Annual Meeting of the Farmers and Dairymen's Association.

The annual meeting of the county Farmers and Dairymen's Association was held here on Friday. The membership now numbers over 50. Of the provincial grant of fifty dollars over thirty was spent to send delegates to Fredericton to the provincial meeting, and the balance mostly invested in literature. The reports from parishes were very encouraging, especially from the Scotch and Danish settlements. The officers elected were: Donald Innis, president; A. J. Jensen, vice-president; Jas. Findlay, secretary; David Currie, treas. The parish vice-presidents are: J. E. Wright, Andover; Wm. McPhail, Perth; John Berryman, Gordon; A. L. Williams, Lorne; Chas. Mulherrin, Grand Falls; L. H. Larsen, Drummond. G. L. Corey and C. E. Picket were elected auditors. J. F. Tilley was present to see if a cheese factory could not be started, but owing to want of time the matter was not fully discussed. The next meeting is to be in the lower end of Kincardine.

The concert given by the grammar, intermediate and primary schools on Friday evening was an unqualified success, both in point of attendance and in the carrying out of a well selected programme.—Sun cor.

ALMOST A FIRE.

There came near being a ruinous conflagration in the village on Monday evening. Annie Davis, who lives with Mrs. G. W. Boyer, retired, leaving a lighted lamp on the table beside her bed. Miss Davis, who is visiting Miss Annie, entered the room at a later hour, and there was burning oil all around the burner, while the little girl was fast asleep. The elder girl attempted to blow out the blaze, when the lamp exploded, sending burning oil all over the room and the bed. Annie was snatched from the flames, and with the aid of water and a bed spread the fire was put out. Excitement was rife for awhile, and Mr. Boyer, in giving the ADVERTISER the story, thinks the escape from disaster was miraculous. Had not Miss Davis entered the room just when she did the lamp would have exploded and Annie might have lost her life. The only damage was a ruined carpet

The Educational Review for December is a bright number, and issues a very pretty supplement, being a fine half-tone engraving of Bodenhausen's "Madonna."

There will be no social service before preaching in the Free Baptist church tomorrow evening. The service will begin at 7 o'clock.

Leave your order for wedding cards at the ADVERTISER office.

OATS 28 CENTS.

The Shipper's Union Meets at Hartland.

There was a meeting of the Carleton Co. Shipper's Union in the Commercial Hotel parlor on Wednesday. Those present were President W. W. Melville, Secretary James McIsaac, and B. F. Smith, F. E. McNally, C. E. Gallagher and J. T. G. Carr.

The Union has been endeavouring to obtain from the C. P. R. concessions in the way of lessened freight rates, and the committee reported very favorably. A considerable reduction has been granted, and consequently the Union will be in a much better position to do business, and the farmers will be paid more for their produce.

By motion it was decided to raise the price of oats to 28 cents, for re-cleaned, full, perfect, bright oats, weighing not less than 34 pounds to the bushel; and for the ordinary grades 25 cents will be paid.

Buyers who do not belong to the Union are working injury to the farmers by offering produce to the St. John markets for less than the Union offers, thereby working to the reduction of prices here. The object is to raise the prices in the markets and to induce the production of better stuff.

The price of beans was raised to \$1.20 per bushel.

ACETYLENE LIGHTING.

The Laundry Will Open up at Once.

Huntly H. Woodworth of Houlton, has purchased the laundry built and equipped by James Gordon, and will open up for business in a week or two. He will further equip the plant and place it in first class shape for successfully competing with the various agencies already established here. This gentleman has rented J. Humphrey Taylor's house, south end, and will move his family here next week.

Mr Woodworth has in view the installation of an acetylene lighting plant. He was desirous of putting in an electric plant but is fearful of the success of the venture. Acetylene gas is the coming light, and doubtless before many moons Hartland will be so illuminated, therefore being the first town in the province to adopt the new illuminant.

THE PRODUCE MARKET.

The river having closed an increased influx of produce is expected. Prices are firmer than last week. Quotations are as follows: oats, re-cleaned, 28c., seconds, 25c.; beans, \$1.20; hay, \$3 and \$4; eggs, 15 to 20c., the market fluctuating; butter, 15c.; pork 4½; chickens 5c., ducks and geese 7c., turkeys 9c., beef 4c.

Edgar Kirkpatrick is open for buying produce here for cash.

With regards to poultry J. T. G. Carr says he found difficulty last season in filling orders for distant points in time for Xmas on account of poultry not being brought in in time and would respectfully urge those wishing to sell to have it at his store not later than the 21st.

SENSE AND NONSENSE.

Miss Sarcastic—That was a bright speech you made a few moments ago. How did you manage to raise it?
 Mr. Accident—Grew it from a slip of the tongue.

Nicodemus and Tim.

A Spirit of Congenialty Manifest Between Them.

Well done, Tim of Cloverdale! Let us shake hands through the columns of the 'Tiser on the strength of that last inspired product of your ever powerful pen. I heartily agree with the sentiments expressed in your last article. The general course of politics today don't suit the Newsboy, oh no! He is now seeing the dark side of political life. For years he basked in the approving smiles of his political leaders and ate his piece of pie at the "Tory Pie Counter" little dreaming that a day of reckoning was coming. But it came, and with it came a change in life for the Newsboy. He was "turned down" as it were and compelled with those of his kin to eat Humble Pie at the side counters of what is now practically a defunct political party. Little wonder that he is somewhat disgruntled and meets the good acts of the present government with disapproval for he realized that every word in praise of them is another nail in their own coffin. By the way Tim, do you suppose the Newsboy has read of the fate of the Nova Scotia editor who characterized New Brunswick's "grand old man" as "Boddler Blair?" Ask him in your next letter. Say, you might ask him what the late elections in Quebec indicate.

NICODEMUS.

Bristol.

Othneil Merritt arrived home on Saturday to spend his vacation.

J. R. Nelson, of New Sweden, is introducing a 'History of the Late War' into this vicinity.

Prof. Fox and his singing class are to give a musical entertainment in the hall next Friday evening. The concert at Florenceville last Saturday night is said to have been a very successful affair.

Mrs. Fred Phillips is quite seriously ill and is being attended by Drs. Hagerman and Somerville.

We are pleased to see that Theodore Rogers, who cut his foot with an axe a few weeks ago, is able to be out again.

T. A. Lindsay of the Temperance and General Life Co. went out today to visit some of the lumber camps on the Miramichi.

A young man named Bently, came in from Wm. Rogers' camp yesterday with a badly cut foot. Dr. Somerville dressed the cut and the young man will soon return to the woods.

The three months old child of Everett Grant, Gordonsville, died yesterday.

Officers Elected.

The officers of Hartland L. O. Lodge No. 41 were elected for the ensuing year on the 12th inst. and are as follows: Allen Rideout, W. M.; A. S. Estey, D. M.; David Porter, Chap.; Arnold Porter, R. Sec'y.; Edwin Barnett, F. S.; Geo. M. Shaw, Treas.; Gordon McAdam, D. of C.; A. G. Baker, Lect.; Dan Brooks, I. G.; Chas. Thistle, O. G.; Allen Bradley 1st Com.

South Knowlesville Items.

As your correspondent has not been heard from for some time, I thought a few lines from here would not come amiss.

I. N. Withrow who returned from British Columbia some weeks ago is confined to his bed. We are glad to learn that he is recovering.

Master Sim Odell is stopping with J. W. Lawson. He is very low with consumption.

Hartley Sherwood and L. McKenzie are doing a good business with their new threshing machine. They thresh from one thousand to fifteen hundred bushels per week. Any one wishing good satisfaction should give him a call.

Lumbering is the most striking feature around here. Myles Sherwood has a large crew working for Mr. Sawyer. Fred Withrow, Addison Spinney and Robert Sims are doing quite a business cutting lumber. James Frost is very busy hauling his fire wood and getting his milling done and preparing for the busn.

There is a rumor afloat that Knowlesville will soon lose one of its fair ones. She is going south.

Who has to face the cold northwest wind every Monday morning?

Wm. Gascoine, who has been home with a sore hand, expects to return to the woods soon.

Who used to start at an early hour Monday morning to go home; finds his carriage thirty rods distant in the wet grass; the gate well wired, carries scent, and gets home at sunrise?

PEEPER.

To cook that Christmas Turkey properly, you will require a self basting roaster. We have them in several sizes. Shaw & Dible.

Miss Violette Wins.

The \$10,000 breach of promise suit brought by Miss Julie Violette of Van Buren against David Martin, as reported last week, resulted in a verdict of \$1,500 for the plaintiff.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nut-shell, Dr. Chase's Kidney-Liver Pills are the only pills that have proved effectual in my case. I can heartily recommend them.

JNO. DEVLIN, Unionville, Ont.

FRED H. STEVENS, - Editor & Publisher.

HARTLAND, N. B., DECEMBER 17, 1898

A fortnight ago this journal ventured the opinion that the result of Wednesday's bye-elections should prove a pretty fair and accurate criterion of the result of the next general elections. There were two elections in Ontario, two in Quebec, and one in Prince Edward Island. The Liberals carried all the seats but one, which was carried by Leighton McCarthy, who succeeds Dalton McCarthy, Independent. The conservatives are strictly "not in it," and getting more so all the time.

* * *

The Farmers' Binder Twine Co. of Toronto, has just paid the astonishing dividend of 60 per cent. for the year ending October 1898. It was to protect this concern that the Conservatives kept up a high customs duty on binder twine. What would the profits of the company have been had the Liberal government allowed the tariff to continue?

* * *

The Prince of Wales is a great admirer of Laurier, and rumour has it that our future King will visit Canada as the Premier's guest next summer.

What Does He Mean?

Dear Editor:—The subscriber has read the Hartland Items in a recent "Sentinel" asking what about the Hartland Board of Trade, and the writer of those items voices my sentiments on that question. I might further add that it is a burning shame the way the matter in hand is allowed to drop through and die, for if now we had a live Board of Trade we would be in a position to hold out inducements to parties who are desirous of establishing Pulp Mills, Excelsior Factories, Creameries, and Meat Packing Industries that we read so much about in the Woodstock papers.

Right here I might say that as far as I can judge we have better inducements to offer a Pulp Mill than has the town of Woodstock, as we have the Beaguimic Stream, which drains a pulp wood country and it also gives ample water power.

Another thing that a Board of Trade could do: it might appoint or elect a proper committee to represent the people in getting the Hartland Bridge incorporated, instead of having the incorporation being sought after by a clique, and done in a corner, oh so sly.

SUBSCRIBER.

Kicked by a Horse.

A little son of Handy Nevers of Upper Brighton, was kicked by a colt on Wednesday, and his skull was fractured. Dr. Estey was summoned and attended the case. But slight hope is held out for the little fellows recovery.

C. Humphry Taylor, having made extensive improvements in his store, is now showing a splendid assortment of Christmas and staple goods.

Hartland Farmer's Exchange.

C. Humphrey Taylor, Prop.

I beg to call the attention of the public to a few lines of seasonable goods which I intend giving special bargains in during the balance of this year. Kindly call and learn prices, and see one of the finest assorted stocks in the county. The following goods will be sold at close margins: Millinery, fancy dry goods, boots, shoes, hats, caps, silk scarfs, handkerchiefs, ties, collars, cuffs, fur and fur lined caps, cloth and fur jackets, men's fur coats and ulsters, dress overcoats, and in fact a full line of ready-made clothing and ladies' furnishings, especially wrappers.

My Xmas display is large and attractive; call early. Produce taken in exchange for goods; or CASH PAID. Bring your turkeys, geese and ducks to me. I have an order for 2,000 pounds of turkeys from Fort Kent, Me.

Goods sold at prices that will induce purchasers with produce or cash.

I have for seven years been favored with a good share of your Christmas trade, and believe that this year, in spite of the scarcity of cash in general, I will be favored with at least a fair share of your business. Bring your turkeys and other poultry in early in the week, so that shippers will be able to get their poultry to market by freight, which is much cheaper than express rates.

Yours respectfully,

C. HUMPHREY TAYLOR.

AND OTHER MATTERS

20 below!

During the last fiscal year the United States have enjoyed a deficiency of income over expenditure of \$38,047,247.

The peace treaty was signed on Saturday Dec. 10 and the Hispano-American war is definitely and finally settled.

W. R. Gillen returned home last Saturday. He has been shipping stock from P. E. Island to New York and Montreal.

Rev. A. H. Hayward's appointment in the Baptist church to-morrow; Rev. J. B. Daggett in the Free Baptist church at 7 p. m.

The Quarterly Session of the Primitive Baptists will be held at Perth Centre commencing 1st Saturday Jan. 1899 by order S. W. Benison.

The county was shocked to hear the report of the sudden death of John Fisher of Woodstock. He died on Sunday of an asthmatic complaint, of a few days duration. He was one of the best business men in the county.

Miss Bertie McAdam has a fine assortment of up-to-date hats which must be disposed of at any cost, at an early date. Anyone wanting a bargain in that line, would do well to give her a call.

Messrs McQueen and Keith of the Meductic, Westmorland Co., have been buying stock for the packing establishment in this vicinity. Mr. McQueen was formerly on the railway, and was in charge of the first passenger train ever run in Hartland.

The special meetings held by Revds. Bayley and Daggett, have been discontinued.

Owing to storms and other causes the express train has been considerable delayed during the past week.

It is said that a concert will be given under the joint auspices of the Band and Base Ball Club some time next week. Particulars will be announced by dodgers. Look out for them.

There is to be a concert and Christmas tree at Florenceville East, on the 24th. It promises to be a nice entertainment. Admission 15 and 10 cents; proceeds for the sidewalk fund.

The river closed on Monday and Tuesday, and a road was broken out as soon as the ice was firmly cemented. It has been many years since the river closed at so late a date. In 1887 it closed on Dec. 18th.

The new bell placed in the belfry of the Baptist church rings out cheerily for each service. The congregation is to be congratulated on being the first to procure a bell, and it is to be hoped the others may follow their precedent.

Ernest Kilpatrick of Victoria Corner who has been waiting for the river to freeze over these last three weeks so that he could establish himself in Hartland as a Produce buyer will be in our village Monday, with cash to pay for all kinds of produce. He solicits business.

There was a runaway the other day that might have resulted seriously. A team standing near the Woodworking factory took fright, and running out to Main street, dashed through the village at a gallop. Luckily no one was in its way, though two pungs were somewhat injured. Gordon McAdam stopped the horses in doing which he narrowly escaped injury.

Postmaster Barnett was confined to his residence on Thursday, by illness.

Born—to Mr. and Mrs. William Hubble, a daughter, on Wednesday, Dec. 14th.

Subscribers, especially those in the back districts, who do not get their papers promptly, will please notify the publisher, when an effort will be made to rectify matters.

The marriage of Miss Alberta Tracy to Rev. W. E. Smith, formerly pastor of the Methodist church here, will take place at the residence of the bride's mother next Wednesday.

Wall calendars for 1899 come to us from George W. Gibson, merchant tailor, Woodstock, and the Imperial Fire Insurance Co. Geo. M. Shaw, agent, Hartland.

C. Humphrey Taylor has been making important changes in the internal regions of his store. He is, further, adding a plate glass front to the part of the building facing Depot St., so called.

It is said there will be a change in the staff of teachers next term. There have been between twenty-five and thirty applicants. Miss Etta Alexander and Miss Mable Barker have been the the successful applicants.

C. S. Osgood, the jeweller, is getting a good run of watch repairing, etc. He also has some nice articles suitable for Christmas presents. Call and see him and get the correct time. He keeps it, and can make your watch keep it.

In reporting Madame Harrison's concert, the Despatch says: "Miss Kelly, who is a guest at Mrs. G. A. White's, recited with pleasing effect, the 'Ruggles' Dinner Party,' and Miss Robin Hay, in her reading 'Fobe's Monument,' though evidently not in voice owing to a cold, was successful in holding the audience in wrapt attention, bringing out the pathos of the story in a marked degree.

Several cases of chicken pox in the vicinity threatened an epidemic last week, but the disease seems to have disappeared.

PERSONAL NEWS.

THE GAOL QUESTION.

Coun. Connolly Sums Up The Matter From His Point Of View.

Taken from Dispatch by request.

To the Editor of the Dispatch:

Please allow me space in your paper to make some remarks about the much talked of Gaol question, and in doing so I wish to make some reference to your editorial in Dispatch of Oct. 26, (headed Work for the Lawyers.) It is evident that from your writing you see things differently from what I do, and I want to give your readers my views of the matters referred to, and if you wish to criticise my views, all right. I rather invite discussion. You say that the Gaol question has advanced adverse to the Town, and whether this means that the Gaol will be taken further from the Town is a matter of conjecture. That would imply that there had been, or was or was about to be a move made to take the Gaol further from the Town. Mr. Editor do you know of any such a move being made? Has any person or persons asked that the Gaol be taken further from the Town. I have no knowledge of anything of the kind being done. Just look around and make inquiry, and I think you will find that the conjecture about the Gaol being taken further from the Town originated in the brain of some of the Woodstock men after the June meeting of the Council and was propagated for the purpose of influencing councillors in the lower part of the county or rather as a scare, that if they did not turn now and vote for Woodstock at a special meeting of the council that would be called, the chances were that in a short time the Gaol and Court-house would be taken further from them. This scheme had the desired effect on some of the councillors that it was worked on, with others it failed, but it worked well enough to give Woodstock Town a majority vote at the special meeting. The Injunction has decided that the government of the province having selected a site and established it for the Gaol and Court-house, at that place they must remain, very good. We think that is good judgement and good common sense as well. You say in the article referred to the matter of location rests with the county council. The judge has decided it does not, and we should be very thankful too that it does not have that power to snap a matter like this on the people who have no means of helping themselves. Let us suppose, for argument sake that the Council have that power, and there was no power that could stop them, and they had gone on and built the New Gaol in Town and as their aim was, had it completed before next election, and at next election of councillors enough new men were elected that were opposed to having the Gaol built in town, or suppose the majority of the council would say the new gaol is too far from the court-house and would decide by a majority to repair the old gaol or build a new one at the court-house or they might build new buildings in any part of the county just as there might be a chance of getting a majority, and tax the people to pay for them and according to your idea of the power of the council they could do this thing and no power could hinder. I think we are very fortunate that all power is not vested in the municipality. Again the injunction was granted because the county cannot borrow money from the banks without special legislation. We would here ask why borrow money from the banks, what rate of interest do the banks charge? It is more than three per cent. We were told at the special meeting that we could get the money to build the gaol at 3 per cent. and when the statement was questioned we were told that the man that had the money to let at that rate of interest was then in the court-house. A few days later from a report of a meeting of the new gaol committee we learn that the parties that had the money to let at 3 per cent. were in England. We were told a great many things at the special meeting that we believe were told to mislead for the purpose

of accomplishing the object for which that was called. You say also that a new gaol must be built or extensive repairs must be put on the old one unless all the presentations of committees, grand juries and medical men be utterly ignored. Now I wish to say right here that no committee of the council, no grand jury, no authorized medical board has ever condemned the old gaol or recommended that a new gaol be built. The grand jury to which the matter was referred to in the month of April last. On that jury was quite a number of gentlemen from the town, also doctors from the town. After the jury had examined the gaol they recommended certain repairs. A suggestion was made by some of the jurors to condemn the gaol and recommend the building of a new one in the town. This suggestion received so few supporters that it was dropped, even men on the jury from the town opposed it because the buildings were so good and it would be putting unnecessary expense on the county. Now the repairs recommended were not very extensive or costly as we will show. At the June meeting of the council the committee in charge of the county buildings in a report in conjunction with the grand jury's report recommending certain repairs on gaol, the committee stated that in making up their estimates of cost according to plan presented they had with them a competent architect and mechanic and after adding \$1.25 for overseeing the work, \$1.50 for unforeseen expenses the whole amount of the cost according to their estimates would be \$1628.86. Not very costly or extensive you see. Why was not the recommendation of the committee and the grand jury carried out. Allow me to tell you when the report of the committee was taken up the chairman of the committee (who was Coun. Henderson, Woodstock), said in view of the fact that the county was in debt to the Bank for more than \$9000 he thought it would not be wise at the present time to go into the full extent of the repairs recommended. He therefore would move that the sanitary condition of the gaol be attended to at an expenditure not to exceed \$300 (the committee's estimate for this work was \$218.86). We will leave it for any of your readers to say if it was not the most natural thing for the council to do to support the motion made by the chairman of the committee when he represented to the councillors that the county was so heavily in debt and the work proposed to be done did not in any way affect the balance of repairs recommended being done at any other time. It might be well right here to say that a competent mechanic took the plans and specifications gotten up by the committee and offered to give bonds and good security to complete the whole repairs recommended by the committee in a good and workman like manner to the satisfaction of the council for the sum of one thousand dollars. This information was given to the council at the special meeting but it fell on their ears as on the ears of the deaf, they had a purpose in view at that meeting and that purpose must be carried out whatever might be the cost before October, 1899.

The Court House, we are told by judges, lawyers and reporters, whose calling requires them to visit all the court houses in the province, that for comfort and convenience and appearance our court house is second to none, but the Editor of the Dispatch seems to think there is a good deal wrong even with our fine court house. I will agree with you, Mr. Editor, if there are rooms not used and they are needed for the court officials, that they should be made so that they could be used, but I hardly think they are necessary, or would be used for that class, loafers and smokers might occupy them, if they were finished. I do not think the court house is responsible for all or any of the colds that the people have in the country. It is true that we have not a magnificent stone and brick court house with a large cellar and heated by a furnace in the town of Woodstock costing some thirty or forty thousand, you might feel safer in it, but I would take cold just as quick. The matter at a recent court referred to where parties had no room in the court house and had to

ake to the yard, let us have some facts about this matter. The jury had been given a recess by the judge, the people mostly left the court room, the counsel for one side (referred to in the Dispatch) of their own sweet will also went out into the court yard, they certainly were not compelled to do so for want of room to have a private conference. I saw the very same that you refer to and my views of the matter were that they were having a little pastime and enjoying it as school boys enjoy a recess after hours of hard study. The Dispatch is in a mystery to know when a majority vote of the council means something and when it means nothing.

(Answer)—When they vote to carry out the wishes of the people, it means something. But when they disregard the people's wishes and vote to do something that the people have said they must not do, it means nothing. The Dispatch carries us back a thousand years and says that the nations then were proud of their public buildings, their own buildings might be poor, but nothing was too good for public institutions. If the despatch wants to live over these times when men and women were pressed into the public service and the necessities of life were taken from the poor to build up public institutions that the rich and those in authority could glory in their public works, we do not. We are thankful that we live in a day when every man, let him be ever so poor, has a chance to speak and say what he thinks is right and what is wrong in the government of the country in which he lives, in a day when the voice of the people must be heard, and when those chosen to represent them disregard and go contrary to their wishes, the people have power to call a halt.

While writing the Despatch of Nov. 23rd came to hand, in which we read a suggestion that the town extend its borders to take in the court house and gaol. This proposition is a very laudable one. Have faith in your town, say it is bound to grow, work for that end, and everyone in the county will be proud of the town for their enterprise and thrift, and it will benefit all, and injure no one. But if the town thinks that their bounds are set and they try to grasp after what rightly belongs to others, and build up your town at the expense of the rest of the county, as some of your public men have intimated, as if every other interest in the county should be subservient to the interest of the Town of Woodstock, then we are not proud of you a bit. The time was once that the Town of Woodstock could rule the county, and did rule it, but that day has passed, and we think not to return. There have been too many acres of wood cleared away, and there have been too many home-built in the upper and back parts of the county. There are too many growing interests springing up in different parts of the county for all of them to do obedience to the Town of Woodstock, because she thinks they ought to.

Mr. Editor I will not lengthen my remarks any further at this time, only allow me to say many thanks to the Dispatch for their kind consideration towards Hartland in the future.

And certainly we will try and be very good.

Yours very truly,
C. J. CONNOLLY.

Ran into a Herd of Moose.

Quebec, Dec. 11.—The Maritime express which left Halifax on Friday, and arrived at Levis at noon on Saturday, ran into a herd of some thirty moose, shortly after leaving Newcastle, N. B. Three of them were killed outright and several wounded. One of the animals killed, a cow moose, weighed over six hundred pounds, and was brought to town by J. B. Lambkin, who was on the train.

Pure Blood is Life.

**Paine's Celery Compound
the Only Hope of All
Suffering from Blood
Diseases.**

The Great Medicine Quickly Expels all Poisons and Renews the System.

Scrofula is one of the most terrible and wasting of blood diseases: it usually develops in early life, and in the majority of cases is hereditary. Many medical men contend that scrofula is the parent of consumption.

When the blood is thin, impoverished, impure and foul, its poisoned condition shows up clearly in pimples, sores, tumors, abscesses, blotches, erysipelas, cancer, white swellings, sore eyes, felons, boils, salt rheum, eczema, etc.

Pure blood represents life; foul and poisoned blood means suffering and death. Strength, action and the health of all parts of the human system are dependent upon the blood.

The only true way to cleanse and enrich the blood is to use Paine's Celery Compound. Its vitalizing and purifying effect upon the blood of old and young is magical. The most virulent blood diseases quickly yield to its healing and cleansing power. No other medicine known to man has ever achieved the victories over obstinate blood troubles that Paine's Celery Compound has accomplished.

If you have a trace or symptom of blood disease, your life is truly in danger. If you are anxiously seeking for a cure, have a care how you make use of the widely advertised "blood purifiers;" in the great majority of instances they are frauds. Ask your druggist for Paine's Celery Compound, the only medicine that can make your blood and flesh clean, pure and healthy.

MISS A. M. GRAY,
HARTLAND.

Thriving Avondale.

Our Correspondent Reports a Boom.

If there is only one village in Carleton county that has improved during the last year it is Avondale. This booming little town lies between the 3rd and 4th tiers of lots, about five miles west of the St. John River and Hartland, and 15 miles north of Woodstock. The Little Presque Isle river runs through the settlement, leisurely, as loathe to leave and join with the mighty river. Here in Avondale we find a well kept general store, S G Barter, proprietor; saw mill, owned by G. F. Burpee; grist mill, owned by Mrs. C. E. Clark, and run by Levi Sherwood; the best equipped woodworking factory in the county is run by J. E. Barter & Co.; blacksmith shop, etc. There is a money order department connected with the post office.

During the past year there have been the following buildings put up: Woodworking factory with all new and improved machinery, and moving hot air dry house for lumber, etc.; a house by Joseph Laskey; dwelling and barn by Geo. Burpee; two story cheese factory and boiler room by S. G. Barter, also a shoe shop; house by John A. Drake; house, barn and shed by B. F. Stoddard; house in course of construction by D. M. Kennedy; barns, two large and commodious ones, by Geo. DeWitt; two by Mr. Lasky; Baptist church completed and dedicated Aug. 7th; besides the grist mill being completely overhauled and made as good as new; a model granary by J. E. McCready; and a veranda to the credit of S. W. Sherwood, besides a general lot of repairing through the whole of Avondale. A. R. Palmer already has lumber on the ground for a new house in the spring and Barter has taken down and moved a building of some size from a neighboring settlement and it is rumored that he intends it for a butter tub factory to be run by Appleby & Rideout in the coming summer. The tannery once owned by J. W. Boyer of Victoria has been purchased and together with the house and lot by S. G. Barter and the building has been put in shape and S. A. Berry & Co. have rented the two upper flats to occupy as a furniture factory, so the owners tell us.

"Blood and Thunder."

The Florenceville Boys Wage War Against those of Florenceville East.

There was high excitement in Florenceville East on Friday evening last. The young fry on either side of the river have been at swords' points from time immemorial. The occidental boys would come over and annoy the oriental boys while attending the singing school. Both parties were content to fling sauce and challenges, which, sad to relate, were accepted on the above evening. The western youths came en masse armed with scalping knives, razors, tomahawks, cudgels, brickbats, boot-jacks, with vengeance in their breasts and a desire in their hearts to improve the boys much as they do beefsteak—by pounding. They came in rank and file, no band, however, cheered them in their march, and perhaps the absence of this great boon hastened their defeat. The onslaught began at the east-

ern end of the bridge. Coats and caps were stacked and the contending masses closed. The air grew thick with flying fur, hair, boots, braces, curses mud and defeat.

They fought by twos, threes, fours and by dozens, and as fast as they fell they were borne to the rear and the reserves called into play. Thus long and doubtful the conflict waged. The western lads advanced with a cheer but the left wing was broken and the right retreated, formed and charged again.

The deputy-sheriff hearing the riot appeared at this moment on the scene. The ringleaders were promptly arrested, the sponge thrown up, order restored and the rioters abed in a few minutes. While the necessary papers were being made out the arrests flew de coupe and the excitement of the evening was over.

Next morning the sun frowned on the bloody scene of strife. Strewn with locks of hair, bits of flesh, buttons, shoe strings and gore, and the villagers with bated breath told how two tribes of Indians strove as of old, and patiently look round for relicts of this memorable conflict.

SUCCESSFUL MEN

MANY OF THEM ARE HANDICAPPED WITH CATARRHAL DISEASES.

Dr. A. W. CHASE
COMES TO THEIR AID.

Success in life is almost impossible for a man with bad breath. Nobody wants to do business with him. Nobody wants to associate with him. He is handicapped everywhere. Offensive breath comes from catarrh; sometimes from catarrh of the stomach, sometimes of the lungs, sometimes of the head, nose, and throat. It is from catarrh somewhere, and catarrh is another name for uncleanness.

Many men understand this, and make every effort to cure it, but it is beyond the reach of ordinary practice.

No self-respecting man can ignore catarrh. If he has it in any form he makes constant effort to be rid of it.

There is something about the manner of life and the climate of Canada that seems to breed diseases of the mucous membrane. Medical science ordinarily doesn't try to cure catarrh; it "relieves" it; but Dr. Chase has been curing catarrh for over thirty years, and his name is blessed by thousands who have shaken off the grasp of this insidious disease.
