## MEIGHEN PROPOSES GRAIN BOARD FOR THE DOMINION

### PREMIER MAKES NEW PROPOSITION IN HOME RIDING

Suggests Grain Pool for Farmers—Blow Alleged Against Crerar

**STICKS TO PROTECTION**  
Vigorous Attack on the Platform of Opposing Groups in Campaign

(By Canadian Press.)

PORTAGE LA PRAIRIE, Man., Sept. 28.—Right Hon. Arthur Meighen, Prime Minister, in a couple of speeches here last night, laid down the main lines of the Government campaign. In his home country, on the prairies, he raised the flag of protection as he raised it at London. "Are we going to continue the protective system or are we not?" he queried. "That is the question. That is the whole question." He did not now nor never had believed in a high protective tariff. He did not believe that such a tariff would be just to the West. He did not think it best for the whole country, for the spur of outside competition under fair conditions was good, but he was immovably against the "platform of Messrs. Wood and Crerar." He was against the "Mackenzie King Liberal platform" from the first line to the last. He charged Mr. King with "flagrant apostasy" on the tariff issue; he thought the fiscal policy of the National Progressives would bring disaster to the whole country and not merely disaster to a few.

Canada, more than any other country, Mr. Meighen urged, needed the protective system. In this regard he emphasized proximity to the United States with its great industrial development. The whole world was protective. Great Britain had adopted laws which constituted protection of the most effective kind. Any country that thought it could compete with a protectionist country, while its own barriers were down, was spurning the lessons of two hundred years.

**OPPOSITION WITHOUT A CASE**  
As to the "sub-divided" Opposition, never was one so bereft of case or complaint. And the electors would have regard to practice and performance of faithful work rather than to "reckless and irresponsible agitators, to malignant criticism and to specious and impossible promises." "For what," he exclaimed in his peroration, "for what kind of government do you vote if you vote against the Government? Can anybody answer that question? You do not imagine Mr. Crerar and the Wood-Crerar party would be in power alone. Surely you do not imagine that. You do not imagine Mr. Mackenzie King and his group will be in power alone. I do not think you imagine that. What kind of a government, then, do you think you would vote for if you voted against the present administration? Nobody knows. It would be a discordant representation of log-rolling groups in which each group would have to betray the electors who supported it, and out of which no policy could be evolved based on any principle whatever. It would mean only a temporary triumph for chicanery, a fleeting victory for infidelity and the prostitution of trust."

Mr. Meighen spoke subsequently at an overflow meeting and here he laid down the Government's proposals in regard to the grain trade. "What I propose," said Mr. Meighen, in making his announcement, "is a system of voluntary pool, not of wheat alone. But of the principal grains growing in this country, such pool to be handled by a Government Board constituted on the plan of the Wheat Board, receiving and disposing of grain by a system similar to that followed by the Canadian Wheat Board under Mr. Stewart.

"I do not propose that this board alone shall receive and dispose of Western grain. I do not propose that the present grain-handling agencies be put out of business, but I propose that through a Federal Grain Board the farmer shall have an alternative method which he can adopt if he desires, a method similar to that which was open to him for the crop that he sold to the Wheat Board in 1919.

**HOLD AND DISPOSE OF GRAIN**  
"I propose before next year a Canadian Grain Board be created with

### ATHLETICS TOPIC FOR LIONS; CLUB HAS STIRRING MEETING

Athletics were the topic under discussion at the Lions' Club luncheon today and a special committee was appointed to meet Mr. Henderson, an architect of Toronto, and get his opinion on the various sites suggested for an athletic field. The members of this committee are Messrs. R. D. Boulton, J. W. Davidson and R. L. Zeffel. The club favored getting the opinion of an expert on the layout of grounds.

While the club have entered into the proposal to get a proper field for the city, their views have not yet become crystallized and whether there will be a joint athletic and agricultural grounds remains to be decided after expert opinion has been secured. Mr. Henderson, who is to be interviewed tomorrow, is coming here to map out the new golf course. He has had something to do with the athletic situation at Oshawa.

### Boys' Work Chief Comes From Soo

Mr. R. W. Ferris, of Sault Ste. Marie, arrived in the city early last evening to take over the duties of Boys' Work Secretary in connection with the Belleville Y.M.C.A. He assumed his office this morning. Mr. Ferris has had a great deal of experience in the handling of groups as a mentor. He has been nine years at the Soo.

Quebec's maple sugar crop increased three-fold in past three years.

### BARBER "PANNED" \$500,000 FROM WHISKERS IN ALASKA

Miner's Shampoo Good for \$10. In Dust, While a Cyanide bath was a Mint—Prospector Returns to College town With Suit Case of Gold.

CHICAGO, Sept. 27.—Max Belke, Evanston barber, who a decade ago held forth opposite the campus of the North-Western University, has returned home a wealthy man. He carried a suit-case loaded with gold and his raiment radiated wealth. His story of how he set forth to invade Alaska after selling his barber shop reads like a romance.

"It was thirteen years ago that I left Evanston for the Klondike," said Belke. "I traded my razor for pick and pan and started on my search for gold. It was hard work. I got a little mine and washed the gravel in the creek for three years. Once I thought I had found a nugget, but it turned out to be a Bryan button of the 1896 campaign. I panned enough dirt to fill Lake Michigan, but never got a spot of color.

"At the end of the third year I was flat. A bunch of boys were whooping it up in the Malemute saloon when the great idea occurred to me. If I had failed to mine in the mines there might be a chance left in the mining of the miners. I started a 'shampoo' parlor and my

success dates from that moment. "These miners, working continually in gold dust, were certain to carry away a certain amount of residue in their hair and beards. As some of these beards had not been trimmed since the great glacier started to melt, the field was lucrative.

"On my first day I shampooed \$10 gold and \$1 cement out of some very indifferent tatches. On the second day I succeeded in inducing a viscous dough from the 'lappies' to visit my barber shop. I added a face massage to the menu and I massaged \$25.35. The 35 cents was war tax. There was a little side money in the business. I charged \$1 per piece for shampoos and the same price for massages and kept all the by-products.

"Rapidly I grew wealthy, but my fondest dreams were realized when I invented the cyanide process bath. A little bit of cyanide in the solution, the great unwashed became a prolific source of revenue. Even an Indian whose head showed no color in the clean-up would yield \$100 the ton in the cyanide tank. I expect to take a trip to the coast in a day or so. Half a million is my stake and I am going to enjoy life for a few years."

### 63 DAYS IN OPEN BOAT

WASHINGTON, Sept. 28.—After cruising on Chesapeake Bay waters for sixty-three days in an open boat, William Spencer, ex-soldier and his ten-year-old daughter were located by a police launch and brought to Norfolk, Va., Saturday, it was announced here today. They mysteriously disappeared from this city more than two months ago.

### MR. JOHN HUBBS IS CONSERVATIVE STANDARD BEARER

Picton Tories Make Selection at Convention Held There Yesterday

**ON FIRST BALLOT**  
Has Wide Business Connection and is Popular Figure in Community

The Liberal-Conservative standard bearer in Prince Edward County in the coming federal election will be Mr. John Hubbs, of Picton. His selection was made on Tuesday at the Tory convention held in the town of Picton. Several names were submitted to the convention, but all the nominees withdrew with the exception of Mr. Hubbs, Mr. Ed. M. Young, and Mr. D. W. Robinson, reeve of the township of Ameliasburg.

Mr. Hubbs was selected on the first ballot by a good majority. His choice has been pretty generally conceded by the members of the party.

This puts the third candidate in the field and things are likely to be quite thrilling for the next two months.

Mr. Hubbs is engaged in the canning business and has for some time owned and operated the John Hubbs Canning plant in Picton. He has a wide business connection and is a popular figure in the county.

### FRUIT MACHINERY CO. GOING FULL BLAST

Employing Larger Number of Hands Than at Any Time Since Starting up

While other cities are endeavoring to take care of their unemployed, it is gratifying to notice signs of improvement in this city. The Fruit Machinery Company, Ltd., are working to their fullest capacity, and although this is a small industry, they are now employing a larger number of hands than they did in the busiest times during the war. They have very large orders on hand for their well known brands of canning and evaporating machinery, and their foundry and machine shops are running at their utmost capacity.

Mr. F. B. Foley, Managing Director of this busy little industry, informs The Ontario that they have enough work in sight to keep them running all winter.

### SETTLES WITH RAILWAY

KINGSTON, Ont., Sept. 27.—The action of Smith Elliott against the G.T.R. for damages for injuries received in September, 1919, has been settled. Mr. Smith accepting \$6,500 and costs. The case has been twice heard by the court and a retrial was ordered.

Miss Ida M. Ostrasser, nurse, was sent to the Ontario Reformatory for the theft of clothes from a patient.

### Belleville K. C. Elect New Officers

Belleville Council, No. 1698, Knights of Columbus met last evening for the election of officers for the coming year. The installation will be held at a later date. The elections resulted as follows:

Grand Knight—Chas. Whelan.  
Deputy Grand Knight—F. C. Lee.  
Councillor—J. M. Trusich.  
Warden—Leo Barrett.  
Recorder—F. M. Deacon. (re-elected.)  
Fin. Sec.—Thos. R. Barrett. (re-elected.)  
Advocate—A. E. Collins. (re-elected.)  
Treasurer—Frank Fitzpatrick. (re-elected.)  
Trustee—L. P. Hughes.  
Inside Guard—George Bronson.  
Outside Guard—J. J. Murphy.  
Alternate to Grand Knight—M. Connell.  
Alternate to Past G. K.—O. E. Fortune.

### Musical Club Bids Goodbye to Artistes

Mr. and Mrs. James H. Higgs and Miss Joy Higgs left Belleville today for Montreal where they will make their home. They will be greatly missed in this city in church and social circles. Miss Joy Higgs will especially be missed by the musical colony here. Her outstanding talents as a violinist making her a leader in that circle, while her charming personality made her a great favorite everywhere.

The Musical Club at its last meeting, held at Miss Phyllis Bogart's home, Bridge street East, in a presentation sought to convey similar sentiments. The club also remembered Miss Winnifred Pearce, organist of Holloway Street Church, and a gifted pianist, who is going to Toronto to continue her studies.

### CAN'T GET MAN TO HELP WITH PLOWING

ST. THOMAS, Sept. 28.—Although he found a number of unemployed men in the city who claimed to be looking for jobs, a farmer residing within three miles of this city who came here today in search of a man to assist him with his fall plowing was forced to return home alone. He reported that two or three had been half inclined to accept the job, but their attitudes did not appeal to him. Others approached had declined farm work.

### COE HILL FAIR

Coe Hill Agricultural Society held its annual exhibition today at the village. A special train carried a good sized crowd to the northern centre.

### EMPIRE MORE UNITED THAN EVER

LONDON, Sept. 28.—(Canadian Press Cable)—Premier Hughes on his return to Melbourne from England today declared that the full story of the Imperial conference would never be told in this generation. "The Empire was more united than ever," he said, "and was a solid enduring fact."

### Escapes From Car As Flames Spread

When the engine backfired, the touring car of Mr. Frank Smith, Burnham street, took fire. Mrs. Smith was in the car at the time and had to make her escape from the machine as the flames spread. The firemen were on the scene in short order and saved the motor from very serious damage. The loss will not be heavy.

### NO MORE WAR CHARITIES

Have Completed Task and Are Removed from Register

OTTAWA, Sept. 28.—(By Canadian Press)—Public notice is given that the following war charities, which have concluded their war relief work, have been removed from the register of War Charities in the Department of the Secretary of State:

Imperial Order Daughters of Empire.  
Agnes Deans Cameron Chapter, Victoria, B.C.; The Anna Turnbull Chapter, Wabaw, Sask.; Captain Harry Coombs Chapter, Peace River, Alta.; Cecil Rhodes Chapter, Regina, Sask.; County's Own Chapter, Alexandria, Ont.; Daisy Chain Chapter, Victoria, B.C.; Duke of Argyll Chapter, Westworth, Ont.; Earl Grey Chapter, Owen Sound, Ont.; Esquimaux Chapter, Esquimaux, B.C.; General Brough Chapter, Goderich, Ont.; General Byng Chapter, Medicine Hat, Alta.; Kichikewana Chapter, Midland, Ont.; Lady Douglas Chapter, Victoria, B.C.; Lord Reading Chapter, Quebec, Que.; The Navy League Chapter, Victoria, B.C.; Sewell Chapter, Wapella, Sask.; Sir Garnet Wolsey Chapter, Sault Ste. Great War Veterans' Association, Medicine Hat Branch, Medicine Hat, Alta.; Sarnia Branch, Sarnia, Ont.; Stratford Branch, Stratford, Ont.; Welland Branch, Welland, Ont.; Comrades of the Great War, B. C. Provincial Grand Chapter, Vancouver, B.C.

### SENN FEIN ASSISTANT TO U. S. GRAND JURY

NEW YORK, Sept. 28.—George Gordon Rorke, Washington, held on bond in New York, on a charge of conspiring to furnish arms to Sinn Fein, went to Trenton, N.J., today to appear before the Federal Grand Jury which is inquiring into the discovery last June, of 595 guns in the bunkers of the steamer East Side.

### Male Voice Choir Suggested Minstrel Show a Possibility

It has been proposed among local musicians and musical "fans," if the term may be used, to form an organization in Belleville to put on a musical show here next winter with local talent used, mainly or perhaps altogether.

If it is felt that there is an abundance of talent and if the right director is found and the organization sticks together a musical show of a good deal of class, and a splendid male voice choir into the bargain can be founded in Belleville.

Community singing here is noticeably good. At the Rotary and Lions' Club it is a marked

### Policeman and Burglar Die

NEW YORK, Sept. 28.—A policeman and an alleged burglar met death today in a gun-play incident to a wave of robberies covering several days. Patrolman Joseph Reuschle was shot by one of the motor handits on Riverside Drive, and Harold Finley was shot by a detective during the chase which followed the alleged discovery of boys robbing a grocery store.

### IRISH CONFERENCE DURING OCTOBER TO END SUSPENSE

Self-Government Within the Empire the Demand of Great Britain

**NO COERCION LIKELY**  
Manchester Guardian Prints What is Called Accurate Forecast of Note

LONDON, Sept. 28.—The invitation of the Sinn Fein leaders to a conference to be held in London about the middle of October was expected to be obtained in Mr. Lloyd George's final reply to de Valera, which it was believed, would be made public today.

Forecasts of the note were unanimous in making a British position, which has already been stated by the government. It was declared that it would be made clear that the conference had been called to discuss Irish self-government within the Empire, but that nothing contained in the message would make impossible its acceptance by the Sinn Fein, or demand explicit concurrence with the British standpoint as a condition to the conference.

**A Forecast**  
The Manchester Guardian says: "The Government's latest reply to the Sinn Fein is expected to be published today, but as the circle of those acquainted with its contents gradually widens in the days that have passed since it was drafted and sent to the members of the Cabinet, it is now possible to indicate what its terms are."

"The note is a very short one, written in two parts. The first is a reaffirmation of the Government's position, stating in any way to admit that the Sinn Fein represents a sovereign state. This is stated very emphatically.

"The second part welcomes de Valera's intimation that Sinn Fein delegates have been chosen to attend a conference with the British Government, with a view to ascertaining how association of Ireland with the community of nations, known as the British Empire, can best be reconciled with Irish National aspirations."

### To Spend Winter On Island of Ice

NEW YORK, Sept. 28.—The advance party of Stefansson's 5th expedition into the Arctic has arrived at Wrangell Island, where it will "dig in" for the winter. Mr. Stefansson announced today on receipt of a delayed telegram from Alan Crawford, Toronto, leader of the party. He said the party consisted of four white men and four Eskimos, who sailed from Nome last August and will be the first white men to spend the entire winter on the island.

### FAILED TO RETURN INCOME

PETERBORO, Ont., Sept. 27.—In the County Police Court before Magistrate O. A. Langley, Joseph Harrison of Lakehurst, was fined \$50 and costs for failing to make return of his income, and on same charge Richard Darling of Lakehurst and R. J. Sullivan, of Ennismore, were acquitted.

### Interest Revived In Bicycling Here

Michael Accera, the local boy who won the novice bicycle race at the Ontario Championship Meet here, will be sent to Toronto for the Dunlop race next month. If he shows up well, he is now being groomed for the event.

The races, even under the untoward circumstances of rain and mud, revived interest in bicycling here. It is probable that bicycle races will be included in the High School sports day, which comes off shortly.

Mr. Stephen License, who is an authority on cycling and cycle races, will undertake the management of these races if enough entries are put in. Over one hundred pupils of the High School go and come daily on bicycles.

A new newspaper, the Daily Nugget, was published for the first time at North Bay last Monday.

STILL TOO HIGH

—Branner in the New York Daily News.

WHY THE DRESS SUIT? Dr. Frank Crane. You may have wondered why the Dress Suit.

It is to clothes what the camel is to animals, the handsome cab to vehicles, and the bustle to feminine apparel.

But it has a reason, a very good and sufficient reason. That is, it had one once; for we keep on doing most things not for existing reasons, but controlled by the ghosts of dead reasons.

Every outward thing is but the symbol of an inward idea. Once there was an idea in the world, it still lingers in spots, like snow in the fence corners in April, an idea of a Gentleman.

The detailed figures indicate that Great Britain during 1920 transformed a previously unfavorable trade balance of \$2,000,000 with China into a favorable balance of \$17,000,000, and reduced a balance of \$9,000,000 against her in the Japanese trade to \$1,600,000.

THE continued influx of immigrants from Great Britain into Canada is under present conditions a matter not only for regret, but for action.

CITY MANAGER PLAN. (From The Kingston Whig.) The Whig, which has from time to time advocated the city manager plan of government in place of the cumbersome and unsatisfactory system under which we now work, was gratified to listen to Mayor E. C. Nickle's endorsement of the idea, as forcibly expressed by him at Thursday's luncheon of the Rotary Club.

WHILE Canadian goldminers doff their hats to Miss Cecil Leitch as a Queen of the links, and while beyond yesterday, let us not forget to salute Miss Alexa Stirling as a gallant sportswoman, brilliant, courageous, splendid in defeat. It is no disgrace to lose to a super-woman golfer like Miss Leitch under any circumstances; it is an honor to lose to her in the magnificent way that Miss Stirling lost yesterday.

IN his address to the club members he outlined city problems, especially those in respect to finance, in a manner that demonstrated his complete mastery of the subject. He has made a thorough study of municipal affairs, and is well qualified to speak on such a subject. His conclusions, therefore, should carry weight. His advice is that the city should adopt the manager plan of government. No municipality, he stated, could be properly administered under a system which meant a change of men each year.

THE Lord Provost of Dundee presided, in opening, Mr. Churchill made a plea for co-operation, saying the structure of the civilized world was strained, and that this was a time for leaving alone all quarrels and co-operating in rebuilding.

CHURCHILL, however, through his declaration that there would be insistence upon allegiance to the King, whether as "King of Great Britain or of Ireland," was considered by many of his hearers to have virtually held out the prospect to Ireland of a separate kingdom, along the lines suggested by Lord Hugh Cecil last May, when he brought forward a scheme by which Ireland would be made an independent kingdom, the king to be a member of the Windsor family, probably the Prince of Wales, to be appointed by the King of England.

ALLEGIANCE TO KING ESSENTIAL

Government Has Reached End of its Tether, Churchill Declares SEPARATE KINGDOM Possibility of Independent Realm Subject of Conjecture—Huge Funeral

DUNDEE, Sept. 27. — Rt. Hon. Winston Churchill, Secretary of State for the Colonies, speaking here said that the Government had gone to the utmost limit possible in its offer to the Sinn Fein, and that if it was rejected the Government had not anything else to give. "We have reached the end of our tether," he declared.

The Government was "profoundly disappointed by De Valera's rejection of the offer of dominion home rule." "Although Great Britain could not questionably enforce the existing law upon Ireland," Mr. Churchill continued, "she none the less is called upon to clear away all possible misunderstandings. If our offer is rejected, we have the conviction that our countrymen will support the Empire, as will the opinion of the civilized world."

How could he agree to the setting up of a separate foreign republic in Ireland? Mr. Churchill asked. "Not peace, but a real war—not mere bush ranging—would follow such a course. We want a conference, but a successful one, he declared.

Ulster had made a real sacrifice and no longer was a stumbling block to the rest of Ireland. He could not see much real foundation for the optimism which prevailed, and he was still uncertain where the Irish leaders stood. The proposed conference was the only thing which stood between the Government and failure.

De Valera had made it very doubtful whether there was a chance of a successful conference. "Witfully, or else under duress, De Valera had proclaimed that his delegates would attend as the representatives of a foreign state.

The Government would not allow pedantry, hair-splitting or quibbling to stand in the way of peace, but when its fundamental principles were challenged, it was well to make it quite clear there could be no further concessions on the part of the Government.

Mr. Churchill warned his hearers that if the truce came to an end a war, more serious than heretofore, faced them in Ireland, while the establishment of an independent Ireland would lead to civil war.

He hoped the limitation of armament conference in Washington would develop a conference for the establishment of normal exchange. The present industrial situation could be attributed to the collapse of international exchange and Socialist propaganda.

An attempt was made to break up the meeting before Mr. Churchill spoke. Anticipating trouble, mounted police were on duty all night. All the streets leading to the hall were guarded, but a procession of unemployed tried to rush the hall. The police precautions, however, were too much for them and order was restored quickly.

### HONOLULU LURES LAZY AND WEALTHY

Tons of Letters Arrive There From Folk Who Seek Ease and Comfort

**"SOFT" JOBS IMPERATIVE**  
Women Hoaxed Into Correspondence With "Man" Who Would Marry

HONOLULU, T.H., Sept. 26.—The romantic lure of the South Seas has become so potent throughout the world that the Honolulu Chamber of Commerce is faced with an increasingly onerous and embarrassing problem, its officials announced here recently.

For inhabitants of the crass, cold commercial world of the Temperate Zone desire—and make their desires known in a pile of mail that is increasing constantly with each steamer—to leave their unromantic atmosphere and come to Hawaii, the land of music and flowers, where tradition has the golden moon always full and where a person's life, according to popular belief, consists of jollity on the shaded beach at Waikiki, fanned by the cooling trade winds and reaching up occasionally to pluck enough fruit from the overloaded boughs to afford sustenance.

The writers of the last steamer's mail ranged from stenographers, editors, school-boys and countless others. All emphasized the great sacrifice they would make in coming to the islands. The only condition they impose about the positions they hoped to obtain was that they be "soft," according to Mrs. E. K. Stone, acting secretary of the chamber.

"That's all they want," she added. "The number of letters containing the same request is increasing with each steamer and some drastic measures will have to be taken soon to cope with the situation. It can't go on, or the Chamber building will be inundated."

One graduate of four leading universities, with a long string of degrees capped with a "Ph.D.," desired to come to some local corporation as an "efficiency educator."

Another letter asked whether hem-stitching was popular in the islands. If so, the woman desired to transport her sewing to Honolulu. A young man in the backwoods of Maine offered to travel 5,000 miles to Hawaii to instruct the residents in higher education.

A girl in California referred to the spell that the Hawaiian moon has cast over her and wondered whether she couldn't help out some business man by doing "just a little typing."

"Some of the letters show that the writers have at least a little knowledge about the islands," Mrs. Stone said. "Others are just as far-fetched as that written recently by a man in a small Virginia town. He wanted to know whether there were any nice warm-tropical islands for sale in this vicinity. I answered that he could find, without any trouble, a real estate firm that would sell him part of this very island but doubted whether he could even obtain a lease on all of it."

Another incident illustrating the lure of the tropics concerned a letter that some friends of an army enlistee stationed here wrote to a newspaper in Portsmouth, England, signing the private's name without his knowledge.

"This is more or less a lonely life for a fellow in Honolulu, as white women are scarce," the joking letter read.

More than one thousand women in England have written thus far, offering to marry the man, he said recently. The women range in age from 14 to 40, but all have felt the urge of the south seas. The letters are so numerous that postal authorities in San Francisco tie them in bundles of 50 each. The man said: "The truth of the matter is that I don't want a wife as I can't support one."

Meanwhile the letters continue to pour in to this man at the rate of at least 500 every steamer.

### LUCIUS ALLEN IN TOWN

Has Completed Concrete Work on Victoria Bridge, Montreal

Mr. L. E. Allen, who is engaged on a fifteen mile highway contract in the Province of Quebec was in the city on Sunday for a short time. He stated that he has completed the work of laying the asphalt surface on the Royal Victoria Bridge at Montreal. This contract was carried out at night between the hours of eleven o'clock and six in the morning, so that the traffic might not be inconvenienced. This bridge is a mile and a quarter in length. Mr. Allen suggested a similar surface for the bay bridge some time ago. The work on the highway is being pushed ahead by Mr. Allen.

### HUNDRED, AND STILL ABLE TO STROLL OVER FOR CHAT

ALEXANDER, Man., Sept. 26.—Still able to take long strolls along the country roads and to visit neighbors for little chats on old times, John McLeod, a resident of this town since 1905, celebrated his 100th birthday recently. Mr. McLeod was never seriously ill in his life and firmly believes that the open air existence he led since he was a child, greatly contributed to his health and consequent ripe and sound old age. He is one of the very rare Canadian-born centenarians. Mr. McLeod was born on September 10, 1821, at a little settlement called Barney's River, in Nova Scotia. He was raised on the farm and when old enough started farming on his own at Avondale, N.S.

### GERMANY PLANS IMMENSE ARMY

Providing for Military Force of 800,000 Men Instead of 100,000

LONDON, Sept. 26.—The German Government is charged with still deliberately evading the peace treaty as regards the size of the German army. In a special article which is the feature of today's issue of The London Times, instead of observing the limitation, under the treaty, of the army to 100,000, Germany, according to the article, which the newspaper says is based on "unimpeachable information" is attempting to make provision for and to clothe, house and equip 800,000 men.

The Times says the matter is urgently important, as the withdrawal of the Interallied Control Commissions has been mooted, and also because limitation of armaments is the foremost item in the approaching Washington conference agenda.

### THE WAGE QUESTION

LONDON, Sept. 26.—(Canadian Press Cable)—A deputation from the engineering and building trades called upon Hon. Mr. McNamara today and requested that he exercise his powers under the industrial court act with a view to effecting settlement with the employers on the wage question.

### CHURCH DECKED WITH FLOWERS

Emmanuel Reformed Episcopal Annual Harvest Festival is Held

**BISHOP BREWING HERE**  
"Today We Face Peril of Society Church," He Said—The Remedy

For the annual harvest festival the interior of Emmanuel Reformed Episcopal Church was on Sunday decked with all the flowers and the fruit of the season, including sheaves of grain, corn, vegetables, and vines, the effect being very striking. Large congregations attended both morning and evening, the special preacher of the day being Rev. Bishop Brewing of Toronto, the pastor. The Rev. George Marshall, assisting, Mr. Montgomery Barlow acted as lay reader.

The improvement of the church property called for the congratulation of the Bishop.

The morning theme was that of thanksgiving, while that of the evening was concerned with an exposition of the power that is back of all those things for which men feel grateful.

That there were many men in the Christian church that were not at all proud of being associated with the name of Christ, said the Bishop. "Today we are facing the peril of a society church, a traditional church, when men will sacrifice the eternal truths for the social prestige of a church."

Paul had the glory of being called a little insane. Every man who sees a little beyond his fellows' horizon in any age is called insane.

The only power that imperial Rome knew was physical and muscular power, but the people of today live in a dynamic age of energy. The world today has larger illustrations of power and consequent increase in responsibility of faith.

Today everything is tested by the question: Will it work or has it the power to do things? The gospel is willing to be tested by that question.

"I believe that seventy-five per cent. of the professing Christian church has today a kind of shame of association with Christ. We are very glad to say we have relations who have achieved success, we like to see our names in the newspapers along with theirs. Let me say to you young men: Apart from His Divine Jesus Christ was the greatest. He has no place in the lists of great men. He stands in lone eminence and it is superficial scholarship that names Him in the same breath with the world's greatest men."

"You are not ashamed to be found in a train reading the Cosmopolitan Saturday Night, the novels of Jean Straton Porter, or H. G. Wells. Why are you ashamed to be seen reading the Gospel. You say there is so much cant associated with the public towards the Gospel. That is a very shallow excuse. Every page of everything you read is saturated with Christ. He moves through every gallery, every street of our cities and towns. He is the permeating power of our life.

"A man is not educated, is not in the thinking class unless he is versed in the Scriptures.

"Why are we ashamed of reading the Book and not of those that are influenced by it? It is like writing a song to the stars and cursing the sun. When will men awaken to the source of power—Christ?"

During the evening service Mr. E. A. Ridley sang a solo.

### G.W.V.A. Branches Asked to Function in Election Affairs

LONDON, Sept. 26.—(Canadian Press Cable)—A communist leader and orator named Durant was thrown into a pond and the town of Chestnut, Monmouthshire, precipitated into a riot last night as the result of a demonstration between Communists and ex-soldiers, who were indignant at the circulation of leaflets announcing the meeting. They routed the Communists.

### DIVORCES IN MANITOBA

WINNIPEG, Man., Sept. 26.—During the past two years Manitoba residents to the number of 481 have obtained divorces, according to statistics covering a period from Sept. 30, 1919, when divorce court was opened after the Walker vs. Walger case settled Manitoba's right to grant divorces.

Men outnumber women two to one as petitioners. Grounds named in only 17 of 498 petitions made were insufficient to secure divorces. Petitions were entered by 331 men and 167 women. Decrees nisi were granted 182 men and 95 women, and decrees absolute were obtained by 135 men and 59 women.

### WEDDINGS

#### RANSOM—HUNTER

On Saturday, Sept. 24th, at Newcastle, the wedding took place of Miss Elizabeth J. Hunter, daughter of Mrs. Wm. Hunter, of Newcastle, to Mr. P. Ransom, of Belleville. The ceremony was conducted by the Rev. A. K. Edmiston. Previous to leaving Belleville the bride was one of Belleville's fair and popular young ladies, while the groom is a member of the staff of the superintendents at the G. T. R. depot. Their many friends join in wishing them all happiness and prosperity in their wedded life. After a short wedding trip they will reside on George Street, Belleville.

#### Her 91st Birthday Celebrated in Midst of Family Circle

At "Forest Home", Brant County, Mrs. Ellen K. Loft, born in the Mohawk Village, Brant, on Saturday celebrated her 91st birthday, surrounded by the members of her family.

She married George R. Loft, whose birthplace was the Mohawk Reserve in the township of Tevontingna, and of a family of six children, three sons survive: Chief William D. Loft, residing on the reserve; Chief (Lieut.) P. O. Loft, Toronto, created a chief while in France; Harry K. Loft, the youngest son, who lives on the homestead, "Forest Home."

Daughter of Peter Smith and his first wife, whose father was Chief Jacob Johnson, a veteran of 1776, she was among the first to attend the school built in the Mohawk village by John Brant, youngest son of the great "Chief" Joseph Brant.

Notwithstanding her advanced years, Mrs. Loft enjoys remarkable health and her mental faculties remain keen.

#### PLOWING BY MOONLIGHT TO ESCAPE SANDFLIES.

WINDSOR, Sept. 26.—The annual pest of sandflies and other insects is here and a several parts of the county farmers have found them so troublesome to the horses that they have been doing their plowing and fall wheat tilling by moonlight. The experiment has been wholly successful, the farmers say.

**Moira Lake Claims Life of Fred Allen Brilliant Student at Madoc High School—Tragedy at Week-end Party—Details**

Moira Lake on Sunday afternoon claimed the life of a brilliant fourth year student of the Madoc High School, Fred Allen, son of Mr. William Allen, clerk of the township of Madoc, who resides in the Allen Settlement about ten miles from the village of Madoc.

The body had not been recovered up till a late hour today, although searching parties have been grappling for it since shortly after the accident.

Allen, who was seventeen years of age, had been spending the week end at Pitt's Landing on the north shore of Moira Lake with friends. His father had been at Madoc to take him home over Sunday, but in some way they missed one another and Mr. William Allen returned home alone.

#### VICTORIA PARK SITE FOR BATHS O.K. BY ROTARY

Senator Corby Bequest Nearer Fulfillment by Action of Local Organization

OPPOSITION SILENCED

Committee of Rotary and City Engineer Had Plans of Venture Prepared

Victoria Park site for the public baths to be built under the bequest of the late Senator Harry Corby was approved by the Rotary Club this afternoon following the weekly luncheon at Hotel Quinte.

A Rotary committee recently brought in a report favoring the park site in preference to that proposed on the waterfront east of the new docks. Mr. B. F. Jennings today brought in a supplementary recommendation in favor of the construction of the baths in the centre of the park. A long discussion followed, City Engineer J. G. Mill stating that the plan was entirely feasible and that the water could be taken from the harbor or river and changed twice each week.

President J. G. Moffatt occupied the chair.

ASSASSINATION FAILED

PARIS, Sept. 26.—An attempt was made to assassinate General Joseph Pilsudski, President of Poland at Lemberg, Galicia, last night, says a despatch received here. Three revolver shots fired at him went wide and the would-be assassin was arrested.

TWO MOTORS COLLIDE

Two motors collided on Front St. on Saturday and some damage resulted to one of the cars. It is possible that one of the motorists may come into court on an infraction of the M.V.A.

The tragedy cast a cloud over the entire village and the township where the young man was very highly esteemed. The High School students particularly feel keenly the loss. There is universal sympathy with the parents and the friends of the dead boy.

J. R. ANDERSON U. F. O. CHOICE AT NOMINATION

Leading Farmer and His Mountain View Estate is Model of Efficiency

CONSERVATIVES MEETING Will Select Candidate Today—H. H. Horsey Already Chosen as Liberal Candidate

Mr. James R. Anderson, of Mountain View, was on Monday, at Picton, the unanimous choice of the United Farmers' organization to contest the riding of Prince Edward in the approaching general election for the Commons.

The Progressive party's nominee is one of the best-known of the members of the U.F.O. in the eastern part of the province. He is a leading farmer of the township of Ameliasburg and has been the vice-president of the U.F.O. in this district.

He has been identified with the movement for a considerable length of time and his selection to carry the United Farmer standard in the rural county of Prince Edward is no news to those who are acquainted with present day events in this section.

Mr. Anderson is a leading dairy man and has occupied high office in the Eastern Ontario Dairyman's Association. He has been outspoken on matters pertaining to the present farmers' movement and has contributed to the agricultural press.

His farm at Mountain View is a model; there it is that he carries out in detail the principles in which he believes. That a farmer can practise scientific agriculture with financial success has been very clearly demonstrated in his case.

Today the Conservatives are in conclave at Picton, considering the selection of a candidate to carry their principles to the polls. It is expected that the choice will fall on Mr. John Hubbs.

Mr. H. H. Horsey of Cressy was some time ago chosen by the Liberals of the riding.

Woman As Candidate

REV. E. E. SCOTT DIES IN TORONTO

Well Known Here and Brother of Former Pastor of Bridge Street Church.

ILL ONLY SHORT TIME

Born at Markham and Enjoyed Long Career of Usefulness to Country

A well-known and venerable figure in Methodist circles was removed yesterday by the death in the Private Pavilion, General Hospital, Toronto, of Rev. Edmund Edwin Scott. He was a brother of Rev. Dr. C. T. Scott, former pastor of Bridge Street Methodist Church. The Rev. E. E. Scott preached in Belleville not long ago.

Rev. Mr. Scott, who was taken ill quite recently, had been connected during his ministry in this city with several churches, including Dunn Avenue, Avenue Road and St. Clair Avenue. Last year he was placed on the list of supernumerary pastors, and just before his death was assisting in the services at Crawford Street church.

The deceased was born at Markham, and during a long and active career was closely associated with the religious and public life of his native country. He was a graduate of the Wesleyan College, Montreal. Interment will take place tomorrow at Mount Pleasant Cemetery, following a service at 2 o'clock in Crawford Street Methodist Church, Toronto.

WALLBRIDGE

LETTERS TO THE EDITOR

THE CASE OF "BUNNY" Editor Ontario:—As we have heard so much of late of a six-year-old boy called "Bunny," kindly permit me to answer enquiries made by the public in regard to this case.

As we have heard so much of late of a six-year-old boy called "Bunny," kindly permit me to answer enquiries made by the public in regard to this case. He has been under our notice for some considerable time, first at Tweed, then at Point Anne, and for the last few months at Belleville.

We have no place or institution in the Province of Ontario, to our knowledge, where this boy can be placed. The age of admittance should be reduced to six years of age. But until such is the case the parents are responsible to care for him, although they have, I understand, nine others to care for. May I quote from a paragraph of a letter received from the department, December 21st, 1920: "We have not made any provision for looking after nursing five years of age. He should be with his own parents and the state should not be asked to accept parental responsibility when the parents are alive and able to do it themselves;" and also from a letter received June 13th, 1921: "I cannot imagine this case quite as bad as you paint it. Surely a baby five and a half years old can be controlled by his parents or somebody who would take an interest in him."

The Chamber of Commerce, some of the Doctors, the Social Worker, Chief of Police, and societies and private individuals have endeavored to have the boy taken care of but without success. The statute says No, and it appears we cannot alter it. THOS. D. RUSTON, Insp't. C.A.S. Edward Bail, London, was arrested and charged with stealing \$500 worth of goods from Smallman and Morgan. As a vermicide an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

SCHOOL FAIR AT CANNIFTON EVENT OF YEAR FOR KIDDIES

Fathers and Mothers Take a Great Interest in Results of Judging—Parades, Speeches, Exhibits and Refreshments—Thrills all the Time.

Cannifton was on Tuesday the Mecca of hundreds of the farmers of Thurlow, the annual school fair for the township proving the attraction. From eleven-thirty in the morning until after five o'clock in the afternoon the proceedings absorbed the attention of the crowds, which came from all the quarters of the compass by motor and by carriage.

Public Speaking and Choruses Public speaking is not neglected on these occasions and considerable attention is given to this. S.S. No. 1, Front of Thurlow, won first place, with Plainfield second. Mr. McIntosh took occasion to address a few remarks to the assembly, drawing attention to the value of drill and of public address. He stated that the township of Thurlow was to be congratulated on the magnificent showing it had made in entries of stock and other classes.

The various schools of the township made a fine showing in the parade, the contest being very keen, as the judge, Mr. A. D. McIntosh, District Representative, showed by the standing made by the competitors. The awards were as follows: First—S.S. No. 6, Cannifton, Miss Cowan, teacher. Second—S.S. No. 19, Roslin, Miss Arkel, teacher, and S.S. No. 17, Roslin, Miss Tummon, teacher, tied for second place.

The officers of the school fair were: President, J. Bush; vice-president, Grace Simmons; secretary, Percy Ray; treasurer, Mary Adams; directors, Gordon Rose (S.S. No. 11), Richard Cranston (S.S. No. 15), Orval Rollins (S.S. No. 17), Raymond Vanshaling (S.S. No. 18), N. McDonald (S.S. No. 20). Tynednaga township fair was held on Monday at Melrose and was of the same high class as the Thurlow show.

Cannifton school had the largest turnout in the parade and carried off the first award. The scholars of this school wore special decorations of green and pink. The Roslin school children with their hoes and rakes showed decided originality along with those of Plainfield, the boys of the latter carrying corn and the little misses, rakes.

LETTERS TO THE EDITOR

THE CASE OF "BUNNY" Editor Ontario:—As we have heard so much of late of a six-year-old boy called "Bunny," kindly permit me to answer enquiries made by the public in regard to this case.

As we have heard so much of late of a six-year-old boy called "Bunny," kindly permit me to answer enquiries made by the public in regard to this case. He has been under our notice for some considerable time, first at Tweed, then at Point Anne, and for the last few months at Belleville. The father is an employee at Point Anne. We have done all that can possibly be done in the case to have the boy placed in the proper institution for the care of such cases. But both the Hospital for Epileptics at Woodstock, and the Hospital for Feeble-Minded at Orillia will not accept any patients under eight years of age.

We have no place or institution in the Province of Ontario, to our knowledge, where this boy can be placed. The age of admittance should be reduced to six years of age. But until such is the case the parents are responsible to care for him, although they have, I understand, nine others to care for. May I quote from a paragraph of a letter received from the department, December 21st, 1920: "We have not made any provision for looking after nursing five years of age. He should be with his own parents and the state should not be asked to accept parental responsibility when the parents are alive and able to do it themselves;" and also from a letter received June 13th, 1921: "I cannot imagine this case quite as bad as you paint it. Surely a baby five and a half years old can be controlled by his parents or somebody who would take an interest in him."

The Chamber of Commerce, some of the Doctors, the Social Worker, Chief of Police, and societies and private individuals have endeavored to have the boy taken care of but without success. The statute says No, and it appears we cannot alter it. THOS. D. RUSTON, Insp't. C.A.S. Edward Bail, London, was arrested and charged with stealing \$500 worth of goods from Smallman and Morgan. As a vermicide an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

in which a child takes delight was there, and the adult could by a glance see that the boys and girls of today have in the main the same interest as the children of former days.

To great trouble a number of the teachers had gone in order to drill the scholars and win the treasured prizes, and the results did credit to those who are educating the young of this section. Inside the school were evidences of the art instruction the scholars are getting in the lower classes. One class of work shows the hold the practical and the utilitarian has and should have on the life of the young farmers to be.

It was in the exhibit of the model hayracks and the wagon-racks. Some excellent handiwork was apparent and the boys had a sense of the practical in their work. One of the most interested spectators on the grounds was Inspector H. J. Clarke, who knows and is known to every child of school age in this inspectorate.

Mr. A. D. McIntosh is one to whom much of the success of the school fair in these parts is owing. Among the racing events were the following: Boys' sack race—Palmer Phillips (S.S. No. 11), Clayton Hall (S.S. No. 17), Arnold Vanallen (S.S. No. 18). Girls' apple race—May Browning (S.S. No. 3), E. Chapman (S.S. No. 19), Carrie Sills (No. 16), and A. Turner (No. 5), tied for third place.

Three-legged race, boys—L. Bell and M. Quinn (No. 1), D. Vandervoort and M. Purdy (No. 2), E. Connolly and C. Barlow (No. 4). Three-legged race, girls—E. Chapman and B. Reid (No. 19), Hazel Ray and Carrie Sills (No. 16), Dora Reid and Alice Moorman (No. 4). The teachers during the afternoon engaged in an ice cream eating contest, the delicacy having been provided by the trustees, who made the contestants blush when they asked who had eaten the most cream. The officers of the school fair were: President, J. Bush; vice-president, Grace Simmons; secretary, Percy Ray; treasurer, Mary Adams; directors, Gordon Rose (S.S. No. 11), Richard Cranston (S.S. No. 15), Orval Rollins (S.S. No. 17), Raymond Vanshaling (S.S. No. 18), N. McDonald (S.S. No. 20). Tynednaga township fair was held on Monday at Melrose and was of the same high class as the Thurlow show. Today the Sidney exhibition for schools is on at the town hall.

MUCH ILL HEALTH DUE TO BAD BLOOD

If the Blood is Kept Rich and Red You Will Enjoy Health.

Most disturbances to health is caused by weak, watery blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism and lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. D. J. McDonald, North River Bridge, N.S., who says: "For some years I suffered severely with headaches, pains in the back and a run-down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly a neighbor came to see me, and urged me to try Dr. Williams' Pink Pills. After taking two boxes I felt relief. I got five boxes more and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a baker in a pulp mill, ten hours a day and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

On Saturday night, between eight and nine o'clock, fire was discovered on the farm of Mr. E. Turley in the sixth concession of Sidney. The barn and contents were a total loss. The farm was rented by Mr. Jesse Snider, butcher, of town, and the loss will be heavy for him as he had a large quantity of hay and this year's grain, also some of last year's grain, in the barn. The cause of the fire is unknown.

The Rally Service was held in the Methodist Sunday school on Sunday afternoon and evening. In the afternoon the Sunday school of Rose's appointment met with the Frankford Sunday school and the rally program was taken together. Also Rev. I. Snell was present and gave a talk to those present, and again in the evening at the regular service he addressed the Sunday school and parents. There was a large attendance at both services.

Requisite on the Farm.—Every farmer and stock-raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

Address and Presentation Mr. and Mrs. Wilmott H. Kingston and family.—Having learned of your plans to move from our community, we, representing your many friends, have come to express our appreciation of you all. You have proven yourselves worthy citizens. In your life's calling you have been diligent, demonstrating the art of good management and inspiring us in the science of farming. You have taken an interest in, and supported well, every cause and movement calculated to improve conditions, locally, within the empire, and in the lands of backward and uncivilized races.

Your leaving will be a distinct loss to our neighborhood, but we assure you that as you go you will carry with you our deep respect and friendship and our fondest wishes for your future happiness and prosperity.

We respectfully ask you to accept from us these slight gifts as an assurance and a reminder of our esteem.

On behalf of your friends in Rawdon and Huntingdon, E. T. Searles, J. C. Dickens, Henry Wallace, Alex. McInroy.

SILVER FOX CO. OBTAINS CHARTER

Will Establish Farm in Frontenac County and Import Foxes

FROM EDMONTON

Capitalized at \$100,000, Company Elected Officers Today

KINGSTON, Sept. 27.—A charter for the Alaska Silver Fox Co. Ltd., whose organization with a capitalization of \$100,000 was announced some time ago, has been taken out, and at a meeting held this morning in the office of Cunningham & Smith, solicitors for the company, the officers were elected as follows:

President and Mgr. Dir., W. R. Givens; sec-treas., Fred M. Lee; directors, A. B. Cunningham, J. F. Sowards, B. Noble Steacy, Hon. Dr. Ross, W. R. Givens and Fred M. Lee; solicitors, Cunningham & Smith.

The company will purchase a site in Frontenac county for the establishment of a silver fox farm and will import from Edmonton, where Mr. Lee has already a large and very successful and prosperous fox farm, a number of breeding foxes as well as others, while kennels to accommodate these will at once be erected.

The silver fox industry has long since passed the experimental stage and now is fully established as a great commercial and financial success, so that it is felt to be most fortunate that Frontenac county is now to be the home of one of these unique and at the same time highly profitable industries.

### SUMMER CAMP SOLD

Camp Vega, Charleston Lake, Camp for Boys Changes Ownership

Brockville—Camp Vega, Charleston Lake, the property of Mrs. Henry Ward Beecher, New York, where large parties of boys have spent summers for a number of years, has been sold to William J. Hazel, also of New York, who conducted the camp during the past summer. The transfer of the property was made recently, Mrs. Beecher coming from New York to transact the business. Mr. Hazel has a most successful summer at Camp Vega and expects next season to bring 100 New York boys to the shores of Charleston Lake for recreation and education.

### "WILD MAN" ARRESTED

Vagrant Annoyed Brockvillians and Successfully Eluded Police

Brockville—Found sleeping under a clump of bushes at St. Lawrence Park by Chief of Police Burke and Plainclothesman C. J. Simpson John Matwijn, an Austrian, was arrested on a charge of vagrancy. For some weeks past complaints have been received of annoyances caused to women and children in the west end by this man. He had successfully eluded the police until now, when his precarious abode was discovered. The police removed Matwijn and his belongings, chiefly old clothes, to the police station. He was naturalized at Edmonton and shows papers that he formerly belonged to the Federal Labor Union at St. John, N.B. He has been annoying people by begging.

### MOTORBOAT BURNED

Engine Backfired and Boat Was Soon Enveloped in Flames

Brockville—A large and handsome motorboat, owned by James E. Ryan, tobacconist, King Street west, was totally destroyed by fire in the bay near the dock on the south side of Picnic Island. The owner was about to start the engine of the craft for the purpose of making the run back to town when it backfired. Flames quickly enveloped the boat, which was valued at \$1,200, and despite every attempt to smother the blaze the craft soon burned to the water's edge. Some insurance was carried.

As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

### LADY BYNG STILL FURTHER LENDS HER NAME

Lady Byng has become the honorary head of still another Canadian woman's organization, the Federation des Femmes Canadiennes Francaises (the French-Canadian Women's Federation). To one who takes no merely superficial interest in the organizations to which her name is given, Lady Byng's numerous new offices might make any woman aghast. For surely her Excellency will come to the conclusion of an Englishman visiting the Dominion during the war—who said, "Canada seems a country largely inhabited by club women!"

Not only is Lady Byng lending her name to the old-established feminine organizations, but a new I.O.D.E. chapter is being formed in Brantford which her Excellency is allowing to be called the Lady Byng. Its members are largely to be the workfolk of the industrial establishments of that busy manufacturing city and they will be headed by a Scotchwoman, who is keen about an organization that stands for cementing all bonds between the Motherland and the dominions.

### Formosan Women Demand Abolition of Engagement Money

TAIWAN, Formosa, Aug. 22.

(By Mail)—The world movement for woman's emancipation has struck Formosa at a time when the high cost of wives is being felt severely. The women, who are mostly of the Chinese race, are demanding the abolition of the system of engagement money which is paid by their suitors when the marriage contract is made, declaring that the payment of money to their parents is an insult to their dignity and position as free-born women.

A young woman of education a graduate from a girls' school, commands as much as 1,500 to 2,000 yen, (\$750 to \$1,000) as engagement money and such a sum is a very desirable addition to the family fortune these days. But these girls refuse to consider themselves livestock and decline marriage without personal consent and with a bridegroom of decent appearance and sufficient education.

Most Formosan marriages are arranged on the basis of the engagement money and the bride-to-be has little to say about the matter.

There are young women who insist that the trouble with engagement money is that it is too high and desirable suitors are often kept away because they cannot pay the price demanded. There is much in this argument which appeals to Formosan women, and a certain number of the less modern women are demanding that engagement money be radically reduced to a point where matrimony will be easier of accomplishment for them.

The Formosans are polygamists. But the modern tendency is to remain satisfied with only one wife. And it is said that if engagement money does not decrease soon the habit of plural marriages will decrease too, because very few men can afford to purchase more than one wife at present high prices.

### Domestic Labor Scarce, Mistresses do Own Housekeeping

NEW YORK, Sept. 27.—Domestic labor is so scarce in New York that in thousands of homes, normally well supplied with servants, the mistress is doing her own housekeeping.

Maids and butlers are said by employment bureaus to prefer being out of work to taking jobs at less than the high wage scales prevailing last year.

Of many reasons advanced by employment agencies for the failure of servants and employers to agree,

one of the most common is that prospective maids seek work only because their husbands are jobless and are refused places because prospective employers will not consider applicants for temporary positions.

Prevailing wage scales are said by employment agencies to be: Cooks, \$50 to 70 a month; general houseworkers, \$40 to \$50; chambermaids, \$50 to \$60. Japanese butlers command \$100 to \$125 a month with board and lodgings.

## WOMEN, AND WHY THEY VOTE IN NEXT GENERAL ELECTION

OTTAWA, Sept. 27.—The coming general elections are of particular interest to women all over the Dominion, particularly in view of recent amendments to the Dominion Election Act, which give to women a wider share in the government of the Dominion than they have ever had previously.

Under the Act as amended at the last session of Parliament, the franchise is extended to women on a considerably wider basis than it was in the 1917 War Time Election, when only women eligible to vote were those who had a husband, father, son or brother in the Canadian Expeditionary, Imperial or Allied Forces. Under the present Act, any woman who is a British subject of the full age of 21 years and is not prohibited by the special clause setting forth the prohibitions, has equal rights with men in holding election offices, being a candidate for the House of Commons and in voting.

The qualification of electors, as set forth in the instructions to election officers by Col. O. M. Biggar, Chief Electoral Officer, states:

"The general rule is that every person in Canada, male or female is qualified to vote and should be included in the list of voters for the polling division in which he or she resides, if he or she,

"(a) is a British subject, and

"(b) is twenty-one years of age, and

"(c) has ordinarily resided in Canada for the year immediately preceding the date of the issue of the writ of election, and

"(d) has ordinarily resided in the electoral district for the two months immediately preceding the date, and

"(e) is not expressly denied the right to vote."

There are a number of ways in which a person may become a British subject in Canada. The instructions state that if a person is found to come "within any one of the classes hereafter defined, it is not necessary to consider whether he falls within any other."

Thus, everyone who doesn't advertise has plenty of time on his hands in which to explain to friends why his business is bad.

(a) was born in any of His Majesty's Dominion or on a British ship,

(b) was born elsewhere of a father, who, at the time of the child's birth or by naturalization under any of the Imperial Naturalization Acts, or

(c) has been personally granted a certificate of naturalization under any statute of Canada or under the Imperial Naturalization Act in any other of His Majesty's Dominions, or

(d) has had his name included in a certificate of naturalization granted to a parent under the Imperial Naturalization Act in Canada, or in any other of His Majesty's Dominions, or

(e) is the wife or unmarried widow of a natural born British subject or of a British subject naturalized under any statute of Canada or the Imperial Naturalization Act in any other of His Majesty's Dominions, or

(f) is the child of a person naturalized in Canada otherwise than under the Imperial Naturalization Act and was, at or after the time his parent was naturalized and before he or she became 21 years of age, resident in Canada with the naturalized parent; and every person who has become a British subject in Canada continues to be so unless his British nationality has been surrendered by his becoming a naturalized citizen of some other country; or unless the certificate of naturalization under which he became naturalized has been cancelled, or unless, if a woman, she has married a man who is not a British subject.

The classes of persons who may not vote, is set forth as follows: (a) Judges appointed by the government of Canada.

(b) Persons employed in the electoral district, in reference to the election, for pay or reward, except the persons who may be paid out of public funds and are described in Sec. 31 (2) as follows:

"The returning officer in case of there being an equality of votes."

"Any person employed under the authority of this Act as registrar, revising officer, deputy returning officer, poll clerk, messenger, interpreter or constable."

"Any person, except the election clerk, necessarily and properly employed by the returning officer for

### What Shall I Do?

AN ABSOLUTE "GOLDFINCH"

Ques.—Dear Miss Page: I read your daily column and think it's great. If it were not for it, I'm afraid there would be a great many peevish boys and girls looking elsewhere for a "What Shall I Do?" advisor, which to my mind would be hard to find. How about it, boys and girls, aren't you with me? I thought you were!

Recently I have been going with a young man who thinks a great deal of me. In the meantime my other boy friend, who has been away for years, came back and whether I think more of him I cannot say, but just the same I went with him once. Now, No. One is peevish. Shall I go ahead and let No. One's trouble die, or will two birds at one shot and find other boy friends who have passed their baby years? The column is fine, Miss Page.—Smiles.

Ans.—Thank you, Smiles. I hope lots of boys and girls, young and old like our column as much as you do, and that none of them will have to look elsewhere for another.

If I were you, I wouldn't let No. One think he has a monopoly. You owe your old friend some time, too, and unless No. One has asked you to marry him he has no right to object. Keep both these friends and cultivate others as you find them, of the right kind.

### USE OF THE POSTAL CARD.

Ques.—Dear Miss Page: When writing a postcard it is necessary to use a salutation and complimentary closing as in a letter? Would it be inconsistent to use a salutation without a complimentary closing, as the use of both seems cumbersome in so small a space.—L. F. G.

Ans.—The use of postal cards is confined, of course, entirely to informal correspondence (aside from business circularizations). Therefore, it is not necessary to be formal in their use or to follow the correct letter forms exactly. One's convenience may be considered, the amount one has to write in the small space, and so on. Naturally, one does not write of very personal matters nor use endearing terms in a correspondence that is as public a proposition as the postal card. The date, "Dear Blank" and your initials or name are quite sufficient.

### MARRIAGE LAWS.

Ques.—Dear Miss Page: Would it be possible for you to tell me the age requirement to secure a marriage license in the State of Maryland, and if a witness is necessary at the ceremony? I read your column every day and sure do enjoy it.—Bunny.

Ans.—Not living in Maryland, I am not sure but I believe that the man and the girl must be of legal age (21 and 18 years, respectively) to marry in any state and that a witness (usually two) is required. I could find out for you, and will if you wish it and will send for a personal reply. But I think it will be quicker for you to write for the information yourself to the Secretary of State, The State Capitol, Annapolis, Maryland.

(d) Indians resident on an Indian reservation who did not serve in the naval, military or air forces of Canada in the war of 1914-1918.

(e) Persons who, in the province in which they desire to vote, are by the provincial law of that province, disqualified in respect of race from voting for a member of the Legislative Assembly thereof, unless they produce to the registrar a certificate of discharge from the military, naval or air forces of Canada after service in one of such forces in the war 1914-1918.

**RECORD OF GAMES AND RUNS IN BIG SHRIES FOR 15 YEARS**

NEW YORK, Sept. 27.—Champions of the American League have been victorious in ten of the sixteen world series played since 1905, while the National League pennant winners have six series to their credit.

Representatives of Greater New York in the National have been successful against American League opponents six times. Not since 1905, when the Giants won the event from the Athletics, has a New York National team won.

The Giants, pennant winners in 1911, 1912, 1913 could not win the series, although they were within a hair-breadth of the world's championship against the Red Sox in 1912. Brooklyn has tried and failed on two occasions.

The Philadelphia Americans made the smallest numbers of runs in any series—three against the Giants in 1905. Once Detroit made but six against Chicago, and the Athletics made but six against the Boston Nationals. Brooklyn scored only eight runs against Cleveland last year.

A record of games and runs beginning with 1905 follows:

Year	WINNING CLUB	G	R	Year	LOSING CLUB	G	R

Through the gratitude of a runner whose truck got stuck in the mud, Sheriff Waldow made a haul of \$30,000 worth of whiskey on the Lake Shore road near Buffalo. He pulled the truck out of the mire and the driver invited him to "have something." The sheriff investigated and took the whole load.

**RUTH'S HITTING BEAT CLEVELAND**

Yankee Star Had Two Homers and Accounted for Five Runs

**GIANTS WIN AGAIN**

Both Big League Flags Almost Certain to Land in New York

The New York Americans need only three of their remaining five games to clinch first place, and the New York Nationals two of their four games. The Kilties have a two-game lead over Cleveland, and the Giants a four-game advantage over Pittsburgh.

If Cleveland wins all its remaining games, the Kilties could drop to second place only by losing three games. Pittsburgh will be out of the race if it loses two more games.

The pennants are conceded to the New York teams.

At New York—New York took a firm grip on first place in the exciting American league pennant race and went a long way toward clinching their first championship, by defeating Cleveland in a tense, thrilling struggle here, by a score of 8 to 7. The victory gave New York three out of four victories from the present world's champions, and gave New York a lead of two full games, with Cleveland having only four more games to play and New York five. Babe Ruth, the famous Yankee slugger, was the hero of the New York victory, as he had one of his greatest batting days since coming into the American League. Ruth hit two home runs, a two-bagger and walked, in four times up. He either scored or drove in five of the eight New York runs. Ruth's first homer was made off Coveleskie in the first, with no one on base, and the second was prodded out of Uble in the fifth, after Beckinpough had opened the innings with a single.

Ruth's terrific drives

Both home-runs were terrific drives, the first clearing the upper corner of the right field stand and landing in a runaway in back of the bleachers, while the second cleared the roof of the right field grand stand. Each manager called in three pitchers in an effort to win the crucial struggle. Quinn started out for the Yankees, but was knocked out in the first innings, Hoyt relieving him in the first, and did well until he injured his hand while stepping a hot drive by Tris Speaker in the seventh, Mays who pitched only yesterday relieved Hoyt in the eighth, and weathered a stormy attack, as Sewell and Burns were on base when Mays struck out O'Neill for the last out.

Coveleskie Batted Out

Coveleskie, who lost the opening game of the series, was knocked out in the third innings, and was replaced by Uble, who shut out New York in last Saturday's game. Only four hits were made off Uble, but in each case, a home-run followed a single. It was Schang's home-run in the sixth, with McNally on base, which gave New York its last two runs and a victory. The hitting of George Burns, who made a triple and three singles, featured Cleveland's play. Burns drove in four runs and scored a fifth. A defensive play of Elmer Miller, saved the game for New York. His diving catch of speaker's short fly in the eighth, with runners on second and third, prevented Cleveland from taking the lead in that inning. In the seventh innings a splendid throw by Miller to McNally caught Sewell at third. Miller's throw cut down Sewell at third for the third out, following a hit by Burns who had sent in two runs.

**GLIMPSE AT THE WORLD OF SPORT**

**TAYLOR'S TIGERS SHOW CLASS THOUGH TRENTON WIN BY 3-0 NEW MEN ON TEAM IMPROVE IT**

Considerable improvement was evident in the playing of the Tigers last evening at the Fair Grounds in their game with Trenton over what they showed a week ago when the men put on their uniforms and went out for the first practice—a match with the G. T. R. shops. In the meantime Manager Sid Taylor had shuffled his line-up and a number of new men appeared on the field on Monday. Although defeated by the Trentonian crew by the score of 3-0, the locals displayed some work.

The chief advance has been along the line of team play. In this respect Trenton had a good deal the edge on the home team and much remains to be desired in combination. But there was just enough of that to show that with a few more games Mr. Taylor's team will be playing good soccer.

The line-up:

Trenton	Goal	Tigers
Anderson	Right Back	Thompson
Ingham	Left Back	Maker
Myles	Right Half Back	Walsh
Holberg	Centre Half Back	Baldry
Anderson	Left Half Back	Barry
Onyon	Outside Right	Baker
Jas. Potts	Inside Right	Cross
Smith	Centre	Laney
Jos. Potts	Inside Left	Greers
Johnson	Outside Left	Cartwright
Bassett		Knott

George Lancaster, referee.

Charlie Thompson of Coventry fame was the Tiger's goal in the match and made some good saves although it is a long time since he has worked the game. The local defence worked hard, Walsh and Maker turning in a number of clever plays. The half backs and the forwards likewise played strenuously and although not a goal was made by the Tigers, only the good play of the Trenton net keeper, Anderson, saved. For the visitors, Smith, captain, and Ingham were the stars. Ingham many times narrowly escaped scoring, thanks to the work of Thompson in the goal. Smith was a tireless player and netted the first goal.

**First Half.**

The Tigers won the toss and elected to kick to the north, a strong south west wind sweeping over the field. Early in the game the visiting forwards got the ball up in the Tiger territory and only the superior goal work of the Tiger goaler with the help of Maker prevented the visitors scoring from a kick-off. It was late in the first half before the Trenton team scored. Maker had saved at a critical point. James Potts and Smith charged and it appeared as if the situation was only saved by the ball going off the field. Maker took a free kick just outside of the penalty area but lifted too high over the bar. Walsh made a nice clear near the local goal. In a free kick in front of the Tiger goal Smith scored.

**Second Half.**

The second half opened with the Trenton team showing a great deal of dash and it was only a few minutes before Ingham got through the local defence and scored. Again he kicked and just missed, the ball going a little wide. Thompson made a number of good saves at this point for the ball was the most of the time in the Tiger territory. Maker took it down and was headed straight for the goal but Anderson caught it. Trenton was playing considerable combination at this time and it was on this that Ingham again got through the posts. Smith narrowly escaped increasing the score with a number of kicks from the side.

**PICTON TEAM WAS UNLUCKY**

Peterboro Champs Won by 6-3 Did Not Show any Great Form

**TWO BAD INNINGS**

Croft of Picton Fanned Ten and Allowed Only Four Hits

Discussing the Picton team and the game last Saturday in Peterboro when the C.G.E. team won by 6-3, the Examiner says:

The Canadian General Electric team, champions of the Peterborough City League, and winners over Crossman's and Keene, took another step toward the Intermediate championship of Ontario on Saturday when they defeated Picton, Bay of Quinte champions, and the present holders of the title, in the first of their series of home and home games at Riverside Park.

The locals go to Picton on Thursday, and if Picton wins this game a third one will be played on neutral grounds to decide which team will continue in the series. This game should be a great battle, as the Easterners will undoubtedly be harder to beat at home, while the C.G.E. were decidedly off color on Saturday, and claim they will make it two straight on Thursday. As a matter of fact, Manager Webb's team were lucky to win Saturday's game, as they turned in one of their worst exhibitions of the season, and were both out-hit and out-fielded by their opponents.

Picton presented a nice fielding outfit, whose infield excelled the big shop team's inner guard on the day's play. Frederick at short was especially prominent, and his work came in for much comment from the fans. Campaign in left field also contributed several nice catches. They also possess a likely looking pitcher in Croft. This boy has somewhat of a reputation in the East as a strike-out pitcher, and he demonstrated the fact by fanning ten men on Saturday. He is a big youth with a fine turn of speed and a deceptive underhand delivery, which seemed to bewilder the local batters. Four hits were all he allowed, but he developed a streak of wildness in the fifth, when two walks, coupled with several costly errors and a sacrifice fly, allowed the locals to score three runs and tie the score without a hit. His catcher, R. Frederick's inability to throw out base-runners was also a factor in his defeat, as the Electricians ran wild on the bases when they got on.

**YAWL SYLVIA BADLY DAMAGED**

Broke Away From Moorings at Yacht Club and Battered Against Coal Dock

**WAS IN RACE HERE**

Over \$1,000 Damage to Hand-Some Craft Which Visited Belleville Recently

KINGSTON, Sept. 27.—Damage estimated at between \$1,000 and \$1,500 was done by Mr. William Casey's handsome yawl "Sylvia", which was tied to its moorings at the Yacht Club, and which broke away yesterday morning. The terrific wind storm during Saturday night was the cause of the accident, and the Sylvia, after breaking away, pounded against the coal dock to the left of the club.

It is thought that the Sylvia had been tied too securely, thus affording her little sea room. At any rate the big yawl broke away, and was battered against the coal dock. The bowsprit was broken, and then the large mast snapped off. The stern was badly smashed in, and a big hole was stayed in the side of the boat, causing the decks to spring. The crew of the Huskie II, from the Crescent Yacht Club, Watertown, were at the Yacht Club and assisted in getting the Sylvia back to the club, where she was immediately placed on the ways, and work of repairing the damage at once started.

The storm during the week end was a most severe one, and several boats experienced rather thrilling experiences. The Signet, a large launch owned by Mr. C. Poyell, put into Horseshoe Island overnight and had the experience of seeing the waves dashing over the boat during the entire night.

**HOW THE FANS TURN OUT FOR THE BIG ENTERTAINMENTS**

NEW YORK, Sept. 27.—More than 178,700 persons paid their way to see the world series games last year between the Brooklyn Nationals and the Cleveland Americans, in which the latter team won five games to two. The official gross receipts were \$564,800.

The receipts were distributed as follows:

Contesting players' share	\$161,162.06
Purse for Cleveland (27 men)	96,697.24
Purse for Brooklyn (29 men)	64,464.82
Each Cleveland player	4,168.00

**SMITH'S FALLS, Sept. 27.—As illustrating what a big change the rains of the past few weeks have made in the potato crop, it is stated that an auction sale taking place on a farm a few miles from Smith's Falls, potatoes being sold in the ground at \$70 per acre. Before the coming of the latter rains it would have been impossible to get a bid. The rain came too late to benefit the hay crop, and at the same sale hay sold in the mows at \$35 per ton.**

An angler named Rafter, caught a ten pound pike at Charleville Lake, Fullamore.

Sunday excursion, which have been in abeyance on the Clare railways for some years, have been resumed.

All sorts of rumors spread about the grounds and the city. Some said that Mr. Eves had lost his eye in the accident, while others had heard that the injury had been fatal.

It was a big relief to everyone when it was announced that Mr. Eves was resting easily at home, and that his injuries, though very bad, were far from fatal. Dr. Keyes, who is in attendance, announced that the sight of the eye will not be impaired and that present indications point to a complete and speedy recovery.

Willie Smith arrived at his home here early today. He had not been seriously hurt, having only been badly shaken up in the spill.

Cecil Maud, the well known Belleville race horse, met with an accident at the last day's event at the Kingston fair. In the last heat of the 2.25 class the sulking of Cecil Maud, owned by W. Smith of this city, and Bernard McKenna, owned by W. H. Eves of Kingston, fouled each other near the home stretch and both drivers were thrown. Mr. Eves was driving his own horse and was dragged quite a distance along the track, the horse's hoof striking him just above the eye, before he was tossed aside unconscious. The driver of Cecil Maud was only badly shaken up, though the horse was injured.

A motor car was at hand, and Mr. Eves was rushed to the Hotel Dieu.

ART EXHIBITION BY MISS CHERRY

Young Belleville Artist Shows Many Sketches at St. Agnes

HIGH PRAISE GIVEN

Some Impressive Studies from Nature—Fine Sense of Form and Color

The work of a young Belleville girl, Miss Aileen Cherry, who has chosen the field of art for the expression of her talents, has been much praised by connoisseurs in the art of painting in oil and in watercolor.

Miss Cherry has been a pupil of Mr. McGillyvray Knowles, formerly of Toronto, and now of New York, and last summer was on a sketching tour with other artists, who made their headquarters at Colborne, the classes spending the days in the vicinity of Colborne. It is the sketches that she made during the seven weeks that have been included in this exhibition.

Miss Cherry's work covers a wide field. While the majority of the scenes are drawn from nature, there are others that show a close acquaintance with village and town life. There are some fine sketches of open fields and of wooded slopes, the coloring showing a very close but artistic study of colors in nature.

The young artist has not confined her attention to painting in oils, and a number have been sold, one of the certain signs of public appreciation.

WEDDINGS

JONES — FARRELL

At Holloway Street Parsonage, on Wednesday, September 28th, Rachel Alberta J., only daughter of the late Wm. F. Farrell, was united in marriage with Ewart Garde Jones, eldest son of Mr. and Mrs. Nelson Jones of this city. The ceremony was performed by Rev. A. H. Foster.

The bride wore her travelling suit of navy tricot with heaver trimmings and corsage bouquet of Ophelia roses, and a blue French hat to match.

Mr. and Mrs. Jones left for Ottawa and eastern points amid the good wishes of a host of friends. They will return to their new home in Picton where Mr. Jones has recently entered the business personnel of the town and where they will be at home after October 18th.

Both the young people will be greatly missed in Holloway Street Church. The bride was the recipient of many beautiful gifts from the young people of the congregation.

BIRD — ASHLEY

On September 21st, the home of Mr. and Mrs. Frank Ashley, of West Huntingdon, was the scene of a very pretty autumn wedding, when their eldest daughter, Ina Myrtle, became the bride of Mr. Clinton Bird, of Halloway. The ceremony was conducted by the Rev. G. C. R. McQuade of the Methodist church, West Huntingdon.

At twelve o'clock, to the strains of the wedding march played by Miss Gertrude Ashley, the bride, escorted by her father, took her place under an arch of evergreens and autumn leaves banked with asters, and looked very sweet in a gown of maize silk and georgette, wearing tiny white asters in her hair, and carrying a sheaf of maidenhair fern.

During the signing of the register Mr. Harold Ashley, cousin of the bride, sang "When They Come Home."

After the service, a dainty luncheon was served to about seventy guests.

The gifts were both numerous and costly, among them being several cheques.

The happy couple left amid showers of rice and confetti for a motor trip, and on their return will reside on the groom's farm near Halloway.

On the Friday evening previous to the wedding a kitchen shower was given by a number of neighbors and friends.

West Huntingdon, Sept. 16, 1921. Dear Myrtle:— We, your immediate neighbors and friends, on learning of your approaching marriage, have assembled here this evening for the purpose of expressing to you our regret at having to part with one of such genuine quality, as we have found you to be, but we know our loss is another's gain.

By your kindly manner you have become endeared to all of us. Always ready with a pleasant greeting wherever and whenever we met.

To you, Myrtle, we owe a deep debt of gratitude for the assistance you have given us in church, Sunday school and choir, to which you most nobly devoted your time and service.

We ask you to accept these gifts, not for their intrinsic value, but as a token of our esteem for you, and may they through years to come recall pleasant memories of your associations in West Huntingdon.

We wish you and your future husband very joy and happiness in your new home, and may you always find your path paved with prosperity, and we hope it will be our privilege to welcome you both back with us on frequent occasions.

Signed on behalf of your neighbors and friends, Miss Myrtle responded in a few well-chosen words, thanking them for the useful gifts, after which lunch was served, and all went home feeling that they had spent a very enjoyable evening.

DR. KNIGHT HOME

Kingston—Dr. A. P. Knight, who has been doing work in the Fisheries department, particularly in inspecting and reporting upon lobster canneries, has returned from Charlottetown, P.E.I., where he has been attending a fisheries conference. Part of the summer he had the assistance of Prof. Reed, of Queen's and Mr. Tidmarsh, of McGill.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

PREMIER MAKES NEW PROPOSITION

(Continued from page one)

such powers as will enable it to function, that will receive grain placed voluntarily with it by farmers, and that will have powers to enable it to hold and dispose of that grain to the best advantage to give the farmer the benefit of mixing. If the board decides that mixing should be done, to give the farmer the benefit of any overage, if overage results, and to give him the full return of the crop that he produced, less only actual and necessary cost.

"I know there are difficulties in the way, and I am not blind to them, but difficulties must stimulate. They must not thwart. The chain of elevators under, or practically owned by the Dominion today, stretching across this continent, may be used without unfairness to others, to facilitate the transporting and storage of the grain handled by the board, and for securing the results to the producer that I have just outlined. I am confident that, by the means described, we will go far to assure to the farmer the following results: THE RESULTS HE EXPECTS.

(1) That the fair value of his grain as a selling commodity will be paid him, whether by the Grain Board or by any company that competes against the Grain Board.

(2) That the profits that have arisen out of his crop by means of overages will now go back to the producer and be included in his participation certificates.

(3) That conditions of mixing, if mixing is considered by the board to be in the interests of the producer, will accrue to the producer himself.

(4) That the selling of Canadian grain, instead of being concentrated to the extent of 75 per cent. within three months of the year, will be distributed more evenly over the entire 12 months, steadying the market and resulting in greater fairness both to the producer and the consumer.

(5) That economies in the handling of grain in bulk will result and the farmer will get the benefit."

CRERAR IS SILENT WINNIPEG, Sept. 28.—Hon. Mr. Crerar would not comment on the announcement at Portage La Prairie by the Prime Minister of his policy in regard to the grain trade. Mr. Meighen proposed a system of voluntary pooling, not of wheat alone, but of the principal grains grown in this country, to be handled by a Government Board constituted on the plan of the Wheat Board.

Moira Encampment Holds First Session

Last night Moira Encampment No. 59, I.O.O.F. held their first meeting for the present term and judging by the large attendance of members the Patriarchal Branch is now booming in Belleville. Two candidates were admitted and after the business of the lodge, a splendid banquet was provided and full justice done by all present. After singing the National Anthem in response to the toast of "The King," Chief Patriarch George W. Kerr in proposing Grand Encampment officers, referred to the fact that Moira Encampment has now two Grand Officers in addition to the two Past Grand Patriarchs, namely Grand Scintill P. C. Fairman and District Deputy G. G. Way. These officers as well as P. C. P. R. H. Keitcheson replied and gave some interesting remarks about the Sovereign Grand Lodge last week in Toronto. They also spoke in optimistic terms of Moira Encampment. Bro. Ralls sang a solo "Drink to Me Only With Thine Eyes," after which Capt. H. W. Lindstrum responded to the toast of the Patriarch Militant and Canton Belleville No. 8, P.C.P.F. H. Ransom spoke on behalf of the members of the Rebekah Degree and the National Anthem brought an enjoyable evening to a close, one which, it is hoped, will be held monthly this present term.

Star Class Names Its New Officers; Old Ones Praised

The last function of the Star Dancing Class, under the committee was held last evening at the Johnstone Academy of Dancing and new officers were elected. Dr. Reddick is the new president and on the committee are Mr. and Mrs. John White, and Mr. and Mrs. George Cornish. The secretary will be appointed later. These assemblies will be continued regularly under the new regime.

Last night's function was one of the best of the past year. The turnout was large and the occasion was one of a great deal of pleasure for all the guests. The Silles orchestra furnished the dancing numbers.

At the business meeting it was decided to contribute fifty dollars, making in all one hundred dollars, for the year to the Belleville Home for the Aged. A donation of fifteen dollars was made to the Children's Aid Society to buy Christmas cheer for the wards of the society, in the hope that this will encourage other organizations to take similar action.

Praise was given the retiring secretary Mrs. Green and the energetic president, Mr. E. P. Cherry, for their work in making the gatherings of the club during the past year a success, and complimentary remarks were made about the music at the assemblies, and votes of thanks were passed to Mr. and Mrs. Johnstone and Mrs. Delle for their assistance.

Mr. V. E. Bullock has gone back to Queen's University, Kingston, to resume his study.

Mr. Vernon Clarke has returned to Kingston to resume his studies at Queen's University.

Dairy Offerings Reflected a Slump in Values—Eggs Higher at 42 to 45c

A row of vehicles standing on Pinnacle street today, which could not find accommodation on the market square, was a sign of the mammoth market which is becoming a feature of Belleville every Saturday.

A stranger in the city remarked on the size of the market and noted the easy prices that prevailed here in comparison with the run of prices in such centres as Hamilton.

The daily offerings reflected the slump in values that is general in the produce lines. Butter was easier at 50c to 55c per pound.

Chickens were offered at \$1.25 to \$1.50 per pair. The price per pound is 20c to 25c for fowl and 25c for chickens.

The biggest offering in any line today was in plums. The market was full of them and there was little demand. They became lower at ten-thirty, selling then at 40c a peck.

Little porkers were sold at a five spot each today. They were plentiful.

Beef is a drug on the market butchers say. Hind quarters are quoted at 11c and fore at 7c wholesale. Lambs are worth 14c wholesale.

Pears at 50c and apples at 25c were offered in good quantities.

Hickory nuts sold at 20c a quart. Grapes brought 60c per basket. Tomatoes sold at \$1. per bushel. Green tomatoes at 75c.

Grains and hay were quoted at the usual prices. Hides are unchanged.

In some classes in the public schools of the city are some children much too big for the seats. Inspector Clarke suggests the placing of a row of adjustable seats wherever possible and necessary to accommodate these pupils.

PRaise STAFF; LAUD SCHOLARS

Board of Education Greatly Pleased With Results of the Past Year

NEW APPOINTMENTS O.K'd

Over-Crowding Conditions Under Scrutiny—Committees are Appointed

So pleased were the trustees at the favorable report of High School Principal MacLaurin on the success of the past year that the Board of Education last evening placed on record its appreciation of the services of the staff of the institution and extended congratulations to the students, who had won honor for the school at the summer examinations.

Fifteen applications have been made for the office of school attendance officer and the board last evening referred back the question of appointment to the School Management Committee.

The Board confirmed the appointments of Mr. J. W. Milne as specialist in art at a salary of \$2,000 and Miss M. F. Morgan, B.A., as assistant science teacher at \$2,200 to the High School Staff and Miss C. M. Campbell at \$350.00 to Queen Alexandra school staff.

Messrs T. H. Coppin, A. F. White, F. H. Chesher, W. C. Springer, J. G. Moffat and B. F. Jennings were appointed by the board as members of the Advisory Committee on night school classes.

The board members elected were: H. W. Ackerman, C. M. Reid, A. McGie, D. V. Sinclair, G. Whelan, G. F. Waipraved, The term of office will be one year.

The question of provision of additional cloak accommodation and of accommodation for bicycles at the High School was referred to the Re-Parliament Committee.

The Sites Committee was empowered to look into the cloak room conditions at Queen Mary School.

The registration at the public school totals 1,533 pupils, taught by 36 teachers. The worst crowding is in Grier Street School where there are too many pupils in the rooms for the seating capacity, said P. S. Inspector Clarke in his report.

Among the members present were A. McGie, G. T. Woodley, D. V. Sinclair, C. F. Wallbridge, J. Elliott, C. Whelan, J. A. Higgs, J. A. Borbridge, W. B. Riggs, H. McGinnis, F. S. Deacon and H. Fringle.

SINGS SOLO THOUGH 84 Old Folks Were Entertained by Young 'uns, but Did Their Share

Epworth Leaguers of Holloway Street Methodist Church enjoyed themselves and made life a little more pleasant for the older members of the congregation last evening when they called at five-thirty o'clock at the homes of the adults and took them for an hour's tour of the city by motor, landing them at the Sunday School rooms at six-thirty where a New England dinner was served in honor of the older members of the church.

After this came an old-fashioned programme. Among those who took part was Mrs. Alex. Martin, who, although in her 85th year, sang a song. Among the features of the program were old-time songs and hymns and readings. At nine o'clock the motors carried the guests and their hosts to their several homes.

MUSIC IN THE SCHOOLS; HOW IT WILL BE TAUGHT

That it would have been preferable to employ a music teacher to visit the schools, was the feeling of several members of the School Board.

Under the present plan, a teacher who has taken a course, will instruct the classes, her own class to be taken by a supernumerary. This would cost considerable money and it would be a very inefficient method, it was thought.

It was left to the School Management Committee to deal with the question.

Two teachers are now qualified to instruct in music in Queen Mary and Queen Alexandra schools.

Mr. Deacon suggested a plan to do away with supernumerary services.

NEW YORK GIRL VICTIM OF HATE; SINKING RAPIDLY

Mildred Hanan Shot by Former Chum Hovers Between Life and Death

HIGH LIFE BLAMED

Note to Friend Hints at Mystery Back of Stated Cause for Shooting

NEW YORK, Sept. 24.—Miss Mildred Hanan, shot yesterday by Mrs. Grace Laws, is sinking rapidly, doctors report today. The motive back of the tragedy is still a mystery.

The theory of jealousy is repudiated and belief is expressed that Mrs. Laws was temporarily deranged through the use of drugs and liquor. She blamed high life for her act in a letter to a friend, found in her hand bag, but the note hinted at "truth" back of these causes.

With the outcome of the girl's injuries still in doubt, police took up a back trail from the scene of the nocturnal tragedy into the world of "high life" blamed by Miss Hanan's assailant, Mrs. Grace Laws, for the accumulated misery and heartache which impelled her to take her friend's life.

"The pace is too fast and the liquor has driven me crazy," she had written in a letter addressed to her mother.

BY LOCOMOTIVE LONDON, Sept. 24.—R. A. Angus, an Australian scientist, yesterday demonstrated an invention which he claims to be an absolute preventive of railway collisions.

The invention keeps the engine linked electrically with the signal boxes and stops it automatically when danger threatens. The locomotive, not the driver, does the thinking.

The working of the Angus apparatus depends on a low voltage current which is run into the rails and by means of special contacts the engine is linked to the signal box. Any signal claims this system stops the train for the driver, closes the regulator, blows the whistle and applies the brakes.

BOAT STRUCK ROCK Schooner "Helen" is Badly Broken and is Stuck Near Oshawa

Oshawa—With a heavy gale blowing almost continuously since Monday, the schooner "Helen" of Newcastle, which went on a rock at the eastern point of the Oshawa watershed, 600 feet approximately west of Bluff Point has been badly broken up, and is gradually being submerged, only a small part of the upper portion of the craft showing above the water.

The fact that it was heavily loaded with stone will cause it to sink more quickly. The schooner has a very old two-masted boat, and has plied between Toronto and Newcastle for many years, picking up stone along the lake shore. It was engaged in this work when it ran on the rock early Tuesday morning, Capt. Goldring being alone in charge of the vessel, a fact that is considered most unusual by mariners here.

ON THE LOWER BRIDGE A Ford car crossing the lower bridge today mixed up with the iron girders, the driver losing control. A bent axle resulted along with a trip to a garage.

PALMATAL YACHT Mr. William Baer of New York, Puts Magnificent Boat in Shipyard for Winter.

Ogdensburg—The palatial steel yacht Dusty Miller, owned by Wm. Baer of New York, son-in-law of the late James J. SHOWS IRISH PROSPERITY Deposits and Cash in Banks Grow Rapidly in Decade

OTTAWA Sept. 24.—Material prosperity enjoyed by Ireland during the past eight years is emphasized in the forthcoming Trade and Commerce bulletin by Gordon B. Johnson, Canadian Trade Commissioner in Glasgow. Banking statistics, says Mr. Johnson, show that deposits and cash balances in Irish joint stock banks increased from £22,142,000 in 1913 to £184,440,000 in 1921. Exports from Ireland exceeded her imports in 1913, 1919 and 1920, by 50 million sterling.

CAR TURNED TURTLE In Passing Car Driver Lost Control and Car Upsets

Tweed—An auto accident, which fortunately was not attended with any very serious results other than the wrecking of the car, took place about three miles north of here. Mrs. Fetterley, of Tweed, driving a six-cylinder McLaughlin runabout, was on her way home, and in attempting to pass another auto, she lost control of her car, which shot across the road, bumped into a stone fence and landed upside down in the ditch. The machine was wrecked, and Mrs. Fetterley's escape was almost miraculous. She was badly bruised, however, and required a doctor's attention.

## KINGSTON SENDS BECK CHALLENGE

War on in Limestone City Over Who Shall Determine Hydro Tariff

**MAYOR NICKLE ACTIVE**  
Kingston's Agreement Said to be Unlike That of Any Other Place in Ontario

KINGSTON, Sept. 22.—The Public Utilities Commission members are preparing to have a show-down to decide which is really the boss of the electrical plant in Kingston—Sir Adam Beck's Hydro-Electric Commission or the local Commission. This has been a vexed question ever since Kingston hitched up with the Hydro power line to the Trent.

**KINGSTON'S AGREEMENT**  
Several years ago the Kingston Commission entered into an agreement with Sir Adam Beck's Commission at Toronto for the supply of power to this city, and it made an agreement considered the best of any existing in Ontario. Kingston agreed to buy and the Hydro-Electric Commission agreed to sell power at \$23 a horsepower for 1200 horse-power, with gradual reductions as the block of power purchased was increased. This is a different agreement from the Trent. It also has the acknowledged right to purchase power from J. M. Campbell, at Kingston Mills, and also to operate its steam plant when it sees fit in order to keep down the peak load. The Hydro people wanted the Kingston Commission to scrap its steam plant when it started to take Trent power, but this it refused to do.

**THE POINT IN DISPUTE**  
Under the Hydro Power Act, the Provincial Commission claims full power with regard to the adjusting of electrical rates in all places where it supplies power. This has been disputed in Kingston owing to the nature of the local agreement, but the local Commission, to be agreeable, referred to the Hydro Commission any changes in rates it decided upon. Now, however, there may be wigs upon the green. Some time ago the local Commission, at the instance of Mayor Nickle, decided that the finances of the electrical departments were such that there should be another reduction in rates, preferably power rates. The matter was referred to the Hydro-Electric Commission, which desires more information before it gives sanction.

**THEY CHALLENGE BECK**  
At a meeting of the local Commission, Mayor Nickle took the stand that according to the Kingston agreement the Hydro Commission had no say whatever in fixing Kingston's rates, and intimated that when all the data the Hydro engineers desire is secured later in the year, he will move that the street lighting rates be reduced without asking Hydro for permission. "We will accept Adam Beck's challenge and see what he will do," declared Mayor Nickle.

**AWAIT CONTRACTORS**  
The Work on Queen's Rink Quiet at Present Time  
Kingston—The work around the site of Queen's rink is rather quiet at the present time, while the arrival of the steel contractors is awaited. The steel supports of the old rink are nearly all down and nearly all the holes for the supports for the new structure have been dug. The work of filling in the foundation holes with concrete was started on Monday. In all, about one hundred and eighty of these foundations have to be prepared. Until the curing rink is removed, little more can be done. The site on Arch street is completely cleared, the last houses having been removed the latter part of the week.

**EXPLOSIONS DESTROY TOWN OF OPPAU**  
Paris, Sept. 21.—The town of Oppau itself was entirely destroyed by explosions in a chemical plant there, advice received here state.

**Accepts Nursing Superintendency**  
St. John, N.B., Sept. 22.—Miss Naomi Frances Melkiohn, of Toronto, has accepted the position of superintendent of Provincial Nursing Service, in connection with the Department of Health of New Brunswick. She is a graduate of the Presbyterian Hospital in New York, and was for a time engaged in private nursing in that city. Miss Melkiohn, who is a graduate of the University of Toronto, served overseas during the war.

## The Baxter Home, Near Kingston Mills, One of the Oldest in the Province

Along the shores of the lake, and on the banks of the rivers in the neighborhood of Kingston, are some of the oldest homes in the province of Ontario, the stone houses with their thick walls being the only alternative in the early days of the log houses of the less fortunate settlers. To-day some of the original homes, where at night the wolves were heard howling in the forests, and the red men encamped close by are surrounded by green pastures and fields of golden grain, great barns, up-to-date machinery, the telephone, the rural mail and in the near future electricity, make it seem almost impossible that little more than a century has elapsed since the forefathers of the present owners came over the seas from the homeland, or from the republic to the south, where the United Empire Loyalists, refusing to make their home under another flag than the banner of England, brought their splendid contribution of loyalty and sacrifice to the blood of the Canadians of the future.

One of these old stone houses with a history bound up with the history of Canada, is the home of Mr. and Mrs. John D. Baxter, on the road to Kingston Mills in the township of Pittsburg. The handsome old house on the high bank of the Cataract River, with its wide verandah, smooth lawns, gay with flowers, is well known, but to many who remark upon its beauty, its history is a sealed book. Mr. Baxter has in his possession the original deed of gift from "George IV, by the Grace of God of Great Britain, France and Ireland, King, Defender of the Faith and so forth," to the Honorable Richard Cartwright, of the town of Oxford, England, Dec. 31st, 1798. The property is described as being on the banks of the Great Cataract River. Mr. Cartwright was a U. E. Loyalist who had returned to England after services to the crown in the war. The stone house now standing, was begun by him, and some clearing of the land done in accordance with the conditions of the deed of gift. In 1807 George Baxter, son of Mr. and Mrs. Peter Baxter, who were living in Dundee, Scotland, graduated from Oxford University, and soon afterwards sailed for Canada to try his fortune in the new land. Mr. Baxter's parents had hoped that he would enter the ministry of the Church of England, but after his course at Oxford, he felt that his vocation was that of a teacher, and coming to Kingston became the master of the grammar school, then a log house, near what is now the south corner of King and Lower Union Streets. Here he taught as boys, men destined to become Canada's leaders, among them, Sir Oliver Mowat, Sir Alexander Mackenzie and Sir John Macdonald, who used to refer in his brilliant speeches to the vigorous canning received at the hands of Mr. Baxter, who was a dominion of the old school. In 1822 Mr. and Mrs. Peter Baxter, Dundee, Scotland, came out to join their son in the new land, he spoke of so highly. At Quebec, they were met by an old friend and neighbor, William Lyon Mackenzie, to whose adventurous spirit the call of the wild had come some years before.

He had been a school fellow of Miss Isabel Baxter, and the impetuous nature of the young Scotchman made his wooing such a rapid one, that he and Miss Baxter were married in Montreal three weeks after her arrival in Canada, on the 1st of July 1822. The young couple went to Dundee where William Lyon Mackenzie began his career as a journalist and issued first number of "The Colonial Advocate" on May 18th, 1824. Mrs. King, the mother of Hon. W. Lyon Mackenzie King, the Liberal leader, is a granddaughter of Isabel Baxter. When his parents arrived in Canada, George Baxter was teaching in Kingston, and Mr. and Mrs. Peter Baxter went to live on the farm, then in the midst of the forest. The stone house, only partly built, was completed and made as like the home in Scotland as possible. The wood work, carved by hand, is admired today by Mr. and Mrs. John Baxter's visitors, one especially being the handsomely carved mantel-piece in the large room on the second story, then used as the drawing room, as was the custom in the home land.

The present owner has in his possession a curious contract drawn up in 1827 between Peter Baxter and Alexander Fraser, in which the latter promised to clear land for two dollars an acre, having the timber for himself, with the exception of the pine; "By order of Capt. Myers, of the town of Kingston, lying at the foot of this lot." The Mackenzie alliance was in some respects an unfortunate one for the Baxter family, who disapproved of the part the young Scotchman took in the rebellion of 1838-1837, for in spite of his lack of sympathy with his brother-in-law's politics, George Baxter was forced to give up his position as master of the grammar school, and retired to Cataract Grange. His wife, Grace Baillie, whose people were old people in Scotland, and who owned the tract of land, now the site of St. Mark's church, Barrieldale, and whose log house, built about 1809, is now part of the Milton property, was a daughter of Miss Parlow whose father was one of the early pioneers who settled at Iroquois, and Miss Baillie and her little brother were captured by the Indians in the War of 1812, but well treated, as they spoke the Iroquois language, and acted as interpreters. When the rebellion was at its height, and William Lyon Mackenzie was sought for high and low, it was thought that he might have taken refuge with his wife's people, and Cataract Grange was searched for the rebel leader, a cordon of British red coats surrounded the farm house and Mrs. Baxter was not allowed to go to the spring near the house without an armed escort. But Mackenzie knew well the loyalty of the crown of his wife's relations and did not come to them for shelter.

After the country became quiet again, George Baxter removed to Kingston and became manager of what was then called the Building Society, now known as the Frontenac Loan Company. After the custom of the old land, Mr. Baxter gave part of the property to his son, Peter Baxter, who built the comfortable brick house, "Maple Close," now the home of Mr. and Mrs. James Baxter, George

## KLU-KLUX-KLAN TO BE UNMASKED

More Than Hundred Unlawful Acts Charged Against Society

**PROBE TO BE DEEP**  
Washington Officially on Trail of Notorious Band of Men in South

WASHINGTON, Sept. 22.—"Unmasking" of the Klu Klux Klan today was under way in Congress, and by the Department of Justice. A resolution asking the appointment of a special committee to investigate alleged illegal activities of the Klan was introduced in the House of Representatives Tuesday, Massachusetts, Democrat.

Taggart asserted that more than 100 acts of abduction, unlawful seizure, trial and punishment of free citizens have been charged against the Klan. He charged that the Klan had violated constitutional guarantees of free speech, trial by jury, unlawful seizure of property, free religious worship and assembly, and the prohibition against involuntary servitude.

Acting under orders of Attorney-General Daugherty, approved by President Harding, Government secret service agencies were delving into every crevice of the Klan organization in many parts of this country. Daugherty declared the Government will not be "run or intimidated" by men behind masks. Grand jury investigations are expected in New York and perhaps other cities.

"The Klu Klux Klan, and American institutions established by our fathers and guaranteed by our constitution, cannot both survive," Taggart said. Daugherty today conferred on the Klan inquiry with William J. Burns, head of the Bureau of Investigation. It became known today that Burns for the last two weeks has had his agents busy in all parts of the country gathering evidence.

## STIRLING FAIR HAS GOOD START

Many in Belleville and District Plan to go out Tomorrow, the Second Day

Stirling's annual fall exhibition is being today. Indications point to one of the most successful years in the annals of the Stirling Agricultural Society. This fair is bound to grow by leaps and bounds under the favorable conditions which have been created for the association. Last year the new grounds were utilized for the first time and the results were then seen in increased attendance and in the number and the quality of the exhibits. Stirling possesses a fine ground and a good track is in the making. Good time was made on it last year.

Tomorrow will be the big day this year, and many in Belleville and the district are planning to attend the show.

## Second Case of Injury to Animal Reported to Police

The second case of an injury to an animal, believed to be caused by human agency, has been reported. This morning a horse was found just outside the city suffering from a cut, thought to have been inflicted with a knife. The animal is owned by Mr. Popa.

Baxter was much interested in the building of Cataract bridge, now replaced by La Salle Causeway, and in the erection of St. Mark's church, Barrieldale, and many a fat sum came from the pockets of former pupils who never ceased to love and revere their master, and for his sake, even if members of the Anglican church, gave liberally to the object dear to his heart.

The members of the Baxter family have some interesting relics of bygone days. John D. Baxter has a curious old map of the property drawn in 1841, in which also the river was called The Great Cataract; a picture of Oxford in 1807, the year George Baxter received his degree, in a quaint rosewood frame, and old books, silver and pictures, are at the Grange still. Mrs. K. H. Anderson and Miss Florence Baxter, Johnson street, have among their treasures, two beautiful engravings by Julian, the French artist, and John Innes, Toronto, whose mother was a daughter of George Baxter, have a remarkably handsome silver tea service, that came from Scotland when Mr. and Mrs. Peter Baxter ventured forth with the wonderful courage and optimism of the early settlers, to try their fortune in an unknown land.

## MODESTY

MONTREAL, Sept. 22.—Notices posted at entrance to the Church of Jesus today were to the effect that Christian modesty must be practiced by women in regard to wearing apparel, even if denial of the sacrament be enforced.

## INDIAN CHIEF SAW THE KING

Returns from His Mission Regarding Rights of Six Nations

**CLAIMS A VICTORY**  
Declares That Ancient Treaty of George III Will be Respected

NEW YORK, Sept. 22.—Chief Dask-ka-leh, of the Six Nations Indians, returned today on the Olympic from London, after a pilgrimage to the foot of the throne in the interests of his tribe. The chief laid before King George V, the treaty made with the Indians in the reign of King George III, and the wampum belt that confirmed it. He declared that he will his case before the Great White Chief and that the ancient treaty will be respected.

Explaining his mission to London, Dask-ka-leh said, he seeks to perpetuate the separate racial rights of self-government and control of the tribal acres, secured by the Six Nations in 1874 by treaty signed by Sir Frederick Haldimand, on behalf of the British King. A new law in Canada, would, he said, compel the Indians to become citizens and obey the common law in all respects.

The chief also seeks to have the United States Government respect the tribal rights of the Six Nations, south of the Canadian boundary.

## Voting Day Comes "Before Christmas"

OTTAWA, Sept. 22.—Nominations in West York will not be interrupted by dissolution, it was announced today but the election will not be held. Every effort is being made to fix the date of the general election.

"It may be taken for granted, however," was the official intimation, "that the day will be well ahead of Christmas."

**West York Nominations**  
Toronto, Sept. 22.—A. P. Anderson, Conservative, and Major J. E. L. Straight, Liberal, were today nominated for West York seat by-election in House of Commons.

**The Premier's Tour**  
OTTAWA, Sept. 22.—The Prime Minister leaves Ottawa on Friday night for Toronto where he will spend a few hours. He will then proceed to Portage in Prairie where he will speak on Tuesday afternoon. Subsequently he will go to Montreal, speaking there on September 30.

**Evangelist, Miss B. Brown** is making a visit in Belleville with her parents. She expects soon to return to Kingston.

**SIR JOHN SIMON HOME**  
London, Sept. 22.—(Canadian Press Cable)—Sir John Simon on his return to England today expressed himself as full of enthusiasm for the Dominion of Canada and its people, and his delight of his trip. He would not state his opinion on the Canadian attitude to the question of legal appeals to the Privy Council.

**SIR E. CASSEL DIES**  
German Financier Was Formerly Great Friend of King Edward

LONDON, Sept. 22.—Sir Ernest Cassel died suddenly here yesterday. He was a famous financier and great friend of the late King Edward. He was born in Cologne in 1862 and went to England when 16 years of age.

**ANOTHER POLISH WAR**  
MOSCOW, Sept. 22.—Leon Trotsky, Soviet war minister, back from the Ukraine, stated that an ultimatum had been received from Poland on Monday in which the Poles demanded fulfillment of the peace terms, signed in Riga. He declared Russia could also make demands as the Polish generals were supporting banditry in the Ukraine.

## LORD BYNG AT GLENORA PAYS SURPRISE VISIT TO HOME OF MR. F. S. WILSON

His Excellency Lord Byng, and Staff, visited Glenora, Lake on the Mountain, yesterday, accompanied by Major General Sir A. C. Macdonnell, K.C.B., C.M.G., Commandant of the R.M.C., and General W.M.B. King, C.M.G., G.O.C., M.D., No. 3.

## FIRE DESTROYS MILL AND YARD

Conflagration at Parry Sound For a Time Threatens Town

**BOAT HOUSES GO UP**  
Tramways and Many Million Feet of Lumber are Burned

PARRY SOUND, Ont., Sept. 22.—Once more Parry Sound has suffered from a destructive mill and lumber yard fire and only the fact that the heavy gale which was blowing from the southeast and not south saved the town from entire destruction. As it is the fine mill of the Conger Lumber Company there is nothing but a heap of embers and twisted machinery. The half-mile of tramways and lumber piles, the docks, tramways and mill products, which usually provide half the fuel for the people, has gone up in smoke. Not a board or slab remains. Nearly six million feet of lumber, over four million pieces of lath and high piles of slabs and other mill products were destroyed. In addition to this the company's large barns and stables and a double dwelling house were included in the loss, and a large section of tramway on the industrial spur line of railway owned in common by C.P.R. and C.N.R. are also burned.

**Two Americans Who Sneered Help Pay British Debt**  
LONDON, Sept. 22.—Two Americans, arraigned here for insulting behaviour, paid fines of 5 shillings each, and received a lesson in good manners from Justice Booth, of the Thames Police Court. He was somewhat nettled when one of the prisoners declared: "If this damned country paid all it owes it would be bankrupt."

To this the Justice replied: "You are, after all, partaking for a time of the hospitality of this country as far as it will go. You should not throw our poverty in our face. It may be true. If it is, all the more painful, but it will be much better if you pay 5 shillings each."

"The Americans sneered, the colonials together, but showed they knew something about poverty themselves."

**CUT THUMB**  
Fireman Struck Thumb Against Ashpan and Cut it Severely

Brookville—While at Cornwall a few nights ago on his engine, Fred L. Hollister, 249 Park Street, a Grand Trunk fireman, struck his left thumb against the ashpan which he was in the act of dumping and cut it severely. The injury was dressed at Cornwall and he is now under the care of Dr. T. F. Robertson.

## \$20 a Week Asked by U. S. Unemployed

## Something About The New Cabinet

On the basis of political connections four of the Cabinet—Messrs. Ballantyne, Guthrie, Manion and Spinney are Liberals. The others are of the Conservative stripe.

On the basis of creed the Cabinet comprises sixteen Protestants and four Roman Catholics, with another of the latter denomination to come. The new English-speaking ministers are all of parliamentary or legislative experience. Hon. J. B. M. Baxter, of New Brunswick, is the leader of the Provincial Conservative opposition and former Attorney-General of the province. Mr. Belley, of Quebec, was a member of the House of Commons in the nineties. Dr. Edwards has been a member since 1908, and Dr. Manion and Hon. Mr. Bennett was in the House from 1911 to 1917 and Mr. Stevens has had long experience.

Messrs. Norman and Monty have never been in Parliament though the former was a candidate against Hon. Jacques Bureau in Three Rivers and was defeated in 1917 by a small majority. He will run there again and the fight will be one of the most spectacular in that country.

Hon. Mr. Baxter will contest St. John and Albert, Mr. Monty, Hochelaga, Dr. Edwards, Frontenac, Mr. Stewart-Lanark, Dr. Manion, Fort William, Mr. Bennett, West Calgary and Mr. Stevens, Vancouver centre. The other ministers will run in their present constituencies.

In arranging the Cabinet the Premier has maintained the same relative proportion as between Ontario and Quebec as did Sir Robert Borden in 1911. Six of the old cabinet go out—Sir George Foster, Hon. C. J. Doherty, Hon. J. D. Reid, Hon. J. A. Calder, Hon. P. E. Blondin and Hon. R. W. Wigmore. The Prime Minister stated today that Mr. Doherty will receive a high appointment to be announced later. Mr. Blondin is already in the Senate, and Messrs. Foster, Reid and Calder are likely to go there.

Of the original Borden cabinet only Sir James Longhead and Sir Edward Kemp remain.

GUARDIANSHIP OF CHILD IS ISSUE IN LOCAL COURT

Irwin Brown and Mary Alvina Brown Battling for Their Offspring KIDNAPPING ALLEGED Mother Said to Have Taken Child From Father from Whom she is Separated The guardianship of five-year-old Lillian Brown, is the point at issue in the local police court. Irwin Brown and Mary Alvina Brown are battling for her possession. Yesterday Plainclothes Officer J. M. Trautach went to Toronto and brought Mrs. Brown to Belleville on the charge of kidnapping the child. The charge was laid by Mr. Brown, before the local authorities. The child had been living with its father, Mr. Brown, at the home of relatives on Bowwell street. It appears that Mr. and Mrs. Brown had been living apart, the woman claiming the care of the child under court ruling. Their home is at Flint, Michigan. Mrs. Brown had possession, according to the story she told the police and was having the little girl taken care of in an institution while she was engaged in work. She claimed that she was maintaining the little girl there. However, the child came into the possession of the father and was brought here some months ago. It is understood that the mother had been in communication with Belleville and had learned that the child was in this city. She arrived here several days ago and, according to the information, took possession of the child and departed for Toronto. The case was to have been heard this forenoon but was laid over to this afternoon to enable friends of the accused to reach the city.

OLYMPIC'S WORST TRIP

Richest Storm Ever Encountered, Yet Over in 6 Days NEW YORK, Sept. 22.—In the log-book of the Olympic, which came to port Wednesday, was the record of the most severe storm through which this gigantic vessel ever passed. It endured all last Friday, Saturday and Sunday, and the waves which rose in the gale, as it shifted from south to west, were sufficient almost to submerge the hull of the ship. Ports were smashed and state rooms flooded and for a long time it was dangerous for passengers to venture on the wave-swept decks. At times the powerful drive of the sea was sufficient to stop the liner completely.

BOTH VESSELS TO BLAME

Was Judgment Given Out by Mr. Justice McLennan, Montreal Brockville—Judgment given in the Admiralty court at Montreal by Mr. Justice McLennan holds both vessels to blame in the case of the collision in Lake St. Peter on July 16, 1920, between the steamer Maplehurst, of the Canada Steamship Lines, and the tug Margaret Hackett, of the George Hall Coal Company. Three quarters of the liability for the accident was placed upon the Maplehurst, and the remaining one-quarter on the Hackett. The George Hall Company sued the Canada Steamship Lines for \$58,000 to cover the total loss of the Hackett, and there was a counter claim for \$6,000 for damage to the Maplehurst's tow, the bark Brookdale.

ODDFELLOWS' TORONTO PARADE GREATEST PAGEANT EVER SEEN

TORONTO, Sept. 22.—With a bril- liant street parade, in which it is estimated that twenty-five thousand Oddfellows and Rebekahs participated the celebrations in connection with the 97th annual convention of the Sovereign Grand Lodge, I.O.O.F., came to a magnificent climax yesterday afternoon. As a spectacle, the demon- stration surpassed anything of a like nature ever staged in this city. As a dramatic expression of the solidar- ity of a fraternal organization which stretches to the furthestmost corners of the continent, it was without pre- cedent in the history of the province. Colorful pageantry, gorgeous con- suming, a wealth of martial display, superb marching, originality of ef- fects, beautiful and numerous floats, stirring music, the impressiveness of mere numbers and enthusiastic throngs of spectators all played their part in making the event an unqual- ified success. Even the weather man- ued at the time of the occasion. Where at the outset he frowned and then generously sprinkled the march- ing thousands, at the close he did his best to make amends by allowing the sun to shine on the paraders. Mere figures cannot give an ade- quate idea of the procession, but they at least indicate the extent and completeness of the organization which made it possible. There were thirty-one bands, thirteen from out- side points and eighteen belonging to the city. Fifty large floats, with a score of smaller ones, served to re- lieve the possible tedium of watching a steady stream of humanity. Twenty-five hundred Patriarchs Militant, resplendent in their full dress uniforms gave that martial touch which always brings a thrill. Nearly two thousand marching women braved the inclem- ent weather and walked the whole four-mile route. The parade took a few minutes over two hours to pass a given point. CHIEF NEWTON THERE Chief Newton, who was in Toronto yesterday witnessed the great I.O.O.F. parade. He recalled how forty-one years ago, he had taken part in a similar procession in the Queen City. He had then been a member of the I.O.O.F. one year.

RHINE DISASTER DEATH TO 1500; AS MANY INJURED

French Soldiers and Volunteer Workers Used as Relief Squads BIG TOWN SWEPT AWAY. Excess Pressure in Adjacent Gasometers is Blamed for Explosion MAYENCE, Sept. 22.— French troops and volunteer workers toiled all night in the ruins of the Badische Anilina Company's war-born chemical plant at Oppau. Estimates of the dead ranged as high as 1500 today and at least 1500 were injured. The town was virtu- ally swept away. It is believed that two gasometers exploded, and that the nitrogen compounds were detonated. The town of Oppau is a scene of utter desolation, more than a third of the houses having been completely destroyed, while the roofs of the others were swept off as if by a whirlwind. Here also many were killed or injured. The explosion is attributed by some to excess pressure in two ad- joining gasometers, the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel-shaped hole 130 yards wide and 45 yards deep, while twisted girders and debris of every description lie scattered about. For a distance of several hundred yards not a wall is left standing. The directorate of the company is quoted as saying that the explo- sion occurred in a storehouse con- taining 4,000 tons of nitrous sul- phates, which had previously been examined and was believed to be free from danger of explosion. All the workmen's dwellings in the vicinity were razed to the ground. At Mannheim, on the opposite side of the river, 35 persons were seriously injured and 200 or more slightly injured. Ludwigshafen reports say that three workmen's trains were buried under the wreckage and many children on their way to school in that town were injured. DESEBENTO Mr. D. BOY IS HURT BY A JAVELIN

Thrower Slipped in Mud and Fred Symons got Glancing Blow LAD SHOWED PLUCK Continued to Watch Games Though Bleeding Slightly from Accidental Blow When one of the javelin throwers at the provincial athletic title meet at the Belleville Fair Grounds on Wednesday afternoon slipped, a boy named Fred Symons was struck a glancing blow on the right side of the head, just back of the temple, but was not seriously hurt, although the javelin edge made a long cut through the skin. In delivering the javelin, Mr. D. C. Robertson, of West-end Y.M.C.A. Toronto, slipped and turned to the side, the javelin by reason of his fall flying low, but being handled with great force. Eye-witnesses thought the lad had been killed when it was realized that he had not been struck. The game little fellow did not lose consciousness and continued to watch the games, al- though the wound was bleeding slightly. The javelin point is of metal and had the blow been direct, instead of glancing, the accident might have been fatal. The javelin is a modern replica of the weapon used in ancient warfare. ROAD CONTRACT GIVEN McGinnis and O'Connor to Continue Highway on to Finger Board Kingston—A contract for further road work has been received by McGinnis and O'Connor, who have built stretches of road both east and west of the city that are said by travellers on the highway to be some of the best. The work on the Gan- anoque road is practically complet- ed, and following a visit of officials of the department of provincial high- ways, a contract for the road work from the completion of the present contract on the Front road to what is known as the Finger Board at the Junction of the middle and front roads, has been given to these con- tractors. The stretch is about two and one-half miles, and will involve the opening of a new quarry and give two months' work. STILL WANT EMBARGO British Stock Raisers Object to Com- petition in Trade LONDON, Sept. 22.—(Canadian Press Cable)—Agricultural interests will continue to fight against the ad- mission of Canadian cattle into this country. Lord Bledisloe, chairman of the Federation of County Agricultural committees, stated yesterday that the raising of the embargo would be a serious blow to stock raising, which had developed to be the backbone of the agricultural industry of this country.

LESS CHANCE OF CONFERENCE WITH SINN FEIN CHIEF

British Cabinet After Meeting in Scotland is Less Con- ciliatory NOT ON EQUAL TERMS Will Demand Withdrawal of Claim to Meeting as Rep- resenting Republic GAIRLOCH, Scotland, Sept. 22.—Viscount Fitzalan, the Irish viceroy, Winston Churchill, Secretary for the Colonies and Edwin S. Montagu, Secretary for India, left Gairloch today after a conference with the Premier. This is taken to indicate that a reply to the latest telegram of de Valera has been decided upon. One report says it has been despatched. LONDON, Sept. 22.—Prospects of a conference between Sinn Fein and members of the British Cabinet were declared today to be less hopeful as a result of yesterday's con- sultation between the Premier and several members of his Cabinet at Gairloch. Several of this morning's news- papers reflected their view and re- ports state that the ministers showed a more rigid attitude toward Southern Ireland. They demand that Sinn Fein withdraw the claim that their delegates would enter the conference as representatives of a sovereign state and are taking an unbending attitude. The Premier put an end to the general election rumors today by a semi-official statement that such a step would only be taken in a grave national emergency, such as the utter and hopeless breakdown of the Irish negotiations, with the implica- tion that this was not expected. Belfast is much worried about the establishment of the Irish Republi- can army of training camps close to the city. There is one with 200 men and ammunition at Seaford, County Down; also one at Adavoyle, the scene of the troops' train wreck a couple of months ago, and a third at Ballycastle. The men are said to be from Dublin and Cork and it is feared they are planning to attack Belfast in case of a breakdown of negotiations.

WORKLESS MAN VAGRANT

Novel Problem for Montreal Judge to Solve MONTREAL, Sept. 22.—The question of whether an unemployed man, anxious to get work, but unable to do so, was a vagrant was a point in brief dispute this morning in the police court. Henri Griffin, who frank- ly admitted that he was not work- ing, simply because he could not get work, was arrested yesterday for vagrancy. P. A. Ledieu, who appeared for the accused, stated that it was a most unfair charge. Griffin was well and favorably known in the city and should at least be allowed out on a small bail until his trial. Judge Leet agreed and fixed bail at \$50. The case will be heard on September 28. \$2,000 CASE DISMISSED The two thousand dollar damage suit at the assizes preferred against a jeweller named Maynard by a lady named White for alleged assault failed to result in damages in favor of the plaintiff. The jury late Wednes- day found for the defendant. This closed the court. Miss Rachel Walpole, secretary of Her Excellency Lady Byng, has con- sented to accept the office of pres- ident in the Ottawa Woman's Art Association, succeeding Miss Elsie Saunders, who was secretary to Her Excellency the Duchess of Devon- shire. It is expected that the new occu- pants of Government House will ar- rive about the first of October. Mrs. Lionel Clarke, Miss Diana Clarke and Mr. Douglas Clarke has left Chorley Park for Atlantic City for a few weeks, and Mr. Eric Clarke is the guest of Major and Mrs. Joseph Kilgour. Mr. Jarvis of Grimsby, was in the city today on his way to Stirling to judge poultry at the Stirling fair. He is judging for both the provincial and federal departments of agricul- ture and has just returned from New Brunswick. For forty-five years he has been judging poultry. While here Mr. Jarvis looked up a few of his friends among the poultry men. He has been a judge at the winter shows of the Belleville Poultry As- sociation. The marriage of Miss Dorothy Lett elder daughter of Mr. and Mrs. W. P. Lett, and Mr. Hugh Sinclair, of Toronto, which will take place on October 1st in St. Alban's church, the bride will be attended by her sister, Miss Kathleen Lett as maid of honor, and Miss Helen Sinclair of Toronto, will be bridesmaid. Miss Joyce Taylor will be the flower girl, and Mr. Donald Sinclair of Tor- onto, brother of the groom-elect, will be the best man. Those who will act as ushers include Messrs Pitt- man Lett, Charles Cameron, of Belle- ville, Merrill Des Brisay and Victor McKague, both of Toronto.

A GAME WITH TRENTON

Defeat at the hands of the Grand Trunk soccer team did not greatly discourage the Tigers, who with some new men and some changes in the line-up are still in the running. Trenton's team will play them here shortly it was said today and arrange- ments were in progress today to fix a date, probably early next week. Rev. J. T. Priest, of Cannington, has accepted a call to Whitty Bap- tist church. Following the foreclosure of a mortgage the Grand Opera House, Sudbury, is to be offered for sale by public auction.

Alva Fox Acquitted; Charge of Injury to Horse is Not Proved

Alva Fox was today acquit- ted by County Judge Derouche on a charge of injuring a horse the property of Charles Clarke, Ridley street. The judge said that he could not find the accused guilty of the charge on the evidence. The blood on the door and the knife found near the doorstep of the dwelling of Mr. Fox were circumstantial evidence that would naturally point towards Fox, but it was very slender evidence on which to convict a man on the charge. Butler defended the accused. ENGLISHMAN LOSES; PLAYS NEW GAME ON BOULE- VARDS. PARIS, Sept. 22.—A well- dressed English gentleman al- most was arrested in Paris yes- terday, charged with obstruct- ing traffic by lying on his stomach on the boulevard and playing the time honored game of billiards with a toothpick and three wanuts. French spectators explained that the Englishman had bet on Car- pentier and had just arrived in Paris to pay the wager.

STIRLING FAIR SEEN BY 2500 FULL LIST OF PRIZE-WINNERS

Stirling Agricultural Society made history on Friday when the fall exhibition was held for the second time in the new fair grounds. From early morning until late in the afternoon the park was crowded with visitors, some three thousand admissions being paid at the gates. The atmosphere was slightly crisp and lent an autumn charm to the proceedings without which no fair can be a success. A bright sun shone, a full programme was provided and general enjoyment ensued.

The society has advantages over every agricultural board in this section. Over a year ago the executive incurred considerable liability by the purchase of a park, partly wooded and partly cleared, laid out a track and built a hall, the like of which no other society in Hastings possesses. These conditions make possible a fair that will grow larger and larger and naturally Stirling Society is getting on top of the heap financially.

On Friday afternoon President Clayton Tucker was presented with a lovely bouquet of flowers at the close of the school competition. This was an unusual thing and Mr. Tucker appreciated the thought symbolized in the presentation and so expressed himself.

Speaking with The Ontario later, he attributed the success of the society's efforts as due to the efforts of the directors and officers and to the admirable natural conditions under which fairs can now be held. As an instance of the latter he mentioned the fact that the exhibition hall is fireproof, of steel and concrete construction. Tradespeople are willing to show their stock under such surroundings and protection and the results were evident yesterday. The building is one of the best in Ontario.

From all parts of the country the crowds came yesterday—from the four corners of the district and representatives of every rural society in Hastings and Northumberland were on the grounds.

Sixteen Hundred Exhibits This year's entry list took a big leap forward, the judges being compelled to go over about sixteen hundred exhibits to find the winners in the various classes. And no class seemed to be neglected. Some were of much superior class as to win the most favorable comment of the judges and generally speaking, the display was an improvement on those of former years.

Unique Features of the Show Stirling Fair has some features all its own. The village Horticultural Society holds annually a display of plants and flowers and awards a number of prizes for the best individual plants and collections. The exhibits occupied the centre of the main building and the display was a highly creditable one, much care having been taken in the arrangements.

Particular attention is paid to the younger life of the community and every effort is made to draw out the talent and attract the interest of the pupils of the schools, thanks to the efforts of the principals and the district representative, Mr. A. D. McIntosh. Prizes in the arts and in agriculture are offered annually to scholars and keen competition is a consequence with an added interest in the surroundings of the lives of the boys and girls. This year their displays marked a high standard.

How Fair Grows The growth of the fair may be best imagined from the results in the poultry class. Some years ago, a superintendent stated, there were twelve coops in the show, yesterday there were over three hundred birds looking for prizes. They were all housed in sanitary metal cages. There were some fine turkeys, ducks, geese, guinea hens, pigeons and all classes of barnyard fowl. The entry list was large in wyandottes, barred rocks, leghorns, and Rhode Island Reds.

Mr. L. G. Jarvis, expert judge, declared there were some fine birds among them.

Keen Competition

The cattle show was quite large, herds of Ayrshires and Holsteins being on view. The beef cattle class was not so largely filled.

Horses occupied no small part of the exhibition. In light horses especially the entries were very numerous and judging continued until six o'clock in the evening.

The competition in sheep and swine was quite keen.

Main Building

The main building was the mecca of crowds. There was the work of art in fancy work and painting, there was music from pianos and phonograph, there was nature in the form of flowers, and good housekeeping

in the shape of the sweetest pies and cakes and preserved fruits, there was the finest dairy exhibit to be seen, and there were hundreds of other attractions in roots, vegetables and seeds.

This hall gave the visitor at first entrance the impression of being in the Canadian National Exhibition. Music and flowers suggested the Horticultural building.

At the entrance on the east, agriculture was represented in roots, vegetables, grains and seeds, corn, pumpkins, squash, tomatoes, turnips, melons.

Eggs were one of the big contests of the fair. One whole table was taken up with "humpy dumplings."

The fine art display was praised by Miss Powell, the expert judge. She thought it one of the best she had seen and she has attended many exhibitions. One whole section of the hall was given over to this.

Dairy Contests

The contest in cheese and in butter was decided by Mr. G. G. Publow, chief dairy instructor for Eastern Ontario. He was greatly pleased with the quality of the entries, the cheese scoring very high. Mr. E. Carter carried off the first prize offered by the society for cheese and Mr. H. Rowe and Mr. J. W. Wilkinson the prize offered by the Stirling Cheese Board.

The school contest in the field attracted very much attention. Three schools were entered for this. Harold School section, River Valley and Springbrook. The children marched and sang. One school had a big float. The prizes were awarded in the order above.

The winners of prizes were:

## TWO YEAR TERM PLUS THE LASH FOR HOWARD BOY

Frankford Lad With Two Serious Charges Against Him, Sentenced

### A PLEA OF GUILTY

Twenty Lashes and Maximum Sentence Imposed by Judge Deroche

The lash and a long prison term of two years and a half face Edward Howard, of Frankford, confessed assailant and escaped prisoner.

Today His Honour Judge Deroche had Howard before him on a charge of assault at Frankford on 15th July last and with breaking custody at Marmora on July 23rd, when under arrest for an undetected offence.

Mr. C. A. Payne entered pleas of guilty to both charges for his client and asked for leniency.

Crown Attorney W. Carnew told how the village of Frankford had been stirred by the first accounts of the crime and said he could say nothing in favor of Howard. The crown asked for a substantial punishment.

Howard said he was married but had not been living with his wife. He was, he claimed, under the influence of liquor when the offence was committed.

The judge imposed the maximum penalty of two years in the penitentiary for the assault and Howard will receive ten lashes a month after he enters the penitentiary and ten three months before the expiration of his term.

There is too much jail breaking and this had to be checked, so a term of six months for breaking custody was imposed to commence at the end of the other term.

10 Years, 40 Lashes. WINDSOR, Sept. 26.—Ten years' imprisonment in Kingston Penitentiary and 40 lashes on the bare back with a whip, was the sentence imposed Saturday afternoon on Louis Morin, 21, and Walter Goodchild, 24, in the Essex County criminal court at Sandwich by Judge J. J. Coughlin.

Morin and Goodchild were found guilty of an assault upon Henry Kile, 69 years old, a farmer living near Harrow. They attempted to rob him of liquor on August 8th, and when they failed to find it, attacked him.

### RICH VEIN OF SILVER

Prince Rupert Reports Ore of High Value Has Been Found

PRINCE RUPERT, Sept. 26.—Discovery of rich silver ore on the Kitsault River, Alice Arm district, in claims close to the famous Dolly Varden Mine, is reported here. Three general samples taken free from native silver average more than one hundred ounces to the ton, and the body of ore of this richness is said to be very extensive. It has an average width of twenty-two inches and adjoins lower grade ore, which carries good milling values.

### BURNS AND SILO BURN

Mr. Arthur Fitzgibbon of Sidney Twp. Has Heavy Loss

The large barn and the buildings adjacent to them were destroyed by fire on the farm of Mr. Arthur Fitzgibbon on the second concession of the township of Sidney, a few miles west of the city. There was in the barn about twenty-five tons of hay, with a large quantity of grain. The silos and pipes were also burned to the ground.

The origin is not known. Mr. Fitzgibbon carried about one thousand dollars insurance on the buildings, which will not nearly cover his loss.

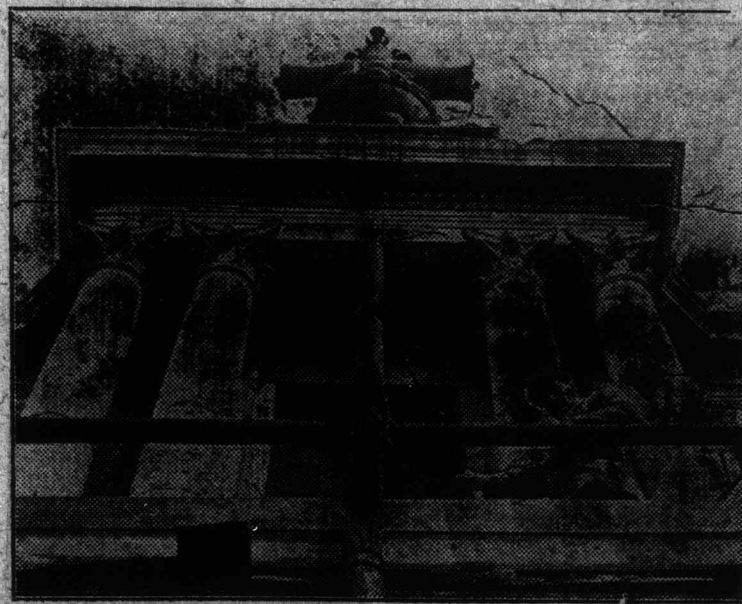

### HOPE TO END VIBRATION; LAYING NEW PLANKING

Planks have arrived to be placed on the lower bridge. The effort is to be made to see if they can be laid in such a manner as to obviate vibration and the constant grumbling of the planking as motors pass over the structure.

## GO AHEAD WITH COUNTRY CLUB; BOARD OF DIRECTORS ARE NAMED

The Bay of Quinte Country Club will be proceeded with.

This is the result of two meetings in the Chamber of Commerce last evening, the first of the Belleville Golf Club, Ltd., the second of the shareholders of the new club.

At the first meeting after a long and interesting debate a poll was taken resulting in a vote approximately three and a half to one in favor of the amalgamation of the Belleville Golf Club with the Bay of Quinte Country Club, at the expiry of the present lease. Mr. Gordon Moffatt, president of the Belleville Golf Club, and Mr. Hugh Hall, secretary-treasurer, were present with the records of the club.

The second meet, which commenced almost immediately, confirmed the business done by the provisional directors and elected a permanent Board of Directors as follows: Messrs Stewart Robertson, S. R. Burrows, J. R. Bone, R. D. Ponton, G. K. Graham, J. S. McKeown, G. H. Gillespie, W. J. Hume, Henry Taylor, (nine).

These Directors did not meet last night to elect a chairman as the hour was then late, but will do so as soon as possible.

Meanwhile work on the new golf course—the Knox farm on the Provincial Highway, 3 miles west of the city limits—will proceed at once. The land was secured from Mr. R. J. Graham, the owner, and is tiled, drained and will, according to golf architects who have given an expert opinion, make an ideal nine-hole course. There are trees there but none need be disturbed, it was said. Fairways, tees and traps of various kinds will be constructed. The property consists of something over 70 acres and extends 80 rods in width from the "Canadian Northern" right of way to the Bay of Quinte, with the Provincial Highway cutting through the south end of the property. On the bay shore it is proposed to erect a club house. It is planned to have the first tee north of the highway. The ninth hole will be near the club house.

The first consideration of the Country Club will be the nine-hole golf course. The club house will come later; also tennis courts and bowling greens.

The consensus of opinion seemed to be that it was a distinct step in advance. It takes Belleville out of the small town class and this was shown in a rather unusual way. Mr. J. O. Herby, who recently interviewed nearly a score of American heads of industrial concerns with a view to interesting them in Belleville, was asked—almost always if Belleville had a Country Club. He was able to say that a new one was being organized and they all said: "Fine. Then we'll consider your town."

## SCHOOL FAIR AT IVANHOE

Over 700 People of Live Community Gather for Interesting Event

### DRILLS ARE FEATURE

Moirs and Madoc Schools Tied for First Honors—White Lake Second

Over seven hundred people gathered at the public school grounds at Ivanhoe on Saturday afternoon for the annual school fair for the township of Huntingdon. It was the largest crowd that the fair has had in its history and the exhibits excelled those of previous exhibitions. The postponement from the previous Saturday on account of rain was a happy thought, for on Saturday the sun shined with the merry crowd.

District Representative A. D. McIntosh was highly complimentary in his references to the fair.

The principal thing of interest was the school drill competition. Moirs school, of which Miss Holmes is the teacher, and Madoc school, taught by Mrs. Roe, were declared a tie for first place and West Huntingdon and White Lake schools were awarded second place. Honorable mention was made of Finlay school, taught by Miss Overland.

## JANNEY NOW NEAR CLAIMS INDIANS DEATH; HIS 51ST DAY MINUS FOOD DESPITE NEW LAW

Only His Own Will to Live Will Save Man Who Has Grievance

### DOCTOR IS WORRIED

First Kept up by Excitement But Latterly he has Been Sinking

LETHBRIDGE, Alta., Sept. 26.—Only a will to live will save the life of Captain Elloyd Janney, the hunger striker, that was the substance of a statement made today by Dr. Wray, the jail physician, to your correspondent. With only the signing of his name to an application for bail, standing between him and his liberty—and juicy steaks—Captain Janney prefers to remain in the hospital here and starve. He can have bail on his own personal recognizance of \$100, which means that he does not have to put up a cent, but a stubborn streak, born possibly of his long fast, has entered into the calculations with the result that the authorities are plainly worried.

Janney is fast approaching the stage where it will be impossible to save him, and where, he will die a lingering death in spite of every effort on the part of his physician. Dr. Wray is plainly worried. Whether the hunger striker has already reached the stage where his condition leaves him no incentive to eat is what is bothering the doctor. Certain it is that Janney has lost about 55 pounds. Normally he is a fairly big man, about 175 pounds or thereabouts, and he is under 120 today.

All along during the 42 days of the first lap of his hunger strike, Janney seemed to be kept up by the excitement and the hope of making somebody pay up for what he termed the iniquities heaped upon him when he was held in the jail pending trial on the charge of false pretenses against him. With the investigation ordered he broke his faith last Saturday and for four days he took light food. But on Thursday after the inquisition had been made and the report forwarded to the Attorney General, Janney suddenly decided that he still had grievances, which he outlined in a signed statement just made public.

Offers had been made to Janney, and the hunger striker, therefore was personally responsible for the outcome of the affair. This is his 51st day without food, except for the light meals he took during the time of the investigation.

## King and Aides All In Sydney For Big Rally

SYDNEY, N.S., Sept. 26.—Arrangements have been completed for the holding of a big Liberal rally here tonight in the curlers' rink, and Sydney is full of political lights in preparation for the gathering. The Hon. Mackenzie King, who arrived yesterday, spent today with D. D. Mackenzie, M.P. for Cape Breton.

Hon. G. H. Murray, Premier of the Province, who will preside, Ernest Lapointe, M.P. East Quebec, William Duff, M.P. Lunenburg, G. W. Kyle, ex-M.P., Dr. A. W. Chisholm, M.P. for Inverness, J. H. Sinclair, Antigonish and Guysboro, and many prominent Liberals of the Dominion House are also here.

WHY NEUR BRUNSWICK WOMAN PRAISES DODD'S KIDNEY PILLS.

Mrs. William Hutchinson, Who Suffered for Years, Tells How She Was Benefited by Dodd's Kidney Pills.

Bas River Point, N.B., Sept. 26.—(Special)—"I can't speak too highly of Dodd's Kidney Pills." So says Mrs. William Hutchinson, a highly respected resident here. Nor is Mrs. Hutchinson slow to give the reason why she prizes the old reliable Canadian kidney remedy. "I had a sore back for years and could not get anything to help me," she states. "Some one advised me to try Dodd's Kidney Pills. I took fourteen boxes and I can say with pleasure I am benefited. I never feel my back now and I do all my own work."

Women all over Canada use and praise Dodd's Kidney Pills. If you don't know the reason why, ask your neighbors about Dodd's Kidney Pills.

## Interesting Test Case is Concluded in Local Court Before Judge Deroche

### JUDGMENT IS RESERVED

Town of Deseronto and Members of Mohawk Indians Involved in Case

After hearing argument of counsel as the case of Hall vs. Green was concluded before His Honour Judge Deroche on Saturday. His Honour reserved judgment.

The case arose over the sale of defendant's lands under a tax sale by the Town of Deseronto, the plaintiff, Hall, being the purchaser.

When Hall made a demand for possession, the defendant, Green, refused to go out and set up the defence that he was the owner of the lands as part of the Indian Reservation, and had acquired the same from another Indian, and produced a quit claim deed signed by the Rathbun Company, upon which there was an endorsement by the Chiefs, certifying that Green was the locatee.

Green claimed title under this grant and not under the quit claim deed. The Town of Deseronto was incorporated as a town in 1869, and at that time these lands, along with others, were not surrendered by the Mohawk chiefs or the band, and the defendant contended that the land being then Indian lands, the Town of Deseronto had no authority nor had the Provincial Legislature any authority to deal with the lands or incorporate them in the Town of Deseronto without consent of the Indians and the approval of the Government of Canada, and that the proclamation erecting Deseronto into a town was invalid in so far as it attempted to annex any part of the Reserve.

Subsequently in 1891, a surrender of the lands was made by the Mohawk chiefs, but the defendant contended it was not a valid surrender in that it did not first obtain the consent of the Province of Ontario, under a statute passed dealing with the transfer of Indian lands in the Province, and it was further contended that even if the surrender had been valid that the Government of Canada had no jurisdiction to make a sale of the lands to the late E. W. Rathbun, as their authority had ceased immediately the title to the Indians become extinguished, and therefore that the subsequent conveyances by the late E. W. Rathbun to the Rathbun Company were invalid, and the land stood in the same position as it had always stood by reason of the effected surrender, and that under the authorities the conveyances were had in law.

The case is in the nature of a test case and involves all the land occupied by the Indians in what is now said to be part of Deseronto prior to the incorporation of Deseronto into a town.

Mr. Stewart Masson, K.C., appeared for the Town of Deseronto, and Mr. Butler for the defendant, Green.

## Labor Leader Speaks His Mind

LONDON, Sept. 26 (Canadian Press Cable).—The Right Honorable John Clynes, Labor leader, speaking in the north of England, admitted that many employers were distracted for want of orders to keep their factories going. He agreed that the cost of production must be reduced, and advocated the law of maximum profit. It was all "balderdash" to say that one cause of unemployment was socialistic propaganda, he declared.

## Train Service Here is Changed

Changes in time on the Grand Trunk railway main line announced to take effect at 12.01 a.m. on Sunday, October 2, deprive points between Trenton and Coteau Junction, Que. of local Sunday train service, as trains Nos. 9 and 10, the locals running between Montreal and Toronto, are to be cancelled with the exception of return runs between Toronto and Trenton and between Montreal and Coteau Junction.

These are the main changes provided for in the new timetable. The Sunday work will be performed by trains Nos. 14 and 15, the fast trains operated between Montreal and Chicago. On Sundays train No. 110 will run from Toronto to Trenton, via Brighton and the Canadian National line, returning as No. 109.

Considerable shifting of crews is anticipated by railway men in Belleville.

GIVE DINNER TO JUSTICE HODGINS

Presided Here at Assizes and Was Awarded Honor by Bar Association

CO-OPERATION NEEDED Youngest Members of Local Bar Given Good Advice by Veterans in Practice

The Honorable Mr. Justice Hodgins, who is presiding at the Assizes of the Supreme Court of Ontario was entertained Tuesday evening at dinner by members of the Hastings Bar Association.

Major R. D. Ponton, Vice-President of the Hastings Bar Association presided in the absence of the President. The function of last night was a continuation of the custom of the local Bar which has continued for over a quarter of a century.

Mr. F. E. O'Flynn proposed the toast to Mr. Justice Hodgins in very warm and felicitous terms on which Mr. Justice Hodgins replied and expressed how necessary and essential at all times was the complete harmony and co-operation between the Bench and the Bar for the purpose of administration of Justice.

Colonel W. N. Ponton, K.C., proposed the toast to the visitors and gave a review of the Dominion Bar annual meeting and excellent addresses were made by Mr. G. N. Gordon, M.P., of Peterborough, T. B. Hall of Cobourg, I. A. Humphrey of Campbellford, G. N. Porter representing the Public Trustee office, Toronto, and P. C. Johnston the Veteran Official Court Reporter.

Colonel S. S. Lazier, the Veteran Master in Chambers, proposed the toast to the "Light Infantry" the students at law and gave to the Law Society sound advice. Messrs. Hart and Holland replied. Mr. W. C. Mikel, K.C., and Mr. M. Wright contributed witty and appropriate stories to the gathering.

The following were present.—The Honorable Mr. Justice Hodgins; Colonel S. S. Lazier, K.C., W. N. Ponton, K.C., W. C. Mikel, K.C., F. E. O'Flynn, M. Wright, G. N. Porter, C. Payne, B. Donnan, P. C. GREAT LIBEL SUIT STARTS

Chicago Tribune Being Sued for Ten Millions

CHICAGO, Sept. 25.—The ten million dollar libel suit of the city of Chicago against the Chicago Tribune opened today with counsel for the newspaper asking the court to uphold a general demurrer based on the constitutional right of the freedom of the press.

If granted, the demurrer would have the effect of dismissing the suit on the grounds of insufficient evidence.

The suit involves the question of whether a newspaper may be sued for libel to the extent of its total value and virtually be put out of business if the suit is won.

The libel action grew out of statements made by the Tribune in the last city election, criticising the present city administration for the manner in which municipal finances were handled.

The city contends that the articles and editorial expressions on which the suit is based damaged the city's credit in disposing of municipal bonds.

PACKING APPLES IN BOXES

Fruit Growers Were Instructed How to Pack Apples for Overseas

Cobourg—While in town last week Mr. P. J. Carey, of the Dominion Fruit branch, was instructing several fruit growers in the district as to the proper manner of packing apples in boxes for shipment overseas. Mr. J. Phillips, of Toronto, whose farm on Front Road West is being run by Mr. K. Staples, is having the apples this year packed in boxes, as the apples command a better price when boxed, and are more readily marketed. There was an excellent sample of McIntosh Reds on this orchard, some of which Mr. Carey is taking with him as samples.

HOGS AT \$9.00

Hogs were quoted today at nine dollars per cwt. Calves are a little improved in price.

ONTARIO TITLE EVENTS MARRED BY WORST RAINSTORM IN MONTHS; KEEN RIVALRY IN MUDDY FOOTING

In spite of almost unsurmountable weather and track conditions, the Ontario Track and Field Championship events were run off at Agricultural Park on Wednesday afternoon under the direction of the Belleville Amateur Athletic Association. Heavy intermittent showers early in the day had put the track into a sticky condition, rendering speed very difficult and requiring the utmost endurance for athletes to "carry on."

Unsettled weather kept the crowd away, but about six hundred braved the elements. Had conditions favored, the attendance would have gone up into the thousands to see the finest amateurs in Ontario competing for provincial titles.

The presence of so many athletes from the four corners of the province made postponement out of the question and the officials left the matter to the contestants as to whether they would compete. Each event was called in its turn and the would-be champions responded.

Every event with the two exceptions was filled, almost every entrant competing. In the case of the 100 yards and two hundred yards the athletes feared injury to the tendons of their legs by running on the clay track or on the slippery grass.

Shortly after the games started another downpour made the use of the track impossible and the rest of the events were pulled off on the green.

The conditions of the track were best shown when the opening event, 120 yards hurdles was run. Francis and Pickard of Hamilton, contested. The latter won. The hurdling was very difficult, the track affording no hold.

What the competition might have been was judged from the first two heats of the 100 yards run. The best amateurs in the province were entered in this event. Both heats were run in 11 seconds, a remarkable performance in view of the poor footing which the track gave. The runners were covered with mud when they reached the tape. Ollie Johnson of Hamilton, won the first by a considerable distance, and Alex Ponton was a very close second, after Wardrop in the second. The final would have been one of the features of the meet as the six men are keen rivals.

The 400 yard run was an endurance test, but had a remarkable finish. Alwyn of Hamilton, and Reynolds of Ottawa racing all the way. Reynolds was only a few feet in the rear of Alwyn, the winner.

The last event run on the track was the one mile. It was performed during rain and the runners were splattered with clay. R. Thompson, of Hamilton, finished the first lap, leading by a considerable distance, followed by Ernie Lawrence of Montreal, while quite a distance in the rear came A. Scholes of Toronto, and Reed Tubman, of Ottawa, paired. At the three-quarter mile post, Tubman passed Lawrence and several hundred yards from the tape forged ahead of Scholes finishing strong. The time was 5:30.

For the other track events an unmeasured track was staked out on the grass, over which the contests were run.

E. Bascom, a youth of Hamilton Collegiate, was an easy winner in the 880 yards events, doing it in 2 minutes.

NOT DOWNHEARTED OVER RAINY DAY

The last of the athletes who competed in the trials here yesterday left the city this morning early. The Rev. D. C. Ramsay, president of the Belleville Amateur Athletic Association, under whose auspices the meet was held, stated today that the B.A.A.A. was satisfied with the results in the face of the weather conditions. It is anticipated that the meet will have its result in the speeding up of all kinds of sport in Belleville.

C. Barnes, of West End Y.M.C.A., Toronto, was easily the winner of the three mile walk in 26 minutes, 5 seconds. George Goulding, former world's champion walker, was the judge.

In the five mile run, won by A. Aholes, of Gladstone A.A.A., no time was taken.

Keen rivalry was evident in the field events. Ed. Archibald, champion pole vaulter of Canada, did not enter the pole vault, devoting his attention to the discus, javelin and weight.

A Stewart of West End Y. threw the javelin 124 feet. Archibald threw the 56 lb. weight 25 feet 7 inches.

Only two succeeded in tossing the caber, both Toronto police officers. First and second in the 16 pound shot were won by Toronto Police A.A.A.

Archibald threw the 16-pound hammer 129 feet 5 inches and Stewart the discus 111 feet 10 inches.

The pole vault and jumping events were piled.

The Trent Road was used as a track for the bicycle events.

The results of the games follows:

120 yards hurdles: 1st, V. W. Pickard, Hamilton, C.I. 44.0 yards. 2nd, E. Francis, Hamilton, C.I. 44.0 yards.

1st, H. Alwyn, Hamilton, C.I. 2nd, R. Reynolds, Ottawa Y.M.C.A. 3rd, A. Latcham, Broadview Y. Time: 59 sec.

One mile run: 1st, Reed Tubman, Ottawa Y. 2nd, E. A. Lawrence, C.P.R. A.A. Montreal.

3rd, E. Thompson, Hamilton, C.I. Time: 5 min., 30 sec.

Pole vault: 1st, V. W. Pickard, Hamilton, C.I. (49 ft., 10 in.)

880 yards: 1st, E. Bascom, Hamilton, C.I. 2nd, A. St. Clair, Gladstone A. Club, Toronto.

3rd, R. Reynolds, Ottawa Y. Time: 2:23 2/5 sec.

LOCAL HORSE AT KINGSTON WINS THREE STRAIGHT HEATS

Helen C. owned by W. Orr of Belleville, won the 230 class in three straight heats, at the Kingston Fair.

The 230 Class saw seven entries, and all showed up in good form. In the first heat Judge Murphy got the lead, but broke at the second turn, and lost position to Helen C. The latter ran a pretty race to the wire, with Bernard Hal driving fast at the finish. The second heat was a replica of the first, except for the fact that Helen C. held the lead throughout the entire heat. In the final heat of the race Bernard McKinney and Don Pedro pressed hard on the leader, the race ending with four horses in a bunch at the wire.

Col. Ponton Visits Eureka First Time as Grand Master

Most Worshipful Grand Master Lieutenant-Colonel W. N. Ponton, K.C., Grand Lodge of Canada in Ontario, paid his first official visit to any lodge of Masons last evening, when accompanied by Very Worshipful Bro. George DuManga, Grand Steward, he visited Eureka Lodge. The Grand Master was introduced by R. W. Bro. L. R. Terwilliger, and C. J. Symons.

Col. Ponton in replying referred particularly to the telegram of congratulation sent by Eureka Lodge to him in Ottawa at the time of the Grand Lodge meeting when he was honored with the highest office in Masonry. It was the first telegram of many that he received and he appreciated it all the more coming as it did from his own city. The first degree of Masonry was exemplified in his presence and officers and members were congratulated by him on the efficiency shown.

MANY CHANGES AT PLAINFIELD

Local Residents Make Many Improvements to Homes and Business Properties

ONLY ONE HOUSE VACANT

Great Efforts are Being Made by Local Sunday School to Make Big Rally Day. Fall fairs are having "fair weather" this year and the reports of attendance prove that they are more popular than ever. Everybody has his "world's fair" to talk about and Tweed is to be a future Mecca for many from here.

Mr. and Mrs. W. Parks attended Peterboro's exhibition and visited in that city last week-end. They report a record year there. Not many signs of the approaching financial depression so generally feared.

The improvements in this burg are not suggestive of any such pessimism either. Mr. A. Garrison is erecting a splendid village barn upon his lot; T. Mills has Mr. W. Flinders of Belleville painting and graining the interior of his residence on Front St.; Mr. Carter has Mr. Hinds painting his bungalow; shoemaker Gifford has changed the front of his property for business purposes and has a new sign out; Robt. Hall has been several days putting a new roof upon the parsonage and the Standard Bank has a fine new sign upon the Collins Block which will surely attract business in that department.

Of villages becoming re-inhabited is heard as the rural population tide gradually turns back toward the land. There is only one house in this village unoccupied at present and parties have been enquiring about that. Real estate may yet be an enterprising line in frontier hamlets.

Sunday school reached a new mark here last Sunday morning with an attendance of 60. Rally next Sabbath and an especial effort in the evening at 7.30 when Messrs. W. Orvis and H. Babbit of Rednersville will speak upon some of the new lines of advance. Trill Rangers, Tuxis Boys and C. G. I. T. work, Home Department organizations, etc. Preparations are under way for a successful rally this year.

Anniversary services at Zion Hill, 10.30 a.m. and 3.00 p.m. and at Plainfield 7.30 p.m. Sunday, Oct. 2. Rev. Mr. Farnsworth, of Cannifton, will be the preacher for the day. The choir are making arrangements for a memorable effort and the trustees are planning to make a financial success as the year has thus far been proving.

Filling silos and threshing have been matters of real concern even within the border of the village and we believe there should be no scarcity of feed in this section this year. School fair for Thurlow Twp. is being held at Cannifton Tuesday, 27th inst.

"THE ROYAL PIERROTS" AT GRIFFIN'S TONIGHT

A musical novelty—something quite out of the ordinary—something original and enjoyable will be presented at Griffin's Tonight, for one night only, by "The Royal Pierrots" a company of entertainers, who although new to this country have been accorded a wonderful reception in the different countries in which they have appeared.

During their two hours and a half of entertainment "The Royal Pierrots" dance, sing and create laughter, their antics are a joy to the beholder. No one with music in his soul can afford to miss this musical treat for the sprightly performance given by these artists of wit and humor and sparkle like a glass of the purest vintage—and the pleasure in a draught of pure delight is only appreciated by those who make their watchword opportunity. Seats are now on sale at Griffin's.

NEW INDUSTRY FOR BELLEVILLE BEGINS AT ONCE

City Has Secured Canadian Headquarters of Big American Concern

USE VACANT FACTORY Expect Later to Extend Premises Here—Have Four Factories in U.S.A.

Belleville has secured the location here of another large manufacturing industry. This will be a branch of the Bassick Manufacturing Company, one of the most important industrial corporations in the United States, with headquarters in Chicago and extensive branch factories in three other American cities.

Mr. Bassick, president of the corporation, has been in Belleville and entered into arrangements with Mr. R. J. Graham, by which manufacture and distribution will begin from the Belleville plant within a few weeks. It is understood that the H. A. Wood Company's factory will be used for that purpose and when this proves too small, as it undoubtedly will within a short time, extensions will be built or new premises secured.

The Bassick Company manufactures the famous "Alemite" High Pressure Lubricating system, now in use on the Buick, McLaughlin and other cars and in many industrial plants in Canada and the United States.

The Bassicks also manufacture a number of other automobile accessories and specialties that are in great demand. They are also by far the greatest manufacturers of furniture casters in the United States, their output probably surpassing that of all other companies combined. Their four American factories employ several thousand hands. The Belleville factory will at first look after the Canadian business only, but will probably in the course of reasonably time take over also the export trade, especially with the British dominions.

Belleville is indeed to be congratulated upon securing this splendid new industry and the citizens are deeply indebted to Mr. Graham for his personal efforts in bringing the negotiations to a successful issue. This is the second important industry to choose Belleville as its location within the last month.

SHOULD AIM TO PREVENT WARS BUT MUST KEEP NAVY READY IN CASE NEW CONFLICT STARTS

A UNIQUE PHOTOGRAPH OF BRITAIN'S PRIME MINISTER.

D. Lloyd George at Inverness signing a message boy's book after receiving a parcel from London. He is using the gold pen which he used to sign the peace treaty.

"Personally I dislike war. I detest war. And I say it is up to you and to me to see if we cannot prevent war, because if we are subject to another war of such dimensions as that through which we have just passed, civilization will pass from the west to the east." So spoke Mr. Peter Wright, head of the Seamen's Union, and one of Britain's biggest men in the late war, at the City Hall here last evening under the auspices of the Navy League.

To Make War Impossible "I have been trying to visualize the possibility of Canada, South Africa, the United States of America, and all the English-speaking nations of the world uniting in such a scheme. I believe it is impossible to make war impossible in the future. Of course it will be a big task for there are vested interests which are striving to make war."

Mr. Wright referred to the century of peace that had existed between Canada and the United States as the result of an agreement, and saw in this hope of a like undertaking that would cover a great part of the world.

"Now some people state," continued the speaker, "that the only way to stop war is to do away with their intrigues. I do not think it is like that. Do away with the police of Toronto and Montreal for four weeks and what conditions will you have?"

Mr. Wright referred to the century of peace that had existed between Canada and the United States as the result of an agreement, and saw in this hope of a like undertaking that would cover a great part of the world.

"I think it is clear we should have police patrol on the highways of the sea. The British navy has always been the protector of liberty. I tell you she has for three hundred years been the saviour of democracy."

"I dined with the German Emperor in 1912 at Potsdam. Now a sailor is a good judge of character and there was something in his fib I did not care about. I argued with him and he told me plainly the German navy had no equal in any part of the world and inferred that the British seamen were living on their reputation."

"I put my signature to 15,000 death claims for relatives of men that were submarined," he said, telling how he had seen men go aboard ship within twenty-four hours after having been submarined, and after spending in one case three days and four nights in the lifeboats.

"I am here, neglecting my own position. I am not even getting paid for coming here. Why then, am I here? I have studied conditions in every country under the sun and there is, I find, no country where privileges are so great as they are under the folds of the Union Jack."

Deadly Apathy "The reason I am here is to ask you to do something. We are passing through a period of apathy. My experience is that unless we awaken, the heroic sacrifices which our men made will be lost. There is deadly apathy everywhere. We want men devoting their all to the reconstruction of society. Today almost every man we meet pursues the almighty dollar from the first thing in the morning to the last thing at night."

The Wealth of Nations "What is the wealth of nations?" asked the speaker. "Not their gold. Greater nations than the United States with all their gold have gone down. For 1 man killed by adversity there are 10 that are killed by prosperity. And same thing is true with regards to nations. I say beware, because there is something higher than gold—the soul. We in Great Britain are in a desperate state just now. But I don't want you to believe that she is lost. The soul of Great Britain is sound and she will take her place again, perhaps not financially—I do not care about that—as the greatest factor for peace and progress the world has ever seen. It is now while we are in that state that we need the feeling of your sympathy."

Figures were quoted to show the imminency of the financial and social burden that Great Britain is carrying. "I want you to help us, not for the mere sake of helping us, but because we are interdependent."

"It is absolutely imperative that we maintain control of the sea. Your importance as a nation is not your wealth but your identity with Britain. Our hope and our future depend entirely on the British navy. It won't do for Great Britain to stop building ships and allow the United States to go on building," declared the speaker, but he expressed his belief in democracy taking control of the sea and policing it. In the

event of the nations failing to take this up the politicians will carry on their intrigues. Mr. Wright exemplified the high ethical standard of the lives of the men of the sea, by the story of the deeds at Zebrugge and the hazards of service in the mine fields.

"Sea training is one of the finest things that I know. I am on the senates of four universities," he said, telling how his education was all obtained at sea, "and I am not satisfied with the spirit that they inculcate. There is too much selfishness. The whole system is wrong." He then launched into an attack on that system that believed in work without soiled hands. The whole system of modern society is based on materialism, on wealth, not on real worth.

Germany is not repentant. Germany is as keen as she was in 1914 and she is united. She has two of the keenest minds at work everywhere, Lenin and Trotsky. The only way to remove the dangers of their teaching is by the square deal. "It can only be obviated by the young and old dedicating their lives as the men did overseas. I am not a theologian, but this I know, our problem is a spiritual problem. "Let us fight united now in peace as in war and bring the world into a region of peace and of common sense," said Mr. Wright in closing.

HELD RECORD CARDS IN AUCTION BRIDGE; GAINED 716 POINTS.

NEW YORK, Sept. 23.—A world's record for auction bridge was established at the New York Bridge Whist Club Tuesday, it became known today. H. C. Dottenham, an attorney, held all thirteen diamonds in a single hand, and scored a grand slam, scoring 716 points. The hand was played on a declaration of "7 diamonds," doubled and redoubled, after an opponent had forced the bidding to six hearts. There is no authenticated case of thirteen cards of a suit being held previously in auction bridge at a recognized club.

OPENING DAY AT THE HOME

Many Friends of Aged Folk Paid Visit to Splendid Quarters COSY AND COMFORTABLE Scrupulously Clean, Bright and Cheery and Old Folks Like It

The opening day of the new Belleville Home for the Aged was held yesterday and many friends paid a visit to that institution yesterday afternoon and evening. Beautiful bouquets of flowers were placed throughout the rooms. One only needs to go through the building to see that the ladies of the W.C.A. have made the home as comfortable as can be for the old people. The home is not luxuriously furnished and many things are needed yet, but it is scrupulously clean, bright and cheery.

Battleship linoleum which is especially adapted for institutions of this kind was put down throughout the house. The men's dormitory is on the ground floor, each man having a separate bed. The sick room, which was furnished by Mr. and Mrs. George Thompson is also on the ground floor and is beautifully furnished. There is a bright sitting room on both ground and upper floor. The dining room is also on the lower floor.

The women's dormitory is upstairs and is very cheerful and homey. Cards on which were printed the needs of the home were tacked up on the walls and among the things noticed were—clock, book case, library table, piano for Sunday services, chairs, pictures, gas grate connected, dishes, knives, forks, an electric or gas range, table, rugs and arm chairs.

Ladies of the W.C.A. were receiving and showing visitors over the home.

STEEL WORKER INJURED. Fell off Scaffold on Pile of Rocks But Only Slightly Injured.

KINGSTON—John Crossriver, an employee of the Dominion Steel Company, was slightly injured while working on a scaffold at the Locomotive Works. Mr. Crossriver had been riveting on the scaffold, doing work on some steel spars. The riveting hammer slipped and he fell a distance of twelve feet from the scaffold. He fell headlong into a pile of rocks below the scaffold and other workmen thought he was surely killed. They rushed to his assistance and when he was picked up it was found that he was suffering only from a cut over the mouth and a few scratches on the face.

U. S. AS GREATEST NATION English Devine Says So After Extended Visit to States

LONDON, Sept. 23.—The Rev. Reginald J. Campbell, who has just returned his London ministry after his visit to the United States, told his parishioners in his first sermon at Christ Church that America was "now the greatest nation" in the world, stronger than ours, richer than ours, able to do materially what it likes, and to give spiritual leadership to mankind if it chooses."

Dr. Campbell said he had found traces of anti-British feeling, but that he was also made aware of "a warm and widespread friendliness, of which too little is heard on this side."

DEATH OF MISS CONGER BLOW TO FRIENDS IN CITY

Word was received here this morning of the death of Miss Lottie Conger, daughter of the late James Conger, who was formerly a prominent citizen in Belleville, and who died the 28th of August last at the City of Ottawa.

Miss Conger who was born in the City of Belleville and educated in local schools, was an active member of the Bridge Street Methodist Church and taught a class in the Bridge St. Sunday School.

A few years ago her father moved to Ottawa where the family have since resided, and Mr. James Conger who died on the 28th of last month was buried in the Belleville cemetery and his funeral was attended by his old friends.

Miss Conger died Thursday evening the 22nd inst. and will be buried in Belleville on Monday.

She leaves surviving her, her mother, Elizabeth Conger, and three brothers, Lieut. Col. W. F. Conger, of Ottawa, Carl B. Conger, of Ottawa and Gerald Conger, of Winnipeg. Miss Conger was a lady of many qualities, very much beloved by her Belleville friends, and was always noted for her splendid services in the interest of charity, benevolence and religion. She was always a firm and loyal friend of this City and was accustomed to spend a few days at the Quinte at intervals, when she found it possible to do so to renew her old acquaintances in the city. Her numerous friends will always remember her as a lady of beautiful character.

How Far Are Canadian Courts Expected to Recognize Decrees of Divorce Granted in States?

CASE OF ALLEGED ABDUCTION OF CHILD IN LOCAL COURT CAUSES DISCUSSION OF BIG QUESTION—MAGISTRATE PASSES CASE ON TO HIGHER COURT AND GRANTS BAIL.

How far Canadian courts are expected to recognize decrees of United States courts was a question that caused a little discussion in the police court here on Thursday afternoon when a case of alleged abduction of a child by its mother came up for attention.

Mr. E. J. Butler declared the court was obliged to accept the decrees of a foreign court, but Magistrate Masson said not unless the court was satisfied that the decree was obtained in a way that was recognized in the Canadian courts.

"I want this case to get into a court where a proper record can be kept," he said saying he would not try it.

Mr. Butler appeared for the woman charged with the removal of the child: "We will produce the bill of divorce. You are bound to accept it."

Mr. Masson:—"In the first place I do not want to try it." He also explained that he had had to go into the case quite extensively before the warrant was issued and thought that it would be better for a higher court to try it.

Up For Trial Mary Lavina Brown was committed for trial on the charge of having, on September 20th, unlawfully taken Lillian Mary Brown, her five-year old daughter, with intent to deprive the father of the child, Orval A. Brown, of her custody, under section 316 of the Criminal Code.

Orval A. Brown, the father of the little girl and the one who laid the information, was the first witness at the investigation and testified that he had been living at 42 Boswell st. since June of the present year. He was married to Mary Lavina Free of Gananoque. Lillian was born in August, 1916.

He declared to Mr. Carnew, for the prosecution, that he had not given Mary L. Brown the right to take the child and that the first he heard of the removal of the girl was on his return home on Tuesday night of this week. Until he saw Mary L. Brown at the police station, he had not seen her since May, 1921. She had been a dressmaker prior to her marriage to him.

Brown swore that he had been a member of the 156th Leeds and Grenville battalion and that he was discharged in May, 1918.

Lived at Flint, Michigan In June, 1919, he went, he said, to Flint, Michigan, his wife following. In February of the present year she had left him. Not for some time did he know that she was applying for divorce. The only notice that he had was in the newspapers of her intention to apply for divorce. He had not been served with notice and denied that he had avoided service of papers in the matter.

She had taken the child to the "King's Daughters" House of Charity, Flint, Michigan. He was told that he was not to be allowed to see the girl and consulted a lawyer and as a result he had notified the authorities of the institution that he had a right to see the child and take her out for a walk if he desired. He did call at the institution and took Lillian out, but did not take her back. The little girl was brought by him to Belleville.

Mr. Brown claimed that he had not heard of his wife having secured a divorce until yesterday, the news coming in a letter from his aunt.

He told the court that he considered his home in Belleville.

Both parents of the child are Canadians and did not take out naturalization papers in the United States.

Saw Child Taken Into Car The story of the removal of the child was told by Mabel Brown, 42 Boswell street, a sister of the father of the little child. Miss Brown related how she and her cousin had started out to go down street with Lillian. At the corner of Boswell and Moira streets the child was picked up by Mrs. Brown, the accused.

"I did not see her pick up the child. I saw her running across the road with it."

The child had been ahead of Miss Brown and her cousin and as they turned to look at a house at the corner of Boswell and Moira Streets the child was behind them.

They saw no evidence of the woman up to that time and no sign of anything untoward was going to happen. The first indication they had was a scream from behind their

HIS VERY LAST CRIME!

PALERMO, Sicily, Sept. 23.—When sentence of 30 years had been pronounced upon him the Italian "Blue-beard," Gaetano Verria, aged 49, arose in court and, with a dramatic gesture, addressed the jury, saying: "Gentlemen of the jury, this is my last crime."

Drawing a safety razor blade he cut his throat. He was dying when the guards reached him.

backs and turning they saw the woman taking the child away to a motor which was standing on the south side of Moira street and west of Boswell.

"I heard the mother scream," said Miss Brown, adding that the little girl screamed somewhat as she got into the car. The motor started up as the woman and child got into it and passed down Everett street. Miss Brown recognized the woman as Mrs. Brown. She had seen her some time ago in Gananoque.

The women went down almost to the C.N.R. station and finding that no train was going out went back and did nothing in the matter until Mr. Brown returned from work that evening.

To Mr. Butler the witness said that: "I expected the mother would come some time," but she thought she would not have waited so long. She was not expecting her at this time.

Annie DeMille, cousin of the previous witness, reiterated her story about the car and the removal of the child. "I thought I heard Mrs. Brown say: 'Lillian Brown! my darling child!'"

The witness thought the scream of the girl was due to surprise.

No evidence was put in by the defence and the accused was accordingly committed for trial.

"I will accept bail in this case in view of the circumstances," said Mr. Masson. The bail was forthcoming.

HEAVY LIQUOR SEIZURE

Inspectors Confiscated 26 Cases of High Class Goods Brockville—License Inspector F. B. Taber and Provincial Officer A. E. Rae made a heavy seizure of liquor at Ivy Lea, confiscating 26 cases of high class goods, alleged to have been brought into Ontario illegally by W. L. and K. Visger, hotel operators at the resort. The officers state that they have been suspicious all summer of affairs at Ivy Lea as regards the observation of the O. T. A regulations and their labors were rewarded. The liquor confiscated was brought here by motor truck.

## SEES PROGRESS IN PAST YEARS

Dr. Louise Tower in Fine Address to N.W.C.T.U. Claims Advances Made

**A MUSICAL PROGRAMME**  
Women's Meeting in the High School Assembly Hall Was Well Attended

The N.W.C.T.U. purpose holding a series of talks on "Social Progress and Hygiene," given by Dr. Louise Tower, the first of which was held last evening in the High School Assembly room. Mrs. (Dr.) Yeomans presided. A splendid programme was given before the lecture. Mrs. Duff, in her rich voice, sang "The Willow Tree." Miss Mary Yeomans sang a pleasing selection from Chu Chin Chow. Mrs. C. Koeber in her beautiful contralto voice sang, "Sunshine and Rain." Miss Jane Bishop gave two splendid readings, the first "An Old Sweetheart of Mine," by James Whitcombe Riley and the other "Little Orphan Annie."

Dr. Tower in opening her lecture said there had been a wonderful advancement in social progress in the last few years. Public health boards have been organized in all cities and towns, clinics and other means of preventing disease becoming an epidemic. The Safety League takes all precautions to prevent accidents, industrial safety is looked after and industrial diseases are safeguarded, showing an advancement in social progress.

A source of dangerous disease is the garbage, sewage water, milk and food. The garbage should be cared for so no rats or flies can get near it, the sewage should not be drained in a place so the water supply could get contaminated. The water supply should be pure, either by filtration or chemical means, the milk is often the source of typhoid or diphtheria germs and foods when bought, especially fruits, should be fresh and not overripe, as then they carry diphtheria germs and sometimes typhoid germs.

Dr. Tower outlined methods of disinfecting. First, by direct application of disinfectants to the germs, second boiling, third, sunlight and drying.

To safeguard against contagious diseases, the provincial government has provided laboratories where tests can be made and the disease defined. In typhoid the blood is tested and to counteract the disease the patient is given a vaccine at once which is successful if given in time. A swab of the throat is sent away in case of diphtheria and antitoxin is administered also in this case.

Contagious diseases have to be fought by the community but it is so now the disease can be prevented from becoming an epidemic by isolation or other preventive methods. Pneumonia and other minor ailments, such as colds, are contagious.

Dr. Tower will continue her lecture on this interesting subject in the near future. A hearty vote of thanks was accorded to Dr. Tower by Miss Merry of the High School staff and was seconded by Miss Gattrell.

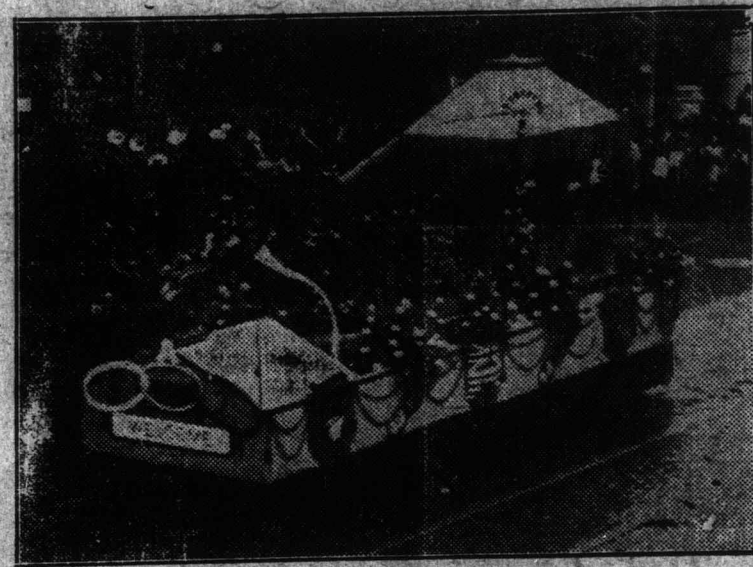

**LATE MRS. ARCHIBALD**  
Mrs. Catharine Archibald passed away on Friday at the home of her daughter, Mrs. L. Johns, College Hill, Thurlow. She was born in Aberdeen, Scotland, in 1840, and almost all her life was spent in this country. Mr. Archibald died five years ago. She was a member of the Methodist church. Surviving are two sons, John of Caniffon; William of New York State; four daughters, Mrs. Harry Collard, Toronto; Mrs. L. Johns, Thurlow; Mrs. J. Dundas, Albion, N. Y.; and Mrs. J. Smallhorne, Corbyville. Four sisters of deceased live in Toronto.

**MOVABLE DESKS**  
The question of purchasing movable and adjustable chair desks for the schools was referred to a supplies committee of the Board of Education last evening.

**FINK—CRONK**  
St. Thomas Church was the scene of a quiet wedding this morning when Rev. Archdeacon Beamish officiated at the marriage of Wanda Iverna, only daughter of the late H. W. Cronk and Mrs. Cronk to Herbert Allen Fink youngest son of Mr. David Fink of Ingois.

The bride who was given away by her mother, looked very smart in a Sorrento blue travelling suit with mole skin trimming and hat to match. Miss Gertrude Alford, Barrister of Trenton assisted the bride while the groom was unattended. The young couple left immediately for Detroit and other cities.

## BEST FLOAT IN ODDFELLOW'S PARADE

This float was judged the best in the monster Oddfellows parade which took place in Toronto on Wednesday. Around the base of the float appeared the coats of arms and inscriptions of the provinces from coast to coast. The parade took two hours and a half for the 25,000 Oddfellows to pass.

## DENTAL CLINIC DOES WONDERS FOR CHILDREN OF BELLEVILLE; ENCOURAGING REPORTS TO BOARD

Miss A. V. Sinclair, city school nurse, has just made her report to the Board of Education covering the year just passed. "The growth of the work," she says "during the past year has been very encouraging." In Nov. 1920 the school dental clinic was reopened. Drs. Clarke, Day, Duprau, Kinneer, Marshall, Morton and Wilson agreeing to serve on the clinic one morning each month. Forty-seven clinics were held, the following being a summary of the work done:

Patients treated, 235; fillings-amalgam, 425; fillings—temporary, 238; extractions permanent, 31. "No child was treated without the written consent of the parent, and it is very satisfactory to report that only in three cases was permission refused. There has been a growing appreciation among the parents of the value of the clinic, and it is earnestly hoped it may be made permanent. One cannot say enough for the work that has been done, or the spirit in which the service was given.

"Because of the need of medical and surgical clinics much remedial work waits to be done. During the year 53 children had tonsils and adenoids removed, four were operated on for strabismus (cross-eyes), and 19 children having defective vision were fitted with glasses.

"In March a Nutrition Clinic was opened in Queen Victoria School, it having been found when weighing the children in one grade, that one-third of them were 10 per cent. or more below normal weight for their height and age. Twenty-two of these children were formed into a class which met for weekly weighing. Records of weight were kept, model breakfasts were brought, and the correction of faulty hygiene habits attempted. Here as always, greatest success was reached where there was best home co-operation. Miss Jessie McGie has given one morning a week to this class, and the results accomplished have been largely due to her experience in dietetic work.

"In March a class in practical home-nursing was started among the form IV girls in Ann Street school. Equipment and supplies were furnished by the East Belleville Women's Institute, and the interest of the girls was shown by their giving their time for this work after school hours. At the closing exercises, two pins as prizes for next year's class were offered by Mr. McFee. Further encouragement was received in the generous gift from Mrs. Ida Bowell, of

Belleville, of a box of supplies for the clinic. Her gift was most appreciated. The clinic will be held in the near future. A hearty vote of thanks was accorded to Dr. Tower by Miss Merry of the High School staff and was seconded by Miss Gattrell.

**LORD BYNG COMING BACK**  
His Excellency Will Attend Opening of Kingston's Memorial Hall

Kingston—Mayor Nickle, during the visit of His Excellency the Governor-General, Lord Byng, of Vimy to Kingston, had an interview with him, and invited him to be present at the opening of the memorial hall and the dedication of the stained glass windows in the city buildings. His Excellency stated that he would be very pleased to accept the invitation. His coming will also be marked by a civic reception to him with likely a dinner in the evening. The occasion will be in the neighborhood of Armistice Day, if the windows can be completed in time, and if not, a week or so later. During his visit here, it is likely that Queen's University will have the governor-general to unveil a memorial tablet at that institution.

**HOOKED A PIKE**  
FORTY INCHES LONG

Kingston—Trowing in Calabogie Lake the other day from a canoe, Adam Lindsay hooked a fine pike, forty inches long and weighing fifteen pounds. Mr. Lindsay managed to get the big fellow into the canoe single handed.

**WINNIPEG ELKS ACTIVE**  
WINNIPEG, Man., Sept. 26.—At a recent banquet attended by 600 members announcement was made that Winnipeg Lodge No. 10 of the Benevolent Protective Order of Elks has incorporated a company with authorized capital of \$200,000 for the purpose of erecting a fine modern club-house. The stock will be issued in \$10 shares to members. The club-house will be fitted with all the latest improvements including a gymnasium, bowling alleys, billiard-rooms, swimming pool, a dormitory for visitors and accommodation of members.

Dr. Tower in opening her lecture said there had been a wonderful advancement in social progress in the last few years. Public health boards have been organized in all cities and towns, clinics and other means of preventing disease becoming an epidemic. The Safety League takes all precautions to prevent accidents, industrial safety is looked after and industrial diseases are safeguarded, showing an advancement in social progress.

A source of dangerous disease is the garbage, sewage water, milk and food. The garbage should be cared for so no rats or flies can get near it, the sewage should not be drained in a place so the water supply could get contaminated. The water supply should be pure, either by filtration or chemical means, the milk is often the source of typhoid or diphtheria germs and foods when bought, especially fruits, should be fresh and not overripe, as then they carry diphtheria germs and sometimes typhoid germs.

Dr. Tower outlined methods of disinfecting. First, by direct application of disinfectants to the germs, second boiling, third, sunlight and drying.

To safeguard against contagious diseases, the provincial government has provided laboratories where tests can be made and the disease defined. In typhoid the blood is tested and to counteract the disease the patient is given a vaccine at once which is successful if given in time. A swab of the throat is sent away in case of diphtheria and antitoxin is administered also in this case.

Contagious diseases have to be fought by the community but it is so now the disease can be prevented from becoming an epidemic by isolation or other preventive methods. Pneumonia and other minor ailments, such as colds, are contagious.

Dr. Tower will continue her lecture on this interesting subject in the near future. A hearty vote of thanks was accorded to Dr. Tower by Miss Merry of the High School staff and was seconded by Miss Gattrell.

**LATE MRS. ARCHIBALD**  
Mrs. Catharine Archibald passed away on Friday at the home of her daughter, Mrs. L. Johns, College Hill, Thurlow. She was born in Aberdeen, Scotland, in 1840, and almost all her life was spent in this country. Mr. Archibald died five years ago. She was a member of the Methodist church. Surviving are two sons, John of Caniffon; William of New York State; four daughters, Mrs. Harry Collard, Toronto; Mrs. L. Johns, Thurlow; Mrs. J. Dundas, Albion, N. Y.; and Mrs. J. Smallhorne, Corbyville. Four sisters of deceased live in Toronto.

**MOVABLE DESKS**  
The question of purchasing movable and adjustable chair desks for the schools was referred to a supplies committee of the Board of Education last evening.

**FINK—CRONK**  
St. Thomas Church was the scene of a quiet wedding this morning when Rev. Archdeacon Beamish officiated at the marriage of Wanda Iverna, only daughter of the late H. W. Cronk and Mrs. Cronk to Herbert Allen Fink youngest son of Mr. David Fink of Ingois.

The bride who was given away by her mother, looked very smart in a Sorrento blue travelling suit with mole skin trimming and hat to match. Miss Gertrude Alford, Barrister of Trenton assisted the bride while the groom was unattended. The young couple left immediately for Detroit and other cities.

## SILENCE CURE FOR THE TIGER

Clemenceau Takes Holiday With Friend Who is as "Deaf as a Post"

**WEARIED FROM TALKING**  
Man of 81 Said to be Contemplating Re-Entry into Political Arena

PARIS, Sept. 26.—Former Premier Clemenceau took his recent "silence cure" in a mediaeval castle perched 1,500 feet above the blue waters of the Mediterranean at Olivese, on the island of Corsica.

Nicholas Pietri, the owner of the castle, has been a life-long friend and newspaper associate of Clemenceau. Pietri is as deaf as the proverbial post.

"I have travelled a lot since the armistice," the former Premier is reported to have said, "but in India, Egypt, the Sudan, everywhere I have been, I have had to talk too much. Now what I want is silence. I am sure to get that with Pietri. I am so deaf that I won't be tempted to volunteer any small talk to him and he is very tactful in not asking questions, realizing that the effort required for me to answer him is too much for my old lungs."

Despite Clemenceau's plea of weakness and his age—81 years—he looks as sturdy as the oaks surrounding the castle.

There are those who insist that the Tiger intends to re-enter the political arena and that in the peace and quietness of the little island which gave birth to Napoleon, he has been preparing for a re-entry into public life that may be almost as startling as that of the little Corporal.

**STALLED ON TRACK**  
Driver Had Narrow Escape as Train Hit Truck

Peterboro—A one-ton truck owned by J. E. A. Fitzgerald stalled in a perilous place endangering the life of the driver and resulting in some damage to itself. The truck it was stated in coming north on Bethune street went to cross to the east side in front of an approaching G. T. R. freight train, at the corner of Hunter, but when the hind wheels were squarely on the track the engine stalled. The driver jumped to safety just as the engine struck the rear part, caught in the mud-guard and dragged the truck 35 feet before the train was brought to a stop.

**REOPENING OF COLLEGE**  
Queen's University Will Re-open on Wednesday, Sept. 28

Kingston—Instructions re registration appearing on college bulletin boards give warning of the re-opening of Queen's next week. The medical students will begin to register on Monday, with classes starting on Wednesday. Their supplementals, as well as those in Science, will conclude tomorrow. The registration in Medicine is still going up. This morning a freshman student arrived from Hamilton, and it is said that two other Hamiltonians will be members of the freshmen class this winter.

**HONOLULU GROOM AT 100**  
Sleepy Village in Pacific Island Claims a Record

HONOLULU, Sept. 26.—The sleepy little village of Kalapana on the southwest coast of the island of Hawaii claims the distinction of having the oldest bridegroom. A native there, D. Kalapana, who claims to be more than 100 years old, has just married a blushing widow of 60. This is his second marriage, his first wife having died more than half a century ago.

## A DENTAL MEMORIAL

REGINA, Sask., Sept. 26.—As a memorial to Canadian dentists who lost their lives in the great war, the dentists of Saskatchewan are being asked to contribute their share towards the establishment of a permanent endowment fund for dental research for the Dominion. "The foundation," states Dr. W. D. Cowan, "plans to work along lines that will be of practical advantage to the dentists of Canada, and subscribers to the foundation will receive bulletins from time to time, covering approved techniques of practical office problems. Subscribers will also, upon request, be able to secure special reports covering any difficult problem where clinical advice or laboratory report is desired."

## TURN SHARKS INTO DOLLARS

Plans by Whaling Company Include Big Plant on Vancouver Island

**LEATHER FROM "FISH"**  
Sharks to be Sought in Same Way as Whales With Harpoons from Guns

VICTORIA, B.C., Sept. 26.—Sharks in the waters along the British Columbia coast are to be turned into leather, liver oil, fertilizer, jewellery, and finally dollars, according to plans of Sidney Ruck, head of the Consolidated Whaling company, who has resigned to launch the new industry. Organization of the new company has been completed, and the reducing plant will be erected on the Alberni Canal.

Shark fishing, like whaling, is to be carried on along the west coast of Vancouver Island, where, Mr. Ruck says, examination has shown that the huge skin sharks, some of them weighing two thousand pounds, race up and down in schools of thousands. Recently one of the coasting steamers reported running into a solid mass of these big fellows.

Fishing for the sharks will be carried on after the fashion of whaling with harpoons shot from guns. Livers of some of the big sun sharks, which are 60 to 65 per cent. oil, yield up to twenty gallons of the finest shark oil. It is used for medical purpose and lubrication of delicate mechanisms. Livers of the smaller mud sharks, found in the waters between the island and the mainland, yield about ten gallons of oil.

Teeth of sharks are in great demand for the manufacture of necklaces. It is stated, owing to a new find in neck ornament which recently developed.

The fins are almost pure gelatine. They are cured and sold to Orientals, who use them in preparation of table delicacies. Membranes and intestines are turned into gloves, glue and gut, blood and flesh into chicken food and fertilizers. The head is a solid mass of cartilage glue.

The most valuable part of the fish is the skin, which has the toughness of vulcanized rubber. The outer surface is as rough as sandpaper. This is taken off by acid treatment, and the skin is tanned.

So serious a situation has developed that there is talk among the fruit farmers of St. Catharines district of forming Vigilance Committees to protect their fruit orchards and vineyards from passing motor parties.

Falling from a Grand Trunk freight train at Cornwall station, John Johnston, of Prescott, sustained injuries of such severity that he passed away later at Cornwall hospital.

The Treaty of Peace between Germany and the United States has been formally ratified by the German Reichsrat, or Upper Chamber.

A grave crisis is reported to have arisen at Budapest and the collapse of the present regime in Hungary is considered likely.
