## Power Can be Produced at Small Cost

By Gas Producer at \$15.50 Per Horse Power, and by Natural Gas at \$13.00 Per Horse Power

The Albertan has referred the question of the cost of producing power by natural gas and gas producers to a gentleman in this city who is fully competent to calculate the cost and who is quite uninterested in the present discussion about the cost of power. He has made a careful estimate and figures out that by a gas producer the cost of power would not be more than \$15.50 per horse power. The sinking fund and interest in this case is not counted in. He also figures out that the cost of producing power from natural gas, estimating the cost of natural gas at 15 cents per thousand feet, would be slightly over \$13 per horse power. The Alexander and Budd syndicate offers to supply power to the city at \$13 per horse power.

## PRINTERS ARE UNANIMOUS

Strenuously Object to Accepting the Offer of Alexander and Budd

## NO FRANCHISES SHOULD BE DISPOSED OF

Important Resolution Passed at the Meeting on Saturday

Calgary Typographical Union No. 449 at its first regular meeting this year adopted some important resolutions. There was a good attendance of members when President A. E. Hobb called the session to order. A resolution asking the provincial government to place its printing plant offices was unanimously adopted. The union endorsed the bill of Alphonse Verreuil, M.P., now a law, which if passed will secure the eight hour day to all workers on government contracts with a few exceptions, where loss of life or property may be involved. The secretary to write to Messrs. McCarthy and Loughheed asking them to support the bill. The following resolution was then submitted and the union unanimously adopted it, ordering a copy to be sent to the city council and the newspapers of the city:

"That whereas the practice of giving franchises for the operation of public utilities is a practice which is contrary to the best interests of the citizens by putting them in the power of the individuals securing the monopoly.

"Resolved, that Calgary Typographical Union No. 449 hereby calls on the mayor and aldermen of the city of Calgary to reject Messrs. Alexander and Budd's propositions, and further to grant no franchises for public utility.

The action of the management of the Alberta hotel in displacing the public utility is a practice which is contrary to the best interests of the citizens by putting them in the power of the individuals securing the monopoly.

A committee was appointed to boost the Typographical union label and to call the attention of advertisers in the city to the fact that Messrs. Henderson had placed the contract for printing the Calgary edition of their directory in the hands of a Winnipeg firm antagonistic to fair conditions of labor.

## FUNERAL OF FERDINAND FAMILY

The funeral of the unfortunate Ferdinand family, who were killed by the escaping of coal gas, will take place from Graham and Buscombe's undertaking parlors at 2 p.m. today. The services will be conducted by the Rev. Mr. Polmann of the Lutheran church. There will only be four caskets the youngest child being buried with its mother.

Mr. H. G. Ferdinand of Waterloo, Ont. who arrived this morning from the east on 97, is making all arrangements and will not return east until his brother's business affairs have been wound up.

## DID NOT REGISTER BUT IS AT THE HOUSE

Mr. Burnham Overlooked Formality of Recording Arrival at Sing Sing

Ossing, N.Y., Jan. 27.—Geo. Burnham, Jr., former vice-president of the Mutual Reserve Insurance Co., is in Sing Sing prison but has not been booked. Burnham and another New York convict came up in care of deputy sheriffs yesterday after the prison was closed. He was simply placed in a cell and received for him and the other convicts will undergo the formality in the morning. Warden Johnson said today that he did not know what work Burnham would be put at.

## THE GOVERNOR WOULD QUIT

Reported That Governor Sweetenham Has Handled in Resignation

## NO TAXES IN KINGSTON FOR A FEW MONTHS

English Fire Insurance Companies Decline to Pay Insurance

Kingston, Jan. 27.—It is understood that Governor Sweetenham has handed in his resignation to Lord Elgin, secretary of the colonies, a few days ago. The resignation of the Governor is a result of the earthquake and his inability to solve the problem created by the earthquake. On Saturday the Governor visited the temporary office of the municipal council and informed the vice-chairman, who is acting in the absence of Mayor Tait, who is injured, that the government has decided to relieve the people of Kingston of rates and taxes for 15 months beginning Jan. 1. This announcement has been received by residents of the city with pleasure, who will be encouraged to start the work of rebuilding as soon as possible.

## GERMANY AND U. S. TALK TARIFF

But They Merely Get to Understanding One Another

Berlin, Jan. 27.—The conference of the German and American tariff commissioners ended Friday. No commercial treaty has been negotiated because the American commissioners had been given no authority to make such a treaty, but in the course of the proceedings there has been established a basis upon which a commercial treaty might be concluded provided the consent of the reichstag and the American congress be given. So far as both governments are concerned, no commitments have been made, but the understanding is such that if the two governments should desire to enter into a commercial agreement, the preparatory work has been done.

## FIRE ON A LARGE LINER

Four Hundred Miles From Shore Help Was Near

Colombo, Jan. 26.—The German Lloyd steamer Zeyditz, homeward bound from China and Japan, with passengers, mails and cargo, has arrived at Point de Galle, Ceylon, with her cargo.

The Zeyditz carried 105 passengers. She was 400 miles from land in the Bay of Benhal when the fire broke out, but fortunately fell in with the Diadem. The fire started in the hold Friday morning and by afternoon had grown serious that assistance was called for from the Diadem, which was proceeding in the same direction. The fire was caused by spontaneous combustion.

## INCREASE IN INSANITY IN NEW YORK

Such is the Report of the Texas State Commission

Albany, N. Y., Jan. 27.—A steady increase of insanity in New York state is reported by the state commission in its eighteenth annual report made public tonight. The net increase for the past year of cases in all institutions, was 95. The state hospitals alone it was 222. The whole number of new cases developed during the year was 5,761, slightly more than during the previous year. The close of the year was 33,092, of whom 180 were classified as criminals, 1,468 were discharged, 1,142 improved sufficiently to permit them to live permanently in the community and 74 temporarily insane were discharged. Alien insane deported to Europe during the year numbered 169.

## ENRIQUE WAS CAUGHT AT LAST

A Real Bandit Captured by Havana Police

Havana, Jan. 27.—Enrique Mosa, the bandit of the province on Santiago, who for more than two years has terrorized eastern Cuba and defied the rural guards, and who was wanted for various alleged murders, was captured here last night by the secret police.

## A Sly Raymond Thief

Raymond, Jan. 26.—The store of the Raymond Mercantile Co. was robbed on Thursday night, an ingenious robber breaking a small piece from a pane of glass in the show windows and extracting a large number of articles with the aid of a hookewire.

## St. Catharines Doctor Dead

St. Catharines, Jan. 26.—J. G. Harris, veterinary surgeon is dead. For years he was connected with the inland revenue office.

## Almost Reached Century

Owen Sound, Jan. 26.—Wm. McKerrill, aged 98, is dead.

## Bank at Prince Rupert

Toronto, Jan. 26.—A branch of the Bank of Commerce will be opened on the first proximo at Prince Rupert. B. C. E. W. Carr Hilton will be in charge.

## MORE TRAINS STOP

Owing to the extended unprecedented severity of the weather, the Canadian Pacific railway finds it necessary to make a further reduction in their train service, viz: the withdrawal between Calgary and Moosejaw of trains Nos. 1 and 2. The last No. 1 will leave Winnipeg for Calgary Jan. 31 and the last No. 2 will leave Calgary Feb. 2. Those trains will be annulled between Calgary and Moosejaw till at least March 1, and probably later if weather conditions are then not good.

## WANT BARS CLOSED EARLIER

Large Deputation Waits Upon the Provincial Administration

## SEVEN O'CLOCK IS HOUR SUGGESTED

Premier Says that Some Amendments will be made with Liquor Law

Edmonton, Jan. 26.—Supported by a gathering of over 100 representatives from far and near throughout the province, a delegation from the provincial Temperance and Moral Reform Committee appeared before the cabinet at the assembly hall in the Mackay avenue school yesterday afternoon, and presented their demands for amendments to the liquor ordinance, asking restrictions to the liquor traffic.

## TORONTO TELEPHONE GIRLS ON STRIKE

They are Asked to Take Continuous Shift of Eight Hours a Day

Toronto, Jan. 26.—The outlook is promising for an agreement between the Bell telephone system in Toronto next Friday because of the new offer that each girl in the employ of the Bell company in the city must work a continuous shift of eight hours per day at an average increase of five dollars a month.

Not only will the girls include the circuit girls but the toll operators as well. The announcement of the new schedule has met with universal indignation among the five or six hundred girls engaged in the service in and about Toronto and a vigorous canvass resulting in a proposition has resulted.

## TO BUILD THE BIG DITCH

Contract Given to Oliver but not to Bangs

Washington, Jan. 27.—Following a conference at the White House tonight it was officially announced that the contract for building the Panama canal will be awarded to William J. Oliver, who with Anson M. Bangs was the lowest bidder in the recent competition for building the canal.

## WILL USE IT FOR SAWING WOOD

Large Orders for Ammunition for S. American Republic

San Francisco, Jan. 27.—Another shipment of powder and cartridges for the Bell company in the city of Toronto is being made. It consists of 270 cases, 150 of which were consigned to Chamorro and the rest to Jose de Guzman. A larger shipment was sent south two weeks ago. Pacific mail officers say they are unable to give the date to which the material will be put.

## HIGH RIVER CATTLE DOING VERY WELL

But They are not Nearly as Fat as the Wild Beasts

A rancher from the neighborhood of Hills around there is not as bad as has been reported. The snow not being very deep, the cattle are doing well. The fact that there is very little manure will keep the loss down.

## LETHBRIDGE AND A LADIE'S COLLEGE

Rev. Dr. Herdman Attempting to Interest Lethbridge Capitalists

Lethbridge, Jan. 27.—Rev. Dr. Herdman, superintendent of Presbyterian missions, met some members of the board of trade on Saturday to discuss the founding of a ladies' college here under the control of the Presbyterian church. He said that financial support would need strong backing and that a joint stock corporation, Lethbridge and Central, which was a three story structure of white marble, contained all the county offices. Whether the records of these offices, which were kept in safes, were harnessed to a ladies' college here is not known.

## Buffalo Concerns Buys the Soo Fleet

Detroit, Mich., Jan. 27.—The News-Tribune today says: The Mutual Transit Co. of Buffalo has purchased the four steel steamers comprising the Soo line, for a sum approximating \$750,000. These four package freighters, which will bring the total of the Mutual fleet up to 10 vessels, are the Minneapolis, St. Paul, Huron and Willist Castle Rhodes. No one of them is more than 10 years old. They have been operated between Buffalo and Duluth, in conjunction with the Soo railroad line, under the management of the Lower Lake Steamship Co., of which E. R. Rhodes of Cleveland is the principal stockholder.

## GETTING READY FOR THE COMPETITION

A Splendid Program has Been Arranged in Ottawa

Ottawa, Jan. 26.—The musical and dramatic competitions for His Excellency's trophies commence tomorrow night. A splendid program has been arranged for the reception and entertainment of visitors. The difficulty of providing accommodation for competitors, of whom there will be 250, has been overcome by re-opening of hotel.

## CIVIL SERVANTS WERE IN THE GAME

Selected a Book Store in Ottawa for a Poker Game

Ottawa, Jan. 27.—Chevriers stationery store on Rideau street was raided this afternoon on the supposition that gambling had been carried on there for some time. Seven civil servants were arrested in the place. They were playing poker when caught.

## Street Railways Pay Remarkably Well

Rains Made by Port Arthur Last Year Were Very Large

The population of the twin towns of Port Arthur and Port William is less than that of the city of Calgary. It is much less than the city of Calgary and suburbs.

The Port Arthur street railway joins the two towns. Last year the revenue from fares, freight and advertising amounted to \$63,722.31. The total expenditures amounted to \$20,403 less than that.

That speaks pretty well for public ownership of a street railway. In the expenditure, sinking fund and interest are included. The cost of maintenance is low, because the electric light and street railway scheme are run together. The power is water power.

## TRAGIC DEATH OF TWO UNKNOWN

Stand Deliberately in Front of Train Which Kills Them

Camden, N.J., Jan. 27.—With arms entwined an unknown man and woman stood on the tracks of the Pennsylvania electric railroad over Newton creek, early today, and calmly waited until an electric train ran them down. Both were killed and their bodies hurled into the water. The motorman of the train, Bedley by name, saw the pair but not until he was close upon them. He blew the whistle but the couple made no move to escape, and the motorman could not get the train under control until he struck them. The body of the young woman, who was about 25 years old, was recovered and brought to the morgue here. The clothing was of fine texture and she was of fine appearance. The only mark that may lead to identification is the letters 'C' on a gold watch found on the body. The body of the man has not been recovered.

## Ontario Senator Dead

Lindsay, Ont., Jan. 26.—Senator Dobson is dead.

## BAD WINTER IN FAR NORTH

Grand Trunk Pacific Losing all Their Horses

Edmonton, Jan. 27.—The mounted police party bringing the body of Horneback, the crazy rancher who was shot up on the Macleod, arrived in town yesterday and an inquest was commenced yesterday afternoon and adjourned until this morning.

San Adams, guide for the party, reports a terrible trip, the snow being three to four feet through which they had to break a trail for one hundred and fifty miles without snowshoes. When they reached the big edge of the Macleod they found half of Horneback's horses dead and the other half in a very weak condition. They managed to get 23 head to Lac Ste. Anne.

On the way they were joined by a Hudson Bay party which had been sent up to bring in the Grand Trunk Pacific band of horses which was also wintering on the Macleod. Over half the railroad horses were dead and others just dropping along the trail as they came in.

## CHANGES MADE IN THE BENCH

The selection of J. Bureau as Solicitor General Officially Announced

Ottawa, Jan. 27.—The Cabinet filled judicial vacancies caused by the resignation of chief justice Sir Alex. LaSalle and the death of Judge Madore. Judge H. T. Taschereau became successor to the late Kings Bench in succession to Sir Alexander, while Judge Charbonneau of Richelieu district is transferred to Montreal to take the place of Judge Taschereau.

Mr. Bureau, M. P., appointed Judge for District of Richelieu and C. Levesque who represented the province of Quebec at sittings of insurance commission becomes Judge of the district of St. Eustache in succession to the late Judge Madore.

## Bob Green Decides to Go to Law

He is Unable Longer to Bear With Patience the Taunts of the Enemy

Vancouver, Jan. 26.—R. F. Green, former minister of lands and works, has started an action for libel against the Vancouver World in connection with that paper's charge that he received stock in the transcontinental exploration company for government favors granted.

Green says under his own signature that after the licenses in Lequa Valley were granted and before applications for licenses for Pine River district were before the department, Sir Adolphe Caron, whom I know very well, wrote me saying he desired to allot me a few shares of stock in the company to be organized.

## THERE IS NO HELL FIRE

So Says Mr. Crossley in Sermon Last Night

## BUT THERE IS A REAL HELL THROUGH

And there is the Fire of Remorse and Sad Regret

At the Central Methodist church last evening Messrs. Crossley and Hunter had one of their largest congregations during the campaign, there being quite two thousand persons present.

Mr. Hunter began his sermon by complaining that some fifty men came into the church in the afternoon chewing tobacco and spat on the aisle. If there was anyone present that evening indulging in this disgusting habit, let him swallow it. He announced that tonight he and Mr. Crossley would address the meeting on "A Parlor Dance," with a ball room in the background, as dark as hell. How on earth can a man allow his wife to be a parlor dancer and swing around by these "parlor rascals." "You cannot love your wives any more than your dogs if you allow them to do so."

The speaker then took for his text, "Jacob's wrestled at the ladder from heaven to earth."

Be careful if you are a drinking man to keep away from the bar, the gate of heaven. May it prove so to everyone this evening.

Everything is a gift of God. No one ever made a dollar in his life. God made the country.

"I was much struck with the beauty of this section of Alberta while going on a freight train to Okotoks on Friday last. Who made it? Who puts the coal and minerals in the ground? Alberta has the greatest game in the west, people are crowding in every day. May the foundation be laid in righteousness."

"Every man is a robber who does not give 10 per cent. of his earnings to God. Bro. Crossley and I 20 years ago began to give 20 per cent. to Him. We don't know how much is being collected at these sermons. I appeal to the treasurer to confirm my statement. We don't want to know."

"You cannot go to heaven on the ladder of morality and formality, the ladder is not long enough."

"The way of the transgressor is hard. Blatant, foul mouthed infidel or atheist, try to tear down this ladder if you dare; it is firmer today than ever before."

"The man with one hand on his money will never get to heaven, nor will the man with his hand on whiskey. Cut out your cursed rum and drink."

Rev. Mr. Crossley then took his text from Mark 9:44. Some people, he said, were guilty of misquoting the Bible and joking about the temperature of hell. This is no joke. Other people deny there is a hell. They deny what they don't want to know.

(Continued on Page 4)

## DEFEAT OF SOCIALISTS

Every person who desires the advance of freedom and the confusion of tyranny and militarism will regret the result of the elections in Germany where the Socialists met disaster last week.

The Socialists may be somewhat extreme, and it might not have been well had the Socialists attained their ambition and made the sweep they expected.

It must be remembered, however, that the German Socialists are composed of perhaps the ablest and most sincere men in any political party in the world today. In Germany Socialism is in better hands than it is in British Columbia for that it is in the hands of a member of the cabinet, and to be a member of that party it is not necessary to be a crank. It must be remembered also that the only reliance upon the Kaiser and his policy of tyranny and absolutism is the Socialist party, which has ever stood firm to its policy and its same ideals.

The defeat of the Socialists in Germany means a decided check to the Liberal advancement of the people and the march towards freedom and a decided advance of the cause of absolutism and despotism.

## THE PRICE OF POWER

The Albertan is informed by people who know that the cost of power developed by gas producers is \$15.50 developed by gas producers is \$15.50 per horse power. There is no question about that, and the Albertan is prepared to quote the figures more extensively.

The Albertan is informed by an independent authority that the cost of developing power by natural gas is \$19.00 per horse power. There is no question about it. If the city should dig its own wells, the price would be considerably less than that.

In both cases the outside figures are taken.

The Budd and Alexander proposition is to charge the city \$35 per horse power per year and to tie the city down to that figure for the next 25 years.

There is every prospect that we are within a few months at most from natural gas. It is certain that we are within a few months of knowing whether or not there is natural gas.

Two large institutions in this city, the Calgary Milling Co. and the Calgary Water Power Co. are installing the gas producing plant. The Calgary Milling Co. has the plant on the ground and will have it installed within the next few weeks.

Why not wait for a few weeks and see how this plant is going to work? We are losing nothing by it, for Calgary is paying very little for its power and light now.

Under these circumstances would any business man make an agreement for 25 years when by waiting a few months at least, and losing nothing by waiting, he could ascertain if it was not possible to get light and power for less than half what the company is offering?

Why should we hand over to Budd & Alexander, gentlemen who are not well known to Calgary who decline to tell us who they are and who are behind them, what we have done to Calgary citizens who have money and want to invest it?

Then again there is an auto bus line to be started in Calgary at once. That company is asking nothing from the city, and is about to furnish a great convenience. Would it not be fairer to these gentlemen to wait for a short time and see if these auto buses will not satisfy Calgary's demands for the next year or so?

## EDITORIAL NOTES

All seem to be agreed that it was not so much what Swettenham did as the sour manner he used in doing it.

It may be only a coincidence, that when Mr. Hunter was in the midst of his sermon on Hell, the fire brigade was called out to the Methodist Church.

Insanity is increasing very rapidly in the state of New York, and the results of the recent election for governor show that half of the voters, at least, are sane.

Again the weather man jauntily announces that the temperature will be pretty stationary, and then as a little balm to our chillblains adds, or perhaps a slightly higher temperature. Perhaps.

Bob Green, the eccentric politician from British Columbia says that he declined to accept the shares that Sir. Aldophe Caron offered him, but he knew of a good handy man who would accept them.

Grace Church has decided that all appeals for financial aid shall be by the managers themselves, which will enable the stranger to believe that the salvation that the minister is preaching about is free.

Last week a man who was arrested for being drunk, claimed that he was trying to ward off the cold, and when Magistrate Smith fined him \$5 and costs he proceeded to get in a sweat about it.

The Calgary Eye Opener says that all the Calgary merchants are in favor of this Budd-Alexander proposition, but the statement of the Eye Opener would be very much stronger if these merchants had names.

It is reported that the new Shah of Persia will begin business by cutting off a few heads which seems to indicate that Persia has the latest line on civilized politics and that the spoils system is in full swing.

The idea seems to prevail that gas producers are something new and novel and in the experimental stage. That is a mistake. They are used in various parts of United States and in Great Britain, and very successfully.

## FRANCE AND ROME

It reports from Rome may be relied upon, the quarrel between the government and the vatican has entered on a new phase. The clerical policy of passive resistance is to be abandoned and the church will appeal to the French courts in order to test the legality of the government's action in taking possession of ecclesiastical property and in other respects. It is pointed out that several courts have already decided in cases of priests, who refused to make the declarations required by M.

Brand, under the law of 1881, that they were not guilty of any violation of the law as it stood, and all circulars of ministers could not change it without the approval of parliament. French lawyers are quoted as authority for the statement that there is no justification in existing laws for the French government to seize properties acquired by the bishops and other ecclesiastics, since the concordat went into operation without the consent of those who contributed thereto, or of their descendants or heirs. There are hundreds of bishops' palaces and palatial residences recently seized by the government which were given to bishops and priests, or to dioceses or parishes, by pious persons who wished them used in perpetuity by bishops and priests. No government, the pope has been informed, has the right to deflect such properties to other uses, unless it can be shown in a court of law that the wills of such persons were contrary to law. It is added that there is as yet no law in France, except ministerial circulars, which requires a declaration from a lay association in order that the buildings be used for the purposes they have been dedicated to for scores of years, and any court in France, the pope has been told, would uphold the contention. If this legal view be well taken, and it seems reasonable enough, the vatican has adopted the right course for asserting the property rights of the church. It will not be the pope or the vatican, however, that will appear in the courts, but the bishops and other ecclesiastics in whom the usufruct of the properties was vested. That these will be given a fair hearing cannot be doubted, for it is observed that the French magistrates are, as a rule, Roman Catholics, and while careful to perform the duties imposed upon them by their office, will not let the church suffer injustice. The removal of the dispute from the arena of politics into that of the courts of law will place the government on the defensive and have a calming effect on the public mind. It is to be remembered, however, that whatever the courts may decide as to the effect of the separation law in the matter, the will of the people as expressed through parliament is supreme and that, if the people wish it, the law can be reinforced even to the point of consecration. All Roman Catholic countries have at a certain stage in their progress taken possession of church property. It is only in Protestant countries, and those under Protestant rule, as for instance, the Philippines, where she sacred rights of the church are held sacred. If the Philippines had been left to the management of the Filipinos they would have made short work of the convents.

Editor Buchanan of the Lethbridge Herald says that in St. Thomas street railways do not pay, and he doubts whether they will pay an ordinary city with a population of less than 20,000, but Calgary is no ordinary city and when anyone is looking for a city that will pay, find it right here, unless he should wait for a couple of months when we shall have 25,000 and by the time that street cars could be put in we will have 30,000.

Public notice is hereby given that, under the provisions of the Railway Act 1903, Section 175, the Canadian Pacific Railway Company as Lessees and exercising the franchises of the Calgary and Edmonton Railway Company intend to apply to the Board of Railway Commissioners for Canada, after the expiration of four weeks from the first publication of this notice, or so soon thereafter as the application can be heard, for authority to construct, maintain and operate a branch line commencing at a point on the Calgary and Edmonton Railway as now constructed across the N. W. Quarter of Section 12, Township 24, Range 1 West of the 5th Meridian and lands adjoining the same, thence in a South Easterly direction a distance of 972 feet to a point on said quarter Section, the location of which proposed branch line is shown on a map or plan and profile deposited in the Calgary Land Titles Office on the 26th day of December, A. D. 1906 as No. "Ry. 58", and so soon thereafter as the application is heard pursuant to the provisions of said section.

Dated at Edmonton, Alberta, this 4th day of January, 1907.

FRID. GELINAS,  
Secretary  
Department of Public Works,  
Ottawa, January 18, 1907.

TAKE NOTICE that an application will be made at the next sitting of the Legislature of the Province of Alberta, for an Act to incorporate a Railway Company under the name of the CALGARY & KNEE HILL RAILWAY COMPANY, with power to build a railway from a point within the corporate limits of the City of Calgary northerly through townships twenty-four and twenty-five, in range one West of the Fifth Meridian; thence northerly and easterly through townships twenty-six, twenty-seven and twenty-eight, in range twenty-eight, twenty-seven, twenty-six, twenty-five and twenty-four, in range one West of the Fourth Meridian on Kneehill Creek.

Dated at Edmonton, Alberta, this 4th day of January, 1907.

Open Evenings and Sunday Mornings, Days 8 to 6.

New York is still worrying over the question of who was really elected mayor in 1905, which leads a Calgarian to surmise that it will be a long, long time before any person has any reasonable doubt about who was elected mayor of Calgary in 1906.

Was it not the Calgary Eye Opener that first suggested auto buses for Calgary maintaining that they would be better than street railways? And that is not so long ago either, and we shall have the auto buses in active operation in a couple of months.

Prince Edward Island refers to its decrease in population since confederation, while Newfoundland increased rapidly during that time, which is accounted for by the fact that Prince Edward Island is nearer to the Great Canadian West where a man has a chance.

It is no condemnation of Governor Swettenham that Britain is annoyed about his conduct. Had Swettenham risen up to save the island from the Yankee desperados, and the American government objected to his conduct, the British Government would have given that impetuous person the worst of it just the same. We know what kind of justice to expect when United States is against us.

The Medicine Hat News speaks quite hopefully of securing an unfair distribution of seats so that Medicine Hat may benefit and remind its readers that when Medicine Hat goes to Ottawa for anything it usually brings the goods back with it, which does not prove that Medicine Hat is always right, but does prove that Medicine Hat has a fine lot of lobbyists with plenty of hot air with which to hypnotize the Ottawa Government.

GLASS BROS. CO.

Sealed tenders addressed to the undersigned, and endorsed "Tenders for Post Office, Fernie, B. C." will be received at this office until Monday, February 18, 1907, inclusively, for the construction of a Post Office, etc., building at Fernie, B. C.

Plans and specifications can be seen and forms of tender obtained of this Department and on application of Robert A. Kerr, Esq., Clerk of Works, Fernie, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned to the tenderer.

The Department does not bind itself to accept the lowest or any tender.

By FRID. GELINAS,  
Secretary  
Department of Public Works,  
Ottawa, January 18, 1907.

Public notice is hereby given that, under the provisions of the Railway Act 1903, Section 175, the Canadian Pacific Railway Company as Lessees and exercising the franchises of the Calgary and Edmonton Railway Company intend to apply to the Board of Railway Commissioners for Canada, after the expiration of four weeks from the first publication of this notice, or so soon thereafter as the application can be heard, for authority to construct, maintain and operate a branch line commencing at a point on the Calgary and Edmonton Railway as now constructed across the N. W. Quarter of Section 12, Township 24, Range 1 West of the 5th Meridian and lands adjoining the same, thence in a South Easterly direction a distance of 972 feet to a point on said quarter Section, the location of which proposed branch line is shown on a map or plan and profile deposited in the Calgary Land Titles Office on the 26th day of December, A. D. 1906 as No. "Ry. 58", and so soon thereafter as the application is heard pursuant to the provisions of said section.

Dated at Edmonton, Alberta, this 4th day of January, A. D. 1907.

Room 1, Alexander Bldg.

Mirzapore Rugs  
Hand made Muzapore Rugs are very little higher in price than Machine woven goods, but they give three times the wear. The pile is long and thick, making it a pleasure to walk on them and the colors, bright, but yet not gaudy, being dyed by vegetable dyes, are absolutely fast, and have not the injurious effect on the fabrics that chemical dyes always less or more have. These goods being in great demand, have been very scarce but we have just taken delivery of two bales, and now have them on sale. They are particularly suitable for halls, dining-rooms, dens etc., as they stand any amount of Hard Wear.

The sizes are as under:  
6 ft. 3in.x3 ft. 3in. 8 ft. 1 in.x5 ft. 2 in. 9 ft. 7 in.x9 ft. 3 in.  
7 ft. 3 in.x4 ft. 3 in. 9 ft. 3 in.x6 ft. 3 in. 12 ft. 3 in.x9 ft. 3 in.  
"uy E" "uy 6xuy E" "uy 21

We have also an advance shipment of Axminster Rugs in new spring colors and designs. Call and look them over.

### LOCAL NEWS

**The Weather**  
Winnipeg, Jan. 27.—The Canadian Meteorological service weather observations taken at 7 o'clock last evening, Winnipeg time:  
Fort Arthur 4—clear  
Winnipeg 20—clear  
Manitoba 20—clear  
Qu'Appelle 20—clear  
S. Current 24—clear  
Battleford 20—clear  
Calgary 14—clear  
Edmonton 12—clear  
Fine, very cold weather prevails throughout the west, the temperature continuing much below zero everywhere.  
Forecast: Manitoba and Saskatchewan—Fine and very cold.  
Alberta—Fair, stationary or slightly higher temperature.

Regular meeting of the fire department this evening.

The Olds hockey team with twenty supporters from the north town registered at the Grand Union yesterday.

A practice of both senior and intermediate hockey players will be held this evening at the rink. All are requested to be out in uniform.

The fire department had a run yesterday morning at 10 o'clock to a house on Ninth avenue west. A chimney was the cause of the trouble.

Tonight at eight o'clock the executive committee of the Alberta club will hold its first meeting. It has some important business to transact.

A hand practice of the Calgary Citizens band will be held this evening in the C.M.R. hall at eight o'clock.

Mr. Bruce Robinson local manager of the National Cash Register Co. and President of the Western Canada Baseball league returned on Saturday after four weeks in the east.

Dr. and Mrs. Pope left on Saturday for California. Dr. Pope has been in Calgary three years and has many friends trust the climate of California will be beneficial to him.

From post cards received Messrs. Owen, Copas and George Young, are having a splendid trip, having visited Vancouver, Portland and Seattle.

Ald. S. J. Clarke, returned on Saturday after an absence of some weeks in Hamilton, where he was visiting friends.

Hon. W. H. Cushing, minister of public works, came down from Edmonton on Saturday He will return this morning.

The Elks hold their weekly meeting in the Norman block tonight at eight o'clock. Several new members will be "put through" and important business transacted.

The front of the engine drawing the second section of 27 which arrived at 10.30 yesterday morning from the east, was covered with blood, flesh and hair. The Sheriff Holmes of the business declared it to be cow, which relieved considerable anxiety.

Allen Shields, who works in the matting room of the brewery, fell on Saturday while carrying a heavy box of malt, and in coming down broke his leg below the knee. He was removed to the General hospital.

A meeting of the executive committee of the Hundred Thousand club will be held on Tuesday evening in the board of trade building at 8.30. All members of the committee are requested to be on hand as important business will come up.

A bad runaway with a very fortunate termination occurred on Saturday night at 8.15. A horse and cutter from the Pacific Stables, driven by Mrs. Gray and another lady came down Atlantic avenue on the run. At the Albertan corner the horse decided to travel north, but the skid was too great an impediment for the northerly direction and west was taken. The Armstrong block happened to be in the road and it looked bad for the plate glass window of the Standard Soap Co., but the horse fell on the sidewalk and beyond the fright and shaking up received by the ladies, no damage resulted.

William McKay, a bad man from Boston, Mass., who was handed out the gentle dose of five dollars and costs, which was very light considering the badness of William, on Saturday morning by the magistrate.

The unfamiliar face of Hughie Mann beamed on the court, Hughie being rather an impossible case the magistrate decided to let him "take the baths" at the hotel de barracks for the space of ten weeks.

Two miscellaneous drinks were run in on Saturday evening.

**PINCHER CITY**  
IS THE LOCATION  
New Firm Mentioned Saturday Not Locating at Pincher Creek

On Saturday the Albertan in referring to the location of the new firm of G. Calvin Hatfield & Co., in Pincher City, by mistake located them in Pincher Creek which is quite a different place. It is at Pincher City that these people are locating.

Ottawa, Jan. 27.—The remains of the late Hon. A. G. Blair arrived in Ottawa from Fredricton this afternoon. Funeral takes place tomorrow afternoon.

**VESTA KILLED**  
HIS BROTHER-IN-LAW

Port Arthur, Jan. 26.—A man named Vesta has died as a result of a blow on the head struck by his brother-in-law. The latter, whose name is Frank Vesta, is under arrest.

DIED—on 22nd, Mrs. S. J. Clarke, at the age of 85. Funeral on Tuesday at two o'clock to the Church of the Redeemer.

FOR SLAP—House, seven rooms, on two full lots, good well, etc. Splendid buy for railway man. Price \$2850—terms. Apply Box 500, Albertan office.

### MR. GUMMER'S PERSONAL EXPERIENCE

A Recent Convert Tells Interesting Story of His Fight Against Intemperance

Fred Gummer yesterday afternoon addressed the young men of Calgary at the Central Methodist Y.M.C. "It is many, many years since the old book has touched my hands," said the speaker, "and I will take a verse from Romans V, which is particularly applicable to my case:

"For when we were yet without strength, in due time God died for the ungodly."

"For the last 25 years I have been living in sin and disobedience to God, without the moral strength to make myself right with Him.

"I thank God that I had Christian parents, good Methodists who allowed no strong drink in the house.

"This last Christmas I heard from my mother, for the first time in many years, enquiring how her boy was. I wrote back saying I was well in the body, but not living in the right way. I have not written since I took my stand for Jesus and signed the pledge, but she will soon find out about my changed life, if not from me, from other people.

"At one time I was in the ministry and attended Sunday school and joined the church as a young man. God condemned every drink I took. I always endeavored to be respectable; just went with the boys and had a good time, but the whole time there was an inner consciousness troubling me, and I have often asked some of the boys why I couldn't enjoy myself the same as the rest. We always had a great time, plenty of whiskey and smokes, yet all the time there was this inner consciousness worrying me.

"I even asked God to let me alone, but He wouldn't do it; why I cannot say, unless He had some special work for me to do.

"Perhaps some of you can understand the hell that was in my heart. It is now ten days since I have touched any alcohol. Thank God, I am saved at last.

"This curse, which was quietly acquired, was so intense that I could not go to work without taking three or four whiskeys; my nerves were shattered. If I had only taken these men's advice (Messrs. Crossley and Hunter) 20 years ago in Toronto, how much better a man I should be today, better physically, mentally, bodily, and spiritually.

"Ask my wife and children what a devil I was, what a hell I made my home. Yet I always tried to be respectable; never drunkard by being noisy, badly clothed and rocking about the streets; yet a drunkard in that I couldn't let this strong drink alone.

"Last summer I left the city and went to the mountains to undergo a cure for imbibition; yet I was thinking all the time and don't think I would ever have been cured there.

"If anyone a short time ago had told me that I should be converted I should have laughed in his face.

"God grant that you may not touch the stuff that has been my downfall. Out of all the boys and those in the city who know my past life, not one has held me up to ridicule, but on the contrary have grasped my hand and congratulated me, saying, 'Stick to it, Gummer; stay with it.'

"I thank God that I am saved and in conclusion I would say, don't do it, boys, don't do it.

Dr. Scott, superintendent of education in Calgary, returned on Saturday night from attending the first annual convention of school trustees, which was held in Edmonton. He was the only Calgary delegate, E. H. Grandell, succeeded in having the next convention fixed for Calgary.

A permanent organization was formed with the following officers: Hon. pres., Hon. A. C. Rutherford, minister of education; president, J. F. Fowler, Wetaskiwin; first vice-president, H. C. Taylor, Edmonton; second vice-pres., J. H. Fleetwood, Lethbridge; third vice-president, G. W. Smith, Red Deer; secretary-treasurer, Dr. A. M. Scott, Calgary; executive committee, Messrs. J. M. Moran, Fort Saskatchewan; J. McCaig, Edmonton; J. A. Jackson, Ponoka; E. H. Grandell, Calgary; Dr. Sharpe, Lacombe.

A deputation waited upon the provincial government urging that a commission should be appointed to ascertain the condition of university sentiment in the province and to consider a suitable basis for university foundation in the province of Alberta. The deputation also asked that the organization should be represented upon the senate of the university. The deputation was well satisfied with the reception it got from the government.

Among the other resolutions passed of public interest was one favoring the extension of the school age from 12 years to 14, and to make employers of children under that age liable to a fine. Also one favoring the investigation of the cost of school books, that cheaper and better text books might be provided.

Berlin, Jan. 27.—Emperor William's birthday was celebrated today throughout the country. The emperor and members of the imperial family appeared on the streets today and were cheered enthusiastically.

The city is brilliantly lighted to-night. Emperor William today issued an ordinance that henceforward penalties for lese majeste will be inflicted only upon those persons who commit the crime upon meditation and not upon those who do it through ignorance or thoughtlessness.

**\$20 REWARD.**  
Lost from Mackled by Irrigation Survey party about the 24th of November last, a light bay mare, 18 hands high, weight about 1100 lbs., white stripes on face, a halter on when last seen, on right hip and on right shoulder. Was last seen east of Claresholm. A reward of \$20 will be paid to the party finding mare and notifying undersigned.

**JOHN STEWART**  
Commissioner of Irrigation  
Department of the Interior,  
Irrigation Office, Calgary

**QUALITY**

**SPORTS**

**CALGARY RINK WINS ONE COMPETITION**

**Grand Challenge**  
Finals: McKillop, Calgary vs Wilson Innisfail, 11 a.m.  
Walkerville Trophy.

**Brewery Cup**  
Finals: Wilson, Innisfail vs Trimble, Lacombe. To be played at 8 a.m.

**Consolation cup**  
Finals: Vincent's Colts, Calgary vs Tarrant, Calgary. Not yet drawn.

**Visitors Trophy**  
For finals: the winner of Bayne vs Tarrant, game at 8 a.m. vs winner of Freeze vs winner Bruce vs. Waugh.

**Finals: the winner Hunter vs. Pin-McKillop, Calgary the winner prize, Kenny vs. Bruce, game at 8 a.m.**

**District Trophy**  
McKillop, Calgary to winner Prize. four pieces of cut glass. Rink: McKillop skip; E. Taylor, 2 N. McKelvie; lead R. Newton.

One Calgary rink to the fore; McKillop wins trophy defeating Kearns of Maple Creek after a hard game.

McKillop has a chance for the Grand Challenge also but has a very hard nut to crack, in Wilson of Innisfail.

Wilson defeated Col. Walker on Saturday night and will win by McKillop would take the fancy of the local spectators.

Vincent's kids are pretty confident of taking care of Mr. Tarrant in the consolation at the worst the Colts will get second which is very satisfactory to all the curlers visitors and locals.

By an unfortunate act of providence and not the fault of the Secretary two Leithridge rinks met in the semi-finals of the visitors.

As in the Grand Aggregate the only points allowed in the Grand Challenge, Walkerville, Brewery and Burns competition, it looks as though it will be between Bruce of Leithridge and Wilson of Innisfail. These two rinks having two more games in the above competition than the others left in the finals. If there is any difference between them it will be Wilson to the front for the Grand Aggregate.

The game of Pingle vs. Sheppard in the semi-finals, Pingle was down at the sixth end but made a strong finish and won out by 12 to 6.

There was a big disappointment at the defeat of McKillop by Trimble in the Leithridge followers, but having lost his 3 and one of his strongest men in the Leithridge Humphreys, Mr. McKillop can console himself with the thought of what might have happened had his rink been intact.

Tomorrow will see the finish of thespiel. The general wish of the visitors is that "we may have many of 'em".

The Competition of Points (individual) starts 11 a.m. in the Calgary rink. Two games being played at 11 a.m. and 2 p.m. This will be a very interesting competition as it will give some idea of the skill of the individual curler. 75 points constitute the game and it is a matter of doubt if Bob Dunbar's record of 42 points will be beaten.

**GROWTH OF CURLING IN CALGARY**

Story of the Development of the Grand Winter Game

This afternoon will witness the close of the eighteenth annual curling bonspiel held in the city of Calgary. The old rink on Sixth avenue has been the scene of many a hard fought battle in past years, but the bonspiel of 1907 has been the most successful ever held there. The visiting rinks are unanimous in their expression of appreciation of the hospitality of the Calgary curlers and the sportsmanlike spirit that has been displayed in the different competitions.

A number of the rinks who were unsuccessful in the earlier games left for home on Saturday's trains, but a considerable number who failed to reach the finals remained to see the finish for the different trophies.

On Saturday evening, between games, in conversation with a representative of the Albertan, Col. Walker, who is looked upon as the father of curling in Alberta, got in a reminiscence detail and gave some interesting details regarding the history of curling in Calgary.

At the beginning of the winter of 1887, a few enthusiastic curlers who had played the game either in the old country or western Canada, met and organized the first Calgary curling club. The new club started out with twenty-five members, of whom only four are now residents of the city and members of the club. These are Col. Walker, J. S. Freeze, G. K. Leeson, and Mr. Kirkpatrick. R. A. James, who is spending the winter in California, was also a member.

During the winters of 1887 and 1888, the club rented two sheets of ice in the old Claxton skating rink, which stood behind where the central fire hall now stands. In those years Calgary was not the busy, bustling city it now is, and the members having little else to do, spent many a pleasant hour in the rink.

In 1889 it was decided to form a joint stock company to provide accommodation for the club, which had greatly increased in membership. Three lots were secured and the present rink was built. This company held the property up to last year, when the majority of the original shareholders either being dead or left the city, it was decided to sell it. A new company of twelve members was formed, who purchased the property for \$3000 and are still the owners, leasing it to the Calgary curling club. This year the curlers of the city decided to organize two clubs. The city council agreed to build the Victoria rink, the curlers agreeing to pay five per cent. of the cost for the use of it during the curling season. Owing to delay in the completion of the new rink, the two clubs at a general meeting decided to amalgamate for this year and use only the old rink. The Victoria rink was, however, got ready for the bonspiel, but the Calgary curl-

ers are very sorry that they were unable to have the ice in it in better condition for the competitions held there.

The first bonspiel under the auspices of the Calgary curling club was held in 1889, after the completion of the new rink, at which there were rinks from Edmonton, Innisfail and Golden.

The competitions were for the McKillop trophy, the Brewery trophy, which are still the property of the Calgary curling club, and the Walkerville trophy.

Later W. C. Wells of Golden, donated a Consolation Cup which was won by the Innisfail club in 1902.

In 1897 the Burns trophy was donated for competition. Three years ago it was decided to affiliate with the Royal Canadian Curling club of Scotland, and the Alberta branch of that organization was formed, under whose auspices the annual curling season has been held. The Calgary club donated the Walkerville and the Burns trophies to the new organization and they are now the property of all clubs who are members of the Alberta branch of the D.C.C.C. Calgary being the most central point it was decided to hold the annual bonspiel here. And from Edmonton, in the north, Leithridge in the south, Maple Creek in the east, and Banff in the west, twelve rinks met in Calgary each succeeding year in friendly rivalry. As a winter sport curling is now firmly established in Alberta and these annual gatherings are eagerly looked forward to as a place of meeting old friends and of renewing old acquaintances.

The Winnipeg bonspiel is considered the greatest gathering of the kind in the province, and the visitors from all over the province and on two different occasions have Calgary upheld the honor of the city in competition with some of the crack rinks of the west. In 1891, a rink composed of Col. Walker, Joseph Marr, J. B. Smith and W. H. Hoeg brought back the Galt trophy to Calgary from Winnipeg. In this contest they were up against some of the best rinks from St. Paul and Eastern Canada.

In 1892, a rink composed of Col. Walker, W. H. Perry, Joseph Banner and W. H. Grant, won 4th place in the grand challenge, open to all rinks, playing the famous Flavell rink from Lindsay, Ont. for third and fourth places. In this competition they defeated the celebrated Fortuyn rink of Winnipeg, which was considered almost invincible.

**NOTES**  
Police Magistrate Humphreys of Leithridge had to leave for the frost bitten south on Saturday upon receipt of a wire from that burg stating that the curling season was "Home quick." Something doing in Leithridge. Here is a tip. Wait until Bruce returns.

Vincent's Kids are in the prize list for the Consolation. The prizes Silver Cup and four pieces of cut glass. 2nd—Four gilted clocks. 3rd—200 Old Abe cigars. 4th—Four bottles champagne. They simply have to get first or second.

"Jamie, where ha ye been the night?" "K. K. Krulng, Lass curling." Society Note. Hot dogs were served at the rink.

When that famous old Canadian Skip, C. D. Flavell of Lindsay, Ont., brought out a rink to the Winnipeg bonspiel in '83, having young Rose Hardstone as lead, he was called the Boy Wonder. We have this year a rink composed of boys, with the exception of Ed. Vincent, and they are all wonders.

John Bruce was too good a curler to leave his aim fire side Saturday.

The draw for Sunday was as follows:  
Sleep until 2 p.m.  
Hot air on 'spiel from 2 to 6.  
Evening, church.  
From church to the Arms of Morpheus.

Please note that the winners on Saturday, business could wait the losers that they were losing money by waiting and accordingly skidded.

On Friday night in the neighborhood of twelve o'clock the curling spirit was strong for the contestants in the two and five o'clock draws early Saturday morning. A few of them just went home for an hour's snooze. In two hours' time the bell attached to Burns' clock would not have awakened them.

Take off your hats gentlemen to Wilson of Innisfail. Up to Saturday afternoon, Col. Walker had only suffered two defeats. But ye gods, Wilson put it over him to the tune of 13-4 and the Col. threw up the sponge in the 11th round.

In the game of Col. Walker v. Wilson of Innisfail, there was a surprise to many Calgary curlers. The Col's rink started off alright by making one point in the first end, but failed to score again until the sixth end. In the meantime Wilson's rink had scored ten points in four ends. The Col. came back at the sixth, seventh and eighth ends scoring one shot for each, and Wilson did the same for the next three ends, making the score 13-4 in his favor. As there was no possibility of Walker catching up in the remaining end, the defeated rink withdrew.

McLeod of Leithridge met his Waterloo against Trimble of Lacombe to the tune of 12-4. The defeat is accounted for by the absence of Mr. Humphreys, his No. 3 lead having to play four stones which brought about the fatal result. The McLeod rink quit in the eleventh end. In the seventh and there were only two stones in the rink. This is a feature that one very seldom sees in the game of curling.

The King pin game of the day was that of another Leithridge skip, Mr. Bruce, against the local rink, skipped by Savage. In the fourth end Bruce lead by one, then in the fifth, sixth and seventh Bruce scored four points. Savage came back for the next three ends, giv-

ing Bruce a lead of one in the tenth end. Bruce then scored three in the eleventh end and looked a sure winner, but to show the spectators that where there's a will, there's a way, Savage made a beautiful shot with his last stone and amidst Scotch yells scored four shots for his rink. They decided to play another end to decide the match and to say the least it was curling with a capital C. But he of the "Ain't Fridge" scored one shot, putting the local rink down and out to the score of 12-11.

**Looks Like a Cricket Score**  
Montreal, Jan. 17.—The Ottawa hockeyists defeated the Victorias last night by 12 goals to 10.

**HOCKEY PLAYERS PLACED UNDER ARREST**  
Ottawa Players Charged With Assault in Montreal  
Montreal, Jan. 26.—Alf Smith and Baily Spittal of the Ottawa hockey club were arrested on their arrival in Montreal on Saturday noon. They were released on \$200 bail, the bonds being put up by Mr. S. Ogilvie. They were charged with assault on Saturday night.

Before the Ottawa-Victoria match started Chief of Police Harrison of Westmount and Mayor Galbraith visiting the dressing rooms and warned the players that any rough play would be regarded as infractions of the law and would be followed by arrests.

Red Deer Jan. 25.—Wednesday evening the Olds hockey team arrived here for a game with the Red Deers. The visitors were in the best of shape and were confident of victory. The locals who have been doing practically nothing in the practice line of late were of course very nervous.

The teams lined up at 8 p.m. and after a brief struggle the visiting team came out the victors to the score of 5 to 0.

The Red Deer boys entertained the members of the Olds team to a banquet after the game at which a very enjoyable time was spent.

By the looks of things Olds will win in this league.

Red Deer should try to do less "grand stand" playing.

**MORTGAGE SALE**  
NOTICE IS HEREBY GIVEN that pursuant to the decree of this Honorable Court, dated the 6th day of April, A. D. 1905, and the order of this Honorable Mr. Justice Stuart dated the 14th day of January, A. D. 1907, made in the forst and second motions of the Plaintiff, The Union Trust Company Limited, vs. Plaintiff and Francis Edwards, the Union Trust Company Limited, is Plaintiff and Francis Edwards, all buildings and improvements thereon, to be made known at sale.

Dated at Calgary the 14th day of January, A. D. 1907.

**SYNOPSIS OF CANADIAN NORTH-HOMESTEAD REGULATIONS.**  
Any enumerated section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 320 acres, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,  
Deputy of the Minister of the Interior.

**NOTICE TO CREDITORS**

# CALGARY, THE METROPOLIS OF WESTERN CANADA

## Interesting Story of Past, Present and Future of the Sandstone City of the West.

The following article was a prize winner for the Municipal News subject was "The City of Calgary." It is written by Harold W. Kelly. It is as follows:

It is a generally admitted axiom that prosperity moves more or less in cycles, and to substantiate my statement I would, in passing, draw my readers attention to the state of commerce generally in the Dominion of Canada at the present time, as compared with the state of trade generally twelve or fifteen years ago. Prosperity is brought in different ways. Sometimes a demand on the part of one country for the product of another creates a commercial activity in both countries. Sometimes a demand on the part of one country for the product of another creates a commercial activity in both countries. Sometimes a demand on the part of one country for the product of another creates a commercial activity in both countries.

Establishing himself in some quite un-frequented and sequestered spot, stood in his solitude as monarch of all he surveyed, and gazed in peaceful contentment at his cattle on a thousand hills. As time went on, however, a change came over the scene, and as the fertility and sterility of the soil discovered, and the markets of the Kootenay mining region were opened up, the construction of the Crow's Nest Pass Railway, homesteading became general, and as a result, the ranchers were compelled to either confine their operations to more limited areas or go out of business. As years went by and the tales of the enormous yields of grain which were being yearly harvested from the virgin soil were sent abroad, the fame of Calgary and the wonderful district of which she is the centre, became world wide and soon peoples of every nation and tongue were flocking to the neighborhood to reap some of the advantages to be obtained from the land.

be found in Calgary. Large, bright, airy schools are to be found in every part of the city. The schools are all of recent construction, and have been built on the most modern and most up to date lines every consideration has been given to the sanitary arrangements and the fact that 1300 children are being daily taught in these institutions will give the reader some idea of the work that has, in recent years, devolved upon the trustees. Some fifty teachers are daily employed under the supervision of Professor Scott, who was recently brought from the University of New Brunswick to superintend the schools of the city. The provincial government has now in operation in the city

### BIG ORDER BY PINCHER CITY FIRM

New Concern Orders \$5000 in Groceries and \$7000 in Dry Goods

Messrs G. Calvin Hatfield & Co are opening a first class modern store at Pincher City. This company are the owners of the Pincher City town site which at the present time is valuable real estate property and rapidly selling. They are laying in some \$5,800 worth of groceries and \$7000 worth of dry goods, boots and shoes and are making a specialty in the grocery department.

A first class manager from the east has been engaged. This exceptionally large order has been filled by Messrs. Kelly Douglas Co. of Vancouver, B.C.

The above mentioned firm have been established over ten years and hope in the near future to open a branch in Calgary.

They have the biggest turnover and largest grocery business west of Toronto which tends to show that they only supply the best quality of goods at the right price.

They put up exclusively their own salmon and fruits and are the largest importers in the west. Their energetic and business like representative is at present registered at the Alberta.

### Improved Farm For Sale

Six roomed house and cabin, granaries, driving and implement sheds, corrals, blacksmith shop, stables and large barn, 7 never-falling springs. Close to telephone line. \$5000 improvements on this place. Price \$20 per acre.

For Particulars, apply to T. S. C. LEE REAL ESTATE AGENT Alexander Bldg. Stephen Ave.

## To the Electors of Ward I.

### Ladies and Gentlemen:

Having been requested by a large number of the business men of Ward I to allow my name to be placed in nomination for the vacancy in this ward, and being persuaded that it is the desire of the majority of the ratepayers that I should accept the nomination, I have decided to enter the contest.

I appreciate the honor done me by those who have asked me to become a candidate, and I only desire to say that if elected I shall do all in my power towards the economical and intelligent handling of the city's finances, never losing sight of the fact that a first class modern asset is at all times worth its legitimate cost.

Extending the sewerage and water systems as rapidly as possible, the making of good and permanent streets, I believe to be a great necessity for the upbuilding of the city, and one of the best advertisements any city can have.

The future growth of Calgary as a manufacturing and distributing centre depends largely on our ability to furnish cheap power, and it therefore becomes the duty of the council to use every effort to provide the same, and as quickly as possible, to the end that we may more firmly establish the supremacy which so justly belongs to Calgary, by virtue of her geographical position and natural resources as being the great industrial centre in Western Canada.

There are many questions of public interest which might be touched upon at this time, yet all I desire to say is that if honored with your confidence you can at all times depend on finding me a supporter of honest and consistent government, and a staunch advocate of anything which in my opinion tends to build up a Greater Calgary, and confirm her position as the commercial centre of the great west.

I am, yours faithfully,  
J. G. RUTTLE.

## To the Electors of Ward No. 1.

Ladies and gentlemen: As it seems to be the general desire that I offer myself as a candidate for the position on the city council recently vacated by Mr. Ramsay, I have decided to accept. I may say that I am favorable to a strict enforcement of all our laws with absolute impartiality. I think that a commission should be appointed whose duty it would be to have charge of the administrative department of the city's affairs; that this commission should be composed of the best men available, and that the ybe allowed to act as independently of the city council as would be consistent with the idea of responsible government.

I am favorable to the principle of the municipal ownership of all public utilities and would consent to no dealings with any private individual which in my opinion jeopardised that principle.

The future growth of Calgary as a manufacturing centre depends almost solely upon our ability to furnish cheap power and every legitimate effort should be used to accomplish this end.

I thank those who have honored me with their confidence and if elected I will do my utmost to serve the ward and the city, conscientiously and well.

Yours Truly

### A. J. Samis

### I WISH

I'd bought a block in Calgary a few years ago, when I could have gotten it for a few dollars," is a plaint you frequently hear from some of Calgary's old timers.

Had they bought it then it would be nothing to the credit of their business judgment. A few years ago Calgary had no future to warrant one's investing in city property.

Today things have entirely changed. There is more money to be made if judiciously expended in Calgary real estate than ever before. The city's growth and advancement can now be counted on with a reasonable degree of certainty.

Judgment not blind chance, can be brought into play now.

What ever you do don't stand on the street corners ten years from now and tell strangers that you wished you had bought city property in 1907, when it could have been had for a mere song.

We are buying and selling property today for some of Calgary's future millionaires, for the people who can look into the future and see Calgary a city of 100,000 population.

If you wish to be one of those to participate in Calgary's growth and prosperity, let us advise you. We have property now that will double in value in a year. Don't wait for it to double, buy it now.

CALGARY, THE METROPOLIS OF WESTERN CANADA

(Continued from page 9.) A fully equipped Normal School where the final instructions are given to those about to engage in a teaching career. At present this school is conducted in temporary quarters but a new Normal School to cost in the neighborhood of \$150,000 is now in course of construction and soon will be ready for occupancy. This building will supply the needs of this important branch of education for many years to come, being built with an eye to the future. The Normal School is conducted under the principalship of Mr. G. J. Brown, B. A., who was formerly principal of the public schools of the city, and latterly an inspector of public schools in the province. Thus it will be seen that not alone has the city and government done all in their power to keep the important matter of education abreast of the times, but they have spared no expense in manning the different branches with men who are at the very zenith of their profession. Calgary is justly proud of its unequalled system of education.

It is when one attempts to describe the climate of Calgary that one realizes how very weak one's power of description really is. However, I do not know that any very lengthy or minute description of Calgary's climatic conditions are necessary, for many times and on many occasions by has the excellence of Calgary's admirable climate been dilated on by far more forcible pens than mine, and I would fain believe that all would readily admit that in trying to do it justice, besides countless many of my readers have probably been in the more fortunate position of actually experiencing it. It is seldom that the thermometer registers much below zero in the winter season, and never for more than a day or two at a time, and even the altitude being so high, and the air so dry that 10 or 15 below zero is not felt nearly as much as 5 below at a lower altitude where the air is damp. It is said that Calgary enjoys more real sunshine than is enjoyed by most Canadian cities, this is attributable to its high altitude and also to its comparatively close proximity to the mountains, a geographical situation that is ideal for sunshine and pure air. In summer the days are long and full of sunshine, while at night the air is cool and fresh imparting a feeling of delightful freshness and exhilaration. The months of September, October and November are really delightful and are noted far and wide as being Alberta's "Indian Summer."

Taken as a whole, one looked at from every view point by a patriotic, but I hope unbiased and impartial critic, I think that those who are familiar with the conditions surrounding the industries and institutions I have attempted to describe, will agree that the words that have fallen from my pen have not, and do not do anything to live a full measure of justice to either. To those who may read this from afar and who may be tempted to accept with a certain degree of doubt what I have so feebly attempted to do, I would say, come and see for yourself. The journey is being made easy by the railway companies making every provision for the comfort of their passengers and where a few years ago travel across the prairies was a labor, now it is a comfort and a pleasure. From the moment of his leaving the comfortable enclosures of his Pullman car the traveller will find awaiting him ready to receive and welcome him at Calgary energetic, wide awake upright business men, members of an energetic Board of Trade and members of an even more energetic Hundred Thousand Club. These are men who have grown up with the west, they are strong in their belief of their city's future, they are proud of its magnificent past and it is their pleasure and a pride to show the visitor some of the many attractions, industries and beauties of which "The Sandstone City" can boast of not a few.

GOVERNMENT OF THE PROVINCE OF SASKATCHEWAN

TENDER FOR LAND TITLES OFFICE

Sealed tenders will be received up to 4.30 p.m. on MONDAY, February 11th 1907, for the erection of a Land Titles Office Building at Regina, Saskatchewan. The building will be about 80 ft. x 80 ft., reinforced concrete, approved construction, cut stone facing and two stories in height and other details to match this style of work. The plumbing, heating and ventilating and electric light wiring will not be included in this contract. Each tender must be accompanied by an accepted cheque or other satisfactory deposit for the amount of \$8,000. This deposit will be forfeited if the tenderer fails to execute the contract and bond when requested, and will be returned when the contract and bond is signed. The deposit of unsuccessful tenders will be returned when the contract is signed. The right to reject any or all tenders and to waive any defects or irregularities therein is to be exercised by the Commissioner of Public Works. Plans, specifications and other information may be obtained on application to the undersigned. The unauthorized insertion of this advertisement will not be paid for. F. J. ROBINSON, Commissioner of Public Works, Department of Public Works, Regina, Dec. 31st, 1906.

SYNOPSIS OF CANADIAN NORTH-WEST

Homestead Regulations. Any even number section of Dominion Lands in Manitoba or the Northwest Territories, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent. An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent, by the Sub-agent, the expense of the application is to be paid by the applicant. An application for entry or inspection made by mail, by the applicant, will be summarily cancelled and the applicant will forfeit all priority of claim. An applicant for inspection must be eligible for homestead entry, and only one applicant for inspection will be received from an individual until that applicant has been granted a term of 2 years. A homesteader whose entry is in good standing and not liable to cancellation, may subject to the approval of the Department, relinquish it in favor of father, mother, son, daughter, brother or sister, or in favor of any one of them, in writing, and also in filing a declaration of abandonment. When a homestead entry is cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the homestead entry will be entitled to prior right of entry. Applications for inspection must be in default, and if subsequently the applicant is found to be ineligible in material particulars, the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled. Duties.—A settler is required to perform the conditions under one of the following classes: (1) At least six months' residence upon cultivation of the land in each year during the term of three years. (2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered by such homesteader, the homesteader as to residence may be satisfied by such person residing with the father or mother. (3) If the settler has his residence upon farming, and owned by him in the vicinity of the land entered, the homesteader may be satisfied by residence upon such land. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so. Synopsis of Canadian North-West Mining Regulations. Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company, but by no one else, at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output. Quartz.—A free miner's certificate is granted upon payment in advance of \$5 per annum for an individual, and \$10 per annum for a company. A free miner, having discovered mineral in place, may locate a claim 15,000 ft. square. The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre according to the value of the mineral in place. A free miner, having discovered mineral in place, may locate a claim 15,000 ft. square. The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre according to the value of the mineral in place. A free miner, having discovered mineral in place, may locate a claim 15,000 ft. square. The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre according to the value of the mineral in place.

For Sale Craighurst Farm

Consists of 531 acres of land with a frontage on the Bow River, the chief water course of Alberta, of 1 1/2 miles. The lands consists of a black humus underlaid with a sandy clay subsoil, and produce annually very large crops of grain and forage. The land is situated six miles from the city of Calgary; 170 acres of land is cropped annually. Fifty acres is now seeded down to timothy. The balance of land is divided into five pastures enclosed with wire fencing. Fair fishing and shooting on the place.

THE BUILDINGS Are perhaps the most complete and extensive of any ranch in Alberta. Over \$25,000 has been expended on buildings and improvements from time to time. All the buildings are in excellent repair, in fact, as good as new.

THE HOUSE Is brick veneered, on solid sandstone foundation. On the second floor are six bed rooms and a large bathroom, a large front hall and a back hall. One of the bed rooms is provided with an open fire place. One bed room is 18ft. by 18ft., two about 15ft. by 15ft., and the remaining three a little smaller. The bathroom has all modern conveniences. Porcelain bath tub, absolutely new plumbing, hot and cold water, and soft water from a rain water cistern. The room is 12ft. by 13ft.

THE GROUND FLOOR Contains the following rooms: Drawing room, 14ft. by 15ft., with open fire place; dining room, 18ft. by 18ft.; paneled library, 14ft. by 14ft., fitted with gun rack, etc.; 14ft. by 14ft.; guests room, 12ft. by 14ft.; kitchen, pantry, back hall and summer kitchen. The kitchen is fitted with porcelain sink, hot and cold water. The whole house is lighted with the most perfect system of Acetylene Gas, generated on the premises. Heating is by hot air furnace. There are three cellars under the house. THE ATTIC is unfinished, but a large room can be provided there.

THE MANAGER'S COTTAGE Has kitchen, cellar, living room, and three good bed rooms. It is built of frame on a stone foundation. It is warm and substantial. There is an excellent HORSE BARN, with two large loose boxes and stalls for eight horses. Various cattle stables, and horse and cattle sheds, tank house, sheep barn and sheds, the two best poultry houses in Alberta, root cellar, tool house, implement shed, pig pens, carriage house, carpenter shop, harness and saddle room, granary, dog kennels, etc. In fact, every convenience required in connection with the profitable operation of a large farm or ranch.

THE BUILDINGS are located on the banks of the BOW RIVER, and opposite a large island accessible during low water. There are some 20 acres of trees and shrubs. There is a large lawn attached to the residence, and several hundred evergreens and other trees have been planted during the last ten years and are now making vigorous growth.

A LARGE GARDEN Adjoins the lawn, with several thousand fruit bushes, raspberries, gooseberries and currants, that yield a large crop annually. About 200 apple, crab and plum trees were set out two years ago, and have made a vigorous growth.

THE KITCHEN GARDEN Contains large beds of rhubarb, asparagus, and other pennials. The situation of the buildings is most picturesque, and the place is generally regarded as the "show" ranch of Central Alberta.

THE HOUSE is comfortably and completely furnished, and arrangements can be made to include the furniture in any sale made.

THE FARM Is supplied with a full line of the latest improved implements, including binder, mowers, rakes, wagons, ploughs (gang and walking), harrows (disk and drag), roller weeder, etc., a complete power outfit, consisting of 14 h.p. double wheel jack, grain crusher and chaff cutter, a new hay baling outfit and hand tools of all sorts, a complete set of carpenter tools, also plumbers and blacksmiths tools, phaeton, buggy, democrat, cart, and all the necessary double and single harness. A 12ft. windmill supplies power for pumping water. Water is laid on in the barnyard.

THE FARM is stocked with eight pure bred Clydesdale mares, most of them in foal to an imported stallion; also pure bred Hackney driving mare, in foal, and coach gelding. All young and thoroughly broken. A herd of SHORTHORN CATTLE, pure bred and registered, and one of the leading herds in the West, will be sold with the place. The herd now numbers 35 head, and has been bred from the best foundation that money could buy. A ready local market exists for bulls and female stock.

The flock of pure bred SHROPSHIRE SHEEP is also well known in the province. THE POULTRY are represented by pure bred PLYMOUTH ROCKS of the best laying strains, and the PIGS are pure bred YORKSHIRES.

The place is being sold owing to the removal of the owner on account of family bereavement, and is offered at \$37,000, including lands, buildings, tools, implements, furniture, live stock, as a going concern. A reliable married man is now in occupation, whose services can be retained at \$40 a month.

The land is valued at \$30 per acre, the buildings at \$11,000 (less than half of what they cost), and the balance will be put in at the round sum of \$10,000 complete.

We Also Announce For Sale 6,000 acres rolling prairie and slightly wooded land, in the foothills north of Fernie, eight miles adjacent to large coal measures owned by the C. P. R., and which have the earmarks of early development. The land as a whole is better than the average foothills land of Alberta, and will grow fruit, although no pretense is made to say that it equals the Okanagan. This block of land was taken up by an Englishman, who intended making his home there. His wife died soon after arrival, and his sister was seriously injured in a runaway, which left him a discouraged man, and he threw the whole thing up. There is a certain market for all farm stuff within a stone's throw, and the projected development will make this a perfect bonanza. The price of this block is

Only \$6.00 an Acre

The terms are six thousand cash, six thousand in six months and the balance easy. The owner writes us, and we quite agree with every word he says: "It's a snap, for you can't show anything approaching it in Alberta for the money, and being in the foothills has an abundance of water, and is covered with bunch grass and pea vine."

Apply to W. B. BARWIS, Northern Bank Building. Day Phone 6, Night 659.

Beauty is a Thing Divine The one positive proof of beauty is possessing white pearly teeth and this can be quite easily and cheaply secured by calling at McGUTCHEON & MCBURNEY'S Drug Store where you will see the largest display of tooth brushes and tooth requisites in the city. As we purchased these brushes in quantities we are enabled to give you special prices which will range from 5 cents up. They combine the two important points—price—quality. Be sure to see them. Remember the place just south of the Post Office in the Allan Block.
