### PLANNING A FLIGHT OVER THE ATLANTIC

American Destroyers 200 Miles Apart to Watch Yankee Seaplane

Washington, March 20.—Plans for a trans-Atlantic flight by an American seaplane are being made, Acting Secretary of the Navy Roosevelt announced today. The flight is expected to take place some time after May 1. Lieut.-Commander Patrick L. Beltinger has been ordered from Norfolk to Washington for work in connection with the flight, Roosevelt announced. The plans are now to string destroyers along the route of the proposed flight about 200 miles apart. The seaplane, equipped with radio, would be in constant communication with the nearest destroyer. The plane would at all times be within four or five hours of a destroyer, and by constant radio communication instant notice would be given of any mishap, thus insuring virtual safety for the crew and the scientists who will be aboard for observations. It has not been disclosed whether press representatives will be taken on the plane itself. Men probably will be stationed on the destroyers, especially near the start and the finish of the trip, to write the story.

### DIVORCES ARE GRANTED TO ONE IN NINE

Approximately That Number of Marriages are Terminated by Machinery of the Court in the U.S.

(Special to The Journal) Washington, March 20.—Approximately one out of every nine marriages in the United States is terminated by divorce, according to figures compiled by the bureau of census and made public today. In 31 per cent. of the cases in 1918, divorce was granted to the husband, while the husband's rate in 1918 was 67 per cent. Deserter is shown by figures to have been the cause for about 38 per cent. of the divorces. Among other leading causes were cruelty, infidelity and failure to provide.

### FARM WAGES LAST YEAR

For the whole of Canada the average wages per month of farm help during last summer, inclusive of board were for males \$70, as compared with \$64 in 1917, and for females \$38, as compared with \$34. For the complete year, including board, the wages averaged for males \$517 and for females \$16, as compared with \$611 and \$364 respectively in 1917.

### MITAU CAPTURED

Lithuan Troops Take Important Railroad Town Southwest of Riga (Special to The Journal) Copenhagen, March 20.—The important railroad junction town of Mitau, southwest of Riga, has been captured by Lithuan troops, a Lithuan official statement announces. The Bolshevik, the statement adds, are retiring along the whole front.

### LINER BALTIC DOCKED THIS MORNING

(Special to The Journal) Halifax, N.S., March 20.—The White Star liner Baltic, bringing the 58th Battalion, Toronto, 43rd Winnipeg, 4th C. M. R. of Brandon, and other details arrived this morning and docked about eleven o'clock. Earlier docking was expected but she was delayed off the coast.

### FRENCH NOW IN MANNHEIM AND KARLSRUHE

Allied Troops Advanced Their Outposts on Account of Spartacan Outbreaks in Both Cities.

Geneva, March 20.—French troops have occupied Mannheim and Karlsruhe on the west bank of the Rhine, on account of Spartacan outbreaks there, the Vossische Zeitung says. The newspaper adds that the French also occupied Rheinau, five miles south of Mannheim, and Whinaten. A Berlin despatch received Monday said that reports had been received there that the British and French had advanced their outposts from the limits of their bridgeheads at Cologne and Bonn respectively. The French were reported to have entered Frankfurt, Mannheim is south of the Mayence bridgehead area but is directly on the west bank of the Rhine where it is joined by the Neckar. Karlsruhe is about five miles east of the Rhine. There have been no reports of disorders in Mannheim and Karlsruhe recently.

### NEW AIR FLIGHT RECORD

Paris, March 19.—Major General J. E. B. Seely of the British War Office on Sunday flew from Folkestone to Paris, a distance of 172 miles, in 74 minutes, establishing a new record for the flight, it was learned today. The airplane had the wind behind it.

### UNIQUE BANQUET

A rather unique banquet was held at the Palliser Hotel at Calgary last week. The "Amputation Society" of the G. W. V. A. were the guests, and there were, in all, 46 in attendance. Each man had lost either an arm or a leg in the war. The function was presided over by Brig.-Gen. H. F. McDonald, who lost his left arm.

### A FINE SIGHT

Those who were fortunate to be out of doors between 9 and 10 o'clock last night had the pleasure of witnessing a magnificent display of the Aurora Borealis in the northern sky. The display lasted over an hour and weather sharps say it will be followed by stormy and perhaps cold weather.

### FINANCIAL

Large shipments of oats and rye have been bought for export account. The Canadian Pacific Railway earned 10.97 per cent. on the common shares in 1918. The report of the Bank of Hamilton for 1918 showed steady expansion with assets at \$77,000,000.

### OPPOSITION WANT A LOT OF INFORMATION

Liberals in the Ontario House Have Questions Galore to Ask the Government

The Opposition in the Ontario House is just commencing to unlimber all its guns, and to bring its full batteries into play against the Government. Among the volley of questions fired by Liberal members yesterday, were several from Sam Carter, of South Wellington, who wants to know the number of physicians who issued prescriptions under the Ontario Temperance Act during the year 1917-18; the names and addresses of all such physicians, and the number of prescriptions issued by each. Mr. Proudfoot, Liberal leader, has filed a list of questions with regard to the total amount expended by the Government in connection with bye-elections during the year 1917-18; also the amount expended in each of the following bye-elections, and the amount expended for services of enumerators in each: North-East Toronto, East York, North Oxford, Lennox, Manitoulin, North Huron and North Ontario.

Mr. Proudfoot is also asking how many Crown land agencies still exist in the districts of Muskoka and Parry Sound; the names of the agents, the dates of their appointments; their duties, and their salaries. Major J. G. Holmie, of Windsor, wishes to know whether the Soldiers' Aid Commission has yet made any official report to the Government; if so, when such will be tabled, and if not, whether it is the Government's intention to call for a report.

### G.W.V.A. WOULD BAR REAL ESTATE MEN

The regular meeting of the local branch of the Great War Veterans Association was held at the Club House Church street, last night with a fine attendance of members present. Comrade Sharpe occupied the chair in the absence of President White and before the meeting was adjourned several important matters were disposed of. Twenty three new members were initiated which brings the total membership of the St. Catharines branch will over the 400 mark. Twenty eight applications for membership were received and were referred to the membership committee.

Resignation. Comrade Don Adie tendered his resignation as second vice president as he is shortly leaving the city. Comrades Harris and Church tendered their resignation from the Entertainment Committee which was accepted and Comrades Goddard and Aikens were appointed to fill the vacancies.

Announcement was made that an independent concert party had been formed for the purpose of putting on concerts for the benefit of the branch. Secretary Cunningham reported that the resolution passed by the association regarding the education of children of soldiers killed in the war has been forwarded on to the Pension Board by the Repatriation Committee. The Secretary also reported that the Association charter had been applied for and is expected to arrive almost any day.

### A Resolution.

The following resolution was unanimously passed by the association: That this association request that the City Council in appointing the Housing Commission under the Ontario Housing Act no not include thereon any man who is engaged in the Real Estate business but to appoint independent men. The meeting then adjourned with the singing of the National Anthem.

Ottawa, Ont., March 20.—Canada's estimated population was given in the Commons this afternoon is 8,355,000. The census of 1911 showed 7,206,643.

### HON. W. J. HANNA PASSES AWAY IN FLORIDA

Former Provincial Secretary has Been in Poor Health for Some Time.—Was Head of Standard Oil Company in Canada.

(Special to The Journal) Toronto, March 20th.—Hon. W. J. Hanna, head of the Canadian end of the Standard Oil Companies, former food controller for Canada and one time Provincial Secretary of Ontario, died today in Florida. He was born at Adelaide, Middlesex Co., Ont., on 13th October, 1862; son of George Hanna and Jane Murdoch; married (1st) in 1891, Jean G. Neil; (2nd) Maud MacAdams, of Sarnia, Ont., and had one son and two daughters. Was educated at Public School, Brooke Township, Lambton County, and was a barrister. He was an unsuccessful candidate for House of Commons for West Lambton at general election 1896 and 1900. First elected to Legislature at general election in 1902; re-elected at general election in 1905. Appointed Provincial Secretary in Whitney Administration 8th February, 1905; re-elected at general election, 1908.

Gen. Lipsett, Commander of Third Division C.M.R.'s., Made Memorable Speech After Capture of Vimy Ridge.

### TWO ENORMOUS AIRSHIPS

British Government Orders Machines of the Rigid Type. Will be 800 Feet Long

(Special to The Journal) London, March 20.—Following successful trials of new British dirigibles of the rigid type of construction, the Government, according to the Mail has ordered the building of two enormous airships. Each will be eight hundred feet in length and will have as capacity of three million cubic feet. They will have 1800 horse power and lift 80 tons.

### TARIFF ISSUE GROWS LIVELY

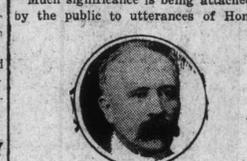

Promises to Become Contentious Subject With the Big Guns on Both Sides Booming Like Heavy Artillery

Ottawa, March 20.—The session of Parliament which opened peacefully a bare month ago has already developed into a fighting session with the Tariff as the issue. It promises to cause more than one split in political affiliations. Today, the Government

Hon. J. A. Calder

ment holds a caucus to consider what course should be taken. Not all the trouble is coming from the Opposition but flashes are being made of different colors from leaders in the Administration. Much significance is being attached by the public to utterances of Hon.

Hon. J. A. Calder

Mr. Crerar, Minister of Agriculture, and Hon. J. A. Calder, both western members. The latter recently pleaded for delay in an issue which he admitted was an inflammatory one and Tuesday he refused to state his position. Hon. Mr. Crerar made the remark that he thought the platform of the Council of Agriculture was a good one two years ago and he added: "I think it is a good one now." Mr. W. F. Cockshutt, Col. Currie, Hon. Mr. Fielding, Hon. Arthur Meighan, and others, are all kicking the football back and forth. The decision reached by the caucus today will be learned with wide interest.

### BRITISH AND FOREIGN

The date for the election of delegates to the Hungarian National Assembly has been fixed for April 12. Denial has been given to the report that Premier Clemenceau would resign the office of Minister of War. The French Government has consented to the resumption of horse racing in France beginning May 5.

### HOUSE TO SIT UNTIL EARLY IN THE SUMMER

Parliamentary Decks Being Cleared for Real Action and Members Will Now Get Busy.

Ottawa, March 20.—With the debate on the address finally disposed of Parliament will not turn its attention to the general business of the session. Estimates for the fiscal year which commences April 1, will be tabled immediately by Sir Thomas White, probably this afternoon, and the civil Government votes covering cost of administering the Government service will be put through as quickly as possible. The expectation is that railway matters will engage the attention of the House at a very early date and the Government's explanation of its policy in regard to the Grand Trunk Pacific and the Grand Trunk Railways may be heard before the close of the present week. With the floor cleared for general action there is naturally some speculation as to the time it will take Parliament to dispose of business. The majority of members think that prorogation cannot be expected before July.

The history of Vimy Ridge is well known now. It was in 1914, the French made a big attack here, and twice in 1915, but only achieved partial success at very heavy cost, therefore the Canadians should feel from that, their efforts met with such marked success. These wars are very trying, but it is for us to continue, and it is the men who can come on and fight that will win the war. This is what the British and Canadians have shown by the recent battle. The artillery preparation was splendid, and we expected few casualties. I am sorry to say they were rather heavy, but these lives were not wasted, they did not die in vain. The credit devolves on yourselves, your officers, N. C. O.'s, and men, alike. The hardships and discomforts of holding the line, the monotonous details of preparation. I appreciate, but it is one satisfaction to know that we have one of the finest divisions in France and of which the 4th C. M. R. forms no inconsiderable part. The engagement is still proceeding, but I have no doubt as to the way in which you will handle them. I cannot fully express my thanks to you all for the way in which you carried out the work you had to do, but it makes me feel very proud to be in command of this division. I thank you all very much.

### KING GEORGE RIFLE PRIZE

King George of England will give a prize for the winner of the army shoot to be held at Bileys, England, between July 14th and 26th.

### SERGEANT F. A. MCKENZIE ARRIVES BACK HOME

A warm welcome home was given Sergeant F. A. McKenzie when he reached St. Catharines yesterday morning bringing with him his English bride and little baby. Sergeant McKenzie is the second out of five soldiers brothers to arrive home from the other side. L. Corp. Alex. McKenzie being the first one to reach St. Catharines, he having been discharged some months ago. He also brought an English bride. Three other brothers are still overseas. Lieut. Bob with the 10th P. I. Dick with the 19th and Frank with the 2nd D. A. C. Lieut. Bob McKenzie was awarded the D. C. M., and the M. M. Sergeant McKenzie states he is glad to be home again after his long absence. Mrs. McKenzie who was a Miss Robinson of Liverpool says she likes Canada real well and is here to stay.

Spanish Newspaper is Not in Favor of Aiding the United States Madrid, March 20.—The conservative newspaper Epoca, in commenting on the naming of Manuel Gonzalez Horta, delegate to the League of Nations Conference of neutral nations, says that the election shows that Premier Romanones intends following a policy tending to closer relations with the United States. The Epoca thinks that this is a mistake. President Wilson's view, it declares, are too idealistic, and it urges that Spain ought rather to support France and England, her neighbors, instead of distant America. Premier Romanones, in reply, says Spain was proceeding in full agreement with those two powers and with the United States.

**COMPROMISE IS GOOD**

The Toronto Star makes a shrewd and logical comment which it says: "Col. John Currie says he never compromises, and so he will not compromise on the tariff. We have heard of the sacred tariff, but to put it on the same plane as the Saleem League and Covenant is going pretty far. And suppose the other fellows will not compromise?"

Col. Currie is entitled to take credit to himself for belonging to the stock of covenanters but when the principles that made that body famous are applied to business, trade, economics and society in general they are found to be too rigid for service. The spirit of compromise is a good one. It has saved, from total rupture many a serious situation. It may have to be invoked during the present session of Parliament to save Canada from being plunged into an election over an issue which, we think, can be amicably settled, for the time being at least, by moderate methods and by compromise, Col. Currie to the contrary notwithstanding.

**ENJOY A WORTHY RECORD**

The soldiers who are coming to this city this afternoon and to whom all who can go over will extend a civic welcome, belong to a unit which has had a notable military record. It is a unit which has battled for three years in the greatest struggle in history and by its deeds, succeeded along with the other splendid battalions, in establishing a human barrier beyond which the Hun could not come. To quote an exchange: "They have built with their bodies a barrier crested with flame and steel to keep the Hun back in his own murderous land, so that this fair, sun bathed day might still be fair."

In the muddy and torn Somme they stormed the Regina trench where bullets beat against them like rain and shells tore the earth from under their feet.

A back yard's length behind the deafening, flaming barrage at Vimy they strode in the ghostly dawn and took the steepest slope of the Ridge, and with it that stronghold famous in the war's annals, La Folie Farm.

At Passchendaele, after ten thousand men had fallen, they waded waist deep through a swamp against such a rushing tornado of death as was never seen, and after marking with their dead bodies the shallow paths through the swamp, took and held Bellevue Spur till comrades of another regiment came to their relief.

Three blithe, free-swinging lads have swept across the green plains of Amiens, and put the storied heroes of their boyhood to shame.

**SAYS HE SLEPT IN CELLAR OF A TENT**

Batavia, March 20.—The police yesterday arrested a man who gave the name of Walter Baker, of No. 799 Niagara Street, Buffalo, and claimed to be a candymaker by occupation. He appeared to be about 38 years old, and was well dressed.

In the stranger's pocket was a draft card for Lawrence Walter Baker of No. 115 Falls Street, Niagara Falls. In his pockets also were silk gloves, a shaving outfit, shoe polish, pills, potted ham, soap and a salt shaker. He said he slept last night in the cellar of a tent occupied by American and German soldiers and came to Batavia on a horse, in an automobile and buggy. The German soldiers drove all three. The police are keeping the man for observation.

The will of William Curtis Pack, a market gardener, who died recently at his home near Lambeth, was entered for probate in London yesterday. It disposes of an estate of \$10,000 to his own immediate family.

Robert Nuttal, a taxi driver, was fined \$3 and costs in the London police court yesterday morning for overcharging passengers. Nuttal claimed ignorance of the rates set by the city and charged \$1.50 for one trip with three passengers.

**BANKER'S WIFE KILLED WHEN BOMB GOES OFF**

Mrs. George Greenwood of Oakland put to Death by Unknown Persons Last Night. Money was Demanded From Mr. Greenwood

Oakland, Ca., March 19.—Mrs. Geo. Greenwood, wife of the Vice President of Savings Union Bank and Trust Co. of San Francisco was killed by a bomb explosion last night in the garden of the family house. According to the police a letter demanding \$5,000 and threatening to destroy his home with dynamite unless the amount be paid was sent to Greenwood in January.

**GEN. MAURICE FAVORS THE LEAGUE IDEA**

British Military Critic Gives an Interview to New York Newspapermen Last Night

New York, March 20.—Because there is some hope of making war impossible through a league of nations, but no hope of doing it in any other way, Major General Sir Frederick Maurice, former director of military operations of the British general staff, declared here last night that he favored the project. The general, who holds his military portfolio from 1915 to the early part of 1918, added his opinion that a great majority of the British people were enthusiastic for the league plan.

Arriving in this country for a stay of several months, General Maurice told interviewers that for the first time in history the British people had been at war, and didn't like it. Previous conflicts involving the empire, he said, had been fought with the fleet, gold and a proportionately small army, but this time the whole nation had been engaged. For every American mother who had lost a son, he added, fifteen British and twenty French mothers were in mourning for the same cause.

**REPORT NOT DENIED**

Critical State of Affairs Said to Exist at Odessa, Russia

(Special to the Journal)  
 London, March 19.—Official reports received in London are to the effect that a critical state of affairs exists in Odessa, the chief Russian port in the Black Sea. No confirmation could be obtained in London early this afternoon to the rumors that Odessa was being evacuated by the allied forces, but the report is not denied.

**GERMANY'S OLD PRINCES APPEAR IN NEW TITLES**

Paris, March 19.—The Almanach de Gotha for 1919 has appeared, with sovereigns of yesterday given new titles. Among other things the former Crown Prince appears as a veterinarian. All the petty ex-sovereigns of Germany cling to their titles, merely indicating the present status by prefixing "retired."

**WELCOME PRINCESS PATS**

Moncton, N. B., March 19.—The train carrying the Princess Pats to Ottawa passed through Moncton last night. At all the stations where the train has stopped crowds have given a hearty welcome to the returning regiment.

The works of our great composers are the mirrors of their lives; what they proclaim in their works are the joys and sorrows they have experienced, not as composers, but as human beings, who feel and suffer as you and I.

**WHAT THE LATE EXCHANGES SAY**

**HARD ON THE PEOPLE**

Calgary Alberta.—That the Senate has existed for more than fifty years, without any serious attempt being made by the people either to mend it or end it, is a reflection upon the intelligence and good intention of the Canadian public.

**RIGHT**

Border Cities Star.—To the men returning in thousands every day from the battlefields of France we owe a debt which we can never pay in full but the best method of discharging this debt is not by street parades, flag waving and band playing (though these are right and proper expressions of public sentiment), but by doing our utmost, collectively and individually, to show practical appreciation of the services of our men by giving them what they most need and desire, i.e., a good job.

**LET THE PEOPLE DECIDE**

Charlottetown Island Patriot.—We notice that there is a movement on foot amongst the members at Ottawa to have their sessional indemnity increased. As the Union Government is in power in Canada and unions can at any time command a strike, it would be in keeping with present conditions if this union should bring on a strike if they cannot otherwise get their indemnity increased. While a carnival of extravagance appears to hold sway, those who hold the purse strings may as well participate in it as not. As has been suggested, it would be perhaps more in keeping with fair play and honesty if the members of the House should submit the matter of an increase in indemnity to the people at the next election before making another salary grab.

**DON'T WANT PATRONAGE**

Victoria Daily Times.—Not having the face to demand bluntly the restoration of the defunct system, a group of members are trying to break down the Civil Service Commission by charging it with favoritism. The accusation does not bear the stamp of truth, and even if it should turn out to have some foundation, the proper remedy is to change the Commission. The people at large, exclusive of the job hunters do not want to see their representatives constantly grabbing for spoils.

**BRITISH INDUSTRIES TO GET WORLD TRADE**

London, March 19.—The Federation of British Industries, representing 16,000 manufacturers and 15,000,000,000 capital, is organizing a great army of representatives as ambassadors to the care of British industries overseas. The federation, it is said, will have ambassadors in every important city in the world, and is already represented in Spain, Denmark, South America and the near East.

Warren Cattle Company Pays Mexican Rebel \$5,000 Ransom for Kidnapped Employees.

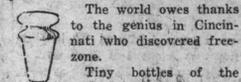

Juarez, Mex., March 20.—Francisco Villa's main column was seen at Bustillos, Chihuahua 50 miles southwest of Chihuahua City, this week by border troops here today. They reported Villa had about 600 men and fourteen wagons to carry his sick and wounded.

El Paso, Tex., March 20.—A telegram was received here this afternoon from Hachita, N. M., stating that one of the nine cowboys from the Ojitas ranch in northwestern Chihuahua had reached the Alamo Hueco ranch on the border late yesterday and reported that Dunk Spencer, the American negro foreman of the Ojitas ranch, had been released by Martin Lopez and was returning to Ojitas, with the eight other Mexican cowboys held by Villa's commander. They attempted to induce Spencer and the cowboys to join the Villa forces, according to the messenger.

The release of Spencer and the cowboys was obtained by the payment of \$5,000 ransom by the Warren Cattle Company of Three Oaks, Mich.

**Lift Off Corns Doesn't Hurt!**

Few drops stop soreness, then corn or callus lifts off with fingers.

The world owes thanks to the genius in Cincinnati who discovered freezone.

Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of freezone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezone or afterwards. It doesn't even irritate the skin or flesh.

For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet. Everyone who tries freezone becomes an enthusiast because it really doesn't hurt or pain one particle.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

"The LIBERATION OF BELGIUM does not solve the problem of the future of the war orphans.

"Some idea can now be formed of the number for whom we shall have to provide. It can be stated that the orphans whose parents were deported and who died in Germany number more than those whose fathers have fallen on the battlefield."

Help the work of Reconstruction Buy War Savings Stamps

"AFTER THE STORM"

**Help Him to Help Himself**

We owe the returned soldier every effort we can make towards securing steady employment for him.

Do not try to throw the burden entirely on employers. They have a grave responsibility, but only insofar as every man, woman and child gives willing help can Canada ensure a fair day's pay for a good day's work for all her men.

How can YOU help? By investing in War-Savings Stamps.

How will THAT help? Canada must secure foreign purchasers for the products of her forests, farms, and factories. Many nations are anxious to buy our goods, but can only do so if Canada grants credit to them.

Lend your money to Canada, so that Canada may re-lend to those who must buy on credit. The money is being raised by the sale of War-Savings Stamps, so that when you invest in a War-Savings Stamp you provide a day's pay for some returned soldier.

A War-Savings Certificate with 10 W.S.S. affixed will be redeemed by the Dominion of Canada on January 1st, 1924, for \$50.00; for at that date the W.S.S. are worth \$5.00 each.

War-Savings Stamps cost \$4.02 in March; \$4.03 in April; \$4.04 in May, and they may be purchased at any place displaying the Beaver-Triangle sign.

#### HON. F. B. CARVELL SHOWS

NEED OF FOREIGN CREDITS

Speaking recently in the house of Commons, Hon. F. B. Carvell showed clearly the need of Canada providing large credits in order to promote export trade. He said:—

"We realize that it will be our duty for the next five or six months, or possibly a year, to do all we can to secure business for the country and we are doing that. But it is not so easy to get business on the other side of the Atlantic as we thought it would be. We thought that all we would have to do would be to go over and say: 'We have a million feet of lumber to sell; who will give us the most for it?' The trouble is not that Europe does not like to buy our lumber and the other produce that we have, but they have not got the money to pay for it. That is the real difficulty. As my hon. friend, the Minister of Finance stated yesterday, we are compelled to furnish credits; that is we have to put up money in Canada to buy the goods from our own people, then turn around and sell them to foreign countries and take our chance of getting the money back. We will get it back in time, but it means a heavy financial burden that the Government has to carry."

In buying War Savings and Thrift Stamps the people of Canada provide the Government with the funds that make possible these huge advances. Thus employment at a good

#### Wages provided for all classes,

while those who invest their money in these Stamps receive a substantial interest return.

#### BABY CONQUERS FIT OF TEMPERAMENT.

During the recent filming of her picture entitled "A Little Patriot," which plays at the Family Theatre beginning Thursday, Friday and Saturday Baby Marie Osborne, the little Pathe star was instructed by her director, William Bertram to tell her father in the story, Jack Connolly, that she wanted him to be a soldier. Mr. Connolly would then answer that he could not join the army because of himself and her mother of the picture Marion Warner. Then Marie was to answer him: "But Daddy, I want you to be a soldier, a little more coaxing and when Jack again refused Marie was to break forth in tears: "But Daddy I want you to be a soldier, and with this weeps bitterly.

Mr. Bertram looked almost helpless for a moment, then pleadingly said: "But Marie we must do it, it's in the story." Marie looked at him again. "I'm not going to do it, I say," Mr. Bertram again pleaded. Marie's lips began to quiver, "I won't do it, I won't do it. I don't want to work today and two bright tears trickled down her cheeks. The little girl stood still for several minutes, her baby hands clenched. Then suddenly she wiped her tears away and turned to her director "All right, Mr. Bertram, I'm ready."

Even the prop boys on the set were affected and a catch came to every one's throat. The little wonder had argued herself into the mood of the scene.

#### A WORKMAN'S WAGES

"Supposing I do buy a War Savings Stamp, paying \$4 for it, how will that help either the country or the Government?" It is quite possible that quite a few people have asked themselves this question. The answer is—\$4 will pay the wages of a skilled workman for one day and it will also give the Government for five years this money for much-needed work.

"But," it may be asked, "how may the paying of \$4 for a War Savings Stamp make possible the payment of a workman's wages? Well, in this way. If the Canadian public through the purchase of War Savings Stamps, or other forms of government securities, places enough money in the hands of the Government to enable it to grant credits to France, Belgium and other war-devastated countries for Canadian supplies, Canada will get large orders both for manufactured articles and for agricultural products. If this is not done, then only a small proportion of these orders will come to Canada. The greater portion of them will go to the United States, which is prepared to grant such credits.

Only through the continuance of the huge export trade built up by Canada during the war can Canadians hope to experience anything like a continuance of that industrial activity that has been a feature of the last few years. But if this trade is maintained it will be largely through credits which the people make possible through lending their money to the Government.

So it works out that the more money subscribed through the sale of War Savings Stamps, the more there will be placed at the disposal of the Government for credits. The more credits the more foreign orders, and

### FOOD FOR LAYING BIRDS

Most Economical Ration, in View of Conditions, Discussed.

Contagious Abortion Makes Necessary the Sale of Valuable Animals at a Sacrifice—The Disease, However, Will Yield to the Treatment as Explained.

(Contributed by Ontario Department of Agriculture, Toronto.)

**A** PULLET requires more feed than a hen. If it is intended that she will produce eggs a bird to lay well must have a surplus of feed over and above body maintenance. The excess of feed above body maintenance goes either towards growth, fat, or egg production.

Poultry feeds are divided into two classes: one, whole or cracked grains, commonly called scratch feed, and the other, ground grains, commonly called mash.

Scratch feeds are generally fed at night and morning and are scattered in straw in order to induce the birds to scratch or take exercise. A mixture of two or more kinds of grain usually gives better results than one single grain, largely because individual birds' appetites vary from day to day. A good mixture for the winter months might contain as much as fifty per cent. good corn, either whole or cracked; if corn could not be had and the birds were accustomed to eating buckwheat, the buckwheat would answer nearly as well, or one could use twenty-five per cent. buckwheat and twenty-five per cent. corn. To the corn or buckwheat could be added twenty-five per cent. of barley, ten per cent. of wheat screenings, and fifteen per cent. of good oats. If one was obliged to do so, almost any of the grains could be fed alone with the exception of oats. There is too much hull or husk on oats to use entirely as a single feed.

At present for a mash feed we are using the standard hog feed. If the ground grains are to be fed moist or mixed with cooked household refuse then the mixture should be one that will mix to a crumbly state, but if fed dry in an open hopper the above is not so important.

The mash feed is the one where the animal meals are generally given. The amounts vary from ten to twenty per cent. of the mixture. The animal meals used are commonly high grade tankage and beef scrap. Where one has plenty of skim milk or buttermilk the other animal feeds are unnecessary. Some use green cut bone; cooked refuse meat, such as livers, lights, beef heads, etc.

A very good mash can be made of one part each by measure of shorts, barley meal, and ground oats. Corn meal could be used in the place of the barley or with it. If one is short of green feed or roots, it would be well to add one part of bran. Perhaps the simplest mash to feed from an open hopper is rolled or crushed oats. We have used this, when the birds had milk to drink, for a number of years with excellent results.

Laying hens require plenty of green feed. Cabbage is one of the best green feeds. Roots are very good, but clover leaves should be within reach as well as the roots. Sprouted or sprouted are used to a large extent on poultry farms. When the birds get accustomed to a green and succulent food it is generally wise to give them all they will eat. A pen of fifteen pullets will eat a fair-sized head of cabbage almost every day or one hundred hens will eat a peck of sprouted oats day after day.

Grit and shell should always be within easy access.—Prof. W. R. Graham, O. A. College, Guelph.

#### Abortion Should Not Be Neglected.

Some cases of abortion are the result of injury to the dam due to a sudden fall. In such cases the foetus is not likely to spread to other members of the herd. With the majority of abortion cases, however, the trouble is due to an infectious disease which is very readily spread to other members of the herd. Consequently, every case is necessary to prevent these from contaminating anything with which other stock is likely to come in contact, either directly or indirectly. All should be gathered up carefully and burned or else buried deeply in quick lime. Then the hands and clothes of those in attendance should be thoroughly washed with a disinfectant, and a strong disinfectant used freely all around the stall, particularly on the floor.

The dam should be kept in a stall by herself, as there will be a fluid discharge from the vulva which may last for weeks. Disinfectants should be freely used in the stalls, and the external genitalia, thighs, tail and back of udder should be washed daily with a satisfactory disinfectant solution. For this purpose a two-per cent. solution of lysol is strongly recommended. Strict attention should be paid by the attendant to the thorough disinfection of his hands or other parts of his person or clothes after handling the patient.

The dam should not be bred again until some weeks after all discharge from the vulva has stopped.—Prof. D. H. Jones, Ontario Agricultural College, Guelph.

You listen to good music and something takes place inside of you—and that something is always for your betterment.

The Toronto Globe publishes figures showing the cost of plowing an acre of land with the tractor engine and plow which from actual experience is as follows: With a two plow tractor driven by gasoline \$1.38 1-8, a three plow tractor \$1.47 1-4 and with a four plow tractor \$1.50 1-4. Doing the same work with a kerosene driven machine the actual cost was \$1.33 1-4, \$1.22 1-4, and \$1.25 1-4. The committee who witnessed the work done reported it equal if not better than that done by horses.

**WHERE WILL THE REVENUE COME FROM?**

To meet the regular expenses of administration, to pay war service gratuities to demobilized soldiers, to provide pensions for disabled soldiers and for the dependents of those who have lost their lives, as well as to carry out the program of public works which is being undertaken to relieve unemployment, it is estimated that the Dominion Government will require to raise this year a revenue of about

**400 MILLION DOLLARS**

Last year the Dominion Government revenue was 260 million dollars and was derived from the following sources:

Canadian Customs Tariff	116 millions
Special War Tariff	45 millions
Excise Tax	26 millions
Business Profits Tax	21 millions
Income Tax and other Sources	52 millions
<b>Total</b>	<b>260 millions</b>

**How is the shortage of 140 millions to be made up?**

At the very moment when Canada is struggling with this problem the Western Grain Growers' come forward with insistent demands for:

- (1) "An immediate and substantial all-round reduction of the customs tariff."
- (2) Free trade with Great Britain inside of five years.
- (3) Reciprocity now, and free trade later, with the United States.

These demands are apparently made in the hope and belief that, if they are granted, those making them will be relieved of a large part of what they call the "Burden of Taxation" which the tariff imposes upon them. That expectation can only be realized if the revenue raised by means of the tariff is substantially reduced. They may argue that under a lower tariff the volume of goods imported will increase, and consequently there will be no decrease in the revenue. But mark this—they want the duty removed entirely from implements, lumber, cement, oil and other articles of which they are large consumers. If the revenue is to be maintained under such a rearrangement of the tariff schedules, other classes of the people must pay what the Grain Growers will escape.

Passing to the next point, how would the Grain Growers provide for the probable shortage of 140 million dollars this year? They ask the Dominion Government to impose the following taxes:—A direct tax on unimproved lands, increased taxation on personal incomes, increased inheritance taxes and increased taxation on corporations.

Vacant land now pays taxes to the Municipalities and, in some Provinces, additional taxes to the Provincial Government. Income taxes are now paid by individuals to the Municipalities and also to the Dominion Government. Inheritance taxes are now imposed by all the Provinces, ranging in Ontario, for example, from one to twenty per cent. Corporations are now taxed as persons by Municipal Governments, Provincial Governments and the Dominion Government, and also pay special taxes to every Province for the privilege of being corporations.

Last year the tariff collected sixty-one per cent. of the total Dominion Government Revenue. Does anyone believe that the forms of taxation advocated by the Grain Growers can be increased sufficiently this year to obtain the revenue which would be lost by tariff reduction, and also the additional 140 million dollars required, without crippling industry, stifling business and throwing thousands of workers out of employment?

The United States has all the forms of taxation advocated by the Grain Growers, but still finds it necessary to maintain its customs tariff.

If the Grain Growers are to escape almost all taxation, including the great increase caused by the war, what will happen to the people who will be driven out of business through having to pay not only their own taxes but also those of the Grain Growers? Will they try to grow grain? It is more likely that they will go to the United States to get work, as other Canadians went fifty years ago, and leave a population, chiefly farmers, ever growing smaller, to bear all the taxes, ever growing greater.

ays indigestion Results From Excess of Hydrochloric Acid

Undigested food delayed in stomach decays, or rather, ferments, and the same as food left in the open air is a noted authority. He also says that Indigestion is caused by hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents food from being digested and starts food fermenting. Thus everything eaten in the stomach much like gas in a can, forming acid gases which inflate the stomach like a toy balloon. Then we feel heavy, lumpy misery in the chest, belch up gas, we eructate sour, have heart-burn, flatulence, or nausea.

He tells us to lay aside all the aids and instead, get from a pharmacy four ounces of Jad Salts take a tablespoonful in a glass of water before breakfast and while it is effervescing and before, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making bacteria, start the liver, stimulate the bowels, and thus promote a free flow of digestive juices.

Jad Salts is inexpensive and made from the acid of grapefruit juice, combined with sodium phosphate. This has been used by thousands of people for stomach trouble with excellent results.

## Letters to the Editor

A SUGGESTION FOR MUSICAL EDUCATION

The Editor Evening Journal.

Dear Sir: More years ago than I care to count I was an ardent pupil of one of the best Tonic Solfa teachers in England, and as a result of that training I acquired a knowledge of music that has proved one of the greatest sources of pleasure in my life. On coming to Canada I was delighted to hear that the Tonic Solfa system was taught in the schools, but enquiry showed that the teaching was more superficial than real; apparently the method had not been very thoroughly introduced and taught.

A short time ago I saw a brief biographical notice of Mr. Izon, the new Organist at St. Georges Church. The principal item of interest to me in this was the announcement that this gentleman was an associate of the Tonic Solfa College, London, England. This being so Mr. Izon should be a fully qualified teacher of Tonic Solfa, and it would be a fine thing for the young people of this city if he could be induced to undertake the teaching of, say, the pupils in our day schools, or any class or classes gathered by any other means.

One of the greatest delights of my young days, and even of my maturer years, was the singing class. As a boy I learned thoroughly the Tonic Solfa method, and it is to this I owe what knowledge of music is mine. The pleasure I have received and do still receive as the result of that early training is beyond the telling, and my experience is not singular. Tonic Solfa has done much to foster the love of music, has increased many hundred-fold the number of intelligent sight readers and promoted a taste for the best in music.

Young folks are not the only ones who may receive these benefits. An adult class of music lovers, many of them perhaps now suffer from inability to read quickly would find a great pleasure in learning to sing by this method and would be surprised at the ease with which they learn to sing at sight. It is, perhaps, too late for any movement for this season, but I would venture to suggest to Mr. Izon, through your columns that if he will express his willingness, he will find supporters willing to help to organize and pupils anxious to learn, so that by next fall classes could be formed and preparations made for concerts in the winter of 1919, 1920, such as would well repay any efforts made to this end.

Meanwhile, could not the School Board seek Mr. Izon's assistance in teaching Tonic Solfa in the schools. I have not the pleasure of Mr. Izon's acquaintance, but am induced to make this suggestion in order that the pleasure the knowledge of Tonic Solfa has given me, may be shared by others, especially by the young people, towards whom our responsibilities are so great. Music uplifts, therefore, make it possible for all who wish to attain a knowledge of it that will help them to

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of Wyeth's Sage and Sulphur Compound which darkens the hair so naturally so evenly, that no body can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time. By morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur Compound is that besides beautifully darkening the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

appreciate and understand it. Yours faithfully, P. M. St. Catharines, March 18, 1919.

### A GOOD SUGGESTION

Editor of The Journal. Sir: Now that we have begun to do something to help beautify Montebella Park, permit me to suggest in these days when war memorials are much spoken about, that no time should be lost in planting as a memorial some strong quick growing Ivy around the base of the flag staff there. In a few years it will add much to the scenic effect of the grounds, and at its towering height, resemble one of the ancient ivy clad towers found in various parts of Ireland which are praised for their beauty by tourists.

### WELL PREPARED

It is related of Colonel Hamilton Gault, the owner of the Princess Pats that after he had lost a leg, he went back to France to take charge of the battalion, and in order to be sure of being able to get around he took three artificial legs with him. While in the trenches, two of the legs were broken but when the order came to go over the top, the Colonel was right on the job. As one of the Theologians students who was near him at the time, said: He was over in a moment; in the twinkling of an eye; on the last stump.

## \$12,000,000 IS MONTHLY PAY ROLL

Ottawa, Ont., March 20.—The paymaster's branch of the Militia Department is at present disbursing \$12,000,000 dollars a month and sending out 200,000 checks of every variety in the same period. In the meanwhile new accounts are being opened because of the epidemic of marriages which has struck the overseas camps. Canadian soldiers are still marrying at the rate of 300 a week, and in each case the gratuity is involved.

Altogether the department claims that there are many complications and that certain complaints are inevitable.

### TRANS-ATLANTIC FLIGHT TEMPORARILY DELAYED

London, March 19.—A telegram received here from Paris says that Lt. Fountain, who plans a flight from Cape Dakar, Senegambia to Pernambuco, Brazil, left Villa Comblay for Dakar on Sunday, but was compelled to land near Romorantin, south east of Blois, because of a cracked cylinder. It is said he is now in Paris and intends to start once more for Dakar in a few days.

Chatham, March 19.—Jerome Fitzpatrick objects to the coat of tar and feathers to which he was treated on Saturday, and has sworn out information against five men near Morpeth, alleging that they broke into the home of Mrs. Arthur Stammers, and assaulted him by applying tar and feather decorations.

### SINN FEIN PARTY TO IMITATE SUFFS

London, March 19.—The more aggressive section of the Sinn Fein party in Ireland contemplates a campaign similar to that adopted by the militant suffragettes at the moment there is a prospect of the Peace Conference intervening in behalf of Ireland, for the purpose of focussing public attention on the demands of the party.

The authorities, however, are prepared to afford adequate protection to life and property and the belief is expressed that it will be able to side over the threatened trouble. It is understood the Government does not intend to further postpone consideration of the Home Rule Bill, which was suspended by an Act which automatically expires six months after the treaty of peace is signed.

Pensions for disabled soldiers and widows are to be \$1000 so the report goes.

## WILL NOT PAY GRATUITY IN A LUMP SUM

Possible Death of Applicant Before all is Paid is the Reason Given

Ottawa, March 20.—The Militia Department has received many applications from returned men for an advance of the total amount of the war service gratuity provided for. The latter have represented that they desired to go into business, or to embark upon some enterprise in which the money is immediately needed. Such application have been rejected. The reason is that if an unmarried soldier dies within the period of his gratuity the balance due to him reverts to the State while in the case of a married man who dies within the period the balance goes to his dependents, who would be dispossessed of it if it had been paid in advance.

It has been represented to the department that in some parts of the country men of the legal profession are undertaking to clean up a little money by drawing up the declarations of applicants for gratuities. It is pointed out that lawyers' fees are not necessary, inasmuch as any commanding officer can draw up such documents without pay.

## INCOMPETENCY BLAMED FOR RHYL RIOTS

Lieut.-Col. A. C. Pratt, M.P.P., States Military Authorities at Ottawa and London Were Responsible.

Halifax, March 19.—Lieut.-Colonel A. C. Pratt, M. P. P., for Norfolk County Ontario who arrived here on the transport Celtic, declares that the recent rioting at Rhyll Camp, in which five men were killed and several wounded, was directly attributed to the incompetency of the Canadian Military authorities in Ottawa and at the Canadian Military Headquarters in Argyle House, London. Colonel Pratt placed on these authorities the entire blame for the tragedy and said that Sir Edward Kemp's statement on the matter was a series of excuses for things which should not have been excused. General Sir Richard Turner, Canadian Commander in England said that Colonel Pratt was a kind, courteous and affable man, but he surrounded himself with incompetent bunglers.

## A LESSON FROM MEDICINE HAT

WEATHER Fine to day; southerly winds; mostly air sad quite mild.

Medicine Hat struck natural gas. It said: "Let us have light, heat and energy regardless; for to-morrow—who cares?" All Alberta began to "dig for gas." Calgary ended by piping it from Bow Island, nearly 200 miles away. The Edmonton district became a graveyard of abandoned "wells." So the people of Medicine Hat began to think. "After all," they said, "to-morrow IS important." Now Medicine Hat is economizing and wishing it had started earlier. It has learned that natural is NOT inexhaustible. Although Natural Gas is Cheap, do not waste it—the Supply is not Everlasting.

## WORTH REMEMBERING

Garlic and sweet oil will cure an ordinary earache.

If new clothespins are soaked in cold water over night, they will not split and last a long time.

To get rid of ants, mix one ounce of table syrup with twenty grains of soda arsenate and place where the ants will get it. A small portion on a bit of cardboard is a good way to manage it.

## HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath in fact to feel your best day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.

## LAW WILL BE ENFORCED

Careless Bread Dealers Will Have to Be Wary.

Superintendent Rogts of the Provincial Police Force, made the statement today that his department would carry out the enforcement of the Bread Law throughout the Province. In referring to the fine that had been imposed upon bread dealers of Woodbridge and Stratford for short weight bread, the Superintendent stated that there were apparently few infractions of the law throughout the Province.

## RHEIMS HAS FEW PEOPLE

Paris, March 20.—The population of Rheims, which was 115,158 before the war, is now 8,453, according to a census just completed by the Government. Five hundred children attend school in the ruined city.

## FOR EIGHT-HOUR DAY

Higion Urges Inclusion in Treaty for World.

Brussels, March 20.—The Belgian Government, the Socialist newspaper People announces, has agreed to accept the principle of an eight hour day and to further efforts to have it included in the peace treaty. Instructions to this effect, it is added, have been telegraphed to M. Vandervelde, the Socialist member of the Belgian Peace delegation.

A Milerite preacher in London says the world will come to an end during the coming quarter of a century, and that it is folly to talk about giving Germany 100 years in which to pay off its war indemnity.

## USE A HYDRAULIC RAM

Now Recognized As the Cheapest Power for Pumping.

When and How It is Used—Complete Information Given—Tubercular Cows a Menace to Health—How Tubercular Test is Made—Why It Pays Farmer to Test Cattle and to Discard Reactors.

(Contributed by Ontario Department of Agriculture, Toronto.)

WHERE conditions are suitable for a hydraulic ram it is without question the cheapest and most satisfactory method of pumping water. It has one drawback—it wastes far more water than it pumps to the buildings, and hence can only be installed where the supply is from five to twenty times as great as required at the buildings. The efficiency of the ram is from 65 to 90 per cent, i.e., it uses 65 to 90 per cent of the energy of the falling water. Suppose the spring supplies 10 gallons per minute and the fall from the spring to the ram is five feet. Multiply these together and then take 65 per cent of the product, and we have the energy available for driving water to the buildings.

Energy in this case 65-100 x 10 x 5 foot-gallons—32.5 foot-gallons. Now divide this by the height of the buildings above the ram and we have the number of gallons the ram will deliver per minute at the buildings. If, for example, the height is 32.5 feet then

Number of gallons per minute—32.5 divided by 32.5—1 gallon, which is 1-10 of the water supplied by the supposed spring.

Number of gallons per day—60 x 24—1,440 gallons (about 29 barrels). Consequently with five feet of head and 32.5 feet of lift the ram will deliver at the buildings 1-10 of the water in the spring. The quantity that will be delivered with other heads, lifts and spring-flows, may be calculated in a similar way.

Generally speaking it is found that for each 10 feet of lift there should be one foot of head, but there is a limit in its selection advisable to install rams where the head is less than say two feet, although they have been known to work with as little as 18 inches. The length of drive pipe should not be less than three-quarters of the vertical lift to the buildings, nor less than five times the fall from the spring to the ram. It may however, be longer, but seldom exceeds 50 feet, and 75 feet might be taken as an extreme length for sizes of ram suitable for farm conditions.

If too long a drive pipe is used, the extra friction in it prevents the water from striking as heavily or as frequently as with a drive pipe just the right length.

The cost of installing a ram is not great. For the smallest size of ram it will run in the neighborhood of \$25 to \$35 and about \$15 extra for each hundred feet between the spring and the ram. Thus if they were 100 feet apart, the total cost would be from \$40 to \$50, but if 300 feet then from \$55 to \$65, and when distances in proportion. The largest size of standard ram can be installed at about \$100 if the ram and pump are 100 feet apart, and \$125 if 200 feet apart.—R. E. Graham, B.S.A., O. A. College, Guelph.

## Tuberculosis in Cattle.

One reason why farmers should have their cattle tested for tuberculosis is the manna, the which the sufferer is having tubercular animals in their herds. As the disease is at first slow in development and does not induce sudden death, like anthrax, hog cholera, the farmer does not realize the loss that he endures by having tuberculosis in his herd until one or more animals develop the disease in advanced stages and die or are slaughtered, when they are at once seen to be rotten with the disease. Such animals will have had the disease a long time without it being suspected and will have been giving off in their milk, saliva and droppings, large numbers of tubercular bacilli. In this way the bacilli are spread around, the food, water and atmosphere in the stable get contaminated with them and other members of the herd contract the disease from these contaminated materials.

The tuberculin test will indicate whether or not an animal is tubercular long before any clinical symptoms are visible, thus enabling one to deal with such an animal before it becomes a dangerous spreader of the disease.

When an animal is shown to be tubercular it should not be allowed to mix with the rest of the herd. When cattle are purchased to add to the herd it should be only when subject to the tuberculin test, as cattle may have every visible indication of good health and yet be tubercular, the disease not yet having developed to an advanced degree.

It is therefore strongly recommended that farmers

1st. Have their herds tested for tuberculosis with the tuberculin test.

2nd. That they slaughter the animals that have the disease in an advanced degree.

3rd. That they separate the cattle that react to the test from those which do not react.

4th. That they remove the calves from tubercular mothers as soon as dropped, and feed them on milk from healthy cows or on their mother's milk after it has been properly pasteurized, i.e., after it has been heated to 145 deg. F. for half an hour.

5th. That they apply the tuberculin test to every new purchase of cattle that are to be placed in the stable herd.

6th. That the herd be tested with tuberculin annually.

Obtaining Tuberculin For the Test. Tuberculin is kept under the Dominion Government control. It is required that a veterinarian be employed by the farmer to make the test.—Prof. Dan. H. Jones, Ontario Agricultural College, Guelph.

The fashionable tight skirts now worn by the fair sex is said to be causing a lot of annoyance to street car conductors.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, taded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

## NEW BILL IN SENATE

All Aliens After Becoming Naturalized Must Reside in Canada 10 Years.

Ottawa, March 20.—The Senate, which adjourned on February 28, after having adopted the address, resumed its sitting today.

Senator Bradbury introduced a bill which provides that enemy aliens who become naturalized, shall not be deemed British subjects until after ten years' residence in Canada.

The Senate adjourned until Wednesday.

## WOULD HOUSE LEAGUE

Brussels Offers Egmont Palace to Nations.

Paris, March 20.—The Belgian delegates have presented the official request of Belgium that Brussels should be chosen as the seat of the League of Nations. The delegation has transmitted to President Wilson and the heads of the Great Powers, a copy of the letter from Burgomaster Max of Brussels, stating that the municipality would present to the league the Egmont Palace, formerly the property of the Duc d'Arenberg for use as its headquarters.

## PROHIBITION POLICY

Sir William Hearst Expected to Make Early Announcement of Government's Future Policy.

An early announcement of the Government's future policy on the prohibition question became a more certain prospect than ever, in consequence of a caucus of the Government and its supporters at Queen's Park this morning, and continued until after one o'clock.

It is understood that Premier Hearst is likely to give at least an outline of the Government's future policy, before many days elapse.

## BOXING NOTES

Dick Loadman won the unanimous newspaper verdict over Johnny Murray of New York in their bout at the Olympic A. A. in Philadelphia last Monday night. Not a single newspaper man disagreed which shows that Loadman's victory was clean cut.

Loadman made his greatest fight in the Quaker City. He was strong as a bull and tore Murray from start to finish. In the fourth round Dick Loadman all but knocked out. Both the Olympia and the National Clubs are now bidding for Dick's services. George Engel wants him to box Johnny Kilbane, and Jac Hanlon has offered Dick a crack at Joey Fox, the English featherweight titleholder who recently arrived in this country. Loadman has offered to box either man for \$1,000 guarantee.

Jimmy Duffy is in fine condition for his bout with Irish Patsy Cline, at Montreal next Monday night. Jimmy is rapidly rounding into his oldtime form. He looks forward to a match with Benny Leonard and another crack at his old rival, Jack Britton, now the world's welterweight champion once more.

Gussie Lewis will be able to box next week. He has asked his manager Hugh Shannon to match him with Elmer Doane, Bud Christiano, or any other featherweight. Lewis is anxious to meet Johnny Kilbane, in the near future.

## BOWLING

The Welland Vale bowlers took a fall out of the street car men last night when they won two out of three games on the Y. M. C. A. alleys. The N. S. & T. team bowled well in their last two games but were not quite good enough for the factorymen. The following were the scores:

## JESS WILLIARD TO POSE FOR "MOVIES"

Will be Filmed During his Training for Dempsey Fight.

New York, March 20.—At an informal conference here last night the managers of Jess Willard and Jack Dempsey discussed the heavyweight championship contest, scheduled for July 4 with Promoter Tex Rickard preparatory to arranging for preliminary training. Willard was represented by Ray Archer, while Dempsey's plans were explained by Jack Kearns.

Both managers stated that they were in this city prepared to engage sparring partners for their principals and each carried a list of heavyweight boxers from which it was expected they would be selected.

According to the champion's manager, Willard has already begun light physical work and is a trifle below 270 pounds in weight. He is particularly d-hirous of getting sparring partners of about the height and weight of Dempsey, and in order to be acceptable they must be fast, hard hitting two handed punches.

The champion will do all of his work at his home in Lawrence until six weeks before the bout, when, according to the terms of his contract, with Rickard he will move to the scene of the titular battle.

# WHEN IS IT AND WHEN IS IT NOT?

Authorities at Washington Busy Trying to Settle Knotty Question as to When Beer is Legally Beer and When It Isn't

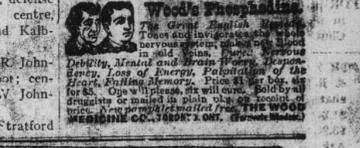

Washington, D.C., March 18.—Answer to the question of when beer is legally beer and whether it may contain 2% per cent. alcohol without being officially considered intoxicating was sought today by internal revenue officials in existing statutes, court decisions and administrative regulations, but with no definite conclusion.

Pending a decision by the legal division of the bureau and an opinion by Attorney General Palmer, Commissioner Roper declined to say what he would do in case New York brewers carry out their announced intention of returning the sale of beer containing 2% per cent. alcohol under President Wilson's recent order permitting the making of near beer.

Internal revenue bureau officials held a number of conferences today at which the subject was discussed. The bureau's legal experts argued that all precedents of acts of congress and of revenue bureau practices point to the rule that if beer contains one-half of 1 per cent. or more alcohol it is intoxicating and is taxable as real beer. Drinks to be soft, non-intoxicating and non-alcoholic must contain less than one-half of 1 per cent. alcohol, they said. Therefore, it was argued that the President's order of last September 16th, forbade the use of grain or other food products in making beer with one-half per cent. or more alcohol.

Commissioner Roper, however, decided to fortify himself fully and arranged to call on the department of justice for an opinion.

### MERRITTON

Mr. Douglas Lauder of Lincoln Ave. has resumed his duties on the work of the new Welland Ship Canal after being confined to his home for a few days suffering from a sore back which he received while on active service overseas.

Following is the account of the death of the late James Bradley of Oakville, Ontario, formerly of Merritton which has been taken from the "Oakville News."

Death, which has been busy of late in this district, removed another prominent citizen, when James W. Bradley passed away on Monday morning last, in his fifty-eighth year.

Deceased was taken suddenly ill about two weeks ago, a severe pain attacking him in the back and side. He was examined by several physicians but the symptoms were mysterious and it was decided to take him to the General Hospital, Winnipeg, which was done early last week. Here he

The many friends of Mr. Bernard Gartschere, Walnut Street, will regret to hear he is quite ill at his home.

Mrs. Nichols, Niagara Falls, N.Y., is spending a few days the guest of her parents, Mr. and Mrs. Bernard Gartschere, Walnut Street.

At the morning service on Sunday the Sewing Class of St. Andrew's Presbyterian Church will present to the managers for use in the congregation, two beautiful silver-plated offering plates. These plates have been specially prepared by the Standard Silver Co., of Toronto, and engraved "Presented by the Sewing Class of St. Andrew's Church 1919." Rev. Mr. Annesley will offer the dedicatory prayer.

Mrs. Edward Hartley and daughter, Margaret, spent Wednesday at Niagara Falls, N.Y.

The choir of St. Andrew's Church will practice to night at the Mansie, Almond Street.

Rev. D. A. Ferguson of North Pelham, will preach at the evening service in St. Andrew's Church on Sunday.

Mrs. L. Matthews and Master Fred Schooley have returned to town after a pleasant visit spent in Ridgeway.

A congregational social evening will be given tonight in the school room of St. Paul street Methodist Church in honor of our returned boys. Invitations have been sent out, but we may have missed some. We want you to come, also any who have no church home in the city, will find a warm welcome.

Deceased was born near Orillia, Ont., his parents being farmers there. When a boy he became interested in lumbering, which industry was flourishing at that time in that district, and he followed that occupation until he came west some thirteen years ago. He located near Fort Erie at first, farming for four years, after which he removed to the Leland Hotel, Oakville, where he has resided since. He was united in marriage while at Parry Harbor, Ont., to Miss Nellie Oakes, who survives him, together with six children, all of whom are at home. They are Connie, Arthur, Garneth, Floyd, Margery and Julia.

Two brothers and six sisters also survive him, being Arthur, of St. Catharines, Sam, who has been overseas for some time, Mrs. Miller of Fort Erie, Mrs. Martin of Thorold, Ont., Mrs. Garnet of Port Huron, Michigan, Mrs. Fletcher, of Bollesvaln, Man., Mrs. Davies, Chicago, Ill., and Miss Bradley, of Orillia.

To Mrs. Bradley and children and other relatives, great sympathy is extended. Mr. Bradley was a fond husband and father, a good neighbor, and he will be greatly missed in the community. Many floral tributes adorned the casket.

The pall bearers were: Robt. Less, John King, Thos. McIntyre, J. McCullough, S. Campbell and A. A. Miller.

### HIRED AUTO CAR AND THEN STOLE IT

About nine o'clock on Wednesday morning a man, about 25 years of age, went into the garage on Ontario street owned by McNulty and Mills, and asked for a car and driver to take him to Hamilton which request was granted. After transacting his business he returned to Grimsby for lunch, and while the driver was eating his lunch the man stole the car and made his escape before the authorities could be notified. The car was of Reo make, No. 61758, with a 1919 license number. The body was of dark green with brown wheels, and the last seen of it the man was going through Thorold late in the afternoon.

### VALUABLE HORSE STOLEN

The barn of Mr. Peter Babyon, Pelham Road, was entered on Tuesday night, and one of his baby horses stolen. The animal has one white hind foot, with white star on forehead and was in foal. The last seen of the horse it was being ridden through Jordan at 6 o'clock on Wednesday afternoon.

### The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

ST. MARY'S, N.B.

"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives,' I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

## THE CANADIAN CLUB PROPOSES A MEMORIAL

Members of the Canadian Club receipt of the following announcement:

A movement has been inaugurated by the Canadian Club of Guelph to erect a memorial to Lieut.-Col. McCrae, B.A., M.D., the author of "In Flanders Fields" and other poems. Col. McCrae had been an officer in the Guelph Canadian Club, and took a keen interest in the Canadian Club movement, so it was the fitting that the members of the Canadian Clubs of Canada and the United States should place a monument on his grave in Boulogne, France. Dr. Creelman, of the Ontario Cultural College, and Hon. Dr. Minister of Education, visited the grave; and it is thought that a memorial should be erected which would be engraved his famous poem, "In Flanders Fields," in English and in French. The monument would also record the fact that the Canadian Club movement has been practically all Canadian who have asked their members to subscribe; and already a generous response has been made.

The Executive of the Toronto Canadian Club feel that in the case of such a beloved and world renowned Canadian as Col. McCrae, who has written the high type of Canadian literature which is the aim of the Canadian Club to foster, an effort might well be made to the forwarding the solicitation of subscriptions from members.

The Red Cross Society is finishing the making and packing of supplies for the week—Free transportation is on April first, so it is necessary that all goods be well on the way before the end of the present week. In addition as much of the unused material as possible is being utilized. Flannel, flannellette, wool, T. Towelling, batting and other goods by the bolt and by the yard, are obtained at reasonable prices. Rooms are open each day from twelve and from four to six.

Miss Julia Jackson, the oldest woman in the district passed away morning at her residence 146 St. aged 108, 8 months. The will be held on Thursday to Victoria Lawn Cemetery.

The sermon preached by the Bishop was appropriate and keenly listened by all. Dr. Miller also assisted choir rendered excellent music included the anthem "Jesus Prince of Peace."

Worwan H. by a Crane but Recover—Delegation to Toronto

Bridgeburg, Ont., March 24.—Kent, an employee of the Callis-Chalmers company, was severely injured yesterday when he was struck by an electric crane. His hands and feet are badly injured, but it is thought he has a fighting chance for recovery.

The Bridgeburg council is still in the air on the pumping question. Engineer Louis Chapman did not have his report ready at the special meeting of the council on Friday night spent Saturday here and is making a complete diagnosis of conditions at the municipal pumping station. The majority of the council favors an improvement.

The Welland County Council abandoned the water bound mended road, which has been built for the county during the last few years. The concrete roadway proved to be more satisfactory.

A strong delegation from the Ontario convention at Toronto Wednesday and Thursday to the importance of enforcing the Peoria memorial bridge proposition at Peoria.
