STEWART TELLS OF COST OF THE ROAD

Plaintiff Continues Evidence in Fredericton Case

FIGURES ARE OF INTEREST

Further Testimony as to the Missing Contract and Also Letters Which Disappeared—Where He Says Some Expenses Were Cut Down

(Special to Times.)

Fredericton, N. B., Jan. 8.—Important evidence concerning the cost of the road was given this morning by John E. Stewart, in his recovery of the difference between actual cost of the road and the government subsidies. Mr. Stewart told the jury that he had received from the contractors—George McPhail of Woodville, for \$110,000; Henry Maxwell, of Leticia for \$104,800, and Wm. McNeil & Son, of Fredericton for \$107,000. These offers included everything on the road excepting the steel for rails and bridges and in the case of McPhail's and McDonald's, the right of way.

Mr. Stewart proceeded to give in detail evidence of the cost of the right of way as obtained by property owners not being in excess of \$4,000. The defence admitted that the rails were bought at \$28 a ton from the C. P. R., and that the larger portion were fifty-pound rails or below the standard on which Mr. Stewart had figured. According to his measurements, at the rate charged by the C. P. R. all the steel used for ties and bridges, including sidings, did not exceed \$4,000.

The witness told of counting the sleepers on the line after completion by Mr. Pinder and finding 18,000 out of a total of 20,000 to be "culls." This was a considerable saving and the contractor had tendered could have reduced their estimate of \$110,000 if they had figured on the standard on which the railway was actually built.

Mr. Stewart said he had not received one dollar for his efforts on behalf of the company. He had not secured the return of \$10,000 stock he had put up with Doctor McNally, one of the directors, as security for a note. He had called on Doctor McNally to ask for settlement but the latter had put him off. At one time Doctor McNally had told him Pinder was in St. John, but he saw Pinder himself coming by the window. He had received an offer of settlement at another time.

Mr. Carvell, "From Whom?" The witness: "From Mr. White, the member."

Mr. Stewart was asked concerning the disappearance of his contract while he was staying at Pinder's house and said that letters dealing with financing the company had been taken at the same time and that these had never been recovered.

Asked regarding the Donworth letter, which D. K. Hazen was suspicious, Stewart declared he had not signed it nor asked anyone else to sign it, but received it believing Donworth to have signed it.

Mr. Kitchin, a juror, suggested that Dr. Stewart should state Donworth's name and this was done, but with no very convincing result one way or the other.

URGES MONTREAL TO FOLLOW ST. JOHN EXAMPLE

Walter S. Johnson Writes Newspapers of Metropolis Would Have Commission

(Special to Times.)  
Montreal, Jan. 8.—Walter S. Johnson, a distinguished Montreal advocate, who is a native of St. John, contributes to Montreal papers today an able letter in which he urges upon Montreal the adoption of a similar system of civic government as that of St. John, in which he is much interested. He writes: "The cutting off of Montreal's water supply has made clear the necessity of instituting a form of government for this city, which will make possible the administration of its affairs by capable men, removed from all the ordinary temptations of office, a government for and by the people, represented by men for whom the public interest is the only consideration."

Former Resident Here, Now Distinguished Montreal Advocate—Recent Water Supply Trouble, He Writes, Shows Need For Change

Threatening the city of Regina with fire and violence within four days, if work is not immediately done for the "unemployed gang" a letter signed by Jerry Miner, alleged leader of the gang, was read aloud in the police office and every man on the force has been supplied with a description of Miner with instructions to place him under arrest at sight.

Though the local police scout the idea that the city is in actual danger, the letter has created the wildest excitement. The mayor has issued a statement calling upon the unemployed in the city to meet him at a conference with a view to forming some plan to relieve the labor situation.

Miner, after acknowledging having written the letter, has disappeared and all efforts to locate him have been fruitless. His letter warned all women and children to keep off the streets on Friday night for then the gang will wreak its vengeance on the city. He says that the "gang" is armed and failing to get work will turn to pillage at will.

This is the second letter written by Miner within a week and though men were skeptical when the first appeared in a local paper it is now acknowledged there is a well organized gang of men in the city rendered desperate by scarcity of work.

Lord Northcliffe  
The Times announced this week that owing to medical advice regarding his eyes, Lord Northcliffe, the most prominent publisher in England, will be compelled to relinquish some of his many responsibilities in the publishing world. Chief among the publications which he controls are the London Daily Mail, the Evening News, the Times and the Observer. His family name is Alfred Charles William Harmsworth and he was born in 1865. In 1905 he was created a baron by King Edward in recognition of his work as a newspaper man and publisher. He is married, but has no children.

He united 462 couples, ranging in age from sixteen to seventy years. He performed eight marriages in one evening, which he says is a record in itself.

Whitney Slept Well  
BUT ONTARIO PREMIER NOT GAINING STRENGTH  
Thought He Was Getting Better Few Weeks Ago, But Bad Attack Came

New York, N. Y., Jan. 8.—At 11 a.m., the following bulletin was issued by Doctors Biggs and Pyne: "Sir James Whitney had an undisturbed night's rest, but continues weak."

Lady Whitney has been with Sir James in the inner room of the apartment in the Manhattan hotel almost continuously since her arrival here on last Tuesday. With her is a trained nurse. In the outer room the premier's secretary, A. F. Walsh, and Hon. Dr. Pyne take turns at keeping watch. One or the other of them is there constantly to be ready for an emergency. Doctor Biggs, a specialist, pays five or six brief visits a day. The main reason for anxiety lies in the advanced age of the patient. Few people who have seen Sir James repelling an assault of the opposition in the House realize that he is more than seventy years of age.

His heart muscles have not stood the strain imposed upon them by his fierce energy and the youthful vitality which might have repaired the strain in a younger man is gone.

He felt two months ago  
The first forebodings of this illness came to Sir James more than two months ago. He complained of weakness. He wanted to get away for a rest. His colleague and friend as well as physician, Dr. R. A. Pyne, agreed that a long vacation was necessary. Sir James was too prominent a figure in the public life of the country to hope to get the necessary retirement anywhere in Canada, so he and Doctor Pyne agreed that a trip south was best.

Five weeks ago they reached Washington on their way down south. The battle in congress over the currency bill was then at its height and Sir James resolved to stay for a week or two to see

how political fights were carried on in the states. For ten days he went up to the house every day with Doctor Pyne, and felt much better.

The two would sit down after dinner and discuss American politics till bedtime. "Sir James felt so well," said Dr. Pyne, "that he resumed his habit of smoking a cigar after dinner, which he had dropped for three months. One evening he said to me, 'Well, Pyne, I'll soon be going full steam ahead again.' Three weeks ago Friday, however, the first serious attack came. After eating a hearty dinner, Sir James suddenly went white and faint. 'Get me to bed, Pyne,' he said to his friend. 'My heart feels jumpy.'

After two days in bed the premier felt well again. Doctor Pyne decided that to go south to Florida, as they originally intended, would be unwise, and the two went to New York. For two or three days they went around New York as if nothing had happened. Then on the fourth day Sir James again felt ill.

For ten days Sir James held his own fairly well, and encouraging reports were sent out. Last Tuesday morning, however, he became worse rapidly, and Lady Whitney was sent for. She has been with him ever since.

Trout here to stock the new hatchery at Little River  
Salmon spawn to arrive next week—George McAfee Appointed Supervisor of the Hatchery

The new fish hatchery which has been established at Little River has been completed and the first stock for it has arrived in the city. The plant, which is located on the Little River above the city reservoir and about five miles from the city by the Loch Lomond road, will be devoted to the culture of trout spawn and salmon spawn which will be used for restocking the fisheries of the province.

S. J. Walker of the department of marine and fisheries, Ottawa, arrived in the city yesterday with 250,000 speckled trout which will be placed in the hatchery. Another shipment of a million or a million and a half salmon spawn will arrive here during the next week for the same purpose. Mr. Walker will supervise the preliminary work in connection with the opening of the hatchery and will remain here until May to assist and instruct George McAfee, who has been given the appointment of supervisor of

CORONER'S JURY SAYS GUILTY IN LIVERPOOL SACK MURDER CASE

Summer and Elhof Held For The Slaying of Miss Bradfield

(Special to Times.)  
London, Jan. 8.—The coroner's inquest into the Liverpool sack murder case has resulted in a verdict of murder against George Summer, aged twenty-three, and Samuel Elhof, aged eighteen, pickmen in the employ of the Bradfield Company of which the victim, Miss Bradfield, was a manager.

Witnesses were brought forward to prove that they saw both accused wheeling a handcart on the night of the murder, Elhof, playing the part of the victim, declared that he helped push the cart containing the sack to the canal. But was ignorant of what Summer had placed in it.

Systematic bribery and corruption are reported to have been in progress for some time, and are said to have reached such proportions that the war office decided that the court martial which it had proposed to call would not have jurisdiction sufficiently wide to deal properly with the scandal.

NEW YORK SALOON SCENE OF MURDER

John Murphy Is Killed By Gunmen

THEN SHOOT THE MIRRORS  
Proprietor Would Not Serve Two Gopher Gangsters and One Shot Waiter as he Went to Get Policeman

New York, Jan. 8.—West Side gunmen have issued their challenge to the strong arm squad by killing John Murphy, employed in a saloon at Seventh avenue and Twenty-seventh street and wounding up by shooting out all the mirrors. Two men, who the police say are members of the Gopher gang, are under arrest. They are Thomas Egan and Ed West, 30th street and Thomas F. Brennan of 207 West 27th street.

Murphy was a waiter, aged thirty-five, a Big to West 27th street. He was shot twice in the back of the neck as he started out of the saloon to get a policeman to quell the disturbance.

Six men entered the saloon of James Bello and demanded to be served. Hyland, according to Bello, was in the group. He refused to serve them because he had had trouble with Hyland a year ago when one of his bartenders was shot. Hyland had been arrested but the grand jury failed to indict.

The gang went out, but before midnight Hyland returned and with him came Brennan. Hyland insisted upon being served, according to Bello. He and Brennan were behaving boisterously, when Bello signalled Murphy to go for a policeman. As Murphy reached the side door opening into 27th street four shots were fired. Two of them struck the waiter. The other shots riddled mirrors and shattered bottles of liquor back of the bar.

Hyland and Brennan then fled, the former running east through 27th street and the other west. Hyland sped past Patrolman Bryan O'Connor, who heard the shots, and ordered the fugitive to halt. Hyland ran on and O'Connor had to bring him down with his night stick.

Brennan ran into the arms of Patrolman West. Both captives were taken back to the saloon. Bello and two others identified Hyland as the man who shot Murphy. Only one revolver was found and was on the floor. Two chamberlains had been discharged. Hyland was locked up on the charge of homicide. Although he denied being in the saloon, Brennan was charged with complicity in causing Murphy's death.

APPEAL FOR FUNDS FOR BRITISH ATHLETES IN THE OLYMPICS A FAILURE  
New York, Jan. 8.—A cable to the Tribune from London says that a meeting of the special committee for the Olympic games, Berlin, 1916, was held yesterday to consider the position with regard to the public appeal for half a million dollars. It was said in October that unless the fund reached \$150,000 by the end of the year the committee would not be justified in proceeding further.

It is understood that the amount received is less than the minimum. No statement will be issued until after the special committee has made its report to the British Olympic Council.

Count and Countess Lazo Szeczenyi, the latter Miss Gladys Vanderbilt.

Washington, Jan. 8—Agents of a Hungarian revolutionary party, now in Washington to learn the attitude of the United States in case of an organized revolution against the Austrian power in Hungary, connect the name of Count Lazo Szeczenyi, who married Miss Gladys Vanderbilt, with the proposed revolt.

It is said that the Vanderbilt millions may be employed to finance an army of 300,000 Hungarians under General Kossuth. In case of an open revolt, it is said, the Hungarians will charge that their country is being impoverished by the heavy taxation levied by Austria in addition to the \$25,000,000 annual tribute paid to Emperor Franz Joseph.

A WONDERFUL CASE

Three Months in Hospital And Cast Out Uncured. Zam-Buk Cured Him in Few Weeks.

Mr. Fred Mason, the well-known upholsterer and mattress manufacturer of St. Andrews, N. B., says:—

"I had eczema on my knee, which caused me terrible pain and inconvenience. The sore parts would itch and burn and tingle, and then when rubbed or scratched, would become very painful.

When the knee got warm, it burned worse, and the itching and burning and smarting were almost unbearable. I tried various remedies, but got no better, so I decided to go to Montreal and take special treatment. I received treatment at the Montreal General Hospital for thirteen weeks, but at the end of that time I was not cured, and almost gave in. A friend advised me to give Zam-Buk a trial.

"Almost as soon as applied Zam-Buk stopped the itching and the irritation. I persevered with the ointment and it was soon evident that it would do me good. Each day the pain was reduced, the sore spots began to heal, and by the time I had used a few boxes of Zam-Buk I was quite cured.

"Since then Zam-Buk has cured blood-poison in my finger, and at a time when my finger was in such a terrible condition that I feared it would have to be amputated.

For eczema, blood-poisoning, piles, ulcers, sores, abscesses, varicose ulcers, old leg, cold sores, chapped hands, cuts, burns, bruises and all skin injuries and diseases, Zam-Buk is without equal. 50c box all druggists and stores or post free from Zam-Buk Co., Toronto, for price. Daily Hints For the Cook

Tomato Stew. An appetizing dish may be made with one can of tomatoes and two onions chopped fine. Boil together until onions are tender, season well and stir in a leaping teaspoon of flour, wet with cold water. Boil a few minutes and serve piping hot.

Cabinet Bread Pudding. Butter a pudding dish and arrange crystallized fruits on the bottom of mold. Place layer of bread crumbs, then layer of fruit, and so on until dish is full, the top layer being crumbs. Make a rich custard sauce and pour it over top of pudding. Bake three-quarters of an hour. Serve with whipped cream.

Devil's Cake. Here is a famous recipe for this popular cake: Cake part: 1 cup brown sugar, 1/2 cup butter, 2 cups flour, 1/2 cup sweet milk, 2 eggs, 1 teaspoonful soda dissolved in warm water and added at the last.

Method: Cream the butter and sugar, and milk, flour and whites of eggs beaten stiff. Beat all together, then stir in a custard, made as follows: 1/2 cup Fry's Chocolate Icing Powder, 1/2 cup sweet milk, 1 cup brown sugar, 1 yolk of egg, 1 teaspoonful vanilla; cook slowly until it thickens; allow to cool before using. Then make the whole. An attractive layer cake with chocolate filling can be made of this.

No More Cutting For Sore Corns

The real corn remedy, the one that always gives results, is Putnam's Corn Extractor, which makes corns and callouses go quickly, and without pain. Goes to the root of the tormentor, absorbs its roots, gives lasting relief, and surely removes corns or callouses, whether just starting or of many year's growth. The name tells the story. RECENT DEATHS

After an illness of some weeks, George Judson Estabrook, of 54 Elliott row, passed away yesterday afternoon at his home, aged sixty-six. He was the only son of Charles H. Estabrook, of the firm of Estabrook & Ring, formerly well-known wholesale flour merchants, of this city.

Mr. Estabrook was of old Loyalist stock and was highly esteemed by many residents in St. John, and elsewhere in eastern Canada, who will hear of his death with keen regret. For many years he had represented the firm of John P. Mott & Co., chocolate manufacturers, of Halifax. He is survived by his wife, who was formerly Miss Minnie Hunter, daughter of the late Francis D. Hunter, of St. John; five daughters, one son, and two sisters.

The daughters are: Mrs. G. W. Parker, of Gooderich street, St. John; Mrs. C. D. Wilkins, of New Orleans (La.); Mrs. A. C. Le. Tapley, of Halifax, and Miss Maud and Miss Nan at home. The son is C. H. Estabrook, electrical engineer, of Boston.

The funeral will take place on Friday

THE TROUBLED TORIES

In the course of their vain effort to retrieve lost ground with the electorate the Conservative party in St. John held another public meeting last evening, with Mr. George W. Fowler, M. P., as the chief speaker.

A reduction in the Bank of England rate is announced today and is hailed with great satisfaction in the financial world at home and abroad.

The St. Andrews Beacon prints this remarkable rumor:—"It is reported that Harbor Expert Swan has recommended to the minister of public works the abandonment of the Courtenay Bay project."

The steamship Royal George has made a great record for St. John as a winter port. It will be found as time passes and a perfectly fair test under all conditions.

That must have been a great mock trial in London last night, when an attempt was made to solve The Mystery of Edwin Drood, and the proceedings were participated in by G. K. Chesterton, Bernard Shaw, Jerome K. Jerome, Sir James Barrie, Sir Edward Russell, W. W. Jacobs and other literary notables.

Sir James Whitney is a strong man. There have perhaps been few men of more obstinate will in public life in Canada.

The St. Andrews Beacon says:—"Perhaps the food commission will be able to give some reason why Canadian food products are dearer at home than they are in Great Britain."

The Standard continues to rejoice that Mr. H. B. Ames made a tory campaign speech before the Canadian Club, and as usual gives choice expression to its regard for the Times and Telegraph.

Sir William MacKenzie repeats the statement that he would be glad to purchase the Intercolonial Railway and operate it as a part of the Canadian Northern system.

The C. P. R. appears to have the inside track so far as the Intercolonial is concerned. This is especially true of that portion of the Intercolonial between St. John and Halifax.

Two items of news which come from Moncton are worth bracketing together. One tells us that six young men went into a house on Sunday evening and smashed the furniture, and they are also charged with having beaten two of the inmates.

There is still some hope that the embargo may be removed. Retaliation by Canada would, of course, postpone that.

Build a Reserve Fund. WE believe it to be good business for every man to build up a strong Reserve Fund.

BIRTHDAYS OF NOTABILITIES

THURSDAY, JANUARY 8. Colored, the Hon. Sam Hughes, Canada's minister of war, who celebrates his sixty-first birthday today, is one of the most conspicuous men of the day.

Always in the limelight, he first gained notoriety by his strictures in parliament on General Hutton, when the latter was chief of staff of the Canadian militia.

Though his services were ridiculed at the time, on account of the publication of some characteristic private letters, yet it only needed the commendation of Lord Milner to prove to his fellow-countrymen that Colonel Hughes had indeed distinguished himself.

However, the colonel was irrepressible and went to the front without the commission. Arrived at the scene of war he soon obtained employment in the intelligence department and organized a useful corps of bicycle scouts.

Later he commanded a mounted brigade. Though his services were ridiculed at the time, on account of the publication of some characteristic private letters, yet it only needed the commendation of Lord Milner to prove to his fellow-countrymen that Colonel Hughes had indeed distinguished himself.

McKay was chief inspector under Waldo.

FAMOUS COMEDY DRAMA "CASTLE" AT GEM THEATRE

Edison Players Score in Moving Picture Presentation of Play - A Pleasing Programme

The famous English comedy drama "Castle" in which George F. Handley won distinction as "Eccles," was presented yesterday at the Gem Theatre and won instant favor. One of the most noticeable features of the well known play was the showing of the British flag in battle in India, where the Honorable George D'Alroy is commissioned to the scene of battle. The theme of the story is taken from the sharp lines of social rank in England and was cleverly worked out. The Edison players distinguished themselves. Wm. West being deserving of special mention for his rendition of "Eccles," the familiar old toper. There were also two Vitagraph features, a comedy "That Suit at Ten" and a picture entitled "Performing Lions" in which a woman trainer displays remarkable bravery. These pictures will be shown again this evening.

Good-Bye, Old Backache Nerviline Will Fix You!

Stiffness Is Rubbed Right Out—Every Sign of Pain Disappears.

Ge-e whis—think of it! No more stomach dosing necessary to cure your lame back! Every trace of lameness, every bit of stiffness, every sign of weakness in the back's muscles can be rubbed away for all time to come by good old "Nerviline."

No other liniment can do the work so quickly, can penetrate so deeply, can bring ease and comfort to the back-weary sufferer as Nerviline invariably does.

Backache isn't the only malady Nerviline is quick to cure. For lumbago or sciatica you would go far to find relief so speedy as Nerviline gives. For chronic rheumatism there are pain-destroying properties in Nerviline that give it first rank. The way it lathers up a stiff joint and takes soreness out of strained or rheumatic muscles is simply a wonderful remedy.

If you have an ache or a pain anywhere, where, if you have a sore back, a stiff neck, a stiff joint, a strained muscle—if you have lumbago, congested chest or sore throat, just try Nerviline. Rub it on plentifully—it won't blister, it can't do anything but cure you quickly. The large 50c family size bottle is the most economical, of course, but you can, from any dealer, also get the 25c. small size of Nerviline, the king of all pain-relieving remedies.

GREAT IRRIGATION SYSTEM IN ALBERTA

A section of the immense irrigation dam at Bassano, Alberta, erected at a cost of \$12,000,000. It will develop 5,000 horsepower. This is the second largest engineering feat in America, ranking only second to the Panama Canal. It will assist in the irrigation of the dry belt in Southern Alberta.

Recongnizing the difficulties which lie in the limited transportation facilities, the service decided that the contractors should be allowed to construct a railroad connecting Colorado and Utah with the Grand Canyon, which heretofore has been accessible only by the southern approaches. For several years the construction of such a road has been considered by various capitalists, but it has been stated that the lack of assured traffic proved an effectual barrier.

It was pointed out at the department that a contract for a billion feet of timber will overcome this difficulty and provide a commodity transportation which with the tourist and local traffic included, will place the project on a paying basis.

Bids will be received up to the middle of June this year; then three years will be allowed the successful contractors for building the railway. The timber will be cut gradually over a period of 25 years. This project is the most gigantic launched by the forestry service since its creation. So carefully have the service officials mapped out their plans that by the end of the contract period the land first bared by the cutting will have been reforested by a new growth and the scenic beauty will remain unmarred.

FIND THAT JOHN JASPER WAS GUILTY OF MANSLAUGHTER

Mystery of Edwin Droad Matter Of Mock Trial by English Literary Men

London, Jan. 8.—Students of Dickens gathered at King's Hall, Covent Garden, last night, and gathered up the threads of Dickens' unfinished tale, "The Mystery of Edwin Droad." The entertainment took the form of court proceedings, in which John Jasper was placed on trial for the murder of Edwin Droad. About mid-night the jury rendered the following verdict:

"In the British spirit of compromise we adjudge the prisoner guilty of manslaughter."

G. E. Chesterton, novelist, acted as Judge. Bernard Shaw, was the foreman of the jury. J. Cuming Walters, an authority on Dickens, was leading counsel for the prosecution and W. W. Crother author of Charles Dickens as a Social Reformer, acted for the defence.

The jury was composed of Bernard Shaw, foreman; Sir Edward Russell, W. W. Jacobs, William De Morgan, William Patt Rigg, Arthur Morrison, William Archer, Justin H. McCarthy, Francesco Berger, Ridgwell Cullum, Coulson Kernahan and Thomas Secombe. The witnesses were in character costume.

FEEL HEADACHY, DIZZY, BILIOUS? CLEAN YOUR LIVER! A DIME A BOX

Sick headaches! Always trace them to lazy liver; delayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache. Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. One taken to-night straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

**IF BACK HURTS BEGIN ON SALTS**

**Flush Your Kidneys Occasionally If You Eat Meat Regularly**

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid which clogs the kidney pores so that sluggish filter or strain only part the waste and poisons from the blood then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the active ingredients of lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful after-dinner lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

CANADA'S EMBARGO AGAINST POTATOES FROM UNITED STATES

(Special to Times) Ottawa, Ont., Jan. 8.-The Canadian government will proclaim an embargo against American potatoes within a few days. On both sides of the line potatoes have been attacked by powdery mildew.

The United States has forbidden the admission of Canadian potatoes, and the dominion proposes to treat American potatoes in the same way. The diseases prevail in the potato fields of Maine and New Brunswick, and to some extent in Edward Island, Nova Scotia and Quebec.

The American embargo is general against Canada, and the dominion embargo will probably be of the same character. However, lots of Canadian potatoes which have been inspected and certified as clean, can be sent to the United States. Canada will do the same thing, and eventually, it is believed, that the embargo on both sides will be restricted to the east.

In Canada an exemption will be made to allow new potatoes to be brought in to Canada, as they cannot spread the disease. On both sides of the line efforts are being made to stamp out the disease through planting only clean seed. The disease will probably be eradicated within a short time.

MATTER OF SACKVILLE ELECTRIC RATES BEING HEARD AGAIN TODAY

The hearing in connection with the application of the Eastern Electric and Development Co. Ltd., Sackville, for permission to increase their rates was resumed this morning before the New Brunswick Public Utilities Commission. The chairman, G. O. D. City president, and those present included Commissioners A. B. Connell, Woodstock and Felix Michael, Bouchette, Secretary F. P. Robinson, Fredericton; H. Triles, Sackville, and J. B. M. Baxter, St. John, counsel for the company; A. B. Copp, Sackville, Dr. J. M. Palmer on behalf of the Mount Allison institutions, Sackville; K. P. Pickard, Sackville, secretary of the company; P. F. Blanchet, St. John, auditor, and His Honor Lieutenant Governor Wood of Sackville.

The only witness this morning was Mr. Pickard who was examined by Messrs. Baxter and Triles and cross-examined by Mr. Copp regarding the financial affairs of the company. The commission adjourned at one o'clock for lunch and resumed at two-thirty with Mr. Pickard again on the stand.

WERE ALL DAY AT IT

It was somewhat of a revival of pioneer conditions yesterday in the Fairville court house during a civil case presided over by Justice Masson between James E. Shepherd and Charles T. Dean, both of Musquoddy. The witnesses, including the plaintiff and defendant, had driven to the city early in the morning, leaving home about five o'clock, and up to 8.30 o'clock last evening when the taking of evidence was finished, some of them had had nothing to eat.

The court opened at 10 a. m. and adjourned for a short time at noon, resuming and sitting again until 8.30 o'clock in the evening. The noon-hour for one of the parties at least was spent in procuring a lawyer. The whole dispute was over a bill of goods sold and delivered. Evidence was given by Wm. J. Dean and the defendant in the latter's behalf and by the plaintiff and his wife on the other side, and at times things were breezy. L. A. Conlon appeared for the defendant, and the case was adjourned for argument and a decision.

Marshall, deputy; Mrs. G. Shannon, chaplain; Mrs. L. Patrice, recording secretary; Mrs. T. Vallis, financial secretary; Mrs. C. Moran, treasurer; Mrs. W. Vanuskirk, director of ceremonies; Mrs. C. A. Sweet, lecturer; Mrs. S. Shields, inside guard; S. Logan, outside guard; C. Paries, guardian. The executive is composed of Mrs. G. Estey, Mrs. Hamilton, Mrs. E. Appleby, Mrs. W. Parks, Mrs. T. Rodgers; the finance and audit committee, C. Paries, C. Moran, and Mrs. J. Appleby. After the installation refreshments were served.

SEEMED TO LIKE IT A specimen of the equine family which might have seen better days in its youth many years ago had the misfortune to fall at the foot of King street about noon today and it was fully twenty minutes before it was enabled to arise. The poor animal, however, seemed to appreciate the temporary rest accorded it, and even though the snow bed on which it lay was none too warm, Providence had provided an unusually long and thick coating of hair. A plank was placed beneath the animal and an endeavor made to pry the horse from his reclining place, but it was not until the animal decided to get up again. Then all around raised a hearty cheer.

A TEMPERANCE CAMPAIGN At a meeting of the executive of the New Brunswick Branch of the Dominion Alliance held recently in St. John, it was agreed to hold a conference of delegates appointed by the different churches, temperance organizations, brotherhoods, Bible classes, Sunday schools, etc., in the city, to discuss the temperance situation in St. John, and to organize a branch of the alliance to carry on reform work there. After the branch of the alliance has been formed it is hoped to agree upon some definite plan of campaign toward the cutting off of liquor licenses in the city.

SUFFERED AGONY WITH NEURALGIA

Nothing Helped Her Until She Tried "Fruit-a-tives"

Campbellville, Ont., May 5th, 1913. "I cannot speak too highly of 'Fruit-a-tives.' For over thirty years, I have suffered from Chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottle after bottle of medicine without relief. The doctor told me I would not get better but 'Fruit-a-tives' proved that the doctor was wrong, by giving me quick relief and finally and completely curing me. I would not have my present health if it was not for 'Fruit-a-tives' and I am glad of the opportunity of giving you this letter about such a splendid remedy as 'Fruit-a-tives,' for the guidance of other women who may be similarly affected."

Mrs. NATHAN DUNN. "Fruit-a-tives" is the only medicine made from fruit juices and is particularly suited to women because of its mild action and pleasant taste. "Fruit-a-tives" is available at all dealers at 25c. a box, 6 for \$2.50, trial size, 25c. or may be obtained from Fruit-a-tives Limited, Ottawa.

Bible Society in West End.

The annual meeting of the West St. John branch of the British and Foreign Bible Society was held last evening in St. George's church. Reports presented showed that the collections during the year amounted to \$280, which is \$40 more than in the previous year. Addresses were given by Rev. W. H. Barzclough, Rev. R. F. McKim, Rev. H. E. Thomas and Rev. W. H. Sampson. W. D. Baskin, who presided, was re-elected president, Enoch Thompson was again made secretary-treasurer and two delegates from each of the six West Side churches were also re-elected.

Week of Prayer Meeting.

At the services held in Main street Baptist church last evening in connection with the week of prayer conducted by the Evangelical Alliance, Rev. J. A. MacKeigan in speaking on the topic of the church and saloon condemned the liquor traffic and it was decided to see that the liquor laws in the city were more strictly enforced. Rev. Dr. Hutchinson was the leader. Services were also held in German and Exmouth street churches where the same topic was discussed.

THE DELICACY OF BABY'S SKIN

Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema.

More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed.

Nothing can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema. The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and nasty and colored scars are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

EXPERIENCE OF MOTHERHOOD

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such a trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. This unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SUBSIDIES WERE \$90,000 MORE THAN COST OF RAILWAY

Interesting Revelations Regarding Mr. Pinder's Road - The Fredericton Trial

Fredericton, N. B., Jan. 7.—To save time today, counsel for the Southamptton Railway Company agreed to admission of a statement showing the total cost of Mr. Pinder's road to the province and Dominion governments to be \$236,260. According to a letter written to D. McNicoll, vice-president and general manager of the C. P. R., by the promoter of the road, and signed by Mr. Pinder, the actual cost was estimated at less than \$18,000 a mile, or \$169,000 altogether.

Counsel for John E. Stewart, plaintiff, however, in outlining his case, promised to show that the actual cost of construction was only about \$10,000 a mile and that the difference between the government aid and actual cost was about \$90,000, the amount claimed by the plaintiff. Mr. Stewart was on the stand practically all day and many interesting bits of the inner history of the organization and early building of the road were revealed. D. King Hasen, of St. John, son of Hon. J. D. Hasen, premier of the province in 1910, who was promised a half interest in the road for financing and acting as solicitor, was also on the stand today, largely for the purpose of identifying correspondence for exhibits.

On resuming in the afternoon, Mr. Stewart told of his efforts to finance the road in 1910. He had seen A. J. Donworth, of Charlottetown (Mc), and the latter agreed to put up \$25,000 for the first six miles, provided the directors could secure a like amount and could produce an order-in-council committing the legislature to guarantee the bonds. Witness suggested securing \$22,000 from his son-in-law, Wm. J. O'Keefe, of Virginia, and had written him. Donworth objected to the document purporting to be an order-in-council, and Pinder had made a trip to the North Shore to see the lieutenant-governor with the expressed intention of getting the order-in-council signed. On his return he had told witness in the presence of several witnesses that this had been accomplished.

Witness told of O. S. Crockett drawing up an agreement by which O'Keefe was protected in case he advanced the money but instead of having the highest possible amount of government aid, witness executed with the company's seal upon it, Mr. Pinder suggested they should go to St. John, and there the document was signed in a tea store in Dock street, with a young man named McDonald as witness.

When this agreement and the alleged order-in-council were sent to O'Keefe he sent a very unfavorable reply, and after his break with Pinder he told the latter the reason why. O'Keefe had advised witness to keep away from Pinder, that he was trying to cheat his own brother out of \$8,000, and had stated that no business man would advance money on the alleged order-in-council.

They Schemed on Sunday.

Witness told of the meeting held at Fredericton Monday, Nov. 23, 1910, at which his contract had been repudiated. The day before he had been signing contracts at Mr. Pinder's home, and although it was Sunday, they had been figuring on the pile they were to make. In discussing the prospect of securing the highest possible amount of government aid, witness said Pinder had made the remark: "If you keep away from King Hasen so his father won't know it, I'll pull down the whole thing."

Witness did not receive notice of the meeting at which his contract was cancelled until after the meeting was over, but on the morning of the day Pinder told him a meeting had been called and asked if he were going. Witness went along, but could take no part in the proceedings on account of his deafness. He did not know what was going on until afterwards. The first intimation of any trouble was when Dr. H. H. McAlly, one of the directors, came over to him and remarked: "The old man (Pinder) seems to be dissatisfied because the money has not been found and thinks we had better cancel your contract."

Witness replied that the time had not come for that, that neither provincial or Dominion subsidies had been available. The meeting proceeded, but witness took no further part, not hearing what was going on. At one stage, F. A. Gullifit asked him if he would vote for him or against him and he replied: "Suit yourself." He asked for a copy of the minutes and received the resolution cancelling his contract entered into Sept. 8, 1910.

Some grading and clearing had been done, and he had been in communication with at least three other parties for the entire contract, excepting the right of way, rails and bridges.

M. G. Teed, for the defendant, in cross examining D. King Hasen, brought out the answer that the signature to a letter purporting to have come from A. J. Donworth, looked much like Mr. Stewart's writing. Questioned as to his doubts of Mr. Donworth's existence, witness said O. S. Crockett has told him something, but he was not allowed to tell what it was. He said all efforts to finance the road through J. M. Robinson & Sons and any other source had failed.

The letter to Mr. Hasen offering him a half interest in the road was submitted in evidence. It was written jointly by Mr. Hasen and Mr. Stewart in June, 1910, and was signed by Mr. Stewart. Mr. Hasen testified that his correspondence with Mr. Stewart regarding the railway extended as far back as March, 1910.

WORKMEN'S HOUSES

St. John, Jan. 6, 1914.

To the Editor of the Times: Sir—It is very cheering to read the optimistic reports you frequently print in your paper in re the starting up of different factories and plants; but although much interest is displayed in such matters, the well-being or comfort of the future employes does not seem to receive enough consideration. One vital question that might be asked is "where will the employes live?" It is taken for granted I suppose that since there are so many vacant lots around the workmen shanty by one close to his work, and build himself a nice little dwelling thereon and it takes him all his time to pay his store bill.

The old country sets us an example. Look at the village called Port Sunlight, built expressly by Lever Brothers for their employes; and this is just one example. You will find all over England, where there are any large factories, neat and comfortable little houses owned by the company and let to the employes at a minimum rental. Nearly every man

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents worth) in a 16-ounce bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of 12. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the failed appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchitis, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been limited, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quaiacal an all the natural healing pine elements.

Other preparations will not work in this recipe. A guaranty of absolute satisfaction, or money promptly refunded, goes with the recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Charles Assaf, a Syrian peddler, was murdered at Sheet Harbor, N. S., and suspect, Edward Cook, aged twenty-two years, has been arrested, charged with the crime. Assaf's body was found yesterday afternoon, although he disappeared on December 9. Robbery was given as the motive.

HEART WAS SO BAD Could Not Do Her Housework

Many women get run down and are unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung. To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mrs. Thomas Melville, Saitcoats, Sask., writes:—"I thought my duty to write and tell you how much your Heart and Nerve Pills did for me. My heart was so bad I could not sleep, eat nor walk about the house. I could not do my housework at all, and what my husband could not do had to go undone. I had two small children depending on me besides three men to cook for, and it worried me to not be able to do anything. My husband had taken some of your pills some years ago, and insisted on me trying them, so I started, and before I had taken them two weeks I was considerably better, and before I had taken two boxes I was doing my own work again. Any one suffering from heart or nerve trouble should just give your pills a trial. If anyone cares to write me I will gladly give them all the information I know concerning your wonderful medicine."

Milburn's Heart and Nerve Pills are 60 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OFFICERS ELECTED

F. J. G. Knowlton and other members of the Grand Lodge were present at the installation of officers in Union Lodge of Portland, No. 16, which took place last evening.

Next To Consumption. There Are More Deaths From PNEUMONIA Than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "Influenza of the Lungs."

Consumption may be contracted from others, but as a rule pneumonia is caused by exposure to cold and wet, and there is only one way to prevent pneumonia, and that is to cure the cold on its first appearance.

Dr. Wood's Norway Pine Syrup will do this for you if you will only take it in time.

Mrs. Wm. M. Steeves, River Glade, N.B., writes:—"Please allow me to express my gratitude for the presence of Dr. Wood's Norway Pine Syrup in the house, for I believe it saved our little boy's life. Three years this fall we were in the lumber woods, and it was very hard to get a doctor to us, and our little boy got pneumonia, and was very ill. The only relief he could get was to take Dr. Wood's Norway Pine Syrup, and with the combined use of the Syrup, and your British Troop Oil Liniment, he soon got better, and was around in a couple of weeks. It certainly is a great remedy. Price, 25 and 50 cents.

Be sure and get "Dr. Wood's" when you ask for it. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Officers Elected

The following officers were installed: A. Gordon Haimies, Rev. R. A. Armstrong, Malcolm L. McPhail, William A. Church, William B. Wallace, J. Twinn Hart, H. N. M. Stanbury, G. Harvey Tapley, William H. Campbell, E. M. Siders, Ronald A. McAvity, D. Arnold Fox, George H. Kaye, Robert Clarke.

**MARINA IN FROM GLASGOW**  
Passengers, Welsh Ponies, Freight and Coal—Grain Cargo for Avonmouth  
Donaldson Line steamer Marina, Captain J. H. Brown, arrived in port this morning from Glasgow direct, docking about nine o'clock at the McLeod wharf. The Marina left Glasgow on December 27, making the trip to St. John in twelve days, which is considered good time for this class of steamer.  
The steamer brought eleven passengers, bound for the west, as well as about 2,000 tons of general cargo, including eight Welsh ponies and a large shipment of coal for St. John. After unloading her freight here, the Marina will sail for Baltimore to load homebound.  
New Year's Day was marked with a special dinner for the crew and passengers.  
The steamer Burrfield, which has been chartered to take a full load of grain from St. John for Avonmouth, will leave Wilmington, Del., for this port on January 10. She will take altogether about 250,000 bushels.  
The Bengore Head, of the Head Line, will likely leave Halifax for St. John tonight. She has about 700 tons of maize to discharge here.  
Cunard liner Alaunia, bound for Portland was absent Cape Race at 3:30 o'clock yesterday afternoon.  
Olin liner Scandinavian from Portland to Liverpool, sailed from Halifax last evening at 6 o'clock.  
The R. M. S. Hesperian, of the Allan Line, sailed from Liverpool yesterday for St. John direct, with mails, passengers and general freight.

**TWO SERIOUS ACCIDENTS ON THE I. C. R.**

**George Osborne Run Over Here and Will Lose Leg—Irvine McManus of St. John May Die Because of Injuries in Moncton**

The Island Yard was the scene of a shocking accident this morning about ten o'clock when George Osborne aged about thirty years, fell beneath a moving car. He will probably lose part of his left leg by amputation. He had been in the habit of gathering stray pieces of wood about the yard and was quite a familiar figure to the men working there. This morning with his basket he was on a pile of edgings when he slipped and he fell, just as some cars were shunted. His left leg was horribly crushed and he was taken to the hospital where it was said amputation would undoubtedly be necessary. On being picked up after the accident he was given first aid treatment by James Dunlop and Chas. James, of the I. C. R.

**Even Worse at Moncton**  
Another and even more serious accident occurred in the Moncton yard this morning which caused much concern in St. John because of Conductor James McManus, father of the young man who was injured being so well known here. His son, Irvine, aged twenty-one years had entered the employ of the Intercolonial only a month ago. About 5:45 o'clock he was engaged in shunting operations in the Moncton yard and while riding foremost of a string of cars was thrown under the wheels sustaining injuries which necessitated amputation of his left leg and may cost him his life. The young man was the only son of Conductor McManus who runs on the Boston express between this city and Moncton and resides in the latter city. This is the second serious accident in the Moncton yard within twenty-four hours, Fireman Wm. Hoy having been perhaps fatally injured yesterday morning in a collision of two locomotives just a few yards from where this morning's accident took place.

**LATER**  
A Moncton despatch this afternoon says that that Mr. McManus was more seriously injured than first reported. Both legs and one arm were crushed, but on account of his extremely weak condition, only one leg was amputated. He is sinking this afternoon and not expected to survive.

**MUSICAL EVENT IN LANCASTER ENJOYED**

Brunswick Chapter, Daughters of Empire, at Home of Mrs. J. B. Travers

A very successful musical event was conducted last evening under the auspices of Brunswick Chapter, Daughters of the Empire, at the residence of Mrs. Mayes and F. T. McKean, vocal solos; Miss Olivia Murray, violin selections and Mrs. Eustace Barnes, who presided at the piano. An eloquent address on the empire was given by J. B. M. Baxter, K. C., and was much enjoyed. After the programme adjournment was made to the dining hall where supper was served by the ladies of the chapter. The rooms were nicely decorated for the event.

Brunswick Chapter, Daughters of the Empire has only recently been organized and has a charter membership of twenty five. Indications are that the membership will soon be very much increased. The officers, besides Mrs. Travers who has been elected regent, are Mrs. E. M. Taylor, vice-regent; Miss Mabel Thomson, second vice-regent; Mrs. J. H. Allingham, secretary and Miss Florence Coster, standard bearer.

**CONTESTED WILL CASE BEFORE COURT TODAY**

In the probate court today hearing in connection with the contested will of Shubael S. Carvell was continued the evidence of one of the witnesses to the will was taken—also that of Mr. Tilley, who drew the will. The other witness to the will, now a resident of Boston, was not called. Mr. Mullin, opposing the will, contended that in solemn form the evidence of both of the witnesses to the will if obtainable must be heard. After argument the court held that while it is highly desirable to call both witnesses when not attended with too great cost on proof in solemn form such is not essential, and that in this case the evidence adduced has established prima facie the validity of the will. Thereupon the evidence of two witnesses contra was heard and on the conclusion the court required all interested parties appearing to state whether they supported or opposed probate, and if any one opposed allegations to be filed. For this purpose adjournment was made till Monday next the 12th instant at 11 a. m. Mr. Tilley is advocate for the will, Mr. Mullin, K. C., advocate against it.

The court took up the matter of the estate of James Ryan, late of Lancaster, millwright. He died intestate in 1895 leaving his wife, Ellen Ryan, one son, Nicholas Ryan, and two daughters, Margaret and Mary Ryan. On the petition of the widow and son the latter was appointed administrator. There is no real estate; personality consisting mostly of a leasehold, 8700, J. King Kelley, K. C., is proctor.

The will of Daniel Harrington, laborer, was proved. After leaving some money for religious purposes he gives the rest of his estate to his niece Mary Lawlor of St. John, and he nominates her and Hon. Robert J. Ritchie, police magistrate, executors. They were accordingly sworn in as such. Real estate consists of an undivided interest in a lot of land at Kent County valued at \$100; personality consisting mostly of money in bank, \$1,700. Edmund S. Ritchie is proctor.

**TRINITY CLOCK TO BE AT WORK IN FEW DAYS**

The clock on Trinity church steeple will probably be going again in the course of a few days, but it will be a month or more before the bells will chime out the hour as formerly. Electricians are now at work connecting the works with a wire from the observatory, so that it will be automatically regulated every few minutes, and will, therefore, register accurate time. The mechanism which causes the bells to chime at regular intervals is being repaired, but will not be ready until the middle of February.

1889 saw the beginning of this store—no one dreamed then that it would grow so in power and popularity.

It got its big start because it was founded to be something more than a mere money-making scheme. Why, it can be said without fear of contradiction that, if money-making at the start off had been the whole ambition, the profits of the first five years could have been easily doubled.

In commemoration of our Twenty-fifth Birthday we are going to hold what will be the **GREATEST SALE OF MEN'S AND BOYS' CLOTHING AND FURNISHINGS EVER HELD IN THIS GOOD CITY.**
