## Danger Signals Warn You of Approaching Paralysis

Slowly and Surely Exhaustion Goes on Until Collapse of the Nerves is the Natural Result.

You may be restless, nervous, irritable and sleepless, but you think there is nothing to be alarmed at. You have no appetite, digestion is impaired, and there is weakness and irregularity of other bodily organs. You feel tired in body and mind, and find that you cannot do the daily tasks. You may not realize that these are the symptoms of nervous prostration and the danger signals which warn you that some form of paralysis is the next step of development. Dr. Chase's Nerve Food is the most successful restorative for the nerves that has ever been offered to the public.

This has been proven in many thousands of cases similar to the one described in this letter.  
 Mrs. Thos. Allen, R. P. D. 3, Hamble, Ont., writes:—Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (neuritis ataxia) and could not walk straight. At night I would have nervous tremors, and my head would ache, and I would be unable to sleep. After using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well. Have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food. 50 cents a box, 6 for \$2.50, all dealers, or Richmond, Bates & Co., Limited, Toronto.

### Some Day.

(ROBERT BRIDGES.)  
 Some day when we are tired, like children playing,  
 And weaned drop our burden,  
 When all the work and toils of our staying  
 Has mingled with our joy—  
 With these we were around—our eyelids droop  
 To sleep.  
 To sleep with toll to weep—  
 Like some kind nurse o'er drowsy children  
 Singing.  
 Lord, take us home to sleep!

### What the Robin Said.

A robin tugged at an angle worm,  
 And his grip was steady and strong  
 At last, with his feet he had found  
 His prey in a tree trunk he found  
 The worm was a very little bit  
 And he said to the worm as he ate:  
 "You've been a very good boy,  
 But you are the thing that you need today."

### What Our Tourist Industry Might Be.

There is no subject of general interest which has been more often referred to in the columns of the 'Acadian' than the tourist question. For twenty years or longer we have been dealing with it, perhaps more enthusiastically in the early days than in these later years. Because of our perspective twenty years ago we thought we saw the Maritime Provinces becoming the great vacation ground of America in the then very near future; but time has proved that in this we were wrong. We have not made much progress with the development of our tourist trade, that is, not as compared with other developments in so many other lines of industry. We may have a few more people visiting the provinces than we had a decade ago, but not many more, though in the meantime the habit of travelling has increased enormously, both in the United States and Canada. Now, why is this so? Why has not the development continued at the same rate that it gave promise of a few years ago? We suspect that one reason could be named that would cover other lines of industry. We suspect the reason is that we have been running our tourist business as a side line instead of recognizing it as an important industry capable of great development if only it received proper attention. To make a community a popular tourist resort needs the help, so to speak, of everyone in that community. We do not mean by this that each individual in the community should be called on to entertain those who come. That would be foolish. But, to be specific, suppose that the town of Digby, which has made some little progress with the business of entertaining summer visitors, should wish to develop the industry on a large scale, responsible people of the town acting either directly or through the town authorities, might lead their financial assistance to equipping Digby with the things which nowadays are recognized as necessities at the popular resorts both in the United States and Canada. A good golf course, a good orchestra to furnish music for dancing, a yacht club, a motor service to points of interest, and an hotel management that knows its business. This is not to say that the hotel managers at Digby do not know their business, but merely to emphasize that no matter what the other attributes may be they will not be sufficient to hold business if the hotel service is a failure. Our present remarks have been prompted by the despatch which appeared in one of the daily papers recently to the effect that travel to the provinces was likely to be larger than usual this year. We hope that it will be. But if the people that come are the kind that have been accustomed to the American resorts of today, what will they think of the entertainment that is provided here? Hobbies, yachting, and canoeing will partly approximate what the visitor expects to find, but he will not find these things in the places that ought to be the resort of great colonies of summer visitors, and we never will find them until the people of those places make up their minds that tourist traffic is not merely a side line of the place, but cultivated for all its worth, just as is done most successfully in Bermuda and other places.—The Maritime Merchant.

### A Complete Wreck

FROM THE AFTER EFFECTS OF PNEUMONIA FOLLOWED BY DIPHTHERIA  
 Frequently the after effects of illness are more serious than the original trouble. This was the case with Mrs. James B. Moir, Mutans, Sask. Mrs. Moir says: "Some years ago, while we were still living in Nova Scotia, I was taken down with a severe attack of pneumonia. I had sufficiently recovered to be around, but had not been able to go out when I was attacked with diphtheria. In my recovery, however, my throat was so badly affected that I was unable to eat or drink. My neighbors thought I would recover. I did, however, pull through, but was a physical wreck. The muscles of my throat were paralyzed, so that even a cup of water would flow back through my nostrils unless they were held closed. My voice was almost inaudible, and my eyes so badly affected that I feared I was going to lose my eyesight. I could only walk with assistance and it looked as though I would be a helpless cripple. Medicine after medicine was used, but did not help me. Then a neighbor advised Dr. Williams' Pink Pills. I began taking them but had the utmost difficulty in swallowing them owing to the condition of my throat. However, after a couple of boxes had been used I found it easier to take them, which was a sign they were helping me, and I felt greatly cheered. I do not know how many boxes I took, but I continued their use until I was as well as ever, much to the surprise of all who knew me, as all thought I could not get better. Since then I have several times taken the pills when run down and have always been greatly benefited by them." For the after effects of fever and all wasting diseases there is no medicine can equal Dr. Williams' Pink Pills. They enrich the blood, build up the nerves, restore the appetite and bring back complete health and strength. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### Agriculture Bulletins Published at Truro.

Three bulletins recently issued by members of the Nova Scotia Department of Agriculture which are of particular interest to farmers as well as their families are now available for free distribution. The first one is on "The Manufacture of Dairy Products on the Farm," by W. A. McKay, and includes a practical discussion of the operations of ice cream manufacture, and also contains a concise description of the methods for testing milk and cream for butter fat. The second bulletin on "Drainage," by B. H. Dudgeon, is a well illustrated bulletin on this important feature of farm practice. There is included in it a good description, illustrated by photographs, of methods of draining by means of the plow and spade and also by the use of power machines. The pages dealing with the manufacture of tile are also very valuable. Anyone who contemplates undertaking drainage work on his farm should apply to the Agricultural College for a copy of this bulletin. The third is a reprint from the Report of the Secretary for Agriculture for 1914 and consists of 163 pages of reading matter on "Poultry Raising," prepared by J. P. Landry. This Poultry bulletin deals with every phase of poultry raising and should be in the library of everyone interested in poultry in the Province.

**When Blood is Poison.**  
 The blood must be filtered, otherwise you are poisoned. If the kidneys fail the liver is overworked, and becomes torpid. By using Dr. Chase's Kidney Liver Pills you get both these filtering organs working right, and also ensure healthful action of the bowels. For this reason these pills are an ideal family medicine. They cure biliousness, constipation, chronic indigestion and kidney disease.

**Spring.**  
 Spring, the most glorious season of the year, is once more—here with its accompanying joys, hope and optimism. Spring, the long looked for, the anticipated time, when everything blooms forth with renewed activity, comes as a gentle relief after several months of pent-up winter. Spring is in evidence everywhere; the trees are already budding; from the shrubs and bushes comes the chirp, chirp of the robin, and in the nearby pond the ever present frog sends forth his mournful song. All is mirth to the ear and a sight for the eye, and makes one feel the really beautiful side of life.

**The Road.**  
 Using you on a road,  
 Of the country road,  
 The lumpy road,  
 The bumpy road,  
 That jolts the wagon and spills the load,  
 Mud to the hubs when the rain comes down,  
 Filled with ruts when the fields are brown,  
 And the sun is hot and the air is dry,  
 It's clogged with gravel and packed with sand,  
 So built and graded and laid and planned  
 That it takes a team,  
 And sometimes two,  
 To do the work one horse should do  
 It racks the wagons with jolts and jirs.  
 It runs horses and motor cars,  
 Keeps back crops from the market place,  
 Piles up debt on the farmer's place—  
 The old time road is a plain disgrace  
 But the modern road is a different thing.  
 A worthy theme for the bard to sing:  
 Put together for every weather,  
 Smooth and dustless and good to see,  
 And graded right, as a road should be:  
 Useful, always and muddy never,  
 A thing of beauty—a joy forever.

THE ACADIAN.

WOLFVILLE, N. S., MAY 28, 1915

Acadia's Anniversary.

With ideal weather conditions, hosts of interested visitors and successful and interesting exercises Acadia University and affiliated schools celebrated their seventy seventh anniversary this week.

The anniversary exercises began last Saturday evening when the annual concert under the auspices of the Acadia Amateur Athletic Association was held in College Hall. This concert is always one of the principal features of closing week and the entertainment given on Saturday night was of unusual merit. The concert was given by the Acadia Orchestral Club with Miss Beatrice Langley, of the Seminary staff, as conductor.

The orchestra was assisted by Miss Zaida Gaitone, of Acadia Seminary staff, Mr. H. D. Newcombe, baritone, of Halifax, and the Acadia Seminary quartette, consisting of the Misses Ethel McLean, Eunice Curry, Sue Prescott, and Sue Maclean.

The work of the orchestra was exceptionally fine and every number was enthusiastically received. Mr. Newcombe had sung in Wolfville on a previous occasion and his work was no disappointment to those who expected much of him. He responded to hearty accolades after each of his appearances.

Miss Gaitone was easily the favorite of the evening. Roused after round of applause greeted her at the conclusion of each of her selections. She responded twice to hearty accolades. Her reading of Kipling's 'Gunga Din' and the 'English Duke's Philosophy' were especially good.

Too much cannot be said in praise of the work of the Seminary quartette. Among their selections 'The Little Popover' was the most popular with the audience. During the concert a magnificent bouquet of carnations was presented to Miss Langley.

At the conclusion Rev. Dr. De Wolfe, principal of the Seminary, on behalf of the Orchestral Club, presented to Miss Langley, a suitably engraved gold watch as a token of their appreciation of the services which she rendered the Club in bringing it to its present state of efficiency. It is a matter of deep regret that Miss Langley has resigned her position on the Conservatory staff.

Sunday was a most delightful day and the first event was the hosting the senior class flag at 7 o'clock amidst great enthusiasm.

The event of greatest interest in the day's program was the baccalaureate sermon at 11 o'clock. About a quarter of an hour before that time the student body of the College, Academy and Seminary filed into College Hall and took the seats reserved for them. This was followed by the dignified and stately entrance March of the senior class of the College.

After the introductory prayer by Rev. C. W. Rose, pastor of the Baptist church, at Amherst, the scriptures were read by Rev. W. H. Jenkins, of the class of 1889, pastor of the Baptist church at Havelock, N. B. H. D. Newcombe, of Halifax, baritone, then sang 'Glory, Oh God,' which was highly appreciated. Prayer was then offered by Dr. R. V. Jones, of the class of 1890, who was for fifty-three years professor of the classics at Acadia.

The sermon was preached by Rev. George Barton Cutten, President of the University. He took his text from Hebrews 11:8, 'And he went out not knowing whither he went.' The sermon was directed to the members of the graduating class. Dr. Cutten said that the members of the class in thinking of the life upon which they are to enter, would naturally ask the questions, 'Shall I Go? Where Shall I Go?' and 'How Shall I Go?'

The important question, said the speaker, was the third. He emphasized the need of strong Christian faith if their life journey were to be successful.

The benediction was pronounced by Rev. Dr. Chipman, of the class of 1855, Acadia's oldest living graduate. During the service splendid music was rendered by a choir composed of students from the three institutions, under the leadership of Mrs. Cora Pierce Richmond, of the voice department of Acadia Conservatory of Music.

The annual service under the auspices of the college Y. M. C. A. was held in College Hall at 7 o'clock. The chair was taken by A. H. G. Mitchell, '16, president of the association. Sermons were read by Rev. A. A. Shaw, 27, of Emmanuel Baptist church, Brooklyn, N. Y.; Miss Sasse, of the Conservatory staff, delightfully rendered 'The Lord Remembers His Children.' Prayer was offered by Rev. S. R. MacCurdy, '05, P. C. Manning, '16, was heard appreciatively in a solo. Rev. Mr. Shaw then delivered the address of the evening, his text being in Isaiah 63:1-4 'And I heard the voice of Jehovah saying: Whom shall I send and who will go for me? Then said I, Here am I, send me.' Mr. Shaw delivered an address of unusual power and eloquence which delighted the vast audience that was present. His many Wolfville friends were very glad to welcome him back again to Wolfville.

The closing exercises of Acadia College and Business Academy were held in College Hall on Monday evening at 7 o'clock and were attended by a vast crowd of students. The procession march was played by the Misses Margaret Woodworth and Sidney Shaw. After prayer by the Rev. Dr. Manning, chairman of the board of governors, the Seminary Glee Club of thirty voices sang very pleasingly 'The Prayer of the Virgin' (Wagner) and 'In our Boat' (Cowen). Miss Jean Goucher, of St. Stephen, and Miss Mildred Harvey, of Wolfville, read essays on 'Juvenile Courts' and 'The Navy of England' respectively. Both these essays were highly creditable. Miss Minnie Miller, of Canning gave,

Charles E. White, of St. Martin's, N. B., a member of the graduating class, gave a carefully prepared and well delivered essay on 'Canada's Relation to Foreign Countries.' Miss Eunice Curry gave a most delightful vocal solo, 'Roses.' She was enthusiastically encored, and responded by singing 'Life's Garden.'

Donald C. Stewart, of Summerside, P. E. I., gave the class prophecy. It was exceptionally humorous, and his introduction was particularly good. Miss Helen DeWolfe rendered a violin solo, 'Allegro Brillante,' and sustained her high reputation as an accomplished violinist. The vaudeville was delivered by Herbert J. Blossie, of London. His address was eloquent and impressive. A male chorus from the Acadia Glee Club sang 'Tis Mora.' This chorus was exceedingly good and heartily received.

The address to the graduating class was given by Rev. A. S. Lewis, B.D., pastor of the Baptist church at Windsor. His subject was 'Enemies to Manhood.' He dealt particularly with aimlessness, laziness, greed and idleness. Mr. Lewis' address was eloquent and powerful.

The Principal then announced that diplomas or certificates from the Collegiate Department had been awarded the following: M. L. Anderson (Hammonds Plains, N. S.); M. J. Armstrong, Falmouth, N. S.; H. J. Blossie (Greetland, England); A. F. Corey (Vizianagram, India); L. H. Croft (Chester Basin, N. S.); A. H. Dimock (Windsor); Fred L. Emerson, Moncton; L. K. Grady, Summerside; W. W. Eden, Gaspe, Que.; Elsie Palmer, Yarmouche, N. B.; Jeanne Kussel, New Easton, N. B.; Mable Steeves, Hopewell Cape, N. B.; Leona Stephens, Canso; and Ruby M. Walls, Wolfville, N. S.

Prizes were awarded as follows: 1. To the leader of the Senior Class, \$10, won by Albert F. Corey, Vizianagram, India. 2. To the leader of the Middle Class, \$10, won by Charles Corsy, Vizianagram, India. 3. For highest standing in English (open to competition of the whole school), \$10, won by Herbert J. Blossie, Greetland, England. 4. For the highest standing in manual training, \$5, won by Clyde O. Whitman, New Albany, N. S. 5. To the student making greatest improvement in scholarship during the year, \$10. Prize divided between C. L. Robinson, of Moncton, and Jas. Somers, of Halcoube, N. B. (\$5 each). 6. To the leader of the business class, \$10, won by Ella N. Chappel, Amherst, N. S. 7. Spelling prize, \$5, won by H. A. Forsyth, Greenwich, N. S. 8. Bookkeeping prize, \$5, won by J. H. Morse, Greenwich, N. S. 9. Rapid calculation prize, \$5, won by Ruby Walls, Wolfville. Essay competition on 'Canada's relations to Foreign Countries.' First prize of \$20, won by W. W. Holmes, Homesville, C. B.; second prize, \$10, won by P. W. Hudson, New Glasgow, N. S.

Booster Medal for declamation, won by Cary K. Ganong, of North Springfield, N. B. The Strathcona Shield, awarded for the next half year to Willard Taylor. Following this a mixed chorus from the Acadia Glee Club rendered 'Oh Acadia!' The exercises were concluded by the singing of God Save the King.

The closing exercises of Acadia Ladies' Seminary were held in College Hall at 7:30 o'clock Tuesday evening. The hall was packed to the doors as the Seminary closing is always regarded as one of the principal events of commencement. The members of the Seminary Alumnae were the first to enter the hall. They were followed by members of the board of governors, the Seminary faculty, members of the Seminary student body and the graduating class. The procession march was played by the Misses Margaret Woodworth and Sidney Shaw. After prayer by the Rev. Dr. Manning, chairman of the board of governors, the Seminary Glee Club of thirty voices sang very pleasingly 'The Prayer of the Virgin' (Wagner) and 'In our Boat' (Cowen). Miss Jean Goucher, of St. Stephen, and Miss Mildred Harvey, of Wolfville, read essays on 'Juvenile Courts' and 'The Navy of England' respectively. Both these essays were highly creditable. Miss Minnie Miller, of Canning gave,

a much enjoyed violin solo, 'Concerto D Major' (De Bevoise). Miss Helen Starr, of Wolfville, read an excellent essay on 'Quebec.' The large audience was delighted with the vocal solo by Miss Evelyn I. Neely, of Aylesford; her selection was Macfadyen's 'The Seasons' (waltz song). Miss Jennie Tozer read a well thought out and carefully delivered essay on 'The Art of the Musician.' Miss Jessie Prescott, of Albert, N. B., gave a delightful piano-forte solo, 'The Blue Danube,' from Strauss. The address to the graduating class was delivered by Rev. Charles A. Easton, B. A., 1890, pastor of the First Baptist church, New York City. Mr. Easton's address was eloquent and compelling. Diplomas were then presented by Dr. DeWolfe to the following young ladies: Collegiate Course: Audrey Francis Cross, St. John; Helen Grace Downie, Margarettville, N. B.; Mildred Sherwood Harvey, Wolfville; Clara East Hill, Wolfville; Sophie McKay Freeman, Halifax; Vivienne Jeanne Macenzie, Moncton; Myrtle Vera Morse, Melvern Square; Helen Pizon Starr, Wolfville; Jennie Edith Tozer, New-castle, N. **CARL BARROW HUTCHINSON.**  
The home of Mr. and Mrs. John Barrow, Hortonville, was made a home of mourning and sorrow when death claimed their little grandson, Carl Barrow, eldest son of Mr. and Mrs. Frank Hutchinson, on May 20th. Dear Carl was a bright boy of seven years, whose cheerful spirit and winning manners made him beloved by all and the treasure of the household. But the best medical skill and nursing with a fond mother's tender mercies could not avail, and that strange and rare disease, Acute Lymphatic Eucemia, claimed him for its victim. Mr. Hutchinson, whose calling is bridge building with the Cleveland Bridge and Engineering Co., of Dartington, England, just arrived home from Brazil on the 17th, in time to receive a glad welcome, so soon to be changed to a sad parting. The funeral on the 22nd was large and the services by Rev. Arthur Hoek in, pastor of the Methodist church, who spoke feelingly and forcibly from Matthew xxvii, 1-13, illustrating his words of comfort and exhortation by touching stories of childish conceptions of heaven.

"Safe in the Arms of Jesus" never seemed so sweet as we listened and thought of the dear departed, safe on his gentle breast. We shall long remember the sweet and peaceful expression that seemed to linger on that waxen face, surrounded by beautiful floral offerings that told the love of hearts that were wrung with grief. In a beautiful spot where the dead of Grand Pre and Hortonville sleep side by side the precious dust was laid to rest that bright and glorious morning when the dear in Christ shall rise in the glory of His resurrection. The deepest sympathy of the community is with the bereaved.

**Marriage of a Kings County Boy at St. Louis.**

(From the St. Louis Republic.)  
A notable nuptial event of Wednesday evening, May 19th, was that of Miss Ruth B. By, daughter of Mr. and Mrs. William K. Bixby, of Lindell boulevard and Kingshighway, and Ir A. Stevens, formerly of Boston. The marriage was at the Bishop's Palace, in the art gallery, at 6 o'clock. Rev. Horace H. Holton, of the First Congregational church, officiating. Miss Edith Whittemore was the maid of honor and Miss Althea Holchies the best man. The bride wore white satin trimmed in billowy tulle, her attendant white tulle and carried pink roses. The bride looked charming in her court train, her bridal veil of H. Huston with orange blossoms, and carrying a bouquet of white heather and valley lilies. Over 150 guests were present and among these were the following: Mr. Noble Crandall, of Chicago, manager of the Geo. H. Burr & Co. business in that city; the groom's mother, Mrs. Inez Stevens, now living in Boston, Mr. A. E. Coldwell and daughter, Mr. O. T. Ledford, now of St. Louis, and cousin of the groom.

Mr. Stevens holds a very important position in St. Louis as manager of the Geo. H. Burr & Co. business for this city, and is held in high esteem.

The gifts to the bride were numerous and valuable, among them being a silver service from the Geo. H. Burr Co. of New York, of the value of \$700.00.

**News Items.**

The announcement made in another column, of the establishment in Halifax of a Book Bureau for the purchase and distribution of books prescribed for use in the schools of the province, will be observed with interest by all parents who have children attending the public schools.

In these days when the cost of practically everything, necessities as well as luxuries, has been mounting higher, it is refreshing to find one line in which efforts which have been put forth to stem the rising tide, and to prevent the burdens of the consumer from becoming greater, have met with a measure of success. That the efforts of the Council of Public Instruction in this direction have not been void of results becomes strikingly apparent on an examination of the present list of books authorized for use in the schools of Nova Scotia and a comparison of the prices found there with those found in the lists of four or five years ago. Not only were the prices then higher in almost every case, but in not a few cases there have been reductions amounting to more than fifty per cent. There has remained, however, some cause for dissatisfaction owing to the fact that in some parts of the province higher prices have been charged than those given in the price lists. It is understood that the correction of this evil and the securing of uniform prices from one end of the province to the other is one of the objects aimed at in the establishment of the Bureau.

While the great aim of the Bureau will be to benefit the public, it hopes to be able to effect this without injury to the dealer. The dealer who sends in to the Bureau an order of reasonable size, accompanied by the cash for the same, is to receive his books free of transportation charges up to his railway station, and the 25 per cent discount which is allowed him is equivalent to a profit of 17 1/2 per cent. on his outlay. Along with this, the Bureau gives him a guarantee against loss through changes in the authorization of books. A comparison of this with what is customary in other provinces or states, where similar bureaus have been established, shows that the dealers in Nova Scotia are being generously dealt with for the usual allowances made to them elsewhere is only 10 per cent.

There are several other important benefits which are looked for from the establishment of the Book Bureau; but leaving these out of consideration for the present, and looking at it merely from a pecuniary point of view, it may be said that while the liberal treatment accorded to the book-dealers leaves them not just ground for complaint, the still further lowering of the cost of school books which will be effected through it and the saving in this way of some thousands of dollars annually to the parents of pupils should prove highly satisfactory to them.

## THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

### "FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispels Backache, Headaches and Dizziness.

Figgs, Ohio.—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves."

Winnipeg, Man.—"I have been suffering from those distressing symptoms to which you should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health."

### A Day at a Time.

Only a day at a time. There never may be a tomorrow. Only a day at a time, and that we can live, we know.

### No More Liquor.

The Russian government will never again embark in the manufacture and sale of alcoholic drinks.

### CASTORIA For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Ayer & Co.

At an 'information test' in a certain high school a few days ago some of the answers were these:

'The bear who walks like a man is an orangoutang.'

### HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the rare curative powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store.

### Unquestioning Obedience.

Obedience is a matter of course from soldiers and children, but a question may be allowed at times unless the superior is infallible.

John, I told you to shut the trap. 'Yes, but, mother—'

'All right, mother, if you say so, but—'

John slowly climbed the stairs and shut the trap. The afternoon went by, and the storm howled and raged.

Two hours later the family gathered for tea, and when the meal was half over Aunt Mary, who was staying with Mrs. Flint, had not appeared.

Mrs. Flint started an investigation. She did not have to ask many questions. John answered the first one.

'Please, mother, she is up on the roof.'

John slowly climbed the stairs and shut the trap. The afternoon went by, and the storm howled and raged.

### The Cultivation of Corn.

The Agricultural Gazette in a recent number contained much important matter relating to the cultivation of corn.

The Canadian Seed Growers' Association has given special attention to the corn crop, particularly to that grown for ensilage.

As for sweet corn, Deputy Roadhouse states that the Golden Bantam has proved the best early variety and Stowell's Evergreen the best late variety.

Manitoba is not much given to ear-rotting, but the tatter varieties are the Longfellow, North Western Dent and North Dakota Flint.

'Maid of Orleans is a kind of melon-candy.'

'Lord Kitchener is some kind of an Englishman.'

May be the dough had forgotten to rise. Or had risen quickly overnight and fallen again—To rise nevermore. Twas weak flour, of course. Meaning weak in gluten. But FIVE ROSES is strong, unusually strong. With that glutinous strength which compels it to rise to your surprised delight. Stays risen too. Being solvent, elastic. And the dough feels springy under your hand. Represents real cracks in your work. Find the foot of a FIVE ROSES dough. Note the wonderful smooth texture—soft—velvety. Great in the bread form of each dough—Your dough! Try this good flour.
