HUNS HURLED BACK WHEN BYNG OPENS ATTACK ON WIDE FRONT SPAIN TO SEIZE GERMAN BOATS INTERNED THERE

SUB CREW SEIZES CANADIAN TRAWLER, ARMS VESSEL AND STARTS RAIDS OFF COAST

Hun Subs "Playing Havoc" With Fishing Fleet Off Atlantic Coast—Crew of Trawler Triumph Set Adrift in Dorries, While Armed Guard Takes Over Ship.

Washington, D. C., Aug. 21.—Strong forces of swift naval patrol boats and destroyers sped today to the North Atlantic fishing banks, where the trawler Triumph, captured yesterday by a German submarine, armed and manned, is reported to be raiding fishing fleets. Naval officials here think the recapture of the trawler or her enforced destruction by the German crew is a certainty.

An Atlantic Port, Aug. 21.—A German submarine late yesterday seized the big fishing trawler Triumph. The crew, who have reached safely, said they believed the submarine intended to use the trawler as a raider. The fishermen reported that the U-boat is "playing havoc" with the fishing fleet on the Grand Banks. The Triumph was lashed on the fishing banks by the U-boat, and the crew was permitted to take to the dories. The fishermen said that the trawler was still afloat when they last saw her.

An armed guard of Germans was placed aboard, and no precautions were being made to sink the ship, the Triumph's men said. This led them to the conclusion that the Germans intended to use her as a raider. Fishermen here said today that if the German submarine made use of the trawler Triumph, they would, as a raider, they would have to recapture the craft at least every ten days.

The Triumph was manned entirely by a Canadian crew, and is owned by a Canadian company. The vessel is 125 feet in length, 15 feet deep and 22 feet beam, and registers about 250 tons gross.

SUB SEIZES TRAWLER. The Triumph is owned by the North Atlantic Fisheries Company and is one of the crack boats of the fleet. A Canadian Atlantic Port, Aug. 21.—The steam trawler Triumph, with two guns and wireless and manned by sixteen Germans from the boat which was captured here yesterday, is raiding the banks off the coast of Nova Scotia and the crews of the schooners sunk by the Triumph have arrived here. The vessels known to be sunk are the U.S. S. Saunders of Lunenburg, the E. Pyatt Andrew of Gloucester, Mass., and the Francis J. O'Hara of Boston.

Capt. Myrre, master of the Triumph, who landed here with his men this morning, told the Canadian Press today that the captain of the submarine said he was only one of six U-boats operating on this coast. "We intend to destroy the fishing fleets," the German commander said to Capt. Myrre.

SUGAR SUPPLY IN CANADA TO BE CUT DOWN 40 PER CENT

New Regulations To Go Into Effect On September First.

HOUSEHOLDERS AFFECTED

Export of Sugar Must Be To Soldiers Overseas Only.

Ottawa, Aug. 21.—As a result of the shortage in the sugar supply consequent upon the difficulties of transportation from Cuba and Java and the shortage of the beet sugar crop in the United States, the international sugar commission, after surveying the situation, has arrived at the conclusion that a forty per cent reduction in household consumption on this side of the Atlantic will be necessary.

Sugar regulations in Canada, it is stated, will therefore be strictly enforced. New regulations will require proprietors of public eating places to secure a sugar certificate by September 1, and that the supply of sugar will be limited to a maximum of two pounds per ninety meals served, or sixty per cent of last year's supply for the corresponding period, until December 31 of this year. If sixty per cent proves insufficient to allow two pounds for ninety meals in certain places, an extra certificate will be granted.

The export of sugar to any districts, regardless of value, is also prohibited, except in the case of parcels addressed to soldiers overseas.

Regulations now in force restricting the use of sugar in candy, ice cream, etc., are to remain in force, while hoarding of sugar in homes is also strictly prohibited.

LOCAL TEMPERATURES. Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 82; lowest, 50.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 71; lowest, 54.

CANADIAN TROOPERS MADE RIDE TO DEATH TO BREAK HUN LINES

Heroic Deed of Western Regiment Has Never Been Equaled Since the Days of the Charge of the Famous British Light Brigade.

[BY J. F. B. LIVESAY.] With the Canadian Forces in France, Aug. 21.—It is now possible to record some of the exploits of the Canadian cavalry on the three opening days of the Somme battle. None is more tragic and wonderful than the ride to death of some men of a well-known western regiment. The cavalry was set the task of breaking through the enemy lines and destroying his back organization. It undertook some desperate adventures in this quest over a country saturated with trenches and wire and containing hidden nests of enemy machine-guns.

100,000 DRAFTEES MUST HAVE BEEN DISPATCHED OVERSEAS BEFORE GOVT'S POWER CEASES

Ottawa, Aug. 21.—Until 100,000 draftees have actually been embarked for overseas, the power conferred on the Government by the military service act will not have been exhausted, would appear to be the chief point of the interpretative order-in-council passed yesterday at the recommendation of the department of justice. The regulation bearing upon the point which constitutes the conclusion of the order is as follows: "All the powers conferred by the military service act of 1917 and which were heretofore or are now capable of being exercised for the purpose of obtaining men to reinforce the Canadian expeditionary force now engaged in active service overseas, and as well as to be included in the complement or authorized in that behalf continue in force, and shall be executed so and until the number of men obtained under the authority of the military service act, 1917, and the said regulation who have embarked or been dispatched or shall embark or be dispatched in Canada for service in the said force overseas shall on aggregate amount to one hundred thousand."

SPAIN TO USE GERMAN BOATS TO SUPPLANT VESSELS LOST

King Alfonso's Government Notifies Berlin Officials of Intentions.

Paris, Aug. 21.—Spain has informed Germany that because of the serious losses submarine sinkings have made into Spanish shipping, Spain hereafter will use German vessels now in Spanish ports in place of tonnage sunk. This announcement is made in an official statement issued after a meeting of the Spanish Cabinet at San Sebastian. The Spanish Government declares that it will continue to maintain strict neutrality. The statement says that 20 per cent of the Spanish merchant marine has been sunk and more than 100 Spanish sailors killed.

The cabinet statement, which is transmitted from Madrid by the Havas Agency, says: "In the course of the recent meetings held at Madrid the Government considered the internal situation."

GERMAN SUB OFFICER TOOK IN N. Y. SHOW

Sensational Story Has Come to Light in American Metropolis.

Nantucket, Mass., Aug. 21.—A story indicating that an officer of one of the German submarines operating off the American coast may have attended a New York theatre on the night of August 8, was disclosed yesterday by the wife of a well-known New York playwright, and prominent member of the summer colony here. She was questioned by the German petty officer, he had ever been there. The conversation they talked of New York, and the fisherman asked the German if he had ever been there. The officer, he said, smiled and took from his pocket two small checks for a Broadway theatre, dated Thursday evening, August 8.

FOCH, HAIG AND BEATTY SEND APPEALS TO BRITISH MINERS TO INCREASE THE FUEL OUTPUT

London, Aug. 21.—Marshal Foch, Field Marshal Haig and Admiral Beatty, commander-in-chief of the Grand Fleet, sent messages to the meeting of the Coal Miners' Federation at Southampton yesterday, urging a greater output of coal.

"Coal is the key of victory. The miners of Great Britain must help me," was the message from Marshal Foch. Baron Calthorpe, the coal controller, told the miners that the supply was 36,000,000 tons short this year. The shortage should be kept down eight or nine million tons by the strike may extend and it is hoped there will be a greatly increased output. Referring to the

'SEX WAR' MAY RESULT FROM PHONE STRIKE

Quebec, Aug. 21.—The final test of the Quebec bridge, before it is accepted by the Government, will take place this afternoon. MERCHANTS EXPECT IMMENSE CROWD ON CITY'S DOLLAR DAY

Prepared to Deal With All Bargain-Hunters. CHANCE FOR BIG PRIZE Treasure Box Contains Sum of \$250 for the Lucky Purchasers.

Tomorrow is Dollar Day in London. The merchants have made preparations to handle the immense crowds that are sure to patronize the Dollar Day stores, and it will be an easy matter for any citizen or visitor to pick out the stores advertising the many bargains to be obtained. Banners and tickets have been arranged in the windows and the goods inside have also been marked and well displayed. From the success of February Dollar Day, it is expected that tomorrow will eclipse the large volume of trade transacted on the former similar event. This is the opinion of the Ontario Retail Merchants' Association which has been working steadily for the past two or three weeks getting everything in shape and condition to welcome the large crowds that will visit the stores. One of the most attractive features of the day is the treasure box fund. Altogether the sum of \$250 will be disposed of in prizes. Every purchaser of \$1 and upward will be entitled to a coupon and drawing will take place immediately after Dollar Day.

As an additional attraction The Advertiser will also grant cash prizes to the extent of \$25, which will also be drawn from the treasure box after the merchants' prizes have been selected. London's Dollar Day was known throughout Western Ontario to be the greatest ever held in this district. The most suitable time for purchasing will be in the early morning hours, when the bargains are not picked up. The following is a list of Dollar Day stores:

- Boots and Shoes. Johnson & Murray. Morrison Shoe Company. People's Shoe Store. The J. P. Cook Company. Rowland Hill. Hubert Ashbait & Sons. Casselman Bros. I. Kaufmann. Ready-To-Wear Garments. WHOOPING COUGH IN LEAD, WITH SCARLET FEVER CLOSE SECOND

Hot weather is not a breeder of disease in London, using the weekly report of communicable disease for the week ending August 17, as a basis for the statement. The germs of chicken-pox, measles, smallpox, typhoid fever, infantile paralysis and cerebro-spinal meningitis are keeping away from the city, not a single case having been reported. One case each of diphtheria, sore throat, German measles, mumps, tuberculosis, four cases of scarlet fever, and six of whooping cough have been brought to the attention of the health authorities.

Government regulations with regard to venereal disease are being rigidly enforced. Segregation of these cases in order to stamp out a pestilence is the law. During the past week ten cases were reported by physicians to the acting medical officer of health.

CAPT. H. BERESFORD OFFICIALLY NAMED DEPUTY REGISTRAR

Receives Appointment Dating Back to April.

W. E. WISMER NOW CHIEF

Has Supervision of All Registry Offices in the Dominion.

An order-in-council just received from Ottawa gives the official announcement that Capt. H. F. Beresford has been appointed deputy registrar in No. 1 Military District, and that W. E. Wismer, who held the position now taken by Capt. Beresford, becomes chief registrar for Canada, with oversight and supervision of all registry offices.

Capt. Beresford, who saw service overseas, has been acting deputy registrar since April last, when Mr. Wismer was sent to Quebec following the disturbances centering about the registry office in that city. The appointments are retroactive to April.

L. G. Bridgeman, who has been acting as assistant to Capt. Beresford since the charges occurred, will now be officially named as assistant deputy registrar.

The successful organization of the London office has made records for all of the officers mentioned. The London office is regarded as one of the most efficient in the Dominion.

Capt. Beresford has been taking a vacation for a week, but will again assume his duties with the official title which up to this time, although performing the duties, has not been announced.

NEWS ITEM BRINGS OUT SOLDIER COMPETITORS FOR FANCY WORK BADGES

Returned Men Keenly Interested in Competition at Western Fair.

"Nothing like newspapers when you want a thing known," said Secretary Hunt the other day, in connection with the novel fancy work and embroidery contest for returned soldiers at this year's Western Fair.

This is an entirely new event, exclusively for soldiers, and when Secretary Hunt wished to make it known among the returned men, their families and friends, he naturally turned to the newspapers as the one sure vehicle to convey the information. A brief news item, not more than two inches deep, was inserted one evening in the local papers. Next morning the Western Fair staff was kept busy dealing with inquirers who called at the offices for fuller information, and many others who telephoned in for particulars.

Returned men do some of the finest fancy work ever turned out, and many of the most expert bombards and grenade-throwers are the most skillful with needles, crochet hooks and other weapons of peace. One particularly painstaking chap is said to use as many as eleven shades of violet and purple in forming a pansy leaf. The same efficiency and thoroughness which characterized Canadian boys in the sterner work of the battlefield and made them a terror to the Hun, mark their efforts in the execution of work long regarded as the sole sphere of the weaker sex, and it is reported that the examples sent in by returned soldiers already will send many a young miss back to the teacher for a few more lessons in advanced fancy work. Soldiers and their friends wishing to make entries in this department will be accorded every facility and courtesy at the Western Fair Offices, Dominion Savings Building. No entry fee is required. For the best examples of embroidered cushions, prizes of \$3 and \$1 will be given, and three other cash prizes of the same amount will be awarded for other embroidered work.

FRIENDSHIP RUN—At a meeting held on Monday evening which was attended by a large number of members in addition to those who joined the organization at the last meeting, it was decided that a social run would be held on Thursday of this week. The riders will leave the corner of Dundas and Elizabeth streets at 8 o'clock, proceeding to Springfield Park, where they will enjoy themselves.

NO MORE LINEN THREAD FOR SEWING SHOES; MAKERS AND REPAIRERS MUST USE COTTON

British Embargo Stops Supply and Even Army Boots Cannot Be Sewn With the Old Reliable Quality—Little Old Stock On Hand.

"Acute shortage in linen thread for shoemaking is a recent but not a new phenomenon... The people who use the most of this article in the city, the large manufacturers, have been driven to the use of a substitute in cotton thread..."

Even for Government orders for army purposes, it is now impossible to get the linen thread... Mr. Jarvis of the Murray Shoe Company expresses the belief that the cotton thread now being used as a substitute for linen will give a satisfactory result in wearing quality as the linen thread.

Looks Well. "But will it keep its color like linen thread?" was a question asked... "For years past," he replied, "the linen thread has been used for parts that did not show..."

NO PENSION FOR MRS. BEN ASKEY, WHOSE HUSBAND WAS 142ND MAN

Board Refuses Application and City Withdraws Insurance Money.

WHAT CAUSED DEATH?

That Is Question On Which Army and Civil Doctors Disagree.

Another "Tarrington case," such as occurred in Toronto in 1910, is at the present time being fought in this city by the local branch of the Soldiers' Aid Commission.

The case is that of Mrs. Benjamin Askey, 24 Josephine street, in this city. Her husband, Mr. Askey, was a member of the 142nd Battalion, which was disbanded in 1914... Mrs. Askey is now 62 years of age and has been married for 35 years.

Another Refusal. After the refusal, the local branch of the Soldiers' Aid Commission took up the case with the pension officer, which was very good and did all in its power to help the widow... The pension officer, however, refused to award the pension.

BRITISH THIRD ARMY UNDER GENERAL BYNG SMASHES FOR MILES THROUGH FOE'S LINES

While the width of the attacking front is not clearly defined, a "wide front" probably would include a line from the Ancre to the Scarpe, about 15 miles.

While the width of the attacking front is not clearly defined, a "wide front" probably would include a line from the Ancre to the Scarpe, about 15 miles. There has not been any heavy fighting recently on the line north of the Ancre, although the Germans some days ago retired slightly on the front between Beaumont-Hamel and Bucquoy.

The battlefront from north of Ancre to north of Lens has not seen as great a change as other sectors between Ypres and Rheims since the beginning of the German offensive on March 21.

In making an attack here it would appear that Marshal Foch is striving to break the old German line in the Arras area. Any considerable forward movement here would menace the German positions north and south for many miles.

"We improved our positions slightly in the neighborhood of Fampoux, east of Arras, and captured a few prisoners. We advanced our line during the night between Festubert and the Lawe River, on the southern side of the Lys salient, and are in possession of Le Touret.

"Early this morning British troops carried out a successful local operation."

FRENCH AFTER BITTER FIGHT TAKE GROUND NEAR LASSIGNY

Paris, Aug. 21.—French troops continued their advance along the whole front between the Oise and the Aisne this morning. Carlepoint and Cuts have been captured by the French, according to the official statement issued at the war office today.

"During the night the situation between the Oise and the Aisne remains unchanged. The enemy did not attempt any reaction. This morning our troops continued their advance along the whole front.

"Carlepoint and Cuts have fallen into our hands. We have taken ground west of Lassigny after sharp fighting. A number of German surprise attacks in Champagne were repulsed."

FRUIT-GROWERS WANT PICKERS; OFFER THEM NINE DOLLARS A WEEK

Miss MacRobert, superintendent of the local branch of the women's department of the Government employment bureau, today stated to The Advertiser that this department was greatly in need of fruit pickers for the farmers of the surrounding district, and that as many of these as could be obtained could be used. None have registered for quite a while, and the demand for them is becoming great.

ENGLISH LEAVE FOR PORT TO ENJOY BIG PICNIC AT THE LAKE

Threatening Clouds Melt Away at Starting Hour.

Englishmen, stalwart sons of England, bedecked with little red, white and blue ribbon streamers, started out to enjoy the grand day of it at Port Stanley, led by the Union Jack, and the Canadian Garrison band playing an old English air. The picnic to the station started from the corner of Queen's avenue and Richmond street at 11:45 o'clock this morning.

A little vein of disappointment ran through the crowds of English-folk when dark clouds dotted the sky and rain began to spatter, but every cloud works a change in the weather. The sun and old Sol quickly dispelled all thoughts of gloomy day. Judging by the crowds that left for Port morning, it is estimated that about 5,000 will participate in the good time provided.

LIST OF CASUALTIES SHORTENS; NOT SO MANY NAMES APPEAR

Most of District Men on Roll as Wounded.

GUNSHOT CAUSES INJURIES

Pte. N. J. Lapham and Arthur Holder of Sarnia Wounded—Other Cities Suffer.

Although the list of casualties is still a long one, the number of men

from this district reported wounded or missing is gradually growing less. The same comforting feature was evident in connection with the casualty reported last night, as was noticeable in the previous lists—the fact that the greater part of those listed were in the wounded column, and few among those killed or missing.

Most of the wounds are of the slight variety.

It would appear that reports of the majority of those injured have been received, and that from now on fewer names may be expected.

STRATFORD MAN FALLS.
STRAFORD, Aug. 20.—Another heavy casualty list was Stratford's lot today, following the heavy fighting of the past few weeks.

Official word received by Mrs. R. H. Pearson, Church street, brought news of the death in action of Pte. Marshall Pearson, the second of three soldier sons to fall in battle.

Pte. Pearson was widely known here. He enlisted early in the war and had been in France for over two years, serving with the engineers. He was born here, and after attending local schools, entered the Bank of Commerce.

He was a splendid type of young man. Besides his mother, five sisters and two

brothers survive. Mrs. M. McLean and Miss Celia, at home; Mrs. Wm. Dunn, Caledonia street; Mrs. W. J. Hallock, Mitchell; Miss Agnes, Philadelphia; Will at home, and Fred in France.

Died of Wounds.
Mrs. Fred G. Martin was advised today that her husband, Pte. F. G. Martin, had died of wounds on August 11 at the 4th casualty clearing station. He had received a gunshot wound in the back.

Pte. Martin enlisted here with the 110th Battalion, but later transferred to the Pioneers. He was a native of London, England, coming to Canada five years ago. He worked at Ottawa for a time with the Grand Trunk, but was transferred to this city. He was here only a few days, however, when he enlisted with the 110th. He was 39 years of age, and leaves his widow and four small children.

Pte. Robert H. Fry, another former 110th Battalion man, is reported as wounded. Prior to enlistment he worked on a farm just outside the city.

Pte. E. E. Fry of Stratford is also among the wounded.

Pte. John Towner, who went with "the Purfitts," is wounded, according to word to his wife here. He is 27 years

of age, and has been in France for some time.

Wounded Fourth Time.
For the fourth time the name of Capt. S. H. Brocklebank, M. C., appears as wounded. He is an Arthur boy, but was here with the 1st Battalion. Recently he was decorated with the military cross. Only a month ago he was wounded, but evidently only slightly.

Mr. William Scott received official word from Ottawa that his son, Pte. Francis Scott had been admitted to the 2nd Canadian General Hospital at Lestreport on August 9 with gunshot wounds in the right thigh and wrist. Pte. Scott enlisted here with the 110th Battalion.

ONE AT PRESTON.
PRESTON, Aug. 20.—Mr. John Herman has received word, stating that his son, Pte. Charles Wilfred Herman, has been officially reported admitted to 2nd General Hospital at Rouen, suffering from gunshot wounds in the left arm.

He enlisted with a western battalion about two years ago, and had been in many engagements, being wounded twice and winning the D.S.O. last fall.

GODERICH MAN DIES.
GODERICH, Aug. 20.—James McCuskey of this town received the sad news that his son, Lieut. Harvey, son of McCuskey, Infantry, officially reported died of wounds in No. 5 General Hospital, Rouen, on August 15, of gunshot wounds in the buttock, wrist and stomach. This is the second bereavement of the family. Mr. McCuskey's brother Arthur having been killed in action about a year ago.

John McDonald of Park street received a cable today to the effect that his son, Pte. Albert McDonald, Infantry, had been wounded and admitted to No. 2 General Hospital, Boulogne, on August 13, with a gunshot wound in the right buttock and side.

THREE GUELPH MEN HIT.
GUELPH, Aug. 20.—Word reached the city today conveying the intelligence that three more Guelph soldiers had been wounded in the recent fighting at the front.

Pte. F. A. Anger, whose parents, Mr. and Mrs. John Adger, reside at 26 Kuskinson street, received a gunshot wound in the arm on August 15, and is at the Northampton War Hospital at Dunton, Northampton.

Mrs. Hadden, 2 Waterloo street, was advised today that her son, Pte. Arthur Hadden, was wounded in the right arm at Station August 8, with a gunshot wound in the leg.

Driver Fred A. Bellamy, son of F. W. Bellamy, 13 Derry street, was admitted to the 12th General Hospital at Rouen on August 12 with a gunshot wound in the leg.

BRUSSELS MEN ALSO.
BRUSSELS, Aug. 20.—Word was received last week that Ptes. Elgin Porter and Scott Ament were wounded in the recent battles in France.

MANY AT SARNIA.
SARNIA, Aug. 20.—Sarnia has been hard hit in the past few days by the casualty lists. Five were reported yesterday and three more today.

Albert E. Potter has been officially reported killed in action, according to word received by Mrs. Flora Potter, 173 South Brock street, today. The young man was 22 years old, and en-

listed in the 149th Battalion. He was formerly employed by the Mueller Manufacturing Co. He also went with these two brothers, Ira Sumner, was killed while serving with the 13th Battalion.

N. J. Lapham Wounded.
N. J. Lapham is reported wounded. He is a son of Charles Lapham, South Christina street, and one of the oldest motion picture operators in Ontario, having opened all the leading picture houses in Sarnia. He was the first moving picture operator here.

John Arthur Holder, M. C., who is visiting Will Crompton, 18 Alfred street, has received word that her son, Earl Crompton, has been wounded.

RIDGEWAY MAN DIES.
RIDGEWAY, Aug. 20.—Official word was received here this morning that Pte. Henry Miner, son of Mr. and Mrs. Church, died of wounds in France. Pte. Miner enlisted here with the 14th Battalion, but at that time his parents resided here, but they have moved to Northwood in North Harwick.

ST. MARV'S, Aug. 20.—Pte. William Sweeney, son of Pte. Thomas Sweeney, Church street, is reported as wounded.

Pte. Cotty, son of Charles Cotty, of the east end of the town, is reported wounded.

CHATHAM MAN MEETS DEATH.
CHATHAM, Aug. 20.—Official notice has been received here of the death in action of Pte. Charles Warrington, son of Mr. and Mrs. Henry Warrington, of this place, who died on August 15. He was the second son to give his life in action, a brother, Pte. Otto Warrington, had been killed a year ago on the 15th of this month.

Pte. Warrington enlisted in Fort Arthur, where he was yard superintendent for one of the railroads in 1915. He had been in the army since 1912, and was not wounded before. Some time ago he wrote his mother that he did not expect to return at any time, because there was so much that he saw to do at home.

The Warrington family has done a real share in the war. Two sons have been killed and two other young men who made their home in the family are still on the firing line in France.

DURHAM OFFICER FALLS.
DURHAM, Aug. 20.—Official word has been received that Lieut. Thos. A. Allan, whose home is in Egrement Township, five miles south of Durham, was killed in action. Lieut. Allan was 23 years of age and a splendid type of young manhood.

After teaching school for three years, he served his term as druggist in Owen Sound, and after qualifying, enlisted nearly three years ago in the 14th Grey Battalion. He was sent across to England in a special draft of officers, and has been in the front since he was over eighteen months at the front. Principal Allan of Durham was killed in action, and he also is survived by one brother on the home farm in Egrement and two sisters married in the Normandy Township.

Official intimation has come to hand that three more Durham boys have been wounded in action. These are Ptes. Jack Bryon, Frank MacKay and Walter Thompson. With Pte. H. C. McKichnik, who was reported wounded two days ago, and Lieut. Thos. Allan, killed in action, there are now five Durham and vicinity casualties in the recent fighting, and all enlisted about the same time in the 14th Grey in the late fall of 1915, though long since transferred to different units.

PTE. HODGINS WOUNDED.
AILSA CRAIG, Aug. 20.—Official word was received here this morning that Pte. George Hodgins, youngest son of Mr. and Mrs. Isaac Hodgins, of this place, had been wounded in the thigh in the big drive on August 11. Pte. Hodgins left here with the 13th and has been in active service for several months. His brother, Pte.

THE MARSEILLAISE

THE FRENCH passion for liberty or death was never more potent apparent than during the recent wonderful offensive.

Ye sons of France, awake to glory! Hark! Hark! What myriads led you rise!

Now, now, the dangerous storm is rolling, which treacherous kings confederate raise!

With luxury and pride surrounded, the bold, insatiate demands dare—

Liberty, can man resign thee, once having felt thy generous flame?

THE FIRE DEPARTMENT TROUBLE

EXPRESSIONS OF dissatisfaction with the manner in which the supposed investigation into fire hall affairs has been conducted are heard on many sides.

SEA WATER IN BREAD

[Rochester Post-Express] There has been some query as to just what our present bread is being made of.

THE ONLY DIFFERENCE

[Washington Post] A millionaire, as he climbed into his limousine, snarled at a newsboy:

SLEEP

[Elizabeth Barrett Browning] Of all the thoughts of God that are Borne inward into souls afar.

A SAILOR'S LIFE

THE PROPOSAL that the city should purchase a fish tug and go into the business of netting the finny denizens of Lake Erie will be interesting to many citizens.

WHERE WOMAN EXCELS

[Tipton, Mo., Times] A man cannot do two things at a time. A woman will broil a steak and see that the coffee does not boil over, and watch the cat that she does not steal the remnant of meat on the kitchen table, and dress the youngest boy, and set the table, and see to the toast, and stir the oatmeal, and give the orders to the butcher, and she can do it all at once and not half try.

forget the fish and head due south for a raid on the coast of Ohio, which is reported to have attractions worthy of the attention of freebooters or fishermen.

A man who could help maintain order, being rigidly opposed to card playing, would be Ald. William Wilson. He would make a wonderful bucko mate for the city's brig, while as a boatswain Harry Merritt would measure up one hundred per cent, as compared with a lot who might only assay about 2 1/2 per cent.

It would prove beyond doubt that a lot of fine mariners could be developed with the aid of the vessel.

Being skipper of this craft should be made one of the chief elective offices in the city's gift. And when the fishing was poor the receipts from the boat as an excursion steamer to certain points would make the wonderful surpluses of the London and Port Stanley Railway look like a day's sales in a lead nickel factory.

"She watches and waits for him day by day, He sleeps on a watery strand, far, far away."

"BEFORE THE SNOW FLIES."

A SHORT TIME ago a war correspondent of the New York Tribune, Philip Gibbs, predicted a victorious peace for the Allied nations "before the brown leaves are on the trees," and in Saturday's paper Frank H. Simonds, perhaps the best war critic in America, concludes his letter with this pregnant statement:

"Their whole campaign is now in the discard; what remains to be established is the extent of their retreat. Nor is it likely that even a temporary halt at the Somme, or even at the Hindenburg line, will mark the end of the campaign of their withdrawal. Rather it is within reason now to hope that they may be pushed to the French frontier before snow flies. For Foch is only beginning, and his American reserves are accumulating in great numbers each week."

EDITORIAL NOTES

St. Thomas does well to investigate the possibilities of peat fuel. Stoking up time is only a matter of weeks away.

The percentage of killed in the Canadian casualties is lower than ever before. Comparing the fighting of today with seven or eight times the number of men engaged, with that of St. Julien, the losses are comparatively small.

THE ADVERTISER'S DAILY SHORT STORY

PLAYING TRUANT By Hilda Morris.

Doris hated Elmville, hated it only as a city-bred girl can hate a country town where she is lonely, overworked and discouraged.

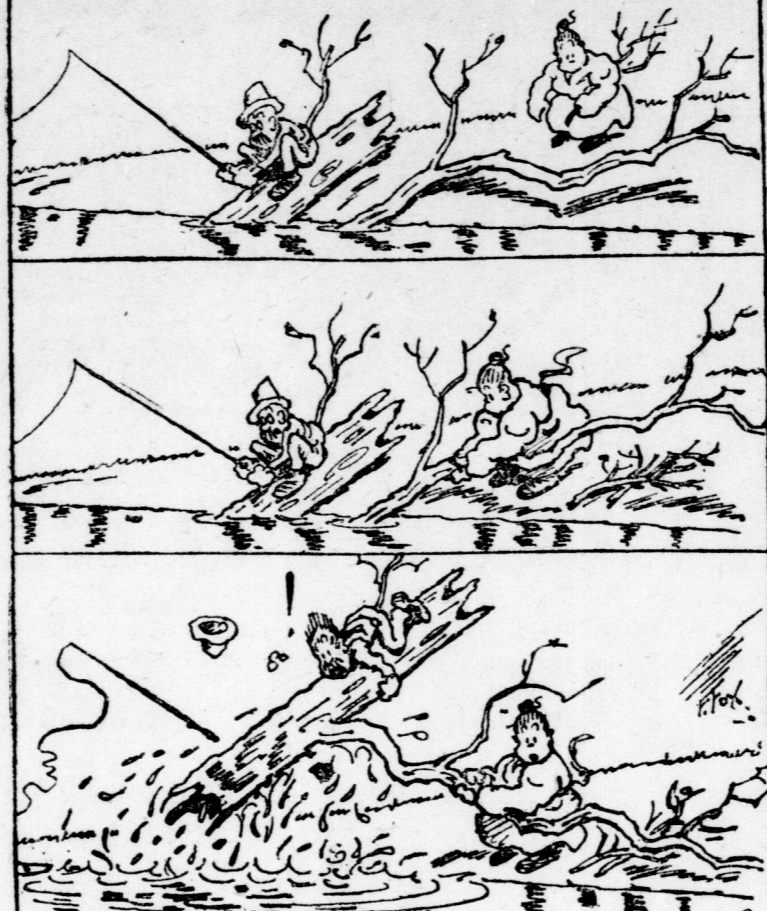

Such a Langwidge! Doc Boffers' fake consumption cure is a big seller, that is sure; for when all Doc Boffers has filled his coffers from the coughers.

No, dear reader, "Sneezuz, Seljuz, Sneezuz, Seljuz" is not the slogan of a Hay Fever Convention. It is Ro, or as if they had known she was coming, overhead the sky was cloudless blue, the breeze was fresh and fragrant.

However, the day's enjoyment, for Doris was at an end. Already the sky was darkening for an April shower and she started back along the path that she had trod so happily, hurrying, stumbling, diled with fear of consequences. By the time she had reached the road the storm broke, a silver shower which treated her as though she, too, were a thirsty flower.

Very few people here are who have not at some time experienced the desire to do some unprecedented thing, some sensation-seeking thing, like crying out in church or sticking pins into the backs of perfectly respectable people who sit in front of them.

And friends, dear friends, when it shall be That this low breath is gone from me, And round my bier ye come to weep, Let one, most loving of you all, Say "Not a tear o'er her let fall! 'He giveth His beloved sleep."

It didn't seem to occur to the Powerful Katrinka that the piece of wood she wanted might be a limb of the log on which Dad was fishing.

BITS OF BYPLAY

BY LUKE MCLUKE (Copyright, 1918.)

"I do not use tobacco, bo," said hungry Mr. Dug.

"Beat it!" exclaimed the Cop, when he found the Bum-Who-Had-Seen-Better-Days resting on the park bench.

"Sir," he announced, "I am moved by your stirring words."

"Of two evils choose the latter. They had me in the car, packed in as city dwellers are."

"It says that a clock ticks faster in cold weather than it does in hot weather," said the Old Fogey, as he looked up from the newspaper he was reading.

"They Sound So Much Alike," "Kind sir," I said to Butcher Blake, "think you've made a slight mistake. I asked you for two pounds of lamb, and you gave me two pounds of ram."

"Paw Knows Everything," Willie—Paw, are marriages made in Heaven? Paw—They must be, my son, because Heaven only knows why most of them are made.

"Such a Langwidge! Doc Boffers' fake consumption cure is a big seller, that is sure; for when all Doc Boffers has filled his coffers from the coughers."

No, dear reader, "Sneezuz, Seljuz, Sneezuz, Seljuz" is not the slogan of a Hay Fever Convention. It is Ro, or

a beautiful morning spoiled. You are fond of the woods, aren't you, Miss Evans?

Just what Alden Powers said to the principal Doris never knew. Doubtless it was something about a stalled car, or a storm which had dinged them. At any rate, no word of blame came to her, and strangely enough Doris found that she was treated with greater deference during the remaining two months of the teaching. But perhaps it was not so strange, either, since everyone knew that she was very soon to be Mrs. Alden Powers.

Luke McLuke Says. There are cases in which a girl's face is her fortune. And there are cases in which a girl's face is her misfortune.

A girl may have good features and fine eyes. But if she has painted her cheeks a man won't notice anything but her painted cheeks.

Men are just as vain as women. Address a letter to "The Handsomest Man in Town" and mail it in any town, and it will never get past the postmaster.

He'll open it himself. A man has a reputation for being the fellow who is so religious that he won't perform any manual labor on Sunday, but who gets mad if his wife doesn't slave all day and get him up a big dinner.

If the Suffis ever win in New York, we expect they will get even with the opposition by changing the name of the place to "Womansland."

A woman is afraid of a mouse. But that doesn't keep her from expressing her contempt for her husband because he is such a coward that he is afraid of a mouse.

About the fifth day the bride is married she begins visualizing the presents she will receive on her silver wedding anniversary, and wonders if she will have room for them on the buffet and in the china closet.

A gentleman is a person who will always deduct ten years from his estimate when middle-aged women ask him to guess how old she is.

Overhead the sky was cloudless blue, the breeze was fresh and fragrant. For an hour or more she wandered here, content, happy. Then, wincing, she sat down to rest beneath a great oak whose freshly green leaves furnished shelter. No motion in always a time for thought, and as Doris sat there a cloud began to gather in the sky above her, also a cloud of misgivings began to darken her mood.

What has she done? She started in at half past ten o'clock, the morning's school half over, and the sixth grade was with a whoa! She trembled. She trembled herself the confusion that must be reigning, the worried principal, the disapproval of the other teachers, the would never forgive her, never. More and more she wondered why she had stood. Why, she might even be missed, at once, without that two months more to pay which she sorely needed. She must go back and offer some explanation.

Thus the penalty for being grown up. One cannot enjoy stolen pleasures. Would it have been better to have come with remorse, midway of his happy morning?

However, the day's enjoyment, for Doris was at an end. Already the sky was darkening for an April shower and she started back along the path that she had trod so happily, hurrying, stumbling, diled with fear of consequences. By the time she had reached the road the storm broke, a silver shower which treated her as though she, too, were a thirsty flower.

The Allies' Best Friend The Merchant Sailor

300,000 Men Brave the U-Boats for Us

The men of the Merchant Marine have given loyal service—yes, and their lives—ungrudgingly and unflinchingly. They deserve the utmost we can do for them!

The tragedy is that this splendid body of men is not recognized by governments, no provision is made for the relief of dependents—no separation allowance—no pension!

It is left to public subscription to care for the widows and orphans. It is vital work our seamen are doing—for without the supplies and munitions carried by the Merchant Marine it would be impossible to keep our armies in the field.

No Government Allowance for their Dependents!

300,000 seamen of the Merchant Marine "carry on" in spite of the U-Boat and the floating mine. 15,000 have made their last voyage.

One hundred and seventy-six merchant ships have been sunk since the war began, without leaving trace of ship, cargo or crew.

All this is in the Allies' cause—it is for us! Isn't it the very least we can do, to take care of the widows and orphans, who otherwise will nurse their grief in poverty? Sooner or later, governments may make provision for this vital service, but until such time comes we have an unquestionable duty.

Give! Give liberally! \$1,000,000 is Ontario's objective! Ontario has never failed!

CYNTHIA GREY'S MAIL-BOX

Watermelon For Preserves.

Dear Miss Grey.—Just a few lines to take up a bit of space. Really, I do not think we will find your correspondence a waste of time.

I wonder if anyone has tried to eat round? I am told that watermelon may be used the same as citron for preserves, and that there is no difference.

Well, I read the W. P. B. is looking around, so I must close, hoping to see this in print as soon as there is room. I am yours truly,

"WE'RE BOYS' MOTHER." P. S.—I think M. C. S. B. certainly does deserve a medal. I don't imagine she will be at all lonely! "W. B. M."

Ans.—I am sending your envelope on to M. C. S. B. so she may mail you the books. What a dear brave you must be! no wonder you are endeavoring to follow the rules of health and hygiene for the little ones are so precious. Your tip re watermelon preserves will be welcomed by some reader who may not know of its excellence. I do believe I've "got" it!

It Must Cheer Them. Dear Cynthia Grey.—You accept money for the prisoners of war in Germany, do you not? I would like to help a great lot, but can only send four dollars at present. So please find enclosed money order for four dollars.

I see so many writing and asking for "lonely" addresses, that I am sure it must help to cheer our brave lads when they receive letters from the dear homeland across the sea. If you would be kind enough to send me the address of a "lonely," I shall be

glad to write a cheering letter now and then.

Here is a very good recipe for canning corn or peas: Nine cups of corn, 1 cup of sugar, 1/2 cup salt, 2 cups water. Put on fire and boil 20 minutes. Salt and seal while hot.

What do you think of my writing? "J. H. I. A. T. A."

Ans.—Yes, I believe it does cheer some of the "lonely" when a letter from Canada reaches their door, or perchance their cot in a field hospital, some appreciative reader will convince one of them that they have much pleasure in sending you a name.

Two Missing Letters. Dear Miss Grey,—I noticed where "A. Lonesome Reader" was asking for Swedish coupons for a pair of gloves of hers. I am enclosing ten for her, and hope her cousin succeeds in getting the goods.

I wonder if any of the Pagettes can keep such these days? If so, it must be in the ice box, like "the Parkins family."

Dear Miss Grey, do you remember getting a letter from me some time ago? It was in April, I believe. I did not notice it in the paper, although I watched. I did not see it in print. Hope this succeeds better.

I have been helping in the oats this week, but oh, it was hot! I wish the good controller had my job, then perhaps he would allow us a little more freedom of our wheat.

Ans.—Your signature I remember quite well, "Teddy's Friend," and I cannot understand how your letters failed to get into print. At this date I do not recollect the whys and wherefores; perhaps you wrote on both sides of the newspaper. That in itself is apt to banish a communication to the waste basket. However, now you'll have courage to call on us again. Thanks for enclosing the coupons.

So the question you ask privately, I suppose you mean he is in the vicinity of some of our friends. Great him pen me, if you can, and I'll get out all as though you were in the least bit concerned. However, now you'll be friendly without being too friendly—understand? And don't tangle yourself up with any correspondence in respect to the letters which have been written to me. He appears really sincere in requesting it, and then—so slow, my dear, this sound of all like sense as applied to your case?

She Just Loves Them. Dear Cynthia,—I have been reading the letters which have been written to your interesting Mail-Box, and I just love them. It is such fun to read them.

I am anxious to know the meanings of these words: John, Harry, Elizabeth, Alma, Bernice, Antoinette, etc. However, now you'll be friendly without being too friendly—understand? And don't tangle yourself up with any correspondence in respect to the letters which have been written to me. He appears really sincere in requesting it, and then—so slow, my dear, this sound of all like sense as applied to your case?

Ans.—John means gift of God; Harry (Henry) Lev of the house; Eliza, Elizabeth; Bernice, bringing victory; Antoinette, lady; Bernice, which signifies precious; Veronica and Vera probably mean the same thing. The name of Agnes, pure; George, a land owner. E. M. Let of stamp language has been mislaid, so I am sorry.

Daily Bible Question Club. UNIFORM LESSON FOR SUNDAY, AUGUST 25, 1918. ONE GOLDEN TEXT SUGGESTION. (Henry Lev of the house; Eliza, Elizabeth; Bernice, which signifies precious; Veronica and Vera probably mean the same thing. The name of Agnes, pure; George, a land owner. E. M. Let of stamp language has been mislaid, so I am sorry.)

QUESTIONS FOR TODAY. 1. What did Jesus do? 2. What did Jesus teach? 3. What did Jesus say? 4. What did Jesus do? 5. What did Jesus teach? 6. What did Jesus say?

10. Verse 2—What was the chief object of the commandment which Jesus gave his apostles? 11. Verse 3—What were the nature and number of the proofs that Jesus gave of his resurrection from the dead?

Golden Text—Every one who shall confess me before men, him will I confess before my Father and my angels. Luke xii, 8. THE REWARDS FOR CONFESSING CHRIST ARE MANY.

It is a sad fact that the majority of church members do not realize their duty and privilege in the matter. It is wish, however, now to say that the rewards for confessing Christ are very many, no matter what the effect of your words may be upon others, you will get a great spiritual uplift every time you confess Christ, but, in a great many instances, you will succeed by your testimony in inducing your friends to give their hearts to God.

THE WOMEN'S CORPS STILL GOING STRONG

Enthusiasm and Concentration Shown by Girls in Drill.

The London "W. A. C.'s" are still going strong every Tuesday night in Queen's Park. They have insisted at attention, right turn, left turn, about turn, and so every other turn except turn inside out, with the ease of well-trained soldiers. On the march they swing along with long even strides, and afford their instructors real delight by the promptness and precision with which they execute commands. "Some girls," said an admiring onlooker last night, and "some girls they certainly are. Over one hundred have signed up already, and they present an intelligent, smart appearance on parade."
Perhaps much of their rapidly-attained success in the work lies in the fact that it is not idle pastime, but a real occupation that has interested themselves. Beyond the excitement of drill every week, and the prospect of occasional parades, lies a purpose—an objective point that each girl feels she must gain before she can satisfy herself that she is doing the utmost she is called upon to do in these strenuous times. The W.A.C.'s have in view the opportunity that will be theirs of serving behind the lines overseas as cooks, motor-drivers, dispatch riders on motorcycles, or in any capacity where the services of women can be utilized in order to release men for active service. No wonder these London girls have taken to their physical drill with unequalled enthusiasm, and it is safe to predict that after a few months' training they will be up to an exceptionally high physical and mental standard.

NO. 4 NURSING DIVISION ENJOY MERRY PICNIC

The members of No. 4 Nursing Division of the St. John Ambulance Brigade treated themselves to a merry picnic at Springbank Park on Monday evening. This is the first outing of the kind, but it was such a success that the girls have decided to enjoy themselves in this way as often as their duties will permit. A happy social spirit exists among the members of No. 4 Division, and under the leadership of Mrs. J. M. Thompson, they have managed to incorporate some pleasant diversions into the splendid work they have undertaken in a spirit of patriotism.

MOTORMAN SAVES TODDLING CHILD

By quick application of the brakes on Car 15 of the London street railway Monday, Motorman William Ford saved a small, toddling child from what might have resulted in instant death. The car, which was an Oxford one, was at the corner of Barwell and Horton streets, which point seems to be greatly frequented by children, when the child walked in on the tracks and was saved by the quick action of the motorman.

LITTLE DEMAND HERE FOR HELP IN HARVEST FIELDS, SAYS H. TUTT
At the present time, greatly differing from former years, the demand for harvest help in this vicinity is very low. The farmers have nearly completed the harvesting of their fall crops, and in some cases have completed the harvesting of their fall crops, and have them safely in their barns or elsewhere, thus causing the lack of demand for the help. The farmers are all greatly pleased with the way that help was obtained for them this year, according to H. Tuttle, head of the employment bureau, and this assistance more than anything is the reason for the early gathering in of the crops. The farmers state that at no time during the harvest season

ELSIE FERGUSON in 'The Danger Mark'
An ACTORCRAFT Picture

At the Majestic Theatre today only. The story tells how a beautiful young woman who has inherited an irresistible desire to drink from a dissipated ancestor, reclaims herself and casts off her chains. Miss Ferguson plays the stellar role, and in her support are numerous well-known screen players of the highest ability. A news weekly, a Majestic screen telegram and "Toto," that funny fellow of the screen, "in 'Beach Nuts,'" a picture replete with snappy scenes, pretty girls and nifty bathing costumes, complete the motion picture offerings for today. In vaudeville, Frank Callan, the Ziegfeld Folies boy, will continue to entertain with his catchy and popular songs. Manager T. W. Logan has secured the services of this popular musical comedy star for a brief engagement. Mr. Callan came to the Majestic direct from the Madison Theatre, Detroit. His next "Jump" will be to New York to join the Ziegfeld Folies show of 1913.

FRENCH CAPTURE 8,000 HUNS PENETRATING THE LINES OF TEUTONS FOR OVER 2 MILES

Forces Under General Mangin Strike Terrific Blow Against Enemy Between the Oise and Aisne—The British Swept Away German Resistance and Captured Towns, Villages and Prisoners.

PARIS, Aug. 20.—The French forces fighting east of the Oise on a front of about 15 1/2 miles have advanced to an average depth of about two and one-half miles and captured numerous villages, according to the French official communication issued this evening.

More than eight thousand prisoners have been taken. South of Roye, the town of Beuvraignes has been occupied by the French after bitter fighting.

HAIG STRIKES EAST OF ARRAS.

LONDON, Aug. 20.—East of Arras along the Scarpe River the British in sharp fighting have advanced their line slightly to the east of the village of Fampoux, while farther north, astride the Lys River, the British have reached L'Epinette, and north of Merville have captured the villages of Vierhoek and LaCouronne, according to Field Marshal Haig's communication from headquarters tonight.

Achievement of French. The French Tenth Army, commanded by General Mangin, today captured over 8,000 Germans since 7 o'clock this morning, according to the latest reports reaching London from the battlefield. General Mangin's forces advanced today three miles at the greatest depth of the front, which extended over 15 miles. French troops captured the town of Cuts, two and one-half miles northwest of Bierancourt. The attack was made, roughly, from Pimprez, on the Oise, to Fontenoy, on the Aisne. According to the latest information received here General Mangin's line now runs from LaQuenotiere, north of Eally, to Champ-de-Merle, to Petit Maupas, to Cuts, to Hill 160, to Vezaupin and to Sulprez farm, five miles northwest of Soissons.

FRENCH ADVANCE CONTINUES.

Paris, Aug. 20.—The manoeuvre of the French forces east of the Oise today was conducted with precision and speed. The attack was launched at 7:10 o'clock this morning, after heavy artillery preparation. At 8:45 o'clock batteries were on the heels of the infantry, advancing four kilometers over the Vassens Ridge. At 9 o'clock the French fight had advanced to Tartiers Heights, and at 9:40 the left was at Lombray. The enemy losses in the fighting are said to have been exceptionally heavy. One French division alone captured 1,500 prisoners. The advance continues over a rolling country, where rapid progress ordinarily is difficult.

In Two Days French Capture Over 10,000 German Prisoners

PARIS, Aug. 20.—The text of the French official statement tonight follows: "South of Arras we have captured Beuvraignes after a bitter struggle. In the course of our advance yesterday, between the Oise and the Aisne, we took five hundred prisoners. East of the Oise our troops this morning attacked the German lines on a front of about twenty-five kilometers from the region of Eally as far as the Aisne. On our left we have reached the southern outskirts of the Ourscamp forest and also the outskirts of Carlepont and Caignes. In the centre we captured Lombray and Bierancourt and gained a footing on the plateau north of Vassens."

QUERIES REGARDING MILITARY SERVICE

Address Your Problems to the Military Editor of The Advertiser and They Will Be Answered From Official Information.

MOTHER'S BOY: Q.—I am marked A2. I have always lived at home and I am afraid I got into the army among the rough boys, eating the rough food, I would not last very long. As all the rough boys went before, especially those out of work, I do not think they should call up those who have a home and a place to work. Is there no way for me to get exemption? What do you think of it?

A.—1. You have no just claim for exemption as stated above. 2. If you have a good home, it surely is worth fighting for. A few months' service in the trenches with men would eliminate many of your selfish ideas as evidenced in your query. The Advertiser military editor was one of the first Canadians to enlist and he was not out of work at the time, nor was he a rough boy. The military service act was undoubtedly drafted to make efficient citizens and soldiers of such self-styled mothers' boys as yourself, and be careful there are no returned soldiers in the vicinity when you scatter that "rough boy" propaganda which you include in your query. Those whom you class as rough boys are the backbone of Canada and were not afraid to leave home.

READER: Q.—I am planning to go west on a harvest excursion, and am in the nineteen-year-old class. What papers need I carry other than my registration paper? A.—Carry your birth certificate with you and notify your district deputy registrar of any change in your address.

GAD'S HILL: Q.—Have you any information regarding the whereabouts of draft No. 97 and 77 from this district, as I have a son in the former and I am anxious to know if he is safe? A.—Draft 97 has arrived safely in England, but the censor department has not announced as yet the whereabouts of draft No. 77.

C. F. B.: Q.—Can a male 19 years of age secure a passport to work in Detroit until he attains his nineteenth birthday? 2. If so, to whom should he apply? 3. Would appendicitis be apt to place one in a lower category? A.—1 and 2. Write John Riggs, immigration officer, Carling Block, London, Ont., for full information. 3. This is a medical question, but if the results of this illness impaired his physical fitness for service, it would necessarily lower his category.

SUBSCRIBER: Q.—1. Married man, 25 years, with wife and child, enlisted as a wireless operator. What will his wages be and when will they start? 2. What portion of this must he assign to his wife? 3. What amount will his wife receive from the patriotic fund? A.—1. He will receive \$1.10 per day as a private if he enlists as such, and his pay starts from the day he is attested. 2. He must assign \$15 per month to her, and she will then receive \$25 per month separately allowance from the Government. 3. His wife will receive \$10 per month for herself, and \$3 per month to aid in supporting her child.

PERPLEXED: Q.—1. I am in

Wife Gains Ten Pounds Taking Tanlac—'We Are Both Delighted,' He Says.

"My wife has gained ten pounds by taking Tanlac, and her health is eight or nine years' old," said C. H. Thompson, a well-known employee of the Bell-Ewart Ice Company, residing at 94 Greenlaw avenue, Toronto, recently. "The value of Tanlac," Mr. Thompson continued, "has been proven beyond a doubt to my mind by what it has done for Mrs. Thompson. She has been nervous and all run down for a good many years. She had no appetite and never seemed to relish her food and her nerves were in such bad condition that the least noise would upset her. She could not rest well at night, and would get up in the morning feeling tired and worn out. She looked pale, had no strength and energy, and was hardly able to look after her household affairs. Her whole system seemed to be in a badly run-down condition, and in spite of all she could do, kept going down. "Seeing Tanlac so highly indorsed, I decided to get her to try it, and before she finished the first bottle she was feeling better, and I could see good results. She is on her fifth bottle now, and has improved until she looks like a different person. Her appetite is fine, and that her food agrees with her is shown by her increase in weight and strength. Her nervousness has left her entirely, her worn-out, listless feelings are gone, and she has more life and energy than in years. We are both delighted over her wonderful improvement, and advise everybody in the condition she was to try Tanlac." Tanlac is sold in London by Standard Drug, Limited, and by an established agent in every town.

MEN WHO VOLUNTEERED BEFORE BEING CALLED TO BE EXCLUDED FROM THE 100,000 LIMITATION

Order-in-Council Ready for Publication Interprets the Word "Reinforcements" To Mean Men Actually Drafted and Available for Overseas Service.

[Special to The Advertiser.] Ottawa, Aug. 20.—An order-in-council interpreting the military service act in so far as the limitation clause is concerned has been prepared for publication by the justice department today. The order defines the meaning of the word "reinforcements," and declares that only men actually drafted for service overseas and available for that purpose shall be classed as reinforcements. This excludes men called but exempted for particular reasons or granted leave of absence. It is also stated that men who volunteered before actually called are to be excluded from the 100,000 limitation.

This interpretation will mean that under the act something over 60,000 men have been formed. No Restrictions on Total. From this it is quite clear that the ultimate purpose of the enactment was to provide reinforcements for the Canadian expeditionary force on active service overseas, and it is upon the reinforcements so to be provided that paragraph 4, section 12, imposes the limitation. The section empowering the governor-in-council to call out the different classes of men does not impose any restriction upon the number. The reason is obvious. There are many causes which may even after the men are called up prevent their being provided as reinforcements to the troops overseas. The purpose of the selective draft is to obtain physically fit men who can bear the strain of military life.

UKRAINE AND BOLSHEVIK GOVTS. PROLONG TRUCE

WASHINGTON, Aug. 20.—Reports from the Russian-Ukrainian peace negotiations have been received at the state department from Berlin through the Swedish press, showing that the Bolsheviks and the Ukrainians have agreed to prolong their truce, to establish railway, post and telegraph communications, to exchange goods to the amount of 17,000,000 rubles and to restore the consulates. The truce negotiation has not been settled, and there is a difference of opinion regarding the distribution of the Ukraine states wealth.

Prompt Attention Given to Mail Orders

It is often necessary in the process of selection to suspend decision or to require certain probationary service, seeing that the class called is productive of more men who are available for service than will supply the limited number of reinforcements.

Surplus Is Necessary. Not only questions of fitness for military service have to be considered, but also questions of the relative usefulness of the men in their ordinary occupations. Questions of individual handicaps also arise. Some men become physically unfit after being enrolled. Many of the men who are reported for duty are therefore required to stand by pending final selection. This has been accomplished by means of conditional discharge, granting of leave of absence or the treating of the period of training in Canada as a period of probation, during which a man, although conditionally enrolled in the military service, is not to be obtained under its terms unless he is actually provided for as reinforcements to the army overseas, and not to the number that may be enrolled. While the act does not refer specifically to interpretation, the government, in order to remove all doubts as to the proper interpretation, has taken the action to be taken by its officers, has under the powers conferred upon it by the act, and has passed an order-in-council which makes a finality of the matter.

WASHINGTON, Aug. 20.—The navy department announced today that the captain of an American steamer reported that his vessel rammed and probably sank a submarine about 9:50 p.m. on August 17 near Winter Quarter shoal off the northern Virginia coast. The captain stated the submarine was struck on her port bow, bringing her alongside.

The submarine crew halted in strong German accents, saying they were friends, the captain said, but he replied they were no friends of his. He kept on his course, he said. The steamer is now in port with a badly damaged hull and a quantity of water in her hold. The captain thinks he sank the submarine.

In making the announcement the department did not name the ship.

THE TANKER'S GREAT DUEL. AN ATLANTIC PORT, Aug. 20.—A submarine enemy submarine was sunk by the gun crew of a British tanker, which reached here last night. The tale of the battle between the tanker and the U-boat was told today by John Crosby, a crew member who was taken from his bed in a hospital, where he is being treated for shock.

Crosby said he was in a serious condition. A remarkable feature of the case is that he felt no ill effects during the encounter with the enemy. He was in good health until yesterday morning. Then, safely in port, and beyond the reach of the undersea pirate, he collapsed.

The second mate was on the bridge about 2 o'clock in the afternoon. Crosby said. "There was never a sign of any craft around, but he caught the streak made by a torpedo coming toward the tanker. He yelled, and the ship was thrown out of her course. The torpedo missed by a few feet. Every-one was on deck by that time, but we saw nothing of the U-boat that started the thing toward us."

The Battle Is On. "What we did see was another torpedo. We zig-zagged, dodging the missile just as prettily as could be. It went by us when we were only a few yards out of the water with her guns ready. She was all of 400 feet long and could make 12 knots an hour. The torpedo was good for eleven and a half knots, but we began to go, with the U-boat coming behind. She opened up with her guns, and the fight started.

I was acting as spotter for the gunner, calling to him as they took up the water about the U-boat. Our twenty-sixth shell took the submarine right. She did not stop to stop with a bang. What she did was to swing around slowly and then to stop. We did not slow down, but made for port as swiftly as we could travel. I am sure our shot destroyed the enemy craft."

FOE AIRPLANES IN THIRD OF A MINUTE Wonderful Twenty Seconds in French Ace's Career.

PARIS, Aug. 20.—Lieut. Rene Fonck, the famous French aviator, who shot down three German airplanes on August 14, as announced officially Sunday, accounted for all three of them in the record-breaking time of twenty seconds.

Fonck went out, escorted by two patrolling machines. After cruising ten minutes he spotted four enemy two-seater battle planes, flying in Indian file with only a few hundred yards between each. The French flier fell on the first enemy machine with his machine gun. It fell in flames in ten seconds. Later he got his sights on the second machine with the same result. The third dodged sideways before Fonck could take aim and escaped, but by a swift turn of the rudder he dashed at the fourth airplane and sent it down to join the first two.

If the third machine had been flying a little farther from the second, which would have given him time to train his gun on it, Fonck asserts he would have accounted for it too.

Lieut. Fonck recognized as the greatest French air fighter since Captain Guynemer, is credited with bringing down sixty enemy machines. Of these he downed six in one day in the course of two patrols.

A little over a year ago Lieut. Fonck entered the aerial service as pilot of an airplane requisitioned by the army. After about twenty days of this service, during which he defeated two German planes which had attempted to interfere with his work, he was put into a squadron of pursuit machines.

Eight days later he was officially cited as an ace, having destroyed his fifth airplane, a remarkably cool and daring fighter, Fonck is only twenty-three years old.

1,604 SOLDIERS OF CANADA HAVE BEEN KILLED IN PICARDY

Hon. Martin Burrell Gives Statement of Sacrifices and Glory Achieved to Rouse Thousands of Slackers To Do Their Duty.

OTTAWA, Aug. 20.—Hon. Martin Burrell, acting minister of militia, in a statement issued tonight to the Canadian Press, referred to the recent Canadian offensive and expressed in no uncertain tones the Government's views in regard to the amnesty for deserters, which expires at the end of this week.

"Since the first of August," said the minister, "the Canadians have marked their entry into the fifth year of the war by achievements which have confirmed the reputation of the Canadian corps as the most formidable fighting force of its size on the western battlefield. The recent advance made by our men has been important in its results and brilliant in execution. In the past three weeks they have captured ten thousand prisoners, one hundred and fifty guns and thousands of machine guns."

During this same brief period they have suffered 10,242 casualties, 130 officers and 1,477 men having been killed in action.

Needs No Comment. No comment can be so strong as this simple statement of facts. The figures carry their own story, both of valor and grief. They are at once an evidence of the unshakable resolve of our countrymen to crush the foe of our common liberties and a challenge to ourselves. We dare not, and we will not, fail to support them in their great task. Across the sea we have much cause for gratitude and pride. Within Canada itself, we have reason also for pride.

The call for an expeditionary force for Siberia to assist Russia in the fight against her German foe has evoked a keen response throughout the country, showing that four years of effort and sacrifice have neither exhausted our

shing the soldier for breaking a military law, we should not punish the man who refuses to become a soldier and is thereby guilty of breaking the fundamental law upon which all military regulations and discipline are based. Those who have any doubts on the matter, I cannot too strongly emphasize the determination of the Government to carry out the terms of the proclamation. Court-martials have now been constituted in all the military districts, and the law will be rigorously enforced and the extreme penalty imposed on those who fail to surrender.

"It is gratifying to know that many of those men are now reporting for duty. It is equally gratifying to know that the press of all nationalities, and large numbers of influential persons are doing fine service to the state by warning those who have ignorantly transgressed, and by advising them as to the course they should now pursue.

Should Head Warning. "I hope and believe that the warning and advice will be heeded. The state gives privileges to all alike, and it demands an equality of sacrifice and service. Without such equality the state cannot exist."

"Since August, 1914, more than 40,000 Canadians have met their death in order that our institutions, our laws, and our liberties may be preserved. It would be well for those who hitherto obeyed the laws of their country to realize the responsibility of government late, for it is the plain duty of those upon whom the people of Canada have placed the responsibility of government to see that the burdens of the war are equally borne and that duty will be discharged."

Many May Be Misled. "I am convinced, however, that thousands of them have been misled by persons who have encouraged and persuaded them to disobey the law, and who in their false kindness are more guilty than those who are now deserters, and who may not have realized the gravity of their offense. The whole matter was thoroughly discussed by my colleagues and myself, and the decision was reached by the Government to grant an amnesty until August 21. Its terms are well known, a full and certain pardon to those who failed to report and are deserters; an equally full and certain punishment to those who fail to report and are deserters after that date.

"Canadian soldiers both abroad and at home have an enviable record for discipline and for bravery. No large body of soldiers can, however, be entirely free from discipline breakers, and we have likely had to impose punishments of ten years' penal servitude on a number of men who set their fellow soldiers an example of disobedience to military orders which, if followed, would stamp us as unfit to fight the Hun. Determined to Punish. "It is inconceivable that, while profes-

AMSTERDAM, Aug. 20.—Professional soldiers like Gen. von Blume and Gen. von Liebert, unlike so many other German war critics, do not seek to belittle the significance of the appearance of the American army on the west front.

Gen. von Blume, who is on the retired list, writes an article on the subject which appears in the Rheinische Westfälische Zeitung. He frankly admits that "we have to recognize that the Americans, all in all, have done very smart work, and it would be a very serious thing if the German army command had to face an American fighting army of millions."

This prospect the German public must on account be permitted to ponder over, and almost immediately after the article appeared a semi-official statement was issued to the effect that the "exaggerated reports circulating about the size of the American army in Europe merit no credence and only exist in Yankee imagination and Entente propaganda."

The statement said further that the "outrage question, which is already acute, will become more serious for the Entente when America has to ship her crops to Europe."

Gen. von Liebert, who was former German commandant at Lodz, and who is now military critic of the "Tagesliche Rundschau" of Berlin, tells the publisher that the American army has actually become a big factor and the debarkations in France are proceed-

OLD COUNTRY IS STIRRED BY TALK OF AN ELECTION IN THE AUTUMN

Northcliffe Press Seeks a Change in Parliament To Help Lloyd George.

PARTY LEADERS OPPOSE

Claim Plan Would Interfere With War Plans and Work to Follow Peace.

BY ARTHUR S. DRAPER.
[Special to The Advertiser.]
(Copyright, 1918, by the Tribune Association, New York.)

LONDON, Aug. 20.—Rumors of a general election in a couple of months have furnished editorial writers with a topic which they have seized with unceasing pleasure. The Liberal journals protest strongly against even the thought of a khaki election, and some of the Conservative organs condemn the plan just as strongly.

The Northcliffe press and a few other supporters of Lloyd George are alone in their demand for a new Parliament. Apparently the Asquith Liberals, the Henderson and Macdonald Laborites and the old-line Tories are opposed to the election until the war is over. They have no policy or platform to put forward at the present moment. Labor is not quite ready to enter the lists, but it is willing to take its chances if the election comes this year.

The old Tories are in much the same position as the Asquith Liberals. Lloyd George has no real party support at the moment, depending upon the Conservatives and a group of Liberal-Labor followers who have broken away from Asquith and Henderson. Those who oppose the general election argue that it would interfere in the prosecution of the war, and that those elected to Parliament during the war would not be the proper representatives to tackle the post-war problems.

Outlived Usefulness.
On the other hand, supporters of the plan hold that the present Parliament has outlived its usefulness, and that the premier must be unfettered when that time comes for the election of the country's views.

Asquith has been advised to put the direct question to the premier as to whether he intends to dissolve Parliament. Apparently Labor is worried lest Henderson deprecate the holding of an election this fall, but he does not seem worried about the showing his party would make. Labor leaders believe that many Liberals will draw on their candidates' support. Their election machinery is being rapidly set up.

Naturally military events during the remainder of the campaigning season would have an important bearing on Lloyd George's decision, and upon the result should he dissolve Parliament. With the military news rather dull at this moment the discussion of the election has probably grown out of proportion to its importance.

SOMETHING ODD ABOUT SPAIN'S NOTE TO BERLIN

First, Its Publication Is Premised; Then It Does Not Exist."

NOW ITS TONE WAS "FIRM"

Minister of War Repeats That There Will Be No "Break"

MADRID, Aug. 20.—General Jose Maginero, the minister of war, today declared that the international situation gave no occasion for alarm on the part of Spain. The note recently sent by the Spanish Government to Berlin regarding the sinking of Spanish ships by German submarines, he said, was written in a firmer tone than were previous notes, but it could not bring a change in Spain's attitude of neutrality, much less a rupture of diplomatic relations with Germany.

Some mystery evidently attaches to the diplomatic note reported to have been sent by Spain to Germany. Recent advices from Madrid were that a note had been dispatched to Berlin regarding the torpedoing of Spanish ships by German U-boats, and that as soon as the document had been received at the German capital it would be made public by Mr. Dato, the Spanish foreign minister. It was reported that the note included a notice to Germany that Spain would compensate herself for future losses from interned German vessels in Spanish harbors.

Foreign Minister Dato, to allay alarm, issued a denial from San Sebastian on Sunday, to the effect that Spanish press reports that the neutrality of Spain was threatened. In his statement the foreign minister added: "As to the famous Spanish note addressed to Germany, it is impossible to publish it because it does not exist."

SOLDIER - LABOR MAN TO APPEAL ELECTION OF HON. DR. H. J. CODY

Says Deputy Returning Officer Violated Rules of Election Act.

TORONTO, Aug. 20.—C. It is alleged there were breaches of the Ontario election act on the part of deputy returning officers. It is claimed that in some instances the boxes were only looked, whereas they should have been sealed as well.

TORONTO IS BILLED FOR \$44,869 RIOT DAMAGE

TORONTO, Aug. 20.—Toronto has been billed for the damage done to the Greek restaurants and for one butcher store wrecked in the street disturbances on the night of August 2.

The total bill is for \$44,869.22, but this does not include in some instances the daily business loss sustained through the places being closed following the attack. The highest charge for business loss is \$30 a day.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Oranard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Oranard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

STOP A MOMENT! LISTEN TO THIS

Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied, and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of frezone will cost very little at any of the drug stores but is sufficient to rid one's feet of every hot or sore corn or callous.

You are further warned that cutting at a corn is a suicidal habit.

CITY'S SERVICE ORDER HAS NOT BEEN SERVED ON STREET RAILWAY YET!

The city's order that the street railway company restore the service as provided by the bylaw has not been served on the company as yet. Some time ago

the city solicitor was asked to send such a notice. A short time later a new bylaw of "order and directions" was presented to the council. However, it will be necessary for Engineer Bruler's check to be taken before the city can state positively to the company that it is not carrying out the order. The penalty if the company refuses to obey the city's order for service is the cancellation of its franchise.

PTE. W. A. PARSONS KILLED IN ACTION

More Casualties Added to London's Long List.

Word was received today by F. Parsons, 72 Rectory street, of the death of his son in action, Pte. W. A. Parsons. Pte. Parsons left the city as a sergeant of the Army Medical Corps, and upon his arrival in England reverted to the rank of private in order to get to France, and was transferred to the 50th Battalion. He has been in France since last Christmas. Prior to enlistment, Pte. Parsons was employed in the local offices of the Dominion Express Company.

His Second Wound. Corp. R. Fulton has been wounded for the second time, says an official message to his mother, Mrs. Fulton, 12 Ryerson street, the time by gunshot in the finger. His first wound was received at Passchendaele on November 9, 1917, this being his only absence from the trenches in two years. His brother, Sapper David Fulton, has recently gone overseas. JOKER IN INSURANCE POLICIES WILL COST CITY \$10,000 YEARLY

Serious Problem To Face Over Soldiers' Insurance.

City Treasurer Bell has discovered where the city is to be refunded the tune of about \$10,000 yearly in connection with the soldiers' insurance. The policy of allowing the different insurance policies to lapse into extended insurance after the fourth year is now in force. Many policies are now under this clause. However, the policies of some companies provide for but three or four years' extended policy. The company's term runs as high as ten or twelve years, however, and while coming into this Mr. Bell found that the company demands that on each policy the war risk be paid while the soldier remained overseas. There are many soldiers insured in this company.

TAILORS WANT WEEKLY WAGE

The Tailors' Union of the city decided last night to ask the boss tailors to substitute the weekly system of payment, at 35 cents an hour, for the piecework system, by September 20.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May Be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age, and had all the symptoms incident to that change, heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Godden, 925 Napoleon street, Fremont, Ohio. Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues" may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound. If any complications present themselves write the Pinkham Medicine Company, Lynn, Mass., for suggestions how to overcome them. The result of forty years' experience is that every woman and your letter held in strict confidence.

LONDON MUST MANAGE WITH 17,793 TONS ANTHRACITE LESS THAN IT GOT IN 1917-1918

It Will, However, Get More Bituminous and Can Obtain a Steam Anthracite Which Is Good in Some Circumstances.

Fuel Controller McCallum has received a letter of advice from Ontario's fuel controller, R. C. Harris, Toronto, in regard to the distribution of fuel in London for the coming winter. The letter stated that London's allotment of anthracite coal for the coming winter is 100,000 tons. In 1917-18, 108,896 tons were received, and last winter 117,557 tons were unloaded. This means that London will have to get along with 17,793 tons less than last winter, and 8,865 less than the winter before.

Urges Use of Wood. The fuel controller lays emphasis on one fact in his letter to Mr. McCallum, and also in letters to the twenty-six coal dealers of the city, which is to the effect that people who have wood or can successfully use wood should not be allowed to use coal. There is no justification under the existing code for a dealer to supply coal where wood is on hand," he states.

TEACHERS WON'T ANSWER QUERIES SENT BY BOARD

Say No Reply Is Possible at the Present Time.

OFFICIAL MAKES THREAT Says Some of Those Concerned May Lose Their Certificates.

The five women teachers of the school asked by the teachers' committee to be asked to declare their position in regard to the open defiance of the board by the Women's Teachers' Guild, have refused to answer the question put to them by the committee. The letters were sent this morning and opened the letters. They were all the same. There were not more than a half-dozen words in the whole five. Some of them were four pages long and the others seven, depending on the writing of each teacher. The whole gist of the letter was contained in the final part of the last paragraph of each.

I wish to submit with every deference that the question as to one which is present does not permit of an answer." The committee's consideration of the letters was short. It decided that it would refer the whole matter to the board with the recommendation that the matter be referred to Dr. Wainwright, chief inspector of the public and separate schools of the province.

"Some of these teachers may lose their certificates," said an official of the board in discussing the matter this morning. The letters of the teachers were presented to the committee as a whole and the committee as a whole decided that they should correct what the committee termed misleading statements made in the woman's council. The question to answer was whether they supported the woman's council of teachers in reference to the erroneous statements made to the woman's council and the suppression of facts which would have placed the conduct of the board fairly before the body.

The teachers state that they learned soon after that the statements in regard to Messrs. Edwards and Rogers were incorrect and, desiring to be fair, they so advised the woman's council of their error and expressed regret. As to their protest against discrimination, the teachers recite that the minimum for male teachers is \$700, the maximum made three requests, a maximum of \$1,200 and a minimum of \$600, and an increase of \$25 per annum. The increase coming in for each satisfactory year of experience. They were not granted. Instead the board raised the minimum to \$550, and later gave other teachers \$500. "It does not appear to me," reads each letter, "that there has been any discrimination in the matter of salary, would have placed the conduct of the board more fairly before the woman's council."

No Answer Coming. "Nothing could be more remote from my wish to appear to be unfair, unless less discourteous to your committee," each proceeds. "For this reason it is not desired to discuss the isolation of a certain few members of the Woman Teachers' Guild or of the endeavor to suppress the discussion of the question submitted at the meeting of your committee. It is my desire to fully meet the wishes of your committee, but until the refusal of the guild to correct erroneous statements made to the local Council of Women and the suppression of facts which would have placed the conduct of the board before the body, can be established, I wish to submit with every deference that the question at present does not permit of an answer. The letters are signed by Bertha Graham, president of the Guild; E. C. McNeil, secretary; Edith Ferguson, K. McNeil and E. J. McNeil, prominently connected with the guild. Miss S. Macklin, the sixth teacher invited to the meeting, but who was out of the city, has written to Secretary McElihan, saying that she really feels as if she is responsible and expressing regret that she was not present at the meeting to assume the onus of the whole matter. A New Letter. The matter now goes to the board. In the meantime, Secretary McElihan has received a signed letter which he has handed out, minus the signatures, which offers some interesting suggestions to the board. No doubt it will receive a warm reception from the teachers. It reads: "I have been much pleased with the stand the board of education has taken in regard to the lady school teachers, and I hope they will not go back on
