

# CONSERVATIVES WIN SIZEABLE MAJORITY IN MODEL PARLIAMENT

## P. C.'s Have Overall Majority Of Four After Elections

The Progressive Conservatives in last Friday's election gained a four seat majority for next week-end's Model Parliament. A total of 707 ballots were cast after a week of extensive campaigning. The Arts, Science, and Business Administration poll gave the Conservatives a wide majority with the Engineers following suit, however the P.C.'s managed only to reap a narrow plurality from the Foresters with the Socreds holding the balance of power.

Of the forty seats now planned for the Parliament the Conservatives will get 22, the Liberals 15, and the Social Credit party 3. The winning party must now choose its cabinet and plan legislation for the two day session while the opposition concerns itself with a shadow cabinet and several bills and amendments designed to bring about a vote of non-confidence in the government.

Anticipation is high on the campus for an interesting and exciting Parliament on March 1st and 2nd. Said Prime Minister-elect David MacKeen, "We have a comfortable majority in the House and it should be a successful Model Parliament". Leader of the Opposition, Bruce Gates, had this to say, "On behalf of the Liberal Club I wish to thank those who, guided by their highly developed sense of good judgment, made the wise decision to vote Liberal. I know that the Model Parliament will be crowned with success, due to the efforts of our own club and the two other political clubs on the campus". Social Credit leader, Glen Dyer, stated, "We did as well as we expected and hope that we can help make the Model Parliament a success".

## THE RESULTS . . .

	P. C.	Liberal	Socred
Arts, etc. . . . .	142	96	15
Engineers . . . . .	153	100	22
Forestry . . . . .	72	66	14
Totals . . . . .	367	262	51

There were 27 spoiled ballots.

# DUNTON ON FREEDOM

## CBC Chairman To Deliver Address

Thursday's Founders Day address will be delivered by A. Davidson Dunton, chairman of the CBC. The address will follow the payment of the University's rent, during the annual ceremonies in Memorial Hall, beginning at 8:30 p.m.

The topic of Mr. Dunton's address is to be "Freedom for Minds — 1957". This, however, will not be the sum total of Mr. Dunton's visit. During the afternoon he will take part in a panel discussion. The topic under discussion is "Television and Education". The student body is to be represented on the panel by Barry Toole, the editor of the Brunswickan.

Mr. Dunton received a wide education in varying parts of the world. His earlier education was obtained in Canada and his university life was spent at McGill, Cambridge, Grenoble and Munich.

His career was started in the journalistic profession. He worked for the Beaverbrook newspaper, The Daily Express, before returning to Canada to work for the Montreal Star. It was with the Star that he first gained a measure of success. He was appointed its editor in 1938. During the war he was appointed to the post of general manager of the Wartime Information Board.

Since then his career has been one of increasing importance. In the fifties Mr. Dunton has had a major influence on Canadian life. On Thursday we might have an opportunity to judge what kind of a man he is; and whether the PC's were right in demanding that his place be taken by a certain Rawhide.

## DEBATERS LOSE IN CHARLOTTETOWN

The U.N.B. debating team was defeated last night in the Maritime playoff with St. Dunstons. Neil Mulvaney and Elsworth Briggs were debating the opportunity of representing the Maritimes in the National Debating finals.

# FOR VICE-PRESIDENT

BILL RAY . . .

Tomorrow we go to the polls to elect the new council. Because I have always felt a keen interest in student affairs I would like to serve both your best interests and those of the council as its First Vice-President. It would be my duty to help in the organization and running of Freshman week, the chairmanship of the Student Discipline Committee and other important duties.

I feel that my past campus activities would enable me to carry out those duties with efficiency and imagination. During the past two years I have been closely connected with the Winter Carnival Committee as its Co-chairman and, this year its Chairman. This, along with a close association with the Arts Union since its innovation, makes me feel that I am well qualified to serve your best interests.

Bill Ray

Hear the  
Speeches Today

JIM McLEOD . . .

For the past three years I have been a silent observer of campus activities, this year I have been nominated to take an active part in the SRC. Although this year's Council did a commendable job I feel that they dealt with some trivial matters while overlooking things of relatively more importance. For example, it seemed that the business of a very weak NFCUS committee were of more importance than the organization of a campaign amongst the students to support Lord Beaverbrook's residence fund. From a student standpoint it would seem that we stood to gain more from a small donation towards a new residence than to an apparently useless organization which has contributed nothing of value to the students since its inauguration.

If elected, I would endeavour to see that the discipline committee would be an organization not only to punish the students but also to protect them as I believe an efficient SRC should act in the

# VOTE TOMORROW FOR . . . COUNCIL PRESIDENT

GORDON McALLISTER . . . BARRY TOOLE . . .

## POLLS TO OPEN AT 8.45 A.M.

The polls for the elections to both the Council, the AAA and for the plebiscite will open at 8:45 tomorrow morning. They will remain open, in the morning until 12:15 and will re-open at two o'clock for a further two hours.

The polls will be situated in three buildings, Arts and Science students must vote in the Arts Building; Foresters in the Forestry Building; and Engineers in the Civil Engineering Building.

It is essential that students vote in their own faculty buildings, to avoid the possibility of double voting. The Plebiscite is to be decided at the same time, its wording is given below.

## THE PLEBISCITE

Students going to the polls tomorrow to elect the new council will also vote on the following proposal:

"In order to assist both fellow Canadian and foreign students to fulfill their educational desires I hereby wish to make known my approval of a two dollar (\$2) levy, to be paid annually, at the time of registration, and which will be evenly divided between NFCUS and the WUSC local committee.

Again we have reached the time to choose our student government for the next year. Our choice of representatives on the Council will determine the success of the governing body.

This year we have a large number of candidates from whom we must elect the Council. The selection should be made only after thinking and deciding what we want in a representative. My choice will be based on experience, ability, willingness to work, character and, to some measure, personality. All of the qualities named, must be considered in any candidate.

In the past years I have been closely associated with the SRC and have become convinced that better choices of representatives are still possible and I sincerely hope that our elections this year will give us the best council the student body has seen.

With my past experience on the council I feel that I am capable of leading our student government in the next year. If I should be your choice as President of the SRC I would be most happy to accept and would do so with the promise that I shall do the best within my ability to guide the Council in your best interests.

Gordon McAllister.

## FOR SECRETARY

VIVIAN GRANT

Ever since my high school days I have taken an active interest in student affairs. An interest which I wish to continue "up the hill". I feel that my past experience would enable me to serve you competently.

At high school I held the position of Secretary to the Council, Social Committee chairman and class President. Since I arrived at University I have played on the Junior Varsity Basketball team and am a member of the URTP. Both of these activities have enabled me to meet people outside my own class. And it is from these people that I have been able to gain a wider knowledge of campus activities. A knowledge which would help me to carry out the duties of Secretary to the Council successfully.

best interests of the student body.

In closing I would like to urge you, one and all, to get out and vote in the coming election whether it be for myself or my very capable opponent.

Jim MacLeod

"Is there one quality above all others, that a student Council President must have?" This is a question a friend asked me recently. He was anxious, naturally, to form an opinion on the forthcoming elections. Now, I don't know whether my answer satisfied him, but I will pass it on to you.

My answer was, that a good SRC President should have genuine interest in the welfare of the students. I think no one can sensibly disagree with that.

Thus, it is a sincere interest in your welfare as students, that I offer for your consideration on Wednesday, Election Day. An active, progressive council is what I envisage. In short, an SRC which will spark, initiate and develop programs in your interest.

In three years at UNB I have been a Council Member and worked on your newspaper. During this time, I have attended the majority of Council meetings and have been both interested and impressed with these deliberations. I have watched its powers grow, and its responsibilities widen, until today it governs one of the largest enrolments on record.

I believe I can be of service to you. This is a glib statement, yet it can be true. True, because, if elected, I am firmly convinced that you will have chosen an excellent council to help me. Each is dependent on the other. It is your council. I hope to be your President.

J. Barry Toole

## JACKIE LIDDELL . . .

The Brunswickan was, unfortunately, unable to procure either photograph or write up from Jackie Liddell (the fault was ours, not her's) however we can tell you that she has had considerable administrative experience at St. John High School where she was both President and Secretary of the SRC during her last two years.

During her short stay up the Hill she has become a successful member of the Swim team.

We apologize both to Jackie and to the student body for the lack of information.

★ ★ ★

## BY ACCLAMATION . . .

Two of the positions on next year's executive were filled by acclamation. The treasurer's position is to be filled by a Business Administration student, George Bastin, who has distinguished himself this year as one of the leaders of the PC party. Peggy Colpitts will take over from Pat Millar.

### Unrealistic Clap Trap . . .

A letter elsewhere on this page expresses the feelings of some about the forthcoming WUSC-NFCUS plebiscite. The author proudly points out that he is the member of a minority; we certainly hope so. To envisage a large number of students sympathetic to these views, would be to watch the seeds of Western Democratic destruction grow in our own universities!

In essence, Mr. Mount advocates not that we help Canadian students at the same time we aid Europeans, but that we assure every Canadian youth a college education before even considering help to others.

This is a familiar argument. It was the basis of American isolationism; which the United States recognizes was detrimental to themselves and to the world. I would not compliment this minority by considering their ideas as important, or disastrous, as that of the United States in the first decades of our century. But I might point out that this belief is in every way opposed to the principles and ideals of Western Democracy.

Perhaps I had better explain in a more "utilitarian" manner, in case certain of us are unsure of the exact character of our principles. In 1957, the Western Democracies find themselves in a struggle; a struggle, not for some relatively unimportant territory, but for the world. In belief, in principle and in method, we are diametrically opposed to the Soviet Union. Our only hope is to persuade the peoples of the world, and more specifically, those in the Soviet Bloc, that our way of life is the only guide to free living and efficient government. If we can provide means whereby a few people can experience the freedoms and tolerance which we enjoy, then we have won still another victory in this seemingly endless struggle.

I hesitate to cite the fact that we are obliged, as citizens of the world, to help others less fortunate than ourselves; one would think that this is a fairly widely recognized principle. Yet it is apparent that a few of us have forgotten. It is not safe to forget. Once we forget that our duty to ourselves is duty to all, our battlements are down, our principles and beliefs discarded and our cause lost.

I would suggest that Mr. Mount and his minority inquire more closely than they apparently have, into the nature of this assistance. They will learn that the university, service clubs, individuals and the government are firmly convinced that aid of this kind is necessary. They will discover (to their amazement perhaps) that the Canada Council is designed in part to help Canadian Universities. Finally, it will be apparent that there are many scholarships annually offered to Canadians, which are not taken; not taken because they weren't applied for.

Incidentally, the definition cited for "expediency" is somewhat different from that found in the "Shorter Oxford". This authority claims "suitability to the conditions" as a meaning. In this case the conditions clearly warranted such action.

★ ★ ★

### A Good House . . .

Congratulations are due the UNB PC's on the results of the Model Parliament Elections Friday. Keen interest and competition on the part of the three political clubs on the campus characterized the tilt, and judging by the voting turnout, a lot of this rubbed off on to the student body.

The voting has afforded the PC's a comfortable majority in the House—22 seats, to 15 for the Liberals and 3 for the Secreds—and recent rumour has it that the total seating in the house will be increased. Thus a considerable number of students will be provided with an opportunity to take part

(Continued on page 4)

#### HATS OFF!

Tomorrow, students of UNB go to the polls to elect their council. We would like to take this opportunity to congratulate all those who have allowed their names to be entered on the roster. Surely these are the students who readily and willingly accept the responsibility they know is theirs! These are the few in whom we place our government. It is no mean responsibility. It is challenging; it is hard; but to many, it is rewarding!

### Letters to the Editor

Dear Sir:

As a member of a so called minority I have written this letter to protest an erroneous and presumptuous statement which appeared in a Brunswickan editorial of February 15 last. This statement was in the context under the heading "A Good Step". It seems that a feature of this "Good Step" is to "silence that energetic minority who stubbornly maintain that we should help our own students before Foreign students". The author of this quotation sounds reluctant to admit that we should aid Canadians first.

If there is anyone who persists in saying that Canadians should not be before foreigners, this same person will not silence this member of the so called minority, until tuition at Canadian Provincial Universities is free to the natives in their respective provinces. If this were the case, as it is in certain states in the U.S.A. and the Soviet Union then there would not be the grounds for complaining about helping foreign students pay their way through our Canadian universities. To illustrate what I mean, it is a fact that only "outsiders" pay tuition at the University of Arizona in Tucson. Natives of Arizona pay no tuition fee. Is this not reasonable? Is this not in the name of "Progress"?

The day of automation is coming when a university education will be just as much a necessity as grade school education is today; not a luxury for those who can afford it, or for those with outstanding ability who win the few meagre scholarships available.

I have heard the old story that anyone with a "will" can find a "way". But why in the name of all that is sensible should a Canadian have to look for a "way" while a Hungarian is given his "way"? If a Canadian with a "will" should literally work his way through college so should a Hungarian.

I have been told that what is to be done for the Hungarians is a matter of "expediency". I guess it is, for in my dictionary "expediency" means "fitness for bringing about action not founded on principle".

It is not my wish to find fault with the charitable deeds of the philanthropic who have given the Hungarian refugees the necessities of life. This is Charity. But why give financial assistance to Hungarians for a college education which at present is a luxury in Canada? This is not Charity. Quite

recently I was told that only 49 in every ten thousand Canadians have the privilege of attending university in Canada at present. No indeed, a Hungarian Scholarship scheme is not Charity, it is not even rational, it is merely "action not founded on principle".

You see, it is difficult to silence the stubborn, but it is even more difficult to silence the persevering "minority".

D. R. Mount.

### SCOPE FOR A THOUSAND TALENTS

## as an Army Engineer

Yes, there is scope in the Canadian Army for engineers with many talents. Engineers who can design and build bridges, tunnels, dams, roads, airfields — engineers who specialize in mechanical, electrical and chemical engineering — engineers who can design and develop communications.

In the Royal Canadian Engineers, the Royal Canadian Corps of Signals and the Royal Canadian Electrical and Mechanical Engineers there are worthwhile tasks for every type of engineering specialist. Here are three paths to a Queen's Commission as an engineer, one of which may be your road to a fine career as an officer in the Canadian Army.

**Regular Officer Training Plan.** A plan applicable to all three services . . . the Army, the Navy and the Air Force. Under the terms of this plan acceptable University students and young men with college entrance are given a college education, and are paid while they learn to become officers. Training is given at either the Canadian Services Colleges or a University (or affiliated College).

**Canadian Officers Training Corps — University Contingents.** A plan for acceptable students attending Universities or Colleges with COTC contingents. Training is identical with that obtainable under ROTP and leads to a similar qualification.

**Direct Entry Commission.** Young University graduates may be accepted as officers in the Canadian Army, and on completion of necessary military training be granted a Queen's Commission on a short service or permanent basis.

For further information see your  
 Army Resident Staff Officer,  
 or forward the coupon to  
 Director of Manning,  
 Army Headquarters,  
 Ottawa, Ontario.

Please send me full information on the plan checked  
 and your pamphlet "Engineer Your Future in the Army"

VOTE IN THE COUNCIL TOMORROW

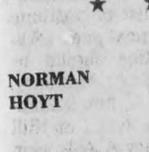

# THE NOMINEES

For many students tomorrow's Student Representative Council elections will be the first that they have experienced, for some they will be the last. Every year at this time next year's council is voted into power by the students, and every year there are many students on the campus who fail to exercise their franchise. If your government is to be efficiently run it is essential that you take an interest in it. The most valuable service that the majority of you can perform is to vote in tomorrow's elections. Most of you know who is best able to represent your interests on the council; today's election speeches will help to make up your mind. So vote for the students who you feel will help to run your government efficiently, it is in your own interests to do so.

### NORVAL E. BALCH AWARDED FELLOWSHIP

Norval E. Balch of 102 Alexandra Street, Fredericton has been awarded a Rotary Foundation Fellowship for advanced study abroad during the 1957-58 academic year, it was announced today by Rotary International, as that world-wide service club organization observed its 52nd anniversary.

One of the 123 outstanding graduate students from 30 countries to receive a Rotary Fellowship, Mr. Balch will study political science at one of the major universities in the British Isles in preparation for a career in the Canadian department of external affairs. The Rotary Club of Fredericton recommended him for the fellowship.

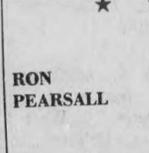

Mr. Balch is the son of Dr. and Mrs. R. E. Balch of Fredericton. He was graduated from Fredericton High School, as valedictorian, in 1951 and received the Bachelor of Arts degree from the University of New Brunswick in Fredericton in 1956. Now he is English assistant at the Ecole Normale D'Instituteurs in Laval, France, and is a candidate for the Diploma of French Language and Literature at the University of Rennes, France, which he expects to receive in June 1957.

### SORRY!

The Brunswickan was unable to obtain photographs of the following candidates, a fact which it regrets, but, at the same time a fact about which little can be done.

SENIOR: Patricia Miller (who has been elected senior co-ed representative by acclamation)

JUNIOR: Malcolm Harris, Brian Kempster, Joan Young.

SOPHOMORE: Sandy McAlister, Albert Murray.

**VOTE TO SUIT YOURSELF BUT VOTE!**

### PRESIDENT AAA

JIM ROBINSON

An appraisal of my qualifications would, I think, assure you that I have a sufficient knowledge of the workings of the AAA to fill the office of president. Having served as Vice-President of the AAA for one year, Manager of the men's basketball team for one year and as assistant basketball manager for one year, I feel myself qualified to serve on the executive. I have also participated in many intramural sports, as well as being a basketball referee for the last two years.

If you will pardon me leaving out the usual "If elected I will endeavor to..." speech, I will substitute a far more sincere thought: that I will bring to this position a genuine intention to work hard and to further the student athletic interests.

ART COWIE

"Sports make up an important part of campus life at our university".

All varsity and intramural sports are controlled directly through the AAA. Therefore it is important that our (the students) representatives on the AAA be both realistic and experienced.

I have played both Varsity and Intramural sports and served on the SRC and other governing bodies.

If you elect me as President of the AAA I will do my best to better sports at the University.

### OVER TO JIM . . .

Tomorrow is election day on the campus when you will be asked to choose a new Students' Council. In the paper today you will find photos and writeups of all the candidates that are running for various positions. I hope that you will use your right to vote and consider the candidates carefully.

The seniors may vote for the executive of the new council as may the grads. Everyone else may vote for the executive and their class representatives.

The seniors will not vote on the plebiscite.

**GET OUT AND CAST A BALLOT FOR YOUR CHOICE**

Jim MacDonald  
President, SRC

Do you wish to give others a chance to share in your educational benefits? Yes! Then vote for the Plebiscite tomorrow.

**VOTE TO SUIT YOURSELF BUT VOTE!**

### The Constitution Says . . .

(Because of the annual arguments which take place about voting and counting procedures during the council elections the Brunswickan is reproducing the relevant sections of the SRC constitution which should finalize any argument.—Ed.)

(a) The names of the candidates for co-ed class representatives shall be placed on the ballot separate from those of candidates for the other three positions of class representative. A co-ed may be nominated for one of these latter positions.

Section 12. Voters shall mark their ballots as follows:

(a) Where there are only two candidates for any of the offices mentioned in section 1 (a), (b), (c), (d), or (f) above or for that of co-ed class representative, the voter shall indicate his choice placing an X opposite the name of the candidate of his choice.

(b) Where there are more than two candidates for any of these offices the voter shall indicate the order of his preference of the candidates. He shall place the figure 1 opposite the name of the candidate who is his first choice, a 2 opposite the name of the candidate who is his second choice and so on for as many choices as the voter wished to make. It shall not be necessary to mark a choice opposite each name on the ballot.

(c) In the case of class representatives, except the co-ed representative the voter shall vote only for the three or four candidates of his choice, marking an X opposite each choice.

Section 13.

(a) When the polls close the ballot boxes shall be taken to a central place where the ballots shall be counted in the presence of the President of the S.R.C. and any scrutineers by the Returning Officer and the clerks.

(b) For offices where preferential voting has not been used, the candidate receiving a majority of the votes shall be declared elected.

(c) For the offices of class representatives, except co-ed representative the three (or four) candidates receiving the greater number of votes shall be declared elected, except as provided in Article III, Section (I).

# ASTC CAPTURE CROWN RAIDERS COP CONSOLATION

A small number of the more avid basketball fans were treated to one of the best ball games seen in the UNB gym in many years when Aroostook State Teachers College came from behind to upset the powerful Husson College team for Northeast College tournament title here Saturday afternoon. In an earlier game that afternoon UNB defeated Ricker College for the consolation title.

The organizers and the various officials of the tournament should be congratulated on a very successfully run affair. It did seem strange however that from the standpoint of spectator sport the tournament failed miserably. During the past four years UNB has had a very successful team both in this conference and in Maritime play, one would think this if nothing else would build up a fair following, but no, repeatedly during conference play and NB-PEI play (with the exception of the winter carnival) the fellows have been playing before mediocre to fair crowds. The only question I pose is how many are interested in good basketball on the campus?

The tournament opened Thursday evening with a 79-51 UNB victory over Washington State Teachers College. This was the only appearance of the teachers during the tournament. UNB jumped into an early lead and by half time they were ahead 36-26. During the second half the Raiders outscored Washington state 45-25. The game was not good, but then it takes good opposition to make either a good or an exciting game.

All the UNB team played and all felt the tinge of scoring glory—at least four points worth. Jim Milligan, a fourth year man with the Raiders, led the scoring 'for our side' with 16 points. Panting not to far behind were Lonny Taylor and Ron Manzer with 14 and 12 points respectively.

Washington State was 10.5 points below their conference average of points scored during a game, UNB 3.5 above theirs. UNB—Manzer 12; Taylor 14; Bryant 8; Milligan 16; Gorman 6; Mackay 8; Thorpe 4; Vaughan 5; Porter 4. WSTC—Pirking 2; Cowperthwaite 4; Dwelley 18; Dunn 15; Doble 12; Cookson; Hatfield.

## RICKER VS ASTC

Ricker College lost to Aroostook State Teachers College by a score of 78-66 in a semi-final feature Friday evening. Anyone looking for a close exciting game would not have been disappointed at this affair. At quarter time Ricker led by one point, at half time they were ahead 39-33.

It's not known what Aroostook's coach said to them during half time but they came back in the second half and outscored Ricker 45-27 and to win the game 78-66.

A feature of the game was the

excellent ball handling of both clubs around the baskets. The most instrumental manuver responsible for ASTC victory and ultimately the championship was that they were able to stop Ricker from fast breaking and make the opposition play their type of ball game.

High scorer for the game and the man most responsible for putting his team ahead with five minutes left to play was Spanky White with 21 points. For Ricker, Jordan and Sawyer tied with 19 points each.

ASTC—Robertson 11; Michaud 14; White 21; Wyman 3; Marx 17; Hunter 11; Watt; Gerrish; Walton; Thompson; Phillips. Ricker—Jordan 19; Soderberg 10; Webb 8; Sewery 19; Bowers 10; Wood; Hathaway; Vickers; Jenking; Dunphy.

## UNB VS HUSSON

In the second game of the evening and the worst game of the tournament UNB stood idly by as Husson College practiced their fast breaking to run up a 105 to 73 total. UNB would have to play their best game to approach Husson, but Friday they played their worst; then, there are days like that.

Husson started the game with a display of shooting rarely seen in the Beaverbrook Gym. UNB's ability around the basket seemed to be atithesis to Husson's. To top off UNB's continual bad shooting Husson was able to control both backboards throughout the game. At half time UNB trailed 33-58.

High scorer for the game was Husson's Cimbolle with 35. Trafton scored 21 for the winners and Burleigh 17. Mackesy played his best game of the present season for the losers and in doing so got 18 points. Husson—Burleigh 17; Gould 4; Moore 10; Trafton 21; Cimbolle 35; Gross 8; Bailey 2; Dawes 4; Waw 2; Maroon 2; Street.

UNB—Manzer 8; Taylor 12; Bryant 9; Milligan 4; Gorman 6; Thorpe 2; Mackesy 18; Porter 12; Vaughan 2.

## UNB VS RICKER

At 2:00 o'clock Saturday afternoon UNB faced Ricker College for the Consolation crown. The game was well played and close and although UNB led most of the game only at the end were they assured of their 80-63 victory.

At quarter time UNB led 20-13 and at half time 38-34 only to drop the lead to Ricker after two minutes of the second half. By three quarter time the Raiders had regained the lead in a 56-49 ball game and in the final quarter they outscored Ricker 25-13 to take the Consolation finals.

Ricker made 8 points on 12 fouls called against the Raiders while UNB made 20 points on 18 Ricker errors. Both Milligan and Manzer were standout performers for the Raiders with 18 points each. On the losers team Jordan, Soderberg and Dumphy

each got 14 points. UNB—Manzer 18; Taylor 6; Bryant 12; Milligan 18; Gorman 10; Mackesy 10; Porter 6; Thorpe; Vaughan. Ricker—Jordan 14; Soderberg 14; Webb 5; Sawyer 10; Bowers 5; Wood; Hathaway; Vickers; Jenkins; Dunphy 14.

## HUSSON VS ASTC

Immediately after the consolation game the championship game between Husson Indians and Aroostook State Teachers College took place. From all reports and observations Husson was favoured by very good odds to take the measure of ASTC, but then 'the best laid plans of mice and men'. Husson had the fastest breaking and sharpest shooting team at the tourney but ASTC had Spanky White and this and his 36 point performance was enough to spell doom to the Indians Championship hopes.

Husson jumped off to an early lead and at times it looked as if they were going to repeat their previous night slaughter of the opposition. At quarter time they led 29-18. Then ASTC was able to do the same thing to Husson that had won them the victory the previous night slow the opposition down so that they played your type of game. To top this off Husson was plagued with bad shooting and poor rebounding. At the half Husson led 54-53.

The tension and excitement of the game did not lessen during the second half and after four minutes of full court checking and tight zone defence ACTC managed to get the lead. Husson surged back and at three-quarter time the score was again tied 75-75. A last quarter scoring spree in which ASTC got 30 points to Husson's 23 gave the crown to ASTC.

The high scorer of the game was ASTC's White with 36

points, Husson's Cimbolle was next with 31 points. One of the unsung heroes of the game was Lew Wyman ASTC 5 ft 8 inch guard. He only made 6 points, but he was responsible more than anyone for stopping the fast break of Husson College and slowing the game down to a points where ASTC could compete. This slow down disorganized Husson badly in the last part of the game.

ASTC scored 31 points in 25 foul tries while Husson scored 34 in 26 tries. Husson lost Gould, Moore and Trafton because of fouls while ACT lost Whyman.

ASTC—Robertson 8; Michaud 10; White 36; Whyman 6; Marx 15; Gerrish 2; Hunter 26; Watt; Thompson; Phillips; Michaud 2. Husson—Burleigh 18; Gould 20; Moore 12; Trafton 8; Cimbolle 31; Gross 4; dow 5; Bailey; Dawes; Maroon; Street.

## ALL STAR TEAM

The All Star team was picked by the coaches of the participating teams and the names of the members of the first and second lines were announced by Dr. Colin B. MacKay. On the first line; Cimbolle and Trafton of Husson, ASTC's Michaud and White, and Ricker's Jordan.

On the second line; Webb and Soderberg of Ricker's, Husson's Moore, and Hunter from ASTC with Milligan and Gorman tied for final position.

The award for the most valuable player on his respective team was given to Hunter of ASTC.

## AAA

In the past year we have been very successful in our sporting endeavours at UNB. To operate at this level we need coaches, players and managers. It has always been a problem to obtain people to manage our teams but recently, the problem has become increasingly more difficult. I would urge the students of UNB to consider the possibilities of supporting YOUR teams by doing some interesting work for their benefit.

The following list of positions are now open for next year. Applications in writing should be forwarded to Eric McAlary, (President A.A.A.), Jim Robinson, (Vice-Pres. A.A.A.) or Bill Patterson, (Secretary A.A.A.) on or before Friday, March 1st, 1957.

Eric McAlary  
Pres. A.A.A.

Football: Manager, Associate Manager, Assistant Manager, Trainer.

Hockey: Manager, Associate Manager, Assistant Manager.

Soccer: Manager, Assistant Manager.

Men's Basketball: Manager, Assistant Manager, Manager J. V. Basketball

Ladies' Basketball: Manager, Assistant Manager.

Cheerleaders: Manager, Coach, Assistant Coach.

The following require Managers only (ONE ONLY):

Curling, Skiing, Tennis, Men's Swimming, Ladies' Swimming, Track, Badminton, Cross Country.

## NATURALIST'S HAVEN

The newly organized Biology Club at U.N.B. sponsored an interesting evening at the Art Centre, Feb. 8, with the highlight of the meeting being a talk on Australia by Dr. Doreen Maxwell of the Biology department. Dr. Maxwell did post-graduate work in Australia on the sawfly toward her Doctor's degree. She stated Australia possesses a wealth of unclassified plants and insects—a haven for the post-grad. In search of material to do a thesis. Many months can be spent in classifying a single roadside plant.

The chief tree is the Eucalyptus and it is found in abundance throughout the country, permeating the landscape with a brownish-green colour. Australia lacks the vivid and varied shades of green of our trees and shrubs, and especially the bright autumn colours. The Australians themselves, Dr. Maxwell found, are pessimistic about their country, feeling that it will prove monotonous to the newcomer. Australia's wealth is tied up in her sheep, one of which would buy a farm in Canada, since they are so valuable. They are raised exclusively for their wool! Australia abounds in

wild-life; Kola bears can be found in a large percentage of the trees, and hundreds of parrots and parakeets inhabit the forests.

Dr. Maxwell also showed colour slides of the landscape and seacoast, including pictures of the ruins of the old penal colony on Tasmania, marking the original settlement of Australia. Following a question period, refreshments were served; then the constitution was read, amended, and adopted.

A considerable number of students were present, and it is hoped as future programs are developed, more and more students will take advantage of the proposed educational and social benefits in store for them. This club was a going concern on the campus a few years ago. Now that the efforts of several students and faculty have succeeded in reorganizing it let us interested students turn out and again develop a large functioning organization. Anyone interested in further details or in becoming a member may contact President Dave Tweedie at 7464 or Secretary-Treasurer Pat Crozier at 5005. The future program includes informal talks by guest speakers; discussions, exhibitions, field trips and socials.

SAINT JOHN — AND — FREDERICTON

## A GOOD HOUSE

Organizers of the Model Parliament deserve strong praise for the work they have accomplished. At a university such as UNB, too often regarded as lacking in student spirit, it is an achievement of not inconsiderable degree. A little over half the total enrolment of the college voted and the number of spoiled ballots (27) was small indeed.

About two days prior to the elections, various other political sympathies became evident on the campus, and several of these were entered as write-ups on the ballots. Unfortunately, these had to be regarded as spoiled ballots. If the students concerned had only thought to inquire earlier, their inclinations might have been officially recognized and a club formed. However, perhaps next year steps can be taken to broaden the scope of the Parliament sufficiently to include more parties. It is clearly evident that the students are interested.

All in all it was a successful experiment. Let us hope that it continues in future years, with renewed vigour and keen interest.

# DEVILS CLINCH TITLE

by Gordon Howse

The UNB Red Devils continued their intercollegiate winning streak making it five straight with a 9-6 score over St. Thomas College from Chatham. This victory moves the Devils into a berth in the Maritime finals with Nova Scotia, the first game on March 9, here in Fredericton. The playoffs will consist of two games, home and home series, total goals to count.

Coach Pete Kelly iced the same team that played to a controversial 5-5 draw with the Fredericton Capitals last week except for the addition of Bourque at centre in place of MacElmon on the third line. Five UNB players shared in the goal scoring; McDonagh, McNutt, Stewart, McLellan racked up two each, Mockler one. The Tommies were paced by M. Regan whose deadly shot accounted for four goals, Gulliver and Wood one each.

The Tommies jumped off to a fast 2-0 lead in the first period against the slow starting Red Devils. Regan scored both goals, the second one unassisted. The Red Devils worked through the heavy STC fore-checking in the last half of the first period and scored four goals. McDonagh's effort at the 12.05 mark that tied the score two all was the best goal of the game. He stickhandled in from the blue line, drew the goaltender, and lifted the puck into the upper corner of the net.

Bill Stewart scored at 15.12, mainly through the overzealousness of three STC defenders. Stewart carried the puck almost to the edge of the crease where he was tied up by three 'Tommies' McDonagh snared the puck, moved to one side of the net and passed in front to Stewart who had been quite promptly left alone in front of the net. Pete Mockler's goal in the

second period was the result of persistence and fore-checking. He was invaluable in helping to kill several penalties.

Ed McLellan shook his scoring slump by notching two goals. He finished off a passing play involving Hersey and Bourque, in the second period. His second goal came when he slapped the puck, practically out of the goalies glove into the net.

Percy Brennan and Bill Donovan were brought in to call this game. They are a smooth working pair of officials, and made their calls quickly, confidently and with no hesitation. They should be the choice to handle the first playoff game that is being played here in two weeks.

**Lineup—UNB—goal, Brown; defence, Parent, Dohaney, Savoy, Benson, Fraser; forwards McDonagh, McNutt, Pearson, Stewart, Coombes, Mockler, Bourque, Hersey, McLellan.**

**STC—goal, Jimmo; defence, Violette, Murphy, Keating, McKee; forwards, Mahoney, Rousell, McGinn, Gulliver, McCarthy, Wood, Harley, Cherpeta, Regan.**

**Summary**

**First period—**  
3:18-STC-Regan from Haley  
6:22-STC-Regan  
11:19-UNB-McDonagh from McNutt  
12:05-UNB-McDonagh from Pearson  
15:12-UNB-Stewart from McDonagh  
19:55-UNB- McNutt from Pearson and McDonagh

**Penalties—**11:05-Regan, hooking; 12:40-Stewart, hooking; 12:47-Savoy and Murphy, roughing.

**Second period—**  
1:55-UNB-Stewart  
3:46-UNB- Mockler  
8:32-STC-Regan from Cherpeta  
14:32-STC-Gulliver from Cherpeta

## SCHEDULES

### INTRAMURAL HOCKEY

Sunday, March 3rd:  
1:30 Fresh. Arts and Sc. vs. Bus. Admin.  
2:30 Soph. Eng. B vs. For. 21  
3:30 Junior Eng. vs. Soph. Eng. L  
4:30 UNB Law School vs Monday, March 4th:  
9:45 Arts vs. Science

### RINK

Wednesday, Feb. 27th:  
8:30-9:30 Jr. Varsity Hockey  
9:30-11:00 General Skating  
Saturday, March 2nd:  
7:00-8:00 To Be Announced  
Sunday, March 3rd:  
Same as Feb. 24th.

### BASKETBALL SCHEDULE

7:00 p.m.  
Game #1 Arts vs. Science  
Game #2 Jun. Eng. vs. Sen. Eng.  
8:00 p.m.  
Game #1 Geology vs. Jun. For.  
Game #2 Inter Eng. vs. Soph. Eng.  
9:00 p.m.  
Game #1 Bus. Admin. vs. Frosh. For.  
Game #2 Frosh. Eng. vs. Soph. For.  
Bye—Faculty

### CANDLE PIN BOWLING

Team	Strings	Points
Int. Engineers	12	15
Sen. Engineers	12	8
Junior Engineers	12	7
Soph. Engineers	12	2

High Single: McLean, Int. Engineers, 129.  
High Triple: Rene Bouchard, Jun. Engineers, 351.  
Int. Engineers won fall term finals.

### BOWLING STANDINGS TO FEBRUARY 21

Team	Strings	Games	Pts.
Administration	6	6	7
Arts	6	6	5
Civils	9	5	5
Science	9	4	4
Engineers	6	3	3

**SCHEDULE FOR FRIDAY, MARCH 1, 1957**  
7:00 p.m.—Civils vs. Arts  
9:00 p.m.—Engineers vs. Administration

### TROPHIES AWARDED

Trafton the captain of Husson accepted the runners-up trophy donated by the Gaiety Men's Wear and presented by Mr. Harry Goldman. The Tractor and Equipment Trophy was presented by Mr James Hoyt to Michael, captain of the championship Aroostook team.

17:27-UNB-McLellan from Hersey and Bourque  
Penalties—19:20-Fraser, elbowing.  
Third period—  
3:43-STC-Wood from McCarthy  
12:51-UNB-McLellan from Bourque  
16:33-STC-Regan  
17:16-UNB- McNutt from McDonagh

## UNB HOLDS HALF MARITIME INTERCOLLEGIATE SWIM RECORD

A total of eight Maritime Provinces' intercollegiate swimming records are currently held by present or former UNB students.

In men's events, the 220-yards free style is held by Don Fowler the 40-yard breast stroke standard was set by Ron McEwen, the 100-yards back stroke record is held by Ted Caddenhead, and the 100-yard free style mark is credited to Don Bell. Of these only McEwen is still a student up the hill.

As far as the ladies are concerned, Joan Golding in the 40-yard free style, Ann Vickery in the 60-yard free style, Eleanor Hoyt in the 60-yard breast stroke, and Pam McCready in the 60-yard back stroke are still listed as record-holders. All but Joan Golding are still attending UNB.

Following is a list of Maritime Intercollegiate Athletic Union swimming records, as revised to Feb. 8, 1957:

### MIAU MEN

220 Yd. Free Style, UNB Don

Fowler, 2:32; 40 Yd. Free Style, Acadia J. Gawley, 19 4/10; 40 Yd. Breast Stroke, UNB Roy McEwen, 27 7/10; 40 Yd Back Stroke, Acadia J. Hiltz, 24 4/10; 40 Yd Butterfly Stroke, (New event); 100 Yd Butterfly Stroke, (New event); 100 Yd Breast Stroke, Dal. Buckinder, 1:22.0; 100 Yd Back Stroke, UNB Ted Caddenhead, 1:12 3/10; 100 Yd Free style, UNB Don Bell, 56 1/10; 180 Yd Medley Relay, UNB Williamson-Pearsall-Starr, 2:3 2/10; 400 Yd Free Style relay, Acadia Team, 4:12 2/10;

### MIAU LADIES

60 Yd Medley Relay, Acadia Team, 38 8/10; 40 Yd Back Stroke, Dal. C. Logan, 29 7/10; 40 Yd Free Style, UNB Joan Golding, 23 9/10; 40 Yd Breast Stroke, Dal. R. Lane, 30 6/10; 50 Yd Free Style, UNB Ann Vickery, 41 3/10; 60 Yd Breast Stroke, UNB Eleanor Hoyt, 58 1/10; 60 Yd Back Stroke, UNB Pam McCready, 50 3/10; 160 Free Style Relay, (record not yet established)

## FALCONS PLACE THIRD

Over the week-end the U.N.B. Ski Team participated in a three day ski meet at the University of Maine Winter Carnival. Entered in this meet were four senior college teams from Maine and the U.N.B. team; however, two of the Maine teams dropped out. The Maine Intercollegiate champions, the U. of Maine team, won the meet easily, placing first, second and third in every event. Colby College edged U.N.B. out of second place. In the seven mile cross-country on Friday, Maine received 100 points, Colby, 86.3 and U.N.B. 76.1. This was the best showing U.N.B. has ever made against Maine's very strong cross-country team. In this event, for U.N.B., Dykeman placed 9th, Torunski 10th, Bergh 11th and Houde 13th. Despite sloppy snow conditions, the jumping event was held on Saturday. It was then that U.N.B. made their best showing, finishing second. Again Maine got 100 points, U.N.B.

80.4 and Colby 77.1. Bergh led the U.N.B. team, placing 6th, while Taylor placed 8th, Houde 9th and Cushing 10th. Bob Lawrence, who prejumped for U.N.B. placed third unofficially with jumps of 74 feet.

On Sunday, a giant slalom was held instead of the regular downhill and slalom, because of icy and rocky snow conditions. The Red Falcons fared poorly in this event, being slightly outclassed and lost their second place bid. Maine again came through for 100 points, Colby 83.9, and U.N.B. 74.6. For U.N.B., Torunski placed 9th, Bergh 10th, Houde 13th and Babin 14th. All in all, it was one of the best showings U.N.B. has ever made in senior Intercollegiate competition. Also, it should be noted that out of seven men, there were four entered in each event, also a first. The final points were: Maine, 300.0; Colby, 247.3; U.N.B., 231.1.

### U.N.B. SUCCESSFUL AT MCGILL

The U.N.B. debating team had a highly successful week-end at the annual McGill Winter Carnival Debating Tournament.

The team of Naomi Griffiths, a post graduate History student, and Brian Kempster, Art II, won two debates and lost only one. They beat Renssader Poly and New York University. Only on the last day did they lose when McGill won a superb debate by a close majority.

A full report will appear in later editions of the Brunswickan.

**VOTE TO SUIT YOURSELF BUT VOTE!**

### BLOOMERS AWAY

Wednesday the UNB Red Bloomers will be off to Acadia and Dalhousie to play their final games in quest of the Maritime Girls Intercollegiate Basketball title. Thus far this year the girls have been undefeated in college play and the chances of another Maritime Championship team at UNB look very good. Both Acadia and Dalhousie have gone down to defeat at the hand of the Bloomers earlier this season.

Acadia is now out of contention but a defeat at their hands and a loss by more than 13 points to Dalhousie would kill the chance of championship for the Bloomers.

HATTERS and HABERDASHERS

Gantry for St. Lawrence Power Project will be similar to this completely enclosed 250-ton unit, built by Dominion Bridge for Aluminum Company of Canada.

W. L. Laing, chief crane designer at Dominion Bridge, is shown with two of our staff of mechanical engineers. They worked with others on the design of this major project.

Douglas D. Hunter, (left) B. Eng., has been with the Company since 1936, with interruptions for war service and college work.

Gerald Rothschild, (right) B. Eng., has been with the Company since graduation.

## *Dominion Bridge Engineers Design*

### 300-TON "TRAVELLING POWER HOUSE" FOR ST. LAWRENCE POWER PROJECT

... designed by our mechanical engineers, one of the largest gantry cranes ever built is now under construction at the Robert H. Saunders Generating Station, Cornwall, Ont.

This crane, weighing over 400 tons, illustrates a new trend in design. Completely enclosed, it serves in effect as a "travelling powerhouse". It incorporates no less than 30 motors for various hoisting and travel movements and has all the facilities and functions normally provided in a conventional powerhouse. This project typifies the extensive resources and experience of the Company in the field of mechanical engineering.

Dominion Bridge, an all-Canadian Company, is the foremost fabricator in Canada of bridges and steel structures.

Less well known is Dominion Bridge's leadership in other engineering fields. Cranes and other handling equipment, hydraulic machinery, boilers for heating and process steam requirements, mining machinery, refinery towers, pulp mill digesters, oil well machinery—these are but a few examples of the diversification of Dominion Bridge operations.

To-day, we have the largest and strongest Canadian force of design engineers in our field. Much of their work is of a pioneering nature, and they are constantly being called upon to solve problems connected with large projects in virtually every type of industry. Theirs is a never-ending challenge.

## *Build a Future with Dominion Bridge*

There are interesting careers awaiting young civil and mechanical engineers in Dominion Bridge Company Limited. With 15 plants from coast to coast, we are now engaged in the largest expansion programme of our 74 year history.

You are cordially invited to write to Mr. W. Hagen, Manager, Robb Engineering Works Limited, Amherst, N.S., for descriptive booklets or further information on any question you may have in mind. Please mention this publication.
