## High School Literary Society

The closing meeting of the High School Literary Society was held on the afternoon of June 8th. The President, Mr. Ivan Rasberry, delivered a fine address, wishing the students every success in their exams. The Secretary gave a report of the whole year and also a statement of the finances. A very good program was given by those who had passed their exams. A few items worthy of mention are: a fine speech on the life of Lloyd George by Miss Olive Sinclair; a piano duet by Zeta Bogle and Mabel McCartney; a reading by Miss Ruth Newell, vocal duet by the Misses Muriel Everitt and Mary Smith. Miss Forester then presented a beautiful picture to each pupil who had spoken at the school concert and had not received a prize. A play entitled "No Man in the House" was given by several girls. This showed a great deal of preparation on their part and aroused heaps of laughter. Miss McDonald presented a flower vase and a bouquet of sweet peas to Miss E. Dale Sinclair for conducting the singing at the school concert. Mr. Spencer very ably acted as critic, and praised the officers of the society for conducting the organization in the manner in which they had. The meeting came to a close by singing the National Anthem.

C. ATTRIDGE,  
Secretary

## Baker-McGregor Wedding

At 3 o'clock last Saturday afternoon at the family residence "Clunes" Waterdown, the marriage was solemnized of Muriel Elizabeth, daughter of Dr. and Mrs. J. O. McGregor, to Mr. Orrin Hugh Baker, son of Mrs. Geo. Baker of Chicago. Rev. James Anthony, of Fingal, conducted the ceremony, which took place under an arch, beautiful with masses of bridal wreath and ferns, against a background formed by the picturesque gardens at the stately old home. About sixty-five guests were present.

The attractive bride, who was given away in marriage by her father, never looked more lovely. Her gown was an exquisite creation of orchid crepe, gracefully draped, and her mohair hat was also of orchid color. Orchids and lilies of the valley composed her shower bouquet. Her only attendant was her sister, Miss Winnifrid McGregor, who was very pretty in a smart frock of marigold crepe, with trimmings of purple velvet. She carried marigolds and purple sweet peas. The best man was Mr. J. D. Carruthers, of Cleveland, Ohio. Following the ceremony a reception was held. Mrs. McGregor mother of the bride, was wearing a beautiful gown of grey crepe, with corsage bouquet of orchids and a modish hat with grey plumes. Mrs. Geo. Baker, the bridegroom's mother was handsome in grey with purple hat and a bouquet of orchids. Mr. and Mrs. Orrin Hugh Baker later left on a wedding trip, the bride going away in a suit of poiret twill, with blouse of tan Egyptian crepe and becoming hat trimmed with crushed roses and tulle. Mr. and Mrs. Caker will reside in Chicago.

## Church Parade of Orange Lodge

The first annual church parade of L. O. L. No. 2837, Waterdown, was held on Sunday, June 10th at Grace Church, and was largely attended, over 300 were present, the church being filled to overflowing. Large numbers were present from the different Hamilton Lodges, also Stoney Creek, Mt. Hamilton, Dundas, Carlisle, Campbellville, Milton, Oakville and Burlington were well represented. A very impressive sermon was preached by the Rev. Mr. Slack, the resident clergyman, which was greatly appreciated by all present. The choir rendered very appropriate music for the occasion.

## Greenville

The Women's Institute met at the home of Mrs. J. Clark on Tuesday. Miss Powell the Government speaker addressed the meeting.

Quite a number of the Goodbrand family from this district attended the family picnic at Dundas last Saturday.

Mr. and Mrs. R. Hunt are attending the Hindoo Koosh convention at Cleveland this week.

Miss Audrey Hopkins is confined to her bed with a bad cold.

Mr. and Mrs. L. Bailie and sons were visiting relatives and friends here last week.

## To the Electors of the Village of Waterdown

Owing to a misunderstanding the names of four Waterdown electors appear on the Proclamation issued re pending elections as Deputy Returning Officers for Waterdown. The Deputy Returning Officers for Waterdown Village will be J. C. Medlar and Wm. A. Drummond, and there will be but two polling booths both of which will be held in the Memorial Hall.

DANIEL WRAY,  
Returning Officer

## Locals

Mrs. Jas. Scanlon had the misfortune to fracture her wrist last week.

Miss Agnes Forbes has gone to New York to visit her sister, Mrs. Malcolm.

Mr. Art Featherstone is attending the Hindoo Koosh convention at Cleveland this week.

Mr. Wm. Springer has taken over the rural mail route recently carried by the late Thos. Mann.

Elgin Featherston, who has been spending his holidays at his home here, returned to Cleveland last Sunday.

Mr. O. M. Horning spent the week end at the O. A. C., Guelph, where the 56th Battery held their re-union.

Mrs. Albert Feilde has returned to her home after spending the winter with her sister, Dr. Chrysler of Niagara Falls.

Mr. and Mrs. Frank Duck, and little son Lester, of Grassies, visited his sister, Mrs. E. J. Smith, Waterdown, on Sunday.

Mr. Austin Alton has purchased the meat business from Mr. Levi Shelton and has moved it to his new store on Dundas street.

The W. A. of Grace Church held a social afternoon on Thursday of last week at the home of Mrs. Ed. Feilde, which was well attended.

The W. A. of Grace Church will hold a Rose Tea at the home of Mrs. Robt. Spence, Sr. on Thursday, June 21st from 3 to 6 p. m. All are cordially invited.

Mr. Jas. Mitchell, of Weyburn, Sask., is renewing old acquaintances in the village and vicinity. He says the appearance of the village has greatly improved since he saw it last.

Mr. Douglas McGregor, after spending a few days at his home here, left for Rochester, Minn. where he will devote three months clinic research work in the Mayo Institute.

J. A. MacKelvie, M. P., and wife of Vernon, B. C., were guests at the Baker-McGregor wedding last week, and spent a few days visiting their nieces, Mrs. L. J. Mullock and Mrs. J. O. McGregor.

Next Sunday evening in the Methodist church will be children's song service. There will be three choruses by the children, and a three part sitting of "Now the Day is Over" by the Senior choir of the Public school.

Issued Every Thursday morning from the office, Dundas Street, Waterdown

Here and There

Seeding in Alberta was two weeks later this year than last.

A second party of Swiss immigrants recently arrived at St. John and the Melita and are en route for the West, where they will engage in agriculture.

Twenty-two thousand immigrants to Canada from the United States were inspected on trains and highway crossings at the 33 points from Port Arthur to Kingsgate, B.C., during March of this year.

To date the port of Vancouver has shipped or booked 17,000,000 bushels of wheat to the Orient and South America. The railroads expect at least 2,500,000 additional bushels to be shipped this way in the near future.

The memory of the early missionaries of the Oblate Order will be perpetuated by the Canadian Pacific Railway, and several stations on the extensions of their lines between Kipawa and Quinze will bear names of early members of that organization which did so much for the colonization of the country.

There are thirteen new paper making machines being installed in Canadian paper mills this year. When erected and running full these machines will consume more than 350,000 additional cords of wood a year. Canada is already annually consuming and exporting more than 5,000,000 cords of pulpwood, representing the growth of a century or more on 1,250,000 acres of land.

A new service for motor tourists desiring to pass between the mainland and Vancouver Island has been inaugurated between Bellingham and Victoria. The Motor Princess, with a capacity for fifty automobiles and 250 passengers, plies twice daily between the ports. This boat is motor driven and the first of its kind to be operated on the Pacific side of the continent.

In 1922 Canada produced 2,418 tons of salt cake, valued at \$54,804, and 1,329 tons of Glauber salts valued at \$42,719, according to government figures. There are a number of immense deposits of Glauber salts in the province of Saskatchewan, which are at the present time only in the initial stages of development, but it is anticipated that the next few years will see a considerable increase in production.

The Canadian exhibit at the British Empire Exhibition, to be held in London from April 20th to October 31st, 1924, is to be financed, controlled and directed by the Federal Government. The estimated cost is \$1,000,000. The two Canadian railroads are planning exhibits on adjoining sites, each with a floor space of 10,000 feet. The cost of the Canadian Pacific exhibit is estimated at \$300,000.

The Canadian Pacific steamship "Empress of Russia," upon her last sailing, carried a shipment of Canadian frogs for Japan. Cool space was reserved in the hold of the liner and the travellers were well packed in ice. On being taken ashore at Yokohama these frogs will be gradually warmed until they are ready to be let loose, when they will be liberated on the laws of Japanese importers with the idea of giving the Japanese a new industry in the production of frogs legs.

The Canadian Pacific Telegraphs have announced the following reduced rates per word for cable messages to the following countries effective to-day:—Austria, 30 cents, Belgium 23 cents, France 22 cents, Germany 25 cents, Great Britain and Ireland 20 cents, Greece 25 cents, Hungary 33 cents, Italy 25 cents, Spain 33 cents, Switzerland 27 cents. The 25 cent per word rate to Great Britain and Ireland is still in effect for special rush cables. Corresponding reductions have been made in the rates to other countries in Europe and beyond via Atlantic cables, and the new deferred rates will be one-half of the full rates quoted above except to Great Britain and Ireland, where the existing deferred rate of 5 cents per word is unaltered.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

## UNVEILING MARTIN MEMORIAL

Above, C.P.S.S. 'Empress of Scotland' arriving at Quebec. Below, F. E. Wanklyn of the C.P.R. addresses the gathering prior to the unveiling. Inset, the Memorial.

WHO was Abraham Martin? Had that question been asked one year ago probably not one Canadian in a hundred thousand would have been able to answer it. Today it is different. Most Canadians now know he was first King's pilot on the St. Lawrence river, and the first known Canadian of Scottish extraction—two claims to distinction either one of which might have made him famous. Latterly other things to his credit have come to be known and they will be recorded in their due place.

In the meantime it is not remarkable how little Canadians know of Canada's history—as rich a bit of nation history as ever was crowded into a space of three hundred odd years. The high points of the splendid story some of us know fairly well, but the little byways and side-lights, so full of human interest, they lie in a deep obscurity from which they are being rescued one by one, at the patient digging of this or that person or institution actuated by a love of the heroic past and a realization of its value in building the national life of the future.

Abraham Martin was some figure of a man in his day although most of his just claims to fame seem to have been thrust upon him. It was hardly more than a matter of accident that the "Plains of Abraham" should come to set all good Canadians wondering who he was and what manner of life he led. Much digging in the archives of Quebec, and there are none more interesting or more faithfully kept, has brought out much information about the man and his times. He was born in France, his father being a Scot, which is probably why Jesuit writings of the times refer to him as "Abraham Martin, called the Scot." His father probably came from Perthshire and was one of the Scottish Guards of Louis XI. In 1614 Abraham brought his French wife to Canada and that he saw the actual founding of New France may be gathered from the fact that his name was on the list of the 31 white persons who lived in Canada from 1629 to 1632 and he was then known as a pilot. He later had ten children

from whom have come a vast number of descendants among whom are numbered some of Quebec's best families and leading citizens. Bishop Tache of St. Boniface is one of his descendants in direct line. Champlain gave Martin a deed to the farm land on the Plains of Abraham, and documents telling of his living there still exist. He apparently travelled greatly up and down the river for Cape Martin in the Gulf of St. Lawrence is also named after him.

All this was distinctive enough to justify the memorial which has been raised to Martin in the Harbor Square at Quebec. The handsome shaft of granite, designed by Henri Hébert and T. Rogberg Smith, was unveiled early in May by Hon. Alphonse David, Quebec's Provincial Treasurer and the event was marked by a gathering of notables including the Governor of Quebec, Sir Charles Fitzpatrick. Among those who spoke were F. E. Wanklyn, representing the Canadian Pacific Railway Company by whom the memorial was erected, Lieut.-Col. Alex. Fraser, A.D.C. to the Lieutenant Governor of Ontario, Lawrence Burpee, President of the Canadian Historical Society and Monseigneur Laflamme, Cure of the Basilica. The latter spoke as the successor of the first Cure of Quebec who was Martin's parish priest and who was afterwards martyred by the Iroquois. He read the baptismal certificate of Abraham Martin's first child who was also the first white child born in Canada. He also read the baptismal certificate of Martin's third child upon which appeared the name of Samuel de Champlain as godfather. The memorial has been set up by the Canadian Pacific in honor, not only of Abraham Martin but of the stout-hearted pilots who for over three hundred years have done so much to make the St. Lawrence River a safe and speedy route to and from Europe. That Company uses the route more than any other, and the arrival at Quebec of the great liner "Empress of Scotland" on her first trip of the season with 731 passengers from Europe, late in the day of the unveiling emphasizes what has been accomplished in the making of the St. Lawrence route a great highway for oceanic commerce.

### THE MARKING OF LAMBS

Benefits of System Clearly and  
Practically Told.

Australian Sheep Branding Fluid  
Recommended — A Numbering  
System Suggested — About Seed  
Corn — Eggs Profitable When  
Cared For.

Contributed by Ontario Department of  
Agriculture, Toronto.)

The last few years the raising of sheep has been one of the most profitable branches of live stock farming, the amount of profit depending to a great extent on the success at lambing time and immediately afterwards. Difficulty is frequently experienced in giving the necessary care to individual lambs because they are not easily recognized. In a large flock many lambs look alike, and mothers frequently disown or fail to care properly for their own lambs.

Australian Sheep Branding Fluid  
Recommended.

In order that needy lambs may be easily recognized and their mothers found, a convenient system of marking is needed. For marking purposes Australian sheep branding fluid is best. It can be obtained in different colors from firms who handle sheep supplies, such as the Canadian Co-operative Wool Growers. This fluid does not injure the wool, and shows a distinct mark for several weeks, even when exposed to the weather. It may be applied with a small stick

or, better still, an ordinary machine oiling can, and should be rubbed in so that it will not spread.

A Good System of Numbering  
Suggested.

In marking, a system of numbering is adopted. All male lambs are given an even number as 2, 4, 6, etc., all female lambs an odd number as 1, 3, 5, etc. The lamb's number is made on its back with fairly large figures, and the mother is also marked on the back with the same number as her lamb or lambs. If she has two lambs, a ewe number 5 and a ram number 8, she will have the figures 5 and 8 placed so that seen from behind one will be above the other, or nearer the head than the other, to show 5 and 8 rather than 58. These numbers are best put on a few hours after the lambs are born.

Benefits of the System Described.

Some of the advantages of a system such as this have been found to be: One quickly gets to know the individual lambs by their numbers and their development is watched with interest; good mothers and poor mothers are known by their lambs and how they care for and feed them. This quality is often overlooked in sheep but is most important. For a ewe loosing a single lamb a needy twin can easily be found to take its place and properly guarded till fully adopted. Lambs needing help for any reason are easily found and ewes recognized that can spare a feed for them. When two or more are in charge of the flock, it is an easy matter for the one to point out to the other what lambs need attention. By the adoption of this system of marking a complete "Record of Performance" at lambing time is easy to keep, and one will be better able to cull out the undesirable ewes and

their offspring, if any, keeping only those that prove good breeders and good mothers.—C. W. Laidlaw, Dominion Farm, New Liskeard.

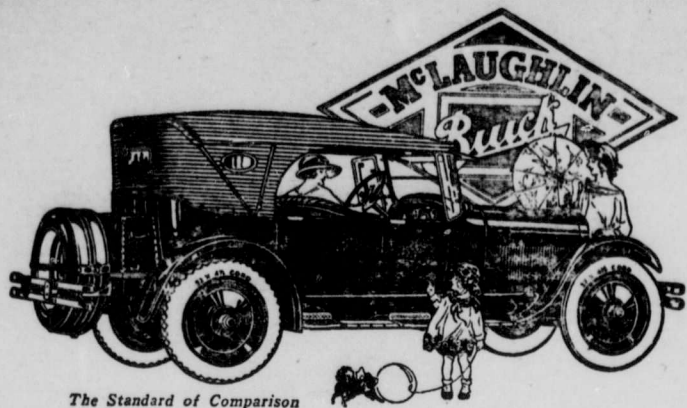

About Seed Corn.

In districts where corn growing is an assured success the greatest cause of low yields is poor seed. This should not be so. The use of poor seed is unprofitable and causes the loss of large sums of money each year, not only in loss of crop, but in loss of labor and use of tools in tilling acres that have but a thin or less than 100 per cent. stand of crop. With corn planted, 42 x 42, there are 3,556 hills per acre if no losses occur through headlands. Using four seeds per hill, there would be 14,224 plants if all seed grew and developed strong plants. If each plant gave an eight-ounce ear, the yield would be 104 bushels per acre. If only one plant in each hill gave an eight-ounce ear, the yield would be 26 bushels per acre. Now the work and expense of interest on investment, fertilizing the land, ploughing, planting and cultivating would be the same for a perfect stand as for a twenty-five per cent. or a thirty-three per cent. crop. Good seed is, therefore, the first insurance for a 100 per cent. stand in the corn field.—L. Stevenson.

Every farm and country home should feed itself, and to do this it is necessary for each family to grow garden vegetables and small fruits.

All corn cobs and grain bins should be carefully inspected to see that they are rat and mouse proof. A concrete foundation for storage buildings is advisable whenever it is practicable.

The Standard of Comparison

## An Outing Companion Admired By All

There Are 15 McLaughlin-Buick Models to Choose From  
**Wm. Livingstone, Carlisle, Ont.**

**McLAUGHLIN-BUICK**

### "Master-Six" Sport Touring Model 23-55

One glance at this McLaughlin-Buick six-cylinder sport touring car explains why so many discriminating motorists so ardently desire it. One country drive in it explains why its owners are so enthusiastic in its praise.

It fairly sparkles with light and color and its beautiful lines are a delight to the eye.

And its beauty is not just on the surface, because it is built on the famous McLaughlin-Buick chassis and powered with the famous McLaughlin-Buick six-cylinder, valve-in-head motor.

Its remarkably complete equipment makes it an ideal car for outings and country touring.
