whole World.

London, Jan. 11—Lloyd's returns of shipbuilding for the quarter ended December 31 show for the first time since the end of a war a decrease in the amount of construction as compared with the previous quarter. At the end of September there was building in the United Kingdom 3,731,028 tons; at the end of December, 3,708,916.

The report consists that, although the decrease is small, it may prove to be the beginning of a decline as rapid as the increase which occurred since 1915, and emphasizes the fact that the tonnage completed is only 12 per cent of the total under construction at the beginning of the quarter, as compared with 23 per cent, in pre-war times.

The total world's tonnage under construction is 7,179,778, which is \$85,400 below the September quarter, the decrease being mainly due to the decline in building in the United States.

Vessels to the number of 169, of a total tonnage of 1,690,000, are under construction throughout the world for the carriage of oil in bulk, of which sixty-four of 422,553 tons, are building in Great Britain, and eighty-eight of 637,100 tons are building in the United States.

WOUND IN HEAD; BODY IN CLOSET

Police Seek Geo. M. Pavlis in Murder Case

Mrs. Bessie Price Slain in Her Home in Stoughton, Mass.—Warned Child Not to Go Upstairs as He Had "Shot a Rat."

Stoughton, Mass., Jan. 11—Search was made today for George M. Pavlis, alias George Brown, in connection with the murder of Mrs. Bessie Price, whose body with a bullet wound in the head was found in a closet in her home here yesterday. The police contend that Pavlis, formerly a boarder at the Price home, shot Mrs. Price when she refused to accept his attentions. According to the woman's husband Pavlis had threatened Mrs. Price on several occasions.

At the time of the shooting the woman's two sons, Seymour, aged seven, and Allen, aged four, were in the house. Seymour told the police that he heard two shots and then saw Pavlis come down stairs from his mother's bedroom. "Don't go up stairs," Pavlis told the boy, according to his story. "I have shot a rat and he might bit you." Pavlis left the house immediately. Seymour found his mother dying. He called a neighbor, who notified the police.

Pavlis boarded at the Price home previous to last June, Price said, and while a member of the household, was attentive to Mrs. Price and the children, frequently buying them presents. Three months ago Price said he received a bill from Pavlis for \$800 for the gifts that he had made. Price said that he paid the bill and since then Pavlis had threatened him several times. He complained to the police about actions of Pavlis on numerous occasions.

When it became apparent that Pavlis intended to make trouble, Price said, it was decided to appease him by asking him to return as a boarder. Pavlis came back to the house yesterday and the shooting followed.

TRUE BILL IN POST BAG CASE. January Session of Circuit Court Opened Today—Other Cases This Afternoon.

The January sitting of the circuit court opened this morning His Honor Judge Chandler presiding. The grand jury was occupied almost all morning with one criminal case that of the King vs. Richard Kane and James Covey against whom they returned a true bill on charges in connection with the theft of some \$350 from His Majesty's Mails, as already reported in the Times. Court was adjourned until this afternoon when they will consider other criminal cases.

The docket is as follows: The King vs. Clarence Whipple, charged with theft of goods from the C. P. R. The King vs. Arthur Merritt, already tried twice on a charge of stabbing. PREVENTABLE SICKNESS AND DEATH

The Duty of Provincial, Municipal and Town Governments—England's Example.

(Halifax Chronicle.) Economists have for many years been urging attention to the immense financial loss which is incurred through preventable sickness and death.

Old England has shown to the world what may be accomplished by properly organized work on behalf of the public health. In the decade 1871-80 the general death rate of England and Wales averaged 21.8 per thousand of population.

In a recent address by the director of the Bureau of Child Hygiene of the New York City Department of Health, it was stated: "Twelve years ago the death rate of babies in New York City was 144 per 1,000 births; last year it was 83 per 1,000 births, a reduction in the baby death rate of 43 per cent."

If such results can be obtained elsewhere, there is no reason why they should not be obtained in Nova Scotia. The last report on the vital statistics of this province showed that the general death rate was 17.8 per thousand of population, and it has been computed that the infant mortality rate was 112.4 per thousand births.

A new health programme has recently been inaugurated in Nova Scotia, the initial stages of which are being greatly facilitated by Red Cross cooperation.

For the sake of our future citizenship we must not only aim at a saving of life, which will be comparable to that attained by other countries, but we must see that the conditions which account for our high mortality rate are corrected so that the rising generation may be reared under circumstances which will assure them the fullest opportunity for the best physical, mental and moral development.

FOR KERNER'S ON SLAUGHTERERS AND MAKES THEM TAKE TO TREES Atlantic City, N. J., Jan. 11—A 500-pound porker slated to be slaughtered refused to become the object of sacrifice on the farm of Dr. Williams Rath, a local dentist, at Farmington today and compelled the doctor, his father-in-law, Stanley Grove, and other members of the family to take to trees to escape its fury.

The family were unarmed and were compelled to remain hidden in the trees for half an hour. Finally neighbors attracted to the scene obtained shotguns and brought down the maddened animal.

On Jan. 16, 500 gallons of whiskey will be used to sprinkle the streets of Albuquerque, N. M. Are you naturally attractive? WHERE can you find a more pleasing picture than a group of young, healthy, vigorous girls playing tennis? Alert, quick to think, and quick to act, their faces aglow with enthusiasm and radiant with health. How many there are, however, among our growing girls of whom this cannot be said. You see them sitting on the side benches looking on, or rolling around in a listless, careless manner, and, as a rule, irritable and nervous. Nature intended women to be strong, and healthy and happy as the day is long. MILBURN'S HEART AND NERVE PILLS have proved so beneficial in such a multitude of cases, that they can be recommended without hesitation. They give sound, restful sleep, tone up the nerves, make the heart beat regular and strong, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is only possible when enjoying mental and physical vigor. Mrs. Fred Lee, Almonte, Ont., writes: "My oldest daughter was so bad for over a year, with her heart and nerves, that she was compelled to give up her work. I was very discouraged about her, as I had her to two doctors, but they did not seem to do her much good. She could not sleep at night, would have to walk the floor, and felt as if she would go out of her mind. One day a friend told me to use Milburn's Heart and Nerve Pills, and I cannot speak too highly of them. She used three boxes and is feeling fine, and started back to work again two months ago." Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited Toronto, Ontario

Can You "Whip Your Weight In Wild Cats"—Are You A Strong Red Blooded Canadian? That knows neither FEAR NOR FAILURE or a pale thin watery blooded man—WEAK, NERVOUS AND IRRITABLE?

Think of the IRON FORCE, the grim determination and the MIGHTY COURAGE shown by the man in this picture. A pale thin watery blooded man would have probably turned and fled and been devoured by the beasts, just as SUCH A MAN IS OVERCOME AND DEVoured BY REVERSES IN BUSINESS, HARD TIMES, by an attack of ill health or disaster of any kind. With an IRON WILL, backed by plenty of iron in your blood, you are ready to tackle any job—nothing can stop you—without it, you worry, fret and "stew," you are full of excuses and tales of bad luck but this does not bring home the "Cash." Don't try to "fool yourself" into thinking you are a "man of blood and iron" when you have good reason to suspect that you are not. Consider the SIZE OF YOUR BANK BALANCE, and what SUCCESS you have had in life. In the West a few years ago, a strong keen red-blooded man who was always ready to face any danger, who never thought of FEAR OR FAILURE, was often referred to as a man who could "Whip His Weight in Wild Cats." In those days historians even wrote of us as a nation of RED-BLOODED CANADIANS but today about one person out of every three is said to suffer more or less from anaemia or lack of sufficient nourishment which is caused not by lack of food but often by LACK OF SUFFICIENT IRON in the blood to enable us to GET THE STRENGTH out of our food. FOOD IS WORTH NOTHING UNLESS YOU GET THE STRENGTH AND NOURISHMENT OUT OF IT. In fact it often happens that the more you eat the more you starve as your digestive organs are unable to handle much food, when your blood will power is weak you will never get any strength from the food you eat. Without iron in your blood you are often overcome by a sense of fear and failure. All the "light" and "fresh" things away—hence the alarming increase in the number of nervous, irritable and impatient ill. Without iron your blood not only loses its power to change food into living cells and

THAT RAILWAY BRIDGE

The Rotary Club asks that the Dominion public works department reopen the question of the height of the new railway bridge at the falls. Public sentiment is at last aroused concerning this matter. The civic authorities were not consulted when the plans of the present structure were prepared, nor was the question of the crossing at Douglas Avenue given proper consideration.

THE MILK SUPPLY

One suggestion in the very interesting address delivered by Dr. Warwick before the Rotary Club yesterday is worthy of consideration from the standpoint of the public health. He pointed out that the longer the distance the milk comes and the oftener it is handled, other things being equal, the more likely it is to be made impure, and the milk is also older before it reaches the consumer.

THE CRY OF THE CHILDREN

The Times recently referred to the horrible condition of half-life in some portions of Central Europe. There has since come to hand a letter issued by the Dutch Central Committee for Hungarian Children, which has its headquarters at The Hague. The secretary writes: "I have just come back from Hungary, the centre of the famine area in Europe. I visited the quarters of the poor in Budapest. I saw with my own eyes that hundreds and thousands of children were not barefooted, without shoes and without clothes. I saw no child that was not barefooted, without trousers or coat. They are lying about on the floor among rags. I asked them when they had drunk milk; many had never even tasted it. No meat was seen since 1918."

THE FOREST TREES

Because you went so suddenly, so suddenly away, Without a single look behind nor any word of farewell, With never a finger on the latch nor footstep on the grass, I have to ask the forest trees if they have any idea of the reason why you went and what the reason was?

COST OF THE FERRY

Reference was made in the Times on Saturday to the greatly increased assessment for various civic purposes since 1916, as shown in the tabulated statement issued by the city council. One item in the list is worthy of consideration by itself. It is the ferry assessment. Here are the figures:—

Table with 2 columns: Year and Amount. 1916: \$10,541.16; 1917: 29,264.50; 1918: 69,990.00; 1919: 66,846.00; 1920: 67,104.50

THE KEEN PUBLIC INTEREST

The keen public interest in skating contests was shown by the large crowd at the south end open air rink last evening. Incidentally those who attended gained a better knowledge of what the South End Improvement League is doing under difficulties for the benefit of the young people. When the boys' club is opened it will have a further claim on public respect and recognition.

THE OPERATION FAD
When something hurt our daddies, the doc prescribed his pills, of liniments, or liver pads, or compound juice of squills; but now he'd take his saw or adze, to cure us of our ills. There was some sense in being sick in brave old days like those, for then the tired and footsore hick in ill-ness founned epoxes; what then the doctor, summoned quick, prescribed thee proper dose, I often sought the village doc, when I had ach or smart, and he would give me pills of chalk that nearly broke my heart; but never did this healer talk of sending me apart. He gave ten drops of melted wax—much virtue in it lies; and stuff that tastes like carpet tacks, and pills of giant size; but never did he shake an axe before my shrinking eyes. But now when to the doc I trot, because of ache or pain, he prods me in the tender spot, and says that pills are vain; he wants to lay me on a cot, and give me my form in a wain. He says, "Oh, thunder!" and "Oh, phaw!" when I old methods name; he says there ought to be a law against that ancient game, he wants to take his cross cut saw, and push it through my frame. I have about a hundred ills and cannot have them healed, te-my frame, while I will swallow pills, I won't be sliced or peeled; I won't be cured of mumps or chills by toils the surgeons wield.

FEEDING THE PIGEONS

Two months ago in this column there was a story about the pigeons of St. John N. B., they are one of the sights of that place for hundreds of the finest of the ordinary breed of Canadian pigeons fly about the streets and parks and dodge in and out among the feet of the pedestrians as they walk back and forth in the King Square. As soon as the story of the birds was told a "movie" man went to the city and by the use of a few handfuls of peanuts secured some fine pictures of the flocks of pigeons in King Square; so good were they that the film has been a very successful one in all the houses where it has been shown.

POLICE AND FIRE ESTIMATES BEFORE COMMON COUNCIL

The estimates for the fire department and the police department for 1921 were presented at the adjourned committee meeting of the common council yesterday afternoon and last on the table. These figures showed slight changes from the previous year.

SAVING CORPS

Table of estimates for Saving Corps. Includes categories like Motor drivers, Uniforms, Drivers' holidays, etc. Total: \$4,380.00

LESS INSURANCE GRANT

Table of estimates for Less insurance grant. Includes categories like Less insurance grant, Cost, assessing and collecting. Total: \$3,669.12

COST, ASSESSING AND COLLECTING

Table of estimates for Cost, assessing and collecting. Includes categories like Cost, assessing and collecting, Less police revenue, etc. Total: \$109,849.88

GOING OVER THE VARIOUS ITEMS

Going over the various items, Mr. Thornton explained that the total amount of salaries would be largely caused, not by paying any increases, but by provision for two extra permanent men. The fire chief had recommended that the city should have a permanent fire department and the commissioner was in favor of the idea but it would have to be done gradually. One handicap in organizing a permanent department was the lack of proper housing facilities in the various stations. Call men would be replaced gradually by permanent men, starting in the city proper. Mr. Thornton explained that motor apparatus reached the fire quickly and men must be present in the station to accompany it.

Madison, Wis., Jan. 11.—Reconciliation and re-union of the two families involved has not resulted from the return of Mrs. Philip Franzen to her husband in Madison, as reported, according to a statement by Mrs. Franzen, arrested in St. Louis on Saturday with Pierre P. Author, chemist of Highland Park, Ill., who was alleged to have taken the woman from her husband at the point of a pistol.

HALIFAX TO SEND TO OTTAWA ABOUT UNEMPLOYMENT

Delegation Going to See About Completion of South End Terminals. Halifax, N. S., Jan. 11.—That the unemployment situation in Halifax has been greatly exaggerated, and efficiently was the unanimous opinion of representatives of almost every commercial, social and charitable organization of the city, at a meeting last night. That the federal government should be urged to complete the construction of the South End terminals, thereby providing employment for hundreds of men, was the dominant proposal. A committee was appointed to proceed to Ottawa and interview the government.

FINDS WIFE REWED AFTER 13 YEARS

Husband Supposed to be Dead Reappears, Chats a Few Moments and Departs,

Orange, N. J., Jan. 11. — Thirteen years after he disappeared leaving behind him the belief that he had died, Charles Toops came back, asked a few questions of his remarried wife, turned on his heel and walked off unconcernedly with no attempt at explanation on either side.

Back in 1902 the present Mrs. Barker Pierson, wife of a jeweler's craftsman and mother of four-year-old Frederick Pierson, was married to Toops, then a coachman employed by Mrs. Louise G. Ferris on her estate near Morris Plains. The coachman, unable to arrange a home for his bride on her estate, furnished a home in Morristown, and used to go there for week-ends.

Early in June, 1907, he failed to appear and the bride communicated with the Ferris family. She was told that Toops had been missing since the afternoon of May 24. A few days later the body of a man was found in Jagul Pond, near the Ferris estate. Positive identification was impossible due to the condition of the body, but Mrs. Toops made a partial identification, declaring that a pruning knife found in one of the pockets had belonged to her husband.

Due to the fact that she was without funds, the body was buried by the Morris county authorities.

Five years ago, the "widow" married Barker Pierson and went to live at 11 Elizabeth street, Orange. Last February, the first inkling that possibly the former coachman had not gone to death in the pond came with the arrival of a letter from a cousin expressing the be-

FATHER LIVED HERE

Brighton, Mass., Man May Be Heir to Riches in Scotland.

(Boston Globe.) John Hagan Smith, night watchman at the Three Fields Hotel, 1376 Commonwealth avenue, Brighton, told a Globe reporter last evening that though he is not positive, he has strong reasons for believing he is related to William Smith, who died recently in Glasgow, Scotland, and who was reputed to be very wealthy.

William Smith is reported to have left three beneficiaries: James Smith of Wade street, Woburn; John Smith of Shirley and Mrs. Jeannette Smith Boyle of Fall River.

John Hamilton Smith says he had an uncle named William Smith, who was a shipbuilder near Glasgow. He has not been in touch with Scotland and has no definite information in regard to his father's relatives there. His father was George Smith, who came from Scotland and became a shipbuilder in St. John, N. B. He died about 80 years ago. The father had brothers named James and William.

Mr. Smith said last evening that he had written for definite information on the subject. He was born in East Boston and had roved about a good deal, being employed in various clubs and hotels in this State and Connecticut.

Sydney, N. S., Jan. 11.—No. 6 Battery, C. F. A., is to be re-organized here this week. The commanding officer will be Major C. B. Smith of Sydney, and second in command Captain Andrew Livingstone. The battery will be part of the 16th Brigade, commanded by Col. J. A. Macdonald of Sydney, with Capt. Thomas Kitchen as adjutant.

RECENT DEATHS

Isaac Slipp.

Major R. A. Good yesterday received word of the sudden death of his brother-in-law, Isaac Slipp, at New Anson, Me. He formerly resided in Jacksonville, but removed to Maine about six years ago. He was sixty years of age and is survived by his wife, two daughters and one son.

The death of Rev. St. Toussaint occurred last Friday at St. Michael's Academy, Chatham, where she had been teacher of fancy work. She was a native of Madawaska and had been a member of the Chatham community for more than twenty years.

The death of Mrs. Eliza J. Keller, widow of William L. Keller, occurred on Sunday at Springfield, Kings county, after a long illness, borne with Christian fortitude. Mrs. Keller, who was a life-long member of the Anglican church, was born at Norton, the daughter of the late Isaiah S. Frost of Loyalist descent. The two sons, Edward and Lee, of Springfield, and five daughters, Mrs. Laura Akeley of Springfield; Mrs. Rosethay McLaughlin, St. John; Mrs. E. J. Seely, Detroit; Mrs. J. H. Crocker and Miss Eliza Keller, Bristol (Eng.), survive. The funeral will take place from Trinity church, Springfield, on Wednesday afternoon.

The death occurred last evening of Mrs. Joseph Henderson, former C. P. R. conductor. The death took place after a short illness at the home of her brother, Mrs. G. A. Noble, of Rothesay, and Mrs. R. McLean, of Ashburn. The funeral will take place from 38 Peter street at 2:30 on Wednesday to Fernhill cemetery.

A. S. Baldwin died at his home in St. George last Saturday. He was eighty-five years of age and is survived by one daughter, Mrs. Philo Hanson. His funeral was held Monday afternoon. His wife was buried last Tuesday.

Mrs. Alexia Brown died recently at the home of her daughter in Hartford, Conn. She is survived by four daughters, Mrs. D. Ludlow Campbell of Sussex, Mrs. Joseph Mitchell and the Misses Angelina and Alice of Hartford; Edward of Uplham, K. C., and Charles of this city. Her body will be brought to Sussex for burial.

FRANCE PLANS HOME FOR MARRIED WOMEN ONLY

Bordeaux, France, Jan. 11.—A mother's home where women may have the necessary care that they themselves could not afford, is to be established in this city with funds given by Madame Deutsch de la Meurthe. It will be open only to married women. Buildings, a park of 82 acres and \$200,000 was given for the work by Mme. de la Meurthe.

Against "Baby Talk."

Chicago, Jan. 11.—By cradle-side or by moonlight, Mrs. Evelyn F. Haughton, an instructor to children or defective speech in the grammar schools of Evanston, Ill., is crusading for the abolition of "baby talk."

She says that indulgence by fond parents in the language she outlaws seriously hinders development of good speech.

Babies often learn to stutter, stammer and lisp in after life because of baby talk, she said.

"And," she added, "that goes for grownups. They are learning how to impede their speech, and often they learn it too well."

MARRIED AT 2 A. M.

Magistrate, in Pajamas, Unites New York Couple in His Parlor.

Greenwich, Conn., Jan. 11.—Attired in a pair of silk pajamas and a braided smoking jacket, Justice of the Peace Malcolm Merritt married Alfred M. Rosse and Miss Irene M. Donahue in the parlor of his home in Portchester, N. Y., at 2 a. m. The bride lives at 291 West Twenty-first street, New York. She gave her age as 20. Mr. Rosse, aged forty, is a wealthy dealer in foreign government bonds, with offices at 50 Broadway.

It is said that the bride is a prominent actress in New York, where she is known only by her stage name. The couple procured a marriage license from the town clerk, after routing him out of bed, and then proceeded to the "Marrying Justice's" home in a taxi. They returned to New York later in the day.

John Eichenscher of Valparaiso, Ind., has not visited the business section of the city in 27 years. He is employed in the northern part of the city and says he has no occasion to go downtown.

THINKS HE HAS SLAIN PURSUER

Canadian Soldier Probably Fatally Wounded Policeman—Had Hallucinations.

London, Jan. 11.—A Canadian soldier formerly of Toronto, whose name is withheld, and who recently shot and probably fatally wounded a policeman in Minneapolis, Minn., has been brought back to Canada and is now in the Westminster Psychopathic Hospital.

It is explained by the hospital authorities that the man left Toronto some time ago, suffering from the hallucination that he was being followed by someone. He went first to Windsor, walking more than 200 miles, although he had money to pay his fare on the railway. Later he went to St. Paul, and there he was taken into custody because of his queer actions, subsequently being committed to a hospital for the care of mental cases in Minneapolis. The attendants discovered a revolver under his pillow and the police were called. One of them attempted to rush the patient, who was making threats against everybody, but he was shot by the demented man and terribly wounded, the bullet entering his mouth.

It having been learned that he was a Canadian veteran, the authorities at Ottawa were notified, and guards from the Westminster Hospital brought him to this city. Under the delusion that he has at last slain his pursuer, the patient is now said to be returning to a normal condition and there is a chance for his ultimate recovery. He was shell-shocked in France.

GREEK PREMIER HATES VENIZELOS

Athens, Dec. 20.—(Correspondence)—Demetrios Rhalhis, the new Greek Premier who succeeded Venizelos when the latter was defeated in the elections last Autumn, hates the sight of Venizelos and has by no means always been an admirer of Constantine, who now has been re-called as king.

Rhalhis regards Venizelos as a political adventurer. This in part may be due to the fact that when Venizelos came from Crete to Athens and gained the political ascendancy, Rhalhis' reputation as a politician was somewhat damaged.

In his long political career, the new premier has generally been at loggerheads with the crown. He often had disputes with the late King George and it was not until Constantine was dethroned by the Entente powers that Rhalhis really regarded him seriously. This action of

the Entente, however, converted Rhalhis to become a supporter of Constantine's cause and, since 1916, he has been devoted to the ruler.

Rhalhis is one of the most interesting characters in Greece. He is a polished statesman and is often referred to as a "dear old man". (He is about 80).

His favorite pets are goats and fowls, which he owns in great numbers, and feeds with his own hands. When not in public office he practices his profession of the law. In his younger days he spent a considerable fortune in politics.

"THE DRINKERS OF SUNSHINE"

Arab Shepherds on Verge of Starvation Through Long Drought.

Algeria, Dec. 21.—(A. P. By Mail)—"The Drinkers of Sunshine," as the Arab shepherds call themselves in their own language are on the verge of starvation throughout Algeria and unless wheat is imported from America may have nothing but sunshine as a steady diet during the winter. The threatening famine in Algeria is the result of a long drought. No rain has fallen for a year.

This has proven a calamity for the Arab shepherds, nomads living practically by their flocks. Seventy-five per cent of the sheep in Algeria have died as a result of the drought and the Arab "Drinkers of Sunshine," dreamers and philosophers, incapable of any work but that of guarding their flocks are in dire straits.

Governor General Abel of Algeria, has left for Paris to ask the government to arrange for the importation of wheat from America or Argentina to tide the people over the crisis.

Some months ago Nathan Asourian of Portland, Me., sent a jacket to Armenia by the Near East Relief workers. The other day a girl cousin arrived at Asourian's home with three others from there, and as the jacket his cousin was wearing looked familiar, he investigated and on an inside pocket found his initials that he had placed there when he bought the coat.

Rhalhis regards Venizelos as a political adventurer. This in part may be due to the fact that when Venizelos came from Crete to Athens and gained the political ascendancy, Rhalhis' reputation as a politician was somewhat damaged.

In his long political career, the new premier has generally been at loggerheads with the crown. He often had disputes with the late King George and it was not until Constantine was dethroned by the Entente powers that Rhalhis really regarded him seriously. This action of

London, Jan. 11.—A Canadian soldier formerly of Toronto, whose name is withheld, and who recently shot and probably fatally wounded a policeman in Minneapolis, Minn., has been brought back to Canada and is now in the Westminster Psychopathic Hospital.

It is explained by the hospital authorities that the man left Toronto some time ago, suffering from the hallucination that he was being followed by someone. He went first to Windsor, walking more than 200 miles, although he had money to pay his fare on the railway. Later he went to St. Paul, and there he was taken into custody because of his queer actions, subsequently being committed to a hospital for the care of mental cases in Minneapolis. The attendants discovered a revolver under his pillow and the police were called. One of them attempted to rush the patient, who was making threats against everybody, but he was shot by the demented man and terribly wounded, the bullet entering his mouth.

It having been learned that he was a Canadian veteran, the authorities at Ottawa were notified, and guards from the Westminster Hospital brought him to this city. Under the delusion that he has at last slain his pursuer, the patient is now said to be returning to a normal condition and there is a chance for his ultimate recovery. He was shell-shocked in France.

Athens, Dec. 20.—(Correspondence)—Demetrios Rhalhis, the new Greek Premier who succeeded Venizelos when the latter was defeated in the elections last Autumn, hates the sight of Venizelos and has by no means always been an admirer of Constantine, who now has been re-called as king.

London, Jan. 11.—A mother's home where women may have the necessary care that they themselves could not afford, is to be established in this city with funds given by Madame Deutsch de la Meurthe. It will be open only to married women. Buildings, a park of 82 acres and \$200,000 was given for the work by Mme. de la Meurthe.

Chicago, Jan. 11.—By cradle-side or by moonlight, Mrs. Evelyn F. Haughton, an instructor to children or defective speech in the grammar schools of Evanston, Ill., is crusading for the abolition of "baby talk."

Greenwich, Conn., Jan. 11.—Attired in a pair of silk pajamas and a braided smoking jacket, Justice of the Peace Malcolm Merritt married Alfred M. Rosse and Miss Irene M. Donahue in the parlor of his home in Portchester, N. Y., at 2 a. m. The bride lives at 291 West Twenty-first street, New York. She gave her age as 20. Mr. Rosse, aged forty, is a wealthy dealer in foreign government bonds, with offices at 50 Broadway.

It is said that the bride is a prominent actress in New York, where she is known only by her stage name. The couple procured a marriage license from the town clerk, after routing him out of bed, and then proceeded to the "Marrying Justice's" home in a taxi. They returned to New York later in the day.

John Eichenscher of Valparaiso, Ind., has not visited the business section of the city in 27 years. He is employed in the northern part of the city and says he has no occasion to go downtown.

Some months ago Nathan Asourian of Portland, Me., sent a jacket to Armenia by the Near East Relief workers. The other day a girl cousin arrived at Asourian's home with three others from there, and as the jacket his cousin was wearing looked familiar, he investigated and on an inside pocket found his initials that he had placed there when he bought the coat.

Algeria, Dec. 21.—(A. P. By Mail)—"The Drinkers of Sunshine," as the Arab shepherds call themselves in their own language are on the verge of starvation throughout Algeria and unless wheat is imported from America may have nothing but sunshine as a steady diet during the winter. The threatening famine in Algeria is the result of a long drought. No rain has fallen for a year.

This has proven a calamity for the Arab shepherds, nomads living practically by their flocks. Seventy-five per cent of the sheep in Algeria have died as a result of the drought and the Arab "Drinkers of Sunshine," dreamers and philosophers, incapable of any work but that of guarding their flocks are in dire straits.

Why Don't They Go Back?

Why is it that thousands who quit coffee years ago for Postum have continued using Postum ever since?

KAISER'S MOSQUE

800 Moslems Still Worship at Shrine Built by Wilhelm II.

Wuendorf, Germany, Dec. 29—A reminder of the time when the former Emperor William attempted to pose as a leader in the Moslem world, remains here in the form of a Mohammedan mosque, which was erected by the kaiser in the first years of the world war.

Eight hundred orthodox adherents of the teachings of the Koran regularly worship in it.

It is the only mosque in Germany and Wilhelm II built it for the benefit of the Cossack and Kirghis Tartar war prisoners who were captured while serving with the Russians and French. An internment camp surrounds it. Under the law of the Koran, the mosque must never be destroyed.

There has been considerable criticism of the former Emperor for having erected it and for the present government for maintaining it. In reply, the officials declare it is their duty to give the Tartars an opportunity to worship according to the dictates of their faith. They point out that destruction of the mosque would be a serious offense in the eyes of the Mohammedans.

The executive of the local branch of the G. W. Y. A. held a meeting yesterday afternoon in their rooms in Wellington row in order to arrange the programme for the coming year.

Boils So Bad HAD TO GIVE UP WORK

From the days of Job up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish and you should never be troubled again.

Mr. James Fisher, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

B.B.B. is put up only by The T. M. Burn Co., Limited, Toronto, Ont.

Let Nature Paint the Face

Stuart's Calcium Waters Clear the Skin of Pimples and Suck Hemorrhoids and Your Beauty is Natural.

Nature's rouge is the clear, red blood which forms that wonderful peach bloom in the cheeks.

And you get this by the influence of Calcium in the blood. It is a refining influence. Calcium is the principal agency of Stuart's Calcium Waters and exerts a peculiar stimulus to skin repair.

Pimples, blackheads and other such evidence of localized skin sluggishness are replaced with new material and soon the skin renews itself with firmer, healthier tissue. This makes the beautiful complexion so much admired. No use to hide pimples with cold cream and lotions. They come from within and keep coming until such an influence as calcium is employed.

Let nature paint your face through the influence of Stuart's Calcium Waters which you can obtain in any drug store at 60 cents a box.

WHAT TO DO FOR COLDS OR GRIPPE

Common Troubles Conquered by Home Treatment.

When you catch cold there are three points on which you should guard yourself. Colds generate systemic poisons, which should be carried off so as to keep the natural channel open.

The temperature should be kept at normal and the fever always generated by colds allayed. The soreness of the muscles, especially in the back, should be reduced, if these three points are given prompt attention, and treated properly, your cold will be passed over without danger.

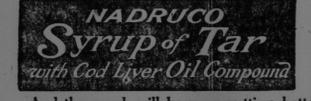

Grip-Fix is a home treatment for colds which accomplishes just the above results. Its action on the system is prompt, and its record of relieving a cold in a night has been established for over 10 years.

A person with a box of Grip-Fix in the house is as safe from bad results in connection with colds as it is possible to provide.

Start taking Grip-Fix as soon as the cold develops, as prompt work on any sickness is always advisable. You can get it at all drug stores, 35c per box.

PIONEER LODGE ELECTS OFFICERS

The officers for the ensuing year were installed last night by District Deputy Grand Master J. Harry Robson in Pioneer Lodge No. 9, I. O. O. F., as follows:

W. G. J. A. Murdoch, recording secretary; J. N. Russell, financial secretary; A. D. Smith, treasurer; F. H. Sinclair, R. S. N. G.; C. H. Scott, L. S. N. G.; W. G. Wall, R. S. C.; G. B. Appleby, L. S. V. G.; J. B. Rainsford, R. S. S.; L. G. Turner, L. S. S.; F. G. Poole, conductor; B. Robertson, warden; John Bennett, chaplain; W. E. Farnes, L. G.; O. B. Doig, O. G.; R. K. Fret, J. P. G.

After the installation of officers a committee was appointed to make arrangements for the entertainment of the different lodges next week.

10,000 HAREM GIRLS SAVED. America's Help Made Possible the Rescue of Armenians.

Atlantic City, N. J., Jan. 11.—More than 10,000 Armenian girls have been rescued from Turkish harems by the help and generosity of America, it was reported at the opening of a four-day conference of the National Near East Relief Committee.

A comprehensive plan to bring immediate relief to destitute children in the Near East will be formulated here. Last year the goal of the American committee was \$6,000,000, and it was said that the same sum would be sought this year. New Jersey's share will be \$600,000. Former Governor Runyon is chairman for the state.

PUPILS TOO PUGNACIOUS. Natick School Drops "Fight It Out With Gloves" Plan.

Natick, Mass., Jan. 11.—The teachers of the Felchville School abandoned the experiment of allowing pugnacious pupils to fight it out with boxing gloves in the schoolyard, with boy and girl pupils forming the square circle of spectators.

This means of developing manliness in the lads seemed in a fair way to become a fixture in the curriculum until two combats appeared in school with what are known in the prize ring as "cauliflower ears." It was in deference to protests from these heroes' parents that the boxing-glove parties were officially banned.

SHOES TO SELL FOR \$100. One Pair is Finished With Gold, Another Has Watch Inset at Ankle.

North Adams, Mass., Jan. 11.—Two pairs of shoes designed to sell at retail for \$100 a pair and said to be the most expensive ever made in this state, were exhibited at a factory here recently.

One pair is made of patent leather kid with pure gold leaf lining and gold underlining of all perforations, gold hooks and eyes, and has a \$30 gold piece inset in the heel of each shoe.

The other pair is of tan with a lining of bright red satin and has a gold watch of the wrist type inset in the left shoe just above the ankle.

UNITED STATES WITHDRAWS FROM ALLIED CONFERENCES

(Canadian Press Despatch.) Washington, Jan. 10.—Immediate withdrawal of the United States from further participation in the council of ambassadors in Europe was reported today to have been decided upon. State department officials declined to discuss the report, but they did say that the United States government would not be represented at the meeting of premiers next week at which France and Great Britain will discuss ways and means for enforcing the terms of the treaty of Versailles affecting particularly the conditions in the Ruhr valley.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub Pain From Back With Small Trial Bottle of Old "St. Jacobs Oil"

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly, it never disappoints!

Eyesight Dim?

If your eyesight is dim, your vision blurred; if your eyes ache, itch, burn or feel dry, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use to bathe the eyes from two to four times a day.

Bon-Opto has given stronger, clearer, sharper vision and relief to thousands.

Note: Doctors say Bon-Opto strengthens eyesight 60% in a week's time in many instances.

GREAT LAKES HERO HAS PASSED AWAY

Captain McGregor Lambert Saved Twenty Lives on Lake Huron.

A hero of the Great Lakes has passed in the death of Capt. McGregor Lambert at Southampton, Ontario. For 27 years Capt. Lambert was in charge of the lighthouse at Chantry Island. During that time he had personally saved 20 persons from drowning in Lake Huron. His greatest achievement was 1892 when he saved the whole crew of the ship Nettie Woodward, which was wrecked. He succeeded in bringing the crew ashore, in a twelve-foot boat.

Capt. Lambert's whole life was spent on the lakes. He "went to sea" when 19 years of age, and when 21 was skipper of his own vessel. His father, the late Duncan McGregor Lambert, was the first lighthouse-keeper at Chantry Island, and after 22 years' service was succeeded by his son.

For the rescue of the Woodward's crew Captain Lambert was presented with a gold medal by the Dominion Government. He also won the Humane Society medal and the Imperial Service Order. He retired in 1907 to Lakeview Farm, by the shores of the lake on which he had spent his life.

FIGHT DUEL ON HIGH SEAS. Water Tender in Irons and Wounded Officer Reach Boston on Schooner.

Boston, Jan. 11.—The Shipping Board freighter Schoodic ended a voyage half way around the world, with one of its crew in irons and another at the point of death as a result of a duel fought on its decks while the ship was on the high seas. Police who responded to a radio call boarded the Schoodic at Quarantine and took off Juan A. Jarado, a water tender, who was charged with attempted murder. Bernardo Revello, an officer, was gauged sufficiently when he arrived to tell of the massacre of his parents and brothers, which left him without home or relatives.

MILLIONS KILLED IN ACTION

Wonderful news! Millions and millions of germs killed in action and thousands and thousands of victims relieved of bronchitis, asthma, coughs, and colds. There is great rejoicing in the fact that science has at last invented the world's surest death trap for germs—Buckley's Bronchitis Mixture.

With the first dose this remedy gets right down to business, and never ceases in its detective work until every trace of the disease is completely removed and the victim restored to normal health. Letters from all parts of Canada praise this wonderful mixture as literally pouring into headquarters. Read this letter: "Years of suffering from that terrible affliction, bronchial asthma, ordered by all medical men to close my business in Montreal and go south to leave my native town, and thank the good maker I did. My bronchial tubes are clear, the hacking cough has disappeared, the wheezing cough has ceased as if by magic, and all discomforts have gone since taking your wonderful mixture."—Herbert Corri, 417 McKay Street, Montreal.

There is no reason whatever why you cannot be completely and speedily restored to health if you take this remedy. You are satisfied or the money is refunded, according to our guarantee. Don't delay. Buy a bottle now from your druggist or by mail from W. K. BUCKLEY, LTD., 142 MUTUAL ST., TORONTO.

MOTHERS, DO THIS—When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

HE DARKENED HIS GRAY HAIR

Mr. J. A. McCrea, a well known resident of San Francisco, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bayrum, a small box of Oriz Compound and 1/4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy and does not rub off."

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty) There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

ADVOCATE TEACHING MANNERS IN SCHOOL

Gen. O'Ryan Favors Supplementary Military Course With An Effort to Foster Courtesy.

(N. Y. Times)
The teaching of good manners in the public schools, which has received the hearty support of the Teachers' Council, is made the subject of discussion in the Current Bulletin of the New York State University. At the suggestion of Dr. John H. Finley, State Commissioner of Education, the entire bulletin is devoted to manners for the reason, as Dr. Finley says, that with the increasing congestion of population we have greater need of manners and by manners I mean good manners.

"The Meaning and Value of Manners," and "Good Manners, a Test of Education," are the topics presented in brief articles contributed by Major Gen. John F. O'Ryan, John S. Phillips, editor of the Red Cross Magazine; President Nicholas Murray Butler, President of Columbia University; Lord Rosebery and New York State Historian James Sullivan.

In his introductory note Dr. Finley says:

"I have asked the soldier, Major Gen.

HORLICK'S Malted Milk for the Home
A nourishing food-drink for All Ages. Anywhere at anytime. Delicious, sustaining, No cooking.

O'Ryan, who broke the Hindenburg line, to take the supreme command in his attack upon bad manners; the great editor, the famous university President, the distinguished statesman and our able State historian, assisting." General O'Ryan advocates supplementing the compulsory military training law, now being carried on in New York State, by an effort in the public schools to foster that courtesy which is indispensable to discipline and efficiency. "Let the boys stand in an attitude of alert and respectful attention, he says, when reciting or addressing the teacher. Proscribe postures which, though they may please the fancy of the boys, may serve to stimulate disrespect, inattention or frivolity. The manly 'Yes, sir,' and 'No, sir,' required in the military service, should replace the variety of offensive and negative responses that indicate lack of courtesy and good manners. "If good manners and politeness are to characterize our people the effort to that end must begin in childhood and the instruction given in the home must be supplemented by training and discipline in the schools."

Courtesy Adds to Manliness.

General O'Ryan expresses the belief that perhaps some of our boys regard manners and politeness as unimportant with strenuous manliness. He cites the fact that the magnificent valor of the French at Verdun did not suffer because of the good manners and politeness which characterized their relations with one another and with their allies. "On the contrary," he says, "their efficiency in the fight and their heroic spirit and sacrifice were made possible by the smoothness of their staff and supply work and the habitual consideration for the feelings and rights of others, which characterized the French people and which, in a measure, furnished the inspiration for their heroic sacrifice on the battlefield in the cause of civilization." Mr. Phillips says that manners are best acquired in childhood and youth when the mental organs are flexible and readily trained. He believes that "the school, that great extension of the home, is the true training ground," and that "teachers skilled in understanding of children and young people are the natural counselors to arouse interest and direct exercise in this fundamental of human intercourse." "Good manners," he declares, "not

only lead to success in the worldly sense, to added friendships, to progress in business and social standing; not only form one of the keys to the gates of wealth, but practise in manners is the simplest and most valuable kind of spiritual discipline; it educates the heart; it is an antidote to irritations of personality; and so increases the sum of our happiness and satisfaction in life." President Butler includes manners as one of six tests in determining whether a real education is being had, and whether progress toward a sound educational ideal is making. "Refined and gentle manners," he states, "are the expression of fixed habits of thought and action. A boor who happens to be in possession of a considerable body of knowledge is not for that reason an educated man. The truly educated man will reveal education in his attitude to those about him; in other words, through his manners." President Butler names the other tests—correctness and precision in the use of the mother tongue, sound and high standards of taste and appreciation, the power and habit of reflection,

the power of growth and the power to do. State Historian Sullivan tells of the past ages in which the training of youth in good morals and gentle manners was one of the most important functions of the parent or the teacher.

"Comparatively recently," says Dr. Sullivan, "the educational world has awakened to the fact that the teaching of good manners has become rather ineffective so far as the large mass of our boys and girls are concerned. It is thus that a present effort is being made looking to a revival in our schools, a veritable renaissance, of that kind of training in good morals and gentle manners which was given over so many centuries to our boys and girls of western Europe and America."

Lord Rosebery says that manners are even more important than appearance. Say three boys are applying for the same position. One might be a monster of learning, with a Shakespearean forehead; one might be not half so good but still able. One boy might not have the abilities of either of the other two but if he has good manners, if, instead of granting an answer like the first one, or giving only an inarticulate sound like the second, he gives a clear, respectful answer to the questions asked him, it is ten to one against the other two.

"Manners are not easily taught except by example. Every boy, if he forgets everything else, I have said, should bear in mind the enormous value of manners. All through his life it will

give him a value which he would never possess without them and a start over other boys who neither tried to be nor were well-mannered!

THE RIGHT TO "ROUGHAGE"

Every boy and girl has a right to a certain amount of "roughage"—the name given to that element of food that stimulates bowel exercise and keeps the intestinal tract healthy and clean. In Shredded Wheat Biscuit the "roughage" is supplied by the bran from the whole wheat grain. Shredded Wheat contains every food element a growing boy or girl needs.

For a warm, nourishing breakfast pour hot milk over two Shredded Wheat Biscuits and add a little salt.

German "Reds" Prepare List to Suffer Death at Revolution — Demonstration That They "Mean Business."

Berlin, Dec. 29.—(Associated Press Correspondence)—German radical disciples of what is called here "Red Russian terrorism," say they are planning to overturn the present German government and establish a proletarian dictatorship, openly announce that they have drawn up lists of "capitalists and undesirables" who shall be killed when the revolution begins.

One of these men, a hotel waiter, who calls himself a "precinct leader," complained the other day that his list included "nearly everybody around here" who has influence, property or money. He said, a "superior" came to him one day and read a list of names, and announced these were to be the "precinct leaders" quota when the killing began. The waiter declared he acknowledged "orders" but thought the programme was being carried too far.

Everyday of the Week

—any hour of the day—one of your household comes along with a nasty cut or bruise, a burn, scald or sore. It's then you realize how it pays to have Zam-Buk always handy. Just a touch and Zam-Buk takes out all fiery pain or smarting irritation. At the same time it purifies the tissues, prevents dangerous festering or ulceration, ensures speedy healing.

For over ten years Zam-Buk has been our household remedy, writes Mrs. S. B. Folkins, Somerville, Mass. "There has never been a healer made to take its place. We wouldn't be without Zam-Buk whatever it cost. It never fails in burns, scalds, cuts, chafing, and innumerable other skin troubles."

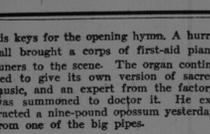

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment—there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out.

Put a Peps pastille on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well."

QUEER ANIMAL SHOT IN ONTARIO

Like Rabbit, Three Feet Long, Has Horns Like Deer.

St. Thomas, Ont., Jan. 11.—The shooting of a strange creature, part rabbit and part deer, not unlike the fabled Eoluphus that is said to have galloped over the earth some odd million years ago, is reported from Apolone, Charles White, an inter-district hunter of the province of unimpeachable veracity, is the man who bagged the animal, which he claims is a heretofore unknown species of rabbit. It is of enormous size for a bunny, being nearly three feet in length, and on its head are pronged horns similar to the antlers on small deer. It is these protuberances that have raised doubt in many persons' minds who have examined the unique kill, and there are some who are suspicious that Mr. White may have been busy with the glue pot. However, the rabbit, or whatever it is, has certainly proved a drawing card to the Apolone Poultry Association's show this week, and has greatly increased the revenue. It is also considered a remarkable coincidence that Mr. White should shoot the animal just when the show was on.

WAS ON VERGE OF BREAKDOWN

Sydney Woman is Restored to Perfect Health by Taking Tanlac.

"I just can't help but feel happy over starting the New Year in such splendid health," declared Mrs. Charles Dobbins, of Sydney, N. S., while relating her experience with Tanlac recently. Mr. Dobbins is a life-long resident of Sydney and lives on Prince street. "I just seemed to be on the verge of a breakdown and took little interest in anything. I got up in the morning tired, went to bed tired and all through the day felt so weak and drabby that life seemed hardly worth living. What little I ate did me more harm than good and I suffered awfully from gas and bloating and pains in the stomach. Sometimes my chest and shoulders hurt and I often had headaches that were just about as severe as I could bear. My nerves kept me rest less all the time and at night I slept but little. I worried and worried over myself and didn't know which way to turn for relief. "But I am thankful that I have at last found good health. Tanlac was just what I had been needing all the time and I began to improve in just a few days after I started taking it. My appetite is splendid now and I enjoy everything I eat. My nerves seem to be as steady as ever and I haven't a pain anywhere about me. I sleep perfectly sound and have been built up wonderfully. Tanlac certainly deserves the praise people are giving it."

HER FRIENDS SAID SHE WAS GOING TO DIE

WHY MRS. MARKLAND PRAISES DODD'S KIDNEY PILLS.

She suffered terribly and lost sixty pounds, but Dodd's Kidney Pills started her on the road to health.

Pictou, Ont., Jan. 10.—(Special)—Enthusiastic in her praise of Dodd's Kidney Pills is Mrs. Fintay Markland, a well-known and highly respected resident here. And Mrs. Markland is always willing to tell why she pins her faith to the great Canadian Kidney remedy.

"Two years ago I had a bad attack of flu and pneumonia," she states, "and of the illness in my system all went to my kidneys and gave me diabetes. I had it for nearly a year before I knew it, but last fall I broke out all over with boils. "I suffered something terrible. I went down in flesh till I lost 60 lbs. The doctor put me on starvation diet. I could not even put my shoes on. My husband and all my friends thought I was going to die.

"Reading of what Dodd's Kidney Pills had done for other women with Kidney trouble led my husband to get some for me. After I had taken two boxes I began to feel better. I have taken 21 boxes and feel splendid. I can do my work and eat almost anything. I have gained 20 lbs. I tell all my friends what good Dodd's Kidney Pills are. Ask your neighbors if Dodd's Kidney Pills are not the best remedy for sick Kidneys.

"WOMEN DRESS OUTRAGEOUSLY"

This is the Way Chicago Cleric Sums Up Situation—Campaign Against "Moral Laxity."

Chicago, Jan. 11.—Led by Bishop Thomas Nicholson of the Methodist Church, the clergy of Chicago is launching a campaign of protests against "moral laxity" that is tinged with measure of ridicule.

"No man likes to see a woman with dresses to the knees; but the women think they do, or they wouldn't wear such clothes. Certainly many of them are making their fleshly appeal with no thought of beauty. Skinny limbs, scrawny necks and bony shoulders are being exposed to public view. Where a woman with common sense would cover them, even if not for modesty's sake.

"If every man would laugh heartily every time he saw such a woman, if husbands would ridicule foolish wives, and with contemptuous raised eyebrows cut the women more than any moral appeal ever could.

"If silly women could only understand that the more their charms are modestly covered the more attractive they are—that of that simple fact could be

J. H. BUTLER, NOED BOATSMAN, DEAD

Was a Power in West End of Boston—Man Who Did Much in Charity.

James H. Butler, last of the three Butler Brothers, famous oarsmen, and a very prominent citizen of the West End District of Boston, died last week at his home, 875 Charles street, after a short illness.

Only two days ago he was out rowing on Charles River and it is thought that the exertion, because of his advanced years, was the immediate cause of his death.

He is survived by a sister, Mrs. Mary Malone of Dorchester; two nephews, Thomas Wells Malone of Dorchester and Francis L. Butler of the West End, and a niece, Mrs. Mary Rogers, also of Dorchester. Several other relatives live in various parts of Greater Boston and the West End.

James H. Butler was known from one end of the West End to the other because of the years of service to the poor of the district.

Started West End Boat Club.

He was born in Ireland 78 years ago and moved to the U. S. when a boy, settling in the West End, where he had lived ever since. As a business man he accumulated a considerable fortune, which in his later years enabled him to follow the promptings of his heart in the relief of worthy cases of charity in his immediate district.

His chief hobby, him engaged in the wool business, his city during which time, together with his brother, Thomas Butler, they took up rowing, which was at that time the leading sport of the country.

Together with his brother, Thomas, the late Jeremiah Conroy of Cambridge and other during the 60's they organized the West End Boat Club which was an offshoot of a social organization in the West End.

Five years James Butler carried on a boat livery business at Craigie Bridge adjacent to the West End Boat Club. The older members, willing to give way to the younger element and transferred the property of the professional club to the amateur organization, destined to win admirably in the West End.

Mr. Butler built a private boathouse at the northern end of the draw bridge where he enjoyed the tide-water rather than the fresh water inside the dam, and confined his rowing activities in later life to this section.

It was his custom to devote much of his time during the day rowing about the river collecting driftwood and towing it to his boat house where he busied himself cutting the wood into stows lengths, splitting it and distributing it to the poor people of the district. That was not all, for in many cases coal and flour followed the wood, and the beneficiaries had to guess as to the identity of the benefactor.

During the revival of amateur rowing in that section he was ever ready to help out with rowing devices and money.

When the St. Joseph's A.F.A. took to rowing and secured a suitable home on the Charles River, Mr. Butler served as coach for several years, assisting materially in bringing home many valuable rowing trophies to adorn the club's wall.

He was closely associated with Rev. Peter J. Walsh, formerly of the West End.

Built Physiques of Young Men.

Business men sent their sons to Jim Butler to build up their physiques and enable them to undergo the four years' grind at Harvard, and invariably the young pupils continued the friendship of the old oarsman in later years.

Mr. Butler was an uncle of the Breen brothers, widely known as members of the West End professional four, and scullers of repute, as well as being related to the Toumey brothers, who later on represented the St. Joseph's Boat Club.

As professional sculler and oarsman Mr. Butler while never as noted as his brother Thomas who held the New England professional sculling championship for several years, was nevertheless one of the best oarsmen in his section.

He rowed single, and pair oared with his brother, winning many races and medals, and was in the famous West End professional four, rated as one of the best in the country. There was still another brother, "Sonny" Butler, who fell from a great height into the water, and was popularly rowing in the old West End.

It was back in the '60s and early '70s that James Butler figured at his best, and that there is serious doubt as to whether or not he enjoyed the fame of winning races to the pleasure of teaching the younger generation how to race.

Although in a position to wield a big influence in the West End politically, he never engaged in politics, and never held office. He was a close, lifelong friend of Martin M. Lomasney.

One of his peculiarities was to never wear a necktie, although his collar was held together with a diamond button.

NOT CONSIDERING REVERSION TO PRIVATE CONTROL

Ottawa Correspondent's Statement of Position Relative to Government-Owned Railways.

(Special to The Times.) Ottawa, Ont., Jan. 11.—Although suggestions are constantly being made by friends of private interests that the government roads should go back to private control as soon as the stormy and difficult period of post-war readjustment is past, such a feeling is not being seriously considered by the present government.

The transfer of the C. N. R. to public ownership occurred under the Borden government because that road could not meet its obligations, and the government as guarantor had to do it. Similarly, the Grand Trunk and Grand Trunk Pacific railways were taken over by the Union government, not because of an innate love for public ownership, but because private ownership had come to grief as a result of over-enthusiastic competition with the Canadian Northern in railway building. Parliament's consent to all these measures was obtained, and the roads cannot be turned back without the same consent.

From the beginning of the railway controversy, a small group of members has advocated the turning over of the national lines to the Cans. an Pacific. The Grand Trunk railway and western sections of the Canadian Northern, but it would certainly refuse the "demons."

There is a feeling abroad that lower operating costs on railways may soon obtain, and that the government lines may in a few years pull out of the red. The Grand Trunk would be the backbone of such a happy ending, and the government can be expected to hang on to it. The fact that Canada is in the United States caudex no worry, as the railway is incorporated as a separate concern, and runs under States' laws. The C. P. R. does and as Americans do in Canada under Canadian laws.

TALKS OF FUEL OIL FOR FERRY
Estimates Presented by Commissioner Bullock

Says Ludlow Burns Much More Coal Than the Carleton—Employs Ask More Pay—New Schedule Also Sought by Public Works Men.

At a committee meeting of the common council this morning the estimates for the ferry department were taken up. The sum asked for is \$64,529.50, as compared with \$57,104.69 last year.

Commissioner Bullock was asked to explain several items. One item showed an appropriation of \$2,200 for repairs to the boilers and machinery for the Governor Carleton, while \$5,679.63 was expended. The commissioner gave a detailed report showing that the amount had been used for repairs due to accidents.

Regarding an increase asked for coal for the ensuing year, Mr. Bullock said that during 1920 the Ludlow was on the route 160 days, and consumed 1,945 tons of coal at a cost of \$133,764 a day, or twelve tons and a fraction a day. The Governor Carleton ran 206 days and used 1,381 tons, or 6.7 tons a day at a cost of \$67.67.

Mr. Bullock said he was looking into the advisability of using fuel oil and installing equipment. He said that oil, however, was very expensive at the present time.

The question of wages caused a considerable discussion, and the commissioner said that the employees were asking for an increase over last year's schedule. The captains, mates, deckhands, oilers, firemen, watchmen, collectors and galemen were asking for a month increase, and the engineers \$20.

Mr. Bullock gave a comparative statement regarding the traffic during 1919 and 1920 as follows:

Passengers.	1919.	1920.
489,406 at 1c.	508,310 at 1c.	
1,018,695 at 1 1/2c.	1,947,163 at 1 1/2c.	
535,406 at 3c.	535,470 at 3c.	
	1919.	1920.
Teams	109,639	119,245
Increase in revenue for 1920 was \$70.92.

Public Works.
Commissioner Frink said that he was working on his estimates, but he had received a communication from the City Employees' Union regarding a schedule of wages, and as his department had to deal largely with labor, he would have to have these matters adjusted before he could submit his schedule.

He said he was prepared to let the old schedule stand. He would be quite content to see the same scale of wages prevail this year as last. Daily, he said, a host of men were invading his office, some married men asking for all sake to give them some employment. He noted that the communication of the City Employees' Union had been accepted and a reply sent to them that the council would pay the same scale of wages in 1921.

He also read a communication from L. R. Ross, president of the New Brunswick Power Company, regarding the type of rail to be used in Douglas Avenue.

LOCAL NEWS

EVANGELICAL ALLIANCE
The executive of the Evangelical Alliance met in the Y. M. C. A. yesterday afternoon and the programme for the next five months was arranged. Rev. J. Heaney was in the chair.

Y. P. A. MEETING
A meeting of the Young People's Association of the Carleton Methodist church was held last evening in the school room. The pastor, Rev. J. Heaney, gave an interesting address on "Forward Steps for the New Year."

NEW CUSTOMS OFFICERS
Collector Lockhart reports the following recent additions to the customs staff—J. J. Merryfield, locker; James A. Boyle, Bertram Smith, W. L. Smith and Ernest F. Fulton, customs examiners.

DEATH OF CHILD
Friends of Mr. and Mrs. George Barrett, 112 Lancaster street, West St. John, will sympathize with them in the death of their infant daughter, Annie A., aged one year and ten days, which occurred in the General Public Hospital yesterday. Besides her parents three sisters and four brothers survive. The funeral will be held from her parents' residence tomorrow afternoon.

SOCIETY OF TENS
The Society of "Tens" of the Douglas avenue Christian church were entertained last evening at the home of the pastor, Rev. J. C. B. Appel and Mrs. Appel, Victoria street. Selections were given by the McEachern male quartette. It was decided to repeat the musical entertainment "The New Minister" the latter part of the month in the Presbyterian church, Fairville. Reports of the officers were received and the programme of work for the coming year was mapped out.

POLICE COURT.
A "clean sheet" was presented to the police court this morning but the attention of the court was taken up with the case against Maud Minchies, charged with assaulting her husband and her step-daughter. Mrs. Chesley Ford, who was in the house at the time, was called by the prosecution and corroborated evidence given yesterday. The accused contradicted everything that was said against her. The magistrate said that he had made a rule that if a man strikes his wife a sentence of nine months in jail without a fine would be given, but he said he was not sure whether the rule would apply when a wife strikes her husband. However, the accused was remanded while the magistrate considers her case.

FIRE LOSS HERE LOWER IN 1920

Mr. Burditt said he noticed that many progressive cities were spending considerable money in publicity and were deriving benefits. He felt St. John was not doing so much as might be done along these lines, and that it would be perhaps advantageous to make provisions for it. If the council saw fit, he said, the Board of Trade would be pleased to co-operate. He explained that they had no fund for this. He offered as a suggestion that at least \$1,000 should be appropriated.

Mayor Schofield questioned the advisability of attracting anyone to the city at the present time.
Mr. Armstrong and Mr. Burditt explained that it was desirable to attract trade to the city.
The delegation was assured that the matter would be considered.
