The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

The original copy was borrowed from, and filmed with, the kind consent of the following institution:

National Library of Canada

Maps or plates too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

L'exemplaire filmé fut reproduit grâce à la générosité de l'établissement prêteur suivant :

Bibliothèque nationale du Canada

Les cartes ou les planches trop grandes pour être reproduites en un seul cliché sont filmées à partir de l'angle supérieure gauche, de gauche à droite et de haut en bas, en prenant le nombre d'images nécessaire. Le diagramme suivant illustre la méthode :

PREFACE.

This Index to the Laws of the Province of Quebec contains, not only every Chapter, Public and Private, whether repealed or still in force; but every subject upon which the Legislature has passed, continuing the same in an unbroken succession of references from the earliest enactment to the present day.

In addition to the annual Statutes, it covers the Revised Statutes of the Province published in 1888, and the supplement thereto, also such Orders in Council and Imperial Acts as have been published in connection with the above named.

The Index, so far as it relates to general subjects, is arranged strictly in alphabetical order, while under the several headings each subject is followed chronologically, giving in every case the volume (or year), the chapter, and (when necessary) the section, subsection or page.

In reference to the Civil Code, and the Municipal Code, it will be observed that the chronological arrangement is followed by a numerical arrangement in each case.

This is the first attempt that has been made to cover this extensive field of legislation, and I trust the work will give satisfaction and prove to be of utility and convenience to Legislators, members of the Legal Profession and to the Public generally.

H. H. BLIGH.

Ottawa, June 30th, 1898.
