

THE CONDUCT OF MRS. GOULD

Alleged She Drank So Much Mr. Gould Had to Quit.

No Woman's Reputation Safe in Servants' Hands.

Goulds Do Not Recognize Each Other in Court.

New York, June 16.—Evidence to justify Howard Gould in separation from his wife, Katharine Clemmons Gould, was presented again today in the hearing of her suit for separation and alimony.

Mrs. Gould has asserted that no prominent society woman's reputation is safe in the hands of her servants, if their testimony is to be accepted against her and that their testimony in this case would be rebutted.

HIS HAND CRUSHED.

Unfortunate Accident to Mr. Fred Domville This Morning.

Hamilton people, especially the musical set, will learn with deep regret of an unfortunate accident which befel Mr. Fred J. Domville, this morning.

Mr. Domville is superintendent of the G. T. R. foundry and bolt works. A new machine had just been set up, and Mr. Domville and others were there to see it in operation.

Rev. J. C. Sycamore Receives Unanimous Call to Calgary.

To his very great surprise, Rev. J. C. Sycamore, of James Street Baptist Church, received a telegram on Monday afternoon informing him that First Baptist Church, Calgary, had unanimously called him to the pastorate, and that a letter was being forwarded to him.

The Times sought an interview with Mr. Sycamore, and found him quite disturbed, because the news had been made public. Only a year ago he had received a call to the east, and he said, he greatly disliked the publicity of these things, and the anxiety they caused his own people.

WON'T HANG.

Walter Blythe, Wife Murderer. Reprived Until Oct. 1st.

Toronto, Ont., June 16.—Walter Blythe, who was to be hanged to-morrow morning here for the murder of his wife, has been reprieved until Oct. 1 by Mr. Justice Teetzel. The application was made this morning by Mr. T. C. Robinson, K. C., on the ground that an appeal had been entered in the Court of Appeal from the refusal of Mr. Justice Riddell yesterday to grant a reserved case.

SAFETY DEPOSIT BOXES

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables.

TEAMSTER KILLED.

Toronto, June 16.—Wm. Whills, who lived at 440 St. Clarendon avenue, was driving a team of horses through a lane beside a new building in Gladstone avenue, near Bloor street, this morning, when the wagon struck against the building and he was jolted off.

Negro Lynched

Arcadia, Fla., June 16.—An unknown negro was lynched last night for an attempted criminal assault upon Mrs. P. R. Reid, wife of a prominent citizen of Arcadia. A posse was formed as soon as the news of the attempted crime spread, and within an hour the negro was captured, a short distance from the scene of the crime, and lynched.

CANADIAN ODDFELLOWS.

Move to Increase the Rates of Old Members Defeated.

Grand Lodge Again Votes Against Optional Insurance.

At the meeting yesterday afternoon of the Grand Lodge of the Canadian Order of Oddfellows in the Sun Life building Mayor McLaren and Ald. Peregine were introduced to the meeting and tendered the members of Grand Lodge a cordial welcome to the city. Both the Mayor and the alderman made neat speeches, and met with a cordial reception from the delegates.

Mr. John Hoodless, President of the Greater Hamilton movement, also addressed the delegates, giving them much information about the city, and left for distribution a large package of the pamphlets entitled "A Kettle of Facts About Hamilton Boiled Down and Dished Up Hot." These the delegates will carry away with them when they leave for home, and thus the good seed will be spread abroad.

Mr. B. L. Foster, representing the Independent Order of Foresters, tendered the fraternal greetings of that order.

Mr. H. L. Foster, representing the Independent Order of Foresters, tendered the fraternal greetings of that order.

IN HAMILTON.

Royal Canadian Academy Will Give Exhibition Here.

Hamilton is to have the annual exhibition of the Royal Canadian Academy this year. This will be the first time the exhibition has been held any place but Montreal, Toronto and Ottawa, and it is due to the efforts of Mr. H. A. Neyland, principal of the Art School, that it is coming here.

Dear Mr. Neyland—A letter from you with regard to holding an exhibition of the Royal Canadian Academy in Hamilton was laid before the last R. C. A. Council meeting held in Ottawa on May 7th last, and the following resolution was carried:

"That in regard to the proposal of Mr. Neyland that the R. C. A. hold an exhibition in Hamilton, this Council appoints W. F. Bell-Smith, and Mr. Dixon Patterson to go to Hamilton and look over the ground and report fully to the President, who shall be, and is hereby empowered to complete all arrangements for holding such exhibition, if in his opinion the conditions are favorable.

I received on Saturday a letter from Mr. Bell-Smith, in which he reports so favorable upon the project that I think it would be wise to carry out your suggestion. I accordingly am writing you to arrange as to dates. I think the opening night take place on Thursday, 18th November, and continue till perhaps the 18th of December.

Mr. Neyland has accepted the dates suggested and arrangements for this splendid exhibition will be made without delay.

Fine English Cigarettes.

The Craven mixture cigarettes are made from the finest blend of high grade tobacco. The Craven is a cigarette of distinction, and is sold for 15 cents a box at peace's cigar store, 107 King street east.

NEW CONSERVATIVE PAPER TO BE LAUNCHED HERE

Will Be Hydro-Electric Advocate and Strongly Anti-Temperance In Its Sentiment.

Hamilton is to have a new daily paper. The announcement is made that that much has been definitely decided: also that it will be a Conservative paper, and the promoters declare that it will be the official organ of the Conservative party in Hamilton.

A meeting was held in this city a few days ago. It was attended by a number of moneyed Conservatives—not all local men—and the key note of the meeting was secrecy. The intention was to have all arrangements completed before giving out any information, but one who was there told a very intimate friend, and so the doings got out.

The proposition is to organize a \$500,000 company, erect a large modern building, publish a daily paper and run a complete printing, engraving and book binding establishment. An option has already been secured on a large central block of property within five minutes walk of the corner of King and James streets.

It is said that a moneyed Toronto man who made his fortune in liquor will be the largest stockholder, and will have a controlling interest in the paper; that it will support the Whitney Government in everything, especially in its power project, and that it will be pronouncedly anti-temperance.

Two or three prominent Conservatives who were spoken to on the subject this morning, professed to know nothing more than that such a thing was being talked about. One of them made this significant remark: "You know I am a 'Hamilton first' and therefore support the Cataract Company. You could not expect me to be on the inside of a movement that is being engineered in the interest of the Hydro scheme." He added: "If the Southams drop the Cataract fight there will be no new Conservative paper."

WOMEN OF ANCASTER.

Summer Meeting of the Institute Held Yesterday.

Yesterday afternoon the Alexandra Women's Institute of Ancaster held their mid-summer meeting in Pendell hall, Mrs. Stevenson, President, in the chair. She introduced Miss Miller, the lecturer sent out by the Department of Agriculture, to address the Institutes in this section.

Miss Miller's speech was on "As Others see Us," and in it she gave many useful hints for the members, as well as for the working of Institutes. She emphasized the value of starting meetings promptly at the hour fixed, saying it was unfair to those who were punctual to make them wait and lose their time for others who were late.

Miss Nisbet, of Hamilton, gave an address on "Some Notable Women of Westworth County." Mrs. Harrington and Miss Mussen played piano solos.

WILL STANDS.

Judge Considers Late Mr. Misener's Will Perfectly Good.

In the action of Baguley vs. Misener, which was concluded yesterday afternoon at the General Sessions, Judge Snider, after hearing a large number of witnesses, ruled that the deceased, Lemuel Misener, had disposed of his estate in a natural way, that there were no grounds for suspicion that in making his will he had been unduly influenced by Mr. or Mrs. Baguley, and that in his judgment it was only a question of relative quarrelling among themselves. He therefore gave judgment that the will is entitled to probate when the other necessary papers are produced. Costs to the plaintiff.

WRIT ISSUED.

John McInnes Wants to Get Judgment Money.

Mr. John McInnes issued a writ to-day through his solicitor, Mr. Arthur O'Heir, against Felix and Helena Sajecka for judgment obtained a few days ago in the County Court for \$213. The judgment was given in favor of the plaintiff against Felix Sajecka, but it is difficult to collect it, as the Sajecka property is registered in the wife's name. The plaintiff claims that this was done to defraud the husband's creditors out of their money, and the writ was issued on behalf of all to whom Sajecka is indebted.

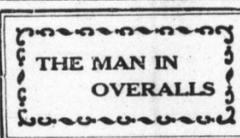

ALL SAINTS

Extension Work Will be Proceeded With at Once.

Alterations and improvements to All Saints' Church, costing \$14,500, are to be made at once. As previously announced, half of this amount will be contributed by George T. Tuckett, whose generous donation was made on condition that the congregation raised an equal amount. At a vestry meeting last night the extension committee reported that the appeal for funds had met with a generous response, and that all the money required was in sight and subscriptions promised for the next two years that would assure the success of the scheme. The report was adopted, and the committee authorized to have the work proceeded with. Fifteen feet of ground will be purchased from the Patterson estate and the church extended easterly. Other needed improvements are to be made.

U. S. STEEL.

New York, June 16.—Confidence that the common stock of the United States Steel Co. will eventually be admitted to listing on the Paris Bourse was expressed at the office of J. P. Morgan & Co. in this city to-day. It was said that while there might be some further delay in the listing of the stock no doubt of a successful outcome was felt.

The Dog Club should have a walk out these nice evenings. Show its strength.

I shouldn't mind being a controller myself at \$1,500 per.

Can the Public Library building be made to pay drawing rents? Those who want it saved to the city might do a little figuring.

Are we going to have a flower show this season? We used to have pretty good ones.

My chauffeur has now special instructions not to exceed the speed limit, whatever it is. Riding on the sidewalk was bad enough, but \$20!

The question of the safety or otherwise of the Victoria Avenue School should not be left in doubt.

The Hamilton Improvement Society thinks the dog should be improved off the face of the earth.

Dr. Roberts also appears to have his own opinion of his dogship. Doggone.

These are busy days at the Police Court, and the Magistrate is not losing any time, either.

Money seemed to be no object with Mrs. Gould. Money to burn.

But the people who are buying up the land prefer never to have heard of the Union Station project. The outsiders, however, know all about it, or think they do.

The Canadian Oddfellows are certainly a decent, quiet-looking lot of men. Come again.

If dogs were supplied with plenty of good fresh drinking water they wouldn't bite so many people. Don't laugh.

This plan of pitting Toronto against Hamilton to boost the salaries is an old story now, and should not succeed.

Ald. Wright is anxious to find out who started the story that he is to be a mayoralty candidate. Is he sure he didn't start it himself.

I am not what you would call fastidious, and I admit some of the street cars are clean and comfortable, but there are a few that would be all the better to have their faces washed.

One good thing about the proposition to have a Sanatorium farm colony is that it wouldn't cost much. Another is that it would make it possible for poor patients to work their passage.

The field would be rather overcrowded with the three Tory newspapers in the town—the Spec, the Herald and the Newcomer.

TO CALL CONGREGATION.

An informal meeting of the officials of Herkimer Baptist Church was held last evening to discuss the situation created by the resignation of the pastor, Rev. H. McDermid. The officials, or a majority of them, are still firmly of opinion that the proposed new church should be proceeded with. The decision arrived at last night was to call a special meeting of the congregation for Wednesday evening of next week, when the whole matter will be discussed.

CAMPAIGN OF Y. M. C. A.

Executive Arranging Details For the Coming Event.

The Executive Committee of the Y. M. C. A. fifty thousand dollar campaign, the Publicity Committee, and the Captains were called together last evening, and a number of details concerning organization and arrangements were discussed and decided upon.

The opening banquet will be held in the Royal Hotel on the evening of the 23rd, and prominent out of town speakers will be arranged with for that occasion.

Through the kindness of Mr. John Lennox the headquarters offices for the six days will be in the old Knox-Morgan building. A committee was appointed to decorate it.

MEET HERE.

Canadian Manufacturers Visit Hamilton Next September.

A meeting of the local members of the Council of the Canadian Manufacturers' Association was held last evening for the purpose of making arrangements for the big convention of the Association, to be held in this city in September.

Representative manufacturers from all parts of Canada will be in attendance, and it is expected that fully five hundred delegates, accompanied by an equal number of friends, will visit the most popular convention city in the Dominion.

GAS CASE.

American Street Lighting Company vs. Ontario Pipe Line.

The action of the American Street Light Co. vs. the Ontario Pipe Line Co. came up this morning before Special Referee Snider for settlement. The plaintiffs are suing for unstated damages. The claim that the defendants did not connect their pipes with certain lamps. This is an old case which came up some time ago before Justice Riddell. It may not be concluded before to-morrow. S. E. Smoke, of Toronto, appeared for the plaintiff, and John G. Gauld, of this city, for the Ontario Pipe Line Co.

AT TORONTO.

Work of Hamilton Art School Will be Exhibited There.

The work of the pupils of the Hamilton Art School will, at the request of the judges from Toronto, be sent to the Toronto Industrial Exhibition. The judges gave their opinion that the work would equal if not exceed any similar work in New York or Philadelphia. The visitors from Canada and the United States who attend the Toronto Fair will see for themselves what the Hamilton Art School has done for the boys and girls of the city.

Daily Beach Service.

Our Beach business this season is very encouraging, the splendid service, the correctness of filling all orders, the prompt delivery, no doubt, is responsible. If you intend sunbathing at the Beach or Burlington we can make some work in New York or Philadelphia. The visitors from Canada and the United States who attend the Toronto Fair will see for themselves what the Hamilton Art School has done for the boys and girls of the city.

Two Drowned

Newark, N. J., June 16.—Two men and a dog went out in a round-bottomed boat in a small lake in a park here last night. The dog returned to shore alive, but the men are dead. Charles Peterson and Wm. Rover, both laborers, both about 30 years old, are the victims. The boat upset and neither could swim.

MAY SUBMIT BY-LAW AGAIN

When Both Contracts Are Before the Ratepayers.

Board of Education Not Inclined to Raise Salaries.

City Engineer Macallum Attends Conference in Toronto.

"I think the company is very foolish to permit such statements to go unchallenged," said Mayor McLaren this morning, when asked what he thought of the report that the Cataract Power Company was behind the move to break the city's five-year lighting contract with the company. His Worship does not believe there is any truth in this assertion. Neither do the aldermen, who point out that the company at considerable expense has been replacing poles and making all arrangements for entering into the contract on the first of the month. The general opinion around the City Hall is that the Cataract by-law did not have a fair show. It was bitterly opposed by the Hydro-Electric advocates, and no meetings were held in its favor. Hydro speakers made all sorts of assertions about the loopholes through which the Cataract could break its contract, while no criticism was made of the Hydro contract. When the Hydro contract is considered by the special committee appointed by the Council it is likely enough laws will be found in it to shake the faith of the people in chaining the city to a thirty-year monopoly. The probable outcome will be that the Cataract contract will again be submitted when the Hydro by-law is voted on. The action of the company in re-contracting the railway road, in the matter of the company's cutting off the minimum charge on people who have houses at the Beach and in the city, during July and August, and promptly paying the city the \$5,000 due under the Kramer-Irwin suit as soon as the courts settled the matter, are pointed to as evidence of the company's change of policy in dealing with the city. The company is being criticised for not paying the Kramer-Irwin money and making the lighting concession before the by-law was sent to the people. The critics say this was bad judgment. No doubt if the company had granted the lighting concession before the vote was taken and paid over the \$5,000 it would be charged with trying to bribe the rate-payers.

At a special meeting of the Internal Management Committee of the Board of Education last night the Trustees could not see their way clear to raise the maximum for teachers at the Collegiate Institute. The meeting was called to consider what steps should be taken to retain the services of C. S. Webster and A. W. Duntley, who had resigned their positions at the Collegiate Institute. MANY COMING

For Masonic Function on Saturday Afternoon Next.

The Masonic function which takes place on Saturday at 3 p. m. promises to be of more than usual interest, as a large attendance of distinguished brethren will be present to pay their respects to the present Grand Master in what is likely to be his last important ceremony while the occupant of the Grand Lodge at the meeting of Grand Lodge at London, in July. The committee, in charge of arrangements has been called for 5 o'clock Thursday, at the office of the secretary, R. W. Bro. John Hoodless, when they will proceed and inspect the building, to see that the very best arrangements possible are made.

SHERIFF DEAD.

(Special Despatch to the Times.) Montreal, Que., June 16.—Senator Jos. Rosaire Thibodeau, sheriff of the district of Montreal, died this morning. He was born at Cap Sante in 1838, and appointed to the Senate in 1878. He was made sheriff of the district of Montreal in 1890. It is said that his successor will be Hon. Chas. Devlin.

BLOCKED TRAFFIC.

The Street Railway Service on Barton street was blocked last night when the front wheel of a large Grand Trunk lorry, heavily loaded with Canada Screw Company barrels filled with nails, slid between the tracks, and despite the assistance of other teams, could not be moved. It happened at 6.15, when the cars were returning from the Deering, and they were all well filled. A large crowd soon gathered. The lorry could not be moved until 6.45, when a car was hooked up to it and hauled the load released, and it was then pulled out. Before it could be moved about twenty cars had been blocked and lined the road from Wellington street to East avenue.

HE'D RATHER LIVE IN JAIL

Than With Defendant in Case Before Him.

Such Was Magistrate's Remarks to A. C. Shaver.

Alleged Chicken Stealing Case Took Up Some Time.

"I would rather live in jail than with a man like you," said Magistrate Jelfs, in concluding the case of assault brought against Alexander C. Shaver by his wife. Mrs. Shaver said she had been abused, and, as late as Monday, her husband had grabbed her by the check and shoved her against a door. Before coming to Hamilton they resided in Brantford and he had ill-treated her while there. When she started to tell about only having received 9 cents from him in a month the Magistrate advised her to have the charge changed to one of non-support.

Shaver started to wait that it was dangerous to live with a woman like that, as she had fits, and Mrs. Shaver replied the only kind of "fits" she had were those brought on by the ill-treatment she received at Shaver's hands. Shaver said he was a wood-worker and had a good job, but he tried every way I could to support the children, and paid all the debts," he continued as he started in to tell the family history. At the time the youngest child was born he had bought some wood and counted the bundles.

The Magistrate advised him to stick to the point and tell why he pinched his wife's chest, and he said he had not struck her. "She had her arm around my neck once, and that is dangerous with a woman as strong as she is," he continued, and the benches began to smile.

Mr. W. M. McClelland, who was appearing for Shaver, asked if he drank, and defendant answered that he took a glass of beer once in a while, but never became drunk.

Shaver again started to tell the family history, but the Magistrate stopped him, and told him he had heard enough of it, and he had to get up to keep the peace in two sittings of 25 cents each.

Hannah Turner and George Turner were before the Magistrate, charged with theft by Mrs. Mary Campbell, Wentworth street north. Mrs. Campbell said the Turners had stolen three of her chickens, valued at 15 cents each. The chickens disappeared Wednesday, and were found in the yard of the Turners, who refused to give them up.

Mr. George S. Kerr, who appeared for the Turners, asked if his clients had not 100 chickens, and how it would be possible to pick the three out of so many, as young as they were, and they were spring chickens.

"Oh, but I know my chickens," said Mrs. Campbell. George and William Campbell, sons of the complainant, both gave evidence in which they identified the chickens. Mrs. Turner said the chickens were purchased by her on the market three weeks ago, and neither she nor her son would have stolen them.

"Why, he's as innocent as a babe," said Mrs. Turner, referring to her son. Mr. Kerr asked if she had ever purchased young chickens before and she answered, "Yes, as young as these, and the old 'un with 'em." The Magistrate decided that no case had been proven, but that the public might judge for themselves, and dismissed the case.

Daniel Morrison was up on a charge of theft, the complainant being William Duffy. The trouble was over a horse deal, in which there had been some mistake. The case was dropped on condition that the six dollars which Morrison had paid be given back to him and the horse be returned to Duffy.

Another case, where a peanut stand remained in one place for a longer time than the law allows was up this morning. George Jaunders, a Greek, was the offender. He was warned by an officer to move on at the corner of King and Catharine streets, and did so, but soon returned, and was prosecuted over twenty minutes. W. M. McClelland said the peanut vendors were prosecuted to keep up the revenue. If the man was doing no harm he should not have been singled out.

Jaunders gave evidence through an interpreter, in which he said he had remained but five minutes in that spot. Mr. McClelland thought the word of the vendor should be taken for as much as that of the policeman, as it would have been if the case had been in a high court.

"I don't care what the rules of the High Court are," answered the Magistrate; "they go by the rules of law and I go by the rules of justice." Jaunders was fined \$5.

Joseph Kroll, a foreigner, was charged with being drunk and carrying a loaded revolver. Rudolph Protich acted as interpreter, and said the prisoner pleaded guilty to both charges. He was a workman at Waterdown, and had purchased the weapon to take there with him. He was fined \$2 for being drunk, but was let off on the charge of carrying a loaded revolver, with a warning that the fine for such an offence was \$25.

Inspector William Hunter is being kept busy now that the time for the examinations are near in looking up the truants. This morning he had Joseph Lanuey charged with neglecting to send his son to school. The Magistrate gave the boy a good talking to and let him off on condition that he attend school. George Young was served with a summons by County Constable Jesse for causing a disturbance on Barton street during a disturbance on Barton street east, near the half-mile track, on Saturday night, but as he did not put in an appearance a warrant was issued.

Trade Schools for Girls. The report made by Mrs. Hoodless to the Minister of Education upon this subject, has been published in pamphlet form by the Education Department...

As yet made for the industrial education of the girls is not all that could be desired. Without pausing to consider the social and industrial position of women in the past, and the great change therein in the last generation, we have to bear in mind that it has been very much a man's world...

But if we are content to look no further than dollars and cents, the argument for the better training of the girls as money-making machines, as wealth-producers, is in itself overwhelming. Where we scrap costly machinery and install in its place others, the capacity of which is greater because of its embodying some new invention, we need but to decide that the trained girl worker is more productive than the untrained...

Canada, like most other countries, feels the want of something to take the place of the apprentice system, now obsolete. It is not improbable that trade schools may supply the need. But with the girls the case is even worse. Mrs. Hoodless strongly urges that something should be done to fill the gap between the elementary school and wage-earning capacity...

EDITORIAL NOTES.

Is Stewart's fine Italian hand visible in that attack on the street-lighting contract?

Here's the Herald worrying lest the Cataract Company street-lighting contract should not be carried out, and speaking of its quashing as a misfortune to the city!

Even the anti-Hamilton power monopoly organ gives expression to the opinion that "nothing substantial will be lost" by excluding Ald. Wright and Ellis from the committee to get information on the power matter!

Boston has a Good Government Association, and it has recently been wading through a sea of trouble, but may now be said to have reached land.

The power monopoly organ now pretends to think that the action to attack the street lighting by-law, notice of which was served by S. F. Washington, must be the work—the "underhand work"—of the Cataract Company.

How many of the ratepayers would have voted as they did on the power question had they been frankly told that the result would be to take only power for the pumps from the commission—and that at least 10 per cent. dearer than under the Cataract Company?

The courts have held that the limitations of the Canada Temperance Act do not apply to a Government railway, the transportation by the Intercolonial of liquor into Scotch Act counties cannot be prohibited.

REFUSED TO FLY THE FLAG.

Dundas School Board Turns Down Orangemen's Request.

The New School Building Will Soon be Ready.

Change in Salary Schedule Not Looked on Favorably.

Dundas, June 16.—The June meeting of the Board of Education was held last evening. The members present were: Chairman Douglas and Messrs. Parker, Dickson, Tyson, Davidson, Minty, Dr. Smith, Fisher, Kerr, Watt, Knowles and Thompson.

The High School report for May reported 86 pupils on the roll and an average attendance of 78, fourteen below that of the corresponding month last year; fees collected \$52. A design for the school crest has been agreed upon, and copies of it will be ready for next meeting of the Board.

The Public School report for May stated that 492 pupils were on the roll and the average attendance was 445, seventeen less than last May.

The Principal had inspected all the departments on the 14th and found everything satisfactory, and recommended the re-engagement of all the teachers holding the necessary qualifications.

Chairman Douglas, of the Building Committee, reported the following additional equipment for the new school building: 11 chairs, 1 hand bell, 3 teachers' desks, 20 students' desks, 2 tables, 2 typewriters and 2 gas plates for use of pupils who lunch at the school.

The local lodge of Orangemen asked that the school flag be hoisted on July 12th. Trustees Dickson and Tyson moved that the request be granted, and Trustees Knowles and Davidson spoke in opposition.

Charles E. Brady notified the board that Miss Annie Watson had been appointed an examiner at the forthcoming examinations, by the Separate School Board.

Miss Watson applied to be re-engaged on the High School staff, at \$800 salary. This application led to a discussion lasting about an hour and a half. The feeling of the board seemed to be in favor of re-engaging her, but the schedule of salaries recently adopted by the board stood in the way of granting the salary asked for.

Principal Saunders asked to have the beginning of his engagement year changed from Dec 31st back to Sept. 1st, to correspond with the engagement dates of the rest of the staff. It was pointed out that to grant the request would entitle him to an advance in salary three months earlier than was provided for in the schedule, and Mr. Saunders withdrew the request.

Principal Moore announced that the Public School would close on Tuesday next and the same afternoon, in the kindergarten room, he would announce the promotions for the year past.

The "Black Knight" lectured last night in the Baptist Church school-room to a large and very highly pleased audience.

ON POULTRY.

The Hamilton and Wentworth Poultry Association has arranged that on Thursday night, the 17th, Mr. L. G. Jarvis, one of Canada's best authorities on poultry, will give a lecture in the Trades and Labor Hall, John street south, which every one interested in poultry is cordially invited to attend.

JOINT COMMITTEE.

The Joint Court House Committee met yesterday afternoon in the Court House, and let the tender for the work of repairing the Sheriff's office and the County Court Clerk's office. It was expected that the erection of the new registry office would come up for consideration, but it was laid over to be dealt with in the near future.

DIVORCED THREE MINUTES.

Then Made Wife of Another Right in the Court.

Detroit, June 15.—Ink from Justice Hosmer's pen was quite dry on Nellie Nicolini's divorce decree yesterday afternoon when Justice Ott tied the double-knot which fixes her to Edward Kazarski—"to have and to hold until death us do part."

The programme was arranged with utmost care and was put into effect with "promptness and despatch." There wasn't a hitch anywhere along the line.

Ephraim Nicolini, who married her in 1904, went away in 1906 and has been sent since. It was a complete case of desertion, according to the story she told the court.

All records are said to have been broken in the minute period of time Nettie remained a grass widow. Five minutes is said by Justice Ott to have been the previous time, but this figure is now reduced, he declares, by at least a minute and 45 seconds. Kazarski lives at 404 East Forest avenue.

SHOT IN HIS OFFICE.

Troy, N. Y., Undertaker Murdered by Unknown Man.

Troy, N. Y., June 15.—Thomas H. Nealon, a prominent citizen and well-known undertaker of this city, was shot and almost instantly killed in his office today, it is thought by an Italian whose motive was robbery. Mr. Nealon was shot twice in the chest, and died while trying to reach the telephone to summon aid.

The assailant is not known, but is described as an Italian about 35 years old. He made good his escape after the shooting, and is still at large.

Mr. Nealon was understood to have a large amount of money this morning, and the walet containing it is missing.

Died As She Predicted.

Bracebridge, June 15.—Mrs. Robert Howard, of this town, dropped dead while in her garden working. She was 78 years of age, and although she had been falling of late she had one of the best kept gardens in Bracebridge. She had a premonition that she would die in the garden.

A FAREWELL.

St. John Ladies Aid Society Makes a Presentation.

Yesterday afternoon the Ladies' Aid Society of St. John Church met at the home of Mrs. J. H. Horning, Blake street; after five o'clock tea had been served by Mrs. Horning, assisted by Mrs. Thomas, the President, Mrs. Robert Henderson was presented with two volumes, one of which was the life of Ian MacLaren and the other by Stevenson. Mrs. Henderson leaves soon for an extended visit to Vancouver, with her daughter. The pleasant gathering dispersed, after many good wishes expressed to her, and appreciation of the charming hostess, to meet again the first Tuesday in September.

AN AEROPLANE

Will be Attraction at Maple Leaf Park Soon.

The big free show at Maple Leaf Park this week is being favorably commented on by all who have seen it. The two feature acts were witnessed by large crowds at both performances yesterday.

"COLLEGE CHUMS."

"College Chums," this week's offering by the Summers Stock Company at Mountain Theatre, East End, inclines, drew another large audience last evening, and all who were there seemed to enjoy the performance. This play is one in which every member of the company appears to advantage, so an excellent evening's entertainment is the result.

EPWORTH LEAGUE.

There was a large attendance at the Barton Street Methodist League meeting on Monday evening. The President was in the chair, Miss Newton read the lesson, and gave a very helpful talk on "Influence," after which a social hour was spent, all the members taking part in the programme. Ice cream and cake were provided at the close of the meeting.

MUSIC AND THE DRAMA advertisement with illustration of a woman playing a piano.

Those who were at Miss Jessie Katharine Macdonald's piano recital last night heard a splendidly prepared and well played programme. Miss Macdonald's technique is brilliant and remarkable, and the perfect control of her arms and fingers is very marked. She played entirely without music, and with masterly ease and confidence. Her numbers were very varied in their style, and she scored a decided success.

JACK FOTCH.

Celebrated Skater Is an All-Round Good Athlete.

There are some sporting men in America who have made a better success out of athletics than Jack Fotch, who is skating at the Mountain View Park rink for two weeks, but as a capable, all round athlete, Fotch is classed. Others specialized, but Fotch took up almost everything and has made a success of everything he undertook in the field of sport.

MISS MCCOY'S RECITAL.

A large and enthusiastic audience greeted the pupils of Miss Margaret B. McCoy at the annual recital, held in MacNab Street Presbyterian Church school-room, last evening. The work of the pupils was the result of careful and conscientious training during the past six months, and every pupil paid a tribute to the ability of Miss McCoy by singing in a pleasing manner. The audience thoroughly appreciated the efforts of the pupils, and the applause was insistent. Several of Miss McCoy's older and experienced pupils appeared and sang with splendid intelligence.

FINCH BROS., 29 and 31 King St. W.

AN OLDER ACQUAINTANCE. The wagons of the "greatest show on earth" passed up the avenue at day-break. Their incessant rumble soon awakened 10-year-old Billy and his 5-year-old brother, Robert. Their mother feigned sleep as the two white-robed figures crept past her bed into the hall, on the way to investigate. Robert struggled manfully with the unaccustomed task of putting on his clothes. "Wait for me, Billy," his mother heard him beg. "You'll get ahead of me."

### ENDORSES THE THREE-FIFTHS.

Bishop Williams Thinks It Prevents Demoralization.

Would Compensate License Holders Cut Off.

Condemns Gambling as Getting Money by Dishonest Means.

London, Ont., June 15.—Endorsement of the three-fifths clause and of compensation for hotelmen put out of business, with a strong condemnation of the betting evil, were features of the charge delivered by Bishop Williams this afternoon to the Synod of Huron, in session here. The Bishop made himself particularly clear in his references to gambling. "Betting and gambling, however widely practised and however called, are morally wrong and degrading to character," he said. "We need a public opinion sufficiently strong to brand with infamy the betting man or the betting woman as a parasite who thrives upon other people's labor. There is injustice in it; there is robbery, no matter by what name we call it, and, therefore, it is morally wrong."

**THE THREE-FIFTHS CLAUSE.**  
Regarding the three-fifths clause his Lordship said: "The principle is altogether right. The proper function of the civil law is to record and enforce the judgments of the popular conscience. There are some things which the popular conscience overwhelmingly condemns, i.e., fraud, larceny, white slavery, etc. There is no difficulty in enforcing laws against such offences. But there are other things which the popular conscience does not so overwhelmingly condemn, and when laws are passed by a bare majority against such offences they are either not enforced or enforced very feebly for the simple reason that there is a large body of public opinion which does not believe that the things prohibited are morally wrong. The result of hasty legislation on such subjects is demoralizing to the community, as Bishop Westcott says: "So far as it is effective, without the intelligent support of public opinion, it impairs, if it does not destroy, moral value of the action which it controls. So far as it is ineffective, it injures the general respect for law."

**FOR EFFECTIVE ENFORCEMENT.**  
"The experience of the Scott act is an illustration of the point. Therefore, it is extremely unwise to try to secure legislation on any subjects on which there is a great diversity of views as to the right and wrong of them, before there is a large and preponderant body of public opinion formed, which will secure the effective enforcement of the law. To secure this large body of public opinion I take to be the meaning of the three-fifths vote. It may seem to eager advocates to delay the advent of their ideal, but it is the surer way, and will not have the demoralizing effects which are apt to follow, and did follow, the adoption of the law by a bare majority."

**CONCERNING COMPENSATION.**  
On compensation he said: "But granting that the community has a perfect right to limit or suppress any business or trade which it deems to be injurious to its best interests, there are nevertheless certain moral obligations which the community is bound to observe when limiting or suppressing what is by its own laws a legitimate business. There is a question of justice involved which present methods of suppression do not fulfill. When men have invested money in good faith in a business which is protected by law like any other business; to pass a law which makes the investment all but a total loss is to break faith and is practically confiscation. The process is un-Practical, the least and really unjust. The British way is the best, and the British way is for the State to make compensation to private individuals when it suppresses by law a legitimate trade. The abolition of slavery is a case in point. Slavery was a legitimate system, tolerated and protected by law, and when the State abolished the system it made compensation to the slave-owners to the extent of \$100,000,000. The recent British proposal to limit the liquor traffic, I think, proceeded upon the same lines, which appear essentially fair and just, while abolition without compensation is the reverse. If, as a community, we have made a mistake in legalizing any business, which mature judgment and experience prove to be detrimental to our best interest, let us, as a community, bear the penalty of our mistakes. It is not just to visit it entirely upon those who invested their money in the business under our sanction."

### Proves Nerviline Cures Chronic Sciatica.

Solemn Statement of a Well-Known Newark Merchant Establishes That Sciatica Can be Cured Quickly.

It was four years ago I first was attacked by sciatica. The pains came and went, and at first were not severe. I took no precautions against relapse and the conditions grew permanent. Severe grinding pains like points of steel being forced through my flesh, affected my left side. I became almost a cripple, and on a damp or stormy day was afraid to leave the house.

"NERVILINE" was recommended and I rubbed on lots of it. In a week I improved, and by persevering with the Nerviline rubbing and taking it every night, twenty drops in hot sweetened water, I finally got the disease under control. In eight weeks I was cured. I have never since felt a twinge or an ache, and for those affected with Neuralgia, Rheumatism, Lumbago, Sciatica, or any other muscular ailment, I can conscientiously recommend "NERVILINE."

For fifty years Nerviline has been a standard household remedy all over America. Many doctors and druggists use it in their own families because it is the best, strongest, most penetrating liniment made. Beware of the unscrupulous dealers that endeavor, because of the extra profit on an inferior article, to induce you to take anything in place of NERVILINE. Large 25c bottles at all dealers.

### A MURDERER.

Insane Farm Laborer Charges Himself With Crime.

Winnipeg, June 15.—Last night the provincial police arrested C. Hornbeck, a farm laborer, and former Barnardo boy, on a charge of having murdered Mrs. L. James here some weeks ago. Hornbeck told his employer he had killed her, but the story was considered so absurd that no attention was paid to it, and the police, after being apprised of the facts, came to the conclusion that he was of unsound mind and simply talking to make a hero out of himself.

However, developments have made it desirable that the case should be examined in order to get a chance to examine the husband again, as he refused to submit to it in the ordinary way. As a result Hornbeck was arrested, at least that is the way his arrest is regarded here, as his employer swears he has not been off his farm, sixteen miles out, since last February. Hornbeck is undoubtedly insane, and has recently attempted suicide.

### DOCTOR GAVE HIM UP. A Terrible Experience With Kidney Disease and Dragging Backache. Expected Death any Day.

To get well and keep well after being pronounced incurable by his physician was the wonderful experience of Mr. A. P. Chapman, who was snatched from the very jaws of death by the timely use of Dr. Hamilton's Pills.

"For two years I had suffered from advanced kidney disease, was stooped, back weary, hollow eyed and completely played out. One Saturday night I was seized by an acute attack and became so sick I had to call in my physician. For a week he attended me constantly, but I grew weaker and sicker every day. The pains in my back, the blinding headaches, the awful weakness from which I suffered almost killed me—the doctor saw it was hopeless. "As a last hope I was persuaded to take Dr. Hamilton's Pills. They brought back my strength, aided my stomach, created new appetite, cleansed my blood and gave me relief from pain. I continued the treatment for three months and I was cured."

Surely there is an obvious moral and lesson here for all men and women. If you are suffering from any derangement of the system, if you are tortured and distressed by indigestion, if you are weakened by the ravages of constipation, kidney, liver or bladder complaint—if your blood is weak and your system run down—take Dr. Hamilton's Pills. Take them continually until you are fully restored to health again.

Give Dr. Hamilton's Pills an immediate and thorough trial, your faith in them will not be disappointed, 25c. per box, or five boxes for \$1.00 at all dealers or Th. Catarthzone Company, Kingston, Ont.

### LEVIS FORGERIES.

W. P. Lindsay Arrested on Conspiracy Charge.

Quebec, June 15.—William P. Lindsay, former manager of the Levis branch of the Bank of British North America, was arrested at noon in connection with the Levis forgeries for which Geo. Atkinson was tried twice, being acquitted in the first instance, and the jury failing to agree in the second. W. P. Lindsay, who is a young man highly connected in Quebec, is accused of complicity in the conspiracy that led to the forgeries on the Bank Nationale and Bank of British North America, involving the sum of \$9,000.

During the trial of young Atkinson several important witnesses absented themselves from the city, and there was the alleged compounding of a felon, by the payment of the notes held by the Bank Nationale under most extraordinary circumstances.

Sir Lomer Gouin, Premier and Attorney-General of the Province, is determined to bring every phase of the forgeries to light, and if possible punish the guilty parties. Several persons high up in social circles are said to be implicated. Ex-Manager Lindsay, shortly after his arrest, was admitted to bail.

### BROCKVILLE SUICIDE

Body Brought to Surface by Steamer's Wheel.

Brockville, June 15.—The paddle wheels of the steamer Kingston, on pulling out from the waterworks dock this morning, brought to the top the body of an unknown man, which from its winter attire must have been in the water since last fall or early in the spring. The drowning was probably suicide, as the pockets of a small overcoat and sack coat were loaded with stones and bricks. A post-mortem was held and no marks of violence were found.

While it was being prepared for burial this evening three order papers for goods with the signature of T. S. Scott of the T. & N. O. Railway Commission, dating from September 2 to 5, were found in one of the pockets. The orders were for No. 854, and goods, such as tobacco, matches, soap, etc., are written in blue pencil.

**SALE OF SKIM MILK.**  
Court of Appeals at Albany Says It is a Crime.

Albany, N. Y., June 15.—The Court of Appeals to-day handed down a decision, in which it holds that the sale of skimmed milk in New York City is a crime. The Court sustains the lower courts in overruling a demurrer of the Liberman Dairy Company to an action brought by the State to recover \$5,000 penalty for the sale of skimmed milk. The company contended that the statute prohibiting the sale of skimmed milk in New York and permitting its sale in certain other counties was unconstitutional.

### TIMES PATTERNS.

**LADY'S DRESSING OR MORNING SACQUE.**  
No. 8494.—A charming negligee. Every woman enjoys the comfort of a pretty house sacque, which has a very practical place in her wardrobe. The design here shown is picturesque, but simple to make. The model is cut with slashes in front and back, suggesting a butterfly shape. It will develop effectively in soft, lightweight wool fabrics, or chambray, lawn, batiste, or silk, with trimming with lace or ribbon. The pattern is cut in 3 sizes, small, medium, large.

A pattern of this illustration will be mailed to any address upon receipt of 10 cents in stamps or silver.

Address "Pattern Department," Times Office, Hamilton. It will take several days before you can get pattern.

### DUFFERIN PARK.

Case of Riding & Driving Club to be Settled Soon.

In the Hands of the Government and Will be No Delay.

Toronto, June 16.—The fate of the charter of the York Riding & Driving Club, operating at Dufferin Park, is now formally in the hands of the Ontario Government, and will probably be decided to-day.

When the hearing of the club's defence against the proposed cancellation, as presented to the committee, Mr. H. H. Dewart, K. C., to Hon. Messrs. Hanna and Foy, ended, an understanding had been reached under which the council was given till after to submit an assurance to the Government that the club's race meet would close on Saturday next, and that there would be no further operations under the charter until a definite declaration was obtained from the courts on the legal points raised.

In the afternoon Mr. Dewart's letter was forthcoming. In it he claims out that two local associations, the Toronto and Dufferin Driving Clubs, have the right to hold matinee meets on Wednesdays and Saturdays during the summer, but that the present meet will terminate on Saturday, or at the latest Monday, on which day the proceeds will go to charity. He states that otherwise the club will refrain from meets until June 1st, to insure an early hearing in the courts, and adds that he will file his statement of claim in two days and accept two days' notice of trial.

While nothing official was given out, it is understood the conditional character of the communication was not anticipated by the Ministers, Hon. Messrs. Hanna and Foy, who heard the case, conferred for some time in the Attorney-General's offices, and the Bank Nationale was subsequently before the Cabinet.

"No decision has yet been reached," said Sir James Whitney when interviewed last night, "but there will be no delay in dealing with the matter." No further official announcement has been forthcoming, but the impression prevails that the immediate cancellation of the charter is imminent, unless the whole case is submitted unreservedly to the courts.

### FONTHILL'S NEW CHURCH.

The Corner Stone Laid by the Hon. Richard Harcourt.

Welland, June 15.—Last evening the corner-stone of the new Baptist Church at Fonthill was laid by Hon. Richard Harcourt. He was presented with a silver trowel. Fonthill Baptist Church was organized in January, 1844. Mr. Harcourt reviewed the progress of the Baptist Church, also the part taken by him to induce the Government to confer the same rights on the Baptist Church as other religious bodies enjoyed. A musical programme was provided. Addresses were also given by Rev. C. E. Burrell, Niagara Falls; Rev. Mr. Anscombe and Rev. W. C. Pierce, Port Colborne; Rev. Mr. Robinson, Welland, and Rev. Mr. Huddleston, St. Catharines. The building will cost about \$5,600.

The Y. M. C. A. has raised \$179,635 in Montreal in its building fund campaign.

### GRAFT SYSTEM.

REGULAR CHARGES IN MONTREAL FIRE BRIGADE.

So Much for Appointment, and so Much for Promotion—Half a Dozen Men Testify to the Same Effect—Sub-Chief Could Not Read.

Montreal, June 15.—At to-day's session of the Royal Commission, an effort was made to probe into the system under which firemen were appointed. Firemen after fireman gave evidence showing that they had not only paid money to get their appointments, but also paid tariffs in use. From \$75 to \$300 was required to secure an appointment, and from \$500 to \$800 to be promoted as an officer.

Fireman Senechal said he made a loan of \$140 to Joseph Laberge, who told him that the money, as well as another loan of \$305 from another man, was paid for promotion to the rank of foreman. Laberge had further asserted that money had to be paid to Joseph Desautels, Captain Marin and Mr. Benoit, then chief of the fire brigade.

A former engineer in the department, named Lavalee, said he had borrowed \$200 from another man, who had borrowed several days after he received his appointment in the brigade. Ex-Fireman Laporte declared that he had paid \$75 to Joseph Desautels to secure his reinstatement after suspension, while Desautels, a hotel waiter, who had been engaged at the Cafe Parisien, acknowledged that he had received moneys varying in amount from \$75 to \$300 from men in payment of positions as firemen. The amounts, he added, he paid over to Captain (now sub-chief) Marin.

Foreman Larivee swore to having paid \$650 to obtain promotion. At the afternoon's session it was brought out that sub-Chief Marin could not read, even in French. He is charged with being head of the brokerage business whereby the men paid for their promotions.

### AVIATOR BUMPED.

Cuts Loose From Balloon, But Aeroplane Dashed to Ground.

Berwyn, Neb., June 15.—An amateur aviator, U. Sorenson, a blacksmith, in view of several hundred townsmen, to-day made an ascent in a balloon, and then attempted a descent in an aeroplane that he had constructed after several months labor. When he cut the aeroplane loose he found the rudder had worked loose, and he was unable to guide the machine. It began to descend and over as it dropped. The inventor clung to the craft, and when it struck the ground he was in a sitting position. The aeroplane was demolished, but Sorenson, although knocked senseless, and sustaining numerous bruises, was soon revived, not seriously worse off for his experience.

### Child Fatally Burned.

Niagara Falls, June 15.—While playing around a bonfire this morning, Kathleen, the five-year-old daughter of Mr. and Mrs. Cook, of Epworth Circle, was terribly burned through her clothing taking fire. Dr. F. W. E. Wilson attended to the little sufferer and had her removed to the hospital, where she died this afternoon.

### Girl Missing—So is \$500.

Belleville, Ont., June 15.—A band of gypsies is encamped about three miles from this city and this morning several of them came into the local police and complained that a young girl of their number had absconded, taking with her \$500 belonging to her mother and father, who are persons in authority in the gipsy camp.

### THE WOMEN.

Quinquennial Meeting of the Council Begins in Toronto. Countess of Aberdeen to Preside Over the Deliberations.

Toronto, June 16.—The great quinquennial meeting of the International Council of Women opened this morning in the university buildings, where standing committees were absorbed all day transacting the business that has accumulated since the last quinquennial in Berlin, Germany, in 1904. Committees and business meetings of little interest to the general public will occupy each day of this week, but there will be two public evening meetings in Convocation Hall, the first to-night, with Her Excellency the Countess of Aberdeen, President of the International Council of Women, in the chair, when greetings will be extended to the visitors, and replies made by Her Excellency and representatives of the several National Councils; the second a "public health" meeting on Friday evening, with Lady Aberdeen in the chair. To these meetings the public may gain admission by purchasing tickets at the downtown office of the local committee. The Congress meetings which will be of special interest to the citizens of Toronto will begin next week, when the sections will settle down to work, and the papers prepared for each on the respective subjects treated will be read. The public need not be afraid of listening to addresses in foreign languages, as though English, French and German are all three official languages in the Council, it is understood that most of the delegates are familiar with English, and will speak this language out of consideration for the country where the meeting is held. The nine sections, art, education, health, and physical training, industrial, laws concerning women and children, literature, philanthropy, professions and careers for women, and social work and moral reform, will open the quinquennial Congress on the morning of Thursday, June 24, hold morning and afternoon sessions each day, and close on the afternoon of June 30.

Julia Arthur, the noted Canadian actress, who retired from the stage a few years ago to marry M. Cheney, of Boston, and who is one of the most prominent workers in her own city, is a delegate to the convention.

Following are the official members and Canadian delegates who will be present:

General officers—H. E. the Countess of Aberdeen, President; Frau Marie Stritt, First Vice-President; Dr. Ogilvie Gordon, Honorary Corresponding Secretary; Mrs. W. E. Sanford, Honorary Treasurer.

Delegates from Canada—Lady Edgar, President; Mrs. C. C. Edwards, Lady Taylor, Mrs. Day, Mrs. Thomson, Mrs. Boomer, Miss Derick, Mrs. Torrington, Mrs. McEwen, Mrs. Dennis.

Proxies—Dr. Augusta Gullen, Dr. Ritchie England, Mrs. Shortt, Mrs. Wraycott, Mrs. Frost, Mrs. Asa Gordon, Miss Peters, Miss Ritchie, Mrs. Fitzgibbon. The Lieutenant-Governor of Ontario and Mrs. Gibson have issued invitations to a garden party at Government House from 4.30 to 6.30 on Friday afternoon, June 25, to meet the delegates to the International Congress of Women.

### DELEGATES AT OTTAWA.

Lady Grey and Lady Aberdeen Receive Them.

Ottawa, June 15.—The delegates to the Quinquennial Congress of the International Council of Women, which opens in Toronto to-morrow, arrived in Ottawa this morning from Montreal, and to-day were the guests of the city, of the local council of Women and of Lady Grey. On arrival they were met by Countess of Aberdeen, and the local Reception Committee and conveyed in automobiles to the Experimental Farm, where luncheon was served. Addresses of welcome were given by Mayor Hopewell, and by Hon. Sydney Fisher on behalf of the Government.

The latter declared that the members of the Congress would find in Ottawa no slums, practically no poverty and a minimum of crime. In this respect the capital was an epitome of what they would find during their trip across Canada from ocean to ocean.

### DENOUNCED CZAR.

Socialist Thorne Caused Excitement in British Commons.

London, June 15.—William James Thorne, Socialist member for West Ham, got up quite an excitement in the House of Commons this afternoon by a denunciation of the Emperor of Russia in connection with the Sovereign's proposed visit to King Edward during the Cowes regatta. Mr. Thorne, in the guise of a question to Foreign Secretary Grey, declared that there was intense feeling in this country against the visit. The Speaker called Mr. Thorne to order, but the member would not be quieted, and the Russian Emperor gets his deserts when he does come; he is an inhuman brute.

The Speaker's efforts to stem this abuse were quite ineffectual until an uproar of protests from the other members drowned Mr. Thorne's invective.

There is believed to be a lively demand for the Provincial mining property on the Gillies limit, the receiving of tenders for the sale of which formally closed at 1 o'clock yesterday afternoon. The average of the figures offered, however, is not understood to be up to the general expectations.

That navigation will probably be practicable by Saturday in the Canadian Soo Canal was the gist of a telegram received last night by Hon. George P. Graham from the Superintendent in charge of the repair work.

## FIRED ON TRAWLER

### TROUBLE WITH STEAM FISHERMEN ON QUERO BANKS.

Captain of a Fishing Schooner Has Part of His Gear Carried Away by a Steam Trawler, and Fires on Her With Rifle.

North Sydney, N. S., June 15.—The trouble which has been brewing between French steam trawlers operating on the Quero banks and American, French and Newfoundland hand line fishermen has at last broken out, and a clash has taken place on the Quero bank, in which revolvers and guns have been used. Vessels which arrived here to-day from Quero tell of a sensational encounter between the crews of the American fishing schooner Senator Gardner, Captain Vincent Nelson, and one of the French steam trawlers. The vessel had been watching for two days for a chance to set her lines, and a clear space was at length found where none of the trawlers appeared to be in sight. "No sooner were her dories out than a large French trawler was seen to bear down towards them and approached so near that it carried away part of the Gardner's fishing gear. All protests failed to induce them to move off, and Captain Nelson, becoming exasperated at the loss of his gear and time, quickly loaded a rifle, using leaden slugs made out of mackerel jigs cut in pieces. As the Frenchmen were in the act of pursuing their trawlers, Captain Nelson fired point blank at the steamer. The result was almost disastrous to Captain Nelson, in a way which he never expected, for as the shot was fired one of his dories, which was overhauling the lines between the Gardner and the French trawling steamer, unseen by Captain Nelson at the time, rose up from the trough of the sea and a bullet from the gun whizzed within a few inches of the head of one of the occupants in the dory, a young man, Fabien Lawrence, of L'Ardoise, Richmond county. Another shot struck the French trawler but with the exception of a few splinters no other damage was done, and they hurriedly moved away.

The same day a French fishing schooner lost nearly all of her trawls and lines by another steam trawler, and no less than ten trawlers appeared in the immediate vicinity of where these vessels were fishing. This schooner's captain boarded the trawler which had done the damage to his fishing gear, and brandishing a revolver, demanded that damages be paid for the loss sustained, but no heed was paid, and he was forcibly ejected from the steamer's deck.

On the following day a Newfoundland schooner had all of her fishing gear carried away, and had to leave the Banks and lose several days in order to obtain a new outfit.

Many captains of fishing schooners are indignant at having been prevented from setting their trawls, owing to the presence on the shoal grounds of these trawlers. It is the opinion of many that violent encounters will assuredly take place during the summer months as the result of the encroachment of the steam trawlers on the grounds used by fishing schooners, and which threaten to seriously interfere with the pursuance of hand-line fishing on the Banks.

## FAILED TO SAVE HIM

### Berlin Woman Tried to Wrest Poison from Her Father's Hand.

Berlin, Ont., June 15.—The second suicide in a week occurred this evening, when Charles Becking, married, aged 40, drank about two ounces of carbolic acid. He showed evidence of worry prior to the deed. His oldest daughter attempted to take the bottle from him, and was severely burned by the poison. The suicide was a deliberate one, and no inquest will be held.

## QUIET WEDDING.

### Marriage of Miss Brodeur and Mr. De Lorimier.

At Ottawa, yesterday, Miss Bertha Brodeur, daughter of Hon. L. P. Brodeur, Minister of Marine and Fisheries, was married to Joseph De Lorimier, of Montreal, at the Juniorate of the Sacred Heart, and performed by Rev. Father Jeannotte. Owing to the illness of the bride's mother, the wedding was quiet. Miss Brodeur was given away by her father, and was unattended by bridesmaids. A. De Lorimier, of Montreal, uncle of the bridegroom, was best man. Among the relatives present were Hon. Raoul and Madame Dandurand. The young couple left for Toronto and Niagara, and will sail at the end of the week for England and the continent. They will reside in Montreal.

## Cobourg's New Station.

Cobourg, June 15.—It is stated that some \$50,000 has been voted by the Grand Trunk Railway for improvements here, to include a new accommodation in the yards. When completed Cobourg will have one of the finest depots and freight sheds between Montreal and Toronto.

## PICTURE STOLEN.

### Was Cut From Frame at Lava University, Quebec.

Quebec, June 15.—While Mr. Purves Carter was explaining to an interested audience at Laval University last night the beauties of some of the pictures in the University Gallery, and drawing particular attention to the work of some pictures by Salvador Rosa, a valuable painting from the brush of that very artist was cut from its frame and carried away almost from the eyes of guardians. The stolen picture, "The Gamblers," by Salvador Rosa, was a small one about 20 by 15 inches, but Mr. Carter, who was very familiar with it, considered its value to be between \$2,000 and \$3,000. The loss was discovered shortly after the lecture by a visitor.

## BURNED TO DEATH.

### Manitoba Woman Rushes Out Doors With Clothing Burning.

Rosebank, Man., June 15.—Mrs. Steves, wife of a hardware merchant here, was fatally burned this morning while lighting the coal oil stove before breakfast. In some way her clothes were ignited, and in her excitement she rushed outside, where a strong wind was blowing. Her dress was entirely burned off in spite of the efforts of her husband, who was terribly burned himself in the attempt to save his wife. She died this afternoon. Only a few months ago the house and store of Mr. and Mrs. Steves were destroyed by fire, and they lost everything they had.

## DROWNED HIMSELF.

### Suicide of Laughrin Cameron at New Liskeard.

Cobalt, June 15.—This morning at New Liskeard Laughrin Cameron deliberately committed suicide by drowning himself in the lake. The body was taken out a few minutes later, but life was extinct. He had been around the camp for years, and in Kona. He seems to have tired of life, having spent the last three weeks at Liskeard in a despondent condition. He attempted to secure a Winchester rifle last night with which to kill himself, but was frustrated, and jumped out of the window about 2 o'clock and into the lake about a hundred yards distant. Deceased, who was aged about 32, had two brothers in camp, and his father lives at North Bay.

## FARTHEST SOUTH.

### Antarctic Explorer Banqueted in London by the Royal Society.

London, June 15.—A dinner was tendered to-day at the Royal Society's Club to Lieut. E. H. Shackleton. In replying to the toast the explorer said: "I notice that the toast is Lieut. Ernest Shackleton. This includes, of course, his comrades." Lieut. Shackleton took the opportunity to say that the expedition would not have been a success without their loyal support and self-denial. He said their safety was a self-denial. He said their safety was a self-denial. He said their safety was a self-denial.

## NOT MOTHERLY.

### Millionaire's Widow Cuts Off Daughter With \$15 Table.

Newark, N. J., June 15.—A dining room table, value at \$15, is the sole bequest made to an only daughter in the will of Mrs. Frances Hartley, widow of a millionaire gun manufacturer, which was probated here to-day. More than \$1,000,000 in cash is distributed among other relatives and friends and several bequests of from \$1,000 to \$5,000 are made to servants. No reason is given for the cutting off of the daughter, Mrs. Helen K. Jennings, of Madison-avenue, New York City.

The longshoremen on the great lakes have voted not to strike.

## IN CAMP AT OLD NIAGARA.

### About Four Thousand Were There by Midnight Last.

### New Guns of Hamilton Field Battery Much Admired.

### Actual Work of the Camp Was Begun This Morning.

Niagara-on-the-Lake, June 16.—Four thousand troops were under canvas at the old camp last midnight. Last year there were about six thousand. The hotel men will be glad of the canteen restriction, for it will increase their patronage, and many of them have laid in extra stocks. Additions have been built to the bars in two or three of the hotels, as it is anticipated that the soldiers will be thirsty after the strenuous drill through which they are put every day. The restrictions will be closely followed, and no liquor of any kind will be allowed inside the camp lines.

Anticipating a rush for cooling eatables, the Y. M. C. A. has laid in an extra large stock of ice cream, which will be sold to the soldiers. Dr. Fotheringham has given orders to the medical men in camp that the ice cream sold at the Y. M. C. A. tent must be inspected each day.

A new feature of the camp this year is the establishment on the grounds of a branch post office, in charge of Capt. Eccleston, of Hamilton. A large tent has been erected near the orderly rooms, and post boxes placed at convenient spots on the grounds, so that the men may write letters and post them without walking long distances. Formerly the men had to walk to the orderly rooms for letters received at camp, but now they are accompanied by a member of the Army Service Corps, drives through the camp twice a day, delivering letters to the men in the tents. This is a great convenience. The Army Service Corps has charge of the post office, but Capt. Eccleston is camp postmaster. He was in South Africa, and acted in the same capacity there for some time, and at the Tercentenary celebration at Quebec last year he had charge of all the mail delivery.

The camp grounds are laid out this year practically the same as formerly. The cavalry brigade is stationed at the extreme southern end of the common, close to Paradise Grove. The infantry brigade is on the west side of the common, with the artillery, Army Service Corps and Field Hospital at the northern end. A branch of the field hospital, and in case of any of the cavalry are injured they will not have to be carried a long way to the hospital. Mr. John Devar, of the Toronto General Hospital, is in charge of the field hospital, and he has an efficient staff.

HAMILTON'S NEW GUNS. Great attention has been directed to the new 18-pound guns in camp, in charge of the 4th Field Battery, of Hamilton, and the 7th, of St. Catharines. These guns are of the very latest type, and the Hamilton and St. Catharines men have four each. Ottawa also has four, while the 9th Field Battery, of Toronto, is left with the old-fashioned kind. The guns, which were made by Vickers, Sons & Maxim, are the very latest models.

The actual work in connection with the training commenced this morning. The shooting at the new ranges will start on Thursday, as every man has to do a certain amount in order to earn his camp pay. The accommodation for the headquarters staff is better this year than formerly, as a detailed accommodation has been provided in the several new buildings, and a number of new stalls have been erected for the horses of the staff officers. The camp is complete in every detail, and while smaller than of late years, nothing is lacking which adds to the comfort of the men and horses.

There are many amusing incidents in connection with the camp. Yesterday two young men who were promoted to the rank of sergeant for the camp, went downtown to see the sights, and incidentally to let people see that they were full sergeants. The town is policed by the Royal Canadian Dragoons during the camp, and the police have very full powers. The two sergeants in question were strolling majestically down the main street when they were stopped by a private on horseback, who inquired where they were going.

"We're going down to the wharf," said one of the twelve-day sergeants. "Have you passes?" asked the policeman. "We don't need passes," replied the T. D. S. "Can't you see the stripes on our uniforms?" "That doesn't matter, you can't leave the camp without a pass, and you'll have to go back." And back they went.

## BAD DAY FOR MRS. GOULD

### Stories of Some of the Witnesses Move Her to Tears.

### Allegations of Foul and Profane Language Used by Her.

### Former Steward Declares She Once Drank Steadily For Two Weeks.

New York, June 15.—The defence had its inning to-day in the trial before Judge Dowling in the Supreme Court of the suit for separation and alimony brought by Mrs. Howard Gould. Early in the day Mr. Shearn, Mrs. Gould's counsel, when evidence was about to be introduced to show that Mrs. Gould had contracted the liquor habit, strenuously objected, declaring that the only justification for Mr. Gould abandoning his wife would have been conduct which would have afforded him ground for divorce.

Smoking cigarettes, riding a horse astride, wearing loud clothes or doing anything susceptible of being considered misconduct by any standards would just as well justify separation, according to Mr. Shearn. "Simple tipping" could do so. The learned counsel quoted other authorities to show that intoxication was not ground for divorce. "Adultery prior to the abandonment," Mr. Shearn finally argued, "would be the only possible justification, the charges of cruelty and non-support having been disposed of."

After Mr. Nicol had made his answer the court ruled that "gross and continued intoxication" would constitute grounds. "We claim," said Mr. Nichol, "that for a number of years, beginning in 1902 or 1903, Mrs. Gould, on occasions indulged in alcohol to excess, rendering her unfit to discharge her household duties. Justice Dowling said that it must be shown that there was continual, gross and often repeated intoxication, with no attempt at reform. The court added that he believed it to be the husband's duty to make every effort to live with her.

After this ruling by the court Mr. Nicol, counsel for Howard Gould, started in with a vigor to show that Mrs. Gould had been so often intoxicated, and so abusive that her husband was justified in abandoning her. He put on the stand as his first witness Morris Molloy, the young superintendent of the Castle Gould estate, to prove that the woman who spent \$40,000 per year on clothes and had to change her gown three times a day "because it was good form," had stand straight and she could hardly stand straight.

MRS. GOULD BREAKS DOWN. While Alfred Richards, who had been a steward at Castle Gould, was on the witness stand for the first time during the trial showed emotion. She broke down completely, and laying her head on the table in front of her wept so loudly that the whole courtroom could hear her. Richards had been asked to repeat what she said to two workmen on the estate in 1905. "If the court will permit me to repeat the language I said the witness."

Several other witnesses testified to Mrs. Gould's drinking habits before the day's session closed. ONE FAVORABLE WITNESS. While most of today's testimony was against Mrs. Gould, one witness late this afternoon spoke in her favor. He is Charles H. Danis, of Glen Cove. He testified that in 1902 and 1903 he did considerable work on the Gould estate and saw Mrs. Gould frequently. He had never seen her intoxicated, he said, but at times he knew she had been drinking, because he could "smell her breath."

A carpenter, who told of an alleged dispute at the chicken coop, was the last witness of the day. He is William H. Coles, of Port Washington, L. I., who had done repair work on the Gould estate. He testified that on two occasions he had seen Mrs. Gould under the influence of liquor. Mr. Gould will be the principal witness to-morrow.

The Cunard steamer Slavonia, which grounded off the Azores, will be a total loss.

**Colored Bishop's Daughter Insisted on Prefix and Trouble Resulted.**

Memphis, June 15.—Indignation over the determined effort of a negro girl to force white women to address her as "Miss" came to a head in Greenville, Miss., last night, and resulted in a hasty departure from that city of the family of E. W. Lampton, Bishop of the African Methodist Episcopal Church.

The girl is the poorly grown daughter of Bishop Lampton. For some time she has vainly insisted that the title be used by saleswomen in stores and by telephone operators.

On Saturday the negro girl was unusually insistent for her title, and after sharp words addressed to one of the telephone operators declared that her father would force white hirelings to speak to her in a becomingly respectful manner.

Shortly after this threat Lampton called at the telephone exchange, and in an interview with the manager demanded that all the young women employed there be forced to address his daughter as Miss Lampton. The manager declined to issue any

### VERDICT OF MANS' LAUGHTER.

### Fight in a Montreal Boarding House Led to Zatzvorenky's Death.

Montreal, June 15.—A verdict of manslaughter was returned by the Coroner's jury at the inquest to-day in the case of John Zatzvorenky, whose battered body was found floating in the river, opposite Dominion Park, last Saturday. The verdict orders the arrest of Wonnofsky and Letehesky, but they are not to be found.

Evidence showed that a desperate fight had taken place in a Polish boarding-house a week ago Sunday, but none of the witnesses, although they were all in the house at the time, could tell the cause of the quarrel, or what became of the victim after he had been thrown out. The fight followed a drinking spell in connection with a Polish wedding.

The suffragette order at the street corner in East Edinburgh had much to contend with on Saturday night. The stock question, "Why don't you get married?" was answered in the usual way: "Because I never met a man good enough."

The two strangers boldly entered the town's imposing bank building, to which they had been directed, and approached the cashier's window.

"What's this for?" inquired the man behind the window, as one of the strangers deposited a bogus cheque on the slab.

"Cheque for \$200. Can't you read?" "Well," replied the cashier, smilingly, scrutinizing the piece of paper, "you'll have to be identified, you know."

"The first forger pointed to his companion. 'This gentleman'll identify me.' As the second man stepped forward the cashier looked him over.

"Well, I guess it's all right, gentlemen. You both have such open faces there's no need of asking your names or business." Just indorse the cheque, please.

"This being quickly done, the amount was counted out, and the forgers departed in high glee.

"Ain't he easy!" piped one, on the way out.

"It was a shame to take the money," rejoined his pal. "Our first game was a cinch."

But a moment later both voices hurried back to the cashier.

"Say," blurted the first forger, "this is stage money."

"Well, what do you expect?" was the cashier's calm rejoinder. "The bank's next door. This is the box office of the theatre."—New York Times.

A Lancashire commercial traveller made a trip to Scotland, and to Aberdeen was asked by a prospective buyer to subscribe to the prize fund for the local golf tournament. He parted with five shillings, and as he was interested in golf, he remarked that he would like to be kept informed of the progress of the tournament, so that he could look out for the result.

WHAT IS GOING ON NOW

Gossip and Comment

There is some dissatisfaction in the Inter-City League, and it is all at the Hamilton end. There is a feeling here that a new arrangement should be made with the Brantford team, for the reason that the Hamilton teams are the drawing cards. At Brantford the leaders draw big gates, while here the Brantford teams will not draw any more than a bumpy horse. Three weeks ago, when the St. Patrick's and W. E. P. C. met here, about 300 people were at the Britannia Park to see the battle. The following Saturday, when the Verities were here, the attendance was less than half that, and last Saturday, with most favorable weather conditions, the Shapley-Gould team did not draw 300. As 300 or 400 people were at the race, there is a feeling that the Hamilton teams should get some concession, particularly as the Brantford teams have the use of Mohawk Park free, while the Hamiltons have to pay 40 per cent. of the gate to the Britannia Commission.

PUNKY OUT OF MONEY

Killing With Hamilton Horse Failed.

Little Hammond Rode Long Shot in Second.

Toronto Won and Lost Yesterday.

Montreal, June 16.—Between the high wind that was blowing and the sun, the track at Blue Bonnets dried out so that it was in fair shape for the afternoon racing. The time was fast considering the state of the track. The card consisted of six races, including the usual steeplechase, which had no scratches owing to the new rule issued by the club that the scratching fee from now on would be \$50, the amount to be divided between the second and third horses, 60 per cent. going to the second horse and 40 to the third horse. The card had two feature events, the Windsor Hotel Cup race and the Hunters' flat, with gentlemen riders. Both were of local interest and first class fields went to the post. The field, particularly in the Windsor Hotel Cup, was most select and saw Hanbridge go to the post first choice on his race the last time out. Montgomery was not a starter, as he had been shipped back to New York the night before.

The steeplechase furnished the best contest of the afternoon, the finish bringing the vast throng in the grand stand to their feet, yelling encouragement to Stone, the rider of Nat B. There were only three starters in the race with the last entry, Economy, a strong favorite. The latter dashed to the front when the start came, and, fencing in admirable fashion, drew away into a long lead the first turn of the field. Stone, on Nat B., waited until after taking the tenth jump before making his move, but from the start to the finish he gradually improved his position, and in a sensational finish, just managed to get up in time to beat Economy out a head on the post. The small fences here suit Nat B. He is a green horse at the game. Yesterday's effort was his second through the field, but he has been returned a winner on both occasions.

A delegation from Hamilton was present to see the sister stable try to put Punky over again, and the horse was heavily played at 2 and 3 to 1. Punky was favorite in the race. He ran second, but most of the way to those Calhoun, but the race on the whole was fourth. He was beaten in the stretch by King of Mist and Lois Cavanagh.

Willie Hammond, the Hamilton apprentice, put up a slashing ride on Detroit, a maiden two-year-old, that was 50 to 1. Detroit finished second by a head.

The usual 35 books were stationed in the ring and the quotations offered against the chances of the numerous starters were more liberal than on any of the previous days. The attendance at the track was as usual, many as many as the previous days during the first week. Summary: First race—\$400 added; 3-year-olds and up; selling; 1 mile—Pute, 109 (Preston), 3 to 5; 1; Many Colors, 101 (Whiting), 5 to 1; 2; Spanish Prince, 98 (Hinchcliffe), 7 to 1; 3. Time—1:43.2.5. Goldie, Tiernargo, Tollybox and Col. Zeb also ran.

Second race—\$400 added; for 2-year-old maidens; 5 furlongs—Pulka, 106 (McIntyre), 6 to 3; 1; Detroit, 106 (Hammond), 20 to 1; 2; Phorosis, 103, (J. Reid), 8 to 1; 3. Time—1:06. Dolly Mad, Puntan Lad, Ursus and Judge Henderson also ran.

Third race—Hunters' Flat Handicap; 4-year-olds and up; \$400 added; 1 1/8 miles—Bathrick, 143 (Mr. E. Davies), 8 to 5; won by 10 lengths; Stalker, 153 (Mr. H. Henderson), 11 to 5; 2; Thomson, 105 (Mr. G. Henderson), 5 to 3; 3. Time—2:06.1.5. Sweetner and Merrynaker also ran. Sweetner and Bathrick coupled.

Fourth race—Windsor Hotel Cup; \$1,200 added; 3-year-olds and up; 1 mile and a furlong—Aronack, 109 (McIntyre), 2 to 1; 1; Hanbridge, 120 (H. Leitch), 3 to 2; Guy Fisher, 116 (Preston), 7 to 5; 3. Time—1:58. Michael Angelo also ran.

McCallum ... 4 3 4 dis Time—2:34.1.4, 2:25.1.4, 2:27, 2:29.1.4, 2:29.

DOUBLE HEADERS.

Extra Games in the Eastern League Yesterday.

At Jersey City—Jersey City and Toronto shared honors in today's double header, the Canadians taking the first half by an 8 to 6 score, while the Skeeters evened up with a one-sided run in the final half, taking Kelley's men into camp by 11 to 3 figures. From the Jersey's good beginning things appeared rosy for the home team in the inaugural half, but friction developed in the pitching department, and before this could be remedied the visitors had profited sufficiently in their scoring to make them safe on the tally record. Stunt was selected for the pitching station by Jersey City, but he blew up in the sixth round, and Toronto, with two hits, a hit batsman, and two bases on balls, was handed a pair of tallies. Then Stunt was banished, and Goettling went in. He was no improvement on his predecessor. He had the same difficulty, with his control, and after he "walked" two men, giving Toronto two more tallies, George Meitz, was put on the job and held the visitors in check until the final period, when they got a run over the pan on Houser's scratch hit and errors of Calhoun and Hanifan. Scores:

First game—Jersey City 6, 8, 4; Toronto 8, 9, 4. Second—Jersey City 11, 9, 2; Toronto 3, 7, 4.

ROLLER RACE.

Jesse Carey Won—Local Boy Made a Good Showing.

The second day of the Mountain Rink carnival was a decided success and folks enjoyed very much the antics of Jack Foteh, the funny Dutchman's first time on skates. The two-mile race brought to the line up Foteh, Carey, De Vaudrey, De Sylvia and Hamburg, the local skater. Foteh jumped the gun and paced until the 12th lap, when Hamburg got by and led loose for four laps. Carey went ahead on the 16th and in an endeavor to shake the field skidded on the turns. De Vaudrey jumping in with three laps to go, Carey sprinted by the Frenchman and carried the hot pace, beating De Vaudrey by three feet, DeSylvia trailing for third place. These speedy men speak very highly of the local skater's speed, style and grit. Carey's time was 3:45.3.

GOOD GOLF GAME AT NEW YORK.

New York, June 16.—The closest professional golf match seen in this country for years ended just before dark last evening at the Fox Hunt, at 413 Madison Street. The match was between Isaac Mackie, eastern title holder, by a single stroke at medal play over 36 holes. By match play, too, Smith led by one hole.

Mackie, defeated as he was at home, established a new professional record for the course of 66, lowering his own mark of 67. Smith was also credited with a 66 in the afternoon, but as he did not hole out a couple of short putts, the new mark can stand only in his rival's name.

HON. MR. BECK WON A SECOND.

London, June 16.—At the Olympia Horse Show Hon. Adam Beck won second place with his entry in the class for three qualified hunters. For horses up to 15.2 hands, the winner was Mr. Leonard's entry, a bay gelding named "The Duke". The only event in the morning at the Horse Show was for hunters for the Toronto Cup, given for the best qualified hunters that had competed in the show. There were not many of these, for the owners of genuine hunters fight shy of jumping their horses over the somewhat artificial jumps to be found at shows.

From the Scrap Heap

Pittsburg, Pa., June 16.—James J. Jeffries, retired heavyweight champion of the world, received a great ovation at Duquesne Garden here last night, where he engaged in a six-round boxing exhibition with his sparring partner, Sam Berger.

Jeffries appeared to have lost a great deal of weight, but was still heavy. He was extremely fast on his feet and very quick with his hands.

KETCHEL A WONDER.

He Has Taken Fitzsimon's Place. Stanley Has Invented a New Style.

Bob Edgreen, of the New York World, writes: There's a new wonder among the fighting men, and Stanley Ketchel has risen to the pinnacle formerly occupied by the great and only Robert Fitzsimmons, the middleweight champion of today is a worthy successor to "Lanky Bob." In many things he is Fitzsimmons' equal—perhaps his superior.

Ketchel's quick defeat of crafty Jack O'Brien was the result of any fluke or "lucky punch." It was a carefully planned and perfectly executed battle, so far as Ketchel's end of it is concerned. He went in to whip O'Brien in a hurry. He did the job methodically.

That's just the point of it, Ketchel has invented a new style of fighting, and it is far ahead of the old straight jab and away game. Fitzsimmons beat all the middleweights and heavyweights of his time (barring Jeffries) by using a shift. Ketchel shifts, too, but he is continually shifting. He fights equally well with right or left foot forward. He uses what might be called a triple shift. First he comes in with both hands poised for starting a book. He chooses his opening. It may be for the left hand, either at body or jaw. He slips a sudden hook over to the chin. Up comes the clever boxer's guard. The blow may or may not get through. If not Ketchel has already shifted his right foot forward, and at the same instant hooked the right hand for the jaw. Up comes the clever opponent's left arm to guard. That's about as far as the other fighter can get. He has left an opening for Ketchel's left fist. Either jaw or body is sure to be uncovered. Ketchel is already shifting for 89, so that on the first inning neither side could claim much advantage.

Bethesda

There was a quiet wedding at the home of Mr. Jacob Olmstead when Rev. Dr. Scanlon officiated in marriage his daughter, Miss Flora, to Mr. George Brett, of Trinity. After the usual congratulations the company repaired to the dining room where a sumptuous repast was partaken of. The bride was beautifully dressed in cream silk and was attended by her sister, Miss Mabel, dressed in white muslin. The groom was attended by his cousin, Mr. Philip Brett. His gift to the bridesmaid was a gold ring, set with a pearl and ruby; to the groomsmen a pair of gold cuff links, and to his bride a sunburst brooch. The bride was the recipient of many beautiful presents. A few evenings before the wedding the bride's Sunday School class met at her home and made her a present of a kitchen shower. Their many friends wish them much joy, health and happiness.

Mrs. Russell Olmstead and baby, Russell William, and M. Taylor Olmstead visited at Mr. T. Laidman's on Sunday. Misses Pearl and Mary Smith visited friends in Glandford on Sunday. Mr. and Mrs. George Kendrick visited Mrs. Kendrick's uncle, Mr. Whitmore, Cainsville, on Sunday. Mrs. R. Bristol went last week to see her sister, Mrs. G. Stroubinger, who is sick in Brantford. Mr. Ephram Stevenson has moved to Fruitland. The Free Methodists have a meeting at Southcoke on Sunday afternoon at 3 o'clock. Wedding bells will soon ring near Southcoke. Mr. Roy S. Bristol and Miss Ethel Crockett visited at Mr. Geo. Bristol's. There is a good prospect for fruit here. Mr. Hettie, the Englishman that lives at Mr. Blain's, will preach in Bethesda Church on Sunday. Miss Pearl O. Smith is visiting in Hamilton at Mrs. Johnson's this week.

\$20,000 FIRE IN OTTAWA.

Railway Commission's Order For Weighing Coal Cars.

Trial Flights of Aeroplanes to be Made at Petawawa.

Government and Minister of Militia Becoming Interested.

(Special Despatch to the Times.) Ottawa, Ont., June 16.—Fire which broke out at 8.30 this morning in the paint shop of J. G. Howe, corner Bank and Somerset street, did damage amounting to \$20,000.

The Railway Commission to-day issued an order on the application of the retail coal dealers' association requiring railway companies to weigh, free of charge, coal cars at Ontario points of entry to verify consigners' weights.

The first Canadian experiments with airships for military purposes will be made at Petawawa camp shortly. Mr. Percy Baldwin, the University of Toronto graduate, who has been associated with Mr. Graham Bell in the successful flights of the latter's aeroplanes at Baddeck, N. S., arrived in Ottawa this morning, and will proceed to Petawawa to make arrangements for conducting trial flights at the camp with two new aeroplanes.

FINE WORK. An Expert On What Hamilton Art School Can Do.

Writing to Mr. H. A. Neyland about the work of the Hamilton Art School, Mr. Robert Gagen pays the work of the students a very high compliment. He says:

I was sorry that engagements prevented my staying over to see the well won prizes awarded chiefly to I should like to meet more students whose work was so much admired. Especially the life drawings and paintings and the black and white compositions (some of the latter being good enough for illustrations in first-class magazines). The dialogue cover and posters were very happy in color and composition and deserve special mention. You seem to have the faculty of bringing out the best in your students and to develop their individuality, as in the case of Mr. Foster, and that lady, whose name has escaped me, between whom we had such a difficulty in awarding the scholarship, in one case strength and accuracy, in the other a refined art feeling. Having been a government examiner of art school work in years past and now a director of the Central Ontario school of Art and Design, I may say with some authority that I consider the result of your past year's work much in advance of that done by other Ontario schools, and in some subjects, not excepting our own.

OBITUARY.

Death of Mr. James Small After Long Illness.

James Small, son of the late Alexander Small, passed away this morning at his late residence, Mount Hamilton, after a lengthy illness. Deceased was a blacksmith, and formerly had a shop on the wood market. He resided in the United States for some time, partly on account of his health, and partly for business purposes, and returned only about six months ago. He leaves a widow and one child.

The funeral of the late Andrew W. Robinson took place from the residence of his son-in-law, William Jackson, 13 Gordon street, Rev. J. Bracken conducted the services and the pall-bearers were Gordon Freeman, Gordon Maddicks, Walter Lewis and Walter Seddon.

Much sympathy will be extended to Mrs. and Charles F. Ristow upon the death of their little son, Charles Frederick David, aged 4 years, who died at the City Hospital yesterday afternoon, after an illness of about 3 weeks. He was a bright little boy. The funeral will take place Friday afternoon, from his parents' residence, 627 Main street east, to the Hamilton Cemetery.

LIGHTED MATCH To Examine Gasoline Can and Burned in the Face.

Toronto, Ont., June 16.—Albert Robins, aged 15 years, employed in the wholesale stationery warehouse of R. J. Lovell, Richmond and Bimcor streets, while getting some gasoline from a can, lighted a match to see what quantity of the liquid was in the can. An explosion at once resulted, in which the lad's face was severely scorched. The flames from the can set fire to a fence near the out-house in which the can was kept but the flames were extinguished in short order.

TEAMSTER KILLED. Trampled to Death by Horses Frightened at Whistle.

Windsor, Ont., June 16.—John E. Pickering, a teamster, employed by Lorne & Son, contractors, met a horrible death at seven o'clock this morning at the Kerr Engine works, Walkerville, being trampled to death by his team, which took fright at the blowing of the factory whistle. Pickering left the team standing to see about his load, and when the whistle blew, ran back to the horses, which had become frightened. He grabbed one of the horses at the head, and in an instant was thrown beneath them. Death was instantaneous.

ENDS ROMANCE. Husband Shoots Wife Who Rescued Him From Prison.

Cincinnati, O., June 16.—Marriage for the purpose of reformation proved a failure to-day, when Andrew Deck, a former inmate of a reformatory, shot and probably fatally injured his young wife. One bullet passed through her chest and another penetrated her right arm. Deck and his wife are each 20 years old. The man had been a thief, but Rose Shurek had known him since childhood, and when he was sent to the reformatory at Mansfield, O., she worked for his pardon. Two years ago she secured it, met him at one door of the reformatory and they were married. The case at the time attracted much attention. A few days ago the young wife, with her baby, fled from home on account of the husband's cruelty.

of Education. Principal Thompson reported that he had found it difficult to retain teachers because they had been offered higher salaries elsewhere. The Toronto maximum is \$1,800, \$200 more than paid by Hamilton. In the case of Mr. Webster it was decided to increase his salary from \$1,000 to \$1,200 on Sept. 1, and at the first of the year he will receive \$100 additional. Mr. Duntley is now receiving the maximum, \$1,300, and it was decided that nothing could be done in his case. In the event of resignations new teachers will be advertised for.

BEAUTIFUL FACTORY SURROUNDINGS.

To the Editor of the Times: Sir,—While in Brantford a couple of days ago I had occasion to pass the works of the Watrous Engine Co., and was at once attracted by the beauty of the surroundings. The lawns and boulevards were like billiard tables, and the flower beds and bushes would have done any park gardener proud. It is pleasing to note a manufacturer who has enough thought outside the "almighty dollar" to give to the beautifying of his factory. I am sure the workmen appreciate this and no doubt repay him in more ways than one. Cannot our manufacturers follow the good example set by the Watrous company and make our factories places of beauty instead of eye-sores, as some of them are? Workmen would certainly not work the less for such surroundings, and incidentally the general beauty of our fair city would be vastly improved. Observer, Hamilton, June 16, 1909.

PHILIPPINE IMPORTS.

Washington, June 16.—By a vote of 26 to 43 the Senate rejected an amendment providing that imports from the Philippines into the United States shall pay the same duties as imports from other countries except as now provided by law. Steamship Arrivals. June 15.—K. W. d. Grosse—At New York, from Bremen. Montezuma—At Quebec, from Liverpool. Groland—At Father Point, from Newcastle. Gros Kurford—At New York, from Bremen. Justania—At Liverpool, from New York. Oceanic—At Plymouth, from New York. Columbian—At London, from Boston. K. F. Wilhelm—At Bremen, from New York. Roma—At Marcellus, from New York. Lanka—At Father Point, from Glasgow. June 16.—Carmia—At New York, from Liverpool and Queenstown.

STEAMER TEUTONIC Ran Aground Opposite Sandy Hook—Will be Floated.

New York, June 16.—The White Star line steamer Teutonic, which left her pier to-day for European ports, ran aground in the Ambrose Channel opposite Sandy Hook. Her position is an easy one, and she is likely to be floated at the next high tide. Quick Delivery. The Parisian Laundry Company has secured the contract for the laundry work of the Buffalo Bill and Pawnee Bill Shows, coming to Hamilton on June 20th. The goods will be delivered in one day's time, showing the excellent facilities this company possesses for turning out quick work.

Women, Attention!

Women as a rule are better savers than men—they have a knack of making a dollar go just twice as far as a man can. Many men who cannot save anything themselves, very wisely make their wives the family treasurer, and upon them devolves the responsibility of putting by something for the inevitable rainy day. The Traders Bank welcomes the accounts of women, and its officials and clerks are always ready to give them any advice or assistance they may require. Every woman, whether married or single, should have a savings account. A few dollars will start an account. When you are down town call at our Bank and start an account. Open Saturday evenings. JULIA WARD HOWE.

Providence, R. I., June 16.—Brown University to-day conferred the honorary degree of doctor of letters upon Julia Ward Howe, of Boston, the aged humanitarian and author of the "Hymn of the Republic."

Boy's Essay on Politeness. Politeness is rather a difficult thing, especially when you are making a start. Many people haven't got it. I don't know why, unless it is the start. It is not polite to fight little boys, except they throw stones at you. Then you can run after them, and when you've caught them, that's all. Remember that all little boys are simpletons and they wouldn't do it. It is not the thing to make fun of a little chap because he is poorer than you. Let him alone if you don't want to play with him, for he is as good as you, except the clothes. When you are in school and a boy throws a bit of bread or anything at you over the desks, it is not polite to put your tongue out at him, or to twiddle your fingers in front of your nose. Just wait till after school, and then warn him what you'll do next time, or if you find you are bound to hit him, be pretty easy with him. Don't keep on eating after you are tightening, and you will be far happier. Never eat quickly, or you might get bones in your throat. My father knows of a boy who got killed over his Sunday dinner. It is not polite to leave victuals on your plate, especially anything you don't like. If you don't like turnips, it is better to eat well into your turnips first while you are hungry, and you'll eat the meat and potatoes easy enough afterwards. Boys should always be polite to girls, however, excepting they may be girls who are not so strong as boys; their hair is long and their faces are prettier; so you should be gentle with them. If a girl scratches you on the cheek, don't punch her, and don't tell her mother. That would be mean. Just hold her tight by the arms till she feels you could give it to her if you had a mind to.—Children's Answers.

The fellow who first advanced the theory that two could live as cheaply as one is responsible for two-thirds of the world's misapprehensions.

"I am looking for a husband," remarked the worried woman. "Why, I thought you were already married," said the merry one. "So I am," replied the worried woman, "and I spend most of my time looking for him."
