WARDEN MEIGHEN STRONGLY URGES PRISON FARMS

Proper Way to Reduce Number of Prisoners in Maritime Penal Institutions

Mr. William Meighen, Warden of the Dorchester Penitentiary, delivered a very valuable address recently before the Rotary Club of Halifax, in which he thoroughly vindicated the claim often made that in Nova Scotia we are far ahead from our duty in dealing with that class of our population that is from time to time confined in our prisons.

Warden Meighen declares that the prisons and penitentiaries of the Maritime Provinces contain from 30 to 40 per cent more convicted inmates than do the prisons and penitentiaries of Alberta and Saskatchewan, though the population of the two Western Provinces is larger than that of the Maritime Provinces by 300,000.

In Alberta and Saskatchewan, he explained, the prisons and penitentiaries were modernized, and first offenders were sent by judges to the prison farms, where they were treated with sympathy and taught useful employment or trades if they had none. So that it was only the worst and hardened offenders in the west that were sent to the penitentiaries and prisons, and even such offenders received elementary education and were taught trades and useful employment.

"But," continued Warden Meighen, "in the Maritime penal institutions with the exception of Dorchester penitentiary, such courses are not adopted, and there are no prison farms. The one thing that Nova Scotia does need is a well conducted prison farm. Once such is established there will be a very noticeable reduction in the numbers of youths and men who land in prison and in the penitentiary."

According to Warden Meighen 90 per cent of crime is due to idleness and indolence. "The habit of idleness in a man," said the Warden, "is not altogether to be blamed on the man himself. It is often due to bad training by parents—many a boy who has landed in prison or in the penitentiary having been sent by his parents neither to school nor to church; and what kind of understanding of the law of man or the law of God can boys so reared have within them. They are ignorant and wayward and irresponsible, know nothing and can do nothing, and have nothing to do; and so naturally they drift into mischief or evil doing."

"Let me tell you," continued the speaker, "that there are in Dorchester penitentiary boys and men who have committed 38 different crimes, and that one-third of these prisoners could not read or write when they entered. Moreover, in these penitentiaries, I recently found boys under 20 years of age in prison, and I found only one who had been in a reformatory. Down here there have been at one time in prison or the penitentiary 65 boys who had been in reformatories. In the last ten years the number of inmates of prisons or the penitentiary who were previously inmates of reformatories or industrial schools number six thousand—a shocking total."

"What is the matter?" queried the Warden. "No education," he answered. "In the Maritime smaller penal institutions the prisoners get no education. Some are so ignorant that they can't even count their fingers. These however, are not really criminals, because they are imbeciles or defectives, and should be segregated. In Dorchester penitentiary, on the other hand, school teachers are employed and the prisoners are given instruction in elementary education one hour regularly each day, and in their cells at night by these teachers."

"Moreover," said the Warden, there are improvements. At Dorchester, as at other Canadian penitentiaries, there are improved libraries and the prisoners do a great deal of systematic reading. They are taught trades and the less technical professions, such as bookkeeping. One of the men who was taught bookkeeping in Dorchester penitentiary is now the bookkeeper of one of the largest firms in Canada, and another who learned tailoring at Dorchester is proprietor of a large tailoring establishment.

Each penitentiary has a fine hospital, and Dorchester will soon have the best improved penal hospital in Canada. The writing and visiting privileges have been increased. There is better food provided, and at Dorchester the prisoners raise their own garden truck. Some who had never tasted lettuce received it for the first time at the prison mesa, and it was raised in the penitentiary garden. The zebra-like clothing has been abolished for grey suits in day and brown at night.

"One of the most important changes or improvements has been in the kind of officers over the prisoners. The old idea was to employ men who were nothing but big powerful animals—themselves devoid of character. Today the principal quality demanded in a penitentiary official is character. For it has been discovered that 90 per cent of the prisoners in penitentiaries are more amenable to kindness and firmness than to rough treatment. Every prisoner has a good streak in him, and today we try to discover what that good streak is, and to develop it. We try to make each prisoner realize that he is in prison and what that means, and we teach him how he may win remission in time of servitude and be even pardoned on serving half his time—if he is industrious and well behaved. Once in a while we are forced to use discipline, such as isolation, spanking and the lash, and a good old fashioned spanking is more effective than the lash. But sympathy, and kindness, and education are the greatest forces for reform and salvation—and many a prisoner of the penitentiary leaves the institution trained to be a good citizen and becomes such."

Fire losses in Nova Scotia for the six months ending June 30 were the smallest of any similar period during the past three years, according to the report just issued by the Nova Scotia Fire Marshal. The losses for that time totalled \$779,648, as compared with \$1,109,233 in 1922 and \$1,117,792 in 1921.

HANTSPORT NOTES

The monthly business meeting of the Hantsport Women's Institute was held at the home of Mrs. Asaph Newcombe on Friday afternoon. The Vice President, Mrs. (Dr.) Dickie occupied the chair in the absence of the President, Mrs. W. K. Sterling. Satisfactory reports were given by the various committees and a number of important communications read, but owing to the exceptionally small attendance they were laid over until the next monthly business meeting. The subject for readings and responses was "Women's Privileges. Do we make use of them?" The ideas set forth were both interesting and instructive, the predominating thought being, "Do we as Canadian Women make the best use of our privileges for the good of the nation?" The theme for the next meeting will be "Current Events." Mrs. Mileage Oulton is directing a Farce which will be presented in the Empire Theatre on Tuesday evening, August 21st, under the auspices of the Women's Institute.

Arthur Hunt Chute, the well known author and writer of Wolfville, son of Professor Chute, of Acadia, was the guest of Mr. David North on Wednesday of last week.

Mrs. Ida Harris, of Halifax, who is summing at Wolfville was the guest of Miss Scott last week.

Prof. H. E. Bigelow, instructor of chemistry at Mount Allison, is spending a holiday with his family, who are occupying a bungalow here for the summer.

Mr. and Mrs. B. O. Davidson, of Wolfville, were visitors to Hantsport on Thursday of last week.

The Rev. Mr. and Mrs. Cumming, of Sydney, are guests of Mrs. J. W. Churchill, "The Cedars". Mrs. Jacob Walton, of Kentville was a recent guest of Mrs. Churchill.

Mrs. Regina Masters was in Halifax last week, while there she was present at the Andrew-Card nuptials, which took place in the Baptist Tabernacle on Wednesday.

Mrs. Ralph Sealy, of Halifax, visited at the home of Mrs. R. Masters last week. Mr. Frank Lawrence and little son, of Montreal, and Miss Marguerite Redden are guests of Capt. and Mrs. Chas. Lawrence.

Mrs. W. Clarke, of Kentville, was a recent guest of Mr. and Mrs. Geo. Holmes. Miss Charlotte Storey, of Taunton, Mass., is visiting at the home of Capt. and Mrs. Lawrence.

Mr. and Mrs. Oliver Fullerton, of Middleton, were recent visitors to Hantsport. Miss Campbell, of Pembroke, Hants county, is the guest of her friend Miss Eloise Newcombe.

Mr. and Mrs. James Harvey, of Windsor, were recent guests at the home of Mr. and Mrs. W. Dorman, Hants Border.

Mr. and Mrs. F. Coffil motored to Bridgewater last week, where they spent several days with Mr. and Mrs. W. Morgan. Miss Nita Morgan, of Bridgewater, accompanied them on their return home.

Mrs. Robert Newcombe, of Port Williams, was the guest of her aunt, Mrs. R. A. Beckwith recently.

A miscellaneous shower was tendered Mrs. Russel Forsythe at the home of Mrs. B. Davison on Thursday evening. Mrs. Forsythe was the recipient of many beautiful and useful gifts.

Mr. Frank Smith, of Truro, spent the week end with his father, Mr. F. R. Smith.

LOCAL TENNIS PLAYERS

Reached the Finals in the Nova Scotia Tennis Tournament

The members of the Wolfville Tennis Club who were in attendance at the Nova Scotia Tournament returned from Sydney this week and were loud in their praise of the entertainment they received. They made the trip by motor and were much pleased with the scenery in Cape Breton.

Although they did not bring any championships back with them they succeeded in reaching the semi-finals in two events and brought home the runners-up cups in these events. Dr. Leslie Eaton reached the semi-finals in the Men's Singles and Dr. L. Eaton and Murray Beardsley went to the semi-finals in the Men's Doubles. The results of the contests on Thursday in which the Wolfville players took part were as follows:

J. Butler, Bedford, defeated Dr. E. Eaton, 6-0, 6-3.

Dr. L. Eaton defeated Dr. Parker, Stellarton, 6-0, 6-0.

Dr. L. Eaton defeated Dr. Gar. McDonald, New Glasgow, 10-8, 6-3.

J. Butler, Bedford, defeated Dr. de Witt, 6-3, 6-2.

Dr. L. Eaton and M. Beardsley defeated A. T. Voight and S. R. Purvis, N. Sydney, 6-2, 3-6, 6-4.

F. L. Kay and Miss B. Reid, N. Sydney, defeated Dr. E. Eaton and Miss McLean, 7-5, 4-6, 6-3.

R. L. Willet and Mrs. Tasman, Sydney, defeated A. B. Balcom and Miss B. Wickwire, 8-6, 0-6, 10-8.

The semi-finals were played on Friday and resulted as follows:

Dr. L. Eaton defeated J. Butler, Bedford, 6-2, 6-3.

Dr. L. Eaton and M. Beardsley defeated Smith and Rice, N. Sydney, 6-0, 6-1.

In the finals Dr. Eaton lost to Prof. C. H. Mercer, of Halifax, the new tennis champion of Nova Scotia, the score being 1-6, 0-6, 7-9. Professor Mercer had things pretty much his own way in the first and second sets, but in the third set Dr. Eaton, although the older of the two players, seemed to have staying qualities and pressed Mercer very hard before the Dalhousie Professor finally won the match. Time after time Dr. Eaton was within one stroke of the set, but couldn't break Mercer's defensive play. Had Dr. Eaton won the third set his chances of winning the match would have been exceedingly bright.

In the doubles Dr. Eaton and Beardsley lost to Prof. Mercer and J. W. Allen, 6-3, 3-6, 4-6, 4-6.

WOLFVILLE HAS DISTINGUISHED VISITORS

Many distinguished personages from the United States and Canada visited Wolfville this summer. We have received the names of the following who have stopped at Acadia Villa Hotel:

Mr. Justice Cornelius, Judge of the Supreme Court of Pennsylvania, and Mrs. Cornelius.

Dr. John Haynes Holmes, Pastor of the Community Unitarian church, New York City.

Dr. A. H. Chivers, head of the Department of Biology, Dartmouth College, Hanover, N. H.

Dr. L. S. Hulbert, Professor of Mathematics, Johns Hopkins University, Baltimore, Md.

Dr. F. P. Keppel, President of the Carnegie Foundation for the Advancement of Learning, New York City.

Dr. F. W. Nicholson, Dean of Wesleyan University, Middletown, Conn.

Sir Robert Falconer, President of Toronto University, and Lady Falconer.

Dr. R. Bennett, Professor of Zoology, Indiana State University, and Mrs. Bennett.

Dr. W. G. Bacon, Professor of Romance Languages, University of Pennsylvania, Philadelphia, and Mrs. Bacon.

DAY AT SCOUT CAMP

Correspondent at Sunken Lake Gives Interesting Description of First Day at Camp

The Scouts and Cubs arrived at Sunken Lake about 10:30 on Monday morning without special incident. The heavy rain on Sunday night and Monday morning had not dampened the spirits of the prospective campers and by nine o'clock they had mustered strong at the scout camps. The clouds that darkened the day earlier in the morning as though bringing themselves out of harmony with the spirit of youth took to flight and allowed the sunshine to work its will without restraint.

Not long after the arrival and when the first view of the lake had been greeted with a friendly cheer, tents were assigned and the work of home making and home decorating was in full swing.

At 12:30 dinner was served, a dinner which full justice was done. Nothing was ever quite so good as a dinner of baked beans or meat stew with rice pudding, prepared by the camp cook, Mr. Chas. Burgess, of Waterville, and served at Sunken Lake.

The early afternoon found the sixty boys engaged in the various activities of camp life, boating, canoeing, swimming, diving, cricket and base-ball. Just at sun down dark clouds began to gather and the roll of distant thunder was heard. By the time the camp fire was lighted the unwelcome rain began to fall and the crowd repaired to the pavilion. With hardly a moment's warning Mr. Brown was called upon to improvise an evening's entertainment. He again proved himself equal to the occasion and the right man in the right place. The boys were seated on benches around the room and the program began.

The first number was a contest in step dancing. The competitors were Billy Oliver and John Miller. The judges were Scout Master E. P. Brown, Prof. Hammon, Ph. D., of Montreal, and Rev. G. W. Miller, M. A., of Wolfville. After a grave and solemn consideration the judges decided that while Billy had stepped with grace and the greater steadiness and regularity that John had displayed the greatest variety and originality of motion and so adjudged that the prize consisting of two chocolate bars should be divided equally between them. That this judgement met with the approval of the entire audience was shown by the rounds of applause that followed the announcement.

A group singing occupied the next fifteen minutes, the youthful voices led by Sam Cook joined in the old and familiar songs.

With him we walked the old Indian path and followed the fortunes of Col. Hayward, Cora and Alice Munro and others while all marvelled at the subtlety of the ancient scouts and the cunning and sometimes the treachery of Indian guides. While the group was being thus entertained by Prof. Hammon the thunder boomed across the sky and vivid lightning covered with glory the lake and woodland.

Then all sang "Nearer My God to Thee" and "Abide with me" and the camp chaplain led in prayer and each picked his way to his respective tent lighted on the way by the fitful glare of the retreating storm. For a little while chattering and laughter was heard proceeding from many tents. Soon the bugle sounded "All lights out," quiet reigned and the camp fell asleep.

VISITORS FROM BUFFALO

Citizens were interested in a novelty in the way of a touring car which appeared on our streets last week. A fine Franklin had mounted upon it a canvas tent capable of being extended for camping purposes and giving comfortable accommodation for the occupants. The car was the property of Mr. and Mrs. Dunbar, of Buffalo, N. Y., who accompanied by a colored chauffeur and chef combined, are touring Nova Scotia. Mr. Dunbar's mother was Lucilla DeWolfe Harris, a daughter of the late Elisha Harris and was born in Wolfville in 1835. The family later went to Ontario to reside. Mr. Dunbar was naturally interested in his mother's birthplace and was charmed by the scenery of the locality. The visitors camped at Evangeline Beach and took drives to Blomidon and other points of interest and on Friday night on the invitation of Mr. R. E. Harris camped on his lawn. A representative of THE ACADIAN with other citizens had the pleasure of meeting Mr. and Mrs. Dunbar and inspecting the outfit with which they have travelled the continent over. They were found to be most interesting people and their car very ingenious and conveniently arranged. The visitors took in the Hector celebration at Pictou and after touring the valley left Nova Scotia by way of Truro through New Brunswick and on to their home, intending on their way west this fall to visit the remaining three states of the union to complete the tour of their native country.

The Sunday School of the Presbyterian church held their annual picnic at Oak Island on Thursday.

Mr. and Mrs. Arthur Gill are occupying their new bungalow on the banks of the Avon.

Mr. L. Charlton, of Kentville, spent the week end with his family at their picturesque bungalow, "Avonside".

Mr. and Mrs. Stanley Power and little daughter Doris, of Lakeville, Kings county, spent the week end at the home of Mrs. Power's parents, Mr. and Mrs. W. Coburn.

Miss Silver, of Lunenburg, who has been visiting the Misses Beazley, returned home recently.

A closely contested ball game took place on the Athletic Grounds here on Wednesday afternoon of last week between the juniors of Wolfville and Hantsport, which resulted in a tie.

Another heavy rain fall accompanied by a severe electrical storm passed over the town on Sunday evening.

REV. ATWOOD COHOON, D. D.

Passed Away at His Residence Here on Saturday Last

When Rev. Dr. Cohoon on July 10th celebrated his eightieth birthday in the apparent fullness of health and vigor those who called to tender congratulations little thought death was so near at hand. On the last day of the month he was taken suddenly ill and shortly after little hope of his recovery was entertained. When the fact became apparent to him he faced it with characteristic courage, making wise directions that so far as possible his going should not disarrange those interests to which so much of his life had been devoted.

On Saturday afternoon the end came and there passed to the life beyond one who was deservedly esteemed throughout the Maritime Provinces and wherever known. The extended sketch of his life which was a few weeks ago published in THE ACADIAN makes any lengthy comment unnecessary at this time. For the past twenty-eight years he filled the position of treasurer and financial manager of Acadia University, during which time he filled the responsible duties of that office with singular devotion and ability. Possessed of unusual executive and administrative gifts he made the interests of Acadia his own and his place will be exceedingly difficult to fill. As a citizen of Wolfville he freely gave himself to the promotion of every good and worthy cause and many friends here deeply mourn his passing.

Two daughters, Mrs. James A. Floyd, of Newton Highlands, Mass. and Mrs. Frank Crosby, Ottawa, survive him and also a daughter-in-law, Mrs. Avard Cohoon, who resided with him.

The funeral took place from his late home on Prospect street on Tuesday afternoon, when a very large number gathered to pay their last respects. The service, which was conducted by Rev. Dr. MacDonald, was simple and in accordance with the expressed wishes of the deceased, and included the singing of the hymn, "O God our help in ages past," the reading of the twenty-third psalm, a feeling prayer and the benediction. Dr. Oakes, A. S. MacDonald, Dr. Wheelock, Dr. Thompson, Dr. Spidle and Prof. Perry were the pallbearers and the remains were followed to their last resting place in Willow Bank by a long procession of townspeople and visitors from various sections. At the grave the committal was read by Rev. Dr. Patterson and the benediction was pronounced by Rev. Dr. Catten.

An appropriate Memorial Service will be held on the first Sunday in September at the Baptist church.

EAST END WINS SERIES

The deciding game in the second series of the East End and West End was played on Wednesday afternoon, and resulted in a win for the former team by the score of 3 to 0. This game gave the series to the East End and arrangements are being made for a play-off series with the West End, winners of the first series, for the Acadia trophy. It is expected that the first game will be played either tonight or next Wednesday afternoon. Last Friday's game was well played, the teams being as follows:

East End—C. Munro, c; D. Munro, 1b; West 2b; Eagles, p; Patriquin, lf; Morine, rf; Kenne, ss; Burgess, 3b; Harrington, cf.

West End—Spencer, cf; Rand, 3b; Boates, c; Dick, ss; Ritchie, p; Hansford, lf; Cohen, 2b; Thorpe, rf; Johnson, 1b.

The announcement of the re-opening of the theatre at Kentville will be found in another place in this paper. In future it will be known as the Capitol and will be under new management, Mr. A. A. Fielding being in charge. This theatre was purchased last spring by Mr. F. G. Spencer, of St. John, and during the season has been thoroughly renovated and refitted and presents a fine appearance. The opening takes place on Monday when a fine program of pictures will be presented. Read the adv.

The regular annual union services of the Methodist and Presbyterian churches are now in progress. During the present month these are in charge of Rev. D. B. Hemmon, while Rev. G. W. Miller is taking his vacation. In September Rev. Mr. Hemmon will take his vacation and Rev. Mr. Miller will have charge. The morning service is held in the Presbyterian church and the evening service in the Methodist church. So far the attendance has been good and the services profitable and interesting. Both choirs unite in leading the music.

KINGS CRICKETERS DEFEAT ANNAPOLIS

In Regular League Match at Wolfville—Score 108 to 101

Cricket teams representing Kings and Annapolis counties met in a regular league match here last Saturday afternoon, which resulted in a win for Kings county by seven runs and four wickets. The score was 108 to 101.

Kings county, winning the toss, went to bat first, the two old timers J. Miller and J. F. Herbin, opening the innings against the bowling of W. Donat and Malcolm Miller, after obtaining four runs was caught. Allan Beauchamp followed, but was also caught after scoring five. Gerald Bauld came in next but after scoring a useful nine, W. Donat caught him in the slips with a good catch. When D'Almain joined Herbin, the runs came fast, the pair adding about forty runs before D'Almain was bowled, after quickly hitting up twenty-seven.

With 108 runs to their credit and six wickets down, Kings county declared their innings, J. F. Herbin carrying his bat through the innings with 21 runs to his credit.

W. Donat and Malcolm opened the innings for the visitors, against the bowling of Capt. Holland and Walker. This pair hit up 48 runs before Malcolm was bowled by Doll after making 22 runs. Donat hit up 35 before Doll obtained his wicket, and Annapolis county were finally retired for 101 runs.

For the visitors Ovens bowled well, obtaining three wickets for 17 runs. For the home team, Robinson did the best bowling, getting four wickets for 10 runs, the other wickets going to Walker three, Doll two and Bauld one.

The game was the usual enjoyable and sportsmanlike game, as always occurs when these two teams meet. The home team entertained the visitors to tea after the game.

The magnitude of the Building Program proposed by Acadia University entitles it to the moral and financial support of every citizen of Wolfville.

The buildings proposed and the estimated cost are as follows:

Main Building (to replace "College Hall")	\$250,000
Seminary Group	\$300,000
New Science Building	\$ 92,000
College Women's Residence	\$ 50,000
Central Heating Plant	\$100,000
Total	\$792,000

This Forward Movement means not only the expenditure of this money but more students with greater annual expenditures both by the University and the students.

Moreover, the buildings will be such as to merit the just pride of all citizens of Wolfville.

A gift to the larger Acadia is an individual and a community investment.

Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

ROAD MAKERS

The condition of the highways of the Province should be a matter of great interest to every good citizen. Even though we may not all enjoy the delight of rolling along these roads either in auto or carriage yet we know that the roads form a true asset to the life of the community.

Nova Scotia by the improvement of its main thoroughfares in recent years has greatly added to its resources, and any endeavor to aid in the good work should have our support. It must be recognized that with all that has been done there is yet room for improvement, and if in some way a sense of individual responsibility for the up-keeping of our roads could be impressed upon every citizen it would be a great gain. It is one of the barriers in the way of progress today that we have the habit of looking for governments to do a great many things which should be done by the individual and our road policy is such that we expect the government to do it all. But why should we not take enough personal interest in our highways to occasionally lift a hand. In the cities, if a sidewalk becomes covered with ashes or snow, or is obstructed in any way, the owner of the property in front of which the sidewalk runs feels it to be a duty to take broom or shovel and engage in some manual exercise. But on the same principle surely out through the country the property owner in front of whose land the highway runs might occasionally remove a stone or two, or fill in a cavity, or remove a barrier. We are not suggesting that responsibility be transferred from government to private owner, but only that we take enough interest in our highways to aid just a little in a practical way in their upkeep. There are many cases where a few moments work with a crow bar, a shovel or a pick would have saved many dollars to the owner of a conveyance. It might not be out of place to suggest that owners of automobiles who travel much over certain pieces of road which need slight repair might occasionally place a shovel in the back seat and spend a few moments in physical exercise, without the loss of any dignity. All over the country there are spots where the work of a very few moments on a road would make a great change in conditions.

Passing down the street in a city the other day a little man about ten years of age brushed a banana peel from the sidewalk into the gutter. He was a road maker. And in city and in country we can show the same spirit. Be a road maker!

OVER THE BACK FENCE

We have often wondered why women stand talking in their back yards, each hand thrust up the other sleeve when they know the water in the dishpan is getting cold and the milk ought to be put away. There isn't any reason. It seems foolish, and it is foolish, but they do it most the same, and the men would do it if they were women. Man would say that if he were going to stay out in the cold he would put on his hat and coat. Woman would, too, if she went through the performance with malice aforethought. But the woman is always going into the house the very next minute. She doesn't, however, even though she believes she will, and come to think of it, a talk over the back fence would never happen if she deliberately planned it and wrapped herself up to keep warm during the performance. A woman never does it deliberately. She just stops as she carries out the potato peelings or hangs up the stockings. First she calls, long distance, to her neighbor, who is sweeping her back steps. Then each moves a little closer until only the fence is between them. Each insists that she is very busy and must go in immediately, and each one tries to wrap herself in her apron or her sleeves and each talks and talks. Beginning with the never-disputed fact that woman's work is never done, to say nothing about when it commences, the back fence philosophy ranges widely, settling many minute problems that vex mankind and discussing the more difficult problems of woman's welfare. The experienced housekeeper tells the newly-wed how to manage her husband: "It's best not to tell him everything—what he doesn't know won't hurt him." The bride says her husband doesn't like biscuits. Well if she makes good biscuits there is no reason why he should not like them in time. Grocers, milkmen and wash-women are more difficult problems to settle than husbands, and they require hours of comparison and discussion. In the end they are decided in as many different ways as there are women, and are always ready to be brought into discussion again. No, women are not shivering on either side of the fence over solicitude for the political future of our city or whether Germany will eventually pay the reparations to France. They are taking care of the real question of life—domestic politics and the eternal war against the high cost of living. God bless 'em.

OUR TREATMENT OF PRISONERS

THE ACADIAN has in season and out during the past few years endeavored to interest our county legislators with regard to the need of some provision being made for a more business-like treatment of persons guilty of minor offences and sentenced to imprisonment. The present method of confining these individuals, often in unsanitary and ill-kept quarters, for months without work of any kind at the public expense appeals to us as decidedly unwise. Viewed either from the standpoint of the offender or the community such a proceeding cannot be logically defended.

In another place in this paper we publish a report of an address delivered before the Rotary Club, of Halifax, by the Warden of the Dorchester Penitentiary, who apparently has made this subject a special study. We commend it to our readers and particularly those who have at heart the welfare of our county and its people. We cannot but feel that under existing conditions the money now expended in the administration of this department of our municipal affairs is practically wasted or worse.

A TIME TO KNOCK

In a local church last Sunday the minister referred in a very suggestive manner to a number of matters demanding consideration on the part of citizens. It is not our intention at the present time to discuss these in detail but merely to point out that we regard the incident as a hopeful one. Some time ago in another church another minister deprecated similar criticism as knocking and admonished his hearers to "boost and not knock". There is a time to boost and there is also a time to knock and when lawlessness is allowed to continue unnoticed the latter procedure ought to be productive of good results, whether administered by the pulpit or the press.

Mr. Eugene Ellis returned to Boston on Tuesday. Mrs. Ellis and daughter remaining for a few weeks guests of Mrs. Edgar Ellis.

FORMER TEACHER AT ACADIA SEMINARY MARRIED

The Baptist church at Waterville was the scene of a very pretty and interesting event on the morning of Thursday, August 2nd, when Minnie May, the second daughter of Mr. F. M. Chute, was united in marriage with William Alfred Maw, head of the Poultry Department, MacDonald College, Quebec. Rev. H. B. Camp, of the Waterville Baptist Church, officiated.

Promptly at 9:45 to the strains of Lohengrin's Wedding March played by Miss Marion Banks, the bride, leaning on the arm of her father, came up the aisle and took her place beside the groom under an arch of ferns and wild flowers. The church which had been very prettily decorated for the occasion by girl friends, was a bower of greenery and cut flowers from the organ loft to the arch.

The bride, who was unattended, looked charming in a sport suit of white Tussach silk with white hat. She carried a beautiful shower bouquet of Ophelia roses and sweet peas. Her travelling suit was blue and grey French flannel, with hat, fur and gloves to match.

After a honeymoon spent at Lake Edwards, Quebec, they will return to their future home at MacDonald College, St. Anne De Bellevue.

DOMINION:—God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.—2 Timothy 1:7.

AUGUST 21
BETTER THAN SILVER AND GOLD:—Godliness with contentment is great gain. For we brought nothing into this world, and it is certain we can carry nothing out. And having food and raiment, let us therewith be content.—1 Timothy 6:6, 7, 8.

AUGUST 22
ADMIT THE MASTER:—Behold I stand at the door, and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me. He hath that an ear, let him hear what the Spirit saith.—Rev. 3:20, 22.

AUGUST 23
PERSONAL SELF GOVERNMENT:—He that hath no rule over his own spirit is like a city that is broken down, and without walls.—Proverbs 25:28.

HOMEY PHILOSOPHY FOR 1923

Once we knew a man in far away India who for more than thirty years had not spoken to a human soul. His last words were that it was better to think and do things than to waste time talking; moreover he believed nobody ever had said anything of lasting value. It would be a strange world if all of us just shut up and talked through our actions. Gee, how lonely it would be. Lots of things might be accomplished that are now left undone, but we'd miss that human contact that seems to make the whole world kin. And it isn't true that nothing has been said of lasting value. There are three everlasting words that stand as the foundation of human happiness and development: Love one another. We don't need to talk a great deal if we say something.

Dr. Brown, who is a native of Shelburne, is a connection of the Browns who formerly were one of the best known families of Wolfville.

THE WORLD'S GOLD

There is only nineteen billion dollars of gold in the world, experts say, evidently not enough to go round comfortably. And of that, ten billion dollars worth is in jewellery and other things, leaving only nine billions for coinage.

Come to think of it, however, \$9,000,000,000 is quite a lot of money, although not nearly enough to pay off Germany's war debt!

BOSTON SYMPHONY ENSEMBLE AT WOLFVILLE

Watch for Date and Programme.

Of exceeding interest is the announcement that the Boston Symphony Ensemble, that wonderful organization of thirteen prominent members of the Boston Symphony Orchestra, is to make a second tour of the Eastern Provinces next September. It will be recalled that when this aggregation of artists played in Wolfville last year, their performance was the most talked of event of the musical season, here. Inasmuch as the Boston Symphony Orchestra does not open its season in Boston until the first week of October, these artists are enabled to make this Canadian tour, otherwise it would be impossible for our community to have this concert. Several of the members are returning from abroad three weeks earlier than usual so that they can fill the Canadian bookings. Augusto Vannini, the eminent conductor will again wield the baton and promises an unusually attractive and well-balanced program. For twenty-one years an active member of the Boston Symphony Orchestra, Maestro Vannini has witnessed the growth of that orchestra until it now ranks as one of the leading orchestras of the world.

GASPEREAU

Mrs. Philip Payzant, of Falmouth, spent the week end with Mr. and Mrs. P. J. Gertrude.

Mrs. E. W. Duncanson, who has been visiting Mr. and Mrs. Burpee Cleveland, of Kingston, has returned home.

Mr. and Mrs. Ellis Hudson, of Andover, Mass., and Mrs. Wilson, of Brighton, Digby county, are visiting Mr. and Mrs. Otis Coldwell.

Mrs. Pearl Kenzie and children, of Middleton, spent a few days with her brother Mr. Bernard Redden.

The Misses Dorothy and Audrey Waterman, of Torbrook Mines, are visiting Mr. and Mrs. Alston Coldwell.

Mrs. Burpee Lyman and children spent a few days in Berwick at the Camp Meeting with her parents, Mr. and Mrs. Webb, who have a cottage there.

Miss Dorothy Schofield spent a week in Kentville with her grandmother, Mrs. Margaret Davison.

A number of people motored to Berwick and attended the camp meeting there on Sunday.

Dr. R. W. Bennett, a former pastor at GasperEAU, will preach at White Rock Sunday evening.

EUROPE'S BIG ARMIES

Europe talks peace and acts war. The great powers plan to scuttle obsolete war vessels and at the same time enter into competitive construction of airships. The debt-ridden nations have a depleted treasury brought on by greed, folly and wastefulness, yet still squander millions on standing armies.

The most awful of all armed conflicts, fought "to end all wars", has seemingly been an experience without a lasting lesson. Nine years have elapsed since the junkers forced Germany into war, yet there are in some countries bigger standing armies today than there were in 1913. There is nothing of amity in the unbalanced budget which masses of armed men have loaded upon peoples already tax burdened. They want opportunity to live their lives. They want their young men in the fields and by the firesides. But where is the rainbow? Storm clouds still darken its hues. The cask of gunpowder and threatening torch are as conspicuous as ever.

The standing armies of Europe in 1913 numbered 3,747,179 men. In 1922 the strength was 4,353,965, an increase of 607,786, despite the compulsory reduction of 696,135 men in the standing armies of Germany, Hungary and Bulgaria. This means that in the remaining states of Europe there has been an increase of 1,303,921, as compared with the year before the beginning of the World War. Where, amid such ominous signs, can the dove find a resting-place? All the nations of the earth, one after the other, were brought into that terrible vortex that dissipated Europe's immense reserves of wealth to the extent of thousands of millions of dollars and killed millions of human beings. Yet, although burnt, they seemingly have no dread of the fire.

Nations that refuse to profit by experience invite calamity. The world must come to its senses, and combine for the preservation of civilization. Today this beneficence evidently is farthest from their thoughts.—Boston Post.

Middleton won the Eastern section of the Valley Baseball League by defeating Kentville last Friday by the score of 4 to 3.

The pulpit of the Wolfville Baptist church was occupied on Sunday last by Rev. Guy G. Bleakney, who gave two excellent addresses that were greatly enjoyed.

Automobiles from all parts of Canada and the United States have been seen in Wolfville this summer. Since the first of July one of the local hotels has registered motor parties from New Brunswick, Ontario, Alberta, Colorado, District of Columbia, Florida, Kansas, Massachusetts, New Hampshire, New York, Pennsylvania, Virginia.

Prof. Bradshaw, of Hantsport, has recently made a number of copies from very valuable oil paintings by some of the "Old Masters". Some of these pictures were painted in 1620 and 1640 being over 500 years old and today are in a good state of preservation. Prof. Bradshaw is an artist of rare ability having studied extensively in the United States.

The people of Nova Scotia are among the largest consumers of tea of any people in the world. And not only are they large consumers, but they are also good judges of tea. It is the fact that they appreciate good tea which explains the enormous consumption of MORSE'S TEA. If MORSE'S TEA was not of such excellent quality it would not have the extraordinary sale which it enjoys today.

Mr. Walter Farris met with a bad accident last Friday while driving a truck between Windsor and the new dam of the Avon Power Co. His truck was not working properly and he got off to fix it when another truck coming up behind, the driver of which did not see him, struck him. He was brought home by Mr. C. H. Wright. He was badly bruised but suffered no serious injury and after laying by for a week will be able to go to work again.

ACADIA GRADUATES MARRIED

YARMOUTH, Aug. 14—A very pretty wedding was solemnized at the home of Rev. Dr. Edwin Crowell and Mrs. Crowell, Forest street, at 2:30 this afternoon, when their eldest daughter, Deborah G. H., was united in marriage to Roy Irving Balcom, of Halifax. The ceremony was performed by the Rev. Dr. Crowell, assisted by Rev. J. H. Balcom, a retired United Baptist clergyman, of Paradise, Annapolis county, father of the groom, and also by Rev. M. S. Richardson, of Zion Baptist church. The home was tastefully decorated. The wedding march was rendered by Miss Aethel Miller. The bride wore a gown of white brocaded canton crepe and carried Ophelia roses and sweet peas. The couple were unattended, and the ceremony was witnessed by a few of the immediate friends of the contracting parties, after which a luncheon was served.

Mr. and Mrs. Balcom left for the Argyles on a camping trip, the bride wearing a travelling suit of blue tricotine with hat to match. Mr. and Mrs. Balcom are well known to many in this province the bride having taught school at Liverpool, Annapolis Royal and other towns in Nova Scotia. The groom is a chartered accountant and well known in Halifax. Among the out-of-town guests were Major Harvey Crowell, of Halifax; Rev. and Mrs. Balcom, Paradise; Mrs. (Dr.) Fillmore, Parrsboro. Mr. and Mrs. Balcom will reside in Halifax after their honeymoon trip.

(Both bride and groom are graduates of Acadia University, the latter in 1921 and the former in 1916.—Ed.)

BOOSTING WOLFVILLE

Wolfville was visited this week by Miss Hazel Corker, representing "Opportunities-in-Canada and The Tourists Guide", a monthly magazine published by The Tourists' Information Bureau of Canada. This magazine intends for the next six months to specialize on the Maritime Provinces and will be circulated mostly in Great Britain for the purpose of inducing settlers and capital to come to this part of the country. Miss Corker got into touch with the Board of Trade and it was decided if possible to give Wolfville an adv. in the magazine for the six months. The citizens of the town were canvassed for subscriptions and the following agreed to pay for the advertisement, which will be accompanied by a write-up of the town: Edson Graham, Sterling Services; Davidson Bros.; Williams & Co.; Bishop Co.; G. C. Nolan; H. A. Peck; Woodman & Co.; T. S. Sanford; Don. Campbell; E. S. Crawley; G. R. Bennett; C. H. Wright; Acadia University; H. E. Blakeney; Dr. J. T. Roach; A. M. Wheaton; W. D. Withrow; A. C. Cox; Dr. M. R. Elliott; Dr. V. S. Primrose.

CROP REPORT

The weekly crop report issued by the Bank of Montreal has the following to say under date of August 9th concerning conditions in the Maritime Provinces: Weather conditions favourable for all crops. Hay in New Brunswick a light crop. In Nova Scotia it is well above average. Potatoes in New Brunswick show great improvement, due to recent rains and average yield is now expected. Grasshoppers have damaged hay and grains in some parts of Prince Edward Island.

FLOWER SCENTS THAT DRIVE AWAY FLIES

Flowering plants are a pleasing means of banishing house flies. For instance the fragrance of geranium, mignonette, heliotrope, and white clover, so agreeable to most people, are very distasteful to flies. They especially dislike the odor of honeysuckle and hop blossoms. The delicate fragrance of sweet lavender, with its old-time suggestions, is particularly refreshing to most people, but it will drive away house flies.

---Now that fresh fruits are here

Why not make the most delicious Jams and Jellies you ever tasted?

More customers every day are adopting the sure, economical, Certo method of making Jams and Jellies.

It means delicious quality, never possible the old way, and your Jams and Jellies keep perfectly.

Why boil away your fruit or risk the loss of valuable fruit and sugar by following old-fashioned methods, when the Certo method never fails? The Certo way takes a little more sugar, but the sugar does not boil away, and you get at least 50% more Jam or Jelly from same amount of fruit and your Jams or Jellies will cost less.

We supply with every bottle of Certo, a book of recipes. Everything is clearly explained—you cannot go wrong.

We heartily recommend Certo—a pure fruit product; contains no gelatine or preservative.

SHEFFIELD MILLS INSTITUTE

Interesting Address on Sir Walter Scott by Rev. G. A. Logan

Mrs. George N. Pye entertained the Women's Institute on Friday afternoon, President Mrs. David Ellis in the chair. The meeting opened with the Institute Ode, the response to roll call being selections from Scott. Piano duets by Mrs. John Burgess and Miss Pye, vocal duets by Mrs. George Osborne Bowser and Mrs. John Burgess and a delightful dialogue in which Mrs. Pye and Mrs. Clark Ross in costume representative of Ye Old Tyme Lady and the New Woman gave much pleasure and amusement.

The speaker of the afternoon was Rev. G. A. Logan, who chose for his subject the "Life and Works of Sir Walter Scott", and his contribution to the world. Scott inherited the genius of the sons and daughters of Scotland, inheriting the rugged honest character to a remarkable degree. That great men as a rule come from obscure origin is recognized, but not so with Scott, whose ancestry could be traced to Scottish chiefs. As a lad the distinguishing feature of his school life was his great love of folk lore. He would walk 30 miles to run down a story.

After graduating from the High School and Edinburgh University Scott served in his father's law office for 5 years. A pains taking writer, though not a brilliant lawyer, his leaning towards literature resulted in the translation at the age of 24 of a book of German Poetry, which received the commendation of critics. Scott married Miss Margaret Carpenter, whose income of two hundred pounds added to that of Scott, made it possible to keep home. Scott's marriage though a very happy one does not appear to have awakened the creative fancies born of the God of Love. There is the essence of ten thousand love stories in one verse of Burns. This could not be said of Scott. In 1799 he took a cottage outside of Edinburgh and was appointed deputy Sheriff. In 1802 Scott edited in complete form all Scottish Folk Lore in poetry with copious explanatory notes and through this splendid work began to be known in literature. In 1806 came from his pen "The Lay of the Last Minstrel", of which there is nothing finer in any literature. This poem too the world by storm and he was hailed a first star in the firmament. The first edition of 1000 copies selling at \$7.00 a copy, became exhausted in a week.

Scott's works are as eternal as the language in which they are written. Every child should know Scott. His next poem, "Marmion", came three years later in 1808, a thrilling story so vivid that one can see the images pass in review as they read. This sold for \$8.00 a copy. An uncle leaving Scott a legacy he moved to a larger home and was enabled to give expression to the greatest passion of his life, growing trees and planting flowers. Two years later came "The Lady of the Lake". His increasing fame brought a higher bid. The sale of "The Lady of the Lake" made Scott feel he could buy a home of his own and he purchased Abbotsford. This he beautified and increased until his home became a mansion. Here he was made a baronet for his writings, the first man of letters to receive this. From 1814, as he was at the height of his talent, a brilliant star appeared in Lord Byron, who at

W. C. T. U. NEWS FROM INDIA

Educated Gujrati young women from Baroda, and Marathi women of Poona, ready to perform the tasks assigned to them have well for the future of the W. C. T. U. among Indian women and the preparation of literature in the leading languages in the province. A year ago Poona did not want a W. C. T. U., and many Christian women were unwilling to sign the pledge. The city had Good Templar lodges and other temperance organizations and needed no more, at least, such was the verdict. Now—the W. C. T. U. boasts over forty members; there are three Young People's Branches, a Band of Hope and three Units of the Blue Ribbon Temperance Army. Poona is a star station on the W. C. T. U. map of India. What has wrought the change? Patience, Perseverance and Prayer. Bombay Division has fourteen Unions, four Young Peoples' Branches, eighteen Loyal Temperance Legions, one Band of Hope and twenty-nine units of the Blue Ribbon Army.—The India Temperance Record.

FRUIT SHIPS MAY BE HIRED

VERNON, B. C., July 19—Rather than submit to the exactions of steamship companies operating from Canadian Atlantic ports the Associated Growers of British Columbia, controlling 90 per cent of the tree fruit production of the province, may charter its own vessels for the export apple trade. Archie M. Pratt, general manager of the co-operative, says the organization considers the attempt to raise rates an absolute imposition, especially when growers are struggling under adverse conditions to maintain the industry. Mr. Pratt asserted that the same steamship concerns that are proposing to increase the rates on apples shipped from Canadian ports are offering lower rates on United States fruit.

THE OTHER MAN

Perhaps he sometimes slipped a bit— Well, so have you.
Perhaps some things he ought to quit— Well, so should you.
Perhaps he may have faltered—why, Why, all men do, and so have I; You must admit, unless you lie, That so have you.
Perhaps if we would stop and think, Both I and you,
When painting someone black as ink, As some folks do,
Perhaps, if we would recollect, Perfection we would not expect, But just a man half way correct, Like me and you.
I'm just a man who's fairly good, I'm just like you,
I've done some things I never should, Perhaps like you,
But, thank the Lord, I've sense to see The rest of men with charity; They're good enough if good as me— Say, men like you.

PUBLIC IS THE BOSS

Many a man looks forward to the days when he will be his own boss in business on his own account. Being in business on your own account means that you have simply exchanged a few bosses for many, and this many consists of the public. The public is a most severe and exacting boss, but for the man anxious to serve it, and who will study its needs with a view to meeting them honestly and fully, the public will pay well.

While we are utterly dissatisfied with our success in life, others imagine that they could be perfectly happy if they could attain our station.

REV. HUGH GRAHAM

(By Rev. A. B. Dickie, D. D., Hantsport)
In consulting the pages of Presbyterian history in Nova Scotia we find few congregations formed at an early period in the western part of the Province. This was largely owing to the paucity of laborers which necessitated no response to the Macedonian cry, "Come over and help us."
The late Doctor celebration in Pictou resurrected the heroic labors of the Rev. Dr. McGregor in Pictou but there was no man of a kindred spirit ready to traverse the Annapolis Valley and plant the blue flag in the Garden of Nova Scotia. Dr. McGregor came to Pictou in 1786 and preached his first sermon under an elm tree which still stands. Its stately branches have long formed a shady retreat defying summer breezes and winters stormy blasts. It again resounded with songs of praise in commemoration of the faithful ambassador who early toiled in Pictou and spent 46 years in the ministry and is now deceased 93 years.

A short time previously another pioneer, Rev. Hugh Graham landed in Halifax in 1785, after a passage of nearly 8 weeks across the broad Atlantic. After spending a few days in the metropolis he travelled to Cornwallis. No D. A. R. was then projected or thought of. Pedestrian feats, horse back rides or the old chaise were then the modes of locomotion. On the 21st of August 1785 he preached his first sermon. No elm tree stands to mark the spot where his first oration was delivered but foot prints on the sands of time tell of his indefatigable labors. There is no doubt that the toils, perils and sacrifices of these early toilers have been looked upon under the light of the Foreign Mission enterprise they would have been chronicled as martyrs and if not canonized they would at least have been made immortal.

Writing to his parents on Sept. 2nd, 1785 Mr. Graham says: I preached last Sabbath to a large audience. I have found a number of very serious and intelligent Christians among them. The forms of civility and religion are better observed than I expected and there exists among them a considerable spirit of religious enquiry. Almost all I can say as yet (I wish I could say more) is that I have not repented of my obedience to the Synod in coming to this distant and destitute corner of the vineyard. Let not my dear parents feel nor fret that the Lord should employ one of ten in a place where my services are greatly needed. For 5 years this Presbyterian pioneer labored in Cornwallis. He then received a call from Stewiacke and Musquodoboit, where he was settled in the same month 1800 that he commenced his work in western Nova Scotia. His first wife died in 1785 shortly after he came to Nova Scotia and his second in 1816. At the age of 75 years he departed this life in 1892. For 94 years his dust has been sleeping in the Stewiacke cemetery and for that long period the gently flowing Stewiacke River has been singing a quiet requiem near his grave.

Mr. Graham was one of three ministers who organized Truro Presbytery in 1786 and he was for some time its stated clerk. He wielded a facile pen and sometimes wrote for the press. He had prepared some notices of Nova Scotia's early history in which were doubtless some references to Kings Cove. The manuscript, however, was destroyed through the burning of his dwelling house. He performed long journeys on foot in the performance of pastoral duties, was a preacher of some ability and had his work been followed up as Dr. McGregor's was in Pictou, Presbyterianism would have made greater advancement in Western Nova Scotia.

NEWSPRINT RECORD SET

MONTREAL, Que., July 25—The Canadian Pulp & Paper Association says newsprint production in six months of 1923 has set a record. Up to the end of June, Canadian mills manufactured 619,202 tons of newsprint paper, which presented a daily average production of 3973 tons, or about 470 tons more than the daily average throughout 1922. This tremendous increase is due largely to the addition of new machines to the productive capacity of the mills, but also reflects an increased efficiency of operation and the speeding up of existing machines.

PRINCE TO LEAVE IN SEPTEMBER ON CANADIAN VISIT

LONDON, August 9—The Prince of Wales will leave London early in September for Canada and will spend some time at his ranch in Alberta. He will be accompanied by his private secretary, Sir Godfrey Thomas and Brigadier General G. F. Trotter. The Prince's Canadian visit will continue until the end of October.

Previous to starting for the Dominion the Prince of Wales will spend a short time with the King and Queen at Balmoral Castle. His visit to the latter place will take place towards the end of this month.

The dainty, economical soap for dainty fabrics

In every home, in every laundering, there are delicate fabrics, dainty garments to be washed. Now they can be beautifully cleaned without injury to material or harm to lovely coloring. Thousands of careful women manage it easily, simply, by using the pure white, curly PRINCESS SOAP FLAKES—made by PALMOLIVE.

Crepes, satins, silks—sheer voiles, fine batistes and gingham—expensive cretonnes; they come from washing with renewed brilliance and beauty. PRINCESS FLAKES are economical in two ways: They give longer life to fabrics; and, being pure, unadulterated soap, they save on soap cost. They give quick, creamy suds that dissolve dirt quickly and thoroughly. Splendid for the washing machine; splendid, in fact, for every laundry and household use.

In handy one-pound packages or bags. Order some today. Save by using them. THE PALMOLIVE COMPANY OF CANADA, Limited Montreal, Que. Toronto, Ont. Winnipeg, Man. PALMOLIVE PRINCESS SOAP FLAKES Made in Canada 1905

BIRD'S Art Craft Roof RED OR GREEN

Canada's Roofing Sensation

YOU are going to hear a lot about ART CRAFT, the new roofing sensation, and you're going to want it on your roof for several very good reasons. ART CRAFT saves time, trouble and labor cost. It can be applied right over the old shingle roof, or it can be applied directly to the roof boards for new work. It is as handsome as it is durable. That's saying something, because it gives years and years of roof protection, free from upkeep cost. A weather-proof, fire-safe roof is what you want and what you get. And last, but most important, ART CRAFT is low-priced and inexpensive to apply. Comes in two colors—red or green. Now will you come in and let us give you an estimate on Art Craft for your home?

PORT WILLIAMS BOY MARRIED

NEW GLASGOW, N. S., Aug. 15.—A wedding of unusual interest to the more prominent people of New Glasgow took place here this afternoon when Miss Marion Louise Beck, eldest daughter of Mr. and Mrs. C. L. Beck, of New Glasgow, was married to Charles McKittrick Collins, of Port Williams, Kings county, N. S. The ceremony was performed in United Church, Rev. Robert Johnson, M. A. assisted by Rev. Dr. Ross Collins, of Columbia University, brother of the groom.

The wedding march was played by Mr. W. D. Fife, organist of the Church. The Church was filled with friends of the contracting parties when the bride entered on the arm of her father. The ushers were Messrs. George Fajoy and Donald Gass. Following the ceremony a wedding luncheon was served at Mr. Beck's home, after which Mr. and Mrs. Collins left by motor car, on a wedding trip.

Among the guests from outside of New Glasgow present were Mr. and Mrs. Dexter S. Collins, Wylie L. Collins and Fred N. B. Cogswell, Port Williams, Mr. and Mrs. D. Ross Kerr of Westmount, Miss Ruth Wyse, Moncton, Miss Annie Harrington, Guysboro, and Miss Ellen McDougall, Truro. These visitors with a number of the bride's girl friends were the principal guests.

Miss Collins is one of New Glasgow's favorite young ladies and has a host of warm friends whose best wishes go with her and Mr. Collins to their new home in Port Williams.

An exchange tells of a printing office in Kentucky being opened by prayer. This is a rare exception to the rule, as from time immemorial it has been the custom for printing offices, that could afford such, to be opened by the devil, and closed by the sheriff until the supply houses declined to give extensive credit to irresponsible printers.—Coleman Journal.

PROMINENT VALLEY FRUIT GROWERS VISIT SACKVILLE

(From the Sackville, N. B. Tribune)

Mr. and Mrs. S. B. Chute, of Berwick, Nova Scotia, and Mr. and Mrs. Manning K. Ellis, of Port Williams, spent a day in Sackville last week as the guests of Mr. and Mrs. William B. Fawcett. Mr. Chute has the distinction of owning the biggest apple orchard in Canada and one of the largest in the world. He has 24,000 trees at Berwick and expects to harvest this year upwards of thirty thousand barrels of choice apples. Mr. Chute is also the owner of orange groves at Haines City, Florida, where Mr. Fawcett has an orange plantation.

Mr. Ellis is a prominent apple man, being a large producer and buyer. He is also interested in small fruit, producing this season about a thousand crates of strawberries.

Speaking of conditions in the Annapolis Valley, Mr. Chute said that a bumper crop of apples was expected, and the outlook for good prices was bright. The apple crop in England is said to be small and the price for Valley apples should therefore be satisfactory.

Messrs. Chute and Ellis spent several hours on the farm of the Tantalamar Fruits Limited and sampled the strawberries that have been shipped in car lots this season. They were delighted with the flavor, which is recognized as being equal to if not superior to the flavor of any strawberries produced in America.

Mr. and Mrs. Chute and Mr. and Mrs. Ellis left by motor Friday afternoon on their return home.

CRITICS

I wonder if the man's alive, that's got a perfect score, in pleasin' all the critics that his life is flashed before? It's true our dear Redesmer lived a short, although perfect span. . . . But critics pierce has lovin' heart, as brutal humans can. . . . This land or our'n has shed its blood, that peoples might be free. We seized our swords an' bayonets, an' said, "It's got to be!" We sent our dashing boys abroad, an' crushed the monster's might, and now, we hear the critics howl, "They never done it right!"

Facts is—a lot of Dervishes, in editorial guise, that spends their time promotin' all the politician's lies. . . . they occupy a velvet seat, an' shake their loaded dice—they'd criticise the angels, if the devil had the price!

Questions and Answers —All About Canada—

READ UP ON THE COUNTRY YOU LIVE IN

RADIO IN CANADA
 Q—To what extent is radio being developed in Canada?
 A—The development of radio in Canada, radio broadcast, has a greater significance for Canada than perhaps any other country in the world. At least half a million square miles of territory now regarded as isolated will become an attractive territory to prospective settlers, to whom life would be impossible if they were entirely out of touch with the culture of civilization which to so many is expressed in terms of news and music.

CANADA'S WATER POWERS
 Q—What is the development of Canada's water powers?
 A—The water power now developed in Canada represents an investment of over \$620,000,000. In 1940, should the rate of growth during the last fifteen years in installation be continued, this investment will have grown to over \$1,100,000,000. The present development represents an annual equivalent of 26,700,000 tons of coal, which valued at \$10 per ton, represents \$267,000,000. In 1940 these annual figures, with the foregoing assumption, will have become 50,000,000 tons in quantity, and \$500,000,000 in value.

ELEVATOR ACCOMODATION
 Q—What is being done to add to the elevator accomodation in Canada?
 A—An extensive grain elevator building programme has been planned for Western Canada this year. It is estimated that fully 200 elevators will be erected in Manitoba, Saskatchewan and Alberta before this year's crop begins to move from the farms. Leading milling companies have also announced proposed extensions of their manufacturing plants and grain storing facilities. New elevators and extensions at Fort William and Port Arthur, at the head of Lake Superior, will increase the storage capacity at these important grain and shipping ports by at least six million bushels, bringing the total storage capacity to more than sixty-two million bushels, the greatest of any terminal grain shipping port in the world.

CANADA'S RAILWAY FREIGHT
 Q—What is the tonnage of Canada's railway freight?
 A—62,273,160 tons of railway freight originated in Canada in 1922 and 2,581,631 was received from foreign connections making a total of 64,854,791 outgoing. Also 62,548,576 tons terminated in Canada and 25,438,900 were delivered to foreign connections, making a total of 87,987,476 tons.

CANADA'S FLOUR PRODUCTION
 Q—What is Canada's flour production?
 A—The development of the flour milling industry in Canada in the last fifty years is indicated by a return just com-

pleted showing that in that time the capital invested in flour mills has increased from \$10,000,000 to \$62,000,000, the consumption of raw material from \$32,000,000 to \$165,000,000, and the value of products from \$39,000,000 to \$195,000,000. The export of wheat flour from Canada in the same period has increased from \$1,000,000 to \$53,478,000 annually.

CANADIAN POST OFFICES
 Q—How many Post Offices are there in Canada?
 A—Canada has 12,247 post offices with only 3638 in 1867 at Confederation. 3748 rural mail delivery routes serve nearly 120,000 rural mailboxes.

POPULATION INCREASES IN CANADA
 Q—What were the population increases in Canada during the last ten-year Census period?
 A—The increases in Canadian population in the ten years 1911-21, was 1,581,840 or 21.95 per cent. Of the increase shown by the last census, persons of British origin contributed 722,346, or 45.68 per cent; Irish 57,433 or 3.63 per cent; Scotch 175,944 or 11.13 per cent; other British races, 16,382 or 1.03 per cent. French 397,692, or 25.28 per cent. The total population of Canada in 1921 was 8,788,341.

SIR CHARLES TUPPER
 Q—Who was Sir Charles Tupper?
 A—Sir Charles Tupper was born in Amherst, N. S. on July 2, 1821, of a United Empire Loyalist family, connected with Sir Isaac Brock. He studied medicine, and practised first as a doctor, and then as a politician in Nova Scotia, making his name as one of the "Fathers of Confederation", and later as a member and leader of the Dominion Government. He died Oct. 1915, still vigorous in mind and body, in spite of his ninety odd years.
