## Village Of St. Quentin Nearly Wiped Off The Map By Forest Fires

Property Loss Variouslly Estimated From \$750,000 to \$1,000,000 Reported With Only Small Insurance—Approximately 100 Buildings Destroyed With Half of Population Homeless—Mills, Hotels, Bank and 65 Residences Reduced to Ashes.

(Continued from page 1.)  
Nothing was saved from the burning buildings in the way of household or personal effects. Parakeets, wearing apparel, etc., were removed from houses to what was thought might be places of safety. Diving flumes sought out the hiding places and soon made quick work of personal property. Nothing was saved except the clothing on the backs of the people, and it was not an uncommon sight, while the fire was raging, to see people running about with their clothing afire.

SCENE ON FIVE FINGERS FLOWING BY ST. QUENTIN.

cept the clothing on the backs of the people, and it was not an uncommon sight, while the fire was raging, to see people running about with their clothing afire. For the homeless ones the situation was rendered all the more difficult as there are no roads leading out of the place. The only means of egress is by the Canadian National Railway. Those who were unable to provide or secure a temporary shelter by means of tents or otherwise, boarded the trains Saturday for St. Leonard and other places where they had relatives or friends. Fortunately there was no loss of life reported. Considerable live stock was, however, destroyed.

**\$1,000,000 Loss**  
It is quite impossible at the time to get any accurate information on the monetary loss. Estimates given by Provincial Bank, the C. N. R. station, two hotels, four planning by those best able to judge vary from \$500,000 to \$1,000,000. The insurance held on the St. Quentin property is placed largely with St. John brokers.

### LONDONDERRY HAS DISASTROUS FIRE

Four Churches, School House, Hall and About Dozen Dwellings Wiped Out.  
Halifax, N. S., May 30.—(By Canadian Press)—Londonderry Mines, 18 miles from Truro, was partially destroyed by fire today. Four churches, a school house, and hall, and about a dozen dwellings already have been burned. The fire is still raging, but it is considered to be under control. There has been no loss of life.

### RIVER HEBERT FIRES CONTINUED TO RAGE

Sweeping Over Thousands of Acres of Valuable Timber Lands.  
Amherst, May 30.—The forest fire at River Hebert continues to rage with unabated fury. Further changes in the direction of the wind have involved entirely new areas. Areas that contain thousands upon thousands of acres of valuable timber from two rivers, and five miles toward Macan there is a blackened stretch. From that point the fire cut in a circle and swung around over the Boar's Back towards Parrabow. Not content with damage done by its own swinging, a wind toward Shule. Hundreds of men from the mines at Joggan's fight the flames with a well equipped outfit. Their efforts, however, are of no avail. They have saved many homes, and the mills in the River Hebert together with cut timber. They cannot check the flames, which today had covered a stretch over eight miles in length, and left destruction in its wake. The loss is now in well over a quarter of a million dollars.

### MORE FIRES IN NORTHUMBERLAND

Fire Reported in Forests Back of Salisbury.  
Frederickton, May 30.—A report was received by the department of Lands and Mines on Saturday afternoon that a fire had broken out in the settlement of Allanville, in Northumberland county, resulting in the destruction of five houses and their contents. About five hundred acres of privately owned forest lands were also destroyed. The fire was caused by the brush fire of a settler spreading and getting beyond control.

### FOREST FIRES IN ARROOSTOOK CO., ME.

Houlton, Maine, May 30.—Extensive areas of timberland and pulpwood forests have been devastated by fires which are sweeping through a large part of Northern Arrostook County. Fire wardens said today that there was little hope of extinguishing them until a heavy rain fell. In Nashville Plantation, a pulpwood camp was caught in the path of the flames and many shacks and a large quantity of supplies were burned.

### PRICES IN ENGLAND AND IN CANADA

Tables of Comparison Show But Little Difference on the Whole.  
Ottawa, May 30.—A remarkable similarity in the cost of groceries in England and Canada is revealed in a comparison of a budget of household staples in the two countries made within the last three weeks. The figures are given out by a Canadian official. Pricing a score of staples ranging from bread to custard powder, the whole supply costs about a dollar more in Ottawa than in London, England.

### DECORATE GRAVES OF AMERICANS IN ENGLAND

## THE REAL LIVE BUDGET NEWS FROM L

### Basil Rudd, South African A Games Winner—Cambridge Gossip—The Lawn Tennis Team—Golfers, Billiards,

London, May 29.—Basil Rudd, the South African athlete who did so much to enable Oxford to beat Cambridge in this year's inter-varsity sports, is a possible Olympic Games winner. Further particulars from America show that he ran the last relay for Oxford and Cambridge against the American college teams at Philadelphia in 1 m. 54 3/4 secs. This is great time for the half mile, even allowing that Rudd would be on the move when he received the flag from the man who ran the third relay. Against this advantage one must offset the fact that the South African was sent off on his journey with a lead of twenty-five yards, consequently he had to make all his own running and had no one to push him along.

### Swimming.

It is something unusual to find a body of men objecting to meet in the 4. a sporting competition because the letter are supposed to possess an amount of the body and the Cambridge sports was poor. The extreme and if he can be induced to use his natural ability to the full advantage, he may safely be regarded as possessing a big chance of winning the 800 metres race at the Olympic Games.

### Cambridge Blue in Form.

It is pleasing to note that H. M. Abrahams, the young Cantab who won the sprint and long jump at the inter-varsity sports, is keeping in training. He finished third from scratch in a 100 yards open handicap at Acton last Saturday and his friends predict that he will show a 24 1/2 sec. "very" before the season is over. There is room for a lot of improvement in this athlete, and if he learns balance, the correct carriage of the body and how to carry his arms properly, an improvement of two yards in the 100 is not out of the question. He has already been credited with a 25 sec. 100 yards, so that he may prove one of our main hopes at Antwerp.

### Lawn Tennis.

The remarkable growth in the popularity of lawn tennis in recent years, particularly in the dominions and foreign lands, gives rise to much comment. In home circles it is not quite so popular at the big schools as it might be, the prevailing feeling that it is a game for "softies" or those who fear hard knocks still holding its ground. Of course, this is not so, though one would naturally rather see a healthy lad show eagerness to take part in boxing, football, or the like, than foster the fighting spirit and develop pucker.

### South African Players.

The South African team for the Davis Cup have duly arrived, and they were soon in harness, the Roehampton tournament this week being the scene of their preliminary efforts. Naturally the grass court seemed slow to the visitors after the hard courts of their own country, though B. I. C. Norton had some experience of the home conditions when here last season.

London, May 29.—Basil Rudd, the South African athlete who did so much to enable Oxford to beat Cambridge in this year's inter-varsity sports, is a possible Olympic Games winner.

Further particulars from America show that he ran the last relay for Oxford and Cambridge against the American collegiate teams at Philadelphia in 1 min. 54.35 secs.

The international match between English and Irish ladies players at Newcastle, county Down, this week proved very interesting in every case.

The writer predicted some weeks ago that Rudd was capable of running half a mile in 1 min. 54 secs. and after his latest performance, he is quite likely to do better still.

It is pleasing to note that H. M. Abrahams, the young Cantab who won the sprint and long jump at the inter-varsity sports, is keeping in training.

Swimming. It is something unusual to find a body of men objecting to meet in a sporting competition because the latter are supposed to possess an advantage.

Billiards. Smith and Falkner are having a hard struggle in the final of the professional billiard championship.

Cricket. Big bowling performances are usually seen at the start of the season before the turf has got really hard.

Lawn Tennis. The remarkable growth in the popularity of lawn tennis in recent years, particularly in the dominions and foreign lands, gives rise to much comment.

Shooting At The Glen Falls Traps

Large Number of St. John Association on the Firing Line Saturday Afternoon When Some Good Scores Were Made.

### Opportunity For Canadian Cadets Charged With Pointing Revolver

**Navy League Appraised of Arrangements Whereby Canadian Boys Can Serve on Canadian Gov't Merchant Ships and Acquire Training.**

The Navy League has been appraised of an arrangement with the Canadian Government Merchant Marine by which opportunities will be given to Canadian boys to serve as cadets on Canadian Government Merchant ships, and acquire a training for position as officers. It is understood that Ontario will have the first two nominations, and a provision will be made for a number of boys from the Maritime Provinces who wish to follow the ancient calling of the sea.  
In order to render boys of families without special resources eligible for positions as cadets, they will be given a salary, totalling \$1,190, during the four years' apprenticeship. This is a departure from the British system which prevailed before the war, under which the apprentice was required to pay a premium, usually about \$250, but sometimes more. This system was sometimes abused, ships carrying a number of apprentices who were used to do the work of seamen and were taught little or nothing about navigation.  
The idea of the Navy League is to encourage young men to go to sea, and assure a supply of Canadian officers. A few weeks ago there was a bill before Parliament to reduce the number of officers with certificates of competency aboard Canadian sailing vessels. The plea was that there was a shortage of officers with certificates of competency, and it was suggested that the old system of certificates of service should be revived in some cases. It is probable the main difficulty was the shortage of wages offered by Canadian ships. For many years Canada has produced a great many more officers than were able to find positions in Canadian ships. Many have gone to British ships, and more to American ships. Since America began to build a great mercantile marine it has attracted more Canadian officers than usual, who in those cases become American citizens. Thousands of British officers have also gone to the new American ships under the red ensign arrangements.  
A few British officers are now employed in the Canadian merchant service, and if there is for the moment a shortage of Canadian officers there are plenty of British officers available. There are today thousands of certificated officers in Great Britain out of employment.

### Police Court Cases Saturday

**Fourteen Prisoners Faced the Magistrate—Alcoholic Detention Numbered Ten and All Were Remanded to Jail.**

Fourteen prisoners faced the police magistrate at the opening of court, Saturday morning. The alcoholic detention numbered ten, all of whom, after pleading guilty to the charge, were remanded to jail.  
William T. Hayes, a protectionist, told the judge that he had had recourse to the benevolence of the city because he was out of funds. He was remanded for investigation.  
A preliminary hearing was given David Hennessy charged with attempting to stab Police Constable Walter MacNeil while the officer was patrolling Union street, Friday night. The officer was the only witness called. He said he was patrolling on Union street and Hennessy was coming down. Hennessy had said nothing to the officer and suddenly the latter made for him with an open jack-knife aimed at his face. The officer hit Hennessy's arm and the knife cut the left shoulder of his coat in several places. He knocked the accused down. Hennessy was remanded.  
James Bourne pleaded guilty to striking his housekeeper, Ada Diamond, and was sentenced to two months in jail.  
George Fuzale pleaded guilty to allowing drunken persons on his premises, a grocery shop, at 60 Brussels street. Some bottles of lemon extract were on the counter. Fined \$100 and remanded to jail.

**WEDDINGS.**  
**Elliott-Branscombe.**  
Corn Hill, May 29.—The home of Mr. and Mrs. James C. Branscombe was the scene of a pleasant event on Wednesday, May 28, when their eldest daughter, Marion L. Branscombe, was united in marriage to Frederick A. Elliott, son of Mr. John Elliott, of Annapolis Ridge, N. B. Promptly at three o'clock to the strains of Lohengrin's wedding march, played by Miss Eva Rouse, the bridal party untended, entered the parlor and took their places under an arch of evergreen. The Rev. Mr. Cochrane, of Montreal, a cousin of the bride, officiated. The bride looked charming in a dress of white satin with Georgette and bead trimming.  
After the newly married couple were duly congratulated a dining supper was served in the dining room. The bride's suit is taupe colored velour with hat to match.  
Many valuable gifts were received, including cut glass, linen, silver and two hundred and thirty-five dollars in money, one hundred of which was a gift from the bride's father. The groom's gift to the bride was a gold wrist watch, and to the pianist a fountain pen.  
Mr. Elliott is a prosperous young farmer. To him and his bride every good wish is extended for happiness and prosperity in their married life. Those from outside points at the wedding were Rev. E. H. and Mrs. Cochrane, Montreal; William Marr, Toronto; George C. Elliott, St. John; Mrs. Bruce McLeod, Miss Alta McLeod, Duncan McLeod, Mr. and Mrs. H. McQuin, Mr. and Mrs. Abram Branscombe, Miss Beata Morton, Penobscot, Kings county.

Gagetown

Gagetown, May 27.—Large numbers were here this week for the Queen's Court of the Supreme Court, over which His Honor, Mr. Justice Chandler presided, and it was with difficulty that all who were in attendance found accommodation in the town. The court opened on Tuesday afternoon with five civil cases awaiting trial, but of these only one was taken up, that of Frank L. Akroy of Wickenham versus Wilfred Robertson on charges of malicious prosecution and false arrest, arising from a previous court experience last Spring. After a short recess, the jury brought in a verdict for the defendant and the case was dismissed. Daniel Mullin, K. C. counsel for the defence.

Sackville

Sackville, May 27.—Mr. and Mrs. Anderson and two children spent the week with friends in Halifax. Miss Edith Trueman of Campbellton, is visiting friends in town. Miss Marjorie Taylor and Mr. Alfred Taylor of Moncton spent the week-end with their mother, Mrs. S. Taylor, York street. Mr. and Mrs. George of Moncton, spent the week-end in town, guests at the Ford Hotel. Mr. Ernest Davis, spent the holiday with friends in Charlottetown, P. E. I. Miss S. Edgar Dixon and Miss Annie Carver, who have been spending the winter with relatives in California, returned home Monday evening.

SECY DANIELS NOT VERY WISE, THINKS SIMS

Admiral Advises Legislation Reorganizing U. S. Navy Dept., Creating Responsible Military Adviser. Washington, May 28.—Legislation reorganizing the United States Navy Department and creating a responsible military adviser to the civilian secretary was urged before the Senate Naval Investigating Committee, today, by Rear Admiral Sims, who continued his testimony in rebuttal to Secretary Daniels and other witnesses. The amendment ascribed the war-time failures charged by him against the Navy to the present organization. He declared that Mr. Daniels in his testimony had not attempted to reply to specific criticisms but had endeavored to "blow over" the department's failures.

TIME FOR ALL CLASSES TO GET TOGETHER

Employers, Employees and General Public Owe a Duty to Nation Which Must be Performed. New York, May 28.—Employers in America—referred to as the capitalists group—heretofore have been backward in proclaiming their rights, and insisting upon proper consideration of the interests of the American worker, who are all the people. Employer, employees and the general public owe a duty to the nation which must be performed. This they will have the right to demand, and it will be readily and cheerfully accorded. They also should, and they will, continuously exercise a discipline to conciliate and cooperate. As applied to all groups faithful performance will ensure the highest pecuniary returns and most liberal treatment.

HAYAKAWA TO BUILD STUDIO

Upon his return from New York early in June, Sessuo Hayakawa plans to begin the construction of a studio on Melrose avenue near the site of the Brunton plant, where the future Sessuo Hayakawa Feature Plays will be made. The buildings of the new studio are to be ultra modern in structure and the architectural features will combine both the Spanish and the Japanese. The administration building is to be set back on a lawn, and Japanese gardens will occupy the places between the stages. Until his own studio is completed, Hayakawa will work at the old Griffith studio on Sunset Boulevard.

Penobscot

Penobscot, May 25.—Victoria Day, the first holiday of the summer was duly celebrated here. The different brooks were all thronged with fishermen and although no large catches were reported, everyone appeared to enjoy themselves to the fullest. Many plunkers were out of town in autos and during the hour between seven and eight in the evening 126 cars passed through the village on their way home.

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. THE WEATHER.

Toronto, May 30.—The barometer is high towards the Atlantic Coast and quite low to the westward of the Mississippi. The weather today has been fine from Ontario eastward, while the Western Provinces it has been unsettled with heavy showers in many localities.

Martime—Light winds; fine somewhat warmer. Northern New England—Fair Monday and Tuesday with moderate temperatures, moderate winds, mostly southeast.

AROUND THE CITY

FIRST COMMUNION. At the 7.30 Mass Sunday morning at St. Peter's Church, about eighty children, boys and girls, received their first communion.

SARDINE FISHING. The sardine fishing last week was very poor. Some of the Eastport factories were not operating, and others were working broken time.

FIREMEN WERE CALLED. The fire department was called out at 4.30 o'clock yesterday afternoon by an alarm from box 121 in Indiantown. On their arrival the firemen learned that there was a brush fire on Bellevue Avenue which did not warrant the men quitting the city limits and they returned to the stations.

A NARROW ESCAPE. What might have been a serious accident was narrowly averted Saturday evening. A little girl who had been standing on Sydney St. sidewalk near Union St., stepped off the curb to cross the street. At the same moment an automobile came around the corner from Union St., fortunately thought at not a very fast rate. The driver pulled his car up quickly missing the little one by inches.

PLEASING SOLOIST. Miss Ruth Owen of Pymonell, Ontario, was the soloist at St. John's (Steno) Church yesterday morning and evening and rendered most beautifully two selections, Gounod's "Treat me not to leave Thee" and "The Lord is my Light" by Francis Allien. Miss Owen possesses a very fine mezzo-soprano and was heard to great advantage in both these numbers. Miss Owen is the guest of Mrs. G. A. Kouring.

COUNTRY MARKET. Potatoes at the market Saturday sold for \$1.05 a peck, turnips at 50 cents a peck, carrots, 7 cents a pound; cabbage, 12 cents a pound; spinach, 12 cents a bunch; radishes, parsley and lettuce, 10 cents a bunch; cucumber, 6 cents a pound; cucumbers, 25 cents each; onions, 12 cents a pound; beet tops and new beets, 12 cents a bunch, and tomatoes, 60 cents a pound. Packet butter sells for 60 cents per pound, and prints 60 cents. Pork is worth 35 cents, pork, 25 cents; beef, 20 to 25 cents, and veal, 20 to 25 cents a pound.

WANTS INFORMATION. Postmaster Sears has received a letter from Harry E. Herbert, 440 East 12th street, New York City, seeking information as to the whereabouts of his relatives, whom he believes to live in St. John. He says that his mother, Mrs. Elizabeth Herbert, lived in St. John when he last heard of her. He also said that his aunt, Mrs. Agnes Horton, and two uncles, Robert and David Lettice, were residents of St. John or near here. Anyone knowing these people or their whereabouts should communicate the same to the Postmaster.

Commercial Man Asks Questions

Owing to the Crowds of People on the Streets Saturday Evening He Thinks St. John is Growing.

"St. John is growing, or the people here are moving to spend a Saturday evening except the sidewalk," remarked a commercial traveller, observing the crowds at the head of King St. "I have been coming to St. John for twenty years, and I never saw anything like the crowds out tonight. It is because there are no barrooms to absorb the population, or no games to attract them from the streets? It is not only King and Charlotte streets that are so crowded. I have been along Hill and Main streets, and there were plenty of pedestrians. Moreover, the moving picture houses appear to be pretty full, though most people prefer out of doors this kind of evening.

"The fact is the population of St. John is growing. What strikes me is the number of young people one meets. It was not 25 years ago. The young men and the young girls were leaving the city.

Evidently St. John people are getting used to spending a good part of their leisure on the streets. They show a wonderful ability in dodging motor cars. Near accidents seem to be accepted as a matter of course. Maybe the people who operate the motor cars

DISTINGUISHED SOLDIER ARRIVED HERE LAST EVENING

Principal Currie of McGill University, and General Who Handled Canadian Corps in Some of Its Most Successful Operations, Was Given Grand Welcome by Thousands When He Reached the City.

Principal Currie, of McGill University, the distinguished ex-soldier who handled the Canadian Army Corps in some of its most successful operations, arrived in the city last evening, and, despite the fact that nearly all the best citizens were at church, and most of the frivolous in the country, a crowd of several thousand turned out to welcome him.

The General came in on the Moncton express, accompanied by Brig. General Macdonnell and members of his staff. Mayor Schofield, Commissioner Frink, officials of the Board of Trade, and a crowd of citizens were waiting on the north side of the tracks. The General and his party descended on the south side. Thereupon the Mayor and the citizens displayed an activity of the kind that on more than one occasion has helped to put St. John on the map. Around and through the train they charged.

The General and his party were caught between the outflanking crowds and brought to a standstill. Then the Mayor, wearing a silk hat and his famous smile, advanced and bade the distinguished soldier welcome to our city. The General gave the password and smiled. The crowd beamed. Only upon the brow of one ex-serviceman disappointment sat for a second or two. "He does not look so responsible in mail," he said. Somebody started a cheer. The General raised his hat and smiled. The crowd raised the roof, or what was left of it. Secretary Homan, of the Canadian Club, appeared, and offered the General the glad hand.

Then the General and his party marched through the main streets, beaming upon all and sundry. The crowd followed the tall form of the General, and the silk hats of the Mayor and Secretary Homan. The General set foot upon the granite paving blocks of the historic city. His Worship doffed his hat and called for three cheers for Major General Currie; and the singing crowds responded with heartiness. The General raised his hat and kept on smiling.

FORTUNATE THAT HE WAS ARRESTED. Police Found Man Very Drunk Stowed Behind a Shed — Fine Pickings for Thieves as He Had \$169 in His Pockets.

A few days ago the police found a man stowed away behind a shed near the Marsh Bridge in a helpless condition from liquor. He was arrested, and when searched was found that he had one hundred and sixty-nine dollars in his pocket. The man was a stranger in the city, and had a few drinks with a couple of men he met, and that is the last he remembered until he woke up in a police headquarters cell. It is quite possible that the man was stowed away out of sight by men he had been with, and left until an opportune time for robbery.

PROMINENT DOCTOR COMING TODAY. Dr. Victor G. Heiser, Director for the East of Rockefeller Foundation, International Health Board, Arrives on Boston Express.

Victor G. Heiser, M. D., Director for the East of the Rockefeller Foundation, International Health Board, will arrive in the city on the Boston train tomorrow. He is coming here to inspect certain data that Dr. Roberts, Provincial Minister of Health, is laying before the Rockefeller Foundation regarding public health interests in the Province of New Brunswick.

are unusually adept in avoiding accidents. The way they tear around the head of King Street, and the corner of Union and Charlotte streets, and then the city fathers will wake up and establish routes for automobile traffic, as other cities do. It would be no great hardship on a motor car if they were deluged from using Charlotte street from the Head of King round by Union street to Brunelle.

The Patrol Wagon Works Overtime

Twenty-Three Persons Arrested from Saturday Afternoon Until Last Night; Total of Ninety-One in Ten Days—County Jail Being Crowded.

No machine on earth other than the little old Ford with a police patrol car could possibly stand the strain that is being placed on this piece of city property during the past week or so especially the last eight or nine days, for it has been working constantly night and day conveying prisoners from every point of the city to the cells in police headquarters. It was announced in the papers on Friday that the price of gasoline was going up and perhaps the extra running of the patrol wagon may have something to do with the advanced quotations. The only thing that is worrying the drivers is: Will the battery wagon continue to stand the strain?

It is a case of everything coming in at the county jail and a small percentage going out, in fact it is believed that prisoners will have to be liberated to make room for the great rush of new comers to the King Street Jail free boarding house. The merchants who obtained the contracts for keeping the jail supplied with food are doing well even if they were obliged to charge only a fair price for their goods as it takes many leaves to feed the hungry, and prisoners generally leave on Saturday and yesterday two or three days of confinement behind the stone walls.

As The Standard announced on Saturday last, the police have previously no less than sixty-three persons were gathered in by the police. This record will be badly beat if the number taken in Saturday and yesterday keep up during the remainder of the week. The police headquarters cells last night were occupied by no less than two hundred and thirty persons gathered in by the police from Saturday afternoon until last evening. Of this number, fifteen are charged with drunkenness, eight of these were lodged Saturday afternoon and night, and seven last evening, the extract or house inmates apparently fought to make their appearance during Sunday afternoon.

John Spielman and Kate Whitesack are being held for investigation on the grounds of having been found living together in the Asia Hotel and registered as man and wife.

A young lad who made good his escape, for a time, from the Boys' Industrial School, was gathered in by the police and after he is given the once over by the magistrate this morning will perhaps be sent back from whence he came.

Two protectionists sought the cells for lodging Saturday night. Some time ago such boarders were allowed to go by the police at all o'clock in the morning when the walking was good. This class are now obliged to appear in court and give some explanation as to their being in such circumstances.

Thomas Treney, Joseph McLaughlin, and Harold Downing were arrested at three o'clock Sunday morning and are charged with shouting and bowling on Millidge Avenue. They are also charged with drunkenness. It is a good thing that this section of the city had protection, there were more officers other sections of the city could be cleaned up of such undesirable vocalists.

Taking from Friday night until last night, the total number of arrests made by the police amounts to the grand total of ninety-one persons, and of this number fifty-eight have been charged with drunkenness, five others for having liquor in their possession, while the remainder of the lot were taken to custody on various charges.

If it was not for the able manner in which matters are conducted by the officials in the jail it might be found necessary to put up tents in the yard or build an addition to the already large structure to look after the great overflow of summer guests.

In the jail, fifty-eight prisoners, and it is safe to say that every boarder does not occupy a room by himself. On Tuesday last, thirty-five prisoners left the jail, and on the day following fifteen more departed and made room for others, in addition to these others the jail was crowded with prisoners on Friday, Thursday, Friday and Saturday.

When the police magistrate gets through with the array of talent that is taken to custody on various charges, the fifty-eight in jail will no doubt be enlarged, for it generally takes all the money that the ordinary man can raise to purchase booze at the present bootlegging price let alone pay a fine in the police court. For the last week alone the County Jail was occupied by well on to one hundred prisoners. L-men was responsible for some of the arrests, but any old thing some of the unfortunates can obtain to give them the feeling of intoxication is partaken of.
