

Furious Battle Continues West of the Meuse
French are Still Holding Off German Attacks
Flying School May be Started in Brantford

FURTHER HUN ASSAULTS WEST OF MEUSE RIVER

East of the Meuse There is Only Artillery Fighting—Hun Losses Yesterday Were Very Heavy.

Neither Side Shows Any Lack of Valor so the Carnage Goes On.

By Special Wire to the Courier.

Paris, April 12.—Resumption of the German assault on the Verdun front, west of the Meuse was renewed this morning. Troops advanced on Caurettes wood, south of Cumieres, the war office announced, using flame projectors, but were repulsed.

East of the Meuse, in the Douaumont-Vaux sector, there was only artillery fighting. The war office says it has been confirmed that the German losses yesterday were very heavy.

While bringing up reinforcements to resume their attack on Le Mort Homme, the hill of the Dead Man, the Germans are trying to recover the ground regained by the French in Caillette woods and to the north between Douaumont and Vaux.

The French positions there describe an arc from a point south of Douaumont Fort to the center of the village of Vaux and the front is a little less than two miles in length.

For three days the only actions on the east bank of the Meuse have been centered there with the habitual preparation of heavily concentrated artillery fire with a finishing touch in the form of a couple of hours of heavy shelling with suffocating and tear provoking projectiles.

After a bombardment with high explosives lasting eight hours and the use of gas for another hour or two, the Germans would attack in two columns simultaneously on two flanks. There was no visible diminution in their courage and ardor; neither did the French show the slightest fatigue, and the consequence is that the unprecedented carnage of the battle of Verdun goes on.

Yesterday the whole front, beaten by gas projectiles, was overhung by a yellowish cloud of chlorine vapor which seemed to be suspended from the sky. When the cloud lifted the Germans bounded forward, indifferent to the thick death-dealing curtain of fire from the French artillery. Some of them got through it, but only to find that the French had abandoned the first line trenches to allow the gas cloud to dissipate.

German reinforcements were sent up to fortify the trenches, but before they reached the line the French came back with an irresistible counter-attack and in a few minutes drove out the Germans from the few points where they had penetrated the trenches.

BOY SCOUTS OF ITALY, FOLLOWING AMERICAN SYSTEM, DEVELOP MARKED EFFICIENCY

FIRST AID DEMONSTRATION BY ITALIAN BOY SCOUTS

It was a great tribute to the Boy Scouts of America when leaders of boys' societies in Italy, desirous of initiating the Scout movement into that country, visited America to study the American system because they believed it the best fitted for adoption in a new field. They appreciated the fact that for real boyish temperament and real scouting tradition the American boys had developed the work to its highest point, and, while the principles and tenets of Boy Scouts are the same the world over, it was the American system and enthusiasm which so impressed Italian workers among boys that they carried it home with them as the base for the training of their own youths.

MAJOR CARLO CATTAPANI, COMMISSIONER OF BOY SCOUTS OF ITALY

The honours of starting the Boy Scout movement in Italy are divided between two men, Professor Commendatore Carlo Colombo, of the University of Rome, and Commendatore Carlo Cattapani, vice president of the Playgrounds Association of Italy. Professor Colombo gave the actual basis of the work its start and has kept untiringly at it until to-day the Italian Scouts, although not large in number, are renowned for their efficiency. Commendatore Carlo Cattapani has achieved great fame, both in Italy and in America, as a leader of boys in paths that are straight and which lead to real manhood. He is in America at present on a lecture tour.

DUPONT POWDER COMPANY'S PLANT WAS DESTROYED TO-DAY

Plant Wrecked by Four Explosions and Three People Were Killed; Houses Wrecked Eight Miles Away.

By Special Wire to the Courier.

Roanoke, Va., April 12.—The plant of the Dupont powder company, eight miles west of Bluefields, W. Va., was destroyed by an explosion this morning, according to telephone advices from Bluefields.

THREE KILLED Bluefield, W. Va., April 12.—Three persons were killed, a woman and two children when the plant of the Dupont Powder Company at Nemours, eight miles from here was

blown to pieces by four explosions early to-day. The force of the explosions was such that houses in the little village were wrecked and the sound could be plainly heard in this place. The dead children were buried in the ruins of their home, near the powder mill.

The principal damage was done by the first explosion which is said to have completely destroyed the building.

BRANTFORD GETS CHANCE TO FORM AN AVIATORS' SCHOOL

Letter From Toronto Asking if There is Land Available Near the City on Which Aeroplanes Can Land Also Suggests Financial Assistance From City and Citizens to Open an Aviation School Here.

That there is at least a possibility of an aviation school being established in Brantford, is evident at this communication now on file at the city clerk's department. W. Hamilton Merritt, on behalf of the Canadian Aviation Fund, points out the great part played by aviators in the present war and the need for schools of aviation. He enquires whether there is near Brantford an open tract of land two miles long from north to south, and a traverse tract of the same length east and west, to allow an aeroplane to run along the ground, 400 yards would be sufficient width for these tracts. He desires to know also whether the city would give the use of this land free, should it be obtainable; whether there are water facilities nearby for hydroplanes, and sufficient land for the purpose of erecting hangars; whether, in case patriotic citizens of Brantford should raise the sum necessary to equip an aviation school here (\$75,000 to \$100,000) the city council would be willing to grant a reasonable proportion of this amount. He enquires also if the city would give aid both financially and in the use of land, if an outside organization should equip and maintain such a school here. His city council meets on Monday night, and the matter will be up then for discussion.

THE KAISER IS NOT WELL

Shell From French Gun Has Probably Affected His Nerves.

New York, April 12.—A special cable from London to The Tribune says: A Rome despatch to The Daily Telegraph quotes reports reaching there from Berlin to the effect that the Kaiser is at present at Potsdam, where he receives no one but members of his family and a few official personages. When on the French front before Verdun the Kaiser had a narrow escape from being killed by a French shell which exploded near him, killing several officers and destroying the Imperial motor car. The German official communique on the subject announced the emperor was unhurt. His unexpected departure for Potsdam, however, and the mystery with which he is surrounding himself lead to the supposition that in reality the Kaiser either was struck by fragments of the shell or that the violence of the explosion has dangerously affected his nervous system. In a speech in the Church of St. John the Evangelist, in New York, Lieut. Roosevelt, son of Col. Roosevelt, advocated the Australian system of military training.

FRENCH ARE SUPERIOR TO GERMANS IN THE AIR

One Famous French Flyer Fought Five Fokkers Single-Handed in One Day.

Thrilling Accounts of Battles in Which Huns are Worsted.

By Special Wire to the Courier.

Paris, April 12.—As the French infantry and artillery are making every effort to block the efforts of the Germans to get towards Verdun their comrades in the air are no less busy. They have now established a complete ascendancy in that element and every day sees fresh exploits.

Last week Adjutant Navarre, who has accounted for seven German aeroplanes was in the air 24 hours in three days. He seems to sit in his machine as a good horseman sits on his horse. He handles his machine gun in such a way that to load it he has to let go the levers of the air craft. When it was pointed out to him that this was dangerous, he answered: "Possibly; but it is more convenient."

A few days ago Navarre fought five Fokkers single handed. "They were fairly far off," he said, "to the right and left and before and behind. I made sure that my baby (a fast aeroplane) was well in hand, and I did some tricks to amuse them."

"Suddenly, as if at a given signal, all five bore down on me. I waited for them, then I made three little loops and came up behind two Fokkers. Naturally I let drive at them. The others dared not try to strike me for fear of hitting their own pals. It was extremely funny."

One of the most extraordinary feats was performed by a beginner who is not yet twenty-one. "I was having a little argument with two passengers in a Fokker some thirteen hundred feet up," said he smiling. "A broadside from their machine gun put mine out of business. There was nothing for me to do but to make myself scarce, but I was so angry I made a swoop at them and my propeller caught the tail of their machine, taking off the best part of it."

"The blow put my engine out of gear and I dropped 3,000 feet. I thought I was going to be shot out of my machine, but I managed to right her in time and hid the satisfaction of seeing my two Germans finish the race to death alone."

By Special Wire to the Courier.

Shanghai, April 12.—The independence of the province of Che-Kiang was declared this morning at Hangchow, the capital of the province. The railway station was occupied by armed forces to maintain tranquillity and troops were despatched for the same purpose as far as Kashing. This declaration of independence caused surprise in Shanghai, as it had been understood that the revolutionists intended to announce the independence

Dutch Steamer Palembang and Tubantia Sunk When Struck by Hun Torpedoes

Investigation Shows They Could Not Have Encountered Mine, and the Presumption in the Case of the Former Ship is Very Strong Against the Germans.

By Special Wire to the Courier.

Amsterdam, via London, April 12.—The Dutch shipping council which was entrusted by the government with the official investigation into the sinking of the Dutch steamships Palembang and Tubantia, has issued the report of its findings. It gives in great detail the particulars of the facts established regarding the loss of these vessels.

With regard to the Palembang the report says in part: "Three explosions took place. The first was caused by the explosion at some distance of a drifting mine, which was fired upon by a British torpedo boat destroyer. After the explosion the Palembang remained undamaged. The second explosion was caused by a torpedo fired at short range, which hit the Palembang. This is established beyond doubt by the unanimous statement of the witnesses who saw the track of the torpedo. It could not have been fired by the British torpedo boat destroyer, because the torpedo passed some metres in front of the latter vessel. It is possible that the torpedo was meant for the destroyer, but, missing it, hit the Palembang."

The third explosion was also a torpedo. The first mate of the steamship clearly saw its track approaching six lengths away on the starboard. The torpedo was aimed at the Palembang because the British torpedo-boat destroyer was then a great distance away.

"The definite statements of the crew are confirmed by the fact that no ship was hit."

other drifting mines were observed, and the Palembang at the time of the second and third explosions, was motionless and there was, therefore, no possibility of a collision with an anchored mine. Even supposing that the Palembang was carried along by the current, it must be observed that the current was nearly due south, so that the mine would have hit the ship on the port side, whereas the explosion took place on the starboard."

THE TUBANTIA. With regard to the Tubantia the report says in part: "The ship was preparing to cast anchor at 2.30 a.m. when she was hit and a severe explosion took place in the coal bunkers on the starboard side, behind the first funnel. The explosion caused a hole extending from the bottom to the shelter deck. Witnesses observed a streak on the water approaching the Tubantia at great speed, directed at the point where the explosion occurred."

From investigations made by experts it is clearly shown that the pieces of metal in the Tubantia's boat came from a Schwartzkopf torpedo. Statements of witnesses and of experts prove that the explosion was caused by a torpedo, fired from some distance by a submarine or a torpedo boat without warning. In view of the fact that no other vessel was in the vicinity it is evident that the torpedo was meant for the Tubantia. "That no lives were lost was due merely to the fact that no passengers had cabins near the spot where the ship was hit."

Wednesday, April 12, 1916.

The Situation.

The main fighting in connection with the Verdun assault is now to the east of the Meuse, with the Huns making superhuman efforts to secure Dead Man Hill and Hill 304. Their assaults continue to be of a most reckless nature, without regard to the sacrifice of life, and in this respect the toll paid is out of all comparison with the object striven for.

Late advice show that the struggle at St. Eloi still continues, with varying fortunes for both sides. The fighting on both the north and the south of Divion between the Russians and the Germans is becoming more and more intense. Neither side has been able to secure any advantage, and it is said that Hindenburg has asked for reinforcements from the French front.

The struggle in the Caucasus has entered upon a new phase. Following upon the receipt of reinforcements, the Turks are putting up a much more stubborn resistance, and they must to a much greater extent than has latterly been the case.

Roumania, it is announced, has given way to Germany in the matter of allowing the Central powers access to her wheat supply, and the indications are that there is soon likely to be heavy fighting on the British front in Flanders.

Daylight Saving.

The business men of St. John, N.B., at a recent meeting, decided to ask the City Council to set the clock ahead one hour, from April 30th to September 30th. In other words, they want to make the present 6 a.m. 7 a.m., and thus knock off work at the present time of 5 o'clock.

A lot of common-sense and good health is involved in such a change for all classes. The vast majority of us have to keep our noses to the grindstone pretty steadily in order to keep the family pot boiling, and an extra hour for recreation during the period of daylight would serve to confer notable benefit and pleasure upon all classes.

Talk of dislocation of business is mainly moonshine. Any community would very readily adapt itself to such a change as that mentioned. When it was found that the year as fixed by Julius Caesar had a difference as compared with the solar year, there was a change in the year. Accordingly we have an extra day every four years, known as "leap year." Nobody was inconvenienced by the change any more than they would be by the daylight-saving plan.

A Trade Compact.

That was a timely meeting held in Galt when representative business men of the industrial communities in this section of the Province foregathered for the purpose of considering the securing for Canada of more foreign trade than that which she now enjoys.

The supplanting of Germany in the markets of the Empire and of the Allies was, of course, most in view. That country at the time hostilities commenced had made marvellous strides in the markets of the world, and even now, while in the midst of the throes of the big war, it is announced that plans are in preparation in the Fatherland for a more efficient conservation of industrial energy.

The scheme talked of there, when hostilities are over, is to transform the ordinary school system into one mainly of industrial training. In fact, Lord Haldane, in a recent speech, uttered the warning that Germany after the

struggle would probably have to be more feared, industrially, than even formerly, as all of the system which had built up her admittedly complete and unique war machine would be applied to commercial channels. For this reason he urged hearty and comprehensive co-operation as an offset.

It will be noticed that the resolution passed at Galt advocated a series of preferential tariffs between all portions of the British Empire, and favored-nation clauses on behalf of the Allies as against the Central powers. That kind of talk has the right ring about it.

NOTES AND COMMENTS

Villa still continues to be chased. About the first time in his licentious career anything like that has ever happened to him.

Thos. Nelson Page, American ambassador at Rome, is coming home on a visit. Somehow leaves seem quite appropriate in connection with his name.

The Kaiser is reported to have been so shaken up by a bomb which burst near him that he is resting up. Nice spectacle that for the myriads of other men whom he and the Crown Prince are ordering to his slaughter.

Prince Oscar, the fifth son of Emperor William, has been proclaimed King of Luthania. Napoleon had a habit of tossing a few thrones to his kinsmen, and Oscar's won't last even as short a time as theirs.

Mayor Walters of Hamilton believed he had completed arrangements for the shipping of 4,000 loaves to that city in order to break the seven-cent price, but they failed to arrive.

He now feels quite crusty about it, as he thinks citizens there are asked to dig too deeply into their money rolls for the staff of life.

For a period of four years the city of St. John, N.B., has had the commission form of municipal government, and recently a vote was taken there to see if this method should be retained or a return be made to the ward system. The answer was 4,092 votes for the commission plan and 1,824 against. The Saints who reside in that burgh evidently believe that three capable men can handle municipal business better than a board of aldermen changing every year.

ANNUAL MEETING OF SHUBERT CHOIR

Dr. Britton Elected President of Organization For Next Year.

PRESENTATION TO MR. DYMOND

Informal Program Held and Prospects Good For 1917.

The annual meeting of the Shubert Choir, which was held last night at the store of H. J. Smith, on Colborne street, proved to be an enjoyable occasion. The attendance was good, reports were satisfactory, while an informal discussion, a presentation, and a short program rounded out the evening.

Mr. K. C. Burns took the chair and called for reports. The treasurer's report was most satisfactory. After allowing for a small honorarium for Mr. Higgins a nice balance remains on hand for future use.

The election of officers resulted as follows: Hon. Pres.—His Honor, Judge Hardy. Hon. Vice-Pres.—R. H. Reville. Vice Pres.—Mr. T. L. Dymond. Treasurer.—H. J. Smith. Secretary.—R. D. Dymond. Chorus Secretary.—S. R. Eacrett. Librarian.—Percy Farnsworth. Executive.—Mrs. Rogers, Mrs. Eacrett, Mrs. Brewster, Miss O'Grady, Messrs. F. Buck, W. H. Martin, K. C. Burns, Whitaker.

A pleasing feature of the evening was a presentation by the chorus members of a handsome library table to Mr. L. Lloyd Dymond, as an appreciation of his services as accompanist for the past year. Mr. Burns made an informal speech, while Dr. Britton made the presentation. Though taken by surprise, Mr. Dymond made a suitable reply, acknowledging with many thanks the splendid gift.

After the election of officers, Dr. Britton took the chair and under his guidance a short discussion was held concerning the future prospects of the organization. All the members seemed most enthusiastic and a successful season next year is confidently anticipated.

Following the business of the evening came a brief musical program, which consisted of piano duet, C. Higgins, T. L. Dymond; solo, Mr. N. Buck; solo, Miss Carvin; violin selection, Miss Marjorie Jones. Needless to say, the rendition of each number as splendid.

UNITE CANADA IN TRADE WAR UPON TEUTONS

Business Men Launch at Galt Movement to Keep Out German Goods.

The funeral took place on Saturday at Galt. A movement of great importance to the Dominion was launched here yesterday afternoon at a meeting of representative business men of Brantford, Paris, Berlin, Waterloo, Preston, Hespeler, Breslau and Galt, the objects of which are to improve the trade relations of Canada and to combine with allied nations by high tariffs, etc., to keep German goods out of the markets.

D. B. Detweiler, of Berlin, who has been instrumental in promoting other movements of provincial benefit, is one of the men behind the latest undertaking.

THE POSSIBILITIES. A splendid address on the possibilities of increasing Canadian exports was given by G. M. Murray, secretary of the Canadian Manufacturers' Association. In the reconstruction of the war swept portions of Belgium, France and Poland, the North American continent would be said to get the big portion of the business to come, and it was now up to Canadian manufacturers to make a greater effort to capture its share of this business.

In Russia the possibilities were great for obtaining a big export business, and Canadian manufacturers were to-day facing the open door to the European markets, and if the opportunity was let pass prosperity for Canada for many years to come would be lost and hard times probably follow.

A RESOLUTION. A resolution moved by George A. Dobbin, of Galt, and seconded by H. Matthews, declared that it was not only Germany's ambition to dominate the world in a military sense, but also from the standpoint of industry and commerce. However, confidence was expressed in Great Britain and her allies to defeat the aspirations of Germany, which would only be complete when it was made impossible for Germany to recover her lost trade.

By means of customs tariffs and otherwise the allied countries would be able to reserve their great consuming markets for their mutual enjoyment and to the exclusion of the enemy, therefore it was resolved that "This meeting of farmers, manufacturers and business men, in conference with a record as of opinion that next to an organization of her resources in men, money and material being conducted to a speedy and successful termination of the war, Canada's paramount duty is to organize public opinion at home and assist in organizing public opinion abroad, that there may be consummated with as little delay as possible:

"1. A series of preferential tariffs between all parts of the British Empire that will give the greatest practical encouragement to inter-empire trading.

"2. A series of reciprocal tariffs between all nations that are allied against the central powers in the present struggle to conserve their trade.

"3. An agreement among the allies to give favorable treatment to neutral countries, and

"4. An agreement among all the allies to subject the products of the central empires to such surtax and other disabilities as will effectually restrict them from competition in the markets of the allies."

A committee was appointed for a prompt and widespread promulgation of the resolution and to secure effective action.

C. E. A. Dowler, president of the Galt Board of Trade, was chairman of the meeting.

The Brantford men present at the meeting in Galt were: Mayor Bowby, Messrs Logan Waterous, Geo. Matthews, Chas. G. Snider, John Muir and H. H. Powell, president of the board of trade.

Dupont Powder

(Continued from page one.)

ing in which it occurred. The succeeding explosions were believed to have been caused by flying embers and were of less intensity.

Details of the explosion are lacking as Nemours is located in wild country and all wires leading to the town were torn down. The plant, which was located there 15 years ago had been working day and night on war orders.

Bandits Routed.

Torren, Mex., April 11, via El Paso, April 12.—Details of a five hour battle on Sunday between the Carranza garrison at Pasaje Durango and an attacking force composed of Contreras and Ceniceros bandits were brought here to-day. The outlaws fled in disorder after losing seven killed, it is reported. The de facto troops lost four dead.

S.S. Senator Sunk.

London, April 12, 1 p.m.—Lloyds announces that the Senator, a new British steamship of 3,497 tons has been sunk. It is believed all hands have been saved. The Senator was owned in Whitby.

Harry Clary Jones, professor of physical chemistry in the Hopkins University, Baltimore, and one of the greatest authorities on the subject in the United States, died suddenly

SIR EDWARD GREY CLAIMS BLOCKADE IS MAINTAINED

Britain and France Make Reply to Neutrals' Complaints.

THE COMING PARIS CONFERENCE

Economic Rather Than Military Subjects Would be Under Discussion.

By Special Wire to the Courier.

London, April 12.—(New York Sun cable)—Sir Edward Grey stated in the House of Commons yesterday that the British and French governments had presented a memorandum to neutrals who protested against the seizure of enemy property passing through their ports. He declared that the effectiveness of the economic blockade was being maintained in every way possible.

Premier Asquith described to the House of Commons the general results of the recent Paris conference of the allies. He said that the most important results were the reaffirmation of the entire solidarity of the allies, the establishment of the identity of the views and the assurance of unity of action in the prosecution and conduct of the war.

He also said that his visit to Italy was signified by manifestations of the traditional friendship between Italy and England, which had been accentuated by the brotherhood of arms.

In the House of Lords the Marquis of Crewe stated that the coming conference of the allies in Paris would discuss the prohibition of trade with the enemy, the character of the prohibited exports from Great Britain and the economic independence of the allies. He stated that the Australian premier would attend the conference as the Imperial representative. He added that the English delegates would not bind the government definitely to any measures. A bill giving local authorities emergency war powers, passed the committee to-day in the House of Commons.

Pemberton Billing, who was recently elected to the House on an "air defence" ticket, bluntly urged Premier Asquith to stop fooling in connection with the air service and to abolish the air committee. It is the contention of many that the air committee has not sufficient power to handle the air defence of the British Isles, and should be replaced by an air minister.

Harold J. Tennant, under secretary of state for war, stated that two members of the air committee, had resigned on account of their differences but added that there was no friction among the members. He referred to Lord Derby and Lord Montagu of Beaulieu, whose resignation was announced yesterday.

CALVARY BAPTIST HOLDS ANNUAL BUSINESS MEETING

Various Reports Received, and Church in Good Condition.

The annual business meeting of the Calvary Baptist church was held on Tuesday, April 11th, Rev. Mr. Bowyer, the pastor, presided. After devotional exercises, the various reports were read by the secretaries and treasurers. There was an increase in the general contributions in all departments.

The pastor's report acknowledged the kindness shown to himself and Mrs. Bowyer, emphasized the advantages of co-operation on the part of all as evidenced by the year of progress, and advocated the continuance of such co-operation.

The clerk reported an addition of 37 to the church roll, the present membership being 333, a total increase of 26. Sympathetic mention was made of the sick and shut-in friends and of the bereaved.

The officers for the year were elected, including F. J. Bullock as clerk and Geo. Cowie as treasurer.

Hearty appreciation was expressed for the services rendered by the official staff, the visiting soloists, the members of the choir, and committees. The church also thanks those who supplied the pulpit on various occasions. Since the war began, 22 Calvary men have donned the khaki.

A canvass is being made for regular weekly offerings by the duplex envelope system, which is expected to further increase the annual revenue.

A resolution of esteem for Mr. Bowyer was unanimously adopted, in which was stated that a large measure of the success of the year was due (under God) to his pastoral oversight, organizing ability and pulpit gifts. The meeting was terminated with the singing of "Blest be the tie that binds," by the congregation, and prayer by Oscar Sates, in a spirit of unanimity prevails, and after one of the most encouraging years in its history, Calvary Church moves forward bravely, fully, and fully, looking for Divine guidance,

Local News

GRACE CHURCH. At the Lenten service this evening at 8 o'clock the preacher is the Rev. R. J. Remison, rector of the Church of the Ascension, Hamilton.

POLICE COURT. Fred Green, charged with not working, was remanded for a week by P. M. Livingston this morning. A drunk was assessed \$3.

STILL LIVES HERE. The patriotic song, "Tommy Call Your Dog Off," referred to in a recent report of Sunday night's recruiting meeting, was composed by Mrs. George Andrews, who still resides in Brantford, and is not an ex-resident as was previously stated.

THE "OLD FLAG." There is much said about keeping the "Old Flag Flying," but no one expected that the "old flag," 50 years of age, with the words "Toronto, Canada West," would find its way to Brantford. Mr. Bullock has presented this large old Canadian flag to Lieut.-Col. Harry Colesburt and the 27th Battalion. The gallant Colonel and his Battalion will see that the "old flag" will stay kept flying.

DOES NOT APPLY HERE. The commission to investigate labor conditions in munition factories as announced to-day, applies only to plants in Toronto and Montreal. The chairman of the commission is Judge C. G. Snider, father of Major Snider of the 25th. The other members of the commission are, one from Toronto, and one from Montreal. There will be three altogether on the commission.

BOAT HOUSE GONE. The boat house hitherto situated at the back of Jubilee Terrace, near Lorne Bridge, is gone. This morning conference of the allies in Paris would discuss the prohibition of trade with the enemy, the character of the prohibited exports from Great Britain and the economic independence of the allies. He stated that the Australian premier would attend the conference as the Imperial representative. He added that the English delegates would not bind the government definitely to any measures. A bill giving local authorities emergency war powers, passed the committee to-day in the House of Commons.

The Easter thank-offering meeting of the Ladies' Mission Circle of St. James' Memorial church was held last night. An interesting paper on Foreign Missions was given by Mrs. Gamble, recitations by Miss Perry and Miss Wood, duet by Miss Chapman and Miss Harcourt; quartette by Miss Wood, Mrs. Hibbit and Messrs. Misener and Storey, dialogue by Messrs. Hardisty, McKay, Misher, Storey and Chapman. A pleasant surprise of the evening was the presentation to Mrs. Chapman of a Life Membership in the Home Missionary Society. Dainty refreshments were served by the ladies of the circle. The thank-offering amounted to \$17.72.

1000 MEN IN BIBLE CLASSES BY JAN. 1ST 1917

Brantford Has That Goal Before It and Work Has Already Begun.

One thousand men! This goal of the Sunday School leaders of this city was set last night by a representative meeting of Superintendents, pastors and teachers in the Y.M.C.A. The meeting was presided over by Rev. L. Brown head of the Adult Department of the Brantford Sunday school association while Mr. A. E. Day, acted as secretary. Considerable time was spent in discussing the proposed plan for building up the Bible classes in the city and the movement was finally endorsed and a committee of three, composed of Mr. J. F. Schurman, G. L. Goodwin and Mr. A. E. Day was appointed to take the matter up of organizing a general committee, and report back to the meeting in two weeks hence, when detailed plans will be laid for the launching of this movement in October next.

Pianos Popular. London, April 11.—One of the most curious results of the war is a veritable boom in the secondhand piano business. The reason for this is that the work of making munitions for many people to think of a piano who never thought they would own one and their added income is just enough for them to afford an old instrument.

"Less than two years ago," explained a dealer, "pianos, if more than 20 years old, were a real drug on the market and many had to be sold at firewood prices. Now we dealers cannot get enough of them to sell for very fair prices. I paid a customer the same price for a piano that he paid me for it sixteen years ago."

CASTORIA

For Infants and Children In Use For Over 30 Years

BEING GRAVELLED.

The lower end of Mary street is being gravelled under the direction of the Board of Works. The condition of the road bed got so bad here during the past few weeks that traffic was practically impossible. The work will be completed in the course of a few days.

ROAD PLOWS.

A circular and testimonials of their road and contractors' plows have been sent by the Wiard Plow Co. Batavia, N. Y., to Mayor Bowly. These plows were on exhibition at the recent Good Roads' Convention in Pittsburg, which the Mayor attended.

FLORAL TRIBUTES.

The following names of those who sent sprays as a token of respect to the late Mrs. Fick, should be added to yesterday's list: Mr. and Mrs. Oliver Patterson, Mr. and Mrs. T. Y. Thompson, Mr. and Mrs. Duff Williamson, Mr. and Mrs. Tuck and family, Mr. and Mrs. Wilson, Hamilton.

VALUE OF PERMITS.

F. W. Field, editor of the Monetary Times, in a communication to City Clerk Leonard requests to know the total value of building permits issued in Brantford from January, 1912 to March, 1916. This information is being obtained from over twenty of the leading cities and towns of Canada.

STREET CAR CRITICISM.

In a letter to the Mayor, Mr. Jas. S. Brown, airs several grievances with regard to the street cars, the Eagle Place line particularly, and requests that Mayor Bowly take steps to remedy these. He complains of the cars not stopping for passengers and refusing to take on more before they are filled.

HOSPITAL GRANT.

A summary of the building account of the Brantford General Hospital is now on file in the City Clerk's office, it showing \$28,000 needed to complete matters in addition to the \$7,000 recently voted by the County Council. For the purpose of raising this sum it is requested that the city council prepare and submit a by-law.

NEW SHELTER STATION.

A neat looking and commodious shelter station has been erected by the Hamilton and Brantford Electric Railway Co. at the Murray St. crossing. The need of the structure was brought to the attention of the City Council by Ald. Ward, Ald. Bragg, chairman of the railway committee, taking the matter up with the above result. Residents of Eagle Place and the East Ward greatly appreciate the new accommodation.

THE PASSOVER SEASON.

Next Monday night at sunset begins the "Passover" season for all Jews, which commemorates the march out of Egypt of the children of Israel under the leadership of Moses. The Passover lasts eight days, until April 25th at sunset. No leavened bread is eaten during these days. Special holy convocation is on the 18th, the 19th, also the 24th and the 25th. Hebrew children will be absent from public schools during the Passover season. In Brantford, special prayers will be held at 33 Palace street, at 7.30 p.m. on the 17th, the 18th, the 23rd and the 24th, and at 9 a.m. on the 18th, the 19th, the 24th and the 25th.

IN MEMORIAM

REID—In loving memory of Etta May Reid, who died April 12th, 1910. Six years have gone, but still we miss her. Friends may think the wound is healed, But they little know the sorrow Deep within our hearts concealed. Some day, some time, our eyes shall see The face we loved so well; Some day her hand shall clasp in ours, And never bid farewell. —Mother.

COMING EVENTS

EQUAL FRANCHISE CLUB meeting for election of officers, Thursday, 13th, at 8 o'clock in Y. W. C. A. Reading Room.

CARD OF THANKS.

Mr. W. Fick, Mr. and Mrs. L. Durham and family wish to thank their many friends for their kindness and tokens of sympathy extended in their sad bereavement.

THE PROBS

Toronto, April 12.—The shallow disturbance, which was over Lake Superior yesterday morning has moved eastward to Quebec and the New England States, and another is centered over South Dakota. Showers have occurred in Ontario and the Western Provinces, while in Quebec and the Maritime Provinces the weather has been fair and mild. FORECASTS: Fair and mild to-day. Thursday, southwesterly winds, warmer and mostly fair with a few local showers.

SEPARATE SCHOOL BOARD

The separate school board meets to-night in the city hall.

ANOTHER RECRUIT.

One man joined the 125th yesterday: Harry Rogers, Eng. 37, farmer, married, 24 Wellington street, five months, Buffs Volunteers.

NOT SAME MAN.

Mr. John Vince, Echo Place, is not the Mr. John Vince mentioned in yesterday's police court news.

215TH CONCERT.

The series of entertainments held by the 215th every Saturday evening at the old Y. M. C. A. Hall are becoming very popular with the men and their friends. A very attractive program is being prepared for next Saturday evening.

WESLEY CHURCH LEAGUE

The monthly meeting of the mission circle of Wesley church was held at the home of Miss Mae Wood last night. The annual election of officers took place, which resulted as follows: President, Miss Emma Carter; 1st Vice-Pres., Miss Agnew; and Vice-Pres., Miss G. Graham; Secretary, Miss Wood; Corresponding Secretary Miss James; Treasurer, Miss Betts; Supp., Miss Edna Graham; Pianist, Miss Litch; Asst. Pianist, Miss E. Goodwin.

SOLDIER GAVE TALK.

The regular weekly meeting of Bal-four St. Presbyterian Y. F. S. C. E. was held in the church last evening with the president in charge. There was a large attendance which is very encouraging to the officers of the society. The subject for the evening was "Denominational Duties" which was taken by Corporal Chas. Dewar, who gave a splendid talk on the subject. A strong discussion arose and several took part in it. The meeting was then brought to a close with the singing of a hymn and the benediction.

"THE VOICE OF OUR NATION."

Mrs. J. Y. Brown and Mrs. J. J. Hurley were the guests of Mrs. A. E. Westbrook at Oakland yesterday. Mrs. Brown addressed the Women's Institute, which was held at the home of the president, Mrs. P. Vivian. Mrs. Brown's address was a most inspiring one on "The Voice of Our Nation," which was listened to with rapt attention by all the ladies present. Mrs. Hurley, who is always welcomed so heartily at all Institute meetings, spoke briefly on the great help and assistance the women of Canada are giving to our Empire. Both addresses were much enjoyed by all present at the meeting.

Amongst the imported Suits are fine quality of Gaberdines, Poplins, All Wool Checks, Serges, Silk Poplin, Combination of Silk and Serge, Taffeta Silk.

FOR INSTANCE, WE DESCRIBE BRIEFLY A FEW STYLES

Suit of All Wool Gabardine in the new rookie shade, made with convertible collar, yoke effect at front and back with side pleats, finished with belt. Coat full satin lined, Skirt made full flare with fancy pointed yoke. A very stunning suit. SALE PRICE ..... \$23.50

Very Striking Suit of all wool Black, White and Green Check, full box coat effect, with yoke effect over shoulder. This is the style New York, for some reason, has named the "Monkey Suit." Green suede leather trimming, with cut steel buttons, gives a very distinctive appearance. Collar is of the deep capelet style, of black taffeta silk, the cuffs being of same material, flare effect and finished with fancy green stitching. Skirt is made very smartly, giving pocket effect. SALE PRICE ..... \$26.50

Fine Quality Gabardine, all wool, in the new apple green shade. Coat comes in full pleated effect, caught in with belt of silk and self material finished with buckles and buttons. The collar is of great depth with scalloped edges, finished in taffeta to match material, while an over collar of white corded silk gives a very effective finish. Coat lined with best quality silk. Skirt made in full flared front, back being shirred at back and finished with belt. SALE PRICE ..... \$20.50

A beautiful model made of Navy Blue All Wool Serge. The coat is of Russian blouse effect, with very full ripple of roll pleats, graduating to somewhat more pronounced length at back. Collar is serge, with a stand-up collar of maize taffeta silk; the lapels are of the new full pleated effect. Coat is full satin lined. Skirt is made with flare at sides and box pleated back—a very distinctive suit. SALE PRICE ..... \$23.50

# CLEAN-UP AND PAINT-UP

It is not too early for a Clean-Up. The snow has gone, leaving the winter's accumulation of refuse. Not only is the time ripe for housecleaning, but the time is ripe also for an outside clean up. Merchants advertising on this page have every requirement necessary for both in the house and outside cleaning and brightening. They will be pleased to have you consult them. Brantford citizens, generally, take a pride in their homes, and this year, no doubt, will find them, as ever, anxious to clean-up. Clear away the winter refuse--Swat the early fly. Cleanliness makes for safety from disease.

### Sporting Gossip.

The baseball lid will be pried off to-day when the majors get under way. It will be the 41st opening for the National and the 17th for the American, but no season ever had such glorious prospects as the present one. The signing of the Cincinnati peace treaty passed the Federals out of existence, and Organized Ball is now left to do larger business than ever. Financial conditions are better now than they ever were across the border, which means a lot to amusement magnates. Ball players like the fans, look forward to opening day with a lot of enthusiasm or anxiety, as the case might be. It marks the beginning of another year in baseball for them, for although they may have spent two months in the Spring training camp, yet they don't begin to earn salary until the regular season is under way. That's a vital point. Then there is another thing. The managers begin to use the pruning knife more steadily, and the stars of yesterday, or the young phenoms, may find themselves shifted to a lower organization. In some instances it is good-bye to the majors for ever, while in others it only means a little more seasoning. As any rate, it hurts, for the player's ambition is to stay in the big league, even if he may not be drawing as large a salary as many in the minors. Bookmakers who have been quoting prices on the American League race have had to do some quick work with the rubber and chalk in the last few days. The sale of Speaker upset the slate, just the same as if a favorite had gone lame in a stake race five minutes before post time. Not only did the transfer renege the bets, but it caused a very decided shortening of the quotations against Detroit and Chicago. It never, though, caused any flurry in the price against Cleveland. The latter club has too many weak spots that need plugging.

Joe Patchen II, (203 1-4), who in 1912 was called the "Big Train from Canada," and who swept the Grand Circuit of every stake but one, is again being prepared for the big show after a year's absence. Joe Patchen II was bred in Ontario, and won his first race at the Toronto Exhibition track. T. Hodgins, of Orillia, sold him for a large sum to Rod Mackenzie, of Winnipeg, and the latter never regretted the purchase. During his four months' campaign four years ago he won approximately \$27,000, and until last year held the record for a winning pacer, when Hal Boy established a new mark. Billy Fleming, who drove the great pacer in 1912, is again back in the Mackenzie barn, and will again be behind the "Big Train." Fleming is able to team him better than any other driver that sat behind him, and that includes the veteran "Pop" Geers. During the season of 1912, when Joe Patchen II was sweeping everything before him on the Grand Circuit, it looked as if he would go into Winter quarters with an unbeaten record. This was also the wish of Rod Mackenzie, his owner, and driver Fleming had orders to drive for every cent he could get. However, one day at Port Erie, another Canadian horse took the measure of the "Big Train," it being Knight Onwardo, driven by Nat Ray, the Toronto boy. This was the biggest killing that was made on the Grand Circuit that season. The Knight Onwardo connections cleaned up handsomely, while naturally Rod Mackenzie was very much chagrined over the defeat of his crack.

This is our tip to shrewd investors: Wager that no regular outfielder of the Yankees will bat .300. Our next best baseball bet is that Benny Kauff will hit below .200 and our third and best prediction is that Hans Lobert will not finish the season at third base for the New York Giants.

An oarsman was asked once what he remembered about a four-mile race he had rowed, and he replied that the one thing which was burned in his memory was a little round back-sellar button bruise on the neck of No. 3. He trained just four months to watch that red mark for twenty minutes.

While no one can venture to predict when Hans Wagner will play his last ball game, it is a pretty good guess that Nap Lajoie will retire after the coming season, for his nine-thousand-dollar contract will expire at the end of the 1916 campaign, and he will not be likely to accept a cut or take the management of some minor league club. Lajoie is a player who has enjoyed a big salary for a long period of years. He has managed his income well and probably is better fixed than any other player now in harness. Wagner, too, is a wealthy man and it is doubtful if Lajoie has drawn more than Hans in the last ten years or so. But Hans is a more agile player than Larry and there is no telling how many more years the Flying Dutchman will be cavorting around the Pittsburgh diamond.

In the opinion of that performer of baseball miracles, George T. Stallings, manager of the Braves, Lee Magee, is second only to "Ty" Cobb as a ball player. Stallings also declares that it would not cause him the least sur-lead the American League this year. "Leg Magee is the ace in the Yankee deck," was the way Stallings put it.

Richard Reddin, aged 79, judge of probate, is dead at Charlottetown. He was admitted to the bar in 1860, and was appointed judge in 1892.

### EFFORTS BEING MADE TO RAISE PLATOON OF ROMAN CATHOLICS FOR THE 215TH

Meeting Last Night in C.M.B.A. Hall Addressed by Lieut.-Colonel Cockshutt, Sergt.-Major Salvaneschi and Sergt.-Major Eccles—Father Padden Made Strong Appeal to Men to Fight for Their Country.

loyalty of Canada, said Sergt.-Major Eccles, but there was still room for improvement in the matter of enlist- ing here. "There was no reason why one man should fight another's battle in the trenches. Khaki was the only fashion for able-bodied men to-day. Conscription had come in England and we would follow the Mother Country. Sergt.-Major Eccles ex- pressed the wish that he might be transferred to the first conscript re- giment raised. "I'd make them regret they weren't volunteers," he declared. He was proud that his parents came of the same race as Edith Cavell and that he was fighting for that race. "Women do what she has done, and yet some fellows are satisfied to walk the streets and call themselves men." He appealed to all present to fight for justice and liberty for the memory of Edith Cavell, and for the honor of the women of Canada and the entire world. "The boys in the trenches are facing death for us," declared the speaker. "I believe it home that it does to age, to stay at home that it does to age."

In a few words, Rev. Father Padden expressed the hope that the meet- ing might bear fruit ere long through the splendid addresses delivered. The singing of the National Anthem then brought the evening to a close. Ex- cellent piano selections, including the latest patriotic airs, were rendered by Mr. J. McQuinn early in the evening.

### WOULD LIMIT POWERS OF UPPER CHAMBER

Third Adoption of a Bill by House of Commons Would Make It Law.

Ottawa, April 12.—Senator Cloran gave notice in the Senate yesterday of a resolution asking leave of the Imperial Parliament to amend the British North American Act so as to provide that when the Senate rejects at two consecutive sessions of Parlia- ment legislation having its origin in the House of Commons, the House of Commons at the ensuing session will have power to adopt or pass such a measure without further reference to the Senate.

Senator Cloran's resolution was received with applause. The Government's measure appropriating \$50,000,000 for immediate relief in carrying on the war was given a second reading without discussion.

### PLANTAN IS PLANTAN

That is the kernel in the nut. Thousands of people are asking this question, "What is Plantan?" And in answer the best people of Brantford are saying that it is a most marvelous medicine, and are telling of the relief they have through its use.

Plantan is purely a product of herbs, roots and flowers, that are gathered from many of the remote and almost inaccessible parts of the British empire, and compounded into this justly famous medicine under the supervision of one of the Dominion's most famous chemist scientists.

Being free from opiates, narcotics or minerals, Plantan may be taken by those in the most delicate state of health. Plantan is most effective in instances of deranged stomach, liver, kidneys and intestines, and through its tonic effect and system cleaning properties gives remarkable results in catarrhal troubles and rheumatism.

Call and see Mr. Jackson, the Plantan expert, at Boles' drug store, where he is courteously explaining the merit of Plantan to large crowds each day and evening.

One of New York City's most venerable structures, known as the first Tiffany Mansion, was destroyed by fire.

### READY TO SERVE AS A NURSE

Wealthy Newfoundland Woman Anxious to Do Her Share.

By Special Wire to the Courier. New York, April 12.—"For the honor of my family, the least I can do is to go abroad to act as a nurse. I have no brothers, and my sisters are too young to do anything to help others. My parents are dead; why should I not do my share in the great work?" So spoke Miss Elsie Doyle, who arrived here yesterday aboard the Steamship Stephano of the Red Cross Line from Newfoundland, and she is going to London to report at the Queen Alexandra's Imperial Hospital service, and believes she will be assigned to duty on the firing line in France.

"At least that is what I hope will be allotted to me," said the young lady. "I was graduated from the King's County Hospital training school for nurses in 1914, and spent an entire year after that in active work at the hospital. So, you see, I am well qualified to take care of the wounded."

### COMMITTEE ADOPTS PROHIBITORY ACT

Remaining Sections of Bill in Aid of Provincial Legislation Approved.

Ottawa, April 12.—Practically all the remaining sections of Hon. C. J. Doherty's bill, in aid of provincial prohibitory legislation were adopted in committee of the whole in the House yesterday. The bill was, however allowed to remain in committee until it has been reprinted with amendments which have been inserted in it.

During the discussion, Mr. H. B. Morphy, of North Perth, told the Minister of Justice that the Scott Act would become effective in Perth County on May 1. He asked if it would be over-riden by the provincial prohibition legislation, and if it would be possible to defer the operation of the Canada Temperance Act until September 16, when the Provincial Act would become effective.

Hon. Mr. Doherty thought that the Canada Temperance Act as a Dominion law would, in counties where it had been adopted, exclude the provincial legislation. He pointed out that the date upon which the Canada Temperance Act became effective was fixed by statute.

Mr. Morphy said that the provincial legislation might permit the sale of light beers containing less than a certain percentage of alcohol but the Canada Temperance Act would not. He held that in a county where some municipalities had passed local option by-laws, where the Canada Temperance Act had been adopted and where the Federal Act were added, there would be confusion which should be dispelled. He said that certain liquor in this would until September 16 to dispose of their stocks. He pointed out that had the people of Perth County known a Provincial Temperance Act would be passed they might not have voted for the Scott Act.

The minister promised to give the question of deferring the operation of the Scott Act his consideration.

Leaders see political elimination of William Barnes as result of his defeat Saturday in the Republican State Committee.

Eight hundred high school girls in Baltimore, Md., have taken a pledge never again to wear a feather in their hats.

## Spain Amazed at the Act

Loss of Ship From Sub's Attack Causes It to Make Enquiries.

Madrid, via Paris, April 11.—"We are confronted with such an incomprehensibly absurd act that I am loath to believe it until a thorough inquiry has been made," said Count Romanones, the Spanish premier, last night with regard to the torpedoing of the Spanish steamship Santanderino in the Bay of Biscay as a consequence of which four lives were lost. "I am waiting for full information before taking action," the Premier added. "I may say, however, that preliminary instructions have already been telegraphed to our ambassador in Berlin."
