

ULSTER REPRESENTATIVES MAY BE CALLED INTO CONFERENCE

Irish Republicans Are Firm in Stand That Sir James Craig Has Forfeited Right To Participate in Negotiations — De Valera Meeting Prominent Leaders in the Irish Movement Today.

London, July 16.—Resumption of the conference between Mr. Lloyd George and Mr. Eamon de Valera, Irish republican leader, was not planned for today, it having been announced that the next meeting would occur on Monday. Discussions they would have with advisers during the day, however, might, it was believed, have an important bearing on the future progress of the negotiations begun on Thursday and continued yesterday.

Mr. de Valera remained at his hotel here, and was expected to meet prominent Irish leaders during the day. The prime minister went to his country home at Chequers Court for the weekend, but did not look forward to any material relaxation of the strain of the last week. It was said he had been conferred in private with many prominent members of the British cabinet and men who had taken a leading part in the conduct of Irish affairs.

It would appear that the discussions between Mr. Lloyd George and Mr. de Valera have developed the subject of a future tripartite conference between the Irish republicans, representatives of the British government, and the Ulster Unionists. It was stated the republicans looked upon the presence of Ulster, definite propositions. Sir James was escorted by Mr. Lloyd George yesterday after Mr. de Valera had left Downing street, and it became known later that several members of the Ulster cabinet had been called to London.

NAVAL QUESTION TO BE SHELVED BY PREMIERS

Calling of Washington Conference Changes Plans.

MEIGHEN TO RETURN

Canadian Premier To Sail For Home On Thursday Next.

London, July 16.—(By Grattan O'Leary, Canadian Press staff correspondent.)—As a result of the informal discussions the last few days, the naval question will be shelved by the conference of British prime ministers. This course has been urged by Premier Meighen from the beginning and its adoption has been rendered inevitable by the decision to have the disarmament conference at Washington. It is probable that some form of resolution will be passed, but it will have no relation to policy, or any contemplated action, and it will commit the respective dominions to nothing.

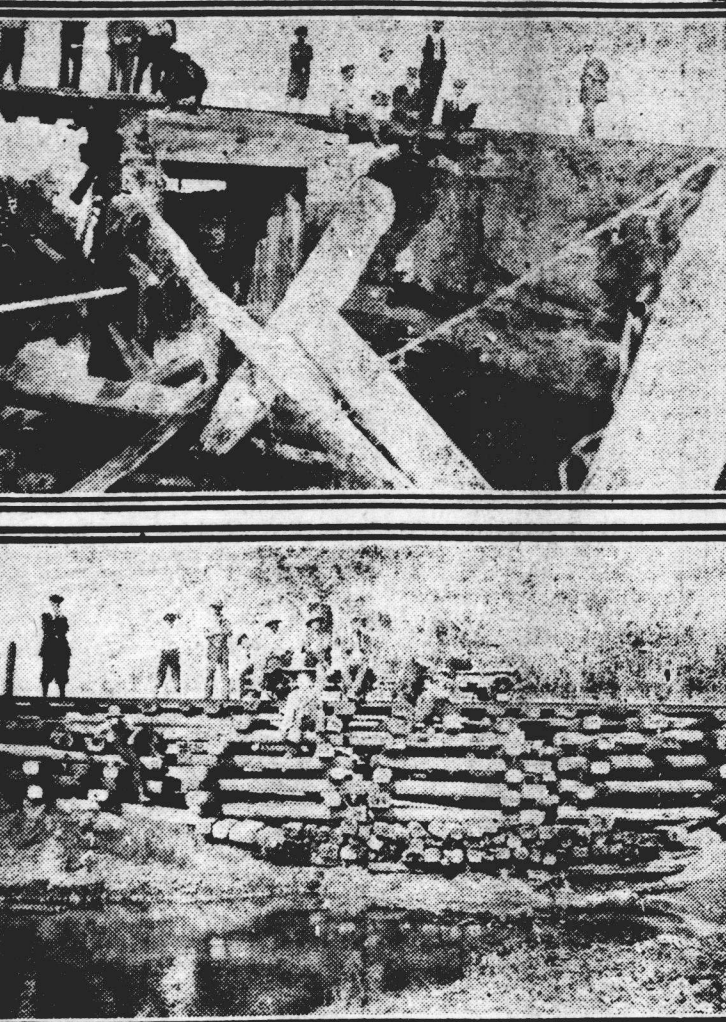

It is not at all improbable that the question of the time and date for the discussion of other matters in connection with the proposed constitutional conference will be left in abeyance. The Canadian Press is in a position to state that this is the view held by at least two Dominion premiers, both of whom, it is known, have subscribed to the resolution of 1917 urging the holding of a constitutional conference as soon as possible after the war.

Smuts Opposed. The argument they now use is that in a state of flux, the question of devising machinery suitable to the changed status of the Empire with its attendant danger of throwing the whole question into the vortex of domestic politics, can safely be delayed. In a word, their position is to leave well enough alone.

It is known that Gen. Smuts strongly disagrees with this view. In the last general election in South Africa he practically pledged himself to secure certain reforms. However, as only a few days more remain before the conference concludes its work, the probability of anything concrete being decided appears to be exceedingly remote.

Premier Meighen will sail for Canada on Thursday next. If the Pacific conference is held here—which now seems likely—he will return for it. If, on the other hand, it is held in Washington, he will attend it there. Today (Saturday) the Canadian premier goes to Cardiff, Wales, to visit friends, and on Monday he will be in Edinburgh to receive the honorary degree from the university.

BIG WASHOUT ON L., H. AND B.

Top—Washout at old wooden culvert on London, Huron and Bruce branch of G. T. R., three miles south of Hensall, which help up trains for two days this week.

Bottom—Temporary trestle work erected on Huron and Bruce branch of Grand Trunk, between Hensall and Exeter, following washout Sunday evening. The receding waters can be seen in the foreground. More than 60 carloads of gravel will be required to fill in this big washout.

ALBERTA FARMERS STRONGLY OPPOSED TO PARTY SYSTEM

Want More Democratic Control of Government Affairs.

CAMPAIGN NEARS END

Provincial Elections Taking Place On Monday.

Calgary, Alta., July 16.—(By Canadian Press.)—The provincial election campaign in Alberta comes to a close tonight and on Monday the electors go to the polls to choose sixty men and women who will constitute the next legislature, with Premier Charles Stewart returned unopposed for Sedgewick. There are no deferred elections. There are fifty-two constituencies, the large cities, Calgary and Edmonton, each being allowed five members and Medicine Hat two. All others are one-member ridings.

Unusual interest in the election has been created by the presence in force of official candidates of the United Farmers of Alberta. Forty-four U. F. A. candidates are contesting as many constituencies, and the organization is prepared to accept the responsibilities of administration should it command a majority in the new House.

The U. F. A. is in opposition to the Liberal Government of Hon. Charles Stewart, on matters of political principle which are held by the leaders of the farmers' movement to be vital. The Conservatives, who are running full slates in Calgary and Edmonton and have a few other candidates, attack the government's record and point to its alleged extravagance and its alleged unfairness to the cities in taxation as reasons why it should be defeated.

CIVIL SERVICE EMPLOYEES TO ENTER STRONG PROTEST AGAINST THE DISMISSALS

Claim Sir George Foster Has Tried To "Pass the Buck" To Three Different Departments — Griffenhagen Experts Only Used As Camouflage—Age Is Not Basis of the Proposed Discharges.

Word reached London today that of a determined action is expected by the Civil Service Employees' Association of Canada in protest to the wholesale and indiscriminate dismissals, which are, presumably, based upon the recommendations of the now famous Griffenhagen Company, Chicago, efficiency experts.

A True Ottawa. As detailed reports of the ruthless slaughter throughout the country are being recorded the nature and scope of the endeavor of the economical commission becomes more apparent. Sir George Foster, in a dispatch from Ottawa Friday, disclaims all connection with the dismissals, and neatly, with all the characteristics of a true Ottawa, "passes the apular buck" to be handled by anyone or all of three suspects—the civil service commission, the departmental heads and, of course, the Griffenhagen associates.

Do Not Bear Seal. At the time the changes were about to be placed into effect, a report was issued by Ottawa that any dismissals to occur would be without the approving seal of the American firm. That such procedure has resulted is denied by civil servants from Windsor to the Atlantic, and they are highly incensed because, as they aver, the civil service commission, with Griffenhagens admirably situated just to the left of the executive block (in an advisory capacity) is continuing with its work, completely ignoring the heads of the different offices throughout the country. That the latter should be in the better position to place a value on their employees is claimed.

Age Spares None. It develops further that evidently age spares no one. In several cases, in some of the eastern offices, many of the younger employees have been dismissed.

Among the more prominent clerks to be let out in Ottawa during the past week are Miss Casgrain and Mrs. McKay (formerly Miss Casgrain), both former residents of Windsor.

Chamber of Commerce To Co-operate With Ontario Immigration Department

Local Employers Will Be Asked To Avoid Taking of Prospective Farm Hands Into Factories.

SIR SAM HUGHES WHOSE DEATH IS EXPECTED HOURLY

Prompt action obviously has been the outcome of the meeting on Friday afternoon between Gordon Philip, secretary of the chamber of commerce, and John Farrell, the London representative of the Ontario department of immigration.

In pursuance of his outline to better facilitate the disposition in Western Ontario of new arrivals from the British Isles, Mr. Farrell consulted the chamber of commerce with a view toward closer co-operation between the big employers of the community and the immigration department. Citing two very recent cases, the government representative emphasized one of the serious handicaps to complete success in his department. After completing arrangements for the placing of two men, just arrived from the old land, Mr. Farrell pointed out that as time passed the farmer reported that they had not arrived. Upon inquiry at different local factories, however, they were finally located.

Employers Co-operate. On being made conversant, however, with the real state of affairs, the management of the factory in question on Friday afternoon intimated that the chamber of commerce that the matter would receive instant consideration. Other of the big employers in the city, Mr. Philip asserts, will be asked to co-operate, as far as possible, as the government official suggests, so that strict attention shall be paid to the identity of prospective employees.

That such action will have any appreciable effect generally is not the opinion of the secretary of the chamber of commerce. "We shall certainly ask the employers to exercise the utmost judgment in their selection of applicants for work. It is the primary intention naturally that immigrants coming out for farm work be handled through the local government office and placed with farmers. Following my conversation with Mr. Farrell, however, I have been in touch with the firm in question which employed the two men referred to, and I have been assured that this matter will be forthwith considered."

Make Investigation. Within the next few weeks the chamber of commerce has made certain investigations relative to a couple of cases, one in particular which was mentioned by The Advertiser. This was the case of the experienced millwright from Liverpool who related the case with which he had satisfied the immigration officials in that report. We made a report of the matter to the federal authorities at Ottawa. It developed that the man in question was in fact a deserter from the army, and he had been returned, as was stated; worked Continued on Page Three.

Lindsay, July 16.—Sir Sam Hughes had a very restless night. Dr. McAlpine, his physician, left the house at midnight and at 8:15 this morning had not returned, confident that his patient was so much improved that he would live for many hours.

Sir Sam is suffering no pain, but has failed very fast.

GREEK TROOPS OCCUPY CITY OF KUTAA

Turks Sending Up Reinforcements To Stem the Offensive.

Athens, July 16.—Greek troops have occupied the city of Kutaa, an important point on the southern branch of the Bagdad Railroad, about 75 miles south-east of Brussa, it was declared in a private dispatch received here last night from Smyrna. Advances from Asia Minor, where the Greeks are conducting a general offensive against the Turkish Nationalists, indicated yesterday that the reinforcements of Turkish and Kurdish reinforcements into the Kutaa area, and it was indicated a serious battle might take place there.

CONSTANTINE DIRECTING DRIVE. Constantinople, July 16.—King Constantine is undertaking the active direction of the Greek offensive against the Turkish Nationalists, now in progress. It is stated in advices reaching here from the front.

The Greek plan for this offensive, it appears, was to strike directly at the Turkish centre at Kutaa (now reported from Athens to have been occupied by the Greeks), where the third Nationalist army corps, commanded by Col. Arif, was constituted the main defensive force, with Nasim Bey commanding at Afium-Karakissar, to the south. The plan differs from that of the offensive of last March, which called for the armies from Brussa and Usak to operate in straight lines eastward with their objectives behind Eski-Shehr, whereas the present plan, while less ambitious, is considered in military circles here more dangerous to the Turks.

Results Achieved At Premiers' Conference

London, July 16.—By Grattan O'Leary, Staff Correspondent, Canadian Press.—With the congress of prime ministers of the British Empire nearing its close it is now possible to sum up what it has achieved. This, in brief compass, may be summed up under seven separate heads, as follows:

- First—It paved the way for and made possible the great disarmament conference of the world powers.
- Second—Its deliberations resulted in the decision that the Anglo-Japanese alliance must be brought into harmony with the covenant of the league of nations, which means that the military clause of the treaty must be eliminated, and it prompted the idea of a conference on Pacific problems which, if it is successful, will make the Anglo-Japanese alliance unnecessary.
- Third—It created the atmosphere favorable for the step toward the settlement of the Irish question, and produced a General Smuts to rescue the negotiations from failure at an extremely critical juncture.
- Fourth—It enabled the statesmen of the dominions to arrive at full knowledge and comprehension of the principles underlying the British foreign policy, and of the effect which the application of such principles produced upon the international situation.
- Fifth—It settled the important question of the distribution of the German reparations among the various portions of the empire in a way satisfactory to all.
- Sixth—It reaffirmed and defined certain basic principles of the empire's constitutional development and cleared up misconceptions and misunderstandings regarding a number of questions, such as, for example, the decision to appoint a Canadian minister at Washington.
- Seventh—It discussed and passed useful resolutions upon such important problems as overseas settlement, development of aerial transportation, improved wireless, cable communications and shipping.

THEATRE WILL CONTRIBUTE SHARE OF ITS TAXES TO LOCAL SEPARATE SCHOOLS

Court of Revision Grants Appeal of Roman Catholic Shareholders.

That Roman Catholic stockholders in Loew's Theatre here, represented in amount of cash or shares, are just two and three-fifths of the total shareholders, was a fact disclosed at a sitting of the court of revision Friday night when this percentage of the assessment on this building was ordered to be transferred to the support of the separate schools of this city.

Loew's Theatre is assessed for \$365,275, of which \$250,000 is on the building, with \$2,500 business tax, \$34,000 is on the theatre front, and \$85,000 business tax on this portion. Of this total assessment the taxes on approximately \$227,150 will be devoted to support of local separate schools as a result of the decision of the court. The appeal sustained was entered by Roman Catholic stockholders of the theatre.

ROBINS GET 'STEWED' ON HOME BREW

Sparrows Also Enjoy Some of Forbidden Refreshment.

Home brew is good stuff at times, and when it sends all the robins and sparrows in the neighborhood on a flying jag it is not time to quit. At least, that is the opinion of a south end resident who recently experimented on "making good" by a very amateur brewer obtained a recipe with a reputation to kick with all-fours, from a friend, and proceeded to make up a mash, with raisins as one of the principal ingredients.

However, unfortunately (or fortunately, according to members of his household), the home brew soured, and the violator of the Ontario temperance act dumped the mash into one corner of his yard, before proceeding to work Monday last.

Within a few hours his wife noted that several birds in the yard were acting peculiarly. Two sparrows were seen sprawling on the ground attempting in vain to rise to their feet, while another not quite so unsteady attempted to rise several times, but could not take off properly.

Under the impression that she was seeing to confirm her suspicions, and other members of the family to the scene to confirm her suspicions, and investigation further revealed a robin turning somersaults in the mash, while a companion was seen attempting a similar feat on the clothesline near by.

In a few moments more birds joined the happy throng, and feasted on the raisins. They also performed many interesting stunts, such as "flying in circles," bumping into the fence, and trees blindly, and turning flips in the air. Some greedy ones became absolutely "paralyzed," and fell blinking to the ground, to be picked up by a neighbor's cat, whom the spectators chased away ere he, too, fell a victim to the potency of the home brew.

Finally the entire mash was consumed, and the birds, who were still in evidence for hours, when he returned at noon, and he now regrets that he threw away the kicking powder. A new mash was made up, and according to latest reports is working overtime. The birds, which are said to be hanging round a certain backyard fence corner in large numbers, will not even smell "the extra raisin" in this one.

**FARMERS ANXIOUS
OVER WHEAT CROP**
Fine Harvest Is Not Yet Safely in the Barns.

WARDSVILLE, July 15.—The heavy rains that have recently favored the district have done much to hasten the later crops, but present the farmers with a little anxious to get their wheat, which is a good crop, safely in the barn.

BERRIES SEEN AT RUSS DAMAGING ONCE IN A BOX OATS IN OXFORD

Large Quantities Are Offered Humid Weather Is Causing Considerable Loss in Some Sections.

[Special To The Advertiser.]
INGERSOLL, July 15.—While the succession of storms recently caused heavy damage, a more optimistic spirit prevails in the surrounding rural districts. The corn, which was badly flattened, has begun to assume an upright position, and the damage will not be so great as at first supposed.

Wheat has ripened rapidly, and considerable loss has already been cut, although harvesting operations. Dry weather is required, or, in the opinion of many, the wheat will soon sprout in the shock.

The berry crop is very heavy, but the greater part of it has been harvested this week, and as a result the price doubtless reached a lower level than producers expected. Due to the fact that they were compelled to market large quantities with little delay as possible, berries here have retailed at 10 cents per box.

Throughout the adjoining districts large expenditures will be necessary to repair the damage caused by heavy rains. In all sections bridges and culverts have been washed out and deep ruts made in the roads. Today a member of the North Dorchester Township Council estimated the damage in his section alone at \$10,000. It would be necessary, he said, to repair one bridge at a cost of \$5,000.

**HARVESTING DELAYED
BY RECENT SHOWERS**
Farmers Around Thorndale Are Opening Up the Wheat Sheaves.

THORNDALE, July 15.—Several of the farmers in the township opened up their wheat sheaves today. The oats in many parts are ready to cut, but farmers have been delayed with the wheat and are unable to get at it.

The rains of Thursday have delayed the farmers with the wheat harvest, the most of the crop is cut, but a great deal is still in the field.

E. Gumb is ill with diphtheria. Miss La Prairie has been engaged as principal of Thorndale Continuation School.

Mr. and Mrs. Samuel Belton moved to London today. Mr. Belton was formerly associated with distributing the supplies of the farmers' clubs to the farmers.

Ready to Proceed.
The Thorndale Co-operative Dairy Company, Limited, have now secured their charter and prospectus with a capitalization of \$40,000 and minimum of \$10,000 to begin building operations. A canvass will be made shortly of the surrounding district for the purpose of selling shares.

Many of the farmers of West Nisour Township and also of the adjoining townships of London, Dorchester and East Nisour, are keenly interested in this enterprise as the co-operative dairy plant from which milk, cream, butter and cheese can be shipped as the market demands, furnishes excellent opportunities for the disposal of their dairy products at a much higher price than could be realized otherwise.

Prof. Leitch, in his agricultural survey, declared that when the farmers in the township were selling milk at 3¢ per cwt. they were realizing only the bare cost of production, whereas they obtained 8¢ per cwt. of milk from each cow, whereas if a co-operative dairy plant had been in existence a totally different state of affairs would have existed.

Farmers of West Nisour in the month of June received \$1.10 per cwt. for their milk. The price of milk from the co-operative dairy plant was 15¢ per cwt. and 15¢ per cwt. for cheese. The dairy station, situated at Finch, Stormont County, Ontario, at Finch, was established in 1912 by the department, and is being operated on a successful basis, the supply of milk received doubling in the last two years, although cheese factories in that section of the country have also been closed.

Local had received milk in the manner to the one used today in the majority of cheese factories the pooling system when the proceeds are distributed according to the weight of milk only.

Divide Proceeds.
The Finch station adopted the method of dividing the proceeds according to the quality of milk delivered by each patron. One year later the patronage were given the opportunity to return to the old system if they so desired, but not one offered his milk to the pooling platform.

The dairy station furnishes opportunities for winter dairying, which has proved a very profitable industry. About 10 o'clock each morning for Montreal station, and a single patron at any time in order to make private shipments of either milk or cream.

This is due to the fact that the management is at all times enabled to take advantage of the highest market for either butter, cheese, milk or cream.

The Thorndale Co-operative Dairy Company, Limited, board of directors: J. J. Stevenson, president; John Dawson, secretary-treasurer; Dr. T. Wilson, W. T. McGuffin and John McKay.

LOG CABIN CAMPS, ALGONQUIN PARK, ONTARIO
In Nomadic camp and camp Minsing the Grand Trunk has created log cabin camps similar to those of Maine of world-wide fame. There is the large central lodge where the campers can get their meals, and there are a series of log cabins, all built of cedar logs with the bark on, chinked with cement and moss and thoroughly in keeping with the natural beauty of their location. The central lodge and the cabins are simply comfortably furnished and have modern conveniences, with bathrooms and hot and cold water.

In the Ojibway language, "the language of the balsams," and it is very appropriate description, for the region is rich in this aromatic growth. Nomadic camp is situated on the gasterly shore of Smoke Lake, seven miles by stage from the Highland Inn, one of the largest and most attractive of the park lakes. Camp Minsing, in the Ojibway language, means "Island Camp," and is situated on Island Lake, ten miles north of the Highland Inn. Market street from Victoria Bridge to the T. H. and B. Railway were authorized at a special meeting of the city council today as local improvements.

The pavements mentioned were recommended by City Engineer Adams, and the board of works presented a report, asking for the authorization. The new pavement will be advertised immediately.

PAINFULLY INJURED
ST. MARYS, July 15.—Robert Nelvies was painfully injured this afternoon while at work on the new pavement on Queen street west. He was driving a heavy iron cart used for hauling concrete, and in some unknown way the wheel of the cart passed over his left foot, bruising it very badly and twisting his leg. It is not known whether any bones are broken or not.

STOTT DENIES HE MADE LOVE TO HATTON GIRL

On Stand in Breach of Promise Case At Detroit.

SAYS NO IMPROPRIETIES

Never Even Held Hands, He Swears As Jurors Smile.

[Special to The Advertiser.]

DETROIT, July 15.—There were two high lights in the testimony given today by Arthur F. Stott, defendant in Judge Dugan's court in a suit for \$150,000 brought by Monica Hatton, formerly of London, Ont., who alleges breach of promise of marriage. The first was his statement that he never held hands with Monica Hatton, who never even held Monica Hatton's hand, said Kennedy.

"No," he replied. "I never held her hands except when I shook hands with her." "Do you mean to tell this jury you never even held Monica Hatton's hand?" asked Kennedy.

If Germany Makes Reparation Canada Will Get \$300,000,000

LONDON, July 15.—(By Grattan O'Leary, Staff Correspondent of the Canadian Press.)—Canada's share of the reparations which Germany is to pay the British Empire has been fixed by the prime ministers' conference at \$300,000,000. Under the decision of the Supreme Allied Council, the total German reparations bill is placed at \$9,500,000,000 pounds, or the total German reparations bill is placed at \$9,500,000,000 pounds, or the total German reparations bill is placed at \$9,500,000,000 pounds.

Whether Germany will be able to pay the whole or any substantial part of this, and if so, when, is a different matter. Sir Robert Horne, the British chancellor of the exchequer, who took part in the negotiations which resulted in Canada receiving a share as announced, is understood to be hopeful that the Germans are and will be in a position to pay a considerable amount, but on the other hand a great many financial authorities hold the view that the collection of any substantial sum will be difficult if not impossible.

The division of the British share is made on the basis of casualties, pensions, expenditure and the loss of shipping by the various portions of the empire.

UNION MUSICIANS TO HAVE WAGES REDUCED

TORONTO, July 15.—Union musicians and moving picture operators will receive notice tomorrow from employers that they will have to accept a cut in wages of 25 per cent for the season beginning September 1.

It is the same notice that was delivered to union stage employees on Thursday. If the cut is not accepted, the union will be employed, it is announced.

Falling off of business is given as the reason for the cut.

MAY SUE COUNCIL FOR A MONTH'S PAY

Ex-Chief Phillips of Port Stanley Threatens Action.

ST. THOMAS, July 15.—Chief of Police J. Phillips, Port Stanley, who was retired today by the village council, is not satisfied with the hurried action of that body and may sue for a sum equal to that which he alleges he would be entitled to under a month's notice.

Mr. Phillips was appointed last spring, and had other duties to perform besides looking after the peace and good order of the lakeside.

Mr. Phillips returned to the city this morning, and may also bring action against a resident of the village who is alleged to have connected Mr. Phillips with the village council.

Mr. Phillips was recently featured on about the environments of Hill Crest. Some 20 bags of bottles of beer were missing from the house of Alex. Cosley or Crossley, Sarnia, carted from the Longwoods road to Port Stanley.

The seizure made by Inspector Ross did not cover a dozen sacks. Cosley confessed to having nearly three times that number when he was arrested.

LEMON EXTRACT HAD REAL KICK

Chatham Grocer Brought Into Court Under Peculiar Circumstances.

CHATHAM, July 15.—When Jack Curtis alleged in police court recently that he became intoxicated through drinking extract of lemon, the police got busy immediately and located the man who sold it to him.

The defendant owns a grocery store at the corner of King and Third streets, and it is claimed that on July 1 he sold six bottles of this extract to Curtis for drinking purposes.

The case has been enlarged until Monday to permit of further investigation. The charge may be altered as the legal aspect of the situation is considered.

Must Keep Peace. Renee de Beker, a Belgian, of Raleigh, was charged with assault against his wife in the county court.

When he appeared, Mrs. de Beker wanted to have the case dropped, although her husband had evidently treated her badly, as one of her eyes plainly showed.

This was disclosed where she had been hit by de Beker, with whom she had been living since her divorce from her first husband.

According to Mrs. de Beker, de Beker let her off on suspended sentence on payment of court costs, which were \$14, and bound him over to behave himself or forfeit the sum of \$500.

Frank Noah and Sam Lasalle, against whom a charge of being drunk and disorderly has been laid by the county police, are to appear on Saturday to explain what the trouble was about.

They were in trouble near Thamesville recently.

SARNIA MAN HURT IN AUTO ACCIDENT

Gordon Battle Has Skull Fractured When Car Overturned.

[Special to The Advertiser.]

STRAITFORD, July 15.—Gordon Battle of Sarnia had the base of his skull fractured in an auto accident on the highway near the Embro Road Junction today.

He was brought to the hospital here, and is progressing favorably. Another man was in the car at the time, but received only minor injuries.

According to Mr. Battle, who was driving the car, he ran into loose gravel on the right side of the road, with the result that he could not control the car, which turned a double somersault.

STOP FIGHTING, URGES APPEAL OF CHURCHES

Every Effort Being Made To End Troubles in Belfast.

BELFAST, July 15.—At a meeting of the Ulster cabinet tonight, called to consider the situation brought about by the intermittent rioting of the last few days, it was decided to make representations to Sir General Macready, military commander in Ireland.

The heads of three Protestant churches in Belfast have issued an appeal to all those capable of exercising influence to exert their utmost efforts to secure restoration of order and a renewal of friendly relations among all classes and denominations in the community.

Tonight the New Lodge Head district was the scene of firing by a group alleged to be made up of Sinn Feiners, but when an armored car appeared the men retreated hastily.

One man was shot in the thigh. Later there was some sniping, during which a young man and a girl were wounded, the former seriously.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid.

Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach, and thus prevent all the dreaded summer complaints.

Concerning Mrs. Fred Rose of South Bay, Ont., says: "I feel Baby's Own Tablets saved the life of my baby when she had cholera infantum, and I would not be without them."

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Company, Brockville, Ont.

Miss Helen Patterson and Miss Irene Brown were the hostesses of a delightful bridal shower given yesterday afternoon at Miss Patterson's home, Hellmuth avenue, in honor of the bride-elect, Miss Hazel Tanner. The house had been made cool and attractive with garden greenery and summer flowers, while the shower, a splendid assortment of traveling accessories, was given in the form of a huge basket tied with long white streamers. Those present included Mrs. Hugh Omond, Miss Jean Fraser, Miss Kathleen Campbell, Miss Lois Black, Miss Margaret Thompson, Miss Dorothy Walker, Miss Peggy Gammell, Miss Bessie Mountjoy, Miss Bertha Mountjoy, Miss Gladys Park, Miss Geraldine Webster, Miss Helen Davidson, Miss Jean Brown and Miss Doris Tanner.

Mrs. F. N. Corcoran was the hostess of a delightful shower Thursday afternoon, when she entertained at her home, 1001 St. George street, in honor of Miss Kathleen Gleeson, a bride-elect of next week. Mrs. Richard Jennings poured tea from a prettily decorated table, centered with a silver basket, pink glass, which was surrounded by bud vases of mauve sweet peas and marguerites and mauve candles in tall brass holders. The Misses Ellen, Josephine and Julia Gleeson were charming assistants. Following tea, the guest of honor was pleasantly surprised, when Mary Corcoran, in a frilly frock of yellow or-gandy, entered the living-room drawing a beautiful beaded wagon loaded with dainty and useful gifts for the bride. Among the guests were the Misses Gleeson, Miss Mary Manley, Miss Kathleen Smith, Miss Mary Dudley, Miss Ethel Sullivan, Miss Madeline Manning, Miss Edith Kiley, Miss Gertrude Pelton, Misses McCarthy, Miss Gertrude Loughlin, Miss May Cackley, Miss Margaret Boyle, Miss Helen Coughlin, Miss Helen Lowers, Miss Lena Dwyer, Miss Doris Dwyer, Miss Annie Durkin, and Mrs. Frank Graham.

DAY NURSERY GETS FAN. Mrs. Ronald Harris and Miss Harris, "Eldon House," responded most generously to the appeal for an electric fan for the day nursery. The fan was accompanied by a treat of ice cream for the older kiddies, sent by these two sympathetic women. A further treat of ice cream and cake was recently given by Mrs. May, and there's nothing which gives the little ones greater delight.

The latest event of interest at the nursery was the passing of the circus, a truly momentous circumstance in the lives of these tiny citizens.

GIRL GUIDES ALLOWED CAMP EQUIPMENT.

Word has come to the local Girl Guide commissioner, Mrs. F. P. Betts, that Girl Guides throughout the Dominion are to be given the same privileges as Boy Scouts in the procuring of camp equipment from the military district headquarters of the country. Wishing to secure military camp equipment for the girls on the same basis as it is issued to the Boy Scouts of the country, Mrs. Warren, the Dominion commissioner, has appealed for this privilege to the department of militia and defence at Ottawa. The reply came almost time ago, signed by Major-General J. H. McBrien, chief of the general staff, stating that an order was issued on June 25 to the effect that during the present summer season of camp equipment from military headquarters be extended to the Girl Guide Association under the same conditions as issues to the Boy Scouts.

As one of the conditions is that any article desired be replaced by the girls borrowing them, Mrs. Betts urges that guides only be allowed to borrow camp equipment when some responsible person is at their head.

Advertiser Lady Finds Hundreds of Children Attending Playgrounds

"Old Swimming Pool" Has Given Way To Supervised Wading Pool All Over the City.

No longer do London residents hear of the "old swimming pool." Instead childish voices are loudly proclaiming the merits of the city's new "wading pools," and youngsters in bathing suits may be seen on nearly every street. Whole families of them scramble happily aboard the street cars, very damp as to hair and sunburned as to faces. Here and there, however, one may find the indispensable bath towels.

Down at Thames Park the tiniest kiddies climb to the sand piles and the little chair-swings while their older comrades explore the depths of the gently-sloping, cement-lined pool. Here and there, however, one may find a wee lady very solemnly dipping her pink toes in the water under the guidance of a big brother, while over the watchful eye of "Ted" McMahon.

At Tecumseh School Mr. James keeps watch and ward over young flocks. Mr. James lays claim to having the best location of all, and truly the breezes which sweep across the surrounding flats are very refreshing. Besides this, the playground is entirely covered with grass, which is, many have remarked, slightly better for white clothing than cinders and soot.

The children here, as on excellent requests may be heard: "Gimme a swim, Mr. James, please! To which the gentleman in question always responds in the most good-natured way possible. Miss Hazel Tanner, on the site of the garden owned by Mr. Calvert of the Collegiate Institute, and it will soon be in shape for use, as one forenoon's work has more than half cleared the ground. Baseball is the principal attraction at Tecumseh, as witnessed by the youngsters who crowd round the bulletin board which schedules the various teams. In true sportsman spirit, the supervisor has added to the notice: "No crabs allowed to play."

Riverview. Over at Riverview there is no pool. So Mr. Chapman occasionally takes the youngsters down to Dexter's dam for a swim. It is stated that one little boy told his supervisor that "Mamma don't give us a bath on Saturday night any more, 'cause we go to the swimming pool."

May over near Oxford street west of the "Batteries," London, is West Kiddies. Here Miss Jessie MacFarlane may be found keeping an excellent record of the swimming team, girls, or helping the smaller ones enjoy themselves. "Batteries" is not quite as well known as the other playgrounds, but it is extremely important in its locality.

XXVII.—Mary Recovers.

Mary woke to consciousness, with Vandaveer and Dick Caldrin bending over her.

Dick Caldrin had an arm about her shoulders, and Vandaveer was pouring something with a queer, burning taste between her lips.

"What's the matter?" she asked, looking blankly up at the two men. Her gaze traveled beyond them into the gloomy shadows underneath the trees. How dark it looked in there, out of the radius of the kindly moon! She shuddered.

"You slipped and struck your forehead against the bonnet of the car, I think," said Vandaveer glibly. "Caldrin and I were tinkering with the engine—your forehead suddenly—you must have missed your footing on the pavement's edge!"

Mary looked blankly at him. Curious that she hadn't the faintest recollection of anything of the sort, only this man filled her with an actual repulsion! She didn't like him—even feared him.

"Swallow a little of this, my dear," Dick took the flask from Vandaveer and held it to Mary's lips. "It'll do you a world of good!"

Mary obeyed. She would have swallowed anything if Dick had ordered her to do so—so great was her belief in him. She hated the taste of brandy—horrid stuff—but it was for her good. Dick had said so—Dick must be right!

"I'm feeling better—only my head hurts a lot!" She put a hand up to her forehead. And there, she gave a stifled cry. "O-oh! There's a lump here! I can't bear to touch it!"

Young Caldrin looked immensely anxious.

"Please let me look at it. 'Til be awfully careful. I understand a little about these things. Out in the wilds I've often had to do a bit of surgery!" He flashed the electric torch on Mary's brow and hair.

"Whew! Quite a nasty knock!" He

Personal Health Service

(By WILLIAM BRADY, M.D., Noted Physician and Author.)

The Marks of Anhedonia.

This wouldn't be a bad title for a moving picture. All right, you say. Everybody knows what anhedonia is now, especially dyspeptics, and more especially those dyspeptics whose troubles are caused by spianchnoptosis. Great Jupiter, these prodigious medical terms will pop out. Nearly everybody ought to know by this time that spianchnoptosis means dropping, falling, proslapse, sagging or just posius of any of the inwards. People with spianchnoptosis are generally experts in dyspepsia and indigestion, besides chronic constipation, flatulency and all those vulgar ailments of the proletariat. (Note to school teachers: Spare the little ones this chapter, I beseech you.)

Could the victim of such a train of troubles be anything else than a chronic sufferer? You must be a woman or even a man who is normal or even above normal in weight does have something inside, some organ movable, or floating about or prolapsed or sagging. But almost invariably the woman (I say the woman because most of the sufferers are of the corset-wearing sex) is underweight, gaunt, skinny or positively emaciated.

There are the characteristic marks of spianchnoptosis—that incapacity to be happy which the subject of sagging abdominal organs enjoys.

other cranium trouble. Why? (Miss A. L. A.)

ANSWER—In advising against the frequent wetting of the hair in combing or brushing it, I had in mind only the fact that water removes the natural oil of the hair. Of course, it is immaterial so far as catching coryza or other respiratory diseases are concerned, for such diseases are caught from persons who have them or carry the germs, not from the air or a draft, as your question implies.

Aromatic Spirits of Ammonia. Is the daily use of aromatic spirits of ammonia harmful? Is it habit-forming? Will you please publish a short paragraph on this subject?

ANSWER—If you mean the internal use of the drug, it is harmful and may be habit-forming by reason of the alcohol in it.

The Medicine.

Kindly print that corn cure you recommended. (A. C.)

ANSWER—Dissolve thirty grains of salicylic acid in half an ounce of flexible collodion (or better, let the druggist do it) and paint the corn or callous with this once daily for a week or ten days. (Copyright National Newspaper Service)

DORCHESTER W. I.

The regular meeting of the Dorchester W. I. was held recently at the home of Mrs. Benson Barr. Arrangements were made for the social meeting, which was held at Harrietsville on Thursday, July 14; \$38 was donated to the Sick Children's Hospital. "Amusements in the Home" was the subject of a very interesting paper given by Mrs. Benson Barr.

A piano duo by Miss Laura Rogers and Miss Ethel Topham completed the program.

A very pleasant afternoon was spent on Thursday, July 14, when the members of the Harrietsville W. I. entertained the members of Belmont and Dorchester.

Running. Girls suited to the individual. Running develops lung and muscle, besides a thousand little muscles elsewhere in the body, gives poise and grace, as well as vigor, and cultivates the qualities of endurance and perseverance. Its risks are lighter than those of many other forms of athletics, practically being limited to the two of excessive fatigue and overtaxing a weak heart.

Running is an excellent means of necessary basis for success in nearly all games; therefore a running track is perhaps the first thing to be planned for a playground.

Girls should run more than they do. In the freedom of the running track, shoes and close-brained hair, they should have the benefit of this good exercise.

An account of a rainy day in an English school says: "We have a regular two-mile course for rainy-day runs. After changing into their flannels, the boys start in a prearranged order, the weaker getting a few minutes start of the stronger. Two of us masters accompany them, one in the van to protect the procession from degenerating into a race, the other in the rear to insure the requisite minimum of pace, a jog-trot, varied by intervals of brisk walking. In twenty-five minutes the boys are home again."

A shower, a brisk towel rub and dry clothing then would make that an ideal rainy day for any normal boy.

PUPPY STORIES

(by Vincent G. Perry)

HOW THE DOGS GOT EVEN. Reddy, the Irish setter, was a wise old dog. Perhaps it was because Reddy had once been a trained dog, and as a circus, he did know so much. At any rate, he did know a great deal. Any dog would have told you that.

Now, Reddy's coat was a warm and thick one—a most comfortable coat to have in winter, but a very hot one to have in summer. When the hot days came Reddy searched out the shady spots to rest himself, but even then he was not comfortable.

KOMOKA TEACHER HONORED. The home of Mrs. Stanley Sinker, Komoka, was recently the scene of a happy farewell party given in honor of Miss Ross of the Komoka school. The many pupils and their parents gathered there to say good-bye to Miss Ross, showing their appreciation of her work when three of the littlest tots each presented her with a box of Old Colony silver. The presentation speech was a few words Miss Ross expressed her regret at leaving and her appreciation of their kindness during her two years.

Attention, Fly Blister.

Dear Miss Grey,—Here I am back again. I just happened to pick up a piece of the "Tiser and noticed in the Mail-Box your announcement of rules. I am sorry I am one who did not obey the rules, but I did not know them, so hope you will forgive me this time. After you received my letter, also mine for S. C. H. I sent in a recipe for date cookies in my last letter. Did you get it? Hope so. In answer to Fly Blister's question: No, common thread is not good for a yoke. My mother used No. 10 common thread, and it was not a bit fine. Fly Blister, if you can wait a day or two, I will send you an insertion for your curtains according to my very simple and pretty. I will send it to Miss Grey. I can also spare Good-Natured Anne, two or three of the very simple and pretty. I will send it to Miss Grey. I can also spare another for S. C. H. HANDS.

Ats.—Your letter containing date cookie recipe appeared in Mail-Box on July 4. Thank you, Busy Hands, for mine.

over 5 1/2 furlongs, with \$7,000 added,
 and the latter in the Empire City Derby
 at a mile and a quarter, with \$5,000
 added.

Interest in the Derby necessarily will
 centre about the performance of what
 has turned out to be the best three-
 year-old of the year, the Ranocosa
 stable's Gray Lag. There have been
 a few rumors that Jimmy Howe may
 start Tryster as a sort of preliminary
 to the Saratoga season. The appear-
 ance of the Whitney star would add
 no inconsiderable fillip to the race, but
 there are a few who seriously consider
 his having a chance to beat the Ranocosa
 champion. At equal weights the Ranocosa
 race would hardly promise much of a
 contest, but Gray Lag, having earned
 all the penalties, will be asked to give
 young Tryster a run to a field which
 is likely to be composed of Flamette,
 Idle Bell, Copper Demon, Sedgwick and
 possibly Tryster. In the end, it will
 probably be one of the fillies which
 Gray Lag will have to beat, Flamette
 especially showing an improvement in
 the year.

The Whitney stakes, in which penalties
 are levied on the winners, is to be
 apt to witness a further crystallization
 of the present two-year-old form. On
 paper it looks as though the winner
 will be the Tremont, will have the car-
 ing in the speculation. At the half
 long race, however, there is more than
 an outside chance that he may be
 beaten.

Prominent among the probable list
 of starters are: My Reverie, Mustard
 Seed, Dr. T. S. Dabney, Sedgwick, Sideral,
 Sun Ray, My Play Violent, Little
 Chief, Piatrus, Runstar and Monday
 Morning. Turf interest naturally
 centers most strongly about My Play
 Violent, who is expected to start in
 this race. This may not be started until
 the Saratoga meeting, but it is an almost
 foregone conclusion that wherever he
 makes his initial start he will win, for
 from all accounts he's a second Man
 O'War, possessing both his old bro-
 ther's speed and manner of running.

In Runstar the Rossiter people are
 said to have another inchoate. The
 colt has been showing brilliant flights
 of speed in his morning work, and un-
 less wholly a counterfite, is certain to
 make his mark. My Reverie seems to
 be one of the very few juveniles gradu-
 ated out of winter racing that is above
 the average. Her only race with her
 good ones since her long let-up dis-
 closed that same brilliant flight of speed
 which she showed in her initial starts.
 Further triumphs, Sedgwick, Sunray
 and Piatrus are three colts which are bound
 to be in the second year-old stakes.
 It is over, though they may not race in
 real earnest until the Saratoga season
 arrives.

SPLIT SEASON.
 WINDSOR, July 15.—Renewed re-
 port that the authority of the Cana-
 dian Racing Association is to be split
 and that the sport in the Dominion
 will in the near future be conducted
 under separate eastern and western
 circuits are making the rounds at the
 present meeting here. It is common
 knowledge that the C. R. A. is con-
 sidered to be the authority in the
 Dominion, and apparently seeing no relief
 in sight, the Dominion is being split.
 A report further has it that Mr. Or-
 phee, president of the Dominion, is the
 key to the situation, and that the
 alignment of the latter with his track
 friends, the Dominion, is the key to the
 situation. Thus far Bradley Wilson, man-
 ager of Devonshire, has refused to com-
 mit himself.

The position which Devonshire Park
 is rapidly assuming in a racing way
 has been reported as being the most
 other day, when, upon reliable author-
 ity, it was learned that the Palmer-
 er and consideration of the matter
 offer to transfer Bradley Wilson for
 the purchase of the plant. The first
 one was refused. Big Sale.

The most important transaction in
 harness horse racing has taken place
 since the closing of the racing season.
 The sale of a few days ago of the
 three-year-old trotting filly, The Great
 Ross, a daughter of Peter the Great,
 and Ross Watts, by Laurel Hall farm
 of Indianapolis to Tom Taggart, Jun.,
 of French Lick, Indiana, while she
 is little known to the racing public,
 having started but once in a race last
 season in two-year-old event for the
 at Syracuse, to those on the inside it
 has been known for some time that
 this youngster was highly regarded by
 Trainer Walter Cox and the other at-
 taches of the famous Indian breeding
 establishment.

A few days ago Cox gave The Great
 Ross some stiff work over the Toledo
 track, two miles around 2:07 with a
 last half of 1:01.3. As this was the
 fastest work by any of the three-year-
 old brigade, numerous prospective
 buyers drifted toward the Cox stable soon
 after the report of this sensational
 workout had been noised around. Young
 Taggart is a close friend to the Great
 Ross, superintendent of Laurel Hall
 and he secured the filly, the price be-
 ing reported at \$15,000. She will prob-
 ably be shifted to the stable of Lon
 McDonald and raced by that trainer
 in the futurities later.

Taggart, a son of the famous Demo-
 crat politician and ex-senator from In-
 diana, is not a novice to the racing
 game, as he owns Dottie Day, a
 good winner on the Grand Circuit the
 past season, and the three-year-old colt
 For Pittsford, who won the Great
 which trotted a good race at the North
 Randall meeting last week. The lat-
 ter, however, did not look to be hardy
 up to the task of meeting the best of
 the futurity youngsters, but in The
 Great Ross he has one which looks to
 be capable of holding her own in any
 company.

DOESN'T AFFECT RACING.
 WINDSOR, July 15.—If a town sup-
 posed to be in the commercial dis-
 tricts Detroit has responded astonish-
 ingly this week to the turf enter-
 tainment furnished by the Windsor Jockey
 club across the river at this point.
 Numerically, the Michigan sports-
 men are as strong as those of the
 second-breaking crowd last season,
 while the out-of-town contingent, ex-
 cept that from Kentucky, taxed
 transportation facilities to the un-
 dermost.

What might be said of the volume of
 the attendance cannot, however, be
 extended to the magnitude of the wag-
 ing operations of the crowd. Cheap
 seats money plainly lacking at the
 race tracks of Kentucky this year was
 notably absent at the first four days
 of the current meeting. The popula-
 cence to be just as much interested in
 the sport as ever, is a hundred per cent
 more genteel than the motley throng
 of yore, but simply hasn't the ready
 money to speculate as it might like and
 otherwise would.

Thus far and undoubtedly to the end
 of the meeting the position of ever-
 faithful and genial racing secretary,
 Fred Baxter, has been a most en-
 vious one. He has been the center of
 1,400 horses are stabled within
 the environs of Kenilworth. The vast
 majority are fit as they ever will be,
 it's a case of picking and choos-
 ing, rather than a hardship to fill the
 city car.

Larry Like promises to be the
 riding star on this side of the bor-
 der, as he was the star of the meet-
 ing, his more important engagements
 with the Bradley stable call him to
 Saratoga. His race in the Windsor Jockey
 club in the Frontier Handicap was a
 bit of Isaac Murphy in the early
 stages, and a replica of Snapper Harry
 in the final. Best bet was a good
 one in the Frontier, but it might as
 well be said now as waiting to acknowl-
 edge it later, that Billy Kelly has gone
 back and looks thin and drawn, while
 the terminator is not the horse he was
 at year's end and the matter is
 catering to the over 'ome sentiment.
 A Canadian Handicap for thorough-
 bred foals, the Dominion will be a
 feature of the card. As a specu-
 lation it hardly promises over-
 much, but it is a distinct example of
 the liberality of the Windsor Jockey
 club officials in a \$5,000 added purse
 for an event which is filled with little
 other than young stallions.

HURONS SHOW LESS SAND-LOT BALL AND BEAT WOLVES

Eight Errors Behind Palm Counteracted His Fair Hurling.

ACES DOWN FLINT

Extra Base-Hitting a Feature At Vehic's Grounds.

SARNIA, July 15.—Sandlot baseball was dished up at Watkins' field across the river when the Bay City crew, with Ohlin and Koehler in the grandstand with injuries, and their place filled with rookies, clashed with the Hurons when the locals were stale. Palm pitched a fair game, but was ac-
 corded terrible support, not less than eight errors being chalked up against his team mates. In the fifth O. Kelly reached third on Palm's miscue, and scored when Stump threw one over the second baseman's head. In the sixth Horn was wild as a hawk passing five men and hitting one, and being in difficulty in practically every inning. Snappy ball on the part of his mates took him out of several bad holes. Proulx and Close, two cast-offs of the Hurons, played with the Knollmen, and backed up by some lousy clouting, ran up a two-run lead, but the heavy clubbing Hurons speedily brought it down, and took the lead and kept adding to it to the end. FLINT CRIPPLED.
 FLINT, July 15.—Flint's crippled ball club carried the Saginaw Aces into the eighth inning today before giving up the fight, 6 to 4. Murphy's double, a pair of sacrifices, and Kirby's triple scored two extra rallies. Flint came from behind and knotted the count with a three-run rally in the eighth, but failed to score with the winning run on base in the ninth.

BRANTS LOSE FIRST.
 BRANTFORD, July 15.—Hamilton beat Brantford here today by 5 to 3 in a fourteen-inning game. In the eighth Stupp "booted" one and Edgren walked two men, and a single drove in two runs. In the fourteenth Blake opened by driving a liner at Edgren. Then Cor-

WILSON SUCCESSFULLY DEFENDS HIS TITLE
 Colored Challenger Only Had the Best of Two Rounds.

BOSTON, July 15.—Johnny Wilson, world's middleweight champion, won the decision over George Robinson of Cambridge in ten rounds, giving Robinson was three and a-half pounds over the 153 stipulated weight, and had the best of the first and ninth rounds. Robinson set out to make a quick end of the bout after Wilson had scored in the preliminary sparring. The negro with repeated left and a right which to the jaw first shook and then knocked down the champion. Wilson fell to a crouching position, and was quickly and quickly, and although he did not land a blow in the rest of the round, he was Robinson's storm of two-fisted punches.

The second round was clearly the champion's, notwithstanding that Robinson opened Wilson's right eye with his only real blow of the round. The champion had recovered his position from that time on Wilson was the principal aggressor. Robinson's left to the body and head

scored frequently in the ninth round, with Wilson hitting but not so frequently. In the tenth round Robinson appeared considerably slower as a result of Wilson's infighting, and the champion had the better of the exchanges, scoring on two stiff rights.

YOU CAN LEARN RIGHT AT HOME AND GRADUATE IN THREE MONTHS

Auctioneers Earn \$5 to \$50 an Hour and More

Unlike other professions, nearly all overworked, the auction profession offers

and long distance to hundreds of trained men; and whereas it requires from three to six years and absence from home in most cases—at enormous expense—to graduate in other professions, you can graduate right at home, in from three to four months, and at a cost of only \$25 to \$30.

Another advantage too, is that this profession, can be practised along with

another business or profession, where a man is his own master, thereby having a double income.

CHURCH HAS MORE MEMBERS THAN COUNTRY

Ottawa Elects Three Unless Election Comes Before Redistribution.

OTTAWA, July 16.—A Citizen front page news item this afternoon reads in part: "Unless there is an election before a redistribution bill is passed Ottawa will have three members in the next Parliament. It is said to be decided that the city will be divided into three electoral divisions—East Ottawa, comprising St. George, Byward and Ottawa Ward and also Rideau Ward, Eastview and Rockcliffe, now in Russell County.

"If ward boundaries be followed, Centre Ottawa would be made up of Central Wellington and Capital Wards, and West Ottawa of Victoria and Dalhousie Wards, Hintonburg, Mechanicville, Westboro, McKellar and adjacent territory on the Britannia line now forming part of Carleton County.

"Whatever may be the result of representation resulting from the census just taken, the figures indicate a relatively great increase in urban than in rural population, and when the redistribution bill is enacted the city members in Parliament will be materially increased. There will be a corresponding diminution in the rural representation."

SUNSTROKE KILLS FRED ATKINSON

Arran Farmer Had Been Ill and Went Out Too Soon.

TARA, July 15.—Fred Atkinson, one of the best-known farmers of Arran Township, died very unexpectedly at his home yesterday from the effects of sunstroke.

Mr. Atkinson had been suffering from an attack of measles, and before sufficiently recovering went out into the fields to work. The hot sun caused sunstroke, and he died within a few hours of the attack.

Tara and Arran Councils have arranged their differences over the crushing of stone for Yonge street. The first negotiations between the reeves of Tara and Arran were held yesterday. But the first stone crushed was not the enough for Tara requirements, and the heat prostrated him. He had to take to his bed and but little improvement has taken place since.

"Fred" Atkinson was an old Arran boy, youngest son of the late James Atkinson, township clerk of Arran, who died at his home in Tara on July 12, in his 80th year. He had been in poor health since March, 1920, when he had a severe attack of influenza. He leaves his wife, two children and his mother.

THRESHING BEGUN IN DRESDEN VICINITY

DRESDEN, July 15.—Threshing has begun around Dresden, and grain is turning out well. Mayor McDuffee threshed 2,300 bushels of wheat off the Stewart farm. The recent rains will do great good around here.

Mrs. George Skinner of North Dresden is very ill at the home of her son, Thomas Skinner, Dawn Mills. Her recovery is doubtful.

Mr. and Mrs. George Collier and Mrs. Richard Ellis of Bayport, Mich., are visiting relatives in town.

Joseph Creamer has purchased the restaurant business of Thomas Warner, and will take possession on August 1. Mr. and Mrs. Creamer have been in the west for a number of years, returning early this spring to Dresden.

Another business change is the taking-over by Fletcher Brewster of the butcher business of Harry Farnsworth, North Dresden.

THREE MEN KILLED IN PISTOL FIGHT

LYNCH, Ky., July 15.—Three men were killed and four seriously wounded today in a pistol fight. Wm. Holcomb, chief of police; Jim Goldiron, deputy sheriff, and Carl Fulton, mine foreman, were killed, while they attempted to arrest three men, whose names are not known. Four men, whose names are not known, were seriously wounded. The accused parties are being rushed to Harlan jail, which is being guarded to prevent possible disorder.

PERMITS GRANTED FOR FLYING BOATS

OTTAWA, July 15.—(By Canadian Press.)—Permits have been granted by the Canadian Air Board for the passage through Canada of half-dozen aeroplanes flying boats which are being taken from New York to Detroit by a company operating an aerial service to the United States. The only waterway by which the machines can be flown from New York to Detroit is via Montreal and Lake St. Lawrence, and in order to fly the boats across the Canadian territory owners must secure permits from the federal government, while they are all aboard.

The allowed to fly across Canada, are not allowed to pick up passengers at Canadian points, though it was granted when the Santa Maria was allowed to fly through.

SMITHS FALLS EDITOR PASSES.

SMITHS FALLS, July 15.—George F. McKinnon, proprietor and owner of the Smiths Falls Record-News, died here yesterday, aged 62 years. Mr. McKinnon was a successful Liberal candidate in the federal election for the riding of South Larnark.

MOTHER MAY DIE FROM POISONING

Four III At Kingston From the Effects of Strychnine.

KINGSTON, July 15.—Mrs. Mary Bridgen and her three daughters are in the hospital suffering from strychnine poisoning. Mrs. Bridgen is expected to recover. Although critically ill, the children have a chance to pull through.

The parents have not been living together, and the mother has given the strychnine to her children to take to the father. They became ill as he was taking their away.

The children are: Doris, aged 16; Agnes, aged 14; and Mona, aged 12 years.

I. W. W.'S CHASED BY POSSE OF CITIZENS

ABERDEEN, S. D., July 15.—One hundred and three alleged I. W. W.'s were driven out of Aberdeen and vicinity tonight by citizen posses aided Sheriff Elliott of Brown County. They were herded in two groups, one sent east and the other south ten miles. Other towns driven and vicinity tonight by citizen men moving.

NEW PRINCIPAL IS NAMED AT PETROLEA

G. C. Perdice of Oakville Will Get Salary of \$1,800.

PETROLEA, July 15.—Crops in this district promise well and very busy harvesting. The recent heavy rains have delayed the work, but have greatly benefited everything that is growing.

At the regular meeting of the school board G. C. Perdice of Oakville, was appointed principal. He will receive \$1,800 a year.

The board has also to deal with the resignation of Miss Jennie Ford, who has been a member of the staff for many years and who has decided to go to Toronto where her sister, Miss Myra, is teaching. Miss Ford's resignation was accepted and the board is expected to advertise for two teachers to fill the present vacancies. There will be four new teachers.

Ed. A. Thompson, School Lake, Man., is in Petrolea on a visit to his aged mother, Mrs. T. A. Thompson, who is in the hospital. Mr. Thompson is the son of the late John Thompson, who was a prominent citizen of Petrolea.

Donald McIntyre is spending this week at the Oil Springs branch.

With his cousin, Courtland, McIntyre, Lobo.

CUTICURA HEALS SKIN TROUBLE

In Pimples On Face, Itched So Had To Rub Them. Burned and Hurt.

"My face was a mass of pimples and I had an unusual amount on my forehead and chin. They were hard and red and later they came to white heads. They itched so I would rub them, and then they started to burn and hurt.

"I saw an advertisement for Cuticura Soap and Ointment and tried them and found they helped me. I purchased more and when I had used three cakes of Cuticura Soap and one and a half boxes of Cuticura Ointment I was completely healed." (Signed) Miss Anna Fyalka, Carrols, Wash., Dec. 6, 1919.

Unusually valuable prizes will be given to a bride and groom who will be publicly married in the near future. This offer is absolutely bona fide. Send your name and address at once. All offers will be held in strictest confidence.

Address Replies to Box 345, Advertiser

Pick Up Your Newspaper--- Mr. Manufacturer

Consider the number of local firms who advertise in it day after day, week after week, year after year.

Compare them with the number of local merchants who use billboard, street car, electric signs, or any other form of advertising.

Local merchants don't advertise for effect or for "general publicity"—THEY ADVERTISE FOR SALES.

Ask yourself, then, where you should spend the money for your advertising!

START REFUNDING SOON AS POSSIBLE

Nothing in Report That Interest Payments Are To Be Deferred.

WASHINGTON, July 15.—The treasury policy is to proceed to refunding of loans to the Allies and the collection of interest thereon at the earliest possible date. Secretary Mellon declared today, resuming discussion of the administration refunding bill before the Senate finance committee. Reports in London and New York that an agreement had been reached to defer interest payment on the British debt fifteen years, he added, were "wholly unfounded and absolutely incredible."

Mr. Mellon declared, however, that there might be cases where it would be to the interest of the United States to defer interest payments. Compulsory payment, he added, might conceivably act as "an embargo on United States exports and under certain conditions attending the fluctuations of foreign exchange might impose a penalty on the debtor nation."

Mr. Mellon told the committee there was "no occasion in the light of the present situation to grant a deferment of the British interest charges."

HENDERSON CHARGES OFFICIALLY DENIED

WINNIPEG, July 15.—(By Canadian Press.)—After an investigation made at the request of Hon. T. A. Cregar, the Canadian Pacific Railway has made full denial of the Henderson charges made before the royal grain inquiry board. The charges, which related to the transfer of the terminal elevators "B" and "E" from the Canadian Pacific to the United Grain Growers, Limited.

Robert Henderson, a former employee of the company, charged, among other things, that 40,000 bushels of grain belonging to the Canadian Pacific had been concealed from the company when the transfer was made.

 Sarnia Commission Appoints
 Committee To Report On
 Project.

[Special To The Advertiser.]
 SARNIA, July 15.—The Sarnia Hydro-
 Electric Commission at a meeting this
 afternoon appointed a committee con-
 sisting of James S. Crawford, W. H.
 Kesteven and J. E. B. Phelps to in-
 vestigate the possibilities of the sale of
 power to the St. Clair Tunnel Company.
 Sir Adam Beck, chairman of the On-
 tario commission, and other officials
 will be interviewed and a report pre-
 sented at a subsequent meeting of the
 board.
 "No doubt you have learned from the
 press that the export of hydro power
 to the city of Detroit is being con-
 sidered," said Chairman Crawford in
 introducing this subject, "and with
 power available in the near future, I
 think a special committee should be
 appointed to interview Sir Adam Beck
 and get his co-operation in this move,
 and, if necessary, we can go to the
 chairman of the railway commission,
 now that the roads are under Govern-
 ment control."

 Attack.

[Special To The Advertiser.]
 DETROIT, July 15.—With 25 sepa-
 rate and distinct wounds in her body,
 Hazel Atkinson, 22 years old, was taken
 to the receiving hospital today as a
 result of an attack made upon her by
 a ferocious bulldog at her boarding
 house, 906 Euclid avenue.
 The young woman had gone into the
 cellar and was about to open one of
 her trunks when the bulldog jumped
 at her. With one leap the infuriated
 animal knocked the girl down and sank
 its teeth into her neck. The girl's
 screams alarmed those in the upper
 part of the house and they rushed to
 her assistance, but were unable to beat
 the dog off until he had bitten her all
 over the body. The animal is not said
 to be suffering with rabies.

AT ALLEN'S.
 "PAYING THE PIPER" AT THE
 ALLEN MONDAY, TUESDAY, WED-
 NESDAY NEXT WEEK.
 Money versus the finer qualities of
 love and human nature furnish the
 motif of the George Fitzmaurice pro-
 duction "Paying the Piper," which will
 be the feature attraction at the Allen
 Monday, Tuesday and Wednesday of
 next week. The story deals with the
 idle rich—the cigarette-smoking,
 cabaret-loving class of New York—and
 the chief character is Barbara Wynd-
 ham, by Dorothy Dickson, who makes
 her screen debut in this picture. Dor-
 othy is married to an idle rich young
 man, but there is little love in the
 union until their wealth is swept away
 by a crash in Wall Street. They are
 forced to take a humble home much to
 the indignation of Barbara, who makes
 an effort to plunge again in the gaiety
 of her old life and suffers a bitter ex-
 perience which brings her to the full
 realization that money means but little
 and that the big things of life are what
 really count.

In addition to "Paying the Piper," a
 "Snub" Pollard comedy, "High Rollers,"
 Allen World News, Chester Outing Pic-
 tures and a musical program will also
 be given.

**SCENE FROM "THE GREATER CLAIM,"
 STARRING ALICE LAKE**
 At Loew's Next Thursday, Friday
 and Saturday.

By some screen "vamps," as known to
 the patrons of picture theatres. And,
 to show the newer methods of ap-
 proach, she is practicing her theories
 on Jack Dougherty, her red-haired
 leading man in the newest starring
 vehicle, "The Greater Claim," showing
 at Loew's Theatre Thursday next.
 Miss Lake here appears in the role
 of a chorus girl who wins the son of
 a wealthy family. But her methods of
 winning the affections of the man of
 her choice are so different that Alice
 thinks she can teach the famous vamp-
 ires of the stage something in their
 own fields of endeavor.
 "Who ever heard of a man being
 won in real life by the slinking, stant-
 eyed methods of the professional pic-
 ture vampire?" asked Alice. "I can't
 imagine what sort of a man would pur-
 sue himself to be led from the straight
 and narrow path by a woman who cur-
 ses her arms in the air, twines herself
 about her victim and makes hypnotic eyes
 at him."

new starring vehicle, "Civilian Clothes,"
 which will be the feature attraction at
 the Allen Thursday, Friday and Satur-
 day of next week. "Civilian Clothes"
 is the story of an American army cap-
 tain who marries a young society girl
 in France. She is in love with the man
 who wears it. Consequently when, after
 she has believed him killed in action, he
 returns to America and calls upon her in
 ill-fitting clothes, she cannot conceal
 her disgust for him. Thereupon he sets
 out to teach her a much-needed lesson,
 and succeeds in his former hopes.
 Martha Mansfield is charming as the
 heroine.
 Among the added attractions will be
 shown the third episode of "The Hope
 Diamond Mystery"; "The Forged
 Note"; Allen World News; another of
 those famous mermaid comedies, fea-
 turing the king of funmakers, Lloyd
 (Ham) Hamilton, entitled "Simp."

AT LOEW'S.
 NEW PRODUCTION, "A MESSAGE
 FROM MARS," CONTAINS MORE
 THAN 300 DOUBLE EXPOSURES.
 More than three hundred double ex-
 posures, a record number in the produc-
 tion of any motion picture, were made
 in "A Message from Mars." Bert Ly-
 tell's production, which will be the
 feature attraction at Loew's Theatre,
 beginning Monday.

The setting of a record of this sort
 came from no premeditation on the part
 of the director of the picture, Maxwell
 Karger, but was occasioned by the
 peculiar character of the story itself.
 The story relates the happenings of one
 Horace Parker, a selfish young scientist
 who is visited in a dream by a mes-
 senger from the planet Mars.
 The fantastic order of this theme
 made necessary the employment of some
 trick photography that would render it
 convincing, and after mature delibera-
 tion and consultation with Mr. Lytell,
 the star, Maxwell Karger, who is per-
 sonally directing the picture, decided
 that the double exposure would need
 to be employed in order to present the
 Martian messenger in a transparent
 form.

The story of the play treats of the
 conversion of Parker by the messenger
 from Mars through the latter's taking
 him out into the streets of the city of
 London at night and showing him the
 wealth of the great metropolis in con-
 trast to the destitution and poverty of
 the east end. So extensively does the

and I'm fond of music," replied Mason.
 "Oh, yes! Mrs. Shaw takes three
 hookers, Mr. Shaw the same amount, I
 got three and Herbert MacDonald the
 same."
 "You never pay for them?"
 "No, he gives it to us for nothing."
 "When do you get the three hook-
 ers?"
 "First hooker at 9:30 p.m., second
 at 10:30 o'clock and the nightcap at
 11:30 when we go out."
 "Booze is a good thing to leave
 alone," observed the crown attorney.
 "It's good for my nerves," explained
 Mason.
 "But you go to Shaw's for the
 music?"
 "Yes, the booze is just a side line."
 Shaw in the box corroborated his
 wife's evidence that she drank at least
 a pint of wine.
 "So your wife would drink 50 bot-
 tles of liquor in 100 days?" asked the
 crown attorney.
 "She would," replied Shaw.
 Earl Coates, one of the men named
 by Constable Gay, came into court
 with a confident air and was asked to
 take the stand.
 "Where do you live?" asked the
 crown attorney.
 "In the icehouse," was the witness'
 reply.
 "Were you ever in Shaw's home?"
 "Never in my life," said Coates,
 looking fiercely at Constable Gay.
 When he went out the door he called
 day a few choice names and such was
 the amusement of the spectators that
 it took several minutes for order to be
 restored.

Money in the Bank.
 Statements of M. M. Smith, man-
 ager of the local branch of the Moisons
 Bank, showed that Shaw deposited \$700
 Bank, showed that Shaw deposited \$700
 on May 17, \$43.50 on May 18, \$163.75
 on June 17 and \$200 on June 29.
 On advice of his counsel, Shaw re-
 fused to answer Crown Attorney Kelly
 as to where the money came from.
 Decision in the case was reserved
 until next Tuesday.

 Turks Are Expected To Make

CONSTANTINOPLE, July 15.—The
 Greeks in their offensive against the
 Turkish Nationalists in Asia Minor
 have reached Balhahmoud, 15 miles
 east of Afium-Karhissar.
 West of Kutaia, where the Turks are
 expected to make a stand against the
 Greeks with large reinforcements of
 Tatar and Kurd troops pouring in
 from Angora, the Greeks also are com-
 ing into contact with the enemy.

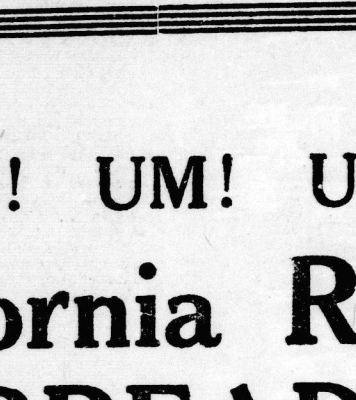

**AMERICANS PLEASED
 WITH LIQUOR LAWS**
 NEW YORK, July 15.—Thousands of
 United States residents seeking expro-
 priation in Canada this summer ex-
 pressed gratification at the liquor laws there,
 which permit them to have all the
 light wines and beer they desire with
 their meals. Governor Sproul of Penn-
 sylvania declared upon his arrival here
 on the steamship Port George after a
 vacation in the Dominion.
 "There are an unusual number of
 visitors from the United States in
 Canada," the Governor said. "I would
 not care to say that the Volstead act
 is responsible for their leaving this
 country for their vacations, but
 the fact remains that every tourist
 meets expresses pleasure at the liquor
 laws that obtain there."

**HELD ON SERIOUS
 SMUGGLING CHARGE**

[Special To The Advertiser.]
 DETROIT, July 15.—Packed away in-
 side a number of kid dolls, which had
 been shipped here as part of a con-
 signment of toys from Germany, revenue
 officers today discovered twelve bars of
 platinum, weighing twenty-two ounces
 and valued at \$15,000. The shipment was
 addressed to the Malloy-Pragg Com-
 pany and when the Government officials
 found the concealment was engaged in a
 jewelry jobbing business they started an
 investigation.
 Mallon, it was learned, has made
 three trips to Germany within the past
 year. Both Pragg and Mallon are under
 arrest, charged with having attempted

to smuggle the platinum into the United
 States.

CARS TO RUN SUNDAY.
 GUELPH, July 15.—Sunday cars will
 be running in Guelph Sunday next ac-
 cording to Mayor Burgess, who has
 received word from the secretary of
 the hydro commission that the matter
 will be laid before the proper authori-
 ties as quickly as possible. The propo-
 sition will also be submitted to the
 street railway board for consideration.

 Go slow on rich foods!**
'Many Dishes, Many Diseases'
 ---So said Benjamin Frankl'in two
 hundred years ago. And he knew!
 When you eat meat you do not need, you are taking
 slow poison. Beyond a certain point it fails to nourish.
 Then it generates the poison that causes loss of health
 and vigor; the gradual slowing down we call "Old Age."
 To keep the zest and energy that stand for health and
 joy in living, eat simple, nourishing foods—chief among
 which is Bread.
