## FORMAL OPENING OF NEW SCHOOL

His Excellency Lieut.-Gov. Todd Declares Building Open on Friday Evening

The formal opening of the new school building took place Friday evening when His Honor Lieut.-Governor W. F. Todd declared the school open and afterwards made the presentation of the Lieut.-Governor's Medal for highest marks in the High School entrance examination for Carleton county to Miss Harriet Harris, a pupil of the school. She is the first Hartland scholar to win this award.

The opening ceremonies took place in the large assembly hall in which the electric lighting made brilliant illumination. A. Plummer, chairman of the Board of School Trustees, presided and made formal presentation of the school building for the use of the district.

Mrs. Todd, in a brief address, offered to present a medal in the coming year for the pupils of grades 9, 10 and 11 showing the most exemplary conduct. The award is to go to either a boy or girl who will do most to raise the tone of the school and Hartland scholars have always had high standards.

The school has been in use since the opening of the term. It is a two-story building of brick with three large rooms in the basement, seven fully equipped class rooms, library and offices as well as an assembly hall. It has a possible accommodation of 350 to 400 while the present enrollment of the school is 230. It has been built at a cost of \$55,000 and is fitted with a modern steam heating plant which cost \$7,300. Architects MacPherson & Green prepared the plans and the contractors were Post & Snelley. The teachers are R. Harris Chapman, principal; Mr. K. Smith, Miss Mary Pringle, Miss Anna Kingston, Mrs. E. E. Mills, Mrs. Wendell Nixon and Mrs. E. W. Laskey.

The school is located on a splendid site commanding a view of the St. John River and is about 50 to 60 feet above the river bank. It is on a large level expanse known formerly as Burt's Flat, and has a very large playground space, the whole site being about equal to 20 city lots.

Telegrams of regrets at inability to attend the opening were received from Dr. W. S. Carter, chief superintendent of education; Hon. D. W. Mersereau, Minister of Agriculture, and Premier Veniot, also Hon. Dr. Roberts, Minister of Health.

When Mr. Plummer had formally presented the building, the Lieutenant-Governor extended his congratulations to the citizens on possessing so fine a building. He afterwards addressed his remarks more particularly to the pupils, giving them special exhortation.

After Governor Todd had presented his medal to Miss Harris, F. C. Squires, barrister, of Woodstock, spoke on the school law with regard to modern needs and conditions, making special reference to the value of vocational education. Two of the rooms in the new building may be devoted to provide for vocational training, in the commercial course and in the preparatory course as conducted in Woodstock. The matter is still undecided.

Rev. W. P. Haigh, Anglican clergyman, spoke on "The flag and what it means to our school." Miss Elizabeth Hayward contributed a solo that was very well received. Rev. G. F. Bolster, Baptist pastor, spoke of moral and religious training in the school, advocating not a special subject for the curriculum but having the moral side stressed in the teaching of all subjects.

Mrs. H. F. McLeod of Fredericton, provincial regent of the I. O. D. E., presented the pictures of the I. O. D. E. war memorial and three of these were unveiled by the secretary, J. S. King. When the portrait of the Prince of Wales was presented it was given special honor, all of those present standing while the presentation took place. These pictures had all been framed by the order of the school board and were hung on the walls of the assembly room.

Another very pleasing feature of the evening was the presentation to the school of a fine flag pole by F. W. Smith, our member in the local house. He had had this pole erected on the school grounds.

Dr. Bailey, health inspector, was also present and gave a fine address along his line of work.

Mrs. S. S. Miller spoke briefly of the work of the Red Cross Society in the community and touched upon Junior Red Cross activities in the school.

Following is the program:  
\* Opening remarks by the chairman.

THEY SURPRISED  
THEIR FRIENDS

Invited to Choir Practice—It Turned Out to be a Wedding.

A wedding of unusual interest and one which was a very great surprise to all, occurred Tuesday evening at the home of Mr. and Mrs. Edmund C. Morgan, Hartland, when their only daughter, Mabel Martha, was united in marriage to Mr. Harley Baden Richardson, son of Mr. and Mrs. Arthur Richardson of Castalia, N. B.

The choir of the Baptist church of which the bride was a popular and valued member had been invited to the home of Mr. Morgan for choir practice, and a number of friends and immediate relatives of the bride had been invited to spend the evening, all of whom were quite unaware of what was to take place. Suddenly at the close of the choir practice the house was filled with the strains of the wedding march played by Miss Myrtle Trites and ere the astonishing company was aware of it the bride and groom appeared unattended and the wedding ceremony was begun by Rev. G. F. Bolster. The bride was attired in a gown of sandal wood Canton crepe. Immediately at the close of the ceremony refreshments were served by Mrs. Nathan Shaw, assisted by Miss Hagerman, Miss Trites and Miss McGee.

The bride and groom leave on the express this afternoon for their future home at Castalia.

### THE UNITED BAPTIST CHURCH

The usual preaching services will be held at the Baptist church on Sunday. The pastor, Rev. G. F. Bolster, will preach at 11 a.m. and at 7.30 p.m. Special attention is called to the change in the hour of the meeting of the Sunday School. Beginning on Sunday the school will meet at 2.30 p.m. A very cordial invitation is extended to all who are not attending Sunday school elsewhere to meet with us. The public is cordially invited to all the services.

### EARTHQUAKE

Yesterday morning about 5 o'clock the inhabitants of this town were rudely awakened by a jarring, a rattling of doors and windows and dishes, etc., the result unmistakably of an earthquake. It was very distinct and seemed to last for quite a time—some saying one minute, others two or more minutes. A slight quake was felt by some one night last week also.

## CAR THIEVES ARE CAUGHT

The Woodstock Press Gives Details in the Following Article

On the morning of Monday, Sept. 22, a car arrived here, that appeared suspicious-looking to Chief Kelly and he noted the license number in a book. One of the party who came in the car saw the incident from the window of a barber shop, notified three of his companions and the car made a quick getaway. Chief Kelly also noticed two strange girls on the streets and he asked Sheriff Foster to keep an eye on them. In the afternoon the sheriff met the girls, who gave their names as Elizabeth and Annie Christian of Leominster, Mass., said that the parties they were with were auto bandits, and that the latter had abandoned them here.

The Woodstock correspondent of the Telegraph-Journal rushed the news to St. John and messages were also sent to different points to keep a watch for the car. Later information from different points follows:

Moncton, N. B., Sept. 24—Moncton police are today awaiting word from Chief of Police Graham, of Sault Ste. Marie regarding four men held here on the charge of stealing automobiles in Ontario and Quebec.

It is expected that an officer will come to Moncton from Sault Ste. Marie for the prisoners. They are: Frank Conley, St. John; Donald Williston, Newcastle; Louis Leblanc and Joseph Comfort, of Fitchburg, Mass.

They were arrested on the Shediac road last evening by Moncton police assisted by Chief Gunn, of Shediac.

St. John, Sept. 25 Frank Conley, St. John; Donald Williston, Newcastle and Louis Leblanc and Joseph Comfort of Massachusetts, the four young men captured early in the week by Moncton and Shediac police and charged with having stolen three automobiles in Quebec and Ontario, appeared in the police court at Moncton yesterday and pleaded guilty. Judge C. A. Stevens sentenced each of them to two years in the penitentiary at Dorchester.

It is expected that the quartette will be conveyed from Moncton this morning to the Maritime prison. Leblanc owned a car and with Comfort left Fitchburg en route to the province of Quebec. In Montreal the other two men joined the party.

The two girls with the party were held in Woodstock and will be sent to their homes in Leominster, Mass., when money arrives to pay their passage.

At the present writing, the latest news that The Press has about the girls is that Inspector Kennedy was here to see about deporting the girls across the line; one has a birth certificate and Sheriff Foster has wired for the birth certificate of the other girl. If that is received deportation can take place.

There was also received a letter from the father stating that he was a poor man with a large family and would have difficulty in raising the money to buy the tickets to take the girls home and he hoped some charitable society in Woodstock would purchase the tickets.

The explanation for the light sentence passed by the Moncton magistrate is that the municipalities interested did not appear to wish the case to go to high courts as it meant additional expense, and two years sentence was the limit that the magistrate could impose.

Tramp: "Please, ma'am, could you spare a copper?"

Woman (caring twopence): "Here you are; but don't think I give you this simply because you need it; I do it simply because it pleases me!"

Tramp: "Well, ma'am, if that's how you feel about it, make it a tanner, an' have the time of yer life!"

samples were received.

And here's news that means much to all with a sweet tooth: four new lines of Marsmallow have been placed on the market: Pink, White, Toasted, and Moss. Dealers are getting them in five pound boxes. Some homes will find the full box none too little for an evening's entertainment.

to get black bass for breakfast. The Rev. gentleman knows the good spots, and with two such enthusiastic fishermen it was only a matter of just going there and ending the lives of a portion of the population of the Lake. The Rev. Mr. Kelly met Mr. Hoyt at Princeton and it was towards evening. The coming night dismayed the ardent fishers. They boarded the motor boat and launched out into the deep. Chug, chug went the boat and higher and higher went the hopes of the sportsmen. Up, up the lake they went, mile after mile went they. The shadows darken, but Mr. Kelly assured Mr. Hoyt that the darkness of the evening made no difference, as all the fish that was needed could be caught in fifteen minutes.

And now the buoy is in sight and there they will anchor the boat and in a few short minutes—the end of the voyage of miles is reached, the boat is anchored, the lines are unrolled, and Mr. Hoyt asks for bait. Just common worms. They search the boat, they find the tin, but alas! the tin is wormless, and no other tin can be found. On stricter inquiry being made it appears the worm tin has been used for baiting out the boat, and in the bailing thereof the worms were set free. And now the anchor is weighed, chug, chug goes the boat, evening is now far advanced. Mr. Hoyt presides at the brakes for it is a time of danger on the return trip, but eventually the harbor is sighted and our fishermen have reached terra firma safely. But alas! for breakfast next day both Mr. Hoyt and the Rev. Mr. Kelly eat no delicious fish, but plain porridge, but then porridge is good, and maybe the fish would have caused indigestion.

A certain country town has a League for the Elimination of the Middleman. Recently a member fell ill and sent for the undertaker. That craftsman came at once, but, on entering the sick-room and observing the patient, he said, "Why, man, you don't want me. You need a doctor."

"No I don't," said the sick man faintly. "No middlemen."

### HOTTEST PLACE ON EARTH.

The Thermometer Is a Very Poor Indicator.

Discussing the hottest place on earth, a "Returned Exile" writes: When travellers from the deserts of India, the banks of the Zambezi, and the back blocks of Queensland began to compare thermometer readings it is probable that none will yield pride of place until the highest figures known to meteorological science have been reached and surpassed.

In India, Jacobabad has an evil reputation, but there the retired Indian colonel is beaten on his own ground, as I can claim to have spent a fortnight at Shikarpur in June, the hottest month of 1905, one of the worst years on record.

Shikarpur is not many miles from Jacobabad, and having no garrison, has not acquired similar fame, but is even more sultry, being surrounded by trees which keep off the breeze that might otherwise bring a breath of early morning coolness from the desert.

When I was there the mercury on several occasions touched 128 degrees in the shade, and for more than ten days on end never fell below 100 degrees at any moment of the day or night.

Contrary to popular belief, the most intense heat is not to be found near the Equator, and often outside the tropics altogether. The highest reading in my experience—131 degrees—was taken in Manchuria, but that was in a railway carriage between Port Arthur and Harbin, and would not be accepted as "official."

Further north still, at Blagoveshensk in Siberia, where the thermometer in winter falls to 60 degrees below zero, extreme heat is common in the summer, but only for brief periods.

In the southern hemisphere readings of 110 degrees and 115 degrees are frequently reported from Western Australia and Northern Queensland, Burke and Townsville being notorious in the respect.

But so far as human comfort is concerned, the thermometer is a very poor indicator, and the figures are hardly worth arguing about. In the sticky heat of large cities in July it is possible to be almost melted at 90 degrees, while 110 degrees in the dry Sahara is perfectly bearable.

To vary an old saying, "A woman is as cool as she looks, and a man as hot as he feels."

### Least Said, Soonest Mended.

Mr. Brown was calling on an old friend; but, unfortunately, Mr. Brown was one of those people who, with the best intentions in the world, always manage to say the wrong thing.

"I declare," he remarked to his friend's wife, "it quite cures me of home-sickness to drop in and see a little of your home-life."

A stoney stare from the lady soon made him realize that he had said the wrong thing again.

"Er—er not that your home life is anything but," he continued—er—that is to say, that it makes me all the fonder of my own home, or rather that the—as someone once said a hair of the dog that bit you—er—which isn't, of course, what I mean. But when a man is lonely he can enjoy the society of almost anybody!"

"Sir!" broke in the lady angrily. "I mean," floundered Mr. Brown, "that, be it ever so humble—er—no, no, yours is not that—but there's no place like one's own—but I mean—well I must be going! Good-day!"

### That One Went, Too!

The Hughes' household was one procession of cooks. One day they entered the kitchen, and the next they went out by the door. None of them seemed to have the slightest knowledge of how to boil an egg. A new "treasure" had just arrived, and Mr. and Mrs. Hughes sat down to breakfast on the morning after her arrival, with hope in their hearts. If Haggie's cooking was anything like her looks, then it would indeed be good.

But, alas, when the bacon was placed on the table Mrs. Hughes had only to take one look at it to see that it was burnt to a cinder.

"Dear," said the wife to her husband, "the bacon is all burnt again! I'm afraid you will have to be satisfied with a kiss for breakfast this morning!"

"All right!" responded the husband gruffly. "Call her in!"

### Just Like a Man!

Mr. Younghusband had not found life a path of roses since he had led his chosen to the nuptial altar. He was always trying to please his wife, but somehow he never could succeed.

One evening, on arriving home, he said to her: "Well, Hilda, you can't guess what I've been doing to-day."

"Making a fool of yourself, as usual," replied the loving Hilda, ungraciously.

"That's as you look at it, dear. But I have done something really good. I've insured my life."

"Well," was the snappy reply, "I always knew you were mean! Insured your life, indeed! Always looking after yourself first!"

### Sea Jewels.

Visitors can be seen roaming the English sea coast for valuable stones. The sea collects the jetsam of ages and specimens of every geological formation. Among others found are corallians, chalcedonys, amethysts, agates, onyxes, and pieces of jasper. The "Elle ruby" is a garnet found to the eastward of Elle Harbor, on the coast of Fife. Other parts of the coast have their special jewels. Onyx can be found almost anywhere. As for pearls, it has been stated that they have been found in cockles at Conway.

## LOCAL AND PERSONAL ITEMS

A happy event of much local interest took place on Tuesday, Sept. 23, at the home of Mr. and Mrs. John Reid, when their only daughter Annie Peris was united in marriage to Arthur May of McAdam. The house was prettily decorated for the occasion and the ceremony performed by Rev. H. Upton, was witnessed by about 70 guests. The bride dressed in white satin, with veil and orange blossoms, entered the room with her father while the wedding march was played by Miss Myrtle Smith, cousin of the bride. The bride and groom were attended by Jack Reid and Miss Mabel May, brother and sister of the contracting parties, while little Miss Jewett was ring bearer. The presents consisted of cut glass and cash. The groom's gift was a string of pearls. Following the ceremony a wedding dinner was served. The bride and groom left shortly after, to catch the train for an extended trip to Montreal and Detroit. Her going away suit was of navy blue pique tulle, with hat and gloves to match. Out of town guests included Mrs. May, Miss May of McAdam, Mr. May of St. John and Mr. and Mrs. Young of McAdam. The bride was a former school teacher at both Centreville and McAdam, so will be well received by many friends in her new home.

The Midnight Revelers played their final dance on Friday night at the Opera House. This musical aggregation intend breaking up in the near future.

George Crosby of St. John was the guest of Mr. and Mrs. S. W. Burtt on Friday.

Miss Helen Harold left on Saturday for Halifax to resume her course in Pharmacy.

E. R. Stiles of St. John spent a couple of days last week at his former home here, returning on Friday.

Harold White and Harley White of Arnostook Jct. were the guests on Friday of Mrs. Alice White.

Miss Frances Simonson and Mrs. Wright of Boston returned to Boston on Thursday after a week's visit with the former's sister, Mrs. Hamford Shaw.

The home of Mr. and Mrs. Norris DeLong was the scene of a very happy event Wednesday, Sept. 24, when Miss Ella Elbert of Centreville was joined in marriage to John Webster of Nelson, B. C. The ceremony was performed by Rev. H. R. Bell in the presence of a large number of relatives and friends of the bride as guests.

The bride is a former school teacher, who has taught several terms in this vicinity. A wedding dinner was followed by a motor trip to Florenceville to catch the express for the journey to their new home.

Miss Jennie Henderson of Andover was the guest of Miss Hilford DeLong last week.

Miss Lane of Fort Fairfield returned home on Friday after a visit with her friend, Miss Alice Niles.

Chas. A. Long has been ill for the past few days at his home here.

"Children of the Dust," a First National classic was shown on Wednesday night at the local theatre. This play was intensely human and full of heartthrobs. The first three reels portrayed the childhood days of the principal actors, while the four final reels were devoted to the sundry happenings to them as adults. Johnnie Walker, of "Over the Hill" fame starred, while Lloyd Hughes and Pauline Garon, played important roles. The work of Bert Woodruff though not particularly stressed in the advertising, was some of the very best acting in the picture. On Saturday "The Night Hawk" featuring Harry Carey, was shown. This was a strange intermixture of underworld stuff and western drama and was a good picture. A New York scenic and a comedy "Flying Finance" was shown for good measure. Read page 7 for this week's attractions.

Rev. H. R. Bell will preach on Sunday, October 5, at Centreville, 11 a.m. Lakeville, 3 p.m.; Good Corner, 7:30 p.m.

Rev. H. R. Bell has secured the services of Rev. A. J. McLeod of the Pictou conference, Nova Scotia, who will begin a series of gospel meetings on October 14 in the United Baptist church, Centreville. Mr. McLeod is one of the outstanding preachers in our sister province, and his coming will be awaited with great anticipation.

Rev. Gypsy John Hawkins concluded his series of evangelistic services here on Friday evening, with the concluding installment of the tale of his interesting life. Mr. and Mrs. Hawkins and Miss Gould left on Saturday for Bridgewater, Me., where they will conduct a similar revival.

Rev. E. Bridgewater will hold service on Sunday, Oct. 5, as follows: Martins and Litaly, St. James, Centreville, 11 a.m.; evensong, Church of the Good Shepherd, Florenceville, 3 p.m.; evensong, St. Barnabas, Greenfield, 7:30 p.m.

The first of a series of community bridge parties was held at the home of Mrs. Alice White on Friday evening, when Mrs. White and Mrs. Bruce were joint hostesses. A most pleasant evening at bridge was indulged in, refreshments being served before the close of the party.

Harold White of Arnostook and Miss Pirie of Grand Falls spent Sunday with Mrs. Alice White.

## MORE THINKING. LESS TALKING

An observant writer in a New York paper speaks of President Coolidge's quiet and dignified attitude, in the coming election, with respect. Evidently the president has no great faith in the "brass band campaign." He remembers that if he is a presidential candidate, he is also and first and foremost the President.

Again, Coolidge makes comparatively few public speeches. When he does speak he is listened to with attention. It is said, he requires two weeks' notice when he is asked to address a public gathering. And then he thinks and dictates and revises.

What he has to say is worth hearing.

People seem slow to comprehend that this is a changed world since the war. The glib talker is at a serious discount. No one has the right to occupy his fellow citizen's time with the utterance of silly platitudes. The mass of the people are thinking.

There is something pathetic in the old ring politician these days. He hardly knows where he is at. This new, thinking world is strange and frightful to him. Why should people think? Why not forget the war and get back to the dear old days of party devotion and loyalty?

President Coolidge is a party man, but he recognizes that the old party is surely, is slowly, breaking

of some kind is in the air, he public man who knows.

## GREENWOOD CEMETERY

Improvements have been carried on all summer in Greenwood cemetery. New walks have been laid out and gravelled; a new building has been put up at the entrance for the caretaker's tools, and a stile was built having easy flight of steps across to gain access to the place so that the gate could be kept locked; a thing which seemed quite necessary as it was frequently left open and cows, sheep etc., gaining entrance. Last but not least, a fine arch has been built over the main entrance with the name "Greenwood Cemetery" in large black letters upon it. The caretaker, Mr. Glayshurst, deserves a great deal of praise for the manner in which he has kept the cemetery.

## PRESIDENT OF N. B. POWER COMMISSION SPEAKS OF GRAND FALLS DEVELOPMENT

That, in all probability, the New Brunswick Electric Power Commission would have all its data regarding the Grand Falls development ready for presentation before the International Waterways Commission by December, was the announcement of Hon. Dr. E. A. Smith, chairman of the commission, who arrived in the city last night to attend to the regular routine month-end of his department.

Dr. Smith seemed to be very much pleased with the progress that had been made. The survey parties, with the exception of one small one which was collecting the ends of its data, had been disbanded, he said. All that now remained to do was to prepare the data, specifications and plans to place before the commission in proper form.

Dr. Smith did not anticipate any trouble in having the scheme ratified by the international body. In Quebec the matters which must be taken up with the Government, he believed, would be placed in the hands of their streams committee which would make a recommendation to the Government. The desired rights could then be granted by order-in-council.

The situation was somewhat different in Maine, where all lands were held in fee simple. This being the case, there would be no treating with governments, but there would be with hundreds of individual owners of land who would have to be repaid the value of their land flooded in the backup of water from the dams. Telegraph Journal.

## CHURCH OF ENGLAND SERVICES

Hartland Thanksgiving service was held last Sunday in the Holy Trinity church at which Rev. H. E. Rigby of Woodstock gave appropriate addresses both morning and evening. The

music was also appropriate for the occasion. The church was very tastefully decorated with flowers and fruit of the season.

There will be no service in the Hartland church Sunday on account of Harvest Thanksgiving service being held at Glassville. There will be service in the morning and afternoon at that church, and in the evening the Rev. W. P. Haigh will be at Beaufort.

## BERTRAM FOX

The sad death of Bertram Fox occurred on Sept. 24, after a lingering illness of tuberculosis. Three weeks ago he was taken to the sanatorium in St. John where everything was done for his recovery but every effort failed. He was 46 years old and leaves to mourn, his wife, one son and two daughters, his aged parents, five brothers and one sister, besides a large circle of relatives and friends. The remains were brought to his home in Queensbury for burial. The funeral service was held at the Baptist church of the above mentioned place on Friday afternoon, conducted by Rev. P. J. Quigg of Woodstock, with interment in the cemetery nearby.

**DEATH OF REV. W. B. WIGGINS**  
 Rev. W. B. Wiggins, died suddenly at his home in Moncton from the effect of a sudden attack of acute indigestion.

The late Mr. Wiggins was over 70 years of age and was editor of The King's Highway, the official publication of the Reformed Baptist church. He was one of the oldest ministers of the Reformed Baptist church having been associated with that denomination since it was founded in 1888. Recently he held the post of secretary and legal representative for the denomination and was president of the Missionary Society. Formerly a pastor at Moncton. The deceased also held a pastorate at Woodstock and was well known in Fredericton, where his many friends were shocked to learn of his sudden death. In addition to his widow he is survived by two brothers and a sister. A brother and sister reside in Boston while the other brother resides in Norton. He had no family.

## SEES A GOOD SEASON IN THE POTATO TRADE

A. D. McCain, president of the McCain Produce Company of Florenceville, N. B., was here yesterday completing arrangements for potato shipments to Havana. He said there will be weekly sailings from this port and probably from five to six shipments monthly. He estimated that each shipment would total approximately 15,000 sacks. The company is also starting shipments of certified seed and he expects that at least 12,000 barrels will be expected. With reference to the crop of potatoes this year he said that it is good and the quality excellent. The price at the present time is low although the market in Havana is in a healthy state. Last year the number of sailings from this port, he said, were 45, and he expected as many if not more this season. Speaking about the potato shed in West St. John, he said it had proven invaluable to the shippers and had greatly facilitated the handling of the large shipments. Telegraph Journal.

### CONNELL NEWS

Friends here have just received the marriage announcement of Miss Ella P. Elliott to Lieut. John Gordon Webster, of Nelson, B. C. The happy event which took place at Centreville on Wednesday, Sept. 24, was the culmination of a love affair, begun when Miss Elliott, who taught school in the western provinces for three years, was spending her vacation with friends in Vancouver. Mrs. Webster, who is one of the clever young ladies, born and brought up in Connell, graduating from Florenceville Consolidated School, and later from the Provincial Normal School, has a host of friends here and elsewhere who wish for her and Lieut. Webster, a long and happy wedded life, and whose best wishes for a delightful honeymoon trip, will follow, as they proceed across the continent to their home in Nelson, B. C.

Mr. Robert Squires of Bath was a recent guest of his relatives, Mrs. Ada P. Perry and family.

Mr. and Mrs. Frank McDonald and little son Dow, of Nashwaak, are spending a few weeks at the home of their sister, Mrs. Rex Stephenson.

## TIRED OUT ALL THE TIME

### Nerves Gave Little Rest

Relieved by Lydia E. Pinkham's Vegetable Compound

Harrowsmith, Ontario.—"I took your medicine before my baby was born and it was a great help to me as I was very poorly until I started to take it. I just felt as though I was tired out all the time and would take weak, fainting spells. My nerves would bother me until I could get little rest, day or night. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to publish this good medicine. I lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will serve to help others."

—Mrs. HARVEY MILLIGAN, R. R. No. 2, Harrowsmith, Ontario.

In a recent canvass of purchasers of Lydia E. Pinkham's Vegetable Compound over 100,000 replies were received and 98 out of every 100 said they had been helped by its use. This medicine is for sale by all druggists.

The death of Mrs. George Bell occurred at an early hour Wednesday morning, after a few days illness. Although Mrs. Bell had been in failing health for some time, her sudden passing was a shock to her relatives and friends. Had she lived until December 1 she would have reached the age of thirty one years. She was the second daughter of Mr. and Mrs. Blanchard Murphy. The cause of her death was Bright's disease. Dr. Harvey Murphy of Dexter and Dr. Small of Fort Fairfield were called, but the disease was so far advanced that medical aid was of no avail. All that loving friends could do to alleviate her sufferings was done. At three o'clock Wednesday morning she passed quietly and peacefully to her long sleep. She leaves a sorrowing husband to mourn, also her father and mother, and one sister, Mrs. W. C. Moore of St. John West. The funeral took place from the home of Mr. and Mrs. Blanchard Murphy Thursday afternoon. A brief address was given by Mr. Frame and prayer by Rev. E. E. Fyche. Beautiful music was furnished by members of the Presbyterian choir. The flowers were numerous and beautiful. Interment was made in the Presbyterian cemetery. Those bearing the pall were Roy Murphy, Wilmot Curry, Robert Curry and John Lynch. The sympathy of all is extended to the mourning ones.

### FIRE PREVENTION

WEEK, OCT. 5-11

The following letter speaks for itself:

Department of Insurance, Ottawa, Sept. 23, 1924.

To the Editor,

Dear Sir,—By Royal Proclamation, His Excellency, the Governor General of Canada has designated October 5 to 11 as Fire Prevention Week. During that week, lessons on fire prevention subjects will be given in the schools, public meetings will be held in many of the larger cities, towns and villages, and the owners and occupants of property everywhere throughout Canada will be counselled to give special attention to the removal of fire hazards from their premises.

Fire waste is one of the most serious economic problems confronting Canada at the present time. The public in general is vitally affected by the tremendous losses annually incurred by fire and the enormous expenditures rendered necessary to adequately protect life and property from its ravages. Seeing that at least seventy-five per cent of all fires are caused by carelessness and can therefore be prevented, it is the obvious duty of the newspapers to bring the matter to the attention of the people.

In order that this may effectively be accomplished, this Department most respectfully asks for your co-operation. Thanking you for your many courtesies in the past and assuring you of my sincere appreciation for your present assistance, I am

Yours very faithfully,

I. Grove Smith,  
Dominion Fire Commissioner.

THE PARIS subsidiary of the Bank of Montreal is situated in a quarter rich in historic interest.

From a lofty column in Place Vendôme the statue of Napoleon looks out upon an imposing square the construction of which began in 1686 under authority of Louis XIV.—a square which has witnessed many of the city's greatest demonstrations and which now mirrors the social and business life of Paris.

Here, in the heart of the capital of France, the Bank of Montreal in 1919 established a subsidiary office in the Ritz Hotel Building. In February, 1922, the business of this office had become so extensive that enlarged quarters were opened near by at No. 6 Place Vendôme.

**NELLIE WALKER, ON HER ROUND  
THE WORLD TRIP, VISITS  
WINDSOR, N. S.**

Miss Nell A. Walker, of Los Angeles, who has been for some time featured in the Canadian and United States Press as being on a hiking tour around the world, came through the Evangeline trail arriving in Windsor this week. Miss Walker informs the press that she has already covered five thousand miles of her round the world tour, leaving the inference that she walked all the way. At Windsor she begged a drive to Bedford from a travelling salesman for Yarmouth Candy who is said to have opened the door of his coupe for this knickered damsel in distress, but before she had time to climb in he changed his mind and stepped on the gas.

Dressed in man's attire, Miss Walker breezed into the Tribune Office on Monday of this week. She came from Boston by boat to Yarmouth, and walked from Yarmouth to Windsor. She intended to walk to Halifax then to Truro, New Glasgow and on to Sydney, and then back to Truro and then to Amherst and on to New Brunswick

and then strike the United States, visiting the principal cities on her way back.

Another version of Miss Walker's movements on leaving Windsor we learned from a traveller who gave her a drive.

Miss Walker started to walk and a short distance out of town she hailed another traveller heading for Halifax and begged a drive. This gentleman represented bibles, hence he took compassion on the lady, and being an elderly married man was not afraid of her lion-tamer size and appearance. He parted with her where the Bedford road intersects the road to Truro. Miss Walker is a plucky young woman, and so far has demonstrated her ability to get around the world safely. She was seen about the streets in Halifax on Wednesday.—Windsor Tribune.

"Tommy had spent his holiday on a farm, and on his return home was full of his adventures. "And mummy," he exclaimed, "I saw the milkmaid!" "Oh, nonsense, dear," replied his mother, "milk isn't made; it must be taken from the cow."

**Cream Compared  
To Skim Milk**

Refiners without an axe to grind—chemists and motorists who've driven with it once—tell you in one voice that Fundy Gasoline is the cream quality gas.

The first gas with body to it that's run off from the distilling. All others come from what's left behind.

Which is why Fundy is the one without any kerosene content—the pure article.

The manufacturing profit may not be so good per gallon—but the bigger demand makes it worth while to stick to quality. It's a handful of drawing cards to have a gas that produces more power and mileage with carbon cut to a tenth and oil expense halved.

Mr. and Mrs. Ralph Murchie arrived home on Sunday from a trip which took them to New York, Boston and other points. They motored from Edmundston to Boston and from there to New York by boat. Returning they came back via Calais and St. Stephen. They are occupying the House recently vacated by Frank Burgoyne on Canada Road.

Mrs. Lee Seely, formerly Miss Miller, who before her marriage was the manager of the Western Union office here, is relieving W. E. Larette, who is away for a short time. Her many friends are glad to see her at the old stand, and those of us who have to use the telegraph fairly often wish that she would resign her husband

and stay there permanently. Mrs. Seely can take a message over the phone with the greatest ease, and we know some people who cannot do that.

The Rev. Frank Milligan of Halifax was the preacher at both services at Fraser Hall on Sunday. Mr. Milligan is Presbyterian Secretary of the Maritime Religious Education Council, and came to Edmundston in the interests of that Association. The congregation both morning and evening were delighted with the messages Mr. Milligan brought. At the Sunday School session Mr. Milligan addressed the children and by the close attention which the little ones gave it was easy to see that his work amongst children is meeting with success because of his eminent suitability for the task which is his. He left on Monday morning to attend the meeting of St. John Presbytery at St. John on Tuesday.

One of our popular bank managers in the person of Frank Burgoyne of the Provincial, is being transferred to Montreal to the Ville Emard branch. The management of the Edmundston branch has been taken over by J. A.
