GOOD THINGS COMING TO THEATRES OF ST. JOHN

STERLING COMEDY ACROBATIC ACT AT THE OPERA HOUSE

Hill and Ackerman Make Smashing Hit - Last Times Tonight - Tomorrow's Fine Bill

Once in a while the Opera House programme of vaudeville has an act that makes a smashing hit with everybody. There is one today that caught on like wildfire at the first performance on Tuesday and has been talked of all over town ever since. That is the comedy acrobatic act offered by Hill and Ackerman. It makes no difference if you have the blues, are the most confirmed of old cranks and groovers, this act will pull a good hearty laugh from you and send you home feeling much better. The audience just double up in roars of laughter at every performance. It is hard to describe just what these two funny fellows do, they do so much, but it is all good clean fun and twelve minutes of uproarious merriment.

There are four other good features on the programme as well, the serial drama, "The Man of Might" and the Palpe pictures of the parade on Joy Day and the best features of the Prince of Wales Day. Tonight will be the last time for this splendid programme—two shows, 7:30 and 9.

Tomorrow night will come the regular change of bill, the new programme offering Alice Thornton, singing and dancing comedienne; Musical March in a comedy musical act; Marcus and Booth in comedy songs and chat; The Robbins Trio, a high class vocal offering; The Martians in a comedy pantomime novelty; "An Astronaut's Dream of Mars"; and the serial, "The Tiger's Trail."

A LAUGHABLE PROGRAMME AT THE UNIQUE TODAY.

The place to enjoy a good laugh tonight is at the Unique. The master jester of the screen, "Charlie Chaplin," will be seen in all his glory in one of his best comedies, combining three special comedies in one.

Another interesting feature on the bill will be the introduction of "Cyclone Smith's" stories produced in elaborate scale, big settings and big action. Don't fail to see these two real serials every week; also the eighth episode of the celebrated serial, "The Liberator," featuring "Maciste" the Italian wonder.

IMPRESSED BY VALUE OF THE VALLEY RAILWAY

(Continued from page 1.)

seniors might have full opportunity to inspect the road, a stop of half an hour was made at Westfield, where the Valley Railway joins the C. P. R., and the train reached St. John at 1:55.

Railway men on board were warm in their praises of the construction of the road and the high standard which has been attained and every one was enthusiastic over the beauty of the scenery. Hon. Mr. Carvell.

Hon. F. B. Carvell, recently appointed chairman of the Dominion Railway Commission, was one of the passengers and spoke most optimistically of the future of the road and its importance for the province. He expressed regret that the present plans must call for a daily express service over the road, which he regarded as necessary to the proper development of the traffic.

Owing to delay in the negotiations, instructions have not yet been issued for the operation of the road by the C. P. R., but L. S. Brown, general superintendent of the C. N. R., who was on board, said that he was ready to begin the service as soon as it is authorized.

The C. N. R. plan call for an express service over the road from St. John to Centreville, and vice versa on Tuesdays, Thursdays and Saturdays, and a mixed freight and passenger service on the alternate days. The time allowed for the express trains between St. John and Fredericton is three and a half hours. The express trains will carry a combined sleeping and parlor car, a dining car, a baggage car and a baggage car.

The party included: Lieut.-Governor Pugsley, Hon. F. B. Carvell, chairman of the railway commission; Hon. W. E. Foster, Hon. J. P. Byrd, Hon. P. J. Allen, Hon. C. W. Robinson, Hon. E. A. Smith, Hon. PLAN FOR K. OF C. SALVAGE

Chairman Mulligan to go abroad to prepare for withdrawal.

Within a few days William J. Mulligan, chairman of the Knights of Columbus committee on war activities, will sail for Europe to begin salvaging property of the organization that has been used in its war activities. He will visit France, Belgium and the Rhineland.

The salvage work involves hundreds of thousands of dollars' worth of buildings and warehouses that will have to be dismantled. These are widely scattered in the Belleau Woods, at Chateau-Thierry, in the Argonne, along the left bank of the Meuse, and in every section where American troops were, from the Swiss border to the Belgian coast.

One place that will be dismantled will be the K. of C. doughnut kitchen at Coblenz, Germany, where 10,000,000 doughnuts were turned out for the army of occupation. Speaking of the work being done, Mr. Mulligan said:

"We still have 600 secretaries abroad, and 200 places which for some time will be busy. We will remain overseas as long as there is need of our services, and that means until the American army dwindles to the last few hundred men. Most of our work now is concentrated in the Rhineland and the western ports,

such as Brest, where we have ten huts and also at Antwerp, Belgium. In London and in Ireland we are still working at top speed.

"In Russia we have been fortunate in getting supplies to our secretary, Garry McGarry, a former musical comedy star, who is in Siberia. We have also cooperated with the A. E. F. in the educational work. Several of our secretaries were professors at the university at Beane. Our present efforts abroad are concentrated in giving each soldier individual attention."

A WOMAN'S TESTIMONY. Mrs. Ettie Warren, a farmer's wife of Emmitsburg, Md., openly declares how she has found health through reading a newspaper advertisement of Lydia E. Pinkham's Vegetable Compound. So great is her relief after fifteen years of suffering that she asks to have this information published.

"If you struck one of those golf balls and hit a man in the eye, what would you do?" asked the man who was interested in first aid to the injured. "Oh, I'd have to play it from just where I found it," replied the enthusiastic golfer.

At least twice a week, economical and wise housekeepers serve "Clark's" Pork and Beans either with Tomato, Chili or Plain Sauce. No meal is better enjoyed—none requires so little work—as every one of the carefully hand picked beans is perfectly cooked before hand, and heating is all that is required. And whereas the cost is as little as a meal can be served for—the amount of nourishment in a pound of "Clark's" Pork and Beans equals that contained in most cooking four or five times as much. The purity of "Clark's" Pork and Beans is guaranteed by the Government legend on every tin. W. CLARK, LIMITED, MONTREAL. Manufacturers of Clark's Pork and Beans and other good things.

INFLAMED GUMS—CAUSE OF LOOSE TEETH. Pyorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it come loosening teeth. Imperceptibly, at first, the gums recede from the normal gum line. They inflame. They present many openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled, and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments. Against this Pyorrhea (Kigg's Disease) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—if used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well. Brush your teeth with it. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean. If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes. All Druggists. FORHAN'S, LTD., 507 St. James St., Montreal.

Forhan's FOR THE GUMS. Sarah's mistress became very much dissatisfied with the number of times one man came to see her maid, and calling the woman into the living-room one evening said: "Sarah, when I engaged you, you told me you had no men friends. Now whenever I come into the kitchen I find the same man there." "Bress yo', mamam," smiled Sarah, "dat niggah ain't no fren' ob mine." "No friend?" exclaimed Mrs. Manning. "Then who is he?" "He's ma hubban'."

THIS JUDGE HARDER ON DELINQUENTS UNDER M.S.A.

Montreal, Aug. 21—Delinquents under the M. S. A. are finding it expensive to be pronounced guilty in Judge Casson's court here. One of them, Alphonse Rine, was fined \$250 or an alternative jail sentence today and expressed deep astonishment pointing out that other judges here had assessed the offence much more lightly.

The Real Reason.

"John," asked the teacher, "what is a synonym?" "A synonym," said John, "is the word you use when you can't spell the other one."

"KORK TREAD" Transmission Lining For Fords

"Kork-Tred" gives a velvet grip and a bulldog hold—permits your car to glide to a quick, smooth stop without the annoying clatter and "squeal" that jars your nerves and other peoples, too; besides "Kork-Tred" will save you money, because one set will outwear four sets of ordinary lining.

Remember "Kork-Tred" is the only cork-insert transmission lining containing the Lubrication Oil Cup feature.

Emerson & Fisher Ltd.

What Mr. Ballantyne in this instance meant by "nationalization" is made instantly clear in his following sentence in which he says: "Honorable members are aware that we have nationalized and have under commission at the present time the ports of Vancouver, Montreal and Quebec."

So far, so good, but very clearly, Mr. Ballantyne means, and says, that what is proposed is to place St. John harbor in commission and to pay for future expenditures here by means of bonds, the interest and sinking fund charges on which are to be raised from harbor revenues, in addition to the carrying charges on past expenditures to the extent of \$2,000,000 or upwards.

But that is not nationalization at all. In short, we must take not the word but the meaning of the word as given very fully by Mr. Ballantyne himself. The great expenditures at Halifax to provide terminals of an admirable kind for the Canadian National Railways have come out of federal revenue, not out of Halifax harbor dues.

If "Well Wisher" simply misunderstood the situation we are content merely with pointing out his error. If, on the contrary, he was attempting to extract a nationalization rabbit from a hat for the mystification of the electors who may presently have to pass on harbor commission, we might suggest to him that he is a bit lacking in the requisite dexterity for that sort of enterprise.

RECENT WEDDINGS

Friends in St. John will be interested in a wedding which took place yesterday in Fredericton when Miss Beatrice V. Crockett, daughter of Mr. and Mrs. Jas. H. Crockett, was married to Harry C. Moore by Rev. J. H. Sutherland. Miss Violet Wilson was bridesmaid and Harry Wilson best man, and Misses Edith Trites and Eileen Crockett flower girls.

Miss Verna Leola Baird of Fredericton and Henry James Francis of Portsmouth, England, were married in Fredericton yesterday by Rev. J. S. Sutherland. Mr. and Mrs. Francis will make their home in Winnipeg.

G. Herbert Vail, formerly of St. John but now residing in Truro, was married at Pictou Landing last week to Miss Greta Campbell Wall of Truro.

RECENT DEATHS

Irene Louise, four-year-old daughter of Mr. and Mrs. Anthony Cyr of Carleton street, died yesterday afternoon. Friends sympathize deeply with those bereaved.

Henry Hamilton Godard, formerly with J. & A. McMillan office staff, died in the Winnipeg General Hospital on Aug. 9. He had recently been with the C. P. R. at Brandon. Interment took place in Revelstoke, B. C.

Many will sympathize with Mr. and Mrs. W. L. Fisher, 183 Bridge street, in the death of their infant daughter, Rheta Elizabeth, which occurred last evening.

Walter Burns of Fredericton Junction died suddenly at his home yesterday. He leaves his parents, Mr. and Mrs. Simon Burns.

The death of Mrs. Nellie E. Burgholt occurred at her home in Lascon, Arizona, on Tuesday. She was a daughter of the late S. Wells Tingley of Dorchester, N. B., and leaves her mother and three sisters, besides her husband and infant child.

MISS CARTIER WILL

MEET THE PRINCE

Miss Hortense Cartier, only surviving direct member of Sir George Etienne Cartier's family, arrived in Montreal this week, after an absence of forty-six years from Canada. She came from South France, where she has been living since the death of her father, in 1878. Her visit to Canada is due to the centenary of her father's birth, which is to be celebrated in Montreal by the unveiling of a monument on Mount Royal Park, and other monuments at St. Antoine-sur-Richelieu and at Quebec.

The daughter of the great French-Canadian who wrote his name in history as one of the fathers of Confederation, comes as the guest of the Cartier centenary committee, and during her stay in Montreal will be the guest of the dominion.

When Miss Cartier arrived at Windsor station she was met by Acting-Mayor Le Roy Shaw, who welcomed her in the name of the city, after which she was presented to members of the ladies' committee of the Cartier celebration.

Miss Cartier did not show any traces of fatigue from the long journey. She made the trip from Havre to New York on board La France, the first trip the big French liner has made since released from government service. From New York to Montreal she was escorted by E. W. Villeneuve, president of the Cartier celebration.

The distinguished visitor was not too well impressed by the sight of New York during the few hours she spent in the big American city. She thought that the skyscrapers were horrid, but she appreciated the comfort of American hotels and Pullmans, which, she said, were superior to anything of the kind in Europe.

Miss Cartier will visit the Cartier Fair, and she is going to Quebec, and will meet the Prince of Wales, at a special invitation of the governor-general. Miss Cartier is seventy-nine years old.

To Drop 'Obey' From Marriage Ceremony

Radical Changes Proposed in Report For Revision of Episcopal Practices

New York, Aug. 21—Radical changes in the sanctioned practices of the Episcopal church are provided for in a report made public here today of the Church's Commission on the Revision and Enrichment of the Book of Common Prayer to be submitted to the general convention of the church in October.

The report makes provision for faith-healing, anointing with holy oils, requiem, communions and prayers for the dead, reservation of the sacrament and intinction—the use of a dipped wafer instead of the common communion cup. There are a score of radical proposals, and bitter controversy is looked for over them on the convention floor.

The commission, constituted in 1918, is a joint body, acting with the authority of both the House of Bishops and the House of Deputies of the Episcopal church.

The recommendations for changes in Episcopal church practices include: Elimination from the marriage ceremony of the word "obey" for the bride, and "with all my worldly goods I thee endow" for the groom.

A prayer for the dead. Change Whitsunday to the Day of Pentecost and all Sundays from then until Advent to read as Sundays after Pentecost.

Abbreviation of the ten commandments for the opinion of the clergy (their language not altered, but certain explanatory or opposite statements eliminated).

Alter the order for administration of the Lord's Supper in its designation, to read: "The Divine Liturgy, being the order for the Lord's Supper, or Holy Eucharist, commonly called the Holy Communion."

Denies Report

Itlica, N. Y., Aug. 20.—Robert E. Treeman, today absolutely denied a report published in New York city to the effect that he and Mrs. Irene Castle were married at Pickett (S.C.) in May 1918. Mr. Treeman in his denial states that at that particular time he was not in South Carolina but was stationed near Detroit (Mich.) in the army service.

ADVERTISING IS THE PANACEA

Big Convention to Formulate Plans To Solve Industrial Problems—Publicity The Answer

Problems of great magnitude will be discussed at the annual advertisers' convention to be held in New Orleans next month, by business men representing all lines of commercial activity as well as by many deep in the confidences of Labor and familiar with every angle of the Labor movement. These problems have direct bearing upon the general industrial unrest prevailing throughout the world, and it is hoped that solutions will be found based upon the principles of advertising.

Those active in the arrangements point out that at this time leaders in business, as well as students of economics and government officials, are concentrating their best efforts upon the manifold problems surrounding the well-understood and universally-accepted conclusion that the worker profits nothing by higher wage scales, if the prices of the commodities which he must buy are increased in proportion to the rise in his wages. Therefore, at the forthcoming convention, it is planned to appoint a committee, the duty of which will be to formulate a number of basic points upon which it is believed Labor and Capital can find a common footing. Solved by Advertising.

Those responsible for the project are convinced that much can be done toward arriving at a solution of these problems through the medium of advertising. They argue that—agreeing with Labor leaders and captains of industry that if conditions are to be bettered, production must be increased to reduce the cost of each unit produced, and that the cost of selling must be brought down—the proper use of advertising can be made effective to bring these things about. Many factories, it is pointed out, have used advertising to speed up production, by directing it into channels which have paved the way for a better understanding between employer and employed. It has also been demonstrated, they

TIGER HUNTING ELEPHANTS

(New York Herald).

Not all elephants are qualified for tiger-hunting. Every animal used in sport must be steady, obedient and fearless, for if a single elephant misbehaves or bolts when he confronts one of the huge cats, the deadly contagion of fear may spread broadcast, and runaways, broken palanquins and loss of life may result. This is the way in which men select the animals to train for the hunt.

As a preliminary step, they walk the elephants back and forth in a court where are ranged cages containing tigers and leopards, for the sporting rajahs generally maintain private menageries. When they have become accustomed to the smell of these animals, a tiger is chained to a post in an open space, with the least carefully regulated to limit the length of his leaps. The mahouts then force the pupil-elephant to approach as near the post as safety allows and to remain for some time within a few steps of the tiger.

Each day the tiger's chain is lengthened, and the prisoner, which is kept starved, charges fiercely at the elephant as it comes near. Those elephants which stand their ground without flinching are considered qualified for the hunt in the jungle, but those that have revealed the least timidity are degraded from the rank of hunter—the aristocracy of their kind—and are turned over to ignominious labor.

According to a zoologist of the Calcutta Museum, among every thousand elephants that undergo this training only about fifty will not bolt when brought face to face with the chained tiger; nearly half of those that stand their ground bravely at first retreat before a more ferocious assault.

By reason of the shifting sands, Fox Island, formerly the extreme southeastern point of Popham Beach, Me., is now on-fourth of a mile out in the sea, and Morse's River channel has shifted half a mile from its former course.

MAY MEAN HIGHER RAILROAD RATES

This or Additional Congressional Appropriation—Early Action to Settle Men's Demands

Washington, Aug. 21—Early action to settle unrest in the ranks of railroad employees who have been demanding new wage increases was forecast yesterday.

After a lengthy conference with representatives of the shop crafts, Director-General Hines went to the White House to discuss with President Wilson the problems facing the railroad administration. While no announcement was made, it was understood that the entire question was reviewed, including the obvious necessity for an increase in rates or another congressional appropriation to provide funds for any wage advance that may be made since the administration has been incurring a deficit every month this year due to the falling off in business and the higher cost of labor and materials.

Mr. Hines promised the shopmen's leaders that he would give careful consideration to all the facts presented and would endeavor to reach a final decision in the near future, indicating that he will order into effect any changes in the wage scale without referring the demands to a board of investigation.

A wedding in Lithuania lasts for a week or more, and so weddings there usually take place in the winter, when time can be spared to do full justice to the occasion. The wedding ceremony is always performed on Sundays, and during the whole ceremony it is rigid etiquette and custom for the bride to weep. If she does not the older women scold her until she does.

At the Church of the Sacred Heart in Paris a 22-ton bell is tolled by electricity. A choir boy now does the work, which formerly required the services of five men.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, AUGUST 21, 1919

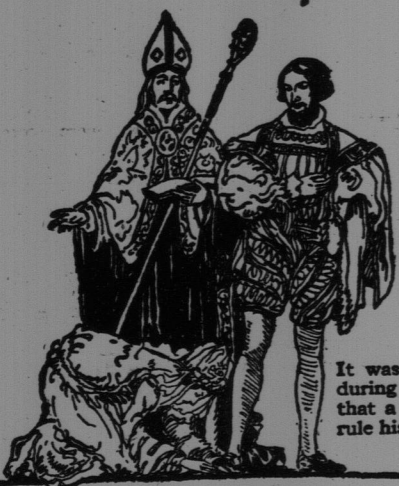

If you found a letter from another woman in your husband's pocket - what would you do ?

WOULD you faint? Would you send for a lawyer? Would you remain silent and wait? Or would you do what Mrs. Madden did, when the *other* woman came along? How would you act if you were in her position? "The test of a woman's quality," says Corra Harris, "is how she conducts herself when she finds that another woman is stealing her husband's love." If you want to know how to hold a husband's love begin reading

"Happily Married," by Corra Harris

Author of "Making Her His Wife," "The Circuit Rider's Wife," etc.

Mrs. Harris makes you see the inner workings of the mind of a woman who was too sure of her husband and of a husband who was too sure of himself. In this new novel she shows you just how a man thinks and why he acts in such peculiar ways. And oh! how Mrs. Harris does know her own sex! She understands every emotion they feel. She divulges all their little tricks in a most delicious manner. If you want to learn how to manage a man without letting him know it, read this extremely entertaining three-part novel beginning in Pictorial Review for September.

It was constantly argued during the middle ages that a man is bound to rule his wife

What makes a man different after he's married ?

DID it ever occur to you that every married man has a double personality? Why is your husband different from the man you married? What is the reason? You probably know a dozen couples who are unhappily married. Why? What is the matter with marriage?

Havelock Ellis, the eminent English sociologist, says that nine times out of ten it is the man's fault and then he gives some startling reasons for his theory. What do you think? In a brilliant and searching article in the September Pictorial Review, Mr. Ellis tells why husbands and men are two different things—and how this difference lies at the very root of "the marriage question."

He says that marriage is a risky experiment and nothing more. And that the system that worked five hundred years ago won't work today. The war has created a tremendous upheaval in the marriage relationship.

What is going to happen? Read what this supreme authority has to say on this subject in his sensational article in Pictorial Review for September called "What Makes a Man a Husband?"

This is the first of a remarkable series of articles on marriage which will appear in Pictorial Review this Fall.

ARMY OFFICERS HIT BY COST OF LIVING

1,266 of Regular U. S. Establishment Have Resigned Since Armistice

March Orders An Inquiry—Morale Division Reports Officers Unable To Live Decently at Present Salaries

Washington, Aug. 19—Since the armistice was signed the war department has accepted the resignations of nearly 1,300 officers of the regular army, and it is known that a large number of other resignations are now being considered, while scores of other officers of the regular establishment, who have not filed resignations, are known to be desirous of leaving the service.

The situation created as a result of the wholesale resignations of officers, most of their junior officers—the very backbone of the regular establishment—is so serious that General March, the chief of staff, instructed the morale division of the general staff to make a complete and thorough investigation. The results of that investigation were filed with Major-General William G. Haan, the chief of the plans division of the general staff, who immediately transmitted it to General March.

The investigation shows that the enormous increase in the cost of living is in the main responsible for the great loss in officer personnel. In the great majority of the cases of younger officers the pay received is less than that now given to unskilled laborers. Furthermore, these officers of the regular army, practically all of whom served with increased rank during the war, are now being demoted, and 861 have reverted to their former grades, with a corresponding reduction in pay. It is pointed out that with their demotion their pay reverts to the scale of 1908.

The report which General Haan has submitted to General March begins with the following paragraph:

"It is an established fact that there is general discouragement and a serious depression of morale among the officers of the regular army at the present time."

"Confirmation of the above statement," the report adds, "is to be found in the actual number of resignations from the service which have been accepted since the armistice, most of them during the last three months. The total number of such resignations up to Aug. 12 last is 1,266. On Oct. 31, 1918, there were 10,403 officers of the regular army. It thus appears that 12.2 per cent, or practically one officer in every eight, has had his resignation accepted in the last nine months. Many older officers

RED ROSE TEA "is good tea"

THE British are noted as great tea drinkers and are naturally good judges of tea.

So when we learn that over 70% of the tea used in Great Britain is Indian tea we can be sure that Indian tea is of the very best quality.

have stated that they would resign if they could find opportunity in civil life. Doubtless many are seeking such opportunity. The report then proceeds to discuss the cause of the present situation, taking as a basis the reasons given in the resignation papers of the 1,266 officers who have been permitted to quit the service by the war department. The high cost of living is responsible in the vast majority of cases, and the result is that the report of the morale division of the general staff forms what is said in official circles to be probably the most valuable official discussion yet submitted by any branch of the government concerning the present living cost.

New Government In Northern Russia Formed as Result of Conferences Held by British Military Mission London, Aug. 20—The London Times correspondent at Reval gives the following details of the recent establishment of a government for northern Russia: "As the result of a series of conferences held by the British military mission here, a new Russian government has been formed to include Pakov, Novogorod and Petrograd provinces. "On Aug. 10 General Marsh, on behalf of the Allied and associated powers, convened a meeting of Russian political notabilities of all parties. General Marsh

pointed out that the position of the Russian army was critical and that it was essential that the Russians should form a democratic government capable of undertaking the administration of the northwestern provinces when freed and restoring general confidence in the democratic intentions of the Russian leaders, who should also recognize the independence of Estonia, since without that recognition the Estonian army refused to move against Petrograd, and the Russians at the actual moment were incapable of taking the capital without their aid. "The result is that a government has been formed on democratic lines under the presidency of Stefan Lianosoff, a

well-known and respected Moscow financier, who will be supported by the authority of a special consultative congress of representatives of the Zemstvos co-operative societies, and other local workers, which will shortly be summoned. The congress is intended to exist only until the constituent assembly meets. "An agreement with Estonia has been signed by the new ministers, including General Judenitch, thus ensuring Estonian co-operation in the advance on Petrograd. "Is your husband a man of high ideals?" "Very. He hopes some day to earn a salary that will meet the cost of living."

AMERICANS TO TEACH THE BRITISH SECRETS OF FILM. Instruction of British producers in American motion picture methods, developed during these years when British were busy with the more important exigencies of the great war.

Producers New in England Will Give Old Country Benefit of Their Experience to Internationalize Pictures.

Such an arrangement, according to Mr. Ford, offers the following: 1. An opportunity to discharged British soldiers to learn the latest methods in the most lucrative profession in the world.

2. An opportunity for the development of British dramatic talent that actors and actresses may make their way to international stardom without coming to America.

3. An opportunity for stimulating British playwright genius and making the playwright's market, now subject to international barriers, a single field where manifold profits may be reaped.

4. An opportunity for British producers to learn the American trade secrets for the development of their own motion picture industry without wasting time in experiments which have already been tried in the United States.

Mr. Seagram was president of the Ontario Jockey Club since 1906, succeeding the late Wm. Hendrie, though he had been on the board of the club from 1898. He was chairman of the Canadian Racing Association since the organization.

SELLING STAMPS UNDER SHELL FIRE

Parisian Philatelists Not Daunted By Big "Bertha"—Collectors Philosophical

Philatelists may be interested in some stories about stamps and stamp collectors that have been brought to light by the ending of hostilities.

Paris stamp collectors in the darkest days of the war when the Germans were only a few miles away and shells from the long-range guns crashed into the city by day as did aerial torpedoes by night, pursued the serene tenor of their way.

The prospective buyer knows the initial figure is absurd and tells the seller that he knows a place where he can get a much better specimen of the same stamp for half the money.

Buying a stamp is an operation not to be lightly treated by these folks. There must be much talk and jockeying of the price.

DETAILS OF THE FIGHT BETWEEN WILDE AND MOORE

Special Article Gives the Better of the Great Fight at Olympic

Owing to the publicity which the recent fight between Jimmy Wilde of England and Pat Moore of Memphis, U. S. A., has received as a result of the contention of the latter that he won the fight, the Times is reproducing an article from the London Times giving a full account of the bout as follows:

Jimmy Wilde (Tyroltown) beat Pat Moore (America) on the 17th inst. at Olympia for a purse of £5,000, and side stakes of £200, in a twenty-round fight at 14 lb. ringside.

Inside the hall the scene was most impressive. Even as early as eight o'clock the huge arena was nearly filled; it was one of the largest crowds that has been seen at a boxing match in this country.

The number of ladies present was very much larger than at the Beckett-Goddard fight, and the audience as a whole seemed a better behaved and better informed one.

The prospective buyer knows the initial figure is absurd and tells the seller that he knows a place where he can get a much better specimen of the same stamp for half the money.

Redland headquarters is being deluged with applications for reservations. Nothing definite will be done toward making arrangements for the big series, however, until the Reds have clinched the flag and that will not take place for some time to come. Cincinnati, nevertheless, is aglow with enthusiasm over the Reds' triumphant drive through the East, and when tickets are placed on sale it is safe to predict they will all be gobbled up quickly.

LOCAL NEWS

ENGAGEMENT ANNOUNCED.
Mr. and Mrs. John Chestnut, 191 Charlotte street, announce the engagement of their youngest daughter, Alma Phillips, to Russell L. Landon, of this city, the wedding to take place in September.

ST. JOHN GIRL LEADS.
Friends of Miss Mildred Kierstead of 201 Duke street will be pleased to learn that she led her class in the final examinations at the training school for nurses in Worcester, Mass., this year. Miss Kierstead will spend the month of September at her home here.

POLITICAL.
The report that Sir Douglas Heazell will retire as chief justice of the N. B. supreme court and return to political life as a member of the Bonavia cabinet persists, and is growing stronger. In case it proves correct, one of the stories is that Judge White will become chief justice and M. G. Teed appointed to the bench.

MILITARY APPOINTMENT.
Matron Edith McCaffery, R. R. Co. will leave this evening for Ottawa, under orders to report there for duty. Some few weeks ago she had been asked to accept the maternity of the Manitoba Military Hospital in Winnipeg and it is presumed she will go to that position at once from Ottawa.

TORONTO HOUSING SCHEME.
Speaking of the Toronto Housing Commission after the committee meeting this morning, Commissioner Bullock told the Times that in that city the housing scheme was handled by the city independently. Assistance was given to those who wanted to build, on the basis of an advance of 80 per cent of the cost of lot and building, the balance to be carried by the commission at a nominal rate.

WELCOME BACK.
Sergeant K. L. Bizardi, accompanied by his wife, arrived in St. John at noon on Monday from Quebec, where they had arrived from overseas aboard the S. S. Megantic. Sergeant Bizardi is an original 20th Battalion man, and was once wounded and gassed. He has seen four years of active service. Friends gave them a hearty welcome. They are at the home of his mother, 18 Hanover street, this city, till they settle in their new home.

TWO MEMBERS HONORED.
Mrs. William Cummings, deputy mistress, and Past W. M. M. A. McLeod, of Johnston Lodge No. 19, L. O. B. A., were honored at the annual meeting of the lodge last evening, and as a mark of esteem for their twenty-five years of membership, an address was presented to them and they were elected honorary members of the lodge. The address was read by the W. M. G. Mistress, Mrs. G. O. Akery. Both the members honored made brief and fitting replies. Refreshments were served and the meeting closed with the national anthem.

UNION BANK MANAGERS IN CONVENTION TODAY

Those From Quebec and Maritime Provinces Meeting in Montreal

J. W. Ryan, manager of the local branch of the Union Bank of Canada, left last evening for Montreal to attend a convention of the branch managers of Quebec and the maritime provinces, which is taking place today. During his absence, Robert Hunter, accountant, is acting branch manager.
Toronto, Aug. 21.—With direct representation now in every province of the dominion we, as a bank, are doing our utmost toward developing a truly national spirit, so that Canada's progress, both industrially and agriculturally, may go forward hand in hand with mutual goodwill and understanding. It was the message which F. W. S. Crisp, assistant general manager, brought from Winnipeg to a convention of the Ontario branch managers of the Union Bank of Canada held yesterday. H. B. Shaw, general manager, presided.

TWO LIQUOR CASES

Two prohibition act cases were dealt with in the police court this morning. George Danford was charged with having liquor in his blacksmith shop in Brussels street and Peter Richards was charged with having liquor in his room in a boarding house in German street.
In the former case Inspector Merryfield testified that he went to Danford's blacksmith shop, accompanied by the inspector McKee, and searched the premises. A bottle partially filled with whiskey was found and the proprietor was ordered to appear in court this morning.
Leonard A. Conlon, who appeared on behalf of the defendant, questioned the witness as to whether or not he had in any way tampered with the bottle and he was told he had not. Inspector McKee corroborated the evidence of Inspector Merryfield.
The defendant was then sworn. He acknowledged having the liquor in his shop, explaining that it had been given to him a few days ago by some men. He said there had never been any in his shop before, and he had never sold any.
Mr. Conlon entered a strong plea on his client's behalf. Magistrate Ritchie said that under the circumstances he would impose the minimum fine of \$50.
In the case against Peter Richards Inspector Merryfield testified that he went to a boarding house at 270 Germain street this morning and arrested the defendant on drunkenness charge and on charge of having liquor in his possession other than in his private dwelling house. He said he saw a bottle of liquor on a machine and confiscated it and then arrested the defendant.
Inspector McKee corroborated this evidence and said that the defendant's wife said the defendant acknowledged getting the liquor from a man on a steamer docked at the Atlantic Sugar Refineries wharf. As the defendant wished to summon witnesses the case was postponed.

THISTLE CURLING CLUB PROPERTY SALE

At a meeting of the Thistle Curling Club, Limited, this week, it was decided to sell their property which lies between Cliff and Golding streets, reserving the privilege of renting the property for another year. The Thistle Curling Club is to hold a meeting in the near future to decide if they will use the rink this winter. It is understood that the purchase has been made on behalf of the Sisters of Charity of St. John.

WRIT SERVED ON CHIEF INSPECTOR

Suit by Brayley Drug Company Ltd., Alleging Slander

A writ served on Chief Inspector W. D. Wilson, a few days ago is the commencement of what promises to be an interesting suit. The writ was issued by L. A. Conlon, at the instance of The Brayley Drug Company, Limited. The company is claiming damages for alleged slander. It is understood the greater part of his life was spent elsewhere. He was a graduate of Kingston Military College and then joined the Imperial army in England. Later on he was commander at St. Lucia, British West Indies and from there went to Kingston, being loaned by the Imperial authorities as professor of tactics. At that time he bore the rank of captain. His period at Kingston lasted five years and was concluded in 1910. Then he went back to the British army in England again and some time later retired from the service. Coming back to Canada he entered the Canadian service with the rank of major and served in the ordnance department at Winnipeg. There he was when the war broke out. While there he also was aide de camp to the governor of Manitoba.

BRINGS FINE WAR RECORD TO THE HOME CITY

Lieut. Colonel Count de Bury and Bocarme Came to St. John Yesterday

Lieut.-Colonel Count de Bury and Bocarme was in the city for a little while yesterday and left for the Cedars where he will enjoy a rest for some ten days. Count de Bury recently returned from overseas to Ottawa with a very fine record made in the war. Of course, many here remember him well, though the greater part of his life was spent elsewhere. He was a graduate of Kingston Military College and then joined the Imperial army in England. Later on he was commander at St. Lucia, British West Indies and from there went to Kingston, being loaned by the Imperial authorities as professor of tactics. At that time he bore the rank of captain. His period at Kingston lasted five years and was concluded in 1910. Then he went back to the British army in England again and some time later retired from the service. Coming back to Canada he entered the Canadian service with the rank of major and served in the ordnance department at Winnipeg. There he was when the war broke out. While there he also was aide de camp to the governor of Manitoba.
Major de Bury made several efforts to get overseas but his services at home were of too great value.
However in 1916 he obtained his desire and went overseas as colonel of a brigade of artillery from Petawawa. This brigade was distributed among the batteries in France increasing them from four to six gun units. Soon afterwards he was offered the choice of two camps in England as commandant but his wish was to be where the fighting was and he was appointed commandant of the Canadian ordnance forces on the western front. In this position he continued until the end of the war and military men have brought home word of the very fine work he did.
St. John friends who met Count de Bury yesterday were very happy to see him and congratulate him on his war record as well as on the decoration conferred upon him, that of the Order of the British Empire.

A SUGGESTION OF INTEREST ABOUT THE GARLETON MILL POND

You have been so helpful in improving conditions within the city through the medium of the Evening Times and Star that I seek to enlist your co-operation to rid the west side of its worst plague spot. You have, I think, on more than one occasion advocated either dilling up the old mill pond or else draining and dredging it out.
I wonder if the city fathers know what vile place it is when the tide is out. The sewer empties into it, and when the tide is out the residents in the vicinity are compelled to breathe for hours the maddening atmosphere.
It is a noisome place, unsanitary and disgusting, and I feel sure that some of the residents were to take legal action against the officials who had the sewerage carried and dumped in the immediate neighborhood of their house, they would be awarded damages.
Now, Sir, what I propose at this time is an agitation to have the sewerage pipes carried out into the river or harbor, wherever most suitable, then have the water of the bay held at about three-quarters tide, time allowing the high tide daily to change the water, but always retaining enough to make the pond a small lake beautiful to look upon and a constant joy to all who would find pleasure in boating.
I am told that it would cost something like \$20,000 to extend the sewerage pipes; but if the water were always retained in the pond, the pipes could be laid upon the ground, thus cutting considerable off the expense; and some of the land on the west and south sides might be sold for building purposes, thus helping to recoup the city for the cost of the sewerage pipes, and perhaps other means would be found for returning at least a part of the cost.
Consider, Mr. Editor, what it would mean for the city if, instead of the foul place breeding disease and offensive to both sight and smell, we could have a constant lake for the use of pleasure-seekers, covered with boats of varied character, from the canoe to the small yacht in the summer time, and the gay pleasure parties in the winter.
It might be surrounded with electric lights and perhaps crossed here and there with varied colored lights to enhance its beauty. The city might sell to private parties the privilege of having boat houses and places for ice cream in summer or tea and coffee in winter.
Mr. Editor, a place that is now a public nuisance and menace can be transformed into a delightful pleasure resort that would aid in making St. John attractive to tourists as well as to our own people. Will you help?
I am, my dear Sir,
Respectfully,
J. H. JENNER.
West St. John, N. B., August 20th, 1919.
